

# ECA Spending Is Under Estimates

WASHINGTON, June 30. (AP)—The Marshall Plan closes its first quarter-year today with \$731 million set aside for European recovery shipments.

This is about 36 per cent of the unofficial goal originally set for the Economic Cooperation Administration in its first three months of operation.

Actual spending—as shown by Treasury checks written to cover the cost of ECA-approved foreign purchases—totaled only \$37,624,444 up to this morning.

The latter figure reflects in part the necessary lag in handling international payments. It will tilt up steeply as month-end reports are made. But it will not approach the \$500 million which President Truman earmarked for European recovery in his January budget estimate.

The difference will contribute to the nation's expected record-breaking budget surplus for the 1948 fiscal year which ends tonight.

ECA also is behind schedule in making loans. All the food, fuel, fertilizer, materials and equipment approved for shipment so far is in the form of outright grants.

Though ECA scheduled loans totaling \$288 million for the first quarter, it was learned that only one small loan is near announcement with two others at an advanced stage of negotiation.

However, considerable lending activity is indicated for the latter half of the year, because the foreign aid act specifies that about one-fifth of ECA's \$5 billion funds must be devoted to loan financing specific recovery projects.

**YOUNGSTER, LOST 24 HOURS, FOUND** — Bobby Brown, 2, sits beside his mother, Mrs. Houston Lost, on a searcher's car shortly after he was found wandering lost in the rough, rattlesnake-infested ranch country near Graham, June 27. The boy was found, scratched and bruised, after a 24-hour search by a plane which joined the party of some 300 searchers. The boy, clad only in a T-shirt, said he was looking for his dog when approached. (AP Photo).

## Dewey May Redefine GOP Foreign Policy

PAWLING, N. Y., June 30. (AP)—Gov. Thomas E. Dewey confers today with John Foster Dulles, his foreign affairs adviser, and from the meeting may come a statement redefining the Republican presidential nominee's general position of the international situation.

Dulles was scheduled to join Dewey at the governor's farm here this afternoon and motor with him to Albany for a long discussion tonight.

Albany and Rensselaer County Republicans plan a reception for Dewey on the capital steps upon his arrival. He probably will speak.

Dewey talked over election campaign plans with his running-mate, Gov. Earl Warren of California, here yesterday afternoon and last night. But their meeting was overshadowed by the New Yorker's expressed concern with the Russian blockade of the American, British and French sectors of Berlin.

Dewey told newsmen it was a "grave situation." When asked whether he thought it could lead to war, he said:

"We must not even consider such possibilities."

Dewey contended repeatedly in primary campaign speeches that "this is not a war crisis it is a peace crisis." He frequently accused President Truman's administration of "bungling" and "wavering" in matters of foreign policy.

Dulles, a U. S. delegate to the United Nations General Assembly, has been Dewey's foreign affairs adviser since the governor, as GOP presidential candidate, joined with the Roosevelt administration in formulating a bi-partisan foreign policy four years ago.

# Censorship Clouds Refugee Landing

(EDITORS NOTE: The following story has just been passed by Israeli censorship which now has relaxed stops originally imposed on one factor of the Altalena ammunition-ship incident.)

By JAMES M. LONG

TEL AVIV, Israel, June 30. (AP)—The tightest censorship since the truce began was clamped down last week on a story that 800 trained European and American Jews of military age were said to have landed in Israel from the Irgun Zvai Leumi arms ship Altalena.

Actually, no correspondent here knows of his own fact-finding whether the story is true—whether 800 really were aboard and if so, whether they landed near Natanya and scattered successfully into Irgun camps.

These are the facts which censorship kept secret until now.

On the first day of the landing, the Associated Press was told by Irgun sources, by persons living in the landing area and by Hebrew correspondents who went to that area that 800 to 900 "new immigrants" were landed safely.

A representative of the United Nations truce commission told the Associated Press that reports of such a landing were being investigated.

Later, when the Israeli army had destroyed the Altalena in Tel Aviv Bay, Menachem Beigin, commander of Irgun, declared in a broadcast that the ship had brought in 800 men and six women.

When the Altalena embarked, said the ship sailed to Palestine with 800 young Jews aboard.

Jerry Salzman, 25-year-old Brooklyn-born former marine lieutenant, who came over aboard the Altalena and was wounded, said: "We were joined aboard the Altalena by 20 Englishmen and about 800 European DP's when the ship stopped at Marseille."

None of this information was permitted either to be transmitted in foreign press dispatches nor printed in Israeli newspapers here.

Only once was the mention of the 800 allowed—and that after an overnight hold-up of the story by censorship.

Correspondents were permitted to quote Beigin's claim about the 800 Jews, provided with equal emphasis they quoted Israeli Foreign Minister Moshe Shertok saying he had no knowledge of such a reported landing.

After that one reference, the correspondents were not permitted in subsequent stories to refer to it again.

Neither did censorship permit foreign correspondents to quote Beigin as saying the Israeli government had given its tacit consent in advance to the arms landing.

Irgun's version had been this: "Not one day before the coming of the ship, but at least four days before, we were informed by a representative of the provisional government about it. To our great joy official and precise consent was given to the coming of the boat, to the landing of the people and to the unloading of arms, and even the place of anchoring of the ship was agreed on."

The government denied that flatly and underscored its denial by fighting the landing and blasting the ship to wreckage.

## BURGLAR MAKES SELF AT HOME

CHICAGO, June 30. (AP)—The youthful burglar who broke into Paul Dory's home and stole about \$300 worth of articles made a clean getaway.

Dory saw the burglar flee when he arrived home about noon. He noticed he was wearing his green jacket and plaid trousers.

The burglar's gray shirt and trousers were found in Dory's bathroom. There was evidence the youth had taken a bath.

## U. S. Traffic Deaths Rise

CHICAGO, June 30. (AP)—The nation's traffic deaths increased in May for the first time in seven months.

A total of 2,650 highway fatalities were recorded in May compared with 2,370 in May, 1947. October, 1947 was the last previous month to show an increase over the corresponding month of the year earlier.

The May toll brought the year's total to 11,370—five per cent less than the 11,830 killed in the first five months of 1947.

The National Safety Council, which released the figures, said the Mountain states—with a 25 per cent jump in fatalities—were chiefly responsible for the May gain. Fatalities also rose in the Atlantic states. The Pacific states were the only region to register improvement with the Central states holding even.

Of the 425 cities reporting, 285 had no traffic deaths in May. The largest were Houston, Tex.; Richmond, Va., and Fort Worth, Tex. For the first five months of 1948, 139 cities had perfect records. The largest were Lawrence, Quincy and Newton, all of Massachusetts.

### Actress To Divorce

LOS ANGELES, June 29. (AP)—The attorney for Actress Kay Williams says she will sue for divorce from Adolph Spreckels, Jr., sugar fortune heir, within a day or two.

The lawyer, Isaac Pacht, quoted her as saying: "We have tried in every way to work our marriage out, but it is no longer possible."

### Dock Work Renewed

LONDON, June 30. (AP)—Britain's 31,000 striking dock workers went back to work today. Their 15-day-long wildcat strike was broken yesterday by the Labor government's threat to invoke emergency powers to save the nation's food supplies and export drive.

## Farm Equipment Dispute Talks Will Continue

CHICAGO, June 30. (AP)—Company and CIO union officials arranged another meeting today in an attempt to settle a wage dispute which led to a strike at nine International Harvester Company plants yesterday.

Federal conciliators kept the bargaining talks between company and union officials in progress to reach an agreement on retroactivity of a wage increase, which appeared the chief issue still in dispute.

The strike called yesterday by the CIO United Farm Equipment Workers Union made idle more than 35,000 workers. Two of the company's plants at which the union is bargaining agent continued operations.

## Anti-Red Affidavit Is Upheld By Court

NEW YORK, June 30. —By a two-to-one vote, a three-judge Federal tribunal has upheld the constitutionality of Taft-Hartley law provisions for the signing of non-Communist affidavits by union officers.

Union attorneys said the case will be appealed to the U. S. Supreme Court.

In a decision handed down yesterday, the court also upheld provisions of the law requiring unions to file financial statements.

Judge Simon F. Rifkind dissented from the majority opinion. He termed as "incompatible with the first amendment" the law's provision denying services of the National Labor Relations Board to unions whose officers fail to file the non-Communist oaths.

"It abridges the freedom of speech and the right of assembly without a showing of clear and present danger," he said. "Indeed, on the argument, the defendant, the labor board, disavowed the presence of clear and present danger."

The ruling was made in dismissing a request for an injunction preventing the NLRB from conducting a union certification election at F. W. Woolworth and Company.

The request was made by Local 65 of the CIO Wholesale and Warehouse Union, which the NLRB had ruled off the election ballot because some of its officers had not signed the non-Communist oaths.

### CALIFORNIA TRIPLE PLAY

SACRAMENTO, Calif., June 30. —California's governorship has completed a triple play—Warren to Knight to Powers.

Gov. Earl Warren moved out temporarily when he went to the Republican convention in Philadelphia. Lt. Gov. Goodwin J. Knight became acting governor.

But Knight underwent an operation in Los Angeles yesterday. The call went out to Harold Powers of Eagleview, state Senate president pro tem, to take over as provided by law. All three are Republicans. Warren is due home next week.

### Complaint Filed Against UAW

WASHINGTON, June 30. —Robert N. Denham, National Labor Relations Board general counsel, issued an unfair labor practice complaint yesterday against District 31 of John L. Lewis' United Mine Workers of America.

Denham charged that UMW members obstructed entrances of four West Virginia coal mines and refused to let non-union workers come up from underground until they signed UMW membership cards.

The incident occurred during the six-week mine shutdown over the miners' pension dispute in March.

### Pioneer Loop Planning Setup

KINGSVILLE, June 30. —Texas A. and I., Texas Lutheran and Southwestern University will furnish officers for the new Pioneer Conference.

It was decided at a meeting here Sunday that a member of the A. and I. faculty would succeed Dr. E. N. Jones as president of the conference. Dr. Jones, president of A. and I., has been serving as temporary chairman.

The vice-president will come from Texas Lutheran and the secretary-treasurer from Southwestern.

The conference will have divisions for fine arts, speech and journalism. Four schools will compete in an athletic program. They are St. Mary's University, San Antonio; Daniel Baker, Brownwood; St. Edward's, Austin, and Texas Lutheran, Seguin.

The conference is composed of A. and I., Southwestern, Texas Lutheran, Daniel Baker, St. Edward's, St. Mary's, Sul Ross of Alpine and Southwest Texas State College of San Marcos.

### Tin Smelter Kept

WASHINGTON, June 30. —President Truman has signed a bill providing for government operation for two more years of the \$10 million tin smelter at Texas City.

## Relief Supplies Pour Into Fukui

FUKUI, Japan, June 30. —Relief supplies poured today into a 55-mile long strip of western Japan laid waste by a great earthquake

that crumpled this city of 80,000 and left in ruins a score or more other towns.

Military government, granting that many bodies may never be found, stuck to an estimate of 3,155 dead and 7,250 seriously injured throughout the area.

Occupation headquarters in Tokyo, however, on the basis of American medical workers' reports from the scene, put the recovered dead at 56, seriously injured at 1,600 and slightly injured at 4,000. It obviously did not include the 200 children reported by military government officers to have been crushed to death in a movie theater.

Kyodo New Agency reported from Fukui that police estimated total casualties would exceed 13,000—4,070 dead and 8,948 injured in Fukui prefecture and 39 dead and 190 injured in Ishikawa prefecture to the north.

The agency said 48,000 buildings and dwellings were destroyed in the two prefectures.

Sleepless and weary, American and Japanese worked side by side looking for the dead and issuing food and medicine to the living. Long lines of Japanese men and women stood before emergency aid stations to be treated for injuries.

### South Korea Given Approval Of U. N.

SEOUL, June 30. —The United Nations Korean Commission today visited the National Assembly of South Korea and gave it formal approval.

Miguel A. P. Valle of El Salvador, temporary chairman, said the commission found the May 10 election setting up the constitutional assembly in the U. S. occupation zone was valid.

Russian-controlled North Korea boycotted the election. The assembly will set up a Korean government in South Korea.

### Audie Murphy Off For Bastille Day

LOS ANGELES, June 30. —Audie Murphy, America's "most decorated soldier" of World War II, leaves by plane today to represent the U. S. Army at Bastille Day observances in France July 14.

French Consul Alexandre de Manziari presented Murphy with the plane ticket at a reception yesterday. Murphy, now in the movies, will revisit battlegrounds where he fought with the Third Division. He entered the Army as a private and rose to first lieutenant.

**Duel In The Sun To Obtain Tan**

By BETTY CLARKE

We'd get panic stricken at the thought of being caught in a flaming building; horrified if someone forced us to dip our little fingers in boiling oil. Yet, every summer, gay bands of white-skinned beauties parade to the beach intent on setting their bodies on fire.

These little pyromaniacs, equipped with nothing more to offer old man sun than a silky, smooth, white, winter-protected skin, get what they ask for—the "rare-meat look."

The goal is to tan, and after a few bouts with the infra-red and ultra-violet sun rays, lucky girls may take on the dusky beauty of an Egyptian princess. But it's the unlucky little sun goddesses who suffer—not having taken adequate precautions against the sun's powerful rays. Pretty soon their epidermis takes on a design like an unfinished patch quilt, and the texture of an alligator's skin.

Suntan lotions have been so improved that the girl who strives for a tan can have an easy time of it, if she uses them. We are told by the cosmetics industry that more than 85 percent of suntan lotions now are greaseless, therefore there is little staining of bathing suits, robes and towels.

You can even find a lotion which will shut out 90 percent of the burning rays while permitting 90 percent of the tanning rays to hit your skin. Of course you will take longer to tan with this invisible protective film method which does not contain either tannic acid or iodine. But blunders and redheads who vary in sensitivity, particularly, can sun safely with these new lotions.

A nice tan is really beautiful if you can achieve it. But it requires patience and endurance. You will have to confine your sun basking to short intervals at first, later stretching them into longer sessions. At high noon, and thereabouts, when the sun is really hot, why not take time out for lunch?

**Colleen Slaughter Will Graduate At TSCW**

DENTON, Texas, June 30—Miss Colleen Slaughter, daughter of Mr. and Mrs. L. R. Slaughter, is among the 153 students enrolled for graduate study at Texas State College for Women for the first semester of the summer session.

# WHAT GIVES 'ROUND TOWN

By Leatrice Ross

By Rhode Miller & Bill Van Crunk

As was previously announced, we are endeavoring to "sub" for Leatrice Ross while she develops a taste for corn bread, southern fried chicken and perfects that "you-all" while vacationing in the deep south land.

At the local dance establishments Saturday evening we saw Nell Davies, Harry Hurt, Jr., Wanda Richardson, O. F. Priest, Patti McDonald, John Bill Gary and the Dean Curries.

Ran into Kenneth Orr the other day and he tells us he will be leaving for his vacation in Virginia soon. Other vacationers are Doris McElreath, who is spending her play-time in California, Oregon and Washington and Penny Bowers, who is visiting relatives in Dallas.

The HCJC summer school students were entertained with a watermelon feast Friday evening at the school cafeteria. Among the people there were Anita Mason, James Brooks, Norma Jones, Charles Buckner; Gloria and Earl Bryant, Jenny Miller and Jean Slaughter.

Theatre goers Sunday evening were Betty Jean Underwood, Peter Cook, Vickie Lewis, Bill Newsum; Norma Ray and Louis Hargrove Sunday morning at church were Evelyn Huddleston, Zack Gray; Bobby Green and D. Gerald Thomas.

Betty Gutte hosted a weiner roast in the back yard of her home on a recent night, with Hayes Stripling, Rosalene Balch, Ed Dempsey and Wilma Jo and John Rudeseal attending.

At what we think was one of the best games of the season at Steer park we saw these familiar faces among the enthusiastic throng: Edna Shannon, Gray Birkhead; Cody Selkirk, Jimmy Rhodes; Peggy Uthoff, Junior Gay; Melba Dean and D. D. Douglas; Claire Yater; Robert Coffee; Carl Uthoff and Jimmy Lemons. That same evening Carol Conley and Hayes Stripling took in a movie.

Received a short note from Ralph Wilson the other a. m. stating that he was assigned to an electrician division in San Diego, Calif. Ralph recently volunteered for a two year stretch with Navy.

Ann Blankenship's home was the scene for a barbecue Saturday evening. Some of the people attending were Mamel Floyd, Darrell Burton (a newcomer from Breckenridge) Burns Jo Barlett of San Angelo, Tony Richardson, Anna Claire Waters, Artis McCasland, Arlys Atkins, Ronald Johnson, Lu Ann Ware, Charles Lovelace, D. J. Morehead, Marjorie Bailey and Richard and Robert O'Brien.

At the Park pool the other hot afternoon we swam into Bobby June Bobb, Jimmy Peden; Betty Smith, Norma Jones; James Dun-

GUS READY Heavyweight Title Scrap Is Wide Open

NEW YORK, June 30. (AP)—It's been less than five days since Joe Louis laid his crown aside but already there is considerable stirring in heavyweight boxing ranks.

1. Ezzard Charles, the Cincinnati light heavyweight who is rated a leading contender, is reported ready to "fight from one to ten" for the championship and, as a starter, is signed to meet Jimmy Bivins of Cleveland in Washington Aug. 2.

2. Gus Lesnevich, the world's light heavyweight champion who is one of the "Big Three" in the heavy picture that includes Charles and Jersey Joe Walcott, expressed delight over the prospect of a September bout with Walcott.

3. Walcott said he didn't think much of a proposed tournament to decide Louis' successor. He said he figured that his two bouts with the Brown Bomber earned him a sort of "crown prince" role and he should fight either Charles or Lesnevich, not both, for the title.

4. Jack Solomon, leading British promoter, counted himself in on the deal and announced he plans to have a part in the series to determine the new champion.

The most ambitious talk came from the camp of Charles, the speedy 175-pounder who has lost only one decision—a split verdict to Elmer (Violent) Ray—since he got out of the Army. Charles later knocked out Ray.

Louis, meanwhile, is going dally. He will leave this weekend for French Lick, Ind., for a vacation.

11th Hour Uprising Gives Broncs Win Over Dusters

McClain's Blow Ends Struggle

Oh, for the good old days, the days when the Big Spring Broncs won their games by 15 runs.

The Steeds pulled another one out of the fire at Steer park last night, scoring after two were out in the ninth inning to edge the Vernon Dusters, 3-2, but the wear and tear on the spectators was something terrific.

For the third time in a row, the Cayuses capped a one-run decision. For the second time in a row, they came back to spike the dish with the decisive tally after the opposition had evened matters with a run in the top half of the ninth.

The heroes couldn't be counted on one hand. First there was Jimmy Perez, who pitched 8 2-3 innings of sterling ball only to be deprived of the victory because of an outburst of temper. Then there was Franny Perez, who struck out a Duster (Eddie Jacobs) with what could have been the winning run on third base.

Back of those two were Bobby Fernandez, who came up with three hits and drove home two of the Big Spring runs; Orlando Echeverria, who touched off a ninth-inning rally and scored the winning marker; Ray Vasquez, who kept the ninth round fireworks going with a single; Jake McClain, a whirling dervish on the bases and a pressure hitter in the ninth; and Ace Mendez, tremendous afield.

Jimmy Perez was chased from the rubber by Umpire Bill Frank after he had asked for a new ball, been refused it through a misunderstanding and then threw the tattooed grape he was holding to the ground in violent disgust.

The outburst proved very costly. Lupo Gonzalez, who had singled after two were out in the thrills-packed ninth, ankled to second base.

Frank Perez came in 'cold' and promptly surrendered a double to Gwen Simons that scored Gonzalez easily but then the righthander settled to whiff Molina after Simons had advanced to third on a misplay.

It was anybody's ball game after that and the Broncs gave no indications that they wanted it until Mendez and Perez had been retired in the ninth. Then Echeverria, playing for an injured Ortillo Bosch at third, Vasquez and McClain singled in succession to wind up the struggle.

The Steeds got to Jacobs for 12 hits and handed him his eighth defeat. He has won nine.

Franny Perez received credit for his tenth victory of the season. McClain dazzled the opposition with a daring bit of base running in the sixth. He singled, stole second and third and romped home on Fernandez's hit.

Mendez cut loose with two almost unbelievable throws, one in the second and the other in the sixth. He caught Quesada at third and then rifled a throw home all the way from the fence in the sixth that trapped Lou Ehlinger a good three feet from the dish.

Ehlinger had tried to go from first to the plate on Zeke Strange's double.

GLEANINGS — Armando Traspuesto, the Broncs' crack catcher, was banged on the mask by a foul tip in the first inning but shook it off. A dog insisted on playing the infield for Big Spring in the first inning but he was finally chased by Umpire Bill Frank.

Florence Quesada cost Vernon a run in the ninth when he boldly tried to steal third. Traspuesto's perfect get to Ortillo Bosch caught him but Bosch was

injured on the play... Jacobs had his most trouble with Jimmy Perez, who doubled in the third and singled in the fifth.

Jimmy lost his headpiece twice in trying for extra bases. Mendez, a lot of center fielder all night, backed up against the left center field fence to drag in Gwen Simons' long fly...

McAden Sells Local Baseball Interests

Claud McAden, president and general manager of the Big Spring Longhorn baseball league club since April, 1947, has sold his half interest in the team to L. B. Maulden of Big Spring to accept a job as general manager of the San Angelo league entry.

McAden is tidying up his affairs here and plans to leave Friday to assume his new duties. Th former Army Air Forces pilot served in the business office of the San Angelo club during the time that it changed hands recently and the offer relative to the change was made then, he said.

Maulden, McAden's brother-in-law, has lived here for the past several years and was associated with the T & P railroad at one time. He has been employed by the Big Spring baseball team as a ticket vendor.

Other part of the local team is owned by Pat Stasey, field manager of the Broncs, who will continue in that capacity. Stasey, McAden and Joe Langston organized the club in 1947. Langston sold out his interests shortly after the season opened last year.

"I appreciate the co-operation given me by local citizens," McAden stated, in announcing his decision to leave, "and hope that the people will afford Maulden the same sort of hospitable treatment. I sincerely hate to leave Big Spring but the opportunity presented me is too great. I have never found working conditions any more favorable anywhere than here."

CLAUD MCA DEN When McAden arrives in San Angelo, he will become associated with another former Big Spring, Bobby (Pepper) Martin, who is serving as field manager of the city's Longhorn league club.

LOOKING 'EM OVER With TOMMY HART Judging from the pictures of the Joe Louis-Jersey Joe Walcott heavyweight boxing title bout, now showing at a local theater, the challenger made the same mistake the Conns and the Galentos committed in their shuffles with the Brown Bomber and that in trying to mix it after getting his feathers ruffled.

Whoever cops the title vacated by Louis will become the 15th titlist crowned since the Marquis of Queensberry rules were adopted. The champions their homes and their length of reign include: JAMES J. CORBETT, San Francisco, Calif., Sept. 7, 1892, to March 17, 1897. Defeated John L. Sullivan, Boston who had edged Jake Kilrain at Richburg, Miss., July 8, 1889, in the last of the bare knuckle fights.

BIDDING YOUNG HEAVY CHILLED BY UNKNOWN Walcott wasn't the only aspirant to the heavyweight crown who suffered a jolt last week. Louisville, Kentucky, had been quietly building up a stalwart Negro by the name of Sid Peaks. Peaks' backers had brought him along slowly and intended to toss him into the big time when Louis retired.

**Harrowing Story Is Told For Boat Explosion In Gulf**

CEDAR KEY, Fla., June 30. (AP)—A harrowing story of three days without food and drinking water in the Gulf of Mexico after the fishing boat Hazel exploded and burned was told today by two survivors of the ill-fated craft.

The pair—Mrs. Merle Potts and William Sanders, a barber, both of Ocala—were found yesterday by "Dad" Collier, caretaker at nearby Seahorse Island.

The body of Mrs. Ted Hill, a third member of the party of 18 aboard the 38-foot boat, was found off Snake Key by Clyde Coulter and several other persons who joined in the surface hunt.

Levy County Sheriff G. T. Robbins said Sanders told him four other members of the party may be alive. They broke away from a group of nine survivors clinging together in the water Monday morning and swam for an island. That was the last Sanders saw of them.

Two of the remaining five sank Monday night, including Sanders' wife. Mrs. Hill went down yesterday morning.

Sanders and Mrs. Potts, rescued from a bird rack off Sea Horse Island by Collier, were suffering from exposure, shock and numerous scratches Sanders said were made by needle fish. They were taken to Ocala in ambulances.

The explosion occurred at 8:20 Sunday morning after the boat put out from Yanketown. Sanders said. The boat caught fire and sank within 15 minutes.

Sanders said L. R. Burnett of Yanketown, owner of the craft, was badly burned and is believed to have died soon afterwards. Life preservers were given to the women in the party while the men clung to wreckage, he said.

**U.N. Is Having Internal Strife**

LAKE SUCCESS, June 30. (AP)—The United Nations—a turbulent sounding board for the world's problems—today is having internal troubles.

There is open grumbling in the corridors about discrimination against Americans on Secretary-General Trygve Lie's 2,800-man staff.

Dissension and bitterness have broken out over a virtual ban on United States nationals being sent to Paris to work at the September meeting of the UN General Assembly. About 650 employes are scheduled to make the jaunt. The UN refuses to say how many of them are Americans, but the best unofficial guess is about 50.

Adding fuel to the fire is a current move to slash the 650 by about 100. This would wipe many from the small American list now slated to go.

Of the approximate 2,800 on the UN payroll one-half are Americans.

**Planning Starts On West Germany**

FRANKFURT, Germany, June 30. (AP)—Top American, British and French officials met here today to start building a new central government for Western Germany.

The presence of Lt. Joseph Gen. Pierre Koenig, commander of French forces in Germany, indicated that French objections to the proposed plan may have been overcome.

The meeting had been postponed several times. Authoritative sources said the delays were caused by French doubts about the plan, recently drawn up at a six-nation meeting in London. The Russians rejected the Western plan and last week in Poland met with foreign ministers of other Eastern European nations to set up a counter plan.

The Russian land blockade of Berlin also may be discussed at the session here.

Meeting with Koenig were Generals Lucius D. Clay and Sir Brian Robertson, American and British military governors.

**Ambassador To Slavs On Way To America**

LISBON, Portugal, June 30. (AP)—Cavendish Cannon, American ambassador to Yugoslavia, who arrived here from Belgrade Monday, said today he will leave here next Monday for Washington.

He told reporters his visit to the United States "has nothing to do with recent events in Yugoslavia about which I learned through the newspapers only after arriving in Lisbon. I am going to Washington on a perfectly normal, routine consultation visit after one year on the post."

**State Unable To Fill Agriculture Posts**

DALLAS, June 30. (AP)—Texas has out the "help wanted" sign in the weights and measures division of the Department of Agriculture.

W. S. Bussey, chief of the division, said here yesterday he had appropriations for 15 inspectors to make checks within the state. But he said the appropriations for the salaries are so low the offices cannot be filled.

**Legion Meef Is Postponed**

Regular Thursday meeting of the American Legion post will not be held this week, it was announced by Post Commander D. L. Burnett, Jr., but special efforts will be made to get a record attendance at the session on July 8, when annual election of officers will be held.

A full slate of officials is to be named, Burnett said, and a full vote from the membership is wanted. The new officers will be installed on July 22.

In addition to Burnett, post officers include Bill Griese, first vice commander; Henry Bugg, second vice commander; Vernon McCoslin, adjutant; Raleigh McCullough, sergeant-at-arms; Preston Denton, chaplain; Ira Thurman, finance officer; George Zachariah, historian; and Culin Grigsby, service officer.

The Legion is sponsoring a holiday dance Saturday night at the clubhouse, with Harrison's Texans providing the music.

**Indicted Texan Hit With Suit**

WASHINGTON, June 30. (AP)—Ralph W. Moore of Texas, secretary of the National Farm Committee, has been sued in Federal district court for \$240,000 in commissions which he allegedly owes for advice on grain sales.

The suit was filed by William Wallace Brauer of Washington, D. C. Brauer contends Moore agreed to pay him for the advice of a 10 per cent commission on sales of approximately 1,500,000 bushels of rye to foreign governments in 1945 and 1946.

Moore is one of four persons indicted June 16 on charges of conspiring to violate the Federal lobbying act. He is accused of conspiracy to lobby for higher commodity prices without registering with Congress.

**Wallace Finishes New England Tour**

PORTLAND, Me., June 30. (AP)—Henry Wallace today completed a three-day New England swing in which he called himself "a capitalist — not a Communist —" and "the only real businessman in the presidential race."

Wallace planned to fly to New York today.

He told a Portland city hall audience estimated at 1,000 last night that he favors "progressive capitalism."

"Reactionary capitalism," he warned, "eventually will bring depression to you."

Wallace said without elaboration that he "hates the NAM National Association of Manufacturers which, he added is "out to get my scalp."

He recommended that every corporation doing more than \$50 million business should be Federally incorporated, with "safeguards for the general welfare."

**Houston Reveals Eight Polio Cases**

HOUSTON, June 30. (AP)—Eight new cases of polio have been reported in the Houston area, along with two non-resident cases brought here for treatment.

The cases reported yesterday brought the total for the year to 92 and 10 deaths in the city, 74 cases and three deaths in the county and 45 non-residents and three deaths.

**Tingle Funeral Is Held In Pie Town**

Funeral services for Rev. D. B. Tingle of Pie Town, N. M., originally scheduled to be held Tuesday, were instead held today in that town.

Rev. Tingle, brother to Mrs. W. D. McDonald, a father to Mrs. Burke Summers of Big Spring, died Sunday night in Socorro, N. M.

**Power To Wed?**

LOS ANGELES, June 30. (AP)—Actor Tyrone Power and Actress Linda Christian are en route by plane today to Italy. They were noncommittal on their departure yesterday on Hollywood reports they would be married in Rome. They met there last summer.
