### SMITH COUNTY FAIR VER- DICT OF PEOPLE; THREE DAY EXHIBITION SUCCESS

One of the best small fairs ever held in Hereford, "seems to be general sentiment concerning the annual Deaf Smith County Fair, closed Saturday night after a three-day exhibition. The Agricultural department was smaller than usual, but the quality of the production was simply marvelous. The Hereford cattle, dairy, poultry, and merchants' booths were if anything larger and better ever before and was a splendid reflection of the conditions here of the spirit of the men and women who made the display possible. The failure of the carnival which had been contracted for in its appearance robbed the exhibition of some of its festive character, but at that there were numerous concessions, sporting etc., which amused the people.

**Special Features.**  
Special features outside the regular exhibitions were the exhibit of the National Guards and the Deaf Smith County Fair Saturday afternoon. Lieutenant Banker of the Guards, with his assistants, had prepared his arsenal of arms for inspection, and the result was a fine compliment to energy and efficiency. Every exhibit has a bin in which his kit is separately available for inspection. Each kit consists of a pair of trousers, suit of fat-ter, extra pants and shirt, equipment, mosquito bar, one aid packet, five tent pins and poles. There are four locked racks, with every rifle, pistol, and eight automatic rifles, capable of shooting twenty every eight seconds. The exhibit distribute a payroll here of about \$16,000.

The Auction Sale brought a high average and attracted wide attention. It distributed a bunch of fifty-five fine milk cows into hands of future dairymen. The review of this fair would be incomplete without special recognition of the great work of the Smith County Fair. Mrs. Wilson of the division systematized to a point and visiting judges decided it the best arranged and handled any of the 1926 Panhandle county fairs.

Due to the absence in Amarillo County Agent Dunkle and Secretary Moss, it is impossible to name winners in some divisions, and especially in the Boys and Girls contests this week. All miscellaneous awards will be announced in next week's Brand.

**Agricultural Department.**  
Progressive, first; Summerfield, second; West Way, third. Details next week's Brand.

**MERCHANTS' BOOTHS.**  
The Flower Booth in charge of John P. Siaton, Mrs. Chas. Ald and Mrs. Edith Hughes, done in pink and white. Splendid exhibit of both pot plants and flowers.  
The Art Booth, in charge of Mrs. V. Hicks and Mrs. Chas. Ferguson, was done in lavender and white and was a nice display of painted china, oil paintings, and colors, etc.  
The Parent-Teachers' Booth, in charge of Mrs. A. M. Jones, was done in yellow and white. Fixed cozy as a rest room.  
The Lumber Booth, in charge of B. Black & Co., had a splendid display of paints and brushes.  
The Gass & Son, done in orange and black, nicely arranged display booth.  
The Lambough's Store, done in purple and yellow; none of all colors, artfully displayed. This booth first prize.  
The Streu Hardware Co., well displayed display of percolators, presses, cookers and hardware. This booth took second prize.  
The Magnolia Filling Station—done in purple and white, a collection of goods and greases.  
The H. Kemp Lumber Co.—A well displayed collection of varnishes and paints.  
The City Drug Store—Done in lavender and white, displaying cosmetics and a nice assortment of pills and toilet goods.  
The Service-U-Like—Displaying oils and tires.  
The Anthony's Furniture Store—Living room suite well arranged, with dining lamp and smoking stand, booth took third prize.

### Freight Train Hits Box Cars In Local Yard

(LATER—Just as we go to press The Brand is informed that Fireman Hutchin died in the Clovis Santa Fe Hospital Thursday from injuries received in the wreck.)  
Santa Fe Green Fruit extra freight train No. 4098, east bound, in charge of Conductor Stitt, Engineer Amey and Fireman Hutchin, crashed into four box cars belonging to the daily local, which was switching in the yards here, at 4:02 p. m. Monday and strewed wreckage for over a quarter of a mile along the right of way.  
Both engines jumped before the crash. The engineer sustained a broken collar bone and many bruises and the fireman was picked up with a broken leg. Both men were treated at the local hospital and afterwards sent to the Santa Fe Hospital at Clovis.  
The local operator reported the extra due here at 4:05, while as a matter of fact it arrived three minutes early, according to the best check available. The local crew was switching and the four box cars were on the main line west west of the freight house. The extra, with ninety-five heavy fruit cars, was traveling at a good rate of speed when it rounded the blind curve at 25-Mile Avenue. The engineer applied the brakes but the weight of the train carried the box cars and train to just in front of the freight depot, where the box cars ahead of the engine crossed the track, side-swiped the Amarillo water tank train on the siding and rolled three of them over. The extra engine was badly smashed up in front, but the remainder of the fruit train was unharmed.  
The wreck caused a lot of excitement and great crowds of people swarmed about the scene until late at night. The wrecker from Amarillo arrived about dark and had the track open and Tuesday normal conditions had been restored at 11:00 a. m.

**County Has Agricultural Booth, Amarillo**  
County Agent E. O. Dunkle, Secretary Moss of the Chamber of Commerce, A. O. Thompson, and other volunteers, took the Deaf Smith county exhibit to the Amarillo Tri-State Fair Sunday and put up the booth. Messrs. Dunkle and Moss are with the exhibit this week. Friday has been designated as Hereford Day at the Fair, and a large crowd of local people are expected to go up on that occasion.

**Several Girls Enter The Canyon Normal**  
The following girls left Thursday afternoon for Canyon where they will enter W. T. S. T. C. for the coming term: Misses Mary Pauline Ray, Mattie Lou Harrison, Mary Valentine, Zella Mae Waliser, Blanche McDonald, Gwendolyn Spradley, Polly Steets, Emma Jean Donald, Carol Corbett, Beulah Lee Rutherford, Bernard Roberson will also attend the school at Canyon.

Another gas and oil service station has been installed in front of the Community Mills south across the Santa Fe. The new station was established by J. L. Rogers to run in connection with his flour and feed mill. Mr. Rogers says a booth took third prize.

### Friona State Bank Robbed— Citizens Get Real Jolt When They Learn of the Holdup

(By John White, Publisher, The Friona Star.)  
FRIONA, Texas, Sept. 20.—Our little town received its first real jolt when it was learned Monday morning that a first class hold-up had been staged and the Friona State Bank had been robbed in broad daylight by three masked men.

The robbery occurred about 9:20 when the robbers entered the bank, already masked, and found no one in the building but the bank officials, consisting of A. W. Henschel, president; G. D. Anderson, cashier, and Jesse M. Osborn, assistant cashier.

One of the robbers took charge of the door and the other two covered the officials with their guns and instructed them to "put 'em up," and Anderson and Osborn promptly responded to the invitation. Mr. Henschel, however, failed to receive the full portion of the occasion until a third admonition had been given him and the dextrous manipulation of a gun in front of him convinced him that discretion was the better part of valor. During this time three customers of the bank arrived at the door at different times and were promptly taken in charge by the man at the door and marched back of the bank fixtures with the three officials. They were A. B. Cole, a farmer living at the edge of town; Roy C. Cox, a machinist operating a garage in town, and Mrs. R. C. Sampley.

After entering and exploring the vault, the leader of the party tied the hands of all his captives behind them except those of Mr. Henschel. These with the exception of Mr. Henschel were ordered to go into the vault. He then ordered Mr. Henschel to open the safe or he would blow his head off. Mr. Henschel told him to "blow away," for he could not open the safe, as the time lock was on. Finding he could gain nothing by this, he then ordered Henschel into the vault and closed the door.

The robbers then proceeded to gather up what money was in sight, which amounted to about \$95.00, being only what had been taken in after closing time Saturday evening and during the morning before the callers came.

Finding their efforts almost fruitless, the bandits made a hurried departure and as soon as they were known to be gone the captives pushed open the vault door which had not been securely fastened, and came forth and spread the alarm. Within a very short time several high powered cars filled with armed men were out in all directions in pursuit of the bandits but were unable to sight them or to be at all certain that they were on their trail.

The leader of the band was about six feet in height, and of slender build. They wore overalls and gray-brown slouch hats. They had blue handkerchiefs tied around their faces just below their eyes and their hats pulled low, allowing just room for vision. It was barely fifteen minutes from the time the robbers entered the bank until the officials were out spreading the alarm.

### HIGHWAY SITUATION VERY SERIOUS SAYS HARRISON; PAVED ROADS WILL WIN

In the absence of both President Black and Secretary Moss Monday, vice president G. A. F. Parker presided at the weekly Chamber of Commerce luncheon, held at the Hereford Hotel.

The program was impromptu and consisted mainly of a serious discussion of the problem of highways west of Amarillo. E. W. Harrison, chairman of this department of the club, took rather an anxious view of the present highway situation. He believes that in order to compete with other routes and hold the tourist traffic through this way it is a question of paved roads. Paved roads are the order of the day everywhere, and tourists naturally follow them. The road associations of the country are driving for such roads, and at present the trails to the north and south of Hereford are receiving more attention than the South West Trail.

Attorney Carl Gilliland also spoke briefly concerning the value of highways to a community and suggested that it was all important that serious consideration be given the local road situation.

The chairman stated that he had a wire from the Abilene Fair asking if Deaf Smith county would have an exhibit this year. He said he understood that this would be impossible. He also announced that the new Finance Committee would be expected to start work Tuesday, raising the budget for another year, and the question of whether or not Hereford showed at Dallas would hinge largely upon the result of this canvass.

Next Monday the luncheon will be held at the Stockman's Cafe.

**Mrs. Ora Renfro Won Ton of Coal Prize**  
Mrs. Ora Renfro was the lucky winner of the ton of Alamo coal offered as a prize by the West Texas Feed & Seed Company, just at the close of the big Jersey cattle sale at the County Fair last Saturday afternoon. Auctioneer Ray Barber handled the work for the feed company and only one number was called. Mrs. Renfro being awarded the coal.

It is estimated that close to two thousand people attended the big

#### Red Cross Call Florida Relief Received Here

Ralph Barnett, local Red Cross Chapter chairman, is in receipt of a telegram from headquarters stating: "Red Cross mobilizing all resources for relief of disaster sufferers, Florida hurricane. Your chapter should give immediate publicity to this fact calling attention to great loss of life, large number of injured, and the homeless, announcing readiness to receive and forward contributions, etc." Mr. Barnett is receiving money or food and clothing for dispatch to the scene of the disaster. Agent Bank Ramey of the Express Co., states that his company will forward all contributions of food and clothing free of charge. All of this, however, should come through Mr. Barnett.

#### First Bale of Cotton Brought In On Tuesday

A Castro county farmer again beat all comers to the first bale of cotton in this community for 1926. G. S. Armstrong, who lives thirteen miles south of Dimmitt, had the first bale in the yards of the Hereford Cotton Gin bright and early Tuesday morning. He was closely followed by J. S. Reinhart, nine miles southeast. A third bale also arrived Thursday, owners name not ascertained. J. A. Willes is expecting his ton, A. B. Smith, in with a bale Thursday of Friday.

Manager Willis Brooks of the Hereford cotton gin, stated Thursday that he will finish some minor tuning up of his machinery and begin the ginning of these bales about Friday or Saturday. He has everything in excellent shape and expects to give the cotton farmers of this section some good service for the season. He has had circulars printed and distributed asking the cotton farmers to bring him their cotton and seed. The cotton this year seems to be of excellent quality and is opening fast under the hot sun of recent days. It is the general opinion now that the Hereford territory will produce considerably more cotton than was expected earlier in the year.

#### Relative of Alvin Thompson Is Dead

Dr. George J. Parsons, of Snyder, Texas, passed away September 15 in a hospital in San Antonio, Texas, where he was attending his wife, who is lying ill in a critical condition. Dr. Parsons was formerly a practicing physician in Canyon and is well known in the Panhandle. A. C. Thompson of this city, a brother of Mrs. Parsons, and Miss Tena Thompson, of Canyon, a sister of Mrs. Parsons, motored to Snyder to attend the funeral.

#### Double Wedding Per- formed by Rev. Ross

On Wednesday morning of this week there occurred a pretty double wedding at the Presbyterian manse, the contracting parties being O. W. Webb and Miss Connie Mae Sullivan, and R. R. Sullivan and Miss Medred Webb, all of Amarillo. The ceremony was performed by Rev. Jas. T. Ross, pastor of the First Presbyterian church of Hereford. The two couples will reside in Amarillo.

#### DIXIE CAFE CHANGES OWNERSHIP THIS WEEK

Another change in business was recorded this week when Reed Williams purchased the Dixie Cafe and Lunch Room. Mr. Williams will make a few minor changes and continue the service of a first class cafe.

A. W. Henschel, president of the Friona State Bank, Friona, Texas, was fatally injured in an automobile accident at 7:45 p. m. Wednesday night, on the highway near Summerfield. Mr. Henschel's skull was fractured and he had a hemorrhage of the brain. He died at the Deaf Smith County Hospital, where he had been rushed after the accident, at 3:30 a. m. Thursday morning. At 2:00 a. m. Dr. W. F. Gabbert, of Hereford, and Dr. Glat, of Amarillo, opened the skull in a last desperate hope of bringing relief to the unconscious man, but all to no avail.

#### School Work Is Explained For Local Benefit

It will possibly be of interest to the reading public to know what high school students are studying in school, or in other words, how are the numbers distributed among the different departments. The local school offers a wide choice of several elective subjects, prescribes others from choice, and is forced to prescribe others by the colleges requiring them for college entrance. Of the required subjects, English is required for four years and as a rule every student in high school is taking that subject. This year there are 60 students taking first year in English, 75 taking second year work, 62 taking American literature, and forty-four in the English literature classes, a total of 239 in all English classes. In the history and social science subjects there are sixty-four in ancient history, seventy in modern history and fifty-seven in American history, and twenty-three in civics.

Three years of mathematics are required of all students who expect to graduate and this is responsible for a relatively heavy enrollment in that department. We find seventy-one in first year algebra, seventy-five in second year algebra, sixty-seven in plane geometry, and eight in solid geometry, or a total of 221 in this department.

Only two years of science are required and the vocational subjects may be substituted for one year of that. The first year science class was overrun but finally settled down to an enrollment of twenty-six, there being equipment to take care of twenty-four efficiently. Biology enrollment was stopped at twenty-five, the capacity being twenty-four, the two sections of chemistry have twenty-four students to the section, which is the capacity of the laboratory, and the physics class has thirteen, or a total of 112 in the science department.

The vocational agriculture department has enrolled thirty-nine, cooking twenty, sewing sixteen, filling such class to capacity after some changes were advised and required. The language enrollment is the heaviest recently with forty-one in two classes of Latin and forty-one in two Spanish classes.

The commercial department is the newest department of all and has an enrollment of sixteen in commercial law, twenty in typewriting and five in shorthand. Figures for the last two do not include those who are enrolled in the work without enrolling in the high school proper.

Public speaking which is offered for the first time this year has proved very popular for a new subject and has an enrollment of twenty in the class. Figures are not at hand for the special subjects such as music, Bible, glee club, orchestra, band, etc. The enrollment by subjects represents a total present enrollment of 243 out of an enrollment of 248 for the year thus far. C. H. DILLEHAY.

#### Three Youths Leave For the Texas Tech

Messrs. L. H. Fuqua, I. H. Foster and Artis Russell left last Sunday for West Texas Tech at Lubbock. Messrs. Foster and Fuqua will enter the college for a pre-medical course. It has not been learned the course of study Mr. Russell has decided on.

#### Slemmonsville Lots To Be Auctioned Off

Grimm Brothers have arranged with S. K. Noland, an auctioneer of wide experience, to handle their proposed sale of town lots at the new town of Slemmonsville, just north of the Easter school house. This sale will be announced later in this paper. Look out for it.

Mr. Henschel, whose bank at Friona had been robbed Monday, was returning from Amarillo where he had gone in connection with investigation of the robbery. He was driving a powerful, practically brand-new Packard car and was accompanied by G. D. Anderson, cashier of the bank, and C. H. Bailey, special operative of the William J. Burns Detective Agency. Mr. Bailey was on the front seat next to Mr. Henschel, and Mr. Anderson was in the back seat. The car was traveling at a high rate of speed and attempted to pass a Dodge car ahead. In rounding the edge too closely and went into the ditch, the Packard turning over twice and being simply demolished. Mr. Henschel was caught behind the steering wheel, and the blow came on the left side of the car. Mr. Bailey had his head bruised and scratched, but was otherwise uninjured. Mr. Anderson was thrown cleanly through the top of the car, a great hole being torn out, and landed on his feet in the road behind, with his hat still on his head, and practically untouched by injuries. This was one of the most remarkable escapes ever heard of in this section of the country.

The body was carried to Friona Thursday morning, accompanied by a large Masonic escort from the Hereford lodge. Funeral arrangements had not been announced at time of going to press.

The dead banker had been a resident of Friona for many years, and was one of the best known business men on the Plains. The unfortunate accident has shocked his hundreds of friends and acquaintances in this community.

#### "To the Ladies" First Number Lyceum Course

The first number of the Hereford Entertainment Course for this winter will appear here Monday night, October 25. It is a play entitled "To the Ladies," and is a fun classic of the day.

The other two numbers on the entertainment list are the Shubert Male Quartette and a comic opera, "The Mascot." Dates for both will be announced later. Prices and details of admission will be found in the local column of this paper.

"To the Ladies" is an up to the minute play of heart, home, husbands, beauty and business. It is a story of beauty and brains battling big business. It is a fragrant bouquet for the American housewife. It is a play that will check the vanity of the modern American business man. It is a play that photographs your neighbors and turns the spotlight on yourself. It is a play that shows the American housewife in the dual role of wife and counselor to her husband.

The story is a complete laugh from start to finish, no matter how much this thing called self-esteem is ridiculed. The folks in "To the Ladies" walk, talk, act and think as your own immediate friends do every day. You will recognize them. It is novel, humorous all through. Besides, it is an up to date American comedy of fine dramatic worth. An unusually fine cast of Chicago artists will present the production.

#### Midshipman A. J. Hill Is Here on Vacation

Midshipman A. J. Hill, of the U. S. Navy Academy, Annapolis, Md., arrived last Sunday for a two weeks visit with his father, Rev. W. R. Hill of the Baptist church. He expects to play a lot of golf while here and enjoy himself in every way possible during his brief vacation.

Mr. Hill is a senior at the Academy this year and will be commissioned an officer in the Navy at the end of this scholastic year. He is just back from the annual Atlantic Summer Cruise of the midshipmen.

Mrs. Ursula Kelsler from Hereford visited Friday, Saturday and Sunday with Mrs. Elizabeth Herr.

Mr. and Mrs. Vernon Baker returned to their home in Canyon after spending two weeks with Mrs. Baker's parents, Mr. and Mrs. Wimberley.

Mr. and Mrs. H. H. Miller and children visited relatives in Canyon Sunday.

Mr. and Mrs. W. F. Rudd and little son, William Oscar, who have been living in Dawn for some time, moved to their farm eight miles northeast of Hereford to gather their crop.

Syble Smith visited with her friend, Mignon Greer, Sunday afternoon.

Mr. and Mrs. Stice and children took dinner in the L. A. Smith home Sunday.

Mr. and Mrs. J. N. Straub and family were callers in the home of A. P. Edman Sunday afternoon.

Rev. Breeding and family took Sunday dinner in the M. E. Bagwell home.

Mrs. S. F. Bengé visited Tuesday with Mrs. H. H. Miller and Mrs. John Samuelson.

Miss Leona Frye spent Saturday night with Mrs. Ingram.

Quite a number from our community attended the fair in Hereford Friday and Saturday.

Mr. and Mrs. A. T. Frye and Mr. and Mrs. Glenn Greer and children were visitors in the H. H. Miller home Sunday evening.

Mr. and Mrs. S. F. Bengé and daughter, Margaret, returned home Tuesday morning from Enid, Oklahoma, where they have been visiting the past two weeks with relatives. They report a very pleasant vacation.

Mrs. H. H. Miller and son, Dean, and Mrs. John Samuelson visited in the E. J. Friemel home near Umbarger Tuesday.

Mr. Curt Bippus and sister, Miss Ernie, who live thirty-five miles northwest of Hereford, visited in the Samuelson home in Canyon Sunday, also in the H. H. Miller home at Dawn.

Mrs. Julia Samuelson of Canyon spent the week end with her daughters.

Mr. and Mrs. Johnnie Herr spent Monday night with Mr. and Mrs. L. F. Beizer.

Misses Gusta and Lois Samuelson spent the week end with home folks in Canyon.

Rev. Breeding, of Hereford, delivered a sermon at the Dawn school house Sunday morning and again at night. His were inspirational sermons. The singing Sunday night was fine. We hope to have Rev. Breeding with us next

Sunday. Everyone is invited. Come early.  
Sunday school was well attended, but we hope to have even a better attendance next Sunday.  
A large number from Dawn were present at the baptizing at the L. A. Smith home Sunday, when a number of converts of the recent revival were baptized.

### Here and There

The farmers are getting anxious for a good rain on account of the wheat, but these warm, sunny days are ripening the crop very fast.

Mr. and Mrs. Neal spent Sunday with Mrs. Neal's parents, Mr. and Mrs. Vick. Mr. Neal has recently rented a place near Wyche and will move there soon.

Mrs. Roy Kincaid has been real sick at her home but is greatly improved at this time.

Mr. and Mrs. Harry Lewis spent Sunday with R. T. Green and family.

Miss Della Stagner, of Pankinville, spent the first part of the week in the J. B. Harlin home.

Misses Williams, Allman and Sullivan went to Bethel last Thursday and visited Mrs. Jim Bagwell.

Mrs. Walter Easter visited with Mrs. Harlin last Monday.

Mrs. Joe Greer was in Hereford Monday and visited Mrs. R. W. Williams.

Misses W. B. Green, Allman, Williams, Sullivan, Knox and Greer and Mr. Estes and Joe Green spent Friday in Dimmitt fixing booths for the fair. The ladies enjoyed a big dinner at the Estes home.

Mrs. Lena Maples and son visited her parents, Mr. and Mrs. P. A. Hogan, this week-end.

Mrs. C. E. Tice was helping Mrs. Harlin can corn last Monday.

Miss Jamison and Mrs. R. T. Green took in the Hereford Fair Friday.

Mrs. W. B. Green and Nettie Lee spent the week end in Dimmitt and took in the fair and also visited friends, spending Friday night in the Estes home, Saturday in the Cowsett home and Sunday with Mrs. Tom Tate.

Mr. and Mrs. Mobley spent Saturday evening in the Harlin home and enjoyed ice cream with them.

Mr. Upton combined M. Childers' crop for him the first of last week. This seems to be about the first harvesting in this community.

Miss Della and Mr. Owen Stagner left Tuesday morning to take up their school work at the Canyon Normal.

Mr. and Mrs. Tice, Maxine, Lloyd and Walter Tice, Miss Sylvia Scott and Malcolm Castle took dinner with Grandma Tice in Hereford, also enjoyed ice cream and watermelon. Mr. Lloyd Tice admitted this birthday had been a pleasant one.

Mr. W. S. Dixon and Joe Hastings of Dimmitt returned Sunday from a trip to Philadelphia and other points in the East.

The Frio Good Will club enjoyed a pleasant meeting on last Wednesday with Mrs. Leo Williams as hostess. The most important subject for discussion was the coming Dimmitt fair and preparations for it. Ice cream and lovely cake were served, after which Mrs. Williams invited them to the back porch where several large watermelons were waiting to be eaten. Of course every one tried to eat as much melon as they had cream and cake thus the results were painful. Those who enjoyed this pleasant occasion were Misses Knox, Allman, Sullivan, Greer and Misses Lorraine and Zelma Sullenger.

Measrs. and Misses Clarence Dixon, Elmer Dixon, Everett Dixon spent Sunday in the home of Mr. and Mrs. W. S. Dixon.

Mr. G. W. Berry and Floyd Hacker made a business trip to Hereford last Monday.

Mr. and Mrs. Joe Greer attended church in Hereford Sunday and enjoyed hearing Bro. Haymes preach a splendid sermon. They spent the day with Mrs. C. Greer and ate ice cream and watermelon.

The Dimmitt fair was a real suc-

cess and large crowds were there. Frio was well represented as most everyone was there for awhile, taking pleasure in exhibits of canned goods and agricultural products and fancy work.  
Mother Monday was in town Saturday taking in the fair.  
Everyone was out for singing Sunday night and we also enjoyed the visitors. Mr. Knox offered his resignation as leader and Mr. Holmes was elected to his place.

### What's Doing In West Texas

Canadian—The cotton industry, which was started in this section last year, is rapidly coming to the front and promises to be among the best in comparison with older cotton regions. The wheat crop in this section is especially good in this section also, and nearly 400 cars of this grain have been shipped from Hemphill county.

Littlefield—President Arthur P. Duggan and Manager Homer D. Wade, of the West Texas Chamber of Commerce, have just completed a tour of the Hill country district of the Chamber of Commerce territory. The first speech of the tour was made by President Duggan at Eastland, opened the campaign in that section for the equalization of taxes in Texas. Duggan also spoke at the Convention of the Hills Country District at Llano, and in San Antonio and other points. He and Manager Wade attended the Corpus Christi port opening which was held September 14-15.

Henrietta—For the second time within two months the Red River District Convention of the West Texas Chamber of Commerce has been called off on account of the heavy rains. The meeting was first called in July, and after the first failure, the date was set for September 9. The band contest was held, despite the failure of the program as a whole. Decatur won in the contest.

Littlefield—Large crowds attend-

ed the Littlefield Labor and Trades Day celebration held in this city on September 6. A program was given which proved of much interest to the visitors. Plans are being made for a dairy and horse show which will be the feature of the next trades day program. More than \$100 will be distributed in prizes that day.

Stamford—The West Texas Chamber is urging all towns and cities in the pecca regions of Central West Texas to take part in the campaign which is being sponsored by the organization for the realization of the value of pecan trees in Texas so that the land owners in this section will give careful attention to this industry and the profits from it and that owners of pecan orchards will plant more trees.

Mineral Wells—That real business men are willing to invest heavily in Chamber of Commerce work and as a matter of fact had rather invest larger sums for putting over big things than to invest small sums for routine work has long been realized. However a practical illustration of this fact was given by Carr F. Collins, president of the Crazy Hotel Company who has offered to increase the subscription of his company to the local Chamber of Commerce from

\$50 a month to \$8,000 a year if the Mineral Wells Chamber of Commerce will make a \$20,000 annual budget. Mr. Collins stated that he had rather pay \$300 monthly than to pay the \$30 subscription on the present basis.

Paducah—Does advertising in the local newspaper pay? It certainly does according to the editor of the Paducah Post. Recently a new citizen of Paducah came into the newspaper office and paid for a subscription, asserting that he bought the paper in order to find out what merchants to patronize, and stating that he had always saved quite a bit of money by following the advice of ads in the local weeklies. Evidently advertising in the home town paper does pay.

ed the Littlefield Labor and Trades Day celebration held in this city on September 6. A program was given which proved of much interest to the visitors. Plans are being made for a dairy and horse show which will be the feature of the next trades day program. More than \$100 will be distributed in prizes that day.

Stamford—The West Texas Chamber is urging all towns and cities in the pecca regions of Central West Texas to take part in the campaign which is being sponsored by the organization for the realization of the value of pecan trees in Texas so that the land owners in this section will give careful attention to this industry and the profits from it and that owners of pecan orchards will plant more trees.

Mineral Wells—That real business men are willing to invest heavily in Chamber of Commerce work and as a matter of fact had rather invest larger sums for putting over big things than to invest small sums for routine work has long been realized. However a practical illustration of this fact was given by Carr F. Collins, president of the Crazy Hotel Company who has offered to increase the subscription of his company to the local Chamber of Commerce from

### Ford Doings

(Received too late for use last week.)

Rev. E. Hill of Vega preached to an attentive audience Sunday afternoon. He always has something worth while to say.

Did you notice the new people who have been coming the last few Sundays? When all the people who are kept away by illness and other things come back the house will be full.

Mr. and Mrs. Howard Moul and Mr. and Mrs. Sherm Garrett and children went to the singing convention at Summerfield Sunday.

Mr. and Mrs. M. E. Wilson, of Cleburne, Texas, spent the week end with Mr. and Mrs. Fielding Johnson. Mrs. Wilson is an aunt of Mr. Johnson.

Mr. and Mrs. A. K. Webster spent Sunday in Amarillo with home folks.

### (This Week's Letter)

Most of us went to the Fair at Hereford last week and enjoyed it very much. The only thing we found not to our liking was the absence of a Ford booth. We must not let this happen again for we can grow things and can as well as other communities.

Did you notice the new folks who have been coming to Sunday school? Some are joining and when all our regular members come again the house will be full. There was a very good singing Sunday.

Some sang new songs they had heard at the Summerfield convention. Listen, girls, the young folks' class had seven of the nicest, tallest boys in it Sunday, and not one girl. Not long ago we had more girls than boys. Five of the seven boys were over six feet tall, which we think will be hard for another class to beat.

There seems to be an erroneous impression afloat that there is whooping cough scattered among the children of this community, when the only children who have it are kept at home and will start to school at once when the doctor pronounces them safe. This seems to have been keeping some away from Sunday school.

Mr. and Mrs. W. E. Wilson of Cleburne, Texas, spent the week end with Mr. and Mrs. Fielding Johnson. Mrs. Wilson is an aunt of Mr. Johnson.

Mr. and Mrs. Hardy Benson were business visitors in Amarillo Tuesday.

Mr. and Mrs. John Whitsett and Mr. and Mrs. Tom Barrett were visitors in the A. K. Webster home Sunday.

Mr. and Mrs. J. E. Hill and Mrs. Emma Jones of Hereford and Mr. and Mrs. J. L. Hight and Benson Hill ate Sunday dinner with Mr. and Mrs. Fielding Johnson.

Mr. and Mrs. George Benson returned home Wednesday from Clarendon where they had been the past six weeks improving a farm they own south of Clarendon.

Miss Olive Davis, teacher of the Ford school, spent the weekend with Miss Margaret Russell, who lives near Progressive.

Mr. and Mrs. Jack Hutton of the Ward community were visitors in the T. E. Major home last Sunday.

Mrs. J. L. Hight entertained her little grand daughter, Miss Berdine Brunson, with a birthday party Monday.

and Mrs. R. L. Campbell and Byron, made a trip to Amarillo one day last week.

at eleven relatives and good friends gathered in the home of E. McClain last Sunday. McClain has been ill for the

Monday, when the little lady was six years old.

George and Floyd Benson made a flying trip to Clarendon Sunday, returning home the same day.

Miss Viola Thomas spent the week end with Miss Agnes Moore, who resides near West Way.

Mr. and Mrs. Howard Morel spent Thursday with Mr. and Mrs. Barney McCaskey.

We had a letter a few days ago from a friend who once lived at Ford and in this letter she said, "I take the Hereford Brand and when it arrives I turn to Ford Doings first," which is what most folks do when they move away from anywhere they like to live.

### Cold Storage Butter Shows Huge Increase

Cold storage holdings of creamery butter on September 1 showed an increase during August of only 7,000,000 pounds compared with trade estimates of an increase of 12,000,000 pounds and an increase

during the previous month of 22,000,000 pounds, according to the monthly report of the Department of Agriculture issued September 13.

Holdings of frozen poultry increased during the month by 2,740,000 pounds, compared with a decrease of nearly a million pounds the month before.

Water Is Pumped Into Old Jerusalem

A modern system of water supply was recently inaugurated in the old city of Jerusalem, according to a report from the American consul in that city made public by the Department of Commerce.

On the outskirts of the city on the summit of a hill a steel section tank has been constructed as the gravity reservoir for the water supply. The water is pumped up from the Ain Farah springs which are some 270 meters below sea level, to this gravity reservoir, 875 meters above sea level.

The water works were constructed by British engineers at a cost of more than 50,000 pounds, which was borne by the Palestine Government.

The water works were constructed to provide an adequate water system for the holy city, but the work was rendered difficult because of the peculiar topography of the country. When the British army occupied Jerusalem eight years ago water was piped to it for the first time in history.

The present water supply system was completed in three months and is considered to be an engineering achievement.

Fisheries of Norway Report Good Year

In a report on Norwegian fisheries in 1925, received in the Department of Commerce, American Consul S. B. Jacobson, at Oslo, Norway, states that without the achievement of record production and export figures of 1924, Norwegian fisheries for the year 1925, worked under satisfactory conditions and produced favorable results.

The total value of the Norwegian fisheries catch in 1925 is estimated at \$24,570,000 as against \$26,250,000 in 1924. The export value of Norway's fish products in 1925, including fresh, salted, dried cod, herring, mackerel and other species amounted to \$30,471,000, about \$9,000,000 less than in 1924.

Approximately 60,100,000 codfish were caught in 1925, as compared to 69,900,000 in 1924. Of that total 23,000,000 were prepared as roundfish and 34,000,000 as

kipfish. The canned goods industry, with headquarters at Stravanger, suffered from various causes in 1925. Labor troubles, low prices and export difficulties as a result of the increased value of the kroner are factors which are reflected in the export statistics for the year.

The value of the exports in consisting principally of sea products, amounted to about \$10,290,000. United States took the largest quantity of Norwegian canned goods in 1925, viz., 11,473 tons, followed by Great Britain which took 6,475 tons.

(Continued from Last Week.)

Laurie hung up the receiver with a nervous hand. To a youth of twenty-four it is a somewhat over-riding experience to discover that destiny is especially busy over affairs of two women for whom she has assumed a definite responsibility. As he turned from the instrument its bell again compelled attention. He took up the receiver, and the voice of a girl came to his ear. A week or two he rather liked that voice and owner, a gay, irresponsible, and hearted little creature who danced in the front row of an up-town pony ballet. Now he listened it with keen distaste.

"Hello, Laurie," it twittered. "Is it you? This is Billie. Listen, gotta plan. A bunch of us is 'n' out to Gedney to supper to-night. We're goin' to leave right over the show. Are you on?"

Laurie got rid of the fair Billie. He did it courteously but very firmly. A rather unusual degree of firmness was necessary, for as Billie was not used to having her invitations refused. She accepted the phenomenon with acute willingness and very lingeringly. Bangs was not at home to divert his mind from the sharp contrasts life struck Laurie with the peculiar force with which they hit a young and the inexperienced. But were they really contrasts? On the one side were Louise, Doris, and Doris, seemingly eager to go. On the other were Billie and her friends—foolish little butterflies, enjoying their brief hour in the secret garden of life, eternally uttering about "good times," saying they were happy, perhaps not thinking they were happy. It infinitely more tragic figures an Louise and Doris. Yet a week ago he had thought they amused him!

Pondering on these and other large problems, he absently removed the bloom from three fresh white ties.

## CHAPTER VII

### Griggs Gets an Order.

AT EIGHT o'clock Laurie found Doris sitting under the shade of a reading lamp in her studio. She pushed a box of cigarettes toward him.

"Smoke if you like," she said, indifferently. "All my friends do."

He caught the phrase. Then she had friends!

"Including Herbert Ransome Shaw?" he asked, as he lit a match.

"Don't include him among my friends! But—he was here this afternoon."

"He was!" In his rising interest Laurie nearly let the match go out.

"What did he want?"

"To warn me to have nothing to do with you."

"I like his infernal cheek!" Laurie lit the cigarette and puffed at it savagely. Then, rising, he drew his chair forward and sat down facing her.

"See here," he said quietly, "you'd better tell me the whole story. I can't help you much, if I'm kept in the dark. But if you'll let me into things—And before I forget it," he interrupted himself to interject, "I want to bring a friend of mine to call on you. She will be a tower of strength. She's a Russian, and one of the best women I know."

"She listened with a slight smile. "What's her name?"

"Miss Orleneff, Sonya Orleneff, a great pal of my sister's and an all-around good sort. I'd like to bring her in tomorrow afternoon. Will five be convenient?"

circumstances," she added decisively.

"But why?"

"He was dazed. If ever a knight errant worked under greater difficulties than these, Laurie told himself, he'd like to know the poor chap's name."

"I have no wish to meet Miss Orleneff."

"But she's an ideal person for you to know, experienced, sympathetic, and understanding. She did a lot for my sister last year. I must tell you all about that sometime. She could do more for you—"

"Mr. Devon!" The finality of her tone brought him up short. "We must understand each other."

"I should like nothing better."

"He, too, was suddenly formal."

"This morning you projected yourself into my life."

"Literally," he cordially agreed. "I am grateful to you for what you did and what you wish to do. But I will not meet any more strangers. I will not meet Miss Orleneff, or anyone else. Is that clear?"

"Oh, perfectly!" Laurie sighed. "Of course you're a crowned head," he mused aloud. "I had forgotten. Would you like my head on a charger, or anything like that?"

She studied him thoughtfully.

"Almost from the first," she said, "and except for an occasional minute or two, you have refused to be serious. That interests me. Why is it? Aren't you willing to realize that there are real troubles in the world, terrible troubles, that the bravest go down under?"

"Of course." He was serious now. He had begun to realize that fully. "It's my unfortunate manner, I suppose," he defended himself. "I've never taken anything seriously for very long. It's hard to form the habit, all of a sudden."

"You will have to take me seriously."

He made a large gesture of acceptance.

"All right," he promised. "That brings us back to where we were. Tell me the truth. If there's anything in it that really menaces you, you'll find me serious enough."

Before answering, she rose and opened the studio door, on which he observed with approval, a strong new lock and an inside bolt had already been placed. He saw her peer up and down the hall. Then she closed and bolted the door, and returned to her chair. The precaution brought before him a mental vision of Herbert Ransome Shaw prowling about the dim corridor. He spoke incredulously. "a good reason to be," she said quietly. She sat down in her chair again, rested her elbows on the table and her chin in her hands, in the pose already so familiar to him, and added quietly, "He is the source of all my present trouble."

She stopped and turned her head to listen.

"Do you hear anything moving in the hall?" she asked, almost in a whisper.

"No, shall I look?"

She shook her head. "Don't unsettle the door."

"You're nervous. I'm sure there's something there." Please go on, he urged. "Our little friend Bertie—"

Seeing her expression, he stopped short. "Forgive me," he said humbly. "But the plain truth is, it's awfully hard for me to take that fellow seriously. Oh, I know he's venomous," he concluded, "but I can't help feeling that he hasn't as much power over you as you think he has."

He realized that she was listening, but not to him.

"There is some one outside that door," she whispered.

Laurie leaped to the door as if a cat, unbolting it, and swung it open. The hall was empty. He had an instantaneous impression that something as silent as a moving shadow had vanished around the staircase at the far end, but when he reached the spot, he saw nothing save the descending iron spirals of successive stairways. He returned to his companion, smiling reassuringly.

"It's our nerves," he said. "In a few minutes more I shall be worrying about Bertie, myself."

"Knock the door again," she directed.

He obeyed. She went on as if there had been no interruption to their talk.

"It isn't what he is," she admitted. "He himself is nothing, as you say. It's what is back of him that—that frightens me! Why don't you smoke?" she interrupted herself to ask.

Laurie automatically selected and lit another cigarette.

"I know what's going to be back of Bertie pretty soon," he darkly predicted. "Whoever he is, and whatever he is doing, he has a big job coming to him, and it's coming fast."

He laid down the cigarette and turned to her with his most charming expression, a wonderfully sweet smile, half shy, wholly boyish. Before this look, anyone who loved Laurence Devon was helpless.

"Come," he said gently, "tell me the whole story. You know it's not curiosity that makes me ask. But how can I help you when I'm working in the dark?"

As she hesitated, his brilliant eyes, so softened now, continued to hold hers.

"And I want to help you," he added. "I want that privilege more than I want anything else in the world."

For a long moment she sat still, as if considering his words; her eyes on her hands, folded in her lap. The strange, deep flush he had noticed once before again stained her face. At last she straightened up with a quick movement, throwing back her shoulders as if to take on again some burden they had almost cast off.

"I am sorry to seem so mysterious," she said, "and so unresponsive. I will tell you this much, and it is more than I ought to say. In the situation we are in I am in his power, horribly so. He can crush me at any time he chooses."

"Then why doesn't he?"

The gentleness of her caller's voice softened the brusqueness of his words.

"Because—" She stopped again. For the first time she had become embarrassed and self-conscious. She made her climax in a rush: "Lately he insists that he has fallen in love with me!"

Laurie uttered an ejaculation. It was not a pretty one, but it nicely fitted the emergency.

"He has hoped that to save myself, and others, I will marry him, the contemptible, crawling snake!"

The listener was impressed by her comparison. Certainly there was something oppidant about Kwaw. He himself had noticed it.

"Then for the time being, you're really safe?" he suggested.

"No. His patience is exhausted. He is beginning to realize that I'd rather die."

"The police can stop all this nonsense." But Laurie spoke without his customary authority.

"Don't imagine that. The police know nothing about this matter, and they never will." A sudden thought struck her and she rose almost with a spring. He rose, too, staring at her in bewilderment. She caught his shoulders and held them tightly, in a grip wholly free from self-consciousness.

"If you warn the police," she said swiftly, "if you draw them into this, you will ruin everything. You will do me a harm that could never be undone. Give me your word that you won't. Please, please!"

She was almost shaking him now. Under the clasp of her hands on his shoulders Laurie paled a little, but his black eyes held hers steadily.

"Of course I promise," he said, slowly, "as you make such a point of it."

she removed her hands and stepped back.

"Please go now."

"So soon? Why, I've only just come!"

"I know—but I'm tired."

There was no mistaking the sincerity of this. It was a poignant outcry. Clearly, she was at the breaking point. He took both her hands.

"This whole experience gives me the oddest feeling," he told her gently. "In one way, I seem to be dreaming it. Under it all there's a conviction that I'm on the track of the mystery; that everything will be cleared up for us both, in another minute or two. It's merely an instinct. I can't explain it. But one thing I know. Sooner or later—sooner, I hope—I shall be able to work it out for you."

She seemed suddenly to remember that he was holding her hands. Flushing, she gently withdrew them. Then she turned, and with a brusque gesture walked away from him.

"I'm sorry I got you into this," she cried.

"Don't worry about me." He smiled at her from the door he was holding open. "May I come and take you to lunch tomorrow?"

"Not tomorrow. The next day, perhaps."

"We've got to look for that job, you know."

"With all this?" She indicated with the toe of her slipper a significant spot on the rug.

Laurie regarded the slipper with approval. It was a beautiful slipper, on a charming foot. It so diverted his mind from the main issue of the conversation that he was in the elevator and half way down to the ground floor before he recalled that issue. He was not disturbed. Doris had enough to go on with; and certainly he himself had sufficient scope for thought in the revelations she had just made.

As he walked down the outer steps of the studio building and emerged on the sidewalk a figure

As He Walked Down the Outer Steps of the Studio Building and Emerged on the Sidewalk a Figure Detached Itself From the Shadows.

detached itself from the shadow of a low iron fence and stealthily followed him. It was a short figure, overcast with recognition. It carried its hands in its pockets, and its head was thrust forward in a peculiar way. It kept a dozen feet behind him, until he reached the pretentious entrance of the apartment building where he dwelt.

Here, in the glaring light of two huge electric globes, conveniently held aloft for him by a pair of bronze warriors, Laurie turned suddenly, warned by the inner sense that tells us we are watched. The figure behind had ducked modestly into the background; but not until he had recognized the round face and projecting eyes of Herbert Ransome Shaw.

Laurie checked a passionate impulse to hurl himself upon the lurking and unpleasant shape. Slowly but surely he was learning self-control. Martin, the elevator operator, and Griggs, the night hall man, were already bidding him good evening and regarding him with friendly and interested eyes. To see him suddenly fall upon and beat a shabby stranger would surprise and pain them, besides unpleasantly stirring up the neighborhood. A better opportunity would present itself, or could be made.

In the meantime, however, he must convey to Herbert Ransome Shaw some idea of the utter contempt in which he held him. Taking Griggs confidentially by the arm, Laurie pointed out the skulking shadow.

"See that?" he asked in ringing tones.

Griggs was a Goliath in proportions and deliberate in his movements. He took his time to discover the object young Devon indicated. In the shadow the object stirred restlessly.

"Yes, sir." Griggs then said, uncertainly. "It's—it's a man, sir."

"Is it?" asked Laurie with interest, and still in loud, clear tones. "I'm afraid you're mistaken. But whatever it is, step on it."

He entered the elevator after this crisp instruction, and was wuffed up to his rooms. The hall man moved hesitatingly down the building's three steps to the sidewalk. One never knew exactly what young Devon was getting at. Still, if he really wanted Griggs to step on anything—

Griggs stopped. A slight sensation of disappointment swept over him. He was a conscientious man who desired to do his duty. But there was absolutely nothing for him to step on, except the snow-covered and otherwise inoffensive pavement.

CHAPTER VIII  
Samuel Plays a New Game.  
THE next morning Laurie awoke from troubled dreams with a

ague feeling that life was getting a rise out of him, a feeling that the absent, morning greeting of Rodney Bangs did not help to dissipate.

Without realizing it, young Devon had rather sunned himself in the adulation of his chum. When this adulation was removed, he missed it; and for the present, at least, there was no question that adulation was lacking.

Not that Bangs failed in any of the outward forms of friendship, but his manner had changed. He was increasingly preoccupied. When Laurie spoke, Bangs had the effect of coming to him from a long distance, and even of having one foot extended, as it were, for the return journey.

The two young men breakfasted together, for the first time in several days; and over their coffee and cigarettes Laurie confided to his friend his new anxiety about Mrs. Ordway.

Bangs at once became human. Indeed, he showed a degree of solicitude that surprised his friend. It was suddenly clear that Rodney was vastly interested in Louise. He had even ventured to call on her, though Laurie did not yet know this; for the first call was made, as it happened, on the afternoon of the day when the two young men had indulged in their first serious quarrel.

Bangs, usually the most modest and self-conscious of youths, had abruptly lost his shyness under the urge of a need to talk about his chum to some one who would understand. And Louise had understood, quite surprisingly. Recalling the long talk he and she had had, the help she had given him, the plans they had made, Rodney grew very serious.

"It's lucky Sonya's in town," he said, when this further fact had been revealed. "Let's go over to the hotel and see her right after breakfast. Perhaps we ought to cable to Warren. Sonya will know."

He spoke with such studied carelessness that Laurie flashed a sudden look at him. Under it Bangs flushed to the roots of his bushy-haired pompadour.

"Well, well," murmured Laurie, "this is interesting! Odd I didn't notice it before."

Whatever "it" was, he gave his whole attention to it now. Leaning forward, he ostentatiously studied Bangs, with an expression at once indulgent and amazed.

"A flush on his cheek, too," he mused aloud.

"Shut up!" Bangs clenched his teeth, while the flush deepened. "Easily irritated; respiration slightly irregular, all the familiar symptoms."

"For God's sake, Laurie, don't be an ass!" begged Bangs.

"All the familiar symptoms of a heavy cold," murmured Laurie, sympathetically. "A hot bath and a dose of quinine might help at this stage. But if it gets worse—" Laurie reflected, anxiously shaking his head—"if it gets worse I'll send for Sonya," he finished brightly.

He rose, dodged the roll Rodney hurled at him, and strolled out of the room, opening the door again to add an afterthought that suddenly occurred to him.

"Don't risk your life by going to the hotel, old man," he added kindly. "Take your quinine, and I will call on Sonya."

"She'll tell us whether or not to cable for Warren," repeated Bangs with great dignity.

But Sonya, when she came into her hotel sitting room an hour later, did not immediately solve this problem. For the moment his mind was wholly on the infant Samuel, who was to have his adenoids cut out that morning, and who had been encouraged to look forward to the experience as a new delight. While they were expressing fitting interest, Samuel himself entered the room, alone but with all the effect of a juvenile procession. By the left leg he dragged his most cherished possession, a battered and dim-faded rag doll. Hospitably greeting the two young men, he solemnly presented the doll to Bangs.

"What's this?" asked Rodney with a friendly impulse to adapt his conversation to the young.

"Hullen," affirmed Samuel. "Hullen, R. J."

"What does that mean?" Bangs appealed to Sonya.

"It's the doll's name. He gave it to her himself. 'Hullen,' I suppose, means Helen, and Mr. Warren's initials, you know, are R. J. Evidently Samuel liked the sound of them."

Samuel, retrieved Hullen R. J. "Hullen R. J. go hos'ti wiv Sammy," he further announced.

"She will," corroborated Sonya. "He never strays without her, and she sleeps in his bed every night."

Laurie turned a shocked gaze on Samuel, and Sonya laughed, then gulped.

"I'm horribly nervous this morning," she admitted. "I wish it were over. You see, a certain cherub isn't going to like matters at all after they really begin at the hospital. And his mother will be more of a burden than a help."

Bangs had an inspiration.

"Suppose I go with you," he suggested. "Then if you need a strong man to hold the cherub—"

"Two strong men," corrected Laurie. "Do you imagine that I'm going to desert Samuel in his hour of need? Besides, I've got to keep my eye on Bangs," he added sweetly, and was rewarded by a glare from that overwrought young man.

"Noticed anything odd about Bangs lately?" Laurie asked Sonya.

She turned on Rodney the dark gaze of her serene eyes.

"Why, no."

"You will," Laurie predicted, with a mournful shake of the head. "Watch him closely, and call on me if there are alarming symptoms that you don't understand."

Bangs rushed into confused speech.

"He thinks I've got a cold," he gulped. "His nonsense, of course. Nothing in the world the matter with me. Er—how soon do we start?"

## THE CROW AND THE RAVEN.

A crow was very jealous of the raven, because he was considered a bird of good omen, and always attracted the attention of men, as indicating by his flight the good or evil course of future events.

Seeing some travelers approaching, he flew up into a tree, and perching herself upon one of the branches, cawed as loudly as she could. The traveler turned toward the sound, and wondered what it boded. When one of them said to his companion, "Let us proceed on our journey, my friend, for it is only the caw of a crow, and her cry, you know, is no omen."

THE GIRL IN THE MIRROR

(Continued from Page Six)

Laurie, helpless with laughter, rolled the ecstatic Samuel on the floor. Samuel's voice took on an added note of jubilation. Sonya, his mother, Hullen R. J., "Lawrie" and "Miss Bangs" all going with him to the hotel—it was almost too much pleasure! Samuel became slightly intoxicated.

"He wants to sing," remarked Laurie, with masculine understanding of a fellow heart. "All right, old man," he encouraged. "How about that beautiful hymn I taught you at Bab's wedding?"

With considerable help Samuel recalled the ditty: "Hey, hey, we gangal here, Whalshaloo we care, Whalshaloo we care, Now—wow—wow—WOW—WOW!"

"Laurie" Sonya spoke with sudden austerity. "It's a relief from his mental strain," Laurie explained. "Any doctor will tell you that."

In the host's, however, things assumed a different aspect. Still firmly holding Hullen R. J. by the leg, and keeping a steadfast eye on the surgeon, Samuel took in his immediate surroundings with a dawning suspicion in his soul. Having two men throw lights on his face and look down his throat had lost its novelty, though Sonya had assured him that wonderful views were to be seen there which he alone could reveal. Also, the men seemed hurried, and didn't want to look at Hullen R. J.'s throat, though Samuel warmly recommended this variety in the entertainment.

In short, the situation had become sinister. The smiles around him were dreadful-looking things, all except Laurie's. With an appalling howl Samuel detached himself from the surgeon's grasp and fled to Laurie, who picked him up and held him firmly and comfortably in his lap until a lady in white came with something nice for Samuel to smell.

The next thing Samuel knew was that he was in a bed in a strange room. He gulped and discovered that his throat was sore. He sat up, distended his mouth for a yell, and then very slowly closed it.

From every corner of the room familiar figures were hastening to his side. The lady in white, Sonya, and his mother all reached him at the same moment. On the pillow beside him Hullen R. J. awaited the honor of his attention like a perfect lady. No howls from her, as she thus soothed, Sonya was kissing him. The lady in white was offering him something pleasant to drink. His mother was patting his back.

For a long instant Samuel took in the gratifying fact of these activities. Then he asserted his features, grabbed Hullen R. J., exchanged his yell for a large smile, and permitted himself to be waited on. Deep in his masculine consciousness he had realized that his world was normal again.

Bangs and Laurie walked up fifth avenue together, stopping at Soriat's to purchase the man's entire supply of roses for Mrs. Ordway. Bangs also discovered some masses of poinsettia and chrysanthemums that, as he said, "looked like her." Laden with these spoils, they took a taxicab to the Ordway house, where they found Jepson exuding an atmosphere of reassurance.

Yes, Mrs. Ordway seemed better. She had a more restful night. Susanne said was quite bright in the morning. Hof course she'd see R. Devon, hand prob'ly Mr. Bangs, halso. Jepson would hark once.

Jepson moved ponderously away do so, while Rodney, opening a big box in the hall, drew out a poinsettia and chrysanthemum and proceeded to arrange them in gorgeous array. Bangs had unexpected taste in color and arrangement, as Epstein's stage directors had discovered in the past. Laurie watched him with polite interest.

Meat Reported Available; Low Priced

It were not for their peculiar predilections against the feed, the people of the United States and Canada could be supplied annually 100,000,000 pounds of whale meat at average cost of 12-1/2 cents per pound. Vice Consul R. M. Newcomb, at Victoria, British Columbia, states in a report received by the Department of Commerce that whale meat was described by the natives as "not unpalatable," and fortunate for the industry centers around Vancouver, B. C., and Sweden do not share feeling against whale meat food, as most of the Vancouver product is shipped to those regions. Considerable quantities have been sent to Siberia and Congo regions.

THEREFORE, BE IT ORDAINED BY THE CITY COMMISSION OF THE CITY OF HERFORD, TEXAS: That the report of Montgomery & Ward, City Engineers, having been examined, is hereby approved.

BE IT FURTHER ORDAINED, that a full and fair hearing be had, as provided herein, and part of the cost of said improvements shall be assessed against the abutting property upon the streets so improve and the owners thereof, and that the total cost of said improvements shall be apportioned and paid, as follows: (a) The City of Herford shall pay one-third (1-3) of the whole cost of said improvements exclusive of curb.

The manner of payment of the cost of the improvements payable by the owners of the abutting property shall be payable in ten equal installments, one payable within thirty (30) days after the completion of the work in each District, and its acceptance by the City, one payable within one year, one payable in two years, one payable in three years, one payable in four years, one payable in five years, one payable in six years, one payable in seven years, one payable in eight years, and one payable in nine years after said date of completion and acceptance by said City of said improvements, and to bear interest from the date of acceptance at the rate of seven (7%) per cent per annum, payable annually, provided, that said owners shall have the option to discharge any installment before the maturity thereof by paying the same with accrued interest.

The assessment shall constitute a personal liability against the owners of property and the lien upon their property as fixed by said assessment shall be enforced as is provided by Chapter 11, Title 22, of the Revised Statutes of Texas, of 1911, by the sale of said property as for ad valorem taxes of the City, or by suit in any court having jurisdiction, together with all costs and reasonable attorneys fees, if incurred, and after such assessment the City Commission shall cause to be issued to the Contractor doing the work assignable certificates in accordance with said Chapter 11, Title 22, of the Revised Statutes of Texas, of 1911, setting forth the amount assessed against each owner and his property, and the terms and time of payment thereof.

BE IT FURTHER ORDAINED BY THE CITY COMMISSION OF THE CITY OF HERFORD, TEXAS: That a hearing shall be given to said Owners, or their Agents or Attorneys, and all persons interested in said matter as to said assessments and as to the amounts to be assessed against each owner and their property by reason of such improvements, and that they shall be given a right to contest the regularity of the proceedings with reference to the improvements and the benefits of said improvements, to their property, and any other matter with reference thereto, which hearing shall be held at the City Hall, in the City of Herford, Texas, on the 11th day of October, 1926, at 10:00 o'clock, A. M., at which time all of said owners, their Agents or Attorneys, or persons interested in said property, are notified to appear and be heard; at said hearing said owners or other persons may appear by Counsel or in person and may offer evidence and said hearing shall be adjourned from day to day until fully accomplished.

The City Secretary is hereby directed to give notice of said hearing by inserting a copy of this Ordinance at least three times in some newspaper published in the aforesaid City, the first publication to be made at least fifteen days before the date of the hearing. The City Secretary is also directed to give further notice of said hearing by mailing to said owners, their agents or attorneys, a copy hereof, whenever the address of said owner, agent or attorney is available on the tax records of said City.

The fact that aforesaid work has progressed to such an extent that it is now advisable to make immediate arrangements for the hearing required by law, creates an emergency and imperative public necessity that the rule requiring ordinances to be read at three several meetings be suspended, and that this ordinance take effect from and after its passage, and it is so ordered.

All ordinances or resolutions, or parts of ordinances or resolutions in conflict herewith are hereby expressly repealed in so far as they are in conflict herewith, but no further. Passed this 20th day of September, 1926. Approved this 20th day of September, 1926.

Four Million Bicycles Reported in Use in Japan. There are more than 4,000,000 bicycles in use in Japan, according to a report from Vice Consul A. B. Preston, Jr., at Toyko, received in the Department of Commerce. This is an increase of more than 1,000,000 over the figures for 1925. It is estimated that there is one bicycle to every 17 inhabitants. Most of the bicycles are used for commercial purposes and almost every small retail shop dealer is good by this method. A trailer, some of them capable of carrying heavy loads, is as a rule attached to the bicycle. Because of narrow roads, the bicycle is reported as becoming increasingly popular in the country districts. These machines are entirely of domestic manufacture, Mr. Preston advises.

### CHURCH ANNOUNCEMENTS

#### First Presbyterian Church

JAS. T. BOON, Pastor.

Last Sunday was a great day in the church life of our congregation. There was a notable increase in the Sunday school attendance and attendance upon the evening service was most encouraging. Announcement was made of the entrance to the Gospel ministry of Mr. Arch Conklin and the aid of encouragement was extended him. The offering at the close of the service for the purpose of taking care of the church's finances showed with what loyalty and love the congregation is supporting the church.

Next Sunday the pastor will preach at both morning and evening hours. The evening service will begin promptly at 7:45. The Senior Endeavor will meet at 7:30 on the event of the continuance of the special vangelistic services of the First Christian church there will be no evening service at our church, otherwise there will be.

In the afternoon at the hour of seven the pastor will preach at Dimmitt. All regular week day activities of the church will be renewed next week. Church members, find your place of service and see what joy comes to you in filling it.

The public is welcome to our services. If you are a stranger in Hereford we welcome you. If you are in need of a religious fellowship whether stranger or not, you are welcome. The door of the Lord's house stands open for you, friend.

#### Methodist Church

J. O. HAYMES, Pastor.

Next Sunday is Promotion Day in the Sunday school. The promotion exercises will be held in the auditorium for all grades. The entire school will take part. There will be interesting programs rendered by the children of the primary and junior departments. All the adults should hear these programs. An intermediate department will be started and officers and teachers announced. The cradle roll will have recognition at the beginning of the service with a brief program and the baptism of infants. Let all parents who wish to have their children thus dedicated to the Lord have them present at the beginning of the services. The promotion exercises will not only consume the time of the Sunday school hour, but as much of the eleven o'clock hour as is needed. The only service to follow it will be the Sacrament of the Lord's Supper. Let all Sunday school pupils be present on time and receive their certificates of promotion. Let all parents be present and learn something of what these departments are doing with the boys and girls. They have really done a very fine work during the past Sunday school year.

The Sunday evening service will depend upon whether the revival services at the First Christian church close before Sunday. If they do, we will have the evening service at 7:45. At any rate the Epworth League will meet at 8:45. Let all Leaguers be on time.

#### The Sunday School Lesson.

FOR SEPTEMBER 26, 1926.

BY J. O. HAYMES.

Subject: Providential Leadership. Lesson Text: Exodus 3:1-12. Golden Text: Ex. 4:13, "O, my Lord, send, I pray thee, by the hand of Him whom thou wilt send."

Introductory. We have had several lessons on the wilderness experiences of the Israelites. This lesson carries us back to the call of Moses, another phase of which we studied on July 25. This lesson is intended as a sort of review and missionary lesson combined. We may be reminded that God is still at work preparing leaders for the great crises of history.

Moses' Call. God had a great task, and he needed a great man to perform that task. So he began working to prepare that man. It was no doubt providential that Moses had Amram and Jochebed for his father and mother. Undoubtedly his life was providentially spared in

infancy. He was brought into the family of Pharaoh and there educated in all the learnings of the Egyptians. Circumstances of his life were providentially shaped so that he went to the wilderness and spent forty years in preparation for his immediate task. But Moses was not conscious all this time that he was being prepared for a great special task. Yet he was no doubt all the time intensely interested in his oppressed kinsmen in Egypt, hoping, even praying that some one might arise who would deliver them from bondage.

When God wanted some one to free the American Colonies from the iron hand of King George, he raised up a Washington. When he needed a master hand to end human slavery in this republic one with the fiery temper such as William Lloyd Garrison could not do it, so God raised up one with a warm heart and a cool head, Abraham Lincoln. He prepared Woodrow Wilson to teach to the nations the lesson of universal brotherhood. God even prepares smaller men for smaller tasks. In fact, every man's life is a plan of God, prepared through providential guidance for some particular end.

Moses was slow to accept the call of God to a task so great, yet when he was convinced that he was the man to do the work and that God was to be with him he said: "Oh, my Lord, send, I pray thee, by the hand of him whom thou wilt send." So Isaiah, several centuries later, saw the need of a great work, and after he had seen the Lord and had his life cleansed he said, "Here am I, send me."

How God Calls. God it not shut up to any one method of calling men and women into service. He may use one of any number of methods, or he may use a combination of several. He may call by making a direct, unmistakable impression upon the conscience. Moses, no doubt, had such an impression. Many preachers of the Gospel today will testify that they have had such a call.

A vision of a need may be a call to relieve that need. In fact that was no doubt the beginning of Moses' call. He saw his brethren struggling under the iron heel of oppression. God has given his church a great, difficult task. If you see a door opening upon a field of great need, is not the burden of proof on you that God does not want you to enter that open door and relieve that need? Why not insist upon a call to an easy task when God has commissioned

his church to perform a difficult one? God may call us into some particular field of labor by closing other doors of activity to us. Many a man has been providentially hindered from entering a certain field, or probably has failed providentially in that line of work, because God had a greater work for him to do in another field. God may so shape the circumstances of our lives as gradually to lead us into the work that He wants us to do.

#### Holy Ground.

Is one spot of ground any more holy than another? We speak of Palestine as the Holy Land. Is this any more holy than Texas? Was this little patch of wilderness where Moses was that day any more holy than some arid spot in West Texas? Only one thing can make one spot more holy than another. If one meets God there, it is indeed a holy place. And that place may be anywhere. We are inclined to think of a far-off place or some vague historic event as being more sacred than here and now. But really the "ground whereon thou standest is holy ground" if you recognize the presence of God there.

"Earth's crammed with heaven, And every common bush affire with God; But only he who sees takes off his shoes; The rest sit round and pluck blackberries And daub their natural faces un-awares."

Lowell uttered the same truth when in the prelude to the "Vision of Sir Launfal" he said: "Not only around our infancy Doth heaven with all its splendors lie;

Daily, with sala that cringe and plot, We signal climb and know it not." The place where you are today may seem very commonplace, but you may meet God there, and it will surely be holy ground. You may have slept out of doors with a stone for your pillow, but if you have a night of communion with God you will say in the morning, "Surely the Lord is in this place."

and I knew it not," and "This is indeed the house of God, the gate of heaven." Moses shrunk from his task, but the Lord reassured him with the promise, "Certainly I will be with thee." Christ gave his church what looked like an impossible task, but he said, "Lo, I am with you always, even unto the end of the world."

#### TRUSTEE'S NOTICE OF SALE.

Notice is hereby given that on the Fifth day of October, 1926, between the hours of ten o'clock A. M. and four o'clock P. M., I, Frank F. Ferry, Trustee, shall proceed to sell at public outcry in front of the court house door of Deaf Smith County, in Hereford, Texas, to the highest bidder for cash, the following described property situated in Deaf Smith County, Texas, to-wit:

Six hundred and forty (640) acres of land out of Capitol League Number 431 and particularly described as Survey or Section Number One (1), of Township Number Two (2) North of Range Number Two (2) East, of a "Capitol Syndicate Subdivision" as shown by Plat of such Subdivision of record in the Deed Records of said County of Deaf Smith in the State of Texas, Volume 19 at Page 23. Patented to Abner Taylor. Located about 1 1/2 miles South and 27 miles West of Hereford, Texas.

Said sale is to be made at the request of John V. Farwell, Francis C. Farwell and Arthur L. Farwell, the present holders of the notes hereinafter mentioned, and by virtue of the au-

thority conferred upon me by the terms of a deed of trust executed by E. R. Eakins, dated 19th day of November, 1917, and recorded in Vol. 18 Page 403 of the Deed Records of Deaf Smith County, Texas, whereby the said E. R. Eakins conveyed to me, as Trustee, the above described property, for the purpose of securing the payment of certain notes executed by the said E. R. Eakins in said deed of trust, and the proceeds thereof will be applied to the payment of the balance due upon said indebtedness, the expense of making said sale, and the remainder, if any, paid to the said E. R. Eakins or his or her, all in accordance with the terms of said deed of trust.

Witness my hand this the 4th day of September, A. D. 1926. FRANK F. FERRY, Trustee.

Claude—Money received at the rodeo and picnic held here several years ago which has never been designated for use, was given over to the local Chamber of Commerce. Discussion was held at one time for the money to be used on an open-air meeting house for the people of the county.

#### Refrigerating Plant Gets Concessions In Iceland

Icelanders also use artificial ice. There's little in the name of Iceland to indicate the real nature of the needs of the inhabitants of Denmark's island situated between the North Atlantic and Arctic Oceans.

"A concession has been granted," states a report from Maurice C. Pierce, American Consul at Bergen, Norway, received in the Department of Commerce, "for the construction of a modern refrigerating plant at Reykjavik, Iceland. The Government of Iceland has given the plans its best support."

## Correspondence Course In Motherhood Offered

Prospective mothers may enroll for a course of fifteen lessons offered by the Massachusetts State Department of Health and Education through the State division of university extension, 217 State House, Boston, for a fee of \$4. The topics treated include prenatal care, practical preparation for confinement, care of the baby and of the nursing mother, the sick baby, and weaning. Papers written by the students will be corrected, with necessary comments and suggestions by an experienced physician of the State Public Health Service.

## Salvador Puts Legal Limit, On Labor Ration

The legislative assembly of Salvador, according to a statement just made public by the Department of Labor, has issued a decree stipulating that at least 10 per cent of the persons employed by domestic or foreign companies engaged in agricultural or commercial business in Salvador shall be Salvadorans.

Any firm failing to comply with this law, it is stated, may be punished by a fine of from 2 to 10 per cent of its profits, the fine to be given to the most needy charitable organization in the locality.

### Texas & Texans

By WILL H. MAYES  
of Austin, Texas

#### Legislature in Action.

While there may be some "black sheep" in the Texas Legislature, as there are likely to be in any assembly of that size, it is about as representative a body of Texans as can be found anywhere. There are aged men of much wisdom and experience and youth cutting their first political teeth; there are men who own millions, and others to whom the \$5.00 per diem looks like the beginning of a fortune; there are astute lawyers, and men who hardly know the meaning of the simplest law terms; there are men of all types and intellect, and perhaps of all standards as to honesty. But, all in all, the legislature is composed of men above the average, selected for the positions largely because the home folks regard them as suited for the work they have in hand. The public and the press are inclined to suspect much of legislators and are too free to criticize and belittle the body as a whole, but in most cases the legislature reflects the will of the people by whom it is selected.

#### Bond Validation.

Long before the gathering of the Texas road district bonds would be validated. The sentiment opposing such action is so small as to amount to little. Texans believe in paying their just debts, and have little patience with those who would use technicalities to defeat the payment of either public or private debts. The man who would avoid an honestly made obligation is hardly considered a good citizen anywhere, and a state is but an aggregation of citizens. The only doubt that has ever been expressed by honorable citizens of Texas has been as to the best method of procedure to make sure that Texas bills in its behalf.

#### Shoot the Hold-up Man.

Captain Tom Hickman, of the Texas Rangers, is to be commended for the prompt way in which he and his assistants disposed of the bank robbers at Clarksville. They were shot down as they were saving the bank with their loot. Burglars, robbers and hold-up men and women go at their work prepared to kill if necessary. At heart they are murderers as well as thieves. They are ready to kill those unprepared to defend themselves and do not give their victims a dog's chance to escape if murder is necessary to accomplish their ends. They richly deserve what Captain Hickman gave those fellows at Clarksville.

#### Plucky Blind Man.

Dan Carroll lives in Parker county and is blind. He has a family to support. He was recently nominated for tax collector of Parker county which in itself shows that his neighbors believe in him. "There is a reason." Dan Carroll doesn't believe in sitting own and bewailing his affliction. There will be no taxes to collect until January 1, so he has gone to the cotton patch to pick cotton. He can pick 250 pounds a day, loading his bolls by running his ends up and down the branches of the stalks. He picks the cotton rusty clean, but has a small boy to go with him to gather that he may miss. Men of the Dan Carroll type are few and they can always find a way to take care of themselves.

#### Apple Shipping in Texas.

Fort Davis has shipped its first car of apples for this season. They went to Abilene, and other cars

are to be consigned to the same place. That looks good—Texas apples, sold and consumed in Texas. Texas apples grown around Fort Davis are said to be as good as any grown anywhere and are of fine color and shipping qualities. The trees produce abundantly and the crop proves profitable. A recent photo-gravure picture in the Houston Chronicle of a Fort Davis apple orchard looks like it might be a section of the Garden of Eden. It may not be long before Texas apple orchards will be supplying Texas with all its apples.

#### Texas Advertising Campaign

W. V. Crawford of Waco, a man with splendid accomplishments to his credit, has been made director of the movement to advertise the resources and possibilities of Texas to Texans and the outside world. A half million dollars or more is to be raised and spent to start the movement well on its way. I have one suggestion to make to Friend Crawford and others who would advance the interests of Texas, and that is to quit referring to California and Florida and their accomplishments when mentioning the resources and possibilities of Texas. Why keep on advertising those states without making them foot the bills? Every comparative reference to them that contains even an intimation that they are in the same class with Texas is a bigger boost for those states than for Texas.

#### An Example for Car Drivers.

A negro preacher at Cuero or Yoakum—I have forgotten which—a few days ago backed his automobile into another car standing at the railroad station, slightly damaging the other car. He tried to find the owner of the damaged car, but could not. He left a note in the car telling the owner that he regretted the accident, but could arrange at a certain garage to have the damage repaired and pay the bill. The owner went to the garage and found that the preacher had been there and arranged to have the repair bill paid. That was GAL TWO TEX TEX TEX the right thing to do, of course, but not every driver would have done it.

#### Unusual Insurance.

Many novel kinds of insurance are now written, but it remained for a Texas negro to propose the queerest. Recently the negro made application to the insurance department for a permit to organize an insurance company to underwrite gamblers' fines up to a certain monthly maximum. The department could find no authority for granting such a permit.

#### Get Out of the Mud.

If your town has unpaved, muddy streets, it is getting behind in the progressive movement in Texas for street paving. Most of the Texas towns, even the small villages, are paving their principal streets. Don't let your place become known as a mud-hole town.

#### Fall Fairs Successful.

If any fall fairs in Texas that have yet been held have failed to draw the expected crowds or to please the public, the papers have failed to report it. The prosperity of Texas is fully reflected in the fairs that are everywhere being held.

The 143 new Army second lieutenants appointed from enlisted men of the Regular Army and civilians will be assigned to branches of the service as follows: Air Corps, 59; Infantry, 40; Field Artillery, 16; Coast Artillery Corps, 12; Cavalry, 10; Corps of Engineers, 5; Signal Corps, 1.

### Russians Reported to Own 225,000 Radio Sets

Russia, where radio broadcasting and the manufacture of radio equipment are controlled by a trust had about 225,000 receiving sets at the beginning of 1926, according to unofficial information received in the Department of Commerce. It is also reported that there are from five to twenty-five broadcasting stations in Russia. Extensive plans are being made for increased production there of radio apparatus and the erection of more broadcasting stations. Department of Commerce records show that American radio equipment imported into Russia in 1925 totaled \$28,400.

### THE DALLAS NEWS TO OFFER BARGAIN

We are in receipt of a letter from The Dallas News stating that its Third Annual Reduced Rates offer will be announced not later than December 1st. Once a year The Dallas News offers its readers an opportunity to make a substantial saving on yearly subscriptions. This is a sort of Christmas present from The Dallas News to its readers. Last year and the year before practically all of the old subscribers availed themselves of this opportunity, and thousands of new readers were added. Among other things, The News stated that it maintains the highest priced news-gathering organization in the Southwest. Its ten regular and special correspondents, bring the news from all parts of America and the remote corners of foreign lands. This news concerning the big State newspaper, which has meant so much to the growth of Texas, will be of interest to the entire reading public.

### Greek Cities Required To Provide for Infants

The child welfare law adopted April 14, 1926, provides for the appointment of child-welfare commissions in cities and towns in Greece. Every city or town is required to provide funds for the maintenance of infants deprived of mother's care and for the women nursing them. Physicians or midwives attending births must report them within 24 hours. All births must be registered by the police and lists sent weekly to the local child welfare commission, which must investigate and aid needy cases.

## The Farmer's Financial Problem

As the farmer's greatest problem is a financial one, and the business of the bank of the community is to extend credit accommodation to worthy customers for the purpose of profitable production, the farmer, for his part, ought to be willing and anxious to help his banker to solve his problems successfully through whole-hearted co-operation.

We invite your co-operation with this bank.

# Society

The Hereford Music Study Club gave its opening program of the coming year's work at the home of Mrs. G. A. F. Parker on Monday afternoon, September 20, with Mrs. Parker and Mrs. Smith as hostesses.

"The Folksong," the first of the club's outline programs, was well illustrated. The numbers, including voice, violin and piano, accurately portrayed the broad rhythm of the German folksongs, and the weird minor and light gaiety of the folksongs of Russian, French and Mexican origin.

During the afternoon Mrs. Broadwell was presented with a year's subscription to the "Musical Observer," as an expression of the year-book committee's appreciation of the faithful and excellent work she has done.

A happy deviation from the club's regular adjournment was the brief social period and the serving of delightful refreshments by the hostesses as a tribute to Mrs. Broadwell, honoring her birthday.

The next meeting of the club will be at the home of Mrs. H. H. Hawkins.

Evangelist Clarence Creline and family, originally from Green Forest, Arkansas, but since June has been laboring in and around Friona, Texico and Clovis, New Mexico, has decided to make Hereford their home and moved into moved here Monday of last week and he expects to labor in the rural districts in this vicinity this fall and winter.

# Hi School Entertainment Is Billed Oct. 1st

On Friday night, October 1, Hereford will be favored by the appearance of Edward Brigham, basso-profundo, dramatic reader, and pianist, at the high school auditorium, for the benefit of the high school library. Mr. Edwards will stop over in Hereford on his way from California to New York to give the program consisting of songs, recitations and recitations with music. The complete program will doubtless be announced in the next issue of The Brand.

Mr. Brigham has received very high praise from the press of nearly every state in the Union from Rhode Island to New Mexico and from Alabama to Minnesota. The Santa Fe New Mexican said, "Mr. Brigham has been widely advertised as a basso-profundo of extraordinary ability and he fully justifies the advertising. Not in recent years have the people of Santa Fe had the privilege of listening to a singer of Mr. Brigham's ability, culture and power. The depth and purity of his voice were little short of marvelous."

# "BETTER FARMING" Don't Mean Harder Work

It includes sanitation, terracing, fertilizing, crop rotation, seed selection, soil preparation, cultivation, diversification and logical marketing. It merely means more head work and less hard work. It results in better farms, farmers and farmers' families. It brings health, wealth and wisdom. We have an intense longing to be useful to any farmer friend who wants to throw his common-sense "in gear" and will co-operate.
