Speakers Will Be Invited To Meetings Here

SERIES OF MEETINGS TO BE HELD SECOND FRIDAY EACH MONTH

Truck gardening, feeding of hogs and cattle, trench silos, potatoes and onions, increased dairy herds, raising of hybrids, and prevention of smut on corn grown in this area, were among the points raised by irrigation farmers at a meeting in the courthouse here Saturday afternoon at 2:30 o'clock.

Chief among accomplishments, however, was the formation of a permanent organization which will meet at 7:30 p. m. the second Friday of each month.

The meeting last Saturday was called at the request of numerous farmers in the irrigated belt. A. R. Bateman, county agent, presided over the meeting, assisted by D. H. Alexander, Chamber of Commerce secretary.

After each person attending the meeting had been introduced, Mr. Bateman reported on a government survey, which indicated that enough water flowed in this territory for irrigation over a period of 2,000 years, provided it was used properly.

Frank Axe expressed a desire learn of some seed or method to prevent corn smut, reporting a heavy loss from this source on his last crop.

Fay Paddock Is Named To Fill Wester's Term

Following the resignation of H. E. Wester as Constable of Precinct 1 here Monday, the Commissioners' Court Monday appointed Fay Paddock to fill the unexpired term.

Mr. Wester's resignation came as a surprise to residents of this area, since he was sworn in as Constable on Jan. 2, and resigned one week later.

Accidents Cause Eye Damages For Two In This Area

Serious damage to the eyes of two men in this area were sustained this week as the result of accidents. John Love of the Messenger community was believed to have lost sight of one of his eyes, and Conrad Robinson of Hereford was also injured, but no permanent damage is expected.

Mr. Love was stretching wire on a fence in the Messenger area, when the wire broke and a strand lashed, striking him in the eye.

Mr. Robinson was working near an electric light bulb which exploded closed to his face.

Hinkle, publicity director for the college, will supplement their remarks with motion pictures of football games.

Maroon Uniforms Are Ordered For 70 Band Members

That 70 uniforms have been ordered for the Hereford Band was today announced by the Band Parents' Association, financing a drive to secure funds for the new uniforms.

Of military style, the uniforms will be of maroon color, trimmed in white. Sam Brown belts will lend a natty appearance, and the military theme will be carried out by West Point caps, which will be trimmed with tall plumes.

Each of the uniforms, including hat, will cost \$16.50, a total of \$1,155. The association reported that they are still far from the final figure, but through an intensive drive have raised sufficient money to make the initial payment.

A sample uniform will be sent to Hereford and will probably go on display here next week.

SLOW, SOAKING RAINS WILL CARRY CROPS INTO SPRING

Rain, described as the heaviest January precipitation in 42 years, fell in Deaf Smith County Sunday morning. The moisture varied from one and one-half inches to two and one-half inches over this territory—and extended over the entire Southwest.

The heavy January rain was reported "indeed unusual" on every hand, measuring four and five times the average normal rainfall of this area which during the past 47 years has been .32 of an inch. The moisture brought sufficient seasoning to carry range grass and winter wheat crops into spring.

Table with 2 columns: Rainfall at a Glance, Hereford 2.17, Communities as reported by Brand correspondents: Adrian 1.50, Jumbo 2.00, Messenger 2.00, Heiselman 2.00, Daniel 3.00, Frio 2.00, Bethel 2.50, Wyche 2.00, Easter 2.10, Progressive 2.00, Ward 2.50, Summerfield 1.50, Westway 1.50.

Twice in 47 Years

As a matter of statistics, the recent rain was recorded as the heaviest January moisture since 1897, at which time 2.26 inches of moisture were recorded for the Amarillo District. The only other time in 47 years that January moisture passed the 2-inch mark in the Amarillo recordings was in 1921 with 2.10 inches of moisture.

The U. S. Department of Agriculture observations at The Brand office showed .24 of an inch for January, 1937, and .21 of an inch for January 1938, the bureau having operated for only two years previous to 1939.

Only nine times previous has the moisture recorded as more than one inch in the Amarillo District (which might vary slightly here but is used because no bureau was operated here at the time). The January (Continued on Page 12)

Library Circulation Totals 47,908 Books in County During Past Year

No matter what stumps were reported in different lines during 1937, reading material was not listed among those in Deaf Smith County, according to Mrs. Clara McLean, librarian, who said today that approximately eight books for every man, woman and child in the county were issued during the past 12 months.

With a population of around 6,000, the Deaf Smith County Library issued 47,908 books—approximately eight for each person. These figures come from the annual library report, however, and a further check showed that only 2,635 persons actually borrowed books during the year, giving an actual average of a little less than 24 books for each person registered in the library.

The figures on loans also include 10 rural schools, through which books are distributed. The library now has a total of 9,990 books on hand, 933 of which were purchased as new books in 1937. Breaking the 47,908 books down into classifications shows (Continued on Page 12)

HEREFORD BULL
By Jennie Gillentine

I sure thought for a while that I had been framed. One of my wife's uncles sent me a Christmas package, which I received only last Sunday. I opened the package and to my surprise found a pair of green ear muffs.

The muffs are a right pretty color and have a nice piece of metal which holds them firmly in place. After all of the things that I said about Cecil Guseman's spats, however, I figured that I was being put on the spot. Then, I got to thinking about it being my wife's uncle who sent them. Sunday night, when I was driving after the big rain, the pavement was pretty slick, and my wife got to telling me how to drive. My ears got cold, too, and knowing that no one from Hereford would likely see me, I slipped on my ear muffs. In addition to keeping my ears warm, I couldn't hear a thing that my wife said. They sure are fine. I even wear them around the house sometimes when the going gets tough—and my opinion of her uncle has gone up more than 100 percent.

Of course my wife gets a little vexed when I put on the muffs, but since I can't hear her anyway, it works fine. I have about decided to start renting out the ear muffs to men who are in the dog house. Tommy Wilson also has a pair, and as soon as I see him I am going to find out if he wants to incorporate the two pair.

W. L. Agnes shares a growing opinion that Japan will never subdue China. Like a lot of people, he recognizes the fact that Japan can take any town in China any time they desire. However, the Chinese farmers make holding the towns a different proposition. Guerilla warfare is not new, the Chinese are making the most of every trick in the game. In recent months, the Japs have abandoned towns which they previously took—because bands of Chinese farmers have wrecked their trains, ambushed officers and soldiers and stolen supplies. The Japs were reported to have lost around 10,000 men trying to hold a town of 17,000 which they took with little effort.

In addition, Robert Ripley says if the Chinese were to march past a given point, four abreast, they would never find

He produced in No. 1 Spuds, 1100 sacks, which sold from 90 cents to \$1 (the price being very low this year) and he grossed \$1068

He produced 200 sacks of No. 2 spuds, which brought around 30 cents grossing 60
A total of \$1128
Less production cost of 520
NET PROFIT \$508

This gives Glenn a net profit of a little over \$50 an acre, and a favorable price would have returned even more. Since most of Texas' potatoes come from Colorado and the bulk goes to thickly populated areas in the East and South Texas, local farmers also have an advantage in freight rates, paying 40 cents less freight into South Texas than do the Colorado producers.

This is indeed worth thinking about. We all know that "Potato Joe" Ballinger led the way in potato production, and Glenn will tell you that Joe's advice was invaluable in producing his crop. Many farmers have lost money on potatoes because they didn't know how to raise them on a big scale. Joe says it costs him around \$60 an acre to produce his potatoes; the early ones made 1100 sacks of No. 1's and the late ones made 200 sacks of No. 2's. These boys have done some pioneering and they deserve to make some money. They will, too, if this county starts growing potatoes in a volume large enough to do some direct, car-load shipping. In fact, they are both mighty well satisfied with their profits this year—and are both planning more potatoes in 1939.

Joe has been planting onions, and he believes that this country can be one of the best onion sections in the whole world. It's crops like these that will revolutionize this country.

If any other farmers have been growing crops which paid more money per acre and made money under irrigation, then let us know about it. A lot of fellows are just getting started in the irrigation business, and they will sure appreciate some of your tips which have been gained through honest-to-goodness experience and hard work. The irrigation farmers are going to meet the second Friday night of each month, and they invite everyone interested to attend. They are going to have some good speakers at the next meeting, and try to get to the bottom of some of their problems. If there are any farmers interested enough, I would like to get two or three cars of men and go over to Potatoes and look at their canning factory and ask some questions about how they sell their carrots, lettuce and other truck stuff.

This community received more than two inches of rain early Sunday morning. This will mean a great benefit to the wheat, although those who have cattle on the fields will have to seek grazing elsewhere for a week or more. There was no Sunday school Sunday because of the rain. Quarterly Conference will convene at a later date.

Mr. and Mrs. Dan Bruton are receiving congratulations from their many friends upon the arrival of a boy at their home, Dec. 26.

Mr. and Mrs. Harry Smith and sons, visited Sunday in the E. M. Allen home.

Mrs. Hollis Brannon had as her guest during the holidays, a sister and friends from Electra.

Geo. Chambers drove the school bus Tuesday of this week while Clayton Woolery moved to their new home.

Mr. and Mrs. Marland Frye and Mrs. Shuer were in Amarillo one day last week.

THRIFT WEEK

Honoring a Man Who Had the Right IDEA!

Benjamin Franklin was a remarkable person... he was a scientist, a statesman, a writer, a publisher, a gentleman! Perhaps one of his most famous virtues was that of thrift, and it's to this that next week of January 17th to 23rd is dedicated. It's an excellent time to reflect on the benefits of thrift and the means of attaining it. One of the best is an account at this bank.

Paul Coneway Marries Wisconsin Girl; Couple Will Make Home In New York

A wedding of interest was that of Miss Irene Willard, daughter of Mr. and Mrs. Frank Willard of LoCrosse, Wis., and Raymond Paul Coneway, son of Mr. and Mrs. R. P. Coneway of this city.

The impressive ceremony, read by the Rev. J. A. Kinley of the Caledonia Street Methodist church took place December 26, at 11 o'clock at the home of the bride's parents in the presence of a few close friends and relatives.

In keeping with the holiday season the Willard home was decorated throughout with Yuletide suggestions with poinsettias predominating and tall red tapers giving candle lighting.

The vows were spoken as the couple and their attendants stood before a beautifully decorated tree, its top-most branches touching the ceiling.

Nuptial Music
Proceeding the ceremony, the groom's mother, Mrs. R. P. Coneway sang "Beneath" (D Hardlot) and "At Dawning" (Oadman), accompanied by Wayne Bornsted, who also played the wedding marches.

The bride, who was given in marriage by her father, wore a white satin wedding gown made along princess lines with a finger tip veil of lace. She carried a sheaf of Joanna Hill roses. Her only ornament was a gold cross, the gift of the groom.

Mrs. William P. Luedke, sister of the bride, was matron of honor. She wore a pink chiffon dress made of empire fashion with long full skirt. She carried an arm bouquet of pink sweet peas.

Mr. William P. Luedke served as best man.

Following the ceremony a wedding breakfast was served to thirty guests. The bride's table was appointed with crystal and silver and centered with a two-tiered wedding cake. Tall white tapers in white holders surrounded the cake.

Leave on Trip
Later the bride and groom left for Minneapolis, Minn., on a short wedding trip, returning to Syracuse, New York, where they will make their home. The bride traveled in a Dubonnet jacket dress with matching hat and accessories.

Out of town guests at the wedding were Mrs. R. P. Coneway of Hereford, mother of the groom, and Mr. and Mrs. William P. Luedke of Eau Claire, Wisconsin.

Mr. Coneway was an honor graduate of Hereford High School in 1933, and received his degree in mechanical engineering from Texas Tech in 1937. He is now employed by the Trane Manufacturing Company of LaCrosse, and is connected with the Syracuse, N. Y. branch office.

BAPTIST W. M. S. HONORS Y. W. A.

Members of the Y. W. A. of the Baptist Church were honor guests on Wednesday of last week at a covered fish luncheon given by the Woman's Missionary Society at the church.

A business session was held before the luncheon.

Tables were decorated in green and white, Y. W. A. colors, and blooming pot plants. Mrs. W. E. Barnes directed the program which featured a New Year theme. A pageant, "What shall this year be," was presented by Y. W. A. members. The pageant's story, which was interspersed with music with Mrs. Carl Moutitz taking the solo

parts, dealt with the type of work being planned for the missionary work of the church the coming year.

Relative talks were made by Mesdames O. G. Hill, A. O. Thompson, L. N. Shore and Wirt Phillips.

Mrs. BBile Roberson entertained with a violin selection.

Members of the Y. W. A. who attended were Dorothy Nell Adams, Maxine Adams, Dorothy Funderburg, Inez Funderburg, Kitty Kloe Harlin, Annie Jo Owen, Molly O. Roberson, Thornton Shirley, Audrey Cokrell, Mrs. Jack Roberson, Mrs. Billie Roberson, Mrs. Liburn Ray, and Mrs. Ben Wohlgemuth.

Mrs. O. T. Williams is general president of the organization and crises represented included, The Nelson, Lillie Hundley, Ray Buster and Elsie Clog.

SUMMERFIELD STUDY CLUB RESUMES STUDY WITH THURSDAY MEETING

The Summerfield Study Club resumed study programs after the holiday vacation as outlined by year books, Thursday afternoon, at the meeting held at the home of Mrs. L. L. Cannon.

Women of the Changing World, was the general theme for discussion. Mrs. "Tandy Legg reviewed the book, "Facing Two Ways," by Baroness Shidze Ishimoto. The book dealt with the life history of the wife of an engineer who realized the great social problems in the mining town in which she lived, and who finally became a feminist working for suffrage.

Mrs. Britt Clark told the story of "A Journey to Cuba," by Marian George. She gave vivid descriptions of the Cuban people and their manner of living.

During the business session new officers were elected. Those chosen were: Mrs. Ray Johnson, president; Mrs. Lloyd Lookingbill, vice-president; Mrs. A. L. Behrends, recording secretary; Mrs. Jim Clark, corresponding secretary; Mrs. J.

Mrs. O. T. Williams, as teacher, met at the home of Mrs. A. B. Martin, Thursday afternoon, for a social hour and election of officers.

Mrs. Ralph McCullough opened the meeting with a prayer, followed by the devotional given by Mrs. Williams.

New officers elected include Mrs. Ralph McCullough, president; Mrs. Clarence Strang, Fellowship vice-president; Mrs. George McCannell, Fellowship vice-president.

Camouflaged Troops Baffle Japanese

Some of the crack troops that defended the city of Wuhan, China, when the Japanese soldiers pushed up the Yangtze river in their drive on Hankow camouflaged themselves with vegetation before going into action. Blending perfectly with the landscape, it was almost impossible for the enemy to detect them.

ROBERT BELL MARRIES DALLAS GIRL

The marriage of Miss Irene Williams, niece of Mr. and Mrs. B. A. Termin, 2007 Bomar Avenue, Dallas, and Robert A. Bell, son of Mr. and Mrs. A. G. Bell of Hereford, was solemnized Wednesday evening, January 4, at the Termin home.

Miss Mozelle Welch, vocalist and Mrs. G. R. Brannon, pianist, furnished the wedding music.

Rev. Kenneth May, assistant pastor of the First Christian Church of Dallas read the impressive marriage rites as the couple stood before an improvised altar banked with greenery and ferns. At each side of the altar stood tall candelabra holding white lighted tapers which furnished a background for baskets of white chrysanthemums.

The bride was attractive in a royal blue dress with black accessories. She carried a shower bouquet of rosebuds and lilies of the valley.

Miss Alice Wilson of Corsicana, who is a cousin of the bride, was maid of honor. She wore a wine colored frock and her flowers were

rose-buds.

Ed Ireland, Jr., of Hereford, cousin of the groom, served as best man.

A reception for a few friends and the bridal party was held after the ceremony. Misses Helen Drake and Floddie Termin presided at the refreshment table.

The couple will make their home at 616 Llano Avenue, Dallas.

Mrs. Bell is a graduate of Dallas Academy and Mr. Bell is an honor graduate of Hereford High School. He is a graduate of A. & M. College and is now employed with the Dallas Power and Light Company. Mr. and Mrs. A. G. Bell of Hereford attended the wedding.

LOYAL WORKERS CLUB MEETS FOR LUNCHEON

An all-day meeting with a covered dish luncheon at noon was held by the Loyal Workers Club of the Rebekah Lodge at the I. O. O. F. Hall, Friday.

A quilt which was donated by Mrs. J. W. Brady and daughter, Miss Mary Brady, was quilted. The quilt will be sent later to the Odd Fellow Orphans Home in Corsicana.

During a short business meeting the following new officers were elected: Mrs. Alice Cox, president; Mrs. Lena Lomas, vice-president; Mrs. Edna Bowe, secretary-treasurer.

Husbands of members were guests at the luncheon.

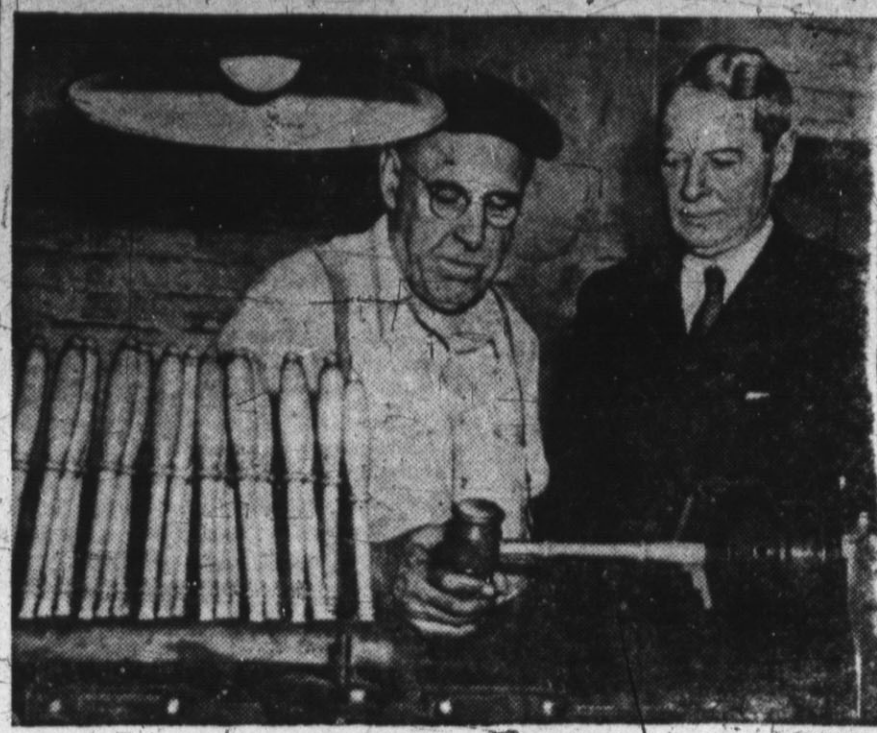

Those attending included Messrs. and Mesdames A. H. Elliott, C. G. Cox and son, Edgar Sovell, Henry Williamson and son, E. E. Fridley, A. R. Rogers and son, E. M. Cox and son, John Jacobsen, Jr., Bill Wallace, Mesdames Ora Lee, Myrtle Witherspoon, T. B. Hines, Ted Young and son, G. L. Woods, J. H. Lomas and son, O. L. Maiste, Lee Cocanougher, Edna Fischer, Miss Edah Park and Dr. and Mrs. F. E. Bowe.

CLAVIS O. E. S. OFFICIALS VISIT LOCAL CHAPTER

Included among guests to attend the regular meeting held by the local chapter of The Order of Eastern Star, Tuesday night, were officials of the Keystone Chapter No. 27 of Clavis, N. M.

A business session was held and members voted to join the Masons for a George Washington Birthday celebration. Mrs. H. D. Reed was appointed chairman of a committee to represent the Order for the entertainment. Hostesses for the meeting were Mrs. H. D. Reed, Mrs. Ulman Hunter and Miss Lucy Reed.

TWO INTERESTING TOPICS ARE DISCUSSED AT CLUB MEETING

Two interesting topics were discussed at the Junior Bayview Club meeting held at the home of Mrs. J. W. Witherspoon, Thursday evening.

Mrs. Martin Gilliland chose the "Chevrolet Manufacturing Plant," for her discussion, dealing with the manufacture, style, production and place in the General Motors Corporation of the Chevrolet car.

Miss Rhita Jean Sullivan reported on "The American Medical Association," telling something of the history, past achievements, aim

and future aspirations of the organization.

Programs for the Junior Bayview Club are made up of articles appearing in current issues of Fortune Magazine and subjects for discussion are chosen from time to time as individual programs are given.

Those attending the meeting included Mesdames Jack Wayland, Frances McClendon, Elizabeth Womble, Jimmie Gillentine, W. L. Davis, Martin Gilliland, Alton Fraser, Misses Lueta Borden, Edna Daughette, Ruby Dalton, Katherine Kirby, Eloyse Pitman, Rhita Jean Sullivan, Nancy Conkright and the hostess.

REV. BARNES ADDRESSES Y. W. A.

Rev. W. E. Barnes gave "The Story of Rhoda," using the scriptural reference found in Acts 12-17, as a basis for his talk, at the meeting held by the Y. W. A. of the Baptist Church at the home of Miss Audrey Cockrell, Monday evening.

A group of Hymns were sung by Mrs. Wiley Roberson and Mrs. A. O. Thompson.

A social hour was enjoyed and refreshments served to Thornton Shirley, Kitty Kloe Harlin, Molly Jo Roberson, Dorothy Funderburg, Odessa Long, Odessa Russell, Inez Funderburg, Edith Cockrell, Mes-

James Jack Roberson, Billie Roberson, A. O. Thompson, Wiley Roberson, Frayls Caraway, Lilburn Ray, Ben Wohlgemuth, Mr. and Mrs. J. W. Cockrell and Rev. and Mrs. W. E. Barnes.

SPANISH PROGRAM IS FEATURED AT BAND MOTHERS MEETING

An entertaining Spanish program was featured at the meeting held Monday afternoon by the Junior Band Mothers and Clarinet Mothers at Central School Auditorium.

The program under the direction of Mrs. George McConnell, included a survey of interesting items concerning Spanish music and varied selections furnished by members of the Junior Band.

Mrs. McConnell spoke briefly on the origin of Spanish music, saying "For true Spanish traits we turn to the Spanish Folk music and it is the folk song handed down from days of the troubadour that gives the rhythm rather than the melody of present day Spanish music."

"Ti-Pi-Tin," a Saxophone solo, was presented by Barbara LeGrand.

A clever Spanish balcony scene was enacted by Bobby Jennings and Georgia Faye McConnell, with Bobby representing a Spanish cavalier, with his guitar, taking the solo part.

An illustrated song, "Cerrito Lindo," given by Cecilia Gusman and featuring a Spanish dance, concluded the program.

After the program Mrs. G. M. Hudson, president, took charge of the meeting. Reports were given and plans for the Spring Band Festival which will be held in Plaluviv in March, were discussed.

The group voted to purchase a new bass horn for the Junior Band and the following committees were appointed: Mrs. Cecil Gusman, chairman, uniforms; Mrs. R. G. Blue, Mrs. Oscar Eastley, and Mrs. Carl Williams, finance chairman.

Sponsoring an "All School Night" was discussed and Mrs. Oscar Eastley was appointed general pro-

Jess Russell To Get A-M Degree

COLLEGE STATION—Texas A. & M. College will graduate its largest mid-term class on record Feb. 2, a total of 69 students being candidates for degrees. The number is two larger than last year, when 57 degrees were conferred. Of this year's candidates, six are candidates for degree of master of science, one as doctor of veterinary medicine, and 52 as bachelor of science. No formal exercises will be held.

Jess M. Russell of Hereford, is listed among the students who will receive degrees as students of agricultural administration.

Burk Attending Furniture Mart

H. A. Burk of the Burk Furniture Company, left last Saturday for Chicago, where he will attend the Furniture Mart, and will purchase furniture for his Hereford Store. He was accompanied by his father, B. T. Burk of the Amarillo Furniture Company; they plan to return the latter part of this week.

Mr. Burk has previously attended the Mart in Chicago, where all types of furniture are shown twice each year. Doug Fox has been assisting Mrs. Burk in the local store during his absence.

Breaks Arm In Feed Grinder

A. S. Curry had his right arm broken in three places Wednesday afternoon, when it was accidentally caught in a feed grinder.

The accident occurred at his home, between Friona and Black, around 4 o'clock Wednesday afternoon. He was rushed to the hospital here.

Hospital Notes

Mrs. Fred G. Brown underwent a major operation Monday morning and was today said to be resting nicely.

E. E. Grimm, admitted Jan. 2 for treatment, was reported to be greatly improved, and hoped to be released this afternoon.

Pat Miller, who underwent an appendicitis operation Jan. 2, was reported to be greatly improved.

Mr. and Mrs. F. W. Barnette of Friona announce the birth of a son, James Wesley, Thursday, Jan. 6; he weighed six and one-half pounds. Both mother and infant are resting nicely.

L. E. Bird, a medical patient, was admitted Wednesday and is still in critical condition.

Larry Lee Wilson is still in the hospital, but was said to be greatly improved.

Mrs. Edwin Mauk was admitted as a medical patient Tuesday and was today resting nicely.

SOCIETY

MRS. CECIL WILLIAMS LEADS B & PW PROGRAM

The Business and Professional Women's Club met Monday evening at the County Library with Mrs. Cecil Williams in charge of the program.

"My Pay Envelope and Yours," was the general theme for the program. Mrs. Lavina Gilliland gave a comprehensive discussion on "How We Spend Our Income," closing her talk with the seven listed reminders given by Chancellor Arkoff to King Sargon I in 2800 B. C.

The reminders follow: 1. For every ten cents thou placeth within thy purse take out for use but five. Thy purse will start to fatten at once and its increasing weight will feel good in thy hand and bring satisfaction to thy soul; 2. Confess not thy necessary expenses with thy good families, have more desires than your earnings can gratify; 3. To put each coin to laboring that it may reproduce its kind, even as the flocks of the field and help bring to thee income, a stream of wealth that shall flow constantly into thy purse; 4. Guard thy treasure from loss by investing only where thy principal is safe. Consult the wise men. Secure the advice of men experienced in the profitable handling of gold. Let their wisdom protect thy treasure from unsafe investment; 5. Own thy own home and be thy own landlord; 6. Provide in advance for the needs of thy growing age and the protection of thy family; 7. Whatever thy calling to make it thy business to serve better and more skillfully thy customers or thy employers. Verily thy efforts shall fatten thy purse and bring joy to thy heart.

During the business session a committee was appointed headed by Mrs. Mable E. Robinson, to give a civic project for the club next year.

weather, to offset as much of the winter shrink as possible.

Everyone knows how slowly cows regain their normal milk flow after a cold snap, and if it is late in the lactation period they often never come back to full normal production. The same things hold true of laying hens, though they respond more quickly to favorable conditions and the loss is less from the reduced production. This is a case in which the proverbial ounce of prevention is worth a pound of cure, and extra feed which helps prevent these losses is about the most valuable feed in the barnyard.

It often happens that stock get "all the feed they will eat" and eat little or no more in cold than in warm weather, falling off accordingly. If the water is icy cold they will not drink as freely as they should, and if they don't drink freely they will neither eat as freely nor digest as well as they should. The same thing happens when their quarters are so cold they stand huddled up for warmth, so the effort to induce them to take the extra feed necessary in cold weather may fail not for lack of feed, but for lack of comfort. Water and shelter of the right sort play an important part both in getting sufficient feed into the animals and in the effects of the feed.

"Contented cows" is much more than an advertising slogan, for only when comfortable and contented do cows function at their best. Contentment is dependent on comfort and on both adequate shelter and feed. Water, plenty of it, at a drinkable temperature, is as necessary as palatable feed, and helps to make any dry feed more palatable, whether grain or forage. If we keep these things in mind a good deal of the usual winter losses of weight and production can be forestalled.

W. M. S. CIRCLE MEETS WITH MRS. TERRELL

Circle One of the Woman's Missionary Society of the Methodist Church met at the home of Mrs. Frank Terrell yesterday afternoon.

The meeting opened with the devotional given by Mrs. F. T. Robinson. After the prayer by Mrs. M. M. Beavers, talks were made relating to the program subject, "Now Horizons," by Mesdames Lyle Blanton, Nona Ewton, Ross Fuller and Knox Kinard.

Mrs. Terrell read the responsive readings with Mrs. J. C. Cummings giving the response.

Committees were appointed and reports were heard. Mrs. J. B. Jones gave the closing prayer.

STAR CHECKERS PARTY IS GIVEN

An enjoyable affair given recently was the Star Checker party at the home of Mrs. S. E. Askren, when old-time friends gathered together for an afternoon of games.

Dainty refreshments were served to Mesdames Clara Nance, W. E. Dameron, J. H. Wilson, Inez Staunbach, John Cunningham, E. M. Vandenberg, Hettie Cochell, A. H. Elliston, Miss Addie Winkler and the hostess.

HAPPY GO LUCKY CLUB MEETS THURSDAY

Mrs. Walter Tice entertained the Happy Go Lucky Club at her home Thursday afternoon. Games of Bingo and Chinese Checkers were enjoyed throughout the afternoon and Duane Tice entertained with several numbers on the accordion.

Refreshments, consisting of sandwiches, fruit cake and coffee, were served to the following members: Mesdames Albert Bayless, Bill Schaeffer, Ronald Matthews, Irvin Henderson, John Phillips, Willie Naugle and the hostess.

Mrs. Cecel Wilkins and small daughter, Cecilia Gay, left Wednesday morning for Lawton, Okla., to visit her mother and other relatives.

Miss Virginia Erie Reed, who is attending Business School in Amarillo, is expected home Friday to spend the week end here with her parents, Mr. and Mrs. H. D. Reed.

Payroll, Or Dole?

By T. C. RICHARDSON, Secretary Breeder-Feeder Association

It makes a whole of a difference whether people are on the payroll or on the dole, and it makes just as much difference with livestock. It may be necessary, sometimes, to go on a "drouth" ration, doing out just enough food or feed to keep life in the animal, but neither man, beast nor fowl goes long on a bare "maintenance ration" without losing something that cannot be regained. If the ration is unbalanced the body must draw on its reserves for the deficiency elements, resulting in depleted vigor. If the ration is balanced that is if it contains all the essentials—and is yet too skimpy, the result is worse for it takes more to regain the loss than to hold normal growth in the first place.

Feed has only one purpose—to be fed. The worst possible disposition to make of it is to peddle it on a cash market for less than cost of production; the next most wasteful use of feed is to dole it out stingily or to feed it in the wrong way to the wrong kind of stock. It takes a certain amount of feed to keep up normal body functions, and unless more is fed, and digested there will be no gain in weight, no eggs, or no milk.

It is especially important at this time to keep turkeys on a full balanced ration until they go to market, and laying hens must have what it takes to produce eggs during the next few months, when the price is best. If all the elements of a good ration are not produced on the farm—and it is seldom that they are—whatever is lacking must be purchased. The primary purpose of course is to sell home-grown feed to the best advantage, and the ration should be built around the feeds that are available. But it is not possible to get the best returns from one kind of grain alone, from carbohydrate feeds alone, or from any other unbalanced combination.

There is no excuse for haphazard feeding methods when the information can be had from county agents or from bulletins of the agricultural colleges which enable the feeder to work out a ration which uses as much as practicable of home grown feeds, and yet get the best results from their use. Everyone now knows that protein supplement makes corn or other carbohydrate grain go farther in pork production, and it is therefore economy to buy whatever is necessary rather than to fatten hogs on corn alone.

The same principle applies in every kind of livestock and poultry. Growing and laying animals

Weatherboarding Against Winter

Cold weather calls for heavier feeding to generate body heat in all kinds of livestock. Feed alone of course will not offset the effects of cold and shelter is essential at some times every winter, even in the milder parts of the Southwest. On the other hand, shelter alone is not enough, especially with milk cows, laying hens, and animals in the fattening pen. There must be extra feed to burn in the body or else fat already acquired will be burned in keeping the body temperature normal.

The sudden changes of weather to which the Southwest is subject makes it hard to avoid some shrinkage, even with good shelter and additional feed, but every pound of avoidable shrinkage costs more to regain than to hold. It is poor economy to permit animals to burn up fat already accumulated and which must be restored before additional gains are made.

FOR COMING YEAR**

Grover C. Good, state secretary of the southeast area for Hi-Y, boy's organization, outlined plans for the Older Boys Conference to be held in Amarillo, February 12-13, at a combined meeting of both boys and girls Hi-Y held at the high school Tuesday night.

In an intimate talk to the group before going into conference plans, he said it was noble to die for a cause, but urged the need of finding a way to live for a good cause. He told how the theme for the conference, "Finding Christ in the Boy Next to Me," came to be chosen, telling of a two-hour prayer conference by the boys themselves at the Ota Canyon Hi-Y Training Camp last fall during which time the theme was evolved. He urged the boys to budget their funds and earn the money to attend the conference.

The conference is comprised of four districts and includes Hi-Y groups from Hereford, Dalhart, Canyon, Amarillo, Pampa, Borger, Perryton, Lubbock, Sweetwater, Abilene, Slaton, Plainview, Wichita Falls, Vernon, Memphis and Tucuman, N. M.

The program will include Brief Introduction Ceremonies, pageants, and musical programs given by the boys themselves, as well as three-minute talks by delegate speakers from each of the many towns represented. In addition to this boy speaker program there will be three prize-winning essays on the Conference Theme read to the conference. Mr. Good urged the boys to enter this contest.

In addition to the entertainment and recreation features, the boys will be furnished free rooms and sleeping accommodations with free breakfasts in the homes of Amarillo.

Outstanding speakers listed are: Dr. H. C. Gossard, Las Vegas, N. M.; J. J. McConnell, Jr., Dallas, and J. B. Hubbard, Wichita Falls.

In addition to the entertainment and recreation features, the boys will be furnished free rooms and sleeping accommodations with free breakfasts in the homes of Amarillo.

**Realignment Of
SCS Offices In
Plains Division**

AMARILLO—A realignment of Soil Conservation Service regions in the Great Plains to facilitate land-use activities being carried out in co-operation with farmers of the Plains was announced today by the Department of Agriculture.

Reducing the number of Great Plains regions from three to two, the change places the entire state of Kansas in the Southern Plains region, which previously has included 25 counties of southwest Kansas, the Panhandle sections of Texas and Oklahoma, eastern Colorado, and a portion of eastern New Mexico. Headquarters for this region will remain in Amarillo.

The larger portion of Kansas previously has been under administration of the regional office at Salina, Kansas, along with Nebraska and Oklahoma with exception of the three Panhandle counties. Under the new set-up, the regional office in Salina will become an area office directing Service activities in North Central Kansas.

Nebraska will be added to the Southern Plains region which previously has included Montana, North Dakota, South Dakota and Wyoming. Headquarters for this region, now at Rapid City, South Dakota, will be shifted to Lincoln, Nebraska.

Oklahoma, with the exception of the three Panhandle counties, will be made a part of the South Central region of the Service, which now includes Arkansas, Louisiana and all of Texas except the Panhandle. Headquarters for this region will remain at Fort Worth, Texas.

The shift in areas will place an additional three demonstration projects, 12 CCC Camps, one soil conservation district and two water facilities projects under administration of the Amarillo office.

**Kerr Implement
Shows Pictures
Here Wednesday**

A large crowd of farmers from over this territory Wednesday were guests of Kerr Implement Company for the showing of "The Tuttle Tugger," a talking picture sponsored by the John Deere Implement Company here Wednesday. Lunch was served to the visitors at noon.

"We believe this to have been the best of the series of pictures sponsored by the company from year to year," Mr. Kerr said.

In addition to the "Tuttle Tugger," the story of a salesman and a saleslady who got their sample cases mixed, four other all-talking pictures were shown, including "Around the Farm Clock," an educational picture on up-to-date farming; "The Mark of the Genuine," an instructive picture on the upkeep of farm machinery; "Mr. Sheppard Looks Inside," a story of precision manufacturing of farm tractors; also a short news reel showing developments in agricultural equipment.

"We wish to thank those who attended, and we hope that they enjoyed the entertainment," Mr. Kerr said. "We are looking forward to the next of the series, when we again want you as our guests."

Breeders Enter Cattle In Fat Stock Show Sale

Two Deaf Smith County Hereford breeders already have consigned cattle for the annual Panhandle Hereford Breeders Association auction sale to be held during the Amarillo Fat Stock Show, March 6 to 9.

R. L. Campbell of Wildorado has consigned four bulls, and W. M. "Mal" Stewart of Hereford has consigned one bull.

Officials of the stock show said other consignments from Deaf Smith County have been assured, though certificates of registration have not been received. An early mailing of the certificates by Hereford breeders has been urged, in order that the sale catalogue may be completed.

Thirty-two bulls and five females have been consigned to date.

Breeders throughout the Panhandle have been conditioning cattle for the sale for several months, an effort taken by officials of the show to indicate that this year's offering will be one of the strongest in the show's history.

IRA JEANNE RICKETTS
Mr. and Mrs. Ben Fortner and Mr. and Mrs. H. F. Trimmer of Arroyo, and Mr. and Mrs. Marion Davis and family of Blue Ridge, took dinner Sunday in the home of Mr. and Mrs. Lewis Harvey and sons.

The young people of the community were entertained at a party Wednesday night, given by Mr. and Mrs. Arnold Hershey, who were recently married. The evening was spent playing star checkers and forty-two, after which refreshments of home-made candy and pop corn were served to the following: Misses Virginia Bowman,

Eunice Caldwell, Norma Lee Edwards and Ira Jeanne Ricketts; Messrs. William Bowman, Noel Higgins, Calvin Edwards, Gordon Higgins, Glenn Ricketts, Howard Higgins and Ben Conklyn of Hereford, and Mr. and Mrs. V. E. Dodson and Mr. and Mrs. Edgar Russell.

Luke McBrayer made a business trip to Lubbock, Saturday. Glenn Ricketts accompanied him and spent the week-end with Mr. and Mrs. McBrayer.

Mrs. David Boyer was honored with a miscellaneous bridal shower Friday afternoon, at the home of Mrs. Troys Carmichael. Mesdames V. E. Dodson, Ray, Hershey, A. S. Higgins, and Alex Thompson of Hereford, assisted. The gifts were presented when Eva Moore, one of the school girls dressed as a "nigger mammy," brought Mrs. Boyer's wash home tied in a sheet.

Those present, were: Mesdames Luke McBrayer, A. S. Higgins, Lewis Harvey, Ray Hershey, C. V. Caldwell, Lynn Powelson, C. V. Burgess, Owen Neel, Ira Ricketts, V. E. Dodson and Alex Thompson, Mrs. Pearl Boyer, Misses Eunice Caldwell, Norma Lee Edwards, Irene Hicks of Canyon, and Ira Jeanne Ricketts.

The school children also attended after school. Mrs. J. E. Blake acted as substitute teacher from 2:30 until 4 in order that the teachers might attend.

Those sending gifts, were Mesdames C. C. Bowman, Ray Singletary, Marie Carroll, Mr. and Mrs. O. E. Boyer of San Pedro, Calif., Mr. A. S. Higgins, Miss Virginia Bowman, Wilma Higgins and Dora Lee Burgess. The school children also sent a gift.

The refreshments were served in the form of a tea. Tea was served from the beautiful lace-covered dining table, with Mrs. V. E. Dodson and Mrs. Ray Hershey pouring.

Little Miss Sarah Irene Edwards has been quite ill for several days, but her condition seems somewhat improved.

A number of men of this community appeared before the commissioners' court Monday morning to

Usher and Dancer Inherit a Fortune

William J. Reilly, former usher in a New York movie palace, and Mrs. Rosalie Spatcher Knishern, ballet dancer, were named principal beneficiaries in the will of Mrs. Edna Moss Allin Elliott, who died recently. In making the bequest Mrs. Elliott said the pair "contributed a great deal to my happiness by their kindly and courteous acts. Neither ever expected anything from me for their many courtesies." There were unconfirmed reports that the estate might reach \$1,000,000.

Mrs. Ira Ricketts called on Mrs. J. L. Porely in Hereford, Tuesday afternoon.

Mr. and Mrs. Ira Ricketts and Mr. H. O. Russell attended the funeral of "Uncle Henry" Wilson in Hereford, last Wednesday. The community extends its sympathy.

Mrs. Marguerite Rector and Carolyn Sue, were called to their home in Detroit, Mich., last week because of the serious injury of Mr. Rector. Particulars of the accident are as yet unknown. Mrs. Rector has been visiting her father, Mr. W. C. Russell for sometime.

Mr. and Mrs. Troys Carmichael were hosts to the young people of the community at a party, given in the home of Mr. and Mrs. David Boyer, Friday night.

The evening was spent playing

star checkers and forty-two.

Refreshments were served by the hosts to the following: Misses Wilma Higgins, Eunice Caldwell, Dora Lee Burgess, Norma Lee Edwards and Ira Jeanne Ricketts; Messrs. Howard Higgins, Gordon Higgins, Garland Higgins, Glenn Ricketts, Calvin Edwards, Forbus Blakemore and Jimmy Blakemore; Messrs. and Mesdames V. E. Dodson, Edgar Russell, J. E. Blakemore, Mrs. Pearl Boyer, the honor guests, and the hosts.

There was no Sunday School Sunday afternoon, due to bad weather.

The community received about two inches of rain over the week-end, which should aid the wheat considerably.

Mr. and Mrs. Ira Ricketts, Ira Jeanne, and Glenn, took dinner Monday with his father, W. A. Ricketts, in Hereford.

The Progressive Girls 4-H Club meets Friday afternoon, Jan. 13, at 4 o'clock. Miss Sadie Lee Oliver, CHDA, will meet with them at this time.

Mrs. Ray Hershey has been on the sick list for the past week.

Mrs. C. C. Bowman spent several days last week with her mother, Mrs. Annie Diebel, in Hereford.

Mr. and Mrs. Owen Neel and Calvin Edwards made a business trip to Amarillo, Thursday.

Mr. and Mrs. O. E. Sherman visited Mr. and Mrs. E. T. Brooks and F. D. Perkins, Tuesday night.

MRS. J. N. MESSENGER

This community was greatly benefited with a good 2-inch rain, which fell slowly. The ground soaked it all up and it will be of great benefit to wheat fields; however, there was still underground moisture.

Geo. Messenger hauled eleven loads of fertilizer for his garden and three for his mother's little strip. Both of them were just double tilled and the rain leaves them in fine shape for spring planting.

Mr. and Mrs. Geo. C. Messenger and little daughter, Nancy Kay, were in Hereford Saturday, shopping.

John Love was stretching wire on fence and the wire broke, striking him in the eye. They rushed him to Amarillo and last reports were that the sight in the eye would be lost.

Jim Roberts' house, just south of the line in Parmer County, was destroyed by fire last Monday. A five-year-old child was burned so badly that it died. The mother was burned some getting the baby out but is doing very well, considering the shock. The grandmother was taken to her daughter's, Mrs. Charley Jefferson at Bovina; last reports said she was real sick. The family lost everything they had.

Girls in high school are helping to replace some of the clothing for their class mate; everyone is trying to help in some way.

Two Teachers Attend Meet In Austin

Students Hear Opening Of Congress

After listening to much crackling and popping from a new radio that the High School so graciously approved in order that the students might hear the opening of Congress during the assembly period, a clear station was found, the machine being operated by Mr. Hudson.

Classes were cut shorter and moved up in order to hear this program. This was an unusual session of Congress in that the Republican gained about 80 seats in the House of Representatives. As a result there will be many "Freshmen Congressmen" full of hopes and ambitions, new to the game and having practically no influence. These congressmen are similar to freshmen in college in many ways.

The session opened with the clerk reading the roll call, the states being called in alphabetical order and then the names of the members following.

Interviews were made with Senator Barkley of Alabama, McNary, Representative Sam Rayburn of Texas, who incidentally has been a Congressman for 26 years, and Robert Taft, the newly elected senator from Ohio on the topic of "What important things will be dealt with in the seventy-sixth congress."

The Speaker of the House was elected, the candidates being Martin from Mass. by the Republicans and Bankhead from Ala. by the Democrats. Bankhead won by a large majority.

Due to the dinner bell's ringing, assembly was adjourned without our hearing the remainder of the program.

Hi-Y To Give Play At Boys' Conference

The Boys Hi-Y club is preparing a one-act play, entitled "The Beggar and the King." The play is to be presented at the Annual Hi-Y Conference in Amarillo, Feb. 3-5.

Two casts were selected for the play, having two boys for each part. One of the casts will present the play in assembly; the other at the Conference. The play is based around the Conference theme, which is "Finding Christ in the Boy Next to Me."

Whiteface Sextet Goes Down Hill

The Hereford sextet seems to be going down hill at present—but not for long, although the boys are climbing. The girls lost two basketball games over the week end, the sextet lost one game to Happy on Friday night at Happy, and they lost to Wayside at Hereford on Saturday night. They lost to Happy by a score of 22 to 38, and to Wayside by a score of 13 to 27. The boys won over some ex-basketball players of Hereford last Friday night and over the Wayside boys Saturday night. The boys won by a score of 23 to 26. The boys team has shown great improvement and promises to go places; although the girls have lost several games, they promise to improve greatly and show some real ball playing.

GIRLS, HERE IS YOUR CHANCE!

Girls, if you think boys cannot plan, cook and serve a dainty, delicious, delectable meal, you simply are not informed. In our high school the particular boys who are in the boys home economics class (social studies to them) are really excellent dietitians, chefs and hosts. Besides that they are real he-men.

As one of their culminating projects, they planned, prepared and served a dinner to seventeen people Tuesday evening, January 3. In spite of much heckling from one of the guests, the boys really were very formal yet at ease. And, girls, in case you are not one of the world's best cooks but are one of the many contemplating matrimony, it might be advisable to get well acquainted with the boys who are studying home economics; they might be the answer to a maiden's prayer.

SOPHS PLAN SKATING PARTY

The Sophomore Class met last Wednesday, January 4, in Mr. Willoughby's room for their regular class meeting.

The meeting was called to order by Hicks Robertson, vice-president. The minutes of the previous meeting were read by Kathryn Henderson, class secretary. A motion was made for a skating party, the date being undecided. The meeting was adjourned.

Miss Lindsey: "What does lambic pentameter mean?"
Foster Hill: "Four feet and two inches to the foot."

Tea Honors Miss Graham

The Homemaking girls entertained the school faculty and several members of the Music Study Club Wednesday night after the regular meeting of the Deaf Smith County teachers. The occasion honored Miss Edna Graham, head of the mathematics department of W.T.S.C. at Canyon, who spoke to the group on her recent trip to South America.

Juniors Have Double Use For Programs

"Take it away, Juniors!" And they did as Helen Francis and Wesley Guthrie gave musical numbers on the junior class program of January 4, 1938.

The program was given after the weekly business had been transacted. The purpose of these programs is to build up an amateur contest for the class as well as for entertainment.

Helen Francis' first number on her saxophone was "Two Sleepy People" and was followed by "Star Dust." Wesley gave "Cielita Lindo" and as an encore, "Redwing" on his harmonica. The bell interrupted a drawing by Lynwood of Jeff Burk and his "square toe" shoes.

Fish Visit Fish

At the Freshmen's weekly meeting, the Wednesday that school let out for the Christmas holidays, they were honored to have in their presence some of the Freshmen from college. Some of those present were Mary Jane Morgan, Viola Phillips, Billy Patton, Bud Brady, Helen Ann Snyder, and Mildred Rutherford. Several entertained the group with interesting stories about college life. They seemed to like it, and they advised all who could be sure to attend college. The Freshmen enjoyed this very much, and they are hoping that they will visit them again soon.

TOPIC IS SAFETY EDUCATION

Mr. Knox Kinard, Superintendent of Schools, attended a conference on January 5 and 6, called by State Superintendent of Public Instruction, Dr. L. A. Woods. This conference was called especially to study Safety Education. Also, studied quite as much as Safety Education, was the legislative program for education for this session of the legislature. The conference is an annual affair for administrators which meets annually about this time of year. The session met at the First Baptist Church, in Austin, Texas.

Mr. Kinard was accompanied by Dr. H. M. Cooke, professor of education at Canyon, Texas; Mr. J. B. Speer, superintendent of schools at Canyon; and Mr. Carl Clift, County Superintendent of Potter County.

On January 6 and 7, Miss Wrenn attended a meeting of the Executive Committee of the State Teachers' Association. Miss Wrenn is one of three members of the Executive Committee from District 9. The other members from this district are Supt. C. H. Rogers of Amarillo, and Supt. C. A. Croyer of McLean. Each district of the State Teachers' Association has three members on the Executive Committee, making a total of thirty-three members.

The meeting was in session in the Stephen F. Austin Hotel, Austin, Texas. The principal work of the Committee dealt with problems concerning Texas Schools as a whole as to financial problems, length of terms and teacher tenure. One of the definite decisions which is ready for publication from the Committee is the place for the 1939 meeting of the State Teachers Association. It was decided that the Association will convene in San Antonio during the Thanksgiving holidays.

Both teachers have reported very profitable and enjoyable trips.

TSK! TSK!

Tsk! Tsk! Tsk! The strength of a human being! The hidden power of a hand; of even one little finger!

The physics class (even the girls!) went out in front of the school building Monday afternoon and pulled automobiles around in the street with the use of only one finger. This was just a demonstration of the coefficient of friction, but my, my! It just goes to show what a brute man really is!

Ayers Funeral Held On Dec. 31

Funeral services for D. S. Ayers, 78, father of W. L. Ayers of this city, were held Dec. 31, at College Station, Texas.

Mr. Ayers visited his son here six months in 1938, returning to College Station around Sept. 15, and had several friends in this community. He was born in Illinois, and came to Texas when he was three years of age. He moved to Brazos County while still quite young and spend the greater part of his life there, moving to College Station after he retired from farming. He was a devout member of the Baptist Church.

He is survived by seven children: W. L. Ayers of Hereford, G. T. Ayers of College Station, Mrs. Milton Ivey of Bryan, Mrs. C. T. Atkins of College Station, Mrs. B. H. Royal of Houston, C. Y. Ayers of Houston and W. M. Ayers of College Station.

Interment was made in the Bryan Cemetery.

MRS. MAURICE KAUL

Maurice Tannahill helped J. W. Lester move back to Lockney last Tuesday. Mrs. Lester and the children had gone to Lockney Saturday, having been called by the serious illness of Mrs. Lester's father, H. I. Barton. Another daughter of Mr. Barton, Mrs. Oley Randall of San Diego, Calif., returned with Mr. and Mrs. Tannahill and will spend several weeks in the home of her parents.

Mr. and Mrs. Maurice Tannahill and Carlton, were guests Friday night in the Robert Veigel home, at War.

We are glad to report that little Larry Wilson is slightly improved. He has been removed from the oxygen tent and the right lung has been healed.

Evelyn Wilson is staying at the Henry Allmon home while his parents are in town staying with his brother Larry Wilson and Grady, Jr., is staying at the G. C. Hartman home.

Rain gauges in this community showed that approximately one and one-half inches of rain was received here early Sunday morning. Everyone is rejoicing over this fine rain which came so timely, as it will greatly benefit the wheat and add some much needed moisture.

There was no Sunday School here Sunday, because of the muddy roads.

BY MRS. ALLAN BELL

A lovely shower for Mrs. Jack Bolding was given at the home of Mrs. V. Lenke, Monday afternoon, Jan. 2.

Mrs. Tolbert sang "Just Someone," followed by a reading, "That Sweetheart of Mine," by Mrs. Bill Brown. A game of alphabets for the bride was played by all.

The house was decorated with balloons of all colors. The bride was told to pick up a balloon, which led to a basket of gifts. Refreshments of marshmallow cream in pink and white, coconut cake and coffee were served to 35 guests.

Mr. and Mrs. Hare, who have been in the Larson place the past 2 years, have moved six miles east of Hereford.

Mrs. Lovelass, mother of Manuel and Lawrence Lovelace, of Hartshorn, Okla., visited here the past ten days.

Walter Lemke, Duane Morgan and Marshall Long went to Lubbock Saturday, where Walter expects to enter Tech the second semester.

Little Miss Nerene Jacobson has been out of school ten days because of illness.

An independent basket ball league has been started in this community. The league consists of five teams; two from Vega, two from Adrian and one from Ende. All games are played in the new Adrian high school gym.

Rain in this vicinity Sunday morning early, was 1 1/2 inches.

Do We Take Our Citizenship Seriously?

Do we take our citizenship seriously? By citizenship, I mean the citizenship of our school. May be you would like to ask what being a good citizen in school would require.

One of the things that go to make a good citizen in school is the manner of preparing lessons. Let me ask you one question. If you haven't an assignment, do you think that it is the thing for a good citizen to do to borrow the lesson from someone else, copy it and hand it in as his own work?

Perhaps just the fact that he didn't look up that someone for that particular time would not seem to be very bad, but some of the things this practice does is to make the copier a mental jelly-fish who must depend upon others. One time would not make a great difference at the moment, but it is starting an undesirable habit that, if carried far enough, will surely bring sorrow to the one who practices it.

The time for New Year Resolutions is past now, but it is not too late to resolve to get your own work and let the others get theirs.

Everybody knows Bill Montgomery is fond of plaids and bold stripes, but one afternoon he walked into civics wearing a coat which would put Joseph's in the shade. The colors were many and loud.

"Oh boy," whispered Helen Ruth to the room, "that's the first sunset I've ever seen with buttons."

Here's a bit of philosophy, that if taken to heart, would do us all good: "Speak well of your enemies; remember you made them."

Rev. Peters, former pastor of the M. E. Circuit, visited in the Earl Lust home one day last week.

Tom Davis and wife of Snyder, Texas, visited in the home of his brother, J. B. Davis, over the week end.

The Missionary Society met at the school, with eleven members and three visitors present. The new officers took their places and new interest was manifested.

Mrs. Jim Jennington from Ende, N. M., visited in the John Smith home last Thursday.

Glenn Williams spent Tuesday night in the E. R. Bothwell home.

Two and one-half inches of rain is reported. The rain was accompanied by quite a bit of wind and hail.

Dorothy Sinclair visited in the Flagg community, Wednesday.

THROUGH THE CAMERA LENS

For our first picture this week, we have none other than Miss Lois McCaslin, holding on to her bat, as our cameraman snapped her at the Tulla-Hereford game on last Armistice. The game seems to hold her interest quite well.

In the middle picture, we have none other than Ruth Temple Hastings as she smiles for our

cameraman in front of the school building. From the looks of it, Ruth Temple doesn't mind posing at all.

In the last picture, we see Bob Green as he was snapped at the fair in Amarillo last September. We wonder if he was enjoying himself before he was so rudely interrupted.

PEP CLUB HAS CALL MEETING

At a called meeting of the Pep Club, Tuesday afternoon, there was a report from a committee which revealed the future Pep Club meetings and their hostesses. The date for the mother's meeting was set in which they plan the annual football and pep club banquet.

NEW YEAR BRINGS WITH IT-EXAMS

The new year has come, and with it mid-term exams. It is not a period for great rejoicing, particularly, unless you are glad that the school year is half gone; but it is a time when you should watch yourself and gauge yourself.

Watch yourself as you yield to the temptations that come up during this time; you don't look on the other fellow's paper when it seems easier than answering a question yourself.

Gauge yourself to see if you come up to standards which you set for yourself or which other people expect of you. And if you don't reach these standards, solve to reach them during the new year. It is a good resolution, so don't break it.

THE NEW LEAF

"The most practical, beautiful and quotable New Year's poem I know—and one which I use every year of my life in some manner," says Dr. W. L. Stidger of the following verses in his "Question Box" in the Homiletic Review (New York). He does not know the author.

He came to my desk with quivering lip,
The lesson was done
"Have you a new leaf for me, dear Teacher?"
I have spotted this one!

I took his leaf, all soiled and blotched
And gave him a new one, all unspotted,
Then into his tired heart I smiled,
"Do better now, my Child!"

I went to the throne, with trembling heart,
The year was done.
"Have you a New Year for me, dear Master?"
I have spotted this one!

I took my year, all soiled and blotched
And gave me a new one, all unspotted,
Then, into my tired heart he smiled
"Do better now, my Child!"

NEW YEAR'S RESOLUTIONS
J. C. Vaughn-To pass English III the last half.

Wesley Guthrie-To make better grades in chemistry and history.

Trevell Williams-To stay out after eight o'clock.

Polly A. Crawford-Never again to kick a candy box in the corridor, especially if there is any danger of Mr. W. catching it.

Marthanelle Ewton-Not to keep J. C. V. out so late any more.

Mollie Jo Robinson-Learn to love all my teachers.

Annie Jo Owen-To love my neighbors. (Who is he Annie Jo?)

Edna Urbansky-To undo anything that does not fit my personality.

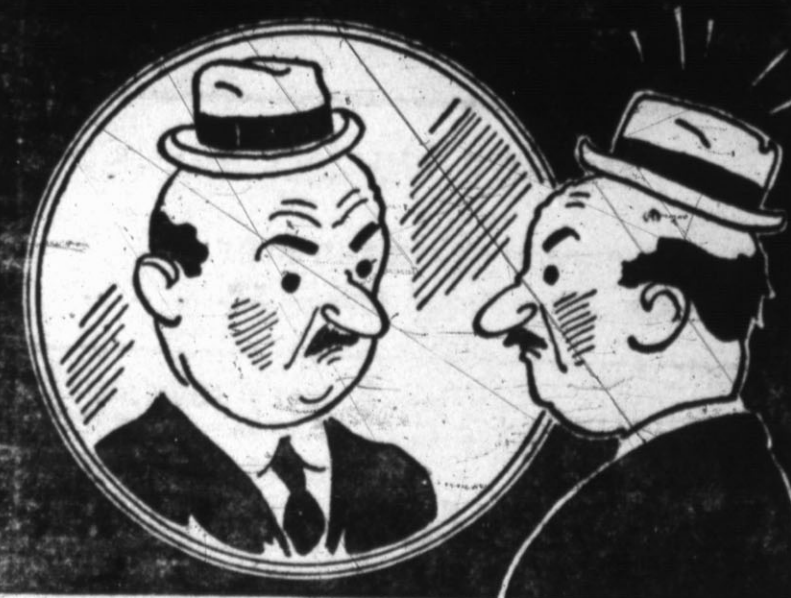

Monica Albright-Not to make any resolutions.

Betty Perryman-To be sweet always.

Wrong Size Lamp Bulbs Are MISFITS Too!

Your eyes are too valuable to risk with dim light. Scientific tests have proven that eyestrain, fatigue and headaches CAN result from dim light. Easy seeing depends upon sufficient light.

So here's a tip to follow for better lighting: See that every reading lamp has at least one 100-watt Mazda lamp, two 60's, or three 40's.

Because different sockets have different needs, we have prepared a special carton of one 40-watt, two 60-watt, one 75-watt, one 100-watt and one 150-watt lamps for only 95c. Or a carton of six 100-watt, or any size smaller, for 90c. All Mazda lamp purchases will be added to next month's service bill if desired.

Social Security Alders Will Be Released Soon

Just a few days blank for Social Security tax returns will be placed in the mail. These returns will be accompanied by a specially prepared folder giving complete, condensed and accurate information with respect to the preparation and filing of these returns. This information folder should be carefully kept by each taxpayer for reference not only in filing returns due to be filed in January but also for filing future returns. If this be done, all mistakes and unnecessary penalties may be avoided and the taxpayer saved future annoyance and loss of time, which of necessity follows in cases where returns, as filed, are improperly prepared and executed.

During the month of January all persons, except those specifically exempt by law, are required to file Social Security reports under Title VIII of the Act for the last three months of the year 1937, and those employers having eight or more employees on a total of twenty or more days during the calendar year, each such day being in a different calendar week, are required to file and pay unemployment insurance under Title IX of the Social Security Act on their employees, which for the year 1937 is 3 percent of the total wages payable to employees, and all of which tax must be paid by the employer; however, if prior to January 31, 1938, the employer has paid to the State Unemployment Compensation the tax due the State, he is entitled to take credit on his Federal return, Form 940, for the amount paid into State Unemployment Fund up to an amount not exceeding 90 per cent of the Federal tax. In case the employer neglects or fails to pay the State Unemployment Compensation tax on or before January 31, 1938, the Federal Government will be required to collect the full amount of the Federal tax, and the employer will also be required to pay the full amount of the State tax; therefore, the importance of making all Social Security tax payments during the month of January is of highest importance.

Illinois Man Is Part Owner Of Auction Company

Lloyd A. Otten of Sterling, Ill., this week announced the purchase of part interest in the Ray Barber Auction Sales business, including private sales, as well as the community auction each week.

Mr. Otten comes highly recommended as an efficient auctioneer and has already moved here. He is a graduate of the Fred Reppert School of Auctioneering, Decatur, Ind., and since finishing school has been actively engaged for the past five years. He has held sales in Iowa, Wisconsin, Illinois and Indiana.

Mr. Barber and Mr. Otten will work together on all sales in the future.

Postal Receipts Total \$17,166.79

Post office receipts for the year 1937 totaled \$17,166.79, according to Mrs. Jessie W. Pickett, postmaster.

The year, divided into quarters, showed \$3,945.31 for the quarter ending March, \$3,916.38 for the quarter ending June, \$4,287.12 for the quarter ending September, and \$5,017.98 for the quarter ending in December.

Pneumonia Is Most Prevalent In Winter Months

Austin, Texas.—"Though pneumonia may and does occur at all seasons of the year, the winter months see the highest incidence of this disease. With relatively few cases during the summer, an increase in pneumonia is observed with the advent of fall, usually quite noticeable in November, which continues through December, January, February and March before the number of cases again declines to the "warm weather" level. The time is, therefore, quite short before the beginning of the so-called "pneumonia season," states Dr. Geo. W. Cox, State Health Officer.

"Pneumonia is an infectious disease. In well over 90 per cent of the cases it is caused by one of the thirty-two types of the pneumococcus germ. Against some but by no means all of these varieties of the pneumococcus, serums have been developed which have proven extremely beneficial in the treatment of pneumonia—cases caused by these particular types. In order that best results can be expected the serum must be given early.

"Another remarkable advancement by the medical science in its struggle with pneumonia was the perfection within the past several years of a method of quickly identifying the type of pneumococcus causing the illness in each individual case. This progress has been made but we are yet far from the goal.

"Consequently, the necessity of persons developing their natural defenses against all infections including pneumonia is just as important and essential today as it ever was.

"After all, many cases of pneumonia get their first start by way of lowered bodily resistance which provides a fertile soil for the pneumococcus germ to reproduce the illness.

"Regardless of the scientific progress thus far made, and regardless of the possible extension of their progress the predisposing causes will always remain the same.

"In many cases a cold is pneumonia's forerunner. If one reasonably abides by the rules of personal hygiene involving the use of proper food in proper amounts, sufficient sleep, adequate exercise, the maintenance of a healthy indoor temperature, clothes geared to the thermometer rather than to fashion, the avoidance of the excessive use of stimulants of all kinds and the elimination of debilitating habits, many colds which might lead to pneumonia can be avoided," Dr. Cox stated.

"And it is to that fundamental precaution be added sensible precaution against wet feet, judicious cooling off when over-heated, avoiding drafts and as far as possible staying from close contact with members of the family, friends or others already suffering from colds, one's chance of being victimized by pneumonia's main stopping stone, the cold, will be further decreased.

"Yet, if despite due precautions a cold appears, the time for personal reliance on one's own resources has passed. The first and most effective line of defense then is to consult the family physician promptly since the knowledge and skill which he possesses demands early application for the most effective results.

Discussions reported similar losses, and a notation was made to secure a speaker on the topic.

P. H. Filbin expressed an interest in the raising of alfalfa and feeding of hogs, reporting profitable returns. He was also interested in finding the best adapted alfalfa, stating "If you please the hog, you'll be ahead in the long run."

B. E. Brumley, in answer to a discussion on worm infestation of corn, offered Hybrid No. 5 as a substitute, declassing it to yield more than any grain sorghum. Reports also stated that the experiment station has for 11 years been trying to develop a yellow dent corn which will overcome worm infestation.

Glenn Boardman expressed an interest in more truck crops, which might be marketed to Amarillo firms or to truckers, who are now passing through Hereford and hauling products from Portales back east.

Maurice Tannabill brought up the subject of sugar beets. General opinion was that because no government allotment existed, it would not be profitable to raise and ship this crop long distances.

Joe Ballinger gave the following report on potatoes: "Cost of production about \$60 per acre; early potatoes made 110 sacks and late potatoes 200 sacks to the acre. Potatoes sold at \$1.50 per 100 pounds." He also planted onions on his place, using three pounds to the acre, and made 1,000 bushels. Cost on the onions was around \$20 per acre on cleaning and weeding, around three cents a bushel for pulling, around three cents for sacking and four cents for sorting.

C. G. Robbins reported on feed and feeding as follows—Eighty steers averaged about 850 pounds at two years old. They were fed a mixture of 100 pounds of ground bundles, 100 pounds of silage, and 10 pounds of salt. He feeds three days and skips a day. Silage was made from heparl in a trench silo.

B. E. Brumley reported feeding as follows—100 pounds of meal, 200 pounds of stalks and one-half pound of molasses. He uses three gallons at a feeding and allows 18 or 20 pounds a day, keeps a raft of good sorghum bales for them to eat and wheat pasture to run during the day. He has also filled a silo holding 45 wagon loads of Hybrid No. 5 without heads. He planted 22 acres of Hybrid No. 5 with an 8-inch wheat drill and planted 385 pounds of this seed. When he combined it, he made 40 bushels per acre and used stalks for silo.

Lester Galley has used a silo since 1931 and stated that it has increased the milk production more than half.

Farmers attending the meeting Saturday, were: C. P. Caldwell, Ray Hershey, J. B. Stoker, Alfred May, F. E. Bowe, Dr. F. E. Bowe, L. L. Cannon, Ira Miller, B. A. Atchley, V. Skypala, N. E. by an invocation by Rev. Oscar Bruce. A quartet composed of V. E. Lemke, Oscar Bruce, J. C. Bask, Jr., and Bill Brown, rendered two numbers; after the two talks, the assembly sang the Adrian high school Alma Mater to conclude the program.

The addition consists of a large gymnasium, two dressing rooms, a store room, and two large class rooms which are to be used as home economics and vocational agriculture class rooms respectively. Two hundred movable seats will furnish seating facilities for spectators. The structure is steam heated, as is the older part of the school plant. It will be used during the day by students for physical education and four nights each week during basket ball season for high school and community basket ball practice and tournament games. The additional structure brings the total value of the school plant to \$55,000, with complete class room, auditorium and gymnasium facilities.

Hereford Plays

Both games are expected to be "tops," as Hereford boasts an unusually good team this year, and both opponents have fast teams of finest quality rank.

On Tuesday night the Hereford boys' first and second teams will meet the Canyon first and second teams. Canyon won the district last year—and have lost only two players from the 1937 team. Proceeds from the game will be used to send the squad to the district meet.

Library

(Continued from Page 1)

16,729 volumes of non-fiction books for adults, 21,754 volumes of adult fiction, and 9,425 volumes for juveniles.

Fiction is most popular, according to the report which indicated that six fiction books are lent for each four volumes of non-fiction. However, the average on non-fiction in this county is far above that of other counties in Texas.

The most popular book in the Deaf Smith fiction shelves is "Gone with the Wind," by Mitchell, according to Mrs. McLean. However, the most popular division in fiction is westerns, with mystery stories running a close second.

In the non-fiction division, she lists "Re-discovery of Man," by Link, as the most popular book; it is on the psychology shelf. The most popular class of non-fiction as a whole is travel books, and especially books on South America.

While farmers and business men were well pleased with the rainfall seen here last Sunday, laden skies continue to give indications of more rain or possibly snow, and many persons hold hopes of even more moisture during the week.

Reports from every section stated that the rain fell slowly, soaking into the land. Wheat in most sections was in excellent shape, except for need of moisture, and the timely rain Sunday morning left the entire area with a good outlook, due to the fact that rainfall of from two to three inches can usually be counted upon during each of the months of April, May and June.
