**What's Doing  
IN WEST TEXAS**

Pampa's building permits totaled  
\$21,000 for one week recently  
making the total for the year  
\$777,000, and placed Pampa second  
in the Panhandle and among the  
first ten cities of the state. The  
largest permit was issued to Hor-  
ace and Guy Saunders for a \$54,000  
garage building.

Pecos launched another build-  
ing program recently when per-  
mits amounted to more than \$40,  
000 for structures downtown and  
on the highway. Buildings of re-  
inforced concrete of one and two  
stories predominate, with one of  
three stories which will include  
an addition to the Pecos Hotel.

Albany is seeing over \$100,000  
put into homes by its citizens.  
Most of the residences are of  
brick and other permanent con-  
struction and range in value from  
\$10,000 to \$35,000.

Quitaque's Chamber of Commerce  
has reached an agreement with the  
commissioners court whereby a  
portion of the road bond issue of  
the precinct will be sold. The lo-  
cal committee is now engaged in  
endeavoring to secure the desired  
right of way for the permanent  
improvement of two lateral roads.

San Angelo is to have a large  
dam, 45 feet high, 6000 feet long,  
top width 20 feet, bottom width  
225 feet, with the reservoir to have  
an average width of five-tenths  
mile and to extend several miles  
up the river.

Eden wants a sewer system and  
work is being done to interest 50  
home owners in tying in on the  
system in the near future so that  
work may start.

Turkey is adding the finishing  
touches to a 200,000 gallon reser-  
voir for the city and it will be one  
of the most up to date water sup-  
ply plants in West Texas.

Plainview's third annual Texas  
Panhandle Dairy Show will be held  
in Plainview on April 7-8-9, 1930.  
The dates are one week later than  
those of the two former shows and  
the change is made in order to  
get away from the first of the  
month rush usually encountered  
by business men over the section.

The Cisco co-operative Live-  
stock Marketing association ship-  
ped two cars of hogs and one of  
cattle to the Fort Worth market  
recently. The cattle brought \$1500.  
There were 102 head of hogs. R. L.  
Poe remained in Fort Worth to  
observe the results of a new fat-  
tening machine used on hogs.

**TAKING OUT INSURANCE  
ON THE 1929 WHEAT CROP**

"It has been only a few years  
since our wheat farmers began to  
realize the effect of early seedbed  
preparation on soil moisture, plant  
food, available soil nitrogen and  
insect control," says H. M. Bainer,  
director Southwestern Wheat Im-  
provement Association. And con-  
tinuing he says, "Realizing the  
importance of these crop insurance  
features, many of our best wheat  
farmers are preparing for the 1930  
crop while they are still harvest-  
ing the 1929 crop.

"No other wheat production fac-  
tor is as important as early seed  
bed preparation. It kills the weeds  
and saves the moisture. It gives  
the soil time to settle, which is  
necessary to successful wheat grow-  
ing. It increases the humus con-  
tent of the soil, thereby insuring  
more available nitrogen. This is  
very important, as it has been  
found that the yield and protein  
content of wheat will vary accord-  
ing to the amount of available ni-  
trates in the soil at sowing time.  
Early preparation also assists in  
keeping the soil in a healthy con-  
dition and in addition it helps  
control wheat insects, more par-  
ticularly the Hessian fly.

"Nearly all of the Southwest  
still has some subsoil moisture,  
this year's wheat crop did not use  
it all, but the favorable conditions  
have started a lot of weeds which  
will use it unless something is  
done right away to destroy them.  
And while the weeds are drink-  
ing moisture, they will also be

using plant food. Therefore no  
time should be lost in getting over  
the fields quickly with a disk, one-  
way or lister, to be followed by  
better work before the end of July  
being sure that no weeds or vol-  
unteer wheat is allowed to grow  
during the summer. To disk right  
after the binder or to do as many  
combine owners are doing, using  
their tractors on their combines  
during the day and on their tan-  
dem discs, one-ways or listers  
during the nights, is a splendid  
practice. Early work of this  
kind will do much toward insur-  
ing a crop in 1930."

**FUTURE OF EDUCATION  
OUTLINED BY COOPER**

Atlanta, Ga.—Characterizing the  
present age as one marked by rapid  
change and great speed with a  
trend toward speed frenzy, taking  
every advantage of power-driven  
machinery in production, standard-  
izing its products to a degree  
never before known and measur-  
ing its results in dollars and cents  
William John Cooper, United States  
Commissioner of Education, out-  
lined the effects such trends must  
have on the schools of the future,  
at the opening session of the con-  
vention of the National Education  
Association here.

He advocated as the methods of  
approach, four procedures: first, to  
study the satisfactory features of  
present day schools from kindergar-  
tens through colleges, to extend  
and improve, if possible, the best  
we now do; second, to discover  
the weak spots in our present sys-  
tem and remedy them; third, to  
study objectively the experiments  
now in progress. He called at-  
tention to the nation-wide study  
of secondary schools about to be  
undertaken by the United States  
Bureau of Education. Dr. Cooper's  
fourth proposal was that such  
studies as represented in "Middle-  
town" by Lynds be extended with  
a view to ascertaining the deficien-  
cies in American life and attempt-  
ing to remedy some of them by  
programs of education.

The Commissioner predicted that  
the future development of educa-  
tion would extend along the lines  
of the extension of scientific meth-  
ods of objective study and tested  
thought to all fields of life, a  
displacement of the dogmatic, a  
recognition of leaders in their par-

ticular fields, a stronger emphasis  
on real social science designed to  
enable people to co-operate better  
for the common good, a system of  
values in all realms of life, and a  
plea for individuality.

Paint Rocks exports during one  
week recently included a car of  
sheep and three cars of mixed  
stock. Eighteen cars of grain and  
15 cars of wool have been ship-  
ped. Last year's cotton crop is  
expected to be equalled this year.

**THE NATION HAS NAMED IT  
"A GREAT PERFORMER"**

**Marquette**

\$965 to \$1035

"A Great Performer" the Marquette is  
being hailed, the nation over. Never  
before in a car of moderate price  
have there been such acceleration,  
speed, control, handling ease, road-  
ability, flexibility, balanced. Only  
Buick could offer such performance.

In Marquette you get an engine of  
remarkably large displacement. You  
get speed that holds an honest 68 or  
70 miles an hour with unequalled  
ease, steadiness and security. You  
get acceleration of from 10 to 60 miles  
an hour in high gear in 31 seconds.

And this great new car introduces  
many more unusual features. Beauti-  
ful Fisher bodies. Exclusive new up-  
holstery proofed against water, dust  
and wear. Dustproof fill-ray head-  
lights. An exclusive new sloping non-  
glare windshield. Four Lovejoy  
hydraulic shock absorbers. Easy-act-  
ing, completely enclosed brakes.

The Marquette is easy to own on the  
liberal G.M.A.C. terms. Come in and  
see this complete car. Take the wheel  
and learn the thrill of Marquette  
performance.

**Lowest Costs with  
Three-Fuel Power**

Three hundred and twenty acres plowed in 42 con-  
secutive hours at a cost of only 6 cents an acre for fuel  
and oil—that's the record of a Texas Hart-Parr owner.  
Six cents an acre for one-way-disc plowing, 4½ cents  
an acre for seed bed work. Only a three-fuel Hart-  
Parr operating on cheap Texas low-grade fuel could  
make such a record, for Hart-Parr is the one tractor  
that develops tremendous power from gasoline, kero-  
sene or distillate. Hart-Parrs are made for small, me-  
dium or large farms and have three forward speeds to  
speed up hauling and field work. Put a three-fuel  
Hart-Parr to work on your farm and cut farming costs.

## LITTELL SPRATT MARRIES AT LITTLE ROCK

The marriage of Miss Augusta Turner, daughter of Rev. and Mrs. F. F. Turner, to Littrell Spratt, formerly of Hereford, was beautifully solemnized June 28 at 8:00 o'clock at the Pulaski Heights Presbyterian church, Little Rock, Arkansas, with the bride's father officiating. The altar was banked with palms interspersed with lighted tapers and on either side of the altar were arranged tall floor baskets holding Shasta daisies. Preceding the ceremony, Mrs. Alice C. Hensinger sang "Oh Fair and Sweet and Holy," accompanied by Henry Sanderson, who also played the wedding march. The bride wore an egg-shell chiffon gown with a large picture hat and carried a shower bouquet of bride roses and valley lilies. Miss Melba Garner was the bride's only attendant. Harold Spratt, of Big Spring, served his brother as best man.

Mr. and Mrs. Spratt left immediately after the service for a wedding trip to points in Missouri, Kansas and Texas. They were in Hereford some two weeks ago visiting his parents, Mr. and Mrs. I. H. Spratt. The young couple will make their home in Clovis where the groom is connected with the Santa Fe railway. Mrs. Spratt was graduated from Ouschita College and attended Northwestern University. For the past year she was a teacher of music in the public schools of Little Rock, Arkansas.

## MISS ADAMSON HONORED

Honoring Miss Mary Catherine Adamson of Waxahatchie, Mrs. A. C. Hale entertained four tables of bridge Tuesday morning from nine to twelve at her home in the Oberthier apartments. Beautifully appointed tables, summer flowers and a charming hostess were conducive to a delightful bridge session, after which a refreshing salad course was served. Mrs. C. T. Guseman received first prize, Miss Margaret Gilliland second, and Miss Adamson a guest prize. Seated were Misses Mary Catherine Adamson, Mary Valentine, Mat-Lou Harrison, Molly Ray Cronin, Aletha Elliston, Virginia Stovall, Dessie Mae Steele, Margaret Gilliland, Eleanor Smith of Paducah, Ky., and Maud Roger Corbett, C. E. Bentley, J. E. Copeland, Cecil Guseman, J. C. Parker, Oscar Easley, Roy Jowell, Lloyd Edwards.

## THEATRE PARTY MONDAY NIGHT

A pleasant evening was experienced by six Hereford couples Monday when they motored to Canyon for the opening performance of Harley Sadler's troupe. A comedy, "New Brooms" and vaudeville were enjoyed.

## CAMP FIRE GIRLS GUESTS OF SILVERTON GIRLS

Three Weecampewasco Camp Fire Girls, Misses Jimmie Clark, Estelle Gilliland and Betty Bruce Jones and their guardian, Mrs. W. H. Dowell, were guests last Tuesday at the Cobs Canyon of the Silverton Camp Fire Girls. Twenty of the local chapter, chaperoned by Mr. and Mrs. W. H. Dowell and Miss Bess Hopkins, will leave Tuesday for a ten days trip into New Mexico. They plan to visit the Carlsbad Cavern and camp at Ruidoso.

## W. B. PHILLIPS AND WIFE HOME FROM VACATION

W. B. Phillips, caretaker at the court house here, accompanied by Mrs. Phillips enjoyed a vacation trip last week during which they visited relatives at Wildorado and Amarillo. Leaving Hereford Saturday Mr. and Mrs. Phillips visited their son, Coy Phillips at Wildorado, and W. T. Womble in the northern part of the county. Later they went to Amarillo where they visited with Mrs. Phillips' brother, M. O. Meeka, for several days, returning home Thursday night.

## MISS FITMAN AND SKELETON ENTERTAIN

Twelve young ladies spent a jovial afternoon in the J. H. Pitman home Saturday when Miss Eva Skelton and Miss Eloyse Pitman entertained with a bridge party. A motif of rose and green carried out in a profusion of sweet peas set off the smartly appointed home. After the bridge session at which Miss Eleanor Smith won high score prize and Miss Zelma Mae Walker consolation prize, a tempting ice course, furthering the color scheme, was served. Out of town guests present were Miss Ann Price, of Spokane, Washington, Miss Helen Sisk, of Wichita, Kansas, both of whom are spending their vacations in Hereford, and Miss Eleanor Smith, of Paducah, Kentucky, who is a house guest of Miss Margaret Gilliland.

## PAT ELLISTON AND WIFE HERE FROM COLOMBIA

Mr. and Mrs. Pat Elliston from Barranca Bermeja, Colombia, S. A., arrived in Hereford Monday night where they will spend part of their vacation with Mr. Elliston's parents, Mr. and Mrs. A. H. Elliston. From here they will go to the northwestern part of the United States and into Canada. Mr. Elliston has been in South America the past five years in the employ of the Standard Oil Company.

## EASTERN STAR POINTS

## WORKERS' MEETING

Workers meeting of the Tierra Blanco Association will convene with the First Baptist church of Hereford at 10:00 o'clock Thursday, July 25. Representatives and visitors from the five counties of Randall, Castro, Farmer, Swisher and Deaf Smith will be present.

## REV. CLOYD AND FAMILY AT HOME AGAIN

Rev. V. M. Cloyd and family are back after a four weeks vacation, two of which Rev. Cloyd spent conducting a meeting in the First Baptist church of Grosbeck, the latter part of the vacation being spent visiting relatives at East Texas points. Mrs. Cloyd's parents, Rev. and Mrs. M. A. Quindlen, of Winters, and her sister, Mrs. Irby Christopher and two daughters, Christobell and Gene, of Abilene, returned with Rev. and Mrs. Cloyd and will visit in Hereford several days.

## NOTICE OF FILING INTERROGATORIES

## CITATION BY PUBLICATION

THE STATE OF TEXAS,  
 To the Sheriff or any Constable of Deaf Smith County—Greeting:  
 You are hereby commanded to summon Addie Higgins by making publication of this Citation once in each week for four successive weeks previous to the return day hereof, in some newspaper published in your county, if there be a newspaper published therein, but if not, then in the nearest county where a newspaper is published, to appear at the next regular term of the District Court of Deaf Smith County, to be holden at the Court House thereof, in the City of Hereford, on the last Monday in July A. D. 1929, the same being the 29th day of July A. D. 1929, then and there to answer a petition filed in said Court on the 24th day of June A. D. 1929, in a suit, numbered on the docket of said Court No. 1731, wherein J. R. Higgins is plaintiff, and Addie Higgins is defendant, said petition alleging in substance that: On November 4, 1927, plaintiff and defendant were lawfully married to each other in the City of Clovis, State of New Mexico, and continuously resided together at the plaintiff's home about ten miles northwest of Hereford, in Deaf Smith County, Texas, until on or about the 11th day of February, 1929, at which time the defendant, without any cause or justification on the part of plaintiff, abandoned and left plaintiff, and since said time plaintiff and the defendant have not lived together as husband and wife.

That, for a period of about six months after said marriage plaintiff and the defendant lived happily together, or apparently so, on the part of the defendant; but that after the plaintiff and the defendant had been married for about six months, the defendant, wholly disregarding the solemnity of her marriage vow to treat plaintiff with kindness and attention, although plaintiff was ever kind and dutiful toward her as her husband, provided for her in keeping with plaintiff's financial ability, and the social status of plaintiff and the defendant, the defendant commenced to, and continuously during the time she and plaintiff lived together, thereafter, nag at and abuse plaintiff by applying to plaintiff opprobrious and vile epithets and names and threats of personal violence, and accusing and charging plaintiff with dishonest, often and repeatedly calling plaintiff many vile names, all without any provocation or justification, but with kindness, forbearance and indulgence on plaintiff's part, plaintiff being at all times mindful of his conjugal duties toward defendant, always kind to her, and as indulgent and considerate of her, as was humanly possible under such circumstances.

That during said time Plaintiff was in a bad state of health, from which he has not fully recovered, and the said abusive conduct of the defendant toward him was not conducive to the improvement of his said health but that owing to the natural condition of his said health, as well as his finer sensibilities and nature, such conduct

tended to, in a measure, undermine plaintiff's said health, to make their living together insupportable.

Plaintiff prays for divorce, dissolving the bonds of matrimony between plaintiff and the defendant.

Herein fail not, but have before said Court, at its aforesaid regular term, this writ with your return thereon, showing how you have executed the same.

Given under my hand and the seal of said Court, at office in the City of Hereford, on this the 25th day of June A. D. 1929.

(SEAL) L. H. FOSTER,  
 Clerk, District Court, Deaf Smith County, Texas.

### Panhandle - Plains Plan Big Things For This Area

This is the biggest year the Panhandle-Plains has undertaken, according to E. B. Black, president of the organization, upon his return from the meeting of the Panhandle-Plains, Inc., and the general division of the Amarillo Chamber of Commerce held last week at Amarillo. "Our three main projects in the field have been selected and are being put into effect in all parts of the section which we are telling the world about. Our exhibits are to be much larger and more comprehensive than last year, and the massive exhibits going into the States of Nebraska, Kansas, Oklahoma, the two Dakotas and Minnesota, will be viewed by hundreds of thousands of interested farmers, who are seeking to farm lands at reasonable prices. More than 300,000 fold-

ers showing cuts, and giving facts on all parts of the Panhandle will be distributed from our exhibit booths. This folder is being prepared by the three railroads that cover this section, and the Panhandle-Plains, jointly, and in addition, the railroad companies are spending several thousands of dollars in advance advertising in the towns where the exhibits will be placed. All in all, probably \$20,000 will be expended this year by the Panhandle-Plains, Inc."

Progress is being made in the arrangements of space and exhibits, according to O. V. Vernon, secretary and treasurer of the Panhandle-Plains, Inc., and railroads have started printing literature on the subject. W. H. Carwyle is chairman of the publicity department.

A number of fairs already have been booked and some arrangements made for exhibits. They are Oklahoma State Fair, Oklahoma City; Kansas State Fair, Hutchinson, Kansas; Texas State Fair, Dallas; Houston Fair; Lincoln, Nebraska, Exposition, and the Shreveport Fair.

## "HOW STYLES DO CHANGE"

A FISHING VILLAGE IN THE SHADOW OF THE SKYSCRAPERS.

Chicago, Ill.—What appears like a typical fishing village on the bleak coast of Massachusetts is the headquarters of Fred Walmer and his fishing crew who operate at Kinzie Street in the shadow of Chicago's loop skyscrapers. This miniature fishing village and the men that work in it have been supplying Chicago with fish for the last sixteen years. Photo shows a general view of the miniature fishing village with Chicago's skyscrapers lending a picturesque background.

its committee, is meeting with success in obtaining exhibits of Panhandle wheat to show in the exposition. He states that "We are finding some choice wheat and oats for the exhibits. The wheat yield we are working in will make over 40 bushels per acre. The wheat, oats and rye are choice exhibit material and we have gathered a large quantity."

About \$6000 has been pledged by Panhandle counties for use in exhibits at fairs over the country which are being planned by the Panhandle-Plains of Texas, Dr. O. H. Lloyd, chairman of the finance committee, reports.

Dr. Lloyd reported that he had met with almost universal approval on the trip over the Panhandle which he has just completed and that the organization in most of the counties are enthusiastic about the opportunity to advertise the Panhandle at the nation's expositions. He visited every county in this area except six.

Amarillo has agreed to back up every dollar contributed outside of Potter county with three for the exhibits. Members of the Chamber of Commerce agricultural committee reported that this program is being carried out, and that all costs of operation of the exhibits are being paid.

Following the showing of films depicting industries, scenes along the Palo Duro and views of Amarillo, the directors took under advisement the project of showing motion pictures at the fairs to which the exhibits will be sent. These movies would consist merely of advertisements for the Panhandle and their purpose would be to interest people all over the country in this section as a place to live.

## Farmers Short Course to Open Soon at A. & M.

College Station.—Virtually every phase of agricultural thought and activity will come in for discussion at the 20th annual Farmers Short Course to be held at the A. & M. College of Texas July 29-August 3, announcement of the general program by H. H. Williamson, vice director and state agent of the Extension Service under auspices of which the short course is held, disclosed. Group sessions for men and boys and women and girls will be held and sectional meetings will be devoted to specialized fields of farming and farm operation.

Indications are that attendance this year will exceed that of nearly 5000 registered last year, officials have announced, and arrangements are being made for a record crowd. Special rates of one cent a mile each way have been made by the railways.

Topics of general agricultural interest will be discussed by outstanding educators and specialists at the forenoon and evening sessions for men and boys while subject matter lectures and demonstrations will be held during the afternoons. Special programs have also been arranged for women and girls, featuring topics of particular interest to the farmer's wife and daughter.

In addition to the special home-making programs for women and girls, sectional meetings will be held every afternoon for detailed attention to such subjects as agronomy, horticulture, poultry raising, dairying, swine and sheep and goat

Judging contests for 4-H club boys will be held as in former years in livestock, dairy, poultry and grain and terracing. Trophy cups and medals will be awarded winning teams. The winning team in dairy judging, including the county agent coach and alternate member, will be awarded a trip to the National Dairy Show in St. Louis in October as guests of the Katy railroad, L. Reese, Dallas, agricultural agent for the road in Texas, has announced. Forty or more teams are expected to enter the dairy judging event with correspondingly large numbers of entries in other events.

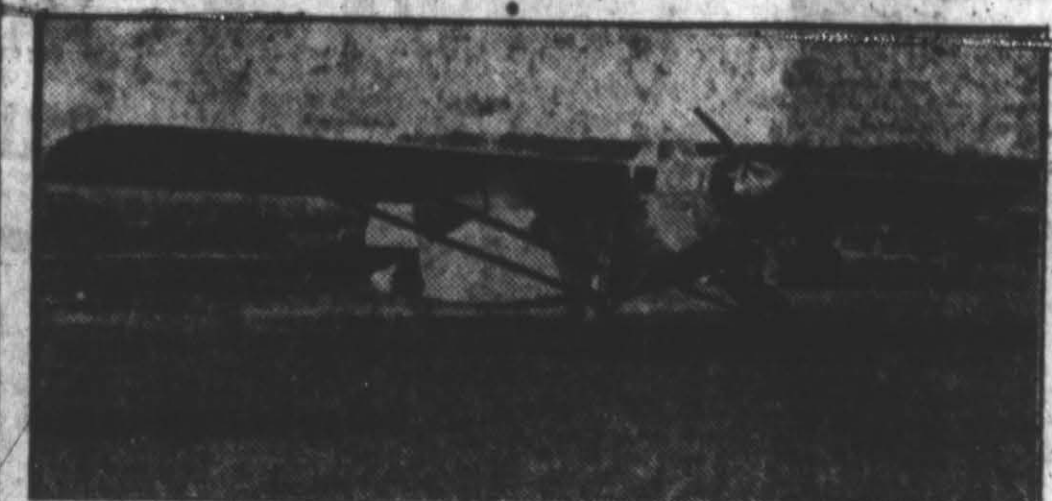

Child care and training will be given special emphasis on the home-makers program for women and girls at the short course, Miss Mildred Horton, state home demonstration agent of the Extension Service, has announced. Three lectures on this subject will be given by Miss Cora Mae Walton of the Dallas public schools.

Events of especial interest to women will include recognition of the five Texas Master Farm Homemakers selected by the Farmers Wife, St. Paul, Minn., in cooperation with the Extension Service; announcement of winners in the state living room contest and awarding prizes in this contest by DeWitt McCummay, editor of the Dallas Semi-Weekly Farm News; and the women's butter judging contest. Poultry, dairy and terracing culture meetings for men will also have particular appeal for the women, those in charge have predicted.

Miss Mary Bourn left Sunday for Kansas City after a two weeks vacation in Hereford with her family and friends. Miss Bourn is employed by the Kansas City Livestock Exchange.

Mrs. J. H. Olson and two daughters, Vivian and Margaret, left Friday for Minneapolis, Minn., where they will visit with friends and attend the wedding of Mrs. Olson's brother.

## FAMOUS PRIZE WINNING AIRPLANE TO BE PRESERVED FOR POSTERITY

### NEW GUIDE FOR NIGHT FLYERS

Oakland, Calif.—R. Clay Jackson of Oakland, demonstrating his new device to guide night flyers approaching an airport. In the center of the airport Jackson plans to lay eight trenches like the spokes of a wheel, each faced with heavy plate glass capable of sustaining the weight of an airplane or other vehicles. The individual trenches are wired separately to a rotary switch or commutator, driven by a windvane located on the landing field. As the windvane revolves it switches current and light into the trench which lies into the wind, illuminating it and notifying the night flyer of the wind's direction.

You are hereby commanded, that, by making publication of this Citation in some newspaper published in the County of Deaf Smith, once in each week for four consecutive weeks previous to the return day hereof, you summon Larkin H. Spurgeon, Spurgeon B. Campbell and wife, Nellie F. Campbell, all of whom reside in Clay County, Missouri; Mary E. Campbell, a feme sole, who resides in Ray County, Missouri; Jennie Ruth Campbell, a feme sole, who resides in Buchanan County, Missouri; and the unknown heirs of Samuel J. Spurgeon, deceased, Jennie Spurgeon Campbell, deceased, Emma Spurgeon Campbell, deceased, W. T. Campbell, deceased, and of Larkin H. Spurgeon, Spurgeon B. Campbell, Nellie F. Campbell, Mary E. Campbell, and Jennie Ruth Campbell, and the unknown heirs, their heirs and legal representatives, of all the above named and indicated persons; all of whose names and places of residence, excepted as stated, are unknown; and the Bank of Independence, a banking corporation of Independence, Jackson County, Missouri; its successors and assigns; to be and appear at the next regular term of the District Court of Deaf Smith County, Texas, to be holden at the Court House thereof, in the City of Hereford, on the fifth Monday in July A. D. 1929, the

same being the 29th day of said month, then and there to answer a petition filed in said Court on the 26th day of June A. D. 1929, in a suit numbered on the Docket of said Court No. 1730, wherein E. H. Norton is plaintiff and all of the above named and indicated parties, their unknown heirs, their heirs and legal representatives, successors and assigns, are defendants; the nature of the plaintiff's demand being substantially as follows, to-wit:

A suit in trespass to try title, plaintiff alleging that he is the owner in fee simple of Section No. Thirty-four (34), in Block K-7, Certificate No. 1-420, Original Grantee B. S. & F., situated in Deaf Smith County, Texas, by virtue of mesne conveyances reaching back to the sovereignty of the soil. That said land was public free school land; that it was originally awarded to J. T. Rutherford on December 1, 1899, as additional land to Section 32, same Block, and that proper proof of occupancy was made. That said Section 34 was sold and conveyed by J. T. Rutherford and wife Hattie Rutherford to Larkin H. Spurgeon and Samuel J. Spurgeon on May 23, 1906. That on September 25, 1906, Larkin H. Spurgeon executed a deed of trust on his one-half interest therein to secure the payment to the Bank of Independence, Independence, Missouri, of a promissory note for \$900.00; that said note was duly paid, and said bank undertook to release said deed of trust lien, but that, through error and inadvertence, the certificate of acknowledgment on said release was defectively drawn, and said bank is made a party for the purpose of removing the cloud thereby cast on plaintiff's title. That on or about May 29, 1907, Samuel J. Spurgeon died; that he left no will; that no ad-

ministration was ever had on his estate in Texas; that his only heirs were and are, Larkin H. Spurgeon, a brother; Spurgeon B. Campbell, a nephew, and Mary E. Campbell and Jennie Ruth Campbell, nieces. That on March 9, 1929, said Section 34 was patented by the State of Texas to Samuel J. Spurgeon and Larkin H. Spurgeon, their heirs and assigns. That Larkin H. Spurgeon, Mary E. Campbell, and Jennie Ruth Campbell (all being more than twenty-one years old and never having been married) conveyed their interest in said Section 34 to Spurgeon B. Campbell. That on April 4, 1929, Spurgeon B. Campbell and wife Nelle F. Campbell conveyed

said Section 34 to plaintiff. Plaintiff prays for judgment for title and possession of said Section 34 and cancelling all claims, rights, titles, or interest, if any, of defendants therein, removing cloud from plaintiff's title and quieting title in plaintiff for writ of restitution, for costs of suit, and for general and special relief.

Herein filed; not, but have you before said Court on the said first

day of next term this writ with your return thereon showing how you have executed the same.

Given under my hand and seal of said Court, at office in Hereford, Texas, this 25th day of June A. D. 1929.

**VETERANS MENTALLY ILL ARE NEGLECTED FOR LACK OF BEDS**

Washington.—Surprising facts are being brought to light by the American Legion working in conjunction with the U. S. Veterans Bureau and state authorities on the situation confronting the mentally ill veterans of the World War. Thousands are awaiting hospitalization. The government hospitals are unable to receive them because of a lack of beds. State institutions are overflowing. Patients are sleeping on the floors of state hospitals and some are in the cells of jails. In many places there are long waiting lists. The situation in Illinois is taken from recent reports:

There are 2961 mentally ill veterans in Illinois, of whom 1199 are neglected so far as hospitalization is concerned, men who need treatment and possible care for the rest of their lives. Of these 361 are drawing some compensation from the government, but are suffering from different forms of mental illness, and 832 who are not drawing compensation and need treatment and care.

According to a compilation of reports of the different hospitals reported recently by John A. Hartman of Chicago, field secretary of the Legion Rehabilitation Committee, there are 697 men in North Chicago hospital and 184 in Edward Hines, Jr., hospital, both government institutions. There are 97 veterans in overcrowded state institutions.

The 907 in the Illinois state institutions are there because there is no available room in government hospitals, and no immediate prospects of there being a bed available. There will be no room for years, and then only in the event congress authorizes new and additional construction.

The problem of what to do with the 2961 mental cases of veterans in Illinois is a serious one. A similar problem confronts other states. The law under the World War Veterans' Act, 1924, as amended, in Section 205, Paragraph 10, gives all veterans the right to government hospital treatment, but to beds are available. The mental ill of patients is on the increase and will not reach its peak, according to Veterans' Bureau figures, for at least a dozen years.

Congress failed to pass a bill (H. R. 15921) in the session ending last March 4 to authorize the \$11,400,000 additional hospital construction which would help provide for the care of mentally ill veterans. The American Legion is continuing its efforts to have this construction authorized.

**TEXAS TRUCK AND AUTOS ADVISED TO WATCH STEP**

"I have written and signed agreement with Texas officers that we would disregard temporarily the automobile tag requirements for commercial cars. Before the ink was hardly dry on the agreement New Mexico car owner was fined \$18 by Texas officials. They broke our agreement."

That is the answer of L. W. Hales, in charge of the gasoline and motor tax division, Clovis district, this morning in reply to a question as to what caused the automobile tag war between the states of Texas and New Mexico.

New Mexico truck owners have

been fined as high as \$400 and from that all the way down to \$20, Mr. Galles stated.

"So far I have not fined a single Texas truck owner," he continued. "But I am going to start from now to see that all Texas trucks operating in this state have New Mexico tags."

Truck owners, and commercial car owners, whether residents of New Mexico, or some other state, which operate in New Mexico are advised to secure the 1929 tag immediately. "I am going to enforce the law from now on and they had better get their tags," warned the collector.—Clovis Evening News-Journal.

**THE ENGINEER**

Listen to me a moment, please. You folks who drive a car. Who think that my life is one of ease And moves without a jar. I pull a limited train of steel. A thousand tons of steel. Swift as an arrow from a bow. Along my path I wheel.

Do you ever give me a single thought? Do you think I have no fear? Don't you know that my nerves grow taut. When a speeding car draws near? Time after time I've held my breath— My heart a-trembling with fear. As I've seen a driver flirt with death With those he hold most dear.

I've seen the look of despair on a face— I've heard the moans of pain. Of those who ran a losing race With my swiftly moving train. I've felt the engine leave the rail As she struck a passing car. I've lain for weeks upon my back— I've glimpsed the gates ajar.

And as I returned from the shadows of death In anguish and in pain; I muttered a prayer beneath my breath. For the fool that raced a train. Please use the brain, the eye, the ear; The sense the good God gave. And save yourself and the engineer. From grief or an early grave.—Author Unknown.

College Station—A home maker must take short cuts to the necessary three meals a day if she has time left to enjoy her family, her friends, her club and have an occasional pleasure trip. In recognition of this, Texas home demonstration agents are showing housewives how to save time in preparing meals.

Among the methods demonstrated is the use of labor-saving utensils and tools, such as fireless, pressure

and waterless cookers, double boilers, dish drainers, food choppers, light weight egg beaters, measuring cups and spoons, casseroles, toasters and broilers. It is shown to be important also that tools and fixtures be kept as close together as possible and convenient to the places where they are most needed. Trays and wheel stands are step and time savers in carrying food to and from the dining room, many women are finding.

One dish dinners are becoming popular among home demonstration club members, since they are easy to prepare, simple to serve and require little dish washing and clearing away afterwards. A casserole dish of meat and spaghetti, or beans, or beef hash and tomato sauce or Irish stew, or corn chowder make a complete meal when combined with fresh salad, tea, coffee and milk and bread.

Meats, vegetables and fruits canned in season can be made ready for the table in a few minutes, and with this in mind hundreds of women are this year arranging emergency shelves in their pantries. They stock them with assortments of foods for use when company comes, when illness interrupts the routine or on wash days. Gift shelves and picnic shelves are appropriately stocked by some women and many are writing out several quickly prepared menus to hang in the pantry for reference.

Other time and health savers recommended are a high stool to sit on and to save tired feet and back; right height of working surfaces to save backache and fatigue; a small, soft, washable rug in front of the sink to help tired feet; a hinged shelf for extra space; sharp knives; and the discarding of useless tools such as egg beaters that won't beat and sifters that slip.

**CITATION BY PUBLICATION.**

THE STATE OF TEXAS, To the Sheriff or Any Constable of Deaf Smith County—Greeting: You are hereby commanded to summon J. M. Seitz by making publication of this Citation once in

each week for four successive weeks previous to the return day hereof, in some newspaper published in your County, if there be a newspaper published therein, but if not then in the nearest County, where a newspaper is published, to appear at the next regular term of the district court of Deaf Smith County, to be holden at the Court House thereof, in Hereford, Texas, on the third Monday after the second Monday in July A. D. 1929, the same being the 29th day of July A. D. 1929, then and there to answer a petition filed in said Court on the 22nd day of September A. D. 1928, in a suit, numbered on the docket of said Court No. 1094, wherein H. A. Gudger is Plaintiff, and J. M. Seitz and T. J. Carter are Defendants, and said petition alleging that plaintiff was on January 8th, 1926, lawfully seized and possessed of the Southeast quarter of section No. 24, township 5 North, range 3 East in Deaf Smith County, Texas; that on said day J. M. Seitz unlawfully entered said premises, ejected plaintiff and unlawfully withheld possession of same to plaintiff's damage; that the annual rental value of said premises is \$450, that said T. J. Carter claims some interest unknown to plaintiff but that it is subordinate and inferior to plaintiff's title, and plaintiff prays for title and possession of said land.

Plaintiff pleads and sues in the alternative on ten vendor's lien notes for \$144.00 each, dated January 8, 1926, due in one to ten years respectively signed by said J. M. Seitz, payable to plaintiff, bearing 6 per cent interest per annum, payable annually, providing for 10 per cent attorney's fees and providing the failure to pay any note or the interest thereon when due, matures all the notes; said notes secured by vendor's lien on the above described land retained in the deed, executed by plaintiff to the said defendant on January 8, 1926, plaintiff having heretofore declared all said notes due because of the failure to pay the first and second notes when due and the interest on all notes when due. Plaintiff sues for the principal, interest and attorney's fees on said

notes and for foreclosure of the vendor's lien and for costs of suit. Herein fail not, but have before said Court, at its aforesaid regular term, this writ with your return thereon, showing how you have executed the same.

Given under my hand and the seal of said Court, at office in Hereford, Texas, on this the 18th day of June A. D. 1929. (SEAL) L. H. FOSTER, Clerk, District Court, Deaf Smith County, Texas.

**NOTICE OF SALE OF REAL ESTATE Under Order of Sale and Execution**

In the United States District Court for the Northern District of Texas, at Amarillo.

L. J. BOSWORTH Receiver of the First National Bank of Marshalltown, Iowa

vs. J. L. DENMEAD WHEREAS, by virtue of an order of sale and execution issued out of the United States District Court for the Northern District of Texas at Amarillo, on a judgment rendered in said Court on the 20th day of May, 1929, in favor of said L. CHEAP INSURANCE FOR COSTLY CALVES

Immunity Protects Profits by Preventing Losses

—Every cattleman knows the risk of Blackleg!  
—There's just one way to be safe.  
—Vaccinate every calf—and do so early.  
—Those who know the facts insist on using Dr. O. M. Franklin's make of vaccine, because it possesses uniform dependability that means life immunity for every calf with one dose.  
—Franklin's Vaccine is powerfully potent, yet harmless to the calf.  
—It is made by a new process of chemical sterilization that eliminates all toxins as well as all germ life.

—This process was worked out by Dr. Franklin over a four-year period during which field tests were conducted on 50,000 head of calves. The millions of doses sold since have made so nearly a perfect record of immunity as to be little less than marvelous.

—Ask our local Drug Store Agency for a copy of the Calf Book which tells the story of the conquest of Blackleg.
