

Around Town

This TV business is a lot like going to the circus. Every man who owns a set says, "I got it for the kids." Dale Tinnin and Dub Reeves, for instance are pioneer owners of TV in this area, and haven't been able to get off on their annual fishing trek to Possum Kingdom. Bruce Wooddell, other member of the fishing trio, doesn't have a set—and he's raring to go.

Cecil Massey is another TV owner who likes to brag about the reception his set gets. Cecil attributes it to some unusual type of insulation used in installing the aerial.

Mrs. Al Werner of the West community dropped in the other day with what she claims is a sure-fire way to end the "juvenile wars" or any other type of juvenile delinquency. "All the parents need to do," says Mrs. Werner, "is buy a few Jersey cows. By the time the kids get through milking two or three cows twice a day, they will calm down plenty."

A permit to operate a second taxi cab service was this week granted by the City Commission to W. D. Isbell and L. L. Kearns. The permit allows operation of the concern under the title of "City Cab Company."

Cotton farmers will be interested in a meeting scheduled in the county courtroom here Wednesday, April 29, at 1:30 o'clock, according to County Agent Hugh Clearman and Fred C. Elliott, Neal Randolph and Ed Busk. College Station Extension Service experts will attend the meeting and will have complete information regarding quotas, ways to improve yields and other phases of cotton farming.

A typographical error in The Brand Thursday listed Jose Salinas as getting a \$50 fine and six months in jail on a bootlegging charge. The sentence should have read, "a \$500 fine and six months in jail." Appeal has been filed in the case, however.

A Red Cross first aid class will get underway Tuesday night in the county courtroom at 7:30 o'clock. (Continued on Page Two)

Closing Dates Are Listed For Hereford Firms

Hereford will close for six holidays during 1953, including Memorial Day, Saturday, May 30; Independence Day, July 4; Labor Day, Monday, Sept. 7; Thanksgiving Day, Thursday, November 26; Christmas, Friday, December 25 and on New Year's Day, January 1, 1954.

Action was taken at a meeting of the Merchants' Committee, a division of the Chamber of Commerce, when the group met Thursday morning, April 23, to canvas returns from a town-wide vote of Hereford merchants. Since all six of the holidays received a majority vote in the poll, the committee members approved the entire group.

Memorial Day drew most discussion of all the holidays. Since it falls on Saturday and also occurs during the annual Pioneer Day celebration in Hereford, Memorial Day presented a problem to the voters as well as to the committee. The ballot showed 27 for closing and 21 against closing. The committee also felt that many of the stores, by mutual agreement, might decide to remain open on this occasion.

A total of 114 ballots were mailed out to Hereford merchants in the poll. The committee found that 43 were returned with the following vote:

	To Close	Stay Open
Memorial Day	27	21
Independence Day	37	11
Labor Day	23	5
Thanksgiving Day	43	0
Christmas Day	48	0
New Year's Day	46	2

Thirty-seven indicated that they would cooperate with the majority vote of other merchants in the poll: one voted "No" and 10 failed to vote on this question. One voted to close on Monday following all Saturday holidays and one voted to close two days for Christmas and New Year.

A BABY SHOW will be one of the many features of the Home Demonstration club family fun night May 1 at the high school auditorium. Members of the West Hereford home demonstration club will stage the show. Shown above are the "babies" and their

mothers. Babies are from left: Mrs. Ida Mae Vaughn, Mrs. N. B. Hood, Mrs. N. L. Wesson, and Mrs. Jack Flowers. Back are from left: Evelyn Bell, Mrs. R. H. Hale, Mrs. Carlos Vaughn, judge; Mrs. Ed Cox and Mrs. Vern Witherspoon. Staff Photo.

City Budget \$232,950  
Capital Expenses Lower

The City Commission of Hereford met Thursday night in a meeting adjourned from Monday and approved a \$232,950 operating budget for the fiscal year of 1953-54. Discussion of the budget was limited to commission members, since they were the only ones present for the hearing.

**Expenses Estimate**  
The budget showed the following expenditure estimates—general, \$16,390; fire department, \$8,050; sanitary department, \$2,644.00; parks department, \$5,443.60; police department, \$21,630; street department, \$26,856.40; water and sewer department, \$31,500; capital improvements, \$29,805; interest and sinking fund requirements, \$14,540.92; Highway 51 improvements, reserve build up for utility extensions, \$55,369.68.

City income was based on the following—current ad valorem property taxes, \$94,770; delinquent ad valorem taxes, \$5,580; penalty and interest, \$1,500; garbage and trash fees, \$17,500; water and sewer, \$85,000; corporation court fines, \$5,000; licenses, \$400; parking meters, \$11,500; meters taxes and sale of pipe, \$3,000; miscellaneous income, \$500; gross receipts tax from utilities, \$8,200.

**Salary Schedules Up**  
Slight increases were indicated in City Salary schedules in the new budget. The Chief of Police was raised from \$300 to \$325; policemen with time served were increased from \$250 to \$265; the city secretary raised from \$275 to \$285; city clerk from \$225 to \$235; assistant water and sewerage superintendent from \$275 to \$315. Common labor scale was increased from 90 cents to 95 cents per hour.

Despite these salary increases, however, the figure remained around the same as the past year—plus \$4,200 earmarked during 1953-54 for a sanitary inspector for the city. Total salaries approved was \$85,262.40, including the new office of sanitary engineer, as compared with \$81,880 on the 1952-53 schedule.

The new salary schedules follow, figured on an annual basis: mayor, \$600; commissioners (\$300 each), \$600; manager, \$7,200; secretary, \$3,420; deputy \$2,820; city attorney, \$1,200; firemen, \$2,700. Sanitation department—inspector \$1,200, drivers \$5,040, laborers \$8,670. Parks department—superintendent \$2,700; laborers \$2,175. Police department—chief \$3,900; patrolmen \$12,720, radio operator \$1,500, meter rep. \$300. Street department—superintendent (combined with water department, no cost

shown here) operator \$2,880, operator \$2,700, laborers \$8,694.40. Water and Sewer department—superintendent \$4,800; assistant \$3,700; pumper \$2,640.

Original bonded indebtedness totaling \$851,500 was shown on the budget report as reduced to \$665,000 as of May 1, 1953 with estimated assets amounting to \$57,840 on hand. Interest and principle requirements were estimated at \$45,915.93, which should leave a surplus of approximately \$11,924.07, according to the budget estimates. Interest and principle due in 1954 prior to the 1954 tax collection period will be \$13,803.37, however.

**Less Capital Expenditure**  
Capital expenditures during the next 12 months are scheduled to take a nosedive, according to the budget. During the 1952-53 fiscal year the City expended a total of \$74,961.32 on capital investments. The proposal for the coming 12 months is only \$29,805, according to the budget. The heavy investments along this line for the past year came in the form of a new city well, sewerage line extensions, a new street sweeper, new warehouse, and a sanitation truck. The following capital expenditures are included in the budget for the coming year:

Water lines (extensions), \$11,575; five hydrants, \$780; water meters, \$2,300; sanitary department equipment, \$5,000; parks improvement, \$1,500; shrubbery and trees, \$500; police patrol cars, \$500; permanent paving, \$7,500; street markers, \$150.

In adopting the budget, the City Commission also adopted the recommendation of City Manager Grady Bosday in levying no tax on bonded indebtedness, except for 40-cent per support of the 1953 refunding issue. This action was taken in view of the surpluses shown in the various bonded indebtedness funds. Cash reserve May 1, 1953 estimated were \$33,000 in the general fund and \$38,000 in the Water and Sewer fund.

**Paving Plans Are Reviewed**  
The City Commission Thursday night went into tentative agreement with West Texas Construction Company toward establishment of a paving program for residential areas of the community. The paving will be on a voluntary basis, will require a minimum total of 10,000 linear feet of surfacing, and will require complete blocks of property owners before the program can go into effect.

The City of Hereford will furnish free engineering on all projects approved by property owners. Assisting in the paving program will be the Deaf Smith County Chamber of Commerce. This office has agreed to act as a clearing center on the paving project and invited any interested property owner to call at the office, leave his name, and discuss possibilities of securing a paving program in the section under question.

Representatives of the contracting firm will be in Hereford in approximately 10 days to check the demand submitted for surfacing here. They said that the program will begin in the near future if the demand indicates its need and acceptance.

The commission also voted on a "quadruple" or "four shot" quality paving, which is heavier than that of the surfacing applied in the last program here. The cost, according to the commission, appears to be very reasonable, especially when compared with other bids on the project.

Curbs and gutter were listed at \$1.60 per linear foot. Paving was quoted at \$1.63 per square yard. This figure, the commission pointed out, would amount to a total of \$313.25 to cover each property owner's cost on a 60-foot lot. The figure includes \$217.35 for paving and \$96 for curbs and gutter. Property owners who desire may also secure terms on the paving work with payment of 40 percent down and the balance in two years with 30 percent additional to be paid each year. Interest on time payments will be figured at 6 percent.

The tentative paving contract was adopted by the commission as a result of numerous requests from various property owners for a paving program. The requests have come from all sections of town, however, according to commission members—and they pointed out that the contractor will require complete sections of paving, rather than skipping from spot to spot.

Methodists Plan Second Church, Education Unit

A two-fold building program was outlined for the Methodist Church in Hereford Friday night at the Fourth Quarterly Conference. The program was received with enthusiasm on the part of the group and plans were made to expedite the program as rapidly as possible.

The expansion plan will feature establishment of a second Methodist Church in Hereford, along with erection of a two-story cement block and brick addition to the present Methodist Church structure to be used for an educational building. "Action of the conference Friday night brought organization of a new Methodist Church here a step nearer," said Rev. T. Edgar Neal, pastor.

The building committee named at the meeting follows: Carl Perrin, Sylvester Slagle, John McLean, S. O. Wilson, Tom Alderson, J. C. McCracken, Mrs. Earl Plank and Mrs. Wayne Edwards.

On Irving Street  
The new structure will be located on five lots, already purchased, on Irving Street in the Blevins Addition.

The church will face Irving and lies between George and Mable Streets. Right location, the conference also agreed to donate the residential property on Park Avenue, known as the Donner Estate, to the new church to be used as a residence for the pastor when the new organization is completed.

The church will be a separate Methodist Church from the start, Rev. Neal said. However, it will be sponsored by the First Methodist Church and will be assisted in every possible way until it gets on its feet.

Plans for the educational unit of the addition to the First Church are already in the blueprint stage, Rev. Neal continued. He said that the church now has around \$25,000 on hand for construction of the unit, and that they will soon be accepting bids. The addition will be used to house the children's department and junior high divisions of the First Methodist Sunday School. It will be two stories and will match architecture of the present building as closely as possible.

Bank Deposits \$832,372  
Higher Than Call Last Year

Bank deposits, although down from January 1, 1953, showed a definite increase over the bank call of a year ago. Combined deposits released by Hereford's two banks this week as of the close of business April 26, were reported at \$9,882,994.84. The call on March 31, 1953, showed a combined total of \$9,650,328.55—leaving a gain of \$232,666.29 on the 1953 report.

for the 1953 call. The increase in loans figured \$605,839.99. Deposits on the January 1, 1953, report totaled \$11,240,612.16. Loans at the same time totaled \$2,831,194.96.

Loans were also up for the area. The 1953 report disclosed a total of \$2,873,501.13 in loans as compared with \$3,179,541.13

Rain Predicted Next Saturday — To Officially Open Straw Hat Day

It will rain next Saturday, May 21. Such was the report today of the Chamber of Commerce Retail Merchants' Committee. The rain, if not in the form of water, will be pie plates.

"And if a pie plate comes your way, grab it," says chairman Pick Harman. "The plates will be stamped with all sorts of awards, including straw hats from the various Hereford merchants."

The stunt, adopted for official inauguration of Straw Hat Day in Hereford, will include the dropping of approximately 500 paper plates. Prizes, other than hats, will feature free ice cream cones, free

wrestling tickets, free theatre tickets, refrigerator water bottles and literally scores of other items contributed by Hereford merchants to make the event an outstanding success.

Saturday, May 2, was proclaimed official Straw Hat Day to coincide with other Panhandle towns and cities over the nation. Window displays and other special Straw Hat Day promotions will be sponsored by the merchants and by the Chamber of Commerce.

The plans will dump the prize plates Saturday afternoon, according to present plan. Plates will be thrown over Hereford, Friona and Dimmitt.

CALIFORNIA FIRM TO HANDLE "HEREFORD WATER"

Royalties For Water Rights To Be Used In Advertising County

Controversy over distribution of "Hereford Water," long a point of contention in the community, was closed this week when Theodora Lynch and Associates, Hereford, Texas Water Company, Inc., signed a five-year contract with the Deaf Smith County Chamber of Commerce.

\$25 Per Car  
The contract, in brief, gives the California concern exclusive rights of distribution in the United States of water from the mains of Hereford, Texas, for re-sale "for healthful and beneficial purposes." An attached resolution from minutes of the City of Hereford also agrees to sell the water to the Chamber of Commerce at the specified price of \$25 for each 10,000 gallons, which equals one tank car.

Ball Club Faces Busy Week Before Opener On May 2

A busy six days faced Hereford's new baseball club this coming week following announcement today of the 20-man roster by Managers Andy Anderson and Onias Carroll. The squad will play Tulsa in its first game of the Irrigation Belt League here Sunday, May 3, beginning at 2:30 o'clock.

The roster included the following players: Stan Barrett, John Winkler, Dick Ross, Raymond Lueb, Wendel Burdine, L. J. Clark, Terry McRight, Onias Carroll, Floyd Amira, Larry Christian, Jackie Burris, Dwaine Stewart, James Vines, Sam Albracht, Duane Albracht, Everett Allen, Andy Anders, Jack Hennen, Raymond Cummings, B. Northcutt will be official umpire.

"Places have not yet been definitely decided," Anderson reported. He also said that it was a little bit early to announce a starting line-up. "However, we do have some good boys—and we are hoping for a good season."

Local Board Has 28 Registrants

There were 28 new registrants recorded at the local selective service board during the month of March, according to Mrs. A. Petersen, clerk.

Included in the list of 18-year-olds were: Richard Engelke, Muleshoe; Jimmie Stowers Friona; Paul London, Hereford; Leslie Standifer, Hart; Connie English, Hart; Juan Hernandez, Canyon; James Adams, Dimmitt; Lawrence B. Hermesmeier Jr., Amarillo; Tom Villa, Muleshoe; Billy Carmichael, Hereford; Leland Moore, Canyon; Jesse Burch, Dimmitt; R. L. Layman, Hereford; Clarence Rogers, Canyon; George DeLozier, Hereford; Orest Green, Happy; Douglas Bracken, Hereford; Frank Boyd, Hereford; Paul Schroeter, Hereford; Wilfred Erdman, Hereford; Roman Friemel, Canyon; An-tulio Games Hereford; Floyd Schulze, Dimmitt, Tom Oliver, Hereford; Arnie W. Clark, Friona; A. C. Wimberly, Canyon; Clifton F. Newberry, Jr., Canyon.

Former Hereford Man Named Head Wayland College

Dr. A. Hope Owen, pastor of the First Baptist Church in Plainview has been elected as the new president of Wayland College, by members of the board of directors.

Dr. Owen's decision concerning the office will probably not come until Monday when he returns to Plainview from conducting a revival in Oregon.

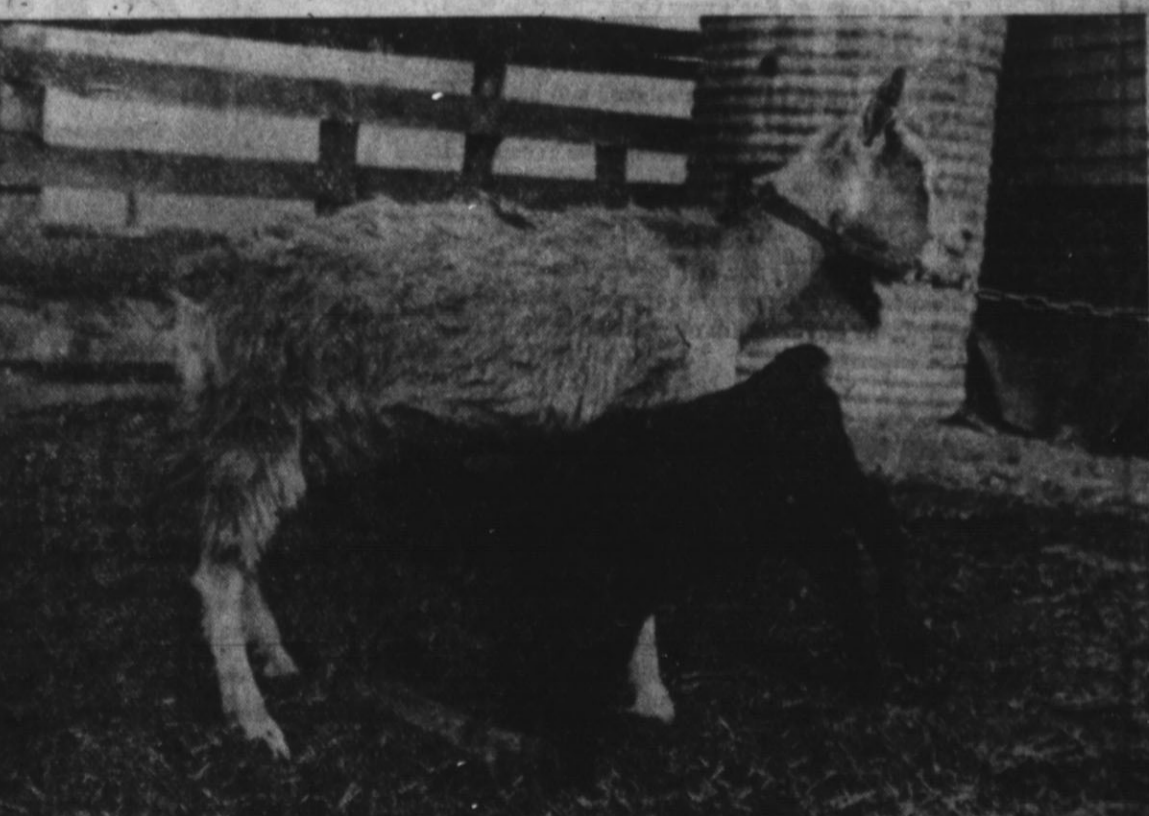

Dr. Owen is the brother of G. P. Owen, Mrs. J. B. Harlan, Mr. Jack Robinson and Mrs. Reba Howton of Hereford.

Dr. Owen attended school in Hereford from 1912 to 1916, when (Continued on Page Two)

resolution of March 16, when the City established the rates and assigned local resale privileges to the Chamber of Commerce.

"We have had propositions from several distributors," said Paul Harvey, C.C. president. "However, they were much the same in that each of the companies asked exclusive rights. The directors felt that the Lynch concern, by right of prior distribution and interest of expansion should have first opportunity."

The Chamber of Commerce expects to develop suitable labels for "Hereford Water" and to carry on an extensive national advertising campaign, provided the royalties afford sufficient revenue. In addition, the group felt that handling of Hereford Water in this manner would eliminate appearance of substitutes by other companies and provide reasonable protection to purchasers.

HOW TO RAISE A PREMATURE CALF is answered here. The little fellow weighed only 10 pounds when he was born three weeks ago, and was far too short to reach his mother's udder. Clyde H. Gilliland went out and bought the goat, then enticed the calf to nurse. The calf now weighs around 30 pounds and the goat shows every instinct of "mothering" the calf, having long since forgotten her original protests. The two animals seem to even understand each other, Gilliland reports. At least, when the goat bleats a long "ba-a-a-a," the little calf comes on the run. Staff Photo.

Page Two  
**Around.....**  
 (Continued From Page One)  
 it was announced today by Mrs. Corinne Jennings. Marlin Gilliland will be instructor for the course, assisted by George Jowell. Anyone wishing to enroll was invited to contact Mrs. Jennings at the Red Cross office in the courthouse.

Phone 664.  
 Dewey Dykes, Route 2, Hereford, recently listed as winner in a nation-wide tank truck suggestion promotion by Continental Oil Company. Mr. Dykes suggested a tractor or seat that may be made to lift up by attaching two 6-inch strap hinges. The flip-up seat will be

illustrated in a series of farm magazines over the nation, pointing out that it "turns back for standing up on tractor or for protecting the seat from showers." He received a \$10.25 Disston hand saw for his idea.  
 The Home Demonstration women have gone into the retail business

again, according to Mrs. R. C. Childers, who is asking for fruit orders. She says fruits are scheduled earlier this year with strawberries due around May 5. Orders, she says, will have to be placed soon.

The police benefit show, aided and abetted by the high school dramatics class, reported a total of \$125.85 from the skits presented in the high school auditorium Friday night. Proceeds will go into the policemen's fund to be used for various purposes.

Crappie fishing was still reported as "slow" at Buffalo Lake. A few catches were coming in this week, but anglers say "nothing spectacular."

**Lennie Taylor Buried Friday**

Funeral services for Lennie J. Taylor of Dimmitt were conducted Friday afternoon at 3 o'clock at the Church of Christ in Dimmitt. Linwood Bishop officiated at the rites.

Burial was in the Dimmitt cemetery under the direction of Gilliland Funeral Home of Hereford. Mrs. Taylor died at her home in Dimmitt Thursday morning, April 23, at 5 o'clock, following a short illness.

Born on August 4, 1873 in Lexington, Miss. Mrs. Taylor came to Texas in 1886. She was married to J. M. Taylor on December 23, 1888 in Campbell, Texas. The Taylors moved to Castro County July 20, 1947 from Wellington.

Mrs. Taylor was a member of the Church of Christ. Survivors include: her husband, J. W. Taylor, Dimmitt; three sons, D. F. Taylor, Clovis; B. Taylor, Childress; and A. H. Taylor, Dimmitt; one daughter, Mrs. Effie Ault; nine grandchildren and 11 great-grandchildren.

**Exchange POW Calls Family In Hereford**

"I've been waiting a long time for this" was one of the first things Sgt. Gerald Neighbors told his wife Shirley, via telephone from Tokyo Thursday night.

When two-year-old Cynthia Kay, whom Neighbors has never seen, discovered it was her daddy on the phone she grabbed it away from her mother and shouted "Hello Daddy!"

Neighbors told his wife that was the cutest thing he had ever heard. Since Neighbors only had three minutes for the call Mrs. Neighbors took the phone from Cynthia Kay, causing her to cry. She said, "that's my daddy and mommie won't let me talk to him."

Cynthia was in her pajamas ready for bed when the call came through. He asked that Shirley and the little girl meet him as soon as he got settled at a hospital.

Neighbors also asked Shirley to be sure to have some lemon pie ready for him when he got home. His first gift to his daughter will be a doll that he purchased in downtown Tokyo while waiting to come home.

Neighbors will probably be located at either Fort Sill or Fort Sam Houston, Mrs. Neighbors said, because they are the closest bases to Hereford.

This week the Army notified Mrs. Neighbors of her husband's condition.

They said that he had had dysentery for five months and several months ago had pellegra. They also said he was suffering from an old flesh wound on the left side.

Mrs. Neighbors said that when he was injured before his capture she had been told it was on the right side.

**REA Annual Meeting Scheduled At Bull Barn Thurs., April 30**

Expected to draw a capacity crowd, the REA annual meeting has been scheduled in Hereford for Thursday, April 30, according to Leo Forrest, manager, who said today that the event will open at noon with a "Baby Beef" barbecue for all members. The meeting will be held at the Bull Barn on Highway 60.

Program is listed  
 Following the lunch, President T. E. Seigler, Jr., will call the meeting to order; H. H. Miller, secretary, will read notice and proof of mailing, followed by minutes of the 1952 meeting. Mr. Seigler will then give the president's annual report and Mr. Miller will give the treasurer's report. John Ragland, engineer, for H. N. Roberts and Associates, will outline future plans, followed by the manager's report by Leo Forrest.

Robert Bell, assistant manager, will discuss and outline the telephone program which is being sponsored through REA, and will give details regarding delays in service on the new lines.

"Type of Annual Meeting" will be the topic of "Goose" Ramey, consumer, and special entertainment features will follow.

Name Two Directors  
 James W. Witherspoon, REA attorney, will be in charge of the election of officers, which will include a report from the nominating committee. Call for nomination

tions from the floor will be followed by appointment of election judges. Two directors will be elected, one from the Hereford area and one from the Farwell-Oklahoma Lane area. Listed from the Hereford area are T. E. Seigler, Jr., and Colby Conkright, while the Farwell area lists A. L. Hartzog and Web Gober.

Drawings for door prizes will follow tabulation of ballots, and will officially close the meeting.

**GRASS ROOTS**

Preach Edelman informed me the other day that the ground temperature was up to sixty degrees. Won't be long at that rate before cotton planting time. Not sure just how deep Preach took that temperature but I sure wouldn't recommend seeding as yet.

Grain Sorghum seeding is near at hand and I feel it is an opportune time to put out another blast on the Texas-Seed Law. The primary purpose of the seed law is to make it possible for farmers to buy planting seed which can be relied upon to give favorable return on seed investment by utilizing information on the official tag of label so that he may decide whether the stock is the best obtainable for the money; to increase the net income for farm families by more careful seeding and seed production methods; to eliminate selling of inferior seed with large weed content by dealer or trucker. This law was passed to affect all individuals and firms alike.

The primary noxious weeds in our area are Johnsongrass, Field Bindweed and Blue weed. Some of these have been brought in by birds, livestock and transient combines, but the majority of it has been planted. The law requires that Certified seed be noxious free, and that all non-certified seed must show the name and amount of all noxious weed on the seed tag. Certified seed would have to get very high before a man could not afford to plant it. All of you know how fast Johnson grass, blue weed and bindweed will spread.

Now the meat of the above trade is this. We are proud of the seed which we sell to farmers and certainly don't intend to put out an inferior product just because the price tag might look good to an unsuspecting customer. One bindweed seed means a hundred plants or more one year later. The land is our bread and butter and we want to be around a few more years. We have the information and the material for the control of these weeds, but the best cure is to never let them get started.

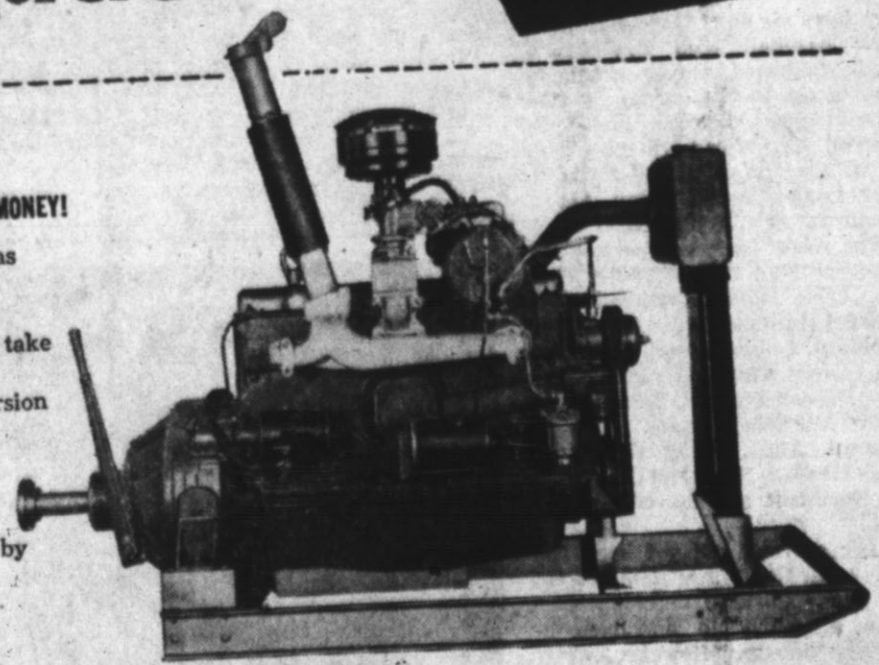

Feel primed to make an observation on the Korean situation. Don't feel out of line either since I'm sitting right on top of a reserve commission and feel certain that if the War Department were to follow my suggestions that I would be waving good-bye out the window of a troop train pretty fast. At any rate it seems to me (Familiar ring to that introduction) that there are several high ranking officers, trained in the art of war sitting in on those Peace Conferences that could better utilize their time planning ways of winning this "Police Action." Please note that I said winning and not trying to make deals with people who have lied on every turn and laughed at our efforts to bargain for peace. The only time I ever tried to bargain with an animal was when I lost the seat of my pants to Joe Bishops' German Police dog when I was in grade school. I feel confident in saying there is more than a pair of pants or a chewed up caecum at stake this time.

**new REO LP-gas engine**

is revolutionizing power irrigation!

NEVER BEFORE SO MUCH POWER, ECONOMY, DURABILITY, AND DEPENDABILITY FOR SO LITTLE MONEY!  
 The efficiency of Reo's new Gold Comet LP-Gas powered irrigation engine is truly amazing. The reason is simple. IT IS A 100% LP-GAS ENGINE... engineered, designed and built to take full advantage of LP-Gas characteristics.  
 The result is no loss of horsepower in conversion to LP-Gas... excellent fuel economy... and extremely low maintenance cost. The Reo Gold Comet incorporates maximum parts interchangeability for low cost maintenance. Inexpensive factory parts are easily installed by practically anyone with mechanical skill and experience.

REO'S GOLD COMET LP-GAS ENGINE AVAILABLE WITH RADIATOR OR EXPANSION TANK COOLING

The Reo Gold Comet LP-Gas engine has 331 cubic inch displacement... develops 93 continuous horsepower at 2500 rpm. You have a choice of radiator cooling, or an expansion tank type for remote-location cooling.

USE THIS SENSATIONAL LP-GAS ENGINE FOR ALL YOUR POWER NEEDS!  
 Typical services for which the Reo Gold Comet LP-Gas engine is suitable are:

- Oil field work
- Cotton ginning
- Contractors' equipment
- Hoists
- Shovels
- Compressors

Come in and see this outstanding LP-gas engine today!

Survivors include: one brother and three sisters besides her parents.

**Northwest Hereford News**

By Mrs. R. C. Childers

Mrs. Louie Olson returned Monday after spending over a month with her mother, Mrs. George Brumley, who is in a Dallas hospital.

Mr. and Mrs. Irvin Roberson and family, and Mr. and Mrs. Delbert Bismar and family, were TV guests in the C. S. Barclay home Wednesday evening.

About one-half of an inch of moisture fell in this vicinity Wednesday night and Thursday. The moisture was beneficial to the wheat, onions, potatoes and pasture grasses. The onions and wheat showed the benefit from the moisture the next morning.

Potato farmers in this vicinity were hurt by the recent freeze, the opinion being that some of the plants were killed, but the majority will come out and make, although somewhat.

Tulips in the rural areas have been prettier this year than they have in several years.

Fred Inman lost a calf this week from grazing on alfalfa in pasture

**Rainbow School Attended By 354 Here Saturday**

There were 354 Rainbow girls and adults representing 21 Rainbow chapters in Hereford, Saturday for a school of instruction.

The school was held in the Central school gym.

Mrs. Martha Marie Whitfield, supreme inspector, Order of the Rainbow Girls of Texas conducted the school which was planned by Mrs. W. C. Hromas of Hereford.

Visiting grand officers at the school included: Gladys Laing and Janabeth Laing of Earth, Dale Womble, Stinnett, M. G. Kennedy, Levelhand, Mrs. W. C. Hromas, Hereford; Mrs. M. M. Whitfield, and Vegavene Apple.

Following the afternoon session a tea honoring Mrs. Whitfield and Vegavene Apple, grand worthy advisor, was held.

Hostess assemblies for the school were: Amarillo, Bovina, Canyon, Dimmitt, Earth, Floydada, Happy, Hereford, Muleshoe, Olton, Palo Duro, Plainview, and Tulia.

**Blossom Group Entertains Dads**

Members of the Blossom Blue Bird group entertained their fathers with a dinner at the Camp Fire Hut Friday night.

Those attending were: Howard Beasley, J. C. Reese, Cecil Boyer, Joe Story, Dennis Baker, Martin Campbell, Wayne Edwards, Jack Gilliland, Otto Gilliland, Earnest Langley, Jimmie Gillentine, Paul Hoff, Ray Downey, Louis Woodford, Jack Wright, Judy Fowlkes, Helen Sears, Roxie Lynn Fawyn, Suzanne Woodford, Mary Raye Downey, Judy Hoff, Sara Gillentine, Suzanne Langley, Neeia Gilliland, Maribeth Gilliland, Linda Edwards, Sandra Campbell, Cheri Baker, Joy Story, Beverly Boyer, Jan Susan Reese, Brenda Beasley.

A number of boys and girls from this community attended the Band Concert in Canyon Thursday. Kenneth DeHart who plays the cornet, Raymon Childers, who accompanied; Pickens Morre on the piano, who played a solo on the French Horn. Others attending from this vicinity, were Retta Jan Hargis, Mozelle Telchick and Bonnie Lewis.

Paul S. Corbett is installing a concrete irrigation system on his farm three miles west of Hereford.

Utah, Colorado, Arizona and New Mexico join at one point.

Georgia is the largest state east of the Mississippi.

Boston is the largest capital city in the U. S.

Jai-alai is the swiftest game in the world of sports.

Postmen are limited by law to 50 pounds of mail per trip.

**Summer Irrigation Rates Allowed To City Water Users**

Hereford's annual summer irrigation water rates went into effect April 20—but you won't notice the difference until June 1.

The summer rate, affording considerable drop in city water charges, started on April 29 to May 20, and will appear on bills mailed out on June 1.

The first 2,000 gallons is covered in the \$1.50 minimum charge, which does not change, but the next 3,000 gallons drops from 25 cents to 19 cents per 1,000; the next 5,000 drops from 15 cents to 12 cents; next 10,000 drops from 12 cents to 10 cents, and the final 10,000 drops from 11 cents to 9 cents. All water over the 30,000 gallon mark will drop from the present 9 cents per 1,000 to 7 cents per 1,000 gallons.

The lower rate, recently approved by the Commission for 1953, has been customary in the past and is allowed in order to encourage beautification of lawns, shrubbery and appearance of yards.

**Cecilia Loerwald Named Leader For Humming Blue Birds**

Cecilia Loerwald was elected president of the Humming Blue Birds when the group met at the Camp Fire hut Wednesday.

Edith Hagar is the new vice-president, Donna Grace Nafzger, reporter.

Following the business session, the girls played ball in the park.

Those attending were: Phyllis Jean Ward, Wyndolyn Sheppard, Cecilia Loerwald, Janell Slack, Patricia Bell, Marilyn Jones, Marilyn Martin, Glenda Fay Lester, Paula Sue Morre, Bernice Denny, Linda Smith, Gail Layman, Edith Hagar, Verna Parker, Kay Albracht, Alma Lora Muller, and Mildred Myers.

It would take 53 years for an airplane, traveling 20 miles per hour, to go from the earth to the sun.

Sailing due east out of Boston Harbor, one would land first in Australia is the only continent lying entirely south of the Equator.

### Care of Seeds Is Camp Fire Lecture

Mrs. Herring talked to members of the Wahampta Camp Fire group on planting and care of seeds when the group met Thursday afternoon at the Camp Fire hut.

Those attending were: Rosa Strange, Jane Pool, Verna Brown, Johnny McCathern, Bonnie Craig, Sandra Roberson, Sheryl Patterson, Lois Christman, Judy Coffen, Judy McGee, Marilyn Newell, She-

ila Williams, Betty Walser, Mrs. Louis Woodford, Margaret Boomer, and Mary Thompson.

### RIGHT-OF-WAY FAILURE BLAMED IN ACCIDENT

Charges of failure to grant the right of way were filed against Onhor Cleveland Williams following an accident Saturday morning. Williams, who was driving a 1949 Plymouth, pulled away from the curb on Third street and ran in front of a 1949 Ford driven by J. J. Lindsey.

### Damages Of \$500 Seen In Accident

Damages set at about \$500 were the result of an accident at the intersection of Highway 51 and Park Avenue early Wednesday morning.

A 1948 Hudson driven by Joe M. Miller was traveling east on Park and ran a stop sign at the intersection. He collided with a 1953 Ford pick-up going north on Highway 51 driven by Jay Boston. Damage to the pick-up was set at \$300 and to the Hudson at about \$200.

**Hereford Bands Win Ratings In League Contests**  
The junior high school and senior high school bands went to interscholastic league contests in Canyon this week and returned with several high ratings.

The junior high school band took a first in concert playing and a first in marching.  
The high school group received a second in marching, a second in concert playing and a second in sight reading.  
Pickens Moore won a first in student conducting and a first with his French horn solo.  
Jimmy Lady took a second division rating with his cornet solo.  
Bobbie Drury took a second division rating in student conducting.  
A twirling trio made up of Martha Jean Brown, Barbara Rogers and Sylvia McCracken took a third division rating.  
Martha Jean Brown received a second division rating in individual twirling, Barbara Rogers took a second, Sylvia McCracken had a third, Irene Witherspoon took a second rating, Bonnie Lewis had a third, and Wanda Kimbrough took a third.  
Joan Brown, junior high school drum majorette took a second division rating in individual twirling. The four other junior high school twirlers, Mary White, Ella Marie Williams, Barbara Damron and Carolyn Shirley all had a third division rating for individual performance.

Varsity is derived from the word university.  
Sierra Nevada, in English means snowy range.

### Kitchen Color Scheme Should Fit Personality Advises HD Agent

"Use a color scheme to suit your personality in decorating your kitchen," stated Argen Draper, in a demonstration on "Kitchen Decorations" at the regular meeting of the Cultural Home Demonstration Club, at the home of Mrs. R. E. Hargis, Thursday afternoon. Various combinations of floor and wall coverings were shown, and the merits of each discussed. During the business session,

which was presided over by Mrs. Fred Wolfington, Mrs. Herbert Bellar was elected as a nominee for the State T.H.D.A. Meeting in Galveston, Sept. 30. Mrs. Wolfington announced that a work day was called for Thursday, April 30, to complete the road signs. Members are to meet at 1:30 at the Wolfington home. Another meeting was called for 1:30 o'clock, May 5, at the home of Mrs. C. S. Barclay

### FOIBLES

### Fancy and Plain

By Kent Snare

The long awaited North Central Association meeting comes off this week and the athletically inclined schools, one and all, are awaiting the decision somewhat like the cat, who after eating limburger cheese, waited at the mouse hole with baited breath. . . . The outcome is clouded, but the non-extenuating guesses are rife. . . . Consensus being that no matter what evolves, that big money football will survive and prosper. . . . It is rumored that faculty reps, and even some presidents, of conferences concerned, have already been closeted and the old saw that, "Misery loves company," may have been the theme to weld some concerted opposition to the NCA. If said august body insists on strict compliance to their athletic meddling. . . . One hazy hazard has it, that the NCAA will intervene. . . . It could, of course intercede but would, no doubt, receive short shrift from the NCA, on the same grounds of objection, meddling. . . . One riddle, that has all of the concerned parties, outside of the NCA, looking at their hole card, is, "How come they took dead aim at the Okie Ags?" . . . The only sport lucrative enough to entice both money and alumni is football and the Cowpokes have never attained anything approaching national stature in that sport. Some of the prolate spheroid biggies think there is a Senegambian secreted in the silence which might make one and all trepitate on

to complete the course on Copper Craft. Members present were: Mrs. C. S. Barclay, Mrs. Herbert Bellar, Mrs. Paul S. Corbett, Mrs. Earl DeHart, Mrs. W. E. Holcomb, Mrs. Art Lewis, Mrs. Louie Olson, Mrs. Ira Scott, Mrs. M. W. Sumner, Mrs. Wolfington, Argen Draper and her hostess Mrs. Hargis. Two visitors, Mrs. G. W. Hilliard and her mother-in-law, Mrs. G. Hilliard of Stamford. The next meeting will be held in the home of Mrs. M. W. Sumners, who lives 22 miles northwest of Hereford, May 7.

Quebec, Canada is the only walled city in North America. Cuba is touched by the Atlantic Ocean, the Gulf of Mexico and the Caribbean Sea.

### North-South Bus Line Might Be Shortened Instead Of Suspended

Recommendation of shortening the present North-South bus line rather than discontinuing it appeared faintly possible here Friday following a meeting in the Chamber of Commerce offices in Hereford. C. M. Owens, representative of the Texas, New-Mexico and Oklahoma Coaches, Inc., met with delegations from Dimmitt and Hereford to discuss the situation. The meeting followed an application by the transportation company with the Texas Railroad Commission for suspension of the line for a 12 month period. "It is possible that the company might consider dropping the line from Littlefield into Lamesa, and continuing the run from Littlefield to Hereford," Mr. Owens said, "but all I can do is bring it to their attention."

### NEWS EVENTS \* HAPPENINGS FROM FRIO

**By Mrs. Owen Andrews**  
A Sunday School Study Course of the Frio Baptist Church will begin on Monday night, April 27 and continue through Friday night. Rev. Ward will teach Adults, Danny McLellan will be in charge of Young People, A. D. Johnson, Intermediates; Mrs. Owen Andrews, Juniors; Misses Nellie Jo Simpson and Veradelle Andrews, the Primary class. Work will begin at 7:30 each night. The Home Makers Club met Wednesday in the home of Mrs. W. A. Springer with 30 members and visitors present. Mrs. Vann, CHDA, and Mrs. Ted Woods, R.N., both of Dimmitt, showed films on "Cancer education. Those present were Mesdames Lester Irwin, C. N. McClure, Ted Woods, Vann, H. F. Benson, H. E. Lindley, Sam Lindley, W. H. Thompson, E. F. Vogler, Elbert Summers, E. H. Little, Gene Noel, H. D. Robbins, T. L. Sparkman, Jr., Ernest Harder, Simmons, J. C. Stockton, Frank Robbins, Leonard Buttrill, Jack Jones, Earl Cole, H.M. Mobley, Glenn Gripp, T. L. Sparkman, Sr., Spicer Gripp, Henry Dobbs, Owen Andrews, Guy Cox Miss Alma Andrews, and the hostess, Mrs. Springer.

The next meeting will be on May 13th, at the Dobbs' home and will feature on "See How Wash Day Has Changed." Mrs. Joe Deavenport and new son, Jeffrey Tryman, are at home now and are both doing fine. Jeffrey was born on April 14 at the Deaf Smith County Hospital. Visitors at the Deavenport home, Tuesday night, were Mrs. Deavenport's sister, Mrs. David Breith, Mr. Breith and Sharon, all of Midland. Mr. and Mrs. Leonard Buttrill and children visited the home of his brother, D. Buttrill, in the Progressive community, Sunday. Mr. and Mrs. Carlton Dobbins were visiting his mother, who was ill, and other relatives at Winters,

Loss \$35 Daily  
Owens told the group that the line had lost from \$30 to \$35 each day since it started operation in January of 1950. He also pointed out that operating revenue seemed to be declining, rather than increasing. Dimmitt delegates protested dropping the line on grounds that it provided the only daily public transportation in and out of the town. The Hereford group supported Dimmitt in pointing out long, tedious schedules from Hereford to such points as Littlefield and Leveland.

The group also pointed to possible future connections with Dalhart on the present line, but Mr. Owens said he felt that the company was not particularly interested in expanding in this direction.

Philadelphia has no seacoast, yet has a navy yard.

Buenos Aires is called the "Washington of South America."

The River Rhone in France is the swiftest in the world.

Shower Given Friday  
Mrs. Weldon Stephens was honored at a miscellaneous shower at Frio Friday afternoon. Her chosen colors of blue and yellow were carried out in the decorations and on the tables. Each lady was given a slip of paper, on which she wrote words of "advice" for the new bride. Piano music and opening of gifts provided further entertainment. The honoree received many nice and useful gifts. Out of the community visitors included the honor guests mother-in-law, Mrs. Moody Stephens, from north of Hereford. Hostesses were Mesdames H. M. Mobley, Owen Andrews and W. A. Springer. Mrs. Olin Parris presided at the guest book.

Mr. and Mrs. W.H. Andrews and children are spending this week end in Lawton, visiting Mrs. Anill, and other relatives at Winters,

MRS. A. L. MANJEOT, left, was speaker for the Emblem breakfast of the B&PW club Sunday morning at Jim Hill

Hotel. Others at the table are: Kathleen Caylor, Cecil Williams and Brucie Rose. Staff Photo.

CECIL WILLIAMS discusses the meaning of the integral parts of the B&PW club emblem with Kathleen Caylor at the B&PW clubs annual breakfast held last Saturday morning at the Jim Hill Hotel. Staff Photo.

## B&PW Club Holds Annual Emblem Breakfast Sunday

One of the highlights of the year for B&PW Club members is the annual Emblem Breakfast which takes the form of a renewal of purpose and deeper understanding of the emblem and its symbols. This year's breakfast was held in Hotel Jim Hill ballroom Sunday morning at 7:30 o'clock with appointments featuring the club colors of blue and gold. A replica of the emblem in plastiform, banked with flowers, was the focal point in table decorations. Kathleen Caylor and Naomi Hodges were in charge of arrangements. The invocation was given by Grace Thomas followed by the club collect led by the president, Brucie Rose.

Mrs. A. L. Manjeot, special guest, gave the meditation on the club's theme for the year "The Ramparts We Build." Donna Caylor and Doris Russell entertained with a vocal duet accompanied at the piano by Frances Parker. Cecil Williams, charter member of the club, gave the "Emblem Review," explaining its ethics and stressing the obligations of those working under its banner. "B&PW Club members must have high principles, integrity and responsi-

## Les Meres Study Club Holds Annual "Problem Night"

"Problem Night" one of the most interesting occasions of the year for Les Meres Study Club, was held in the home of Mrs. Howard Gore Monday evening. During the business session members voted to make the year books for the 1953-54 season and it was also decided to combine the offices of the historian and reporter. A report from the Seventh District, TFWC Convention held in Hereford

recently, was given by Mrs. Gore. Members each submitted a problem for discussion. These questions or problems were exchanged and individually discussed with a round table following the discussions. In attendance were Mesdames: Ed Brinsdine, Dick Ghobson, Glenn Gripp, Spicer Gripp, C. B. Hudson, W. D. Jones, Robert Lemons, Eugene Noel, W. N. Reiger, Elvin Wilson, Earl Hopson, J. E. McCathern, Leo Hoffman and the hostess.

## Mrs. Don Fudge Is New Member Of La Madre Mia Study Club

Mrs. Don Fudge was welcomed as a new member of the La Madre Mia Study Club at the meeting held with Mrs. Arthur Tinsley Monday night. Mrs. Dean Herring was co-hostess.

Plans were discussed for a bake sale held at Coopers' Market Saturday and plans were completed for the installation dinner honoring new officers of the club on May 21. Mrs. Bradley Lookingbill was in charge of the program, giving a discussion of bedtime problems. She advised setting a regular time for putting children to bed and suggested that the schedule be kept until the habit was formed. She told what to do in case children walk in their sleep or have bad dreams, and suggested that parents try to eliminate any fear the children may have of being alone. Members attending the meeting were Mesdames: Troys Riddle, Bobby Owen, Robert Goldsborough, Glenn Hopson, Bradley Lookingbill, Vera Wilson, Eugene Sparks, Herschel Miller, Edward Roberson, Lewis Beckman, Stanley Philipp, Jack Reynolds, Glenn Wilson, Lillian Hamilton and the hostesses.

## Mrs. Swartzell To Appear In Piano Recital Sunday

Mrs. Leta Dene Swartzell, music student from Hereford, will be presented in a senior piano recital Sunday at 4 o'clock in the Administration Building auditorium at West Texas State College. The public is invited.

Mrs. Swartzell's program will open with Bach's "Come Sweet Death" and Beethoven's three-movement "Sonata Pathetique, Op. 13." Second portion of the recital will include "Scenes from Childhood" by Schumann, with three parts titled "Perfectly Contented," "Blindman's Buff," and "At the Fireside"; "Voiles (Sails)" by Debussy, and "Three Ecossaises, Op. 72, No. 3" by Chopin. Other selections on Mrs. Swartzell's program are "Polka" from the ballet "L'Age d'Or" by Shostakovich, "Evening in the Country" by Bartok, and "The Harmonica-Player" by Guion.

## Hereford Garden Club Announces Plans For "Table Show" On May 9

Plans are being completed for the Hereford Garden Club "Table Show" which will be held Saturday May 9, at 2 o'clock in Shirley School cafeteria. Each arrangement will be discussed in the two hour program. Committees for the Table Show include: Mrs. A. L. Manjeot, general chairman, Mrs. O. G. Hill, programs; Mrs. M. T. Rutter, properties; Mrs. Wm. F. Hardwick, finance; Mrs. O. H. Herring, tickets; Mrs. J. P. Slaton, photography; Mrs. H. M. Cogswell, hospitality; Mrs. C. D. Kelton, hostesses; Mrs. A. O. Thompson, corsages and Mrs. R. Grady Bowdry, publicity.

The tables will be set with linen, dishes, crystal, silver and flower container by members of the club, and arrangements will be made for each table by Mrs. Hamilton. Each arrangement will be discussed in the two hour program.

## Watika Camp Fire Holds Ceremonial

A ceremonial was held by the Watika Camp Fire group Tuesday afternoon at the Camp Fire Hut. Jo Ann Cupell passed her Woodgathers rank at the meeting and eight girls were awarded six month's attendance buttons. They were: Sharon Arrington, Carolyn Kirby, Dee Buck, Euginia Alexander, Melba Gay Lawrence, Mary Lynn Morrison, Betty Paetzold and Dolly Paetzold.

## Win One Class Has Business-Social Meeting

Mesdames T. H. Coursey, C. B. Williams, J. E. Jones and C. M. Hicks served as hostesses for the Win One Class of the Methodist Church when a business and social meeting was held Tuesday afternoon in the parsonage. Mrs. J. E. Beyer and Mrs. I. H. Spratt were in charge of the music and the devotional lesson was presented from John 3:16 by Mrs. C. C. Bowman. The remainder of the afternoon was spent in a discussion of class projects. Those present were Mesdames: M. M. Beavers, Pearl Bergin, J. E. Beyer, J. M. Brownlow, C. C. Bowman, A. T. Jones, Luther Pevely, I. H. Spratt, Wm. McGehee, F. M. Faulkner, E. J. Hudson, Laura Thomas, Andy Thomas, F. W. Solomon, Josie Funderburg, J. F. Ward, A. C. Thompson, Fred Millard, T. Edgar Neal, and Miss Lela Botsford. Mrs. L. S. Kennedy of Oton was a guest.

## Win One Class Has Business-Social Meeting

Honor beads were also awarded to the girls. Mrs. Herring of the Hereford Garden Club gave a talk on horticulture. She also gave the girls packets of flower seeds and told them how to plant them. Those present were: Sharon Arrington, Eugenia Alexander, Carolyn Kirby, Dee Buck, Melba Gay Lawrence, Mary Lynn Morrison, Betty Paetzold, Dolly Paetzold, Jane Bookout, Ann Caraway, Jo Ann Cupell, Linda Hair, Carol Ann Newell, Linda Kay Noland, Virginia Witherspoon, Donna Witherspoon, Loeda King, Patty Howard, Dolly Jo Prowell, Mrs. H.H. Caraway, Mrs. F. L. Alexander, and three guests, Mrs. Herring, Mrs. Jim Bookout, and Mrs. John Jacobson, Jr. and daughter.

## L.A.E. Club Makes Plans For Closing Club Luncheon

L. A. E. Club enjoyed a program on "Cancer" at the meeting held Tuesday afternoon in the country home of Mrs. B. A. Reddell. During the business session plans were made for the closing luncheon which will be held on May 5 in the home of Mrs. Altus Higgins. Plans were also discussed for next year's projects. A box of materials was sent to Girlstown for the girls to make their summer clothes. The program was presented by Mrs. Jim Lovins and Mrs. George

Suggs. Mrs. Lovins told of the Damon Runyon Cancer Fund and how it came to be established through Walter Winchell. Mrs. Suggs spoke on self examination for cancer pointing to the symptoms to be watching for. Members of the club attending the meeting were Mesdames: C. E. Beauford, Altus Higgins, Bill Jones, Boyd Knox, Jim Lovins, Luther Lesley, Gordon Newsom, Phil Radovich, T. W. Roberson, Sandford Smith, Arthur Hoy, George Suggs, Jim Whelan, Harvey Breek and the hostess.

## "Folk Music" Is Topic For LaPlata Study Club Program

"Folk Music" was the subject of the program of LaPlata Study Club when members met in the home of Mrs. E. W. Dettman Tuesday evening. Mrs. Leroy Aven was in charge of the program and Mesdames Dettman, Homer Brumley, and A. J. Schroeter formed a trio to sing some of the most favored folk songs. Included were "Believe Me if All Those Endearing Young Charms," "Go Down Moses" and "Skip To My Lou." In conclusion the trio led the group in singing "Home On The Range." During the business meeting Mrs. W. R. Hair was welcomed as a new member of the club and report of the ten dollar award in

the music department made to the club at Seventh District Convention held here, was made and members voted to send the amount of the award to the fund for the restoration of Independence Hall in Philadelphia, which is the GFWC project. Members also voted to donate to the fund for relief in Holland and to give aid to the State Institution in Wichita Falls. Attending were Mesdames: Milton Adams, Leroy Aven, N. D. Bartlett, Jr., Harry Bennett, Homer Brumley, Dalton Criswell, Ray Downey, Clint Formby, J. R. Johnson, Lynn Kester, Don Little, A. J. Schroeter, Charles Spurlock, Urlin Streu, J. M. Thomson, Frank Prowell, W. R. Hair and the hostess.

## Church Ceremony To Unite Avis Culp, Milford Grisham June 7

Mr. and Mrs. N. W. Culp, formerly of Plainview now living in Hereford, announce the engagement and approaching marriage of their daughter, Avis, to Milford Grisham, son of Mr. and Mrs. A. G. Grisham, Plainview. The wedding ceremony will be read June 7 at 3:30 p.m. in the Avenue Baptist Church, Hereford. Miss Culp, a graduate of Kress High School, is a Junior at Wayland College. During her college career she has been active in many of the campus organizations. She has been treasurer of the Volunteer Mission Band; social chairman of the Pioneer Hall girls' dormitory; member of the Baptist Student Union Choir and has sung alto with the choir quartet. Miss Culp has been a member of the BSU Greater Council, serving as program director for the BSU radio program each week. At the present time she works as a library assistant at Wayland. Last summer she was selected to work with the Texas Invincibles of the Baptist Sunday School Board. Grisham, graduate of Lytle High School, who is an honor student at Wayland, will receive his B. A. Degree in Bible this May. He is

manager of the Wayland World Press and Educational director for Avenue Church, Hereford. Prior to going to Hereford, Grisham was educational director at the Baptist Church, Lorenzo, and at Parkway Baptist Church, Plainview. He has served as song leader for the young people of the Staked Plains Association and president of the young people of the Terra-Blanco Association. At Wayland he was selected for the Who's Who in American Colleges and Universities and last spring was on the campus Who's Who. He has been election vice-president and Sunday School representative on the BSU Council; song leader for the Missionary Students Organization; and a member of the Volunteer Mission Band and Ministerial Alliance.

Mr. and Mrs. Burton of Westaco, Texas, are this week visiting in the home of Mr. and Mrs. Cecil Massey on Avenue K. Mrs. Massey is his daughter. Mr. Burton has also been subpoenaed in a county court trial as witness on a DWI arrest which occurred near the Massey home during one of his previous visits in the community.

## LET'S COOK SOMETHING How Do You Like Foreign Food?

How Do You Like Foreign Food? Your answer to that question will probably be the same as the foreigner's when asked about American food—"Not very well at first, but later—how we love it." Around the world, however exotic a diet may seem to an outsider, it is quite the opposite when that food becomes familiar with the individual touch of the housewife who likes to prepare it. Homemakers who like to try out different kinds of food and different recipes must invariably become good cooks. Mrs. H. C. Williams likes to cook and likes to try out unusual dishes. She suggests if you need an unusual company dish—try Chow Mein. Chop Suey is the name for the dish when it is used with cooked rice. Chinatown Chop Suey or Chow Mein is a strictly foreign dish that has been adopted by America during the past few years. Its wonderful for company and is as unusual as it is good. Here is Mrs. Williams' recipe.

Combine:  
2 tablespoons cold water  
2 tablespoons cornstarch  
1 tablespoon LaChoy Soy Sauce

5 minutes.  
Blend these ingredients and add to first mixture for flavoring and thickening. Stir lightly and cook for one minute.  
Serve piping hot with LaChoy noodles for Chow Mein and with soaked rice for Chop Suey.  
Garnish with lettuce, sliced green onions and sliced cold boiled eggs.

**Chinatown Chop Suey or Chow Mein**  
1/4 cup butter  
2 cups cooked prok, beef or chicken, chopped  
1 cup onions, cut fine  
1-16 teaspoon pepper and 1 teaspoon salt  
1 can bean sprouts (drained) or 1 can mixed Chinese vegetables (drained)  
2 cups celery cut fine  
1 1/2 cups hot water  
Melt butter in hot skillet, add onions and fry for three minutes. Add celery, salt, pepper and hot water. Cover and cook for five minutes. Add drained bean sprouts or mixed Chinese vegetables and meat. Mix thoroughly and cook for

MRS. BILL BRADLEY named president of Young Mother's Study Club at the regular meeting of the club Monday night.

## Young Mothers Study Club Elects New Officers For 1953-54 Season

Officers who will serve for the 1953-54 club season, were elected at the Young Mother's Study Club session held with Mrs. W. B. Dowell Monday evening. Those who will take over their duties at the opening of the fall and winter season will be: Mrs. Bill Bradley, president; Mrs. Bill Stanford, vice-president; Mrs. W. I. Davis, Jr., recording secretary; Mrs. Don Martin, corresponding secretary; Mrs. Earl Stagner, treasurer; Mrs. Gwynne Owen, historian; Mrs. Rex Lee, parliamentarian and Mrs. W. B. Dowell, reporter. During the business meeting it was announced that the next meeting will be held in the home of Mrs. Bill Bradley on May 11 instead of May 4, as listed in year books. Officers will be installed at a buffet supper party.

Mrs. Pat Robinson presented the program for the evening with a discussion of "Your Children's Eyes." She stressed the importance of proper lighting and urged parents to watch the child's eyes for any deficiency with regular check-ups once each year after starting to school. Pointing out that a child must see well to grow well, she suggested that parents look into the visual environments of school and to see that a qualified oculist examine the eyes instead of accepting a routine examination. Those attending were Mesdames: C. E. Leasure, Jr., L. H. Lookingbill, Jr., Pat Robinson, Earl Stagner, Bill Stanford, John Winkler, Don Martin, Gwynne Owen, Clinton Massie, Robert Petersen, Bill Bradley and the hostess.

## Panel Discussion Held By Antonian Circle Wednesday

Members of the Antonian circle were entertained by the St. Anthony's guild Wednesday evening. Spring flowers were used for decoration. A panel discussion of the district meeting of the Amarillo Diocesan Council of Catholic women held in Happy on April 13. Mrs. W. S. Elliston, Mrs. Gene Loeberwald, and Mrs. Ed Loerwald were members of the panel. Mrs. Bob Lamm received the registration gift and Mrs. Harold Banks, Mrs. Mark Koenig and Mrs. Agnes Cardinal were recipients of gifts awarded in the get-acquainted games. Hostesses for the meeting were Mrs. Cyril Diller, Frank Beizer, Leon Vinton, and George Hund. Mrs. George Hund presided at the guest register. Those attending were: Mesdames Ed Jesko, Frank Wilhelm, Amy Kershen, F. J. Walterscheid, M. Diller, Edward Paetzold, J. M. Paetzold, Ted Higgins, Charles Carney, Ellen Frahm, Jerry Albracht, Johnny Jesko, Ray Weheln, Mike Betzen, F. Brinkman, Carl Luke, Jim Clements, E. Reinart, N. Skypala, Conrad Ganczyk, John Gallagher, J. R. Frerick, S. T. Loerwald, Leo Chitt, Lester Wagner, Jimmie Jesko, Wern Koelzer, Clarence Betzen, E. Needham, C. Drupar, Bud Stengel, L. J. Reinart, Ed Druick, J. E. Stengel, Theresa Koelzer, Blanche Stengel and the pastor, Fr. Bartholomew Paytos, SA.

## Color Harmony Is Study Club Topic

Mrs. Tom Draper gave a talk on the psychology of color at the regular meeting of the Child Study Club on Thursday night. Those attending were: Mesdames George Heard, Merlin Kaul, Dale Kelly, J. C. Reese, Bob Wear, Chester Wiggins, F. G. Witherspoon, J. W. Witherspoon, R. R. Conaway, John Robinson, and Stanford Knox, a guest.

# CHIP SHOTS

By Bud Posey

Well, we had a very good representation at the intercity matches in Plainview last Sunday. However, we "got licked" by about two matches to one. We had 46 men and 8 ladies make the trip. Plainview won 36 matches, and we won 18, which is not bad playing on their course and having to overmatch some of our players. Everyone had a wonderful time and is looking forward to the return match at our course on Sunday, May 17. We'll whip their ears off here — I hope. Stan Barrett of

Hereford and Jack Williams of Plainview had the lowest medal scores of the day, each having an even par 71. "Oie" Bud had a 73, but still beat Jack Wilker, the Plainview pro, 4-and-3.

The Clovis, N. M. golfers will come to Hereford for an intercity match on Sunday, May 3. We will return this match with Clovis sometime early in June. Play will commence around 10 a. m. for all golfers who want to get an early start.

Today, Sunday, April 26, commencing at 2 o'clock we will have some Scotch foursome matches with the ladies cordially invited to participate. Play will be 9 holes of medal play with 14th men, and ladies receiving a handicap. Men will receive one-third of their handicap and all ladies one-fourth of their handicap. An entry fee of 50 cents will be charged and golf ball awards to the five lowest teams.

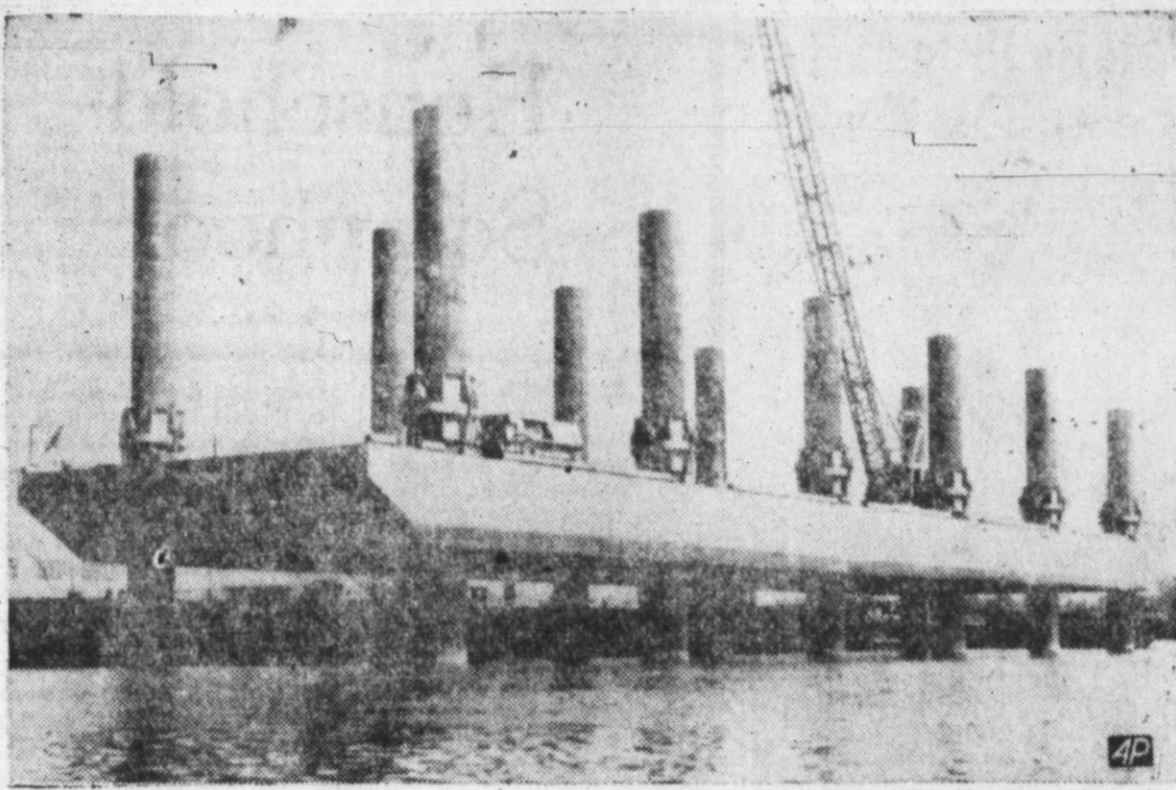

In conjunction with Pioneer days at Hereford May 29-31, the Hereford Golf Club will hold its first Pioneer Days Golf Tournament. It will be a 9-hole match play affair with a special ladies flight included, and a prize of one-half dozen golf balls given to the oldest player who participates, win or lose.

Hereford Radiator Serv.  
324 E. 2nd St.

MOBILE DOCK BARGE TESTED -- A huge mobile dock barge is shown undergoing tests at Orange, Tex., before delivery to the U. S. Army. It is the first of six of the structures being completed by the Consolidated Western Steel Co. Each is 300 feet long, 90 feet wide and 13 feet deep. They can be towed to destination and then converted into a dock. [AP Photo].

A schedule of the tournament is as follows:

Entry fee, \$3. This will include the green fees as long as a player is playing in the tournament.

Sunday, May 24 through Friday, May 29—Qualifying for Pioneer Day Golf tournament, except those players qualifying for the championship flight (9 holes).

Friday, May 29, all day—Qualifying for Championship flight (9 holes). All players qualifying will pick up a card in the pro shop and state that they are going to qualify; only these scores will count; in other words, a golfer trying for the Championship flight shoots a bad 9 holes, he must count that score.

Saturday, May 30—9 a. m., first round matches in all flights; 1:30 p. m., second round matches in all flights and first round consolation matches in each flight.

Sunday, May 31—9 a. m., semi-final matches in all flights; 2 p. m., final matches in all flights; 6 p. m., presentation of prizes.

Prize List  
Medalist—one new putter, winner of each flight, one dozen golf balls. Runner-up of each flight, one \$10 rain suit (pants and jacket). Consolation winner of each flight, one set of wood head covers. Consolation runner-up in each flight, three golf balls.

All flights will be composed of 16 players to each and duplicate prizes will be awarded in each flight, including special ladies' flight.

Any golfer, man or lady, is eligible to participate, except golf professionals.

## School Lunch Room Menus

(The following menus for April 27-May 1 are published by the Hereford Brand as a weekly public service. Mrs. Claude Francis is supervisor of the Hereford Public Schools lunch rooms.)

This week's menus are based on menus planned by Mrs. J. J. Durham's two fifth grade health classes at Central school.

**Monday**  
Spiced Luncheon Sliced Seasoned Lima Beans Vegetable Salad... Honey Whole Wheat Rolls... Butter Peach Cobbler... Milk

**Tuesday**  
Meat Balls & Spaghetti Sauce Buttered Green Beans Apple Fruit Salad Bread... Butter... Milk Cake Squares... Lemon Iceing

**Wednesday**  
Hamburger Patties... Buns Sliced Tomatoes... Lettuce Onions... Pickles... Mustard Sliced Pineapple... Milk Peanut Butter Cookies

**Thursday**  
Sliced Turkey... Gravy Mashed Potatoes Creamed Peas... Honey Hot Biscuit... Butter Jello with Fruit... Milk

**Friday**  
Cod Fish... Lemon Slices Buttered Whole Kernel Corn Iced Carrot Sticks Bread... Butter... Milk Cherry Cobbler... Ice Cream

## This Tastes Good In Texas

Foods and Nutrition Specialists  
Texas Agricultural Extension Service A & M College  
Recipe of the Week—  
Beef Roast

2 to 3 rib standing rib roast (good or choice grade).

Have the market man remove the chine bone to make carving easier. Season. Place fat side up in open roasting pan. Insert meat thermometer so the bulb reaches the center of the thickest part, being sure that the bulb does not rest in fat or on bone. Do not add water. Do not cover. Roast in a slow oven (300 degree F.) to the desired degree of doneness. Allow 18 to 20 minutes per pound for cooking a rare roast; 22 to 25 minutes for medium; and 27 to 30 minutes for well-done. The meat thermometer should register 140 degrees for rare beef; 160 degrees for medium rare and 170 degrees for well done.

Let's Eat This For One Day

- Breakfast  
Grapefruit Juice  
Scrambled Eggs Bacon  
Whole Wheat Muffins  
Strawberry Preserves  
Milk Coffee
- Dinner  
Roast Beef  
Baked Potato Harvard Beets  
Cabbage Raisin Salad  
Rolls Butter  
Lemon Pie  
Coffee  
Supper  
Cold Roast Sandwiches  
Tossed Green Salad  
Fruit Cup Cookies  
Milk

Timely Tips:  
1. Beef is one of the plentiful foods.  
2. Roiled roast should be cooked on a rack in an open roasting pan.  
3. You will get more servings from meat cooked at a slow temperature.  
4. Searing a roast does not keep in juices and therefore is unnecessary.  
5. A meat thermometer is the only accurate means of telling when a roast is done.

## A TRIBUTE TO THE LIONS CLUB!

We have in this city an aggressive group of men whose business and social ideals are of the highest. Their goal is to fraternize with one another to meet weekly for an interchange of helpful ideas to promote themselves by promoting all American business. These Lions represent some of the finest men in our community. Their families are some of the best in our city. Let's look upon the Lion's Club as a vital factor in the advancement of everybody's interests and give them the support they richly deserve. We proudly salute their organization and their splendid achievements!

# Highest-powered ENGINE in the low-price field

plus all these other buyer benefits that only the New Chevrolet offers you!

### Entirely new Styling

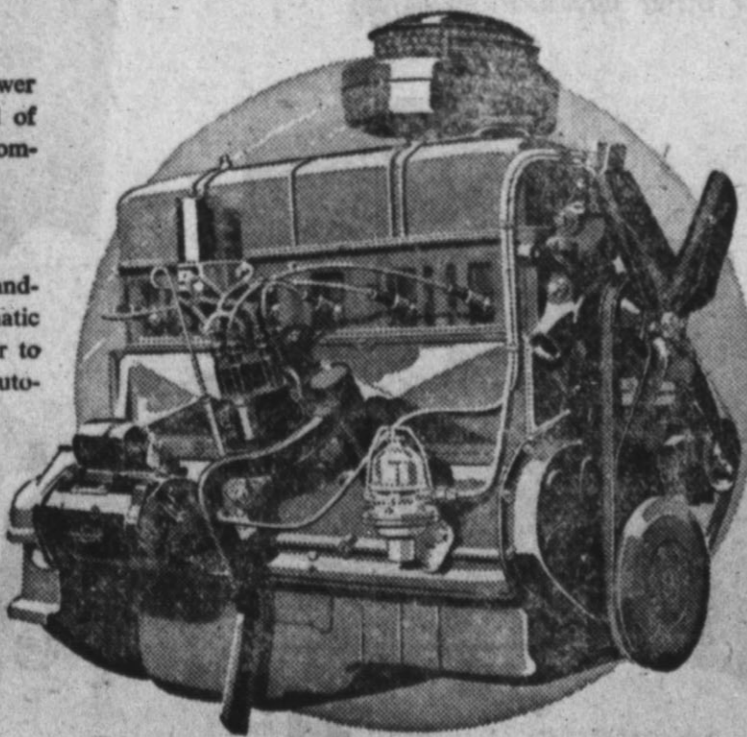

Strikingly new—with longer, lower lines that set a new standard of beauty for low-priced cars. Roomier, richer interiors, too.

### Entirely new Powerglide\*

Faster acceleration from a standing start with new automatic starting range... new power to pass in city traffic with new automatic passing range.

### Entirely new Economy

The most important gain in economy in Chevrolet's history! Two great engines now offer even more economy than you have enjoyed with Chevrolet in the past.

### Entirely new Safety

New one-piece curved windshield for greater visibility. New, sturdier construction. New, easier brake action and new Foot-Form brake pedal.

### Entirely new Durability

Chevrolet's new Body by Fisher is strengthened throughout. New heavier door-posts and sills. New bracing in roof and framing.

### Entirely new Power Steering\*

Exclusive to Chevrolet in the low-price field! It permits you to park with finger-tip ease. You turn the wheel and the power unit does the work.

Pictured above, you see the great new 115-h.p. "Blue-Flame" engine—one of the most important advances in engine design in many and many a year.

New high compression! The 7.5 to 1 compression ratio is among the highest in the industry. Free-breathing carburetion, new aluminum pistons and many other features also play an important role in making this the most powerful engine in its field! Yet, both the "Blue-Flame" engine (teamed with

the new Powerglide automatic transmission\*) and the advanced "Thrifty-King" engine (in gearshift models) offer a wonderful gain in economy, too.

Why not come in and take the wheel on a demonstration drive? Why not make it soon?

\*Optional at extra cost. Combination of Powerglide automatic transmission and 115-h.p. "Blue-Flame" engine available on "Two-Ten" and Bel Air models only. Power Steering available on all models. (Continuation of standard equipment and trim illustrated is dependent on availability of material.)

MORE PEOPLE BUY CHEVROLETS THAN ANY OTHER CARS!

Lowest-priced line in its field!

**BATTLE OF THE BOTTLE** -- Six-month-old Kent Sellers, son of Mr. and Mrs. Clayton Sellers of Ralls, Tex., seems to be the loser in this Battle of the Bottle with a newborn calf at the Panhandle-Plains Dairy Show at Plainview, Tex. Kent doesn't mind letting everybody know that he doesn't care to have his dinner swiped, either. (AP Photo).

### Three Vocalists Will Be Presented In Senior Recitals Here This Week

Miss Mattie Mae Swisher will present three students in senior recitals this week. David Goldston, tenor, will present a program this afternoon at 3:30 p.m. in the First Baptist Church. David is a popular singer who has won triple awards in the National Federation of Music Clubs Junior Festivals and has won awards in the Interscholastic League Meets. He is the son of Mr. and Mrs. H. D. Goldston. He will be assisted by Nancy Crawford, pianist.

Jerry Witherspoon, son of Mr. and Mrs. James W. Witherspoon, will be presented in a senior recital at the home of his parents, 410 N. Lawton, Monday evening, April 27, at 8 o'clock. Jerry has received excellent rating in the Junior Festivals, and has appeared in many activities here. The Witherspoons have extended an invitation to all interested friends to attend.

He will be assisted by Sue Hoffer of Bovina, who will present piano selections.

Kit Sanders, bass, son of Mr. and Mrs. O. R. Sanders will be presented in recital in the old sanctuary of the Methodist Church Tuesday evening, April 28 at 8 o'clock. He has won superior and excellent ratings in Junior Festivals for several years. He will be assisted by Jo Ann Cochran of Farwell, soprano, and Dick Wilson, pianist.

Miss Cliff Estes will be accompanist for all three recitals.

Included on the three programs

will be selections from opera, operettas, art songs, spirituals, folk songs, church music and ballads. All three programs are open to the public and everyone is invited to attend.

DAVID GOLDSTON

JERRY WITHERSPOON

The annual Rusk County Crimson Clover Tour will be held May 1. Tours will be conducted to farms in different sections of the county and interested persons can see and hear from the farmers the advantages of growing this increasingly popular legume.

Chemically treated planting seed doesn't cost—it pays.

KIT SANDERS

## Household Scrapbook

By Roberta Lee

### By Roberta Lee

#### Sweaters

When drying a sweater, make a hammock out of a piece of netting or thin material. Hang in the sun and lay the sweater in it. The hammock should be drawn out flat so that the sweater is not doubled over. This method will keep the sweater in shape.

#### Toilet Perfume

To make a toilet perfume mix two ounces of alcohol with one-half ounce of orris-root. Keep it tightly corked in a bottle and shake thoroughly each time before using.

#### Moths

If a little turpentine is poured into the trunks, wardrobes or any other drawers, the moths will not harm the clothing stored in them.

#### Bird Food

Give the bird a little green food

every few days. A pinch of rapeseed, bird, or mustard seed if planted in a flower pot will sprout in a few days and soon grow into plants that are acceptable to birds.

#### Canning

Do not use doubtful sealing jars when canning vegetables. Put some produce that is easy to keep such as jams or pickles in uneven or chipped jars.

#### The Bust

The bust can be enlarged by drinking plenty of milk and eating fats and starchy foods. Massage daily with olive oil and cocoa butter.

#### Custards

Place a clean marble in the bottom of the cooking utensil when making custards or sauces. This will eliminate the continuous stirring and save time. The marble

rolls and bubbles and prevents burning.

#### Polishing Cloths

Oiling and polishing cloths should be kept in the air. There is a danger of spontaneous combustion if they are closed up, and also of the oil spreading to other things around it.

#### Glue Bottles

If the glue or paste bottle is hard to open, immerse in hot water for a few minutes, and the top will come off without the least difficulty.

#### Shrinking Thread

To shrink thread that is to be

used for drawn work, place the spool of thread in a pan of boiling water for about an hour. It will shrink the thread but will not destroy the gloss.

The present indications point to a 100,000 acre planting of castor beans in Texas this year. This compares with the 94,000 acres planted last year.

Hat's worn by the King's guard in England are called Busbies.

A decibel is a unit for measuring sound.

## QUESTION:

Which car in the low-price field gives you all this:

- Best performance, yet greatest economy
- World's best ride, yet no useless weight
- Compactness with easiest handling, yet plenty of room for six
- Highest power to weight, yet utmost safety
- Greatest durability, yet most reasonable price
- Custom-car quality, yet economical to buy

## ANSWER:

Only the **HUDSON JET**

For the first time anywhere you can get all the qualities shown above in one economical, compact car that sells at a low price—the new Hudson Jet.

This new kind of car is possible only because of Hudson's exclusive "step-down" design (the door is recessed), which provides the lowest center of gravity among American cars.

That is why the Hudson Jet safely handles more power in relation to its weight, and provides far greater performance than any other car in the low-price field.

Moreover, this highest power to weight is a key factor in the Hudson Jet's outstanding economy in gas, oil, tires and upkeep. Try this new kind of car.

New Dual-Range **HYDRA-MATIC DRIVE** and sensational **TWIN H-POWER** either or both optional at extra cost

# Beauty at Home

By Lynn Carter

**Q.** My graying hair has taken on an ugly yellowish tinge. What can I do about this?  
**A.** After your usual shampoo, dissolve about two tablespoons of bluing flakes in hot water and mix with your shampoo into a fluffy froth. Then dip your head into this and massage well through the hair. Rinse in clear, lukewarm water.  
**Q.** Do you think it's alright to dye the eyebrows immediately after plucking?  
**A.** You would be encouraging infection if you did! The open pores will permit the dye to penetrate below the skin and poison the tis-

sues. Wait at least a week after plucking.  
**Q.** How should one match face powder to the skin?  
**A.** The general practice is to match it to the darkest skin tone, usually found on the neck. The warm glowing tones are flattering.  
**Q.** What is a good slenderizing exercise for the waistline?  
**A.** Lie on back, arms out. Draw left knee up to waistline (but not chest). Now swing hips to right until knee is in a straight line out from waist. Then, and then only, pull knee up hard toward elbow. Relax, and swing hips back, straighten leg. Repeat with other

leg.  
**Q.** My skin has acquired traces of flakiness. How can I remove these?  
**A.** Mix a little ordinary kitchen salt with your cleansing cream two or three nights a week.  
**Q.** Please suggest a good way to apply eyeshadow.  
**A.** Use the flat tip of an orange stick along the roots of the upper lashes, with the deeper color close to the roots and the rest blended up onto the lid. Over the shadow apply a little petroleum jelly to give it a special sheen and to make the color less noticeable.  
**Q.** How can I remove lipstick stains from washable materials?  
**A.** Rub the stained areas with glycerine and leave on a short time. Scrape off excess, wash in hot water and soap. If the stain persists, bleach with chlorine or peroxide.  
**Q.** What is a good rinse for blonde hair?  
**A.** A level teaspoon of borax added to a gallon of water is good.  
**Q.** How do I get about giving my hair an egg shampoo?  
**A.** Separate the yolks and whites of three eggs, and beat separately. Moisten the hair with tepid water, pour a portion of the yolks on and massage well into the scalp. Then apply the rest of the yolk. After all is worked through the hair, rinse in warm water. Then apply the whites of the eggs in the same manner, and rinse well. Dry by hand, and give the hair a good brushing.  
**Q.** How can I mix myself a good toilet powder?  
**A.** Mix two parts of boric acid with eight parts of starch.

**WHERE SAM HOUSTON AND SANTA ANNA MET** -- An aerial photo shows the entire San Jacinto Battleground State Park at Houston, the site of the battle in which Texas won its independence from Mexico. The anniversary of the 1836 battle will be April 21st. At left is the Battleship, Texas. In the foreground is the Houston Ship Channel. The battle was fought 117 years ago at the junction of the San Jacinto river and Buffalo Bayou (which is now the ship channel). General Houston's camp site was in the foreground and Santa Anna's was behind the monument. (AP Photo).

## Four Farm Buildings Burn Every Hour Somewhere In United States

COLLEGE STATION, October 7 -- Four an hour, that is the number of farm buildings burned somewhere in the nation. Experience shows that only 50 percent of the loss is covered by insurance and the remainder is a complete loss to farmers.

Prevention should be the number one item in any program aimed at reducing the number of fires but despite all human efforts fires may strike and visions should be made for these emergencies, says the state leader.

**Your ideal answer to every storage need!**

Here's the perfect building for general storage, stock shelter or dairy barn. This sturdy, non-combustible Quonset 40 gives you the added strength, permanence and *reliability* found only with Stran-Steel's arch-rib, clear-span design. It offers varying-length flexibility, rugged durability and many-use versatility—all at reasonable cost. See us for complete details without delay.

**YOU CAN'T BEAT QUONSET FOR VALUE!**  
**FARM STORAGE BLDG. CO.**  
 P. O. Box 466 Hereford, Texas Phone 969

## How Can I?

By Anne Ashley

By Anne Ashley

**Q.** What is a good method of cleaning jewelry?  
**A.** Wash jewelry in warm soap and water. If it is very dirty, rub a little soap onto a soft brush and scrub gently. Another good cleanser is a teaspoon of ammonia in a teacupful of warm water. In either case, rinse the jewelry in cold clear water and polish with a chamois.  
**Q.** How can I keep the shower curtain in good condition?  
**A.** After taking a shower, always be sure to draw the curtain out along the rod to dry. The air must get to it and let it dry out, in order to prevent damage to the

fabric and possible mildew.  
**Q.** How can I make a dessert with left-over rice?  
**A.** Left-over cooked rice can be made into a delicious dessert by adding to it some chopped apples, diced pineapples, marshmallows, and whipped cream. Put into molds.  
**Q.** How can I avoid waste when only a few drops of lemon juice are needed?  
**A.** Pierce the lemon with a fork or knife, and squeeze out the juice. Then the lemon can be returned to the refrigerator for later use. There is less waste this way than when the lemon is cut into halves.  
**Q.** How can I prevent squeaks in shoes?  
**A.** When troubled with squeaking shoes, either new or half-soled shoes, take an ice pick and put small holes in the shoe back of the ball of the foot. This will let out the air and the squeak will

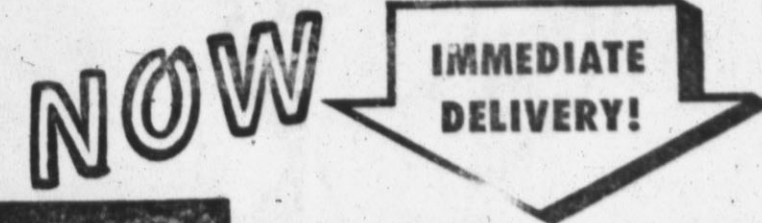

disappear.  
**Q.** How can I remove the discolorations from the interior of bottles?  
**A.** Fill nearly full with buttermilk and potato parings. Let stand for several hours, empty, and then rinse thoroughly with clean hot water.  
**Q.** How can I loosen drawers that stick?  
**A.** Rub a little paste floor wax on the slides and also on the lower edges of the drawers themselves, and polish thoroughly. Unless vigorously rubbed, wax forms a sticky coating, but properly polished it forms a hard, smooth finish.

FEATURING HIS PAL  
**ROSCO SWEENEY**  
By ROY CRANE

I, IZZARD THE WIZARD, AM DESTITUTE! RUINED! THAT HINDU FAKIR HOODOOED ME!

CHEER UP, IZZY! HERE'S AN ORANGE—SHOW ME THAT TRICK WHERE YOU CHANGE ONE ORANGE INTO THREE.

IT'S NO USE, SWEENEY. MY TRICKS JUST DON'T WORK ANY MORE.

TRY.

ABBA-KADABBA, PRESTO, CHANGE!

LOOK—IT WORKED!

SAY! THAT GIVES ME AN IDEA, IZ. INSTEAD OF DOING THE TRICK WITH ONE ORANGE, LET'S TRY IT ON A TREE OF ORANGES.

THAT'S RIDICULOUS! IT COULDN'T POSSIBLY WORK.

IT'S WORTH TRYING. IF IT WORKS ON ONE TREE, WE'LL DO IT TO MY ENTIRE GROVE... TRIPLE THE YIELD... GET RICH!

I WARN YOU, SWEENEY, THIS IS DANGEROUS! ANYTHING MIGHT HAPPEN.

ABBA-KADABBA, PRESTO, CHANGE!

DANG YOU, IZZARD! YOU CHANGED MY ORANGES INTO CABBAGES!

I WARNED YOU—I'M HOODOOED! MY CAREER IS RUINED!

AND SO'S MY ORANGE TREE! BUT DON'T YOU SEE? I'VE SUDDENLY ACQUIRED POWERS I DON'T UNDERSTAND. IT'S MAGIC—SHEER MAGIC THAT'S GONE UTTERLY HAYWIRE!

## Moscow Hierarchy Seems Established

By WILLIAM L. RYAN  
Associated Press Foreign News Analyst

THERE is grave danger of miscalculation by the West in the assumption that a struggle is now going on in the Kremlin between Premier Georgi Malenkov and Police Czar Lavrenty Beria.

The reverse may well be true—and likely is true. New evidence culled from the Soviet press seems to indicate Malenkov and Beria still are working together. This does not mean the two cannot eventually fall apart. There is always that chance. But for now, they seem hand-in-glove.

The recent series of implied disparagements of Stalin's memory, veiled but unmistakable in the Soviet press, gives support to a theory that the fantastic "doctors' plot" which preceded Stalin's death, was something of his own feverish invention.

### Wishful Thinking

If the plot indicated a top-level struggle for power in the Kremlin, the USSR might well be boxed within the borders of its own Communist empire for a long time to come. But this is wishful thinking.

The more likely theory is that the struggle for power is over and settled, at least for the time being, with only the loose ends of the purge to be tucked away.

This leaves the USSR in position to carry on the most dangerous type of cold war: A methodical attack on Western unity to achieve a wide and permanent division of the Allies.

RYAN

One of the most fascinating mysteries of modern times, the astonishing story of the accusation of the doctors in January and their sudden release in March, contains puzzles within puzzles, and the dominating personality in the puzzles is the sinister figure of Beria. From the faint glimmers of light in the Soviet press, here is a theory of how it might have come about:

The story would go back to the days of the great purges of the thirties, when Stalin exhibited a paranoid fear of being surrounded by enemies intent upon killing him. The result of this was a constant blood bath, finally stopped when Beria took over the reins of the secret police and purged the purgers.

### The "Young Turks"

In his declining days, Stalin found himself pushed more and more into the background by the upstart youngsters of the Soviet regime personified by Malenkov. By last October, it was plain that Malenkov was the master of the Communist party, and in line for the succession to Stalin.

Realizing that the man he brought up from the ranks as his closest personal aide now was moving in, Stalin, the old intriguer, may have sought to divide the power under him at the top of the ladder. Meanwhile, the old paranoid fear of assassins lurking in every Kremlin nook may have been coming back to plague him.

He may have had, about this time, a severe attack which indicated that he had not long to live in any event. Doctors report that the ailment which is said by Moscow to have killed Stalin in all likelihood was preceded by other attacks.

Enter now the Ministry of State Security, one of the police agencies responsible to Beria. In this ministry there may have been a man or a group of men who saw an opportunity to cash in on Stalin's fears, raise themselves in his estimation and reap rewards. They may have played on Stalin's fear, in his waning days, that he was about to be killed before his time.

It now seems likely that as long ago as early 1952 Stalin imagined himself threatened. A natural target of his fright would have been his police chief. He required Beria to go to

Georgia personally and purge some of Beria's own people, not only there but in other Central Asia areas. These now have been restored to good grace by Beria and those who profited by the 1952 purge have been jailed.

On Stalin's orders, it might follow, the Zionist plot was fabricated and the doctors were arrested on charges which even to Soviet ears must have seemed fantastic. But something happened to Stalin before the big purge came.

In any event, toward the end of February, the campaign against Zionists as such disappeared from the press. Early in March, Stalin was stricken, and according to the official announcement, became conveniently speechless. Medical bulletins on his condition indicated symptoms which suggested to Western medical men that Stalin already was dead. The death was announced March 5.

### Short Mourning Period

With what seemed undue haste, the period of mourning ended for the man who had been deified in his life. Before the month was out, his name was being pushed gradually into the background. There was a strong suspicion that the Communist party and Soviet government had all they could take of Stalin in his lifetime and were relieved at his death.

Then came the most astonishing development. The Soviet government admitted it was wrong. It announced the release of the imprisoned doctors from whom confessions already had been extorted. It lectured the security agencies against "impermissible" methods of questioning. Beria's own Ministry of Internal Affairs made the announcement.

### Top Cooperation Likely

There is now talk that all this shows a victory for Beria over Malenkov in a struggle for power at the top. Yet it seems plain that the whole story from beginning to end required the knowledge of the top party figure, Malenkov, and the top police figure, Beria.

The picture now seems one of collaboration between Malenkov and Beria against other foes, possibly against forces arrayed behind V. M. Molotov, who has been pushed down to third place in the hierarchy in what looks like a rather uncomfortable position. For the present he seems more tolerated than welcome.

There seems little doubt that a struggle took place. A struggle still may be going on. But the appearance now is one of alliance between Malenkov and Beria against possible common enemies. If they are relatively secure now, they are free to pursue the cold war with even more deadly tenacity than before.

### TWO WARNINGS ON RUSSIAN PEACE DIPLOMACY

Warner, Indianapolis Star

Vitruvius, Charleston Gazette

## ARTS AND SCIENCES REPORT

### Inter-Planet Trip

Noting "prophecy is a dangerous and thankless business," British planetary travel expert Arthur C. Clark forecasts one-way rocket trips to the moon within a decade.

Clarke, chairman of the British Interplanetary Society, thinks techniques necessary to send small, radio-controlled rockets to the moon will be available by 1960, but adds:

"If we have to rely on chemical fuels, it may well require at least 20 years of further experimenting before the first true space ship lands on the moon and returns to earth."

### Medicine

A government plan for allocating gamma globulin to fight polio is causing concern among officials of the National Foundation for Infantile Paralysis.

Gamma globulin, derived from human blood, is one of medicine's best new hopes for preventing polio. The Office of Defense Mobilization (ODM) has been designated to allocate the country's entire supply.

In a statement, the National Foundation declared: "The greater part of the nation's stockpile of this scarce material may be used in a manner for which direct proof of efficacy is lacking."

The Foundation's statement followed announcement of the ODM's plan to allocate gamma globulin as recommended by a special panel of the National Research Council.

"This plan, the Foundation said, recommends that gamma globulin be administered to household and other intimate contacts of patients suffering from poliomyelitis and, in certain circumstances, even to contacts of individuals suspected of having poliomyelitis."

What the Foundation recommends is that "the major portion of the nation's stockpile of gamma globulin be reserved for mass injections of children in

areas experiencing the most severe polio epidemics of 1953."

Foods rich in B-6 include beans, peas and meat.

### Book Awards

Columbia University's Bancroft Prizes, awarded annually for distinguished writings in American history, went this week to George Dangerfield's "The Era of Good Feelings" and Eric F. Goldman's "Rendezvous With Destiny, A History of Modern American Reform."

The prizes carry stipends of \$2,000 each. Dangerfield, a 47-year-old native of Britain now living in California, writes about a little-known period in U.S. history in "The Era of Good Feelings"—from 1817 to 1825. These were the Presidential years of James Monroe and John Quincy Adams.

Dr. Goldman, 37-year-old associate history professor at Princeton, discusses the liberal movement in America from 1865

to date in his "Rendezvous with Destiny," published last October.

The prizes established by the will of the late Frederic Bancroft, historian and former librarian of the State Department, are given by Columbia each year for the best books published in the field of American history, diplomacy or international relations.

### Education

Modern foreign languages are becoming less and less a mystery to more and more small fry in New York State's public schools.

Elementary schools in at least 20 communities in New York now are feeding modern languages to pupils in pigstails and short pants—and the trend is spreading. New York's Education Department encourages the development. A Department official notes the program has "increased noticeably this year and we expect the growth to continue."

Some other elementary schools across the nation also have instituted foreign language instruction at low grade levels, but they are few.

Teachers report good results. Some education experts are convinced a young pupil learns a foreign tongue with more ease than an older student.

### Religion

In Bay St. Louis, Miss., Wednesday, the Most Rev. Joseph Bowers became the first Negro to be consecrated a Roman Catholic bishop in the United States.

New York's Francis Cardinal Spellman performed the ceremony and named Bowers the Bishop of Acra, Africa. Church leaders from throughout the nation were present.

Bishop Bowers was born in the British West Indies, and made his profession of vows in the small Mississippi community in 1933. In 1939 he went to West Africa's gold coast as a missionary.

The federal treasury is step-

ping out of its money-supporting role and returning money and credit management to the federal reserve system.

### Offshore Oil Issue

The Republican move to return the tideland oil lands to the states is another expression of the government decentralization theory. So is the Eisenhower move for a national survey of overlapping federal and state taxes to prevent double taxation and more clearly define federal and local tax fields.

And the incentive tax program is being studied, though business and the people may not realize any great satisfaction from it for a long time. The President and a good part of Congressional influence is for budget balancing first. They believe that tax-cutting without it would merely offer the country a tantalizing and quickly disappearing lollipop, with the certainty of a subsequent bellyache.

Some tax cuts are due between now and January 1 on a more or less automatic basis, although the executive department would prefer no changes until the whole program can be worked out on the basis of how much expenses can be reduced. The excess profits tax law expires with the end of this fiscal year June 30, and Congress seems in no mood to extend it. The last 10 percent increase in personal income taxes also expires Jan. 1. It is not likely to be reimposed. And by the end of the next fiscal year, the whole new program seems likely to be evolved.

### Differences in Motives

One reason that Canada and Britain have moved more rapidly than the U.S. in the tax field is that in their case it was almost imperative, whereas in the U.S. it still is just desirable.

The two allies had staggered for years under almost incredible tax burdens, Britain's being above 40 percent for most of the people. For 14 years the British government has been taking about 40 percent of the gross national income, whereas the United States, in most years, has taken less than 25 percent.

A new tax program, however, becomes increasingly important to the U.S. as world leaders begin to estimate that the emergency period of defense preparations can now give way to a long-range program, on a level, or sustaining basis, rather than the extravagant "crash" basis which first followed realization of what Russia was up to in the world.

Any leveling off in arms production is bound to mean important readjustments in industry which will produce the threat of depression. Encouragement of business and consumption of consumer goods then becomes a major economic aim, and the maintenance of a healthy economy becomes just as much a part of the national defense against Communist infiltration as are arms against Communist aggression. Taxes, along with credit controls, become a major thermostat under such conditions.

The federal treasury is step-

## U.S. Speeds Drive To Free Business

By J. M. ROBERTS, JR.  
Associated Press News Analyst

GREAT BRITAIN, the world's chief experimenter with socialism in recent years, and the United States, which itself leaned heavily on the "government panacea" formula during the Roosevelt and Truman administrations, are both busy trying to get government out of business.

A lot of people in Britain are howling, and some in the United States. But most of the howls in the U.S. are coming from those who ask why Britain is moving so much faster.

Most of this has centered in recent days not around the government's efforts to get out of business in which it is involved directly, but around the field of so-called incentive taxation.

Many Americans have been wondering why Britain and Canada could beat Uncle Sam to the draw in this field.

Strong notice has been taken of the fact that Britain's new tax program, although it does ease the load somewhat on the individual taxpayers, was obviously designed primarily to give new incentive to private enterprise.

Concessions are given for investments in plants and machinery, and consumption encouraged by a one-fourth reduction in purchase, or excise, taxes. Offsets for industrial development will affect both the profits and income taxes. This part of the program is directed explicitly toward giving Britain the modernization needed for a better competitive position in world trade.

One reason Britain was able to get the jump on the United States in this program—although a very similar one, but designed for strictly American conditions, is being worked out here—is that she is devoting only about one-third of her budget to national defense this year, whereas the U.S. is allocating 60 percent for that purpose. It is an item hard to cut without running grave risks. It can only be surveyed for the presence of water.

### Drives Underway

In both Britain and the United States the "get the government out of business" movements have begun to roll. Britain has moved to return her vast steel industry to private ownership, and also the transportation business which the Laborites nationalized. The U.S. proposes to sell its war-developed synthetic rubber plants and to bring private enterprise into the development of atomic energy for power production. A movement to halt government incursion into the hydroelectric field has begun.

A big fight is beginning in Congress not only about appropriations for the public housing program; but over the fundamental political and economic principles involved in government operations in this field.

Price and wage controls already have been relaxed, and materials are beginning to flow through the channels of supply and demand rather than be delivered in the red-taped packages of government allocation.

The federal treasury is step-

ROBERTS

### LET'S NOT LOSE OUR UMBRELLA

### BETTER TAKE ANOTHER LOOK

### Inter-Planet Trip

Noting "prophecy is a dangerous and thankless business," British planetary travel expert Arthur C. Clark forecasts one-way rocket trips to the moon within a decade.

Clarke, chairman of the British Interplanetary Society, thinks techniques necessary to send small, radio-controlled rockets to the moon will be available by 1960, but adds:

## POWs REVEAL ATROCITIES—REDS TALK PEACE—AND FIGHTING CONTINUES

### IN INDOCHINA

An arbitrary line drawn across a field in Panmunjom separated slavery and freedom. Hundreds of Allied POWs from all over the world crossed that line this week. Some were happy, others grim. All had fought in the name of the free

### IN MALAYA

Other POWs told of similar forced marches. The U.N. Command promptly allied for a meeting with Red-rice delegates to discuss matters concerning current repatriation operations. With the sick and wounded POW exchange still going on,

### IN KOREA

Allied and Communist negotiators prepared to get full-scale armistice talks underway again. But the fighting continued. Almost within sight of the exchange point at Panmunjom, Allied and Communist rifemen exchanged shots and big guns pounded enemy lines.

In Indochina, Communist-led Vietminh troops penetrated farther into the little state of Laos, unopposed by a single French Union rifleman.

And in Malaya, British-led troops still fought against dogged Communist guerrillas in jungle battles.

### Quotes

Sen. Robert A. Taft: "Every effort should be put into attempts to settle the over-riding issues of the Far East—to end the Communist threats against Indochina and Malaya—as part of the Korean truce agreement."

George M. Humphrey, Secretary of the Treasury: "We are not going to have a depression in America whether we have an armistice, a real peace, or continue to develop a proper and balanced posture of defense. There is no reason for a depression unless we fail ourselves to do the things we ought to do and lack the courage and foresight to do them."

Konrad Adenauer, West German Chancellor: "Soviet Russia will never absolutely succeed in communizing the population of the eastern zone of Germany. If a free election could be held in East Germany, after time to rid it of Communist terror, it would vote for German participation in the European Defense Community."

### Dates

- Monday, April 27  
National Academy of Sciences meets, Washington.  
U. S. Chamber of Commerce convenes, Washington.
- Wednesday, April 29  
President Eisenhower addresses U. S. Chamber of Commerce.
- Thursday, April 30  
Henry Grunewald, Washington "mystery man," scheduled to be sentenced for contempt of Congress.
- Saturday, May 2  
King Faisal II takes throne of Iraq on his 18th birthday, Baghdad.  
Society of Biological Psychiatry meets in Los Angeles.

### Sunshine Club To Celebrate Sixth Anniversary Here

Plans were made to celebrate the sixth anniversary of the Sunshine Club when the group met Thursday afternoon at the home of Mrs. Fred Muller.

The date for the anniversary celebration was set for May 26 at the home of Mrs. C. E. Sheppard. It will be an all day meeting.

The club voted to have a country core at the next meeting on May 26 at the home of Mrs. W. E. Paterson.

The roll call was answered with Bible verse.

The penny-ante gift was won by Mrs. W. W. Wells. The birthday gift went to Mrs. F. N. Higgins and the anniversary gifts to Mrs. C. E. Sheppard and Mrs. Fred Muller.

Following the meeting the group was entertained with a TV cookery school.

Those attending were: Mesdames E. Watts, George Miner, C. E. Sheppard, J. C. Mays; Cloyse Kemp, W. W. Wells, F. N. Higgins, Annie Hammock, the hostess and two guests, Mrs. C. D. Sorrows of Davis and Mrs. R. D. Muller.

Mr. and Mrs. Floyd Davis of Los Angeles spent the past week with his brother, C. F. Davis and family Hereford. The Davises are spending the summer fishing at points in the United States and Canada and visiting with relatives over the country.

Mr. and Mrs. Sam Reddell of Hollis, Oklahoma are guests in the home of her sister, Mrs. Richard Well, Michael, the small son of Mr. and Mrs. Reddell has been a patient in Deaf Smith County Hospital the past week.

**EATS POISONED WEINERS** -- Thomas Page Eaton, 2, became the victim of poisoned weiners tossed into his backyard at Houston. The weiners were apparently intended for the youngster's two dogs, Cisco and Blackjack. After the boy ate the poisoned food, his mother, Mrs. Mary Eaton, 29, gave her son a home-made antidote and rushed him to a doctor's office for a stomach pumping. (AP Photo).

## This Tastes Good In Texas

Foods and Nutrition Specialists Texas Agricultural Extension Service

**Recipe of the Week**  
**Pork Chops with Onions and Rice**  
Pork chops, cut 1/2 inch thick  
6 onions, sliced thin, 2 cups  
2 cups cold water  
Rice, precooked type, 1 and 1-3 cup

Marjoram, 1-8 tsp.  
Salt, 2 tsp.  
Dash of pepper

Trim excess fat from pork chops, leaving about 1/4 inch; fry out trimmings in large skillet over medium heat to make about 1 tablespoon of melted fat; add chops and brown on each side for about 5 minutes. Remove chops, put onions in skillet, cook, stirring frequently, about 5 minutes or until lightly browned. Add water, rice, marjoram, salt and pepper; mix well; place chops on top. Cover, bring to boil; then cook over low heat 18 to 20 minutes or until tender.

**Timely Tips**

1. Pork is a rich source of protein and B vitamins.  
2. A hint to the wise homemaker - plan your meals well in advance, using the Texas Food Standard as a guide.

The less favorable price situation for agriculture currently is not the result of depressed domestic demand since the change came during a period of high employment and income. High over-all production, reduced exports and the limited dollar exchange along with improved conditions in other countries are cited as major reasons for the drop in farm prices.

Unless dairymen put into operation practices for handling warm weather problems, higher bacteria counts are sure to show up in milk. Sanitation, and that means clean cows, clean attendants, fly control and clean utensils as well as a general clean up around the dairy, is the key.

Officers for the coming year will be elected when the State Farm and Ranch Safety Committee meets in Waco on April 28.

### Dist. I TFGC Slates Annual Convention

Thirteen Hereford Garden Club members have made registrations for the annual District I, Texas Federation Garden Clubs Convention and garden clinic which will be held in Lubbock April 27-28, at Texas Technological College.

E. J. Urbanosky, head of the horticulture department and park management at Texas Tech, will be in charge of the clinic. Speakers will include: Dr. Donald Ashdown, professor of agronomy at Texas Tech, who will speak on Diseases and Insects; Buddy Benz, graduate of Texas A & M College who will lecture on Flowers and Creative Design; Joe Lambert Jr. of the Lambert Landscape Gardens of Dallas, Intimate Gardens; E. B. Middleton of Lubbock, Gardens of the World, with slides; Dr. W. W. Yoakum, professor of horticulture at Texas Tech. New Varieties of Ornamental Plants; and E. W. Lukens, chas. manager of the college green houses and instructor in floriculture, annuals and perennials.

Mesdames Ralph McCullough, J. P. Slaton and A. L. Mahjeet are members of the executive board.

Mr. and Mrs. Luke Fields are spending this week in Stanton with friends and relatives.

Mr. and Mrs. Bill Brady and children left Thursday for Altus Okla. for a couple of weeks' stay.

### JUNIOR IOOF ENTERTAINS THETA RHO GIRLS WEDNESDAY

Members of the Theta Rho girls were entertained by the Junior IOOF lodge Wednesday night.

Larry Kaul and Jimmy Northcutt were in charge of the games.

Those attending were: Treva Smith, Charlotte Calvert, Kay Jowell, Janelle Price, Marjorie Ford, Jimmy Northcutt, Woodrow Northcutt, Mr. and Mrs. Merlin Kaul, Larry Kaul, Walter Kaul, Kenneth Matthews, Gene Combs, Billy Dor

Combs, Jo Hall, Ross Joe Landers, G. C. Merritt, Lohman Lookingbill, Frank Lookingbill, Ralph Morrison, J. C. Morrison, Bobby Shelton, Dean Garrett, Floyd Shelton, Nelson Rutter, Ben Conklin and Richard Clark.

Mrs. L. S. Kennedy of Olton is a guest in the home of her brother, Wm McGee.

Mesdames W. S. Fluit, Jim Lipscomb and H. M. Cogswell were in Amarillo Tuesday.

### Increase Seen In Castor Bean Acreage In '53

Present indications are that 100,000 acres will be planted to castor beans in Texas this year. This is the acreage allotted the state on which prices are guaranteed by the United States Department of Agriculture. This acreage, says W. I. Ross, assistant agronomist for the Texas Agricultural Extension Service, compares with the 94,000 acres planted in 137 Texas counties last year.

Total income from last year's crop, explains Ross, was approximately one and one-half million dollars. Yields were low in many areas due to drought and a lack of experience on the part of new growers.

Ross points out that income will depend upon yields and that good cultural practices are a very necessary part of the production program.

Like other crops, castorbeans respond to good, deep seedbed preparation. They are a tap-rooted plant but their tap root will not readily penetrate a hard pan, says the specialist. Deep plowing is also a good moisture conserving practice and the stored moisture can be used by the plants during the

summer months to keep them producing.

Poor stands, says Ross, are the chief cause of low yields. At least 10 pounds of seed should be planted per acre. The planter plates should be checked before going to the field to make sure the desired spacing is obtained and that the seed will not be crushed. Growers in 1952, points out Ross, increased their yields by planting more seed and then thinning to the desired stand.

Records kept last year show that castorbeans returned on an average from five to seven dollars for each dollar spent for fertilizer. Application of the proper amount and kind of fertilizer will increase the per acre yield and in turn total profits.

Early plantings last year generally produced higher yields than did late plantings. In most sections of the state, says Ross, early cotton planting time is about the right time for planting the castorbeans.

Yields can be increased through the use of proper cultural methods and early cultivation is very important. Give them a first cultivation, says Ross, as soon as the plants are tall enough to plow. Weeds and grass are tough competitors especially during the early growth period of the castorbean and clean cultivation at this time can be a yield booster.

The Friona bands went to Canyon to receive their annual rating Friday. The bands are directed by Mr. Fry and Mr. Whitfield.

The women of the Sixth Street Church of Christ met Monday for an all day meeting. There was a covered dish luncheon at noon. The day was spent sewing for the orphans' home.

Mrs. F. N. Welch and Mrs. Miller of Dimmitt and Mrs. Jack Miller left the first of the week for Fort Payne, Ala. Mrs. Jack Miller will remain at Fort Payne with her husband, who is stationed there.

Gladys Baxter spent Tuesday night with Judy Burns.

Mr. J. L. Stowers received word Tuesday that his father, who is 90, was very ill at his home in Littlefield. Mr. Stowers left at once to be with his father.

Mrs. Chandler and children of Albuquerque are visiting in the home of her parents, Mr. and Mrs. Bill Stewart.

Richard London and Smiley Fulks returned home Monday from California where they visited for a few days. Richard's little daughter, Marcia Kay, returned home with them for a visit with her grandparents, Mr. and Mrs. P. L. London and Smiley.

Richard London left Wednesday for Amarillo where he will be inducted into the Army. On May 4th Frank Reed, Darrell Franklin will report for induction.

Mr. and Mrs. O. J. Beene, Jay and Ramey visited his brother, Dr. and Mrs. Beene and daughter in Paducah a few days last week.

Mrs. Maggie Barker of Hughson, Calif. arrived Saturday for a visit with her sister, Mrs. C. E. Hall and nephews, Edward and Dean Hall.

Mr. and Mrs. A. H. Hadley and family visited Sunday with Mr. and Mrs. E. M. Jack.

Dinner guests in the home of Mr. and Mrs. Bertram Jack Sunday were Mr. and Mrs. J. B. Shirley and sons and Mr. and Mrs. Oscar Baxter and family.

Mr. and Mrs. Wayne Carthel and family of Hereford visited Tuesday evening in the Alta Wily home.

Mr. and Mrs. Duane Wily of Friona returned to their home Saturday morning from Tucumcari, N. M. where he has been helping his brother, Porter Wily, on a new building.

Mrs. Alta Wily has as her guest over the week end her daughter and family, Mr. and Mrs. Ode Purdy of Turkey. On Sunday the following were dinner guests: Mr. and Mrs. Duane Wily, and Mr. and Mrs. J. A. Wily and daughter.

Mr. and Mrs. Leo Balls and children were Sunday guests in the L. D. Chiles home.

Mr. and Mrs. Buddy Carver and children of Cleveland spent from Wednesday until Sunday with his parents, Mr. and Mrs. Dave Car-

## Club Women Hear District Meeting Report Wednesday

Approximately 22 women attended the meeting of the Friona Women's Club Wednesday afternoon. Mrs. C. W. Dixon gave the report of the district meeting in Hereford. Mrs. F. W. Schlenger also gave a short talk.

Phyllis Trider and Sue Cranfield sang several numbers. Hostesses were: Mrs. H. C. Kendrick and Mrs. T. E. Lovett.

Those present were: Mesdames C. W. Dixon, Leo McLellan, Virgil Jordan, Floyd Schlenger, Wesley Hardesty, Carl Maurer, O. F. Lange, Pearl Kinsley, George Meyer, J. C. Wilkerson, Edd Boggess, H. F. Brewer, Spencer Hough, J. F. Miller, Joe Mayer, F. W. Reeve, Fred White, W. A. Tinney, Sr. and three guests.

ver and Evelyn and brother and family, Mr. and Mrs. Douglas Carver of Bovina.

Mrs. C. E. Hall and Mrs. Maggie Barker left Monday for Lexington and Oklahoma City to visit a sister and brother of the women. They will then go on to Des Moines Iowa where they will visit Mrs. Barker's daughter. They plan to stay Monday night with Mr. and Mrs. W. W. Camp in Canyon.

Mr. and Mrs. P. F. Yocham of Amarillo were visiting in Friona Sunday evening with Mr. and Mrs. Dave Carver and the H. C. Kendrick.

Virginia and Donna Fulks, daughters of Mr. and Mrs. Neal Fulks of Friona had their tonsils out Friday at the Deaf Smith County Hospital in Hereford.

Little Roy Slagle, son of Mr. and Mrs. Tilton Slagle is still in the Parmer County Community Hospital suffering from infection caused from having a tooth extracted.

Mr. and Mrs. Roy Slagle went to San Bernardino to attend the funeral of a friend of the Slagle family.

Mr. and Mrs. A. R. Stuckey of Bucyrus, Ohio who have been visiting in the home of his sister, Mrs. Pearl Kinsley for the past two weeks returned home Monday.

Donald Living of Los Angeles, Calif. and his mother, Mrs. Elsie Living are visiting this week in the Arthur Drake home and with other friends here. Donald will meet his wife and little daughter in Amarillo Thursday. They have been to New York visiting with her folks.

Visitors in the Johnny Brand and Henry Lloyd homes Sunday night were: Mr. and Mrs. Max Huber and children, Mr. and Mrs. Bill Brand and children, from Clovis.

Mr. and Mrs. Odson Smith and family from Farwell, Mrs. Tom Hurst, Fred Lloyd, Jerry and Barbara, Mrs. Muri Peoples, Jackie and Freddy and Miss Betty Agee of Friona.

Mr. and Mrs. C. L. Lillard had as their guests from Thursday of last week until Sunday, Mr. and Mrs. Vernon L. Tombs and their two children, Shirley and Anita. They were on their way to San Francisco, Calif. to visit relatives.

Mr. Lillard and Mr. Tombs were buddies in the Army. Mrs. H. W. Wright of Wichita, Kans. is visiting her friend, A. G. Drake this week.

## Family Night For Modern Study Club

A family night was held by the Modern Study Club Tuesday evening.

The meeting was held in the Friona school cafeteria with husbands and children of members as guests.

Two films were shown the group, 'Family Life' and 'Vacation in Canada.'

Joe Reeve, Frankie Spring and Robbie Osborn entertained with two vocal numbers. They were accompanied by Mrs. Eva Miller.

Bridge Club Meets  
Mr. and Mrs. Johnny Benger, Mr. and Mrs. J. T. Gee, and Mr. and Mrs. Wesley Foster were hosts to the couple's Bridge Club Monday night when the group met at the Friona clubhouse.

High score was won by Hadley Reeves and Mrs. Weldon Dickson.

## Aeronautics Are Considered Here As School Topic

Dalton Caffey and Elzie Jennings flew to Houston to attend a meeting presented by the Houston university. The program is designed to introduce aeronautics into the high school.

Mr. Caffey is superintendent of the schools and Mr. Jennings owns the Benger air port in Friona.

## Legal Notice

THE STATE OF TEXAS  
TO: Harold W. Gideon, Defendant, Greeting:

You are hereby commanded to appear before the Honorable District Court of Deaf Smith County at the Court House thereof, in Hereford, Texas, at or before 10 o'clock A. M. of the first Monday next after the expiration of forty-two days from the date of the issuance of this citation, same being the 18th day of May A. D. 1933, then and there to answer Plaintiff's Petition filed in said Court, on the 23 day of February A. D. 1933, in this cause, numbered 3541 on the docket of said court and styled Teresa Gideon Plaintiff, vs. Harold W. Gideon Defendant.

A brief statement of the nature of this suit is as follows, to wit: divorce on the grounds of cruel treatment as is more fully shown by Plaintiff's Petition on file in this suit.

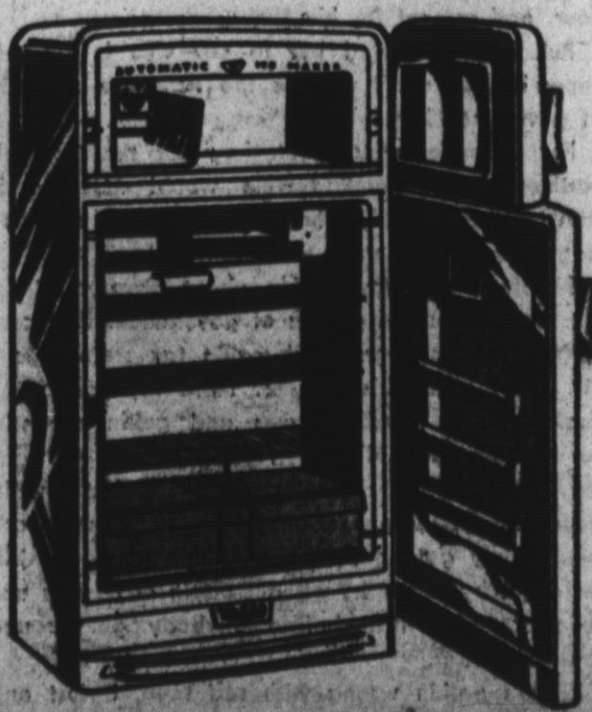

The officer executing this process shall promptly execute the same according to law, and make due return as the law directs.

Issued and given under my hand and the Seal of said Court, at office in Hereford, Texas, this 31st day of March A. D. 1933.

Attest:  
Lucille Posey, Clerk,  
District Court, Deaf Smith County, Texas.  
S-414-c.  
Shakespeare, according to estimates, never made a continuous journey as far as a round trip from Boston to New York.

## Political Column-- Read With Caution

Newspapers all over the territory are faced suddenly with a deluge of "reports" from office holders. The "reports" are submitted generally at weekly intervals and, without question, have considerable merit.

The Brand has, for more than two years, been publishing the weekly letter from Congressman Walter Rogers. Only recently Senator Lyndon Johnson has joined the clan of political columnists and when Andy Rogers graduated from the Texas House of Representatives to the State Senate he also instituted a public service column. In addition, there are several others which appear from week to week.

Handling the columns presents a question for most editors and publishers, especially those like The Brand which cannot afford to maintain staff correspondents in Washington and Austin. The newspapers feel that the people of the district are entitled to know what goes on in the state and national capitals. The columns

are available -- without cost -- which is also important.

On the other hand, a senator or representative (be he state or national in scope) is not always prone to criticize himself or his own stand or actions. Too frequently, they even omit reference to their vote on points in which the community is interested. To state the matter bluntly, the "reports" are often colored, injected with editorial opinion, and sometimes fall into the category of sheer political propaganda. Publication of the columns regularly, in our opinion, tends to perpetuate the office holder. It is questionable whether they are fair to other office seekers and, thus, questionable as to whether they could be detrimental to a continuation of democracy in the United States.

To say the least, all political columnists to date have kindly submitted prepared pictures to be used with their columns and one even went so far as to write the headlines -- and tell what size type they should be printed.

Lack of coverage of this type is definitely a weakness of the small town press and the columns have consequently been met with a fanfare of popularity. Publication has been so widespread, in fact, that one office holder of otherwise impeccable character, accuses the few newspapers which do not print his column of being "against him". Yet, we feel sure that this same man would be one of the first to stand up in favor of a free press and radio.

How to handle these political "reports" is definitely a problem to the small town publisher and editor. Furthermore, the decision made by these publishers and editors, we feel, will have a marked effect upon the future of the state and of the country. Texas Press Association, is now releasing an unbiased report from Austin each week in which affairs are covered and presented impartially. A similar Washington column may be the answer to the problem.

Meanwhile, when these columns are published from time to time in The Brand we definitely urge our readers to consider them from the source which they originate -- and to take them "with a grain of salt."

## Camp Fire Growth

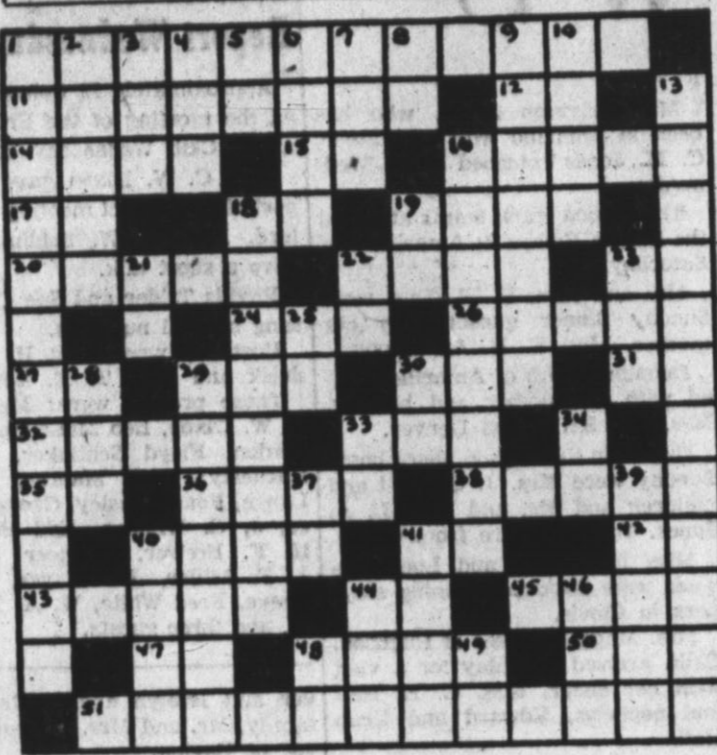

Growth of the Camp Fire organization in Hereford has been sensational during the past decade, and the movement is still increasing in scope with the announcement of two additional Blue Bird groups this month.

There is, of course, a reason for such growth. In this instance, we feel the expansion is in a large measure due to the over-all policy of the national organization. Camp Fire, as an institution, definitely frowns upon public solicitations, upon the selling of special deals and other money raising systems which are troublesome to the public. Foremost in the situation, however, is the means by which Camp Fire can maintain such a policy.

This is due apparently to the fact that Camp Fire does not maintain strong regional or central governing agencies, thus eliminating considerable extra costs. Most important phase of this policy is that it definitely throws more upon the local group sponsors, drawing heavily upon their initiative, their resources and their time. Consequently, the mothers who sponsor groups face a difficult task. This very factor, we believe, accounts for the growth and achievements of Camp Fire in Hereford.

The age-old adage that people get out of anything only what they put into it is certainly true and the Camp Fire organization unquestionably proves the point once again. There are, of course, arguments for the strong regional and central points of operation at a much higher cost, just as there are arguments favoring a highly centralized form of government. America grew into the world's leading nation on a policy of decentralized government, however, and the tremendous expansion and worthwhile accomplishments of the Camp Fire organization indicates that the same point is applicable on a smaller scale today.

## QUESTION OF THE WEEK

### People Believe Loss Of Bus Line South Would Be Bad For Hereford

Texas-New Mexico Transportation company has asked for a 12-month suspension on the bus line which operates south out of Hereford on Highway 51 into Lamesa. Do you think loss of this line would affect the community to any great extent?

**L. W. HOUGHTON**  
I sure do. It would hurt the community. I know we send quite a little merchandise to Lubbock and Dimmitt. And we get merchandise from Lubbock. All that would have to be rerouted and sent through Canyon to Lubbock and then back up to Dimmitt, or we would lose their trade completely.

**ANSEL McDOWELL**  
I sure do think it would. It would affect the transportation, packages and papers. I get my Lubbock papers that way. It always affects the town any time you stop a bus line going anywhere.

**DALE TINNIN**  
I don't know about the community or how it would be affected but our business would certainly be affected due to the fact we have a few customers in Dimmitt that we ship out to on the bus. I would imagine that it would affect travelers too. I don't know how much they use that bus looks like that they would use it quite a bit to travel down that way.

**DON ZIMMERMAN**  
Oh perhaps not, other than it is one of those facilities that a town is entitled to. When people come to a town they look around to see if there are rail lines, bus service, etc. While it's not a paying proposition now it probably would be in the future. If we could cut out all of the things that aren't making us money it would be fine but we can't do that so we have to operate some things at a loss. The company is asking for a suspension on their contract for about a year. I think that they should give the contract up so that some other company could put a line in so that we would have that facility.

## 'Tater Peelin's

By Roberta Campbell

We've never been able to buy the aerial yet much less the television set but we were interested in what Kelley Maddox, program director for KGNC-TV had to say to a group of writers in Amarillo last week in response to one woman's criticism of the programs children were seeing on television.

He explained the program in detail and its appeal to children and family groups up until 9 o'clock which should be bedtime for youngsters.

He is a firm believer in kids going to bed when they are tired and figures if they are seeing murder mysteries and other pictures intended only for grown-ups then the weakness is in you as a parent.

Looks like a person that has lived on the plains as long as we have ought to have learned by now that if we don't get our winter outfit April we still get it.

The sheep kept our wheat grazed down until we didn't have to worry about it but we planted sudan the day winter set in and a couple of days of 90 degree weather fooled us into getting the wool off our sheep just in time to catch another norther.

Hope you don't miss the Home Demonstration Women's Family Fun Night at the High School Auditorium Friday at 8:00 p.m.

## Texans In Washington

By Tex Easley

AP Special Washington Service  
Washington, April 26--The prolonged debate on the submerged lands bill, which started in the Senate April 1, brought out little on the subject that hadn't been said in committee hearings.

Highlights of the debate, therefore, came in the performance of certain senators. Probably the two most outstanding were Texas' junior Senator Price Daniel (D) and Alabama's veteran Senator Lister Hill (D), who were on opposite sides of the fence.

Daniel, backing the bill, established himself as a formidable man in the cross-fire of floor debate, and Hill showed oratorical prowess like that of the old champion of them all, retired Texas Senator Tom Connally.

Leaders of the states' ownership cause, recognizing Daniel for his background in the controversy as former Attorney General of Texas, called him up alongside their two other principal guns -- Democratic Senators Holland of Florida and Long of Louisiana.

Although a freshman senator seldom plays a prominent role in a major fight, the Texan definitely was an exception. Only a dozen or so senators were on the floor at a given time during most of the debate, but a good majority was on hand when Daniel outlined the issues.

When Daniel got through Senator Humphrey (D-Minn), an ardent advocate of federal control of the offshore lands, couldn't refrain from praising the Texan.

"The Senator from Texas has almost persuaded me," he smiled, "considering the evidence with which he has had to work. We are indeed debating with the experts."

"I believe that he has given perhaps the best presentation of the argument for the submerged lands case on the states' side that I have heard presented before the United States Senate."

Texas' Senior Senator, Lyndon B. Johnson, who occasionally throughout the debate had Daniel to sit in his chair as Senate Democratic floor leader, said:

"I do not know that I have ever heard a cause more ably and eloquently presented."

Hill denied he and other pro-federal control senators were filibustering the measure. But Long said that he, himself, had participated in filibusters and knew without a doubt that the talkathon in progress was a filibuster.

Holland went through the Congressional Record for the day in which Hill held the floor seven hours and one minute reading only the 4 1/2 pages of a 73-page, 45,000-word prepared speech. He picked out 39 instances in which the debate wandered off the subject.

Other subjects, Holland said, included: characteristics of the Swedish people, a story concerning mining prospector, the Jeffries-Johnson fight, Panama Canal, scalping by Indians, bald heads, television, country stores in Arkansas and Alabama, quotations from the Bible, and poetry.

**Around the Capital:**  
Three members of the secretarial staff of Rep. Clark Thompson of Galveston decided one day recently to go down together and donate blood to the Red Cross.

Two of them, John Goldsum of Victoria and Julia Burien, soon had contributed their quota. Louise Dick of Columbus, a contributor on past occasions, gave a temporary rejection because of her current blood count. She says that situation will soon be corrected.

The Texas State Society, now headed by Senator Lyndon Johnson, arranged a Sunday noon "brunch" for their April get-together. President Eisenhower, a native Texan, agreed to come by with Mrs. Eisenhower.

Two large receptions, attended by most of the Texas members of Congress and their wives and other prominent Texans in the Capitol, were held in mid April by the Lyndon Johnsons and Rep. and Mrs. Lloyd Benson, Jr.

Honored at the Johnson affair were former Governor Will P. Hobby of Houston and Mrs. Hobby, the new Secretary of Health, Education and Welfare, and Secretary of Navy Robert Anderson of Vernon and Mrs. Anderson.

Benson and his wife held their reception in honor of his mother and father, visiting from McAllen.

Speaking of Texas flavor to things in Washington, Miss Hermila Anzaldua of McAllen, pretty Latin-American member of Benson's staff, whips up some real Mexican dishes.

Her ranch style eggs, with salsa picante too hot for most non-Texans, are much in demand by her amigos in these parts.

Mrs. J. B. Sowell, Jr. of Amarillo was here last week visiting Mr. and Mrs. Darrott Sowell and family and to attend the funeral of Mrs. Julia Sowell.

## Panhandle Paragraphs

### HE'S PEEVED

After thirty years, more or less, of column writing, I believe I have now discovered the secret of conducting a prize-winning column.

Two weeks ago when the Panhandle Press Association, representing more than 300 newspaper publishers of the Panhandle area, had its meeting in Amarillo, I was awarded third place for column writing. This recognition was given in spite of the fact that I hadn't contributed anything to my column for the past several weeks, and I am wondering if the absence of same was not responsible for this high recognition.

Jimmy Gillentine, of the Hereford Brand, walked off with first in the column writing category.

This also despite the fact that a guest writer has been conducting his column for the past several weeks. I have not been advised of the winner of second place, but let it be hoped that his placing was made on the basis of merit rather than on the absence thereof. THE STATELINE TRIBUNE.

### VEGA CLEAN-UP DAY

Friday, April 24, was set as the day for a general clean-up in Vega of untidy lots, back yards, front yards, etc.; getting rid of trash. A number of trucks were in use for hauling the trash off. The fireboys were on call to take care of burning weeds, etc., on vacant lots. THE VEGA ENTERPRISE.

### NEW BANK PRESIDENT IN DIMMITT

Robert McLean, vice-president of the Dimmitt First State Bank since 1940, became president of the bank at a recent meeting of the bank board of directors. The new president succeeds his mother, Mrs. Ruby McLean, who died March 26.

Selected as a new member of the bank board of directors was Mrs. Sal Dicuffa. THE CASTRO COUNTY NEWS.

### NEW HOSPITAL ADMINISTRATOR

The New Braunfels hospital board has announced the employment of George H. Berryman as Administrator of the new New Braunfels hospital.

Mr. Berryman will assume his duties on May 15. THE NEW BRAUNFELS HERALD.

### PAVING JOBS

Floydada's city council last week-end completed final payment to the construction company for 31 just-completed blocks of street paving. Completion of the Blanco road west from Highway 207 will be done in May and the letting of two other road projects in the county in June are pretty definite as far as Floyd County paving goes. THE FLOYD COUNTY HESPERIAN.

## The BOOTLEG Philosopher

Editor's Note: The Bootleg Philosopher ought to know what he's talking about this week, inefficiency.

Dear editor:

Since I had plenty to do, you know most people usually say since they didn't have anything to do they took it easy but if I waited until I didn't have anything to do before taking things easy I'd never get around to it, at any rate, I was out here taking things easy yesterday when I stopped under a tree and sat down and puled a newspaper out of my pocket. I'd been carryin around a few weeks and unfolded it and after I got comfortable read where one of the reasons there was an ammunition shortage in Korea some time back was that it took things so long to get through the Pentagon.

As I understand it, the Pentagon is a buildin in Washington where the army transacts its business on paper and according to this story, it sometimes requires an order nine months to a year to get from one end of the Pentagon to the other, due to the envolved red tape. Consequently when a General in Korea calls for some more bullets, it takes months before the order trickles down through the Pentagon, and the obvious remedy is to get Generals who can tell twelve months in advance what the enemy is gonna do, which directions he's gonna move in and at what hour, and get set for him.

But what I started out to say was is what I want to know is why don't we use the Pentagon for other phases of government?

For example, why don't they put the tax collection department over there? Nothin would make a bigger hit with me than its takin the government nine months to a year to get around to sendin me a tax bill.

People are always talkin about government inefficiency, but there are some phases of government that can't get too inefficient to suit me, and mailin tax statements heads the list. Also, I could use a lot more inefficiency and sloppy bookkeepin in creditin taxes and gettin around to findin out who hasn't paid up yet.

I believe with the proper plannin and channelin the collection through the proper offices in the Pentagon or any other buildin they got up there where red tape is swillin, a man could get by for years without payin any taxes and it might be years after that before anybody got around to discoverin it.

There's nothin wrong with red tape, it just ought to be removed from the ammunition orders and hauled over to the tax collection room.

Yours faithfully,  
J. A.

**HALF-MILLION DOLLAR SMOKE** -- Smoke pours from a \$500,000 oil fire that was started at Mount Pleasant, Tex., with a bolt of lightning. The lightning hit an 80,000 barrel main oil storage tank and later spread to a second tank holding 55,000 barrels of oil. The fire was on a tank farm installation near Mount Pleasant. (AP Photo).

**Experts Figure Farm Situation Is Not Too Bad**

The less favorable price situation for agriculture currently is not a result of depressed domestic demand since the change came during a period of high employment and incomes. That was the opinion of a panel of economists before a meeting of the Agricultural Commission of the American Bankers

Association at Houston recently. The panel, composed of Harry Love, Virginia Polytechnic Institute; Tyrus R. Timm, Texas A&M College; E. C. Young, Purdue University; and O. B. Jessness, University of Minnesota, gave three major reasons for the drop in farm prices; namely: high over all production in 1952; reduced exports because of improved agricultural production in other countries; and continued limited dollar exchange. The group attributed to increased marketings after several years of expanding numbers, the primary cause for the sharp drop in cattle prices. The classified butter and lard as special problems.

The economists pointed out that barring an expanded war, prospects are for a leveling rather than a sharp drop in defense spending. Moreover the easing supply situation indicated that production of industrial goods is catching up with demand.

Keeping the country's economy at a high level in the future, they said, will require shifts of resources among farm commodities and between agriculture and business. New developments such as television and air conditioning offer opportunities. Highway construction and repairs represent a real need, as do school buildings, hospitals and the like.

Farm price supports, said the experts, is not the remedy for the present agricultural situation. But they hastened to concede, that present supports should not be abandoned quickly. Such action, they added, probably would demoralize markets, especially for wheat and cotton. Future agricultural adjustments, they said, will be more difficult to make should a major let-down in business activity and employment occur.

They believed the lower prices for meat would stimulate demand and thus help the leveling out pro-

cess. Adjustments, they said, had to come for cattle numbers as production of any agricultural commodity can not be expanded indefinitely. Butter and lard are being replaced by other fats and oils and the high price support on butter appears to be pricing it out of the market. Recovery of lost markets may be difficult, if not impossible.

Price supports above market levels lead to surpluses and in turn to production controls. Price supports, over the long run according to the experts, should be reserved for periods of unusual distress situations. They hinder adjustment making and are capitalized into higher land prices and rentals.

On the whole, the panel members believed the financial position of agriculture was good. Farmers are in a pretty good position to make readjustments, but at present are more dependent upon high-level employment and production in the remainder of the nation's economy than heretofore. The economists said leaders should be giving special consideration to maintaining a strong economy generally instead of too high price supports. The final objective, believe the economists, should be to improve and strengthen markets—and not to replace them.

**South Hereford HD Club**

Argen Draper gave a demonstration on kitchen improvements to members of the South Hereford Home Demonstration Club at their regular meeting Tuesday afternoon in the home of Mrs. W. H. Goetsch.

The stunt night program was practiced and tickets to the stunt night were handed out to members. Those attending were: Mesdames John Hacker, Clara Shore, S. S. Williams, A. C. Flowers, Roy Manning, John Draper, Ronald Matthews, Clarence Hollabaugh, the hostess and one guest, Mrs. Marshall Eberling.

**YOUR HOME DESERVES THE BEST!**

Use . . . .

**Pittsburgh Paints**

**PITTSBURGH PAINTS**

Look Better Longer -- because they're the only house paints made with special "Vitalized Oils" to give you live-paint protection! Choose only the best quality paint for painting your home -- there real economy in using longer lasting, better looking, Pittsburgh Paints. We carry a full line of Pittsburgh paints for every type paintable surface.

Keep your home in Top-Notch shape -- Keep it painted. Remember: You can paint your home on an FHA Title I Loan -- Nothing Down and 36 months to pay. See us today for a free estimate.

**PITTSBURGH WALLHIDE**

Wallhide Rubberized Satin Finish is intended for walls and woodwork to produce an attractive Satin luster finish that dries in an hour. Highly washable, tough, rubber like coating.

Per Gallon \$5.14

**PITTSBURGH TRIM PAINTS**

Because Sun Proof Trim colors set up faster than many exterior house paints they are resistant to most weather hazards during the painting period.

Per Gallon \$7.13

**PITTSBURGH FLOORHIDE**

The Floor Paint that withstands heavy foot traffic--use it on floors and steps of wood, cement, metal or worn linoleum.

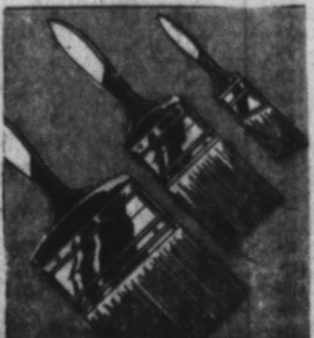

Per Gallon \$5.85

**WATERSPAR ENAMEL**

Quick-drying Enamel--gives woodwork and furniture new beauty and added life--resists marring--cleans easily.

Per Gallon \$8.63

**BRUSHES**

Good quality wall brushes for indoor or outdoor use. For houses, barns and other large areas where a speedy, flexible brush is wanted.

From 10c Up

**ROLLER AND TRAY**

Makes painting faster, easier. Gets professional looking results. End bearings make roller easier to operate.

Set for only 2.45

**Streu's Diary**

April 24, 1953

**DEAR DIARY:**

'Tis time for Spring housecleaning. I mean that old time deep cleaning that all husbands dread. We, at Streu's, are ready--our stocks of items needed to make the job a bit less irksome are complete--

We have water mops and mop wringers, floor mops and wall mops, feather dusters and counter brushes, straw brooms and push brooms and garage brooms and street brooms, dust pans long and short, Johnson's and Old English waxes, both liquid and paste, Glamoline and Powderine rug cleaners, Magic Foam upholstery cleaner, Sani Wax--Glass Wax--O' Cedar furniture polishes and scratch removers, Dusting paper and cloths, floor sweeping compound for the garage and basement, window washing equipment--ladders and paints and varnishes for all kinds of interior decorating--and a lot of other housecleaning items. We kinda specialize in gadgets for such work.

Our stock of tools for gardening and lawn care is also complete.

It is not a bit too early to start thinking of gifts for Mother's Day--there are so many, many beautiful and useful gifts on display at Streu's that it may take a couple of weeks for you to make up your mind. You can see china, crystal, cooking utensils, electrical gadgets, cutlery, silver, pottery, Pyrex, and hundreds of gift items. However, I can think of nothing that would make a finer gift for any mother than a 1953 RCA Victor television

set--priced from \$199.95. We have from ten to fifteen models on the floor all the time and will be happy to demonstrate.

Expecting a shipment of RCA Victor records today or Saturday--should have a bunch of brand new numbers--also hope to receive a big shipment of the new perforated sprinkling hose this week--I hope.

I would like to close this epistle with some kind of clever observation, but I can't even think of anything that I think clever--so surely no one else would think so. I did notice this little gimmick the other day, "Men are men and women are women--and everyone is glad of it."

STREU

**TEXAS TOWN'S RESERVOIR NOW DRY** -- City officials of Byers, Tex., including Texas Rep. Anthony Fenoglio of Nocona (center), inspect the dry reservoir of Byers, Texas. A frantic appeal by Mayor J. Milton Dunn, after the reservoir had run dry, brought help from a nearby farmer who owned a spring and an oil company which

owned pipe. Volunteer workers laid the pipe and this arid reservoir now is being filled again. Drought conditions for the last three years have brought many other Texas communities to a similar precarious plight. There were prayers for rain this Easter. Byers, population 587, is in northwest Texas. (AP Wirephoto).

**Rebekah's Conduct Draping Ceremony**

The Rebekah Lodge conducted a draping of the charter ceremony at their meeting Tuesday night in honor of a member, Mrs. Julia Sowell, who died recently.

Members of Mrs. Sowell's family were guests. Included were: Mr. and Mrs. Buren Sowell, Mr. and Mrs. Barrett Sowell, Jim Sowell, Mr. and Mrs. Charlie Sowell, Mr. and Mrs. Buddy Sowell, Mr. and Mrs. Troy Moore and Mrs. Rebecca Singleterry.

Members of the lodge participating in the ceremony were: Leta Kaul, noble grand; Edna Draper, vice-grand; Alta Davis, Ella Cockrell, Edna Bove, Irene Merritt and Roberta Combs.

There were 44 Rebekahs present at the meeting and one guest, Oleta Chisum from Dimmitt.

**J. A. Loerwald Is Honored On 75th Birthday**

A birthday party honoring J. A. Loerwald on his 75th birthday was held Tuesday night in the Loerwald home.

All the family attended. Following the buffet supper the group enjoyed television.

Those attending were: Mr. and Mrs. Ed Loerwald, Dolores, Susie, Patsy, Cindy, Claudia and Paul; Mr. and Mrs. Larry Loerwald, Dolby, Charlie, Juanita and Helen; Mr. and Mrs. Tup Loerwald, Linda, Jim and Jeff; Mr. and Mrs. Harold Loerwald, Mr. and Mrs. Bill Howard, Ruth and George Loerwald.

**SPORT SHOTS**

By Harold V. Ratliff  
Associated Press Sports Editor  
It's spring and baseball is in full bloom. There's not much thought of football these days. But a prospectus has just come out at Rice Institute and it furnishes food for comment.

That should be quite a team Jess Neely will place on the field at the Houston school in September. It brings the memory of what laconic Jess had to say on a hot summer day in San Antonio two years ago. Neely's team was rated last in the Southwest Conference that year. He had a flock of sophomores and was rebuilding.

But Neely, strangely, was the most optimistic coach present, and every conference school was represented except Arkansas. Jess said he had the finest crop of sophomores since 1947 and it was recalled that the sophs of 1947 were conference champions as seniors in 1949.

So we reach the year when the sophomores of 1951 are seniors. There are 19 lettermen returning at Rice and 15 of them are seniors. The other four are juniors.

Rice didn't do very well in football last year until the November stretch arrived. The Owls had lost five of their first six games. Then they started to move as a flaming youngster named Leroy Fenstemaker stepped in at quarterback. They won the last four games of the campaign.

Fenstemaker was one of the sophomores of 1951 that Neely had talked about. Jess said he was going to be a great passer. He is. There are three senior lettermen at end; two seniors and a junior at tackle; three seniors and a junior at guard, a senior at center and six seniors and two juniors in the backfield.

And the abandonment of the two-plateau system finds Rice ready. Through the years of the two-plateau system, Rice coaches made it a practice to use all players or both offense and defense in practice even though they performed only one way in games. So nobody had to start over and no players considered of top varsity caliber dropped football because of the rules changes.

Rice certainly deserves to be the favorite for the 1953 conference championship.

Speaking of football, Hardin-Simmons has launched a campaign early to get its grand end, D. C. Andrews, on the All-America. And Hardin-Simmons has the kind of help it takes to do it.

Sam Baugh, one of the greatest football players who ever pulled on cleats, is backing Andrews and that'll be good enough for the America makers.

Hardin-Simmons doesn't play the schedule that is conducive to selection on the All-American but with Baugh behind the young man, the schedule won't matter.

Sam, who starred at Texas C-tian then became the greatest passer in football history as a professional, playing in the big time 16 years, now is an associate coach at Hardin-Simmons. In the motivational material now being sent out by the school Baugh is quoted as saying: "Tell me where there is a better all-around end in college football."

That sounds conclusive enough. Personally, we'll take Baugh word for it if he says a youngster is All-America.

And speaking more about football:

Our reports were that Trinity University was staging a gib recruiting drive for footballers and was aiming at the big-time. We were told there was heavy financial backing and that Trinity had a ready gotten the cream of the crop among the junior colleges.

There came a letter. It had the Trinity football schedule of 1953 attached. It asked simply: "Does this look like big-time football?" The schedule lists Southwest Texas

El Paso, — How competitive is competitive bidding?

Harlan Hugg, Public Service Board manager, pondered that one after bids were called for eight-inch clay sewer pipe.

Three firms responded. All three bids were 514 cents a foot, for one or a carload.

State, East Texas State, Hardin-Simmons, West Texas State, Texas A&I, McNeese State, Sul Ross, Midwestern and North Texas State.

Some good football teams there but, in all seriousness you couldn't call it a big-time schedule.
