HEREFORD, TEXAS, THURSDAY, JUNE 20, 1963

PRICE 10c PER COPY

A HEREFORD MAN died Monday morning as the result of injuries received Sunday night when the car he was driving struck the center abutment of the U. S. Highway 385 underpass. The front of the 1961 model car shows the force of impact when the car slammed into the concrete center post after having jumped the divider. (Staff Photo)

Car Hits Underpass; W. D. Wisdom Year's First Victim

Hereford and Deaf Smith County recorded its first traffic fatality of the year as Willie D. Wisdom 59, an area farmer was fatally injured in a one-car accident about 8:10 p.m. Sunday. Wisdom was driving alone in his 1961 model sedan as it crashed into the center support of the underpass on U. S. 385 during a thunderstorm Sunday.

At the time of the accident, the car was headed north. Hereford Police Department officers investigating believe the vehicle was traveling at about 65 mph when it hit the concrete support.

According to the report, the automobile jumped the divider in the center of the highway and struck the center section at an angle. The car then bounced back some 15 feet, coming to rest on the divider. The accident occurred just a few hundred feet inside the city limits. The front end of the vehicle was smashed by the impact and Wisdom was thrown against the steering wheel and dashboard by the collision force. The vehicle was a total loss. The Deaf Smith County resident was taken to Deaf Smith County Hospital where he died of injuries at 1:30 a. m. Monday.

Estes Sued For \$550,000 Damages By Lowell Sharp

A Hereford man has filed suit for \$550,000 against Billie Sol Estes, charging damages from a loss of business.

Lowell Sharp, now sheriff of Deaf Smith County, filed a petition last week in U. S. District Court, Western Division of Texas, Amarillo Division. Defendants listed included Estes, Farmers Company of Pecos, Lester - Stone fertilizer company of Plainview and Commercial Solvents Corporation of New York City.

The petition alleges that Estes' illegal activities in connection with the sale of anhydrous ammonia damaged Sharp to the extent of \$150,000. The suit is filed under Section 15, Title 15, U. S. Code, commonly known as the Sherman Anti-Trust Act. This act allows treble damages, which brings the amount of the suit to \$450,000, plus court costs and \$100,000 in attorneys' fees.

Filing the petition was Jimmy Ivy of Witherspoon, Alkin, Thomas and Langley in Hereford. The petition states, by way of background, that Sharp was co-operator and stockholder in Plains Fertilizer of Hereford from 1955 until April 1, 1959, when Sharp sold his portion of the retail business to his partner, Glenn O. Edwards.

Sharp took over the wholesale operation of fertilizer distribution and sales. He alleges that he was forced to sell his business to Estes on or about Nov. 1, 1959. The business, he contends, was sold for \$32,000 when it was actually worth \$100,000. He says that payment was made in fertilizer, which Sharp was allowed to sell through his Dawn outlet.

The suit for damages is based on the difference between the actual value and the sale price, plus the profit which would have been made for 1959 and 1960 had Estes not forced sale of the business.

CITY MEETING GETS HEATED

Zoning Change Denied For Residential Beauty Shop

By Gardner Collins
Brand News Reporter

A rezoning request submitted by Mr. and Mrs. Charles Kropff, 614 Blovin, was turned down by a unanimous vote as Hereford City Commission met Monday in a regularly scheduled session.

The request asking that the property be rezoned from a "B" residential to a "D" restricted commercial classification had been tabled at a previous session of the Commission. As the session got underway, the Kropffs were asked if they had anything to present to the Commission as it began considering the matter.

Mrs. Kropff presented a petition from "all but five property owners" living within 250 feet of her residence. The petition favored the requested change.

At the previous session, Commissioners were told that a one-operator beauty shop had been put into the home as it was remodeled.

According to zoning regulations approved by residents of Hereford, a beauty shop, even with just one operator, cannot be operated in a residential district.

(The ruling does not apply to business established in areas before the zoning ordinances were passed.)

During the lengthy discussion of the rezoning question, which at times became heated, it was again pointed out by Mayor Ray Cowsett that the Commission "can't make exceptions."

"When a rule is made," he commented, "it has to fit everyone."

As the discussion continued, Mrs. Kropff contended that as the sole owner and operator at the homestead, she had a right to operate a beauty shop on her property.

She also stated that she had been told that zoning regulations did not apply to one-operator shops located in a homestead.

During the session, a question was raised concerning the specific wording of the ordinance. A copy of the Zoning Regulations was brought out; the ordinance pertaining to what businesses cannot be operated in a residential district was read.

A motion to uphold the Zoning Commission's rejection of the petition was made by Commissioner Bill Howard and seconded by W. L. Davis Jr.

After the motion was carried (Continued on page 6)

'SAME OLD STORY'

Wet, Muddy Fields Still Hamper Wheat Harvest

Deaf Smith County's 1963 wheat harvest was still bogged down as thunderstorms continued to dump heavy amounts of moisture over the area. Storms on Sunday and again Tuesday brought to a halt harvesting operations in all sections of the county. Some wheat was being cut in the northwest section of the county. Cut, cutting there was bogged down in muddy fields following the Sunday storm.

One grain elevator operator stated Wednesday, "There just isn't much you can say about the harvest; we just aren't getting any cut."

Estimates concerning wheat production for 1963 — including dry weather and storm damage — place the total yield for both irrigated and dryland operations at a 25 per cent of normal production.

Up to mid-May, little rainfall and extremely dry conditions during the winter and early spring caused extensive damage to dryland crop. Extreme cold also froze much of the wheat.

As heavy thunderstorms began to roll across the area about the middle of May, wind, hail, and hard rains were also (Continued on page 6)

Around Town

BY H. A. TUCK

Umpires don't usually acquire friends. But the Rev. Fred Beversdorf found one. Fred umpires for some of the minor league baseball games. When the rain started coming down Tuesday afternoon, he was at a game. He discovered a goat was standing in front of his car. As the car door was opened, the goat jumped in and, despite urging to the contrary, rode home with the minister. Fred contends his flock already is about large enough, and that he certainly doesn't have any place to house a goat. So, anyone who is missing a walking garbage disposal is asked to contact the Reverend Beversdorf.

Apparently each post office is going to have a ZIP Code number. The Summerfield post office called Wednesday afternoon to announce that its number would be 79045. We still haven't heard what the Dawn number might be.

Erin Wertenberger of Hereford will serve as designer and technical director for "Penny Wise", which will be presented at 8:15 p. m. June 27-28 by the Palo Duro Players in Canyon. It will mark part of the 16th season of summer theatre for West Texas State University.

Volunteer workers for the Migrant Ministry's summer (Continued on page 6)

Police Patrol Cars Damaged In Two Accidents

Two Hereford Police Department patrol vehicles were damaged in separate wrecks here this week. Damage to the vehicles was not, however, heavy.

Texas Highway patrol estimates the loss to one of the vehicles at approximately \$200 with \$75 in damages being done to second.

The first of the accidents occurred Sunday on Park Ave. at Ave. B as the patrol car was headed east. An oncoming vehicle, driven by Moses Salazar, 57, 325 Ave. C turned left out of a line of several automobiles causing the accident, according to the investigating officer.

Salazar was ticketed for failure to grant right-of-way.

In the second accident occurring at West Second and Ross about 9:15 p. m. Monday, a police patrol car and a 1958 model sedan, driven by Raymond G. Sierra, 17, 205 Ross, collided at the middle of the unmarked intersection.

According to the Texas Highway patrolman investigating the vision of both drivers was obscured by houses, vehicles, and trees.

No tickets were issued to either driver.

Driving the patrol cars in both accidents was patrolman Larry Chrisman, 27, 231 Ave. F.

Third, Fourth Graders Slate Campfire Outing

A "pow-wow" for third and fourth grade Camp Fire Girls will be held on Friday, June 21, and Saturday, June 22. All girls in these age groups are urged to be in Dameron at 2 p. m. on Friday.

The "pow-wow" will include many activities but it will stress outdoor crafts and skills. "There will be a small fee for the event," said the adult leaders. Horizon Club members will have complete charge of activities. Friday afternoon there will be a ceremonial to conclude the first day. On Saturday, the full day will begin with a flag raising ceremony at the Camp Fire Hut, then the girls will go to Dameron Park and continue their activities.

Each girl is requested to bring a sack lunch for the Saturday noon meal. The day will close with a "symbol hike" to JayCoe Park, where parents will pick up the girls at 5 p. m. According to Camp Fire leaders, no pre-registration is necessary and all the girls have to do is be at Dameron Park on Friday.

FOR MAIL SPEED-UP

Hereford Area's ZIP Code: 79045

A five-digit ZIP Code number, 79045, has been assigned to Hereford, according to postmaster Nolan Grady.

"Use of this ZIP Code on all correspondence will help speed mail deliveries and reduce the chance of mis-sent mail," he said.

ZIP Code, the Post Office Department's new system to improve mail dispatch and delivery, will go into effect nationally on July 1.

Grady said that ZIP Codes should be used coming and going. The Hereford number, 79045, should be used on outgoing mail. In answering mail, ZIP Codes taken from return addresses on incoming mail should be used.

Grady said that the ZIP Code is really the "last word" in mail addressing, since it should follow the city and state in addresses. He gave this example of the proper use of the ZIP Code:

Nolan Grady
Postmaster,
U. S. Post Office,
Hereford, Texas, 79045

The new plan is being put into use to eliminate much of its repeated address reading. Grady pointed out that an address often must be read eight or ten times by postal employees before it reaches its destination.

"Each handling of this type slows the process of mail dispatch and adds to the chance of human error," Grady said.

"With ZIP Code, a clerk needs only to glance at the code to know immediately to what national area, state and post office the letter is destined and to speed it on its way. This can cut as much as 24 hours off the time between deposit and delivery."

GLASSY-SLUCK MUD shows between the rows of small grain sorghum in Hereford is in better shape than most as weeds are shooting up with farmers a sight that is common to Deaf Smith County farmers following a series of torrential rains during the past three weeks. This field east of Hereford is in better shape than most as weeds are shooting up with farmers unable to prevent the growth. The rains also have hampered planting of milo, washed out cotton and hindered wheat harvest. (Staff Photo)

Budget Meeting On 1964 United Fund Thursday

At least eight agencies are expected to make budget requests from the 1964 United Fund here Tuesday. A meeting has been called for 2 p. m. Thursday in the First National Bank by officers of the Deaf Smith County United Fund to hear the requests.

UF president Neil Cooper and campaign director Melvin Young asked that all prospective agencies submit written budget requests, with details on how the money will be spent. Representatives of all prospective agencies are asked to be on hand to answer any questions.

For the past few years about \$25,000 has been allocated annually to eight agencies which operate locally.

For 1963, the agencies received about one per cent less than they sought, due to a deficit in the amount needed.

Those agencies included in the current budget, with their approved allocations, were: Pony League baseball, \$1050; Boy Scouts, \$6300; Hereford Athletic Club, \$600; Deaf Smith County Committee on Alcohol Information, \$500; Red Cross, \$8383; Camp Fire Girls, \$2929.50; Salvation Army, \$2600; and Little League baseball, \$1550.

Yield Signs At Intersections Are To Be Replaced

A program to replace yield right-of-way signs and mark most uncontrolled intersections with stop signs was outlined Wednesday by Hereford Chief of Police Marshall Padgett.

Yield signs, commented Padgett, have already been replaced on Union and accidents along the street have been cut.

He pointed out that yield markers which had been placed along the street were enforceable only when an accident occurred at the intersection.

This is the main reason why all of these signs are being replaced, he added.

When paving on Grand Ave. is completed, he continued, stop signs will be put up. At least one four-way stop sign will be placed at intersections near Shirley Elementary School and Hereford High School.

Padgett concluded adding that stop signs will be placed at most intersections in the city that have no traffic control at all.

LET'S COOK SOMETHING!

Mrs. Moore Enjoys Cooking And Children Like Results

By Dale Stevens
Grand Society Editor

Mrs. Troy Moore has probably helped with about as many school banquets, bridal showers, weddings, and teas as any Hereford resident. Since her children graduated from high school and her daughter was married, people continue to call for advice and assistance because they know she can tell them how best to handle these activities.

In addition to preparing foods for large social gatherings, Mrs. Moore is recognized as a very excellent cook by her family and friends. Her children, Martin, Troy Don, and Mrs. Hugh Swanson, who lives in Califor-

nia, expect to stay home on all holidays for Mother's special meal. The Yankee Cake is one of their traditional dishes.

Roast
The night before cooking rub roast, preferably rump, well with salt, pepper, and favorite seasoning. Wrap in foil and place in refrigerator. When ready to cook, place roast still wrapped in foil in roasting pan. Pour one cup of water in bottom of pan and cook at 250-300 degrees until done.

Arroz Con Pollo
4 pounds chicken cut as for frying
1/2 cup flour
1/2 cup shortening
1 large onion
1 no. 2 can (2 1/2 cups) tomatoes, drained

2 1/2 cups liquid (add water to tomato juice)
2 small cans pimiento (cut)
1 small jar stuffed olives, including liquid
2 cups raw rice
1 T. salt
1 1/2 t. pepper
2 bouillon cubes
1/2 pound link sausage (cut in 1/2 in. pieces)

Flour chicken in paper bag and brown in fat in Dutch oven. Sauté chopped onion in fat. Add other ingredients and place chicken on top and cover. Cook gently until done. Lift rice occasionally with fork to keep from sticking. Uncover and add one package frozen peas, which have been thawed. If there is still liquid when peas are cooked, cook uncovered for 10 min-

utes more. It should be moist but not soggy. Serve with green salad.

Hamburger Casserole
1/3 cup chopped onion
1 T. shortening
2 t. chili powder
3/4 t. salt
1 t. Worcestershire sauce
1 cup canned tomatoes
1 cup drained kidney beans
1 pound ground meat

Brown meat and onions in shortening. Add seasonings and tomatoes. Cover and simmer over low heat 15 minutes. Add beans and pour in casserole. Top with layer of your favorite corn bread recipe. Bake at 425 degrees for 20 minutes. This freezes well.

Corn Dogs
1 cup corn meal
1 cup flour
1 t. salt
2 t. baking powder
2 T. sugar
2 eggs, beaten slightly
1 cup milk
2 T. melted fat
1 pound weiners

Combine dry ingredients; add eggs, milk, and melted fat. Dip weiners in batter, holding with fork or skewer. Fry in deep fat at 375 degrees until golden brown. Use wire basket. Turn out on absorbent paper. Serve hot.

Spicy Apple Cobbler
5 or 6 medium apples
1/4 cup brown sugar
2 T. butter
1 t. cinnamon
1 t. nutmeg
1 cup sugar
1 cup flour
1/2 t. salt
1 t. baking powder
1/2 cup milk
2 T. butter

Pare and slice apples into deep casserole. Sprinkle with brown sugar; dot with butter, cinnamon, and nutmeg.

Combine sugar, flour, salt, baking powder, milk, and melted butter. Pour over apples and bake at 350 degrees for 45 minutes.

Lemon Cheese Pie
5 eggs, well-beaten
1 2/3 cups sugar

1 T. flour
1 T. corn meal
1/2 cup butter
1/2 cup or more lemon juice

WHEN MRS. TROY MOORE MOVED into her new home on North Texas, she probably "threw away a bushel basket of recipes". She laments the fact that she very seldom has a house filled with young people for whom to cook. (Staff Photo)

Mix all ingredients well and bake in an uncooked pie shell at 350 degrees until barely set.

Date Fudding
Mixture I
1 cup pitted dates, chopped
1 cup nuts
1 cup flour
1 cup sugar
1 t. baking powder
1/2 t. salt
1 cup milk

Make a batter of mixture I and pour slowly without stirring into mixture II.

Mixture II
2 cups brown sugar
2 cups water
Heat until brown sugar is melted.

Bake in moderate oven (350 degrees) until brown on top. Select a large casserole for this so that it won't run over as mixture rises. Serve with whipped cream.

Strawberry Salad
2 pkgs. strawberry Jello
2 cups boiling water
2 cups whole strawberries
1/2 cup nuts
2 mashed bananas (optional)
1 can crushed pineapple, drained

Sour Cream
Mix Jello and hot water. Put frozen strawberries in mixture while hot. This will thaw strawberries and help set Jello. Pour half of mixture in large mold and let set. Pour sour cream over set mixture and add mixture of all remaining ingredients. Do not use bananas unless this is to be served soon.

Yankee Cake
4 eggs
2 cups sugar
3/4 cup vegetable shortening
1 1/2 cups milk
3 1/2 cups sifted flour
3 t. baking powder
1 t. vanilla
Pinch of salt

Beat eggs, add sugar, shortening, and vanilla; beat thoroughly. Sift flour, baking powder, and salt together. Add to creamed mixture alternately with milk. Grease and flour four round cake pans. Pour one-half of batter into two of the pans.

To remaining batter add 1 T. molasses and 1 t. each cinnamon, nutmeg, and cloves. Place batter in pans and bake at 350 degrees.

Butter Tarts
BOX 9099
MILWAUKEE, WISCONSIN

large greased pan, and bake in moderate oven until light brown (about 10 minutes). Meanwhile prepare following mixture:
2 eggs, well-beaten
2 T. flour
1/2 t. baking powder
1 t. vanilla
1 cup brown sugar
1/2 cup shredded coconut
1 cup nuts

1 1/2 cups milk (half cream and half milk is better)
3 cups sugar
6 T. butter
Boil 30 minutes. Add:
1 cup walnuts
1/2 cup coconut
1 t. vanilla
Ice cake while warm.

Tom Thumb Crisps
1/2 cup brown sugar
1/2 cup flour
1/2 t. salt
Cream above ingredients together thoroughly, spread in a

Deedee's Doodlings

By Deedee Thomas
School hardly turns out until people of the different organizations get together to plan the activities for the coming year. Monday, June 10, Kathy Boston, Kaki Barnard, and Royce Ann Gilliland went to Lubbock for a F. H. A. planning session for Area I. These girls are helping to plan the calendar activities for 1963-64. Kaki is president of Area I, Kaki is historian, assuming the duties of fifth vice-president. They returned to Hereford Wednesday, June 12, with their advisors, Mrs. Frank Prowell and Mrs. J. J. Durham. Kathy and Kaki, with Mrs. Durham, are making plans to attend the National F. H. A. convention in Kansas City, Mo., early in July.

Girls who are interested in Junior Grey Lady work of the American Red Cross will begin their training on Tuesday afternoon, June 25. If you are interested contact Mrs. Corinne Neely at the American Red Cross office. The Junior Red Cross workers will begin their baby-setting project on Monday, June 17. The girls will be keeping the children of the swimming instructors while they conduct classes at the municipal pool. Those participating are yours truly, Linda Loerwald, Fanel-da Williams, Patricia Maxwell, Belinda Vines, Charlotte Williams, Sandra Green, and Kaki Barnard.

My typewriter has been kept busy sending cherry notes to the hospital. This week they are directed to Larry Noland, who sustained a head injury in a mishap on Tuesday, June 11. Somehow Larry, a calf and a rope got tangled up and Larry ended up in the hospital. He is home now recuperating and his pastime is telephone conversations! I hope you will be up and at 'em real soon, Larry!

Patricia Maxwell and family left on Saturday, June 14, for points around Dallas for a family reunion of her mother's relatives. They will return to Hereford on Thursday, June 20.

Stan Sigman is in Oklahoma helping (?) Dan Thomas for a week. They are working on Jack Renfro's ranch near Boise City, Okla. I believe they are getting all the horseback riding and roping they want (for a change).

Steve Sigman is visiting a Arkansas with cousins. His parents have been expecting him home for several days, but still no Steve, so he's apparently having fun in the bare-foot country. Maybe by prearrangement he will have made it back to Hereford.

Members of the Junior Hereford Breeder's Association were busy over the weekend in Amarillo. The speech and the queen contest was held at the Holiday Inn West on Saturday, June 15. Larry Minks is the president of the Panhandle Association and Becky Higgins is the treasurer. Larry Minks won second on his speech. Becky Higgins was first runner-up and Sandy Thomas was chosen queen of the organization. Mary Ann Edlin of Hartley was the first queen. These girls were judged on

appearance and was interviewed by Jack Thompkins of Channel 10 in Amarillo. Congratulations to winners in this affair. Sandy won a western suit. Jim Higgins won the speech contest last year.

This event was just a prelude to the field-day planned for this coming weekend, June 22, to be held in Stratford at the Pronger Ranch. A full day of judging, demonstrations, food and good fellowship has been arranged by the Sponsors. All members and interested persons are invited to attend.

On Wednesday, June 5, Linda Hart visited in Shallowater with a girl friend, Vicki Henderson. Linda returned to Hereford on Sunday, June 9. Vicki came home with her to attend the Hart family reunion. Linda and Vicki met at a Farmers' Union Camp held yearly in Bailey, Colo., in the month of June. Vicki returned home on Wednesday, June 12. Linda and Becky Jackson are making plans to attend the camp later this month. Camp lasts a week and this will be Linda's third year to attend. The group leaves Lubbock by chartered bus — sounds like fun.

Kay Coffin is now a TV celebrity. She was seen as they were boarding the bus for a trip to Austin. She left on Tuesday, June 11, for Girls State.

Camille Pavlicek is entertaining a cousin, Mary Postusek from Dallas, for two weeks.

Connie Beatro and Betty Mae Scott left Friday, June 7, for a glorious weekend in Corpus Christi. The two girls drove to the coast in Amos, Connie's car, — which has a faulty light and no reverse! Connie made the trip so she could see some of her old friends that she went to school with while she lived in Corpus last year. They came back to Hereford Monday, June 10, safe and sound.

Nancy Tyler has decided to become a city girl for a week or so. She has been staying with her grandmother, Mrs. Tom Hall, of Hereford. Nancy returned to her home in the Walcott community on Saturday, June 15.

Gloria Damron is now attending Amarillo High School, finishing her high school education. She is staying with her sister Barbara Kendricks, and is having a blast.

Carolyn Aven accompanied Janice Hagans to Tablerock Lake, Mo. They left on Friday, June 7. The girls reported that fishing was very poor, the weather was hot, but had excellent skiing weather. The group returned to Hereford on Sunday, June 16.

Penny Johnson accompanied her parents to St. Louis on Friday, June 7, to attend an International Rotary Convention. She went on a Mississippi River boat ride and visited the zoo. They returned home on Sunday, June 16.

Barbara and Suzanne Langley, their little sisters and of course parents vacationed in Colorado. They left Sunday June 9 and came home on Saturday, June 15. They saw all the sights in the air of Colorado that they did not get to see year before last.

Lani Rush, Sharon Tinnin, Barbara Langley and Charlotte Williams are assistants to the Red Cross swimming instructors.

From Saturday, June 1, to Thursday, June 13, Judy Wilman and family plus her sis-

REPORTING VACATION BIBLE Schools to the Southern Baptist Home Mission Board is only one of the many jobs that summer missionaries Genelda McClain and Phyllis Garner do at the First Baptist Church. Both are students from Georgia. (Staff Photo)

Georgia College Girls Do Summer Church Work

Two summer missionaries from the Southern Baptist Home Mission Board are working with the First Baptist Church this summer. They are Phyllis Garner from Bowman, Ga., and Genelda McClain from Arnoldsville, Ga. Their work will include Vacation Bible Schools, the Latin - American church and Good - Will Center, and other duties in the church. Phyllis, a senior at the University of Georgia, is an elementary education major. After she graduates in December, she plans to attend Southern Seminary in Louisville, Ky. Genelda is a junior pre-med student at Mercer University in Macon, Ga. She first decided she would like to be a summer missionary at a Baptist encampment during her freshman year in college. They arrived in Texas on June 5 and then went to Dallas, where they went through a period of preparation along with the other summer missionaries to Texas. There they were taught how to conduct a Vacation Bible School. "The first sight which greeted us when we reached the Panhandle was a dust storm. Neither of us had ever seen one before and we were horrified," said Phyllis. Both girls have had experience in this type of work. Phyllis was very active in her Baptist Student Union in college and has worked in Vacation Bible Schools, Sunday Schools and Training Union for as long as she can remember. Genelda has taught many classes of Sunday School, including one class for blind children and she is also very interested in the Baptist Student Union on her campus. "The thing that has left the biggest impression on us is the sincerity and friendliness of the people in Hereford. Everywhere we have met so far has been wonderful to us and we are looking forward to knowing many more people before we leave Hereford," the girls said.

OFF THE Shelf

BY H. A. TUCK
Our viewing of the one eyed monster is spasmodic at best (or, worst). But we always enjoy Walt Disney's program when it is about nature. These productions, and his nature films, are some of the finest wildlife photography in the world. In fact, Disney's productions of this type are to motion pictures what National Geographic is to magazine coverage.

So we were delighted to find in the Deaf Smith County library a new non-fiction book, *Song of Wild Laughter*. The author is Jack Couffer, a director and cameraman for Walt Disney's wildlife productions. Couffer became interested in nature study while in high school. His interest turned to movie production in college and he spent several years at various jobs before he combined his two first loves - wildlife and photography.

He goes in wonderful detail about how the Disney films are made and where they are filmed. In his work, Couffer has been to the remote Galapagos Islands, the Sierra Mountains, New Mexico, the South Pole, Alaska and many other places. But where his travels have taken him, he has seen and appreciated the wildlife native to the region. He tells of the land turtles and seals that inhabit the Galapagos chain and exhibit no fear of humans.

A wonderful story of friendship is the tale of Nikki and Neewa. Nikki was an Alaskan sled dog and Neewa was a doughnut - loving bear who started motorists that thought they saw a bear riding in the cab of a truck. Lady was a different character. She played a small role on film but a large one with her handler. A huge black eagle, she had become a thing of beauty and eventually dominated the lives of those with whom she lived.

But even Lady was a bit ludicrous when she hatched and raised a gosling that much preferred milk - soaked bread to raw meat. Then there was the time Couffer filmed the bats in central Texas and learned what a million of something looked like. He also learned another thing or two about bats, but the reader should discover that for himself.

Big Tom was a reddish bobcat who loved, hated and loved again. It all depended upon his owner of the moment. Big Tom also cost Couffer more than he was worth, but decency outweighed monetary value. In the Antarctic, Couffer found out a few things about penguins. Among his findings: penguins are graceful creatures in the water but a strange change occurs when they come back to land.

The author even found an unusual creature in the spider, specifically the trapdoor spider who is forced to listen for his quarry's footsteps, open the door and snatch his prey with one foot in the door so he can get back inside his home. Even animals are frustrated at times, Couffer reveals. For instance, what about salmon that return upstream to spawn, only to find that the stream ends at a piece of pipe? But the finest animal story of

Yankees Continue Surge In 4-2 Victory Over Dodgers

Late-blooming Yankees in the Little League turned on their power again Monday night as they defeated the Dodgers 4-2. It was the fifth win in a row for the Yanks. But as the game started, it

looked like another story. The Dodgers swept out front for two runs in the top of the first on a walk, a single, another walk and a double by Frank Hernandez. But that was to be all their runs as the Yankees tightened their defense.

The Yankees took a 3-2 lead in the last of the second on a walk, a double by Jim Rakestraw, a single, a hit batter and a ground ball.

In the bottom of the third, the Yankees put together three singles to drive in their last run. From that time, it was all defense as the teams denied scores to each other.

Mr. and Mrs. Ignacio Z. Ramon are the parents of a son, Fidencio Saucedo, born June 14 at 4:01 p. m. He weighed 8 pounds and 11 1/2 ounces.
Mr. and Mrs. Joe Luis Flores are the parents of a son, Roland, born June 15 at 9:17 a. m. He weighed 7 pounds and 4 1/2 ounces.
Mr. and Mrs. Gaylon Lee Applegate are the parents of a son, William Boyd, born June 15 at 2:40 p. m. He weighed 8 pounds and 1 1/2 ounces.

all is the love affair between Shadow and Sombra. Shadow was the grey wolf who starred in "The Legend of Lobo". Off-camera he was an independent creature who was held in check only by his affection for his handler and for Sombra, who cried once each hour while they were separated.

But such deep love caused the death of Sombra in a tragic ending for a wonderful story. Couffer finds many human traits in the animal kingdom. In Tasmania, he heard the kookaburra, whose song of wild laughter gives the book its title. He also finds determination, devotion and humor.

We think the reader will find great satisfaction, and probably even greater respect for Disney's cameramen, in *Song of Wild Laughter*.

Americans consume an average of 160 pounds of meat each, per year.

The Great Wall of China, begun 2,000 years ago, may be the only man-made feature on earth visible to an observer on the moon.

Fossils found on Malta show that the islands once may have been part of a land bridge between Europe and Africa.

Cosmic rays crash into the earth's atmosphere at an estimated billion billion every year second.

More vessels pass through the Kiel Canal between the North and Baltic Seas than travel through either the Panama or Suez Canals.

errors. The Yankees matched that with five runs of their own in the last of the first on one walk, four singles and an error.

In the bottom of the second, the Yankees exploded for seven runs on two errors, three walks and doubles by Cliff Higgins and Bill McQueary. They added two more in the third on a single, two walks and a double by McQueary.

In the top of the fourth, the Cards got their last five runs on two singles, two errors and two walks.

The Yankees garnered three more runs in the fourth on three walks, a bunt single and an error.

With two out, three more runs came in for the Yankees in the bottom of the fifth on two singles, doubles by Sheldon Alexander and Ross Hardwick and three stolen bases.

Ross Hardwick and Tommy Tuck pitched three innings each for the Yankees. Each gave up five runs. Hardwick allowed three hits and Tuck two.

Dana Rush and Johnny West shared mound duties for the losers. They gave up 20 runs on 14 hits.

Chip Formby got two singles in three times at bat for the Cards. Bill McQueary was the leading hitter for the Yankees with two singles and two doubles in five trips to bat.

HEREFORD RAINBOW GIRLS and sponsors attending the Grand Assembly in Houston June 17-19 are Mrs. Irene Holt, Mrs. Judy Fillpot, Donita Allred, Wanda Gail Holt, Mrs. Marie Klein, Denise King, Patty Roach, Janie Noland, Mrs. Dorothy Mercer, Ann Mercer, Judy Summers, LaReece Askew, Peggy Allred and Lynn Kirkpatrick. (Staff Photo)

Rainbow Girls Attend Meeting

Thirteen members of the Hereford Rainbow Assembly number 157 and their four sponsors left for Houston on Saturday, June 15, by chartered bus. They attended the Grand Assembly for Rainbow Girls on June 17th through 19th. Members attending were Patty Roach, Worthy Advisor; LaReece Askew, Peggy Allred and Donita Allred, representing the local assembly as voting delegates; Janie Noland, a member of the Grand Choir; Denise King and Nancy Boyer as Night and Day Guards. Other members attending were Anna Mercer, Wanda Gail Holt, Penny Jones, Judy Summers Linda Kirkpatrick, and Nancy Gripp.

Zoning...

(Continued from page 1)
He continued pointing out that rejection of the rezoning request was based only upon present ordinances. He also added that these were "nothing personal" in the decision by the Commission. The second major item on the agenda for the commission was the consideration of bids on a proposed 10 - inch sewer line to serve the northwestern section of Hereford. Bids for the needed addition to the city's sewer system were opened and compiled at the City Manager's office at 2 p. m. Monday.

Deeds of Trust

B. J. Hampton to Lindy Daniels: All of Lot 10 of Block 1 of Knob Hill Subdivision of a part of Section 110, Block M-7, Virgil Justice, et ux, to Hi Plains Savings and Loan Association: All of Lots 13 and 14, Block 13.

Commissioners also discussed the City - County fire contract.

A motion was passed asking that the county pay for service since February by July 1 or the contract would be terminated. Public hearing was also held on the condemnation of the Charles Lavall property located at the southwest corner of Knight and Bradley Streets. The house was declared a dangerous building by the Commission and condemned. In approving recommendations of the Golf Course Committee, Ed Line was appointed to a three year term on the board. Commissioners also approved a recommendation that the green fees during tournaments be set at 50 cents for nine holes. Also approved was a proposal for a driving range northeast of the first tee box. Also among the recommendations submitted was a proposal asking that golf carts be restricted to cart trails following heavy rains. As the session closed, streetlights were approved for the 200 block of Texas St., Grand Ave., and Sunset Drive.

FOUR HEREFORD CAMPFIRE Girls presented the program at the Monday noon meeting of Rotary Club. The four, from front to rear, Jane Lyons, Prissy Crume, Susie Gooch, and Judy Crume, outlined the Campfire program from Bluebird group through the activities of Horizon Club for senior high school girls. The Hereford Campfire groups are sponsored by Rotary Club and it is a participating agency in United Fund. More than 320 girls are active in Campfire. (Staff Photo)

Wet...

(Continued from page 1)
1963 wheat as it began maturing. Damage has been reported in all sections of the county. However, crop damage north of Hereford has been lighter than in other sections. Particularly hard hit areas in the south and west. Farmers in these areas have also suffered heavy losses to milo and cotton. One farmer near Westway commented Tuesday that wind and hail had caused "considerable damage" to his potato crop and that rain, wind, and hail has so severely battered his grain sorghum that he would have to replant for the third time. A grain elevator employee summed up the crop picture for the area saying, "It's the same old story... The ground is awfully wet." "The problem is getting serious," he added. With a large percentage of the wheat crop approaching maturity date - about June 20 - other elevator managers and owners agree. All are saying that with dry, warm weather, wheat producers will be cutting by Saturday. Most of the 1963 crop will be cut in three to four days as the grain matures. It was pointed out, however, that some wheat is being cut between showers and a "load or two" is being delivered to get their trucks through the mud. Grain being delivered is still only a sample of the 1963 crop. So little has been cut and delivered that production estimates are not available. Moisture levels of grain brought in, however, are "all right" and weight is good. Some load have been testing at 60 pounds per bushel.

DIES IN HOUSTON

Mrs. J. T. Richardson, a resident of Hereford, died Tuesday night, June 18 in a Houston hospital. Funeral services are pending with Gilliland Funeral Home.

Resolution was approved

A resolution was approved allowing the city to borrow \$45,000 to operate until money from tax money was available.

By Melvin Young
There has been so much said and written lately about the Constitution of the United States that we decided to get a copy and give it the once over (again). So, we dusted off the encyclopedia and proceeded to look up this document that some senators and representatives are now calling out of mode. We found it and in a short time had scanned the contents.

Again, we were amazed with the simplicity as well as the wisdom of the Constitution, not to mention its brevity. Although most of it was written almost two centuries ago when eloquence of speech was customary, the Constitution of the United States of America is shorter by far than many modern day legal documents dealing with the ownership of property. We noted also that the first 10 amendments (The Bill of Rights) were adopted only four years after the original Articles of the Constitution. One hundred twenty two years later only five more amendments had been added; two of these (XIII and XV) concerning the slavery issue and voting privileges for the people formerly in servitude.

Shortly after the turn of the century, the Eighteenth Amendment was passed prohibiting the sale and transportation of intoxicating beverages in the United States; this amendment being repealed in 1933 after the inauguration of Franklin D. Roosevelt. The last amendment to the Constitution was declared effective in 1951, limiting the tenure of office of the President of the United States to two terms.

We suppose that most people know these facts, but it seems to us that it wouldn't hurt if we got a copy of the Constitution and made a habit of studying it. In fact, we strongly recommend same.

If you're the owner of the Britannica set of encyclopedias you'll find the document in volume 21 beginning on page 762 and listed under "United States, constitution, etc."

Gaylord (Grandpappy) Newell is getting the usual grandfather complex. If you happen to ask about his granddaughter, he'll whip out the pictures for you to inspect. If you don't have a set of your own with which to retaliate, then we'd suggest that you not mention grandchildren to Gaylord... unless of course, you have a couple of hours to spare.

It seems that we have become

afflicted with a bad case of "foot in mouth" disease. We predicted last week that the Jay-Cees would clobber the Hereford Lions in the annual donkey baseball game, and it turns out that the Lions were better players than we had figured. However, they would never have gotten to first base if it had not been for the fine playing of Mayor Ray Cowser, who incidentally, was unseated from his mount some three times before he managed to get to third base. Judge Hank Williams also showed fine form for the Lions, but his little donkey was not so cooperative. He wanted to lie down and rest. All-in-all it was a real fine ball game and the Lions came out on top with a score of 4 to 2. We did think however, that Jay-Cees Gerald Hale and Martin Reed Moore should have been carrying their donkeys instead of the donkeys "trying" to carry them. It was nip and tuck all the way... that is, we weren't always sure whether the mounts would be able to hold - up the mounted.

In checking over the roster of players, we came across Steve Bavouette's name (apparently playing for the Lions) but we never did see Steve on the field. Perhaps he was disqualified by the owner of the donkeys.

Visited briefly with Buck Green and Mike Elliot Monday morning. Both farm out in the Westway country, and both have been plagued with an over-abundance of rainfall. Buck allows that he just gets his cotton replanted in time to have it washed up again, and if the situation gets any worse, he's going to have to quit. Mike figured he had already given up getting an early start on 1964. Maybe he has the secret to success... plant a year early.

Old Jed, who lived pretty far up the mountainside, got word through the grapevine that there was a special delivery letter awaiting him at the foot of the mountain. Jed started down to get his mail. About half way down the steepness of the slope forced him into a trot. "Look at Jed," said one of his cronies lounging nearby. "Too lazy to hold back."

If the rain continues, we would suggest the organization of a local chapter of the Skin Divers Association.

Again in 1963, as in many years in the past, our recreational programs have been ham-

pered by the lack of help, and in some cases the lack of facilities. Wayne Lawrence, Hereford Athletic Club swimming coach, reports an abundance of enthusiastic youngsters have reported for the morning swim classes, but that he is sorely in need of coaching material. We understand also, that the local Little League program has not been able to enlarge due to the lack of qualified help. Apparently there are plenty of youngsters available who want to participate in the activities, but there are not enough adults available as coaches and supervisors, umpires, etc. Another problem is this: If and when the Little League program is expanded, not only will it require additional help, but it will also require another ball park. We feel that our Little League program is one of the finest anywhere, but we realize also that a few men (or women) cannot do all the work for a program this large.

It takes many people giving a lot of time to make the program a success. Personally, we think that this responsibility should fall, by and large, on the shoulders of the fathers of the youngsters, but we also realize that many of these fathers cannot get the necessary time off from their jobs to participate. Regardless, we think the folks who have worked so hard on these and other recreation programs for our youngsters should be commended for their efforts.

Land O' Goshen! We have just about gotten used to the new longed for distance dialing system that the telephone inaugurated a few years back, and have almost memorized our own phone number. Now the post office department has decided to throw us a curve. They have introduced a new ZIP CODE, designed to speed the handling of mail. And we're sure that they know what they are talking about, but what worries us is the fact that we're going to have to remember another five-digit number. Hereford's new ZIP Code, according to Postmaster Nolan Grady is 79045. Now, not even Nolan is completely sure what the numbers stand for, but all designate something.

Everyone in Hereford should use this ZIP Code on all their correspondence to speed mail deliveries and reduce the chance of mis-sent mail. Here is an example of the proper use of ZIP Code: Nolan Grady, Postmaster, U. S. Post Office, Hereford, Texas, 79045. The new ZIP Code plan will permit the Post Office Department to short-cut repeated address reading. Previously, the address on mail would be read as many as eight or ten times by postal employees to get it to the proper destination, says Nolan, and apparently such handling slows the process of mail dispatch.

Well, whether it works or not, it looks like we're going to give it a try. Actually, we think it probably an

By Dale Stevens
"M r a. T r a n s f e r r i n g t a m e, you're on camera!" Surely if enough viewers screamed enough and refused to buy their products, sponsors would not run those annoying commercials over a week at most.

So the Russians have a woman in orbit. What's to scream about? How many Russian women would love to shop in an American supermarket?

Did you know that Norman Norell is called the Father of the Sportive Look? This seems to involve plaid skirts and suede coats. However, he says that he will jump out of a window if he sees a lot of women—especially fat ones—running around like that next fall.

Isn't it terribly hard to walk to see what Jackie's maternity clothes will be like?

Have you read Walter Warner's story of the filming of "Cleopatra" in the Saturday Evening Post? Even though it does make very interesting reading, there's a question - did he pay Saturday Evening Post for advertising or did he get paid by SEP?

About the middle of May most

excellent idea and if it works as well as the department brains hope, it will save the American taxpayers millions of dollars over a period of years.

"Hell", said Satan, as he answered the telephone.

people converted their heating system to air conditioning. Very shortly thereafter, the man of the family found himself back in the attic to turn on the heater again. Along about last Saturday some decided it was safe to go back up and reverse the process. Now again it would be nice to have the heater on if for no other reason than to dry things out a little.

Recently there has been some discussion of a story in a reader called Our New Eyeballs about a squirrel who decides that all he has to do to get food is just "ask for it." Most people who are aware of the controversy over this silly little story also lament the passing of the "Horatio Alger" type of readers. But here is the oddity - a series of readers used by many schools for supplementary reading is based on the old McGuffey readers and is called "The Golden Rule Series." Yet this whole series is objectionable to certain groups because one story concerns the early life of an underprivileged child who rose by her own initiative to a better life. Unfortunately after the book was published this girl became a Communist.

Now nobody wants his child taught that all he has to do to get what he wants is to ask for it nor does anybody want the early life of a Communist glorified, but textbooks take several years to prepare, publish, and get into the classroom, words to fit vocabulary growth must be carefully chosen, and writers, publishers, and selection committees are subject to human error.

Some of Mona Jette's "Coffee Break" columns won a very handsome plaque for the Brand. Everyone misses Mona and her column. Somehow she made even those who did not know her personally feel as though they had just had a refreshing cup of coffee with her.

ter, Sylvia and husband John Cranford, visited in New Orleans, Baton Rouge, La. and in Biloxi, Miss.

On Saturday, June 15, the Elmer Kimballs, Larry Hill and Frank Heigert came in from Burlington, Colo., where they have been spending much time since school was out. Frank and Larry have been driving tractors and working up a storm. This week is a busy week for Frank and his American parents, with the calendar full of social engagements.

Attention! High School dancers! Walker Parris and friends, called the Infernos from Abilene, will provide music for the dance Saturday night, June 22, from 8:30 til 11:30 p. m. at the Community Center. Admission will be one dollar per person. Everyone come out for a night of good music and lots of gabbing.

Mrs. Cave has been trying to keep the dance tempo upped a bit so all teenagers will have something to do on the weekends. Let's all show her how we appreciate her plans. See you at the dance!

Family Gathers With J. O. Clarks

Spending a recent weekend in the home of the J. O. Clarks were his sister, Mrs. Stella Baxter of Pittsburg, and three brothers, Charles Clark of Dallas, Mr. and Mrs. Ed Clark of Abilene, and Britt Clark of Summerfield. Their sister, Mrs. Lena Clark of Grand Prairie, was unable to join the group because of her health.

Joining the group for Sunday were Mr. and Mrs. J. O. Clark's sons and their families, Mr. and Mrs. Leaton Clark, LeWana and Barry of Plainview and Mr. and Mrs. Richard Clark, Jason and Dawson of Hereford; Britt Clark's sons and their families, Mr. and Mrs. L. J. Clark, Scottie and Lana of Hereford and Mr. and Mrs. Harroll Clark, Ricky and Larry of Colo-

rado Springs, Colo., and Mrs. J. O. Clark's parents, Mr. and Mrs. C. R. Walser of Hereford. On Monday Mr. and Mrs. J. O. Clark, Britt Clark, and Mr. and Mrs. Ed Clark left for Red River, N. M., where they spent the early part of the week. Before returning to Hereford, the group went to Santa Fe, where they spent a day and a night sight-seeing.

ATTENDING LIONS CONVENTION

Attending Lions International Convention being held in Miami, Fla., are Mr. and Mrs. J. F. Martin, Mr. and Mrs. Neil Cooper, Mr. and Mrs. Ed Skypala, and Mr. and Mrs. Buddie Evans. The Skypalas and Coopers flew to Miami in a private plane. The Martins and Evans are traveling by car.

Lions, Jaycees Have Their Ups and Downs

LITTLE BOY BLUE didn't blow his horn . . . he just stopped and bucked. When that happened, Larry Kaul took an unexpected seat in the arena. The donkey seems totally unconcerned about the turn of events. Kaul, however, had determination and finally rode clear around for a Jaycee score in the first inning.

Take one slightly-muddy arena. Put into it a group of stubborn, balky, ornery donkeys. Place on top of said donkeys some equally determined Lions Club members and exuberant members of the Junior Chamber of Commerce. Add one bat and one softball and you have all the ingredients for an evening of fun and laughs for the spectators. The participants also enjoyed the game, but had some bruises and skinned places the next day, plus a lot of sore muscles. The game was played Saturday night in the Hereford Riders Club arena with proceeds used by the clubs for their various community service projects. And, despite all odds, the Lions Club won the game 4-2.

The Hereford Brand

The Hereford Brand, Hereford, Texas, Thurs., June 20, 1963
SECTION TWO

OVER THE TOP went Martin Reed Moore when he tried to beat out a hit to first in his efforts to guide the little mount toward first. With such falls as this, it made for a long night for participants.

IF IT TAKES TWO hands to control your mount, one way to carry the ball is in your mouth. And that's what John Gilliland, sterling first baseman for the Lions Club, proceeded to do. Even his long legs couldn't always keep him from being thrown off. In that case he just walked his mount back to the first base circle.

A HEALTHY SWING that hit nothing draws a big laugh from Martin Reed Moore, resplendent in striped bermuda shorts, gold vest and top hat. More serious about the game is Mayor Ray Cowser, catcher for the Lions Club team. In the contest, the bat could be swung with just one hand. After hitting the ball (there were no walks or strike-outs), the batter mounted his steed and tried to guide him to the circles that represented the bases. Defensive players had to catch or throw the ball while mounted for an out.

RUMOR HAS IT that County Judge H. C. "Hank" Williams renamed his mount "Commissioner" because of its stubbornness. All the spectators knew was that the Judge found his judicial pleadings were of little avail with donkey "Rickey Nelson", who closed his ears to the whole summary. So Williams resorted to corporal punishment, which moved the donkey but a few feet from his shortstop position for the Lions Club.

Staff Photos by H. A. Tuck

AUSTIN HIGHLIGHTS

New Sales Tax On Clothing Becomes Effective July 1

On July 1 every article of outer clothing that costs less than \$10 will go up two per cent.

That is the date the extended state sales tax law goes into effect all outer clothing now exempt will become taxable.

Smart shoppers will take advantage of the last days of June to stock up on clothing for the family. Buying of school togs may take place earlier than ever before.

Legislature made many changes in the sales tax law. Most changes affect reporting procedures of merchants. An important one, however, raises the state sales tax on automobiles from 1 1/2 to 2 per cent.

As of July 1, if you buy a new car costing \$3,000, for example, you will pay a state tax of \$60.

If you trade in an old car the salesman will deduct the trade-in amount from the total, then figure your tax on the difference. In other words, if your trade-in came to \$1,000

toward a \$3,000 car, you would pay two per cent — or \$40 — on the difference.

"LAYAWAY PLAN"

At the last minute Gov. John Connally signed the \$3,000,000,000 state budget bill. He criticized the bill for emphasizing "bricks rather than brains." But he knocked out \$12,400,000 worth of "bricks" — i. e. construction items — before he fixed his signature.

Connally said he would guard the \$12,400,000 as a "layaway plan" for higher education.

Hopes that his decision on the 1964-65 appropriations bill would decide the special session question fell through. He said he does not want to call a special session, but will not hesitate to do so if he becomes convinced that excellence in higher education is threatened by a shortage of funds for teaching salaries, research and libraries.

VETOES
When the governor's deadline for signing bills arrived, he ink-

ed into law most of the 554 measures passed by the Legislature. But he vetoed a few, including:

Senate Bill 276, revising the antiquated 1886 Code of Criminal Procedure. Connally nixed the controversial code revision, after learning that the copy sent him for signature was not the one passed by the Legislature.

House Bill 769, exempting from jury service "all owners or operators of milk-producing farms where this operation is the exclusive means of earning a living." Connally said, "I believe that dairy farmers occupy an important role in our society and can serve a valuable function as jurors."

MURRAY FILE
Income tax reports made by William J. Murray from 1946 to 1962 have been studied by Atty. Gen. Waggoner Carr. Murray resigned in April as a member of the Railroad Commission, following a conflict - of - interest charge.

After noting that Murray's taxable income from oil, gas and allied operations during those 17 years exceeded \$1,700,000, Carr stated, "This report does raise a serious question of a conflict - of - interest between the official duties of Mr. Murray and his private interests."

Carr recommended a Legislative Council study for an improved Code of Ethics for State officials.

Such a code, co-authored by Reps. Jim Nugent of Kerrville, Bob Eckhardt of Houston and Travis Peeler of Corpus Christi, passed the House during the legislative session but was killed in the Senate.

Study of Murray's finances was made for a Travis County Grand Jury, which will attempt to determine whether Murray violated any laws.

SCREWORM PROGRESS PROVEN

Up to now, estimates of state and federal animal health authorities that the 1 1/2 - year - old screwworm eradication program has resulted in anywhere from a 75 to 95 per cent decline in the disease have been pure guess work.

But the joint report of the Texas Animal Health Commission and the U. S. Department of Agriculture for the five - week period ending June 1 confirmed a 95 per cent decline as compared to the same weeks in 1962.

The clear comparison picture was the result of reporting cooperation on the part of livestock producers.

Animal health report showed that during the period April 28 to June 1, 1963, research workers confirmed 480 samples as screwworm infestations, and 1,281 as non - screwworm. In the

same period in 1962 there were 7,013 screwworm cases confirmed, and 597 termed non - screwworm.

PROGRAM IN JEOPARDY?

Members of the Texas Screwworm Eradication Committee considered Governor Connally's veto of a \$300,000 appropriation for the eradication program a matter of "serious concern."

They said more than 100,000 livestock producers raised \$1,000,000 toward its \$3,000,000 goal this spring in a 30 - day period on the governor's word that the State would carry its share of its \$12,000,000 program.

Committeemen said that unless the \$300,000 vetoed by Connally is restored, the entire program is in jeopardy, and possibly the loss of the huge investment producers already have made in the program.

LAND SALE POSTED

Land Commissioner Jerry Sadler announced the sale of several south Texas tracts of forfeited land on which bonafide Texas veterans are invited to submit bids until 11 a. m. on July 2.

Each eligible veteran will be allowed to purchase only one of the 13 available tracts, but he may submit bids on as many as he desires.

Sadler, chairman of the Veterans Land Board, said, "The board strongly recommends that each bidder personally contact all taxing agencies to satisfy himself as to the exact amount of taxes and charges due and take those into consideration in making his bid."

Further information about the land sale may be obtained by writing the Land Commissioner at the Veterans Land Board, General Land Office, Archives and Library Building, Austin, Texas.

FARM JOB INCREASE

Vegetable harvesting, berry picking and cotton cultivation during May caused placement of farm workers to increase from 24,809 in April to 28,131 last month, according to the Texas Employment Commission.

But elsewhere, there was little change in the job picture. Non - farm placements increased only one per cent on the workday basis.

FIRE PROTECTION RULING

That part of a 1961 law which provides that counties could provide rural fire protection to residents of adjoining counties was ruled unconstitutional by Attorney General Carr.

Carr declared that a county can only contract to provide rural fire protection for residents of the same county living outside incorporated limits. He said his ruling did not

THE STATE OF TEXAS
COUNTY OF DEAF SMITH
CITY OF HEREFORD
NOTICE OF HEARING ON
CITY PAVING ASSESSMENTS

Notice is hereby given to all abutting property owners and persons interested in the proposed portions of Avenue D in the City of Hereford, Deaf Smith County, Texas, that on the 3rd day of June, 1963, B. R. McMorris and Associates, City Engineers, have filed with the City of Hereford, the estimated amounts per front foot proposed to be assessed against the owner or owners of abutting property and said property on each portion of Avenue D to be paved and improved by the City of Hereford, Texas, as well as the total cost of improvements on said street, and that the same has been duly approved by the City Commission and the same was ordered filed and same shall remain on file with the City Secretary in the City Hall in Hereford, Texas, as well as all of the plans and specifications pertaining to all of such proposed improvements. Notice is further given that any and all property owners and persons interested therein within the City of Hereford and elsewhere, may inspect the same; and further, that the City of Hereford, by a resolution duly adopted by the City Commission thereof on June 3, 1963, has fixed the first day of July, 1963, at 7:30 o'clock p. m. in the City Hall in Hereford, Deaf Smith County, Texas, as the time and place for all of such owners and persons interested in such paving, and in such properties, to appear and make objections thereto, if any there be, and to contest the amounts of the proposed assessments, the lien and liability thereof, the special benefits to the abutting property and owners thereof by means of the improvements for which assessments are to be levied, the accuracy, sufficiency, regularity and validity of the proceedings, and contract in connection with such improvements and proposed assessments, if it is so desired; and this notice is given as is provided in Section 9 of Article 1105b of the Revised Civil Statutes of the State of Texas, in that the City proposed to levy such costs against respective properties as are shown in said proposed paving assessments as so

segregate the rest of the rural fire protection contract law, however.

CITY OF HEREFORD,

THREE STRAIGHT

Red Birds Trounce Tulia And Edge Palo Duro, 10-9

American Legion Red Birds ran their record to 3-0 for the season with a pair of wins over the weekend. On Saturday night, they dropped Tulia 13-1 on the strength of 12 hits and shut-out pitching by Ed Mims. Sunday afternoon at home they edged Palo Duro 10-9 on an eighth inning homer by Garry Smith.

Saturday's game was really no contest as Mims handcuffed his opponents for five innings and allowed just two hits. John Willoughby doubled to score Larry Minks, who had been hit by the pitcher. Eugene Green singled and moved around on a stolen base, an error and a ground ball by Joe Coffman.

In the second, the Red Birds made it 10-0 with a seven-run outburst. Steve Hodges singled, Garry Smith tripled, Ed Mims got a single, Minks got on with a sacrifice, Frank Cain got on by fielder's choice, Joe Coffman and Mickey Stevens singled, Hodges singled again and Smith drew a walk. Two Tulia errors also helped the Red Birds.

Two more runs scored in the fourth on a walk, a single by Stevens and two passed balls. They added another in the fifth on a walk and a double by Willoughby.

After five innings, Mims left the game. He had allowed no runs on two hits, walked none and struck out six. He was added in the fifth with a double play from Coffman to Stevens.

An error, a double and a single scored the first run for Tulia in the last of the sixth, their only score of the game.

Larry Minks hurried the last two innings for the Birds. He allowed one run on two hits, walked one and struck out four. He also hit one batter.

Willoughby had a fine night at the plate as he hit three doubles and a single in five times up. Stevens and Hodges each had two hits in the game. Roger Latham had two of Tulia's four hits during the game. Losing pitcher was Arnold, who lasted just one inning. Boyd worked the last six.

Sunday's game had a different appearance as the teams battled on even terms from start to finish.

The Amarillo team opened with two runs on two walks, a double by Floyd Burke and a wild pitch.

That was matched in the last of the first with two runs for the Red Birds. Ronny Duncan walked. Hodges doubled and Willoughby singled.

Three runs scored in the top of the second on two singles, a fielder's choice and a triple by Burke that pushed in all three scores.

But the Red Birds were equal to the challenge as they retaliated with three runs and tied the score again, 5-5. Stevens opened with a double and moved around on errors. Cain walked and Danny Loerwald got on by fielder's choice. Hodges doubled in another run and Loerwald scored on a wild pitch.

Palo Duro's Darrell Shew powered one over left field in the third to put his team ahead once more. However, the Birds used a walk, a sacrifice bunt by Stevens and a double by Cain to even the score again.

In the top of the fourth, the Palo Duro team used a walk, a sacrifice bunt and a single

to go in front 7-6. The crowd got another thrill in the last of the fourth as Hodges got on by fielder's choice and moved around on a single, a walk and a wild pitch. That tied it up 7-7.

Hereford took its first lead in the bottom of the fifth as two runs scored on two walks, a wild pitch, singles by Hodges and Willoughby and another walk.

Palo Duro finally tied the score for the last time in the top of the seventh. Two runs came in on a walk, a single, a sacrifice, an error and a fielder's choice.

Hereford nipped a potential rally in the eighth with a double play from Cain to Coffman to Hodges.

With two out in the bottom of the eighth, Garry "Beefy" Smith slammed a pitch over right-center field for the game-winning run. Smith last week had parked a home run right-handed because of an injured shoulder. He got his second one from his favorite, or left, side.

Danny Loerwald started for the Red Birds and went two and a third innings. He gave up six runs on five hits, walked three and struck out none. Mickey Stevens went the rest of the way. He allowed three runs on four hits, walked two and struck out eight.

Ronny James started for Palo Duro and lasted just slightly more than one inning. He gave up four runs on three hits, walked two and struck out one. Darrell Shew then came on for an inning. He gave up one run on one hit, walked and struck out one. Mike Vichon hurled the last six innings. He was tagged for the loss with five runs on five hits while walking seven and striking out two.

Floyd Burke was the top hitter for the visitors with a single, double and triple in five trips for the Red Birds.

Hereford (13) AB R H

Latinos Edge By Sudan Dragons

Hereford Latinos amateur baseball team beat the Sudan Dragons 5-4 there Sunday afternoon.

There was no score until the first of the third inning. Shorty Salinas singled and came in on a triple by Joe Hernandez. The Dragons tied it up in the last of the third.

In the fifth, the Latinos took another lead with three runs on three hits, an error, two walks and two fielders' choices.

Sudan got one run in the fifth on two singles and an error. They got one more in the sixth on a double and two singles.

Winning score came in the top of the seventh on a walk, a sacrifice and a double by Chinto Suarez. Sudan got its fourth run in the last of the eighth and a walk, a double and a fielder's choice.

Gary Kendrick took credit for the victory, allowing seven hits and four runs. He struck out six.

PURINA HEALTH AIDS
a shield against disease losses

Cattlemen — don't let flies slow gains, cost you money

Cattle feeders know that fly-time is rough on cattle. Flies bother cattle, slow gains, may contaminate feed, and spread disease. A small investment in fly control is sure to pay big dividends. Cattle fed in Purina Feeding Demonstrations are protected by Purina Research approved killers that kill flies like magic. Research tests show fly control pays for itself many times over in added pounds of gain. Now's the time to see your Purina Dealer for effective, easy-to-use, economical Purina Fly Killers. They're built to control fly-time problems in your feedlots or on range.

For Starving Souls

To build this church, that is our job." With Christ as foundation, this group of men have pledged to build... to make more pews available for neglected souls. These men are stewards of the Most High, armed with resolution to "build a church for His name." for starving souls. Every extra hour and every spare nickel goes into this responsibility entrusted to this company of Kingdom workers. These men are our neighbors. They are ministering to hungry souls... souls of boys and girls who need God. Souls of men and women whose wrecked bodies and warped minds need the healing, strengthening and comforting fellowship this church will give. Jesus said, "Take heed to the ministry which thou hast received in the Lord, that thou fulfill it." God's invitation to attend His Temples of Worship is addressed to you and yours. His invitation is eternal.

HEARS PRESIDENT
Marine Private First Class Jerry C. Thomas, son of Mr. and Mrs. Clyde Thomas of 309 Grand, was among the Marine Corps and Navy personnel who attended the address given June 6 by President John F. Kennedy during his visit to the Marine Corps Recruit Depot, San Diego, Calif. Following honors, the President observed recruits in different stages of training from the time they arrive at receiving barracks for their initial indoctrination to final inspection before graduation.

REP. ROGERS WRITES

Congress Must Retain It's 'Watchdog' Authority

TO THE PEOPLE OF THE 15TH DISTRICT:

Congress is to the government what a board of directors is to a large corporation. Congress guides the actions of our government by passing laws and by determining whether or not they are properly administered. In a similar way, boards of director set policies of corporations and check to see that their decisions are executed by management.

In both government and business, policy-makers must be extremely careful lest they delegate to people on the managerial level powers that should have been retained at the top. This, as I pointed out in last week's newsletter, has occurred too often in the Congress with the result that the authority of Congress, the direct voice of the people in their government, has been sapped.

Just as stockholders in a corporation would object if the directors they elect shunned their responsibilities by passing too much power to appointed management so American citizens are protesting that Congress has let too much power slip away to bureaucrats who man departments of the government's administrative branch.

Now before the Senate is a bill that, I am convinced, would further strengthen the power of the administrative branch in overseeing the functions and practices of the quasi-judicial regulatory agencies of government.

The bill, S. 1664, would establish what some have termed a "super agency." It would have watchdog authority over the efficiency, adequacy and fairness of administrative procedures followed by the regulatory agencies.

The Administrative Conference of the United States, as this "super agency" would be called, would be headed by a full-time chairman appointed by the President (with the advice and consent of the Senate) and include an 11-member Council, including agency heads and lawyers, and a larger Assembly consisting of other government officials and citizen specialists.

This is a well-intentioned bill. I applaud its purpose - which is to see that unfair and

capricious treatment of citizens is prevented as they deal with these agencies, whose power is in part legislative and in part judicial, and to provide for appeals procedures where none now exist.

I object, however, to the philosophy of government lying behind the proposal - that watchdog authority over these agencies is not properly a function of the Congress, that it belongs in the bureaucracy. It certainly is incumbent upon the departments and agencies to administer the authority given to them in a responsible way, but the ultimate responsibility as to whether or not this is being done rests with Congress.

In my view, Congress should set to work to restore to itself authority passed along over the years to the regulatory agencies. Instead of laying down the broad forms of legislation that have characterized past delegations of authority to the administrative branch, Congress should be more specific in enacting policies these agencies are to follow.

In the past few years a number of bills have been introduced in the Congress delegating to government agencies measures of authority which taken singly seem insignificant. Some of these bills have been enacted, but the cumulative effect of those that have passed has been a massive grant of administrative power to the quasi-judicial agencies.

In some instances, these grants of power have had the effect of binding the Congress to expenditures not specifically authorized in appropriations bills.

In other instances laws have permitted members of the executive branch in these agencies to draft what constitute criminal laws, which then must be enforced by the judicial branch. Under these grants of combined legislative and judicial power, the agency is able to make the rules, the violations of which make the offender subject to penalty by U. S. courts.

I'm in support of every step Congress can take to wrest this sort of authority away from the agencies and return it to where it belongs. By enacting specific legislation delegating less sweeping administrative authority, placing enforcement of laws in the judicial branch by repealing enforcement powers now held by bureaucrats, by enacting

laws to provide for better appeals machinery, by conducting a thorough inquiry into the vast realm of agency-exercised powers - these things would help.

Also helpful would be a re-examination by the Congress of its own role in government, a study that might go far to restore the emphasis of Congressional activity to legislative business.

Yankees Upend Giants 5-4; Cards Defeat Dodgers, 5-3

In Little League make-up games Saturday afternoon and evening, the Yankees again knocked off the Giants, this time 5-4, and the Cardinals beat the Dodgers 5-3.

So far, the Giants have been beaten only by the Yankees. It was the Yankees who dropped the Giants from the ranks of the undefeated 3-0 Tuesday night. With just 10 players in uniform Saturday afternoon, they did it again with a determined rush in the final three innings.

Both teams were blanked until the last of the second, when Sid Shaw doubled for the Giants. Two more runners got on by walks and Gary Lemons singled in two runs.

The Giants got another run in the third on an error, a walk and two ground balls.

In the fourth, the Yankees got their first run as two walks and a passed ball let in an unearned run. In the top of the fifth, the Yankees tied the score at 3-3 with two runs. Two errors, two walks and a single by Otis Robinson pushed in the runs.

Yankees took a 5-3 lead in the sixth with two more runs on three singles and a walk.

All during the season, the Giants have been known for their ability to come from behind. But their rush in the sixth fell short as they got just one score. John Selver doubled and scored on an error.

Tom McGowan was the winning pitcher. He gave up four runs on four hits. Sid Shaw went the route for the losers. He gave up five runs on three hits.

In the second game, the teams went back and forth as the Dodgers led early, but the Cards led late.

The Dodgers lost little time as they picked up three runs in the first one a fielder's choice single, a double by Frank Hernandez, a walk and a fielder's choice. But that was all their scoring as the Cards nibbled away at the lead.

David Vines scored the first Cardinal run in the third on two walks and two singles.

Both teams put runners on in the fourth and fifth. But the Cards moved their runners around in the last of the fifth. Two walks, two errors and a single by Jack Beasley pushed in four runs that meant the game.

In the top of the sixth, the Dodgers pushed runners to first and second on two walks, but failed to score.

David Alvarado and David Vines hurled for the Cardinals with Frank Hernandez, Tommy Pool and Ishmael Urias throwing for the Dodgers.

In the only minor league game Saturday, the Cardinals whipped the Dodgers 12-9.

The Cards got two runs in the first on two singles, a walk and a hit batter.

The Dodgers got in front 4-2 in the last of the first on three singles, four walks and an error.

A single run in the second closed the gap for the Cards.

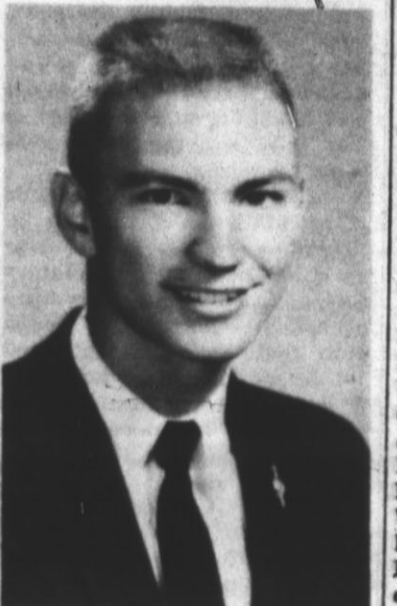

It came in on a walk, two hit batters, a single and an error. But the Dodgers also got one run in their part of the second on a walk, a ground ball and an error.

Dodgers took a comfortable 9-3 lead in the last of the third with four runs on two singles, a double by Daniel Beversdorf, an error, two walks and a hit batter.

The roof fell in for the Dodgers in the top of the fifth, however, as the Cardinals stormed back for nine runs on two singles, a double by Johnny West, three errors and three hit batters.

Neither team was able to push in a run after that.

Tony Carter, Johnny West and Andy Scott hurled for the Cards. Johnny Gooch and Paul Hamilton pitched for the Dodgers.

Jim Looney
student minister

Jim Looney Is Student Pastor

Each year the First Christian Church selects a student minister for the summer. This year he is Jim Looney of Dallas, a student at Texas Christian University in Fort Worth. He is a sophomore ministerial student, who is very interested in not only youth work but all phases of Christian activity.

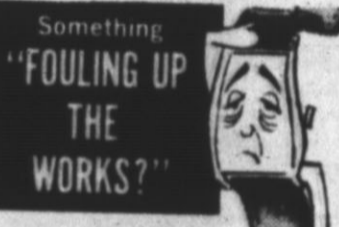

Jim's activities include many varied things from substituting for the pastor when he is on vacation to work with the youth of the church.

In his home church, Jim also had many responsibilities. He was on the Junior Board of Deacons and he also taught a Sunday School Class.

This summer he will be staying with the Ellis Coombes family.

ATTEND REUNION

Mrs. Ella Harper and children enjoyed a family reunion at the Bull Barn Saturday, June 15. Among those attending were Mr. and Mrs. George Wagner, Velma and Ruth, of Blanchly, Ore.; Mr. and Mrs. Leo Harper and Jimmy, of Aberdeen, Miss.; Mr. and Mrs. Virgil Fish, Howard and Eugenia, of Fort Worth; Mr. and Mrs. Everett Lovvorn and Linda, Grady, N. M.; Mr. and Mrs. Melvin Harper, and Sally, Mike, John, and Jim, of Dumas; Mrs. Earl Taylor, of Clovis, N. M.; Mr. and Mrs. Roy Harper, of Portales, N. M.; and Mr. and Mrs. John Harper, of Grady, N. M. There were 50 present.
