

D. E. SPOTLIGHT — Phillip Treadway works at Buy-Rite Furniture as a first-year Distributive Education student through the Hereford High School program. A junior, he is the son of Mr. and Mrs. G. M. Treadway of Rt. 5. Concerning the D. E. program, he states, "I am taking D. E. because it gives me job experience which will help me find work later in life." (Staff Photo)

## Sky Chiefs Take First In League

Hereford's high-soaring Sky Chiefs posted a 62-51 win over Pioneer Natural Gas Company of Amarillo in order to remain in first place in the Amarillo YMCA Church League as the regular season closed Tuesday night.

### Question...

(Continued from page one) he said the money wouldn't be used on the football field, which is already paid for.

Dr. L. B. Barnett, board president, said, "The real question that the board faced was whether there was any control from the federal government along with these NDEA funds. I'll back this board on their action. They took about three months to examine this question, to visit with their neighbors and to investigate other schools that have accepted such grants. They (the trustees) were elected by you and were elected to represent you."

Another visitor commented, "I don't go along with everything that has been said here to-night and I feel that the board knows better than I do what's the right thing to do."

Some of the visitors asked how much it would cost taxpayers to eliminate all federal aid to the school district. Rough estimates figured about eight per cent, or an increase of 17 cents per \$100 valuation.

Others asked if the NDEA funds could be referred to the voters by ballot. It was explained that a petition with 20 taxpayers' signatures was sufficient to make such a request.

With a 11-1 season standing, the Jones Texaco Sky Chiefs stayed in first place in the league. Pioneer holds down the second spot.

But it isn't yet in the bag for the Chiefs, as they must compete in the Amarillo City Tournament beginning Friday night. First and second place teams from the YMCA Church League and Industrial League will compete in the tourney for the right to go to the regional YMCA meet in Abilene or Midland.

Hereford's Chiefs charged to a 22-10 lead in the first quarter and then coasted in for the win over Pioneer Natural Tuesday night.

David Seale and Donnie Renfro, each connected for 16 points to pace the Chiefs during the game. Bill Dufur hit 13, Jim Arney tallied ten, Charles Skinner got four, and Chic Hicks scored three.

Richard Weesey, Lynn Cushmanberry, and Pete Munkes paced Pioneer Natural with 13, 12, and 11 respectively.

The Sky Chiefs romped to a 22-10 first-quarter lead, and then eased off to allow their opponents 15 points in the second quarter. But Hereford still commanded a 30-25 advantage at the half.

Action slowed in the third quarter as the Chiefs hit only 11, but still led 41-34 as the final period ticked around. But the Sky Chiefs found a last-quarter surge as they flipped in 21 points in the fourth period to win 62-41.

## Around...

(Continued from page one) marketing order has been extended from Feb. 15 to March 22. Interested parties may file findings and conclusions, written arguments or briefs with the Hearing Clerk, U. S. Department of Agriculture, Washington 25, D. C., not later than March 22.

Knights of Columbus will sponsor a Sausage Supper on Sunday, Feb. 15, from 11:15 a. m. until 2 p. m. Proceeds will be used to help develop a sprinkler system at St. Anthony's cemetery.

American Field Service's Hereford chapter will hold a Silver Tea for the benefit of the exchange student program on Sunday, Feb. 17. It will be held from 3-5 p. m. in the Hereford Community Center.

We really enjoyed 4-H Stunt Night on Monday, as we always do. The kids are pretty sharp in their presentations and had worked hard on rehearsals. Our special congratulations to Larry Minks and Caroline Brumley for being named 4-H King and Queen. They are really outstanding members. But the judges must have had a terrible time, since the other nominees also were well-qualified.

Friday is the night for the Hereford basketball team. It has worked hard all season, coming along rapidly and hustling all the way. Now it must overcome the speedy and aggressive Phillips Blackhawks in Phillips in order to gain a tie for the district title. Dumas will be there in force, rooting all the way for Phillips, whom they knocked from contention Tuesday night. During the last three years, Hereford and Dumas have had play-off battles. Dumas has won both of them. But the third time is the charm and we'd like to see Hereford whip the Demons. At least they'll have the chance if they

## Long...

(Continued from page one) ing. Davis said they should also approach Standard & Pools for a higher rating.

## Magazine...

(Continued from page one)

to the attention of Hereford Police Department on Monday morning as a resident reported that a magazine salesman had called at the home.

However, the first arrest for violation of the city ordinance requiring house-to-house salesmen to take out a city permit did not occur until 2 p. m. Hereford police officers picked up one of the women, 20-year-old Darlene McCully, Sterling, Colo., as she was selling subscriptions at service stations located at West First and 25 Mile Ave.

The other four women were then taken into custody and tried in the corporation court. Fined \$10 each were Miss McCully, Mary C. Pinkerton, 37, Dayton, Ohio; Deloris Hines, 29, Tip City, Ohio, and Merrilly Bowen, 19, Jenning, Okla.

get by Phillips. All of which means that Hereford is going to need your support Friday night. And you'd better get there early if you want a seat. We are real proud of our little White-faces. They have demonstrated the type of hustle that we appreciate, win or lose. Dumas may repeat as district representatives, but they'll know they've had a battle. Despite their reputation, no one has rolled over and played dead for the Demons.

The Herd's a hustling crowd and we've been most proud of their constant fight and hustle. So best of luck at Friday's tussle.

Mrs. Aubyn Hodges acted as spokesman in presenting a petition asking that the mandatory retirement policy be waived for L. C. Thomas, principal at Central School. About 100 names, including patrons, teachers and school associates of Thomas, were on the petition.

Board members expressed a great appreciation for the thoughts contained in the petitions, but felt it best that retirement at age 65 be required for all school personnel, without exception.

Superintendent Paul Stevens reported that enrollment Tuesday was 2,935, compared with 2,916 last month and 2,859 in February, 1962.

Trustees accepted the recommendation that Mrs. L. D. Taylor be hired as a half-time teacher in high school, to replace Ray Todd, who was named assistant principal at Alkman Elementary. Jesse Gerron was named to the high school coaching staff in place of Todd.

Gerron will continue teaching physical education in junior high school.

One-year contracts were approved for the following: Kendall Williams, assistant superintendent and business manager; L. B. Russell, high school principal; W. C. Quattlebaum, junior high principal; Roy Hartman, Shirley school principal; D. C. Martin, Alkman school principal; Charles Duvall, Northwest school principal; Bill Phillips, secondary coordinator; Coby Kitchens, athletic director; Della Stagner, elementary coordinator; and Esther Springer, school nurse.

One scholastic transfer to Friona was approved. Trustees set the annual dinner for former board members for Friday, March 8.

Bids on science laboratory furniture and equipment were considered. The bids had been opened last fall, but were tabled for further study. Ted Ekstrand Company of Fort

Worth was low bidder at \$9,778, but bid only on bench equipment. American Desk Company of Temple bid \$10,297 for second low.

The American Desk bid was accepted, since it was for oak. Existing equipment is oak.

Bids were opened on kitchen equipment for Northwest School cafeteria, now under construction. However, they were tabled for further study. Arnholtz Coffee Company was released from its bid, due to an error.

Alternate bids were taken on gas and electric equipment. Following are bid totals, with gas equipment listed first: Fort Worth Fountain, \$21,840 and \$23,090; Golden Light Coffee Company, \$22,400 and \$25,230; Huey and Philip Co., \$21,000 and \$22,600; and West Texas Coffee Company, \$22,224 and \$25,318.

Board members decided to take the low bid of Huey and Philip in either case.

A street easement on the west side of Northwest School property was approved. The school will dedicate 40 feet to a 90-foot-wide street. School property is 943 feet. The street is to be known as "Stadium Drive."

Progress on construction of additions to Hereford High School, and Northwest Elementary was reported as "about on schedule." Weather has caused some delays, the architect's report said.

Stevens reported that the district's economic index for 1963 has been raised. The Hereford district is required to pay so much into the local fund assignment to the state each year. For the current year, the district's assignment was 213 per cent of about \$98 millions, or \$210,550. For the coming year, this has been raised to 216 per cent of about \$103 millions or \$222,480.

## Moisture...

(Continued from page one) the lack of rain or snow this winter.

Wheat on irrigated land is in better conditions since farmers have been watering the crop since the last of November.

However, the grazing potential of the crop has been lost to the county due to the dry conditions. Many of the cattle brought into the county this past fall have been shipped to markets.

As the rain began falling Sunday about noon, the temperature began dropping slowly toward the freezing mark. About 2 p. m. a mixture of rain and snow was falling. Heavy snow was falling by 3 p. m.

The snow continued throughout the afternoon and stopped about midnight.

Temperatures dropped from a pleasant 58 degrees Saturday to 35 by Sunday morning. The high Sunday only reached 40 degrees before dropping to a low of 12 degrees.

Monday's high only reached the 30-degree mark with some snow flurries during the day. Approximately an inch of new snow fell during the night bringing an additional 87 of an inch of moisture to the area.

The high for Tuesday climbed to 27 degrees with much of the snow and ice melting from streets and highways in the area. Wednesday's low was 7 degrees.

NEW DAUGHTER — Mr. and Mrs. Luther Roy Flowers of Los Angeles, Cal., are the parents of a daughter, Cynthia Diana, born on Sunday, Feb. 10, weighing 7 pounds 7 ounces. The grandmother is Mr. Jack Flowers of Springer, N. M. Great grandfather is L. O. Gore of Hereford.

Have you read the Classifieds?

## Telephone...

(Continued from page one) signing the central office and putting up additional lines.

New lines to be installed will be buried cable in most instances rather than aerial wires. Use of the buried cable was planned since aerial wire is damaged during severe electrical and ice storms.

In the revamping program, the present pole lines will still be used to provide service since cost of reworking all lines in the cooperative would be prohibitive.

Direct distance dialing is not included in the program since it would increase costs about \$5000 per exchange. More trunk lines would also be needed plus special equipment to handle service.

A telephone cooperative members passed the expansion plan calling for a five party system, they were assured that no more than the five subscribers would be on a line.

At present, lines in the cooperative are overcrowded with one line serving as many as 10 to 12 customers.

When the program is completed, no more than four parties will be on one line initially. However, in some cases, some of the lines may be filled due to the number of customers in an area.

## Herd...

(Continued from page one) missing the foul shot that followed. Haney netted a charity toss for a 44-30 lead.

The Lobos retaliated with baskets by Isidro Hernandez, Waters and Hines. Hill pulled the margin to 10 points again with another basket. That enabled Hereford to hold its lead, 46-36, at the three-quarter mark.

The Lobos, who have been giving everyone trouble in the fourth quarter, gave Hereford plenty. Haney started by making one of three consecutive free throws attempts as Lobos violated lane regulations the first two times.

Hines and Welty traded baskets. Then Jim Haney fouled out with 3:30 left. Haney picked up four fouls the first half. Harrell netted his charity toss and Simpson hit a jump shot for the Lobos.

Welty spread the margin to 10 points again with two free throws. But the Lobos surged back for six points as Waters hit a field goal and a free throw. Harrell got a basket and Jim Burton made a free throw.

That narrowed the gap to 51-47 with 25 seconds left. But reserve David Dowell hit a basket and then netted three charity attempts.

Butch Harrell and Vic Hines each had 11 point for the Lobos. Welty paced Hereford with 21 points.

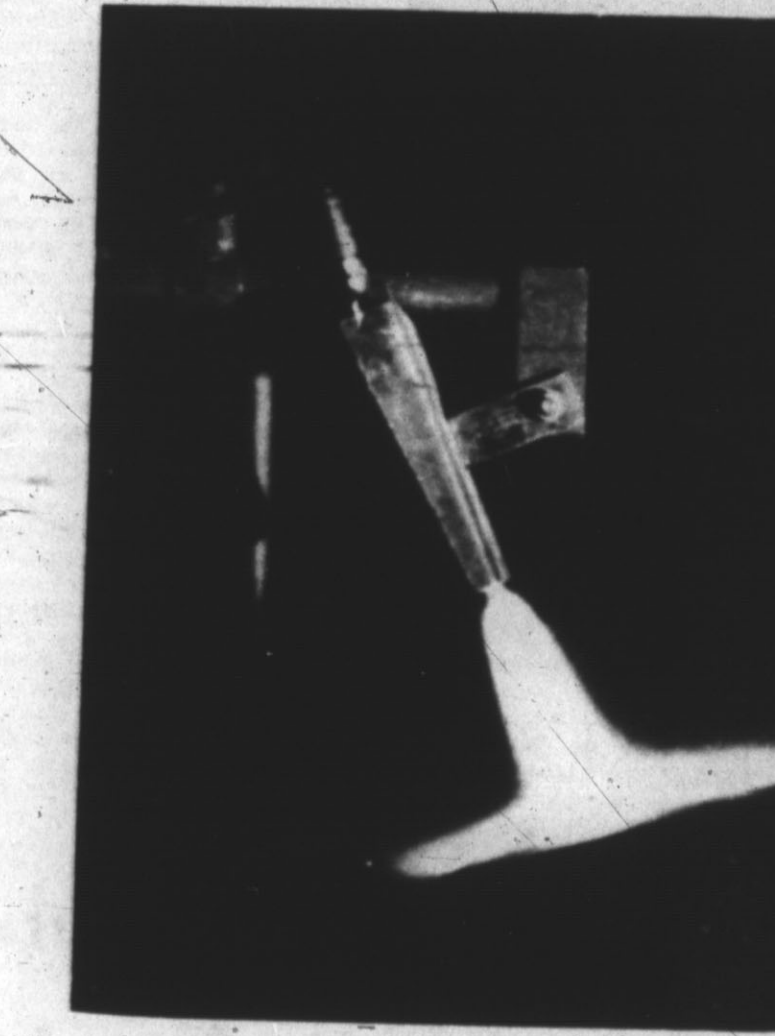

Friday's contests will include Hereford at Phillips and Perryton at Littlefield. Perryton has fourth place cinched, while Littlefield can pull into a tie for fifth by winning. If it loses, it would occupy the conference cellar alone.

In the B team tilt, Hereford was never in trouble as it won 72-44. David Stevens and Keny Justice got 13 each and Frank Cain 11 for the young Herd. Don Stephenson hit 11 for the Lobos.

Couples attending the supper were: Messers and Mesdames Gerald Martin, Bill Lankford, Joe Locke, John E. Smith, Joe Whitley, G. C. Merritt Jr., Joe Henry, and Harold Morton. (Staff Photo)

By Melvin Young  
If anything could be typical of Texas, then the weather we've had the past 30 days is typical Texas weather. The old thermometer has, since January 1st, plunged to a frigid 15 degrees below, climbed back to a balmy 80 degrees above and now has dropped again to the 10 degree mark. However, the little moisture brought about by the last cold front was a welcome sight to many dry land farmers of the area, and to their many acres of long-suffering and mighty thirsty wheat. Now all we need is a little more warm weather so that we can get thawed-out . . . and perhaps another inch of rain to hold us over until planting time.

The snow and freezing weather did bring its problems however; and due to the snow and the resultant school dismissal Monday, Kendall Williams is now being called "New Frontier" Williams. It seems that Kendall placed a call to Radio Station KGNC in Amarillo to report that school would be dismissed for the day, and the announcer apparently misunderstood the name. When the announcement was read over the air it came out as "Kennedy" Williams rather than Kendall. However Kendall seems to be going along with the spirit of the thing and has threatened to withdraw all aid the next time the snow flies.

And not to be outdone by the folks over at High School, Roy Hartman reports that he has the only trained Volkswagen in town. It seems that Mr. Hartman's "Bible bug" was so well trained that it started tottin' Monday morning when Roy failed to appear at the appointed hour to go to school. Roy immediately went out front in his house shoes and robe to comfort the Volkswagen and to get the darned horn stopped. Then he discovered that his troubles had multiplied. The car doors were frozen shut. After many trips back to the house for hot water, Roy finally managed to stop the noise; pacify the neighbors and get back to his second cup of coffee. Roy is principal at Shirley Elementary School.

Boxing team or no boxing team, Hereford has a man going to the state Golden Gloves Tournament at Ft. Worth this month. Hereford's own Roy Rogers, son of Mr. and Mrs. W. L. Rogers, has battled his way through the Regional Golden Gloves Tournament at Amarillo and will be this district's heavy-weight representative at the Ft.

Worth meet. Roy is now living in Levelland and is boxing for the Levelland Boys' Club.

A former resident of Hereford made the remark recently that Joe Kerr should be an outstanding basketball player. His thinking was that if Joe could work his feet and legs as fast as his tongue, he surely should be an All-American. Joe has been playing ball with the Hereford Sky Chiefs, a team that's really made a name for itself in the YMCA Church League of Amarillo. The team is sponsored by Jones Texaco Service of Hereford.

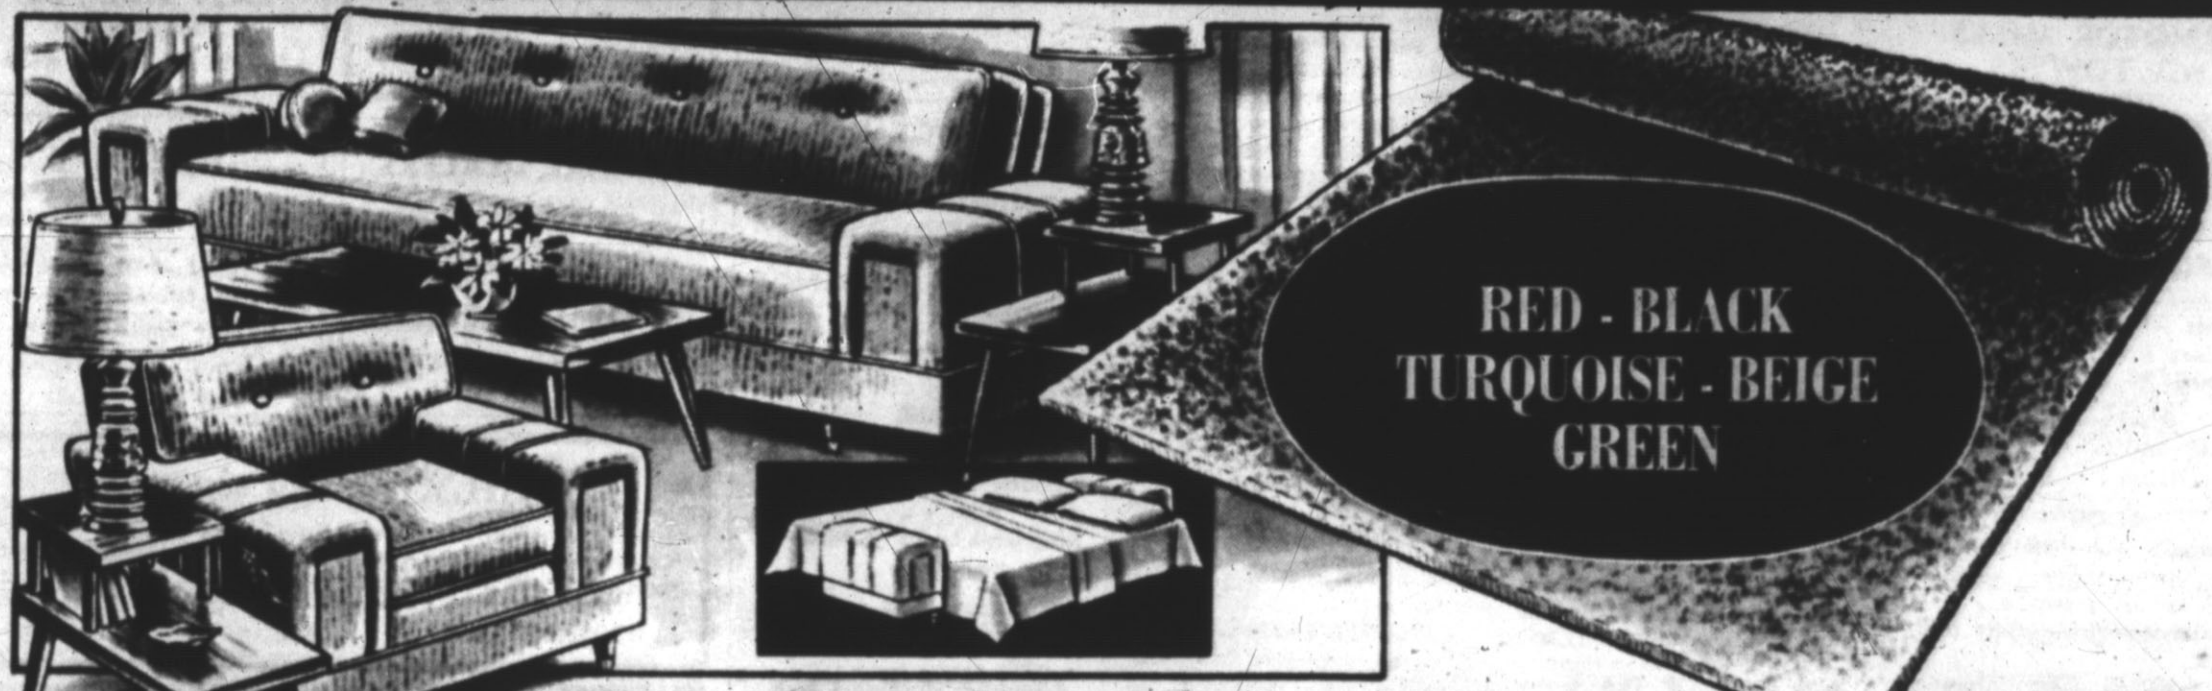

Meanwhile, the proposed sugar beet mill is still having its effect on Hereford and surrounding area. We understand that there have been a number of out-of-state people coming into Hereford; some desiring to purchase land and others apparently looking for employment. Of course this is to be expected when a town is anticipating more than average growth. Many of the people will probably settle in the area, making good citizens; others will drift on when it becomes apparent that they haven't found a "bird nest on the ground."

Everyone has their troubles these days, and apparently the agriculture department has more than any. According to the Wall Street Journal, the poultry producers of the nation are complaining to the department because the housewife isn't buying frying chickens in an orderly fashion. Apparently they wait until special sales come along; stock up on the birds while the prices are low and stay away from the markets in droves while the prices are high. This causes stocks of frying chickens to pile up, forcing another price reduction. All this upsets the poultry producers. And when the poultry producers get upset, the agriculture department gets upset and they are making an effort to find out just what is going on. If we were giving advice, we'd suggest to the department that they not mess with the nation's housewives. The gals might just boycott the whole works and leave the boys on Capitol Hill holding the well known bag. Besides, we know a bunch of supermarket operators who will vouch for the fact that you can't outguess the ladies.

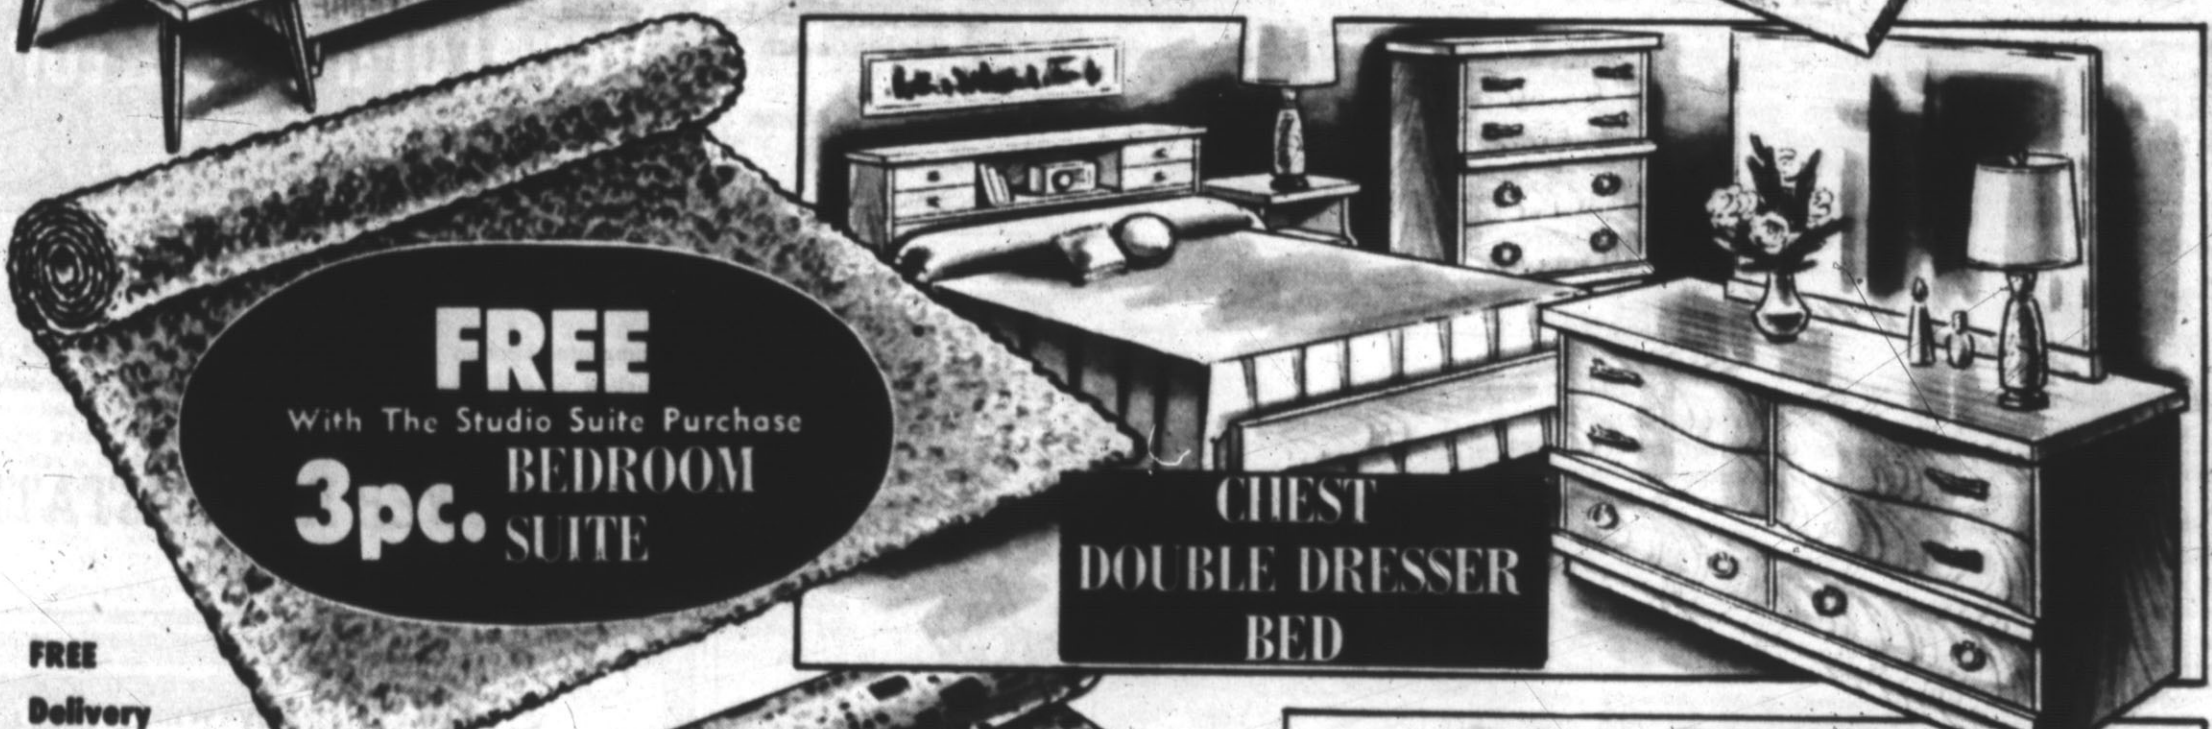

All of which reminds us that the trouble with holding a membership in the human race is that they keep raling the dues every year.

### LET'S COOK SOMETHING!

## Experienced Cook Prepares Meals From Her Own Recipes

By Ramona Noel  
Brand Society Editor

"Experience is the best teacher"; therefore, becoming a good cook does not happen overnight.

With 36 years of cooking experience, learning all of it the hard way, Mrs. Ralph (Pauline) Paul is a true example of an experienced cook. She proves this by the good meals that she prepares when her family gets together or when she is just cooking for her husband, Ralph and herself.

Raising a family of three boys and one girl kept Pauline busy in the kitchen most of the time, but it was simple to keep her family well fed since she enjoys cooking.

Her children, Joe Frank of Lazbuddie, Homer of Amarillo, Dean of Hereford and Miller of Lamesa, make a habit of gathering at their mother's for one of her delicious meals often.

When Pauline knows her grandchildren are coming for a visit, she tries to have one of their favorite desserts, pecan pie. Since pie is her favorite dish to prepare, there is usually one ready for sampling when they arrive or one being made.

Most of her life Pauline has lived in Texas — twenty-five years in Lazbuddie — with an exception of four years in Colorado Springs, Colo. They moved from Colorado to Hereford in 1952 and have made their home in Tierra Blanca Heights, south of Hereford.

Since Pauline learned to cook by the trial and error method, she prefers making everything from scratch rather than using the mixes that are on the market today. "I feel that I have accomplished something when-

ever I use my own recipes and not one of the mixes," she remarked.

This recipe for pecan pie is the one that she makes for her grandchildren and one that proves to be delicious.

**Pecan Pie**  
3 tablespoons butter  
2/3 cup brown sugar  
1/4 teaspoon salt  
3/4 cup light corn syrup  
1/2 cup milk  
3 eggs  
1/4 teaspoon vanilla  
1 cup pecans

Beat eggs slightly. Add rest of ingredients. Bake in unbaked pie shell for 10 minutes at 425 degrees, reduce heat to 300 degrees and bake for 30 more minutes.

**Pumpkin Pie**  
1 cup sugar  
1 1/2 teaspoons cinnamon  
1/4 teaspoon cloves  
1/2 teaspoon allspice  
1/2 teaspoon nutmeg  
1/2 teaspoon ginger  
1/4 teaspoon salt  
2 eggs  
1 large can evaporated milk  
1 1/2 cups pumpkin  
9 inch unbaked pie shell

Blend sugar, spices and salt together. Beat eggs and milk, combine with sugar, spice mixture, and pumpkin. Beat until smooth. Pour in pie shell. Bake in 425 degree oven for 15 minutes. Reduce heat to 350 degrees and continue baking for 40 more minutes or until knife inserted in pie comes out clean. Cool and serve with whipped cream, if desired.

When Pauline knows that her son-in-law is coming for dinner she especially tries to have his favorite vegetable casserole.

**Asparagus Casserole**  
1 No. 300 can of asparagus

1/2 cup milk  
1/2 pound cheese  
cracker crumbs

In buttered baking dish, put alternate layers of asparagus covered lightly with cracker crumbs and diced cheese. Let the top layer be cracker crumbs and cheese dotted generously with margarine. Add liquid from asparagus and the milk. Bake in 350 degree oven for 30 minutes or until slightly brown.

This dish may sound almost Chinese, but after a second look it is all American. An excellent dish for something quick and easy.

**American Chop Suet**  
Melt 2 tablespoons margarine in saucepan. Add 1 pound of ground beef, 1/2 cup chopped onion, 1 teaspoon salt, 4 ounce can of sliced mushrooms (drained) and 3 tablespoons A 1 sauce. Sauté for 15 minutes. Add one No. 2 can tomatoes and 2 cups cooked spaghetti. Heat thoroughly. Serve hot.

This salad recipe is excellent with any kind of meat.

**Cherry Salad**  
1 package black cherry jello  
1 1/2 cups hot water  
1-3 ounce package cream cheese

1 can cherry pie filling  
1/2 cup chopped nuts

Dissolve jello in hot water. Blend in cream cheese by mashing with fork. Let set until it begins to thicken. Add pie filling and nuts. Chill.

During this cold weather a slice of this Orange Date Cake goes real well with a steaming cup of coffee.

**Orange Date Cake**  
1 cup butter or margarine  
2 cups sugar  
4 eggs

1/3 cups buttermilk  
1 teaspoon soda  
1 package dates (chopped)  
1 cup pecans (chopped)  
4 cups flour  
2 teaspoons grated orange rind  
Mix sugar, butter, and orange rind together. Add eggs one at a time. Add milk. Mix dates and nuts with part of flour, enough to coat them well. Put soda with the rest of the flour and sift together. Add to rest of the ingredients. Bake in loaf pan for 1 1/2 hours at 250 degrees. For best results use a pan at least 9 inch by 13 inch.

**Icing**  
1 1/2 cups sugar  
1 cup orange juice  
2 tablespoons grated orange rind  
Mix well and pour over cake as soon as it comes from the oven.

What would be better on one of these cold nights than these waffles with a silding of sausage or bacon. Also for a delicious breakfast try them for something special.

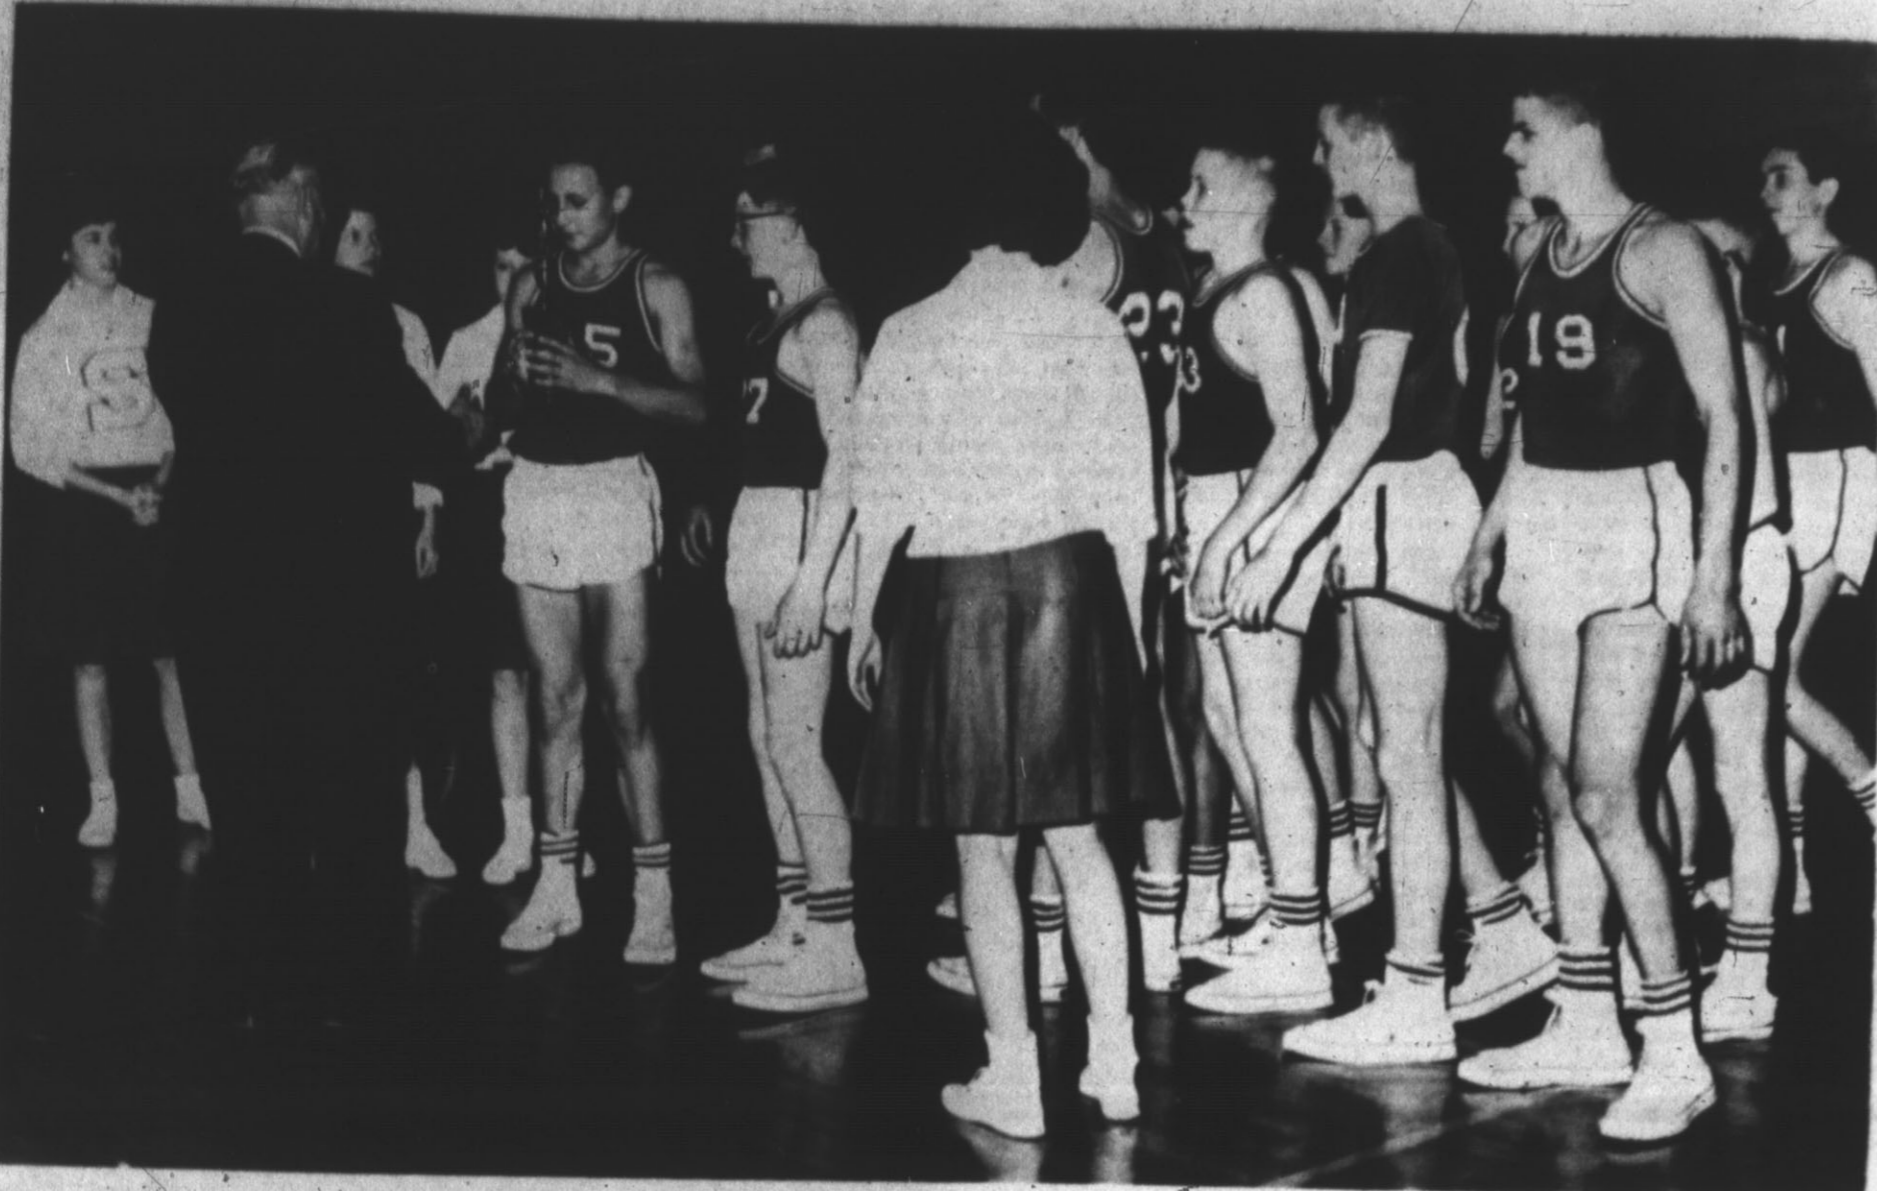

One could never go wrong with a good breakfast of waffles, or on one of these cold nights serve waffles and a silding of bacon or sausage.

**Oh Boy Waffles**  
2 1/2 cups flour  
2/4 teaspoon salt  
4 teaspoons baking powder  
1 1/2 tablespoons sugar  
2 eggs  
2 1/2 cups milk  
2/4 cup salad oil

Sift dry ingredients together. Combine liquids and dry ingredients just before baking. Beat until smooth. Cook in hot waffle iron. Makes 10 large waffles. Pecans can be added if desired.

**4-H IN HAWAII** was a musical presentation of the Willing Workers Club in the junior division of the Stunt Night presentation in the high school auditorium Monday night. It earned participants red ribbons for second place honors. (Staff Photo)

THE WHOLE TEAM, cheerleaders, and other fans were on hand as Stanton Junior High School Principal, Wylie Quatlebaum presented a trophy to the Stanton Junior High School eighth grade Dogies. Stanton took first in the Hereford Junior High Tourney here last week. The presentation was made following the finals of the meet Saturday in which Stanton downed Canyon by 40-21 to take first place. (Staff Photo)

**H. D. CHATTER**

**Appreciation Lunch To Honor 25 Years In HD**

By Argen Draper  
Club women who have worked in club for 25 years will be recognized at the Annual Appreciation Luncheon, Feb. 25. The first county agricultural agent in Texas was appointed in 1906. So work with men and boys was progressing in 1910. In 1915, home demonstration work was officially begun and the first club began meeting regularly in 1918. In fact it was 1915 when some of the citizens of Deaf Smith County petitioned the Commissioners Court for a home demonstration agent. Some of you readers or the readers' parents signed the petition. Ask Mrs. Ira Rickerts and she can tell you all about it.

Something new has been implemented: Effective in 1963 and subsequent 4-H Roundups, the minimum age for all 4-H delegates attending Roundup will be 14 years of age or older as of January of the current year. This will give more importance to our Junior Leadership program and will strengthen the leadership projects.

One 4-H girl has already taught her mother to make bread after attending the breadmaking demonstration in 4-H club. Congratulations to Connie Stark who showed her mother how to make bread. The Stark family is enthusiastic about the good rolls it has been getting.

A statement in the Lubbock paper in regard to the graduates of Texas Tech at the Spring Commencement is interesting. The 14 Tech girls who qualified as Home Economics teachers had their choice of 85 positions listed with the college. We have had a lot of talk at the office in regard to pruning, freeze damaged ornamentals. Here is a release from College Station.

Don't cut back damaged shrubs that have been defoliated or had their leaves browned by the recent record-breaking low temperatures, advises J. J. Franklin, extension landscape horticulturist. Chances are good, he adds, that only the leaves were damaged. However, he doesn't rule out the possibility of damage to twigs, main branches or even the roots of the less hardy species or varieties.

An immediate examination of the trunks may reveal heavy damage for splitting often occurs. A finger-nail test on young twigs may reveal no fresh tissue beneath the bark and this indicates damage, he says. It is easier to evaluate winter damage in the spring, after new growth starts, he adds, but even then weakened branches often put out new growth which later dies.

Corrective pruning can begin as soon as it can be assumed that new growth is lacking or will remain very sparse. Cut out the dead or weak wood well below the damaged area, leaving only strong growth, Franklin advises. Do this, he adds, after growth has started in the spring. The best treatment, in addition to proper pruning for winter-sick shrubs, is to keep them well-watered and fed moderately, he says. A mulch of leaf mold, peatmoss or other organic material will insure better plant health. Loosen the

soil to a depth of half an inch and then apply a two-inch layer of mulch over the soil, covering an area slightly beyond the branch spread of the shrub, Franklin advises.

Shrubs which show no new growth within two months after spring growth starts can be considered completely dead and those which are extremely weak at the end of the first summer after the freeze damage should be replaced, he says.

When pruning broken limbs of trees or large shrubs, more care is required to promote healing and prevent decay, the specialist says. Stubs should not be left and all pruning cuts should be made flush with trunks. Wounds of more than two inches in diameter should be treated with wound dressing or tree paint, he says. The treated areas should be checked periodically and recoated once or twice a year.

Finally, he suggests that a copy of B-977, "Modern Pruning Methods," be obtained from the county extension office and studied before the pruning job is started.

Here is something extra good for these cold days:

- SOUR CREAM TACOS**
- 1 stewed frying size chicken
  - 1 large onion, chopped
  - 2 T. shortening
  - 1 can tomatoes, chopped
  - 1 pt. sour cream
  - 1 lb. grated American cheese
  - 3 Jalapeno peppers, chopped
  - 1 T. salt
  - 1 pkg. tortillas
1. Slew chicken. Remove meat from bones and chop.
  2. Mix chicken with onions and fry in shortening.
  3. Mix chicken and onion mixture with chopped tomatoes and peppers, cheese, sour cream, and salt.
  4. Fry 1 pkg. tortillas and break in a 8" x 12" dish.
  5. Cover tortillas with sour cream mixture.
  6. Bake at 350 degrees about 30 minutes.
- Serves eight.  
Serve with tossed vegetable salad and tostados, crackers or Garlic Bread.

**Wyche H D Club Hears Program On Good Grooming**

Mrs. Ira Ott spoke to the Wyche H.D. Club on Thursday, Feb. 7, on "Good Grooming" when they met in the home of Mrs. C. R. Dameron. Mrs. Charles Packard presided over the meeting.

"To be well groomed start with the hair, beginning with a good hair style, use proper make-up, employ daily skin care and wear clothes that are becoming, including good shoes. Do not get into a rut with the same hair style and the same colors in lipstick and make-up. Change them sometime," she stated.

The club voted to sponsor a birthday party for the Y. A. Hospital in Amarillo during the business meeting.

Those attending were the following members: Mesdames Don Crook, Norman Hodges, Ira Ott, George L. Olson, C. F. Newson, H. R. Short, Charles Packard, two visitors, Barbara Kendrick and Evelyn Botkin and the hostess, Mrs. Dameron.

CUTEST COUPLE at the annual Future Homemakers of America and Future Farmers of America Sweetheart and Beau Party was Christine Skypala and Pat Smith of the high school and junior high chapters of the F. H. A. and F. F. A. were on hand for the affair. The party was held Saturday night in the Bull Barn. (Staff Photo)

**Farm Bureau's Membership Drive Starts**

Annual membership drive of the Deaf Smith County Farm Bureau will open Friday, Feb. 15, and will continue through March 15, according to Denzil Pulliam, county president.

"Agriculture needs a strong representative voice to protect its interests at all levels of government. It needs action to develop and stabilize markets for its products and to provide other benefits for individual farmers, which they cannot secure alone. All of this calls for organization. And Farm Bureau is the most practical answer to that need," Pulliam said.

"Farm Bureau has become the world's largest farm organization because of its funda-

mental 'grass roots' character. Direction and control of the organization are vested in the members, with each member afforded an opportunity to participate in the development of local, state and national policies," he continued.

The 550 farm families presently enrolled in the Deaf Smith County Farm Bureau are among the 84,842 families holding memberships in the Texas Farm Bureau. There are also 50 non-farming or associated memberships in the county group.

**NAMED CARNIVAL KING**

Van Smith was crowned king of the 21st annual Winter Carnival at Shattuck School, Faribault, Minn. on Friday. He is the son of Mr. and Mrs. Joe H. Smith, 216 Avenue B. With Queen Terry Disney of Ames, Iowa, a senior at Saint Mary's Hall in Faribault, he reigned over Carnival festivities through Sunday.

MRS. MAURICE DELMER MILLER  
Jonna Lee Blocker  
(Personal Photo)

## Jonna Lee Blocker Weds M. D. Miller

Mr. and Mrs. John Francis Blocker Jr. are announcing the recent marriage of their daughter, Jonna Lee, to Maurice Delmer Miller of Fort Polk, La., son of Mr. and Mrs. Delmer Maurice Miller of Dalhart.

A double ring ceremony was read on Tuesday, Feb. 5, in Leesville, La. in the First Christian Church parsonage by the Rev. O. I. Mendenhall, pastor of the church.

For her wedding the bride wore a white street length wool sheath fashioned with rounded collar and bracelet length sleeves. Her corsage was created from Tullman roses and sprigs of acacia tied with yellow ribbons. Her original pill box hat was decorated with seed pearls.

Mrs. Miller is a 1960 graduate of Hereford High School and is a senior speech therapy major at West Texas State College in Canyon. She has served as cast stage manager of the Alpha Psi Omega, a national honorary dramatic fratern-

ity and as membership chairman of the Alpha Delta Pi, national social sorority. She also served as secretary of Buffalo Masquers and has been active in speech and dramatic work in Hereford and Amarillo, as well as Canyon.

Miller graduated from Dalhart High School and attended Texas A&M and West Texas State. He is presently serving with the U. S. Army at Fort Polk, La.

Mrs. Miller will join her husband in the near future at Leesville, La. where the couple will reside until he is assigned to permanent orders.

**IN AMARILLO HOSPITAL**  
Mrs. Margaret A. Zinser is a patient at Northwest Texas Hospital in Amarillo.

**IN AMARILLO HOSPITAL**  
Mrs. Nanny Roberson is a patient at St. Anthony's Hospital in Amarillo.

Have you read the Classifieds?

By Audni Miller  
Happy Valentine's Day! Hearts and flowers to you all! Teri Smith has two reasons to be especially proud. She has a brand new nephew named Tony Howard Janes, the son of Jimmy and Linda Smith Janes of Perryton! Tony was born on Saturday, Jan. 19 — the little fellow weighed in at 7 lbs. 12 ozs. Congratulations to the proud parents and grandparents and aunts of Tony Howard!

Then, Teri's second cause for joy arrived on Wednesday night, Feb. 6 — a 1963 Oldsmobile F-85 Cutlass! This sporty lookin' vehicle is black and white with a white leather interior, four-speed stick shift, and bucket seats — a thing of beauty to those who appreciate the products of the automobile industry! (By the way, the car has been named "Orville Oldsmobile"!)

Now it is time to give an account of the installation service conducted for the local Order of Rainbow for girls in the Masonic Lodge on Saturday night, Feb. 2: Donita Allred was installed as the new Worthy Advisor by Bob Nicholas of Amarillo. Her chosen colors of brown and apricot were used throughout the Lodge. Janie McBroom sang "Somebody Bigger Than You And I," the new Worthy Advisor's theme song. Outgoing Worthy Advisor Janey Noland acted as Installing Marshall, while Beth Lemons performed as Installing Chaplain. Beverly Boyer Newman was the Installing Recorder.

Other Rainbow officers to serve during this four-month term include Patti Roach, Worthy Associate Advisor; LaReece Aske, Charity; Peggy Allred, Hope; Joe Frances Deavenport, Faith; Nancy Boyer, Recorder; Donna Hill, Recorder; Gail Witherspoon, Chaplain; Paula Waldrep, Drill Leader; Gwendall Bainum, Love; Ann Mercer, Religion; Sylvia Phipps, Nature; Merle Carmichael, Immortality; Kathy Pool, Fidelity; Nancy Martin, Patriotism; Cindy Sanders, Service; Jo Ann Ferguson, Confidential; Observer; Cheryl Maddox, Outer

Observer; Nancy Gripp, Musician; and Wanda Holt, Choir Director. Mrs. D. R. Holt holds the position of Mother Advisor. Another proud aunt is Nanetta Clearman. Her new nephew, the son of Jamie and Ann Lookingbill Clearman of this city, has been named Karley Joe. The littlest Clearman is welcomed by his two-year-old brother Keith, as well as to the rest of the Clearman and Lookingbill clans! Here again, congratulations to the happy families!

A new experience for Hereford High School seniors was College Day, held at Hereford High on Monday, Feb. 4. After an assembly in the auditorium (the assembly featured nationally known sales consultant Fred Palmer), seniors were given the opportunity to consult Dr. R. E. Perkins from Hardin-Simmons University, Hulen Laycock from West Texas State College, J. Pat O'Keefe from Amarillo College, James Tarter and Floyd Boze from Texas Technological College, James Balch from Hereford, representing North Texas State University, Mrs. Anna B. Wallace from Texas Christian University, R. C. Godwin from Hereford, representing Baylor University, as well as represen-

**COMPLETES BASIC TRAINING**  
Private Marjorie F. Harris, daughter of Mr. and Mrs. William P. Harris, Route 3, Hereford, completed eight weeks of basic military training at The Women's Army Corps Center, Fort McClellan, Ala., Feb. 1. On the basis of interest and aptitude tests, she has been assigned to the Army Medical Service School, Brooke Army Medical Center at Fort Sam Houston, Tex.

While audiences may cheer male opera singers with Bravo, the women rate a Brava.

Inhabitants from 70 different nations people the "new section" of Jerusalem today.

tatives of Abilene Christian College, Lubbock Christian College, South Plains College, Southwestern State College, and Sul Ross College.

A word of sincere appreciation to Counselor Robert Thompson for this excellent opportunity to learn more about "the advantages of higher education."

Speaking of seniors — graduation seems closer to us now since we ordered graduation announcements last week. There's an unmistakable feeling of impending finality, and an increasing effort on each senior's part "not to miss anything" during his last semester.

You will be interested in this item: Mary and Martha Russell have enrolled in Sul Ross College at Alpine! Sincere best wishes to the twins in their college endeavor!

And once more there's an impressive number of students who traveled afar to "back" the Whitefaces! Among those who went to Dumas last Friday night were Clinton Wilson, Jimmy Bell, Kyle Kendall, Gay King, Lynne Porsch, Beth Ballard, Cindy Wilson, Sandra Green, Terry Teaschner, Nancy Martin, Ernest Casteneda, Judy McCarver, Doug Watson, Larry Hill, Sharon Tinnin;

Steve Conaway, Lani Rush, James Proffitt, Debbie Beene, Rozi Rush, Dick Combs, Janice Hagans, Barbara Langley, Charles Kelly, Linda Pulliam, Pat Price, Diane Wilson, Dick Plank, Dorothy Prerich, Jimmy Higgins, Jacob King, David Block, Rosemary Hershey, Janice Diller, Gary Royal, Arvell Williams, Patsy Stoy, Patricia Maxwell;

Fanella Williams, Donald Payne, Nancy Gripp, Charles Mims, Nancy Tyler, Caroline Brumley, Phyllis Williams, Camelia Anderson, Judy Wiman, Kaki Barnard, Jan Story, Kathy Boston, Shari Jo Carmichael and Gerry Bybee, Linda Higgins, Janie McBroom and Joe Carthel, Ruth Ann Allison, Pegene Cox, Cynthia Leasure, Gayle Newell, Marsha Robinson, Jo Ann Ferguson, Sandie Thomas,

Sidney Bayne, Ann Gentry, Gary Story, and Wallace Shelton. A fabulous representation, eh??

Hereford High's School spirit was renewed "with great vigor" during the pep rally Friday morning!! It was an outdoor affair — the highlight of which was the Dumas Demon hanging from the flagpole (a demon "hung in effigy," you understand!). Mascot Seat was there, piercing the demon with a pitchfork. (The demon was prepared by sophomore David Grubbs and student council members formed the "posse" responsible for the hanging!)

A gay time was had by all

in attendance at the annual F.H.A. - F.F.A. Sweetheart and Beau Party held in the Hereford Bull Barn last Saturday night. The Roy Boyers led folk games, while Kathy Boston, president of F.H.A.'s Royal Rose acted as Mistress of Ceremonies.

Pat Smith, president of Hereford High School's F.F.A. Chapter, and Christine Skypala, were selected as the "Cutest Couple," with Lou Ann Witkowski and Bob Huckert receiving the honor of Sweetheart and Beau of Chapter I. Beth Ballard and Robert Higgins were elected Sweetheart and Beau of the Royal Rose Chapter.

And a note to you high school-

ers: there's a dance coming up! Ray Ruff and the Checkmates will be at the Community Center this Saturday night from 8:30 - 11:30 — admission, according to Mrs. Cave, will be \$1 per person. Come on, y'all, and dance, dance, dance!

Here's the biggest, most sincere wish ever to Coach Coby Kitchens and the Herd for a VICTORY OVER PHILLIPS!!! Good luck, team — we're with ya all the way — teens, do travel to Phillips Friday night and lend your support to the mighty Whitefaces!

To close this series of notes, an appropriate quote from William Morris: "Love is enough, though the world be a-waning."

# F. F. A. Teaches Farming And Citizenship

"The Future Farmers of America, or 'FFA' as it is commonly known, is the National organization of, by, and for boys studying vocational agriculture in public secondary schools under the provisions of the National Vocational Education Act."

FFA, on the National basis, was organized in November of 1928, and provides greater training in farmer-citizenship.

As an intra-curricular activity, it originated and took root as a definite part of the school curriculum—vocational agriculture.

Several things which members learn by participating in this organization are: how to conduct and take part in a public meeting; to speak in public; to buy and sell cooperatively; to solve their own problems; finance themselves;

and to assume civic responsibility. FFA is built on a foundation of leadership and character development, sportsmanship, cooperation, service, thrift, scholarship, improved agriculture, organized recreation, citizenship and patriotism.

Located in the Agricultural Education Branch, U. S. Office of Education, Dept. of Health, Education and Welfare is the

national headquarters of FFA. During the American Royal Livestock Show in Kansas City, Mo., national conventions are held annually.

Courses in Vocational Agriculture were first established in the U. S. in 1917 under the National Vocational Education Act (Smith-Hughes), Act. Boys

enrolled in the course from the very start felt a spirit of comradeship due to their country life background and desires to make farming a vocation.

Between 1923 and 1928, organizations of vocational agricultural students were formed in a majority of the States.

Such names as "Junior Farmers", "Young Farmers", and "Future Farmers", spring up in various sections of the country. The Future Farmers of Virginia attracted the most attention nationally due to the ideas, purposes, ceremonies, and definite constitution written by Henry C. Groseclose and his associates. Six southern states began operating organizations similar to the Virginia setup two years after the F.F.V. was formed.

A temporary constitution formulated for the FFA was drafted in the summer of 1928. The first National Convention was held the same year.

Since then FFA chapters have spread throughout the 48 States and Puerto Rico. This farm-boy organization has extended to several foreign countries including Greece, (Continued on page 6)

### Ronda Neff Earns Area D. E. Sweetheart Title

Hereford High School's Ronda Neff was crowned San Angelo Area Distributive Education Club Sweetheart to highlight activities of the San Angelo Junior College D. E. Activity Day Friday.

The title earns Miss Neff the right to compete for the honor of Sweetheart of the Distributive Education Clubs of Texas at the state D. E. convention in Fort Worth.

One of four area finalists from throughout the state, Ronda will vie for the state sweetheart title which grants the winner a trip to the national D. E. Clubs of America Congress in New Jersey and a chance to compete for the national crown.

Ronda also earned the "Honor Student" trophy presented to the girl scoring the highest total of points in any or all of the six different contests at the D. E. Activity Day. Competing only in the Sweetheart event, Ronda copped the trophy over many competitors who entered more than one contest at San Angelo.

(Continued on page 6)

AREA SWEETHEART for the San Angelo area of the Distributive Education Clubs of Texas is Ronda Neff. Ronda was awarded trophies for winning the "Honor Student" award and the sweetheart title at the San Angelo Junior College D. E. Activity Day, held in San Angelo. She will compete at the state D. E. convention in Fort Worth for the title of state D. E. sweetheart. (Brand Staff Photo)

LOOKING OVER A PROJECT completed by members of the Hereford High School Future Farmers of America are Wyatt Harmon, Pat Smith, and Jess Robinson, from the left. Robinson and Harmon are chapter sponsors and Smith is president of the local FFA. Each year the club and its members complete projects which bring in a total income of more than \$100,000. (Brand Staff Photo)

#### NOT FOR HALL OF FAME

### Unfamous Sporting Incidents Unveiled

By David Stevens  
Whiteface Sports Editor

(Editor's note — the following is a list of strange incidents of the sport's world. They are little known facts and the reason that they remain little known is because nobody wants to know them.)

In 1938 the Hereford girls basketball team won 27 out of 31 games they played. The girls lost two out of four games in the state finals held in Greenville. In 1938 the junior boys play-

ed the senior girls and the senior boys played the junior girls in basketball. They played by girl's rules and the boys wore boxing gloves. Even with the gloves the boys triumphed in both instances by the score of 25-11.

Terry Baker, 1962 Helman Trophy winner, went to college on a basketball scholarship. He did not go out for football until the spring of his freshman year when it was too wet to play baseball. (For those of you who didn't know it, the Helman Trophy is awarded to the top college football player in the U.S.)

In 1962, the Hereford B-team beat Dimmitt B-team 18-15. The question is, "Was it a lousy team or did they play ball control?"

From the 1938 Round-Up we get this little tid-bit of information: meaning of athletics. "A" is for ambition, "T" is for training, "H" is for honesty, "L" is for loyalty, "E" is for eligibility, "I" is for improvement, "C" is for courage, and "S" is for sportsmanship.

Did you know that Hereford used to play teams from Happy, Panshandle, Bovina, Wildorado, (Continued on page 6)

### 'College Day' Is Termed Success

Monday, Feb. 4, was College Day at Hereford High School. Senior students were able to confer with any of 14 representatives from area colleges and universities.

Representatives included Dan Warden from Amarillo, representing Abilene Christian College; J. Pat O'Keefe from Amarillo College, Amarillo; R. C. Godwin from Hereford, representing Baylor University; Fred Reagan, representing Eastern New Mexico University; Dr. R. E. Perkins from Hardin - Simmons University; James Balch from Hereford, representing North Texas State University.

Nathan Tubb from Levelland, representing South Plains College; Hereford High's own Monica Helman, representing Sul Ross State College at Alpine; Floyd Baze and James Tarter from Texas Tech; Lyle C. R. Brown from Wayland Baptist College at Plainview; Helen Laycock of West Texas State College; E. E. Higgins from Lubbock Christian College; and Jim Arney from Hereford, representing Southwestern State College in Weatherford, Okla.

Counselor Robert Thompson termed the special day a "success," as did all seniors who participated. It is hoped that College Day will become another tradition at Hereford High School.

### Students Hang Effigy During Pep Assembly

A Dumas Demon hung in effigy was the center of attention last Friday morning at the outdoor pep rally preceding the Herd's tilt with Dumas in Din-Dong-Daddyland Friday night.

The demon, prepared by sophomore student council member David Grubbs, hung from a scaffold which was attached to the flag pole.

Basketball players were led to their place at the base of the flag pole by HHS mascot "Seat." Cheerleaders led yells while standing beneath the demon, who was frantically pierced with his own pitchfork by "Seat."

### Hoof Prints

(Continued on page 6)

### Cases Are Places To Show Projects

Many of the teachers make use of the display cases in the halls of HHS. Mrs. Mosele Neil, librarian, keeps students posted on the latest books received in the library. "Books Movies are Made From" is the current display in one of the second floor cases.

Anyone entering the library would see an attractive display of the 1962-63 basketball squad. Pictures of the

boys as well as scores of all district games played appear in the small case outside the library. The Valentine color scheme has been used as all pictures and scores are mounted on red construction paper.

The display case on the first floor is used chiefly for student exhibits. At present a variety of colored aprons made by the boys' homemaking class appears in this case. Mrs. Margaret Durham has been instructing these boys in the proper sewing methods.

Mrs. Viola Chisholm displays much of the work of her art students in this case. Mosaic tile work and perspective drawings are only two of the art projects which have been displayed this year.

As projects are completed in woodworking and crafts, they are placed in this case. Mr. Alvin Smith and Mr. Harvey Penner instruct students in leather work, metal work, and various woodworking projects.

An interesting display was prepared during the first semester by Mrs. Monica Helman, English and French teacher. Old Bibles and Bibles indifferent languages were used. Dresses, skirts, blouses, suits, and aprons can often be seen in the display case. Homemaking girls display articles that they complete in Mrs. Dorotha Prowell's sewing classes.

Students can feel proud when they walk by and see work they have done on display. Other students can see what type of work is done in the various classes. This gives them an opportunity to decide whether they want to take a particular class or not.

### No Talent Needed To Enroll In Art

Do you have any artistic talent? You don't? Then take Art I. Actually, art is directed toward those that have no artistic talent.

Nimble fingers and artistic minds are not needed to understand and enjoy the basic principle of art — the appreciation for that which is good in our environment and the knowledge of that which is bad.

The usage of real art is immaterial, but the wisdom acquired by the principles taught make this subject both important and interesting.

In Art I, taught by Mrs. Viola Chisholm, the basics of

color, line, design, perspective, and lettering are studied. In the first semester, students make articles with mosaic tile, draw posters for the United Fund and have the past four years, decorated for the Chamber of Commerce Banquet.

In the second semester the surface of the three major arts is touched; that of sculpture, painting, and architecture. This is not accented on the handwork but on the understanding of each, such as their history and progress.

In architecture, students design and paint buildings. People, animals, abstractions and flowers are sculptured either faithfully or humorously. In painting students use watercolor, pastels, or charcoal. Landscapes, still life, and a few portraits are painted.

Next year an art room will be in the new part of the Hereford High School building with all the newest facilities. There will be accommodations for 20 people in each class.

"I would like to encourage everyone who possibly can to take art," commented art director, Mrs. Viola Chisholm. "Students needn't have talent, but they do need an interest in learning to appreciate their environment."

### Seniors Slate Busy Calendar In Preparation For Graduation

By Bill Woolbright  
Whiteface Reporter

The long-awaited senior year is often thought of by underclassmen as one of many parties, gala affairs, and special privileges. This is not always completely true; however, there are many important dates on a senior's calendar.

The first important date on the senior calendar is not at the first of the senior year, but at the end of the junior year. This is, of course, is the date the "seniors to be" measure for their senior-rings.

The H.H.S. class of '63 was the first class to order their rings in the spring. During the first week of the fall semester, the order was sent off. The order was held until fall to make sure that everyone who ordered a ring would be classified a senior. As a result of this early order, the '63 seniors received their rings earlier than any other graduating class of H. H. S.

The next important thing on the agenda is the ordering of the senior invitations. These are the invitations to the graduation exercises in May. Ordering of the invitations is currently being done at H.H.S. The senior students order their invitations through the school at a price of 13 1/2 cents each. Leather invitations may be obtained for 90 cents each. The name cards that go inside the invitations are purchased by the box for \$3.50 per 100 cards, and no less than one box may be bought.

Sometime in the near future, the senior play will be produced. Only senior students may participate in the play. The play to be given has not yet been definitely chosen.

Measuring for caps and gowns brings the senior even closer to his graduation. Seniors will probably begin measuring for their caps and gowns in the first week or two of March. Traditional colors of H.H.S.

caps and gowns are white with maroon tassels. If the graduating class should desire a change, the colors could be reversed. In which case, the caps and gowns would be maroon, and the tassels, white.

A very special event, eagerly awaited by all, is the senior assembly. During the assembly, a form of "This Is Your Life" is given for the graduating class.

After the class history has reviewed their 12 grades, the senior wills are read. In these wills the seniors may leave anything they desire, regardless of how fantastic, to any other senior or underclassman.

The senior predictions are then given to the amusement of all present. These parchments of information are written by the junior class. They foretell what said seniors will be doing some ten years from now.

The Junior-Senior Banquet has been tentatively set for May 11. It will be held

in the high school cafeteria. The banquet is one of the last dates on the senior calendar. The juniors plan and give the banquet to pay tribute to the graduates. To many, it marks the end of the senior's reign.

On the Sunday night preceding the commencement exercises, Baccalaureate services are given. Baccalaureate is held in the high school auditorium. The sermon is given especially to and for the graduates, and is open to the public. Local churches do not usually hold night services on that Sunday.

Graduation night is probably the most important date of all to the senior. It is the event that brings to a close 12 long years of study and sacrifice.

The date of the commencement exercises, like that of the Baccalaureate service, has not been set yet. The weather is the reason of the unknown date. If because of bad weather, (Continued on page 6)

STATE FARM  
General Automobile Insurance  
Home Office: Bloomington, Illinois

Texas Senate really passed a constitutional amendment resolution proposing that the voters give women equal rights. Records show that this resolution passed the Senate 28-21. But it also shows that the Senate voted down an amendment which would have made it clear that the purpose of the proposal was to repeal all laws on the statute books which treat women differently from men.

When courts interpret the laws and the constitution, legislative intent is what they must determine. Records now show that the legislative intent of the Senate was not to repeal all the discriminatory laws about women.

This proposal, by Sen. William T. Moore of Bryan, has been defeated in the Senate many times before.

It now goes to the House of Representatives, which has passed it many times before.

**TEKKAS SELLS ITSELF**  
Legislators' proposals to add such slogans as "Lone Star State" and "Texas Has Everything" to auto license plates haven't found favor with DeWitt Greer, chief engineer for the State Highway Department.

"T-E-K-A-S is the only slogan this state needs," Greer told the House Appropriations Committee. He added that more wording on car tags just means additional expense.

"All law enforcement officers will tell you," Greer explained, "that the readability of the text of the plate is lessened if you crowd in slogans."

**PARKS-HIGHWAY TIE IN**  
Greer testified before the same committee during hearings on a bill by Rep. David Haines of Bryan to put state parks under the Highway Commission's jurisdiction.

Greer made it clear that his commission is not seeking an extra job. But he stated, "If you gave us the parks to administer, we would do an outstanding job of it."

Haines' proposal is an alternative to Gov. John Connally's suggestion that the Parks Board be combined with the Game and Fish Commission.

Rep. Haines said he thought Greer's agency could and should take over the parks, and make each highway district responsible for the parks in its district.

**BEACH BEHAVIOR**  
"We have a terrible situation in regard to littering on Padre Island," says Nueces County Judge Noah Kennedy.

Kennedy and two other Corpus Christi officials appeared before a House committee to speak in favor of a bill by Rep. James Lattimore of Corpus Christi which would allow Gulf Coast counties to regulate speeding and littering on public beaches.

**UNION SUES TEC**  
A suit against the Texas Employment Commission has been filed by the AFL-CIO.

Labor union accuses three TEC commissioners and four employees of "pro-employer lobbying."

Petition also alleges use of state funds for research and preparation of pro-employer amendments to the State Unemployment Compensation Act.

"These actions violate state law prohibiting state employees from influencing legislation or legislators," claims the union.

Sea. Culp Krueger of El Campo, sponsor of one of the TEC bills, says the suit is just another AFL-CIO smoke screen to hide the real issue — which is their opposition to the appointment of J. E. Lyons as labor's representative on the commission.

**LBJ LAW HIT**  
Rep. O. H. (Ike) Harris (R-Dallas) has introduced a bill to repeal the so-called "Lyndon Johnson law."

Present law permits a candidate's name to appear on the ballot twice, thus permitting him to run for two offices at the same time.

**CONVICT LABOR**  
Use of prison labor to improve state parks is under consideration.

This fact was brought out in a legislative hearing of the House Appropriations Committee.

Dr. George Beto, director of the Texas Department of Corrections, was asked about the prospect of using convicts to clean up and repair parks buildings. He replied that prison officials already are considering this.

**CARE DISCLOSES PROSECUTIONS**  
Atty. Gen. Waggoner Carr and Polk County Dist. Atty. Sam Freas have held preliminary discussions toward possible state-county coordination of prosecutions for graft in Polk County.

Carr said the Polk County official has asked for help in prosecuting indictments returned by the county grand jury against four county commissioners and a county judge for misfeasance of office.

**SECURITIES EXAMS**  
Securities dealers and salesmen will have to pass a written exam to get a license if a bill by Rep. Gene Fondren of Taylor becomes law.

**SADLER SAVES FUNDS**  
Land Commissioner Jerry Sadler says he is doing more work for less money.

Sadler has written the chair-

man of the Senate finance and House appropriations committees that he is asking \$2,000 less for 1964-65 operations than the present budget.

**SULPHUR FINCH**  
Sulphur industry spokesmen have asked for a tax cut to help them fight competition from Louisiana, Mexico and elsewhere.

After hearing three Texas sulphur producers tell of declining sales, closed mines, worker layoffs and shrinking dividends, the House Taxation Committee assigned three members to make further study.

A bill proposing a cut of 37 cents per long-ton in the Texas severance tax; now \$1.40, would equalize the rate with Louisiana.

Rep. Bill Walker of Cleveland is author of the bill for a \$1.05-per-ton rate.

**DANIEL APPOINTEE REJECTED**  
Texas Senate has rejected confirmation of former House member Joe Ed Winfree of Houston as a member of the State Board of Control.

This action removed the veteran legislator from the office he has held the past seven months.

Senate was behind closed doors for an hour and 35 minutes. They confirmed a long list of Daniel appointees, plus some by Governor Connally. Winfree's was the only one turned down.

# Top Three Killers Topic For Summerfield's Club

Summerfield Study Club met in the home of Mrs. J. C. Clearman on Thursday, Feb. 7, with Mrs. Mack Noland conducting the business meeting.

A contribution was made by the club to the county library during the meeting.

Mrs. Mack Noland discussed for the program, "Where Do We Stand on Medicine's Big Three?" These "big three" are cancer, heart disease and stroke. She said, "To those who draw conclusions from mortality tables alone, the outlook must seem bleaker than ever. Nearly 200,000 Americans will be killed this year by strokes, cancer will claim 275,000 and heart disease, surpassing by far the other two together, will approach three-quarters of a million."

In conclusion she said, "Each of these numbers, unfortunately, represents an all-time high. The continuous population growth naturally accounts for some of this increase but only for some of it. For any given number of Americans, 52 per cent more will die of cancer this year than did in 1930."

Also on the program Mrs. R. B. Baker discussed, "What You Should Know About Tranquillizers."

She said that millions of unsuspecting Americans are endangering their emotional and physical health by missing these "peace-of-mind" pills. The vast array of new drugs called tranquilizers has completely revolutionized the treatment of mental illness. Tranquillizers are widely available and there is a widespread assumption that they are completely harmless.

Members present were: Mesdames Ray Johnson, Lee Curry, Earl Lane, R. E. Lane, L. E. Lookingbill, J. B. Noland, J. R. Euler, Mack Noland, Ky Lawrence, R. B. Baker, Guy Walker, one visitor, Mrs. R. J. Smith and the hostess, Mrs. J. C. Clearman.

**VISIT SON**  
Second Lt. John David Bryant of Ft. Polk, La., met his parents, Mr. and Mrs. Cawthon Bryant of Hereford, in Dallas last weekend. They visited in the home of Mrs. Bryant's brother and family: Mr. and Mrs. E. R. Smith. Lt. Bryant is an instructor in Det. No. 1 Com. Tactics of Special Services in Ft. Polk, La.

**CHANGE PROPOSED**  
Rep. George T. Hinson of Mineola thinks it's time someone started doing something about "modernizing county government." So he has introduced a bill to require county commissioners to be elected by the county at large.

Each county precinct would have to put up resident candidates, which, Hinson explained, would assure continued local representation through pooled knowledge of each precinct's problems, and prevent the largest community from filling a commissioner's seat with its own residents.

Hinson believes his county-at-large election plan would get commissioners from all precincts to work at all times for the best interests of the entire county.

If his bill becomes law, Hinson sees it as a forerunner to eventual, economical pooling of the resources — capital, road machinery, manpower and equipment — of all a county's precincts into one central unit.

**DO 'EYES' HAVE IT?**  
A proposal by Rep. Bill Walker of Cleveland that the state song be changed from "Texas, Our Texas" to "The Eyes of a Texas" has been referred to a study subcommittee which includes no Texas exes.

Subcommittee chairman Gene Hendryx of Alpine is a Sul Ross graduate. One member, Rep. Howard Green of Fort Worth, finished at T.C.U., and the third member is an ex-Aggie — Rep. Richard C. Slack of Pecos.

Some interested legislators have suggested that the "Eyes of a Texas" might be made more palatable if the opening bars of the "Aggie War Hymn" were added.

But a state association of music clubs has indicated that the Aggies aren't the only ones opposed to a change of the state anthem.

**A&M DIRECTORS NAMED**  
An ex-Aggie, a "Harvard man," and a graduate of Case Institute of Technology were named by Governor Connally to six-year terms on Texas A&M College's board of directors.

L. F. (Pete) Peterson of Fort Worth, recently named president of A&M's Former Students Association; Gardiner Symonds, head of Tennessee Gas Transmission Company of Houston, who received a master's degree from Harvard; and Case graduate Dr. A. P. Beutel, director of Dow Chemical Company, are Connally's nominations.

Senate will vote on seven other college board appointments this week. But the date it will consider the A&M appointments has not been set.

**25th Anniversary Marked by Mr. Mrs. Noel Worley**

A surprise 25th Silver Anniversary celebration was given on Friday night, Feb. 8, at the Community Room of the First National Bank for Mr. and Mrs. Noel Worley of Hereford.

Hostesses for the occasion were the children of the couple, a daughter, Mr. and Mrs. Dan Robb of Dimmitt and a son, Mr. and Mrs. Dwain Worley of Hereford.

Serving table was laid with a white cloth with the cake serving as a centerpiece. It was decorated with white roses and a large "25th Anniversary" in silver in the center.

Guests attending the celebration were: Mr. and Mrs. Floyd Coker and children, Donna and Lonnie Mae, Rebecca DeBord, Willie Burges, Melvin Burges, Mr. and Mrs. Clyde Powell and children, Kay, Anne and Douglas, Bea Monk, Mr. and Mrs. P. P. Robb of Dimmitt, Mr. and Mrs. Roy Coker of Fritch, Linda Worley, Mr. and Mrs. W. C. Rose, and the hostesses, Mr. and Mrs. Dan Robb and children, Richard and Berle, of Dimmitt and Mr. and Mrs. Dwain Worley and children, Beverly and Preston of Hereford.

Reigns of Portuguese government have been held since 1928 by Antonio de Oliveira Salazar.

**CARE DISCLOSES PROSECUTIONS**  
Atty. Gen. Waggoner Carr and Polk County Dist. Atty. Sam Freas have held preliminary discussions toward possible state-county coordination of prosecutions for graft in Polk County.

Carr said the Polk County official has asked for help in prosecuting indictments returned by the county grand jury against four county commissioners and a county judge for misfeasance of office.

**CHEVROLET TRUCK QUALITY**

You can see the difference wherever you look

If you believe various makes of trucks are pretty much alike, you aren't doing justice to your pocketbook. There are differences.

A Chevrolet truck welcomes comparison. Look at the little things on it—latches, hinges, stitching in the upholstery. Notice how strong the tailgate is, the rubber encased chains that keep it from sagging.

The body floor is made of select wood to eliminate the rust problem and give you better footing. The lower side panels are double-walled; you might dent the inside but it won't show through.

Chevrolet designs suspension systems to fit your need. The light-duty type is strong-on comfort. Another kind for heavier trucks stiffens up as you increase your load and vice versa. Make sense?

If you are going to need a new truck this year, you should look at the quality Chevrolet has to offer. May we bring over a new '63 so you can examine it?

**2 NEW 6-CYLINDER ENGINES**

New High Torque 230-cu.-in. Six is lighter but more powerful than its predecessor. It is standard in Series C10 through C60 models.

New High Torque 292-cu.-in. Six—most powerful truck 6 Chevrolet has ever built! Standard in Series C60, optional at extra cost in lighter models.

**CHEVROLET QUALITY TRUCKS COST LESS**

Just call us to test drive one of the "New Reliablies"

REP. ROGERS WRITES

# House Un-American Works Committee Assured Support

**TO THE PEOPLE OF THE 15TH DISTRICT:**  
The House Committee on Un-American Activities again seems assured of adequate financial support for its work in the coming year. I expect a resolution to be introduced in the House soon calling for a \$350,000 appropriation, the same sum as granted to the committee last year.

There is only spotty opposition around the country to the work of this committee, and the overwhelming majority of House Members supports it. The committee again will have the money it needs.

I've always been a strong supporter of the Committee on Un-American Activities. Not only does it stand as a watch dog against subversive influences at work in this nation, but the investigations it has conducted have produced much worthwhile legislation. In the years 1941 through 1962, the committee made a total of 142 legislative recommendations to the Congress, of which 42 were enacted into law, including six in the last session.

Already in this session, the chairman of the committee, the Hon. Francis P. Walter of Pennsylvania, has introduced a set of bills to tighten provisions of the Internal Security Act of 1950.

One of his bills provides that any federal officer or employee who willfully fails to answer, or falsely answers, certain questions relating to Communist activities or national security, when summoned to appear before any federal agency, shall be removed from office or employment.

A bill I first introduced in 1961 has been referred to the Judiciary Committee. It would require loyalty declarations from employees of government suppliers and contractors and from labor organizations representing contractors and suppliers. I re-introduced the bill (H.R. 122) because it seems to me that it is inconsistent for only Federal employees to be bound by a loyalty oath.

Officers and employees of private corporations contracting with the government also should be bound by an oath; our defense program needs that protection.

Another bill before the committee is by the Hon. A. S. Herlong of Florida. He seeks to establish a Freedom Academy to train government workers, private citizens and foreign students in carrying on the counter offensive against the total political war being waged against the United States and the Free World by International Communism.

The Hon. Joe Pool of Dallas was named to serve on the committee in this new Congress, the first Texas appointed to the committee since Martin Dies. Because Rep. Pool was elected as Congressman - at - Large, Texas of every District can feel he is serving them directly.

**WASHINGTON BOUNDUP**  
The Interior and Insular Affairs Committee, on which I serve as third ranking majority member and chairman of the subcommittee on Irrigation and Reclamation, soon will receive from the Interior Department a proposal for landmark legislation to provide outdoor recreation facilities. When he briefed the committee recently, Secretary Udall said the proposal would serve "to preserve the face of this country and the outdoor recreational opportunities our people have always prized so highly." How Congress will greet it remains to be seen.

When all of the facts are known initial excitement over General Accounting Office criticism of the helium conservation program will die away. I had a major part in formulating this program, designed to give private enterprises the job of conserving the vital natural resources for which our Pan-

handle gas fields are famous. The tip-off as to the reason behind criticism, based on unjustified claims that participating companies are taking profits not due them, came in a Washington Post editorial.

"If the helium reserves are a genuine national need," said the Post, "Congress should reconsider this program and set up a nonprofit public corporation to acquire gas used principally in government - supported missile and atomic industries."

A nonprofit public corporation is precisely what those of us who set up this program were trying to avoid. In my view, the mood of the Congress is against placing the government into any industrial activity that could better be handled by private enterprise companies equipped to work in the field.

The President's tax revision proposal for oil and gas amounts to an end run to avoid a head-on collision with the 27 1/2 percent depletion allowance. The tax program submitted by the President would leave the 27 1/2 percent rate intact, but it would in effect cut the allowance by tightening reporting and computation procedures.

The Treasury Department estimates the effect would be the same as a drop of up to one-fourth in the oil and gas depletion allowance. The Independent Petroleum Association of America estimates that the effect would be a drop in the allowance to 17.5 percent.

In my opinion, a tough battle is coming over this proposal, avoiding as it does a direct clash with the long-standing 27 1/2 percent rate.

Again last year our exports exceeded our imports. The gap is narrowing. In 1962, the value of imports reached \$16.4 billion, up from \$14.7 billion in 1961. The 1962 export total was \$20.8 billion, compared with \$20.1 billion in 1961.

We must continue efforts to see that the balance of our exports remains well ahead to assure our continued agricultural and industrial strength.

**FRANCIS P. ROGERS**

15TH DISTRICT OF TEXAS

## S. C. S. STRESSES CONTROL

# Close Supervision Can Save Water

With Hereford's rapid growth and the community attracting new industries, greater demands are being placed on our underground water resources, states Don Newman of the local Soil Conservation Service office. The conservation and wise use of the underground water will become more crucial in the years to come. Only through diligent, careful management of irrigation water can the community continue to grow and develop as it has in the past.

Many farmers merely apply water to their crops and do not actually irrigate. To irrigate means to manage irrigation water in such a way that controlled amounts of water are applied to crops at the right time without waste or erosion. A considerable number of farmers cannot seem to water their crops without waste or as it is commonly termed, "tail water".

In order to achieve irrigation water management a farmer should have someone manage his irrigation system at all times. Donald Hicks who farms west of Ford has found that by having someone attend to his irrigation at all times he is able to irrigate one - third more land! He claims that he is more than paying for his irrigator's wages by being able to irrigate this additional acreage. By carrying out irrigation water management Hicks has virtually eliminated "tail water".

Although under the graded types of irrigation systems that we have here, it is doubted that "tail water" can be entirely eliminated. It can, however, be substantially reduced by sound management. In many cases, by merely regulating the furrow stream size and by having someone managing irrigation water

at all times "tail water" can be reduced considerably. Irrigation water management practiced on the majority of the farms here will result in a prolonged life of our precious underground reservoir.

In recent years a large number of South Plains farmers have been buying land in Deaf Smith and other northern counties simply because they have need the land for water supply is depleting to the south. We do not want this to happen in the Tierra Blanca Soil and Water Conservation District.

Technicians with the local Soil Conservation Service encourage irrigated land farmers to request assistance in the design and management of their irrigation systems. The time to act is now before it is too late, Newman concludes.

**ON FOUNDATION**  
Russell Carver of Hereford has been named to another year term as vice president of the executive board and Mrs. H. A. Cavness of Hereford continues on the board of the Texas Panhandle Heritage Foundation. Action came during an executive board meeting last week in Amarillo.

**ATTENDING BOARD MEETINGS**  
Mrs. Dyalhia Benson, West Texas credit union leader will attend the joint board meeting of the Texas Credit Union League and the Members Mutual Insurance Company in Dallas, Friday and Saturday.

Mrs. Benson of the Hereford Texas Federal Credit Union is on the board of directors of the League, representing 90 credit unions in the Panhandle area.

# NO MALICE

No American who ever lived had a greater grasp of the true meaning of Freedom than Abe Lincoln, the kindly and rugged-featured man who described this nation as having been "conceived in liberty, and dedicated to the proposition that all men are created equal."

But Abraham Lincoln knew that Liberty could not be won and maintained by men alone. He acknowledged Divine power. The Great Emancipator made that clear in all his classic utterances. The closing lines of the Gettysburg Address is our best example:  
"... that this nation, under God, shall have a new birth of freedom... and that government of the people, by the people, for the people, shall not perish from the earth."  
... that is Americanism.
