PRESBYTERIAN LADIES ENTERTAINED

NOVEL COMMITTEE ARRANGEMENT VERY SUCCESSFUL

2 FAMOUS WOMEN

One Has Been Secretary 20 Years; Other is a Missionary

The annual meeting of the Women's Presbyterian Missionary Society of the Presbyterian church, Amarillo Presbyterian, met in Hereford Tuesday and Wednesday of this week, with an attendance of over thirty out-of-town delegates. The two days are declared to have been one of the most inspiring and helpful in this history of these conventions.

The local hostesses adopted a novel and business-like way of handling the delegates. They organized by committees, in relay, so that the work of entertainment, as well as the pleasure of social intercourse, would be spread around among them all. One committee met the delegates at the train Tuesday morning and escorted them directly to the Annex, where they had prepared breakfast in advance. Another committee prepared the noon lunch at the Annex, a third the dinner at night, and others the meals Wednesday. Ladies of the church would send their contribution for each meal but the special committee for that particular time did the work of preparing and serving. The idea made a hit and worked very effectively.

The dinner Tuesday night was somewhat in the nature of a banquet. Mrs. Chas. Donald presiding and short talks being made by local as well as visiting ladies. Wednesday the luncheon was served cafeteria style. The delegates were entertained in homes for the night and breakfast only Wednesday.

Two very interesting ladies were in attendance at this meeting. One was Mrs. W. B. Preston of Tague, Texas, Synodical President for the past twenty years and Miss Kate Spencer, a missionary of Yucatan, Mexico. Both have had years of experience in Christian work and told many interesting stories of the work for the gospel at home and abroad.

Mrs. A. L. Gibson, who attended as a delegate from the Wichita Falls church, was kept busy greeting her friends during the two days here. The out-of-town delegates in attendance were:

Mrs. Geo. A. Sager, Justine Keeling, Mrs. E. B. Kemy, of Memphis; Mrs. W. B. Preston, of Tague; Mrs. J. D. Robertson, Wichita Falls; Mrs. Reed B. Seatt and son, Mrs. O. B. Bodun, Mrs. P. W. Weddington, of Childress; Mrs. A. L. Gibson, Wichita Falls; Miss M. Kate Spencer, Merida, Yucatan; Misses Bennie C. Mullen and Bennie Donald, of Amarillo; Mrs. W. H. Alexander, of Childress; Mrs. A. B. Haynes, Mrs. C. F. Kerr, Mrs. C. M. Ackerman, of Canyon; Mrs. Wilson Ross, Amarillo; Mr. and Mrs. D. E. Morgan; Mrs. E. Thatcher Miss Moody Vines, Plainview; Miss M. Williams, Mrs. J. W. Cradginton, Mrs. McAlpine, Amarillo; Mrs. T. A. Gray, Mrs. D. H. Culton, Mrs. Ira L. Tucker, Tulsa; Mrs. J. S. Orr, Mrs. J. D. Hunter, Mrs. R. D. Glat, Mrs. J. C. Paschall, of Amarillo.

PLAINS CATTLE BRING HIGHEST MARKET PRICES

Reports received in Amarillo Tuesday are to the effect that Panhandle bred, fed and finished baby heaves topped the Fort Worth markets this week, at \$9 per hundred, the animals being shipped by A. H. Lowry of Hereford.

The second position on the baby beef market in Fort Worth was taken by Gene Simmons of Channing who received \$8.75 per hundred weight. Mr. Lowry topped the market in Fort Worth last year with \$9.50 per hundred.

Attention is called to the fact that these animals are strictly Panhandle of Texas stock, that they were fed and finished here, on feeds produced in the Panhandle country. Interest attaches here, it is declared by reason of the fact that heretofore some of the cattle men have been under the impression that no "toppers" can be finished through the use of the locally grown feeds.

Cattle men express the opinion that such demonstrations as this well be conducive of excellent results in forcing upon the minds of even the unwilling that such duplication in shipping charges may be saved by finishing Panhandle animals in the Panhandle.—Amarillo News.

"PRESS GANG" TO CONVENE ON FRIDAY

PENCIL PUSHERS ANNUAL BLOWOUT AT AMARILLO

On Friday and Saturday of this week the "press gang" of the Panhandle will assemble at Amarillo for the annual meeting of the Panhandle Press Association. The sessions will be held in the dining room of the Amarillo Hotel. At least three banquets are in store for the news hounds, one tendered by the Amarillo Board of City Development, one by Congressman Marvin Jones, and another by Col. Ernest O. Thompson of the Amarillo Hotel.

A very comprehensive program has been outlined by the indefatigable secretary of the association, Frank R. Jamison. Harry Albright, of the Western Newspaper Union, Kansas, will lead the singing during the meeting. Mr. Albright made a tremendous hit in this work last year.

The Panhandle Press Association is the largest district organization in the United States and is still growing. The sessions are always snappy, sociable and instructive. The Brand will be issued on Thursday this week in order to allow Walter R. Steekman and Seth B. Holman to attend the convention. Mrs. B. F. Guthrie of Hereford is on the program Saturday morning for a discussion of the "Society Column." A. A. Foster of the White Face Printing Company will also probably attend the convention.

W. B. Davis Loses Gin in Bad Storm At Newport, Tex.

It has been learned that W. B. Davis, formerly of this city, now of Newport, Texas, lost his cotton gin barn and windmill in a severe wind storm a few weeks ago. No damage was done to the house. Mr. Davis and family left here about six months ago.

LESLIE NEAL HAS GONE TO SANITARIUM AT TEMPLE

W. E. Neal of Dawn and son, Leslie, went to Temple Wednesday morning, where Leslie will again enter the Temple Sanitarium for observation and treatment. He spent some time in the sanitarium last year but has not been doing well of late and it was decided to again go to Temple. W. E. Neal has recently traded for a hotel at Belton, Texas, near Temple, and will combine business connected with this deal on the trip.

ROY GOUGH TAKES POSITION AT A. & M. COLLEGE OF TEXAS

Roy H. Gough, son of Judge L. Gough of Hereford, who has been farming down in Cherokee county, Texas, the past year or two, has accepted a position with the Extension Service at the A. & M. College of Texas. Roy expects to enter A. & M. before long and complete his course in agriculture, which he started before the war came along and made a soldier of him.

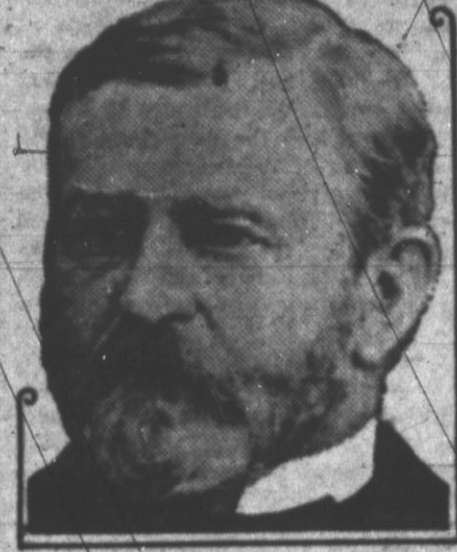

A. F. McMINN GOES BACK TO STUDIES WAYLAND COLLEGE

A. F. McMinn returned to his college work at Wayland Monday morning. Mr. McMinn is the son of Mr. and Mrs. W. J. McMinn and is a student in the theological department of that college. Mr. McMinn fills the pulpit at Frio every third Sunday.

GO AFTER THEM

Old Marcus Aurelius Antoninus may have been a wonderful old boy in his day, and sure he has pressed agented as the greatest of the great when it comes to philosophy, but it's doubtful if he'd at these times. The splendors of a throne had no fascination for him, the indulgence in luxury he set aside. He found his greatest joy in looking around him and seeing the things he could do without. When others wanted this, that or the other, worked and fought for it, old Marcus smiled and said to himself, "Am I not blessed that I do not need these things?" Sounds kind of good on the surface, but suppose we all did it. We'd be back in caves in five years. What would become of the business structure. We might get along without the packers' trust, but what about the fellow who makes lollipops? Why old Marcus's plan would even put Santa Claus out of business.

TO HONOR GRANT'S BIRTH, APRIL 27

Eyes of the nation will be turned to the little village of Pleasant, Ohio, on April 27th, the birthplace of U. S. Grant, former President and War hero. The day will mark the 100th anniversary. President Harding and other notables will attend.

Our Gun Club Was Vexed; Sets Mark For Amarillo Men

That Hereford Gun Club took the field immediately after lunch Wednesday with blood in their eyes, determined to again take the lead in the standing of the Panhandle Trapshooters Association. They led the association all through last year and this year up to last week when the Amarillo club took a sudden streak and nosed them out of first place. Here's Wednesday's results:

| | |
|----------|-----|
| Beede | 25 |
| Herbst | 23 |
| Thurmont | 24 |
| Lee | 24 |
| Cushing | 24 |
| Total | 122 |

And, after that, one 24 was wasted, made by Godwin, as only the five high men can be used in the official score. D. L. McDonald, who always shoots close to a perfect score, was in Slaton Wednesday and promised to shoot with that club and phone in his score. If he broke a straight twenty-five then the local average for the week would be 123 out of a possible 125. Come on Amarillo!

QUEER FLOOR PAT-TERN IS PAINTED BY FORD GARAGE

Have you seen the new Sales Room floor at the Ford Garage? It's startling in its effect. Manager Wilkinson has painted the cement squares in alternate colors, giving a checker-board effect. Giants could have an interesting game of checkers or chess on the big "board." There is some dispute about the real colors used. Some call them red and yellow, but Mr. Wilkinson strenuously objects and gives the bright-hued squares more "up-town" titles.

At any rate, the idea is startling and novel and is attracting quite a bit of attention.

TEACHER IN CHINA, COUSIN OF JUDGE L. GOUGH, HERE

Miss Elma Martin passed thru this city Tuesday morning on her way to her home at Dallas. Miss Martin has been a teacher of English in the University of China for the past fourteen months, under the supervision of S. M. U. Miss Martin is a cousin of Judge L. Gough and had a short visit with him.

1200 Head of Sheep to K. C. Next Saturday

About February 1 A. G. Bell put 1,100 head of culled lambs on feed, in the lots adjoining the old laundry building south of the railroad. Since that time he has added different bunches from time to time until now there are 2,700 head all old at this location. Many lambs are arriving daily and the scene of the feed lots is an animated and busy one.

The scrubby looking little lambs of February 1 are hardly recognizable now. They are big, husky, fat fellows that should bring a handsome price on the present market. Mr. Bell intends to ship 1,200 head of them to the Kansas City market next Saturday. There are some very high-grade ewes in the bunch and Mr. Bell has picked out ten head of specially good ones and let them go to Ira Cochell, who will breed them to a registered ram and take good care of them as an experiment. A large portion of the remaining sheep after shipment Saturday will be placed at Sulphur Park farm for the time being.

Mr. Bell is enthusiastic over the outlook for sheep in this section in the coming years and says that a great many of the Hereford ranches and farms would find good blooded sheep very profitable if they are fixed to undertake it. He has promised The Brand some figures on his sheep venture after shipping time is over.

"An Arizona Cowboy" Said to be a "Ding Hummer"

Local people who attended a performance of "An Arizona Cowboy," a home talent play, put on at the Sumnerfield school auditorium last week, pronounce it one of the cleverest and most amusing attempts of the kind they have ever seen. The cast is well drilled and there is not a dull moment.

This play will be offered the Hereford public on next Monday night, April 24, at the Hardwick Theatre and it is hoped that the enterprise of our neighbors and the real merit of the play itself will be recognized by a packed house.

A strong feature of this play is said to be an abundance of bristling, clean-cut and breezy western comedy that eliminates all possibilities of there being any dull or dead moments. A mischievous little cow girl, a bossy old woman, a funny Chinaman, always in trouble and hunting for more, and Ezekiah Buzz, the biggest liar in the state of Arizona, will keep the audience in continual good humor.

BRICK BAKE OVEN BEING CONSTRUCTED BY FREDERICK

H. A. (Shorty) Frederick is building a brick bake oven in the rear of the Hawkins building, the building in which he is now in business. Mr. Frederick says the oven will bake about 100 loaves of bread and that he will be ready for business the latter part of this week.

"HEREFORD CHAUTAUQUA ASSOCIATION" ORGANIZED FOR CURRENT YEAR

STEP TAKEN IN ORDER TO COMPLY WITH FEDERAL LAW WHICH REMITS WAR TAX UNDER CERTAIN CONDITIONS

ADVERTISING MATTER IS RECEIVED

Window Posters, Auto Banners, etc., Being Put Out by Publicity Committee. Big Tent Will be Erected Same Place as Last Year

The Hereford Chautauqua Association was formally organized Tuesday at a meeting of local guarantors and J. R. Teagarden and Geo. C. Adolff, representing the Redpath-Horner Chautauqua. This step was taken at the suggestion of the Chautauqua people as a necessary step in securing the repeal of the war tax for tickets sold this year. The federal law provides for the elimination of the tax on such attractions where there are no salaries and no profits and any excess is used for charitable or similar purposes. A formal application, made in accordance with government requirements, must be made to secure this repeal and it is necessary to formally organize and have responsible officials.

Accordingly, Tuesday, D. F. Ashbrook was named president, G. A. F. Parker, vice president, and J. S. Jones, secretary-treasurer of the association, and a board of directors consisting of F. H. Oberthier, D. L. McDonald, and D. H. Wilkinson selected. A constitution and by-laws, as given below, was adopted. Application has been made for the remission of the war tax.

Under this association agreement

Improvements For Ranch Contracted By Geo. C. Wright

A contract was closed Monday with the Geo. C. Wright Land Co., to erect a modern five room bungalow and other farm improvements on their holdings thirty miles southwest of Hereford. Contractors Hough and Hicks closed the deal.

MARY'S DRESS

Mary had a low-neck dress which fitted to perfection, and wore it everywhere I guess, against her Ma's objection. She also had an auto-car, which likely made her dizzy—she couldn't seem to go nowher, without the doggone Lizzy. She motored through the chill night air, without regard to season. She didn't have no brains to spare, and never stopped to reason. At last she got a sneeze an' cough, which her to 'a frenzy. The doctor which they called right off, pronounced it influenza!!

They put her in her little bed, while pangs of anguish filled her. The blasted germs flew to her head, and mighty nearly killed her. But still the doctor lingered near, until he got 'em busted, and Mary's low-necked dress, I hear, has made him plumb disgusted. And now, when Mary's out at night, her collar-bone is hid, and little Mary doth delight to do as she is bidden.

Uncle John.

any profits must be used for next year's chautauqua, or similar work, and at the same time the Redpath-Horner people agree that any profit they make above \$2,500 per town on their circuit goes back into the local treasuries for the same purposes.

Mr. Teagarden and the local officers were busy Tuesday putting up advertising for the coming Chautauqua, which opens May 22, and arranging other details. In all probability the big tent will be erected on the same site as last year, opposite The Brand office, although at least one other site has been under consideration. The constitution and by-laws adopted Tuesday follow:

A meeting of the members of the Hereford Chautauqua Association was held at the Electric Light Building on the 18th day of April, 1923. The following directors were elected:

F. H. Oberthier,
D. L. McDonald,

The following by-laws were submitted and approved:

GIRLS TAKE UP STUDY OF RADIO IN COLLEGE CLASSES

The introduction of the telephone a half century ago offered an open field to man. Not so limited is the newer radiophony of today. Women and girls have taken to the study of wireless in an energetic way, resulting in many colleges for women installing the course. This picture shows a girl class in the radio room at Radcliffe College, Boston.

one district, forming one very large district. The correspondent is not informed as to the exact boundaries of the new district, but it will include the former districts known as Maurer, Spohn, Taylor, Farmerton, the new settlement south of town known as Oklahoma, and a part of the James district. The plan is to have one large central school building with plenty of room and an adequate force of teachers so that pupils can fully complete the high school course; also to provide conveyances to furnish free transportation to all pupils living outside of town. This is considered a step in the right direction and a move toward keeping abreast of the times in educational work, and the promoters surely are deserving of the hearty commendation of the patrons of the school embraced in the district. It is expected to arrange for the raising of finances to build the building and that work may be begun on it at the earliest possible date.

M. A. Crum departed for Crowell, Texas Sunday afternoon to remain over Tuesday. He is there on a business mission as a representative of the town. R. H. Kinsley received last week two carloads of excellent fence posts. A large part of them were ordered for A. W. Henschel to be used in fencing in the large tract of land south of the draw, which he has had broken to be planted in row crop this spring. Mr. Walker has also taken a large number of the posts for fencing in the tract of land surrounding his home and lying between the draw and the farm of W. E. Goodwine. Friona is rapidly taking on the appearance of a strictly agricultural community.

J. W. Parr is planning to plant a large acreage of pinto beans this season. He has the seed secured and the land prepared for 100 acres and hopes

to increase this amount 100 percent if possible. Mr. Pary thinks that the growing of these beans on a large scale can be made very profitable and he means to give it a good trying out this season. He already has his plans figured out for harvesting the large crop. His venture will be watched with considerable interest by his neighbor farmers and we wish him unbounded success.

After the X-Ray he was taken to Dr. Loyd, one of the best dentists of Plainview, and the tooth over this embedment was removed in order that the five teeth could come through.

Another X-Ray is to be made in ninety days, if the case doesn't improve as nicely as it should.

whether it be Mat Gililand, or someone else, will surely back his upholstered limousine up to your front door, some one of these days. You can shut your eyes to it—argue about it—boast of your present health and strength—then—b-l-o-o-i-e! Your wife is a widow and your children orphans.

WHO FOOTS YOUR LAST BILL? The county? Your relatives? Your friends? Your widow—with the last few dollars she has left on earth?

The Graveyards of the nation are littered today with the unkempt graves of men who did not think about the hereafter, and the charitable institutions and organizations of the country are busy caring for the helpless dependents of men who "took a chance."

The man who, in the year 1922, says that he "does not believe in life insurance" is as great a curiosity as the American who has never heard of Babe Ruth.

The Bankers Benefit Association of Hereford Texas

was launched Monday, April 17, 1922. It was conceived by this Agency and has the active interest and support of all three Hereford banking institutions. Carl Gilliland, well known Hereford attorney, has the legal work in hand and will file the charter when the necessary minimum of two hundred members are obtained.

The three banks of Hereford will supply the officers and directors of the Association from their own ranks and will keep the funds of the association on deposit right here in Hereford, divided equally among them.

The secretary's work will be handled by this Agency. Individuals may die or pass out of the banks or this Agency, but the banks and this Agency will always endure and continue business just the same.

Under the plan of operation of this association, from \$10,000 to \$20,000 will always be available to pay death claims, and even an epidemic would not wipe out all the fund and force claimants to await their money.

When the first member dies an assessment of \$10 per member will be made. That will raise the Mortuary fund to a point where it will not be necessary to make another assessment until after four more members have died. This Agency has written \$500,000 worth of life insurance in this community during the past four years, and during that time only one death has occurred among the policy holders.

COULD YOU LIQUIDATE RIGHT NOW?—if you should die tomorrow, your assets turned into cash, and your debts faced? Would you have enough left to pay the undertaker?

NOW IS THE TIME FOR BUYING
 A calm analysis of the business conditions of the country may be a momentous undertaking for the average man, but it behooves him, and his good wife too, who is the purchaser, to glance at conditions and to make a little hay while the opportunity lasts. Higher prices are at hand and buying opportunity is pounding instead of knocking at the door. Buy now. The Department of Agriculture predicts a falling of the winter wheat crop and this spells higher prices. Then the Department of Commerce points out that we are now shipping two billion dollars' worth of cotton, wheat and other farm products, which is twice the amount of the exports prior to the war. Great prosperity is facing six million farmers of the country. The word is crying for American food stuffs. Until Russia is reorganized and its industries coordinated, and that must be some years away, the world must look to America to supply the 10,000,000 tons of grain and other farm products that Russia exports. The cotton shipments are increasing at an astounding rate, and prices are rising. Tobacco shipments are mounting and so are prices.

Meats are in greater foreign demand and you can trust the meat trust to take care of the prices so far as they are concerned. Indeed every indication is for a steady increase in prosperity, but with it will come higher prices. Wise men and women will look about them and do their shopping early. Those who continue the so-called buyers' strike are weaving a rope with which to hang themselves.

PAY \$5,000,000 A DAY TO SUFFER

Now is the time for the government to dig out actual facts regarding the coal situation. It is worse than childish to go on year after year grinding the public between the nether millstones—it is vicious. The present strike is costing \$5,000,000 a day, and the reward of this sacrifice is public suffering. The charge is flatly made that the average net income of 81,979 miners in the Central Pennsylvania district in 1921 was \$700. This means that a miner must provide for the support of his family on \$14.00 a week. It may be all very well to state that the men work only 122 days a year, which is two and one-third days a week and therefore their rate of pay is excessive, but if these be the facts then the problem is one of unemployment rather than of wages, and it should be approached from that angle. An industry that employs vast armies of men for a third of each week and cannot keep them employed the rest of the time needs some kind of reorganization. The situation breeds discontent and when the peculiar characteristics of foreign labor are considered sometimes worse than that. Plain facts stand out and will not be denied. First in the handling of a great national necessity, it is evident that the private owners of the coal mines make vast sums of money and the men who dig the wealth from the ground are compelled to face starvation or next to it. It seems futile to suggest a commission of inquiry unless there be put behind such a commission means of enforcing its findings. The America commission of inquiry has come to be the joke of the world. The former Attorney General, Mr. Palmer, can testify to that. Surely, however, the country is not in such a supine condition that it cannot solve the coal problem.

THE MYSTIC THREE
 There are three words, the sweetest words.
 In all the human speech—
 More than all the songs of birds,
 Or pages poets preach.
 This life may be a vale of tears,
 A sad and dreary thing—
 Three words and trouble disappears,
 And birds begin to sing.
 Three words, and all the roses bloom,
 The sun begins to shine;
 Three words will dissipate the gloom,
 And waters turn to wine;
 Three words will cheer the saddest days,
 "I love you!" Wrong, by heck!
 It is another, sweeter phrase,
 "Enclosed—find—check."
