TUESDAYS—TWICE-A-WEEK—FRIDAYS

HEREFORD, DEAF SMITH COUNTY, TEXAS, JUNE 7, 1921.

FIVE MEMBERS "OLD SCOTCH" PARTY GIVEN FREEDOM IN DISTRICT COURT; TECHNICALITY IN PROHIBITION LAW

DEAN LAW HELD TO MEAN THAT WHERE GRAND JURY EXAMINED AND SECURED EVIDENCE PARTIES ARE IMMUNE

SHERIFF PURCELL AWARDED BOOZE

Judge Tatum Issues Order Making Him Custodian of Scotch Until Further Orders. Uncle Sam Might Requisition It, However. One Man To Face Jury

Local people are saying that the only case on record where a man did the wrong thing when he did not talk much occurred here during the past few days when E. A. Price, driver of the famous Reo truck loaded with sixty cases of Scotch, refused to tell the grand jury what he knew. The other five people arrested with Price were freed in District Court Tuesday, while Price is held for trial.

Five of the parties arrested on the night of May 17 by Sheriff Purcell for violation of the Dean prohibition law have escaped by reason of a technicality in that very law.

It seems that the Dean law makes it a violation for any person to have or to transport intoxicating liquor for beverage in this state. And Section 40 of the same law provides: "That no person shall be excused from testifying against persons who have violated any provisions of this act for the reason that such testimony will tend to incriminate him, but no person required to so testify shall be punished for acts disclosed by such testimony."

When these six parties were arrested, five of them were taken before the Grand Jury and there required to testify about the very acts and offense for which they were arrested, and by the fact that they were taken before the Grand Jury and required to testify against each other and themselves, they were each and all entitled to immunity from prosecution. The parties were all indicted, but when the cases were called for trial in the district court, their attorneys plead their rights under Section 40 of the Dean law. So when it came to trial in the district court, the Grand Jury had called each of the defendants before that body and required them to testify, the district court was compelled to order the cases dismissed.

It is understood that Price would not talk when questioned, and by that act could not avail himself of the immunity secured by his confederates. He will be held for trial at this term of the District Court.

The defendants in this case of unusual situations were represented by John P. Slaton and W. H. Russell. The five freed on charges of violating the liquor laws were: C. W. Preisser, Mrs. Lela Price, T. J. Price, Mrs. Bertha Preisser, H. O. Moreland.

A most interesting feature of the case is the fact that Judge Reese Tatum has officially entered an order entrusting the Old Scotch captured, to the custody of Sheriff Purcell until such time as further orders may be issued by the Court. The Judge says the Sheriff has as much right to it as anybody, or more, unless Uncle Sam takes legal action to secure and destroy it. Until that time the High Sheriff of Deaf Smith County will probably be the most sought after gentleman, in certain quarters, of any of the distinguished men of this community.

Georgous Rain is Salvation Wheat; Country Rejoices

The long-delayed rains of last week continued through Saturday and Sunday, and on this Tuesday the moisture is again falling intermittently. Up to Tuesday morning a total of 4.1 inches had fallen so far in the month of June. These figures apply to Hereford only. The rain was much heavier in spots, especially to the south. Monday afternoon a heavy black cloud drifted eastward, to the south of the city, and reports from Dimmitt Tuesday morning were that another inch and a quarter rain came from it. Traces of hail were also discovered but so far little damage from this source has been reported.

It is said that at Springlake over six inches of rain has fallen, and Friona reports state that that section is thoroughly soaked also. And still the end is not in sight, and nervous folks are beginning to murmur "we may have too much!"

The wheat question is settled—now for the bugs and weeds.

TWENTY MILLION THROUGH WILL

Her husband was the late Ambrose Monell, who became the "nickel king" of America. Later he was a colonel with the A. E. F. in France. When he died recently he left his entire estate of \$20,000,000 to this little woman. She is shown here in her war workers' uniform.

LIGHTNING FLASH SWIPES EIGHTEEN HEAD FINE COWS

It was reported on the streets Tuesday that Joe Wherry, who lives several miles southwest, had lost eighteen head of fine high grade Hereford cattle at one fell swoop Monday night from lightning. It seems the cattle were all herded up together along a wire fence during the rain when the blast hit them. Although cattle are not worth anything like what they used to be, still a blow of this sort is a hard one to receive and the unfortunate gentleman has the sincere sympathy of everybody in this unexpected streak of bad luck.

PRESBYTERIANS TO HONOR REVEREND SHARP AND BRIDE

The Rev. J. R. Sharp and his bride, formerly Miss Laura James, reached Hereford Saturday from Dallas, following their marriage there on Wednesday, June 1. The congregation of the Presbyterian church was preparing Tuesday for an open house and reception to the happy pair in the evening, welcoming home the pastor and his bride and as an expression of the pleasure of the members of the church family over this happy culmination of a local romance.

LATE TRAINS ARE CAUSED BY CANADIAN RIVER FLOOD

Train service Tuesday was badly organized by the heavy rains all over the country, both east-bound and west-bound passenger trains being late. In fact a stub train was run from Amarillo to Clovis, as the regular train was reported behind the Canadian bridge which was reported to be in serious danger.

B. A. NICKS HAS BUILT BRICK HOME IN DALLAS, TEXAS

The many local friends of Mr. and Mrs. B. A. Nicks will be pleased to hear that they have just moved into their new home in Dallas, built by Mr. Nicks since he left Hereford recently. The new home is of red brick, eight rooms, modern and beautifully finished.

"Pep" Lunch Was Popular; Keener Program Planned

A rousing good luncheon of the Chamber of Commerce was held at the Stockmen's Cafe last Monday, attended by over thirty business men. The meeting was a special "pep" affair, to get "second wind" and tighten up the traces following a period of several weeks depression caused by financial conditions. Chairman McDonald made a happy, two-handed speech, breathing confidence in Hereford and the future and similar talks were made by others. The Rev. J. N. Wooten, of Midland, told his hearers that they did not know what hard times are; that they ought to get away from home to appreciate just how much Hereford has progressed in the past ten years, and what good circumstances the people of this community are in at present compared with other sections.

Some real snap was put into the business end of the lunch, too. The Secretary was instructed to push the matter of better train service and a special committee consisting of the Secretary, Mayor Knight, C. A. Skelton and Ralph Barnett appointed to handle the matter. The Secretary was also instructed to advise the Santa Fe that Hereford expected the railroad to install the depot platform lights, as heretofore promised.

A request from the Amarillo Automobile Association that Hereford join them against the present truck law was endorsed and the Secretary instructed to so advise them at once.

Following the luncheon a special meeting of the directors was held at which routine matters were disposed of, the immigration and publicity work altered to meet present conditions, and steps taken to push the completion of the Tourist Camp Grounds.

Next Monday the lunch will be held at the City Cafe, and a financial statement and other matters will be gone over.

The generous rains of the past ten days and the consequent settlement of worries and problems is beginning to show in the pep and push of the business men, and a large crowd is anticipated on Monday, June 13. Those present Monday were: A. M. Jones, W. M. Knight, Captain John Estes, A. H. Elliston, Geo. A. Stambaugh, C. H. Dyer, Rev. J. N. Wooten of Midland, L. Gough, Ralph Barnett, E. W. Morgan, J. E. Crouch, Edgar Ramey of Dimmitt, C. C. Rockwell, E. B. Black, N. C. Vogeje, C. A. Skelton, E. W. Harrison, Henry Wilkinson, H. L. Broadwell, Walter Dunlap, G. W. Smith, J. E. Hill, D. F. Ashbrook, T. K. Wilson, Ralph Johnson, A. A. Foster, Leonard Foster, J. H. Foster Dr. W. F. Gabbert, Sherm Williams, S. L. Harman, W. R. Stockman, Wes Brady, R. A. Patton, Seth B. Holman.

Reception Opening Hospital is Planned Saturday

The opening reception for the Hereford Hospital will be held between the hours of three and six o'clock next Saturday afternoon at the new hospital building. The affair will be conducted under the auspices of Mrs. Henry Wilkinson, Mrs. A. O. Thompson and Mrs. L. R. Brady, the newly appointed Advisory Committee of ladies for the institution. The reception will be entirely free in every way, is for all the people, and is designed to acquaint the men and women of this section with the purposes of the institution, its appointments, its personnel and its possibilities.

The Shower designed to help equip the institution will not be given at this time, but the date will be announced later.

The patriotic men and women who have made this new institution possible for Hereford have worked hard and faithfully at the job in the face of all kinds of discouraging circumstances, and now that the result of their labors is about to be shown, it is hoped that the people generally will demonstrate their appreciation and support by attending this opening in generous numbers. At that it will be a real eye-opener and treat for those who have not been so fortunate to inspect the new equipment and arrangements. Everything that could be done with the moderate amount of money available has been accomplished, and the new building is a credit to the community and to the work of the committees who have made it possible.

\$800 WORTH OF RICE

Sol Wright of Louisiana was not satisfied with the varieties of rice American growers were planting, so he got busy—Result—the famous brand of Edith rice—named after Mr. Wright's little daughter shown here—was introduced. The rice held by the little miss was the only seed of its kind in the world and was valued at \$800. It was this brand which in the last few years has given American rice superiority over all rices grown in the world.

BAND CONCERT IS PLANNED THURSDAY IF WEATHER IS GOOD

The directors of the Chamber of Commerce Monday asked Chairman McDonald to endeavor to arrange for weekly band concerts for the summer. The organization has been generous with the band boys in the way of providing an instructor, training new members, etc., and it is felt that this return is due the business men who have been putting up the money to hold the musicians together. Mr. McDonald has requested the band to hold their first concert Thursday night, providing the weather permits.

ONE REVIVAL HAS RESULTS; ANOTHER TO START SUNDAY

The Baptist revival services conducted by the Rev. Atwood are continuing with full force and increasing power from day to day. A great deal of solid Christian good is being accomplished at these meetings. It is understood that they will run through next Sunday, when the Presbyterian services, headed by R. Thomsen of Amarillo begin.

More Dairy Cows To be Sold Here Tuesday, June 14

Another sale of dairy cows is scheduled for Hereford on Tuesday afternoon, June 14, immediately following the talk on dairying by H. S. Mobley. The sale will be held by S. F. Williams, brother of Auctioneer Sherm Williams, who will do the crying. About 100 head of yearlings, two's, springers and cows with calves will be offered.

The Sale will be at the Stock Pavilion. Mr. Williams has ranch property near here, although he lives in Arizona, and is summing about 200 head here. In the fall he intends to take them on to Arizona, the best time for their sale in that country.

There is no connection between the Sale and Mr. Mobley's talk, the two events happening to fall on the same date. However, the place for Mr. Mobley's lecture has been changed from the Courthouse to the Pavilion, and the time moved up from 2:00 p. m. to 1:00, so that the datymen present may connect the two if they wish, and Mr. Mobley may have the cows handy to illustrate with if he chooses.

The combination should attract quite a crowd of interested buyers and lovers of dairy stock, and preparations are being made to that end.

FERTSCH TO TEACH IN CANYON NORMAL FOR THIS SUMMER

Superintendent E. M. Fertsch, of the Hereford public schools, was planning to leave Hereford Wednesday for Canyon, where he will teach in the Normal this summer and at the same time attain some credits on his degree work. In the fall he plans to attend some good university for a year or two and then finish at Columbia University, if present plans do not miscarry. It is understood that Mrs. Fertsch will remain here and teach in the local schools next year.

ANOTHER EARLY SUMMER BATTLE

Tourist Camp to Be Pushed to an Early Completion

The question of completion of the Tourist Camp in east Hereford was discussed by the directors of the Chamber of Commerce Monday afternoon. Water and sewerage connections have been completed, and a building is now badly needed. The carpenters of the city have signified their willingness to erect the structure when time can be found for it. Chairman McDonald and Walter Dunlap, of the Highway Committee, were appointed a committee to see the lumber yards, arrange the financial schedule, and then set the date for the work.

It is realized that this work should be pushed to completion soon, as tourists are now using vacant lots around town and the number of campers is steadily increasing.

HENRY BURNS WILL FACE TRIAL WEDNESDAY, JUNE 8

The stage is all set for the trial of Henry Burns, charged by indictment with the murder of W. J. Rich, Monday morning, May 30, which will be called on Wednesday of this week. It is understood that John P. Slaton will assist District Attorney Braley in the prosecution of the case, and that W. H. Russell will be associated with Amarillo attorneys for the defense. A special venire of 108 names has been drawn from which a jury will be selected.

ALL SUBSCRIPTIONS STRICTLY IN ADVANCE

PIG CLUBS

Great oak trees have grown from little acorns, so the treeologists tell us. And Uncle Sam's records show that real, prosperous hog-producing communities frequently grow from a single pig club. Deaf Smith county has that lone pig club, thanks to the enterprise of the county agent of Randall county and the progressiveness of the good citizenship of the Askren neighborhood. We like to herald the fact that we are dependent upon the good offices of a neighboring county agent to start this vital work for us. Deaf Smith county usually counted a leader in things progressive, but in the matter of a county agent, through some blind, incomprehensible attitude of our people, we are leaving out the very foundation of development work for the future. We are deeply grateful—that is, those of us who favor an agent—for the kindly assistance of Agent C. F. Walker, and we are also deeply solicitous of the welfare and growth of our baby industry thus begun. This small class of boys and girls should receive the good will and good help of every man, woman and child in the county interested in the development of our live stock and agriculture. Next fall they will exhibit their pigs at the Randall County Fair and at least Deaf Smith county should contribute prize money for their work and industry. When that time comes The Brand intends to call on the people to furnish these prizes. Here's hoping that the Askren Pig Club is only the forerunner of many more pig clubs scattered the length and breadth of Deaf Smith County.

ARSENATE OF LEAD SPRAY WILL KILL GRAPE PESTS

To destroy the grape rootworm, cultivate the vineyard during early June. Use 40 per cent nicotine sulphate, one-fourth pint to 50 gallons soapy water (2 pounds soap), or with 20 gallons Bordeaux mixture to control fungus diseases. Hit the lower sides of the leaves forcibly. To destroy the grape leafhopper, spray in late June or early July when the nymphs of young insects are most abundant. Use 40 per cent nicotine sulphate, one-fourth pint to 50 gallons soapy water (2 pounds soap), or with 20 gallons Bordeaux mixture to control fungus diseases. Hit the lower sides of the leaves forcibly.

Spray for Flies on Cattle

Owing to the fact that the season is now here when the little pestiferous fly so common in Texas does considerable damage by annoying milk cows it is deemed advisable to give a formula for spray which may be used to considerable advantage when properly applied, advises C. M. Evans, Animal Husbandman, A. & M. College of Texas. 200 quarts coal oil, 1 quart oil of cedar wood, 2 quarts of any standard coal tar tick dip. A small hand spray may be used and the material should be sprayed on the flies when they are thickly congregated on or about the cow. In this manner many of them will be killed and by persistent effort these pests may at last be controlled if not exterminated.

"Look here, Eben," demanded the farmer's wife, angrily, "here you went and sold the cow yesterday and now you say you haven't any money. What do you mean by that?" "I declare," answered the husband meekly, "I just went into a store and bought it all in for a beef-legend weekly."

troubled sleep is one of the most common ailments of the farmer. It is due to the fact that the farmer is a man of many parts. He is a farmer, a husband, a father, a neighbor, a friend, a citizen, a patriot, a Christian, a man of many parts. He is a man of many parts. He is a man of many parts. He is a man of many parts.

Birthday Surprise

Miss Audrey Carroll was given a delightful surprise in celebration of her birthday Friday evening, June third. With a few friends she had gone riding and returned to find her home brilliantly lighted and gayly decorated with June roses, and a merry company of young people awaiting her arrival. A miscellaneous program of games interspersed with music was enjoyed an added pleasure being the serving of bananas, apples and home made candy. Guests of the occasion were: Misses Gladys and Nora Beams, Maude Dalton, Ruth Casebolt, Zella Boyston, Lois Brazil, Lula Orr, Zelphie Valentine, Jewell Porter, Lucille Megert; Messrs. Lester Chamness, Roger Corbett, Emlyn Alban, Emmett Alban, Ira Connell, and Clyde Carroll.

Mr. Fertsch Honor Guest at Dinner

As an appreciation of his seven years of service as superintendent of the Presbyterian Sunday School, Mr. L. M. Fertsch was honor guest of the Sunday School and Church membership at an elaborate dinner given on Sunday. Immediately following the morning services, the congregation repaired to the church annex where a cheery fire and a spirit of cordial welcome and good fellowship banished the gloom of lowering clouds and a heavy rainfall that continued almost the entire day. Just before dinner was announced, Mr. G. M. Suggs, in a brief address, presented to the honoree in behalf of the Sunday School, a beautiful teacher's Bible, to which Mr. Fertsch made a feeling response, expressing his appreciation and good wishes for the future work of the Sunday School. The dinner was especially fine—truly a feast as attractive as it was palatable. The afternoon was spent informally and was thoroughly enjoyed. The attendance was limited, owing to the inclement weather, although about thirty persons were in attendance. The occasion was a beautiful expression of the regard in which Mr. Fertsch is held by those with whom he has been closely associated for so many years.

Birthday Celebration

Mrs. W. A. Knox was honored on Sunday with a most enjoyable neighborhood gathering at her home north of town, the occasion celebrating her birthday. The guests came shortly before noon, bringing with them a magnificent dinner which they spread and enjoyed. Many of the guests were kept away by the rain, but a sufficient number were present to make the event one of unusual pleasure.

Miss Fulkerson Entertains

Miss Lillian Fulkerson was hostess to a number of friends who shared with her a most delightful evening on Friday. Dancing was the diversion of the evening, and a refreshment course consisting of lemonade, cake and toasted marshmallows was enjoyed.

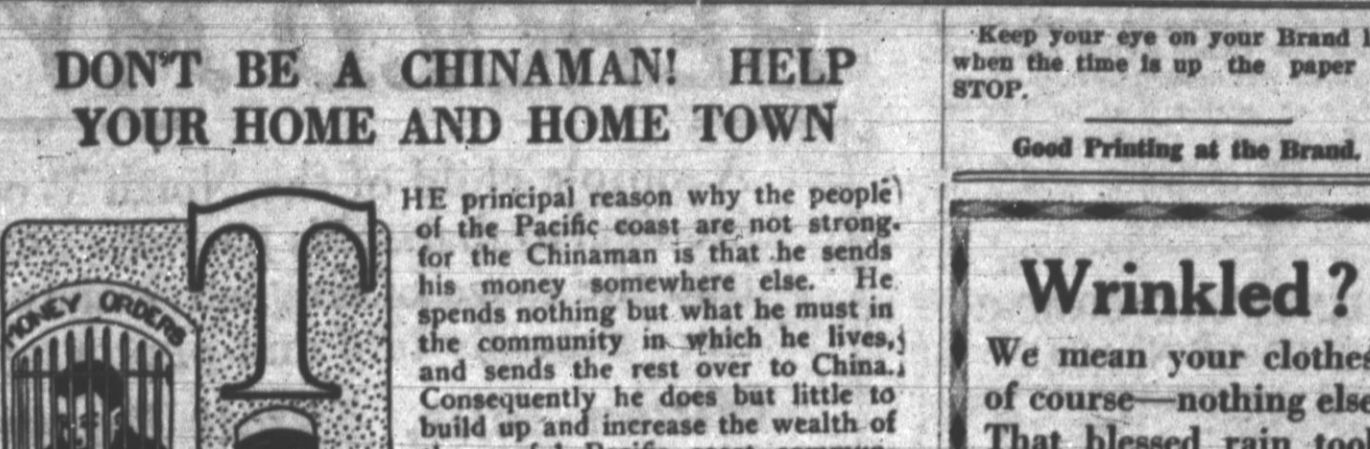

Out-of-Town Guests Honored

A charming affair honoring Mrs. Will Manning, of Amarillo, and Mrs. Clifford Braley, of Dalhart, was given Friday afternoon by Mrs. A. G. Monday and Miss Clara Dunlap, the guest list including besides the honorees, the members of the Bridge Club and a few other guests. Cut flowers used in decoration made very attractive the pretty rooms where five tables of the club game furnished a most entertaining program. Later, cards were removed and a delicious luncheon, consisting of an ice, sandwiches and salted nuts, was served. The nut baskets, in a delicate shade of green, the handles tied with tulle added an effective decorative note and provided dainty favors.

Students Recital

The students recital given Monday afternoon by the pupils of Mrs. Fred H. Oberthier, Jr., furnished a charming close to the year's work and was a source of much pleasure to the class and to those of their friends who were privileged to attend it. The program rendered was as follows: "Scarf Dance"—Schmidade—Virginia Laird. "Memories"—Mana Tuca—Dyalthea Stovall. "Indian Life"—Mary Christine Bruner. "My Pretty Lass"—Pacher—Margaret Gilliland. "Love Dream"—Liszt—Jewell Porter. "The Mill"—Lock—Alberta Reed. "Papillon"—Grieg—Maurine Hughes. "The Chase"—Rheinberger—Eloise Pitman. Reading, "The Village Choir"—Margaret Gilliland. Polka Brillante—Spindler—Mozelle Hill. Dance de la Renaissance—Hausmann—Inez Clark. "Venetian Carnival Scene"—Schumann—Mary McDonald. Guests of the class were Mrs. J. H. Pitman, Mrs. Austin Hill, Mrs. D. L. McDonald, Mrs. Carl Gilliland; Misses Miller, Elizabeth Stegall, Frances Wilson, Ruth Casebolt and Lucille Gillbreath.

At the close of the program an ice course was served.

DON'T BE A CHINAMAN! HELP YOUR HOME AND HOME TOWN

HE principal reason why the people of the Pacific coast are not strong for the Chinaman is that he sends his money somewhere else. He spends nothing but what he must in the community in which he lives, and consequently he does but little to build up and increase the wealth of the peppy Pacific coast communities.

You are playing the Chinaman game when you do not trade at home. You are helping build up Chicago or some other city. Every dollar you spend yonder is a positive injury to your home and your home town.

Don't be a Chinaman!

TRADE AT HOME!

LUBBOCK SCHOOLS IN FORWARD STEP

Canyon, Texas, June 2.—Mr. Frank Phillips head of Vocational Education of the Canyon Normal has been notified that Mr. Ray C. Mowery of Alameda, Texas has been secured for the Lubbock High School Agriculture Department. The Federal Director for Texas informs Mr. Phillips that Mr. Dupree had asked for one of the strongest men in the state to head the Vocational Education of his school. Mr. Mowery seems to fill the description. He is a senior in the graduating class of Texas A. & M. Mr. Mowery, among other honors, won the trip to Chicago last winter to represent the A. & M. College in stock judging contests at the International Live Stock Exposition. In this contest, Mr. Mowery proved to forty-seven other states, as well as representatives from agricultural colleges in Canada, that Texas schools were on the map.

The Federal Director for Vocational Agriculture in this state writes Mr. Phillips that Mr. Mowery will spend a few days in Canyon next fall to learn Panhandle conditions. The vocational work at the West Texas Normal has proved very popular the past year and those in charge are anxious to see other West Texas schools get their part of the Federal sum for this work.

Mr. Mowery will be quite an addition to any community and in view of the fact that some of the most progressive live stock men in the Plains live around Lubbock, Supt. Dupree and the Chamber of Commerce are to be congratulated on getting such a splendid judge of live stock for their High School. Mr. Mowery will have the distinction of being one of the highest paid high school instructors in the Panhandle. His work will begin the first of September.

SECRETARIES MAY ORGANIZE TO AID PANHANDLE WORK

An organization plan for the Commercial Secretaries of the Panhandle is being advocated by R. M. Fleider, Secretary of the Tulla Chamber of Commerce at Amarillo. A meeting of all secretaries over this section has been called for Amarillo June 22, when plans will probably be made for a permanent association of some kind.

The idea is that such an organization would tend to pull the various communities together more tightly and make the work of each more effective.

When We Give—

—honest service and courteous attention we have established plumb-lines as square as truth itself. Service come only when all parties concerned profit thereby, and it is the foundation upon which this institution is built.

We want you to get the habit of banking here. Every department—whether checking, savings, loans, mortgages, bonds, building or real estate, offers just as good inducements as may be found anywhere. And more often—MUCH BETTER.

Once you GET AHEAD you've proved you HAVE A HEAD.

Pueblo Swept By Floods; Damages Heavy Elsewhere

Heavy rains in the mountains caused an unprecedented flood at Pueblo, Colorado, and other mountain points on last Friday and Saturday. Pueblo, a city of 42,000, lost many of its citizens in the waters. The exact number is in doubt, but is less than 500. Property destruction runs into the millions. Martial law has been declared and relief measures for the stricken city are being rushed by the state government. The railroad tracks on both sides have been washed away and access to and from Pueblo is uncertain and difficult. The Arkansas River, which caused great damage at Pueblo, is also out of its banks at Dodge City, Kansas, and threatening an inundation of that region. Dispatches from Tucumcari, N. M., state that the bridge on the Ozark Trail across the Revuelto, eighteen miles east of that city, is out, besides several other bridges in that neighborhood. Four inches of rain fell in a short space of time, and the roads are almost impassable. Tucumcari Lake, directly east of the city, now covers more than 600 acres and has inundated the Ozark Trail to a depth of several feet.

We will do your family washing cheaper than you can afford to do it at home. Phone 246.

BUY COAL NOW!

IF NO ONE BUYS COAL DURING THE SUMMER—everyone will want it at the same time in November and December. And there aren't enough coal mines, enough coal miners, enough coal cars, enough trainmen, enough haulers, nor enough coal yards in the United States to supply such an abnormal demand as that would be.

Order coal NOW. Save money. Save worry. Be sure of your coal supply for next winter.

RESOLUTIONS OF REMEMBRANCE AND APPRECIATION OF THE WORTH AND WORK OF THE LATE THOS. G. NANCE AND OF SYMPATHY WITH HIS BEHEAVED FAMILY, BY THE FIRST CHRISTIAN CHURCH OF AMARILLO, TEXAS.

Whereas, it has pleased our all wise and all loving Father to call home our brother and co-worker in Christ, Thos. G. Nance, of Hereford, Texas; and

Whereas it was by the preaching and arduous labors of Bro. Nance that the foundations were laid for this congregation of The Disciples of Christ and the congregation was organized by him; and

Whereas the labors and sacrifices of Bro. Nance were in the pioneer days when there were few people on these Plains and many of those few have passed on or removed to other fields, leaving few of the many thousands who are now here and enjoying the fruits of his labors who know of the arduous labors he performed and the many and great sacrifices he made and the hardships and privations he underwent in sowing the seed of the Kingdom in this then almost wilderness;

Therefore be it resolved by this The First Christian Church of Amarillo, Texas, that we deem it meet and proper that in this public and organized way we give full recognition and express our deepest appreciation of the labors and sacrifices on our behalf by our departed brother and to give as wide publicity as possible to his unselfish labor and self sacrifice in sowing and watering the seeds of the Gospel throughout this vast plains country of Texas.

Bro. Nance came to the Plains in the year 1888, settling at Plainview where he supported himself by his labor as a building contractor and by the labor of his hands as a carpenter, going out on the Lord's day and at other times as opportunity offered to the small hamlets as they sprung up over the plains and also to private houses and cow camps preaching the unsearchable riches of the Christ whom he loved and served.

Amarillo being then the nearest railroad point he came here for his lumber, driving his own team, riding on the running gear of his lumber wagon, dressed in overalls, with a change of clothes in his grip strapped on behind with his bedding, and sleeping out in rain or shine or snow wherever night overtook him. He timed himself so as to reach Amarillo Saturday and on Sunday morning he would change his clothes and preach morning and night in a rude plank house which stood about a mile west of where we now are which was used as court house, church house, school house and dance hall. Then on Monday morning he would again don his overalls, load his lumber and other supplies and start on his homeward way.

This was the beginning of this splendid congregation now meeting in this comfortable and commodious building and some of us sometimes thinking it a hardship to come to the services even in our comfortable sedans and limousines.

Later he secured a couple of ponies and a buggy and went all over the plains from the T. & P. railway to Oklahoma and from Childress county to New Mexico preaching where there was no organized church or where they

A BIRD IN HAND IS BETTER THAN TWO BIRDS BY MAIL

TOUGH PICKING.

to trade at home in the long run, and the short run, too.

WHEN you order a piece of goods by mail, you know nothing about the quality of the article delivered until it has been tested by use. Having been used and found wanting, you have to go to the trouble of sending it a long distance back for long-distance satisfaction, a very rare bird indeed.

Trade in a home store and you get quality. The local merchant must carry quality or his neighbors will not trade with him. And if there has been bad quality accidentally, it is only a step into his store to show him the error.

The merchants of our town have both quality and price. If you will only figure out the common sense of it, you will find that it is cheaper to trade at home in the long run, and the short run, too.

DRINK LOANS ARE Greatly Reduced

(Commerce and Finance.)
Improvement in the banking position of the United States, in the last twelve months, has surpassed any previous improvement effected in the same length of time.

Official figures compiled by Federal Reserve Board show that 821 reporting, representative member banks have reduced loans, discounts, investments, etc., \$1,500,000,000 as compared with a year ago. These banks hold about 40 percent of the total loans and discounts and investments, including bills rediscouted with Federal Reserve banks. It seems reasonable to assume that other banks would be able to show about the same rate of reduction in these items. On this basis the 30,139 banks, not including the Federal Reserve banks, should show a total reduction in loans, investments, etc., of \$3,750,000,000 in the past year.

To this improvement should be added the reduction of \$963,534,000 in loans and discounts effected by the Federal Reserve system—a total reduction, approximately, of \$4,713,534,000.

Cash reserves of the Federal Reserve system are now \$470,500,000 in excess of reserves held a year ago.

Bankers express the opinion that a further reduction in discount rates by Federal Reserve banks may be expected before Summer ends. In fact, the hope for a business boom is based on expectation of generally cheaper money.

It is argued that we now have more gold than we need. We have a larger stock of the yellow metal than we ever held before. Nevertheless, the yellow flood is expected to continue to pour in as long as we have the present high rates.

In certain quarters belief is expressed that rates have been held up because of the action of retailers, and maintenance of high rates will finally force the retailer to liquidate. There is a feeling among bankers that retailers are the real slackers who are holding up progress, and the more drastic action to force them to carry their share of the burden of readjustment, the better.

This thought seems to have been in the mind of Professor O. M. W. Sprague of Harvard University, when he proposed, in the American Economic Review, that hereafter the discount policy of the board be based on the observed effects on prices. It is admitted that this proposal has considerable economic merit.

Woman's Missionary Conference

The Annual Conference at Quannah opened Saturday afternoon, May 28, with an attendance of 200 delegates and a number of visitors. The delegates were met at the train and taken to the beautiful new Methodist Church, the pride of Quannah. Here they registered and were assigned to the many Methodist homes, as well as Baptist, Christian and Presbyterian. A royal welcome was given to all. The executive session was held, followed by the opening session at 2:30. The first session was enjoyed by all, as everyone seemed at home, just like one big family. Saturday afternoon the workers' conference was held. Many interesting things were discussed, such as, how to secure growth in membership, finance, in spiritual life, life enlistment, friendly visiting.

The evening hour was given to special music, welcome and response, and Council Reports, giving us information from every department of the work.

Sunday was a great day. Sunday School in the morning, followed by the Annual Sermon by Rev. J. W. Hunt. His text, Rev. 15:2, "And I saw as it were a sea of glass mingled with fire," was a splendid address on Christian education.

3 p. m. was the Children's Hour. They gave a Missionary program. The children were in costume. This was followed by the memorial service, a loving tribute being paid to those who will meet with us no more.

The evening address was given by Mrs. H. R. Steele of Chattanooga, our Council Secretary of Education. She spoke of the need of World Education.

Mend That Leak

IF you had a leaky bucket, you would get some service by continually refilling the bucket—

THE practical way is to stop the leak—

THE same with dirty spark plugs, the trouble is caused by pumping oil—

CLEANING the plugs is like refilling the bucket—

THEY are soon dirty again. Stop the oil pumping by having the cylinders rebored and get the service of a new engine.

YOU will be surprised at the small cost for this service.

DON'T throw the old engine away, but see BEAVERS at the Dodge Service Station. He has a wonderful machine for making cylinders new. No cure, no pay. His work stands up—he makes it.

Stop That Leak
Phone 111

FASTEST SPEED AND PHOTO EVER MADE

One hundred and twelve miles an hour is the fastest that man has ever traveled, shown here, as Fred Ludlow set the record at the Beverly Hills track in Los Angeles. More remarkable yet is the camera, which so accurately photographs such speed. Both feat and photo are historic.

more schools, more teachers, and closed with a plea for life enlistment.

Monday the real business of the conference began, the work beginning at 8:00 a. m. and closing about 11 at night every moment full. The president, Mrs. Rollins, gave a message showing mark

ed progress along all lines of work, and giving the untiring efforts of the women of the Auxillary, guided by the district secretary, the credit of making this possible. Many young men and women are enlisting for life service. When the treasurer's books were closed, we

With Electric Stoves

- Electric Washing Machines
- Electric Dishwashing Machines
- Electric Vacuum Cleaners
- Electric Sewing Machines
- Electric Fans

Everything Electrical!
the actual emancipation of the housewife has arrived.

This store is Electrical Headquarters—if we don't happen to have just exactly what you want in stock, we can get it for you RIGHT NOW. Come in and look over our Labor-Savers.

Hereford Light & Power
Company

A 37 percent increase over the year before in business, and an increase of 21 percent in membership. Reports were given on every part of our work, showing that, although we are busy women, we are giving much time to the work left for us to do. The presence of Mrs. Maude Matthews, missionary from Brazil, was appreciated very much. She told us of her work at Belo Horizonte.

The Consecration service, conducted by Mrs. Steele assisted by Mrs. Delaney, was one of the most impressive of the conference. There were twelve girls who had given themselves for home and foreign work and these came to the altar, and were joined by the "Home Guards." Mrs. Steele used three words, "Come—Abide—Follow" and from these made a beautiful and impressive service.

The election of officers followed. It would be impossible to impart all the information and inspiration of the meeting. The above is a very small part of the many good things enjoyed.

I might add that Quannah did everything possible to make our stay a pleasure and everyone that attended will not soon forget Bro. and Sister Clark, the pastor of the Church and his good wife, and the many citizens, including the Commercial Club.

HOME FOR SALE

My residence on Twenty Five Mile Avenue for sale, worth the money. Six rooms with all conveniences. Walk all way to town. Will make good terms. A bargain for quick sale.

Cletrac
TANK-TYPE
TRACTOR

Which one's track is the Cletrac way—the best power!

Meet the Harvest Rush

Be ready for the harvest rush with a fleet of Cletracs—the power-battery that makes the wheat farmer independent of weather conditions and labor shortage.

Each Cletrac easily hauls two binders—replacing six or eight horses and does twice the work. It keeps going more hours and longer days—is ready when the grain is just right.

The breakdown of a large tractor means a costly harvest hold-up, but if one of a fleet of Cletracs should be stopped it only means a little added work for the others. Cletracs work fast on the straightaway—turn short and get the corners clean—are economical and easy to operate.

Come in and look this tractor over. See for yourself its sturdy construction. Let us show you what it will do for you on your own farm.

STATEMENT

It is with a deep sense of regret that we must state to our many friends and customers that we have decided to go out of business. We are taking this step, after a thorough consideration of all the circumstances surrounding us, in the face of the admonitions of many of our friends to the contrary. We have enjoyed a very liberal share of the patronage of the good people of this section of the country since we have been in business and we assure you, from the depths of our hearts, that we have very much appreciated it. We believe that, should we have continued in business, we would still have that liberal patronage, but when all things are considered, we believe that in order to conserve our best interests, we should close out. Our policy has always been to give our customers the most and best value possible for their money. We have tried to do unto others as we would that they should do unto us. This policy has won for us many new friends with whom, with the many old ones, we are sorry to cease our business relations.

Now, in this final wind-up of our business, we hope to see every one of our friends come and share in the many unusual bargains that we will necessarily have in order to close the stock out.
Hughes & Crouch.

The most sensational value ever offered the people here in dress shirts, high grade Madras and Pongee in beautiful patterns, finely tailored. These shirts would be bargains at \$3.50—you will find them in all stores priced at from \$3.50 to \$4.50. A very special offer to the men.

THE PLACE TO SAVE MONEY

CONDITIONS

Money has been tight, produce has been cheap and merchandise has been high. Yet we all know that this was the inevitable result following a period of inflated prosperity. Had you and we stopped in our mad rush to reap a golden harvest at the end of the rainbow, long enough to get our bearings we should not have bogged so deep in the quagmire of greed, and we would now be enjoying the fruits of our labors. However, that is an unpleasant memory that serves us. That period is an experience that is forever gone. Let the dead past bury its dead. Look out into the morning light. Look up and catch a vision of that new and real prosperity that is dawning upon us. Men who are in position to know tell us that conditions are improving every day; that money is getting easier; that there lies before us a period of greater prosperity than we have ever known. Those days called hard times are gone not to return in our day and generation.

The most valuable lesson we have all gleaned from our experience has been that of economy. Now let us put it into practice. Buy your goods where your dollar will go farthest.

THE STATE OF TEXAS.
County of Deaf Smith: I, C. S. Purcell, Tax Collector of said County, do hereby certify that the land and lots above listed and assessed on the tax rolls of said County for the year 1920, which are delinquent for the taxes of 1920, and that there was no personal property for "seizure and sale" as required by Article 7852, Revised Civil Statutes of 1911, and therefore I am entitled to credit for the taxes shown and hereby reported delinquent.
C. S. PURCELL, Tax Collector.
(By L. H. Foster Deputy)

Certificate of Commissioners' Court
THE STATE OF TEXAS.
County of Deaf Smith: In the Commissioners' Court: We Certify that we have examined the above Collector's report of lands and town lots assessed on the Tax Rolls of Deaf Smith County, for the year 1920, which are delinquent for the taxes of 1920 and find the same correct, and that C. S. Purcell, Tax Collector, is entitled to credit for the taxes shown thereon, as follows:
Total Taxes \$5,523.78
County Ad Valorem Tax \$1,764.42
County Special Tax \$411.09
County Poll Tax \$8.00
District School Tax \$451.26
Total County Taxes \$9,658.75
Given in court this the 10th day of May, A. D. 1921.
W. M. MEGERT, County Judge.
C. C. BOWMAN,
W. B. FARMER,
J. H. WAGNER,
W. B. PHILLIPS,
County Commissioners of said County.
Attest: A. L. BIGGS, County Clerk.

Use The Brand to build your business.

CYLINDER GRINDING

We do cylinder and crankshaft grinding by the same method as used by factories. And with accuracy and finish second to none. Don't put new pistons in your motor without having your cylinders reground. You will then have new, true cylinders. If we grind your cylinders and fit new pistons, you will get the same life and efficiency that you would get from a new motor. Remember that grinding is the only method used successfully today to finish fine machine and tool work. Our new prices on this work will interest you.

For Plants
See G. C. Major, South Hereford. Phone 97. Potatoes a specialty.

Notice
Any dairy, or other cows in or around town needing testing, let me know at once, as they will be tested the first of next week. Dr. F. E. Bowe. 23-2t

MIDLAND PASTOR'S FISHING LIKE HIS GOOD PREACHING

The Rev. J. N. Wooten and family of Midland, Texas, arrived here last Friday and are camping at Sulphur Park. Rev. Wooten, who formerly lived here, is Dean of Midland College. He will preach next Sunday at the Christian Church. Rev. Wooten delivered an entertaining talk at the business men's luncheon last Monday.

Ralph Barnett, who went fishing with Rev. Wooten, says he is both a preacher and a fisherman. He pulled a four pound bass out of the Tierra Blanco last Saturday.

Girl Scouts Attention!

All who desire to become members of the Girl Scouts, please meet me at th Ladies Rest Room at the Court House Wednesday, the 8th, at 3 p. m. as we are anxious for all to have uniforms before the camping season begins. Fee 25c. Miss Jessie Sisk.

Dr. Crume Changes Date

Instead of the first Tuesday in each month, Dr. Crume, of Amarillo, will be in Hereford the first Wednesday in June, September, December and March. If interested, remember these dates. 29-1f

Notice

Notice is hereby given that any person buying any hide or hides must take a bill of sale from the seller, and then have this hide or hides inspected; and also any one butchering any cattle must furnish the hide and ears of said animal for inspection, the law requires this to be done, and there is a very heavy penalty for anyone who violates this law, and I intend to see to it that this law is enforced.

Attention Wheat Growers!

A meeting is called for Thursday, 3 p. m. at Court House. 25-1t-Pd Troy Womble, Chairman.

'Behold My Wife' One of the Finest Films of the Year

Appealing Picture of the Big Northwest.

Practically an all-star cast interprets the important roles in George Melford's great picture of the Canadian Northwest, BEHOLD MY WIFE, which will be at the Star Theatre Wednesday and Thursday nights, June 8 and 9.

Those who buy their tickets in advance of the evening performance can secure tickets for 33c, otherwise the special admission charges for special pictures will be 44c. If possible, buy in advance and save yourself some money and besides, see this great picture for the regular prices.

Cheaper Hail Insurance

If your wheat is not protected against Hail, see me at once. I have a good proposition for less than half what you have been paying. Good terms.

Troy Womble Agent

HUGHES & CROUCH ANNOUNCE RETIREMENT FROM GAME

Sale bills and advertising put out this week by Hughes & Crouch announce that this enterprising firm intends to absolutely close out their stock and quit business. The Brand is informed that this determination is absolutely irrevocable and that the stock will be kept on special sale until sold out. Mr. Crouch, it is reported has placed his home on the market and will leave here after the business is concluded, for a long rest.

Hughes & Crouch, while one of the youngest firms in business in Hereford, has been one of the most progressive and enterprising, and have made an enviable place for themselves in the mercantile world of the Plains. They have been leaders in all things of a forward-looking nature for the good of the town and have conducted the business on a broad-gauged and modern scale. The Brand regrets to see these gentlemen dissolve and leave a field which appeared to have such a promising future for them.

Expression of Thanks

The people of the Nazareth community are well satisfied with the outcome of the court trial held in Hereford the past week and are very much gratified at the fair and impartial hearing given them by a Deaf Smith county judge. We want the people of the county to know that we all appreciate the fair dealing we received while in your city. Martin Fehr, President of The Home Mercantile Company. Conrad Schulte. 25-1t-Pd

Thank God From Whom All Blessings Flow

We are thankful for the good rain. Now that God has given us an opportunity, let us all make the most of it.

We are willing and anxious to do our part.

The Western National Bank

Capital and Surplus \$125,000.
Largest tax payer in the City of Hereford
Only Roll of Honor Bank in Deaf Smith County.

Prepare for the Harvest

When the ripened grain stands in the fields it is too late to prepare for the harvest. Now is the time to have your binder or harvester-thresher ready to work steadily and efficiently until the last acre of grain is cut. An old, badly worn machine may fail at a critical time when delay means serious loss in the crop. You can avoid this by getting the time tried

HARVESTER-THRESHER

This dependable machine is the result of years' manufacturing experience. You can depend on the Harvester-Thresher to make good whether the grain is short or tall, heavy or light. Come in and let us show you why the Harvester-Thresher will make good under any harvesting condition. Let us talk to you about your harvesting machine requirements.
