# Face Cleaning For Courthouse

BEING PRESENTED Ad Altare Dei awards at ceremonies in St. Anthony's Catholic Church here are Gary Paetzold, son of Mr. and Mrs. Raymond Paetzold, and Ronald Wagner, son of Mr. and Mrs. Lester Wagner. The presentation was made Sunday by the Most Reverend Bishop Markovsky of the Amarillo Diocese. The Ad Altare Dei award is the highest award given by the Catholic Church to its members in scouting. Similar awards also may be earned by Scouts of other faiths. (Staff Photo)

## County 4-H Club Members Demonstration Completed

Some 80 members of Deaf Smith County 4-H Clubs competed for honors in the annual County 4-H contests held here Saturday at Stanton Junior High School.

### Scouts Receive Church Award

Two Hereford Boy Scouts were awarded the Ad Altare Dei award at religious ceremonies held here Sunday at St. Anthony's Catholic Church.

Receiving the award, one of the highest that a Scout can earn, were Gary Paetzold, son of Mr. and Mrs. Raymond Paetzold, and Ronald Wagner, son of Mr. and Mrs. Lester Wagner. Presentation of the award was made by the Most Reverend Bishop Markovsky of the Amarillo Diocese.

Both boys are members of Scout Troop 50 sponsored by Hereford Lions Club.

To earn the award, a Scout must know the sacraments of the Catholic Church, the church's history and take an active part in church services.

This award is given by the Catholic Church to its members and is one of the highest honors a Scout can earn. Similar awards also may be earned by Scouts of other faiths.

First place winners in the meet earned the right to represent the county in both junior and senior division contests at the district meet to be held in Canyon in April 27.

Senior 4-H winners at the district meet will compete in the statewide contest to be held at Texas A&M College this summer.

In the county contests, the winning team in beef cattle production, junior division, was Steven McAndrews and Mike Engler, Dawn Boys' 4-H Club. Winning first in the junior division community improvements demonstration were Debby Rickman and Billee Goettsche Happy Workers 4-H.

Placing first in the cooperative demonstration contest, junior division, were Kevin McAndrews and Glenn Polan, Dawn Boys' 4-H while Tommy Mars and Steve Robbins, Happy Hustlers 4-H, placed first in the junior division electricity contest.

Winning first in the junior division of the field crops contest were Edward Hammett and Robert Gordon of Jolly Guys and Gals 4-H with Robert Galley and Gary Richardson, Dawn Boys 4-H, winning the senior event in poultry marketing. In the public speaking contests

Maura McAndrews, Willing Workers 4-H, won top honors for senior girls. Winner in the junior girls division was Joyce Bezner, Ford 4-H, with Gerald Witkowski, Dawn Boys' 4-H, winning the junior boys event.

In the safety contest, junior division, Linda Brooks and Melody Ott, Willing Workers 4-H, won top honors.

Winning first in the soil, water, and range contest were Wayne Polan, Dawn Boys' 4-H, David Miller and Jack Thomas, Dawn Boys' 4-H, senior team, and Kathy Crist and Tommy Bezner, Ford 4-H, junior team.

Winning top honors in the vegetable preparation and use contest at the county meet were Jane Witkowski and Vicki Brownlow of Hereford Workers 4-H.

Dick Plank, Dawn Boys' 4-H, won the senior tractor driving event with Janis Galley and Dianne Hickman, Ford 4-H, winning the junior team competition in vegetable production and marketing.

## Deadline Nears For Purchase Of License Plates

Deaf Smith County residents have but two more days to purchase their 1963 license plates before the sales are halted Saturday.

All vehicles operated on public streets and highways must display the new white plates with black numerals Monday.

According to the county tax assessor - collector's office, 33-97 passenger car plates have been sold, 683 commercial license plates purchased, and 987 farm tags have been picked up. All who are buying license plates are reminded by the office that they must bring in both the vehicle title and their 1962 license receipts.

## \$1500 Bond Set As DWI Charges Are Filed Here

A \$1500 bond was set here Monday as Santos Galvan, 38, 317 Ave. E, was charged with driving while intoxicated, second offense. Arraignment was held in Justice of the Peace Court, C. B. Miles presiding. Galvan was arrested here Sunday by Hereford Police Department officers shortly before 1 a. m.

He was being held in Deaf Smith County jail in lieu of bond Wednesday.

## Holly Sugar Opens Field Office Here

With construction about ready to begin on Holly Sugar Corporation's \$18,000,000 Merrill E. Shoup Plant, the company opened an agricultural office for this area here Monday.

The office is not directly concerned with construction of the plant which is being built by H. K. Ferguson Construction Co.

Office personnel will be working to arrange grower contracts and will be responsible for supervising beet production in the four county area, according to Dexter Lillie, company agricultural representative for the area.

"We hope to have a full field force—six to seven men working as field representatives—working with area farmers by the middle of the summer," commented the company representative as he explained the function of his office.

The office is located in the Jim Hill Hotel building, with the entrance on Sampson St. where the Chamber of Commerce office formerly was located. "He pointed out that the agricultural office would contain the balance of Holly Personnel in the area for the next year.

Lillie estimated that there would be about 12 company employees in the area.

The balance of key personnel for the plant will come in during the spring and summer of 1964, Lillie added.

The Holly Sugar Corp. refinery is slated to begin refining operations in the fall.

Working in the same office with Lillie is Gene Parsley, a representative of the company's accounting office.

The Holly area representative moved here from Sidney, Mont., where he had been district agriculturalist and supervisor for three of the company's refineries located at Sidney, Hardin, Mont., and Worland, Wyo.

He is a native of northeast Kansas and was graduated in 1939 from Colorado State University, Fort Collins, Colo., with a bachelor of science in animal husbandry and agronomy. He played football while in college.

He taught vocational agriculture for a year before becoming county extension agent in Colorado.

Lillie began working for Holly (Continued on page 8)

## THREE IN STATE JUDGING

## Bandsmen Claim 60 High Honors

Some 60 members of the Stanton Junior High School Band and the Hereford High School Band earned high honors at the Region II University Interscholastic Contest held Saturday at West Texas State College in Canyon.

Those bringing back the highest awards, division I ratings on class I (most difficult) solos, were Jerry McConther, cornet; David Marcontelli, baritone; and Kathy Knox, flute. These are eligible to enter state solo competition in Austin.

Under the direction of Ben Gollehon, Hereford High School competitors earned nine first division ratings, four twos, and two threes. Stanton Junior High bandsmen, under the direction of Clyde Wilson, received 11 first division ratings, 35 twos, and four threes.

More than 1,150 musicians from throughout the state competed in the contest during the day. Some 35 judges from Texas and Oklahoma rated contestants.

Other junior high and high school musicians rating division I were as follows: Cheryl Williams, flute; Merle Carmichael, oboe; Becky Maxwell, Cynthia Haile, and Roger Suttle, clarinet; Kay Nell Reeves, bass clarinet; Lynda Lynch, alto saxophone.

Jimmy Cooper, baritone saxophone; Larry Brown, Phillip Cain, Mike Davis, and Lonnie

Coker, cornet; Becky Long, french horn; Tommy Reeves and Steve Woodall, trombone. Two Hereford ensembles also copied division I honors. A brass sextet comprised of Jerry McConther, James Combs, David Marcontelli, Pat Maxwell, Larry Fuhrman, and Ed Mims claimed the award on a class one ensemble.

A cornet trio comprised of Ronnie Lance, Lee Robinson, and Larry Brown earned a division I rating on a class III trio.

Others competing in the contest were Jo Ann McDowell, Wanda Fuhrmann, Billie Bain, John Pesina, Edith Davis, Mike Norton, Cindy Jones, Mark Tiel, Penny Jones, Barbara Buck, Patti Roach, Babs Gholson, Jimmy Huckert, Lee Robinson, Ronnie Lance, Dave Brink, Steve Thornton, Virgil Baber, Peggy Alford, Kerry Thompson, Ray Oglesby, Jack Alkin, Steve Knox, Bill Coffin, Robert Hewitt, and David Evans.

## Play Second In 1-AAA Contest

Hereford High School dramatists claimed second place in the District 1-AAA one-act play contests held Tuesday in Canyon.

Appearing in "A Phoenix Too Frequent", a one-act comedy by Christopher Fry, the Hereford Thespians earned second place. Dumas claimed first place in the event, while Leveland ranked third.

LaReece Askey, cast as Doto in the production, was named to the district All-Star cast. Shari Jo Carmichael appeared as Dynamite in the play, while Jay Boynton was cast as Tegeus.

James Hinkley directed the presentation. In charge of sets were Clifton Corley and Gerry Bybee, while Kaki Barnard and Rozie Rush was in charge of make-up and costumes.

## Girls Favored Over Boys For Cage Battle

Hereford High School Boys will play Hereford High School Girls in a rip-roaring game of basketball in the high school gym Friday at 7:30 p. m.

Promising to have in store more laughs than basketball, the event is being staged by the high school student council in order to raise funds for the group's many projects.

Oddly enough, girls enter the game classed as favorites (some people even think they may win) because the boys will be forced to play under a handicapped condition.

Playing by girls' basketball rules, the boys will find the going a little rough, since they will be shooting while wearing boxing gloves, etc.

However, boys will outnumber the girls. (But this may come as a disadvantage since the boys will be tied together.)

All in all, the event offers the prospect of some rather outstanding (probably the better word would be outspoken) basketball action here Friday night, beginning at 7:30 p. m.

Tickets are on sale from student council members at the rate of 25 cents each, with children under 12 admitted free.

## Sandies Bomb Herd, 33-5; Two Games Here Saturday

### Around Town

BY H. A. TUCK

Wednesday's sunrise was a ripple of clouds colored a brilliant red, turning gradually to orange and gold as the sun got higher. It's surprising how many visitors to this part of the country comment on the gorgeous sunsets... but there is almost nothing said about the sunrise which burst on the horizon with the enthusiasm of the boys released from school for the summer. Guess there aren't enough of us who get up and around early enough any more to see such spectacles. And I'll have to admit that I don't view them very often.

On Friday night, March 29 at 8 p. m. in the Hereford State Bank, the future of Pony League baseball for 1963 (and possibly for years to come) will be determined. This group, for boys 13 and 14 years of age, has done a good job in the past and has developed virtually all the players now comprising the Hereford High and American Legion teams. But league president Gwynne Owen says that all interested persons should be present for the meeting or there won't be any summer baseball for the boys. Needed, in addition to officers, are coaches, managers, announcers, scorekeepers, grounds workers and many, many others. If you have a son who is a potential Pony League player, or if you are interested in our youth, you should be present. If the organization (Continued on page 8)

Hereford got bombed by baseballs and bats in Amarillo Tuesday as they played the Sandies. It was a case of everything going wrong as Hereford dropped the game 33-5 after leading early in the contest.

Friday will be open for the Whitefaces, but there will be plenty of action here Saturday as Palo Duro comes to town for a doubleheader. First game is slated for 1 p. m. Hereford jumped off to a quick 2-0 lead in the top of the first inning (and probably should have stopped there). With one out, Ronnie Duncan doubled. John Willoughby got on by error. Another miscue scored Duncan with Willoughby coming in on a sacrifice fly by Eugene Green.

Both teams then were scoreless until the last of the second, walks and one error came early. These were followed by two more singles, doubles by Gilbert Coats and Bill Thurman, plus another error. That added up to 11 runs on seven hits.

In the top of the third, Hereford got its last three runs. Ronnie Duncan opened with a towering homer over left center field. Green singled and came in on Joe Coffman's trip

## Hereford Man Fined, Sentenced On DWI Charges

A 32-year-old Hereford man entered a plea of guilty Tuesday to charges of driving while intoxicated, first offense, in Deaf Smith County Court, Judge H. C. Williams presiding. Fined \$50 plus court costs and sentenced to three days in jail was Chauncey Dewey Edwards, Ireland Apartments.

Edwards was arrested here early Tuesday morning by Hereford Police Department officers.

Deaf Smith County's magnificent courthouse is going to get its face cleaned. The four-story structure, more than 60 years old, will be cleaned of dirt and grime for a more pleasing appearance. County Commissioners voted Monday to award a contract to J. Sivadon of Fort Worth for the work. Sivadon bid \$9,556 for the job. Only other bidder was Mid-Continental Waterproofing Co. of Fort Scott, Kan., on a bid of \$8,560.

Sivadon said he would begin work Monday and that the complete project would take about 60 days. Recently awarded a Texas Historical Society medallion as one of the outstanding landmarks in the state, the Deaf Smith County courthouse was constructed in 1910-1911 at a cost of about \$175,000. Its exterior is of blue Georgia marble, the first such county building in the state to use such an exterior material.

The building was renovated inside and out, a new roof in 1959, but nothing was done to the exterior, except for the installation of aluminum window frames. Many persons, however, thought the building was cleaned during the renovation program because the old trees around the square were removed.

Sivadon has been conferring with the Commissioners' Court since the renovation program was started.

The primary difference in the bids, according to the Commissioners, is that Sivadon will also pin any exterior stones which might be loose. He said that inspections revealed that some of the stones were loose and that continued "solic booms" from fast-flying aircraft might cause still more loosening.

He plans to use a dry process that will clean and polish the stone work, employing very fine sand in the cleaning machines. He also will cut away the old mortar and finish joints with a new, elastic and non-shrinking mortar compound. His crew will clean the "water line" belts of concrete which break the building exterior at each floor level.

The bid submitted by Mid-Continental Waterproofing called for doing the job with a high-pressure water system. Sivadon, in his bid, guaranteed (Continued on page 8)

## Steve Hodges Is Optimist Club's Speech Champ

Steve Hodges, 14-year-old son of Mr. and Mrs. Joel Hodges, won the Hereford Optimist Club oratorical contest Monday night. He won a gold trophy and the right to advance to bigger competition.

Second place went to Mike Davis, son of the Rev. and Mrs. B. L. Davis, and third to Jack Thomas, son of Mr. and Mrs. Lefty Thomas. Also competing were Lee Robinson and Mike Harvey.

The contest was held during the club's regular meeting in the American Legion Hall with Roy Boyer serving as contest director.

All contestants spoke on "Youth's Approach Toward World Forces", an assigned subject with entrants preparing their own material and presentation. Speeches were limited to a minimum of four minutes and a maximum of five.

Hodges will enter the Zone contest in Amarillo on April 7. That winner will compete in the District contest in Oklahoma City, to be followed by the Regional contest in St. Louis and the national contest.

Serving as judges were Bill Thompson, Virgil Dodson and Earnest Langley with H. A. Tuck as timekeeper.

Gifts of appreciation were given to Mrs. Earl Holt and Mrs. Spier Gripp for their assistance in organizing and coaching the entrants. Stanton Junior High School principal W. C. Quattlebaum also was recognized for his encouragement of the program.

## Herbert Reeves Local Resident Dies On Sunday

Herbert N. Reeves, 70 died in the Deaf Smith County Hospital at 3:30 p. m. Sunday, March 17.

Mr. Reeves was born March 26, 1892, in Parker County, and married Miss Maude Twiner on Aug. 11, 1912, in Wheeler County. His wife preceded him in death on March 8 of this year. They moved to Deaf Smith County in 1944 from Wheeler County. He was a member of the Baptist Church.

Survivors include a son, Dub Reeves of Hereford; one daughter, Mrs. Lavern Clay of Amarillo; two brothers, Johnny E. Reeves of Shamrock and Gordon Reeves of Amarillo; one sister, Mrs. A. L. Wadzeck of

Caldwell; four grandchildren and two great-grandchildren. Funeral services were held at 2:30 p. m. Tuesday in the Rose Chapel of the Gilliland Funeral Home, with the Rev. B. L. Davis, pastor of the First Baptist Church of Hereford, officiating.

Burial was in the Shamrock Cemetery in Shamrock at 10:30 a. m. on Wednesday, under the direction of the Gilliland Funeral Home of Hereford and Clay Funeral Home of Shamrock.

### ON WESLEY COUNCIL

Suzanne Langley has been named to serve as Stewardship Chairman of the Wesley Foundation Student Council at Texas Technological College in Lubbock. The daughter of Mr. and Mrs. Earnest Langley, she is a Liberal Arts freshman at Tech. The Tech Wesley Council represents some 3200 Methodist students enrolled for the spring semester.

## Local Resident Succumbs After Month's Illness

George E. Anderson, 52, died at 5:30 a. m. on Saturday, March 16, at the Deaf Smith County Hospital, following an illness of about a month.

He was born May 10, 1910, in Sayre, Okla., and moved to Texas as a child. He was married to Fannie F. Gentry on March 9, 1936, in Paris, Tex. The couple moved to Deaf Smith County in 1959 from Plainview. He was a member of the Church of Christ.

Surviving are his wife, Fannie; three sons, Howard of Plainview, George of the U. S. Army and Jerry of Hereford; three daughters, Mrs. Faye Parker of Adrian, Mrs. Mary Jones and Mrs. Georgia Rich-

ards, both of Hereford; two brothers, Thomas Anderson of Robstown and Albert Anderson of Roston; one sister, Mrs. L. K. Johnson of Roston; also nine grandchildren.

Funeral services were conducted at 2:30 p. m. Monday in Rose Chapel of Gilliland Funeral Home with Ernest Highers, minister of the Central Church of Christ, officiating. Burial was in West Park Cemetery.

Gold Coast, West Africa, is known as the "White Man's Grave."

Slavery was abolished in the U. S. by the 13th Amendment to the constitution in 1865.

The Pony Express in 1860-61 operated between St. Joseph, Mo. and Sacramento, California.

The River Nile is approximately 4,000 miles long.

That's right, Doc...

BEING PRESENTED Ad Altare Dei awards at ceremonies in St. Anthony's Catholic Church here are Gary Postzold, son of Mr. and Mrs. Raymond Postzold, and Ronald Wagner, son of Mr. and Mrs. Lester Wagner. The presentation was made Sunday by the Most Reverend Bishop Markovsky of the Amarillo Diocese. The Ad Altare Dei award is the highest award given by the Catholic Church to its members in scouting. Similar awards also may be earned by Scouts of other faiths. (Staff Photo)

## County 4-H Club Members Demonstration Completed

Some 80 members of Deaf Smith County 4-H Clubs competed for honors in the annual County 4-H contests held here Saturday at Stanton Junior High School.

First place winners in the meet earned the right to represent the county in both junior and senior division contests at the district meet to be held in Canyon in April 27.

Senior 4-H winners at the district meet will compete in the statewide contest to be held at Texas A&M College this summer.

In the county contests, the winning team in beef cattle production, junior division, was Steven McAndrews and Mike Engler, Dawn Boys' 4-H Club. Winning first in the junior division community improvements demonstration were Debby Rickman and Billie Goettsche Happy Workers 4-H.

Placing first in the cooperative demonstration contest, junior division, were Kevin McAndrews and Glenn Polan, Dawn Boys' 4-H while Tommy Mars and Steve Robbins, Happy Hunters 4-H, placed first in the junior division electricity contest.

Winning first in the junior division of the field crops contest were Edward Hammett and Robert Gordon of Jolly Guys and Gals 4-H with Robert Galley and Gary Richardson, Dawn Boys 4-H, winning the senior event in poultry marketing.

In the public speaking contests Maura McAndrews, Willing Workers 4-H, won top honors for senior girls. Winner in the junior girls division was Joyce Bezner, Ford 4-H, with Gerald Witkowski, Dawn Boys' 4-H, winning the junior boys event.

In the safety contest, junior division, Linda Brooks and Melody Ott, Willing Workers 4-H, won top honors.

Winning first in the soil, water, and range contest were Wayne Polan, Dawn Boys' 4-H, junior singles contest; Jon David Miller, and Jack Thomas, Dawn Boys' 4-H, senior team, and Kathy Crist and Tommy Bezner, Ford 4-H, junior team.

Winning top honors in the vegetable preparation and use contest at the county meet were Jane Witkowski and Vicki Brownlow of Hereford Workers 4-H.

Dick Plank, Dawn Boys' 4-H, won the senior tractor driving event with Janis Galley and Dianne Hickman, Ford 4-H, winning the junior team competition in vegetable production and marketing.

Deaf Smith County's magnificent courthouse is going to get its face cleaned. The four-story structure, more than 60 years old, will be cleaned of dirt and grime for a more pleasing appearance.

## Sandies Bomb Herd, 33-5; Two Games Here Saturday

### Around Town

BY H. A. TUCK

Wednesday's sunrise was a ripple of clouds colored a brilliant red, turning gradually to orange and gold as the sun got higher. It's surprising how many visitors to this part of the country comment on the gorgeous sunsets... but there is almost nothing said about the sunrises which burst on the horizon with the enthusiasm of the boys released from school for the summer. Guess there aren't enough of us who get up and around early enough any more to see such spectacles. And I'll have to admit that I don't view them very often.

On Friday night, March 29 at 8 p. m. in the Hereford State Bank, the future of Pony League baseball for 1963 (and possibly for years to come) will be determined. This group, for boys 13 and 14 years of age, has done a good job in the past and has developed virtually all the players now comprising the Hereford High and American Legion teams. But league president Gwynne Owen says that all interested persons should be present for the meeting or there won't be any summer baseball for the boys. Needed, in addition to officers, are coaches, managers, announcers, scorekeepers, grounds workers and many, many others. If you have a son who is a potential Pony League player, or if you are interested in our youth, you should be present. If the organization (Continued on page 8)

Hereford got bombed with baseballs and bats in Amarillo Tuesday as they played the Sandies. It was a case of everything going wrong as Hereford dropped the game 33-5 after leading early in the contest.

Friday will be open for the Whitefaces, but there will be plenty of action here Saturday as Palo Duro comes to town for a doubleheader. First game is slated for 1 p. m.

Hereford jumped off to a quick 2-0 lead in the top of the first inning (and probably should have stopped there). With one out, Ronnie Duncan doubled. John Willoughby got on by error. Another miscue scored Duncan with Willoughby coming in on a sacrifice fly by Eugene Green.

Both teams then were scoreless until the last of the second, walks and one error came early. These were followed by two more singles, doubles by Gilbert Coats and Bill Thurman, plus another error. That added up to 11 runs on seven hits.

In the top of the third, Hereford got its last three runs. Ronnie Duncan opened with a towering homer over left center field. Green singled and came in on Joe Coffman's trip

le. Mike Ranspot batted Coffman in with a single and went to third on David Stevens' single, but two runners were stranded.

The Sandies added on nine more runs in the third inning. They came on six singles, a double by Coats, two walks, two errors and a walk.

Charlie Moreno got a single for Hereford in the fourth, the last hit of the game for the (Continued on page 8)

## Girls Favored Over Boys For Cage Battle

Hereford High School Boys will play Hereford High School Girls in a rip-roaring game of basketball in the high school gym Friday at 7:30 p. m.

Promising to have in store more laughs than basketball, the event is being staged by the high school student council in order to raise funds for the group's many projects.

Oddly enough, girls enter the game classed as favorites (some people even think they may win) because the boys will be forced to play under a handicapped condition.

Playing by girls' basketball rules, the boys will find the going a little rough, since they will be shooting while wearing boxing gloves, etc.

However, boys will outnumber the girls. (But this may come as a disadvantage... since the boys will be tied together).

All in all, the event offers the prospect of some rather outstanding (probably the better word would be outspoken) basketball action here Friday night, beginning at 7:30 p. m.

Tickets are on sale from student council members at the rate of 25 cents each, with children under 12 admitted free.

## Play Second In 1-AAA Contest

Hereford High School dramatists claimed second place in the District 1-AAA one-act play contests held Tuesday in Canyon.

Appearing in "A Phoenix Too Frequent", a one-act comedy by Christopher Fry, the Hereford Theatians earned second place. Dumas claimed first place in the event, while Leveland ranked third.

LaReece Askew, cast as Doto in the production, was named to the district All-Star cast. Shari Jo Carmichael appeared as Dynamite in the play, while Jay Boynton was cast as Tegeus.

James Hinkley directed the presentation. In charge of sets were Clifton Corley and Gerry Bybee, while Kaki Barnard and Rozie Rush was in charge of make-up and costumes.

## Hereford Man Fined, Sentenced On DWI Charges

A 52-year-old Hereford man entered a plea of guilty Tuesday to charges of driving while intoxicated, first offense, in Deaf Smith County Court, Judge H. C. Williams presiding.

Fined \$50 plus court costs and sentenced to three days in jail was Chauncey Dewey Edwards, Ireland Apartments.

Edwards was arrested here early Tuesday morning by Hereford Police Department officers.

# IT'S NEW! IT'S EXCITING! IT'S COOPER'S LUCKY 7 GAME !!!

Pick Up Your **FREE LUCKY 7 CARD** At Cooper's

**WIN  
\$100.00

## ADRIAN NEWS

## Local Girls Take Wins In Oldham Co. Spelling

By Ann Beavers  
Oldham County Spelling Bee was held Friday afternoon at the Vega School. The grade school principal was the caller, and the judge was Jimmy Duncan, a fifth and sixth grade teacher at Wildorado School.

Roxann Brownlee won the Senior Spelling Bee for the second time in two years. A seventh grader at Adrian school, she is the daughter of Mr. and Mrs. Joe Brownlee.

Kathy Garrison is the winner of the Junior Division and is the Oldham County Spelling Champion. She is a sixth grader and is the daughter of Mr. and Mrs. L. E. Garrison of Adrian.

Roxann, the senior champion, will compete in the area spelling contest in Amarillo on April 20 at Steven F. Austin Junior High.

All automobiles and trucks driven on public roads must display a 1963 safety inspection sticker before April 15. Authorized inspection station in Adrian is the Harwood Garage No. 1. Time is also running out for car and truck owners to buy 1963 license plates, which must be displayed by April 1. Officially, the plates must be on cars and trucks operating on public roads before April 1.

Mrs. Jack Fortenberry is in the Deaf Smith County Hospital and underwent surgery last week.

Troy Lemley from Lockney visited John Horton and children last week.

Hugh Fortenberry is in the Amarillo Osteopathic Hospital recuperating from the flu.

David Thompson from Eureka, Kan. was a week end guest of the M. H. Zaring family.

Mr. and Mrs. Alfred Jobe and children attended the funeral of Alfred's uncle, W. B. Jobe, in Midland Saturday and were overnight guests there.

Mrs. Labry Ballard and daughter Laura and Mrs. Richard Winget from Hereford visited in Adrian last Thursday with relatives.

John Ross has been staying in Odessa this past week with his daughter Florence. He is recuperating from his stroke.

Pat Maupin Jr. from Santa Rosa was home overnight Wednesday visiting his parents, the Pat Maupins Sr.

Mrs. Joe Speed and Bert visited in the El Paso area with relatives last week.

Mrs. Hazel Fincher spent a few days last week visiting her daughter and family, the Jack Fishers at Ford.

Mr. and Mrs. Sonny Fincher and children visited in Adrian this past week end with the Finchers.

Mrs. Bob Gruhlkey was a Thursday night dinner guest of her daughter Linda and friend Donna Timmons in Canyon.

Mr. and Mrs. Joe Brownlee took Mrs. Fred Brownlee's sister, Mrs. Tot Stallcup, home to Santa Fe last Thursday. Mrs. Stallcup had been visiting the Fred Brownlees of Glenrio last week.

Mrs. Ray Ashford is in the St. Anthony's Hospital and underwent surgery last Wednesday. The Ashfords are now living on the XL Ranch at Masterston.

Mr. Joe Brownlee visited her mother Mrs. M. A. Chapman in Amarillo last Saturday.

A birthday party and slumber party honored Miss Karen Grider Rose last Friday. Children attending the party rode a bus out to the farm and then enjoyed television. Later Vicki Burns entertained by telling ghost stories, then the group took a midnight walk and rabbit hunt. Those attending were Jackie Loveless, Donna Seay, Gay Brothers, Lucy and Virginia Mentez, and Betty Whitten. The girls returned home Saturday afternoon.

Mrs. A. M. Chapman from Amarillo visited her daughter and family the Joe Brownlees Sunday. Mr. and Mrs. Justin McBride from Vega visited in Adrian Sunday afternoon.

The One Act Play cast went to Hartley, Sunday afternoon to rehearse for District Competition on the Hartley stage. Those who went were Paula Cretz, Donna Brownlee, Dorris Horton, Perry Gruhlkey, Ricky Gruhlkey, Mack Fortenberry, Carin Niles, Stage manager; and

Rex Manley the director. Simms Community House was the scene of a "Roaring Twenties Party" last Saturday night. Perry Gruhlkey and Myrna Zaring were crowned "Mr. and Mrs. 1920." Sponsors were Mr. and Mrs. O. L. Knowles, Mr. and Mrs. M. H. Zaring, Mr. and Mrs. M. A. Ferguson and Mr. and Mrs. George Gruhlkey. Calvin Peters and Clinton Brown provided some of the music.

Mr. and Mrs. Bob Cadwell, Mr. and Mrs. Elmo Pinnell and John Skagg went to Lubbock for three days last week to attend a Directors and Managers School for three days.

ROXANN BROWNLEE

KATHY GARRISON

Reports are that there are quite a few Green Bugs and Cut Worms in the wheat in this area.

Mr. and Mrs. G. D. Webb and children have been in Fort Sumner N. M. where his father had a heart attack last week. Their daughter Susan spent the weekend with the Red Spinks family. Home from College this week end to visit their families were Cynthia Kromer, Michell Hayes, Jerry Whitten, Hubert Bromman, and Popcorn Pinnell.

Grady Skagg and son Steven went by train to Wichita Falls and got the new fire truck. They returned home Saturday night, but left the fire truck in Amarillo for some work to be done on it.

Don Johnson attended the Coaches Clinic at West Texas State College in Canyon this weekend.

The regular meeting of the Adrian Baptist W.M.S. members was held last Thursday morning in the home of Mrs. Billy Brown.

Last Friday in the home of Mrs. Billy Brown, a luncheon and bridge party was held. Those attending were Mesdames Grady Skagg, Jim Cavin, Earl Brown, Keith Kromer, Jim Perrin, Allen Ershman, Donald Pinnell, John Horton, Rex Manley, Dave Sellers, Bob Lotsch, John Lewis, Bill Briggs, and Ted Hale.

Last Tuesday night in the home of Mr. and Mrs. Chock Garrison the Caprock 4-H Club met. There were 15 members present and the County Agent Justin McBride and Miss Linda Webb, Home Demonstration Agent. Parents attending were Mr. and Mrs. Dean Whaley, Mr. and Mrs. L. E. Garrison, Mrs. Bob Gruhlkey, Mrs. Geneva Glass, John Horton, Mrs. Bea Fortenberry and Mrs. Ann Beavers. Linda Webb and Justin McBride gave a demonstration on the "Principal Parts of Electric Motors."

After some discussion, most of the members volunteered to give a demonstration at Vega, April 6. There will be another meeting next Monday night at

the home of the Garrisons. Refreshments were provided by the Garrisons and the Dean Whaleys.

Mr. and Mrs. Buddie Harris of Amarillo, formerly of Adrian, are the parents of a baby girl born March 20. Her name is Teresa Mary. She weighed 7 pounds, 4 ounces.

Hardy Harris and grandson Clinton Wayne from Amarillo visited this week end with the Wilbur Harris family.

Visitors in Mrs. Linda Wagner's home Tuesday were Mrs. Cosy Jackson and daughter-in-law, all from San Jon, N. M. C. E. Betts from Corpus Christi is in Adrian for the crop spraying.

Franklin Jackson from San Jon was a weekend guest of the Danny Wagner family.

Mr. and Mrs. E. B. Pounds visited in Arkansas last week. First, they visited in Texarkana with Mr. and Mrs. J. T. Moran and Mr. and Mrs. H. V. Moran, who were there from Little Rock. In Ashdown they visited with Mr. and Mrs. Tom Gilland, Mr. and Mrs. Dave Hinton, Mr. and Mrs. Penn Moran and Mr. and Mrs. Dan Bagwell. They were overnight guests of Mrs. Lola Pounds in Kirby, Ark.

HEREFORD REPRESENTATIVE  
EM 4-0923

JUNIOR DIVISION WINNER in the county 4-H speech contest, Gerald Witkowski gave his winning speech "I Am An American" at the noon meeting of Hereford Rotary Club. The club's program included two demonstration speeches and plaques of appreciation were pre-

sent to Hereford State Bank and The First National Bank. Introducing the program were Lefty Thomas, county agent, and Mrs. Jean Beene, assistant home demonstration agent. (Staff Photo)

## County 4-H Club Members Present Program At Rotary

Members of Deaf Smith County 4-H clubs presented the program of the noon meeting of Hereford Rotary Club demonstrating the various phases of 4-H club work in the county.

Participating in the program and introduced by Lefty Thomas, county agent, and Mrs. Jean Beene, assistant home demonstration agent were Gerald Witkowski, Debby Rickman, Billee Goetsech, Donna Coker, and Rebecca DeBord.

Giving demonstrations on community improvement, Billee Goetsech and Debby Rickman spoke on Hereford Labor Camp while Donna Coker and Rebecca DeBord commented on the Holly Sugar Corp. refinery to be built here.

Gerald Witkowski gave a speech entitled "I Am An American" which he gave during the county 4-H contest held here Saturday.

In speaking on the labor camp, the two Happy Workers 4-H Club members pointed out that the camp was built in 1947 as area farmers purchased land and moved in barracks from the prisoner of war camp here during World War II.

They pointed out that the 40 rental units house some 3000 migrant workers during the summer with the number of residents dropping to 200 during the winter months.

At present, they remarked, approximately 200 children are attending the Catholic school at the camp while 20 of the children attend the public schools.

As they spoke, the two girls pointed out that a tortilla factory is operating at the camp. Tortillas from the factory are sold throughout the area.

The 4-H Club members also commented that the road to the Labor Camp had been paved in order that fire protection could

be provided easily. Religious groups working at the camp include the Catholic Church which has a mission and sponsors the clinic, and the Migrant Mission, a non-denominational facilities sponsored by Hereford churches.

In closing, they recommended that 4-H work be organized at the camp; better garbage disposal be provided; the camp be expanded to relieve cramped conditions; more grass and trees be planted, and more modern rest rooms be provided.

Donna Coker and Rebecca DeBord, in their demonstration talk on the sugar beet mill, stated that efforts to get a refinery in Hereford were begun by the Texas Sugar Beet Growers Association and the Deaf Smith County Chamber of Commerce.

They pointed out that community leaders approached several firms only to find that the Sugar Act would have to be changed before a mill could be built here.

Work was begun, they contin-

ued, to change the law. When the act was finally amended, Holly Sugar Corporation announced plans to build here.

They listed the advantages of such a mill locating here as more crops for the farmer, a larger payroll for the area, and a possible population increase reaching 15,000 by 1970.

However, the two 4-H club members commented, that with the mill the area would need more homes, increased hospital, school, and recreational facilities, more policemen and doctors, more water and sewage lines, better streets and highways to handle increased traffic and more parks.

In closing they recommended that everyone in the community be concerned with its growth and strive to make Hereford a community all can be proud of.

Gerald Witkowski, winner of the junior division speech contest at the 4-H County Contest, spoke on "I Am An American."

The Dawn Boys' 4-H Club member commented that it was

a privilege to have such a heritage. This heritage had been brought from the continent.

"They came that you and I might have liberty and freedom," he said. "Do we remember or appreciate what they did for us? They paved the way for what we have today. They gave us our great heritage—America."

As he spoke, Witkowski pointed out that as an American citizen he had many privileges and responsibilities. Among these responsibilities was to make America strong by taking an active part in home, school, church and community.

He concluded saying: "America will be great tomorrow because American youth will make it so."

During the program plaques of appreciation were presented by Thomas, representative of the county 4-H, to representative of the First National Bank and Hereford State Bank. Receiving the plaque for Hereford State Bank was Russell Carver with H. V. Hennen accepting for the First National Bank.

STEVE HODGES, center, was named winner of the Hereford Optimist Club oratorical contest here Monday night. Left is Jack Thomas, third place winner, while second place winner Mike Davis is at right. In rear are other

contestants, Lee Robinson and Mike Harvey. Hodges will enter the Zone contest in Amarillo on April 7. (Staff Photo)

By Melvin Young  
Spring is here... the trees are budding out, the grass is beginning to turn green, the ardent fishermen around town are cleaning and oiling their fishing reels (a sure sign), and we have been thinking of a million excuses for not watering the lawn. The best reason we know was supplied by Jim Combs who brought us the following poem:

#### DRIP IT LIGHTLY ON THE GREEN

I went to set the sprinklers —  
The sun was shining hard —  
I found a little rainbow  
Living in my yard.  
Loopy - dazey rainbow,  
Blown and blurred and rounded.  
With nether end in no place  
And the other end ungrounded.  
I did not dig the borders round  
Nor for its treasure till.  
The pot of gold will soon be found —  
On my water bill.

—Elizabeth Henley  
Jim is a teacher in our public school system, and apparently has an aversion to growing and mowing and growing again. We feel the same way and would much rather go fishing.

—HB—  
Jim Bob Allison, Wayne Edwards and Larry Edwards jumped the gun a little and left Saturday morning for a fishing excursion to Black Lake in Louisiana. We're likely to hear some tall tales when they return. However, Jim Bob was observed buying film for his camera Friday, and we're guessing that he plans to bring back proof of the catch. Actually, we never believe what we hear, and only half of what we see, unless of course, we're invited to the fish fry that usually follows. Nevertheless, we're sure that the coffee shops will hum with tales of the big one that got away.

—HB—  
County Agent Lefty Thomas tells us that his department is planning to hold a cattle grazing clinic Tuesday, April 9, with Paul Marion bringing the program. Mr. Marion is Superintendent of the Spur Experiment Station and has had over 15 years experience in this field. The topic will cover cost of grazing native range, temporary pasture, permanent irrigated pasture plus information on supplements, silage, grain and protein, bundles, hay, etc. The clinic will cover all phases on the farm grazing and feeding up to the feed lot stage. Since we are faced with thousands of idle acres, due to the feed grain program, this clinic should be of interest to a large majority of the area farmers. The clinic will be held in the Flame Room of Pioneer Natural Gas Co.

—HB—  
Meanwhile, Hereford has been having its share of celebrities lately. Of course, Aunt Jemima has been here and gone, and G. D. Carlson reported that Jane Darwin dropped by for lunch at his establishment. G. D. was popping his buttons and bragging about having both Aunt Jemima and Miss Darwin patronize the Wheel Inn, but we kinda took the wind of his sails when we asked "just who is Jane

Darwin?" Now everyone knows Aunt Jemima, but we had never heard of Miss Darwin. It turns out however, that the young lady is one of our more popular record stars. Apparently we're not keeping up with the times.

—HB—  
We've heard a number of complaints recently concerning the rising rate of rent in the Hereford area. One lady called to report that their rent had been raised twice in one month, which seems to us like someone is taking unfair advantage of the shortage of rent property. Certainly, we can't dictate to anyone what their rent property is worth, but we feel that raising the rent twice in one month is a little harsh.

#### Ping Pong Playoff Will Be Held At Community Center

A ping pong tournament, sponsored by the Kiwanis Club, was held on Monday and Tuesday, March 25 - 26, at the Community Center.

Final winners for the Monday evening games were: Senior-High girls, Patty Nobles, 1st; Lonnie Rush, 2nd; and Judy Wiman 3rd. Junior - High girls, Mandy Moore, 1st; Jan Miller, 2nd; and Sidney Bayne and Denise King, tying for third.

Playoffs for the finals will be held on Thursday night at 6 p. m. in the Community Center. Those in the playoffs will be: Senior - High single boys playing a round robin for 1st, 2nd and 3rd; Ronnie Gray, David Dowell and Jim Kassahn; Junior - High boys, playing a round robin for 1st, 2nd and 3rd; Roger Owen, Jimmy Young and David Brink.

Mixed doubles: Connie Kent and Ronnie Gray will play Jerry Bea Noland and Dwight McGee; Lonnie Rush and Mike Ferguson will play Patty Nobles and Jerry Don McCallin. Boys doubles, playing a round robin: David Dowell and Dwight McGee, Ronnie Gray and Frank Hergert, and Roger Owens and Steve Hodges.

#### Legal Notice

##### STATE OF TEXAS COUNTY OF DEAF SMITH CITY OF HEREFORD NOTICE OF HEARING ON CITY PAVING ASSESSMENTS

Notice is hereby given to all abutting property owners and persons interested in the properties on the hereinafter mentioned portions of Grand Avenue, a public street of the City of Hereford, Texas, that on the 26th day of March, 1963, B. R. McMorris and Associates, City Engineers, have filed with the City of Hereford, Texas, the estimated amounts per front foot proposed to be assessed against the owner or owners of abutting property and said property on each portion of said Grand Avenue to be paved by the City of Hereford, as well as the total cost of the improvements on each portion or unit of said street, and that the same has been duly approved by the City Commission, and the same was ordered filed and shall remain on file with the City Secretary in the City Hall in Hereford, Texas, as well as all of the plans and specifications pertaining to all of such proposed improvements. Notice is further given that any and all property owners, and persons interested therein within the City of Hereford and elsewhere, may inspect the same; and further, that the City of Hereford, by a resolution duly adopted by the City Commission thereof, on March 26, 1963, has fixed the 15th day of April, 1963 at 7:30 o'clock P. M. in the City Hall in Hereford, Deaf Smith County, Texas, as the time and place for all of such owners and persons interested in such paving, and in such properties, to appear and make objections thereto, if any there be, and to contest the amounts of the proposed assessments, the lien and liability thereof, the special benefits to the abutting property and owners thereof by means of the improvements for which assessments are to be levied, the accuracy, sufficiency, regularity,

and validity of the proceedings, and contract in connection with such improvements and proposed assessments, if it is so desired; and this notice is given as is provided in Section 9 of Article 1105b of the Revised Civil Statutes of the State of Texas, in that the City proposes to levy such costs against respective properties as are shown in said proposed paving assessments as so filed by the City Engineers with the City of Hereford, and as herein after set forth.

Said streets to be paved, and portions of streets to be paved, and the cost of improvements on such portions thereof, with the amount per front foot proposed to be assessed for such improvements against abutting property and the owners thereof, of each such portion, is as follows:

UNIT NO. 1, on Grand Avenue, from the present existing paving on the East property line of 25 Mile Avenue to the East property line of Avenue F, width of 44 feet, triple asphalt surfacing on six inch flexible base; the amount per front foot proposed to be assessed against abutting property and the owners thereof for improvements exclusive of curb and gutter is \$0.90; the amount per front foot proposed to be assessed against abutting property and the owners thereof for curb and gutter is \$1.60; the total amount per front foot proposed to be assessed against abutting property and the owners thereof is \$2.50; the estimated cost of the improvements is \$28,358.42.

This notice is issued this 26th day of March, 1963, pursuant to the resolution of the City of Hereford, Texas, and under the authority of the statutes of the State of Texas.

Notary Public

ONLY HALF OF this attempted double play succeeded in Amarillo Tuesday. Second sacker Charlie Moreno of Hereford got Dan Henry on a throw from third baseman Ronnie Duncan but the throw was low and slow for David

Stevens at first as Bob Pitts got on by fielder's choice. This action came in the first inning. The Sandies overcame a 2-0 deficit and won easily, 33-5.

## YOUR FAIR SHARE...

Most Texans, we believe, are fair-minded folks.

They believe in fair play, square dealing, and mutual respect for personal and property rights. Those who want to take advantage of their neighbors are the exception.

Sometimes it may be hard to define "a fair share." This can occur in dividing oil or gas production, when two or more landowners are involved.

As we all know, oil and gas don't pay any attention to fence lines.

Here in Texas many wells have been allowed to produce more oil or gas than they should have because they were drilled on very small tracts. That extra oil or gas came from under the neighbors' land.

Some oilmen made a regular practice of this type of operation. Obviously, one owner got more than his fair share—others, less.

People in 26 out of 29 oil-producing states have found a way to divide their oil and gas so that each owner gets what is rightfully his. They simply put their small acreage together and share the costs and income. This system is known as POOLING.

Such a system is needed in Texas. It is proposed in a bill now before the Legislature, HOUSE BILL 510. When the neighbors cannot agree, the Railroad Commission would set up a drilling block and see to it that the rights of all owners are protected... all costs and proceeds equitably divided.

Oilmen who have made fortunes at the expense of others could not be expected to support House Bill 510. They are bitterly opposing it. But the responsible oilmen of Texas are overwhelmingly for it. So are the informed citizens who want to see justice done.

Ask your Senator and Representative at Austin to support House Bill 510—so Texas, too, will have a reasonable and legal way to assure to each landowner his FAIR SHARE.

(This ad paid for by Committee for Equitable Development of Texas Oil & Gas Resources, 341 Main Street, Austin, Texas 78701)

# Hereford Splits At Plainview, 5-7 And 4-2

Hereford split a double-header at Plainview Saturday afternoon. A two-run homer in the bottom of the seventh gave the Bulldogs a 7-5 victory in the first game. But Hereford scored three runs in the first inning of the second game and made them stand up for a 4-2 win.

In the opener, both teams were scoreless through three innings although Plainview got singles in the second and third innings.

Hereford exploded for four runs in the fourth inning on four hits. With one out, John Willoughby doubled and came in on Eugene Green's single. Joe Coffman and Charlie Moreno singled to drive in Green. David Stevens walked and two errors pushed in runs as Larry Hill ran for Stevens. Plainview came back for three runs in its part of the fourth. Billy Carthel singled, Manuel Nagar doubled, Ronald Fagan walked and David Ritter and Phil Stephenson singled. A double play from Coffman to Green to Moreno cut off a chance for more runs.

In the fifth, Hereford picked up another run for a 5-3 lead. Ronnie Duncan walked, took second on a passed ball and came in on Willoughby's single. Plainview scored once in the fifth on a single and three walks. A double play from Coffman to Green again cut Plainview's chances short.

The Bulldogs knotted the

score 5-all in the sixth as Fagan doubled and came in on Tom Sawyer's single.

In the last of the seventh, Roger Grant was hit by the pitcher. Carthel worked the count to 3-3, then teed off for the game-winning home run.

Phil Stephenson started for Plainview. He worked five innings, allowing four runs on four hits, walked two and struck out

six. Billy Carthel worked the last three innings and got credit for the win. He gave up one run on one hit, struck out five and walked two.

Gary Kendrick started for Hereford. He worked four and a third innings. He allowed four runs on seven hits, walked four and struck out four. Frank Cain pitched one and two-thirds innings, allowing three runs on three hits, walked one and

struck out none.

John Willoughby was the big hitter for Hereford with a single and a double in three trips. Billy Carthel won his own game with a single and a homer in three trips. Fagan and Sawyer got two hits in as many trips.

In the second game, Hereford opened quickly. Duncan singled, Lynn Cook was hit by the pitcher, Willoughby doubled

in two runs and Green singled. With one out, Moreno walked but Green was cut off at third to close the rally.

Plainview didn't get a base runner until Gayland Goddard walked in the last of the third. But a double play from Mike Ranspot to Charlie Moreno to Frank Cain (all sophomores) cut the Bulldogs down in order.

Green got on by error in the third, but couldn't advance. In the fourth, Gary Stagner walked and Ranspot singled, but they were stranded. Plainview got its first hit of the game in the fourth as Thomas singled.

Green singled again in the fifth, but couldn't advance. Plainview picked up its first run in the fifth. Robert Ferguson singled, but got picked off by Ranspot. Goddard walked and was doubled in by David Ritter.

Hereford got its fourth and final run in the sixth. Moreno singled but was out trying to steal second. Cain got on by fielder's choice, went to second on a wild pitch and came

in on two errors.

Three walks loaded the bases for Plainview in the last of the sixth. One run scored on a fielder's choice as a force was made at third. Joe Coffman grabbed a fly ball in center field and fired to Moreno at second for a double play to chop off that rally.

In the last of the seventh, Ferguson singled for Plainview, but was tagged on a throw from second base. A ground ball and a strike - out ended the game.

Sophomore Mike Ranspot went all the way for the victory. It evened the left-handed record at 1-1. He allowed two runs on four hits, walked five and struck out six.

Ronny Peret lasted just one inning for Plainview and took the loss. He gave up three runs on three hits, walked one and struck out none. Randy Leach worked the next six innings, allowing just one run on three hits while striking out seven and walking two.

Green swung the big stick for

Hereford with two singles in four trips. Ferguson picked up two of Plainview's four hits.

## Around...

(Continued from page 1)  
ization fails, it will be the fault of the parents first, and the community second. It seems the parents should be vitally concerned.

Neighbor Bill Lamm has a couple of small puppies that he would like to give away. One male and one female are looking for good homes. Their ancestry is rather dubious, but their mother is small and they should be fairly small dogs. Anyone who is interested is asked to come to 503 Avenue J and take a look at them.

Finals of the Kiwanis Club-sponsored ping-pong tournament will be held Thursday, March 28, at 6 p. m. in the Hereford Community Center. Entering will be finalists from junior and senior high divisions.

Shari Jo Carmichael, daughter of Mr. and Mrs. Pete Carmichael, was named winner of a contest sponsored by the Deaf Smith County Federation of Women's Clubs to select a drawing about the county for the new amphitheater in Palo Duro Canyon. There were 46 entries from Hereford High School, Stanton Junior High and St. Anthony's. Shari Jo is a senior in high school.

Honorable mentions went to Sharon Caster, Stanton seventh grader; Sylvia Alvarado, Stanton eighth grader; and Tina Rose Tylich, St. Anthony's. The design, along with those from other Panhandle counties, will be carved in stone to form a large plaque at the entrance of the symphonic drama site.

Little's is ready for the opening of its remodeled store and it is lavish, with more space, improved lighting and French

Provencal decor throughout. Mr. and Mrs. W. B. Little bought the store in 1945 and Mrs. Arthur Thompson has been manager since that time. The Littles are well-known for their travel photographs and Mrs. Little has even written a book about china painting. The Littles also have stores in Littlefield and Lubbock. For a personal touch in this store, Mrs. Little painted original designs on the light fixtures. Everyone is invited to drop by and see the new look at Little's this weekend.

Whiteface Booster Club will have a box supper on Monday April 1, in the Hereford High School cafeteria, starting at 7:30 p. m. The boxes will be auctioned off for a nominal fee, president Debby Knox says, and the evening will be used to help members and wives get better acquainted.

Dr. Dale Wynn found a ring

## Little League Votes To Delay Expansion Move

Hereford Little League officials made final plans for the coming season during a special meeting Friday night.

League officers, coaches and others interested in the Little League program voted to continue with only four major league teams this season, while enlarging the minor league organization to eight teams.

Officials decided to put off a proposal for major expansion of the Little League until another field can be constructed for the 1964 season. However, two new minor league teams will be organized this season.

Construction of a new Little League stadium in North Park was okayed. The stadium will be completed for the 1964 season, allowing a major expansion of the Little League organization at that time.

This decision halts a proposal to expand the league to six major league teams and 12 minor league groups this season.

There will be only one minor league organization this summer, the group decided. This league will expand from six to eight teams.

It was voted to drop the AAA minor league organization which last year consisted of five teams.

In making its decision, the group felt that in view of the limited facilities it would not be best to attempt to expand the major leagues this season.

"We felt that although many boys will not get to play ball this summer, expansion of the league would create too much confusion and difficulty," explained league president Ted Higgins.

Over 265 Little League application forms have been accepted. The league will field 220 boys this summer.

Try-outs for positions on the teams will be held in April. Major league tryouts are slated for April 17-19, while minor league tryouts are scheduled for April 22-23.

Boys who played on major league teams last year do not need to attend any of the try-out sessions, it was pointed out. These boys will play on the same teams this year.

"Tryouts are only for those who were not on one of the four major league teams last season," Higgins explained.

Little League season will open May 6, and is slated to end July 5.

## Sandies...

(Continued from page 1)

Amarillo poured in the fourth, but the hitting continued. Six runs scored on four hits, including triples by Denton Vinyard and Stanley Dodge and a double by Sam Gast, plus two errors and two walks.

In the fifth, the Amarillo crew tacked on seven more runs to complete the track meet. They did it on two doubles by Terry Ragland, and doubles by Dodge, Howell and Vinyard. There were three more errors, plus a hit batter.

Gary Kendrick came on in the last of the sixth for Hereford. His third pitch was hit to Duncan, who threw to first for the out. He then struck out the next two batters on four pitches each.

Duncan led the Hereford hitters with a double and a homer in three trips. Gilbert Coats hit four - for four, including two doubles, for the Sandies.

Lupe Ramirez was the first of five pitchers for Hereford. He worked one and a third innings, allowing eight runs on four hits, walked four and struck out none. Larry Minks worked the same distance, giving up seven runs on seven hits while walking one and striking out one. Frank Cain pitched one inning and gave up 11 runs on eight hits, walked two and struck out one. Gerry Bybee worked one and a third stanzas and was tagged for seven runs on five hits, walked two and struck out one. Gary Kendrick pitched one inning for no runs, no hits, no walks and two strike - outs.

Two Sandies combined to allow five runs on seven hits while striking out five and walk-

EARNING THE RIGHT to enter the District 4-H Club contests to be held in Canyon on April 8, the above boys were members of winning teams in the county contests held Saturday. From the left are: Robert

Gordon, field crops; Michael Engler, beef cattle; Gary Richardson, poultry marketing; Edward Hammett, field crops; Robert Gailley, poultry marketing; and Steven McAndrews, beef cattle. (Staff Photo)

ing three. Hereford had nine errors and Amarillo had three.

## Walcott School Patrons Hear Of Expansion Plans

By Mrs. S. N. Thweatt  
There was a good crowd at the spaghetti supper and PTO meeting at Walcott School on Friday night.

Special guests included Judge H. C. Williams, architect Herbert Brasher of Lubbock, bond advisor Bob Davis of Amarillo, Commissioners J. T. Guinn and Donald Hicks and the Rev. B. L. Davis.

Judge Williams spoke to the group briefly. Brasher showed drawings of the proposed addition to Walcott School and Davis discussed financial arrangements that could be worked out.

Mr. and Mrs. Jerry Northcutt are the parents of a boy born March 20 at Parmer County Hospital in Friona. He weighed eight pounds and was named Jerry Kemp Jr. Grandparents are Mr. and Mrs. Elmer Northcutt of Garcia and Mr. and Mrs. Clyde Querer of Grady, N. M. Mrs. G. E. Pinkerton had a family get-together recently. Present were a son, Mr. and Mrs. Ted Pinkerton of Woodward, Okla.; a daughter, Mrs. Ruth Coleman of Garcia; two grandsons, Mr. and Mrs. James Ray Coleman of Amarillo and Mr. and Mrs. Bruce Coleman of Garcia; a granddaughter, Mrs. Georgia Coldiron of Amarillo; seven great-grandsons, Ronnie and David Coldiron and Ted, Rex and Joe Coleman, all of Amarillo; Gary and Jeff Coleman of Garcia, and one great-granddaughter, Cindy Coleman of Garcia.

S. N. Thweatt of Bootleg and Bill Price of Hereford were in Abilene March 21 - 23 attending a Woodman of the World convention.

Mesdames N. A. Brown, Elmer Brown, H. D. Buse, Elton Sorrells, and Ernest Brown were guests of Mrs. S. N. Thweatt on Wednesday evening.

Mrs. Josie Busby of Lubbock is visiting in the home of her daughter and family, Mr. and Mrs. Bruce Coleman, this week. She will visit in Hereford and Friona before returning home. Mesdames Floyd Brown, Er-

nest Brown, Joe Coleman, Elmer Northcutt, S. N. Thweatt, N. A. Brown and Ruth Coleman made a trip to Girls Town, U.S.A., recently. They hung drapes which they had made. Unable to attend were Mrs. Jerry Northcutt and Mrs. Eldred Brown.

The group was honored at lunch with Mrs. Vivian McCracken, managing director, and D. L. Adcock of Lamesa, a board member.

Mrs. Ernest Brown has another niece, since Mr. and Mrs. T. J. Broxson of White Deer are parents for the fourth time. Kim Broxson spent last week with the Browns. The Browns spent last weekend in White Deer with the Broxsons. Mrs. Brown and Mrs. Broxson are twin sisters.

Elton Sorrells is recovering nicely from recent surgery.

Mrs. Roy Pruitt has joined her husband in Fort Stockton, where he is operating a cattle feed yard.

Mrs. Frank Ford Sr. visited their ranch on Thursday. She had been visiting in Borger.

Walcott girls' and boys' volleyball teams played at Bovina last week with the Wal-

### WEEK-END GUESTS

Visiting in the home of Mr. and Mrs. Guy Walser and Wayne of Summerfield this past week - end were: Mr. and Mrs. Pat Morse, Kyle and Fred and Mr. and Mrs. Mike Awalt, all of Ft. Worth; Mr. and Mrs. Gene Purcell, Mack, Becky and Donnie of Gruver; Mr. and Mrs. Durven Baker and baby from Morton and Ken Walser. Sunday dinner was held in the Walser home to honor the following birthdays, Mrs. Mike Awalt, Wayne Walser and C. R. Walser. Others attending the dinner were: Mrs. C. C. Walser and Mrs. Lee Curry, both of Hereford; Mr. and Mrs. Lloyd Mundell and Johnnie, Mr. and Mrs. Howard Black and Mrs. John Black, all of Amarillo; and Mr. and Mrs. Luther Foust and Walter of Plainview.

cott girls winning. They will play in a tournament at Nazareth this week.

Among those attending the games were Mrs. Bill White, Mrs. Buel Monroe, Mrs. Eldred Brown, Mrs. Harold Bass, Mrs. Wynne Bass, Mrs. Bobby Newby, Mrs. Joe Merrill, Mrs. G. V. Hall, Mr. and Mrs. N. E. Tyler, Mrs. Jack Weaver, Mrs. Norman Minks, Mrs. Waldron Melton and Mrs. Melvin Henderson.

Mr. and Mrs. Bill White, Sharon and Shelton, visited in Hereford Sunday with Mr. and Mrs. B. B. Hudson.

The Reverend and Mrs. Arnold of Rosedale, N. M., ate dinner with Mr. and Mrs. N. A. Brown on Sunday.

### Hereford FFA Grass Judging Team Wins Third

(See picture page seven)  
Hereford High School Future Farmers of America grass judging team placed third in the Amarillo District grass judging contest held Friday in Dumas.

With 17 other teams competing in the contest, team members placed high in individual events. Billy Johnson placed third in scoring while his teammates Tommy Bullard placed eighth and Robert Caraway won 10th place.

The team is coached by Wyatt Harman, assistant vocational agricultural instructor at Hereford High.

Amarillo District event judging was held in the Vocational Agriculture Department of Dumas High School.

## CHOOSE THE NK SORGHUM WITH THE RIGHT "BIG YIELD" ABILITY FOR YOUR FARM

What constitutes a "big" yield? In some dryland fields a harvest of 3,000 lbs. of grain per acre might be considered quite satisfactory. Yet in other places, especially where irrigation water is plentiful, this would be considered a very poor showing. Whether a variety has yielded big or not cannot be determined by grain weight alone—performance can only be judged according to the growing conditions under which the crop was produced.

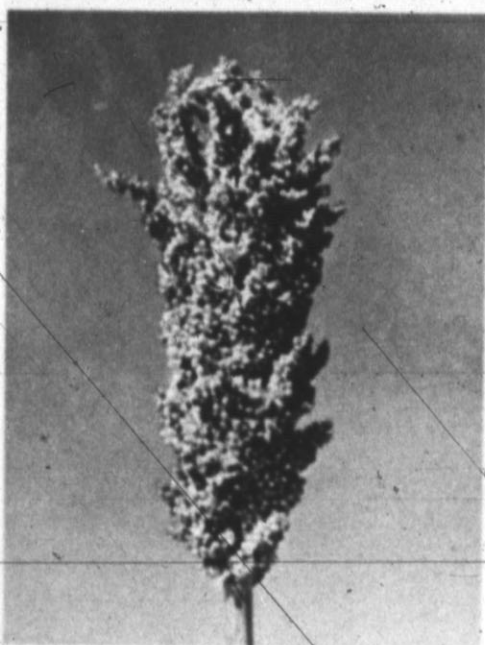

NK hybrids, when used when and where recommended, will produce a big yield under every growing condition found in west Texas. They allow you to select bred-in capability that's exactly right for the soil fertility, available water, stresses that might be encountered, and days to maturity. The right sorghum for your needs is here... in these three outstanding hybrids from Northrup King.

### NK 310 HERE IS THE KING OF THE BIG YIELDERS!

Leader of the full-season, full-potential varieties, Northrup King's NK 310 has proved its yielding superiority over and over against other sorghums in its maturity class. This extra yield potential has made NK 310 the hybrid against which other varieties are compared wherever good soil fertility and adequate water are available.

If you planted NK 310 in the right environment last year, there's not much doubt that you'll be planting it again this season. But if this outstanding hybrid has never been on your farm, and you feel your land and management offer the challenge it needs, talk over its unique qualifications with the local NK seed salesman. If he recommends NK 310 for your farm, don't settle for anything less!

Some of the reasons why NK 310 is such an efficient grain-producing "factory"

**BIGGER HEAD**—NK 310 has big, exceptionally long heads with plenty of room for grain development. Heads thresh cleanly, put more grain into the bin.

**MASSIVE ROOTS**—The NK 310 plant has a gigantic root system that probes deeper into the earth for extra nutrients and water vital to bigger yields.

#### NK 310 LEAFINESS STOPS WEEDS, HOLDS MOISTURE

NK 310 quickly reaches the stage where its exceptional leaf development completely shades row centers from the sun. These profuse, wide leaves keep troublesome, yield-cutting weeds from getting ahead of the sorghum plants, help the soil retain more moisture. The result is a field that yields more, harvests easier, and is a real source of pride.

"NK 310 always yields well for me. I started planting it three years ago... had 185 acres this past season. I like the way the leaves shade the ground and retain moisture."

Rae Groce, Route 2, Petersburg

"I'm more than satisfied with my NK 310... I'll certainly be planting it again next year. I like the uniform stand and expect it to yield exceptionally well."

M. A. Ulmer, Route 1, Lockney

"I believe practically every seed came up... I got a thick stand all across the field. NK 310 is the best maize I've ever planted... and I've been farming 24 years."

Tommy A. Byrd, Route 1, Petersburg

**STRONGER STALK**—NK 310 has a super stalk that enables it to deliver its bigger yield—despite the elements, despite the weight of the big NK 310 head.

**MORE LEAVES**—Here, in the "carburator" of the NK 310 plant where food and oxygen are combined, more leaf surface means additional power to produce grain.

### NK 222

New premium hybrid with a sensational record

Farm reports on this new yellow endosperm hybrid seem almost too good to be true! Originally bred to provide more vitamin A and protein than other sorghums, NK 222 proved in its very first year of large-scale use to have even more ability than its developers expected.

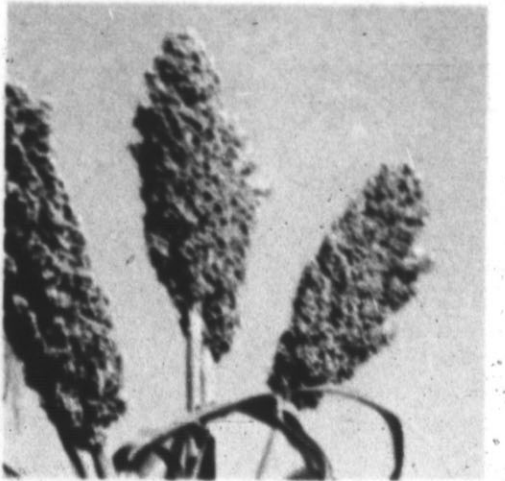

Last season, NK 222 proved that it has a high degree of smut resistance—in areas of heavy infestation most fields of NK 222 remained 100% smut-free. NK 222 also showed its exceptional dependability, refusing, unlike most other big yielders, to "give up" during stress periods. It proved that it has both the stalk strength and the extensive root system necessary for good standability. Its plump berries surprised growers with their exceptionally heavy test weight. With all these factors working together NK 222 earned a reputation for beating other hybrids in yield, even sorghums many days later in relative maturity.

Sound impossible for one sorghum to have all these characteristics? Maybe for most sorghums but not for NK 222!

Unprecedented demand has made NK 222 seed scarce this year. But if your dealer can still supply it, don't miss the opportunity to plant a truly amazing hybrid. After seeing its superior performance right in your own fields you'll probably want to plant all your acreage to NK 222 next year!

### NK 210

The most reliable NK sorghum of them all

If dependability is what you're looking for in a sorghum, NK 210 belongs on your farm. High yields have proved that NK 210 responds to the best management, but an ability to perform well under all conditions—good, bad, or "average"—sets this eager hybrid apart from the temperamental sorghums that all too often fail to deliver the big yields promised. Farmers from Nebraska into Mexico plant more NK 210 than they do any other Northrup King variety. A trial on your farm will prove why!

"I have enough water for only one irrigation and must rely on a good drought-tolerant variety. I think NK 210 is best. It comes right up... matures faster."

Harold Moore, Ralls

### FORAGES

ONLY NORTHROP KING HAS THESE EXCLUSIVE VARIETIES

From Northrup King research comes three of the finest forages ever offered in the Southwest. Look these NK hybrids over carefully and select the forages ideal for your needs. Remember, they are all exclusive Northrup King varieties available only through NK dealers.

#### NK 300...the unique forage sorghum

NK 300 produces leafy plants with strong stalks unusual in forage sorghums. Lodging problems are largely avoided. Even under somewhat droughty conditions, NK 300 will come through with good yields. Trials with NK 300 have demonstrated that its high percentage of grain (up to 30% of total weight is made up of grain) gives extra feeding value. Because it packs more protein per pound, NK 300 is the preferred forage on many of the largest cattle operations in the Southwest.

#### SORDAN...the new sorghum / sudan cross

This sorghum/sudangrass cross is another forage being introduced by Northrup King for the first time this year. Extensive testing has shown that Sordan has vigorous early growth and quick recovery after grazing or cutting. Sordan has an exceptionally high leaf-to-stalk ratio and can be used for either pasture or green chop. An excellent yielder, adapted wherever sorghum/sudangrass crosses are grown.

#### TRUDAN I... the first true hybrid sudangrass ever available for commercial use

This season, for the first time, you can plant a true hybrid sudangrass—Northrup King's Trudan I. This new hybrid has 100% sudangrass parentage on both sides, a feat of seedsmanship that only NK plant breeders have been able to accomplish on a commercial scale.

These are some of the advantages Trudan I provides:

- **Hybrid vigor.** Trudan I has stronger seedlings, recovers quicker from grazing or cutting than do either ordinary sudangrasses or the sorghum/sudangrass crosses.

- **Higher yields.** Yields up to 40% more than those of other sudangrass varieties have often been reported.

- **Better quality.** Trudan I forage is fine-stemmed and leafy, excellent for all purposes.

- **Adaptability.** Trudan I can be grown almost everywhere that other sudangrasses thrive.

- **Low prussic acid content.** Trudan I has prussic acid content as low or lower than most sudangrasses.

Only a very limited amount of Trudan I seed will be available this year. If you order now, your NK dealer might be able to set aside a portion of his allotment. See him at once!

### Your NK dealer invites you to a delicious sweet corn dinner!

NK seed dealers listed here have been given a supply of Northrup King's famous hybrid sweet corn seed for free distribution to sorghum growers. To get your sweet corn "dinner," just fill out the coupon and present it to your local NK representative. There's nothing to buy, no obligation. This is Northrup King's way of saying "thank you" for your enthusiastic acceptance of their sorghums. But better hurry. NK roasting ears have a way of disappearing mighty fast.

Present coupon and get your free sweet corn seed from any NK dealer listed here!

Limit: one packet per family.

## PLANT THE SORGHUMS THAT DO BETTER UNDER PANHANDLE AND SOUTH PLAINS GROWING CONDITIONS

Year after year, Northrup King hybrids continue to get a bigger share of the available sorghum acreage in the Texas Panhandle and South Plains area. There are many reasons for this increasing popularity, but they can all be summed up very simply: Northrup King hybrids are out-performing other sorghum varieties.

**NK Sorghums combine bred-in potential with area adaptability.** Northrup King varieties do better here in the heart of the Texas sorghum country because (1) they have the bred-in ability to produce, and (2) they are particularly well adapted to local growing conditions. This combination of yield potential

and wide-range adaptability is especially important in the Panhandle and South Plains where conditions vary so greatly from farm to farm and even from field to field. This year, plant NK sorghums—the hybrids that are doing better under local conditions.

MORE FROM EVERY  
ACRE...THROUGH  
CREATIVE SEED  
RESEARCH

This dramatic photograph shows NK sorghum plants emerging from soil that a hard rain has hardened and cracked. This kind of extra vigor means more plants that come up during stresses, more plants to produce grain and build yields.

### NK SORGHUMS START BETTER

Getting a good sorghum yield depends, first of all, on getting the proper plant population established. NK hybrids have an outstanding reputation for providing thick, vigorous stands, often under adverse conditions where other sorghums would fail. Farmers report that NK sorghums show excellent germination in hot, dusty seedbeds and in cold weather. They push through problem soils that would stop less hardy varieties. This thicker stand and early vigor mean, of course, a field with more capability to produce a big yield.

Gene Fletcher (Fletcher Bros.), Gruver

"My NK sorghum got about five inches of rain right about the time it started to come up. Plants that had

emerged were covered so badly with washed soil I gave up on the field. I was all set to replant when the sorghum started to emerge strongly... and it went on to produce a good stand!"

A. G. Williamson, Route 3, Plainview

"I never saw anything come up like my NK sorghum did after two hard rains. I don't believe corn would do as well. I had started to replant when I noticed it was beginning to come up... it made a good stand."

H. G. Watts, Route 3, Floydada

"I'm really sold on NK sorghum. I planted on June 10th... the crop grew faster than I expected and headed out with minimum cultivation!"

### Only Northrup King provides the benefits of Green Treatment

The exclusive Green Treatment process gives NK sorghum seed added protection that means more dependable germination, uniform emergence, and healthy early growth. During the critical days immediately after planting, Green Treatment acts as a protectant against many kinds of harmful soil-borne fungi and seed-damaging insects. Green Treatment is another extra benefit you get when you plant NK sorghum seed.

### Visit a Northrup King demonstration plot this summer

Supporting Northrup King's nationwide network of experimental and breeding farms are sorghum demonstration and test plots located throughout the Panhandle and South Plains. At these locations both established and experimental sorghums are constantly being evaluated to find the best varieties for local conditions. Your NK dealer probably has a comparison plot on his farm; if not, he can direct you to one nearby.

Every year thousands of farmers visit NK demonstration plots, such as this one at Lubbock, for firsthand information about sorghum performance.

Determined NK hybrids yield better because they grow better. They avoid much of the damage caused by weather stresses, especially when they're carefully selected according to the expected growing conditions.

### NK SORGHUMS GROW BETTER

Sorghum growers like the way Northrup King hybrids show steady growth and proper development at every step of the way from emergence to maturity. Because NK varieties have this bred-in vigor and additional stamina, they're better able to resist stresses which might occur. They adjust to periods of abnormal growing conditions, avoid permanent setbacks. And because they pull through these stresses in better condition, they go on to make a bigger crop.

Jon Appling, Box 1249, Levelland

"I'm well pleased with NK sorghum. It stands better than other sorghums I planted this year... I'll plant NK again next year."

This Northrup King sorghum has been left in the field well into late winter as part of a continuous test program to find better standability. Despite the completely dried out stalks and heavy snow cover, practically all of this crop is still standing erect—proof of bred-in stalk strength and deep root systems.

### NK SORGHUMS STAND BETTER

Some sorghum breeders, in their haste to get bigger yields through bigger heads, have neglected other parts of the sorghum plant. Not so with the Northrup King experts! NK varieties have been developed on the basis of total performance, on their ability not only to produce but to deliver. NK hybrids recommended for the Panhandle and South Plains have deep-reaching root systems that anchor plants securely in loose, sandy soil... stalk

strength that resists breakage in high winds... all the characteristics necessary to avoid lodging.

Calvin Robertson, Route 3, Plainview

"I tried 13 acres of NK sorghum in 1961 and it cut right at 10,000 lbs. per acre. I upped my acreage to 100 acres in 1962!"

Billy Bob Jackson, Route 2, Hale Center

"My NK sorghum was the best feed I had last year... I expect good yields again this year."

You get the best yield growing conditions will allow when you plant the proper Northrup King variety. NK hybrids yield more in their maturity class because they have bred-in yield potential and better adaptability.

### NK SORGHUMS YIELD BETTER

Specific, bred-in characteristics such as length of time to maturity, stress tolerance, and insect and disease resistance determine how well a sorghum will yield. No single variety, regardless of how skillfully it is bred and developed, can be the best yielder under all circumstances. That's the reason Northrup King offers three distinctively different grain hybrids for the Texas Panhandle and South Plains. Each of these varieties is well-qualified in its own way to produce a big yield under the varied growing conditions found in this area. This year, get a Northrup King-size yield—local adaptability and bred-in yield potential make the difference!

### THIS IS THE REASON FOR THE WHITEFACE SAFETY CAMPAIGN!

TRAFFIC ACCIDENTS involving high school students were a major problem in Hereford last year. From minor accidents occurring on the high school campus, to major traffic mishaps within the city, to motor scooter accidents, Hereford teenagers accounted for almost one-fourth of the city's accidents. This warrants a crack-down on safety at Hereford High School.

(Brand Staff Photos)

# Police Chief Talks Of Teenage Driving

By Bill Woolbright  
Whiteface Reporter

Although teenage drivers in Hereford accounted for 24.91 per cent of all the accidents in the city in 1962, it is the belief of the Hereford Police Department that the local teenage drivers are "about average."

According to Marshall Padgett,

Hereford Chief of Police, who worked in Amarillo for 12 years, Hereford teenagers are somewhat safer drivers than those in Amarillo.

The department feels that the major problem existing currently is the hotrodding around schools. However, because of the issuance of several fines, several minor accidents on campus, and one major mishap, Chief Padgett feels that the "hotrodding" will soon stop.

The following statistics were taken from the ANNUAL REPORT, DEPARTMENT OF POLICE, CITY OF HEREFORD, TEXAS, January, 1962 - December 31, 1962.

In auto accidents in the city 82 per cent of those involved were males, and 18 per cent were females.

Drivers aged 14 - 18 contributed to 7.9 per cent of the accidents. High school drivers from the ages of 17 - 19 contributed to 17 per cent of the accidents.

The biggest violation in Hereford was speeding. Last year there were 444 cases with 398 of these being found guilty.

Other statistics on moving violations include: racing, 20 charged, 20 cases completed.

Section Two

## Safety Draws Support

Members of the Hereford High School Whiteface staff, have been sponsoring a safe driving campaign on the school campus.

During the campaign which began Monday, March 18 and will last for two weeks, members of the newspaper staff have been given the consent of the school officials to act as traffic police and issue tickets for traffic violations

such as speeding, parking incorrectly, and other minor offenses.

During the first week of the campaign, only warning tickets were issued to students who violated the traffic rules and regulations. Tickets given the second week are to be the real deal and will result in the revoking of driving privileges around the school and the student will not be allowed to bring his car on the school premises.

A map of the permissible parking areas has been posted on the bulletin board outside the office.

The Hereford Brand helped with the effort by publicizing the paper staff's objectives and radio station KPAN aided by giving broadcast announcements of the campaign.

Each day a slogan was read over the intercom at the school and further emphasis of the slogan was given by the displays created by members of the staff.

The following are the slogans in order as they were used and the display which carried out the ideas behind the thought:

MONDAY - "Slow up here and Show up there!" featured a skeleton on a stretcher, first aid kit and supplies, signs giving the slogan and another saying "This Could Be You!"

Tuesday - "Slow up at Sunday!" used the same display as Monday with different slogan sign.

Wednesday - "Watchful Eyes Get No Surprise" showed two pairs of eyes drawn on posters facing a highway with cars. One car is wrecked into a pole.

Thursday - "Driving is a Full-time Job!" - same display as Wednesday, with a different sign.

Friday - "Death is so Permanent!" showing two graves, slogan, picture of casket and pallbearers.

Monday - "Don't Walk Out of this World!" - same display as Friday, but with different slogan. Tuesday - "A Little Chance Makes a Big Crash!" Wednesday - "Be safe - Be seen!" Thursday - "Can You Stop in Time?" and Friday - "Don't walk yourself to Death!" (Displays will coincide with the slogan for the last four days.)

Other projects were division of the halls to represent highways, and the use of posters.

"We, of the Whiteface Staff, hope that this campaign will encourage safe driving not only on the H. H. S. campus," states the paper's editor, Linda Higgins, "but throughout the entire community."

During her stay in Hereford, Aunt Jimma visited all schools to promote the Pancake event and entertain for the students.

Aunt Jimma is a professional singer and is sponsored by the Quaker Oats Company.

## Auto Seat Belts Prevent Injuries

People spend hundreds of dollars each year for insurance. Insurance comes in many forms, but perhaps one of the most practical comes in the form of a belt - an auto safety belt.

Admittedly, all the safety belts in the state will not prevent accidents, but their help has been proven effective in preventing injury.

The fact that almost all fatal accidents occur within 25

miles of home was pointed out in a recent survey. Half of the accidents occur at a speed of less than 40 miles per hour. In the same survey it has been proven that 84 per cent of all auto fatalities result when victims are thrown from their car.

The main use of safety belts is for the mother who takes her child and dashes on some

(Continued on page 3)

## How Safe Is Your Car?

By Donita Allred  
Whiteface Reporter

How safe is your car? Do you have your car inspected regularly to see that it is in good condition with every instrument or device working correctly?

When you approach a stop sign or traffic light, can you press lightly on the brakes and start stopping immediately, or do you have to take your foot off the accelerator in the middle of the block, let the car slow down,

and, then start pumping the brake pedal furiously to stop in time for the sign or light? What would have happened if you had been trying to stop for an unexpected pedestrian in the middle of the block? Could you have stopped in time?

Are the head and tail lights on your car working properly? Can you pull the light switch and at once know the lights, all of them, will be burning? Does the block, let the car slow down,

(Continued on page 3)

FAULTY BRAKES are the cause of many accidents. The driver of the vehicle above thought that his brakes were good - until he tried to stop to avoid an accident and the pedal fell limply to the floor. Although an annual auto safety inspection is required by law, cars should be inspected more often to avoid such mishaps.

(Brand Staff Photo)

### AN EDITORIAL

## Driver's Education Program Is Needed

Although Drivers Education was not offered in the Hereford school curriculum this year, there is a definite need for it. There are more young people driving today than ever before. A Drivers Education program would instill the proper attitude toward driving in young students. Without this attitude the young driver not only endangers himself, but also the lives of others.

The purpose of such a program is to give the student a chance to know what is right. It impresses upon them the rules and regulations which are set out by the state and community. It also gives students a chance to practice driving under expert supervision.

The good that is done by such a program is substantiated by the fact that insurance companies allow ten-per cent discounts to drivers education graduates.

The question is not, however, whether the program has merit or not, but how the program can feasibly be presented to Hereford students. The course requires 30 hours of classroom work, six hours of actual driving, and 24 hours of observation. This will not occupy the student for a full year. The problem is what to do with the student while he is waiting to drive or observe. Formerly the course was offered in conjunction with the P. E. program. While the students were waiting to drive or observe they took part in a regular P. E. program. However the recent emphasis on physical fitness by the state makes it impossible to continue in this manner.

This leaves only one alternative. The program must be offered during the summer on a voluntary basis. The students would attend ten three-hour class sessions and then be scheduled for driving at a later date.

Although this summer program will exclude a few students, it is the only feasible way to present it.

In conjunction with the current high school safe-driving campaign, the Whiteface is making a plea to school officials to study the feasibility of reinstating an accredited driver's education program for Hereford High School students.

## Hoof Prints

By David Stevens  
Whiteface Sports Editor

The Whiteface baseball team won its first games last week as it beat Pampa and Plainview. The Herd is getting better all the time. In Saturday's doubleheader with Plainview, Hereford did not make any errors.

The pitching seems to be coming along well. Gary Kendrick, Mike Ranepot, and Lope Ramirez have all shown good stuff as starters. With some more experience the pitching staff could be pretty tough.

The Herd plays a doubleheader against Palo Duro in Hereford Saturday. Then they really get down to business with the district opener against Levelland on Tuesday. The game will be played in Hereford.

In the Levelland Invitational Track Meet held last Saturday Hereford scored 22 points. Ronnie Welty accounted for 20 of these points with a first place in both the 100 - yd. low hurdles and the 150 - yd. high hurdles. He set a new record in the low hurdles with a time 26.1 seconds.

Austin Hodges high jumped 4' 7" for second place. The jump broke the old record which was held by Hodges and two others but was not good enough for first.

## An Open Letter To Hereford Booster Club

To the Booster Club:

We, the students of Hereford High School, wish to express our deepest thanks for the victory bell which was presented to us by the Booster Club.

We are also indebted to the Booster Club for the interest and enthusiasm they have generated for the sports events this season, and in the past.

We are very proud of our victory bell and we'll see that we get to ring it soon.

s/Hereford High School Student Body

## AUSTIN HIGHLIGHTS

## Legislature Is Considering Slogan For License Plates

By Vern Sanford  
"Hi Pardner".... have you suggested a slogan for "The Longhorn State"?

Better get your pencil and paper out and start thinking. Everybody's doing it!

Reason is, there's a bill before the Texas House of Representatives calling for a slogan to be imprinted on our auto license plates. Three choices are given in the bill. They are "Lone Star State," "Vacation State".... and "Texas Has Everything."

Latter slogan was sent in by a newspaperman, Bob Bray, publisher of the Marble Falls Highlander.

Come to think of it, what's wrong with "Hi Pardner" — the two words we used in starting

this column? Sounds like the friendly welcome of a Texan in state or out of state.

Cost of adding a slogan to the Texas tags would run only about \$150. Or just the cost of the new dies.

Speaking of license plates, a bill by Rep. Ray McNutt of El Paso would eliminate the front tag. Saving to the state—\$400,000 annually.

### UP IN THE AIR

Activities of state agencies in aeronautics filled the air in two recent meetings of the House Committee on State Affairs.

Rep. B. N. Barnes of De Leon got a hearing on his bill to abolish the Texas Aeronautics Commission. It is asking \$436,000 for the next two years. Commission has been credited by

with helping create landing strips in smaller communities. Rep. Gene Hendryx of Alpine favored abolishment of the commission.

He said citizens of his town built their own airstrip with \$1,000 of local money, without any governmental aid except for the use of some county bulldozers.

Land Commission Jerry Sadler protested a bill by rep. Roy Arledge of Stamford which would force all agencies except the Texas National Guard, Texas State Guard, and the Department of Public Safety to sell all "executive - type aircraft" with more than 250 horsepower.

Sadler said the Arledge bill was aimed mainly at the Land Office. He insisted the State Land Office needs an airplane for aerial surveys of state land.

### ANNEXATION COMPROMISE

Municipal annexation bill, ad passed by the House, is considered by the Texas Municipal League. Ditto for interested industries — including the Texas Association of Homebuilders — that have been on the other side of the fence.

Straddling the fence during the four days it took the House to pass on the bill written by Rep. Henry Grover of Houston, and rewritten by Rep. Jerry Butler of Kennedy, were enough representatives to decide the matter for one side or the other.

Several votes indicated the cities might win the right to annex additional territory in a manner they consider reasonable. Other votes indicated the industrial pressures would be the winning factor.

Finally, 130 House members decided Grover's bill was good enough to send to the Senate as a "workable vehicle" for a joint conference committee. But 14 felt that it still wasn't fair either to cities or to rural people living on fringes of the cities.

Main point in contest still seems to be: How much authority should cities have over surrounding areas subject to annexation?

As it stands, cities would be limited to setting "minimum standards."

### AUTO INSPECTION DEADLINE

Col. Homer Garrison Jr., di-

rector of the State Department of Public Safety, has sent out a reminder to Texas drivers who do not have their 1963 auto inspection stickers that April 15 is the deadline.

If Rep. Terry Townsend of Brady has his say the \$1 auto inspection fee will be raised to \$2. But Rep. George Richardson of Fort Worth said he will oppose any increase.

### CROP INSURANCE

Farmers will get more liberal crop insurance coverage under revised policies and rates issued by the State Board of Insurance. New plan eliminates the controversial mechanical-harvesting clause pertaining to cotton.

Revisions were requested by both wheat and cotton growers.

Coverage will be available under economically priced "escalator" and "step - ladder" forms, as well as "broad form" policies.

### GOVERNOR'S APPOINTEES

Frank C. Erwin Jr., Austin attorney, was named by Governor Connally to the UT board of regents, to replace Judge W. St. John Garwood, also of Austin, whom the Senate earlier refused to confirm.

Jack Kuitgen of Waco was his choice as State Highway Commissioner. He replaces Charles Hawn of Athens, whose term has expired.

The Rev. C. A. Holliday, Negro minister of Fort Worth, has been named by Connally to a six year term on the Texas Board of Corrections. He succeeds John S. Justice Jr. of Fort Worth. Connally pointed out that this is the first time a Negro had been appointed to the board.

Connally re-appointed to the Board of Corrections J. M. Windham of Livingston and Jack Vaughn of Dallas.

Dr. J. A. Chatman of Lubbock, Joseph A. Scott Jr. of San Antonio and the Rev. Martin Griffin of Waco were assigned to the Texas Southern University's Board of Directors. All are negroes. They replaced J. M. Odom of Austin, Mack H. Hannah Jr. of Houston and the late Dr. Everett H. Givens of Austin.

Mrs. Jack T. Bowman of San Antonio was appointed to the Board of Regents of Texas Woman's University. Mrs. John Hazelwood of Amarillo was re-appointed.

To the Texas Tech Board of Regents the governor named Herbert Allen of Houston and Roy Furr of Lubbock. He re-appointed Harold Hinn of Dallas.

### LEGISLATIVE WIND-UP

Governor Connally and House Speaker Byron Tammell seem to agree that the 58th Legislature should wind up its business before the May 27

## BILL CLAYTON REPORTS

## House Spending Bill Is Approved

One half of the time for the regular session of the legislature has been completed and there have been approximately one thousand bills introduced in the House and approximately five hundred bills introduced in the Senate.

The Appropriations Committee of the House, for the first time in recent history, reported the appropriations bill, House Bill 88, to the House within the constitutionally required sixty days. The House passed the bill after a full day of discussion and debate in its original form and with only nine dissenting votes.

This bill meets the requirement of being certified by the comptroller, as being within the estimated income of the State for the next bi - ennium. The Senate has not finished their work on the Senate finance bill, but as soon as they do and it is passed in the Senate, then a Conference Committee of the two houses will be appointed and work can be begun on the final appropriation bill.

It is hoped, that if the Senate does not up the bill too much, we can get a final bill within the estimated income.

The various committees continue to meet daily and hear the various bills. As of this time the Labor Committee has not reported a bill for floor debate.

House Joint Resolution 44, which would have frozen the sales tax at the present 1 percent, failed to pass the House. I voted against this resolution because I felt that this left the door open for a State income tax or a corporation income tax, and certainly I do not believe the people of my district want either.

I also voted against the bill, and it was defeated, that would

deadline. This should please the Legislators. They stop getting the usual \$12 per day living allowance 20 days before that deadline.

But many are afraid the loan shark bill may hold them here.

have provided for four year terms for members of the House of Representatives. I believe that the Representative is the closest voice the people of Texas have in their State Government, and I believe they should have an opportunity to vote for their representative every two years.

Two of the major pieces of legislation proposed by Governor Connally passed last week. One created the Committee on Education Beyond the High School Level, and the other created the Texas Tourist Development Agency.

The House and Senate passed the insecticide inspection bill, which is a protective measure for the farmers. It provides for the inspection and chemical analysis of insecticides that are sold to farmers. The House passed the bill which related to the automobile safety responsibility law, and put more teeth into the law affecting drivers who drive without liability insurance.

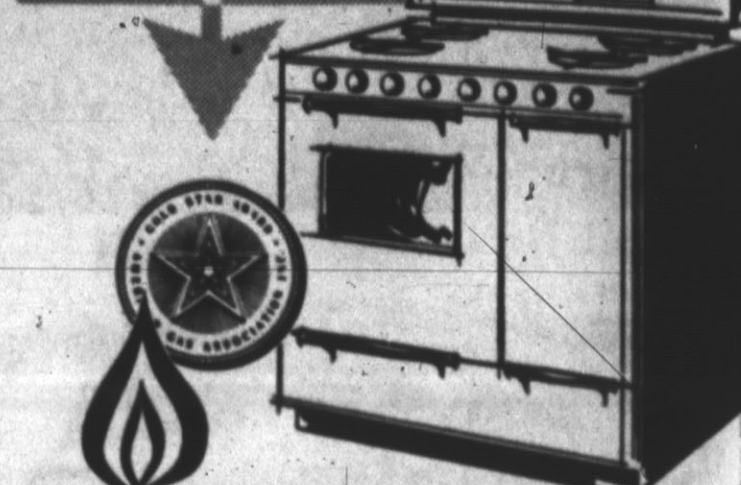

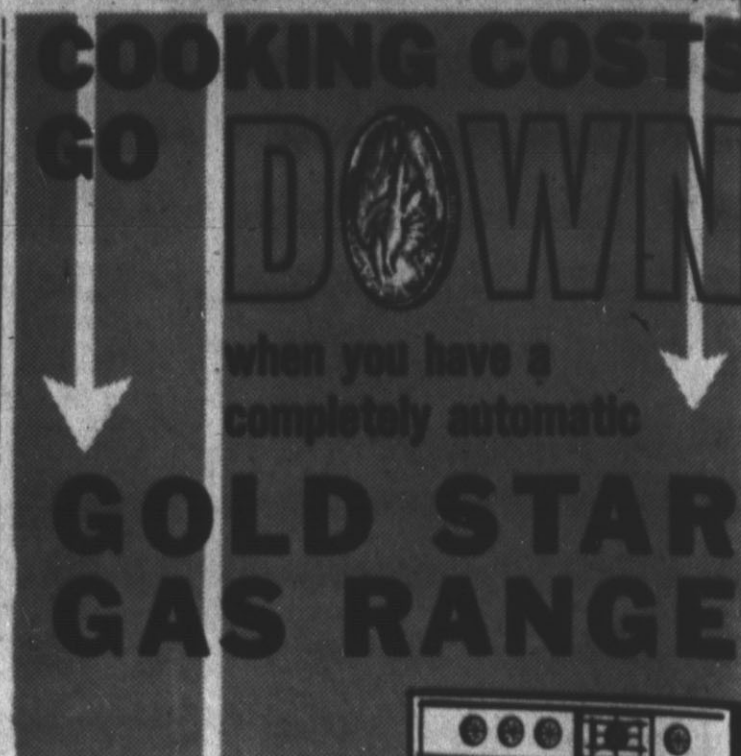

House Bill 13, the annexation bill, was passed by the House after discussion and debate that covered four days. The bill was amended several times, and I believe it will be a good compromise of the problem that has existed for so long. It now provides for orderly growth of cities, but does not allow agricultural areas to be annexed for the purpose of taxation.

I understand that there will be coming out of committee shortly a congressional redistricting bill. It is my understanding, also, that this bill has little effect on the 18th and 19th Congressional Districts as they are pretty well proportioned as to the required population.

The Senate has had some "loan shark" legislation under discussion; however, none of the loan bills have come out of the Committee in the House for discussion, but they probably will within the near future.

The Textbook Committee laid out their report, of their last year's hearings, the past week. (Continued on page seven)

PAUL ENGLER MGR.  
RM 4-0172

BILL ROPEL  
RM 4-1488

EAST HWY 60 — HEREFORD, TEXAS

## 36 days that proved Ford's total performance!

RIVERSIDE, CAL.  
January 20

In a total performance test of brakes, suspension and steering on the twisting Riverside sports car course, Don Gurney drove a Ford hardtop to victory over 43 other stock cars. The 500-mile grind demonstrated Ford's superior stamina and road-holding.

MONTE CARLO  
January 23

The '63½ Falcon V-8 Sprints made their debut with a fantastic showing at the 2,500-mile Monte Carlo Rally. Through Europe's worst winter weather they placed 1st and 2nd in class. Besides this... one Sprint defeated every entrant in the Rally's six special stages.

PURE OIL TRIALS  
January 27

In a competition designed to test all-around performance, Fords were overall winners in Class I and Class II in the Pure Oil Performance Trials at Daytona. Their total performance design added up to most total points in gas economy, acceleration and braking events.

DAYTONA, FLA.  
February 24

Daytona "500" history was made when '63½ Fords blazed into the first five places! Since Daytona is the toughest track in the world, this was eye-opening proof that Ford's total performance design can endure the maximum in automotive punishment.

... and here are the 63½'s that gave total proof of Ford's durability and handling!

You may never see a competitive auto event. But at 30 mph on rain-slick blacktop, in the close-packed rush of 5 o'clock traffic, on a twisting mountain road, the results are important to you. On every slippery surface you need the kind of roadability that placed five Fords out front in

the Daytona "500." On every busy cross street—you want the brakes that won on Riverside's sports car circuit. Your engine will hold up better through years of turnpike use because it's as beautifully balanced as Falcon's Monte Carlo V-8's. The winning competition car is bound to be a great road car—and Ford is the big winner!

If it's Ford-built, it's built for performance... total performance!

### Mrs. H. F. Benson Hostess To Needle Club Quilting Party

Mrs. H. F. Benson served as  
hostess to the Mother's Needle  
Club on Thursday, March 21,  
for a quilting party.  
Each lady brought a covered  
dish and spent the day quilting.  
Those present were: Mesdames  
A. H. Swigert, C. N. Mc-  
Clure, Adam Flowers, Ralph  
Paul, Mae Green, N. C. Wesson,  
A. H. Cook, Hugh Reynolds, W.  
T. Gunstenson, Luther Ellis, A.  
T. Jones and the hostess, Mrs.  
Benson.

### PATIENT IN AMARILLO

# SAFEWAY

By Audni Miller

Hello! And since it's "officially" spring, let's begin with a quote from Louis Untermeyer's *Prayer*, "Open my ears to music; let me thrill with Spring's first flutes and drums — But never let me dare forget the bitter ballads of the slums." And so it's Mar. 28!

Headlining the HHS news parade this last week was Kathy Knox, Hereford High School senior — Kathy has been selected as a member of the 125 piece United States of America band which will perform at the National Lions' Club Convention in Miami, Fla., and then will tour the United States and Mexico! Heartiest of congratulations to the musically talented Miss Knox!

Then, Aunt Jemima, and her accompanist Ted Herman, were featured in a high school assembly program last Friday, Mar. 22. (They appeared at Stanton Junior High on Thursday.) Highlights of the assembly were the songs she sang to Margaret Frerich ("Ain't She Sweet"), and to Ronnie Welty ("You Must Have Been A Beautiful Baby"). Needless to say, two HHS students were slightly embarrassed! The audience response to Aunt Jemima and accompanist Herman was tremendous!

And on the previous Wednesday, Mar. 20, the student body of Hereford High responded with enthusiasm to the presentation of a Victory Bell. The bell was given to the high school by the equally enthusiastic members of the Whiteface Booster Club! The bell is mounted on a "trailer-type" structure which is painted a vivid maroon: a Whiteface "head" (actually, a miniature likeness) is perched on the top of the trailer. All in all, the Victory Bell and its trailer home are "really sharp!"

By the way, the Hereford High School National Honor Society is selling Kathryn Beach Katydids — a chocolate-covered caramel, nut candy. Money will go toward the Society's Scholarship Fund.

Oooh! How could I be so "out of it?" Not once have I mentioned the Whiteface baseball team! So, here 'tis: the 1963

Hereford High baseball team includes (mind you, this may not be all!) Ronnie Duncan, Johnny Wayne Willoughby, Eugene Green, Joe Coffman, Jay Boynton, Charlie Moreno, Larry Minks, David Stevens, Frank Cain, Lynn Cook, Gary Kendrick, Gary Stagner, Lupe Ramirez, Mike Ranspot, Gerry Bybee, Jackie Andrews, and Billy Hill. Last Friday afternoon, here on the home diamond, the Whitefaces won their first game of the season as they defeated the Pampa Harvesters by a score of 11-6! Yea, team!

Among the college students home last weekend were Sara Gilleline, who had as her guest — Della Gorena (who attends Baylor, also; Avie Justice, who brought with her three girls from Hardin-Simmons U.; Sharon Foster, Carol Ann, and Linda Johnson; Mack Cansler was here from Oklahoma University; Troy Don Moore put in an appearance from Tech, and Joe Shultz was back in Hereford from South Plains College in Levelland. It was so nice to see these not-so-familiar faces!

(Sound of trumpets and drums: Stanton Junior High's All-School Play will be presented in the Stanton auditorium on May 4 and 5! "Papa Was A Preacher" has a cast of 15 — Jimmy Allison as Papa, Charlotte Hill as Mother, Gary Story as Hugh, John Lesly as Raybon, Ed Mims as Cecil, Jean Roberson as Janette, Nate Stark as Ed, Gayle Newell as Alyene, Ken Stark as Jeffrey, Chris Meredith as Miss Jones, Paula Waldrep as Lucy, Randy Hopson as Jenny, Penny Jones as Helen Ludlow, Sidney Bayne as the Bride, and Andy Channer as the Groom. Phew!

Now that you're tired of reading names to which you are unable to attach any significance — rest assured that after you have seen this production, you will know just "who" everyone is! Director Norma Gripp, who-

se able assistant is Mrs. Roy Hartman), says that admission has been set at 35 cents for students and 75 cents for adults. Do avail yourselves of an evening of delightful, wholesome entertainment!

In the Music Section of Notes (to write "Music Notes" would be a pun!) From Stanton Junior High: after performing in the Region II Texas Interscholastic League Choir Contest on Tuesday, Mar. 19, the Girls' Choir received a concert rating of II and a sight reading rating of II; the Boys' Choir, a concert rating of II and a sight reading rating of III; and the Mixed Choir, a concert rating of II, and a sight reading rating of IV.

And from Hereford High School comes this report: After competing in the Region II UIL Choral Contests on Wednesday, Mar. 20, the HHS Mixed Choir earned the Special Award (which means that the choir received a Division I in both concert and sight reading contests) as did the Boys' Choir; the Girls' Choir topped a rating of I in concert, and Division II in sight reading. Following the announcement of ratings, choir director Don Moore made an official announcement of his own. That the Hereford High School Mixed Choir will participate in the Buccaneer Music Festival which will be held in Corpus Christi May 2-5! Thus, Mixed Choir members are literally beaming! Certainly, warmest wishes go to all of the Stanton and Hereford High Choral groups, and to the earnest directors, Wesley Hopp and Don Moore!

This week there is a trip to record — HHS Student Council delegates Judy Wiman, Beth Ballard, Arvell Williams, John Fowlkes, Heather Gordon, and Frank Hergert, chaperoned by assistant principal Bill Michael, journeyed to Abilene to attend the State Convention of the Texas Association of Student Councils. (The group departed Hereford last Thursday and returned on the following Saturday.) General headquarters for the meeting was Cooper High School, although most of the sessions were conducted on the campus of Hardin-Simmons University. All the delegates report the convention as being "lots of fun, as well as worthwhile." (And, Judy, wasn't there some "Special Attraction" from Ft. Stockton???)

Mrs. Cave has furnished the following information: This Friday night, Mar. 29, there will be THE Junior High Semi-Formal Dance! Ray Raff and the Checkmates will be on hand to play the top tunes — admission price is set at 50 cents.

A surprise remains in store for you high schoolers — at press time it is not definite whether or not the Saturday night dance will be "record" or otherwise — or what the admission price will be. So, watch for a poster on the front door of the Center — it will "tell all."

Concerning Mrs. Cave — her teenage admirers presented her with a beautiful birthday cake during the course of last Saturday night's dance! All of us who know this gracious lady consider her an invaluable friend and confidante — we

DODGING UNDER THE BALL, Hereford's Joe Coffman slips safely into third base during the fifth inning as Pampa Harvester Third Baseman Jim Arthur missed the tag. Coffman later scored for Hereford on a wild pitch. The Whitefaces won their first game of the season with a 11-6 victory over Pampa here Friday afternoon. The Herd was slated for a double header at Plainview Saturday afternoon. (Staff Photo)

shall always remember her as a "boom" to the younger generation! So, belated birthday wishes (her birthday was last Monday, Mar. 25) as well as many, many "thank you's" are sent to the One and Only Mrs. Cave!

MANY AN APPLE PIE has been made by Mrs. Ethel Gunstenson, always having one ready for unexpected family or friends a-rivals. Her grandchildren all feel that some-

thing is wrong if there is not one to eat when they come for a meal.

(Staff Photo)

### LET'S COOK SOMETHING!

## Mrs. Gunstenson Likes Using Home-Canned Apples

(Editor's Note: If readers detect a note of prejudice and fondness in the following story, the writer should be

excused for abandoning her usual objective style. You see, she is writing about her mother.)

By Barbara Noel  
Brand Society Editor

Moving to Hereford from Wellington on Thanksgiving Day of 1942, Mrs. W. T. (Ethel) Gunstenson found that this area was truly a land of opportunity. Up until 1959 they farmed a mile south of Hereford.

Always interested in serving well - balanced meals to her family, when she had her three daughters still at home, she now continues, but for grandchildren and son-in-law, in addition. All four of her grandchildren, two girls and two boys, feel it is an honor to be invited for dinner at grandmas for as they call her "Ma".

During the fall of the year, when the apple season rolls around, Ethel always cans plenty of apples, usually about four bushels. Since her family are all in agreement that her apple pies are the most delicious in the country, there must be enough canned apples in the pantry to last from season to season.

Also during the summer, many fresh vegetables, such as beans, corn, peas, carrots and okra are canned and frozen, to be included with her delicious meals.

Among Ethel's hobbies are quilting with the Mother's Needle Club and writing poetry.

While her children were all small she was one of the best seamstresses in her community. She sewed everything for her and her girls and has made many a dress for her grandchildren.

With the canned apples that she cans, Ethel uses a very simple recipe for her apple pies, but with the just right touch they always turn out to be "out of this world."

#### Apple Pie

1 quart canned apples  
1 cup sugar  
1 teaspoon nutmeg  
Butter

Heat apples in pan with sugar and nutmeg added. After they have been heated slightly, pour the mixture into a prepared pie crust and dot the mixture with butter. Add top crust and bake in a 400 - degree oven until brown. For a variety add about 2 cups of prepared mincemeat to the apples.

#### Pumpkin Pie

2 eggs, slightly beaten  
1 1/2 cups pumpkin  
3/4 cup sugar  
1/2 teaspoon salt  
1 teaspoon cinnamon  
1/2 teaspoon ginger  
1/2 teaspoon cloves

1 2/3 cup evaporated milk, top milk or light cream  
Mix ingredients in order given. Pour into a 9 - inch pastry shell. Bake in hot oven, 425 degrees, for 15 minutes. Reduce heat to moderate, 350 degrees, and continue bakign 45 minutes or until knife inserted in center comes out clean.

For two 9 - inch pies, double this recipe, pour into pastry shells.

#### Carrot Salad

6 carrots, shredded  
1/2 cup salad dressing  
After the above has been mixed together, add:  
1/2 cup celery  
1/2 cup raisins (let raisins soak in warm water for a few minutes in order to soften them.)  
Mix all together. For a variety add pecans or lettuce.

#### Deluxe Potato Salad

Add 3/4 cup salad dressing to 4 cups of diced potatoes, that have been cooked. Then add the following ingredients to the above:  
1 cup chopped celery  
1/2 cup finely chopped onions  
1/2 cup chopped sweet pickle  
2 tablespoons pickle juice  
2 tablespoons chopped pimento  
2 hard - cooked eggs  
Toss together until well blended.

## Shower Honors Recent Bride On Thursday

A bridal shower honoring Mrs. Linda Martin Caster was held Thursday evening, March 21, in the Blue Flame Room of the Pioneer Natural Gas building. Serving table was decorated in the bride's favorite colors of orange and white with a white lace cloth over a solid orange cloth. White streamers were on each end of the table with Linda and Ronnie written in silver glitter. The bride's bouquet and a miniature bride and groom were used for the centerpiece. Those standing in the receiving line to welcome the guests were: the bride, Mrs. Linda Martin Caster; mother of the bride, Mrs. A. G. Martin and mother of the groom, Mrs. R. W. Caster.

Hostesses for the shower were: Mesdames John E. Meador, Jerry Pennington, Wilma

Curtisinger, Sammie Osbourn, Fred Autry and Misses Janice Meador and Marchetta Hutchinson. Refreshments of white cake and punch were served to 52 guests with numerous miscellaneous gifts being received.

Theodore Roosevelt discovered the Tcodoro river in Brazil which newspapers called the River of Doubt until its existence was confirmed.

Fleet Street, London is the home of England's newspaper offices.

Slaughtering and meat packing is the most important industry of Illinois.

Pago Pago, in American Samoa, is pronounced pango pango.

## House...

(Continued From Page 2)

This is a rather interesting report and shows many areas where erroneous ideas have been adopted by authors of certain textbooks.

House Bill 106, the sales tax bill, has been heard before Committee, but still has not been reported out. It probably will be held up until after the Appropriations Conference Committee has completed its bill, and it has been determined whether or not additional taxes will be necessary to operate the State for the next two years.

I hope you will continue to let me hear from you as legislation in which you are interested is being considered.

## The NEW Santa Fe Trail

A report on some of Santa Fe's newest milestones  
BY THE PRESIDENT OF THE SANTA FE

In 1963, Santa Fe is investing some 90 million dollars on new equipment and improvements.

All this money is being used to keep the Santa Fe up-to-date in every way. As a matter of fact, so many new and exciting things are happening on the Santa Fe today that some people are calling it "The New Santa Fe Trail."

Here are just a few highlights of the many improvements.

- 2548 new boxcars.
- 560 Mechanical Temperature Control cars.
- 550 covered hopper cars.
- 194 double and triple deck autoveyors.
- 181 flat cars.
- 68 new diesel locomotives.
- 24 hi-level passenger cars.
- 31 semi-lightweight mail and baggage cars.

• Increasing our microwave communication system to 2664 route miles.

• Experimenting with new and more efficient freight cars such as compartmentalized cars for automobile parts.

• Advancing our piggy-back operations to include joint rail-truck rates.

And we haven't been standing still up until now. We've invested over a billion dollars in progress since World War II. For example:

- The new cut-off line into Dallas.
- Major line relocations in Arizona.

- Equipped 3500 new freight cars with "Shock Control" devices for damage-free shipment of fragile freight. (More of these cars are on order.)
- Equipped 7748 freight cars with roller bearings.
- Designed and built the first multi-level automobile transport cars—the autoveyors—which are now used by all the major railroads.

To keep pace with changing times and with the rapid growth of the areas we serve, we keep constantly on the move toward a better way to serve you and to strengthen a vital part of our national defense.

It is our aim to keep the Santa Fe Trail always new.

*Samuel*  
President

The railroad that is always on the move toward a better way

# Nation's Farmers Study Proposed Wheat Program

## TO THE PEOPLE OF THE 18TH DISTRICT:

Wheat growers in the Panhandle, and all across the nation, are studying provisions of the wheat program proposed for 1964, evaluating it so that they will be able to cast ballots in the coming wheat referendum.

Agriculture Secretary Freeman is expected to set the election date soon. A May election is likely, giving farmers more time than in past years to make plans for the coming year. The decision is squarely up to the farmers. Each wheat grower must ask himself: "What would be the consequences for the United States and for me if the wheat referendum were approved or defeated?"

A favorable vote by two-thirds or more of the growers participating in the referendum would put this program in effect for the 1964 crops. A national marketing quota would be set at about 1.2 billion bushels, based on the national need for wheat. The national acreage allotment expected to be announced in several weeks will be approximately 49.5 million acres, and each wheat grower would have an allotment under the program.

Producers with 15 acres or less would share in special "small farm allotments."

Approximately 80 percent of normal production from allotted acres would receive farm marketing allocation — and for these allocations, whether marketed or placed under price support, growers would receive about \$2 per bushel. Wheat in excess of the marketing allocation would return to farmers about \$1.30 per bushel, either through the market or price support. According to the Agriculture Department, this price is close to the world price and to the feeding value of the wheat.

One phase of the proposed 1964 program is aimed at holding production to desirable levels by diverting wheat land to other uses. Diverted acreage would be in two categories: (1) mandatory diversion of about 10 percent of the 1963 allotment with payments at 30 percent of the support rate, and (2) voluntary diversion in addition up to 20 percent of the 1964 acreage allotment, with payments at 50 percent of the support rate.

The diverted land could be put to conservation crops such as grass or legumes; it might be fallowed; or it could be planted to crops designated by the Secretary of Agriculture as not being in surplus supply. A land use penalty would apply, however, if diverted acres were planted to crops not permitted by law.

Obviously, the adoption of this program means a continuation of rigid government control over American wheat production. Each wheat grower must decide for himself whether or not he believes his government should exercise these proposed controls.

If more than one-third of wheat growers vote "no" in the referendum, these results may be expected: Wheat price supports would drop to 50 percent of parity, or about \$1.20 per bushel for growers who plant within their acreage allotment. The national acreage allotment would not be changed. Wheat growers who planted more than their allotments would not be eligible for price support loans, but there would be no penalties.

Agricultural economists from land grant colleges and universities who've studied the 1964 program say that the effect of a "no" vote in the referendum would be these: Growers could be expected to plant up to 70 million acres more of wheat compared with 49 million acres planted in 1962; harvested acreage would be about 65 million acres compared with 43 million acres in 1962; and wheat production would total about 1.5 billion bushels; about 300 million bushels more than could be used at home or exported.

Wheat prices would drop to a level based on wheat's value as livestock feed, probably about \$1.10 with a feed grains program in effect and about 50 cents with no feed grains program. At these price levels, feeding of wheat to livestock might increase to about 100 million bushels a year, causing additional sorghum, grain, corn, and barley to be placed under government price support.

The economists estimate that at these prices and quantities, total farm income from wheat would drop from \$2.3 billion in 1961-62 to about \$1.6 billion. On the international market, a "no" vote might force United States prices lower than minimum prices under the international wheat agreement, probably making necessary an expanded government role in controlling wheat exports.

Government programs involving wheat have three purposes: (1) To support wheat prices and farmers' income. (2) To export more wheat (despite the fact that every bushel of wheat exported involves a subsidy or some other payment by the government). (3) To hold down wheat production (an objective only partially achieved in past years).

Each wheat grower participating in the referendum should form an opinion concerning these objectives and the part the proposed 1964 program would play in meeting them. If you'll drop me a card, I'll be happy to send you a copy of a four-page Agriculture Department publication explaining the program in more detail.
