VICIOUS WINDS Tuesday changed the appearance of this house at 812 Brevard. Gusts clocked as high as 90 miles per hour and TV antennas also were damaged by the drive and the rest in the back yard. Around Town

Attending the Young Farmers organizational meeting Monday we were tremendously impressed with the enthusiasm and knowledge displayed. We expect this group will become a rural - area type of civic club in its activities and program of work. Nearly all of them are former 4-H and/or F. F. A. boys who have learned to work together and look for new ideas.

Again Tuesday the "violent land" showed how cruel it can be. There were so many stories being told of farmers, unable to get off the pavement because of the mud, watching their fields start to blow. County Agent Lefty Thomas says this is not uncommon after a good snow cover, which tends to powder the land surface.

By now Henry Sears, J. W. Witherspoon and Lee Benefield are in Washington, D. C., making the rounds in an effort to get a larger sugar beet allotment for Deaf Smith County. Rumor has it that there will be some mighty influential politicians who won't commit themselves to backing the program since it's an election year. Well, a noodle - type backbone makes it easier for them to straddle a (Continued on page 2)

Young Farmers Organize Here

About 32 men attended the organizational meeting of the Hereford Young Farmers Monday night.

Elected as officers of the group were: Jamie Clearman, president; Richard Hagar, vice president; Layton Sawyer, secretary; John Smith, treasurer; and Wayne Waiser, reporter.

Advisors for the group will be Jess Robinson and Wade Thompson.

Meeting with the men in the high school vocational agriculture building were Frank Kennedy and N. E. Childress, both of Quail. Kennedy is an advisor to the Quail chapter of Texas Young Farmers and Childress is a state vice president.

Clearman appointed committees to draw up a constitution and by-laws and to plan a program of work.

Next meeting of the group will be Tuesday, March 1, at 7:30 p. m. in the vocational agriculture building.

Childress outlined the general purposes of the organization as follows: To develop skills and to gain information and on new and improved methods of production and marketing; to keep informed on matters affecting people engaged in farming and ranching and agriculture - re- (Continued on page 2)

Scout Sponsors Find Boys Are Better On Skis

A Boy Scout troop needs activity leaders — the participating kind — decided Lawrence Boggs and Ray Polvadore when they agreed to join Hereford Boy Scout Troop 51 on a trip to Ski Basin at Santa Fe, N. M., last Saturday.

The two sponsors, who had never skied before, watched a few of their 14 Scouts take minor spills and decided they might need a little helpful instruction.

Boggs and Polvadore tried it out on a beginner's slope. Both mastered the sport — they made it to the bottom, still standing.

So the "old pros" chose longer slopes next, with watchful audiences of their scouts. Boggs made his run down the grade, and — wow, what a spill!

Polvadore, not a quarter mile away, made his run — zowie, hope he isn't hurt bad!

The Scouts returned to Hereford Sunday evening with their two moaning and groaning sponsors, Boggs with a twisted foot and Polvadore with a twisted knee.

They had mastered at least one skill on the ski trip — they were wizards on crutches.

And the scouts? They had a grand time. Not a single injury.

Baseball Slate For Hereford High Announced

Baseball schedule for the Hereford High School diamond squad was announced this week by coach Joe Smith. It includes 11 non - conference games and four conference duels.

Hereford resumed its high school baseball program last year after a lapse of five years. As in 1959, only Levelland, Dumas and Hereford will field conference teams. Levelland won the district title.

Assisting Smith will be Cuby Kitchens. Smith said a fence would be installed around the outfield prior to the first home game. A new field was used last season, minus infield grass and fence. It is located near Northwest Elementary School. Complete schedule includes:

Mar. 8 - Borger There, 4 p. m.
Mar. 12 - Portales There, doubleheader, 1 p. m. (MST)
Mar. 15 - Tascosa Hi There, 4 p. m.
Mar. 18 - Plainview There, 4 p. m. (Continued on Page 2)

EDGED BY A POINT

Hereford Sluggers Win 4 Titles In Regional Gloves

Four boxers from Hereford Athletic Club's powerful high school division team won championships and were awarded trophies on the final night of Regional Golden Gloves in Amarillo Saturday night — but like last year, only one point edged them from taking the team trophy.

Two - time regional champion Donny Lesly of Hereford was awarded the huge Furr Food Sportsmanship Trophy in addition to winning the 135 - pound championship earlier in the evening. Others from Hereford who

will launch into next season as regional Golden Gloves defending champions are Roy Rogers, heavyweight, Wayne Bomar, 175-pound winner, and Ronnie Welty, titlist in the 118-pound class.

Local runner - ups fighting in the finals of the four - day tournament were Leon Vogler and

Robert Welty, who lost their bouts by decisions. Hereford had no contenders for open division honors on the final night.

Pampa edged Hereford in taking the annual high school team trophy by one point, 27 - 26. Actually, team honors hinged on one bout, which clashed Robert Welty of Hereford against Norman Rexroat of Pampa, both 160 - pounders. Welty lost the bout by a decision.

Roy Rogers, a 220 - pounder, was unopposed in winning his heavy - weight championship. In his first year of boxing, he is undefeated and has won five fights during the past season.

Scrappy Ronnie Welty opened the evening for Hereford by taking a decision over Amarillo Boxing Club's Johnny Chavez. Battling it out toe - to - toe at times, Welty's left connected too often and too hard for the game Chavez.

Unruffled Lesly, who commands the respect of all boxers in the Panhandle, showed his usual winning style against Ronnie Morgan of Pampa by moving in and out to land combinations.

Lesly got in the most blows in the first round, and was dominant in the second round even though he took a good right from Morgan near the end of the round.

Lesly stayed clear of Morgan's punches in the third and began scoring powerful rights and lefts. Morgan was in trouble twice, but managed to last out the round. Lesly, who got a late start in fighting during the past season, won the 118 - pound championship last year.

Both novices, Bomar and Vogler looked surprisingly good and should impose a threat to (Continued on Page 2)

Polygraph Test 'Negative' On Burglary Suspect

A polygraph test administered Tuesday morning to a Hereford man in connection with the recent burglary of Farmers Drive in service station, 403 E. First Street, showed negative results, according to Hereford Police Chief Henry Aycock.

Police are continuing investigation of the Feb. 2 burglary, in which \$800 cash and approximately \$300 in checks were taken by prowlers who entered the station on the east side.

The burglary was discovered by investigating Hereford Patrolman Willard Opp, who was making a routine check in a squad car at 12:50 a. m. Wednesday, Feb. 3.

The cash and checks were taken from the drawer of a desk in the enclosed office area of the building. It is believed that a prying instrument was (Continued on Page 2)

Herd Still In Conference Race, Hosts Lobos Friday

Easy victories over Littlefield Tuesday night, the Hereford Whitefaces find themselves faced with two more pressure games as the 1 - AAA district cage race comes down to the wire.

Hereford whipped the Wildcats 72 - 44 to stay in contention. Friday night they will host the dangerous Levelland Lobos.

Dumas kept the whip - hand Tuesday with a vital 46 - 42 win over the Phillips Blackhawks. The decision knocked Phillips out of any possible share in the title, as they lost their third straight game after winning the first four.

Thus Dumas now stands with a 4 - 1 record and a

game at Hereford next Tuesday. Hereford is 4 - 3 with two to play. Wins over Levelland and Dumas would give them a co - championship and a play - off game with Dumas. If either Levelland or Dumas whips the Whitefaces its all over and Dumas wins the cup. (Continued on Page 2)

In a long and varied session, Hereford school trustees set dedication of three new buildings, made a change in policy on contracts for principals and staff members, and adopted the 1960 - 61 school calendar.

Dr. James P. Cornette, president of West Texas State College, will be guest speaker for dedication of the new buildings on the afternoon of Sunday Feb. 21. The ceremonies will be held in the new cafeteria - administration quarters, one of the new buildings. Also to be dedicated at the program will be a new classroom and gymnasium addition to Stanton Junior High and the Northwest Elementary School.

An open house at all three buildings will follow the dedicatory ceremonies.

Because of a change in the superintendency of the Hereford Rural High School District, the board Tuesday voted to go to a one - year contract policy for its principals and main staff members.

For the past several years, such personnel had been on two-year contracts which were renewed every year. The board, during a lengthy discussion, felt the incoming superintendent would have more leeway with a shorter contract.

Board members discussed applications for the post of superintendent to replace Fred Cunningham, whose resignation becomes effective June 30. President of the board, W. R. Hair, called a special meeting for Thursday, Feb. 18, at 7:30 p. m. to consider applications for the post.

A school calendar of 177 teaching days was adopted by the board. Registration will be held Aug. 22 - 26 with school starting on Thursday, Sept. 1. Last day of school is set for May 26.

Holidays included on the calendar are: Tri - State Fair, Sept. 19; Thanksgiving, Nov. 24 and 25; Christmas, Dec. 22 - Jan. 2; Mid - Term, Jan. 20; Texas State Teachers Association meeting, March 10; and Easter, March 31 - April 3.

Woman And Son Slightly Hurt

A Hereford woman and her infant son suffered minor injuries in a two-car accident at the intersection of Lawton and East Second Street in Hereford at about 2:30 p. m. Monday.

Mrs. Ellen Mauldin, 25, and her three-month-old son, Dwayne Ross, were released from the emergency room of Deaf Smith County Hospital after examination and treatment of minor injuries suffered in the accident.

Mrs. Mauldin and her son were passengers in a car driven by Kenneth Stacy, 20, of Hereford. The other car involved in the accident was driven by Mrs. Corene Julian Gandy, 47, of Hereford.

No estimate of damage to either 1953-model vehicles was made by investigating Hereford patrolman Bobby Roberts. The injured woman and infant were

Robert Welty was dropped to the canvas twice, in the second and third rounds, but he brought the crowd to its feet when he jolted Norman Rexroat of Panama to the canvas near the end of the fight.

Welty bombed some terrific lefts in the first and second rounds, but Rexroat countered with staggering rights. Rexroat was shaken by Welty's surprise knockdown punch, but lasted out the fight to take a decision.

Still living up to its reputation as the "Little South West Conference", the district 1-AAA is nearing the end of a wing-ding basketball battle. Phillips romped through its first four games and appeared to be a shoe-in. Then the roof fell in with three straight losses for the Hawks, who are now out of contention.

Dumas is heading the pack while Hereford can gain a tie with wins over Levelland and Dumas, both games slated for Hereford.

Hereford has been relatively fortunate in escaping a serious epidemic of flu and pneumonia. While there have been some cases, there were never enough to close the schools or create any real hardships.

administrators were interested in the job and were coming hundreds of miles just to talk with one or two of the board members.

About the time we get to thinking about our young'uns going to the dogs we find a bunch like we did at the CROP meeting. Donnie Marcontell, Margaret Boomer and Jimmy Conkright headed up the trick-or-treat drive last year and came out with a booming record that is receiving all kinds of recognition. Despite foul weather last Halloween more than 200 young people turned out and made a huge success of the project. They support our school faculty's assertion that more than 99 per cent of the children in this area are fine, responsible citizens.

School board members Tuesday night said they probably would have a new superintendent by April 1. They plan to narrow their search down to three or four top men within the next two weeks. They said a large number of school

There was no doubt about the contest almost from the opening whistle as the Herd raced to a 19-5 lead at the end of the first period. And a 20-point outburst by Hereford in the second period quickly swamped the Wildcats who were down 39-17 at the half.

In the last half Kitchens relieved some of his starters with reserves and fished up with four of his B teamers.

Hereford led 56-32 at the end of the third quarter.

In the B game, Hereford also had an easy victory, winning 74-19 in a lopsided contest. The young Herd had quarter leads of 10-4; 30-12 and 53-17.

Jackie Oldham had a field day for Hereford with 28 points. Also hitting in double figures were Randy Dowell with 15, Walker Parris with 14 and Lynton Allred with 10. Hodge was high for the little Wildcats with 8.

Last Saturday Hereford took an 80-64 win at Seagraves in a non-district contest. The Herd led 21-20, 40-32 and 62-42 at the quarters.

Carl Miller also paced the Herd in that game with 26 points. Thomas Coffman whipped in 18 and Ronnie Botkin hit for 15. Five Eagles were in double figures, led by Don Taylor's 16. The B team had a rougher time against Seagraves, coming out with a narrow 45-42 victory. Dowell was tops for Hereford with 12 while Robert Wood got 13 for Seagraves.

Only four games remain on the district schedule. Friday Levelland will be at Hereford and Littlefield goes to Phillips. Tuesday, Feb. 16, Dumas will be at Hereford and Littlefield plays at Levelland.

Dale Carnegie

The world-famous Dale Carnegie Course will begin Monday night, February 15th at 6:36 p. m. in the Jim Hill Hotel Ballroom.

This will be Session One of the fourteen-week Dale Carnegie Course in Leadership Training. Since 1912 the Dale Carnegie Training has helped over 700,000 graduates increase and develop their courage and self-confidence, their ability to speak effectively in public and in private, their ability to remember names and faces, their ability to sell themselves, their services, and their ideas, and most important of all their ability to deal with people.

If you are a businessman or business woman you will find the following report from the Chicago Sales - Marketing Executives Club interesting:

Question: "Why do customers quit?"

Report: 1 per cent die. 3 per cent move away. 5 per cent make other friendships.

9 per cent competitive reasons. 14 per cent - dissatisfaction with product. 68 per cent because of dissatisfaction with employees and their attitudes!

Sounds like some facts worth digesting doesn't it?

Yes businessmen spend money on inventories, insurance, advertising, buildings, and frequently, employee product-knowledge training but all too often do not have the opportunity to give their employees effective human relations training. The Dale Carnegie Course is available now by contacting Joe Hood at the Lucky - U Motel. There are forty Hereford residents and surrounding area residents enrolled. Four more Hereford residents are going to receive the benefits and happiness that comes with participation in the

Dale Carnegie Course. Be one of that four by contacting Joe Hood at the Lucky - U Motel now!

Bill Gregg, who operates and owns Bill Gregg Refrigeration of Lubbock, took the course when he was elected Secretary and Treasurer of the Lubbock Khiva Shrine Patrol and was called on to speak to the group. In August of 1959 he wrote:

"My business increased in the 14 weeks of the course to two and one half times the volume I did in the entire year of 1958! This I had not expected as I have had a good steady business for ten years. I have not had an employee to quit since I enrolled in the course."

In the past, I have had a problem in turnover of employees. Before the course was over I was elected president of a social club I belonged to. It is my pleasure to report that I was able to make an acceptance talk to the club like I had always wanted to. I now welcome the opportunity to talk before a group of people. I can now read the minutes of the Khiva Shrine Patrol with ease; as I told Class No. 23 in Lubbock, I could even sing the minutes if they wanted me to. My purpose in writing this letter is two fold: to express my appreciation to you and your excellent staff; more so to encourage other ambitious and aggressive people to take advantage of the Carnegie Training."

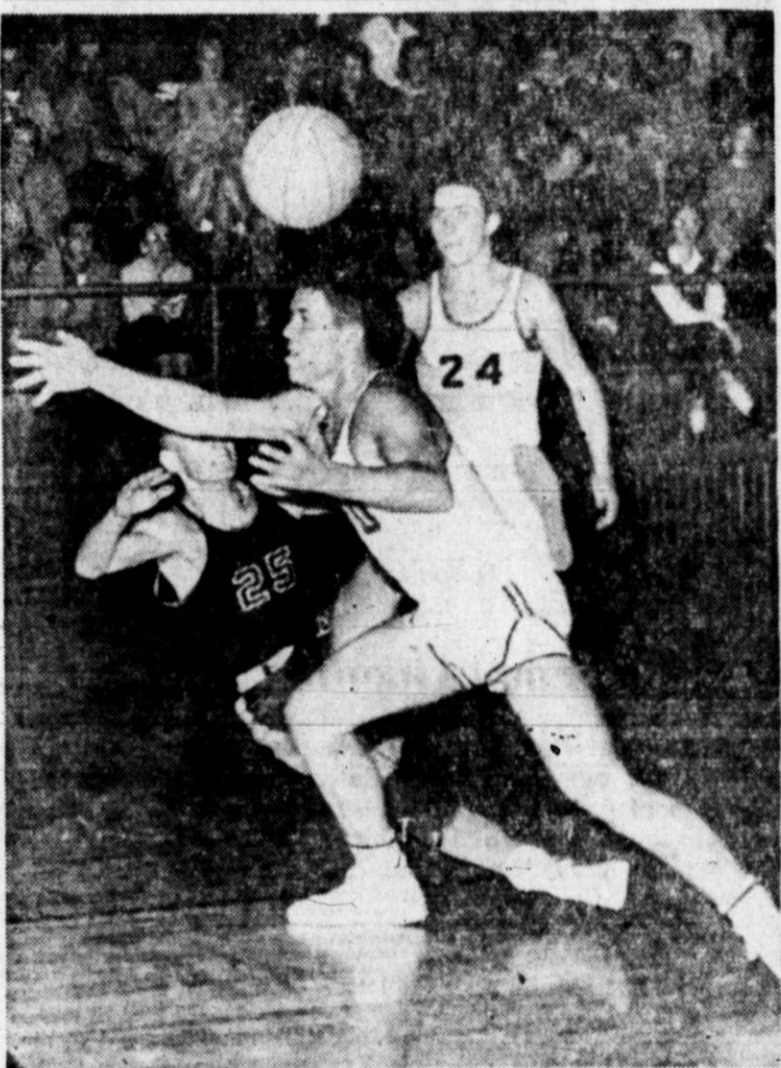

There are four vacancies left. call now and make your reservation!

The Dale Carnegie Course is sponsored in Hereford by the Hereford Lions Club as a community and civic project. Proceeds from the sponsorship will be donated to a Lions Club supported charity.

The Dale Carnegie Courses are presented in this area by: Western Sales Institute James E. "Red" Norman and Associates 2702 21st Street Lubbock, Texas

The Cavanars

Clara Barton, founder of the American Red Cross, was born in Washington D. C., on Christmas Day, 1821.

By JIMMIE GILLENTE

This is a great country, although occasionally a bit difficult for newcomers to understand and fully appreciate. Our greatest asset, of course, is our weather. Never a dull moment in this department—and if there is any other country in the world which offers a greater assortment I hope I never see it.

During all of the rain and slush many people got to feeling sorry for themselves and began wishing for sunshine. I saw Mrs. J. J. Buckner Saturday and she mentioned that she would like to have a real old fashion sandstorm. Sunday and Monday, the weather man turned the dial to bring forth a couple of balmy October days then, on Tuesday, he switched over and we got Mrs. Buckner's sandstorm. I am sure she now has enough Vitamin K to run her right on into the Spring months. Furthermore, don't kid yourself. We'll have a lot more of these gusty days before June—and a couple more cold snaps thrown in for good measure. Winter isn't over by a long shot. The wind Tuesday was just brewed up to keep the old timers happy, and to give the rest of us an idea of things to come.

Many people from this area, meanwhile, are frequenting the Rio Grande Valley. They say bass fishing is good and every time you turn around you run into someone from Hereford. John Patton is just back and I hear that Jimmy Allred is getting things in shape to make the trek. So far, all of the visitors seem to belong to the "Hereford Yacht Club", probably because it is highly desirable to have your own boat on the big water. Mr. and Mrs. Neil Cooper are also just back from Falcon and Neil reported nice catches. Marlin Gilliland says this proves that the fishing is superb; it has to be super when Cooper even snags one or two.

Floyd McGee is selling off some of this rental property and seems to have a lot of interested young couples on the waiting list. This is probably the nearest thing the community has seen in the direction of an average priced housing development—and could easily set the pace for things to come, now that developers realize the demand that exists.

Another indication of growth is the fact that the town boasts three or four good places to eat. Salesmen frequently tell me that they try to make it here because of the food at their favorite place—and a lot of folks who used to drive to Amarillo are now dining out in Hereford. This factor, probably better than any other, is the mark of a growing community.

Carrol Kreig is an old boy who always keeps me guessing. He finished his mortuary course recently, qualified for this license a few days ago, then turned around and sold his interest in Kreig - Marcum Funeral Home to Delbert Scott. J. L. Marcum will continue in the business with Scott. Carrol says he plans to remain in the business, but will probably locate in some other area.

You see many people who have quit smoking for one reason or another, but I ran into a fellow this week who attributed his abstinence to the fact

that smoking requires too many decisions.

"First, you have to decide which brand you want," he said; "then if you want the crush-proof box or the soft pack, king-size or regular, filter or plain and, finally, menthol or mint. The strain got so heavy, I just decided to quit!"

These days of dial telephones occasionally provide a hearty laugh for former switchboard operators who have transferred into other types of work with the company. Virginia Wallace, for instance, got quite a bang the other day when she received a call, which turned out to be a wrong number, and the lady calling apologized:

"I'm sorry. That darned operator gave me the wrong number again."

Rumor has it that a modern shopping center is in prospect for Hereford within the next few months. Nobody seems to know anything definite as to where, when or who; no deeds have been filed and no building permits issued. The center is really expanding, though. When I first heard the rumor Tuesday it was a million-dollar deal, and when I next heard it Wednesday morning, it had already grown into a \$7 million dollar project. Pretty fair growth in a 24 hour period.

I see where West Coast researchers are making pelleted cattle feed from old newspapers. Newsprint, they figure, is 90 per cent cellulose, which is about the same as a good grade of hay. In Scandinavian countries, farmers already feed newspapers. The bacteria in a cow's stomach breaks down the newsprint into a digestible form of starch. This development, of course, will force people to find something else in which to wrap old fish, but if they get it worked out where you can trade old newspapers for beefsteak the newspaper business will be looking up. Sometimes we get a tremendous lot of old papers on hand around The Brand Office.

Teenager: "My girl friend is a twin."
Father: "She is? How can you tell them apart?"
Teenager: "Oh, that's easy. Her brother wears a different kind of clothes."

Farmers Union Delegates Go To Washington

Five local residents are representing Deaf Smith County among the state Farmers Union delegation currently in Washington in an effort to pass a realistic bargaining power farm bill for family farmers, according to county Union president Bill Gentry.

They are Mr. and Mrs. Charles Hoover, Mr. and Mrs. Clinton Jackson and Jay Boston.

The state delegates will call on members of the Senate, House of Representatives and the Department of Agriculture to seek legislation along the line of realistic production control to enable farmers to get a fair price for what they produce, Gentry said.

The delegation left Wichita Falls last Friday morning and arrived in Washington Sunday evening. They are scheduled to return on Feb. 14.

Oppose Eliminating Oath Of Allegiance

Elimination of the oath of allegiance to the United States and of the non-communist affidavit as a prerequisite for obtaining student loans under the terms of the National Defense Education Act will be opposed by the American Legion Auxiliary during the coming session of Congress, Mrs. Mabel Wagner, publicity chairman of Hereford 192 Auxiliary Unit, has announced.

"Due to rejection of these student loans by several colleges because of objection of the oath of allegiance, we expect bills to eliminate the oath of allegiance to be introduced in Congress," said Mrs. Wagner. "We of the American Legion Auxiliary believe that any American worthy of educational assistance from our government should be proud to stand up and pledge allegiance to the United States. Refusal to sign an affidavit that one is not a communist would seem to indicate that the student is a communist or a crackpot, on whom educational assistance would be wasted."

"During the past session of Congress the oath of allegiance and non-communist provisions of the loan law were almost eliminated," Mrs. Wagner continued. "At its national convention in Minneapolis last August, the American Legion passed a resolution opposing such elimination, and the women of the American Legion Auxiliary

Problems Result From Moisture

By MRS. S. N. THWEATT
"Mr. Ground Hog" saw his shadow Feb. 2 so winter began during Tuesday night. Light rain and light snow fell all day Wednesday with winds from the North. The fields were beginning to dry where the people could get in them for feed and the pastures were passable for ranchers. And now it's wet again. However, the dry-land farmers can use the moisture.

Mr. and Mrs. Bruce Coleman and children left Saturday for Wichita Falls, Fort Worth and Abilene, where they attended to business and visited relatives. The Colemans returned home Monday afternoon.

Mr. and Mrs. S. N. Thweatt spent three days in Levelland on business last week. They returned late Saturday evening. Mrs. Thweatt talked long distance with her sister, Mrs. James Lewis, at Carlsbad, N.M. Saturday. Mrs. Lewis reported that their brother, F. C. Hagan, was still in the hospital at Monahans, but improving every day.

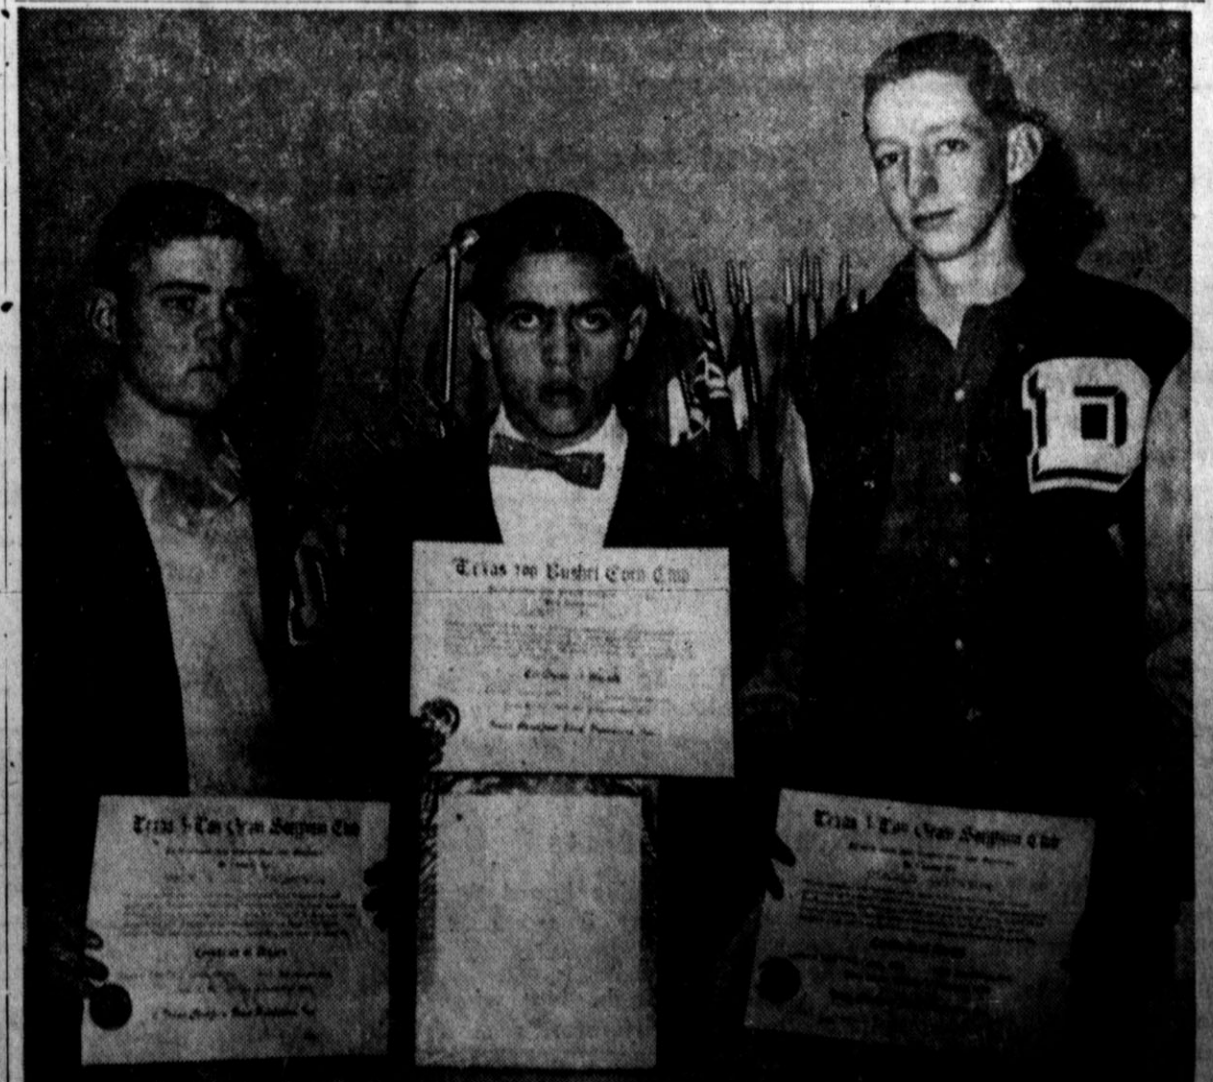

Mr. and Mrs. Sandy White and family from San Angelo, are now at the Frank Ford ranch. The Whites have two children enrolled in the Walcott School. Mrs. White visited in the S.N. Thweatt home Monday.

Mrs. J. E. Rouse and Mrs. Ruth Coleman visited in the home of Mrs. J. T. Gunn one day last week.

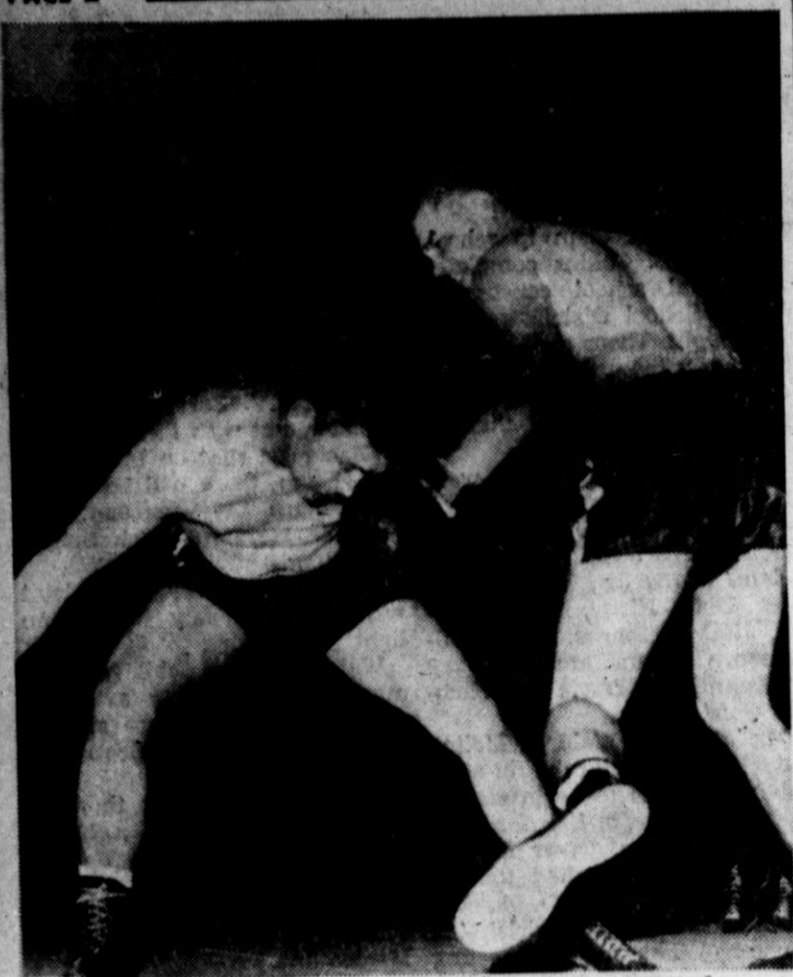

Mr. and Mrs. Bruce Coleman and children had supper with Mr. and Mrs. Floyd Messenger of Hereford last Thursday night. Others visiting in the Messenger home were a sister of Mr. Messenger, Mr. and Mrs. Jermon, Mr. and Mrs. Willis Duggan, all of Hereford. The group play-

ed games and visited.

Mr. and Mrs. Bob Wyl's

new house reached their place north of Friona Tuesday. It will be some time before the family will be moving as there is lots of work to be done.

Mrs. Bill White has been on the sick list the past week with the flu. She is reported as improved.

Virgil Merrill, after a long illness, was back on the job Wednesday.

Eldred Brown drove the Walcott High School bus Tuesday. Virgil Bomar was sick with the flu.

STUDENTS EYE STOCKS

HARRISBURG, Pa. (U) — The stock market fever has hit the fifth grade at the West Shore Junior High School near here.

Given a choice of investing their money in savings bonds or stocks as part of a business education course, the 65 students chose stocks.

"The idea of speculation caused a great deal of enthusiasm teacher John Anthony. "So much interest has developed they plan to buy share in other stock before long."

TELEPHONE TALK

by Al Leach, Manager

Did you ever sit down to write something and go completely blank? That's just what happened to me this month. I thought of writing about your Chamber of Commerce Banquet which I had the pleasure of attending in January, but from the size of the crowd I believe everyone in the County was either there or has heard about what a success it was by now. Then I thought of the "Man of the Year" award presented to Wayne Lawrence for his fine work with the youth of the area, or congratulating "Monk" Johnson for a very successful year as President of the Chamber of Commerce and wishing Palmer Norton even greater success in the coming year during his term as President. I don't know - maybe I can think of something more to write about next month.

WHAT'S A TELEPHONE FOR?

It's amazing how some folks don't make all the use they can of their phones.

A friend and I were talking about this very thing recently. This fellow, by the way, is one of the busiest people I know. In addition to his job, he does a lot of "do-it-yourself" projects, such as adding a family room to his home, takes part in social and church events with his wife, bowls, and still has time to spend with his two young sons.

"How do you manage to accomplish so many things?" I asked.

"I have help," he told me.

"How's that?"

"My two phones at home," he said. "Why, I just pick up one of them and the job's done."

Yes, my friend certainly believes in using his phones as much as he can - for business and pleasure. If you aren't getting the most out of your telephone, as he is, you might ask yourself, "Why not?" After all, that's what a telephone is for - to use.

FIND IT FAST IN THE YELLOW PAGES

"I wonder where to find . . ." I bet you've heard that statement many times by folks looking for a particular product or service. You've probably said it yourself.

There's really no need to wonder, though. Not when you can refer to the Yellow Pages. It's Hereford's most complete shopping guide.

Call by number. It's twice as fast.

LOOK AT THE LOWER PRICES

List prices as much as \$76.05 lower on popular models with popular equipment

The '60 Chevrolet models most people buy, equipped the way most people want them, are actually priced lower than last year's models. This two-tone Bel Air V8 sedan, for example, with Turboglide, push-button radio and de luxe heater—lists for a whole \$76.05 less! Prices are lower for all comparable V8 models throughout the line. Also for all comparable 6-cylinder models with Powerglide. Yet Chevy's loaded with more of the things that put pleasure into owning a car. (Just look at the list!) It's the greatest year yet to get into a Chevy!

Softer, more silent ride with coil springs at all four wheels and new butyl rubber-cushioned body mounts.

Big brakes for quicker, surer stops. Rivetless bonded linings mean they last longer, too.

More room to relax in. Chevy sedans offer roomier seating than any car in their class. Lower, narrower transmission tunnel means more foot room.

Only full wraparound windshield among the leading low-priced cars.

Electric windshield wipers keep sweeping even when you speed up to pass.

Vent windows crank open and closed. So much simpler than fighting those tricky little catches.

Keyless locking of all doors. Quick and easy. The same key opens door, glovebox, trunk and starts the car.

Economy Turbo-Fire V8. Or how to get up to 10% more miles per gallon of regular and still have lots of "git."

Thriftest 6 in any full-size car. It's the '60 version of the engine that got 22.38 miles per gallon in the 1959 Mobilgas Economy Run.

Widest choice of power teams. 24 engine-transmission teams in all, with output up to 335 h.p.

A trunk that's made for long trips with up to 22.5% more actual luggage space. Sill's lower for easier loading.

Fisher Body craftsmanship. Look at the finish, the fabrics, the detail work. You'll see the difference.

Americanism

Liberty, as proclaimed by law and constitutions, can never have full meaning without the added ingredients of Fraternity and Brotherhood; without the spirit of friendliness and unselfishness... *love for one's fellows.* Those powerful qualifying attributes help spell out what Americanism is.

When one sees a family unit, parents and children, with Bibles in hand, attending church to worship as they please... *then one is witnessing Liberty in its finest and most fullsome forms,* for that, too, is

American. Freedom of religious worship is equally important, along with economic freedom and freedom from oppression, in America.

Then worship God as you please but be sure to worship... that is Americanism.

Lest We Forget: A true Christian knows in whom he has believed; and that his adorable Savior, Jesus Christ, is able to keep that which he has committed to Him. He has learned to reckon death among the number of his friends, and to regard it as a door of entrance into His Father's house. Instead of being harassed with a fearful looking - for judgment and fiery indignation, he enjoys that peace which passes all understanding.
A most cordial welcome to you.

Rev. Parrish Is Speaker At Meet

The Rev. Tom Parrish, vice president in charge of development at Wayland Baptist College in Plainview, was guest speaker at the noon meeting of Hereford Rotary Club Monday in the ballroom of the Jim Hill Hotel.
Rev. Parrish is a graduate of Stephen F. Austin College, where he received his BA degree, and of the University of Texas Law School. He was introduced by Dr. Howard Scott, pastor of the First Baptist Church of Hereford.

The forceful speaker talked on "Can Freedom Really Compete In The Modern World?" He pointed out that freedom has been on the defensive for the past 15 years.
He said that many people have the feeling that freedom will

prevail whether or not they do anything about keeping it.
"We spend 40 billion dollars on fun," he said, "but we do not spend near that much on education each year. Education

today is a necessity, not a luxury.
"We recruit athletes for our colleges, but we do not work hard enough in recruiting students with a great power to learn."
He pointed out that in Russia, students are selected for universities by their ability and capacity for learning, not on their athletic merits.
Guest at the Rotary meeting was Harold Loerwald.

Willard Schmidt of Cincinnati pitched in 16 games before he gave up a home run this season. Duke Snider of Los Angeles hit it.

REP. WALTER ROGERS WRITES:

Additional Information Pertaining To Budget

To the People of the 18th District:

In a previous newsletter I made a brief reference to the source of the tax dollar and where it was spent. I have had numerous communications thanking me for putting this in the newsletter; asking for additional information on the subject, if possible. Hence, I submit the following figures, which will be of interest to all of you. The Administration estimates that during Fiscal Year 1961, which begins on July 1, 1960 and ends June 30, 1961, the following money will be received by the Federal Treasury:

Individual income taxes, \$43,700 million; Corporation income taxes, \$23,500 million; Excise taxes, \$9,500 million; All other sources, \$7,300 million.

These receipts would include the INCREASES in Federal taxes proposed by the President. The net expenditures recommended by the President in his Budget Message are as follows:

Executive Office of the President, \$79 million; Funds appropriated to the President: — Mutual security - economic, \$1,700 million; — Other, \$114 million; Legislative branch, \$162 million; The Judiciary, \$52 million; Independent offices: — Atomic Energy Commission, \$2,689 million; Export - Import Bank, \$7 million; Federal Aviation Agency,

\$681 million; National Aeronautics and Space Administration, \$600 million; National Science Foundation, \$160 million; Small Business Administration, \$120 million; Tennessee Valley Authority, \$73 million; United States Information Agency, \$124 million; Veterans Administration, \$5,446 million; Other, \$295 million; General Services Administration, \$458 million; Housing and Home Finance Agency, \$500 million; Department of Agriculture, \$6,201 million; Department of Commerce, \$473 million; Department of Defense - Military: — Military Functions, \$40,995 million; Mutual Security - military assistance, \$1,750 million; Department of Defense - Civil, \$972 million; Department of Health, Education and Welfare, \$3,517 million; Department of the Interior, \$809 million; Department of Justice, \$271 million; Department of Labor, \$540 million; Post Office Department, \$49 million; Department of State, \$292 million; Treasury Department, \$10,452 million; District of Columbia, \$48 million; Allowance for contingencies, \$200 million; TOTAL, \$79,816 million;

Unless the general feeling in the Congress undergoes a substantial change, there will be marked reductions in the proposed expenditures. It is my sincere hope that if there is any change, it will be for more reduction rather than less.

Now to turn to a more pleasant subject, Jean and I were invited to attend a banquet in honor of Judge Marvin Jones. It was an occasion when Judge Jones was presented with a citation for outstanding service.

It was a most enjoyable evening and we were most happy that the Honorable Marvin Jones should be the recipient of this fine award. No one could have deserved it more. The occasion was made more pleasant by the fact that we sat at a table with Bascom Timmons and had an opportunity to visit with him at length. Jean and I have always enjoyed his company, but everyone has been so busy in the past several years that it has been impossible to sit down for a visit of this kind. Hence, we welcomed the occasion for such an enjoyable experience.

Bascom Timmons probably knows more about politics generally than any other individual in the nation. He came to Washington a year before Speaker of the House Sam Rayburn. He has been the friend and confidant of many, many men high in the government of this country, as well as in business and professional circles. He was a long-time friend of John Nance Garner and has been closely acquainted with the leaders and Members of the Congress in both parties since he started his career in the Nation's Capital. He is a most interesting fellow to talk with, whether you are meeting him for the first time or have seen him daily for several years. His great store of knowledge stems from his close association with the men aforementioned, as well as the events which have happened and will constitute the history of this country. Much has transpired since 1912, but I don't think any of it has escaped the vigilance of Bascom. As a news-hawk, he probably has no peer.

If you ever have the good fortune to sit down and talk with Bascom for any length of time, don't let him stay on politics too long. Get him to talking about the things which occurred in the Panhandle of Texas when he was just a kid.

His knowledge will astound you, and his descriptive and story - telling abilities will keep you on the edge of your chair. It was good to see many friends from the Panhandle here in Washington last week. Several were in town for the annual convention of the National Automobile Dealers Association and included Mr. and Mrs. Frank Culberson and Mr. and Mrs. Dick Stowers from Pampa; Mr. and Mrs. Hudson Davis and Miss Catherine Davis of Borger; and Mr. and Mrs. Joe M. Scott from Dalhart.

Other Washington visitors from home were Mr. R. G. Feeler, Mr. Darrell Blanton, and Mr. Bill Decker from Hereford; Mr. Bill Nelson, Mr. H. A. Berry, Mr. Kenneth R. Goodwin, and Mr. A. E. Herrmann, all of Amarillo; Mr. Horace Smith of Miami; and Mrs. Frank Carter from Pampa.

DO-IT-YOURSELF DESK

FRANKLIN, N. J. — If you can't buy it, build it, says the Township Committee.

The committee recently decided it needed a new larger desk. The cost: \$2,000. Too much, decided the committee.

Result: Councilman J. Willard Vliet built one, big enough and strong enough to withstand the council's most heated arguments.

The cost to the council was \$200 worth of wood.

Vliet said the table would not have a glass top. "We're supposed to be nonpartisan but anything can happen."
