Heavy, General Rainfall Soaks Area, Hereford

A heavy, general two-day rain soaked Deaf Smith County and the Hereford areas boosting total rainfall for the first nine months well above the total recorded for the same period a year ago.

HEAVY, PEA SOUP FOG shrouded Hereford time in three days. During the period, a slow, soaking rain dumped 1.44 inches of moisture in the Hereford area bringing the year's total to 16.02 inches. (Staff Photo)

Around Town

King's Manor is almost finished and looks quite nice. We were amused Wednesday when we met a couple from out of town who were looking over the home.

Which recalls that we started a lot of people a couple of weeks ago when we announced that a trip to Dumas was necessary to meet my Grandfather Tuck's new bride.

Rep. Walter Rogers of Pampa will be in town Thursday evening for a free watermelon feed at the Bull Barn at 6 p. m. The affair is sponsored.

Hungry Hereford, Famished Plainview Collide Friday

Two teams hungry for a victory (one of them is almost famished) will battle it out here Friday night. Plainview's Bulldogs will meet the Hereford Whitefaces as both try to break into the win column.

Plainview's team is about the same size as Hereford, as the starters will line up, but the Bulldogs have a lot of bench strength with 70 to 80 boys playing high school ball.

left. The Bulldogs also may come out in a spread formation with the quarterback deep for passing plays.

Congressmen Back Hereford Beet Bid

Sen. Ralph Yarborough and Congressman Walter Rogers went to bat for the Texas Panhandle in Washington on Tuesday, claiming the area desperately needs a sugar beet refinery.

Meeting Called For Election Of New Supervisor

Election of a soil supervisor will be held as a meeting of sub-division 4 of the Tierra Blanca Soil Conservation District has been called.

Nominations are to be received from the floor during the meeting, the county agent stated. An election chairman will also be named to conduct election of supervisor.

The post is presently held by Ira Scott, whose term as sub-division supervisor is ending.

Also during the meeting, members of two county 4-H clubs will present demonstrations on conservation practices.

Presenting a soil and water conservation demonstration will be Kathy Crist and Tommy Bezner of Ford 4-H Club.

The sub-division includes an area west of U. S. 385 from the Castro County line to a point four miles north of Hereford.

Refreshments are to be served by Deaf Smith County 4-H County Council.

partment of Agriculture is expected to take at least through Thursday to hear requests from 17 states, all seeking the coveted allocations.

The delegation from Deaf Smith and Castro County is seeking the 1963 allocation or, as an alternative, the 1964 allocation.

The Texas Sugar Beet Growers Association, with headquarters in Hereford, and Holly jointly filed an application for allocations last July.

Witnesses to the chase stated that the stolen vehicle was racing down the south side of the divided highway.

It was also reported that the speeding vehicle went out of control near Hereford Grain, ran through two service stations, and a drive-in at high speed.

As the auto went through a Humble service station drive at the southeast corner of the highway intersection, it jumped a curb and raced down U. S. 385 at "a high rate of speed" on the wrong side of the median.

During the chase toward Dimmitt at 100 mph, Sharp radioed Dimmitt to set up a road block.

It was also reported that during the high-speed chase the two boys narrowly missed colliding head-on with an oncoming station wagon as they passed a truck.

At the roadblock, the boys crashed through and continued toward Dimmitt. Officers firing at the fleeing youths narrowly missed the youth sitting on the right hand side of the car.

With Sharp still in pursuit, the driver tried to evade the officer by driving into the ditch on the right hand side of the road near Dimmitt Airport.

The youth was hospitalized following the accident. According to a Deaf Smith County Hospital spokesman he was released Tuesday.

Set Kick-Off Meet Of United Fund Workers

A kick-off meeting of United Fund officers and workers has been called for 10 a. m. Saturday, Sept. 29. The meeting will be held in the coffee room of the Hereford State Bank.

This year's drive will start on Oct. 15 and will conclude on Oct. 31. Wayne E. Thomas is president of the Deaf Smith County United Fund organization, which solicits funds for eight local groups in one cooperative effort.

County Commission Studies Feeding Of Jail Prisoners

Deaf Smith County Sheriff Lowell Sharp was authorized by County Commissioner's Court to "look into" the purchasing of needed equipment to cook meals for county jail prisoners.

The decision was made as Sharp explained to the Commissioner's that some action was needed now or the cost of feeding prisoners would again go up.

He also pointed out that present facilities in the jail were not satisfactory for preparing meals and no gas outlet had been provided when the new jail was constructed.

During the discussion, the possibility of purchasing a used electric range, griddle, and icebox were pointed out as the major needs.

Meals at the jail are now costing the county approximately 50 cents per day per prisoner, according to an estimate by Sheriff Sharp.

It was pointed out that the reduction had resulted because meals were being prepared in the jail. Prisoners are served two meals a day while those who are working out sentences are fed three times a day.

Supplies of locally grown vegetables are being fed to jail inmates, he added.

Also appearing during the session was a group from a food service business and a representative of Southwestern Public Service Co. trying to interest the county in purchasing or leasing of an electronic range.

Cost of the range was placed at \$2250 with frozen semi-cooked meals being supplied at an average cost of 56 cents.

They pointed out that meals could be prepared in three to four minutes with the range and stated that they believed the county could save on meal preparation.

During the discussion of the various proposals, County Judge H. C. Williams commented that the jail "was not big enough now" to consider the electronic range.

The four County Commissioners agreed.

Sheriff Sharp, however, pointed out that "we are in a spot where we have got to do something now."

Gals Again Are Tops In Contest

Boys may be the ones who play football, but so far it's the girls who know the most about it. For the second straight week, men had to take a back seat to the fair sex on picking winners in the annual Hereford Brand football contest.

Last week, Dorothy Mercer picked 17, with no one else above 15. This week, Jo Steele, 503 Plains, and Rita Martin, 419 Sycamore, Denton, both picked 18 winners.

On the basis of tie-breaker scores, Jo Steele takes the \$750 first prize, as she missed the point spread on the West Texas-Texas Tech game by a single point. Rita Martin takes \$350 for her second place effort.

In third place for the week was Dwayne Walker, who got 17 right out of the 20 contests. He wins \$150 for his third place rating.

This past week, there were 23 new entries in the contest, which offers three cash prizes each week and Cotton Bowl tickets to the best in the contest after 12 weeks.

Meredith also said that some changes would be made in personnel on defense this week. Junior center Mike Ferguson (Continued on page 2)

BY GARDNER COLLINS BRAND STAFF REPORTER

The chase of a stolen auto and two suspects which reached speeds of up to 70 miles an hour through Hereford and 100 miles an hour between Hereford and Dimmitt ended early Wednesday as two mud-splattered youths were cornered in a maize field.

The two suspects had abandoned a reportedly stolen 1955 model two-door car in an attempt to elude pursuing peace officers about 10 p. m. Tuesday.

After a night of crawling and walking through rain-soaked grain sorghum fields, they were cornered by Deaf Smith County and Castro County Sheriff's officers and units of the Texas Highway Patrol.

Arrest of the pair came as the law enforcement officers picked up the youths' tracks and followed them to a field three and a half miles east of Dimmitt.

Arrested and held in Deaf Smith County Jail for Amarillo Police Department officers are Richard Albert Shirley, 18, Ford Smith, Ark., and Mark Gordon Alan 18, Newark, N. J. The arrest was made about 8:30 a.m. Charges were expected to be filed Wednesday afternoon.

The chase began in Hereford as Deaf Smith County Sheriff Lowell Sharp spotted a 1955 model automobile sedan reported stolen in Amarillo.

A teletype message had been received here alerting Panhandle peace officers and giving a description of the automobile.

Sharp stated he followed the suspects into Hereford from Benefield Corners. When he attempted to apprehend the pair, they tried to escape from the officer.

In a chase that reached speeds up to 70 mph through the city to U. S. 385, the youths sped west on First Street.

Witnesses to the chase stated that the stolen vehicle was racing down the south side of the divided highway.

It was also reported that the speeding vehicle went out of control near Hereford Grain, ran through two service stations, and a drive-in at high speed.

As the auto went through a Humble service station drive at the southeast corner of the highway intersection, it jumped a curb and raced down U. S. 385 at "a high rate of speed" on the wrong side of the median.

With Sharp still in pursuit, the driver tried to evade the officer by driving into the ditch on the right hand side of the road near Dimmitt Airport.

The youth was hospitalized following the accident. According to a Deaf Smith County Hospital spokesman he was released Tuesday.

dan, Billy Bolinger, 18, son of Mr. and Mrs. W. L. Bolinger, Route 2, only suffered cuts and bruises as he was thrown from the automobile.

According to Bolinger, the two boys were driving south down the dirt road after turning off of Progressive Road. They missed a curve and the car overturned twice into a plowed field.

Bolinger stated he was thrown from the car. However, Patton remained inside of the overturning vehicle. It came to rest some 50 feet from where Bolinger was thrown clear.

Following the accident, the two teenagers began walking toward Hereford in search of help. When they had walked approximately a quarter of a mile, Patton passed out, said Bolinger.

A group of their friends, who had been out changing irrigation water, passed the two youths, he continued, and brought them to the hospital.

Stopping to help Patton and Bolinger were Bobby Paetzold, Jim Marnell, Eddie Gallagher, and Charles Vasek.

The 1957 model sedan was said to be a total loss.

In the accident, occurring Monday about 6:50 a. m. in the 500 block of Park Ave., three automobiles were heavily damaged.

At the time of the accident, the Brown vehicle was headed east.

Damage to the Brown car was estimated at \$600 while damage to a 1955 model automobile, owned by Boyd Knox, was estimated at \$500 and \$350 to a 1958 foreign made sedan owned by John Finley. No injuries were reported.

Westway Home Demonstration Club members studied a program on "Treating Unconsciousness" on Sept. 13 at the regular meeting held in the home of Mrs. Harold Rudd.

Mrs. Homer Rudd was the speaker, discussing the three types of unconsciousness, drowning, accident, and fainting. She made comments on the family's action, attitude, manners, etc., in the hospital during a serious illness of a family member. Mrs. Rudd, a registered nurse, based her talk on her own experiences.

At the business meeting, presided over by Mrs. Paul Rudd, Sept. 27 was set as the date for a county-wide meeting to hear the delegates reports on the state meeting in Dallas, held Sept. 18-22. The meeting will be held in the Westway Community Center as a luncheon meeting.

Nineteen members were present. Five visitors were also present, including Mrs. Edna Earle Smith, Mrs. Pat Clearman, Mrs. Ben Thomas, Mrs. Stacy Howell and Mrs. Roberta Combs.

Mrs. Jean Combs was welcomed as a new member of the Westway Club.

# Report Summarizes Request For Sugar Beet Allocation

Three men from Hereford and one from Dimmitt have been in Washington, D. C., working for permission to locate a sugar beet refinery in the area.

Key facts in their efforts were contained in a 16-page single-spaced report to Orville L. Freeman, secretary of agriculture,

and Lawrence Myers, director of the sugar division of the USDA.

Accompanying the report were eight exhibits to illustrate points being made by the Texas Sugar Beet Growers Association. The Association is making the joint request with Holly Sugar Company of Colorado Springs, which last week announced it had signed a contract to build a refinery here, provided acreage is granted.

The report presented contains a summary of work done for the past 30 months by the TSBGA for increased beet production in the Texas Panhandle and South Plains. On July 11, 1962, the Association and Holly jointly filed for the 65,000 ton allocation which will be granted annually under the new Sugar Act, which was approved that day.

Since that time, the two have filed a more formal application. The report points out that each of the irrigated farming counties in the area could easily raise enough beets for 65,000 tons and that a minimum of two mills really are needed for the area, to make the installation cost worthwhile.

It shows that Holly Sugar has optioned two and three-fourths sections of land west of Hereford and that Santa Fe Railway has agreed to extend a service line to the refinery site, including an underpass across U. S. Highway 60.

Following sections of pertinent information are quoted directly from the report:

"(f) The nearest factory to Hereford, Texas, is at Rocky Ford, Colorado, a distance of approximately 350 miles. Presently there exists no beet sugar factory in the State of Texas, nor in the State of New Mexico, nor in the State of Oklahoma.

"(g) The need for a cash crop and a replacement crop is urgent in the Hereford area where it is proposed that this plant be located. This is established by the fact that in 1950 Deaf Smith County was allotted by the Agricultural Department 339,702 acres of wheat. In 1954, this was reduced to 263,848 acres, and has gradually been reduced each year since that time to 191,595 in 1962, and 191,191 acres in 1963.

"In Deaf Smith County, which had always been, chiefly a wheat belt, the allotted acreage

in 1953 was approximately 18,305 acres of cotton, with a resulting acreage allotment in 1962 of 11,374 acres of cotton. The 1959-60 grain sorghum allotment was 197,920 acres. The 1962 feed grain program reduced this acreage by 27,504 acres. The program regulations required a minimum additional reduction of 34,000 acres, or a total acreage loss of 61,504 acres."

Also included are similar crop history reports from Castro and Parmer Counties, as well as a history of the 16 years in which continuous crops of sugar beets have been grown in the area, with

production reports on the high tonnage yields and excellent sugar content of beets grown in this area.

Opposing the joint request of the TSBGA and Holly are requests from 16 other states, plus a determined group from the Plainview area, which is being backed by Great Western Sugar Corporation in seeking an allocation for that area sufficient to support a sugar refinery.

Despite your own personal reaction to the rains this week, they came as a boon to dryland wheat farmers, and should do a lot toward producing a tremendous wheat grazing program in this country. Coupled with the ever-expanding feeding program, this could provide an economic factor in the months to come. All in all, I would say that the rains did a lot of good.

Most football fans seem to be just a little bit dejected these days, but I wouldn't be surprised if we don't wind up with a pretty fair record. Most of our boys need experience, and they are getting it right along. Dub Reeves was telling me that reserve seat sales set a new record this year. This is a good feature about Hereford fans. They pretty well stay with the Whitefaces — win, lose or draw — and if there is anything that counts, this is it. When a team is winning, they can get by without boosters, but when they are low a kind word and solid support really goes a long way.

I notice where they are having a squabble about whether to televise the Billie Sol Estes trial or not. I am with the judge. I think it should go on the air. The people of the nation are picking up a lot of this tab in one way or another, and I figure they have a right to know what goes on. Furthermore, I doubt if the defense really cares; their major objective is to put the trial off as long as possible — and by any means possible.

Political interest is beginning to pick up. I figure that Connally and Rogers will win without too close a shave. The Republicans are aiming at a GOP party ticket, however, and I might get fooled. They are working hard, and some of them are quite confident. To say the least, 1962 is the nearest thing Texas has ever seen in the way of a two-party race. Nelson Rockefeller is being boomed as the next GOP presidential candidate, and several local Republicans have pointed out that the best way to stop him would be to elect Cox, thus giving Texas conservatives a big, loud voice in the GOP convention. Most of them seem to feel that Rockefeller would be even more liberal than Kennedy.

Boyd Knox is beginning to think that he is the unluckiest fellow in town. A few weeks back, he got his car banged up, and finally took it down last week to have the body finished. A couple of days later, he parked in front of the bakery as per usual — and this was the day that the accident occurred in which several parked cars were damaged. The Knox car, in fact, was pretty well totaled out. Boyd says he doesn't see why it couldn't have happened before he had all of the work done.

Elmer Patterson is on vacation these days, prior to official retirement after a long-time span in the post office. I don't know exactly how long, but pretty close to 30

## Stanton Ninth Seeks Second Win Thursday

Stanton Dogie Freshmen travel to Tulla Thursday in search of their second win of the season.

It will be the third outing of the season for the Dogies, coached by Hugh Sullivan. Hereford ninth graders enter the contest with a victory over Dimmitt and a loss to Canyon behind them.

Game time is slated for 5:30 p. m. in Tulla.

Hereford freshmen lost their season opener to Canyon by 20-8 two weeks ago, but bounced back to trounce Dimmitt 20-8 last week.

years, Elmer says he has been finding plenty to do around the house, so far, but but hopes that he is about to catch up, and perhaps he will take some more pictures. He is one of the best amateur photographers in this part of the country.

## 'Cake Decorating' Is Program Topic

Mrs. George Zetsche was the presiding officer at the meeting, on Sept. 18 in the Home Making Department at Hereford High School, of the Texas Young Homemakers of America.

"Cake Decorating" was the title of the program given by Mrs. Henry Kuper. She demonstrated various types of cake icings that are suitable for easy decorating. She gave instructions and showed examples of flowers and other kinds of edgings and trimmings that can be made from icing.

An announcement was made that the state convention would be held Jan. 3-4-5 in Fort Worth.

A report was given by the women who attended the Area I convention held in Plainview on Sept. 15 at which time Mrs. Bob Hicks was elected as area secretary and treasurer and Mrs. Elmo Fortenberry was chosen as historian and reporter.

Members present were Mesdames Elmo Fortenberry, George Zetsche, Wyatt Harmon, David Brumley, Layton Sawyer, Clark Andrews, James Dobbs, Clark Dobbs, Kenneth DeHart, Waylan Hukill, Howard Hunter; and three guests.

The recent communist denunciation of Walt Disney productions, because the films record nature's survival of the fittest seems well in line with some of their other conclusions. They claim that the survival idea justifies greedy capitalism, and even tie it in with imperialistic invasion. Looking back down the line at some of the Iron Curtain nations and how they came into their present state, I'll bet Mr. Khrushchev would dearly love the story about the "Big, Bad Wolf", who "liberated" the three little pigs in exactly the same fashion Russia has liberated several of its satellites.

By Audni Miller Well, hello there — here we go again, so brace yourself! The most exciting piece of news I've heard this last week has been that Linda Edwards, a '62 graduate of HHS and a freshman at Colorado Women's College, was elected as one of

the four head-cheerleaders for the Colorado School of Mines in Denver. Of course, Linda is quite thrilled about her election; the school's first game was Sept. 22.

Mar-Gwen Lackey is enrolled as a freshman at Amarillo Junior College; she is working at Blackburn Brothers' downtown store during weekday afternoons and on Saturdays. And Nancy Martin tells me that brother Freddy is attending Oklahoma Southwestern in Weatherford, Okla. Bill Miller is another Hereford High graduate attending West Texas State, and Luanne Higgins left last week for Texas Tech where she is a sophomore student.

Ronda Neff and Judy Wiman were among the spectators at the Midland - Palo Duro ballgame in Dick Bivins Stadium last Saturday night. After eating at Evelino's Hideaway, the girls went out to the Amarillo Airport to get some luggage belonging to Heather Gordon — just for the record, they received the luggage at exactly twelve o'clock midnight! How's that for intrigue?

Then—there's the tale of Terry Smith and her Little Friend. It seems that on Tuesday night, Sept. 18, Terry was concentrating extremely hard on her homework when there suddenly appeared what she describes as a "monstrous" tarantula! Terry became hysterical and screamed for brave sister Patsy, who was resourceful enough to place a coffee can over the eight-legged being. So the poor, defenseless tarantula spent the night in Terry's bedroom — imprisoned by a coffee can.

Each year, beginning with the school term, a High School Student Council for the Community Center is established. This year, the members are Ronnie Gray and Connie Kent, senior class representatives; Kathy Kay-Boston, junior class representative; and Sharon Tinnin, sophomore class representative. The sophomore and junior representatives remain on the council until they graduate; however, one other senior is elected to serve each year. Connie has been on the committee for three years.

The responsibilities of the above-mentioned council are to decide upon Center rules and regulations as well as appointing committees to plan the dances.

Speaking of dances — there will be a record dance after the Herd's ballgame with Plainview on Friday night. As usual, the admission price will be 25 cents. Then, on Saturday evening from 8 to 11, Stanton Junior High Freshmen and their dates will be honored with a record dance at the Community Center. Mrs. Cave says this dance is strictly for freshmen and their dates! Admission will be 25 cents, while date clothes is the requested attire.

Choir director Don Moore is encouraging all interested high school students to participate in the community-wide production of "The Messiah." Rehearsals began on Sunday afternoon, Sept. 16, and will continue from 3-5:30 each Sunday until Dec. 9. The performance is scheduled for 5 p. m. on Sunday, Dec. 16, in the high school auditorium. Moore states that, "This is a non-denominational, community-wide effort to present the Christmas portion of 'The Messiah' for the public's enjoyment.

Wake up, teens — this is a chance to give of yourselves in a worthwhile community project!

Tri-State Fair parade on Monday, Sept. 17. This is certainly a hot, miserable, tiring experience for band members — a lot of intestinal fortitude is required to complete the parade route! But Ben Gollehon's troopers came through in fine style, as usual!

Sharon Tinnin and Barbara Langley accompanied Barbara's parents, the Earnest Langleys, and the Bill Dameron to Lubbock for the West Texas-Louisiana Tech football game last Saturday night. They visited Suzanne Langley and Joyce West while

they were on campus. Jan, Joy, and Gary Story, Jimmy and Ruth Ann Allison, and Arnold Powell and Royce Ann Gilliland also viewed West Texas State's victory over Tech.

I've had a difficult time trying to find out just who went to the Tri-State Fair last week, but I do know that Ronnie Gray, Frank Hergert and Larry Hill were there, as well as Gloria Damron and Kenneth Frye and Sheri Damron and Jerry Moss.

Hereford High's journalism class journeyed to Lubbock on Saturday, Sept. 22, in order to attend a Journalism Workshop conducted at Texas Tech. The group, comprised of Cynthia Seed, Sue Smith, Janie McBroom, Linda Higgins, Nanetta Clearman, Sandra Green, Patricia Shulte, Carolyn James, David Stevens, Donita Allred, and Beverly Barrett, attended sessions — one of which featured George Baker, president of the Texas Press Association. Their day in the big city was climaxed with the W.T.-Tech game. I dare not forget to mention that

the group was chaperoned by Mrs. Jimmy Howell, Miss Janice Boren, and Miss Dixie Southworth.

Let's get serious for a moment — let's wake up to the fact that all of us must do our part to boost school spirit and the school's morale. The cheerleaders are doing all they can do — and it isn't fair to expect them to do all the yelling and cheering for us, is it? They are there to lead us, and it's time we followed! Come on — be uninhibited and yell, yell, YELL with all your might at

pep rallies and football games. Don't be afraid to show your enthusiasm for Hereford High School and the ideals it represents — remember, school spirit is NOT just yelling at football games — it's the students' general attitude toward school and school activities. Good sportsmanship is the key idea — now, you're dismissed from Lecture Time.

COME ON, HERD — WE'RE ALL BEHIND YOU — BEAT PLAINVIEW!!! YEA, WHITE-FACES! WE KNOW YOU CAN DO IT!!!

By Paul Jette  
Now on the walls of the bowling alley are large bowling pins, painted with records established here during the past five years.

Ron Babione holds the spotlight for the high single game with a perfect 300 total. Jack Kirksey has bowled the best three-games series, a fine 756 that ranks as one of the best in the state.

Alice Lueb has the high three-games series record for women with 620. She and Jean Collard have tied for the high single game for the girls with 242.

Thomas Beauty Shop led the Sunset Keglers League on Monday night with 2148 total pins, but lost three points to Tannahill Variety. Thomas was led by Jean Collard's 505 series while Wanda Fitzgerald had 500 and Doris Baldon bowled nearly twice her average for Tannahill.

Hi-Plains Savings and Loan won over Lone Star Insurance, 3 to 1. All five Hi-Plains bowlers — Betty Stephens, Will a Stringer, Carolyn Hacker, Cieta Weemes and Janice Boren — bowled over their averages. Lone Star's high series was by Mona Jette with a 482. Bea Rhodes and Jo Steele of Lone Star made the best split conversions.

Dimmitt Meat Co. dropped three points to Carl McCaslin Lumber Co., even though they had fine series totals by Lucy Kirksey and Norma Coffey. Carl McCaslin was paced by Phyllis Channer's 493 game and 470 series.

In a battle between two Vega teams, Wilson-Simmons Grain came out on top, 3 to 1, over First State Bank. Wilson-Simmons got a 408 series from Ann Haliburton.

Ford-Sims of Vega defeated Reddell Water Well Service 3 to 1 on the strength of a fine total score by Rosie Heiselman and Lucille Paschel. Reddell's was led by Luella Dool's 419 series.

Elizabeth Witherspoon Insurance and Boozer Real Estate split even with two points each. Beulah Cargo, with 452, and Alice Lueb, with 466, led the Witherspoon crew while Mary Lynn Hedkins was high for Boozer with a 438.

My apologies to Betty Kelley, who had a very fine 211 game and 531 series last week. I just overlooked it.

Hi-Plains 6-2  
Reddell Water Well 5-3  
Elizabeth Witherspoon 5-3  
Boozer Real Estate 4-4  
Lone Star Insurance 4-4  
Dimmitt Meat Co. 4-4  
McCaslin Lumber 4-4  
Wilson-Simmons 4-4  
Ford-Sims 4-4  
Thomas Beauty Shop 3-5  
Tannahill Variety 3-5  
First State Bank, Vega 2-6

got 532 for Hereford Flying Service.

Glenn Watts, Don Sanders and John Channer led Tri-County Fertilizer to a three-game sweep over Carl McCaslin Lumber Co. Frank Bridges got 446 and Donald Bridges 434 for McCaslin.

Joe Easley's conversion of the 4-6-7-8-10 split was the highlight of Easley Feed Co.'s three-game triumph over B&O Spray Service. This is one of the most difficult splits to be made here in a long while. Buck Stringer's 440 and Homer West's 424 led B&O.

### Cotton Fashions Topic At Meeting

The Bippus Home Demonstration Club met Sept. 12 in the home of Mrs. J. G. Fortenberry for a program on "Women of Fashion in Cotton", presented by Mrs. Argen Draper.

Mrs. Draper, introduced by Mrs. Elmo Hall, program chairman, displayed several bolts of exciting new cotton materials. She said "Styles are simple and of one color ensembles using pins as high fashion for the new season. Brown accessories will be highlighted. Hemlines will remain the same. Stand-up collars scooped necklines and waistlines anywhere will form the silhouettes. The fabrics are really interesting and beautiful. Wide belts and big pockets will be important this year. Colors that are especially good include fiesta brown, murky green, moss green, peacock or sapphire blue, true red and gold." In conclusion she urged buying cottons with an easy-care-for label attached.

Mrs. J. G. Fortenberry, presiding officer, welcomed Mrs. James Bradley as a new member.

Present for the session were Mesdames Argen Draper, Elmo Hall, James Bradley, J. G. Fortenberry, Christine Fortenberry, C. F. Homfeld and G. V. Hall.

The Men's Classic Bowling League rolled for the first time last Wednesday night, although not all the teams were present. Results will be announced after the league has completed its first two rounds.

The Sunset Skittles, Thursday night league for women, bowled its second round with the full eight teams. We don't have all the results or the standings yet, due to some make-up games.

Pitman Grain downed Nicky Nan Bryan's team three to one on the outstanding bowling of Dorothy Thomson, who had a 203 game and a 519 series. These are great scores, even more so since Dorothy is only averaging 117 in the league. Mrs. Bryan's team was led by Sheila Owens' 406.

Howard Gault's team downed Beauty Pleat three to one on Edith Walser's 407. Rosa Lee had a 406 for Beauty Pleat.

The Vogue swept four points from Rogers Drug on good bowling by the entire team. June Wilson, Willa Stringer, Charlene Brownlow, Joyce Sanders and Margaret Byers all bowled over their averages in a fine team effort. Rogers was paced by Mary Lynn Hedkins, who picked up the 5-7 split while rolling a 445 series.

Stanley Home Products lost four points to the Orphan team (with no sponsor). The Orphans were led by Alice Lueb's 461 series and Opal Roberson's 463 series. Stanley was paced by Margaret Byers and Wreathel Green.

Bowler of the week for the Hereford Association is Bub Sparks. Captain of the Consumers Fuel team, he has been bowling for two years, with a nice 160 average. After missing last season, he has started with a bang, getting a 576 scratch series and a 678 with handicap to win honors for the week.

Tom's Peanuts took Kinsey-Osborn Buck for three games on the strong shooting of Charlie Owens and Doug Kelley. They shot 662 and 528.

Howard Gore led Kinsey-Osborn with 478.

Hereford Bakery lost two games to Hereford Flying Service in spite of Fred Lookingbill's 542 series. Ernie Dowell

LET'S COOK SOMETHING!

# Mrs. Schmucker Makes Extra Time By Kitchen Efficiency

A COOKBOOK AND A LITTLE TIME finds Mrs. Alvin Schmucker seated at her dining table planning meals. She finds time for this job while Steve takes his afternoon nap and the girls are in school.

(Staff Photo)

Mrs. Alvin Schmucker, mother of a happy, active family, resides with her family at 227 Avenue E, Hereford. Rosemary, a native of Chicago, has found Texas a wonderful place for making friends and raising a family. She endears herself to others by her thoughtfulness and special concern for the ill and bereaved.

The children help with the household chores, cooking, and anything else that will help their mother in gaining extra time. She utilizes this time by doing special things for her brood and for her husband, Alvin or "Swede" as most everyone calls him.

**DUTCH OVEN POT ROAST**

Cooking time: 3 hours  
Serves 6-8  
4 to 5 pound pot roast  
2 tablespoons fat  
¼ cup water  
1 tablespoon salt  
½ cup barbecue sauce  
2 medium onions, sliced  
6 potatoes, halved  
12 medium carrots  
6 medium onions

Melt fat in the Dutch oven; add the meat and brown well on all sides; and spread the barbecue sauce over the surface of the meat.

Add the water, salt and sliced onion; cover and place in a moderate oven, 350 degrees; cook for two hours.

Add the prepared vegetables; cover and continue cooking another hour or until the meat is fork tender and vegetables are done.

To thicken the broth, combine three tablespoons flour with one-half cup water and stir one-half the mixture into the hot broth; add the remaining flour-water mixture, if necessary, to thicken the broth and cook for five minutes.

For Topping:  
¼ cup butter  
2 tablespoons cream  
2/3 cup brown sugar  
1 cup nuts  
1/8 teaspoon salt

Sift the flour, baking powder and salt. Beat the eggs and add the sugar slowly. Add the vanilla. Stir in the dry ingredients; then add the hot milk with butter; butter can be melted in the hot milk. Pour into a 10-inch square pan and bake in oven, 350 degrees, for 25 minutes.

Topping:  
Cream the first three topping ingredients; add the nuts and salt. Spread on the baked warm cake, then return to the broiler until brown. Just takes a few minutes under the broiler.

**AT FEED MEET**

LaDean Adams of Dawn and Ocie Devoll and Delmo Williams, both of Hereford, recently flew from Amarillo to Hutchinson, Kan., for a dealer tour of the research nursery of Pfister Associated Growers, Inc.

Stuff flank steak with bread dressing, roll and tie. Braise in a tightly covered casserole in a moderate oven for a couple of hours. Make gravy from the drippings.

If your cornstarch pudding won't turn out of its mold and hold its shape, it may be because you haven't allowed enough time for chilling and setting.

# Your Number One investment opportunity today is your own home

WHERE is the best place today to put money and have it grow?

This question, as never before, is the concern of millions of thinking Americans. Some are trying to find the "ideal" growth stock. Others are seeking "capital gains."

Many, we believe, are overlooking this surprising fact—U. S. Government figures show that family homes, by and large, have appreciated in dollar value over most other forms of investment.

Houses built as long as twenty years ago, kept in good condition, have doubled and even tripled in price.

Houses of recent date have also kept pace, mounting in market value, year after year.

Regardless of the age of your home, you are indeed fortunate to hold this ideal "blue chip" investment, a safe hedge against future inflation, and one that pays you daily "dividends" of security and happiness beyond measures in dollars.

So, if you want to have more in your home to enjoy, don't be reluctant to make the investment. It's simply good business—because the dollars you spend usually increase its market value. And you have that rare thing today, ample credit for home improvement—at low interest rates.

Many new building products are so easy to apply that you can "do it yourself" during otherwise idle weekend hours. So your own time becomes an investment too.

But whatever home improvements you're thinking of, we do urge you to do it now. Keep your No. 1 investment up-to-date. Remember—when you look for the ideal place to put your money—there is truly "no place like home."

She won the title by ranking as the top money earner during the summer rodeo season. Jo and her horse "Cuerro Jo" took the title as beginners, since both were competing for the first time in rodeo competition beginning this summer. It is the first time that a junior rider has ever claimed the title. (Staff Photo)

# What am I?

You are a small part of a great plan. The more you learn the more you realize the greatness of that plan and find true humility.

Only when you acknowledge the fact that all men are in the image and likeness of God do you understand your relationship to all men, who are equally important parts of that greater plan and vitally necessary to its fulfillment.

The pattern is simple. The evidence is overwhelming. Hate destroys. Love creates. Peace is ours when we abide by the fundamental law of God, which commands, "Love thy neighbor as thyself."

# Tougher Slanted Hole Law Railroad Commission Aim

Rules to prevent future crooked oil wells are being hammered out by the Texas Railroad Commission.

Chairman Bill Murray and Commissioner Ben Ramsey laid out a proposal for tougher rules.

Oil industry spokesmen split down the middle on the proposed rules. They say it is not possible to drill a vertical hole without greatly adding to the cost.

Commission took proposals of its own staff and of the industry under study after a long hearing. Ramsey said the Commission should not add to industry's drilling costs, because the public pays them all.

But it was clear that the Commission now will crack down to make sure wells do not stray under property lines.

**SLANT OIL WELL SURVEYS**  
Major and independent oil producers have contributed a total of \$306,709 for surveys to find "slanted" wells in Texas fields, Attorney General Wilson disclosed.

All but \$40,000 has been used. Surveys to date have revealed 138 deviated wells in the East Texas Field, 14 in Hawkins, one in Quitman and one in Friendswood.

The Railroad Commission plans to run inclination surveys on the remaining wells which are suspect — between 200 and 300 in the East Texas Field alone, Wilson said.

**ISLAND PARK**  
Land Commissioner Jerry Sadler plans to fight the proposed bill to create a National Seashore Area on Padre Island when it comes before the State Legislature in 1963.

Congress voted the long-debated bill, but Texas legislators will have to approve the project.

Sadler contends that the federal government will be grabbing a lot of state oil under Laguna Madre. Sponsors report that this isn't so — that the U. S. law specifically provides that oil rights are to be retained by present surface owners.

**PARKING**  
Parking around the State Capitol always has been a problem.

It's even more so since several new state office buildings have concentrated state employment in the Capitol area. Much of the available space is kept reserved for parking by State Officials.

Now Atty. Gen. Will Wilson has ruled that the State Board of Control, which is the house-keeping agency around the Capitol, has no authority to regulate parking.

Board members had hoped to find they had the authority under an old law on horses.

The Health Department recommended that oral vaccine types I and II be continued and accelerated; that type III be limited to preschool and school age children except in type III epidemic areas where it should be given to all age groups.

**TALKING BOOKS**  
Catalogs of new talking books are going into the mails to more than 2,300 persons served by the State Library's service for the blind section.

Catalog covers all books recorded from 1955 through 1961 and is the current publication of books distributed by the Library of Congress.

All legally blind Texans are eligible to obtain talking books

from the State Library without charge. When a talking book reader completes a book and returns it to Austin, a new book is automatically sent him.

**HIGHWAY CONSTRUCTION SAFETY**  
Traffic deaths on highway construction projects in Texas reached a five year low in 1961. Credit for the good showing is given to a cooperative effort undertaken in 1958 by the Texas Highway Construction Traffic Safety Committee.

This group consists of representatives from the Texas Highway Department, Department of Public Safety, Highway-Heavy Branch of the Associated General Contractors of Texas and the Governor's Highway Safety Commission.

Fatal crashes on highway construction projects last year totaled 58, compared with 71 in 1960.

**URBAN GOVERNMENT**  
Writing in "Public Affairs Comment", Dr. Stuart MacCorkle of the University of Texas Institute of Public Affairs, suggests that Texans in the cities might consider revision of their local governmental set-ups.

MacCorkle points out that the county and city governments in urban areas have overlapping duties. He proposes that the idea of modernizing county governments in such areas be studied carefully.

It's a basic problem of modern life, MacCorkle states, now that Texas is 75 per cent urban in nature.

**SCHOOL INTEGRATION**  
School boards cannot integrate without a court order or an election, rules Attorney General Wilson.

The opinion went to Dr. J. W. Edgar, State Commission of Education, on a question raised by the Yoakum School Board.

**SHORT SNORTS**  
Attorney General Wilson has asked the Federal Court in Austin to dismiss a suit which seeks to force racial integration of Southwest Texas State College in San Marcos.

The Texas Safety Association has announced awards to be given to school bus drivers with safe driving records during the 1961-62 school year.

The Department of Agriculture estimates that heavy spring rains followed by hot, dry weather in Austin have cost Texas pecan growers 5,000,000 pounds for the 1962 crop.

Representatives expect to tread on \$17,000 worth of new carpeting in the House next January — but if a threatened textile strike occurs before the carpet can be especially woven, they may have nothing except a bare floor.

Ernest O. Thompson, Texas Railroad Commissioner, hopes to recover enough from a current illness to get back on the job soon.

Governor Daniel has appointed John C. Dezelle of Houston, United Gas Corporation Vice-President, to the State Industrial Advisory Board, which assists the Texas Industrial Commission in attracting and expanding industry.

Johnny Mitchell, president of the Texas Independent Producers and Royalty Owners Association, sharply criticized the new rash of crude oil price cuts, calling them "unnecessary, irresponsible and extremely damaging."

Governor Price Daniel has appointed Brac Wilson of Leona to the board of directors of the Trinity River Authority.

Chairman of the Texas Water Commission has stated that San Antonio may be out of water in less than 20 years if its present sources are not supplemented in the not too distant future.

The State Railroad Commission has reported that October nominations for the purchase of Texas crude oil total 2,490,333 barrels a day, a decrease of 47,837 barrels a day from September.

Texas Industrial Commission is reminding industry and business, by advertising in trade magazines, that it has information and data about Texas available to help attract out-of-state prospects.

Texas Railroad Commission has ordered that Texas oil wells be held back to an eight-day producing pattern for October.

Judge D. B. Wood of the 26th District Court postponed until March 11 Attorney General Wilson's civil anti-trust suit which charges a conspiracy to fix school bus prices in Texas, thus Wilson will not get to prosecute his suit.

REP. ROGERS WRITES

# Seeks Return To Principles Of Jefferson In Government

TO THE PEOPLE OF THE 18TH DISTRICT:

This week our great Nation celebrates the anniversary of an event that motivates the very lifeblood of each of us — the adoption of the Constitution 175 years ago. As a mark of profound respect, I addressed myself to my colleagues in the House in a short message which I repeat here for your thought and comment.

"The observance today of the 175th Anniversary of the Adoption of our Constitution is reason sufficient for jubilation and I wholeheartedly rejoice with every free American on this great occasion. But as I reflect upon the real significance of this event, my heart tells me that we, as legislators, must redouble our efforts to return to the true concepts of the Constitution.

"I speak not as a Democrat but as an American to Americans. Patriotism is universal and transcends all narrow partisan confines. Let us unite in marking this day with a vow to heed the danger signals that are so prevalent today and resolve to restore the principles of constitutional government expounded by Thomas Jefferson, one of the founders of our great American democracy.

"Historians regard Jefferson as the sculptor of the first ten amendments which we commonly refer to today as the Bill of Rights — THE REAL KEY TO AMERICANISM!

"Otherwise this great document has been amended 13 times. But just a few weeks ago, right here in this Chamber, under parliamentary procedure which blocked free and open debate, another amendment to the Constitution was approved.

But approved, I might point out, over the protestations of members like I who believed that the abolition of the poll tax was just one more abrogation of states rights — and another insult to Thomas Jefferson who said, as long ago as 1825, I see... with the deepest affliction, the rapid strides with which the Federal branches of our government is advancing towards the usurpation of all the rights reserved to the States...

"This is not to suggest that I have lost faith in the Constitution nor in the American people. On the contrary, the Constitution has withstood the fire and brimstone of practically daily attack from both within and without and, I am proud to say, it stands today as the bedrock of the government of free man. It is the perfect answer to Communism and any other ideology of those who would subject mankind to slavery.

"The theme of my protest is rather that the people, to whom all authority belongs" as Jefferson put it, are being robbed.

**Card of Thanks**  
We wish to take this means of thanking all of those who helped us in the loss of our precious wife and mother. Every expression of sympathy was a comfort to us.

### COWAN JEWELRY

217 N. MAIN EM 4-3821

The authority of the people, according to the Constitution, should be voiced through duly elected representatives to Congress. But the prerogative of the Congress, if we are not more prudent, will be further encroached upon by the Executive and the Judicial branches.

"Did we not have repeated examples of this piracy during the reign of the Reorganization Plans when the Executive Branch sought repeatedly to vest adjudicative powers in civil service employees?"

"And the Judiciary Branch has sought by constructions to usurp the rights reserved to the States. Certain decisions of the Supreme Court in recent years have absolutely nullified many State laws by the doctrine of Federal preemption which is predicated upon the supremacy clause contained in the Constitution.

"I do not propose that we alter that. However, there is an area of concurrent legislative jurisdiction where both the Federal government and the State government may constitutionally legislate and where both a Federal and state law may be effective at the same time. It is from this area that the Supreme Court by its "constructions" is evicting the jurisdiction of the States.

"Thus it remains for us, the Legislative Branch, to protect the people whom we represent and whose rights are thus being

ing usurped. This we have attempted to do and will continue to pursue either by Congressman Howard Smith's bill, HR 3, the States Rights bill, or any other proper legislative means.

"To correct this trend, I have introduced H. J. Res. 70, which proposes an amendment to the Constitution to empower Congress, by statute, to limit the authority of the courts of the United States to determine that statutes of the United States or of any State are repugnant to the Constitution.

"If left unchecked, the Supreme Court can stray far afield of the powers given to it under the Constitution. Should it do so, and many recent decisions would indicate a definite trend in that direction, we may witness proof of the soundness of the fears of Thomas Jefferson when he warned, "... the germ of dissolution of our federal government is in the constitution of the judiciary ... a ... body ... working like gravity by night and by day, gaining a little today and little tomorrow, and advancing its noiseless step like a thief, over the fields of jurisdiction, until all shall be usurped from the States, and the government of all be consolidated into one."
