17th Jr. Livestock Show Opens

Months of work and preparation will be climaxed for more than 300 youngsters here this weekend when the 17th annual Junior Livestock Show unfolds.

A total of 352 animals have been entered in the show, which will be held in the County Bull Barn and Little Bull Barn. Boys and girls from four counties have spent a long time getting their animals ready for this show and it won't be surprising if a few of them have tears in their eyes when the auction starts Saturday afternoon.

School Makes Shifts; Calls Board Election

New assistant principals were named by Hereford School trustees for Hereford High School and Central Elementary this week. Action came Tuesday afternoon during a special board meeting.

Bill Michael, assistant principal at Central Elementary School, was named as assistant principal for Hereford High School. Replacing Michael as assistant principal at Central will be Ray Todd, high school coach and teacher for the past year and one-half.

Michael received his bachelor's degree from Daniel Baker College and his master's from TCU, with additional graduate work at Texas Tech. From 1951-54, he taught sixth, seventh and eighth grades and coached at Gorman; From 1954-56, he taught sixth grade and coached at Rising Star.

Todd was with the Danbury school system as an elementary teacher and high school from 1951-55. From then until 1961 he was an elementary school teacher, high school teacher and head coach at Moody.

The board of trustees called the regular school election for Saturday, April 6. The filing (Continued on page 16)

Members of the sponsoring Hereford Rotary Club, with fine assistance from the Hereford Young Farmers chapter, have been busy the last couple of weeks in final preparations.

Weigh-in for the stock will begin about 9 a. m. Thursday. The barrows will be judged at 2 p. m. Thursday; the lambs will be judged at 10 a. m. Friday; and the calves will be judged at 2 p. m. Friday. Judging the entries will be Charles Smallwood of the West Texas agriculture department.

A guaranteed price of at least 40 cents a pound for the top 30 calves in the show has been set. Price guaranteed for the 21 top lambs is 35 cents a pound or more and a minimum of at least 25 cents a pound for the 48 top barrows.

Chanting off the auction price will be Jack Howell of Dimmitt, who donates his services to the show. The auction will start at 1 p. m. Saturday with only the top animals selling through the ring. This is being done to insure the best possible (Continued on page 6)

Reset Sabin Polio Vaccine Immunization For Jan. 20

Sabin Oral Sunday for Deaf Smith County is set for Jan. 20 as two clinics are scheduled to administer the second dose of the oral polio vaccine to county residents.

The clinics were originally scheduled to be held last Sunday but sub-zero temperatures and slick streets caused them to be postponed.

Clinics are to be held here at the high school cafeteria and at Hereford Labor Camp.

The clinic at the school cafeteria will be open from 10 a. m. to 6 p. m. The Labor Camp Clinic, set up for the convenience of the camp's residents, will be held from 11 a. m. to 3 p. m.

The mass Sabin Oral Vaccine inoculation is being sponsored locally by Hereford Medical Association and the Junior Chamber of Commerce.

Administrative details of both clinics are being handled by Jaycees with the aid of Deaf Smith County Red Cross Doctors, nurses, and pharmacists are being supplied by the local medical association which is handling the clinic's technical details.

The cost of the mass immunization program in a four county area is being underwritten by Tierra Blanca Medical Association. The counties included are Deaf Smith, Farmer, Castro, and Swisher.

A donation of 25 cents per dose is being asked to offset the cost of the campaign. However, no one will be turned away for not making the donation.

Tierra Blanca Medical Association has assured local physicians that enough vaccine will be supplied to immunize all residents of Deaf Smith County.

The Type II vaccine is the second step in immunization against the crippling disease and gives an additional 10 per cent immunity to polio when taken following the Type I dose.

However, county residents who have not taken the first dose are being urged to report for the vaccine being administered at the second clinic. The series of doses can be (Continued on page 10)

Receipts at Hereford Post Office continued their steady upward climb as a new record was established at the end of 1962, according to figures released Tuesday by Hereford Postmaster Nolan Grady.

The high for postal receipts was the third new record to be established reflecting the growth of the city, Deaf Smith County and the business community.

Previously released figures showed record highs for bank deposits, and assets and new construction.

At the end of 1962, postal receipts reported for the Hereford office had climbed to \$124,130.49, a \$4,912.08 gain over the high posted a year ago.

Greatest increase in sales at the local office was noted in the sale of stamps which totaled \$88,001.57, and in second class mail which jumped to \$5,106.15.

The increase for second class matter alone during the year was \$4,072.38. The sale of stamps showed a \$2,478.13 increase over a year ago.

Losses, however, were recorded in the use of postage meters and permit mailing bringing the total gain in receipts down approximately \$2000 for the year.

"I believe the increases in postal receipts at this office reflect the continued growth of the community," commented Grady.

He also predicted that receipts would continue to climb this year even though allowances (Continued on page 10)

Receipts at Hereford Post Office continued their steady upward climb as a new record was established at the end of 1962, according to figures released Tuesday by Hereford Postmaster Nolan Grady.

Only 11 days remain for residents of Texas to get their poll taxes for their year.

County tax assessor Neil Miller said said Wednesday morning that only 792 poll tax receipts had been issued and reminded residents that the deadline is Jan. 31. With the tax office closed on Saturdays, that doesn't leave much time.

Poll taxes, a requisite for all Texas residents to vote, cost \$1.75 per year, which is less than one-half cent per day. Only exemptions are for residents more than 80 years of age, new residents of the state and those becoming 21 and eligible to vote for the first time.

A valid poll tax will entitle residents to vote in all city, school, county, state and national elections which might be called during the year. Already slated are city commission and school board elections.

Several spokesmen for the city firms stated that the number of firms (Continued on page 10)

County Starts Year With Some Salary Raises

Starting a new year of business got the first County Commission meeting off to a routine start Monday. It also marked the first meeting for new Commissioner of Precinct Two Marcus Latham.

Most important item on the agenda was the formal approval of salary increases for virtually all county officers and employees. The raises had been the subject of lengthy discussion for the past three months. They ranged from zero to 14 per cent for elected officers and from (Continued on page 5)

Record 15 Below Followed By A Slight Warm-Up

Deaf Smith County residents welcomed the return of warmer temperatures Monday after the thermometer plunged to a record low of 15 below zero here Sunday.

While the record low reading was the official low temperature for Hereford, several area residents reported temperatures reaching down to 20 - below zero within the county and the city.

After the record low, temperatures began warming rapidly with a 24 - degree high registered Sunday. The high for Monday was 33 and the high Tuesday reached a pleasant 45 degrees.

Low temperatures also began to warm rapidly during the period with one - below recorded Monday, four degrees Monday and by Wednesday, a 14 - degree low was reported.

As temperatures began to climb, city and county residents were faced with the problem of frozen water pipes thawing and bursting.

City plumbers reported that an "excessive" number of water pipes had burst within the city and firm employees have been "turning off water since Saturday."

Several spokesmen for the city firms stated that the number of firms (Continued on page 10)

Hereford At Littlefield As Conference Resumes Action

After taking off Tuesday, all District 1 - AAA teams swing back into action Friday night. Hereford will be at Littlefield to test the small, speedy Wildcats.

Other conference action will be Levelland at Dumas and Perryton at Phillips.

The Wildcats, in the midst of a rebuilding program, stand 1-1 in district play after a rather mediocre showing in non-conference action. Littlefield's eagles made school history two weeks ago when they knocked off Levelland for the first time, 64-57. But Dumas, rebounding after its loss to Perryton, gave the Wildcats a lesson in basketball Friday while winning 74-60.

Hereford will be trying to get on to at least its share of the league lead after beating Perryton 49-37 here Saturday night. Phillips also has a 1-1 record, the same as Littlefield and Perryton, while Levelland

is in the conference cellar right now with a 0-2 mark.

Coach Cuby Kitchens has been working his players hard this

week as the Whitefaces have seven straight games before getting a one - week rest.

He said Tuesday that he was well pleased with the team's showing Saturday night, although he has been busy polishing some rough spots this week. He said that senior Ronnie Welty, a 6-0 outside man who just became eligible, looked good generally in his first outing with the varsity.

Following is the complete district basketball schedule for the remaining games:

Jan. 18 - Levelland at Dumas, Perryton at Phillips and Hereford at Littlefield.

Jan. 22 - Hereford at Levelland and Dumas at Phillips.

Jan. 25 - Levelland at Perryton, Dumas at Hereford and Phillips at Littlefield.

Jan. 28 - Littlefield at Perryton.

Jan. 29 - Littlefield at Levelland, Phillips at Hereford and (Continued on page 10)

Postage Hike Causes Lack Of 1-Cent Stamps

Hereford Post Office was caught with its one - cent stamps down when the new postal rates changed this week.

During the first week of January, the post office sold approximately 20,000 of the one - centers before running out, according to Postmaster Nolan Grady.

However, another 20,000 were ordered and are now in, he added.

POINTING AT THE STARS, a large telescope belonging to Fred Mercer trains its eye towards the Great Nebulae in the constellation Orion (as seen through the telescope). Mercer adjusts the settings on the scope, which he recently mounted in his back yard observatory. When in use, the roof of the observatory slides out of the way. (Staff Photo)

MERCER LEARNS WHILE TEACHING

Stanton Science Teacher Builds Own Observatory

By Wain Miller  
Brand Staff Story  
People often brag about the great visibility on the plains of the Golden Spread. To a local resident, it is no mean feat to see things 15 miles or so away. But a Hereford man can now step out into his back yard and

look hundreds of trillions of miles away - at night - which might be considered more of an accomplishment.

With the aid of a large 12 1/4-inch reflector telescope, Fred Mercer can study the heavens.

A science instructor at Stanton Junior High School, Mercer has been an amateur astronomer for well over two years. Last week he completed an "observatory" in his back yard.

Complete with a roof which slides away on tracks to allow use of the telescope, the small building is a popular place for Mercer and his wife.

Although Mercer used his 275-pound telescope on a 'portable' basis for a year, it was not until he completed his small observatory that he could begin studying the night - time sky with regularity.

Mercer and another Stanton teacher, Frank Jones, recently put the finishing touches on the wooden frame building which houses the scope.

Mounted on a cement base, the telescope can now be locked down on a permanent basis. Soon Mercer will have the various scales on the telescope set which will allow almost instantaneous spotting of individual stars and planets through the use of astronomical charts.

"I didn't realize two and a half years ago when I enrolled in an astronomy course that I would become so interested in the science," Mercer commented as he surveyed his finished observatory.

Around Town

All right, already! It has been cold enough. From reports we've been getting the first of the week, Hereford had more snow than any other place in the county or in the area. We didn't have the record low temperature in the area, but crowded it with a bottom of minus 15. And when you get that cold, what's a few degrees one way or another?

And this was observed Monday, when streets still were slick: It took two cars to push a third. A motorist stalled at Third and Miles. The driver of the car behind volunteered to give a push, but his tires started spinning in the middle of the intersection. A third driver then offered his

PLANNING A DANCE for the March of Dimes drive here are four teenage leaders from Hereford High School. From left are Ron Gray, Kathy Boston, Sharon Timin and Connie Kent. The dance will be held in the Hereford Community Center on Friday, Jan. 25, following the basketball game. The Court-Downs of Portales will play until midnight for the affair. (Staff Photo)

LET'S COOK SOMETHING!

# Visit To Juarez Renews Interest In Mexican Food

By Ramona Noel  
Brand Staff Reporter

When the weather is crisp outside, as it has been for the past week, the best place to be is in a nice warm kitchen enjoying some of Mrs. Aubyn (Neil) Hodges' Mexican food. Although Neil is good at anything that she decides to cook, she says, "I'm lucky when it comes to cooking for my family because they like anything, they just like to eat."

When Mexican food is mentioned now, memories of their recent trip to Juarez, Mex., immediately cross their minds. All of Neil's family, including husband, Aubyn, and their three children, Junior, 14, Debra, 10, and Kiska, 5, spent a full five days during New Year's week in Juarez, Mex. and El Paso.

The whole family thoroughly enjoyed every minute that they were there attending the Sun Bowl Football Game and watching the bull fights. This was the fourth time they have been to Juarez, but they believe this was the most enjoyable of all the trips. With all the other activities they had on their agenda, the Hodges' found time just to wander over Juarez and see most of the town.

Living on a farm was quite an adventure for Neil since she had been born and raised in the city and had never been on a farm more than four times in her life before getting married. The Hodges farm the land and have their home where the old Prisoner of War Camp was located in the southwest part of the county.

In order to familiarize herself with farm life, she took an active part in all the farm activities. After her family began coming along she centered all her attention on them and is now kept busy with their school

and social activities. Neil is also one of the most active persons around. She enjoys all her club work and is an excellent worker in achieving any of the goals that she might be seeking.

At the present time she is serving as president of the Central School PTA, chairman of the Home Demonstration Council, member of the North Hereford Home Demonstration Club, member of Beta Sigma Phi Sorority, leader of a Campfire Group and all the family are avid sports fans and enjoy attending all the football, basketball and baseball games that there might be to attend.

Some of the favorite Mexican food recipes that Neil enjoys preparing for her family might hit the spot with your family.

**Spanish Enchiladas**  
1 pound hamburger meat  
1 teaspoon salt  
1 clove garlic  
2 tablespoons flour  
1 12 - ounce can Ashley's enchilada sauce  
1 can water  
1 No. 2 can tomato juice  
1 large onion  
2 cups grated cheese  
1/4 cup oil  
1 package tortillas  
Lettuce  
Tomatoes

Mix meat, salt and chopped garlic. Cook in skillet until white; add flour, sauce and tomato juice. Bring to a boil and simmer 30 minutes. While simmering, chop onion and grate cheese. Heat oil in skillet; dip one tortilla at a time quickly in grease and drain on paper towel. To serve place 1 tortilla on plate, sprinkle small amount of onion and cheese on this, cover with 1/4 cup meat sauce. Repeat 2 or 3 times. Around edge of stack, place chopped tomatoes and lettuce and repeat for each serving. This will serve

4-6 people, depending on number of tortillas used on each plate.

**Guacamole Salad**  
3-5 ripe avocados  
1/4 teaspoon garlic, grated  
1 small onion, grated  
1 teaspoon salt or to taste  
1-2 tomatoes  
1 tablespoon lemon juice  
Red pepper to taste

Select soft avocados (number depends on size). Peel and mash with the lemon juice, grated onion and garlic. Chop tomatoes fine and add with salt and pepper. Serve on shredded lettuce. This freezes well. Mayonnaise may be added.

**Beef Tacos**  
1 pound lean hamburger  
1 small onion  
1 can tomato sauce  
1 small can taco sauce  
1/2 pound cheese  
1 package tortillas  
Lettuce

Fry meat until lightly brown; add onion and cook until soft. Put meat and onion mixture into combined sauces in a sauce pan. Simmer slowly for 30 minutes. Dip tortillas in hot grease to make pliable, fold over handle of wooden spoon and fry until golden brown. Drain well and place in warm oven (these can be done the day before and warmed when needed). Fill tortillas with meat mixture, grated cheese and lettuce. Serves 4.

**Spanish Rice**  
1 cup raw rice  
1 large onion  
1 teaspoon cumin  
3 cups water  
1 No. 2 can tomatoes  
1 teaspoon garlic salt  
1/3 cup parsley, chopped  
1 tablespoon salt  
Sauté chopped onion in bacon drippings until clear and yellow. Remove from drippings and add rice and brown. Rice should be washed thoroughly. Mix remaining ingredients in a large

EXHIBITING SOME OF THE souvenirs gathered up recently in Juarez, Mexico, reminds the Aubyn Hodges family that they would like to eat Mexican food. Neil is shown here

baking dish; add onion and rice. Mix well and bake 1 hour at 325 degrees. It may be necessary to add a small amount of hot water during baking. This may be made ahead of time and frozen. Serves 8.

**Hot Tamale Pie**  
1 pound ground meat

1 large onion  
1 tablespoon chili powder  
2 tablespoons salt  
Red and black pepper  
1 can tomato sauce  
1 can water  
Garlic salt to taste  
4 cups water  
1 tablespoon salt

with a pinata, a sombrero, and banderillas they brought back, and which she uses for table decorations when the family eats Mexican food.

1 cup yellow corn meal.  
Brown onion and meat. Add chili powder, salt, red pepper, black pepper, garlic salt, tomato sauce and water. Steam with frequent stirring until tender. Boil water, add salt, and stir in corn meal. Stir until thickens. Using large baking dish,

butter; then make a well of corn meal mush. Add meat mixture; cover top with balance of mush. Bake at 350 degrees until top is crusty, about 30 minutes. Serve from baking dish with pinto beans and green salad.

**ATTEND FUNERAL**  
A. H. Brooks, 88, uncle of Mrs. Palmer Norton, died on Friday, Jan. 11, in a Lubbock Convalescent home. Funeral services were held at 2 p. m. on Monday, Jan. 14 in the Rix Chapel with burial in the City of Lubbock Cemetery.

**IN POSTPONED GAME**

# Hereford Trips Perryton In District Play, 48-37

Hereford effectively muscled the Perryton Rangers here Saturday night to win its first conference outing of the season. The game was played a day late, after having been postponed Friday because of bad weather conditions.

The victory gave Hereford a share of the district lead, with Phillips, as both teams had 1-0 records before the Hawks played Tuesday night.

For Perryton, it evened their record at 1-1 after they had upset the Dumas Demons, defending state champions 41-40, in the Rangers' first loop contest.

The Whitefaces settled down after a shaky start and used its full-court press to maximum advantage. A strong zone defense kept 6-5½ Don Boyer from hitting for two full quarters. Boyer failed to get a point in the first or third quarters, was limited to one field goal in the fourth, but got 11 in the second period.

Perryton jumped off to a quick 4-0 lead on two field goals by Roger Wright. Then Hereford adjusted its defenses and went to work. Austin Hodges hit from outside, Dwight McGee tipped in a rebound and scored again on a fast break.

Hodges again hit from outside, McGee sank a free throw, but Hodges sank a charity toss for a 9-4 lead with 2:45 remaining in the period. David Baker missed the first try, but hit his second free throw for Perryton with 2:10 left.

McGee countered with another two-pointer. Wright hit a free throw and Baker sank a field goal for Perryton, but Hodges came back with another field goal with 10 seconds left to give Hereford a 13-8 lead at the quarter.

Boyer got his first field goal of the game as the second period started, but Hereford went on another spree. Ronnie Wetly dumped in a field goal, McGee got another, then sank a free throw before missing two other charity tosses.

Boyer sank a free throw, but Jim Haney hit two free ones for Hereford before Hodges missed a charity toss. Wright hit another field goal, his last scoring for the night, before Haney and Danny Cates each hit one of two free throws.

Perryton's Boyer then got hot. He swapped baskets with McGee, then hit another, missed a free throw with two minutes left in the period as Haney drew his fourth personal foul of the game. Boyer hit another basket, Bud Bolerjack hit one of two free throws, and Boyer sank another two-pointer as the Rangers pulled within two points, 24-22.

with the last scoring of the period, with a jump shot during the final 15 seconds. That gave Hereford a narrow 26-22 lead.

As the second half began, Wetly sank a bucket, before he and Billy Hill missed free throws. But Hodges hit a free throw for a 29-22 margin. Baker and Paul Haywood each dropped in baskets for Perryton to close the gap to 29-26 as Hereford's shots started rimming the basket instead of dropping through.

But Haney, playing cautiously after a brief rest, dropped in two free throws. Hodges and Wetly each netted baskets to give Hereford a nine-point lead. Haywood tipped in a rebound for his last points of the game.

Then Wetly sank two free throws with 18 seconds left to give Hereford a 37-28 advantage into the final quarter.

Hodges and Baker swapped baskets to open the period. Trailing by nine points, Perryton started getting desperate and careless, with numerous fouls called on them.

McGee hit a field goal, Hill hit one of two free throws, McGee missed both his free throw tries as Baker fouled out, Haney hit both his charity tries, but Hodges missed as Wright fouled out.

Grant Drake then hit one of two free throws for the Rangers and John Ellzey got a basket.

Leading 44-33, Hereford began to slow down action. Hill was fouled and made both tries. Ellzey countered with two free throws as reserves started replacing Herd regulars.

Haney finally fouled out with 1:18 left, but Drake missed his free throw attempt. Robert Strange sank a field goal and Hereford got the ball again on an offensive foul. Wetly missed a free throw attempt and Boyer got Perryton's final points

with 15 seconds remaining. Strange was fouled as the game ended and sank one of two attempts to set the final score at 49-37.

Austin Hodges and Dwight McGee, scoring well early in the game, had 14 and 13 points for the Herd. Wetly, despite some nervousness in starting his first game, hit eight points and performed well on defense. Wetly is a senior who just became eligible under the transfer rule.

Haney, handicapped by his four early fouls, hit seven of eight free throw attempts for his points. Hill and Strange each hit for three points and Cates got one.

Boyer got 13 points, 11 of them in the second quarter, but was kept closely guarded most of the time. Wright and Baker each got seven points for the Rangers, who left Hereford with a 4-3 record. Hereford's season list is 10-4.

Hereford hit 17 of 29 free throws, while the Rangers netted 7 of 12.

THIS IS WHAT passed as basketball during the annual Lions-Kiwanis game held Monday at the Hereford High Gym. Making the wrong-handed crib shot is the Rev. Duane Barrett of Kiwanis. Adding to the difficulty of the shot, and out of sight of the referee, John Gilliland conceals the basket by placing his gloved hand over Barrett's

eyes. Aiding Gilliland in foiling the shot are Lions Pat Ferguson and Raymond White. Coming across the line to join W. C. Russell (Lion) and Jay Hammond (Kiwanis) in the keyhole is Ralph Owen. Kiwanis used the right prescription to down the Lions 15-6 in the game. (Staff Photo)

### County...

(Continued from page 1) zero to 20 per cent for other employees.

A complete salary schedule for county employees is on file in the County Clerk's office.

After going over his travel and expenses, Commissioners voted to pay County Agriculture Agent Lefty Thomas an additional \$361.37 for meals, lodging and travel, above the regular \$1100 authorized him for 1962.

Commissioners voted to continue paying Boys Ranch \$50 per month to help care for boys from Deaf Smith County. They also voted to continue paying \$50 per month to the Hereford

Cemetery Association. Both of these are annual agreements that have been in effect for many years.

The group approved the transfer of \$13,500 to the Social Security account from the General account. This is done each January to comply with regulations that require counties to deposit in advance the estimated Social Security payments for its employees for the coming year.

Most of the money will be on time deposit locally.

The court also voted to pay its officers on a salary basis rather than a fee basis. This also is an annual decision.

Commissioners asked that County Judge H. C. Williams write a letter of appreciation from the court to manager T. E. Seigler and the Deaf Smith County Hospital Board for its work during the past years.

A legal notice was approved which calls for bids on the county depository for the next two years. The bids are to be considered at 10 a. m. on Monday, Feb. 11.

County Clerk B. F. Cain reported that purchase of a postal machine about 12½ months ago had lowered county postal costs from about \$1500 per year to about \$1000 per year. The machine cost about \$275.

### Show...

(Continued from page 1) prices and also to keep mediocre animals from being sold, other than at the floor price. Exact floor prices will be determined at the start of the auction Saturday.

There will be 72 calves, 78 sheep and 202 barrows competing for the top prizes in the show. Deaf Smith County has entered 25 calves, 3 sheep and 45 barrows for a total of 73 animals; Farmer County entered 17 calves, 31 sheep and 94 barrows for 121 animals; Castro County will bring 23 calves, 25 sheep and 64 barrows for a total of 109 animals; and Oldham County entered 7 calves, 23 sheep and 26 barrows for 49 animals.

The annual Future Farmers of America and 4-H Clubs livestock judging contest has been scheduled for 9 a. m. Saturday.

All barrows are to be in place by noon Thursday, with lambs and calves in place by 5 p. m. Thursday. Grand and reserve champions will be named from class champions in the barrow and calves, but only class champions will be named in the lamb division.

The judge will pick two division winners in each of five barrow classes. All of these will be eligible to compete for grand and reserve champion honors.

Calves will be judged in light, middleweight and heavyweight classes, with first and second places in each class competing for grand and reserve champion honors.

Jack Nunley, president of the Hereford Rotary Club, is superintendent of the show.

### Easter Club Has 1963 Installation

Installation of officers for the Easter Club was held recently in the home of Mrs. Linda Welty.

Each office that was filled symbolized a part of a tree. The president was the trunk, vice president the main tap root, secretary was the fruit and members of the club represented the leaves. Those being installed were: Mrs. W. O. Markley, president; Mrs. Dale Maxwell, vice president; Mrs. Linda Welty, secretary-treasurer; Mrs. Ruby Stone, finance chairman; Mrs. W. A. Epperson, flower chairman; Mrs. N. A. Dine Hall, recreation chairman and Mrs. Naomi Scarbrough, reporter.

Six members were present. The next meeting is to be held in the home of Mrs. W. O. Markley.

### Model Airplane Group Slates First Meeting

Model airplane enthusiasts in Hereford and Deaf Smith County are attempting to form a model club here. An organizational meeting of the group is set to be held in the Boy Scout room of Hereford Community Center at 7 p. m. Thursday.

The meeting is slated to last only an hour in order that school-age youths may attend. Parents are also invited.

The club is being organized to provide supervision and safety for flying activities at Dameron Park.

Plans for the proposed club also call for aiding youths interested in modeling in building and flying their model planes.

**By Audal Miller**  
Once again, a very cheery "hello" to you out there! Brrrr—it's cold! Even the typewriters keys are shivvvvrrring. Semester examinations followed the set schedule on Thursday, Jan. 10, but were, of course, interrupted by the dismissal of school due to weather conditions last Friday.

redeem oneself from past mistakes and begin again with a reinvigorated spirit. Now is an opportune time for us to re-evaluate our goals both as students and as individuals—just where are we heading?  
Shari Jo Carmichael's "show parties" are becoming an annual event! Last year teens flocked to her home for a good ol' time during a "cold spell" and this year, again, it happen-

ed.—When classes were dismissed Friday, Cynthia Speed, David Stevens, Carolyn Aven, Pegene Cox, Jimmy Kassam, Charles Mims, Ruth Ann Allison, Janice Hagans, Dick Combs, Jimmy Weathers, Susan Stapp, Kay Seamans, Arnold Powell, Kaki Barnard, Charles Kelly, Judy Kriegshauser, Carl Stapp, Connie Kent, Sandra Vaught, Dwight McGee, Betty Mae Scott, Jimmy Higgins, Jan Story, David Dowell, Judy Schulte, Heather Gordon, and Gerry Bybee could be found at Shari's house popping corn, making fudge, drinking hot Dr. Pepper, playing records, and then "sled riding"! Needless to say, everyone really enjoyed this impromptu party.

From the "college crowd" come these notes: Suzy Woodford, Helen Sears, and Joy Story had as their houseguests last weekend Dianna Stevenson from Abernathy, Janice Atkinson also

from Abernathy, Sharon Whitfield from Dumas, and Beverly Blain from Plainview. Dianna stayed with the Woodfords, Janice with the Sears, and Sharon and Beverly with the Storys. Misses Stevenson and Blain were here to attend an ATO fraternity party which was held in the Jim Hill Hotel on Saturday night — All the girls are students at West Texas State College.

And adding to the usual "busyness" of the Leo Witkowski family this last weekend were Rita's guests from Texas Tech — Nancy Critchfield from Oton, Pamela Chaney from Dallas, Judy Kitten from Slaton, and Charlotte Husmann from Nazareth arrived in Hereford with Rita on Saturday, for a brief visit.  
Exchange students Frank Hergert and Heather Gordon accompanied Mr. and Mrs. Ed Skypala to Pampa on Saturday, Jan. 12. The purpose of this venture was to attend the District 27-1 Lions Clubs' Midwinter Conference. Heather and Frank enthusiastically reported their good times in Pampa — two banquets, two dances, and a ranch tour!  
Sweethearts Jerre Bea Noland

and Jan Story were put to the task of keeping score for their respective clubs, the Kiwanis and the Lions, at the annual Lions-Kiwanis basketball game in the Whiteface gymnasium last Monday night. Girls, how does it feel to be "sweethearts turned scorekeepers"???

Carolyn Aven and Heather Gordon took advantage of the school holiday on Monday by having a slumber party at the Aven residence on Sunday night, Jan. 13. Guests Pegene Cox,

Judy Wiman, Royce Ann Gilliland, Cynthia Seed, Kay Seamans, Jan Story, Janie McBroom, Ronda Neff, Ruth Ann Allison, Judy Kriegshauser, and Jenny Holt watched the Aven's new color television set, nibbled at a variety of delicacies, and chattered until six Monday morning — a delightful party!

Informal attire of slim-fims and blue jeans will be permissible this Saturday night at the Community Center — you are invited to come and dance, play ping-pong, or just plain "loaf" anytime between 8:30 and 11:30 p. m. Admission will be 25 cents per high-school student.  
You all know that the Herd

conquered the Perryton Rangers here last Saturday night! Isn't that "just great"? The Whitefaces' next conference game is this Friday night, Jan. 18, on the Littlefield court — don't forget the "Class Competition" being sponsored by the student council! The class with the greatest percentage of its members present wins the coveted award! (Come on, seniors, let's win this!!!!)

Remember, too, the Sabia Oral Vaccine clinic this Sunday, Jan. 20, from 10:00 a. m. until 5:00 p. m. at the Hereford High School cafeteria! Never underestimate the importance of these Sabia sugar

lumps!!!  
I'll leave you with these "thoughts" by an unknown author "TO DOES NOT PAY: To have a "good" time at the expense of an uneasy conscience the next morning. To lose our temper at the expense of losing a friend. To cheat a corporation at the expense of robbing our own souls. To have an enemy if we can have a friend. To sow wild oats if we have to buy our own crop. To spend the last half of life in remorse or regret for the first half. To be discourteous, irreverent, cynical, cruel or vulgar. To give God the hanks instead of the heart."

### Hospital Notes:

Deaf Smith County Hospital Visiting Hours: 10 to 11 a. m.; 3 to 5 p. m.; 7 to 9 p. m. Children under 14 not permitted to visit at any time.

Patients in Hospital  
Mrs. Julian Falcon, Box 1062, Dimmitt; Vesper Perry, Rt. 5; Mrs. Don R. Davidson, Lazbuddie; Leonard F. Stayton, 305 Jowell; Mrs. Claude McClure, 431 Star; Mrs. Gilbert Schueler, Rt. 2, Friona; Mrs. Joe R. Kendall, 116 Douglas; Mrs. J. T. Richardson, Box 164; Mrs. Flake Thurman, Box 822, Stratford; Mrs. Ignacio Pena, Box 34, Dawn; Mrs. Delmar Sigle, 135 Star; Jack Van Ferguson, 110 Irving; Norman G. Kelley, Idalou; Mrs. Davie Grimes, 529 West 2nd; Mrs. R. D. Lance Jr., 132 Beach; Gloria Arzola, Box 544; Mrs. James Ervin Robinson, 313 Ave. B; Thomas J. Welch, 812 Brevard; Mrs. Gwynne Owen, 118 Beach; Mrs. Halle Kester, 703 North Miles; Robert L. Hodges, Rt. 5; Herbert N. Reeves, 124 Ave. A; Mrs. H. D. # CLOWE & COWAN INC.

**IN U. S. DISTRICT COURT**

# Underground Water Ruled As A Depletable Resource

Ground water used in the production of agricultural crops in the Southern High Plains of Texas is a depletable natural deposit under the federal tax laws, according to a letter received by High Plains Underground Water Conservation District.

The letter, according to a water district spokesman, was in regard to a ruling by Joseph B. Dooley, Judge of the United States District Court for the Northern District of Texas.

Judge Dooley, in the letter, stated that he handed down the ruling on the case tried in his court in Jan. 1962. The case is *Marvin Shurbet et ux vs. United States of America*.

The water district spokesman, Tom McFarland explained that the suit is a test case filed by Shurbet, a Floyd County farmer, in behalf of the conservation district.

He pointed out that the farmer is seeking to recover a tax refund amounting to approximately \$300 for the 1959 tax year. The district is contending that underground water supplies used for irrigation are a depletable natural resource.

"The favorable decision in the Shurbet case, upheld on appeal, will ultimately mean millions of dollars in tax savings for persons in the Southern High Plains who can show a cost in the ground water beneath their lands and who are using the water to produce income," said McFarland.

The board of directors of the High Plains Underground Water District first authorized the staff to seek a depletion allowance, on ground water in 1954, the manager commented.

The board felt that if such

a program were allowed by the Internal Revenue Service, he explained, then a great many more people would realize that the water supply is exhaustible and then would become conscious of water conservation as a necessity for continued prosperity.

"In the beginning, our board had the feeling that too many people were not really convinced that ground water is not being replaced, or that they accepted the fact of depletion only in an abstract way,"

McFarland continued.

Members of the board of directors thought that if each person had to physically check water levels in his own wells for a tax deduction, then the declining water level would be a personal thing, stated the district manager. He would also realize the seriousness of the declining water level.

"Only when some men reach this point are they ready to discover ways and means of using water as efficiently as possible," McFarland concluded.

## Progressive HD Club Topic Is Family Finance

Mrs. Taft McGee was hostess to the Progressive Home Demonstration Club when it met on Jan. 8. Mrs. E. C. Hammett presided over the meeting where members answered the roll call with the following: (1) The weakness in our families financial planning (2) Help I need in personal finance (3) Group meetings I'd like to attend on personal finance.

"Inheritance Taxes" was the program given by Mrs. Jean Beene, assistant home demonstration agent. She said, "In years passed it was only thought that rich people should make a will, but now, everyone should have one."

Next meeting will be on Jan. 22 in the home of Mrs. Dale Hallows.

Mrs. T. J. Parsons was selected as club nominee for the District meeting.

Present for the meeting were: Mesdames Dale Hallows, P. L. Carmichael, Fred Autry, Ancil Jackson, E. C. Hammett, Tom Melugin, Floyd McGee, Darrell Thomason, T. J. Parsons, H. L. Hershey, Jean Beene and hostess, Mrs. Taft McGee.

## COLLEGE JOES ARE ROMANTIC

GRANVILLE, Ohio (AP) — That sparkling college coed who moons over the poetry books or stares enraptured at the movie screen isn't as romantically inclined as her male counterpart.

According to a survey completed by Denison University sociologist Dr. Dwight Dean, freshmen men were found to be more emotional than freshmen women.

The study also concluded that college men and women whose fathers' occupation were relatively low in status were found to be more romantically inclined than those whose fathers had a high status occupation.

## SNOW'S A TRAVELING MAN

DAYTON, Ohio (AP) — Walter Snow figures Leipsic, Ohio, is a nice place to live — so nice, in fact, that he spends seven hours each day commuting to and from his job at the Dayton Air Force Depot 110 miles from Leipsic.

He admits it is a grueling pace, but Snow worked up to it gradually. From 1943 to 1947 he worked in Lima, 35 miles from Leipsic. From 1947 to 1955 it was Toledo, 45 miles away. Then in 1955 he went to Shelby, 86 miles from his hometown. He hit the 110-mile peak in 1958 when he joined the Dayton depot.

## CHANGE IN SPENDING

COLUMBUS, Ohio (AP) — Back in 1958, Ohio State University economists report, most wage-earners spent at least half their income for food. Today, average per capita spending for food is only one-fifth of disposable income.

# Age Loses As Kiwanis Down Lions, Stanton Beats H.H.S.

**BY H. A. TUCK**  
Brand News Editor

In what sometimes passed for basketball, the young Kiwanis Club cagers downed a Lion-hearted Lions Club pride (the club's a bunch of lions together, Mr. Webster allows), Monday night. After trailing by two points, the Kiwanians pulled ahead and then outran their opponents for what might have been a 15-5 victory.

Attired in costumes that ranged from the laughable to the ridiculous, the two teams romped up and down the court, occasionally remembering the rules of basketball. And the rules kept all but the officials confused. At times no dribbling was allowed, at other times there could be no shooting with the proper hand. To insure some visual control over the situation, players were required to wear one glove.

Although we might have been mistaken (we laughed so hard, the tears interfered with our view of the scoreboard), it seems that the Lions got lucky and sank a field goal in the first period to break a long scoring drought.

Thus encouraged, the Lions bamboozled their opponents and held on courageously for a 2-0 lead at the end of the first, long six minutes.

Inserting a new team, the Kiwanians fought back valiantly in the second breathless period. They did and found themselves ahead, to the great delight of their partisan fans, by 6-2 at the midway mark.

Again, substitutes were made reluctantly (it wasn't that anyone wanted to keep playing so much as the players on the bench were so tired they didn't want to play any more.)

Finally, enough players were put on the court so the game could continue. The crowd roared in excitement at the tip-off. Rather than waste their efforts jumping toward a ball that was always still too high, team captains just called a coin that was flipped by the referee and play began.

Cooled off slightly, the Kiwanians netted just three points in the period, including one by referee Doc Page, who considerably shot for a pooped player. That was the extent of the scoring, as the Kiwanis quintet remained in front at the end of the third quarter, 9-2.

Both teams turned on the steam (not enough to toot a tin whistle, really) during the final six minutes. Chick Hicks and

Jim Arney, physician and pharmacist, had the right prescription for the Kiwanis Club during the period as they used their stamina and height for six point. The Lions dropped in four points during the period, including two that graciously were donated by the scorekeeper on a bucket after the whistle... some minute or so after the whistle.

The Lions blamed their loss on the biscuit-throwing ban that was imposed on their club last year. In quiet elation, the Kiwanians mumbled something about, "Tired old men just can't stand the pace anymore!"

In the second game, the pace picked up as the High School faculty contested the Stanton Junior High teachers. For the most part, it was the battle of the old pros against the young ones. And, for the second time that evening, the younger ones had the edge as Stanton pulled away for a 33-20 win.

But the medal for courage must go to high school band director Ben Gollehon, who played for the Lions, then changed uniforms and played with the high school.

Willie Williams had a chance to break the scoring ice for the high school as he was fouled. Williams, standing calmly at the free throw line, took careful aim... the ball whished into the air and came down... missing rim, backboard and net. It was too short.

**SEE PICTURE PAGE 10**

Jerry Cannon had the same chance for Stanton and made his shot to give the Junior High a lead it never relinquished. Jesse Gerron hit the first of several set shots and Jim Balch netted a long shot to give Stanton a 5-0 lead.

Williams redeemed himself with a free throw to put the High School on the scoreboard. Then Gerron hit another set shot. Joe Brooks missed two free throws for the High School, but Harvey Penner hit a nice jump shot.

Stanton then led 7-3 at the end of the first period.

It was time, then, for Hugh Sullivan to push Stanton further out front. He hit a field goal and one of two free throws to close out the junior high scoring for the second quarter.

Ray Todd and Charles Holt each hit baskets for Hereford High to narrow the gap slightly at halftime, as Stanton led 10-7.

Gerron and Balch added four quick points for Stanton, but high school rallied as Coby Kitchens hit two long

shots. Balch again hit from the field, but that was matched by Kitchens. Jerry Don George hit a field goal for Stanton, Kitchens missed a free shot and George again hit for two points to give Stanton a 20-13 lead at the end of three periods.

Kitchens hit once more, but Balch and Bill Shaw each netted baskets, to widen Stanton's lead to nine points.

Williams, playing the post position, was fouled and made one of two free throws and Kitchens netted another long basket to pull the high school within six points.

Roy Hartman, a left-hander on loan from Shirley Elementary to Stanton, hit two consecutive field goals on fast breaks. Williams again hit one of two free throws and Kitchens followed up with one more free throw.

But Hartman and Gerron piled it on for Stanton. Hartman hit a free throw, and Gerron netted two free throws and a driving lay-up for four quick points as the game ended.

Kitchens made 11 points for the high school. Gerron had 10 and Balch 8 for the winners.

The second annual classic doubleheader was sponsored by the Whiteface Booster Club.

# Only the Beginning .....

Many a successful career in farming, ranching, livestock management, and related enterprises has begun with the showing of a calf, pig, or lamb in a junior Livestock Show.

Yes, it is in these beginnings that the student so often has learned the value of sound management, selection and care of the project at hand and finally... the growing profits!

We are most sympathetic with these beginnings... for The Hereford Brand was established 63 years ago, also on a small scale... Throughout the years our growth has been steady, and closely aligned with the growth of the area.

Just as 63 years ago... we still are interested and like to lend a helping hand. We value your friendship and we look forward to further service of mutual benefit.

See You At The 17th Annual Junior Livestock Show JANUARY 17 - 18 - 19

# The Hereford Brand - The Sunday Brand

# COOPER'S

### Record...

(Continued from page 1)  
ber of calls has been so great that "they have not caught up yet."

City Manager Dudley Bayne, however, reported that the Water Department has experienced little difficulty. Only two meters froze and burst during the frigid weather. Several others had to be thawed out.

Motorists also faced problems as their automobiles refused to start and streets became slippery.

During the weekend, the powdery snow packed due to traffic and became slick. As daytime temperatures warmed during the first of the week, water from the melted snow glazed some streets with an icy coating.

The arctic blast was the coldest weather of the winter so far. Striking out of the north, the winter storm dropped temperatures rapidly Thursday.

In a 45-minute period, the mercury dipped from a 46-degree reading to a chilling 28 degrees. Early Friday, the temperature was one degree and still falling.

Heavy snow fell throughout the area Friday morning and was whipped across the county by

winds gusting to 35 mph. However, clouds began to break about noon as the snow stopped.

Area stockmen reported only minor losses during the frigid weather. However, if the snow had continued, serious losses in the county's livestock population would probably have occurred.

Moisture brought into the area by the snow was, however, welcomed by the county's wheat growers who have begun irrigating the 1963 wheat crop.

This fall and winter have been termed as one of the driest with little moisture falling in October, November and December.

### New...

(Continued from page 1)  
would have to be made due to the recent rise in postal rates.

During the year, December showed the biggest increase in postal sales, commented Grady. Receipts during the month increased 37 per cent over a year ago, bringing the total for the quarter up to a 37 per cent increase.

A great deal of the increase can be attributed to the Christmas season, he pointed out. City delivery of parcel post, for instance, handled 650 packages compared to 6128 a year ago.

Another factor contributing to the increase during the past year, he commented, was the addition of 166 new customers on the city carrier routes.

In reviewing the per cent of increase during the year by quarter, Grady pointed out there was a slight drop during the first quarter of 1962.

Postal receipts during the next quarter were steady with increases noted in the third and fourth quarters of the year.

### Credit...

(Continued from page 1)  
dit union.

Nominated for directors are Robert L. Thompson, Charlie Noland, and Mrs. Dyalitha Benson; for alternate members of the credit committee, Walter Owen and Mrs. Pauline Howard; for supervisory committee, A. J. Schroeter.

Following the meeting of the membership, a special meeting of the directors has been called for the organization of the new board.

A short panel discussion will also be conducted during the program on services offered by the credit union. Mrs. Benson, treasurer, will serve as moderator with Mrs. Pauline Howard, assistant treasurer, and Mrs. Gladys Brawley as the panelists.

Following the meeting, an open house at credit union offices will be held for out-of-town members.

services. After a lot of thro-

### Sabin...

(Continued from page 1)  
taken in any order as long as they are six weeks apart, it has been pointed out. Type I of the Sabin vaccine is usually given first since it provides the greatest immunity.

Only a few minor changes will be made in the operation of the clinics schedule to be held Sunday.

Residents are again being urged to pre-register. Forms will be printed in the Jan. 20 issue of The Sunday Brand.

### School...

(Continued from page 1)  
deadline is 30 days prior to the election. Terms of trustees B. F. Cain, Bill Gentry and Olin Parris expire this year.

spinning and bumping, the two cars were able to push the first driver across the intersection and onto after paying.

Don't forget the Sabin Oral Polio Vaccine clinic Sunday. To make it a doubleheader, the Junior Chamber of Commerce also will be manning a poll tax booth for those who haven't yet gotten theirs. How's that for service?

Mrs. Tom (Argen) Draper will be honored at an appreciation tea on Sunday, Jan. 20, at the Community Center from 2:30 - 4:30 p. m. The Home Demonstration Clubs are handling the affair, which will mark 15 years of HD work here for Argen.

And still more remodeling plans are being carried out. Rutherford and Company is just finishing up a new, lower ceiling and doubled lighting. It surely does look nice.

The Chamber of Commerce office got a new ceiling, a private office for manager Bill Thompson and a new counter

for the secretary. We understand, however, that the lock on Bill's door is going to be on the outside and that the directors plan to lock him in each morning and let him out each evening... if they think he's done enough work. Our only concern is that they may forget about all the breakfast meetings and night meetings that Bill has to attend.

Dawn Home Demonstration Club will sponsor a showing of Cotton John's new documentary film, "Follow the Bamboo", on Friday, Jan. 18, at 7:30 p. m. in the Dawn school. Homemade doughnuts and coffee will be served after the film. The public is invited to attend.

Saturday, Jan. 19, will be March of Dimes Coffee Day in most of the favorite spas in Hereford. Almost all of the restaurants, cafes and drug stores will charge the regular price for coffee, but will be donating the proceeds to the March of Dimes drive here. On Sunday, Jan. 20, that hour-long MOD film will be shown over two Amarillo TV stations: KFDA - TV, will run it at

5:30 p. m. and KQNC - TV at 11 p. m.

This is the big weekend, so far as a lot of 4-H Club and Future Farmer members are concerned. They will see the work they've done for the past six months compared with that done by others. Some will be elated with the judging results, while others will be sorely disappointed. But all will learn something from the 17th Junior Livestock Show here. We have a lot of respect for the Rotary Club members and the Young Farmers for the work they do on the job. Of course, it is traditional that this will be one of the coldest weekends of the year.

You should plan to go to the Livestock Show. The competition will be hot. Even if the weather's not!

JUPITER AND SATURN are seen through the huge eye of Fred Mercer's 12 1/2-inch reflector telescope. Mercer, a science instructor at Stanton Junior High, recently completed a back yard observatory in which to pursue his hobby of astronomy. (Stoff Photo)

### Mercer...

(Continued from page 1)  
tenburgh in Springfield, Ohio. During the eight weeks he was there, he studied both astronomy and geology.

He comments that he took the courses in order that he could be better prepared to teach his eighth and ninth grade science courses at Stanton Junior High.

"After that, astronomy sort of 'grew on me,'" Mercer quipped. "It became a sort of challenge, since it is a science in which all of the answers are not known. I guess you would call it my hobby."

"Of course, like everyone else, I cannot spend as much time with my hobby as I would like... I still have to make a living."

The science instructor purchased his telescope a year ago. Before getting it settled in his observatory, he had to lug it out to his driveway or back yard when he wanted to use it. Assembling the 275-pound scope took some doing, and for this reason his astronomy studies often suffered.

But now his scope will always be assembled for use. He plans to begin to photograph many of the objects in outer space, such as the moon, the sun, stars, planets, galaxies, and comets.

At the present time he and his wife are "in the experimental stages" of their photography, still testing to see which film, camera, and exposure provide the best results.

Later Mercer plans a systematic photographic study of the planets and other objects in outer space.

scope with my eyes," Mercer commented. "This is because the camera has the ability to store up light and therefore to separate more detail than does the eye."

"I hope to use my photographs later as references while teaching," he added.

"However, I do not yet have all the equipment I need for making suitable pictures."

"I have passed the stage where it is satisfaction simply to 'look' at the stars through the scope. I now want to 'study' them, photograph them, and view them on a planned basis," he explained.

Sometime Mercer plans to join an amateur astronomers' club, although the nearest one has its headquarters in Amarillo. He admits that he knows of few people in the immediate area who share his interest in astronomy.

Concerning his past experiences in viewing outer space, Mercer states that he has viewed all of the planets except Pluto, many star clusters and distant galaxies, comets, the moon, the sun, and other objects.

"With my telescope I am able to make out fair surface detail on Mars and Jupiter, and spot many stars and objects which are not visible to the naked eye."

"With the telescope, the image of objects are magnified an average of some 750 times. On nights when conditions are right, the image may be magnified as much as 1100 times."

"Through the use of a 12 1/2-inch mirror, the telescope is able to gather 2500 times more light than the human eye. This is the most important part of the scope."

"But magnification is not the most important quality of a telescope," Mercer points out. "Telescopes have two other important factors."

### Hereford...

(Continued from page 1)  
Perryton at Dumas.

Feb. 1 - Levelland at Phillips, Dumas at Littlefield and Hereford at Perryton.

Feb. 5 - Dumas at Levelland, Phillips at Perryton and Littlefield at Hereford.

Feb. 8 - Perryton at Levelland, Hereford at Dumas and Littlefield at Phillips.

Feb. 12 - Levelland at Hereford and Phillips at Dumas.

Feb. 15 - Hereford at Phillips and Perryton at Littlefield.

As in the past, in the event of a tie for the district championship, the champion would be determined by a single game play-off. This would be played on a neutral court to be selected by the teams involved.

"First of all is the light grasping quality. Through the use of a 12 1/2-inch reflector, the scope gathers 2500 times more light than does the human eye. This makes it possible to detect thousands of stars which cannot be seen by the eye."

"Resolution, or the ability to separate and show contrast between objects in the sky, is also very important."

"I guess I have about \$1200 tied up in this telescope, plus the money it cost to build the building for it. But it is something which deeply interests me."

"I guess the thing that has kept my interest in astronomy, more than any other science," Mercer stated, "is the fact that no one knows all of the answers about astronomy and there is always something new to see."

# Exchange Students Tell Views

## Hergert Describes Germany, Opinion Of United States

One of Hereford High School's exchange students for the school year 1962-63 is Frank Hergert from Nuremberg, Germany.

This is Frank's story as he told it: "I was born Feb. 27, 1945, in Dresden, East Germany. In May of 1948, my parents and I fled to West Germany. My mother is an editor, and my father is a government official of Bavaria.

There are six members in my family. I am the youngest of four children. I have three

married sisters, two of which live in the United States.

Before I came to the United States, I had five years of grade school and six of high school. Since we have nine years of high school, I will have two more when I go back.

After finishing high school, I want to go to the University either in Munich or in Heidelberg and study medicine and social psychology.

I have six subjects this year in school: English, American history, government, and Spanish and mixed choir. In Germany, a student has 14 subjects each year.

Besides German, I studied and will study four foreign languages: English six years, French four years, Latin one year, and Spanish here for the first year.

I have been in many European countries including France and Italy. In the U. S., I have been in New York, Washington, D. C., North Carolina, Georgia, and Texas.

The most unusual experiences are trouble with the language and the different money. I have made several friends in each country in which I have traveled and I frequently write to them. People in general are alike everywhere, and the little differences make them interesting.

The place I like best of all the places I have traveled is Washington, D. C., which I regard as the cleanest and best.

(Continued on page 2)

AN EVENING AT HOME with her American family finds Heather Gordon enjoying herself with Carolyn Aven, left, and Mr. and Mrs. Leroy Aven. Miss Gordon is an American Field Service exchange student from Johannesburg, South Africa. After spending a full semester in school here, she declares, "I Love It!" (Brand Staff Photo)

## Miss Heather Gordon Is African Exchange Student

By Beverly Barrett & Whiteface Reporter

A young lady from South Africa is an exchange student at Hereford High School this year. She didn't bring a pet leopard as might be expected, but she did bring a vivacious personality with her to the United States.

Heather Gordon is from Johannesburg, South Africa, and was born in 1944. Her family consists of her parents, Mr. and Mrs. Barney Gordon, and her two younger brothers, Andy, 14, and Russell, 10.

She went to grade school and high school in Johannesburg, and to the University for Foreigners in Perugia, Italy.

In her home in South Africa there are but few differences from homes in the United States. One major difference is that they don't have television. She says that she is sorry for that, because she really enjoys television here.

Another difference is that she has servants in her home. There is one who does the cooking, one who cleans the floors and windows, two who work in the garden, and one who comes once a week to do the washing and ironing.

Subjects that Heather has studied are English, Afrikaans (Second official language in Africa), French, Latin, Italian, math, biology, art, history, and geography. She speaks four different languages quite fluently.

Various places Heather has visited during her travels are South America, England, Holland, Belgium, France, Switzerland, Germany, Greece, and Israel.

What she liked in these coun-

tries most was meeting different people, observing different customs, and realizing that people all over the world are much the same in many respects.

Her favorite country by far is Italy because of the people, food, clothes, customs, and language.

Heather has visited the United States twice before coming as an exchange student. She has been to New Orleans, Los Angeles, San Francisco, and New York.

She came to the United States with 60 other South African students. They flew to Frankfurt, Germany, and were joined by the American Field Service students. They then flew to New York and Heather came to Amarillo and to Hereford on August 5, 1962, where she was met by her American parents, Mr. and Mrs. Leroy Aven and her sister, Carolyn.

Before coming to Texas, people from South Africa told her to beware of Indians, and to look for an oil millionaire's party (which incidentally, she hasn't found yet). She said that it was a very thrilling experience to be coming over to the United States for a year's study.

Questions commonly presented to Heather in the United States are "How can you possibly come from South Africa if your skin is white?" and "How do you like living in a jungle, Heather?"

When Heather and her American parents made a visit to Hart, Tex., a small child asked her what religion she was, Baptist or Methodist? When she replied that she was Jewish the small girl retorted, "No, what

are you in English, not Afrikaans?"

Two things in America fascinate Heather to a great extent. These are supermarkets and cafeterias. She chose these places of business because they have self-service. She explained, "In South Africa, we have to go to a different place to get each product needed, while in America it is all in one big store." She says that she really likes it that way because it saves a lot of time and energy.

"The accent here is very strange, I find it almost 'cockney,'" says Heather when she was asked how she liked the Texan accent. She also says that she likes the rolling plains but preferred the mountainous country.

Heather says the music is very interesting here. At home they get many kinds of music, but she prefers Italian music and likes progressive jazz very much.

After a semester of going to school at Hereford High School, Heather states "For me this has been the most wonderful experience of my life. I will always be grateful to the American Field Service and to the people of Hereford, whom I shall never forget."

**LAW DEGREE CANDIDATE**  
Verne Eldon Powell, son of Mr. and Mrs. V. D. Powell, 100 Elm, is a candidate for a bachelor of law degree from the University of Texas. Graduation exercises for the Law School at the state university will be held Jan. 26.

## Hoof Prints

By David Stevens  
Whiteface Sports Editor

The Whitefaces rode into a tie for the district lead last Saturday by defeating the Perryton Rangers 49-37.

This was not the biggest news in the loop race, however, as the Rangers pulled off what may be the upset of the year on Saturday, Jan. 5, when they slipped past Dumas by the score of 41-46.

The game between Hereford and Perryton was postponed for one day because of the bad weather.

The Herd, led by Austin Hedges, with 14 points and Dwight McCre with 13 points, got off to a slow start as the Rangers jumped to a 4-0 lead, but the Whitefaces scored nine straight points to take a 9-4 lead, and the Whitefaces led 13-4 after the first quarter.

The Herd moved to a 20-11 lead before the Rangers got hot and closed the margin to 26-22 at the half.

The Whitefaces held a 37-28 lead at the end of the third quarter and kept a firm grip on this lead throughout the fourth period to win 49-37.

Ronnie Welty, playing his first varsity game since becoming eligible under the transfer rule, scored eight points.

In the B-team game the Whitefaces lost their first district game since 1961 as they were defeated by the Perryton Duponts, 54-41.

The Herd could not find the basket throughout the game and the Rangers could not miss. The Whitefaces were led by Charley Moreno who scored 14 points.

Friday night the Herd will meet the Littlefield Wildcats in Littlefield. The Wildcats, usually the district doormats, won their first district game in five years when they beat Lovelland in their district opener. It was also the first time they had beat the Lobos in nine years.

The Whitefaces share the district lead with Phillips as the Blackhaws also have a 1-0 district record. Dumas, Littlefield, and Perryton have 1-1 records and Lovelland has yet to win a game in two starts.

Tuesday night Hereford will play Lovelland in Loboland.

## Artistic Objects Created With Aid Of Mosaic Tile

Mrs. Chisholm's art classes at Hereford High School are now studying the use of mosaic tile, a surface decoration made by fitting small pieces of glass, and tile together to form a pattern or design.

Most students thoroughly en-

joy this craft and find that, though it requires a certain amount of care and patience, it is not difficult.

Mrs. Chisholm began using tile in her classes five years ago; however, mosaic itself dates back many centuries. The name "mosaic" comes from a Greek word which refers to the muses - goddesses of the fine arts. Today it is manufactured in Italy, although some Mexican and Japanese tile is used.

Mosaic tile is not expensive. The cost varies according to the kind of tile and its color. Most colors cost about \$1.10 to \$1.50 per square foot; red, or-

ange, and gold are higher in price. The majority of this tile is available in squares of about 3/4 inch, while porcelain tile is 3/8 inch square. Odd shapes such as leaves, stars, and hearts are also available.

This craft is becoming more widely used as time progresses. Mosaic tile is even used architecturally to cover walls. Decoratively, it can be used in homes and business establishments.

Mosaic is definitely a craft. It is used as a medium for art students because it teaches that mechanical precision is not necessary for good art.

In class, students make mosaic table tops, trays, jewelry boxes, ash trays, wall plaques, and flower pots. A table top which was made by the art class is now in the superintendent's office. At the present time a wall plaque is being completed for the new teachers' lounge.

"Our classes," comments art teacher Mrs. Chisholm, "use mosaic tile as a medium for completing a design project. For that reason, students may not simply glue the tile down in sheets. Neither may they trace or copy a design.

"Students are graded first on their design for the mosaic project and are then given a less important grade for the craft technique."

## Student Phone Books Released

"The Student Directories are here" was the cry of HHS students as members of the Student Council returned to their homerooms after their regular meeting, Tuesday, Jan. 8.

The Directory is a paper-back book listing the names of all students in HHS, along with their classification, addresses, and phone numbers. The Directory also has the school song, the fight song, and tells the

(Continued on page 2)

## Counselor Helps Students Plan For Education

Robert Thompson, counselor at HHS, has helped many of the seniors to decide on the colleges they wish to attend and has helped them find out many of the facts about the schools they are considering.

Recently he asked the seniors to state the college of their choice on a form that he passed around to each home room. He then wrote to the schools and asked them to send catalogues to the students who were interested in that particular school. These results should be received by students shortly.

The most popular schools were West Texas State College at Canyon and Texas Tech at Lubbock, with 13 seniors who expressed these as their choice. Next were North Texas State University at Denton and The University of Texas at Austin, with eight students interested in each of these.

The schools will send information about prices, living quarters, courses they offer, and scholarships that are available.

## Girls Arrange Special Dinner

For the past several years, Homemaking III girls have had a dinner and invited special guests. This year, as in the past, the girls invited members of the school board, superintendent of schools Paul Stevens, and assistant superintendent Kendall Williams.

After several weeks of planning and arranging the menu, color scheme, and other arrangements for the dinner, the affair was scheduled held Jan. 8 in the homemaking dining room at high school.

Guests and homemaking girls who attended were Dr. L. B. Barnett, Tom Robinson, Labry Ballard, Olen Parris, Bill Gentry, B. F. Cain, Kendall Williams, Mrs. Margaret Durham, Ann Gentry, Doris Andrews, Margaret Frerich, Kathryn

(Continued on page 2)

AMONG THE FIRST to buy their student directories were Wanda Holt, left, and Anna Evans. Student Council member Arvall Williams was one of the many councilmen busy

selling the new directories during homeroom periods Wednesday.

(Brand Staff Photo)

## Organizations Make Plans

Key Club had its monthly dinner at the Community Center on Monday, Jan. 7. President Dick Combs presided over the discussion of the March of Dimes Campaign. It was agreed that the club would participate in the campaign actively.

The possibility of offering a candidate for Lieutenant Governor for this area to go to the Texas - Oklahoma Convention at San Antonio in April was also discussed. No action was

taken, however.

The Future Homemakers of America met in the Hereford High School Auditorium Jan. 7, 1963 to hold its regular night meeting.

Royce Ann Gilliland read to the club a letter of appreciation for Christmas cards sent to the Denton State School.

Plans were made for a chili supper to be held Sat., Jan. 26, from 5:30 to 8 p. m. at the

Junior - Senior Cafeteria. Adult tickets will sell for \$1.00 each and children's for 50 cents. All are cordially invited to come and eat chili. The proceeds will be used for the American Field Service program and FHA expenses.

Tri-H-Y members met in the library to be measured for their sweaters. The sweaters are to be white with the Tri-H-Y insignia and an "H" on the pocket.

## School Calendar Set For Semester

Following is the school calendar for the second semester as released by the high school principal's office:

- |             |                          |
|-------------|--------------------------|
| Jan. 15     | Southern Assembly        |
| Jan. 17-19  | Livestock Show           |
| Jan. 18     | Hereford at Littlefield  |
| Jan. 22     | Hereford at Lovelland    |
| Jan. 25     | Dumas at Hereford        |
| Jan. 26     | F. H. A. Chili Supper    |
| Jan. 29     | Phillips at Hereford     |
| Feb. 1      | Hereford at Perryton     |
| Feb. 5      | Littlefield at Hereford  |
| Feb. 6      | Southern Assembly        |
| Feb. 8      | Hereford at Dumas        |
| Feb. 12     | Lovelland at Hereford    |
| Feb. 15     | Hereford at Phillips     |
| March 1     | End of fourth six weeks  |
| March 8     | School out for TSTA Meet |
| April 11    | End fifth six weeks      |
| April 12-15 | Easter Holidays          |
| May 29      | End of sixth six weeks   |

Section Two

# 1962 Is Record Year For County Hospital

A report to the Commissioners Court shows that 1962 was a good year for the Deaf Smith County Hospital. Both from a service standpoint and from the financial point, the year established some new records and set a new standard for the hospital.

The following is taken from the official report to the County Commission:

"Your Board of Managers of the Deaf Smith County Hospital is pleased to submit this report on the activities and management of the hospital for the year of 1962.

"This report will include a condensed balance sheet and operating statement together with certain other information relative to our operations. As a separate item we are submitting

detailed financial statements and a list of accounts receivable which we deem to be either charity or bad accounts that we have been unable to collect.

"The year of 1962 was a good one for our hospital. New records were established in the total number of patients cared for, the number of babies born and net income for the hospital. A total of 16,238 patients were admitted to our hospital for a total of 16,238 patient days. An additional 1,654 people received treatment in our emergency room and our patient department, making a total of 4668 patients treated. A total of 436 babies were born in our hospital, surpassing the previous of 404 which was established in 1959.

"Our doctors performed a total of 499 surgical procedures in our operating rooms. 1962 saw the graduation after a full year of hard work and study, of our first class of vocational nurses. Nine students out of a starting class of twelve survived the course and graduated with honors. Our school received state approval and accreditation so our graduates are now eligible to take the State Board examinations and, on passing those examinations, receive licenses as vocational nurses. We will start our second class on January 18, of this year.

"In the Spring of 1962, we were surveyed by a representative of the Joint Commission on Accreditation of Hospitals. After the survey we were notified that we rated re-accreditation for a period of three years — the maximum time.

"During 1962, we completed, with your assistance, our new administrative and emergency wing. Our old emergency room was remodeled into a second operating room and a waiting room was provided for families and friends of surgery patients. New parking facilities were provided for visitors. A start was made on our new psychiatric unit, which unit will be completed soon. The total cost of this addition including building, equipment, paving and remodeling to date totals \$73,835.06, of which amount your body furnished a total of \$34,271.32. The balance, \$39,563.74, was paid from hospital revenue saved over a period of time.

"At the end of 1962, our staff consisted of more trained, graduate nurses than at any time in its history. This means that we are now better able to take care of our patients than at any time in the past. Our nurses are also public-spirited and are always among the first to volunteer for any kind of community service they are capable

of doing. For example, at all of our Shrine Clinics, a large part of the working staff has been hospital nurses and employees. Our nurses volunteered their time for the recent Sabia Polio Drive — all without pay or remuneration of any kind. On those holidays, such as Christmas, New Year's Day, Thanksgiving and other days when our doctor offices are closed, our nurses staff the emergency room and outpatient department so that our citizens may receive medical help. We feel this is the spirit of all of our personnel.

"We invite your close inspection of the operating statements which we have enclosed. We would like to call to your attention the fact that during 1962, the net worth of our hospital reached and exceeded the sum of \$700,000 — to be exact, \$711,239.23. Of this amount, since the beginning of the hospital in 1924, the taxpayers of our county have contributed, through bond issues, time warrants and other tax measures, less than one-half of this total. Our records indicate that a total of \$314,271.32 has been spent on the hospital through bond issues. The balance of \$396,967.91 has come from hospital revenue, from donations and gifts and from the Jim Hill Estate.

"You will notice that our cash income exceeded our expenses for the year by the sum of 30 155.94, which amount has been re-invested in our hospital.

## Phone...

(Continued from page 1) school colors.

The directories were sponsored by the Student Council and were sold for 50 cents.

The Council is always looking for ways to boost school spirit. It was agreed that the best way to get better attendance at the ballgames was through competition.

During the coming conference games, a percentage of the students from the separate classes will be taken and the class with the largest percentage will win a prize or trophy. After the first five conference games the class which has held the trophy most will be presented permanent possession of it.

## Girls...

(Continued from page 1) Flood, Becky Jackson, Kathryn Burrus, Louise Axe, Jo Anne Carlson, Janis Higgins, Linda Martin, Jimmie Davis, and Anna Evans.

While making a profit is not our chief goal, it is our feeling that to do so benefits the hospital and the county taxpayers as a whole in that we do not have to call on them for help.

## Hergert...

(Continued from page 1) planned city I have ever seen. I would like to go back there and stay a while. But the place in which I would most like to live in the U. S. is Hereford. It is the friendliest town. I live with wonderful people and I am a great American brother.

I reside at 321 Star Street with Mr. and Mrs. Elmer Kimball, Sharon and Larry Hill, and Lee Kimball. Sharon and Lee are not home all the time now since Sharon is in college and Lee is in the service. I am grateful to the Kimballs for keeping me this year. It is as if I am a member of the family.

Before coming to the U. S. through the American Field Service Exchange Program, I made a proposal to be a student in November, 1961. A month later I received the other application. I filled the papers out and had to undergo many other written tests at home and send them in.

Then several dozen students were selected for the final test. Two or three, I am not sure, were selected from the northern part of Bavaria around Nuremberg. Then I did not hear anything until two weeks before I left. They told me to go to get my things. About four days before I left I learned the address here, but not before.

The trip to the U. S. was very exciting. On board were 128 students from Germany. We had a lot of fun, ate, sang, and talked all the time. From Frankfurt, Germany, to Dublin, Ireland to New York, it took us about two days and 19 hours.

New York was very exciting, especially Greenwich Village. Then I went to North Carolina to visit with two of my sisters. From there I flew over Atlanta, Birmingham, Jackson, and Dallas to Amarillo, where the Kimballs met me.

I expected America to be a little different, as I have seen many American movies, but they gave the wrong picture of this country. Especially, the youth are not so crazy and best-nik-like as they were shown in the movies.

I expected the young people to all smoke and drink, but they are in these ways and others better mannered than the youth of Europe, where smoking and drinking is wide-spread among students.

I think of the U. S. as the country with the very best opportunities of anywhere, and I love it. I wish many more could come over here and learn about this country and take ideas home.

People often ask me about Berlin, East Germany, if we have a free country, and so on. They usually have the right attitude about Berlin. East German people are not communist, but Russia has put up a communist and despotic government there, which is without support of the German people. I come from a free country as this one, with a standard as high as the U. S. and with a strong economy.

The thing I like best about the United States is how liberal and self-confident the responsibility the youth are

growing up with. They take part in the community life and are real democrats. They already have big responsibility in the schools which prepare them for the future.

Fascinating is the social life in which the boys and girls are on their own. The many cars and the fact that students drive are strange to me, as well as the country in general. It is so huge. Texas itself is more than twice as big as Germany. Life here is so friendly to everyone. There is a better community life. Life here is very informal and I like that very much, since I come from a very formal land — especially in my family, formalities are very important.

Dating life is very different. You have a real dating system! It is different in Europe. Here, you ask a girl, and only if she is not going steady and does not have a date on that day will she agree. In Germany many girls will say they will not go. Their parents often do not let them date until they are about 17 or 18.

Then if there is a party, very often girls even ask boys, especially if they have dated before. They often ask them to go to the show with them. That is because they feel very free on dates, because the boys and girls usually pay separately.

The living habits I might say are not much the same. The father is the head of the family. What he says is to be done. The children do not dare say anything against the desires of their parents. I cannot remember ever having argued with my parents.

I do not ever say anything, especially not with my dad for I know he wants the best for me and he is always right. Family life is close. The weekend belongs to the family, not to the individual. You undertake things on the week end only with the whole family. For many, dates are only during the week.

Germany is in the heart of the European continent in every way. West Germany has a size of more than 92,000 square miles which is not usual. East Germany is about 44,780 square miles, and the territories under Polish control about 41,000 square miles. That means that Germany is not large.

We have a democratic government under a constitution, called basic law, with the separation of executive, legislative, and judicial powers as in the U. S.

I leave Hereford after graduation and take a three weeks bus trip through the states to see more about other parts, and then I will see President Kennedy. Other exchange students and I leave from New York the end of June and head for home.

Have You Read The Classifieds?

is our aim to so govern and manage the affairs of the hospital and to plan with enough intelligence so that our people may always have the medical care they deserve.

"Sincerely yours,  
"Board of Managers of the Deaf Smith County Hospital.

"Carl S. Perrin, president; J. T. Gilbreath, Jr., vice president; Ed Loerwald, secretary; Wayne E. Thomas, Dr. A. T. Mims, Ira Scott."

The condensed balance sheet

shows that the total charges for services was \$328,971.98, with \$35,319.95 written off as charity and bad accounts. Other income included \$5,804.76 on income from taxes for maintenance; \$1,199.25 from gifts and \$1,878.94 collected on bad accounts.

Expenses included \$158,930.76 for payroll, which is 58 per cent of the total expense; \$8,667.94 for maintenance of buildings and equipment; and \$104,580.30 for other expenses, including drugs, groceries and supplies.

The report was prepared by T. E. Seigler, hospital manager. He also reported that the board, in a meeting last week, re-elected the same officers as had served during 1962.

## 1963 RAMBLER WINS "CAR OF THE YEAR" AWARD

from Motor Trend Magazine

Each year the automobile industry eagerly awaits the selection of one car as "Car of the Year" by Motor Trend's impartial experts. For 1963, this most-wanted, hardest-to-get honor goes to Rambler... for outstanding design achievement and engineering leadership. Read why Rambler won this prized award over all other cars.

Here are some of the experts' reasons:

"New styling is based on lean, clean lines that are apparent from almost any angle."

"Motor Trend's Cars of the Year prove their mettle in actual testing, confirm their engineering excellence, reliability, sturdiness and performance."

"Quality has always been one of American Motors' largest selling points."

"In unitized bodies, which American Motors pioneered, this latest design represents a real advancement... biggest single reason we chose Rambler Car of the Year."

"This new construction method results in a unit so strong it'll take punishment longer and naturally hold its resale value."

"The interiors of both the Classic and Ambassador are roomy and comfortable... offer plenty of legroom."

"A good safety device. Self-adjusting brakes and dual master cylinders... if one system fails, the other brings the car to a safe stop."

"Trunk is large. Low loading lip makes it simple to load."

"Our Classic... with the rugged, ohv-in-line Six... gave a high of 28.7 mpg highway cruising... mixed city and freeway gave 23.4."

"A sportier, more performance-oriented vehicle, the Ambassador V-8 should satisfy the wants of the Rambler buyer who favors performance."

"There isn't any pitch or choppiness noticeable even on rough roads."

"Summing up... it looks like the new Rambler will be an even better buy than it has been in previous years."

Why don't you look at the 1963 Rambler? Best-selling Rambler ever built!

**By Melvin Young**  
A friend of ours recently suggested that since we didn't seem to have anything better to write about in this column, we might try the weather. But not having a reputation as a weather prophet, we had decided to stay away from the subject entirely. However, the recent blowing snow and sub-zero temperatures did bring to mind the severe blizzard of 1957 which resulted in considerable loss of livestock throughout the mid-west. At the Young ranch (and we're speaking of the monstrous back yard) the only livestock that we had to worry about was one lone chicken that the Easter Bunny had so thoughtfully left for the children the previous spring. And, after power was restored to our end of town and we managed to get the house warm again, we decided that perhaps we should check on the old hen to see if she had survived the night in her makeshift house. Needless to say, she was half frozen and all that we could see protruding from under the snow was her head. Of course, nothing would do except to bring the poor old critter into the kitchen to be thawed - out and dried - out. Many hours, and many battles later, we managed to move the hen back out to the chicken pen and reclaim the kitchen for us humans. However, neither the chicken, nor the kitchen, were ever the same again.

— HB —  
Meanwhile, we're not the only people having troubles with the weather. Phoenix, in Arizona's famed Valley of the Sun, reported 26 degree temperatures; and the thermometer at Red River, N. M., dropped to a frigid 45 below. In spite of the severe cold however, we apparently are not having the livestock problems that occurred during the big blow of '57, and of course we're thankful for that. The big problem here seemed to have been with battery failures, and most local service stations report a booming bus-

ness Saturday and Sunday getting people's automobiles running again. We'll bet Hereford set some kind of a record in percentage of sales for batteries and anti-freeze.  
— HB —  
Another problem that always rears its ugly head during these cold waves is fire. Not only have we been plagued with home fires in the green spread (not necessarily in Hereford) but many people have suffered severe second and third degree burns when their clothing caught fire; apparently the cause being due to carelessness coupled with the use of open flame heating systems. There have also been a number of deaths reported over the area due to suffocation; again, the cause appears to be from open flame and non-vented heating systems.

— HB —  
Jim Roberts is probably the luckiest man in Hereford; or else the smartest, and we'd rather go along with the "lucky" theory. But nevertheless, Jim has again won a sales contest and an all-expense paid trip to Nassau in the Bahamas. So, while the rest of us miserable peasants shiver and shake, Jim and Betty will be basking in the tropical sun and probably swimming in the Caribbean. The Roberts' leave today by jet liner.

— HB —  
Speaking of jet liners reminds me of the story about the old boy who boarded a jet at Los Angeles, and before he could unfasten his safety belt, the pilot's voice boomed over the intercom informing the passengers that they could see Phoenix on the left, Tucson on the right and to please fasten your safety belts, we're about to land in El Paso. That's almost as fast as the Greyhound Bus that leaves Hereford at 6 p. m. and reaches Clovis at 6 p. m. I don't want to ride that dog, but I sure would like to watch it "dig-out."  
— HB —  
Don't forget to visit the

**Campfire Girls' Concession** stand this weekend at the Junior Livestock show. The coffee is always hot and those pies are out of this world.  
— HB —  
Needless to say, Slim Wester is Hereford's most avowed fisherman and hunter; and, as is the case with so many fishermen, he sometimes stretches the truth when telling a story. However, Slim swears that this story is true. According to Slim, a friend of his who is a trapper up north, had one of the smartest dogs ever seen in that neck of the woods. Most trappers, after skinning their catch, usually stretched the hides over a board to dry, but Slim's friend had a system all his own. His method was to put his stretching board outside the door, and his trusty dog would take off for the wilds and bring back the right size game to fit the board. Apparently, all went well until the day the trapper got careless and set the ironing board outside the door . . . at which time, the good ol' dog took off for the woods and has never been seen again. Now

**SPEND WEEKEND IN RED RIVER**  
Mr. and Mrs. J. P. Jones and family, Mr. and Mrs. George Jones and family, Mr. and Mrs. Joe Benson and family from Dimmitt, and Mr. and Mrs. Charlie Hill and family all spent the past weekend in Red River N. M., skiing.

**SISTER-IN-LAW DIES**  
Mrs. Eloise Stadler of Carlsbad, N. M., sister-in-law of Mrs. Odella Hueckert of Hereford, died Monday morning, Jan. 14, in the Carlsbad hospital. Her husband preceded her in death in February, 1955. She had four children, two of which preceded her in death, and two living daughters, Mrs. Marshall Jones of Los Angeles, Cal., and Mrs. Ellis Nunley of Grants, N. M.

**ATTEND CONVENTION**  
Attending the Mid-Winter Conference of Lions District 77-1, held in Pampa Saturday, were Mr. and Mrs. O. Z. Golden, Mr. and Mrs. Glen Nelson, Mr. and Mrs. Cleo Meharg, Pat Ferguson, Harold Kida, F. W. Dool, W. O. Shelton, Mr. and Mrs. Albert Maxwell, and Mr. and Mrs. Ed Skypala. Accompanying the Lions to the convention were the two American Field Service Students at Hereford High, Heather Gordon and Frank Hergert.

Slim has some equally amazing, if somewhat unbelievable, stories about his fishing, but if we ever want the straight dope, we'll just talk to Slim's wife Stella. She enjoys fishing just as much as Slim, but has never mastered the art of deviating from the truth . . . a real asset to most fishermen.  
— HB —  
The annual Chamber of Com-

**MAYNARD BUCK OWNER**

# FARM SALE

**FRIDAY, JANUARY 18, 1963 — SALE TIME: 10:30 A. M.**  
**LOCATED: 8 Miles West of Hereford, Texas, to Summerfield then 6 Miles South of Summerfield on Farm Road 1057, then 1/2 Mile South on dirt road or 6 Miles North of Dimmitt, Texas on Hereford Highway to Farm Road 1057 then 10 Miles West and 1/2 Mile South. LUNCH WILL BE SERVED.**  
**I have rented my land and will sell the following at Public Auction:**

- TRACTORS—**  
1—1961 Massey Ferguson 35 Deluxe, 400 hours  
1—1961 M5 Moline, Power Adj. Wheels, Power Steering, Butane, wide front end, real good, 1100 hours.  
1—1960 - G6 Moline, Power Steering, good rubber, 1250 hours. It is good.  
1—1958 model GB Moline, Butane, Hydraulic, good rubber, good condition.  
1—1956 I.H.C. 400, Butane, fast hitch, wide front.
- FARM MACHINERY—**  
1—4-Row I.H.C. Cultivator for 400 or later  
1—4-Row I.H.C. Planter, late model, fast hitch  
1—4-Row M&M Planter.  
1—5-Row I.H.C. Tool Bar, Fast Hitch, Gauge Wheels with 5 Tool Bar Shanks  
1—4-Row Double Tool Bar Dempster Planter. This is like new, Individual Drive Units, 3 point  
2—15 ft. Heomes  
1—17 ft. Krause One Way for repairs  
1—13' - 6" Krause Tandem on Carrier Wheels, Scalloped Disc in front  
2—10 ft. M&M Oneways  
1—15 ft. Arkvalley One Way, rubber, real good.  
1—17 ft. Krause One way, rubber, good  
2—21 ft. John Deere Single Disc  
1—New Hi Clearance Olive 4 - 16" Mouldboard. This is an extra good Plow, like new.  
1—3 or 4-16" I.H.C. Mouldboard, rubber  
1—4-Row Steel Sled, 3 point  
1—4-Row Crustmaster, 3 point  
1—Corsicana Blade Ditcher  
1—4-Row Stalk Cutter  
1—4-Row Caldwell Cotton Packer
- 1—Hancock Land Plane, real good  
1—4-Row M&M Cultivator  
1—I.H.C. Mower on rubber, Tongue Hitch  
1—Myers V Ditcher on rubber  
1—3 Point, rear end Scoop  
1—4-Row Dearborn rear end Cultivator, 3 point  
1—4-Section Ferguson Folding Harrow, 3 point  
1—4-Section Gang Rotary Hoe, good  
1—2-Row Bush-Hor Rotary Stalk Shredder  
1—Corsicana 2-row Shredder  
2—4-Disc M&M Breaking Plows  
2—4-Row John Deere Rod Weeder  
1—5 ft. J. D. Rotary Fresno  
1—Heavy duty 3-Section Harrow  
2—16-10 I.H.C. low wheel Grain Drills  
2—16-10 I.H.C. hi wheel Grain Drills
- LIVESTOCK EQUIPMENT—**  
1—New Steel Windmill Tower, never been put together  
1—8 ft. Aermotor Windmill and Steel Tower, almost new  
—Extra large lot of real good barb wire  
700—New Cedar Post, 5" Tops  
100—Good Cross Ties  
1—Large lot of Electric Fence Post  
1—4000 Gal. Steel Water Tank, good, upright  
1—Continental Power Post Hole Digger  
1—Bronc Saddle  
1—50 ft. Endless Belt  
2—I.H.C. Pump Jacks, water cooled motors  
1—New Cattle Sprayer
- MISC. EQUIPMENT—**  
1—I.H.C. 3 point Adapter  
1—M&M Hydraulic Cylinder  
1—5 hp. Briggs & Stratton Gasoline Motor
- 1—Yale spur geared chain hoist  
1—Big hoist rack, made with 4" Pipe  
1—Lot of 2", 2 1/2", 3" and 4" pipe  
1—Lot of good 3/4" Cable  
2—Chain Tongs  
1—Ford Jack  
2—Tires for Hi Wheel Grain Drill  
3—John Deere Frogs and Sweeps  
1—Big Snatch Block  
2—Electric Motors, 1/2 hp and 3/4 hp.  
1—Hand Sprayer  
2—Tractor Guides  
1—10" I.H.C. Hammer Mill  
1—4-Row Automatic Marker  
6—M&M Rear Wheel Weights  
3—I.H.C. Front Wheel Weights  
5—I.H.C. Rear Wheel Weights  
4—I.H.C. W9 Rear Wheel Weights  
1—Lot of Sweeps, Chisels, Points  
1—Tandem Hitch for Grain Drills  
2—Hoeme Plows for repairs  
1—Cement Mixer, Gasoline Motor  
1—21 ft. Grain Auger on Wheels  
1—16 ft. Steel Trailer Bed, needs floor  
1—Lot new Canvas air conditioner Covers  
3—Electric Motors, 5 hp, 1 1/2 hp. and 3/4 hp.  
1—Elec. Welder 70-400 Amp. Its good  
3—Drill Presses and Drills  
1—Heavy duty Battery Charger  
1—Large lot of Irrigation Tubes  
1—Large lot of new Carpet, all kinds. Here is the place to fix those floors.
- TRUCK AND BOAT**  
1—1947 1 1/2 ton I.H.C. Truck, 14 ft. Grain Bed  
1—1947 2 ton, 2 speed Ford Truck, 16 ft. Grain Bed  
1—1953 G.M.C. Cab Over Truck, no bed  
1—14 ft. Boat and Trailer

## MORE POWER... to our FFA & 4-H Boys & Girls

We remind everyone of the good you can do for our fine, Young 4-H and FFA Boys and Girls . . . by attending and supporting their JUNIOR LIVESTOCK SHOW on January 17, 18 and 19. Let's all turn out and give them the support they truly deserve! SEE YOU THERE!

YES . . . more power to you! . . . and you know you've got it when you step up on a new CASE Tractor . . . with POWER to spare!

Young and old, alike, are finding out — The new CASE Tractor is the biggest advance in farm power — built to stand years of rugged, abusive work!

COME BY AND VISIT WITH US!

 Sunday School is at 10 a.m. every Sunday and Preaching is at 11 a.m. and 7 p.m. All Day Singing each Fifth Sunday.

## Americanism

Liberty, as proclaimed by law and constitutions, can never have full meaning without the added ingredients of Fraternity and Brotherhood; without the spirit of friendliness and unselfishness... *love for one's fellows.* Those powerful qualifying attributes help spell out what Americanism is.

When one sees a family unit, parents and children, with Bibles in hand, attending church to worship as they please... *then one is witnessing Liberty in its finest and most fullsome forms,* for that, too, is American. Freedom of religious worship is equally important, along with economic freedom and freedom from oppression, in America. Then worship God as you please but be sure to worship... that is Americanism.

## First Baptist Church

Rev. B. L. Davis, Pastor  
 57th and Main Streets  
 Sunday School, 9:45 a.m.; Morning Worship, 10:30 a.m.; Evening Worship, 7 p.m.; Training Union, 6:30 p.m.

### CHURCH...

#### Seventh Day Adventist

West Park Addition  
 Elder James Mead, Pastor  
 "Objective of Witnessing" is the subject for daily lesson study and class discussion, Sabbath, Jan. 19.  
 Memory Verse: John 3:16  
 Lesson Aim: To show that the objectives of witnessing are threefold — the salvation of souls, the glory of God, and the spiritual development of the witness himself. Note: The supreme purpose of Jesus in calling the Galilean fishermen (and you) is seen in the words: "Follow me and I will make you fishermen of men."  
 Lesson Outline:  
 1. Salvation of Lost Sinners. Luke 15: 3-7.  
 2. The Glory of God, Rev. 15: 2-4; Matt 6:13.  
 3. Salvation Of Our Own Souls. Ezek. 3:17-20.  
 4. A Witness to All the World. Matt. 28:18-20.  
 5. A Burden for the Erling. Ex. 32:30-32.  
 Saturday Services: Song Service, 9:30 a.m.; Sabbath School, 9:45 a.m.; Worship Service, 11 a.m.; Dorcas Meeting, All Day Each Tuesday.

#### Wesley Methodist

410 Irving  
 Rev. John Ferguson, Pastor  
 Sunday: Sunday School, 9:45-10:30 a.m.; Evening Worship, 7:30 p.m.  
 Methodist Men's Breakfast is held at 6:30 a.m. on the first Saturday of each month.  
 W.S.C.S. meets second and fourth Tuesday nights of each month.

**SAFEGWAY**

A HIGHWAY DEPARTMENT maintenance truck scrapes the hard packed snow off of West Highway 60 during mid-afternoon Friday. The powery snow, whipped by winds gusting to 35 mph, covered the main highway during the

morning and afternoon. The light snow was packed by traffic and made all streets in the city slick and hazardous as the thermometer hovered at the zero mark during the day. (Staff Photo)

**Mrs. Otis Dickey Buried Wednesday**

A Hereford resident since 1946, Mrs. Otis Dickey, 65, died about 9:20 a. m. on Monday, Jan. 14, in her home at 138 North Texas.

A native of Sentinel, Okla., Mrs. Dickey was born on Nov. 22, 1897. She was married on May 6, 1923 in Oklahoma, and moved to Texas in 1942 from Lone Wolf. They moved to Hereford from Amarillo.

She was a member of the First Baptist Church of Hereford.

Survivors include her husband, Otis, of the home. Services were held at 2 p. m. on Wednesday, Jan. 16, at the First Baptist Church in Hereford with the Rev. Howard Scott of Cleburne officiating. Interment was at Rest Lawn Cemetery under the direction of Gilliland Funeral Home.

**VISITS HERE**

Mrs. W. B. Keeton of Hollis, Okla., mother of Mrs. Glenn Boardman, is here in Hereford for an extended visit with her daughter.

**Herd Thaws Too Slowly As Perryton Takes Win**

Temperatures outside were nudging zero, and inside the Whiteface Gym Saturday night the Hereford Bees found the going almost as cool.

Hereford's B team could never quite match the Perryton Rangers during the district opener for the Herd. The visiting Rangers took home a 54-41 win as a result of braving the cold weather for the 175-mile trip here. An indication of the outside temperature came in the first quarter as the foes fought to a cool 7-7 tie in eight minutes. But the Rangers thawed out before Hereford did, and moved to a 23-17 stronghold at half time.

Charlie Moreno, a sophomore of the smaller in stature variety, proved to be a big help for the Whitefaces as he turned in his best performance of the year. Besides acting as a key man on defense, Moreno led Hereford scoring efforts with 14 points.

Other stand-outs were Frank Cain with seven, Neal Lueb with six, Joe Childers and Gary Roberson with four each, and Kenny Justice, Gary Stagner, and Jerry McCaslin with two each.

In a rather unique feat, everyone on the Perryton Ranger squad scored during the course of the game.

During the sluggish first round, Roberson and Cain con-

tributed for field goals and Moreno tossed through a pair of free shots while Justice followed with another.

Hereford found the range more often in the second quarter, but Perryton had an even better percentage as they raced to a 23-17 lead.

Moreno and Cain scored an additional four each, while Neal Lueb put through two.

Perryton placed another two points on the lead during the third quarter. The Rangers tossed in 14 while Hereford fought back with 12. Gaining marks for the Herd were Roberson, Cain, Justice, Lueb, Childers, and McCaslin.

Rangers added more insult to the injury during the final quarter, while outscoring the Herd once more. But the Whitefaces fought hard, although never taking an advantage during the game.

Moreno ripped in eight points during the final moments, including two charity tosses. Lueb got two, Stagner added a pair of one pointers, and Childers hit for two.

HEREFORD, TEXAS

AUSTIN HIGHLIGHTS

# Ordeal of 'Black Beans' Sets Terms Of Senators

By Vera Sanford  
The ordeal of the "black beans" has been repeated in the Texas Senate, although without the usual dire consequences. Texas' Constitution requires "choice by lot" every ten years to determine which members of the Senate shall begin the decennial with two year terms and which shall receive four year terms. Among those whom the fate of the "black bean" drawing decreed must run again next spring, if they are to remain more than two years in the Senate, were veterans George Moffett, Dorsey Hardeman, Charles F. Herring, Frank Owen III, Bruce A. Reagan and William T. Moore.

Other returning senators with half-term assignments were Galloway Calhoun Jr., Martin Dies Jr., Abraham Kazen Jr., David Ratliff and A. R. Schwartz.

Freshmen senators who got the two-year terms were H. Blanchard, Don Kernard, Jack Strong and J. P. Word.

Returning senators who held onto four-year terms were A. M. Alkin Jr., Mrs. Nevelle

H. Olyson, Tom Creighton, Louis Crump, Grady Hazlewood, Culp Krueger, George Parkhouse, William N. Patman, Andy Rogers and Franklin Spears.

New members drawing full terms were James S. Bates, Criss Cole, Ralph Hall, D. Roy Harrington, Walter Richter and Murray Watson.

However, there is a possibility that a constitutional amendment and new redistricting act may require election of all senators again next year.

**COIN TOSS CHOICE**  
Selection of the president pro tempore of the Texas Senate was determined by the toss of a coin.

Senator Martin Dies Jr. of Lufkin won over Senator Louis Crump of San Saba when the pair decided to flip a coin for the position, rather than to oppose each other.

Customarily, the selection is made on the basis of seniority. In this instance, Dies and Crump had equal seniority.

**HOUSE RULES FIGHT**  
Election of Speaker of the House Byron Tunnell, fourth-term representative from Tyler, took place at the opening of the 58th Legislature with only token opposition—nine votes cast for Rep. John Alaniz of San Antonio.

But the rules fight that followed Tunnell's ascension to the speaker's stand was a different story.

A group led by Rep. Bob Eckhardt of Houston sought to adopt permanent rules of the 57th Legislature as the temporary rules of the 58th—a custom that has been followed by previous sessions.

The last session operated under temporary rules until its waning days. It then adopted its amended rules as its own permanent rules. Thus if the current session had followed suit, it would have necessarily adopted the changed rules, under which no Legislature has operated since its own.

It decided not to do so, by a vote of 108 to 39.

**HOUSE COMMITTEES NAMED**  
Most members of the House of Representatives felt that House Speaker Byron Tunnell was

"very fair" in his committee assignments.

Rep. John Allen of Longview, who made the nominating speech for the new Speaker, will head the committee on state affairs; Rep. Ben Barnes of DeLeon will be in charge of hiring and firing for the House as head of the rules committee.

Other choice chairmanships include: Rep. W. S. Heatly Jr. of Paducah, Appropriations; Rep. Menton J. Murray of Harlingen, Congressional and Legislative Redistricting; Rep. James Cotten of Weatherford, Constitutional Amendments; Rep. Jerry Butler of Kenedy, Labor; and Rep. George Cook of Odessa, Oil, Gas and Mining.

**FAMILY TRADITION**

When Senator Strong took the oath of office as senator from the second district, it marked the 40th anniversary of the day his father, James G. Strong of Carthage, was first sworn in to represent the same area.

The "elder" statesman in the Strong family and his wife were witnesses to the swearing-in ceremony for their 32-year-old son.

**"HOT CHECK" BILL PROPOSED**

A bill which would help small-town merchants with the problem of bad checks has been prepared by Sen. Bruce Reagan, who wants an act authorizing justice of the peace courts to try bad check cases up to \$25.

Under the present hot-check law, a merchant must travel to a county seat to file charges in county court for a \$10 hot check. If Reagan's bill becomes law, the merchant could file a complaint in his local justice court.

Rep. George Richardson of Fort Worth is preparing a bill which would allow justices of peace to try cases involving hot checks of less than \$50. He feels that the peace court justices are closer to the people of their areas and can handle complaints quicker than district attorneys.

**INSURANCE LEGISLATION**

Sen. A. R. Schwartz hopes to find a solution to a problem made apparent by Hurricane Carla. After the record force struck the Texas coast, many homeowners had difficulty collecting for water damage because they had fled the scene and didn't know exactly how the damage occurred.

Schwartz' bill would require the State Board of Insurance to make insurance firms, instead of the homeowner, carry the burden of proof.

Another insurance bill is being drafted by Rep. Don Galden of Fort Worth who will fight for legislation to protect persons injured in automobile accidents by uninsured motorists.

His bill calls for a special state fund to pay for personal injury costs incurred in accidents with uninsured drivers. Any car owner who couldn't prove ability to pay liability when he registered his car, would have to pay \$20 into the fund.

**"BIG COLLEGE" VOTE WANTED**

Senator W. T. Moore of Bryan says he will introduce legislation requiring a vote of the people before a four-year state-supported college can be created.

**70 MPH SPEED LIMIT**

Rep. Forrest Harding of San Angelo will introduce a bill to increase the maximum speed limit on Texas' highways to 70 miles per hour.

**"OLD FOLKS" MARCH**

Texas legislators have received a petition which says old folks of the state will camp on the Capitol lawn until they get higher pensions.

The printed petition was signed by Russell Jack Ballard. He identified himself as president of the Good Citizens League of Texas, Wichita Falls.

**CHILD CONTROL**

A House committee seeking economy in state government has recommended stricter regulation over state aid for illegitimate dependent children.

The Committee on Saving Taxes adopted a sub-committee report bearing this recommendation, after argument over whether such aid encourages illegitimacy.

**PHONE RATE FIGHT ENDS**

A phone rate dispute, between the City of Weslaco and General Telephone Company of the Southwest, ended in the Texas Supreme Court. Court upheld the city's right to set local rates and the phone company's right to set rates for long distance calls within Texas.

Controversy began three years ago when General Telephone sought an injunction to keep Weslaco's city commission from setting local rates which the firm considered too low; and to keep the city from establishing intrastate call rates on the same basis as that set by the

Federal Communications Commission.

It often costs more to call someone in a city within the state than it does to call the same distance, or even farther, to someone in another state. Supreme Court upheld a decision made by the 4th Court of Civil Appeals.

**SECURITIES RECORD**

State Securities Board says Texas made significant gains as a source of public investment funds in 1962.

In its annual report to Governor Daniel, the Board said the sharp decline in the stock market was no deterrent to public investment in funds which it regulates.

During the year the board granted 695 permits for the sale in Texas of securities valued at \$375,340,707.

On the policing side of the board's activities, it reported that three applications, for permits to sell to the public securities valued at a total of \$745,000, were denied.

Report also noted that 22 applications representing \$22,417,826 were withdrawn. More than \$445,000 in fees were collected during the year.

**GOOD NEIGHBOR**

Austin attorney J. Manley Head has stepped into the role of Texas' No. 1 "good neighbor." The former legislator has been named chairman of the Texas Good Neighbor Commission.

Head served four years in the House of Representatives and in the Senate from 1936 to 1941. He is a former executive of the Texas Motor Bus Association.

**CHIROPRACTIC OFFICERS NAMED**

New officers of the State

**COMPLETES ARTILLERY COURSE**

Fort Sill, Okla. (AHTNC) — Army 2d Lt. John D. Bryant, 23, son of Mr. and Mrs. David C. Bryant, 312 Star, recently completed the eight-week field artillery officers orientation course at the Artillery and Missile Center, Fort Sill, Okla. Lieutenant Bryant was instructed in the duties and responsibilities of a newly commissioned field artillery officer. He is a 1957 graduate of Hereford High School and a 1962 graduate of West Texas State College. The lieutenant is a member of Alpha Kappa Psi and Kappa Alpha fraternities.

Board of Chiropractic Examiners have been elected.

Dr. G. M. Brassard of Beaumont was chosen as president and Dr. Walter H. Fischer of Temple has been named vice president.

**WATER STAFF**

Hydraulic engineer Lewis E. Seward has been added to the staff of the Texas Water Commission.

Chief Engineer John J. Vandertulp said that Seward will work with the water resources planning division.

**CONVICTION UPHOLD**

Brady land promoter A. R. Sheffield has lost another round

in his battle to shed his land scandal conviction.

Texas Court of Criminal Appeals has upheld his conviction on charges relating to the Texas veterans land scandals. DEFICIT AT \$55,900,000 — State Treasurer Jesse James reported the State General Revenue Fund at a \$53,300,000 deficit on Dec. 31, 1962. This figure was \$18,400,000 more than that reported in November, James said.

**DRAFT QUOTA ITS**

Texas' quota for draft boards in February calls for 173 men. Col. Morris S. Schwartz said the February call of 173 compares with a quota of 163 for January and 235 for December.

The state Selective Service Director also announced that local boards would send 1,450 men for pre-induction physical and mental examinations.

LOUIE LEGRAND resigns as Co-Op manager

# LeGrand Resigns As Coop Manager

A man who accepted the position of manager of Consumers Fuel Coop Association of Hereford "on a temporary basis" over ten years ago left the job last week.

Louie LeGrand resigned the post last month after managing the local Coop over ten years. While he was manager of the firm, it more than tripled in size.

Taking over the duties of manager on Aug. 1, 1952, LeGrand made his resignation effective Saturday, Jan. 12, 1963, but admits, "When I took the job, I only planned to stay a year or so."

LeGrand states that he is not yet sure of his plans for the future. "I'm not really retiring," he points out. Eugene Sparks was named by the Coop's Board of Directors

as acting manager to replace LeGrand. Sparks has been working at Consumers for some 17 years.

LeGrand tended his resignation in December after marking his tenth year of work at the Coop on Aug. 1, 1962. Before becoming manager at Consumers, he was a farmer in the area for some ten years. Previously, he was co-owner of a drug store from 1922 to 1943.

A long time resident of the area, he now makes his home at 239 Ave. D. He has three married children.

Commenting on leaving his "temporary" job, LeGrand stated, "I have made no definite plans yet, but I am not retiring. I am merely doing what I had in mind many years ago."

## REP. ROGERS WRITES

# Legislative Groundwork Of House Is Completed

TO THE PEOPLE OF THE 18TH DISTRICT:

The 88th Congress of the United States of America convened at 12 noon on the ninth day of January, 1963, with 433 Members present. 257 of these were Democrats and 176 were Republicans. One member, a Democrat, was absent and there is one existing vacancy due to the death of Congressman Clem Miller of California, who lost his life in a plane accident last year. Elections are in progress to fill this vacancy.

It presently appears that the division in the House of Representatives will be 258 Democrats to 176 Republicans. Should the California seat be filled by a Democrat, which is expected, the count would be 259 Democrats to 176 Republicans.

Prior to the opening of the Congress on Jan. 9, each Party held a caucus. The primary purpose of the caucus is for the purpose of nominating the candidate for Speaker of the House, selecting a majority leader, and nominating certain candidates for offices of employees of the House.

The present Speaker of the House was nominated for return to this position, which had been held for so long by a Texan, Sam Rayburn. Mr. McCormack succeeded Mr. Rayburn upon his death and has been the Speaker since. He was re-elected for the 88th Congress by a vote of 256 to 175.

The republican nominee was Mr. Charles Halleck of Indiana. The vote was along party lines. Everyone voted, except the two nominees, who voted "Present", which explains the difference between the number answering present on the first roll call, and those voting in the speaker-ship race.

The Democrats in their caucus named as majority leader the Honorable Carl Albert of Oklahoma. Mr. Albert is a man who is short in stature, but long in brains. He has often been referred to as "The Little Giant." He was a Rhodes scholar and has been looked upon by many as having one of the most brilliant minds of his generation. The Republicans chose as

their minority leader the Honorable Charles Halleck of Indiana, who was their candidate for the speakership. Had the Republicans been in the majority in the House of Representatives, Mr. Halleck would have been elected speaker.

Although there were limited fireworks in the Democratic caucus, the Republican caucus, according to the news media, produced a rebellion that unseated one of the older members and replaced him with a representative of a younger group — younger both in age and in service in the Congress.

This is very similar to the rebellion which occurred a few years back when the long-time Republican leader in the House, Joe Martin of Massachusetts, who had served as speaker, majority leader, and minority leader, was unseated and replaced by the present minority leader, Charles Halleck of Indiana.

How much bitterness will

result from these actions is difficult to tell at this time, but it is obvious that there is a bad taste in the mouths of several who were on the losing side in that fight.

Both the Democratic and the Republican Parties named their respective whips. Mr. Les Arends of Illinois was named whip for the Republican Party, and Mr. Hale Boggs of Louisiana was named whip of the Democratic Party.

These are the political "top sergeants" who are supposed to keep party members in line and keep up with what's going on. Needless to say, their job is a very tough one, and many times a thankless one.

I am sure that both would tell you that, contrary to some general beliefs, independent thinking is the order of the day for most members of the House of Representatives, especially in the South.

In any event the groundwork for the first session of

the 88th Congress has been laid. Committee work will commence soon and representative government will begin to function. Let us all hope that results will be forthcoming that will be most beneficial to the advance of civilization in keeping with the freedom and dignity of the individual.

You have all read about the loan of the famous "Mona Lisa" by France to the United States. It is presently being displayed at the National Gallery of Art on Constitution Avenue. There was a special showing for the Congress and other public officials, which I attended along with Mrs. Rogers and Mrs. Julian McKernan of Pampa.

There was quite a crowd and the painting was at the end of one of the wings of the Gallery, making access to it quite limited. I could see the painting from the rotunda and was satisfied with that view.

The next day I was talking with former Congressman Brooks Hays at the White House, and asked him if he had attended the ceremonies and viewed the Mona Lisa. He replied that he had viewed the painting in somewhat the same manner as Aunt Rhody from down in Arkansas. Someone asked Aunt Rhody if she had seen Haley's Comet. Her reply was "Well,

yes, but only from a distance."

GOING LOW for a pass, Hereford's Frank Cain hits the floor while lobbing the ball to Joe Childers (22) during the B team tilt against Perryton here Saturday night. The Bees lost their first district game in two years as the Rangers claimed a 56-41 win. (Staff Photo)

### Sky Chiefs Come Back For 56-50 Win In League

Hereford's Sky Chiefs took their sixth win against just one loss Friday night. They defeated the First Baptists in the Amarillo YMCA 56 - 50, after trailing by one point at half-time.

Getting off to a slow start, J. P. Jones' Sky Chiefs were behind the First Baptist team 18 - 19 midway in the game. But they rallied in the last two quarters and finally ended up six points ahead when the game ended.

David Seal paced the Sky Chiefs with 15 points, Chick Hicks had 11, Jim Arney 9, Bill Dufur 8, and Charles Skinner and Donnie Renfro 6 each. Bobby Shelton added one point and Joe Kerr failed to score.

Terrell hit for 23 and Mills for 10 in the losing cause.

### Husbands Guests At Club Lunch

Members of the Simms Study Craft Club gave a luncheon for their husbands on Wednesday, Jan. 9, in the Simms Community building.

Everyone enjoyed the food and the visiting with neighbors.

Those attending the luncheon were: Messers and Mesdames Robert Lolyd, Leland Burns, Austin Rose Sr., Bud Heaton, Roscoe Pinnell, Lewis West, M. W. Blankenship and Mrs. J. M. Boothe Jr.

**BEEES AT CLOVIS**

**Familiar Court Helps Stanton Down Canyon**

It's not whether a team wins or loses, but it's how it plays the game that counts. And there is another similar saying concerning sports: It's not whether a team wins or loses, but WHERE it plays the game that counts.

And the Stanton Junior High School Freshman Dogies proved the saying last week. Only a week ago Saturday, the Dogies tangled with the Canyon Eagles in Canyon, and took a 51-44 loss.

But Thursday the tables were turned as Hereford played host to the Eagles, and won 51-45. Meanwhile, another squad of Stanton Freshmen traveled to Clovis. The Dogie B-team took on the Clovis ninth grade varsity crew on Saturday. The Stanton Frosh lost 43-57.

Summing up the Stanton season record, Dogies have totaled nine wins while losing only twice, to Canyon by seven points and to Dimmitt by one point in an overtime game. A Dogie B squad defeated Tulla Bees and lost to Marshall.

Stanton was slated to meet Gattis Junior High of Clovis here Saturday afternoon, and then travels to Plainview Thursday, Jan. 17, to take on Coronado Freshmen. Dogies close out their season Saturday, Jan. 19, when Tulla comes to town for a 9 a. m. game.

Hereford jumped to an early lead but the Eagles rallied in the last half in a game which turned into a thriller in the final minutes. Bill Lair claimed scoring honors for the game while burning the cords with 23 points for Canyon.

Pacing the Stanton cageers, Steve Hodges ripped the net for 19 points. Hodges was the only one netting double figures, but Randy Tooley tallied

nine, Gregg Richards contributed eight, and Mike Moore worked in seven to lead Dogie scoring.

Scores by Tooley, Richards, Robbie Lemons, Gary Payne, and Hodges moved Stanton into a 15-6 lead at the end of the first quarter.

Hodges poured in eight points in the second quarter, while Mike Moore and Roger Owen each hit two-pointers to place the Dogies in a 27-19 half-time advantage.

During the third quarter, Canyon began a rally which saw them come within two points of the Dogies. But a last-minute tally by Tooley gave Stanton a 39-34 lead entering the final period. Gary Payne scratched for two along with Moore, while Hodges converted three free ones and a field goal in the third round.

Canyon came back for action in the fourth quarter with goals of winning. The Eagles raced off to tie the game early in the period, but the Dogies managed to get back on their feet to edge Canyon.

Richards tossed in four quick points, and Tooley added another two-counter. Then Moore scored from the key and made good the charity toss. Hodges got a final field goal and tacked on a pair of free throws as the game ended with Stanton winning 57-45.

Earlier in the week, the Dogies were edged by Canyon in the Canyon Gym. Leading 18-11 after the first period of play, Stanton slowed to a 22-29 deficit at the halftime accounting. Garnering 13 points in the third stanza, the Dogies limited Canyon to five while closing the gap to 23-24.

But the Eagles put on a final scoring burst in the last round

points, while Roger Owen netted nine. Steve Hodges managed eight, Robbie Lemons contributed seven, Randy Tooley got five, and Mike Moore had three.

On Saturday the Stanton Freshmen Bees traveled to Clovis where they took on the Marshall Junior High varsity sixth graders.

Although playing with a size and experience obstacle, the Hereford quintet limited Clovis to an eight-point victory margin.

Clovis jumped to a four-point lead during the first period and

to win 51-44. It was a cold night for all of the Dogies, as Gary Payne was the only one gaining twin figures. Payne led Stanton with 11
