## WHEAT HARVEST UNDER WAY; REAL RUSH WILL BE ON BY WEEK-END

Rains Delay Start, But With Fair Weather Every Field In County Will Be Pouring Grain Into Elevators by Saturday.

The wheat harvest has started in Deaf Smith county, but owing to the rain that fell early in the week, it has not yet reached its full volume. By Saturday it is expected that most farmers in the county will be harvesting their grain.

Earl Lance, residing six miles southwest of the city, brought the first load of wheat to Hereford Friday and sold it to Harrison's elevator, receiving 86 cents per bushel and a bonus of 35 for being first under the wire.

Up to Wednesday night approximately 25 cars of wheat had been received at Hereford, Summersfield and Dawn elevators. Not all of the grain was shipped immediately but five cars had been billed from Summersfield, three from Dawn and five from Hereford. With sunshiny weather Wednesday and today it is expected that the receipts of wheat here for the balance of the week will be very heavy.

The new elevator just completed by E. B. Black at Black, 15 miles west of Hereford is receiving grain and the first carload is to be shipped today. Wet weather, states Mr. Black, has delayed the harvest somewhat in the vicinity of Black, but with sunshiny days the harvest will be in full swing the latter part of this week.

Prices on wheat have varied several cents since the first delivery was made to the local elevators. Friday the price was 85 cents per bushel, Monday 90 cents, Tuesday 85 cents and Wednesday it had dropped to 86 cents per bushel, based on No. 1 grade. Yields of wheat as reported by farmers to the local elevators is averaging around 22 bushels to the acre, with some fields going as low as 15 bushels and others as high as 30 bushels per acre.

Attorney J. B. Gill of California, Missouri, was in Hereford the latter part of last week looking after interests of non-residents. He stated that he was very favorably impressed with this country.

## Amarillo Cats Get Drubbing Here Sunday

Ample revenge for a defeat suffered some weeks ago was secured by the Hereford Whitefaces from the Amarillo Cats in a one-sided game played here Sunday.

The final totals were Hereford 17, Amarillo Cats 3.

## "EVERY ONE SEES LIFE THROUGH HIS OWN FIN HOLE"

The above Chinese Proverb is one to produce thought and give one the idea that it is a good thing to get out of our own self-centered thought and look at things from the other fellow's view point occasionally.

Many times we make snap judgment of a new acquaintance and draw the conclusion like the narrow minded old Dutchman, Adolph: "I don't like dot fellow," while we lose an opportunity to broaden our experience and really learn something good from another. We shut ourselves in our own shell and lose the chance to gain a friend.

Give the other fellow a chance to show you that he has many good points that you did not discover at the first meeting.

There is lots of good in all of us!

## Got a Second-Hand Yo-Yo? Market Said To Be Above Par

Offers of a bonus of 25 cents above the regular purchase price of 25 cents, have been made here in the past few days to the fortunate owners of those fascinating toys that are sweeping the country—the Yo-Yo. These offers, some of which have been accepted, have been brought about by an acute shortage of the Yo-Yo supply here, due to the inability of local stores to obtain the toys from the wholesale dealers. A telegram received by the City Drug Store from Dallas stated that a shipment of Yo-Yos ordered a week ago would be shipped today and should reach Hereford Saturday morning.

## Warwick Says Man May Haul His Own Wheat

In response to protests filed with him regarding New Mexico farmers having to pay an auto license in Texas when hauling their grain to Hereford, Representative Clyde Warwick has advised officials of the Hereford Chamber of Commerce that farmers hauling their grain from New Mexico to Hereford will not be required to pay a Texas license, but that commercial trucks hauling grain owned by some one else will have to pay the Texas auto license fee. According to Mr. Warwick's letter this information comes from L. G. Phares, head of the license department of the State Highway Commission. Secretary Arnold of the Hereford Chamber of Commerce announces that this information is being mailed to New Mexico farmers.

## Boys Make Long Trip At Very Small Cost

James Gilliland, son of Mr. and Mrs. Carl Gilliland, and Jack Miller, son of Al Miller, who is tax collector for Hutchinson county, arrived in Hereford Saturday afternoon overland from Lexington, Virginia, where they have been attending Virginia Military Institute the past ten months. They left Lexington June 15 in a car purchased for \$100 and stopped over night with a classmate at Banskorte, West Virginia. From there they went to Paducah, Ky., spending the night with James' sister, Margaret Gilliland, who is visiting there. From Paducah, they followed a route through Arkansas south to Dallas. By driving Friday night they were able to reach Hereford June 22, completing a two thousand mile trip, which cost them together, including the car \$100—and they have the car left. The most disheartening event of the trip was their arrival in Amarillo with a blow-out, one gallon of gas and no cash. Jack is not certain what he will do next year, but James plans to return to V. M. I. in the fall.

## ELEVATOR UP IN TEN DAYS AFTER START

### Lubbock Company Enters Local Field With Modern Plant.

With a force of 18 men, M. S. Rochelle of Rochelle & Fletcher, elevator contractors of Plainview, is rushing to completion here a 9,000 bushel capacity grain elevator for the S. E. Cone Grain and Seed Co., of Lubbock, who are entering the local field. Work on the elevator, which will be located opposite the Gulf Refining Co. wholesale oil station south of the Santa Fe tracks, commenced Friday and, according to Mr. Rochelle, the elevator will be ready to handle grain Monday. Machinery for the plant was being installed Wednesday and the roof and walls of the building will be completed tonight.

In five days working time the crew of 18 men, all local residents, under the supervision of Mr. Rochelle has rushed the structure to a height of 15 feet and expect to complete it in four more days. Horace Bentley of Hereford will be local representative of the Cone Grain and Seed Co. and have charge of the elevator. The Santa Fe is building a spur track at once to serve the new elevator.

## Dan Cupid On Vacation, Says County Clerk

According to County Clerk Foster, no applications have been filed here for marriage licenses since the new three day notice of intention law went into effect on June 16. Accounts published in newspapers near the Oklahoma and New Mexico State lines tell of Texas couples going to these adjoining states to be married in order to avoid the delay caused by the Texas law.

## Two Amendments to Have Attentions of Voters July Sixteenth

In accordance with a proclamation issued on April 12 by Governor Dan Moody, a special election will be held throughout Texas on Tuesday, July 16, for the adoption or rejection of two amendments to the State Constitution. One of the proposed amendments would provide for an increase in the number of members of the Supreme Court to a total of nine, and also provide that the Supreme Court should be in

## Col. Lindbergh To Be Over Hereford Soon, Says Report

Col. Charles A. Lindbergh, world-famous flier, accompanied by his bride, formerly Miss Ann Morrow, are to view Hereford from the air as they pass over this city enroute to Los Angeles, California, on an inspection trip of the Pennsylvania-T. A. T. Santa Fe air-rail route prior to the formal inauguration of passenger service on July 8. Col. and Mrs. Lindbergh left New York City Tuesday morning, stopped at Columbus, Ohio, that night; reached Indianapolis, Indiana, Wednesday night. It is believed that they will reach the vicinity of Hereford Monday afternoon, probably stopping overnight at Clovis, New Mexico.

## Small Twister Takes Toll At Ricketts Farm

Just before dusk last Sunday evening a small twister struck the L. A. Ricketts farm, 11 miles southeast of Hereford, wrecking a number of feed ricks and sheds, and lifting a large granary from its foundations, scattered it for half a mile over adjoining fields. None of the occupants of the farm home were injured. According to W. W. Adams, who with his family resides at the farm and operates it for Mr. Ricketts, the twister appeared suddenly just as the chores about the place were being completed and struck with vicious force. William Adams, son of Mr. Adams, who was driving the cows into the barn for milking, had just passed six feet beyond the granary with the cows when the twister struck the building and lifting it from its foundations scattered it in hundreds of pieces over a wide area. The granary, stated Mr. Ricketts, had a capacity of 3,000 bushels of grain and was especially well constructed. It had just been completed in preparation for the harvest. The granary will be replaced with a new building, stated Mr. Ricketts, who operates the Whipplet Auto Sales agency here.

## PIPE ORGAN RECITAL FRIDAY, JUNE 28

Joe Strother, organist of the Polk Street Methodist church, Amarillo, will give a recital Friday evening, June 28, at the First Methodist church of Hereford. He will be assisted by the Misses Shaw of Amarillo who are very fine musicians. A very attractive program is planned which will start promptly at 8:15, and a free will offering will be taken.

continuous session throughout the year. The second proposed amendment provides for increasing the salary of the Governor of Texas to \$10,000 per year.

## COMMISSIONERS COURT CALLS SPECIAL ROAD TAX ELECTION JULY 16

More Than 200 Qualified Voters Go On Record As Favoring Contest to Determine Whether 15 Cent Tax Shall Be Levied.

### Road West of Town Undergoing Repairs

Announcement was made this week by County Judge Earl W. Wilson that the Commissioners' Court of Deaf Smith county have purchased a right of way 80 feet wide bordering West Lake, six miles west of Hereford, and have commenced construction of a new road past the lake which will eliminate the two mile detour now necessary for those using the Harrison road west.

The grade through the lake has cost the tax payers of Deaf Smith county thousands of dollars to maintain, declares Judge Wilson, and it was found impossible to repair the grade or make it wide enough to care for the traffic without spending thousands of dollars more, with the probability that the road bed would never be in a permanently solid condition.

Because of this condition of continual expense to maintain the road, states Judge Wilson, the Commissioners have purchased the right of way and are building a new section of road around the lake on higher ground where the foundation will be solid and permanent. The new road will be open for traffic the latter part of this week. A saving of two miles in distance will be effected for those using that route to or from Hereford when the new road is completed.

## Wheat Tests to Show Best Kinds for Plains Use

In an effort to determine which kinds of wheat are best suited to the Panhandle-Plains territory, experiments in different varieties of seed are being conducted under supervision of the A. & M. College in Deaf Smith and other colleges in the area.

P. C. Mangelsdorf, agronomist of the A. & M. College was in Hereford the early part of the week investigating the varieties of wheat being grown in this section. With R. O. Dunkle, county agent, Mr. Mangelsdorf visited a number of farms in the county in search of farmers who for a period of several years have raised Turkey Red, Kanred or Blackbull wheat from the same seed year after year.

In the experiments being conducted, stated Mr. Mangelsdorf, samples of this common wheat from the farmers selected seed and other samples of certified Turkey Red, Kanred or Blackbull seed from the A. & M. College would be planted in adjoining fields at the same time and under the same conditions. After harvesting, the yields of the different varieties of grain will be compared and the best yielding strains will be developed through further experiments and elimination of weaker strains.

Special efforts are being made, said Mr. Mangelsdorf, to develop a strain of seed that will be a heavier producer, stiffer straw and less tendency to shatter than present varieties grown here. Experiments similar to those being inaugurated here are being conducted in Hale, Randall and Swisher counties.

H. P. Divens of the West Texas Gas Co., spent Sunday and Monday at Silverton, Quitaque and Turkey on business for the company.

## JULY FOURTH!

Next Thursday our regular day of issue comes on the glorious Fourth. This being the case, all advertisements and correspondents are requested to get copy in early so we can put the brand out on Wednesday afternoon.

Petitions bearing more than 200 signatures of qualified voters were presented to the Commissioners' Court of Deaf Smith county at their meeting here Monday asking the court to call a special election for the purpose of voting on the levy of a special county road tax of 15-cents per \$100 valuation.

The petitions were granted by the Court and County Judge Earl W. Wilson ordered the special election to be held on Tuesday, July 16. The official notice of the election will be found in another column of the Brand.

Polling places for the special road tax election have been designated by Judge Wilson as follows: Precincts Nos. 1 and 2, at court house, Hereford; No. 3 at the L. O. Gore residence; No. 4, at Stimmus school house; No. 6, at Union school house; No. 7, at Dawn school house; No. 8, at Farwell school house; No. 9, at Bippus school house, and No. 10, at Daniels school house.

Election judges named by the court are: Precincts Nos. 1 and 2, E. B. Black, H. B. Webb, John H. Patton and J. S. Jones; precinct 3, L. O. Gore and G. W. Wilson; No. 4, Maude Malone, J. M. Chapman; No. 5, Clyde Alfred, J. J. Baling; No. 6, A. K. Webster, Floyd Benson; No. 7, Glenn Greer, H. H. Miller; No. 8, T. J. Lynch, Geo. Messenger; No. 9, Geo. Bippus, A. E. Morrison; No. 10, W. R. Moore, Joe Thurman. These judges will serve at all elections held in Deaf Smith county during 1929 and 1930. They will serve as election judges at the special state election July 16 to vote on amendments to the State Constitution, as well as at the special county road tax election to be held on that same date.

Polls open at 8:00 a. m. and close at 7:00 p. m. The election which will be called by the Commissioners Court will, if decided favorably by the voters, provide additional funds for building and maintaining county roads only in Deaf Smith county.

## Train-Plane Service Starts Monday, July 8

Monday, July 8, will mark the formal opening of the Transcontinental Air Transport, Inc., air-rail service from New York to Los Angeles.

The service will traverse the Panhandle, with Waynoka, Okla., and Clovis, N. M., as important stops, where change from plane to train will be made.

Passengers may board a Pennsylvania railroad limited in New York at night, eat breakfast on the diner the next morning and transfer at Columbus, Ohio, airport to a big 12-passenger tri-motored Ford plane. The ship will carry the passengers to Waynoka, Okla., with stops at Indianapolis, St. Louis, Kansas City and Wichita, and luncheon and refreshments will be served on the way. At Waynoka dinner will be served in the Harvey House, and a Pullman will be waiting for the passengers. The Pullman will be picked up by "The Missionary," crack Santa Fe train, and an all night run to Clovis, N. M., will be made. In the morning passengers will eat breakfast at the Clovis Harvey House, board another big Ford plane and continue to the Coast, with stops at Albuquerque, Kingman and Winslow.

The entire trip takes two nights and a day and a half. A passenger leaving New York, on Monday night, will arrive in Los Angeles Wednesday at noon. This is considerably less than half the time the trip takes by train.

It is believed that when the passengers demand warrants, and with the improvement in equipment and landing facilities, the T. A. T. will send planes across the Pan-

## "Kill the Umps!" Is Cry Most Often Heard When the Kids Get Together In a Sure-Nuff Honest-to-Goodness Matched Game Here

On Wednesday afternoon, June 19, two kid baseball teams met at West Park in a battle that, according to spectators, would almost equal "Bull Run." These two teams are our kids—been right here all the time—played ball every day, but we didn't know it.

One team, the Midgets, were partially organized. Artis Russell picked a few good men and challenged these Midget kids. The day was set for the 19th. Course Manager Russell knew he had a "set up" but look at the score. Not knowing the name of the Russell aggregation, we are going to call them the Hereford Giants.

In the first inning the Midget star hurler, little L. B. Russell, couldn't "get hot" and the Giants pounded the ball over the lot for six scores. The Midgets only got to pitcher Wilbur Womble for two tallies in the first three innings, but Russell cut the Giants down one-two-three in the second and third innings.

Amarillo. Bowman was wild and had several bad errors behind him. The Midgets ran in six scores in this frame but the Giants came back with their heavy hitters J. Russell and A. Garrison up and scored four more runs. At the end of the fourth the score was 10 to 8 in favor of the Giants. Though the Midgets were trailing two scores in the rear, they still had the old fighting spirit.

In the first half of the fifth, Manager Russell pulled Bowman and sent in Vaughn but his support was loose and the Midgets came out of that frame with seven more scores. Then the little cotton-headed Russell kid came back in the last of the fifth and with that crew of midget infielders working like veterans did not allow a Giant to reach first.

With the beginning of the sixth, Manager Russell started changing pitchers and those Midget kids started to slam the old apple round, as hit after hit rang out, it sounded like Bull Run sure enough. Russell continued changing pitchers. In fact he was changing positions so fast that it was hard

to tell which side was at bat. In only a little while the Midgets were run down and the Giant pitchers were all in. Few people ever knew there could be so many pitchers in one team but Manager Russell used seven different ones and used some of them twice.

At the end of the sixth after the smoke had cleared away it was found that the Midgets had scored 11 more runs. The Giants got one tallie in the sixth; the Midgets added one in the seventh. In the last of the seventh Wilbur Womble, first man up for the Giants, hit a screaming liner over Seede's head for three bases and Welch scored him with a sacrifice.

The game ended with a score of 20 to 12 in favor of the Midgets. Manager Russell stated that while the pitchers on his team were not in shape for this game, all that will be changed next time and that he has a pitcher "that will tame those Midgets." The Midgets are looking for a short stop. They imported Bill McDonald from Amarillo for this

**A MILK FACTORY**

In a recent issue the South Plains Farmer, Lubbock, says: "The cow is a manufacturing institution."

"If our viewpoint of her can once be changed to this understanding, then we will have become not only agriculturally-minded, but industrially-minded, here on the South Plains."

"This goes for farmers, for bankers, for chambers of commerce."

"Today the farmer understands more of this than do the other two classes named."

"It is for the chamber of commerce and the banker to understand."

"The farmer is equipped with the understanding, the ability, the willingness and eagerness to operate — successfully — this manufacturing institution known as the Cow."

"As with all other manufacturing establishments, success cannot be gained without sufficient capital."

"The banker and the chamber of commerce either have, or can get, the needed capital."

Would it not be sound judgment to raise the capital necessary to set up in the manufacturing business several hundred farmers who know Cows?

"All the raw materials used in

the manufacture of milk by the cows are raised here on the farms. "A combined drive by the bankers and Chamber of Commerce could easily raise sufficient funds to put into operation 100 of the milk manufacturing plants—the cow—within a week's time."

"What county is it that could not raise \$10,000 to be used in purchasing approximately 100 head of good milk cows?"

"This \$10,000 could be a revolving fund; the farmer paying back into the fund as his cow began to produce, thereby making the capital available for another."

"To what better use could \$10,000 be put?"

"If some great industrial organization were to make the proposition to the Chambers of Commerce of the South Plains that they would establish a factory in every county of the area, mass meetings in every town would be called immediately and the money raised in a jiffy."

"In the long run, figuring on strict business economics, the buying of 1,000 milk cows for the farmers would mean more to all concerned than the factories."

"And it isn't 'Farm Relief,' either; it is good business."

In the opinion of The Brand, the foregoing editorial is a concise statement of conditions that are of just as much importance in Hereford and surrounding trade territory as in Lubbock. With a new creamery nearing completion here which will have a capacity of half a million pounds of butter yearly, a ready market at attractive prices exists for much more butter fat than now is being produced in the territory surrounding Hereford. Farmers who are financially able will probably add to their dairy herds or perhaps enter the business for the first time. As cow testing association figures show that a good dairy cow will average a net profit of from \$7.50 to \$10 per month above the cost of her feed, the organization of individual that makes it possible for more dairy cows to be placed on farms in Deaf Smith county is adding to the revenue of the farmer and increasing the business of the community.

**GREAT PLAYWRIGHT GIVES SCREEN MASTERPIECE OF MELODRAMA.**  
The craftsmanship of Willard Mack, rightly considered one of the greatest playwrights America has produced, is abundantly demonstrated in "The Voice of the City," a Cosmopolitan production for Metro-Goldwyn-Mayer which opens at the Star Theatre Wednesday.

"The Voice of the City," grimly realistic, is a fast-moving melodrama of a boy's break from Sing Sing, the search for him by a ruthless detective, the boy's breathless romance and his eventual clearance of the charge which jailed him. It all takes place within the space of twenty-four hours and because of this contraction it

moves with express-train speed. Its setting is the underworld of a great city, and shows in vivid fashion the life of those people who live in fear of the law. There is deception, double-crossing, violence, fear and hatred, all intermingled. Yet through this plot of shadows there runs a shining thread of romance. In fact, the love story is unusually tender and appealing, contrasted as it is with the grim terror of the man hunt.

Robert Ames is splendid as the boy, harried, innocent and confused, while Sylvia Field, fresh from her triumphs on the Broadway stage, is appealing and dramatic as his sweetheart. But outstanding honors go to Willard Mack, who both wrote and

directed the story, and who gives one of his best character interpretations as Big the detective. He makes the detective thoroughly human and sympathetic in spite of his ruthlessness. Mack secured an excellent cast for his production. Aside from the splendid work of the principals, other excellent characterizations are offered by Alice Moe, Beatrice Banyard, Duane Thompson, John Miljan, James Farley, Clark Marshall and Tom McGuire.

## Frick First Motorist

### Taken in Speed Trap

The first automobile speeder and the first speed trap in the New England district were described in the Boston Post. Condensed, it happened in 1897, in this wise:

The speeder, in his little high-wheeled contraption, was roaring down Arlington street, going every bit as fast as some modern concrete mixers and making an equal amount of noise. The legal limit was ten miles an hour and the local police chief told the court his prisoner had been making eighteen.

"Were you?" inquired the judge. "Why, your honor, my motor car won't even make the ten-mile limit!" protested the driver. The strange part of it is that the judge believed the driver and discharged him.

To maintain his reputation for veracity, the police chief secretly measured off a quarter mile, got two good stop watches and, with the aid of a sergeant, set out to catch conscienceless automobilists. The first victim was Henry Frick, the big steel manufacturer. This time there was indisputable evidence of speeding. Twenty-five miles an hour cost Mr. Frick just \$50.

## Find Thought to Be Relic of the Vikings

What is believed to be a padlock used by the ancient Vikings was recently found during excavations in what used to be the city ditch at St. Bartholomew's hospital, London, England.

The lock, 5 1/2 inches long, is of the type known as the "barrel" lock. It was in common use among the Romans, though the principle must have come from Egypt and the East. This example is thought to be early Norman or of the Danish period.

The movable end of the barrel has several attachments rather like the ribs of a partly open umbrella. It can be pulled off only when a key pushed in compresses the ribs.

## That Stopped Him

An official with a very annoying manner was making an inspection of a newly opened aerodrome.

On this particular afternoon parachute practice was being undertaken by a number of pilots, and the official asked question after question of one man about his experiences and sensations while falling through the air.

"But supposing your parachute fails to open when you are coming down?" he asked finally. "What do you do then?"

"The pilot had had more than enough by this time.

"Take it back and change it," he replied very tersely.

## Everything for the Right

Contempt of all outward things which come in competition with duty fulfills the ideal of human greatness. This conviction, that readiness to sacrifice life's highest material good and life itself, is essential to the elevation of human nature, is no illusion of ardent youth, nor outburst of blind enthusiasm. It does not yield to growing wisdom. It is confirmed by all experience. It is sanctioned by conscience—that universal and eternal lawgiver whose chief dictate is that everything must be yielded up for the right.—Chauncy.

## Aided the Cause

There was a burst of applause as the pianist finished his last solo. He bowed and, after thanking his audience, was about to leave when a man approached and presented a check. This the pianist refused, saying he would prefer it to be used for some charitable purpose.

"In this case," said the donor, "I suppose you wouldn't mind if we added it to our special fund?" "Not at all," said the pianist. "What is the special fund for?"

"To enable us to have better entertainments next year."

## Unfortunate Remark

Words whispered at a funeral led to the arrest of a woman at Seine, France, for the murder of a man. In a few minutes all will be over, and our minds will be at rest," the woman was heard to say to a friend as the coffin was lowered into the grave. Her words were carried to the police, and the woman finally confessed that during a drunken quarrel she killed the man by striking him, in self defense, a blow behind the ear with a blunt instrument.

## Persian Fruits

Persia is credited with having given many fruits to the world at large, including the peach and orange, but the real origin of these may have been eastern Asia or India. The greatest fruit crop of Persia is the grape, which grows in abundance. They are gathered during the latter part of August and just at that time there is a periodical rain which very conveniently washes the fruit, or otherwise it would go unwashed.

## Information Exchanged

At a military dance one officer said to another as they adjourned for refreshments:

"I don't know how it is, but my wife's lipstick always tastes different from any other woman's," said he carefully wiping his lips.

"Yes, doesn't it," remarked the other, absent-mindedly.—London Tit-Bits.

## What's Doing IN WEST TEXAS

Paducah has broken ground for a new hotel. Charles Pruden of Newip will build a three story fire proof hotel on some lots on the northeast corner of the public square. The hotel is expected to be ready for occupancy in the fall.

Haskell is planning a big July 4 celebration and is expecting the largest crowd ever to assemble in the town. A variety of entertainments have been planned including a barbecue and series of motorcycle races.

Sweetwater building permits for 1929 neared the half million mark recently with the May permits standing at \$123,095. May building permits were more than one-third of the total for the entire other four months of 1929 and strengthened indications that this would be a banner year for Sweetwater building.

Floydada's recent building permits have been \$10,000 with the announcement of a lease of a building to J. C. Penney on which will be spent \$2000. H. P. Witson variety company will occupy a building on which will be spent \$2000 remodeling. The Olympic Theatre will move to its new \$40,000 home this month.

Tuscola has started ditching on Main street preparatory to laying concrete curbs and guttering from the Santa Fe depot to the Abilene & Southern tracks, a distance of six blocks. It is intended to top the street with gravel and asphalt.

Petersburg's high school library will be left open during the summer on stated days. Magazines and books will be loaned and as much time as desired may be spent in the reading room.

T. E. Seigler returned Tuesday from Sweetwater where he attended a directors meeting of the West Texas Chamber of Commerce and a meeting of the Hereford Breeders Association.

## GETTING UP IN THE WORLD

## CITATION BY PUBLICATION

THE STATE OF TEXAS, To the Sheriff or any Constable of Deaf Smith County—Greeting:

You are hereby commanded to summon Addie Higgins by making publication of this Citation once in each week for four successive weeks previous to the return day hereof, in some newspaper published in your county, if there be a newspaper published therein, but if not, then in the nearest county where a newspaper is published, to appear at the next regular term of the District Court of Deaf Smith County, to be holden at the Court House thereof, in the City of Hereford, on the last Monday in July A. D. 1929, the same being the 29th day of July A. D. 1929, then and there to answer a petition filed in said Court on the 24th day of June A. D. 1929, in a suit, numbered on the docket of said Court No. 1731, wherein J. R. Higgins is plaintiff, and Addie Higgins is defendant, said petition alleging in substance that: On November 4, 1927, plaintiff and defendant were lawfully married to each other in the City of Clovis, State of New Mexico, and continuously resided together at the plaintiff's home about ten miles northwest of Hereford, in Deaf Smith County, Texas, until on or about the 11th day of February, 1929, at which time the defendant, without any cause or justification on the part of plaintiff, abandoned and left plaintiff, and since said time plaintiff and the defendant have not lived together as husband and wife.

continued said treatment and conduct until the same became unbearable with plaintiff, and until the defendant finally, as above alleged, without any cause on plaintiff's part, abandoned and left plaintiff.

That, after plaintiff and the defendant had been so married for said period of about six months the defendant commenced to, and continuously during the time she and plaintiff lived together, thereafter, nag at and abuse plaintiff by applying to plaintiff opprobrious and vile epithets and names and threats of personal violence, and accusing and charging plaintiff with dishonest, often and repeatedly calling plaintiff many vile names, all without any provocation or justification, but with kindness, forbearance and indulgence on plaintiff's part, plaintiff being at all times mindful of his conjugal duties toward defendant, always kind to her, and as indulgent and considerate of her, as was humanly possible under such circumstances.

That during said time Plaintiff was in a bad state of health, from which he has not fully recovered, and the said abusive conduct of the defendant toward him was not conducive to the improvement of

his said health but that owing to the natural condition of his said health, as well as his finer sensibilities and nature, such conduct tended to, in a measure, undermine plaintiff's said health, to make their living together insupportable.

Plaintiff prays for divorce, dissolving the bonds of matrimony between plaintiff and the defendant.

Herein fall not, but have been said Court, at its aforesaid regular term, this writ with your return thereon, showing how you have executed the same. Given under my hand and seal of said Court, at office in the City of Hereford, on this the 24th day of June A. D. 1929. (SEAL) L. H. FOSTER, Clerk, District Court, Deaf Smith County, Texas.

## Christian Symbol in Old Turkish Mosque

A beautiful mosaic of the Virgin Mary has been found in a Turkish mosque in Constantinople. For 500 years it has been hidden under whitewash.

The workmen who were replastering the interior of the mosque reported the glint of gold which they had uncovered to the religious authorities, who notified the National museum, whose experts were sent at once to complete the uncovering of the mosaic. Once disclosed in all its glory of form and color, the next step was to ask Angora what to do about this picture of the mother of Christ dead on her bier surrounded by saints and angels high on the wall of a Moslem mosque.

Angora, seat of revolutionary Turkey, replied that the mosaic was to remain where it was and was to be preserved with the utmost care. Thus for the first time in history Moslems worship beneath the shadow of images, the representative of which has for centuries been absolutely prohibited by the Moslem religion.

## Watch That "Stepped Out" Pleased Leslie

Little Leslie Luckiboy had been given a beautiful watch—which, by the way, was his first—as a Christmas present.

Funnily enough, he did not seem very excited about it, and managed to restrain his enthusiasm in a very marked manner. However, he went out to a party, and returned in tremendous spirits, exclaiming:

"I've got a ripping watch!" "I'm glad you like it," said his mother, duly pleased at his joy which up to now he had concealed. "Yes," he continued, "it's half an hour ahead of Lew's watch, and it's a whole hour ahead of the church clock. It beats them all!" —London Answers.

## No Use for Them

"No," said the unburned farmer, "you won't do any business here, me lad. I've finished with labor-savin' machines. I don't hold with 'em."

The young traveler could not help but smile.

"Look here," continued the farmer, pointing to a typewriter, "take a look at that. That's a writin' machine my wife spent all her savin's on 'cos I ain't very handy w' me pen."

"What's the matter with it?" "Matter!" exclaimed the farmer. "Why, nobody can write their blakin' name with it unless they can play a church-organ!" —London Answers.

## Variation of "Quoits"

The game of horseshoes is based on quoits, which is a pastime resembling the ancient discus-throwing of Greece. Few traces of a game resembling quoits can be found on the continent of Europe and its origin may be sought for on the borderland of Scotland and England. There are references to it in the Midlands, dating from the beginning of the Fifteenth century. Ascham, in his *Toxophilus* (1545), refers to the game as being played chiefly by the working classes, who often used horseshoes for want of quoits, a custom still prevailing in country districts.

## Has Never Seen The Equal of It

"I believe I had about the worst case of stomach trouble in Texas, but after taking two bottles of Sargon and one bottle of Sargon Soft Mass Pills, I am in the very pink of condition."

W. H. NEWBY

"Right after every meal I would have sour stomach. I suffered day and night. I was at dinner one day and a sharp pain hit me right under my liver and extended through to the pit of my stomach and almost 'knocked me out.' I was dizzy four hours afterwards and the pain just stayed in my side."

"My kidneys were acting so freely I had to be up four or five times every night. Loss of sleep made me weak and nervous and my whole system was badly run down. My liver was out of order. I was badly constipated, and was continually taking laxatives."

"Since taking the wonderful Sargon treatment my only trouble is to keep from eating too much, and I never have a sign of indigestion. All the pain is gone from my side, my nerves are in fine shape, and I sleep fine. I am no longer constipated. Sargon Soft Mass Pills certainly are wonderful for they do their work thoroughly without griping like other laxatives."

"I had read a lot about Sargon, but I never had the slightest idea I would get such remarkable results from it in so short a time."

The above statement was made by W. H. Newby, well known resident of Dallas. He owns the Live and Let Live Barber Shop at 3906-A Holmes St.

Sargon may be obtained in Hereford at Clark's Drug Store.

Among all the delightful performance characteristics of the Outstanding Chevrolet—none is creating more widespread enthusiasm than its thrilling speed and flashing acceleration!

The great new six-cylinder valve-in-head engine responds to an eagerness that is literally amazing. Touring speeds are negotiated with such smooth, silent, effortless ease that you almost forget there's a motor under the hood. And when the throttle is opened wide—the pace is faster than the most experienced driver would care to maintain!

Back of this exceptional performance is a brilliant array of engineering advancements—typified by a high-compression, non-detonating cylinder head... automatic acceleration pump... hot-spot manifold... semi-automatic spark control... and a heavier crankshaft, statically and dynamically balanced.

Come in and drive this car. Learn for yourself, at the wheel, that no other car can approach it in the price range of the four!

## Wheat Harvest Announcements:

Due to lack of handling room we cannot store wheat at present. Wheat taken in is considered sold at the price indicated on the scale ticket. After the peak of the movement we will be able to store some wheat. However, definite arrangements must be made to store before hauling the grain.

If owners of wheat desire the haulers paid at the elevator, we will furnish a blank whereby you may give us a written order to that effect, stating the rate per cwt. In the event you, as owner, want us to pay the hauler we will appreciate haulers asking for their hauling only on final settlements.

To avoid congestion we will not receive milo and kafir during the wheat rush.

Also, we will be unable to do custom grinding.

## Atticus Webb Denies That All 'Prohibition Killings' Are of Innocent Persons; Many Guilty

Taking exceptions to published accounts of various killings by prohibition officers, Atticus Webb, head of the Anti-Saloon League of Texas, has addressed the following letter to the newspapers of Texas, including the Hereford Brand. The letter follows:

"Dear Editor: The newspapers are being imposed upon by the news-gathering agencies which are reporting the bootlegger's story of killings by prohibition officers and carefully phrasing their 'stories' for propaganda effect. In the Congressional Record of June 14, is a complete list of all prohibition officers killed and all persons killed by them, with a detailed account of that report. The news stories have made the public believe that there killings were all of 'innocent citizens.' In reporting what Senator Brookhart said upon the Senate floor recently one agency stated that he was defending the killings of '155 innocent persons'.

The following facts taken from the Congressional Record referred to will show how 'innocent' they were: Of the 155 killed, 55 were shooting at the Federal officers when the officers began to shoot, 10 others engaged in shooting with the officers, 32 others pulled their guns first, but the officers were better shots, 12 others made attempts upon the lives of the officers with other instruments than guns. Most of the others were endeavoring to escape. In 149 cases of the 155 the innocent citizen was known to be a bootlegger.

Among the six innocent parties killed, one was a boy who was around the still when it was being raided and was not seen until after the fight was over, and then found wounded 200 yards away. Another, when the officers were chasing a bootlegger, suddenly stepped out from behind a truck in front of the officers car. The officers had no time to stop before striking him. The third case was not killed by a federal officer but by a man who was plotting the officers to a still and who ran into another car and killed its driver. He received a prison sentence of from year to life. A man and his daughter were killed in a boat collision—and another was killed as he handed a gun to his

conferedate, believed to be for the purpose of killing the officer.

In 65 cases of the above killings, the grand juries after hearing the evidence, refused to indict the officers. In 59 instances the officers were indicted, but acquitted on trial. As indication of how unfairly we have treated the prohibition officers, of the 4 convictions had, one of them was being shot at by the bootleggers before he returned the fire, and yet he received a three year sentence for killing the bootlegger in self defense. No bootlegger in America would have been convicted under such circumstances. In numerous instances where the officers were killed by the most outrageous methods on the part of the bootleggers the bootleggers have gone free, as was the case at El Paso. The fact is we are so unfair to our officers that there is not a law upon the Federal statutes by which a man can be tried for murdering a Federal officer.

Will those who are howling about these bootleggers being killed in open defiance of our laws permit us to call their attention to the fact that 55 of our Federal officers have been murdered by the bootleggers and several hundred of our state officers have been murdered. These 155 citizens, with six possible exceptions were all guilty of defying the laws of their country. These officers were all innocent citizens and died in the line of duty just as much as did any American soldier who died upon the battle field of France.

As President Hoover said recently, the outlawed liquor traffic is at war with our government. And he has repeatedly called upon American citizens to show their loyalty to their government in this crisis. We have nothing against the citizens of Germany, but when their government was at war with ours we much preferred seeing our own soldiers fall in battle. In this war between the outlawed liquor traffic and our government we much prefer seeing the enemies of our government fall than to see our own faithful officers die in battle in behalf of our country's honor, and we believe every loyal American citizen will take the same view.

Because Hoover was elected as

### RODEO STAR

Here is Vaughn Craig Johnson, "sweetheart" of American rodeo audiences, who will appear in Amarillo at the Tri-State Fair rodeo July 3, 4 and 5. Miss Johnson is shown in her most dangerous trick, bulldozing a steer from a moving automobile, a feat which no other woman performer has ever completed successfully.

Other world famous stars who will be at the Amarillo rodeo include Tommy Kirnan, champion trick rider and roper, his wife, Bea Kirnan, herself a champion lady rider, and William King, Colorado's best known performer.

Officials of the Tri-State Fair association are making plans for a crowd of at least 25,000 in Amarillo during the three-day rodeo meet.

a dry and is honestly trying to enforce the law, the outlawed liquor traffic is doing its best to discredit both prohibition and Mr. Hoover's administration. This is the reason that our papers are filled with these gross misrepresentations concerning the killing of "innocent citizens." One wet organization I understand, has announced that they have 200 news reporters pledged to get their story of the news into the papers. Let intelligent American citizens not be misled.

## 'Windrow' Method of Harvesting Wheat Attracts Much Interest Among Growers; Tried Here

Used primarily to reduce the moisture content in grain when harvested to a point which will allow of its immediate shipping or storage in bins when threshed, the new "windrow" system of harvesting wheat which is being used extensively this year by farmers in Kansas has been introduced into Deaf Smith county.

On the farm of A. J. Walker, located 18 miles northeast of Hereford, L. M. Rhodes is harvesting a 320-acre field of wheat with a "swather" and a combine. Pulled by a light tractor, the "swather", similar in appearance and operation to a binder, cuts a swath of grain 16 feet wide. As the grain falls backward on a canvas conveyor it is carried to the end of the sickle nearest the body of the reaper and falls off to form a windrow behind the machine.

After the grain has lain in the field for four days the combine, fitted with a pick-up attachment, follows the windrow, picks up and threshes the grain which then, say operators of the windrow system, can immediately be shipped to market or stored in bins on the farm.

"By the 'windrow' system of harvesting," states Mr. Rhodes, "the grain can be cut one week earlier than it can be harvested otherwise. The moisture content is reduced from 22 or 23 per cent which it has when cut, to about 13 per cent moisture when it is threshed, allowing the grain to be sold and shipped at once without any dockage at the elevators because of excess moisture."

"Because grain will ripen on the ground if some of the heads are still green when cut, the harvesting machine can go into the fields earlier," declared Mr. Rhodes.

"thereby reducing by several days the danger of damage by hail."

Kansas farmers who are using the new method say that by using the windrow system the harvesting season will be extended over a longer period and aid in preventing glutting the elevators with grain. The extra cost of operating the light tractor and swather, they claim, is more than offset by the reduction of moisture content of the grain, allowing a higher grading.

The 320 acre Walker farm, estimates Mr. Rhodes, will yield 30 bushels per acre.

### Persian Tea Rooms

Tea drinking is the universal habit of Persia. There are a great many tea houses to meet the demands of all classes. Some are very elaborately furnished and others have the rudest kind of equipment. These establishments are used as meeting places and often business between merchant and patron is conducted there. Smoking always accompanies the cup of tea.

## Girls Home At Arlington Badly In Need of Help

An appeal for more funds has been issued by the Berachah Home at Arlington, Texas, which is maintained for the rescue of girls who have no other source of help. Handicapped by a lack of sufficient funds, the home is unable to answer all the pitiful appeals to admit girls. Twelve applicants, say officials of the home, are now pleading for admission and the home requires \$1,500 at once to meet the present expenses of the institution. Sums from one dollar up may be sent to Miss Hattie V. Saylor, secretary of the home.

Van Horn and Roswell, N. M., will entertain the Big Bend and Pecos Valley Inter-Mountain district conventions respectively of the WTCC during the fourth annual motorcade, the dates of which are from July 10 to 20. Approximately 100 towns in the West Texas country will be visited by the motorcade.

**Summerfield**

Wheat harvest is on in full and the hum of the combine heard on all sides. Sunday afternoon this section was visited by a hail storm which destroyed the entire crop of wheat of Ky Lawrence. Their many friends sympathize with him in this great loss.

Rev. Mr. Graham, a Methodist minister from Amarillo filled the pit at this place last Sunday. Mr. and Mrs. Lawrence Johnson made a business trip to Amarillo last Monday.

Miss Bert Robinson returned to Paris Monday after visiting a week in the home of Mr. and Mrs. Behrends.

The B. Y. P. U. went on a picnic three miles north of here Tuesday evening. There was a large number present and all port a grand time.

Doris Robinson of Amarillo will spend the summer with Mr. and Mrs. Otto Behrends.

Mrs. Ky Lawrence who is Sunday school teacher of the young married people, entertained them pleasantly at her home Monday night.

Mr. and Mrs. Houser of the railway community were visiting in the home of Mr. and Mrs. Jay last Sunday.

Mr. and Mrs. Henry Behrends as dinner guests last Sunday.

Mr. and Mrs. H. B. Behrends of Hereford, Mr. and Mrs. C. Schogren of Palview, Mr. and Mrs. B. C. Mosely, Tulsa; Mr. and Mrs. J. E. Uresley, Otto Behrends and Andrew Behrends.

Misses Nell and Mary Jo Owens Chickasha, Oklahoma, visited today with their cousin, Miss Owen.

Mr. and Mrs. Lee Curry entertained the following guests in their home last week: Mrs. E. Baker, Amarillo, and father, A. Davis, Clarendon; Mrs. D. O'Connor and daughter, Denver, Colorado.

Mrs. L. H. Lookingbill returned Saturday from the Hereford sanitarium very much improved health from a recent operation.

**WAYLAND BAPTIST COLLEGE DAY**

By agreement of the pastors and women recently assembled in Wayland Chapel, the pastors in every Baptist church in the Panhandle and Plains territory are requested to discuss publicly on Sunday, July 7, Wayland Baptist College, and to take a cash offering to aid in covering a \$4000 deficit. If the pastor and church can not get to it on that day they are requested to do so as soon thereafter as possible.

The State Program is to pay off debts and keep up certain lines of work, and the budget control

committee has said that every Baptist institution must run without creating a debt on the denomination and must raise locally any deficit in running expenses.

According to the committee composed of E. D. Morgan and R. E. Bost, "it is up to Panhandle Baptists to keep Wayland open and going. Wayland's position on the Plains and her constant contribution of trained lives to the work of the world and Kingdom make her worthy of an extra offering in every time of need. Plan to put Wayland in your church budget next year and we can do this easily. A little co-operation will do it now."

**Adrian-Sims Notes**

Granaries are being built at most all farm houses and wheat cutting will soon begin.

Mrs. Fields, mother of John Rector, left Tuesday of last week for Memphis, Texas, to visit her daughter there.

Misses Mary, Alta May and Stella Lee Fortenberry are visiting at Lockney this week.

Mrs. Ferguson and children and Miss Dorothy McLain are spending a few days visiting at Happy.

Mr. and Mrs. Saunders of Missouri and Mrs. Jones of San Francisco are leaving today for Missouri after visiting here with the Iman family.

**CITATION BY PUBLICATION**

THE STATE OF TEXAS, To the Sheriff or any Constable of Deaf Smith County—Greeting:

You are hereby commanded, that, by making publication of this Citation in some newspaper published in the County of Deaf Smith, once in each week for four consecutive weeks previous to the return day hereof, you summon Larkin H. Spurgeon, Spurgeon B. Campbell and wife, Nelle F. Campbell, all of whom reside in Clay County, Missouri; Mary E. Campbell, a feme sole, who resides in Ray County, Missouri; Jennie Ruth Campbell, a feme sole, who resides in Buchanan County, Missouri; and the unknown heirs of Samuel J. Spurgeon, deceased, Jennie Spurkin H. Spurgeon, Spurgeon B. Spurgeon Campbell, deceased, W.

T. Campbell, deceased, and of Larkin H. Spurgeon, Spurgeon B. Campbell, Nelle F. Campbell, Mary E. Campbell, and Jennie Ruth Campbell, and the unknown heirs, their heirs and legal representatives, of all the above named and indicated persons; all of whose names and places of residence, excepted as stated, are unknown; and the Bank of Independence, a banking corporation of Independence, Jackson County, Missouri; its successors and assigns; to be and appear at the next regular term of the District Court of Deaf Smith County, Texas, to be holden at the Court-House thereof, in the City of Hereford, on the fifth Monday in July A. D. 1929, the same being the 29th day of said month, then and there to answer a petition filed in said Court on the 25th day of June A. D. 1929, in a suit numbered on the Docket of said Court No. 1730, wherein E. H. Norton is plaintiff and all of the above named and indicated parties, their unknown heirs, their heirs and legal representatives, successors and assigns, are defendants; the nature of the plaintiff's demand being substantially as follows, to-wit:

A suit in trespass to try title, plaintiff alleging that he is the owner in fee simple of Section No. Thirty-four (34), in Block K-7, Certificate No. 1-420, Original Grantee B. S. & F., situated in Deaf Smith County, Texas, by virtue of mesne conveyances reaching back to the sovereignty of the soil. That said land was public free school

land; that it was originally awarded to J. T. Rutherford on December 1, 1899, as additional land to Section 32, same Block, and that proper proof of occupancy was made. That said Section 34 was sold and conveyed by J. T. Rutherford and wife Hattie Rutherford to Larkin H. Spurgeon and Samuel J. Spurgeon on May 23, 1906. That on September 28, 1908, Larkin H. Spurgeon executed a deed of trust on his one-half interest therein to secure the payment to the Bank of Independence, Independence, Missouri, of a promissory note for \$900.00; that said note was duly paid, and said bank undertook to

release said deed of trust lien, but that, through error and inadvertence, the certificate of acknowledgment on said release was defectively drawn, and said bank is made a party for the purpose of removing the cloud thereby cast on plaintiff's title. That on or about May 29, 1907, Samuel J. Spurgeon died; that he left no will; that no administration was ever had on his estate in Texas; that his only heirs were and are, Larkin H. Spurgeon, a brother; Spurgeon B. Campbell, a nephew, and Mary E. Campbell and Jennie Ruth Campbell, nieces. That on March 9, 1929, said Section 34 was patented

by the State of Texas to Samuel J. Spurgeon and Larkin H. Spurgeon, their heirs and assigns. That Larkin H. Spurgeon, Mary E. Campbell, and Jennie Ruth Campbell (all being more than twenty-one years old and never having been married) conveyed their interest in said Section 34 to Spurgeon B. Campbell. That on April 4, 1929, Spurgeon B. Campbell and wife Nelle F. Campbell conveyed said Section 34 to plaintiff.

Plaintiff prays for judgment for title and possession of said Section 34 and cancelling all claims, rights, titles, or interest, if any, of defendants therein, removing

cloud from plaintiff's title and quieting cloud from plaintiff's title and quieting, for costs of suit, and for general and special relief.

Herein fail not, but have you before said Court on the said first day of next term this writ with your return thereon showing how you have executed the same.

Given under my hand and seal of said Court, at office in Hereford, Texas, this 25th day of June, A. D. 1929.

## FRANKLIN BLACKLEG VACCINE

CHEAP INSURANCE FOR COSTLY CALVES  
Immunity Protects Profits by Preventing Losses

—Every cattleman knows the risk of Blackleg!  
—There's just one way to be safe.  
—Vaccinate every calf—and do it early.  
—Those who know the facts insist on using Dr. O. M. Franklin's make of vaccine, because it possesses uniform dependability that means life immunity for every calf with one dose.  
—Franklin's Vaccine is powerfully potent, yet harmless to the calf.  
—It is made by a new process of chemical sterilization that eliminates all toxins as well as all germ life.

Free! SEND for this book

—This process was worked out by Dr. Franklin over a four-year period during which field tests were conducted on 50,000 head of calves. The millions of doses sold since have made so nearly a perfect record of immunity as to be little less than marvelous.

—Ask our local Drug Store Agency for a copy of the Calf Book which tells the story of the conquest of Blackleg.

## SUCCESSFUL PARTY

Clara Bow's "Wild Party," to which she invited everyone in Hereford, was a successful wild party. Almost everyone accepted Clara's invitation and was greeted by the story of an unusual incident which she had experienced on her return to college. The guests soon learned that "her man in the lower berth" was the new anthropology professor, and things began to whirl immediately. Clara managed to have a wild party at one place after she had been refused the privilege at another. She saved her pals from a dangerous roadhouse drunk and was thus saved herself by Gil, the professor. Her real courage came to the top, however, when she sacrificed all and left school to save the efforts of her sweet, old-fashioned roommate and the reputation of Gil. Gil, regardless of Stella's sacrifice, left the school too, in order that they might go to some Southern continent that was already full of heathen and wild people. The heartless villainess of course was foiled in all of her plots and Stella and Gil have lived happily, so far, since the wild party.

## HANNAS TO CHILDRESS

Mr. and Mrs. Mark Hanna left Wednesday for Childress where they will attend the Panhandle Photographers annual convention. Mr. Hanna carried with him a photograph of the charter members of the Texas Photographers taken at their first annual meeting at Dallas in 1896. At that time Mr. Hanna was 19 years old, adorned with a derby, a wing collar and bowing cravat, and appears to have been an exact replica of Beau Brummel. Mr. Hanna has treasured this picture 31 years, anticipating its exhibition at a mature time. It is printed on modern paper, the first use of which was demonstrated at the convention of 1926. Mr. Hanna will also exhibit at Childress a reproduction of the first camera portrait photograph made by John William Draper in 1840 in the remarkable time of six minutes. To insure the

## GOOCH-McCOLLUM WEDDING

The marriage of Miss Marcene Gooch and Tom McCollum, Hereford high school athletic coach, was solemnized at the home of the bride, in Winters, Texas, June 12. From there the young people made a trip to the Davis Mountains and Carlsbad Cavern, and have stopped on their way to Estelline at Hereford for a visit with relatives and friends.

Mr. McCollum plans to attend a coaching school at Corpus Christi, conducted by Coach Bible, and return to Hereford by the middle of August.

## MRS. OSCAR EASLEY ENTERTAINS BRIDGE CLUB

Members and guests of the Friday Bridge Club passed an enjoyable afternoon in the home of Mrs. Oscar Easley last Friday when she was hostess to the Club. In the smart home to which bouquets of sweet peas and sprays added the fragrance and hues of summer, some twenty of Hereford's young ladies and matrons spent the afternoon at the bridge table after which a salad course was served.

Mrs. C. C. Ferguson scored high among the guests and Mrs. Chas. Donald won the prize among the club members.

Guests were Meses. Hal Bruner, F. H. Oberthier, C. C. Ferguson, George Garrison, S. P. Rosson, C. A. Skelton, Jennie Gibson, J. L. Fuqua, and Meses Virginia Laird, Dessie Mae Steele, Gladys Hicks.

Mrs. I. O. Crosthwaite and daughter, Faye, returned Monday from Tulsa, Oklahoma, where they have been visiting with Mrs. Crosthwaite's mother and sister the past three weeks.

best possible lighting, Prof. Draper's sister chalked her face and posed for him in the glaring sun on the roof of the old University of the City of New York in Washington Square. Mr. Hanna would be glad for anyone interested to come in and look at this picture.

## SUNDAY SCHOOL CLASS TO CAMP GROUND

Thirteen boys of Mrs. S. L. Easley's Sunday school class, chaperoned by Meses. Hawkins and Copeland, spent a rollicking week end at the Methodist camp ground in Ceta Canyon. The group left Hereford Saturday afternoon, arriving in camp in time for supper and a swim before making beds. Hiking engaged their time Sunday morning until time for assembly meeting of the Panhandle Methodist Laymen, which was held Sunday in the canyon.

After a good old-fashioned camp dinner the boys returned to Hereford Sunday afternoon.

## CAMP FIRE GIRLS ENJOY CAMPING TRIP

The Wococampwaste Camp Fire girls, chaperoned by their guardian, Mrs. M. A. Dowell, and Bess Hopkins, camped Thursday and Friday at Bradley's ranch. Swimming and hiking were the chief sports engaged in. Cooking and care of the camp were assigned to various groups of girls, allowing them to bear part of the responsibility. Vesper service and the Council Fire Thursday night under the June moon were impressive features of the camping trip.

## FORMER RESIDENTS AGAIN TO MAKE HOME HERE

The arrival of Misses Bertha and Frances Dameron in Hereford Monday night was welcomed by a host of friends and relatives. They were residents of Hereford for a number of years and are well known. For the past several years the Misses Dameron have been employees of the government at Washington, D. C. They plan to make their home in Hereford with their parents, Mr. and Mrs. W. B. Dameron.

## J. C. WOMBLE FAMILY ENJOY REUNION

The Brady ranch on Tierra Blanca was the scene of festivity Saturday and Sunday when the children and relatives of J. C. Womble held a reunion.

They gathered at the ranch Saturday afternoon in time to prepare supper over camp fires. Games, sports and reminiscing were indulged in until time to make down beds under the cottonwood trees.

Swimming, hiking, fishing, cards, yo-yoing and horseback riding furnished amusement for the jolly bunch. Sunday afternoon their interest was directed to the improved baseball diamond where Wesley team played the Womble team.

Among those present were Meses. and Meses. J. C. Womble, Jack Rose, Doyle Rose, Mrs. L. A. Brady, Wesley Brady and family, Mrs. Meeks and daughter of Amarillo, Horace Baird and family of Jumbo, M. D. Womble and family, Lan Shore, Troy Womble and family, and Bill Womble and family of Vega.

## HERE FOLLOWING MARRIAGE IN FORT WORTH

Mr. and Mrs. Lloyd Edwards, who were married at Fort Worth June 8, arrived last week in Hereford, where they plan to make their home. Mrs. Edwards, formerly of Fort Worth, is a sister of Alton Frazier, and niece of Mrs. J. L. Fuqua, Sr. Lloyd Edwards, son of Mr. and Mrs. S. B. Edwards of Fort Worth, grew up in Hereford. Mr. and Mrs. Edwards are living in the John Estes home. He plans to put in a large wheat crop next fall.

Miss Roxie Anderson of Canyon has been a guest since Saturday in the M. L. Steele home.

## MISS FERGUSON ENTERTAINS WITH BRIDGE PARTY

One of the most pleasant afternoons of the social calendar was spent in the Ferguson home Thursday of last week when Mrs. Wesley Parker of Crosbyton and Miss Dorothy Nichols of Austin were honored by Miss Grace Ferguson with a bridge party.

Decorations of gorgeous roses fulfilled a color scheme of yellow and white. Refreshing orange punch was served between games, followed by an ice course after the bridge session. Guest prizes were given and Miss Eva Skelton carried away high honor score.

Seated were Meses Dorothy Nichols, Frances Oberthier, Dessie Mae Steele, Eva Skelton, Polly Steele, Zella Mae Walsler, Gladys Seigler, Frances Guinn, Emma Jeanne Donald, Gladys Hicks, and Meses. Wesley Parker, Barnard Hicks, J. C. Parker, Roger Corbett, Dave Hammond, J. M. Posey.

## PRESBYTERIAN CHURCH WILL CALL A PASTOR

Announcement has been made by officials of the church that Sunday morning, June 23, at 11:00 a. m., a meeting of the congrega-

tion will be held at the First Presbyterian church for the purpose of considering the calling of a pastor for the church. All members are urged to be present at the meeting.

Mr. and Mrs. Frank Marrs motored to Plainview Sunday to bring home Miss Ardele Foster and Violet Marrs, who have been visiting in Plainview the past week with Mrs. Everett Kinney.

Mr. and Mrs. Ross Green and Emmett Green left Friday for a fishing trip in New Mexico. Their first stop will be at Ruidoso and from there they will go to Elephant Butte Dam.

### How Polly Used the Signals

By JOAN JAMES

"WHAT house is that?" demanded Job Filmer, when he returned home after a few days' absence.

"House?" Polly's cheeks were pink, and there was a quaver in her voice.

"That little white bungalow on top of Sycamore hill—to be exact, the new house on the lot that Bob Haskins owns."

"Oh! Why, that's Bob's new house."

"Hum!" Mr. Filmer leaned back in his chair and slanted a look at his pretty daughter. "Who's living in the house?"

"He is—he said he was tired of boarding at the hotel."

"Going to be married, I suppose?"

Polly grew rosy as she turned reproachful eyes on her parent. "You know Bob wanted to marry me, but you and mother thought I was to young—and he was almost a stranger in the town—and everything!"

"Don't be disrespectful to your pa, Polly Filmer!" warned her mother, appearing in the doorway. "I don't mean to be disrespectful, and I am sorry," and she kissed them lovingly, "but while I know he's just starting in the hardware business here you know he is making money, and I want to help him succeed—and besides money isn't everything!"

"It helps a great deal," said Mrs. Filmer, uneasily.

"There's grandmother waving to you," said Polly suddenly.

Her parents went to the end of the porch, where a close view of Grandmother Filmer's gray old house could be seen. The house was just across a deep gully at the bottom of which flowed a silvery stream. Mr. Filmer had built a small covered footbridge across the gully so that they could go back and forth in all weather.

Grandmother was waving a red cloth that meant that she wanted one of them to come over. "I'll go over," said Mrs. Filmer; "I want to take some warm gingerbread. Coming, Polly?"

As Polly went down the front steps she stopped and gazed intently at the white house on the hill. She saw a tall, gray figure waving a hat in the air. Polly's handkerchief went up and down frantically.

"Polly!" admonished her mother, and Polly put away her handkerchief with a soft smile on her lips. Mother and daughter walked slowly down the grassy slope to the little covered bridge.

"Mother, I expect grandmother has enjoyed having father and you so near—I suppose you have waved to each other for years—before I came, and I can remember it while I was growing up."

"Yes, dear. And mother says the greatest happiness she has known since her children have grown up and left the home nest was the thought that she could lift her eyes and look over her shoulder and see in the garden or about the porch—a wave of the red cloth and we were over there."

"How lovely," sighed Polly. "And, mother, when Bob and I are married, some day, I suppose you and father will sit on the porch and signal to us, as grandmother does to you."

"Polly Filmer, what talk," chided Mrs. Filmer, weakly, as she led the way into grandmother's house, where the old lady greeted them with suppressed excitement.

"Sarah Lines has been here taking orders for some city store, and she told me a bit of news about my own family I didn't know," she said.

"What is that, mother?" asked Mr. Filmer, who had strolled after his wife and daughter. "What have we done now?"

"Sarah says—Mrs. Deerham says if George and Polly get married this fall they will sail for Cuba before long to open his new hotel there. I didn't know he was courting our Polly."

"Never!" shouted Job, hoarsely.

"Cuba? Well, I never—and Bob is going to live in that white bungalow, especially for Polly," cried Mrs. Filmer.

"Bobby Haskin—the young man who rents my store down to the village?" chirped grandmother.

"Why, he's the nicest boy. Many the dish of baked apples and ginger cookies he's eaten with me here when he comes to pay the rent. Came the other night and said he wanted to buy the store some day, and would I give him first chance. I certainly will. I admire pluck. I'm keeping that store for him."

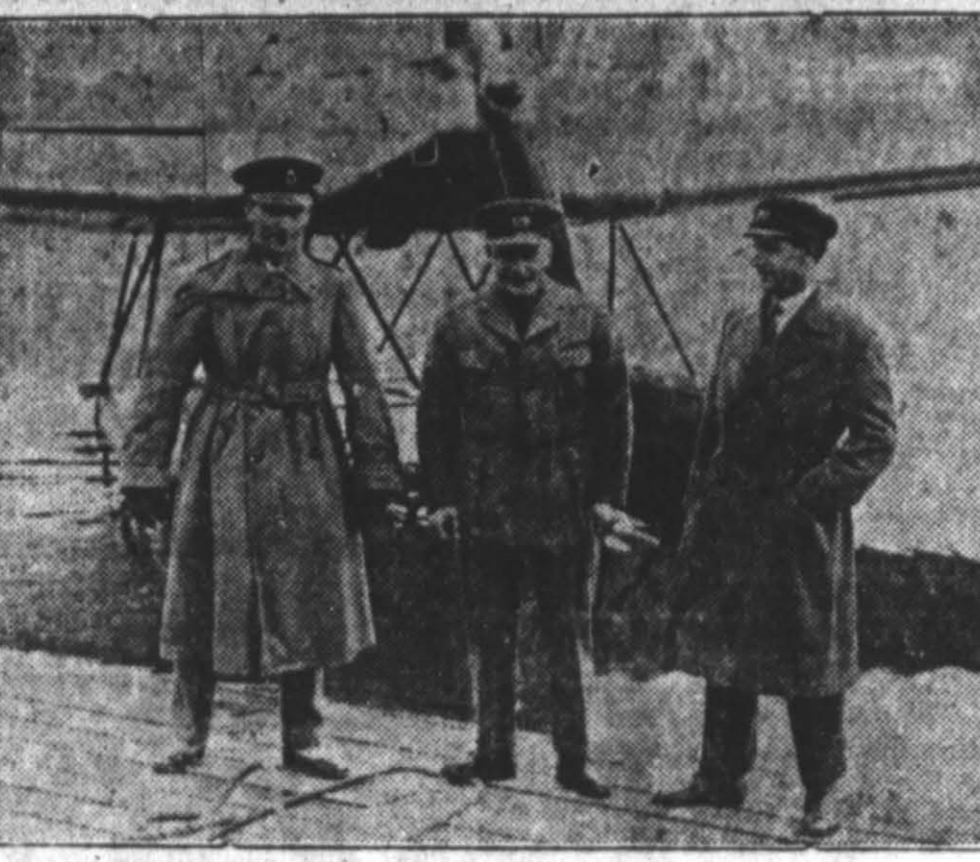

"He wants to marry Polly," offered Mrs. Filmer.

"She's a lovely girl. Skidmore's Hill is a sight nearer your home than Cuba!"

Mr. Filmer rubbed his bald spot. "Polly, if you know how to call your young man to have supper with us—"

But Polly had vanished. They heard her singing as she sped through the covered bridge, and later they saw the flash of a waving lantern—love's signal that all was well.

### SWEDISH FLYERS BEFORE THEIR UNSUCCESSFUL ATTEMPT TO CROSS THE ATLANTIC

Stockholm, Sweden.—Cap. Albin Ahrenberg, Swedish aviator, and his crew, shown with the airplane in which they made an unsuccessful attempt to cross the Atlantic. The flight started from Stockholm and a forced landing was necessary owing to a shortage of gasoline caused by a broken gas line. Their destination was New York. Photo shows, left to right, Lieut. ### New Money Ready for Distribution Next Month; Smaller Currency Said to Have Many Advantages

Notification has been received by the banks of Hereford that July 10 has been set for beginning the issue of the new small size currency. The issue will be made through the Federal Reserve Banks and branches. For the initial issue, Federal Reserve Banks have been authorized to make available to the commercial banking institutions of their respective districts limited amounts of new small size currency on an equitable basis established by them. Federal Reserve Banks will communicate with all banks and trust companies in their respective districts, giving full instructions for participation in the initial distribution of the new currency.

After the initial issue of the new small size currency, the procedure now in effect for supplying the paper currency requirements of the country will in general be followed and in making payments of currency for further circulation, U. S. and Federal Reserve Banks and branches will pay out old size currency for further circulation concurrently with new small size currency. Replacement of the outstanding old size currency with the small size currency accordingly will be a gradual process and except for the initial issue will largely be governed by the redemption of old size currency unit for further circulation.

The first issue of the new small size currency will include all kinds except national bank notes and all denomination from \$1 to \$20. Small size gold certificates and Federal Reserve notes in denominations above \$20 will be issued at a later date. Small size national bank notes will be printed and issued in order of charter numbers beginning about July 15.

For the reduced size currency wholly new designs on a denominational basis have been adopted. The revision of designs will eliminate existing confusion, and will furnish a new and more effective protection to the currency issues of the United States against alterations, counterfeits, and other frauds. As just indicated, there is a characteristic design for each denomination.

The new size for the paper currency is 6 5/16 by 2 11/16 inches. The principle of denominational design has been strictly followed. The back designs are uniform for each denomination irrespective of kind. The face designs, likewise are characteristic for each denomination as regards the important features, with only sufficient variation in detail to indicate the kind.

Two kinds of paper currency are now issued—United States notes, silver certificates, gold certificates, Federal Reserve notes and national bank notes. The new designs will be applied to all issuable denominations of all these kinds.

For the reduced size currency a new type of distinctive paper has been adopted. The paper basically is of the type developed during the last few years with a higher folding endurance, particularly in the cross direction than the paper formerly used. The use of small segments of silk fiber as a distinctive feature has been retained but the segments are scattered throughout the sheet and not localized in rows as formerly. The reason for the change is that as a test of genuineness dependence may not be placed on an outstanding characteristic which in itself inherently affords no protection.

### BUSINESS MEN PARTNERSHIP 4-H CLUB MEMBERS

College Station.—Dairying in the state is being promoted in many counties on a partnership plan between business men and 4-H club boys, the former financing the purchase of good registered calves and the boys raising them as demonstrators under supervision of the county agent.

In Shelby county twenty Jersey calves have been bought by business men for the boys each boy getting a heifer and male calf. The boy puts the calves on nurse cows and at the end of 30 days starts with a commercial feed. The man pays half the feed cost until the end of six months when the boy keeps the heifer and the bull calf is turned over to a farmer to keep for one year. The bull remains the property of the business man to be used for breeding up the dairy cows of the vicinity.

A registered Jersey heifer club of 15 members has been organized in Grayson county by the county agent in co-operation with the Sherman Lions club. Each boy signed a note for his heifer calf, costing from \$125 to \$150 and the note was endorsed by the parent and two members of the luncheon club. Each boy grows two acres of a cash crop to aid in meeting the note. A similar plan has been worked out in Fisher county with the Lions club of Rotan.

er of many world championship rodeo titles, will be the feature attraction at the Tri-State Fair rodeo to be held at Texan hall park here July 3, 4 and 5. Wilbur C. Hawk, president of the Tri-State Fair association, announced last night.

### Four Counties Raise Quota In P.-P. Movement

Four counties reported a completed financial quota for funds of the Panhandle-Plains of Texas, Inc., at a meeting of directors Saturday noon in the Capitol Hotel. At least 15 others will be ready by July 1, according to E. B. Black, Hereford, president, who called the meeting. Donley, Deaf Smith, Potter and Oldham announced their readiness for the summer campaign.

Officials of the agricultural department of the Amarillo Chamber of Commerce and Board of City Development met with the directors as well as representatives from the three railroads serving this territory who are co-operating in an extensive advertising campaign for the Panhandle.

Pamphlets Ready for Press.

W. H. Carville, general passenger agent of the Santa Fe, and H. W. Clutter, city passenger agent for the Rock Island, reported that 300,000 pamphlets descriptive of this section are ready to go to press.

Eight or ten states will be covered in the exhibition tour this summer. The displays will be much larger, showing all the phases of agriculture of the Panhandle, even including miniature sets of farm implements used here.

A committee consisting of O. V. Vernon, chairman; Dr. O. H. Lloyd of Vega, Sam Braswell, Clarendon and J. E. Hill of Hereford was appointed to arrange this schedule.

H. M. Lane, manager of the exhibiting division, stated that he had spent the last two weeks in the southern portion of the Panhandle gathering material for the exhibits.

Composite Displays, Plan.

Composite displays substituted for the usual individual county displays were advocated by Dr. O. H. Lloyd, Vega, P. C. Bennett,

Orte Horsewoman." Mr. and Mrs. Kirnan have taken part in every major rodeo in the world during the past ten years.

Preparations are being made here to take care of a crowd of at least 10,000 during the rodeo. Cowboys are expected from all over the Panhandle, New Mexico, Oklahoma and Kansas.

Clyde Miller, of Holly, Colorado, manager of the rodeo, arrived in Amarillo this week to supervise arrangements for the big show. Those interested in taking part in the various contests are urged to write to him at his office in the Ross Hotel, Amarillo.

head of the agricultural department of the Chamber of Commerce, told the intention of several counties which have previously shown individual exhibits at the Dallas State Fair to make a composite display and show it not only in Dallas, but in Houston and Shreveport, under the auspices of the Panhandle-Plains of Texas, Inc.

C. P. Atwood, president of the Amarillo Real Estate Board, pledged the co-operation of his organization.

A meeting of the schedule committee will be held Wednesday afternoon in the Chamber of Commerce offices.

Those attending Saturday's meeting were E. B. Black, W. R. Arnold, Mr. and Mrs. J. E. Hill, of Hereford; Dr. O. H. Lloyd, Vega; A. T. Holcomb and Albert Elliott, Dalhart; H. W. Clutter, Gerald Kervin, W. H. Carville, C. P. Atwood, P. C. Bennett, J. A. Bush, O. V. Vernon, R. E. Townsend and Howard Ferguson, all of Amarillo.

College Station.—Topics of vital bearing upon the problems of Rural and county schools will come in for discussion at the sixth annual conference of county school superintendents of Texas to be held at the A. & M. College July 29-August 2, program for the conference just issued shows. L. A. Woods of Waco, McLellan county superintendent, is chairman, and Mrs. H. S. Sapp of Liberty county, is secretary.

The program for the opening day will be given to discussion of the organization of county schools. Other topics include grouping of rural schools for high school purposes, comparison of the small and large school as to educational efficiency, professional qualifications

necessary for the successful county superintendent, conserving school funds, items in a county-wide plan for improving the schools, what the county superintendent should know about his county and numerous other subjects.

Speakers include T. O. Walton, president A. & M., who will deliver an address July 31; T. H. Shelby, dean of extension, U. of T., who will discuss Ways and means of financing our educational program; R. M. Caldwell, Dallas, president of the State Teachers Association, who speaks on work of that association; S. M. N. Marrs, state superintendent of public instruction, who speaks the morning of August 2 and other outstanding educators of the state.

### Control Your Worries

Worry is a strange inhabitant of the mind. It makes some people rich and others poor. It provides splendid health for some and drains the physical strength of others to the very dregs. To some it adds many years of useful life and from others it takes away both capacity for service and length of years. Like high explosives, worry performs useful work when properly controlled, but cripples and delays when running wild.

### CITATION BY PUBLICATION.

THE STATE OF TEXAS,  
To the Sheriff or Any Constable of Deaf Smith County—Greeting:  
You are hereby commanded to summon J. M. Seitz by making publication of this Citation once in each week for four successive weeks previous to the return day hereof, in some newspaper published in your County, if there be a newspaper published therein, but if not then in the nearest County, where a newspaper is published, to appear at the next regular term of the district court of Deaf Smith County, to be holden at the Court House thereof, in Hereford, Texas, on the third Monday after the second Monday in July A. D. 1929, the same being the 29th day of July A. D. 1929, then and there to answer a petition filed in said Court on the 22nd day of September A. D. 1928, in a suit, numbered on the docket of said Court No. 1094, wherein H. A. Gudger is Plaintiff, and J. M. Seitz and T. J. Carter are Defendants, and said petition alleging that plaintiff was on January 8th, 1926, lawfully seized and possessed of the South-east quarter of section No. 24, township 5 North, range 3 East in Deaf Smith County, Texas; that on said day J. M. Seitz unlawfully entered said premises, ejected plaintiff and unlawfully withheld possession of same to plaintiff's damage; that the annual rental value of said premises is \$480, that said T. J. Carter claims some interest unknown to plaintiff but that it is subordinate and inferior to plaintiff's title, and plaintiff prays for title and possession of said land.  
Plaintiff pleads and sues in the alternative on ten vendor's lien notes for \$144.00 each, dated January 8, 1926, due in one to ten years respectively signed by said J. M. Seitz, payable to plaintiff, bearing 6 per cent interest per annum, payable annually, providing for 10 per cent attorney's fees and providing the failure to pay any note or the interest thereon when due, matures all the notes; said notes secured by vendor's lien on the above described land retained in the deed, executed by plaintiff to the said defendant on January 8, 1926, plaintiff having heretofore declared all said notes due because of the failure to pay the first and

### Lesson

BY DR. J. E. NUNN

#### PROPHETS AND KINGS OF JUDAH'S DECLINE

**Introduction**  
The Scripture Lesson is composed of the twelve Golden Texts that have been used this quarter. Each additional interest and pleasure may be obtained by turning back to the lesson represented by each verse and refreshing the memory in regard to the setting of the lesson.

#### Scripture Lesson.

Then I said, Here am I; send me.—Isaiah 6:5.

2. Jehovah your God is gracious and merciful.—2 Chron. 30:9.

3. As one whom his mother comforteth, so will I comfort you.—Isaiah 66:13.

4. With his stripes we are healed.—Isaiah 53:5.

5. Thy word is a lamp unto my feet, and light unto my path.—Psalm 119:105.

6. We must obey God rather than man.—Acts 5:29.

7. Hearken unto my voice, and I will be your God, and ye shall be my people.—Jeremiah 7:23.

8. Thy words have I laid up in my heart, that I might not sin against thee.—Psalm 119:11.

9. Blessed are ye when men shall reproach you, and persecute you, and say all manner of evil against you falsely, for my sake.—Matthew 5:11.

10. We will drink no wine.—Jeremiah 35:6.

11. Righteousness exalteth a nation, but sin is a reproach to any people.—Proverbs 14:34.

12. Bless Jehovah, O my soul.—Psalm 105:1.

Golden Text: I have loved thee with an everlasting love; therefore with lovingkindness have I drawn thee.—Jeremiah 31:3.

#### Time and Principal Characters.

The period of time covered by the twelve lessons of the last quarter is about 170 years. The first lesson told of the call of the first Old Testament prophet, Isaiah, in the year that King Uzziah died, 756 B. C. The last lesson is the tragic story of the destruction of Jerusalem, 586 B. C., after its capture by the army of Nebuchadnezzar, king of Babylon. The two principal characters of this period are the two great prophets, Isaiah and Jeremiah. The first prophesied during the first forty years of the period, and the second during the last forty years, leaving an interval of about sixty or seventy years between the death of Isaiah and the beginning of Jeremiah's ministry. The two best kings during this time were Hezekiah and Josiah. Probably the two worst kings were Manasseh and Amon, the son and the grandson of Hezekiah, and also the other and grandfather of Josiah.

#### Isaiah.

Isaiah received his call to be a prophet the year King Uzziah died, 756 B. C. (2 Kings 15:2, and Isaiah 6:1-8). He was contemporary with the prophet Micah in Judah, but unlike his contemporary, spent most of his life in the city of Jerusalem. His ministry of about forty years extended through the reigns of Jotham and Ahaz, and going on for more than twenty years into the reign of Hezekiah.

#### Hezekiah.

The reign of Hezekiah was one of the most important in the history of the Chosen people. It was while he was king of Judah that Samaria, the capital of the northern kingdom of Israel, fell into the hands of the Assyrians under Sargon and the kingdom of Israel became defunct. Ten years later Sargon invaded Judah, exacting heavy tribute from Hezekiah. After he had reigned for fourteen years, he was taken seriously sick, but his life was miraculously extended fifteen years longer.

#### Jeremiah.

After the death of Isaiah during the latter half of Hezekiah's reign there was no prophet in Judah until the coming of Jeremiah more than fifty years later at the close of the reign of Manasseh, Hezekiah's unworthy son.

Jehovah called this quiet, timid, shrinking son of the priest of Anathoth to be a prophet for him in one of the worst periods of the nation's history. Jehovah assured him in the beginning that he would give to the lad his strength to uphold him and his message to preach. During those dark days of the decline and fall of the kingdom he kept that promise. When the end came in 586 B. C., Jeremiah was still preaching the word of God even though opposed by the king and priest and people. It is a remarkable career. Jeremiah kept alive the little spark of real religion in the hearts of the people through these years.

#### King Josiah.

After the evil kings, Manasseh and Amon, it is refreshing to have a boy king come to the throne and begin his reign by "seeking after God." We are certain at once that better days are in store. He spends some time seeking God and his will. He becomes convinced that the evil and idolatry in the land do not please God and so he begins one of the biggest reform movements in Israel's history. He is an iconoclast of the real type and continues his devastating work until idols and high places and images are all cleared away.

During the reign of Josiah, the prophet Jeremiah began his active ministry, with the prophets Zephaniah and Nahum as his contemporaries. It was in the days of Josiah that the book of the law (Deuteronomy) was found in the Temple, and many subsequent reforms followed.

#### The Last Four Kings of Judah.

After Josiah came King Jehoahaz, his son, who after three months on the throne; was captured by Pharaoh and deported to Egypt. Following Jehoahaz, Jehoahaz's son succeeded to the throne of Judah and reigned for seven years.

In the second year of his reign, Judah was made tributary to Babylon when Nebuchadnezzar subdued the land for his father, Nabopolassar.

At this time appeared the prophet Habakkuk, both Nahum and Zephaniah having died, so that Habakkuk and Jeremiah were for the time contemporary prophets in Judah, though it seems Habakkuk began his ministry late in life and prophesied for only a few years. After the great battle of Carchemish, the power of Egypt in Western Asia was overthrown by the Chaldeans.

Following the reign of Jehoahaz, Jehoahaz came to the throne in Judah, but after three months was sent into exile in Babylon, and Zedekiah was enthroned by the Chaldeans.

#### The Captivity.

Jeremiah continues his ministry in Judah and Ezekiel begins his work in Babylon, he having gone with the captivity with Jehoahaz. But Zedekiah revolts against Babylon, and Jerusalem is besieged and after eighteen months was captured, the prophet Jeremiah all the time pleading with king and people to make the best terms possible with the enemy lest the entire city and people should be destroyed. Besides a continued ministry of Jeremiah up to and after the exile until he was carried away to Egypt, the prophet Obadiah wrote his book after national disaster had befallen the Jews.

#### Special Lessons.

1. God's messengers to the people are their true leaders, though they are not always in positions of influence or leadership. It is the voice of warning instead of flattery that renders a genuine public service.

2. Preachers can serve their day and generation better in unofficial positions than in official ones, be-

cause their power consists in persuasion instead of force.

3. The morals of a people are no higher than the degree to which their spiritual life is developed.

4. In preaching a spiritual religion, ministers never build up a self-seeking religious system, but institute a leadership of the spirit- by whom the people are to be governed and taught.

handle daily as well as trains. Emergency landing fields have been selected along the route. Hereford is one of them, and it is possible in the near future that a schedule will be worked out, making Hereford a definite terminal for the service.

The lighted beacon way which extends from Waynoka through Hereford to Clovis will serve to light planes at night in case the tri-motors miss connections with the train at Waynoka. In this case it is probable the planes will carry their passengers along the beacon-way to some point where the train may be boarded.

Dress rehearsal flights to familiarize the pilots with the topography of the territory over which they will fly were commenced on Monday, June 24, but the regular passenger carrying service will not begin until July 8.

Tuesday morning when the "Missionary" went through Hereford it carried a Pennsylvania Pullman with ten passengers aboard who were reported to have boarded the T. A. T. planes at Clovis.
