WOT HOPPONED? was the general comment of Stanton Junior High students when they were dismissed from school Tuesday afternoon. The watering system had been left on all day and as a result the tree and the ground around it pictured above were covered with ice. Proving that the cold weather

and icicles don't bother them are, left to right, Sharon Newman, daughter of Mr. and Mrs. H. L. Newman; Roxie Faughn, daughter of Mrs. Madeline Faughn; Thomas Coffman, son of Mr. and Mrs. Chas. Coffman; Gary Wertemberger, son of Mr. and Mrs. O. Wertemberger. (Staff Photo)

Santa Claus To Visit Saturday

Santa Claus is coming to town Saturday. The jolly old fellow will make his annual pre-Christmas visit to Hereford at 2:30 Saturday afternoon, according to Gerald Hale, president of the Junior Chamber of Commerce.

The Jaycees sponsor Santa's visit, and Hale said Santa would have a bag full of candy and peanuts for the girls and boys.

A parade will feature Saint Nick.

It will be down Main Street and the High School and Junior High School band will participate.

Santa's visit will officially get the Christmas season underway here. Merchants have been working hard to get their Christmas decorations up in time for his visit, and Jaycees have completed decorating the town.

Santa will set up his headquarters near the Post Office, Hale said. As in the past, he will be ready to greet all of Hereford's boys and girls. He urged them to write letters to him at the North Pole, however, so that he wouldn't forget any of them. They can be sent in care of The Brand.

History Of Ex-Students Group Given

A Hereford High School Ex-Students Association has existed since before 1927, Mrs. A. L. Manjeot said Wednesday, and was active until World War II. Mrs. Manjeot's statement came following an editorial in Sunday's Brand entitled "How About An HHS Reunion."

"We always had an alumni banquet each year," she said, "but couldn't have one during the war years because of restrictions on foods.

S-D Drive Gets Underway Here

Capt. J. W. Blackwell, commanding officer of District Five of the Texas Highway Patrol, which includes Deaf Smith County, said Wednesday that the observance of S-D Day, Dec. 1, would see no change in traffic law enforcement policy in so far as the Highway Patrol is concerned.

He pointed out, however, that the special emphasis program aimed at marking a 24-hour period without traffic accidents began on Sunday and will culminate in S-D Day, Dec. 1.

During the period, Capt. Blackwell said, he would utilize every available man in his command on as broad an assignment basis as possible in a concerted effort to assure the success of S-D Day.

The Sheriff's Department and local police also plan to cooperate to help make the drive go over. Last year, there was no loss of life in the county during the period.

GOLD STAR WINNERS — Pat Dawson and Jimmy Conkwright were named Gold Star winners Tuesday night at the 4-H Club Achievement Awards banquet. Pat is the

daughter of Mr. and Mrs. J. M. Dawson and Jimmy the son of Mr. and Mrs. Colby Conkwright. (Staff Photo)

Around Town

Folks Around Town will have an opportunity to hear Cong. Walter Rogers talk Monday night, according to R. G. Peeler, chairman of the Chamber of Commerce Agriculture Committee. Peeler said Rogers will talk on his trip behind the Iron Curtain and the "farm problem." The public is invited to attend the affair to be held in the High School auditorium.

Peeler talked by phone Wednesday with Rogers, and was told that Mrs. Rogers, who suffered a heart attack Thanksgiving Day and another the following day, is recovering as well as can be expected. Rogers said he would be able to make the trip to Hereford unless she became worse.

Mrs. Mattie Elder, 90, died at a convalescent home in Houston recently. She was a former Hereford resident and the mother of Mrs. J. L. Pleasants.

The Young Mothers Study Club will hold a Christmas bazaar Saturday in the old Furr Food Building. Handmade gifts, such as aprons, table clothes, Christmas stockings and toys will be on sale.

The public has been invited to attend the Bazaar Sale and Antique Sale to be held Dec. 2-3 at the home of Mrs. Frances Housh.

Date for the annual Rotary Club Christmas Ladies Night Banquet was announced this week. The affair will be held Dec. 12 in the

Blindfold May Cover Eyes Of Farmers In Referendum

Deaf Smith County cotton farmers, like others throughout the state, may be "voting blind" when they cast their ballot in the Dec. 13 national referendum on a federal production and marketing control program.

At least that seems to be the situation as it stands today, since the Department of Agriculture announced that 1956 county cotton acreage allotments for Texas won't be determined until a dispute which has split cotton growers in the state is settled, and since Sec. of Agriculture Benson has not yet announced what parity will be for the coming year.

Prisoners Dislike Improved Method

It may be an improvement, but prisoners in the Deaf Smith County jail don't think so.

Deputy Sheriff Charles Skelton, who also serves as jailer, has ordered some carbon tetrachloride to replace the old "cleaner" used to get fingerprinting ink off of prisoners' fingers.

Skelton said the old "cleaner" just didn't do too good a job, and left prisoners with the bad habit of licking their fingers. He admitted that the old method had one good point, however. Prisoners enjoyed being fingerprinted.

He had been using whiskey taken in raids to do the job.

An injunction hearing filed by four West Texas growers in Federal Court at Houston is expected to be heard by Dec. 10. The suit asks that the court issue an injunction to keep the Texas ASC Committee from issuing Texas county allotments on a basis which the TACC recommends. West Texas growers claim the state committee is holding back too much as reserve for making adjustments among farms for so-called hardships.

Lawson Infant Is Buried Wednesday

Funeral services were held Wednesday afternoon in the Rose Chapel at Gilliland Funeral Home for Pauline Lawson, infant daughter of Mr. and Mrs. Reece Lawson who died Tuesday. Rev. Harold Kaestner of the Lutheran Church officiated and interment was in West Park Cemetery.

Pauline was born Nov. 29 at the Gilliland Hospital.

Survivors are her father and mother, Mr. and Mrs. Reece Lawson; one brother, Paul Reece Lawson Jr.; and her grandparents, Mr. and Mrs. Paul M. Lawson of Amarillo and Mr. and Mrs. W. L. Orrell of Austin.

Gilliland Funeral Home was in charge of arrangements.

Native Of Russia Dies In Hereford

Funeral services for George Bippus were held Wednesday afternoon at the First Baptist Church with Rev. Howard Scott officiating. Interment was held at the West Park Cemetery.

Mr. Bippus died Monday at the age of 73 in the Deaf Smith County Hospital after an illness of about three months. He was born Aug. 28 1882 in Russia. He came to Texas in 1910 from South Dakota and he married Lydia Kerug Jan. 6, 1909 at Artes, S. D.

Pallbearers were Austin Mobley, George Jewell, Jimmy Allred, Albert Kesler, Edwin Morrison and Henry Turner.

Survivors are his wife, Lydia Bippus; one son, Herbert Bippus; two sisters, Mrs. George Drummond of Emporia, Kans., and Miss Ernie Bippus of Canyon.

Gilliland Funeral Home was in charge of arrangements.

Mr. and Mrs. A. T. Jones, Mrs. Joe Benson and Susan of Dimmitt spent Thanksgiving in El Paso with Mr. and Mrs. V. H. Harman. Mrs. Harman is the former Dovie Jane Jones.

New Cheerleaders To Be Selected

Four new cheer leaders for Hereford High for the coming year of 1956-57 will be announced at the Pep Club Banquet which will be held tomorrow night at the Shirley School gym at 7:30.

Marlene Allred, president of the pep club, will give the welcome, and Pat Sullivan, high school principal, will present the invocation. Bill Phillips, assistant principal, will give the address to the students. After the present cheer leaders present the senior girls' prophecy, they will announce the new cheer leaders. Sixteen girls tried out for the positions Tuesday.

The girls quartet will entertain the 250 students who are expected to attend the banquet.

Shelton Pleads Guilty To DWI

A \$100 fine and five day jail sentence were given Herman C. Shelton in County Court this week following a plea of guilty to a charge of driving while intoxicated.

Shelton was arrested by City Police, and Judge Homer Henslee suspended his New Mexico driver's license.

Mr. and Mrs. Carlos Vaughn spent the weekend with Mr. and Mrs. John Anthony and family of Elida, N. M. Mrs. Anthony is a sister of Carlos Vaughn.

Sixty Awards Presented To County 4-H Members

By ROBERTA CAMPBELL

Achievement Night held in the Shirley School Gym Tuesday evening was just what the name implies when 60 4-H awards were presented to boys and girls of the county for outstanding accomplishments in club work the past year.

Nancy Parsons played piano selections. Pat Dawson, Gold Star Girl, welcomed the visitors and Carlyn introduced the following representatives of donors and the youngsters receiving the awards:

Raylan Evans presented the Frozen Foods award from International Harvester Co., to Nancy Parsons, Royce Lee Pruitt and Maxie Wiseman; Buran Scott representing the Ford Motor Co., made Special Achievement awards to Pat Dawson, Ann Dyer, Weldon Tatum and Pete Plank. Ann recently placed second in the state to be the only 4-H girl from the county to win a rating in a state contest.

Lloyd Widdfield, manager of J. C. Penney Co., made the Clothing award for Coats and Clark to Carlyn Williams, Merry Kay Pruitt, Royce Lee Pruitt, Peggy Browning, Mary Lynn Morrison and Glenda Homfield.

John Estes made the field crop award to Buddy Bob Campbell for the Nitrogen Division of Allied Chemical and Dye Corp.

Harold Thomas, speaking for the Carnation Company, pointed out some of the accomplishments of Carlyn Williams, who received the award in dairy foods. Carlyn's list of ratings included winnings in canning, baking cookies in bake show, president of her club, delegate to district 4-H Camp where she received a blue ribbon.

Roxie Hulsey made the Farm and Home Electric award of a pink clock radio to Peggy Brown.

Bob Williams, also representing Sears Roebuck, Curt Kneale, from the U. S. Rubber Co., Knox Parr, district agent from Potter County, and several local business men helped with the presentations.

Carlyn Williams, president of the Happy Homes 4-H Club, was mistress of ceremonies. Father Bartholomew Paytas gave the invocation. Mrs. Merlin Kaul, assisted by Bob Taylor of Adrian, led the 4-Hers and their parents and their friends attending in group singing.

County Agrees To Pay Damage; Two Suits Settled

Deaf Smith County Commissioners have agreed to pay an award recommended by a special commission last September and avoid a court suit.

A \$1200 award will be paid to the R. W. Witherspoon estate and a \$700 award will go to J. J. Boydston and J. J. Clark. Two separate suits had been filed against the county. The dispute involved changes in the highway bridge on highway 60.

Commissioners also discussed plans for remodeling the court house and building a new jail. The business took place at their regular meeting held in the Commissioners courtroom Monday.

Commissioners left about noon for Littlefield, where they looked over the courthouse there. They have also inspected courthouses and jails at Stratford, Panhandle and Dumas.

A delegation of Home Demonstration Club women called on the Court to give their annual report.

Local Students Are Named On U.S. Choir

Two Hereford High School students received word Tuesday they had won state trophies and are now eligible to sing in the United States High School Choir, which will be held in St. Louis April 13-18. They were selected as two of 20 of the best voices from Texas to participate in the National Choir. At St. Louis, the coordinator will select the voices he needs to balance the choir.

The boys, Raymond Wells and Gene Streun, are both seniors in Hereford High. Raymond was selected as first tenor and Gene as first bass at the Regional tryouts held in Canyon recently. Solo recordings of their voices were then sent to the state committee, who selected the best 20 voices in Texas.

Raymond, son of Mr. and Mrs. R. A. Wells, has been in the High School mixed choir and participated in the Boys Choir for four years. He sang second tenor in the Boys

quartet last year and has done work in the Selected Music Club Festivals.

Gene has participated in the mixed choir for the past four years and is working with a Boys Quartet this year. He is the son of Mr. and Mrs. Jack Streun of Frio.

Gene and Raymond worked with the All-State Choir last year, which was held in Dallas, and both have received superior or Division I ratings in the annual University and Interscholastic League Festivals.

BEST IN U.S. — Raymond Wells, left, and Gene Streun have been selected as two of 20 Texans to participate in the National Choir. The Choir will meet in St. Louis April 13-18, and both boys will attend.

21 Shopping Days to Christmas

By JIMMIE GILLENTE
This area may be a little bit sluggish in regards to de-segregation, but no one can ever accuse the County of Deaf Smith of holding out on the Supreme Court ruling. If you have any doubts, then just pay a visit to the county jail. One of the cells this week contained a Negro, a Latin-American and a white inmate—a perfect example of de-segregation.

I was interested to note that the Teacher's Association recently banned the membership of Negroes. Although the action may be classified as inconsistent, it is the point around which much future controversy will circulate. A percentage of Negro teachers in all schools will, of course, be the next goal of the national organization for advancement of colored people.

Such action will naturally make any teachers who lose their jobs unhappy. I think the most bitter racial hatred and prejudice I have ever seen exists between the taxi drivers in Chicago, where a parallel situation exists. In addition, many of the "broad-minded" parents who accept de-segregation in our public schools may also find it hard to take when Little Johnny or Mary starts getting his basic training at the hands of Negro classroom teachers.

It is a situation which merits grave consideration on the part of all Americans because, as I said, it is the future hub of the present de-segregation controversy. This is also one of the reasons why Americans should maintain and operate their schools on a local level, rather than going all out for federal school aid and, ultimately, federal school control. It's just like the current maize problem. If you become dependent on the government for supports and income, you can always expect the government to dictate the amount and the policy of operations. When the PEOPLE lose control of their schools, they have—in fact—lost control of their government. It may take time, but that's how it works. Remember Hitler's youth program? The first thing Russia does in any country is to take over the schools. It is a lot easier to change the thinking of the youth than it is to try and convince the old diehards and sore-heads of another generation.

Any U. S. federal school program wouldn't start out that way, of course, but as administrations changed and laxness appeared here and there, the public schools could easily become the most powerful weapon in the nation. I may be all wet, but it would take a lot of argument to make me think otherwise.

MORE ABOUT RUNNING out of gasoline. Everyone thinks it is funny because I ran out, but no one else seems to have had the same experience. At least, they don't admit it to me. Am I the only dope who is so stupid?

Mac Noland was telling me that his farm home is the favorite of all spots for people to run out. However, Mac says they invariably get right in front of his house so they won't have far to walk—and that most of them bring their own cans. When he offers to let them use the telephone to call for help, Mac says they frequently walk out to their cars and drive away. All of which leads him to suspect that maybe they are just trying to chisel some free gasoline. He strongly suspects that there is quite a racket going on in the business these days. He even wonders if some of them are not checkers for the state gasoline tax collecting division. Anyway, Mac says he gets from seven to nine each week—and he doubts if one out of a hundred of them are really out of gasoline.

I don't know about this, but if they encounter the same luck I had, I'll just say that they picked out a mighty poor racket. I'd rather dig ditches, any time. It is possible, as several have suggested though, that it might not be so tough if you have an "honest face."

I was visiting with Henry Hastings this week. Henry professes to be getting close to the 80-year mark and says that he has never been sick a day in his life. He has been laid up from accidents once or so, but has never been sick. Can anyone top this record? As an added personal note, however, I think he needs to see an eye specialist right now—and I base the opinion on the fact that he was guessing my age to be a little over 60.

ABOUT THE GRAIN problem. It is completely solved, thanks to the effort of our own "Bootleg Philosopher," who was writing in a current magazine. He concludes his article as follows:
"The thing to do is to outlaw the tractor. There's the culprit in the whole deal. It's the tractor which has produced the surplus."
"The thing to do is get Congress to ban the sale, transport, or possession of farm products produced by use of a tractor."

"With everybody going back to mules and horses, I guarantee every farmer in the United States could work as hard as he pleased and the country never would be bothered again with a surplus."
"There's no use trying to restrict the acres or the hours a farmer can farm. Just abolish the tractor and in two years, as soon as we

work out from under the present surplus, you'll see the price of farm products shoot skyhigh and price supports, flexible or inflexible, Democratic or Republican, will be ancient history. So will the nation, but so what, the farm surplus problem will be solved. I didn't offer to solve all the problems, just the surplus one."
Yours faithfully,
J. A.

I was talking with the VFW boys and they are getting quite a few toys. However, they are short on dolls—as usual. Little girls, it seems, love their dolls and keep them for a long, long time. I have even known grown women who cherished dolls on up from childhood.

I wonder who has the doll long-

est in his or her possession in this area? Anyway, it is worth a \$10 bill—if you will bring it to The Brand office and register the doll.
I am sure that most of the long-time doll owners can remember how they got their doll—and when. No evidence is needed. Just bring the doll by The Brand office, register the information—and we will give the winner \$10. The doll can be pretty; it can be running out

the sides with saw-dust, or just plain old-fashioned rag doll. What we want is the one longest in the possession of a single individual. Thursday, Dec. 22, is the deadline—but come in now, before you forget about it.

Wreck Causes Slight Damage

Approximately \$200 damage resulted from a two-car collision here Tuesday at 8:05 a.m. at Miles and 75 feet south of West Third.

A 1951 Chevrolet, driven by Sharon Merrifield and a 1955 Buick, a parked car owned by D. H. Stafford, collided, police said.

Stafford's car was parked at an angle on the east side of Miles Street and Miss Merrifield was going north on Miles Street and she

looked to the right on the vacant lot and hit the right rear of Stafford's car with the right front of her car.

Mrs. Merrifield was charged with negligent collision and no operator's license. Approximately \$00 damage was done to each car. No one was injured.

Ellie's TAMALES
GOOD! BETTER! BEST!

Merry Kay Pruitt was winner of foods preparation award from the Pavinator Division of Nash. Presentation was made by Mrs. Pat Sullivan, and Hugh Clearman presented the garden award to Jimmy Kaul for Allis Chalmers Mfg. Co. Paul Harvey emphasized the fact that one has to really learn to sew to receive the awards given by the Simplicity Pattern Co., for winner of the Dress Revue. Girls who received the top ratings this year were: Pat Dawson, Carol Phifer, Linda Homfeld and Merry Kay Pruitt.

The leadership award went to Gayne Bonner and was presented by Edward Foss Wilson by Harold Thomas.

Luther Lesly made the presentation for the Firestone Rubber Co. Jody Bezner and Woodrow Ortheut for soil and water conservation. Poultry awards were made by Vance Crume to Sharon Crizer, Jane Heard, Linda Cupell and David Dziuk.

Martha Logan and Jimmy Conkright received the presentation in recreation and Rural Arts from Art Kneale representing the U.S. Rubber Co.

Clee Meharg pointed out that 4-H girls had eliminated a lot of bulb catchers in homes over the area in the sale of over 5000 light bulbs for their fund raising project. He presented gifts to Maxie Wiseman and Polly Monroe for outstanding leadership. Meharg was a representative of the Southwestern Public Service Co.

Carl Roach made the tractor maintenance award to Billy Dufur for the Stanolind Oil and Gas Co., and Knox Parr made the Public Speaking award to Larry Kaul for the Oil Company. Walter Kaul received the award for his brother, who is away at college.

Highlight of the presentations came when Knox Parr also made the Gold Star award to the outstanding 4-H girl and boy in the county. This award comes from the Texas Extension Service of the U.S. and M. and this year Pat Dawson was designated the Gold Star girl and Jimmy Conkright the old Star boy.

Mrs. T. B. Thomas, adult leader of the Sadie Lee Oliv 4-H group, led the visitors that reading is encouraged in 4-H work and interest in this part of the program is evident when she made presentations of reading certificates and stars to 15 members. Gail and Jay Bishop, both new members, had read 66 books between them. Awards went to: Sharon Bezner, Cynthia Kromer, Glenda Homfeld, Lena Fhrman, Janie Taylor, Bill Weaver, Merry Kay Pruitt, Katy Kromer, Gail Bishop, Kay Bishop, Audri Miller, Anna Mae Schroeder, Maxie Wiseman and Joyce Lee Pruitt.

A special award was also given by Purina Feed Co., to Jimmy Conkright. It is a regional award made annually for the outstanding livestock feeder.

A musical skit was given by Layland Northcutt and Gary Guseman from the Walcott boys 4-H club. Mary Dufur, from the Walcott 4-H girls club, introduced the adult 4-H leaders who are: Mrs. Ora Ott, Mrs. George Heard, Mrs. Ed Dziuk, Mrs. M. H. Wiseman, Mrs. Roy Pruitt, Mrs. Glen Burus, Mrs. T. J. LOSE UGLY FAT IN TEN DAYS OR MONEY BACK

If you are overweight, here is the first really thrilling news to come along in years. A new convenient way to get rid of extra pounds easier than ever, so you can be as slim and trim as you want. This new product called DIATRON works both hunger & appetite. No drugs, no diet, no exercise. Absolutely harmless. When you take DIATRON, you still enjoy your meals, still eat the foods you like but you simply don't have the urge for extra portions—and automatically your weight must come down, because, as your own doctor will tell you, when you eat less, you weigh less. Excess weight engenders your heart, kidneys. So no matter what you have tried before, get DIATRON and prove to yourself what it can do. DIATRON is sold on this GUARANTEE: You must lose weight with the first package you use or the package costs you nothing. Just return the bottle to your druggist and get your money back. DIATRON costs \$1.00 and is sold with this strict money back guarantee by: Rogers Drug Store—Hereford Mail Orders filled.

Teams War

Resurgent Phillips, again at the top of the AA heap and again favored to win the state championship, will face their toughest opponent thus far, Stamford's ferocious Bulldogs, victors in 11 straight tussles this season Saturday afternoon in Childress' Fair Park Stadium.

Both teams will be fresh from easy victories in bi-district games. Phillips last week smashed Otton, 52-7, and Stamford walloped Burk Burnett, 34-7. Stamford is the winner of district four, while Phillips holds from the tough district one.

Phillips will be given a precarious edge in the game which will see Phillips send a mighty offense against Stamford's brilliant defense.

The Bulldogs have breezed through 11 games undefeated and untied. The Blackhawks' record is marred only by a tie with the Dumas Demons. Phillips lost to Ballinger in 1953. Stamford's last defeat was at the hands of Colorado City last year.

Phillips holds an edge offensively, possessing a scoring average of nearly a point-per-minute. They have allowed 73 points, however, as compared to 39 allowed by Stamford. The Bulldogs have scored an average of 28 points per game. No team has scored more than 7 points on them this year, but Phillips has had 27 points scored upon them.

Coach Gordon Wood of Stamford has a record which rivals that of Chesty Walker. Over a five year period his Bulldogs have won 52 and lost 4. They have won three district championships and have lost only two conference games. Phillips has not lost a conference game in four years.

While Stamford and Phillips wage war the Breckenridge Bucks will be having a comparatively easy time when they play Crane. The winner of the Breckenridge-Crane game will meet either Phillips or Stamford.

KNOX'S KNOTHINGS

By BILL KNOX

Stamford Has Fine Record

We've taken a lot of ribbing from picking Stamford as the AA state champion. Most people say that Phillips, Breckenridge, and Killeen all have a fine chance . . . but not Stamford.

But we've dug up some pretty optimistic reports about the Bulldogs. And we think we've got facts enough to substantiate our prediction which says that Stamford will win the state championship. We feel even safer about our prediction.

Gordon Wood, although not comparable to Chesty Walker of Phillips, has rolled up an enviable record at Stamford. In the five years he has coached there, the Bulldogs have won 52 games and lost four. They've lost but two district games in five years and have never finished lower than second in their district. Those two conference defeats were 12-7 to Anson in 1951 and 20-14 to Colorado City in 1954. Colorado City fell to Phillips in the quarterfinals last year.

Stamford has won the district crown three times out of the five-year span. Other than the conference defeats, they lost to Terrell, 20-0, for the state championship. Here's a boon for Phillips. The other defeat is to the Hawks, 20-14, in a regional clash in 1953.

This year the Bulldogs have breezed through 11 games without defeat. They defeated Haskell, Andrews, Sweetwater, Stephenville, Coleman, Handley, Rotan, Colorado City, Anson, Hamlin and Burkburnett.

Boast Brilliant Defense

And we'll put their defense up against Phillips' any day. Phillips allowed 66 points this year. The highest scored on them was 27 by Hereford. Stamford allowed 52 points in 10 games and the highest scored on them was seven!

However, their offense may not be what the Hawk's is. They averaged only 28.5 points per game in regular season play. Phillips averaged about a point per minute for every game they played.

Put Phillips' mighty offense and Stamford's brilliant defense

clash. Odds right now are favoring the Phillips team to repeat as state champions with rugged competition from Breckenridge and Killeen.

up against each other, and, whoever wins, you've got a game and a half on your hands. One for Stamford and one-half for Phillips. And Jackie Webb is three-eighths of Phillips' one-half.

Starters All Relations

Mrs. C. A. Saulcy of Westway has six reasons to be proud of the football team at Roaring Springs. Six-man football is played there and this year the A team included boys all related to Mrs. Saulcy. They are Bobby and Lester Mullins, her grandsons, Ted Alsop, a nephew, and three great nephews, Herman McClesky, Harold Edwards and James.

One might find it pretty hard to field an 11 man team all related to you.

Noticed on the basketball schedule this year that the Whitefaces are again entered in the Odessa Tournament. That's a rugged tournament and the Whitefaces may find it hard to win a game in it. Then again, they may find it hard to win a game all year.

Plainview Rips Herd In Opening Cage Game

By BILL KNOX

The angry Plainview Bulldogs made hash out of Hereford's young and inexperienced Whitefaces on Tuesday night to the tune of 74-34 in Whiteface gymnasium.

As expected, the "B" team fared better than the varsity, scoring a sizzling 67-40 win behind lanky Jim Curtsinger.

The outcome of the contest was never in question. Hereford led only once—at the onset of the game when Fred Lookingbill sank a field goal. Then the taller and faster Bulldogs changed matters quickly and proceeded to hang up the easy 90-point margin of victory.

It was the first game of the season for both teams and uncovered spots for Coach Cubby Kitchens to work on. Hereford's next game is with Olton here Monday.

Height and speed played the main part in the Plainview victory. The Bulldogs completely controlled the backboards and had no trouble in defending Hereford's offense. The Whitefaces couldn't find a suitable offense or defense.

Most of Hereford's shots came from outside, while Plainview's majority was inside. Bobby Teagel and Jimmy Laird performed brilliantly at their guard posts for the Bulldogs while effectively setting up easy shots for taller men, Hodges, Hartley and Simmons.

Ray Hartley was high man for Plainview and the game with 17 points. However, an even scoring attack dotted the Plainview score slate. Teagel had 14 and Hodges had 13. High man on the Hereford side was Bill Callaway with nine points. Terry Higgins and Danny Elliston had six each.

Plainview led by 13-7 at the end of the first quarter after Hereford had opened scoring and then waited until Plainview had rolled up 12 points to score again.

The second quarter was somewhat more lopsided for Plainview. In this quarter the Bulldogs dunked in 20 to Hereford's nine to bring the halftime count to 39-16. After the halftime intermission, Hereford coach Kitchens kept a steady flow of substitutes streaming from his bench in a vain effort to find a scoring combination. He didn't find it.

Curtsinger sank 25 points in leading the "B" team triumph. Leroy Morrison sank 19 and Don Weeks was good for 12 of the 67 points scored.

Under the General Law, the season begins Dec. 1, and runs through Jan. 16. The bag limit is 12 a day and not more than 36 in possession. But there are large blocks of counties under varying regulations, as to dates, shooting hours and bag limits.

In the Panhandle block of 28 counties under regulatory responsibility so that the Commission may each year adjust the harvest to current conditions, the season dates are the same as the state at large, but the limits are 10 per day and 20 in possession.

POOR TV IS ASSET

FORT DAVIS, Tex. (AP)—Because Fort Davis has "the worst possible television reception," Harvard College of Cambridge, Mass., is thinking of locating its big, new telescope here.

Director Donald H. Menzel of Harvard's observatory said the

telescope, which will permit observation of the sun by means of radio emissions, should be located where there's no television interference.

LOSING SAMARITAN

PHOENIX, Ariz. (AP)—Walter E. Elam stopped to help a man who

was having fuel line trouble on his car. While the two men were laboring under the hood, Elam's car, a 1953 model he had bought only four days before, coasted downhill and flipped into a canyon. Damage was estimated at \$800.

Panhandle Quail Increase Reported By Hunting Commission Secretary

Wildlife authorities and quail hunters will eagerly observe the coming quail season because of the recent hubbub over habitat improvement, according to the Executive Director of the Game and Fish Commission.

An increase in bobwhite and other quail species has been re-

ported. "Our reports show that there is a definite pickup in quail numbers in many parts of the state," said the Executive Secretary. "This improvement seems particularly noticeable in the Panhandle as well as in northwest Texas generally."

There are also reportedly more quail in north Texas and in spotted areas in East Texas. Some south Texas counties have been reported to have more quail than the state.

However, the secretary said, the quail situation is still suffering from the "terrible knock-out" dealt by the prolonged drought which has caused the chronic harassment to wildlife from curialed cover and foot.

The Executive Secretary pointed out for the benefit of hunters a familiar with regulations that a state as big as Texas naturally comprises a patchwork of seasons and details covering quail hunting.

Emphasis Is Placed On Holiday Decorations By County HD Clubs

Emphasis is still on holiday decorations and gifts according to Home Demonstration Clubs reporting recent meetings.

Clubs reporting are:

Cultural

Handmade articles were displayed by members of the Cultural H. D. Club who met with Mrs. Pat Robinson Nov. 22.

The Look What I Made part of the program was conducted by Mrs. Earl DeHart and many gift ideas were brought out during this session.

Mrs. Irving Robinson Jr. showed the group magazine pictures on "Mantle and Doorway Accents." Material listed in the illustrations were simple items usually found around the home, to which finishing touches for glamour could be added with paint, glitter and other decorations. Mrs. Robinson said that with a little planning and ingenuity inexpensive decorations for doorways can be made by the av-

erage homemaker from materials about the farmstead.

Members voted to adopt a school room to furnish hand cream and appointed Mrs. Joe Story to work out details with the school nurse. Visitors present were Mrs. G. W. Brumley, Mrs. Tom Draper and Mrs. Roberta Royal.

Members attending were: Mesdames Paul Corbett, Louie Olson, J. T. Richardson, Irving Robinson Jr., Ira Scott, M. W. Sumner, Fred Wolfington, Edgar Telchik, Joe Story, P. M. Houser, R. C. Childers and the hostess.

The next meeting will be with Mrs. Edgar Telchik for a gift exchange on Dec. 13.

Messenger

Door decorations and centerpieces for Christmas were discussed by members of the Messenger H. D. Club who met with Mrs. N. A. Brown Nov. 25.

Mrs. W. D. Howard showed an inexpensive door decoration made of a strip of red oilcloth tied into

a large bow and decorated with pine cones painted with aluminum paint which were tied into the center of the bow.

Plans were made for a "42" party for members of families to be held at the Walcott School on Dec. 9.

Mrs. W. D. Howard and the hostess read letters of appreciation and thanks from the girls at Girlstown for the pajamas received from the

members of the Messenger Club. Mrs. Floyd Brown won the recreation prize and Mrs. J. E. Rouse won the floating prize.

Those attending were: Mesdames J. E. Rouse, Floyd Brown, Bob Howard, S. N. Thweatt, Ernest Brown, W. D. Howard, Elmer Northcutt, R. J. Coleman and the hostess.

The next meeting will be held Dec. 9 with Mrs. Johnny Northcutt.

Final Home Demonstration Council Meeting Is Held

The final Home Demonstration Council meeting of the year was held in the county court room Nov. 28 with 30 women in attendance representing all 11 H. D. Clubs.

Mrs. N. A. Brown, chairman, presided and called for regular committee reports and also the annual reports of officers and committee chairman.

For recreation Mrs. Earl DeHart of Cultural H. D. Club read "The Two Prayers."

Mrs. Dwayne Walker, president of the Ford Club, gave the report of the Expansion - Education Committee. She stated that eight women from District Four had met with the Commissioners Monday morning to give their annual report.

Mrs. C. C. Billingslea, chairman of the recreation committee, announced plans for the Council Christmas party to be held in the Veteran's Club House Dec. 10 at 2:30.

Following the same plan as in the past, each club is asked to provide two dozen cookies and two dozen pieces of homemade candies for refreshments. Each club will also bring a tall can of fruit juice for punch. Four-H Girls will present a part of the program and the H. D. Chorus has been invited to sing.

Mrs. R. C. Childers, in charge of marketing, announced that the H. D. Market and Gifts at the Milk Jug will be open all day on Fridays and Saturdays each week. Sellers will specialize on items for Christmas during the holiday season.

Annual reports were given by two club presidents who were not at the last meeting when these reports were given. Other officers and committee chairmen reporting were: Mrs. R. J. Coleman, yearbook; Mrs. W. H. Goetsch, extension - education; Mrs. C. C. Billingslea, recreation; Mrs. R. C. Childers, marketing; Mrs. Earl De

Hart, reporters; Mrs. T. J. Parsons, chorus; Mrs. Roy Pruitt, 4-H; Mrs. P. B. Sowell, parliamentary; Mrs. W. H. Goetsch, vice-chairman; and Mrs. N. A. Brown, chairman. Mrs. Draper called attention to the programs on "Safety In The Home" and "Artificial Respiration" as carrying out recommendations on Civil Defense.

Two visitors attending were Mrs. M. M. Russell Friona, and Mrs. Roy Pruitt, 4-H Council chairman.

Members present were: Mesdames Pat Sullivan, Tom Draper, G. V. Hall, Elmo Hall, Earl DeHart, R. C. Childers, Louie Olson, H. S. Fuller, Dwayne Walker, N. A. Brown, R. J. Coleman, S. N. Thweatt, E. E. Ward and P. B. Sowell.

NOT ALL BLASTING from a shot gun at migratory birds is done by boisterously clad city sportsmen with fancy decoys. A good many farmers watch the flight of ducks and geese to locate the feeding grounds in their fields and put off the chores long enough to hide in a shock for a closer shot at the webfooted visitors. Most of the hunters enjoy the sport but the purpose could be three fold. As well as the fun of out-shooting a neighbor or friend, the farmer may be interested in providing meat to add variety to the beef and pork in his locker and also to discourage the wild game from using his grain shocks as a dining table. When ducks and geese come in great numbers they could do considerable damage to the fields in which they feed. The bore of the gun in the picture made at close range looks like a rifle but it is the barrel of a 20 gauge shotgun the photographer is looking into. Loaded with buckshot, even this small gauge gun can give something other than the hunter hid in the cold early dawn, cold feet. (Staff Photo)

Of course one of the nicest things about Thanksgiving is the traditional things that go along with the customs of the day.

The North Hereford Home Demonstration Club concentrates on its annual Thanksgiving supper. It seems that Mrs. W. H. Russell and Mrs. Otto Olson cook the turkeys and make the dressing. Mrs. Fred Barrett cooks the Irish potatoes and Mrs. Paul Hoff makes the candied sweet potatoes. She thickens the syrup with corn starch. Corn starch makes a product clearer than flour.

The Hoff's are from the North and people in the North use corn starch more than cooks in the Southwest do.

Mr. and Mrs. Otto Olson's wedding anniversary comes during the Thanksgiving holidays and also Mr. Olson's birthday.

Our nominations go to Mrs. Frank Brinkman and Mrs. Ed Cox and their committees for lovely Thanksgiving decorations. Mrs. Brinkman helped with the table decorations at the North Hereford supper and Mrs. Cox at the Thanksgiving supper given by the West Hereford Club. Mrs. Cox had made some ceramic turkey gobblers that were very attractive.

Mrs. W. C. Hromas made some turkeys out of styrofoam and feathers from an old out-of-style hat. We saw these early in November and have tried to copy them. Mrs. Hromas is very artistic and has imagination, too.

How many people have lived in Hereford 10 years and have never been to the Bippus Community House?

It's about 42 miles from town northwest and a visit with the folks out there is quite a treat. The Bippus Home Demonstration Club, members, with the help of their families and neighbors, have fixed up the community house. It's pretty inside with new curtains and the latest addition is the electricity. The community house has an outside light on the front and back and can be seen for miles.

The picture of the State Meeting of the Texas Home Demonstration Association is still in the office. It belongs to Mrs. C. A. Sauley and she has left it in the office for you to see. If you wonder what the District meeting in Hereford next April will look like come by and see the picture - we'll have about half that many attend.

Martha Heard Is Representative At Church Meet

ABILENE - Martha Heard, the daughter of Mr. and Mrs. George G. Heard and student at Texas Tech, is attending the Texas Methodist Student Movement Conference here Nov. 25-27.

Theology professors from Dallas and Boston delivered the major addresses at the TMSM conference, theme of which was "Christ and the Silent Generation."

Dr. Harold Ehrensperger, professor of religion and the arts at Boston University School of Theology; and the Rev. Joseph Matthews, assistant professor of Christian ethics at Perkins School of Theology, Dallas, were the featured speakers.

Other adult directors of the conference were Dorothy Nyland and Lee Cooper of New York City and Harvey Brown and Larry Eisenberg of Nashville, Tenn. Student leaders were Orle White of Perkins School of Theology, TMSM president; Elizabeth Nielsen of the University of Texas, secretary; Henry Holloway, Perkins School of Theology, song leader; and Don Boyd of McMurry College, organizer.

Delegates to the conference were housed in McMurry College dormitories and took their meals at the college dining hall. The Rev. Robert Cooper of Denton was dean of the conference. Handling administrative duties was the Rev. Bob Breihan of Austin, state TMSM director.

Survey Compares Hand Harvesting With Stripping

High Plains farmers in 1952 were in a position to weigh the economics of stripping versus hand harvesting and to select the method that would yield the highest return. The early killing frost made machine harvest practical. Their decision was neither to hand harvest their entire crop nor to harvest it all by machine.

Instead, says a study just released by the Texas Agricultural Experiment Station, most farmers chose to first go over their good acreage by hand and then complete the harvest by machine. Low yielding acreages were stripped by machine the first time over.

Tenancy report W. G. Adkins and W. H. Metzler, appeared in both the 1951 and '52 surveys as an obstacle to the use of mechanized harvesting. Landlords object to machine harvesting on the basis of grade losses and lower returns while the tenant profits from the lower harvesting costs. Recent studies, say the economists, indicate that grade losses are a matter of harvest time rather than of the method used. The earliness of a killing frost was also found to be an important factor in determining which method of harvest would be used.

For the 1951 and 1952 seasons, 40 percent against 42 percent of all bales were machine harvested on the High Plains. Only eight percent of the farm operators hand-picked all of their cotton in both 1951 and '52, but 16 percent stripped all their cotton in 1952 against

eight percent in 1951. The combination of hand and machine harvesting was used by 84 percent of the farmers in 1951 and by 76 percent in 1952.

Full owners cut back on machine-harvesting while tenants increased their use of machines. In 1952 owners machine-harvested 45 percent of their cotton compared with 68 percent the year before. Tenants on the other hand jumped their use of machines from 26 percent in 1951 to 41 percent in 1952.

The research workers report that apparently little effort is made to use strippers to their potential. Strippers were used by most farmers for cleanup work rather than for harvesting the bulk of their crop.

The complete study is given in B-813, "Tenure and Mechanization of the Cotton Harvest, Texas High Plains" and is available from the Agricultural Information Office, in College Station.

Visiting in the H. E. Miller home Thanksgiving Day were Mr. and Mrs. Jerry Jacobs and children, Charlotte, Jean and Eddy of Chaning; Mr. and Mrs. Jed Miller and children, Jody, Jennifer, Bonnie Jean and Douglas of Lubbock; and Mr. and Mrs. Hershel Miller and Janet of Hereford.

Mrs. H. E. Miller took her son and his children home to Lubbock Friday night and she returned to Hereford Saturday.

Mr. and Mrs. Glenn Boardman returned Saturday night from a three week's visit from Bennington, Kans., and to Chicago, Ill., to visit with Mrs. Boardman's family, then on to Detroit, Mich., and Canada on business. They returned back by the way of St. Louis to visit Mr. Boardman's sisters, Mrs. Leven D. Gray and Mrs. Richard D. Renz.

FASTEST DOG?
PITTSBURGH (AP)—Major Fritz leads a dog's life—except when he is flying.

Major Fritz is a German shepherd dog and mascot for the 146th Fighter - Interceptor Squadron of the 112th Fighter-Interceptor Wing Pennsylvania Air National Guard.

He's been shot at in the air during a tour of duty in Korea, he's had to make two emergency parachute jumps from transport aircraft and once made a cross-country flight outside a plane—by riding in a specially constructed under-the-wing fuel tank.

He's probably the world's fastest dog, too, because his present owner, Lt. Lynn A. McKinney, a pilot with the 146th, flies a Republic F-84F Thunderstreak, atomic-bomb-carrying jet fighter-bomber that holds the transcontinental speed record of 652 miles an hour.

Before going into the service the dog acquired a taste for flying when his former owner, an airlines pilot, took him along on transoceanic flights.

At The Movies

"Wichita," a super-western drama, which will show Friday and Saturday at the Star with a cast such as Joel McCrea, Vera Miles and Lloyd Bridges.

It is a story of Wyatt Earp who accepted the dangerous job of a law enforcement officer in the wild frontier settlement town of Wichita in 1874. His strict rules aroused the ire of many of the townspeople, but they all banded together to help him when threat to their peace and happiness developed.

"Tarzan Escapes," an original M-G-M Tarzan hit, will be shown Sunday only at the Texas.

Tarzan, king of the jungle, is played by Johnny Weissmuller, with Maureen O'Sullivan as his bride from the civilized world.

These Escapes a party of white hunters at the beginning of a narrative filled with action and adventure thrills. One of the safari plots is to capture Tarzan and take him back to civilization for exhibition purposes. But Jane, Miss O'Sullivan, a friendly chimpanzee, and the loyal friendship of the jungle beasts foil the plot and the lovers return to their tree-top paradise in the wilderness.

Clark Gable goes into two-fisted action as a hi-jacking "Soldier of Fortune" in his CinemaScope debut which will show Sunday, Monday and Tuesday at the Star.

Co-starred with Susan Hayward, Michael Rennie and Gene Barry, Gable seeks adventure behind the bamboo curtain and gets more than he bargains for when he agrees to a desperate mission inspired by a dangerous redhead.

Summerfield Club Studies Geneva Conference

Summerfield Study Club met in the home of Mrs. Lee Curry, hostess, recently with Mrs. L. J. Counselman serving as cohostess.

Mrs. J. R. Euler, presided as president and members signed a Safety-Drive Day scroll which will be sent to the General Federation headquarters in a safe driving project being sponsored by the General Federation. Members, decided to make their annual Camp Fire contribution in 1956.

The program, having to do with the "Geneva Conference" was presented by Mesdames L. L. Cannon, Maek Noland and J. R. Euler. The members of the panel told of the conference, pointing out that East and West now stand about where they did—except for a big gain for Moscow. "Germany is still split—Disarmament is as far away as ever, the Cold War is still on, and the Russians have a foot in the Middle East that they didn't have before the conference."

Members attending were Mesdames J. R. Euler, Maek Noland, L. L. Cannon, L. J. Counselman, Lee Curry, L. H. Lookingbill, Earl Lance, Guy Walser and K. W. Neill.

A total of 409 million dollars was spent on new U.S. religious structures in the United States in 1950.

Israel has about a million acres under cultivation, of which 250,000 acres are irrigated.

Household Tips

Make creamed tuna extra special by adding an egg yolk or two to the cream sauce.

If you haven't enough cake cooling racks when you are making a big batch of cookies, press an oven rack into service.

Slightly beaten egg yolk thinned with water will give pastry or cookies a shiny glaze.

Blend six drops of vegetable food coloring into half a cup of sugar; spread the sugar on wax paper and dry at room temperature. The lightly colored sugar will look prettily sprinkled on cookies.

Team small white potatoes with green peas for a two-in-one vegetable dish. Add a cream sauce and strips of red pimiento for pretty color. Good with baked ham, a beef roast or a leg of lamb.

Ever garnish a vegetable salad with cheese carrots? For each carrot use about two tablespoons of a processed yellow cheese that molds easily. Have the cheese at room temperature, of course, so it will be soft enough to shape. Roll the cheese between your palms, making it a carrot shape. Fork tines will make carrot markings. Chill. Before serving, insert a parsley sprig at the top of the carrot.

Tomato aspic with cottage cheese makes a good Sunday night supper salad when prefaced by a hot soup. Add grated onion, salt and freshly-ground pepper to cream-style cottage cheese. Mold the tomato aspic in small ring molds; when ready to serve, unmold and fill the centers with the seasoned cottage cheese.

Add a half teaspoon of vanilla and some nutmeats to a regular sweet muffin batter. Serve hot for four o'clock tea!

Having a buffet-style supper? Serve the first course in the living room so you can put the finishing touches on the main course in the kitchen.

Making cupcakes? Grease and flour just the bottoms of the little pans so batter won't run over.

BLACKED OUT

God made two great lights—the greater to rule the day and the lesser the night. *He made the stars also.* Are you discouraged? Does it seem that your life is a "flop"... that your light is too small... that you just don't count? Then you're blindfolded. *You're blacked out.* Sure, He made the great lights, but *He made the stars also...* He made you. When it is dark about you and you think your licks don't count, just remember... *God never creates worthless things nor useless lives.* As much as God needs great men as great lights... He also needs small, humble men as stars to take stations as reflectors.

God uses His church to woo men to the better life. The church must have great lights and great leaders and it must also have small lights and ordinary people as reflectors. *God has no place in His plan for blindfolded people... those who blackout for convenience.* He made the great lights, but to reflect them to all His world, *He made the stars also.* Are you a star, or are you a blackout patient?

Gass and Son's and the track.
A small but threatening blaze occurred in the Hawkins bake room last Tuesday just before noon. It seems that no one was in the baking department for a few minutes and when Jimmy Robinson the delivery boy went in and found the bread closet afire. Just about that time Buck Roberts happened in and the boy told him that it looked like that gasoline stove was going to do something. Buck assented and left the room and turned in the alarm. The members of the Brand office with their chemical hand fire extinguishers, responded and soon had the blaze past recognition except for the charred condition of the room. At about that time the fire wagon arrived and ran out a short string of hose.

Radiant Glassheat

Portable Units

As low As **\$59⁵⁰** UP

Glassheat, a method of heating by radiant glass panels in which electrical elements are embedded, was developed by French engineers when scientists were faced with the problems of heating the vast underground network of the Maginot line. The heat had to be clean, odorless and without the usual evidence of smoke. It had to be a heat that did not burn the oxygen or endanger explosives, but actually provided life-giving rays to the atmosphere. The Glassheat type of panel was developed as the most efficient method of providing such heat.

your private pipeline to the *Sun!*

The system eliminates the need for radiators, pipes, stoves or furnaces and installation costs are low. Individual thermostats, separate from the panel, control the time the heat is on and maintain any desired temperature.

By controlling each panel individually, only the part of the house in actual use need be heated. This "zone control" can cut heating costs, as well as provide special warmth for any member of the family whose room might need to be warmer than others.

Radiant Glassheat Is An Ideal Christmas Present For Your Entire Family!
