## INTERNATIONAL HARVESTER COMPANY TO BEGIN WORK ON BRICK HOME HERE AT ONCE

Another convincing and substantial addition to Hereford's permanent establishments is announced this week by the R. B. B. Implement company, Hereford and Dimmitt. The addition is in the nature of a modern, concrete and brick business home in which this enterprising firm will be housed for the future. The location is across the street from the courthouse and adjoining the Magnolia Filling station facing east. Ground measuring 100 feet front and 140 feet deep has been purchased by the International Harvester company and a construction contract let to the Anderson Construction company of Wichita, Kansas, and Amarillo. The deal for the land was begun several weeks ago, but definite assurance of the matter going through was not received by Messrs. Rosson, Buchanan and Ramsey until Saturday last. It is estimated that the building will cost about \$14,000. The front will be eighty feet, opposite the courthouse. Forty feet entirely across the building will be devoted to display floors, an office, and a modernly equipped ladies' rest room for the rural visitors. An ell, fifty by one hundred feet, then extends back to the alley, this space to be devoted to shops and storage. A drive way and entrance will be provided along the north side of the building. A total floor space of 8,200 square feet will be provided. The floors will be of concrete and the walls of brick. Everything will be fire proof and up-to-date. This is said to be the first building ever erected by the International Harvester company in Texas, and probably the third or fourth in the United States. It will provide a dandy good home for the International dealers in the Hereford territory and is a monument to the enterprise and aggressiveness of Messrs. Rosson, Buchanan and Ramsey.

## "Looks Like Rain" At High School On Friday Night

The play, "It Looks Like Rain," staged by local talent for the benefit of the hall team and coached by Mrs. H. D. Reed, will be given at the high school Friday night. The play is a three-act comedy and is said to be hilariously funny. The story of the play reads: Monty's health resort might have been a paying proposition, but after a persistent lack of rain everything dried up, the mineral spring refused to go on springing, the guests all left the hotel, Monty's little fortune was wiped out and Cousin Elmo came to await the crash and grab the inheritance which was to be his if Monty proved to be a business failure. Weather conditions may hardly seem to be good dramatic material, but in this instance they have been made into a whirlwind comedy. All the characters are rich: Monty, the hard-luck hotel proprietor; Jerry, the lazy caretaker; Martha, his domineering wife; Nellie, the girl in the case; Reggie, with impractical ideas; Elmo, the next-of-kin; and last, but by no means least, Vint, the farmer's daughter. There is a refreshing and unusual sex about this play, not only for the audience but for the actors as well, that gives it a flying start and causes it to go dashing along from one unexpected situation to the next, plunging the auditors into one gale of laughter after another, yet never losing sight of the thread of the story.

## L. C. Penry, Attorney, To Make His Home Here

Hereford is about to acquire a new attorney, L. C. Penry of Plainview, former district attorney for that district, is moving to Hereford soon, according to friends here. In fact, his office furniture has already arrived and has been placed in the rooms formerly occupied by Attorney Carl Gilliland in the rear of the First State Bank & Trust company. Mr. Penry moved to Fort Worth some time ago but finally returned to Plainview before coming on here. It is not known just when he will arrive.

## Mrs. T. Morgan Under Observation at Temple

Rev. Thurman Morgan, pastor of the First Christian church, left Saturday for Temple, Texas, accompanied by Mrs. Morgan, where the latter will enter a sanitarium for diagnosis and observation. J. H. Head Tuesday, received a wire from Rev. Morgan stating that no operation was necessary, but the patient will be kept under observation for the time being. The many local friends of Rev. and Mrs. Morgan are hoping for a speedy turn for the better and a quick recovery of this popular young matron.

## Lubbock to Play Here on Sunday; Clovis is Beaten

Sled Allen's Lubbock Hubbers will journey to Hereford next Sunday for a game with the Hereford Independents, and local fans are predicting a real game. The Hubbers defeated the local crew in Lubbock several weeks ago, but the locals have improved wonderfully since that time. Tabe, Hereford's twirling ace, will probably start against the Hubbers Sunday. Tabe scored his third straight victory last Sunday when the locals beat the fast Clovis team 9 to 2. Tabe struck out nine men and allowed only four hits all of which were singles. Tabe has allowed only three runs in the last three games and struck out thirty-five men in the same three games. On the Thursday previous, the locals shut out a team from Dimmitt, 4 to 0. Tabe also hurled this game and had the Castro men eating out of his hand. Preparations are being made to take care of a large crowd here Sunday. The Lubbock team will be a good drawing card, as it is rated as one of the best baseball clubs in West Texas.

## "Take It With A Grin" is Message To Home Entrants

The disastrous results of the hail and rain Wednesday evening can only be remedied by the united effort of every family in Hereford. Let us not be discouraged, but go forward and yet have by September 15, one of the cleanest and prettiest towns on the Plains. The committee and chairmen of different sections of the town are undaunted. They expect to go to work with renewed interest, feeling that growing conditions will be ideal, the bruised trees and shrubs will soon outgrow the damage and seed will come up and grow more quickly than early in the spring. It is probable that the time for entering the contest will be extended to July 1, giving time to clean away the debris and replant seed. Central Committee, Better Homes and Gardens Contest, Mrs. Nettie P. Slaton, Mrs. Bob McLean, Mrs. J. H. Pitman, Mr. Ralph Barnett.

## Charlie Bennett Breaks Leg in Dimmitt Game

While sliding into third base in the game between Hereford and Dimmitt last Thursday, Charlie Bennett, Hereford's catcher, and well known battery station man and farmer, caught the spikes on his right foot in the dirt and his momentum twisted his leg so badly that the bone snapped diagonally between the knee and ankle. Mr. Bennett was taken to the county hospital and his leg set. At last accounts the leg was in a cast and he was doing as well as could be hoped for under the circumstances. The unfortunate accident came at a peculiarly bad time for Mr. Bennett, as he has a big crop and his rush season is just beginning.

## Stambaugh's Store to Hold Reception Friday

Stambaugh's Store announces a Reception, Friday afternoon, June 4, celebrating the remodeling of Hereford's Oldest Mercantile Establishment. Music by the Hereford Orchestra will be supplied, together with refreshments and a cordial welcome. The store, which is managed by Geo. Stambaugh and his mother, Mrs. Geo. A. Stambaugh, has recently been completely overhauled, the grocery department disposed of, the dry goods department enlarged and redecorated, the floors smoothed up, and, in fact, the entire establishment presents a most modern and up-to-the-minute appearance and attraction.

## C. Higgins Purchases Quarter Section Land

A recent sale of farm land near Hereford was announced this week when a quarter section near Joel switch, adjoining the Slagle place on the west, and belonging to the Acre Estate was sold to Claude Higgins. The deal was handled through Ashbrook & Williams. It is said that Mr. Higgins plans to improve the place and put it under the plow.

## Deaf Smith County Rural Schools Had Very Successful 1925-6 Session

(By EARL W. WILSON, County Superintendent.) There are seven common school districts, two of these bonded, Summerfield and Ward. District No. One has one school, Summerfield, three teachers, sixty scholastics, assessed valuation of one half million dollars, tax rate seventy-two cents. District No. Two has three schools, Dawn, Askren and Rice, five teachers, ninety-six scholastics, assessed valuation of six hundred thousand dollars, tax rate, eighty-five cents. District No. Four has one school, Wyche, two teachers, fifty scholastics, assessed valuation of two hundred forty thousand dollars, tax rate, fifty cents. District No. Five has two schools, West-Way and Messenger, seventy scholastics, assessed valuation of one million dollars, tax rate fifty-five cents. District No. Six has three schools, Walcott, Valentine and Bippus, three teachers, forty-five scholastics, assessed valuation of one million dollars, tax rate thirty-seven cents. District No. Seven has eight schools, Fairview, Daniels, Union, Progressive, Higgins, Ford, Mecaskey and Simms, twelve teachers, one hundred fifty scholastics, assessed valuation of two and one-half million dollars, tax rate fifty cents. District No. Eight has one school, Ward, two teachers, thirty scholastics, assessed valuation of one quarter million dollars, tax rate fifty cents. Most of the schools have already employed their teachers for the coming season, in a majority of cases the old teachers returning to the work, while the balance intend to continue their work in college. The school year just closed has been very pleasant and profitable to the children all over the county, and the prospects for the coming term are encouraging as the interest and enthusiasm manifested would indicate. The only scheme of organization, taxation, and the employment of teachers, etc., is to give the children a modern education and the more the trustees, the patrons and the children cooperate and aid the teacher, the more effective and efficient will be the machinery of that human workshop—the Little Red School House.

## Chautauqua Program and Plans Given In Full, by Miss Beattie, In Charge

On Monday evening at 7 o'clock, every child in town is invited to Mothers Park to a ticket hunt. Miss Bailey will hide Chautauqua tickets and any child finding one of these tickets will be entitled to a particular night or maybe a season ticket, according to the find. Immediately following the ticket hunt, everyone will fall in line and parade the town before going home. Prizes, which will be Chautauqua tickets, are offered for best costumes. 1. Best Chautauqua advertisement. 2. Prettiest costume. 3. Most original. 4. Noisiest costume. Junior Chautauqua will open Tuesday morning at 9 o'clock and will last just long enough to give Juniors reserved seats. Children who do not attend the morning hour, are not given reserved seats in the front rows. Then on Tuesday morning at 9 o'clock the regular work will be taken up. Ed Weir caps will be given all Juniors. If you are in doubt as to the Chautauqua program this year, just rest assured that you have a far greater program than ever dreamed. The program is the most beautiful, brilliant course of events you can imagine. The Alamo Serenaders, when costumed as the roving Gypsy and playing that type of music makes an especial appeal to any lover of music. This company is made up of violins, guitar, mandolin, banjos and piano. The musicians give opera selections and one or two fine American selections. Miss Harper gives a number of descriptive readings. Everet Kemp, monologist; reader of plays, will give the new and very popular play, "Thank You" in three acts. Mr. Kemp is an artist and you will hardly realize that he is playing all the characters in the cast. The play has a special message and is most enjoyable. The second day, Rev. Roy Rutherford, with "Me and America" and Opal Flood, reader. If in the last few years you have missed a reader and solo pianist, you will be doubly repaid for the wait, for we have several. The second night, "Applesauce" is going much better than our "Give and Take" of last year. There isn't a long faced moment from start to finish and you have never seen anything more true to life. The third day, the Garay Sisters, from Florence, Italy, and Leith Stevens, piano give one of the most artistic music programs ever presented on any platform. The Garay Sisters are very charming and both graduates of the Royal Academy at Budapest. Mr. Stevens is a young pianist, just this spring, he won the M. D. Music contest, conducted by Bethany College. Along with the Garay Sisters, the third night is Dr. Williams, better known to you as "The Fighting Parson." Dr. Williams speaks on "Law Enforcement." The fourth day is a knock-out. Oh Percy, the most spectacular production on the bill. Wonderful of (Continued on page seven)

## COUNTY FAIR AND W. T. C. OF C. CONVENTION STUDIED BY BUSINESS MEN AT LUNCHEON

A slim, but peppy crowd attended the weekly luncheon of the chamber of commerce at the Hereford hotel Monday and "carried on" for the good of Hereford and the community at large. President Black, who has been in El Paso for the past two Mondays, accumulating Scottish-Rite honors and emoluments, undertook to "report" on his absence and to account for all the time he spent away from home. The net result of the effort seemed to be a good natured "kidding" from the crowd and a general air of unbelief in his cautiously worded statement. He proved a good sport, however, and took it all in the spirit in which it was intended. Superintendent N. C. Vogele of the County Fair discussed the work of his committee the past week. He announced the appointment of two new superintendents of departments, Mrs. Bob Wilson in the Ladies Department, and Byron McCord in the Poultry Department. He said the superintendents and committeemen were working better than he had ever before noted, and the fair ought to be a success if their work meant anything. Secretary Moss talked on the Better Homes and Gardens contest. He, with Messrs. Claude Ricketts and A. O. Thompson constituted the committee on details. They recommended two classes of entrants, in addition to the Public Buildings and Blocks divisions. Cash prizes of \$15, \$10 and \$5 for first, second and third, respectively, were suggested, with a silver loving cup for the best kept public buildings premises. The cup is not to be permanently awarded until won two years in succession. The report of the committee was approved. Mayor Ireland, with the proposed caravan of Hereford folks to the West Texas Chamber of Commerce meeting at Amarillo as his text, said that he and Homer Fox, decorations committee, had tentatively decided upon hats and ribbons for the affair, but wanted financial assurance before closing. Secretary Moss said his committee estimated that it would take a total of about \$350 to put on a real community affair at Amarillo, including uniforms for the band, badges, hats, etc. A. O. Thompson said he and Homer Fox would go out and try to get the money if urged to do so. The urging was immediately applied and the two appointed to get busy on the job. Rev. Haynes made a chautauqua report, stating that he and Rev. Ross were in charge of the ticket selling campaign. The plan is to start the drive Thursday and Friday and sell tickets on those two days. Tickets will be on sale at Ralph Barnett's office at 3 o'clock sharp Thursday afternoon. Reserved seats go on sale Saturday morning at 9 o'clock. Geo. V. Stambaugh extended a cordial invitation to all present to attend his reception, with music and seats on the side, next Friday. Adjournment was taken until next Monday, at the Stockman's Cafe.

## Terrific Storm, Hail-Rain, Raged Here Wednesday

One of the worst wind, hail and rain storms in the history of this section, suddenly arose Wednesday afternoon shortly after 5 o'clock and for a couple of hours it seemed to the citizens of the city that the second deluge had come. A total of four and eight-tenths of an inch of rain fell, the streets and the entire surface of the ground looked like the Atlantic ocean, while every garden and flower bed in town was literally beaten into the ground and stripped bare. A tremendous amount of damage in the way of broken skylights, window panes, roofing and car tops was sustained in nearly every home. Trees were shredded of many of their leaves and the market gardens of the city and vicinity were simply wiped out. Lightning struck the southwest corner of the J. E. Beyer home, owned by John Swartz, ripped out a rafter, and shattered the plastering over a considerable section of that end of the house. Mrs. Beyer was away at the time, but Mr. Beyer was at home and thought the world had come to an end. The official rain gauge at the First National bank registered three inches and then spilled over. The gauge at E. E. Ramsey's home caught it all, however. The silver lining about it all Thursday morning seemed to be that the cloud centered over the city and small stretches of country to the northwest and northeast, and vented its fury upon a relatively small area, the bulk of the wheat in this trade territory escaping material damage. To the north it only rained out four miles; to the south no hail damage was reported up to noon. Dr. Turrentine to the northwest, lost his wheat, and probably his neighbors, while reports also indicated considerable damage to wheat to the northeast as far as the Troy Womble farm. It was understood that the magnificent wheat field of Jeff Gilbreath to the west, escaped serious injury. Close observers declare that the storm seemed to originate near Sulphur, Park and to revolve in a small circle around the town. The wind switched several times during the hour that the hail continued. Old timers declare that it was the most sustained hail storm they ever witnessed. Usually it hails for a few minutes but this one held on steadily for about an hour. The city lake Thursday morning was backed up in Mothers Park and was the highest in its history, in spite of its storm sewer. It was impossible to secure detailed reports Thursday before going to press, but summed up, it appeared that the city bore the brunt of the storm and the bulk of the field crops were mercifully spared. The month of May and June did fail to break all records here. The gauge shows that for May, a total of 2.75 inches fell here, as follows: May 14, three-tenths, May 18, one-tenth; May 24, three-tenths; May 25, fifty-five hundredths; May 26, sixty-five hundredths; May 28, eighty-five hundredths. And to that add four and eight-tenths to begin the month of June and the story is told.

## Laughter, Theme of War Picture at Star Theatre

Laughter, not slaughter, is the ruling theme of "Behind the Front," Paramount's contribution to the story of the Great War, which comes to the Star Theatre Friday of this week. The A. E. F., which features the humor, adventures, and disillusionment of a couple of dumb doughboys, played by that inimitable character team, Wallace Beery and Raymond Hatton. Their roles are taken from life, for every battalion had two such characters, who served to furnish laughs for their buddies and plenty of mix-ups and trouble for their superiors. Through the whole story runs a fine thread of romance, with beautiful Mary Brian playing the role of a Red Cross worker in France. The picture was directed by Edward Sutherland, who directed Raymond Griffith in "A Reginald Fellow." The supporting cast includes Chester Conklin, Richard Arlen, Louise Lorraine and Gertrude Astor.

## Hereford Breeder Here To Inspect Local Herds

Jno. C. Burns, secretary of the Texas Hereford Breeders association, spent Tuesday here. He was accompanied by W. B. Mitchell of Marfa, Texas, and the latter's son, Burton Mitchell. Mr. Mitchell is one of the largest registered cattle breeders in the southwest, and had a lot to do with the organization of the Highland Hereford association. He and his son came to the Plains to make an inspection of registered cattle here, as well as the outlook for the feeder calf supply this year. Mr. Mitchell is a big business man and it is thought possible that he may invest in some of the fine Hereford cattle now on local ranges. The party visited the Ivy, Bradley, McDonald, Black, Womble and other herds Tuesday.

## Wheat Harvesting Begins June 20, is Prediction

Wheat harvesting will start by June 20 in this section is the prediction. Indications are that wheat yields will be heavier this year than it has been for years. Recent rains have almost assured the small grains crop, excepting where hail has damaged it. Over two inches of rain has fallen here during the last two weeks and a good season is in the ground for all kinds of field crops.

AIR MAIL WARNING.  
TOO MANY CARS? NEVER!  
BOOM OUTSIDE.  
THE EARTH WILL DIE.

The Post Office announces that fifty cities in the United States increased their postal receipts in April more than 6 per cent over the same month a year ago.

Unfortunately, figures concerning use of air mail would be discouraging. It is necessary to warn ambitious cities anxious for air mail service that TO GET IT THEY MUST SUPPORT IT. If not, they will lose it.

The government cannot run an expensive mail service merely because cities desire it.

Postmaster-General New and President Coolidge are anxious to encourage profitable commercial flying thru development of the air mail. But cities and citizens must do their part. One air route recently established in the South, for instance, serving four important cities, started off magnificently with receipts in the first brief period exceeding \$2,000, ample to cover expenses. On the tenth day the receipts had dropped to \$79, to meet an expense of \$400.

The financial solution will be found eventually in carrying passengers as well as mail, an arrangement to which the administration would gladly consent. The first problem would be to find the passengers. Americans largely support flying routes in Europe, occupying more than half the seats in flying machines between London and Paris in the season. But they seem less inclined to patronize flying in their own land.

Extremely important is the test for cancer recently presented at the French Academy of Medicine. If its discoverers do not exaggerate, this test, providing a reliable reaction in cancer cases, will enable doctors to save thousands annually that now die by diagnosing cancer at the very start.

This year 100,000 more automobiles are registered in California than in 1925. That shows prosperity and what is more important, HAPPINESS. Some time ago, when all the world used fewer automobiles than there are now in California alone, men talked about automobile "saturation."

There never will be saturation until every family has at least one automobile, as it should have, and then it will be necessary every few years to manufacture twenty-five or thirty million new ones to replace the old. Get YOUR car now.

The conference of the Methodist Episcopal Church South invites all modernists to get out. That applies to all, especially clergymen who do not believe "in a living personal God, the divinity of Jesus Christ and the virgin birth."

That seems fair. There is plenty of room outside of any church for any belief in these days. Churches,

like clubs, should have the right to control their own membership and rules, while carefully abstaining from any attempt to control other people and other things.

In British coal mines where men are nothing, the aristocratic owner never sees the inside of a mine or the face of a miner.

Only a few years since, English women, working in shafts too low even for mules or donkeys, dragged out the little coal carts, slowly painfully creeping on their hands and knees. A strap or chain around the neck, passing under the breast, was fastened to the car behind them.

And not long ago a regular business in England was starving little boys that they might remain small enough to go down narrow chimneys and clean them. They were beaten if caught secretly eating. They died young, but the mothers provided plenty more.

This earth will die as men and animals die, gradually going to pieces, the fragments helping to build other planets, as animals die and feed other animals, as trees live on mould made of dead trees.

That day, fortunately, is millions of years away, according to scientists. Only twelve thousand years from the Stone Age, the human race has scores of millions of years ahead, years of ceaselessly increasing knowledge.

Plains Poultry Show to Be Held Here Dec. 14

Tentative arrangements have been made by Superintendent N. C. Vogele for the Plains Circuit Poultry Show to be held here December 1-4. These dates will have to be approved by the board of directors. According to plans the poultry show here will be held just before the Tri-State Poultry Show at Amarillo so that exhibitors will be able to make both places. Mr. Vogele is making arrangements for an A. P. A. judge for the local show.

Some ten counties in the Panhandle of Texas and Eastern New Mexico, are members of the Plains Poultry Circuit. The organization was perfected last December, and the first show was held in Clovis, New Mexico, in January. An effort will be made to get a number of neighboring counties to come into the organization before fall. Plans are under way for one of the largest shows that has ever been held in this section. Preparations are being made to care for 1,000 birds that are expected to be entered here for the prizes.

Hereford Plans Large Crowd at W. T. C. of C.

Hereford is planning to send a large delegation to the West Texas Chamber of Commerce convention at Amarillo June 21, 22 and 23. Headquarters for the local delegation will be selected within the next few days, but Hereford folks will return home each evening, so that Amarillo might better accommodate visitors farthest away. The local group have not pledged themselves to support any one city for the next convention, but will decide this matter before the convention. Hereford will probably support A. P. Duggan of Littlefield, for the presidency.

Jas. T. Ross, Pastor

"Shall The Present Pastorate Continue?" a subject for the serious consideration of every one hundred percent Presbyterian in Hereford will be the sermon subject on next Sunday morning. The pastor is ready for a decision on this matter and desires to know the will of the church concerning the same.

Sunday school, 9:45 a. m. Let us give to Mr. Lee our heartiest support in his efforts to build up a Sunday school. Preaching services in the evening, 8:30 p. m. Sermon in the afternoon at 3:30 at Askren.

Wednesday, 2:30 p. m. Women's Missionary Society. Mid-week prayer services and choir rehearsal omitted for next week on account of the Chautauqua.

A pleasant welcome awaits you at our services.

### Methodist Church

J. O. Haymes, Pastor

Rev. W. M. Lane, the presiding elder of the Amarillo district, will preach at both hours next Sunday, 11 a. m. and 8:15 p. m. It would be a great pleasure to see every member of the church present who is possibly able to come. All visitors will be heartily welcomed. Let's give the elder a full house. Let's come together and worship and hear the Gospel from one who knows how to preach it. The third Quarterly Conference will be held at 3:30 Sunday afternoon.

It seems that Methodists are even afraid of sprinkling for it was only sprinkling last Sunday morning and the congregation was greatly reduced. Of course, most of the people went for their mail, but it was raining so much harder at the church than it was at the post office, don't you know? There were 54 present at the morning service and 59 at Sunday school. We had a fairly good sized congregation at night.

Both leagues had good services, and were well attended. But there are many other young people who ought to attend these leagues. Officers were elected last Sunday evening as follows:

High school league: President, Vendell Brooks; vice-president, Ruby Wade; secretary, Louise Jacobsen; treasurer, Ersalee Fridley; era agent, Frances Landrum.

Senior league: President, W. H. Dowell; vice-president, Donald Hawkins; secretary, Flossie Bowman; treasurer, Mrs. Albert Ross; era agent, Elmer Sharp; pianist, Mattie Lou Harrison; song leader, Raymond Hawkins.

### The Sunday School Lesson

For June 6, 1926  
(By Joseph O. Haymes)  
Methodist Pastor

Subject: Jacob and Esau  
Lesson Text: Genesis 33:1-11  
Golden Text: Eph. 4:32, "Be ye kind one to another, tenderhearted, forgiving one another, even as God, for Christ's sake hath forgiven you."  
You will be repaid for your time if you will read from the 29th to the 33rd chapters of Genesis.

When Brothers Fall Out  
The old simile, "as much alike as twins" may not mean very much.

Jacob and Esau were twins and yet their natures were different in almost every particular.

Last Sunday we saw Jacob fleeing from his angry brother whom he had defrauded. Esau had blood in his eyes, and Jacob was observing "safety first week." He fled to Haran where he lived for twenty long years, serving his uncle, Laban, marrying his two daughters, and accumulating considerable property.

Many a man has fallen out with his brother and not only threatened his life, but actually taken it, who had far less provocation than Esau had. The most malignant feud is the family feud. God pity the man who for selfish purposes will do his brother wrong. And may God doubly pity the man who in resentment of a wrong would spill his brother's blood.

#### Your Sin Will Find You Out

Probably Jacob thought that in that far off country he could dismiss the thought of the wrong he had done, that by removing himself from the place of his wrongdoing he could lightly dismiss the burden of his sin. But sin is not so easily dismissed. It hung about him like a nightmare during those twenty years. It haunted him during many solitary hours of his pastoral life. A man can never keep it from God and from himself.

Let no man think that Jacob was not punished for his sins. He suffered immeasurably in the pangs of a guilty conscience. Besides that, he and his mother, who had assisted him in his fraud, were never allowed to see each other's face again.

The surest way to get rid of sin is not to hide it. You cannot smother sin to death. When covered up, like a smoldering ember it will burn on and on until it consumes the very sinews of character and leaves nothing but the thin veneer of respectability. The only way to get rid of sin is to bring it out in the open, to confess it, so far as possible to make restitution and to ask for mercy. And it is always through mercy that sin is forgiven.

#### Peniel.—Israel

Two very fascinating words to every Old Testament student, Peniel, the face of God, Israel, a prince of God.

Jacob was about to meet his brother. His brother was a big, husky, hairy, fearless, impetuous man, who in his youth was called "Red." The last time Jacob saw him twenty years before, he was red-eyed and threatening. Jacob, more the type of the city man than the rough frontiersman was not anxious for an affray with such an antagonist. He felt perfectly helpless in the face of the situation. What could he do? He had no army of four hundred men as Esau had. The only person to whom he knew to go for help was to God, so he resorted to prayer. All night long he wrestled with the angel of God. He was not satisfied on that night to erect an al-

tar and go through with a form of worship. He was not willing to go away with a partial victory. He struggled on in that spiritual conflict until daylight, then the victory came, complete and overwhelming. Jacob on that night had an experience with God that he had never had before. He named the place "Peniel," for he said, "I have seen God face to face, and yet I am alive."

Such persistence in prayer was not to go unrewarded. Jacob had prevailed with God, not against God. The struggle was not Jacob vs. God, but Jacob vs. himself, the lower self vs. the higher self. And the higher self won. It won only when Jacob had got himself into complete harmony with God's purposes. We prevail with God, not by opposing him but by cooperating with Him! Thus Jacob prevailed, and his name was changed from Jacob the supplanter to Israel the price of God. And his descendants were to be called Israelites instead of Jacobites.

#### Don't Drag Out The Skeleton

The next day the two brothers met. What happened? Did they spend the day talking over their former differences, and calling back the events that had separated them? If they had, there would very probably have been no reconciliation of brothers that day. To discuss in detail the things that have separated the points of difference, but by confession and concessions. If a man really wants to make peace with his brother, the price of that peace is for him to "swallow his pride" and to acknowledge his wrongdoing; or if he knows himself to be innocent, the price is for him to be willing to say nothing of his own innocence and to manifest the magnanimous, forgiving spirit. But the blessing of peace is worth many times the cost.

#### North East Corner

(Fairview-Union Schools)

The nice showers of rain which we have been having are helping everything so much.

Eighty-five of the Sunday school and B. Y. P. U. folks gathered in the home of Mr. and Mrs. Otto Smith and family last Thursday night to a B. Y. P. U. social. Everyone enjoyed the evening very much as games were played after which cake and ice cream was served.

Albert Hammer left our community one day last week for Wisconsin, where he will spend a few months with relatives.

Bud Hazelwood of our community, and Miss Lucile Cook, of Bushland, were happily united in marriage last Thursday afternoon at the home of Mr. and Mrs. Warner Lee of Amarillo. We hope for them many years of married life together.

W. J. McClain started work in Amarillo last week.

Mrs. Homer Boling and son, Jack, of Amarillo, visited Sunday in the

home of Mrs. Boling's sister, Mrs. John Davis and family.

Mr. and Mrs. I. A. Allred visited Sunday with Mr. and Mrs. I. N. Hutchins and family. A Children's Day program was given after Sunday school at Palo Duro last Sunday morning. Two of the Sunday school classes rendered the good program and each one did their part so well. After the program the teachers of the two classes treated the children with apples and candy.

We are also glad to report that although the weather looked threatening last Sunday, that we had one hundred and sixteen present at Sunday school. We are anxious to see others come that have not been taking part.

Mr. and Mrs. J. S. Pone and family spent Sunday with Mr. and Mrs. H. J. Oglesby and family.

Mr. and Mrs. Russell Downs and son, of Panhandle, spent Sunday with relatives. Mrs. Downs, formerly Miss Eula Harris, visited this week with relatives here.

A crowd of thirty-two gathered in the home of J. C. Allred and family last Sunday to a surprise birthday dinner for Mr. W. J. McClain. The lunch was served picnic fashion and each one enjoyed the day exceedingly.

Miss Clara Hammer spent Sunday with her friend, Ola Ware. Miss Elizabeth Ozeo visited her friend, Leau Ada Bowen one day this week.

About forty-five friends and relatives gathered in the home of Mr. and Mrs. Tom McBroom last Saturday night to an ice cream supper. Although the weather looked threatening, each one seemed to have an enjoyable time.

W. A. Chappel motored to Wildorado last Monday.

The Woodruff girls were callers in the J. E. McClain home one afternoon last week.

"THE HOTTEST NUMBER IN HEREFORD"

# Dimmitt, Castro County News

A large number of friends met at the home of Mr. and Mrs. Bill Caldwell last Friday morning to welcome them. The house was made attractive with cut flowers and the yard was cleared of weeds. J. W. Alexander of Hereford, brought them home and they were served with delicious ice cream and cake after the many pleasant greetings.

It will be remembered that Mr. Caldwell was badly burned nearly six months ago when a can of gasoline exploded and has been confined to his room in Hereford since.

The news joins the friends who greeted them upon their arrival in welcoming them home and hope Mr. Caldwell will soon be able to resume his work.

Those who welcomed them were Mr. and Mrs. Les Womack, Mr. and Mrs. Will Gollehon, Mesdames Bill Webb, Henry Stalcup, E. F. Harmon, H. E. Rantz, C. H. Buttolph, M. R. Birdwell, G. A. Barnett, Dow Duree and Miss Luella Thomas.

## 50,000 Visitors May Attend W. T. C. of C. Convention

Amarillo, June 1.—As each day draws nearer the time for the opening here of the eighth annual convention of the West Texas Chamber of Commerce on June 21, 22, and 23, the magnitude of the event looms more and more impressive, according to convention authorities, who are now engaged in strenuous preparations for taking care of the big gathering. The territory from which it will draw this year, has leaped far beyond state boundaries into the status of a divisional or Southwestern affair, thousands of visitors being scheduled to come from Oklahoma, New Mexico, Arkansas, Louisiana and States beyond those. Though but in its eighth year the convention has now assumed an importance that is nationwide, celebrities from every part of the United States having made known intentions of being present. Estimates that have conservatively placed previous conventions declare that the number of people who will attend will exceed fifty thousand.

A number of things will contribute to this enormous gathering. It is pointed out. For one thing the spectacular and enormous oil development of the Panhandle is proving a magnet which is attracting potential investors from all over the country; for another the opportunities in real estate and industrial enterprise are considered. But by far, the stronger attraction is the inherent desire of the people of the Southwest to see the Plains and to see Amarillo. And the time for such a visit could not be more opportune, it is declared, for during the period of the big gathering the entire West will be clothed in its most attractive dress. The harvest season will just be starting, crops of various kinds will be far advanced, while all that a rich agricultural and cattle territory can offer in beauty will be displayed at its best.

Amarillo is finding not only among her own citizens, but from all the towns and communities that lie about her, a splendid spirit of cooperation that more than any other one factor assures the West Texas Chamber of Commerce that the convention will be amply taken care of. Various other cities, lodges, churches, womens clubs and kindred organizations are at this moment outlining plans for the entertainment of the guests who will be here. At a recent meeting of the secretaries of a dozen chambers of commerce from this section of the Panhandle, Amarillo was pledged heartily the support of the communities represented.

The general program for the gathering is about complete, while the programs for the various groups,

## 200 Cockerels

**TANCRED O. A. C.**  
(Oregon Agricultural College)

**S. C. White Leghorns**

—From—  
Pen No. 2

"Consists of 500 pure Oregon Agricultural College yearling and two-year-old hens. All proven past performance high egg record stock. No birds in this mating weighing less than 4½ pounds, many weigh 5 pounds and several 6 pounds. Only hens that have not molted prior to September 15th have been kept for this pen. Every bird has been proven a layer of large, chalk-white eggs. Mated to these females are early hatched pedigree cockerels from our 1925 "Sweepstake Alley" Mating No. 4, which pen consisted of fifteen hens with individual egg records of 274 to 293 eggs in 12 months, headed by a son of the famous \$1,000 Tancred cockerel."

"It was an O. A. C. bird that produced the first hen in poultry history to lay 300 eggs in a trap nest in 365 consecutive days. This is now a fairly common occurrence in pure-bred O. A. C. stock.

"It was an O. A. C. bird that was first to lay in trap nest 1,000 eggs or more in her lifetime. This, too, is now fairly common.

"It was O. A. C. birds (the marvel pen of L. A. Thornwell of Santa Cruz, California) that made the world's record of ten hens in 1923, averaging 281.6 eggs per hen in 365 days.

"It was a bird from an O. A. C. dam that holds the present official American record of 335 eggs in 365 consecutive days. This hen was sired by a Tancred male. It is not unusual for O. A. C. flocks on commercial farms, when properly fed and housed, to make flock averages of better than 200 eggs per hen per year and these flock averages have even reached from 220 to 235 eggs.

"No less authority than Prof. James Dryden states, "No other strain developed anywhere by anyone has shown greater egg-laying capacity on commercial farms, or in egg-laying competitions than the O. A. C. birds."

among which there will be numerous meetings, are being rapidly made out by convention headquarters.

All in all Amarillo is eagerly awaiting and enthusiastically preparing for the greatest convention yet held, while throughout the extensive preparations that are being made there runs the dominant note of the old-time western hospitality that awaits those to whom this city for three days will be a Mecca.

### "The Fighting Parson" At The Chautauqua

When Dr. Elmer L. Williams comes to Hereford, on June 10, as a law enforcement lecturer on the Premier Chautauqua Circuit, he will say some things that many people will not like, but it is barely possible that very few will go to sleep while he is saying them.

"The Handwriting on the Wall, is the subject that this man, known as "The Fighting Parson," has chosen for his masterly address on Law Enforcement. Dr. Williams is the director of Law Enforcement of the Better Government association of Chicago. He is the man who presented a petition to the United States Senate asking for a senatorial investigation of crime conditions in Chicago, which created such an uproar in the press several months ago.

Dr. Williams spent eight years in the great social laboratory of Chicago. Disguised as a tramp he got the facts. He was arrested and taken to the station in a police patrol. His home has been bombed twice, he has been sued, threatened, defamed, suspected by ministers, helped and hindered by the press, and he has always gotten the facts of conditions.

Then Dr. Williams became a member of the chief of police staff, appointed by the mayor of Chicago. He moved forward. He arrested millionaires. He raided homes. He struck back in mass meetings. He brought convicts to the grand jury. He defeated politicians, and he cleaned up seventy-five per cent of the evil conditions in a certain part of Chicago where he started his crusade.

What is the chief cause of the break down of the law and government? It is not prohibition, says Dr. Williams. It is not immigration. The chief cause, he says, is official corruption.

Law Enforcement Day on the Premier Chautauqua program will be one of the big days of the Chautauqua. You will hear discussed one of the greatest problems of the day. Dr. Williams will lecture at night, after a prelude by the Garay Sisters and Mr. Leith Stevens.

### Hereford Students Lead In Work at W. T. S. T. C.

Canyon, Texas, June 1.—Hereford is well represented in the Senior class of the West Texas State Teachers College this year having four students among the sixty who will receive degrees. These are Miss Mamie Landrum, Mr. and Mrs. Lloyd H. Rhodes, and Miss Ethel Rice. Mrs. Rhodes was formerly Miss Jewell Galbraith.

Miss Landrum has majored in Art and will teach this subject; Mrs. Rhodes has majored in English; Mr. Rhodes has majored in his major interest and has made an excellent record in Chemistry; Miss Rice majored in Mathematics, is a member of the Lloyd Green Allen chapter of the Texas Scholarship Society, and has made a splendid record.

Miss Landrum has served the college in the capacity of student assistant in Art during the 1926 session; she is also secretary of the Art club. Mr. Rhodes is a member of the Lloyd Green Allen Scholarship Society.

The class to which these young people belong has presented a handsome entrance to the college grounds, which will be dedicated during commencement week.

### "Smilin' Through" Unique Play at Chautauqua

"Smilin' Through" is a fantastic comedy in three acts by Allan Langdon Martin. It is one of the most delightfully whimsical and out of the ordinary plays that has been written, and it is a play that has done a phenomenal business in New York, Chicago and San Francisco, having reached the record peak of \$25,000 a week in that city.

When originally produced in New York, the great artist, Jane Cowl, was selected to portray the central figure, and she achieved an artistic triumph that will never be forgotten in stage annals.

It is said that this was due, in addition to Miss Cowl's artistic skill as an actress, to a large degree to this unusual play. It is referred to as a classic of the modern stage, and, in the moving picture production, as "the sweetest story ever told."

Starting with a story wistfully sweet and unlike anything else that has ever been written, it winds its way through a sweet, simple narrative filled with intensely human characters set in backgrounds of rare human appeals and happy endings.

The play deals with a young Irish girl who has fallen in love with the son of the man whom her uncle, with whom she lives, hates worse than anyone else in the world. Just as the young man is off for the war, he forbids them ever seeing one another again. Then memory steps in. The uncle lives over again the years of his life during which the father of the boy lived, and, in living them, sees the error of his way, forgives the couple, and, in so doing, finds the happiness he never had been able to find before.

"Smilin' Through" will be presented at Hereford on the night of June 12.

Rev. W. R. Hill and A. O. Thompson went to Amarillo Tuesday and attended a meeting of the Executive Board of the Panhandle Baptist Assembly. At this meeting several trades affecting land owned by the church were made, one of them being the trading of the farming land on the camp grounds near Amarillo for ground in Jack county which is in oil territory.

Activity in Paving is Increasing Day by Day

Activity in paving matters is increasing from day to day and the construction company's crew is being augmented with new arrivals. Tuesday the superintendent of the entire Hereford job arrived from Childress. He is H. C. Farmer, and was accompanied by his wife. Mr. Farmer stated that a lot of material is coming in and more expected daily, including fifteen carloads of sewer pipe. The rapidity with which the property owners sign up for their share of the paving will largely govern the speed made in actual construction work.

Forrest Bowe Home; is Teacher at Columbia

Forrest Bowe, son of Dr. F. E. Rowe, of Hereford, arrived Saturday morning from Columbia University, New York, where he has been teaching the past year. Forrest spent two years at the University of Paris before assuming his new work at Columbia. He will stay here until July 5 and then return to Columbia to teach in the summer school.

THEY ALL ADVERTISE

By Ella Hayes  
A hen is not supposed to have much common sense or tact. Yet every time she lays an egg she cackles for the fact.  
A rooster hasn't got a lot of intellect to show. But nonetheless most roosters have enough good sense to crow.  
The mule, the most despised of beasts, has a persistent way of letting folks know he's around.  
By his insistent bray.  
The busy little bees they buzz. Bulls bellow and cows moo. The watchdogs bark, the gardeners quack.  
And doves and pigeons coo.  
The peacock spreads his tail and squawks. Pigs squeal, and robins sing. And even serpents know enough to hiss before they sting.  
But man, the greatest master-piece That nature could devise, Will often stop and hesitate Before he'll advertise.  
MORAL—He who hesitates is lost.

Raymond Hawkins came home the first of the week from Stillwater, Oklahoma, where he has been attending Oklahoma A. & M. College. He said Hereford looked good to him and he was prepared for a hard summer's work.

MONTHLY BOY SCOUT COURT OF HONOR

The monthly meeting of the Court of Honor of the Hereford Council will be held at the county court room on next Monday, June 7, at 8:15 p. m. All scouts are expected to be present. We found the following effusion pasted up over Ralph Barnett's desk and swiped it for our own, believing it to be in wrong hands:

As I glance at my reflection in the mirror I am driven to poetry:

My hair is yellier  
My nose too long  
I'm a homely feller  
My figure's wrong.

My knees both knock  
Like a last year's Ford  
I could stop a clock  
With my face, Oh Lord

I'm gettin' fat  
'N my back is bent.  
But with all o' that  
I'm still a gent.

I 'spect it's hard  
For folks to see  
Just why my mama's  
Proud o' me.

"Smilin' Through," a wonderful play, with more than a wonderful cast. Mrs. Gray, who takes the lead and Mr. Burnham simply cannot be beaten and the old doctor is played by our old friend, Bobby Strauss, who played the old banker in "Give and Take". Money is tight-awful tight. Mr. Strauss has been playing on Broadway all winter and we are very fortunate to have him with us again this summer.  
You'll never know the old Chautauqua platform transformed into a

beautiful garden with soft romantic lightings. You had better bring along an extra handkerchief, for you'll need it. You'll have to cry a little when you see this beautiful play. In all towns where it has been presented and all the old Chautauqua people themselves, say it is the loveliest play ever seen on Chautauqua.  
The last day, another real musical program, with E. J. Powell, lecturer. Young ladies, if you are interested in knowing the type of man you should marry, and young men, if you want to know the type you should not marry, don't fail to hear Mr. Powell. He can tell you more about yourself than you know yourself. The ladies quartet, with Mr. Pfeiffer accompanist and solo pianist, will give the entire program the last night.  
Mrs. Sulston with the 20th Century Artists was the conaralto in the Cathedral choir last year.

**Nearly \$100 Cash Prizes In Home-Garden Contest**

Nearly \$100 will be offered in prizes for the "Better Homes and Gardens" contest which is being staged in Hereford, according to announcements made Monday. Homes entering the contests will be divided into two classes, homes owned and homes rented. Three cash prizes will be offered in each class, which are as follows: First prize \$15, second prize \$10, and third prize \$5. These prizes are being offered by the Hereford Chamber of Commerce.  
One feature of the movement is the contest in which public buildings of the city can enter. This will include the churches, the school buildings and the court house. A silver loving cup will be offered to the winner.

**Illinois Men, Owners of Land, Visit Here**

Edward Culbertson and Charles Ward, of Delevan, Illinois, were in Hereford twice last week, the first time going to Albuquerque, New Mexico, and Saturday returning on their way home.  
Mr. Ward lived here in 1907 while Mr. Culbertson owns land, known as the old Howard place, northwest of Hereford. Mr. Culbertson is secretary of the Illinois State Grain association, and he and E. W. Harrison had an interesting visit together. Mr. Ward was busy while here Saturday, looking up old acquaintances.

**Miss Mildred Cross is Married to E. N. Johnson**

The June weddings were started in Hereford on June 1 at 8:30 p. m. At that hour Miss Mildred Cross became the bride of Everet N. Johnson.  
The wedding was solemnized at the home of the bride's aunt, Mrs. H. N. Hefner. Rev. J. O. Haynes officiating, and Mrs. G. A. F. Parker playing Mendelssohn's wedding march. Mary Lynn Jowell was flower girl.  
The wedding was a quiet home affair, the guests being all friends and neighbors. The house was beautifully decorated, and after the ceremony a splendid supper was served.  
The bride is one of Hereford's best loved girls. She lived here from early childhood until she graduated at our high school, since then she has attended Mississippi Valley college at Marshall, Mo.  
Here she met Mr. Johnson and they were school mates until a year ago, when he graduated with the A. B. degree. Miss Mildred has just graduated with the same degree.  
Mr. Johnson is now a merchant in Fulton, Mo., which will be the future home of the young couple.  
For a few days they remain in Hereford at the home of Mrs. Hefner, where they are receiving the congratulations and best wishes of their friends.

**A. & M. Experts to Lecture At Coming Short Course**

Experts from the A. & M. College of Texas will be secured to give lectures on the various phases of farming at the Agricultural Short Course which will be held here the last week in August, according to County Agent R. O. Dunkle. The work will be especially for the club boys and girls of this section, but men and women of the community will also be encouraged to attend. The Short Course will not be limited to Deaf Smith county, but an effort will be made to secure the cooperation of neighboring counties. A camp site, somewhere on the beautiful Tierra Blanca stream will be selected for the three day Short Course.

**Milton Sills Here Soon In Role New York Cop**

Milton Sills, who plays the steller role in First National's "The Making of O'Malley" coming to the Star Theatre next Monday and Tuesday, says he can swing a club as well as any policeman on the New York force.  
It is no idle boast, for Sills appears in this picture as a New York "cop." He had eight weeks of life on the "beat" during the filming.  
"The Making of O'Malley" is an adaptation of Gerald Beaumont's magazine story of the same title. Dorothy Mackall heads a supporting cast.

**Wheat Costs**  
W. B. Mitchell, Hereford breeder of Marfa, who visited here Tuesday, asked us a question that stumped us. Who can answer it? Said Mr. Mitchell:

"What is the actual cost of producing a bushel of wheat in this country, and how much 'velvet' does the farmer get from a bushel?"

Several local experts started into solve the problem but, after delving into actual details, they all backed off. The general consensus of opinion is that any estimate would be a wild guess, owing to the weather, market and land price fluctuations. Mr. Mitchell was advised that in his country land prices are more stable than here, where pioneering is still the order of the day.

"Of course," said the visitor, "you will have to take into consideration the price of the land, the cost of preparing and planting, harvesting interest on the investment, and overhead."

Just so, Mr. Mitchell is right. And the estimate would have to be based on a period of five or more years to arrive at anything like a true average.

Who's a good combined economist and mathematician?

Homer Wilson, of the West Texas Feed & Seed Co., says he has never before seen so much demand for good planting seed as this year. The quantity and the quality of the stuff demanded indicates both increasing farm operations and an increasing desire for the better kind of seed. Mr. Wilson says the demand is unprecedented, and he is highly optimistic over the outlook for good seed demands another year.

Get ready for the Chautauqua ticket sale this week. Ralph Barnett's office, Thursday and Friday. Reserved seats at 9:00 o'clock Saturday morning. And you have to have a season ticket to get a reserved seat. Back the committee - there's a rare treat in store for you this year.

We respectfully suggest that the Chamber of Commerce give some study to the problem of trade extension and mercantile service to the farmers in outlying territory this

summer and fall. That's a vital department of town building that seems to be rather neglected in the year 1926.

Conditions certainly look good. The wheat crop looks so good we are afraid to say anything about it. If we don't enthuse we are accused of lack of optimism. Oh, well, there's one thing we will say: that wheat crop is the prettiest thing we have ever laid eyes on in that line since coming to this country. And then there is one brick just finished, and another almost finished, and another to start at once, and forty blocks of paving right in front of us, etc. Come to Hereford!

**New Band Uniforms to Be Provided by C. of C.**

Business men of Hereford will purchase new uniforms for the Hereford Merchants Band before the annual convention of the West Texas Chamber of Commerce in Amarillo June 21, 22, 23. This decision was made at the luncheon meeting of the local chamber of commerce Monday.

Hereford will go as a delegation on the second day of the convention, but a large number will attend all three days. Committees have already been appointed to arrange the caravan trip to Amarillo to work out advertising features for the parade, and to arrange decorations for the delegation.

The twenty-five piece band under the direction of Ralph Smith will head the Hereford delegation. Novel features to properly advertise the famous Hereford shallow water belt are being worked out. The local delegation has already secured headquarters at "The Regent" while in Amarillo. Hereford folks will return home each evening so that Amarillo can better take care of the visitors who travel long distances to the convention.

**LOCAL AND PERSONAL**

Tom Webb is working as bookkeeper in the First State Bank and Trust Company.

Miss Mary McDonald came in Wednesday night from Austin, Texas, where she has been attending the State University.

Miss Kathleen Hawkins is in Lubbock where she took part in the wedding on Tuesday, of a former school mate. Miss Hawkins has been in school at Kidd-Key college at Sherman, Texas, this past year and stopped off at Lubbock enroute home.

Mrs. George W. Nelson and twin children, who has been visiting Mrs. Nelson's parents, Mr. and Mrs. John Haberer, have returned to their home in Idaho Falls, Idaho.

Mrs. H. L. Rice, Mrs. Cliff Hicks, Miss Mable Barnhart and N. C. Vogele, went to Canyon to attend the graduating exercises of the W. T. S. T. College Tuesday. Miss Ehtel Rice received her A. B. degree.

Recently Mrs. John P. Slaton gave an educational talk on good health to the members of the White Face Club in Hereford. Those in attendance were so enthusiastic over the lecture and its educational value, that a program is being planned for the entire county and the idea will be stressed at each of the meetings.

The many friends of Attorney Carl Gilliland are delighted at the way he is recovering from his recent desperate attack of illness. Mr. Gilliland is now able to be up and about the house, although still exceedingly weak. It is believed that within the next two or three weeks he will be able to be down for short intervals.

Mr. and Mrs. J. W. Cheney of Amarillo, with their small girl, passed through Hereford Saturday, enroute to Tucson, Arizona, and California resorts. Mr. and Mrs. Cheney are publishers of the Southwest Plainsman, published at Amarillo.

Their daughter, Miss Carlotta, graduates at the University of Arizona this year, and after the commencement ceremonies, the party will motor on to the coast.

### From the People

To the Editor of The Herford Brand: According to your report of a meeting of medical men in Amarillo, Dr. Blosser severely censured Christian Scientists, "who, he declared, were operating without license from the state," a natural deduction from your account being that Christian science practice is unlawful in Texas, but such is not the case, no license being required by those who practice spiritual healing.

Neither the 1907 medical act nor its amendments make illegal the practice of the teachings of any church in its ministrations to the sick and suffering through spiritual means, or prayer, alone; provided no charge is made therefor, directly or indirectly, and it is this latter provision that Christian Scientists naturally and properly deprecate.

They oppose this restriction because it hampers the legitimate practice of a Christian religion—a religion, too, that has brought much of peace, spiritual regeneration, happiness, and physical, mental and moral healing to the race, and a denial of these facts is rarely ever heard now from unbiased and well-informed sources.

Furthermore, the restriction is not only unjust, but abnormal; for, as the clergyman is recompensed for his ministrations, and the physician is paid for his services, there is no valid reason why the Christian Scientist should not receive just compensation for his healing work. Moreover, the Master, whose precepts and practice the Christian Scientists strive to emulate, said, with direct reference to this question of compensation for spiritual healing: "The laborer is worthy of his hire."

### Students at Texas U. Consider Life Problems

Austin, Texas, May 17.—Only 82 of the 404 freshmen women students who registered in the University of Texas last fall were undecided as to the line of work they wished to follow on completing their university careers, according to records in the office of the dean of students.

School teaching, always the most popular occupation for women, has 220 adherents among these freshmen women. While a large number expressed themselves as expecting to "teach—maybe," by far the majority have a very definite idea of just what they want to teach. The teaching of academic subjects, music and others were almost as interesting, the records showed.

At least two university co-eds regarded marriage as a career sufficient unto itself, for they aspired to becoming housewives and mothers. However, some of those who stated they intended "teaching—awhile," may regard matrimony as their ultimate goal.

Only four freshmen girls definitely expect to become authors, although a large number intend to engage in newspaper work. Business, particularly secretarial work, claimed the interest of 18 students, but a few hoped to fill an "executive business position." One woman student wants to become a scientist.

Among the other vocations which the students expect to follow are those of social service, architecture, lycium work, interior decorating, costume designing, civil service, foreign secretarial work, physical training, library science, singing, medicine, demonstration work, photography, geology, Y. M. C. A. and court reporting. Only one girl desires to go on the stage. Fields new to women are those of radio engineering and civil engineering in which two co-eds intend to engage.

### YOUR BIRTHDAY

June 6th—12th  
If your birthday is this week you are positive, shrew, just, stubborn, and somewhat hard to please. You are proud, energetic, venturesome and fearless. You act quickly and impulsively. You are demonstrative, affectionate, and have strong idealism. You do not like a great many people, but you are not malicious nor unjust in your dislikes. You have a great regard for intellectual and scientific achievement. You are conservative, in a way, because you are not ready at all times to disturb, or have disturbed, the existing order of things. You are as a general thing close in money matters, but will make great sacrifices if you are convinced of the wisdom of it.

Women born during these dates become poets, musicians, artists, decorators, judges, orators, salesmen, accountants and succeed in any line of general business.

#### A Bad Break

### HOME MADE PHILOSOPHY

Some fall because they spend their lives trying to do what they can not do, but most people, who fall, do so because they will not do well, what they can, and are pretending to do.

### What's Doing in West Texas

Big Spring—At a meeting of the Big Spring Chamber of Commerce, C. T. Watson was authorized to purchase at least ten registered Jersey bulls to be distributed in various communities of the county. Poultry raising, also hog production are expected to follow along with the dairy industry.

Taboka—The latest scholastic Census in Lynn county show that there are approximately 3500 school children between the ages of seven and eighteen. There are 24 districts, 12 independent and 12 being common school districts.

Childress—A very extensive building program has been planned and bond carried for the erection of a city hall, \$40,000; sewer bonds, \$100,000; water improvement, \$35,000; and school, \$110,000. The sale of the city bonds will provide funds for the erection of a new \$50,000 municipal building.

Vernon—The city commission of Vernon plans to install another 300 horsepower engine at the municipal electric light and water plant.

Quanah—Quanah has just received a car load of hogs, which was ordered by the local chamber of commerce. Secretary Willie had no trouble at all placing the hogs, which were seventy-one in number.

Mineral Wells—Work is now under way for the re-building of the Crazy Hotel here, which was destroyed by fire. The Crazy Well Hotel company has completed its organization and all the financing for the rebuilding of the hotel and pavilion has been arranged.

Sweetwater—Contract for the sale of the \$160,000 issue for a municipal city hall, auditorium and fire station, bonds has been entered into by the city commission.

San Angelo—Walter E. Yagzy has recently resigned as secretary of the board of city development, which position he has held since April 1922. Mr. Yagzy will serve until July 1st, unless a successor is appointed before that time.

Alpine—Alpine is anticipating the opening of its new swimming pool, which has just been completed. The pool is located in the heart of the town and measures 150 feet in length and 20 feet wide. The swimming pool and surrounding park will be lighted at night.

Wichita Falls—Final arrangements for the construction of a 16-inch gas main from the Shamrock field to Wichita Falls have been completed. This contract involves an expenditure of \$4,000,000 and calls for the construction of 175 miles of line from the Wheeler county gas fields to Wichita, furnishing gas to cities en route.

Ranger—Plans for meetings of the Eastland County Better Farming association will soon be made according to Senator H. P. Brelsford. This organization expects to help the farmer realize that the old methods of farming must be scrapped and diversified.

Roswell, New Mexico—Work has been started making up the list of those going to Amarillo for the convention of the West Texas Chamber of Commerce. The delegation will leave Roswell June 20 and remain in Amarillo the 21 and 22 and returning the night of the 22nd.

Knox City—Contract has been awarded for the construction of the Knox City sewerage system. All the main business section will be included in the first plot, also a large portion of the residence section of town.

### FIRST TOUR OF SISTERS OVER PREMIER CHAUTAUQUAS

"We are ready," they write from Florence.

"We are ready for our voyage," wrote Miss Elisabeth Garay from Florence, Italy on March 27, to Charles F. Horner, manager of the Redpath-Horner Chautauquas. "We hope someone will be on the gangway to meet us, as landing in a foreign city we shall feel lost."

Thus the Garay Sisters sent their last message to America, before coming across the Atlantic to the United States, on the big Italian steamship, the White Count, to tour the Premier Chautauqua Circuit under the management of Mr. Horner.

What a great adventure for two such young girls! They are not considered as infant prodigies in any sense of the word, however. Each is a finished artist, capable of interpreting with ease and mastery the music of the greatest composers. Elisabeth plays the violin, and Iolanda the violoncello.

Think of two American youths on the same adventure in a foreign land, and one has some idea of what a thrill it must be for these girls to think of this long tour.

Elisabeth and Iolanda will come to Hereford on June 10th, as one of the unique musical attractions of the 1924 Premier Chautauqua program. They look forward as eagerly to their new friends in Hereford, as an American would look forward to meeting people in a foreign city.

Wherever the Garay Sisters have appeared—in Rome, Florence, Budapest, and other centers of culture in Europe, or among the simple peasantry of their native land—these amazing young artists have won the hearts and affections of all.

There is every reason to expect that they will captivate the hearts, as well as win the admiration of their listeners in Hereford.

Leith Stevens, brilliant young American pianist, will assist the Misses Garay in their concerts over the Premier.

### Joek

Everyone keep in mind we are to have Bro. Ross to preach for us next Sunday, June 6, at 3 o'clock and be present and bring some one with you.

The neighborhood was shocked last Wednesday over the sad news of Mrs. W. G. Slagle's death, as it was so sudden. Scarcely anyone knew she was to undergo an operation. She was a good neighbor and will be missed as she was always so pleasant and cheerful. The many friends and associates extend to Mr. Slagle our sympathy, which will be but poor consolation for his great loss.

Our Sunday school has been invited to attend the all-day program children's day at Dawn and expect to attend and to furnish at least a reading or two for the program.

Miss Mabel Manning left Wednesday for Las Vegas, New Mexico. There was a man going the rounds of the neighborhood the past week repairing sewing machines. He seemed to understand his business and repaired several machines.

We were very glad of the good rains the past week, even if it was a big disappointment to several from this neighborhood, who could not attend the commencement exercises Wednesday night in Hereford.

The hall Friday night did not do much damage except to gardens and

then was in streaks; worse some places than others.

Mrs. Ruth Galley was at Mrs. W. T. Smith's Friday afternoon.

Ray Beavers of Nebraska, came Thursday night to take charge of Mr. Slagle's place during his absence at least. Mr. Beavers is a nephew of Mr. Slagle. His mother, Mr. Slagle's sister, came before Mrs. Slagle's death and is still here.

Our teachers for another year are Misses Velma and Veda Williams of Hereford. They come highly recommended as being good instructors as well as community workers. They will be thoroughly welcomed and appreciated in community and Sunday school work.

Judge L. Gough and Mr. Thomas, of Amarillo, were dinner guests Tuesday at C. P. Galley's.

Mrs. Ruth Galley had a letter from Mrs. Wm. Negelein of Harrison, Arkansas. We were all glad to hear from them. She writes they were needing rain. Strawberries are ripe and blackberries in bloom. They are

four miles from Harrison and a mile from school, where they have Sunday school every Sunday. Being near school will be appreciated by the children as they had so far to walk to school here.

### After a Fire—What?

If you knew your building would burn next week, you would probably give your insurance some close investigation RIGHT NOW, wouldn't you?

You would make sure that it was placed with a good company—and you would make sure that you were fully covered. It would be the natural thing to do in a case like that.

Of course, you are thinking, "My building won't burn," and you are probably right. But somewhere there's a fire every hour of the day and night—and you never can tell who is next.

We would like to talk with you about your insurance. Not to condemn what you have—not to tell you that you are "all wrong"—but just to make sure that your property is covered as it should be. Then, if it is not, we would like to show you what we have to offer.

Any time at your convenience will suit us, but make it soon. Call at our office (or telephone 273 or 359 and ask for Mr. Ralph Barnett and we will call on you), and let us talk this over.

The farmers of this community appreciate the good rains, which have fallen lately. There has been no hail to speak of, yet, to ruin the pretty fields of wheat, gardens and the young feed that is now coming up.

The attendance at Sunday school Sunday afternoon numbered 44.

A large number of visitors came to our singing last Sunday evening. We require two things of the visitors, one, that they come again, two, that they sing with us, when they come.

Making Money

Did you know that you will make 25 per cent interest on your coal bill by buying your winter coal now? The miners are not rushed and they will be more careful and give us better coal now than they will when the snow storms come this winter, and every one is out of coal.

By taking coal direct from the car to your bin, it will save handling and there will be less slack. Give us your order and we will take it from the next car.

Wyche. The hard rain and hail damaged a few of the crops in the southwest part of our community but we are very glad it is not late to plant over. There wasn't a very large crowd at Sunday school Sunday but we hope to have a large attendance next Sunday. Sunday school will be in the morning on every Sunday except every fourth Sunday, then there will be Sunday school and preaching in the afternoon. Brother Hill preaches every fourth Sunday. There will be a pie supper at Wyche school house Saturday night. Everyone come. Women bring pie and men bring big, fat pocket books. The singing at Mr. and Mrs. Ewton Sunday night, was greatly enjoyed by a large crowd. Mr. and Mrs. Johnson and family Ida Edwards and Florence Myer, visited in the Clayton home Sunday afternoon. Mr. and Mrs. Fred Curtis and family visited Mr. and Mrs. Henry and family Sunday evening. Jim Sanders went to Denver, Colorado, Monday on a business trip. Mr. and Mrs. Andrew Gilliam visited Mr. and Mrs. Blythe Sunday afternoon. Mrs. Jim Sanders and children, spent the day in the Blythe home Sunday. Mr. and Mrs. Rose and daughter, Mrs. Jim Sanders and children, visited Mr. and Mrs. East and family Sunday evening. Mrs. J. E. Wooley and children, visited in the Clayton home Thursday afternoon. THEREFORE, BE IT ORDAINED BY THE CITY COMMISSION OF THE CITY OF HEREFORD, TEXAS, That the report of Montgomery and Ward, City Engineers, having been examined, is hereby approved.

BE IT FURTHER ORDAINED, That a full and fair hearing be had, as provided for herein, that part of the cost of said improvements shall be assessed against the abutting property upon the streets so improved and the owners thereof and that the total cost of said improvement shall be apportioned and paid as follows:

(a) The City of Hereford shall pay one-third (1/3) of the whole cost of said improvements exclusive of curbs;  
 (b) The owners of the property abutting upon said streets named to be improved shall pay the whole cost of the installing of curbs in front of their said property and shall pay the remainder of said cost of the improvement of said streets after there has been deducted the amount payable by the City of Hereford under Section "A" above provided, however, that in no event shall more than three-fourths of the entire cost of such improvements exclusive of curbs be assessed against such property owners and their property;

(c) That the portion of the said cost to be paid by the City of Hereford shall be payable upon estimates made by the City Engineers during the construction of said work on the first day of each month after the beginning thereof, ten per cent (10%) of said estimate being held back and reserved and payable to the contractor upon the completion of same and acceptance by the City.

The manner of the payment of the cost of the improvement payable by the owners of the abutting property shall be payable in ten equal installments, one payable within thirty (30) days after the completion of the work in each District, and its acceptance by the City, one payable within one year, one payable in two years, one payable in three years, one payable in four years, one payable in five years, one payable in six years, one payable in seven years, one payable in eight years, and one payable in nine years after said date of completion and acceptance by said City of said improvements, and to bear interest from the date of acceptance at the rate of seven (7) per cent per annum, payable annually, provided, that said owners shall have the option to discharge any installment before the maturity thereof by paying same with accrued interest.

The portion of said cost to be paid by the owners of property shall be assessed against them and their property in accordance with the provisions of Chapter 11, Title 22, of the Revised Statutes of Texas of 1911, and constitute a personal liability of such property owners and a lien against their respective property, and shall be assessed in accordance with the "Front Foot Plan or Rule," in proportion as the frontage of each owner on each particular street is to the whole number of front feet of abutting property to be improved on that particular street; provided, that if, in the opinion of the City Commission, the application of this rule shall be unjust or unequal in any case, then the City Commission shall adopt such rule of apportionment as shall be just and equitable and effect equality, between said owners, having in view the equities of each owner, the benefit to each and the burden imposed upon each by means of such improvements; and in no event shall any assessment be made against any owner or his property in excess of the actual benefit to such owner in the enhanced value of his property caused by such improvements, and provided that no such assessment shall be made until after the notice to such property owners and a hearing to them as provided in said Chapter 11, Title 22 of the Revised Statutes of the State of Texas of 1911, heretofore legally adopted by said City.

The assessment shall constitute a personal liability against the owners of property and the lien upon their property as fixed by said assessment shall be enforced as is provided by Chapter 11, Title 22, of the Revised Statutes of Texas of 1911, by the sale of said property as for ad valorem taxes of the City, or by suit in any Court having jurisdiction, together with all costs and reasonable Attorney's fees, if incurred, and after such assessment the City Commission shall cause to be issued to the Contractor doing the work assignable certificates in accordance with said Chapter 11, Title 22, of the Revised Statutes of Texas of 1911, setting forth the amount assessed against each owner and his property, and the terms and time of payment thereof.

BE IT FURTHER ORDAINED BY THE CITY COMMISSION OF THE CITY OF HEREFORD, TEXAS, That a hearing shall be given to said owners, or their agents and attorneys, and all persons interested in the said matter as to said assessments and as to the amounts to be assessed against each owner and their property by reason of such improvements, and that they shall be given a right to contest the regularity of the proceedings with reference to the improvement and the benefits of said improvements to their property, and any other matter with reference thereto, which hearing shall be held at the City Hall in the City of Hereford, Texas, on the 7th day of June, 1926, at 2:00 o'clock p. m., at which time all of said owners, their agents or attorneys, or persons interested in said property are notified to appear and be heard; at said hearing said owners or other persons may appear by counsel or in person and may offer evidence and said hearing shall be adjourned from day to day until fully accomplished.

The City Secretary is hereby directed to give notice of said hearing by inserting a copy of this ordinance at least three times in some newspaper published in the aforesaid City, the first publication to be made at least fifteen days before the date of the hearing. The City Secretary is also directed to give further notice of said hearing by mailing to said owners, their agents or attorneys, a copy hereof, whenever the address of said owner, agent or attorney is available on the tax records of said City. The fact that aforesaid work has progressed to such an extent that it is now advisable to make immediate arrangements for the hearing required by law creates an emergency and imperative public necessity that the rule requiring ordinances to be read at three several meetings be suspended, and that this ordinance take effect from and after its passage, and it is so ordained.

All ordinances or resolutions, or parts of ordinances or resolutions, in conflict herewith are hereby expressly repealed in so far as they are in conflict herewith.

Passed this 18th day of May, 1926.  
 Approved this 18th day of May, 1926.
