

Chilly Chihuahua

The nippy weather Sunday was a bit too much for this Chihuahua pup as he nestles inside the protective coat of Jeff Milam, the dog's owner. They were attending the pet show held at the Hereford Community Center, where the pair competed against equally frozen animals and their masters.

Ford, Carter Agree

Presidential Race Close As Election Nears

By DAVE RILEY
Associated Press Writer

President Ford and Jimmy Carter have found one thing to agree on: The election is just too close to call now.

It was a light campaign day for both major candidates Monday, but both managed in separate ways to point to the tightness of their race for the White House.

Carter declared at a news conference that the election is "up for grabs" and

Thieves Hit School Again

Hereford police received a report of a burglary at Stanton Junior High School Monday.

Although the theft was only reported yesterday, a spokesman for the HPD indicated that the actual theft occurred either Friday or Saturday.

The thieves gained entry by removing a screen and opening a window at the school building.

Taken in the theft were two cassette recorders, postage stamps, a .22 starting gun and a coin collection.

Total value of the items taken was about \$355.

A break-in occurred at the Western Wheel Inn sometime between 3:45 and 5 this morning.

The rear door at the firm was forced to gain entry, but the police spokesman reported that nothing was found missing.

made an emotional appeal in a campaign speech in Florida against voter apathy.

Ford stayed in Washington and sent word through his backers that he views the race as "a dead heat" now. Major polls also show the race is tight.

But there was disagreement between the two candidates about remarks made by the chairman of the joint chiefs of staff, Gen. George S. Brown. Brown was quoted in an interview as saying Israel is a military burden and that the United States does not have the stomach to stand up to the Soviets.

Carter said Brown's remarks are an example of what he said was Ford's

failure to take strong action against errant administration officials, and he compared Ford's failure to rebuke Brown with what Carter said was Ford's inaction in the wake of the Earl Butz affair two weeks ago.

Butz resigned as Ford's secretary of agriculture after it became widely known that he had made an obscene racial slur against blacks aboard an airplane after the Republican National Convention.

Democratic Campaign Rally Set Tonight

Democrats in the Hereford area will have two chances this week to campaign for their candidates, namely presidential aspirant Jimmy Carter and his vice-presidential running mate Walter Mondale.

A meeting of local Democrats is scheduled for 8 p.m. today at the Hereford Community Center, according to Raymond Higginbotham and Andy Shuval, co-chairmen of the Carter campaign here.

They urge all interested voters of the Democratic persuasion to attend the campaign rally.

At 11 a.m. Wednesday, Texas Governor Dolph Briscoe will be at the Quality Inn in Amarillo to support the Democratic ticket. Again all party members are asked to attend.

Donations Questioned

AUSTIN (AP) - Rep. Alan Steelman, R-Tex., says the U.S. Senate Ethics Committee decided recently "to bury" an investigation of questionable Gulf Oil contributions to about two dozen senators, including a reported \$2,500 donation to Sen. Lloyd Bentsen.

Steelman, who is running against Bentsen for his senate seat, told a news conference in Austin Monday that he has released his financial statement for the years he served in Congress and challenged Bentsen to do the same.

Bentsen replied that Steelman's allegation was "a deliberate distortion." "The fact is that I have never knowingly accepted any illegal campaign contributions."

Peace Agreement Approved

BEIRUT, Lebanon (AP) - Palestinian leader Yasser Arafat and Syrian President Hafez Assad have agreed on a new peace plan to end Lebanon's civil war and a cease-fire by midnight Wednesday. There was no reaction yet from Lebanon's Christian and Moslem warlords.

The peace plan and the cease-fire call were announced Monday in Riyadh, Saudi Arabia, where Arafat and Assad met in a summit conference with

Carter Demands Reprimand

WASHINGTON (AP) - Democratic presidential candidate Jimmy Carter is urging President Ford to "show some leadership" and reprimand the nation's top uniformed officer who made controversial remarks about such U.S. allies as Israel, Britain and Iran. Ford, according to the White House, accepts Gen. George S. Brown's explanation and "considers the matter closed." For his part, Brown, chairman of the Joint Chiefs of Staff, told a news conference Monday that his remarks in an interview did not indicate disagreement with the U.S.

Boycott Firms Respond

WASHINGTON (AP) - Many American companies identified as participants in the Arab boycott of Israel are complaining that they are frequent trading partners with the nation they supposedly are boycotting.

The Commerce Department released Monday the names of American companies involved in 50 transactions with Arab nations since Oct. 7. That was the day President Ford announced his decision henceforth to reveal the names of American companies participating in the boycott.

Airport Improvements, Trash Bids, Child Safety Considered By City

The Hereford City Commission business pertaining the Municipal Airport, accepted bids on trash containers, and discussed safety for students at Bluebonnet Elementary School during a regular meeting held Monday night at city hall.

Also, the commissioners approved a proposal to let the First Christian Church classify a lot it owns as "church property" for tax purposes. The lot is therefore exempt from taxes. It is located south of the church.

REPRESENTATIVES of the local chapter of the American GI Forum and one other interested individual asked the commissioners to improve safety conditions near Bluebonnet. They requested that a fence be built around the

old Pitman property so students wouldn't be exposed to cactus on the property and expressed wishes for a lower speed limit and warning lights on 15th Street.

The fence proposals was not acted upon, but the city fathers agreed to send as letter to city police chief Don Brush asking that the speed limit be lowered from 40 miles per hour (mph) to 30 mph. It is hoped that this action will slow down the through traffic on the street. No other actions were taken concerning the requests.

The speed limit will be lowered upon Bush's approval on 15th Street from Highway 385 to Ave. K.

City Manager Dudley Bayne, said a request for a fence at the municipal airport was inadvertently left off an

application for airport improvements by the Federal Aviation Administration (FAA). A resolution was passed as a routine procedure so that the mistake, an oversight of the FAA, could be corrected.

TENTATIVE ACCEPTANCE was given to a \$6,295 bid from Southern Avionics of Beaumont for a beacon radio to guide aircraft into the Hereford airport. Since the Texas Aeronautics Commission (TAC) provides 50 per cent of the funding, the bid is based on TAC approval.

The homing beacon received only one bid.

A bid of \$185 each was approved for large trash containers used by the city in alleys. It was from Pak-Mor Inc. of San Antonio.

The lowest bid was slightly less than the one approved, but commissioners did not accept since it did not contain any form of a performance bond. Also, knowledge of the company was limited.

THE NEXT HIGHEST bid over the one accepted was for \$196 per container and the highest was significantly more at \$588 per container. A total of 100 trash units were ordered.

Bayne considered the bid very favorable. "We thought it was going to be over \$200, he said.

All commissioners were present.

Accident Victim Is Critical

Mario Rocha, 24, of Hereford, remains in critical condition in Northwest Texas Hospital in Amarillo following a two-vehicle accident 15 miles northwest of Hereford Friday.

Rocha suffered head injuries in the accident, and was taken to Deaf Smith General Hospital here, prior to being transferred to the Amarillo hospital Friday.

He was a passenger in a car driven by Frank Segura, 22, of Hereford, who suffered only minor injuries in the collision of the car and a pickup operated by David Lee, 21, also of Hereford. Lee was uninjured.

Yankees Play 'Catch-Up' Against Reds Tonight

NEW YORK (AP) - Cincinnati Reds manager Sparky Anderson isn't about to write off the New York Yankees and Yankee manager Billy Martin thinks he's wise not to do so.

"I said before the World Series began that I thought it would go seven games," Anderson said before the Series resumed tonight with Game Three. "I think I'll stick with

that.

"The Yanks are an excellent club. They have to be here in the Series. They've won three or four in a row before and they can always to it again," Anderson said.

The Yanks will have to do just that to get back into this Series. They lost the first two games in Cincinnati, 5-1 and 4-3. Only six times in 73 previous World

Series has a team been down 2-0 and come back to win the championship. And two of those teams were Yankee teams, in 1956 against the Brooklyn Dodgers and two years later against the Milwaukee Braves.

"I think Sparky's right," Martin said of Anderson's conservative stance. "I think we have the edge at home

because we're more used to the natural grass. And we're very easily capable of turning this thing around in a hurry.

"I'm not all that impressed with their pitching," Martin continued. "But I am impressed with the rest of their club. Still, I can't call them awesome the way some people have. The Yankee clubs that I have played on, when we won five World Series in a row, that's awesome."

Martin sends 31-year-old right-hander Dock Ellis to the mound tonight in hopes of turning things around. Ellis turned himself around this year after coming to New York as a virtual throw-in in a trade with the Pittsburgh Pirates. After several stormy and ineffective seasons, he posted a 17-8 record this year.

"I hate cold weather. I don't like pitching in it. I don't think anyone likes playing in it," Ellis said, viewing the possibility of playing in sub-freezing temperatures in Yankee Stadium.

Ellis said he was in no way nervous about being the man on the spot. "It's just another game to me," he said. "You've got to take each game as it comes. You can't get all worked up over one game, no matter how important it may seem. You can only do what you are capable of doing. It's the same way all over, starting with Little League."

Going against Ellis will be rookie Pat Zachry, a 24-year old right-hander who was 14-7 this year.

Zachry finds himself in an unusual position, playing in a ball park he always wanted to play in—but in the wrong uniform.

"The Yanks were always my favorite team from the time I was growing up," he said. "When I was a kid, I'd go in the back yard with a plastic ball and bat and make believe I was playing for the Yankees. And we won every game 15-0."

Season Standings Listed

McGee, Abney, O'Rand Win Weekly Awards

The football experts continue to complain about the number of "upset" games this season, but some of the entrants in the weekly Brand Football Contest still manage to emerge with good scores each week.

Marguerite McGee of Hereford missed only four games of the 26 listed in the weekly contest the past weekend and thus took the \$10 first prize. Several entrants missed five of the games, and it took the tie-breaker total to decide that Temple Abney won the second prize and Eddie O'Rand wound up with third-place money.

Abney had a guess of 35 on the tie-breaker game, and the score totaled 30 points in the Hereford-Plainview contest.

O'Rand had a guess of 50. Tommy Bowling (43) and Royce Coatney (46) had slightly high scores while missing five games. Beverly Adcock missed six games.

This was the seventh week of the 13-week grid game, and all entrants who enter at least 12 of the weeks are eligible for the big season prizes of \$100, \$35 and \$15 which go to the top three persons.

Three of the regular pickers are tied for the lead after the seventh week, each with 43 misses from the six best entries. They are Frank Cogdell, Mrs. Melvin Kalka and Marguerite McGee (the past week's winner).

The contest is just at the halfway mark, however, and

plenty of the entrants still have a shot at one of the cash prizes. One outstanding week could push an entrant several steps up the ladder. Forty of these in the season listings are only one to six games behind.

W.H. Kitchens is just one game back of the leaders with 44 misses, while John D. Bryant, Marie Cogdell, Larry Walterschied, Joe Williamson, 46—Duane Albracht, Aaron Bourland, Becky Bourland, Darrel Dirks, Don Elliott, Cliff Johnson, Kelly Kitchens, Joyce Shipp, Dickie Sims, Mrs. Joe Williamson.

They Got Their Kicks

By The Associated Press

Mention sidewinders in the Lone Star State, podnuh, and watch Texas scramble to dodge rattlesnakes.

But another species of sidewinders—the soccer-style field goal kicker—stole the show Saturday, when two Texas collegians booted their way into the record books with field goals of 64, 65 and 69 yards.

Ablene Christian University's Ove Johannson, a former NAIA soccer All-American imported from Sweden, boomed a 69-yarder in Abilene Christian's 17-0 victory over East Texas State to set NAIA and collegiate marks.

Meanwhile, 262 miles to the southeast, Texas A&M's bare-foot kicker Tony Franklin, who learned his kicking style from watching pro kickers on television, was drilling three-pointers of 64 and 65 yards in A&M's 24-0 win over Baylor.

Franklin's 64-yarder in the second quarter eclipsed the NCAA mark of 63 by Clark Kemble of Colorado State. But in the third period, he broke his own mark with the 65 yarder.

Both Johannsen and Franklin were aided by 16 mile per hour north winds.

"When Ove hit the ball it sounded like a rifle shot," said ACU reserve quarterback Dean Low, who held Johannson's record-breaking kick. "I knew he hit it just right."

It was the 28-year-old Johannson's fourth field goal ever. Last year he came to ACU, where his girlfriend was a student, after leading Elkins College of West Virginia to the 1975 NAIA soccer finals.

He didn't attempt to kick his first football until last January and was awarded a football scholarship the following spring. His teammates had to help him don his football uniform correctly the first few times. "I've never hit the ball as good as I did that one," he said. "Even the approach was good."

After his two mammoth boots, Franklin said, "My goal is to kick one 70 yards. That third one Saturday would have been good from 70 yards. I knew it was good the minute I hit it...it was the biggest kick of my life."

"I didn't think that son-of-a-gun could make it," Baylor Head Coach Emory Bellard said of Franklin's 65 yard shot.

"He's a heckuva weapon."

The 5-foot-10, 170-pound sophomore, who had previously held the Texas high school record of 58 yards while at Fort Worth Arlington Heights, has already hit 19 career field goals in 18 games as an Aggie.

Franklin, who has never played organized soccer, said he learned his unique style from watching pro kickers on television.

Martha Raye laments death of live TV

By Martha Raye
(Editor's note: Martha Raye is one of those entertainers who was present at the birth of television and was a major star during the early days of the medium. She plays a recurring role in the "McMillan" segments of the NBC Sunday Mystery Movie series.)

I miss live television. I think there were better performances generally when shows were live. I did several seasons live on All Star Revue and later with my own live series, both originating from New York. We never heard of cue cards. We learned the shows and did them. I don't see how any sketch comedians can work well with the cards. Personally, I couldn't have seen them because of my eyes. I know Jimmy Durante couldn't read them anyway. There is always the tendency to begin to look for them, or stare, and then how can you do the bit?

Going into live television for me was just a transition from the stage and vaudeville. In the 1940s I toured in "Hold On to Your Hats" with Al Jolson and Ruby Keeler. When televi-

sion came into being, Nat Hiken was my director on All Star.

(Clips from one of Martha Raye's early TV shows will be part of "The First Fifty Years," the special saluting NBC's 50 years of broadcasting. It will be telecast on NBC-TV's The Big Event Nov. 21.)

Another aspect of live television I've always enjoyed is that you know when you'll rehearse, and you know when you'll be finished. We knew our rehearsals would always begin on Mondays, and Saturday nights at 9 we went off the air. Today you're always picking up shots, are never sure when you'll finish, and rehearsals vary.

I also think there was a special camaraderie among the actors in those infant days in TV. The medium was so new, we all kinda stuck together. Also, I guess there was a closeness because most of us had known one another before. People like Uncle Miltie, Durante, Ed Wynn, Cantor, Bob Hope, Nanette Fabray, Sid and Imogene, we all came out of the same era.

Martha Raye brings her unique style to the small screen as a regular on this season's McMillan.

I imagine a lot of people might disagree with me, but for me the best performances have been the spontaneous ones. The role I play now on "McMillan" is different from my old act and I try to keep it as spontaneous as possible, even after five takes.

Maybe I'm old fashioned, but I like to give a performance and then walk away from it.

"Live" TV was great fun, hard work, and it's probably gone now. I know I'll miss it.

Anthony Quinn -- six-foot-two, 190 pounds of rugged versatility -- has just the right charisma to act as host for the Mobil Showcase presentation of "Ten Who Dared," to be syndicated nationally in January.

It would be easy to imagine him swathing his way through West Africa or the Congo, braving the rigors of the South Pole, or alongside the ten adventurers whose epic journeys into the unknown are portrayed in the BBC-Time-Life series he narrates.

"In real life I am perhaps 10 different people at the same time," says Quinn.

"I'm an actor, a sculptor, a painter, a director, a father, a husband, even an architect. I sing, I write books. My own life must be full -- full to the maximum. Maybe that's why I'm able to play so many different types of characters in films."

Wide Variety Enters Show

Crabs, lizards, ducks, monkeys and rabbits were some of the stranger breeds of pets to enter Sunday's Youth Pet Show, which also had its fair share of traditional dogs and cats. Taking third place prizes in the annual contest were, from left,

back row: Mike Hale, Jeff Milam, Reecie Willson, Leslie Whatley and Tommie Cherry; front row: Lori Reinauer, Mary Ruth Hammam, Brant Reid and Brad Barrett.

Menagerie Braves Cold Weather

Numerous Hereford youngsters and their pets turned out for the Summer Youth Program Pet Show Sunday afternoon despite cold temperatures and brisk winds. In photo at left are shown first place winners, including, back row: Greg Reinauer, Mike Hale, Valerie Andrews and Debbie Gonzales; front row: Charee Godwin, Brant Reid, Karyn McCuistlan, Julie Allison and Craig Hamman.

Second place honors were awarded to the youth in the right photograph, who are, from left, back row: Tommie Cherry, Reecie Willson, Yvette Pena, Teresa Evans and Steve Spangler; front row: Wendy Reid, Craig McCuistlan, Jeana Upshaw, Crystal Finley and Chris Howell.

College Career Night Scheduled Thursday

All junior and senior students of Hereford High School and their parents are invited to attend College Career Night scheduled from 7-9 p.m. Thursday evening at the high school.

There will be 37 colleges represented including junior colleges, vocational schools, technical schools and all branches of the armed services. All major four-year colleges will also be participating. They will include Rice, UT of Austin, Baylor, West Texas State, UT at El Paso, Texas Women's University, Trinity, Austin College, Angelo State, UT at Arlington, Southwestern Texas State, A&M, Oklahoma University, Oklahoma State, Texas Tech and Columbia College at Columbia, Mo.

Each school will be divided into three 30 minute sessions. In addition there will be 20 local businessmen present to inform students and parents of the opportunities available in their particular field and needed training.

Businesses discussed will include accounting, general office work, food merchandising, real estate, electronics, auto-mechanics, banking-financing and insurance.

Death Reported Of Anne Ferguson

Ann Price Ferguson, daughter of a doctor who was a pioneer in this community, died Sept. 24 in her home at Wenatchee, Wash. She was 83.

Mrs. Ferguson was the step-daughter of Mrs. Nettie Price Slaton, who was first wed to Dr. Price and then married another Hereford pioneer, Judge Slaton.

Mrs. Ferguson had no children but is survived by numerous nieces and nephews. Burial was in Wenatchee.

An estimated 40,000 died in a Chilean earthquake on Jan. 24, 1939.

Ann Landers Parents, Read This!

DEAR ANN LANDERS Not long ago you ran a letter from a mother whose kids hassled her because she threw their dad out (he was a bum) and were mad at her because there was no man in the house. I would like to tell those kids to shut their traps. They are LUCKY.

We live with two parents who fight over everything from money to why a pin is in the carpet. When they aren't on each other's backs they are on ours. We live in fear that any minute one of them will go berserk and shoot us all.

In case you think we are trash, I'd like to tell you our father is a physician and Mom was a professional person also.

We wish our parents had split long ago instead of staying together, threatening one another constantly and making nervous wrecks out of us kids.

Don't suggest counseling. Each one feels the other is at fault. They refuse to discuss anything with a third party.

No advice needed. I just wanted to get in my 2c worth. Think I'll stay single.

DEAR THINK: I'm printing your letter in the hope that some warring parents will read it, see how they look to their children and shape up.

DEAR ANN LANDERS: I'm

writing about that tall girl who asked about the operation to make her shorter. Why didn't you tell her to move to Texas? It is very common to see very tall girls in the Lone Star State--especially in Dallas, Fort Worth, Houston and San Antonio. I'm sure she would find happiness in any one of these fine cities.-- Wanting To Help.

DEAR WANTING: Sorry, but the girl's problem isn't the state she's living in, it's the state of her mind. I suggested that she visit a rehabilitation institute or a spinal cord injury center and see what life is like in a wheelchair. She would then be grateful to have two legs to walk on-- no matter how long.

DEAR ANN LANDERS: In a recent column you responded to a prostitute by saying, "Since you are a member of the oldest profession, you ought to know."

I'd like to point out that prostitution is NOT the oldest profession. The Bible clearly speaks of professions that are much older. For example: Jacob was a tailor, Ishmael's sons were builders, Laban was a shepherd, Cain was a farmer, Abel was a Shepherd, Jubal was a harp maker, Noah was a

shipbuilder, Noah's wife excelled in animal husbandry and Hagar was a maid-servant.

All these professions were mentioned before the Harlot. There's nothing like knowing your facts, Ann.-- Just A Reader

DEAR FRIEND: You are more than "Just A Reader." You're a student of the Bible and an alert one, at that.

And now a word to all prostitutes. No fair calling yourselves members of the oldest profession. You've been pre-dated girls. From now on, stick to Ladies of the Evening."

CONFIDENTIAL to Credit-Card Crazy: Your wife and millions of others are getting no bargains. They are merely postponing the agony of paying the bill. And it's costing her (and all the others) plenty-- like 18 per cent yearly interest.

Discover how to be date bait without falling hook, line and sinker. Ann Landers' booklet, "Dating Do's and Don'ts," will help you be more poised and sure of yourself on dates. Send 50 cents in coin along with a long, stamped, self-addressed envelope with your request to Ann Landers, P.O. Box 1400, Elgin, Ill. 60120.

Anniversary Club Dance Scheduled

Herrick Allen of Amarillo was guest caller for seven squares of the Merry Mixers Square Dance Club Friday evening at Community Center.

Club members and guests from Pairs 'n Squares of Amarillo, and Altus, enjoyed a Mexican dinner preceding the dance.

During the business session, members discussed plans for the sixth annual anniversary club dance scheduled Oct. 29, at Community Center with guest caller Gene Weldon.

Five couples of the club also attended the annual Sweetheart Dance at the Villa Inn in Amarillo Saturday.

Each past and present club sweethearts were honored and presented a silver pendant made from a Bicentennial silver dollar.

Those honored from Hereford were Emma Kupper, present PSDA Sweetheart and Olga Harris, past club sweetheart.

Forty-nine squares danced to the calling of Merlin Hull of California.

Idaho probably derived its name from an Indian word meaning "gem of the mountains."

MAKE-AHEAD DINNER
Chicken Rice Curry Chutney

CHICKEN RICE CURRY
Curry powder may be decreased for a blander dish.

1 cup converted rice
2 tablespoons butter
4 teaspoons curry powder
3 tablespoons flour
2 cans (each 10 1/2 ounces) condensed chicken broth, undiluted
1/2 cup water
3 cups 1-inch pieces cooked skin-free chicken
3/4 cup canned flaked coconut

Cook rice according to package directions. In a medium saucepan over low heat melt

the butter; stir in the curry powder and flour. Off heat, gradually stir in the chicken broth and water, keeping smooth. Over moderately low heat, stirring constantly, cook until thickened and boiling. (Makes about 3 1/2 cups sauce.) Mix about 2 cups of the sauce with the rice and spread half of the mixture in an 8 by 8 by 2 inch baking dish. Scatter chicken over this rice. Spread remaining rice mixture over chicken. Sprinkle with the coconut. Refrigerate, covered. Bake in a preheated 375-degree oven until hot through and coconut is toasted -- about 20 minutes. Meanwhile, reheat remaining sauce and pass separately. Makes 4 to 6 servings.

Ceramics Classes Planned

Members of Ceramic Art Club will be offering lessons in the craft of ceramics, with the first lesson scheduled from 2-4 p.m. Thursday at Community Center.

The lessons, which will cost \$1 each, are slated from 2-4 p.m. on each Thursday for the ensuing three weeks. Nell Culpepper will instruct the classes, which are open to all citizens of any age.

To be conducted in the Community Center's club-room, the lessons will cover the basic steps of ceramics, including greenware, glazing and firing. Necessary materials will be purchased by the individual students and expenses will be kept to a minimum.

Further information can be obtained by telephoning Mrs. Culpepper, 364-0075.

Mrs. Sowell Returns Home After Visit

Mrs. P.B. Sowell of Hereford returned home Sunday evening after a 10-day visit with her son, David Sowell, and his family of San Antonio. The family has just recently moved to that city after living for four years in Saudi Arabia.

During her stay, Mrs. Sowell received a visit from her granddaughter and her husband, Mr. and Mrs. Curt McGee of Dallas.

Before her trip home, Mrs. Sowell was a guest in the home of Mr. and Mrs. Charles Frye of San Antonio. Mrs. Frye is the daughter of Mrs. Charlie Sowell of Hereford.

Both David and Charles were in service together 21 years ago and are working for Northrop Aviation at San Antonio where they are stationed at Lackland Air Force Base.

High Point Winners

Silver buckles were presented to these high point winners of Range 2 of United Sheriff's Poses and Riding Clubs at the group's banquet Saturday night. Shown are [l to r] Jana Johnson, Joel Smith, Lee Washington, Felinda Evans, Sam Finley, and Keith Winkler. Not pictured are two other winners, Denise Reed and Debbie Parker. [Brand Photo]

Gibbs Crowned At Range 2 Banquet

Sue Gibbs of Amarillo was crowned the 1977 Queen by the Range 2 of United Sheriff's Poses and Riding Clubs at their banquet Saturday night at the Hereford Community Center. Gibbs won out over five other contestants to receive the honor. She was crowned at the banquet by 1976 Queen Veanne Sims. The other five contestants were LeAnn Hughes, first runnerup, Kim Rose, and Kathy Evans, all of Hereford, Debbie McDonough of Canyon, and Gena Rogers of Amarillo. Silver buckles were awarded to the Range's high point winners over the past year at the banquet. The winner in the pee wee boys division was Joel

Smith of Hereford. Jana Johnson also of Hereford, was the winner in the pee wee girls division. Lee Washington and Felinda Evans, both of Hereford, won the boys and girls junior divisions respectively. Sam Finley of Hereford was the top rider in the intermediate boys division, while Denise Reed of Kress topped the intermediate girls. Debbie Parker of Canyon was the top senior woman rider during the year, while Keith Winkler of Friona was the best senior man. A crowd of about 125 attended the banquet, during which new officers for the

Range were elected by delegates from the individual clubs represented. Larry Wynn of Umbarger was elected the new president of the Range for 1977. Other new officers will be Leroy Lamb, vice president, Janet Orand, secretary, and Eilene Gillespie, treasurer. Also in attendance at the banquet was Mrs. Louis Houseman, president of the area United, which includes Range 2 as well as two other Ranges. Outgoing Range 2 president Mrs. Keith Winkler presented Travis Shields with the "Top Hand Award" at the banquet for the work he has done over the past year in the Range.

AHS, Monterey Win Cross Country

By BOB NIGH
Brand Sports Editor

Amarillo High's girls and Lubbock Monterey's boys raced to championships at the Hereford Invitational Cross Country meet held at Veteran's Park Saturday morning. The Sandie girls edged defending state champs Brownfield 34-56 for the varsity girls title. The Plainsmen took the boys varsity honors by one point over the Sandie boys, 77-78. The Amarillo High junior varsity girls also won their division, while Brownfield took the JV boys division title. Frank Madrigal of Hereford took top individual honors in the boys junior varsity race with a time of 11:37. Another Hereford runner, Beverly Nixon of LaPlata Junior High, took first in the JV girls race with a 10:55 clocking. Hereford mentor Roy Shipp reported that he was pleased with the way his charges performed Saturday. "I was pleased...most of the girls dropped their times from last week's meet (at Pampa) and from last week's practice runs," Shipp said. Brownfield's defending state champion Isabel Navarro took first place in the girls varsity race, but Amarillo High had girls finish two-three-four, and had two others finish 12th and 13th to take the team title. Epi Aguirre of Lubbock High took the boys varsity honors with a 10:32 time, three seconds ahead of Dan Wetmore of Coronado, who finished second. Hereford didn't field a boys varsity team, but the Herd girls varsity finished third. The Hereford JV boys finished sixth, while only three HHS JV girls ran. La Plata finished third in the JV girls' division behind Nixon. The meet was conducted under fair skies amid temperatures in the 40's. Some 68 girls ran in the varsity division, while the boys varsity race drew 52 entries. Hereford runners their places and times by division were: Boys JV: 1. Frank Madrigal, 11:37; 38. Sammy Gonzales, 11:08; 39. Bruce Lee, 14:18; 42. Dee White, 15:04. Varsity Girls: 29. Judy Birdwell, 10:53; 43. Rita Soliz, 11:15; 52. Micki Merritt, 11:42; 57. Lisa Drake, 11:58. Girls JV: 1. Golf pro Rik Massengale, winner of the 1976 Sammy Davis Jr.-Greater Hartford Open, leads a Bible study group that meets regularly on the pro circuit.

Doris Brorman took first place in the First Flight, carding a total of 75. Lynn Carter also had a 75 to take the runner-up spot. Susie Mannschreck posted a 69 to win the Second Flight, eight strokes ahead of runner-up Lola Clough who had a 77. Idie Gearn captured the Third Flight title with a 77. Ester Shannon finished second with a 77, and Betty Pickens too third with a 79.

Four women sky-divers disrupted practice for the Cincinnati Bengals pro football team when they parachuted onto the practice field to wish Bengals center Bob Johnson a happy 30th birthday, Aug. 19, 1976.

Tech Jumps To No. 8 Among Top 10

Michigan, Pitt, Nebraska and UCLA held onto the first four spots in The Associated Press college football poll today while two-time defending champion Oklahoma moved into fifth place and four schools cracked the ratings for the first time this season. The four newcomers are No. 16 Iowa State, No. 19 South Carolina and East Carolina and Mississippi State, tied for 20th. Michigan remained atop the ratings for the sixth week in a row. The Wolverines trounced Northwestern 38-7 for their sixth consecutive triumph and received 58 first-place ballots and 1,232 of a possible 1,240 points from a nationwide panel of 62 sports writers and broadcasters. The other four first-place

votes went to Pitt, which defeated Miami, Fla. 36-19 without its top two quarterbacks. The Panthers received 1,088 points in holding onto second place for the fourth week in a row. Last week, Michigan led Pitt 1,194-1,057 with 60 voters participating. Nebraska remained third with 930 points by walloping Kansas State 51-0 while UCLA clobbered Washington State 62-3 and stayed in fourth place with 896 points. Oklahoma moved up from sixth to fifth with 718 points by defeating Kansas 28-10, dropping the Jayhawks from 15th place out of the rankings for the first time this season. Meanwhile, Maryland slipped from fifth to sixth with 554 points after a hard-fought 17-15 victory over Wake Forest.

Rounding out the Top Ten are Southern California, Texas Tech, Ohio State and Georgia. Southern Cal, idle last weekend, climbed from eighth to seventh while Texas Tech jumped from 10th to eighth by battering Rice 37-13. Ohio State, a 30-20 victor over Wisconsin, remained in ninth place while Georgia moved up from 11th to 10th with a 45-0 rout of Vanderbilt. Missouri fell from seventh to 17th via a 21-17 loss to Iowa State, which also moved the Cyclones into the Top Twenty for the first time in several years. The Second Ten consists of Florida, Notre Dame, Texas, Houston, Arkansas, Iowa State, Missouri, Alabama and Southern Carolina, and East Carolina and Mississippi State sharing the 20th position. Last week's Second Ten was Texas Tech, Georgia, Florida, Texas Notre Dame, Kansas, Louisiana State and Mississippi tied for 16th, followed by Arkansas, Houston and Alabama. LSU lost to Kentucky 21-7 and

Ole Miss was beaten by South Carolina 10-7. East Carolina, 6-0, cracked the Top Twenty with a 17-3 triumph over VMI while Mississippi State, 5-1, outlasted Memphis State 42-33.

Nieman, Templeton Top Forecasters

BRAND publisher Speedy Nieman and Editor Bobby Templeton each posted an 18-8 mark last week to top the rest of the Fearless Forecasters panel as the group heads into the final half of the season. After seven weeks of guesses Nieman strengthened his hold on the top spot, and has a three-guess margin over Irene McKinster and Tom Simons. Nieman has a 123-59 season record, three right guesses better than the runners-up, who

stand at 120-62. BRAND sports editor Bob Nigh retained fourth position despite a dismal 14-12 week. Nigh stands at 116-66 on the year. Templeton remains in fifth place, but has narrowed the gap between himself and Nigh to stand at 113-69. Four members of the panel were the sole guesser to pick winners over the rest of the panel last week. Nieman was the only member to correctly pick San Diego over Houston, Simons was the only one to pick Coronado over Lubbock High, and Templeton was alone in his correct pick of Colorado over Oklahoma State. The panels as a whole missed on five choices. Misses were recorded all around as Dimmitt and Olton tied 7-7, Springlake Earth downed Vega 7-0, Iowa State upset Missouri 21-17, Georgia Tech upset Auburn 28-10, and St. Louis beat previously unbeaten Dallas 21-17 Sunday. Percentage-wise Nieman tops the panel with a .676 mark. McKinster and Simons have .659 averages, Nigh is hitting at a .637 clip, while Templeton has been correct on .621 per cent of his picks.

McWhorter Wins Title

Helen Ann McWhorter shot a 77 to capture the Championship Flight of a ladies golf tournament played at Pitman Golf Course last weekend. McWhorter edged Mary Hartman, who shot a 79 for the 18 holes, to grab the win. Scores were based on the player's true score minus their handicap on each hole.

Testimony Ends In Ali Trial

NEW YORK (AP) - Testimony has ended in the \$20-million libel suit brought against heavyweight champion Muhammad Ali by the referee of his 1975 title fight against Chuck Wepner, with Ali calling only one defense witness.

The four-day trial was concluded Friday with James Jacobs, vice president of the Big Fights, Inc., telling the jury of four women and two men in U.S. District Court in Manhattan that Tony Perez, the referee, permitted "outlandish fouls" during the contest.

Perez, a fight arbitrator for eight years, has accused Ali of making "false and defamatory" statements that he was a "dirty referee...paid by gangsters" following the March 1975 bout Ali won by a technical knockout.

All, who again announced his retirement from the ring after successfully defending his title against Ken Norton last month, counter-sued Perez for \$1 million charging the official with violating his duties by allowing Wepner to land illegal punches.

Television announcer Howard Cosell, one of the few sports-casters regularly granted interviews by Ali, was called as a character witness for the plaintiff along with State Athletic Commissioner James A. Farley Jr. Both described Perez as a "capable referee" with a good reputation.

Paul Harvey News

Instant Replay

Television lawyers are able to wrap up the trial and the verdict neatly and completely in 59 minutes mostly because any thing irrelevant and immaterial is prefiltered out.

Now real-life courtroom proceedings in Ohio are thus being streamlined with the aid of "instant-replay television."

In Trumbull County, Ohio, they had a serious backlog of land condemnation cases.

Under the direction of Chief Justice C. William O'Neill of that state's supreme court, the trial process was "synopsized."

All testimony is put on video

tape at times and places convenient to witnesses. And lawyer's objections are duly noted--on tape--and the trial judge then edits the tape for presentation to the jury.

The jury watches the presentation of the testimony--with all extraneous and immaterial and irrelevant evidence edited out.

And the courtroom process which previously required three to four days may be completed in one day.

Further--because the trial judge need be in the room only for opening statements and closing arguments--one trial judge is able to try two cases, in separate courtrooms, simultaneously.

Success?
On Jan. 1, 1975, there were 221 such appropriation cases pending in Trumbull County and 212 were more than six months old. Many cases were more than six years old.

This delay had already cost taxpayers more than \$100,000 just in interest payments!

By July 31, 1976, that backlog of 221 cases had been reduced to 88--principally by video trials. Of those 88, 12 are already on tape and ready for trial.

Criticism: Some lawyers feel their role is being de-emphasized but much of that opposition is fading as results become apparent.

But 75 per cent of all jurors polled say that if they, themselves, were on trial, they would refer a video trial to a regular trial.

Not only does this "trial by TV" eliminate the backlog of court cases but it saves time and money for the landowners, the state, the parties, the witnesses, the jurors and the lawyers. As well as all others involved in the handling of litigation-- sheriffs, clerks and so forth.

And it eliminates the games lawyers play in the trial process. There are no objections which are intended only to mislead the jury. These are eliminated by the editing of the tape which the court does before the jury sees it.

Any accusation of "unfair editing"--and the deleted portion is merely replaced for the appeals court to consider.

The idea is spreading to other counties of Ohio. Either party in any case gets a choice, regular trial or video trial. Most prefer video trial.

Personal injury cases which used to be delayed for years are now disposed of within 90 days.

Mondale Rated Higher

WASHINGTON (AP) - Walter Mondale got the best of the Bob Dole in their televised vice presidential debate, four prominent debate coaches say.

The coaches, judging the Friday night debate for The Associated Press, gave Mondale a unanimous verdict.

The panelists used a scorecard that allowed each candidate one to five points in each of six categories. Only one coach gave Dole a higher mark than Mondale in any of the six categories, which are similar to those used to score college debate.

"The majors losers in the debate were both presidential candidates. When measured against their running mates, they seemed all too wooden, dull and less brilliant," said professor James Unger of Georgetown University.

Letter To The Editor

Dear Sir:
As an ardent hunter and conservationist, and native of Amarillo, I was appalled and disgusted at the short sightedness, insensitivity, and ignorance displayed by some of the Randall County Commissioners recently concerning the subject of federal funds for the restoration of Buffalo Lake.

One of the great tragedies which has befallen this area in recent years is the death of Buffalo Lake. Buffalo Lake has been for years one of the great and vital waterfowl refuges on the North American Continent.

Without Buffalo Lake, the tens of thousands of waterfowl which visit this key area in the central flyway each year are forced to either bypass this area or remain without adequate water spots. Anyone hunting waterfowl in recent years in the general vicinity of Buffalo Lake who has a love for waterfowl has been choked with emotion while observing ducks and geese vainly searching for water resting spots.

I suspect the chief culprits concerning the death of Buffalo Lake are the feed lots outside of Hereford, which have somehow managed to cut off the flow of water to Buffalo Lake via the Tierra Blanca Creek without public indignation. As the locals will recall, Buffalo Lake in its last days was having serious pollution problems. The source of pollution, I believe, was traced largely to the run off from those Hereford feed lots.

Additionally, there is a strong indication that cloud seeding in counties south of Buffalo Lake has seriously reduced the rainfall at and near the lake, so that run off water is at an all-time low.

Those Randall County Commissioners against the federal funds for restoration of Buffalo Lake argue that such funds represent free and irresponsible spending by the federal government, and Randall County Commissioners should set an example by refusing such funds. Firstly, it is insane to refuse money that has as its source our taxpaying pocket-books on the grounds that the federal government is the ultimate disperser of such money.

Secondly, the restoration of Buffalo Lake is an extremely worthwhile endeavor and investment; and by helping to preserve one of our great natural resources, waterfowl, we should receive many returns in the future, both material and spiritual.

The first step is to accept the federal funds for the restoration of Buffalo Lake should they become available and make good use of them. The next step is to make available to Buffalo Lake its natural sources of water.

Very truly yours,
Ronald E. Walker, Jr.

PUC Says Bell Must Respond To Requests

AUSTIN (AP) - The Public Utility Commission told Southwestern Bell Telephone Co. Monday it must respond to all information requests about its statewide rate case if the information is available.

The order was issued by the commission after the Texas Municipal League and the attorney general's office complained that Southwestern Bell said answers to many specific questions were "not available," "burdensome to supply," or "not kept in the normal course of business."

The commission said that

Southwestern Bell must respond to all information requests when that information is available from company records. Only questions that ask for specific reports or studies not kept by Southwestern Bell may be answered as not available.

The commission said all such information must be supplied by noon, Oct. 22.

The municipal league and the attorney general were granted a time extension to prepare their case from Oct. 26 to Oct. 29.

However, Chairman Garrett Morris turned down a commission staff request that the actual

hearing on Southwestern Bell's statewide rate increase be postponed for five days.

"I realize we're depriving the

staff an opportunity to study the intervenor's case. However, we still intend to begin the rate hearing at 9 a.m., Nov. 1, and I

expect all of you to be ready to proceed at that time," Morris said.

"There will be no other delays."

At Wit's End...

By ERMA BOMBECK

For years, the battle has raged on about whether a child is the product of his heredity or his environment.

To me, the division has always been clear-cut. A child is influenced by three factors: life about him, plus dominant genes from his mother's side and dominant genes from his father's side.

Ironically, all three of our children share evenly in the distribution.

From their environment they gleaned bad language, poor judgment, hopeless dependency on the telephone, lack of motor skills to pick up a towel or replace a cap on the toothpaste, little realism concerning money, disregard for responsibility and job opportunities, the need for 18 hours of sleep, impetuous decisions that never work out, a dress code that is sub-standard, and a rash that appears when it is suggested they write a thank-you note.

From their father they inherited shortness, frequent nosebleeds, poor spelling, overconfidence, no memory, toeing in, allergies to dust and mold, uncontrollable cowlicks, weak ankles, inability to conquer math, tendency to put on weight, short interest span, sulking over Monopoly, shyness, a definite weakness for losing anything of value, car sickness, poor taste in friends,

the lack of wisdom to know when they've lost an argument and a hang-up about Brussels sprouts.

To many parents, it might seem very discouraging knowing that certain traits in your child are predestined.

But all the mothers I've talked with, without exception, were able to supply that saving genes that gave their children and motivation to go on living.

I know from my side of the family, our children have inherited good skin, good grades, instant comprehension, imagination, coordination, a sense of humor, good posture, straight teeth, sensitivity, appreciation of the arts, moral values, integrity, a good feeling about money, infinite patience, loyalty and are champions of the underdog.

As my husband observed, "Don't forget humility. That's your strongest trait."

You know, I think he's right.

Carrillo Trial Halted

AUSTIN (AP) - Jury selection in the official misconduct trial of Ramiro Carrillo-delayed because of a reception for Gov. Dolph Briscoe-resumes today.

A visiting district judge recessed the trial Monday to attend the reception in McAllen for Briscoe and his wife.

Judge Joe Evins of Brownsville apologized to the jury panel for the delay. He explained to reporters that Briscoe appointed him judge in 1973, and he felt obligated to attend the reception.

Defense attorney Richard "Racehorse" Haynes of Houston predicted the trial would conclude Wednesday.

Polls Show Carter Holding Narrow Lead

By The Associated Press
Democratic presidential candidate Jimmy Carter holds a narrow lead over President Ford, according to several

national polls and surveys. The Carter lead is well within the margin of error in most of the polls, meaning that the race is nearly even and could go either way.

An ABC news nationwide telephone poll of 1,600 households found 1,388 where members were considered likely to vote. Of those, 42 per cent were for Carter, 40 per cent for Ford and 1 per cent for minor candidates. A total of 17 per cent were undecided.

The poll was taken Oct. 12-14, after the second Ford-Carter debate.

Two surveys of electoral votes were released, one by Time magazine and the other by the Newhouse newspapers and the Chicago Daily News.

The Time "soundings" said Carter led in 23 states and the District of Columbia, with a total of 280 electoral votes; Ford could expect 129 electoral votes from the 17 states he is leading in, with the remainder in states too close to call.

The Newhouse-Chicago Daily News survey said Carter led in states with a combined total of 218 electoral votes with Ford leading for 87; 233 were found up for grabs. A total of 270 electoral votes is needed to win.

Last week, George Gallup Sr. said his latest survey, conducted between Oct. 8 and 11 after the candidates' second debate in San Francisco, showed Carter leading Ford by 6 percentage points, 48 to 42 per cent. Gallup's previous survey, taken just prior to the second debate, showed Ford had drawn to within 2 points of his Democratic opponent, with Carter leading 47 to 45.

A second poll, conducted by CBS News and the New York Times, showed the independent vote returning to Carter's column after a shift to Ford following the first debate. The CBS-Times survey also reported Midwestern Roman Catholics returning to the Carter camp following a flirtation with Ford.

The CBS-Times poll of 1,761 registered voters showed Carter with a 60-40 margin in the South and a 58-42 edge in the Midwest. But in the East and West, Carter registered uncertain 51-49 margins, according to

the survey. The closeness of the race in the West was also illustrated in the results of the California Poll, a statewide telephone survey of 1,230 registered voters on Oct. 7 and 8.

That poll showed Ford leading Carter 44 per cent to 43 to the state, a gain of four points by Ford and a loss of one point by Carter since the previous survey in late September.

Americans Score Sweep Of Awards

STOCKHOLM, Sweden (AP) - A Harvard professor won the 1976 Nobel Prize in chemistry and two American nuclear physicists shared the physics prize Monday to complete an unprecedented sweep for the United States of all four Nobel science awards.

The Royal Swedish Academy of Sciences named William Nunn Lipscomb, 56, winner of the chemistry prize "for his studies of boranes, illuminating problems of chemical bonding."

The physics prize went jointly to Profs. Burton Richter of Stanford University and Samuel C.C. Ting of Massachusetts Institute of Technology for pioneering work in the discovery of a heavy elementary particle now called the "J Particle."

President Ford lauded the winners during a White House ceremony for American scientists. He noted that Monday's awards along with the medicine and economics prizes given last week mark "the first time in history that a single country has been the home of all these winners."

At Cambridge, Mass., students and professors broke out the champagne for Lipscomb after three students carried the news to his office. "I looked very closely to see whether they were kidding," he said later, "and they looked very serious."

"This is one thing that never happens in most physicists' lifetime," said Richter, 45, who woke up as a celebrity at Stanford. "I'm delighted, pleased and stunned and surprised."

Ting, 40, was in Geneva, Switzerland, where he has been working at the European Nuclear Research Center. "I am obviously very, very happy," he said. "And that, yes, that is all," he added after some hesitation, then broke into laughter.

Even though Ting was away, his colleagues at MIT were preparing a party in his honor.

The prizes, totaling \$100,000 each, will be formally presented by Swedish King Carl XVI Gustav at a ceremony in Stockholm on Dec. 10. Ting and Richter, who worked independently, will divide that amount.

Two American virologists—Baruch S. Blumberg of the University of Pennsylvania Medical School and Carleton D. Gajdusek of the National Institute for Neurological Diseases, won the medicine prize last Thursday for studies of infectious diseases. University of Chicago economist Milton Friedman won the prize in economics.

In 1936, Americans of German, Austrian and Dutch birth swept the three scientific Nobels which then existed. The literature prize that year also went to an American, playwright Eugene O'Neill.

This year's literature winner will be announced Thursday by the Swedish Academy of Letters. American novelist Saul Bellow, who reportedly came close to winning it last year, is in the running again. The peace prize is not being given this year.
