

Senator Hill Files Suit To Forestall Slash In Pension Payments

AUSTIN, Oct. 7 (AP)—Assertedly attempting to stave off at least part of the \$8 per pensioner slash ordered by the Public Welfare Board, Senator Joe Hill of Henderson filed an injunction suit in district court here today.

On behalf of three old age pension recipients and a taxpayer, Hill sought to enjoin repayment by the pension administration of \$1,328,000 to a Dallas bank, the petition alleging liquidation of the debt was illegal and unconstitutional. The funds were borrowed in 1937 to keep pensions at a level prescribed by statute.

District Judge Ralph Yarbrough set a hearing for 5 p. m. Monday. The first payment on the loan, \$138,000 plus \$16,700 interest, is due Tuesday. The legislature also authorized payment of \$200,000 and interest each month thereafter through August from pension revenues.

"Payment of the pension funds to the bank at this time will result in incalculable harm to thousands of aged who are wholly dependent on the meagre amount they get from the state," Hill said. The transaction with the bank, in his opinion, represents no more than a moral obligation. The state now owes the same kind of obligation to these old people and they should not be cut for the bank to get theirs at this time.

"This whole situation would and could have been avoided by the passage of a tax bill to pay pensions. I feel that the aged should get their few dollars first, under conditions, and then the bank should get theirs."

Hill's petition asserted the legislative act authorizing repayment of the loan was void because it contravened the constitutional provision no debt could be created for the state except to supply casual deficiencies, never to exceed \$500,000.

It contended that if the loan payments were made, pensioners would suffer undeserved injury in that their needs, on a basis of investigation by the administration staff, had not decreased.

It asked the court to instruct the welfare board that pensions be maintained on the September basis, when 121,000 recipients received \$1,700,000, and that if there were insufficient funds, the reduction be prorated as authorized by statute.

Hill, a frequent critic of the governor, was slated to make a radio address over a Fort Worth station (WBAF) tomorrow (10 a. m.).

Meanwhile pensioners awaited the regular Sunday morning radio talk by Governor W. Lee O'Daniel who last Sunday promised them another plan whereby he hoped to avert the pension cut. Attorney General Gerald C. Mann had ruled the governor's first suggestion—public subscription of \$2,300,000 to pay off the complete loan—unconstitutional.

Rep. G. C. Morris of Greenville, leader of an intransigent house group which blocked passage of a sales-service tax constitutional amendment to finance pensions, has called upon the governor to ask cigarette and liquor stamp tax buyers to make their purchases in advance and thus supply sums to pay pensions temporarily.

The young lawmaker made it plain, however, such measures would provide only temporary relief and that a special session of the legislature to consider new methods of taxation would furnish the only permanent solution.

REVIEWING THE
BIG SPRING
WEEK

BY JOE PICKLE

Big Spring today welcomes the host of encampment department and auxiliary I.O.O.F. delegates for their annual state convolve. This city is always honored to entertain the type of people who participate in such worthy fraternal activities.

No wolver howled around here Saturday, for Big Spring opened its conference schedule Friday with a win it fought for and earned. Everyone of the Big Spring lads were putting out all they had on every play. That's what we like to see—win, lose or draw.

W. C. Blankenship, city school superintendent, said Saturday that railroad officials had extended commitments on the orderliness of the 300 fans who rode the special to Odessa. Also the management of a hotel had had praise for the conduct of the team during its short stay. That's the way to do it.

A couple of more notes about football. The Odessa half-time stunt was marvelous; what with more than 300 students, including the band, pep squad and girls PE class members, the field at one time. But they're a little fast for this column over in Ector county—the soda pop boy was hawking his wares with this startling slogan: "Get your good old chasers here."

An organization giving the band well deserved support is pushing for new uniforms. The baseball interests are pushing for a new park. Both of these groups merit aid for their work.

Regarding the world series, a local employer gave this timely advice to his workers: "Take time. See THE WEEK, Page 8, Col. 3

TWO WEEKS IN N. Y. RODEO SHOW

NEW YORK, Oct. 7 (AP)—The first serious casualties of the Madison Square Garden rodeo put Homer Pettigrew of Grady, N. M., and Vic Schwarz of Wichita Falls, Texas, out of competition tonight.

Pettigrew suffered a broken ankle when he was thrown from his horse during the calf roping event. Schwarz was stricken with appendicitis just before tonight's performance. The Garden physicians recommended an immediate operation, but Schwarz refused and took a plane for his home.

Sydney Yockey, the 17-year-old girl calf roping champion, Texas, barely escaped a serious accident when her horse fell. She was dazed and missed her catch when she tried to continue the pursuit of the calf.

Rainfall In Some Sectors

By the Associated Press

Texas scanned half-clouded skies Saturday night in hopes that rainy conditions which touched the extreme western part of the state would spread out.

The weather bureau, however, failed to indicate a break in the drought which has dogged farmer, rancher and country distiller.

At Dallas, D. G. Coffman, in charge of the federal alcohol tax unit, said agents found only five stills the past week because creeks and branches are dry, and illicit distillers are having trouble finding water for their operations.

El Paso had .48 inches of rain-fall yesterday; Amarillo, .08, and Borger had light showers. General light to medium rains fell over southern New Mexico.

PLANE GROUNDED

Thunderstorm conditions hovering over extreme western Texas Saturday night grounded an American Airlines plane here pending a break in the weather.

El Paso reported light rains and low ceiling, but Guadalupe Pass was fogged in. Wink had low ceiling and some moisture, while Midland was on the eastern edge of the area. Forecasts indicated the condition would move eastward to Big Spring before daybreak with possibility of some precipitation before clearing.

The westbound airliner was due to resume its flight at 6:30 a. m. Sunday.

OLD INDICTMENT AGAINST TURMAN IS DISMISSED

DALLAS, Oct. 7 (AP)—A 10-year-old federal indictment charging Luther C. Turman, former West Texas oil man, with income tax evasion was dismissed here today.

U. S. Attorney Clyde Eastus told Judge William H. Atwell that a receiver for Turman's affairs had paid the government \$100,000 in settlement of the amount due and that the attorney general's office had given permission to dismiss the indictment.

The case, which had been continued from term to term, charged evasion of income taxes while Turman was a wealthy oil man operating largely in Winkler county.

PLANS COMPLETED FOR CARETAKER'S COTTAGE AT LAKE

Plans and specifications are now ready on the Moss Creek lake caretaker's cottage and concessions building, city officials reported Saturday.

It was indicated that bids would be asked within two weeks and that possibly construction could be started within a month.

The building will be of an asphalt stabilized adobe.

Convene Here

Upwards of 500 delegates and representatives from the two higher branches of Odd Fellowship in Texas are expected to arrive here today for the 86th annual state I.O.O.F. grand encampment and the 43rd annual session of the department, council Patriarch Militant of Texas and its auxiliary.

The three-day party, which opens formally at 8 p. m. in the municipal auditorium, is the first such gathering to come to Big Spring. Two years ago the department council was held here without joining forces with the auxiliary and thus was unofficial.

Saturday afternoon several groups of Odd Fellows arrived in Big Spring and more were due Saturday night and Sunday morning. Registration opens Sunday morning at the Crawford, headquarters for the convention.

Rev. W. S. Garnett, pastor of the East Fourth Baptist church and member of the local lodge, will deliver the memorial address at the municipal auditorium under the direction of the Rebekah lodge. E. Guy LeStourgeon, San Antonio, past grand patriarch and editor of the fraternal paper, "The Good Samaritan," will eulogize departed brothers.

Business sessions get off to an early start Monday with the department council session in the Crawford ballroom at 7:30 a. m. At 9 a. m. there will be a public ceremony at the city auditorium at which Rev. Garnett will pronounce the invocation, Joe A. Faucett, encampment member, will give

Senators Want FDR To Lend Services Toward Ending War

Sentiment Develops Favoring Action;
Administrative Sources Silent

WASHINGTON, Oct. 7 (AP)—A strong wave of sentiment developed in the senate today for President Roosevelt to step into the role of peacemaker in Europe.

Senators on both sides of the neutrality controversy expressed the opinion that the chief executive should take advantage of any clear opportunity afforded by overtures from Berlin to aid in ending the European war.

Administration quarters, however, remained silent. Secretary Hull declined comment on the dispatches from Berlin indicating that Chancellor Hitler would welcome a move by Mr. Roosevelt to effect a European settlement. At Hyde Park, N. Y., Mr. Roosevelt sent word to reporters that he had nothing to say.

It was pointed out in authoritative circles that this government has consistently taken the position that it was ready and willing to help Europe reach a general understanding on economic and disarmament questions, but had no intention of being drawn into its political disputes. This was the tenor of Mr. Roosevelt's peace appeals to Hitler prior to the beginning of the conflict.

Senate comment on the Berlin dispatches, almost without exception, was to the effect that there was no reason why Mr. Roosevelt should not endeavor to effect a peace and every reason why he should.

Senator Johnson (D-Colo.), who has proposed previously that the chief executive join other neutrals in seeking an armistice, declared that it would be a great honor for the president to mediate the European war.

He expressed the opinion that Mr. Roosevelt would have an opportunity to obtain an "honorable peace" and predicted the chief executive would take advantage of the opportunity.

Senator Wheeler (D-Mont.) told reporters the president "has the greatest opportunity of any American president in history to serve humanity and bring about a permanent peace in Europe while preventing the slaughter of millions of human beings."

"I believe," Wheeler added, "that democracy will be driven from the face of the earth if England and France persist in trying to restore the former government of Poland because that means war clear across the eastern hemisphere with incalculable damage to peoples and the democratic form of government."

"I believe the 99 per cent of our people, who oppose our becoming involved in any European war, will not only support but welcome President Roosevelt in immediately taking the initiative in trying to arrange an armistice to end this senseless war. Our people not only are motivated by humane desires but by a belief that the best way to keep out of an European war would be to restore peace over there."

Chairman Pittman (D-NeV.) of the senate foreign relations committee voiced the opinion the president would not hesitate to "make any appropriate suggestions" for an European peace.

Declaring he had not consulted the White House, Pittman added that it would be "too much responsibility" for the chief executive to undertake the formal role of mediator or arbitrator.

Russia's Oil Supply Short?

GALVESTON, Oct. 7 (AP)—Doubt that Russia could supply Germany's vital war-time oil needs was expressed today by V. R. Garfield, head of the foreign oil department of the Cities Service company.

Italy's entrance into the war on Germany's side, he said, apparently would complicate the axis powers' fuel shortage for mechanized fighting machines.

He expressed the belief that, with an effective sea blockade by the allies to cut off the oil flow from North and South America, "it is far more advantageous to Germany to have Italy as a neutral than an active ally."

Waiting Game Being Played By The Allies

Depending Upon Block-
ade Of Germany To
Take Full Effect

By H. TAYLOR HENRY

PARIS, Oct. 7 (AP)—French and British sources indicated today the allies were playing a delaying game to prevent the start of major German operations on the western front in order to let winter weather give full effect to the blockade of Germany.

These sources indicated that allied leaders were convinced that if Germany had to face a winter siege without sensational land battles to bolster the morale, the Nazis would be much weaker when winter cleared again for military operations in the spring.

French military observers set the end of October as the outside limit for the German offensive to start. While there often is "Indian summer" weather in Alsace-Lorraine through October, the weather turns bad with the beginning of November and stays bad through February.

Experienced French military men recalled that during the last war the weather was such that two weeks in December and January when it was possible for airplanes to take off, even for reconnaissance flights.

The French and British appeared to be taking full advantage of Adolf Hitler's "peace lull," doing everything possible to prolong it until the end of October.

After that the war probably would settle down to a winter siege with the western front stalemated and the British and French fleets drawing a sea cordon about Germany.

In that connection the French general staff's communique tonight said the French navy in the last week had intercepted 30,000 tons of merchandise destined for Germany.

The communique also reported artillery action on both sides between the Moselle and Saar rivers and patrol action, also by both sides, south of Zweibruecken.

The French high command, far from pressing an offensive against German lines, seemed to be carefully strengthening its own advance positions against occasional attacks which were reported repulsed.

During the last week the Germans made perhaps 10 or 12 of these small attacks against French lines established on German territory.

Most German attacks were made during the night, the communique indicated. In the largest there was scarcely a platoon involved and in the majority the Germans used only a combat group or section—eight to 25 men.

These German night attacks of the last week seemed designed to test out French strength in the areas where they advanced farthest into the German no-man's-land separating the Maginot and Siegfried lines.

BRAIN SURGEON IS CLAIMED BY DEATH

NEW HAVEN, Conn., Oct. 7 (AP)—Death ended today the career of Dr. Harvey Williams Cushing, internationally famous brain surgeon, author and teacher.

The 70-year-old professor emeritus of neurology at Yale university, father-in-law of James Roosevelt, father of the president, died in New Haven hospital of a heart ailment following a long illness.

Hardly had his death become known before tributes were received from throughout the nation.

Said Willing To Accept An Armistice

Roosevelt Talked As
A Possible Inter-
mediary To End War

By Melvin K. Whitteather

BERLIN, Oct. 7 (AP)—With Adolf Hitler represented as confidently expecting his peace proposals to bear fruit, the Nazi slogan tonight was "out of the Siegfried Line by Christmas."

Trenches Empty Soon? Nazi leaders said they saw no reason why the trenches and coxles could not be emptied by Christmas if powers desiring peace acted immediately upon the peace projects the fuhrer outlined yesterday in his Reichstag speech.

Hitler, it was reported authoritatively, would accept an immediate armistice if such were proposed by President Roosevelt or the head of some other big neutral power with a view to forming the necessary basis for an all-inclusive conference to reach a general settlement of Europe's problems.

Was activity, as reported by the German high command, was negligible. One French scouting plane, the communique, was shot down at Godesberg and another forced down at Euskirchen.

In the east, German troops were reported cleaning the woods and marsh-lands of a few scattered Polish forces and classifying the Polish war booty which was said to be as great as near estimates could yet be given.

News of Soviet Russia's invitation to Finland to send representatives to Moscow to discuss political and economic matters greatly surprised Finnish circles here.

The belief had been expressed in these and in political quarters generally that the Finns would be given benevolent German protection because of the long-standing friendship between the two nations.

The Germans sent an expedition to see HITLER, Page 8, Col. 5

Allies To List Full War Aims

LONDON, Oct. 7 (AP)—A detailed statement of British-French war aims, describing the kind of Europe the western powers want as a reply to Adolf Hitler's peace proposals, was foreshadowed tonight in the British press and comment in political circles.

Any possibility of acceptance of Hitler's terms or even negotiation on the basis of them appeared to be ruled out in the light of yesterday's British government statement and sharp newspaper editorials.

A reply more detailed than yesterday's statement was planned by Prime Minister Chamberlain in a house of commons speech, probably next Wednesday in his weekly war report.

Discussion centered mainly tonight, however, on the prospect that Hitler's reichstag speech would hasten an announcement of the specific war aims of the allies and the terms upon which they would enter into negotiations with Germany.

Lord Halifax, the foreign secretary, indicated as much in the house of lords Wednesday when he said any peace proposal from Germany would be examined with care and added:

"I certainly do not rule out the suggestion that there might be a possible and desirable opportunity for some reasoned statement of the position adopted by this country before the world."

In general terms, Chamberlain has described the war aims as the redemption of Europe from "the perpetual threat of German aggression."

Restoration of an independent Poland and Czechoslovakia also have been cited as war objectives.

But allied proposals for creating a new order in Europe have been urged in political quarters and in the press since long before the outbreak of the war.

Foreign circles regarded as evidence of Britain's refusal to make peace at the price of Poland, a ministry of information announcement that August Zaleski, foreign minister of the Polish government in exile set up in Paris, would visit London next week to confer with Lord Halifax and other members of the war cabinet.

There was official silence on dispatches from Berlin suggesting that Hitler would agree to an armistice were it proposed by President Roosevelt or the head of any other important neutral power.

The admiralty announced that two British minesweepers were attacked by German flying boats in the North sea this morning. The announcement said no casualties were suffered by either side.

RUSSIANS CONTINUE TO WIDEN AUTHORITY IN BALTIC AREAS

By WITT HANCOCK

MOSCOW, Oct. 7 (AP)—Lithuania's hopes that she would regain her former capital, Wilno, in return for concessions she was expected to make to Soviet Russia received a setback tonight with reports that Wilno workers opposed such action.

Soviet broadcasts of reports of the workers' meetings said that speeches and resolutions demanded annexation with Soviet Lithuania. Wilno, historic Lithuanian capital, was seized in 1920 and added to Poland; it is in the Russian occupied part of the partitioned country.

Political observers said Lithuania—whose diplomats returned here after consultations at home—still might part of the surrounding territory for the favor of the Wilno report, indicated the soviet had no idea of turning that city over to the Baltic state.

Unofficial reports said Lithuania would be asked to give Russia transit rights and possibly a port as a naval base. There were unconfirmed reports also that Lithuania's frontier with Germany would be strengthened.

EVERYTHING FRIENDLY ALONG THE SWISS-FRENCH FRONTIER

By CHARLES S. FOLTZ, JR.

ON THE FRENCH-SWISS FRONTIER, Oct. 7 (AP)—It's a funny frontier, this jagged line running between France and Switzerland.

One country mobilized to get into the war, the other mobilized to keep out.

And both have gone through the grim formalities of protecting themselves from theoretical attack from or through the other.

At one frontier post in the Jura mountains west of Lake Neuchâtel three machine-guns cover the pass leading into France from Switzerland. Swiss machine-guns have them from the other side.

City's Losses Point Up Importance Of Fire Prevention

Programs Are Planned For Special Week

Observance of National Fire Prevention Week should have much significance for Big Spring during this week, E. R. Bethell, city fire marshal, said Saturday.

Big Spring, with its 25 per cent credit already shaved five per cent, is due to have it all wiped out and a 15 per cent maximum penalty fixed in its place by virtue of one disastrous fire, Bethell pointed out.

That was the half million dollar loss in the 1938 compress fire. Only a small portion of the loss was charged against last year's record.

and the remainder is due to be included in the loss total for this year.

In 1938, said Bethell, fire insurance premiums in Big Spring totaled \$101,409 and losses \$55,303, of which \$53,000 was charged to the compress. To October 1 of this year the fire marshal estimated that premiums would reach \$100,000 and losses around \$444,894.31, of which \$440,000 is chargeable to the compress.

As unpromising as this picture is, continued the fire marshal, it should serve to remind Big Spring people that eternal vigilance through fire prevention is necessary to preserve a good fire record.

Because one of the most effective entrances into the home in matters of fire prevention is through children, Bethell will appear at the various schools for brief talks on Monday, Tuesday and Wednesday. On Friday at 9:30 a. m. there will be a fire drill, followed by talks and a playlet, "The Trial of Fire," before students at the school auditorium.

In addition there will be poster and essay contests in the schools and Bethell and Fire Chief Olie Cordill will make inspections. Other fire department members may make similar surveys.

A Fire In The U. S. Every Twenty Seconds; There's A Loss Of \$800 Every Minute For Nation To Pay

Everytime the second hand of your watch ticks off 20 seconds, somewhere there is a fire.

Three fires a minute, every hour of every day—such is America's fearful fire rate.

America has a total of more than 1,577,000 fires a year.

Every 24 hours fire destroys 1,211 buildings. Of these 931 are homes—five are schools—five are churches—15 are hotel buildings—six are department stores—two are theatres—eight are public garages—three are printing plants—three are dry goods stores—96 are farm buildings.

The balance of 137 are miscellaneous occupancies.

Fire costs America over \$800 a minute, or \$48,200 every hour.

In the last five years the total property loss from fire reached the gigantic total \$1,294,670,800.00.

50,000 Lives Lost

In the last five years the total number of lives lost from fire exceeded 50,000—almost as great a

loss as that of American soldiers in the World war.

More than 75 per cent of the losses of life from fires occur in dwellings.

Of the lives lost in dwelling fires, more than one-third are children. 3,500 people are burned to death in farm fires each year.

The farm fire loss amounts to, in round numbers, \$100,000,000 each year.

Eighty-five per cent of all farm fires are due to just seven causes—all largely preventable. In the approximate order of their importance these are:

- (1) Lightning, (2) defective chimneys and heating apparatus, (3) matches and smoking, (4) combustible roofs, (5) spontaneous ignition, (6) gasoline and kerosene, (7) electricity.
- Nine out of 10 fires of all kinds could be prevented.
- Everyone you meet or talk to or know will help pay for a fire today.

The cost of fire goes into every budget.

The annual fire loss on school and college property in the United States is more than \$5,000,000.

Farm Fire Loss

Loss from farm fires in the United States annually is equivalent to a \$18 per capita tax on every farm in the country.

Of all industrial buildings burned during the last five years an average of 43 per cent failed to rebuild or resume operation.

No building is any safer than those which expose it, or the contents which may be stored therein.

Over a five-year period approximately 90 per cent of all forest fires were man-caused and could have been prevented.

Reports show that one per cent of the number of fires is responsible for 68 per cent of the amount of the loss.

During the last 10 years statistics show an advance of 43.05 per cent in the number of dwelling fires.

Accidents that occur from inflammable liquids in the home are 80 per cent fatal and practically no one escapes without severe injury.

Insurance is not a shock absorber; it is simply a shock distributor. Insurance does not prevent fires—carefulness often does.

Fire Prevention Proclamation

WHEREAS, the week of October 8 to 14 inclusive has been set aside as National Fire Prevention Week; and

WHEREAS, anything that tends to decrease hazards is helpful to the people of our country, regardless of whether they live in cities or in the rural districts; and

WHEREAS, a fire department no matter how efficient it is needs the cooperation of the citizens of the community; and

WHEREAS, the Federal Housing Administration, under the terms of the National Housing Act, is an available source from the property owner's standpoint of providing fireproof materials, which aid fire prevention;

NOW THEREFORE, I, R. V. Jones, Mayor of Big Spring, do hereby ask the citizens of Big Spring to join this year in participating in National Fire Prevention Week and to do everything possible to cooperate in the work being done in behalf of fire prevention.

Penalty Due To Replace Fire Credit

Big Spring, along with every other city in the state, makes its own fire insurance rates to a certain degree.

Records for the past six years show conclusively that this city is paying and will continue to pay for its losses through a system of penalties and credits.

The total loss record for the six-year period from 1934 to Oct. 7, 1939, amounts to \$332,171. Of this amount, roughly about \$500,000 is due to the fire that razed the main unit of the Big Spring compress last year.

Over the same period, premium payments in Big Spring have totaled about \$458,164. With a 15 per cent penalty expected to replace a 20 per cent credit, local premiums are due to about even the losses over the period next year.

A chart of premiums and losses follows:

| Year— | Premiums | Losses |
|-------|-----------|-----------|
| 1934 | \$ 72,662 | \$ 12,361 |
| 1935 | 61,370 | 7,827 |
| 1936 | 59,209 | 5,994 |
| 1937 | 62,514 | 5,790 |
| 1938 | 101,409 | 57,303 |
| 1939* | 100,000 | 444,895 |

*Estimated premiums; losses to October 1.

10,000 Lives Lost In Fires Each Year

Every year approximately 10,000 persons lose their lives because of fire.

It is a fair estimate that during an average of four hours each day for 200 days in the year there are 26,000,000 children housed in the public schools of the United States. Statistics show that five of these schools burn every day in the year. Children pay the penalty for someone's carelessness.

The Collingwood, Ohio, school-house fire cost the lives of 174 children and two teachers. It started from a steamship in contact with a wood floor.

The Peabody, Mass., school fire snuffed out the lives of 21 children. It was due to a pile of rubbish.

The Cleveland, S. C., school fire in which 76 persons lost their lives was due to an improperly protected lamp.

The fire in the Babbs Switch, Okla., school was caused by lighted candles on a dry Christmas tree. A total of 36 children perished.

The gas explosion in the school at New London, Tex., resulted in the death of 294 children.

In Camden, S. C., 75 children died; in Plaza del Rey, Calif., 24 died.

Fire occurred in one out of every 75 school buildings in the United States during the year 1937.

More than 75 per cent of the losses of life from fire occur in dwellings and of those more than one-third are children.

Three thousand five hundred people are burned to death in farm fires each year.

AMERICAN HELIUM INTO GERMANY?

WASHINGTON, Oct. 7 (AP)—Has Germany finally obtained some American helium, despite the opposition of Secretary Ickes?

The state department authorized export of 220,000 cubic feet of helium to Poland last June for use in a stratosphere flight. It was shipped to Zakopane, one of the first regions occupied by German troops last month.

No word has been received here as to whether the Poles released the helium before they fled, or whether it fell into German hands.

Student Contests On Fire Prevention Are Being Held

In an effort to stimulate interest in "effective fire prevention 52 weeks in the year," every student in every grade of school is being urged to participate in the poster and essay contest for Fire Prevention Week.

The chamber of commerce and the Big Spring Fire Insurance Exchange is posting prize money for two winners in each grade. Grades from one through seven will participate in a poster contest with prizes of \$1 and 50 cents in each division. The same prizes hold good for grades eight through 11 in the high school essay contests.

An unnamed committee of judges will select winners in each grade and awards will be announced at the end of the week.

Wildcat Tests Are Staked In Two Counties

SAN ANGELO, Oct. 7—Staking of locations for wildcats in the northeastern corner of Yoakum county and in southeastern Cochran county shared interest in West Texas this week with efforts by Stanolind to develop the second deep Permian lime producer in northern Ector county and by Magnolia to open a new pool south of the Magnolia-Sealy field in northern Ward county.

The Lehn Permian lime pool west of the Masterson field in northern Pecos county registered its largest producer to date, the first Ordovician well in the Big Lake field in more than five years was completed and a Palo Pinto lime test was spudded in Rannels county northeast of Ballinger by Homer Price.

On the borderline of the Permian basin and the West Central Texas district, Nolan county's indicated first pool opener, Green & Owens and Metcalf & Hallinan No. 1 S. Tipton cemented a 1-2 inch pipe at 5,151 feet and will drill plugs probably Sunday. It headed oil last week from straw sand at 5,135 to 5,138 feet, the total depth. The strike is in the southwest quarter of section 43-19-T&P, three miles southwest of Trent.

In Yoakum County The wildcat in the northeast corner of Yoakum county was staked by the Sloan & Zook company of Bradford, Pa., and Tom N. Sloan, Midland independent operator, on land of Mrs. J. E. Fitzgerald, 330 feet out of the southeast corner of section 22-D-John H. Gibson. It will be 2 1-2 miles south and slightly east of the Duggan pool in Cochran county and 4 1-2 miles northeast of Magnolia No. 1 Taylor, a Yoakum county dry hole. Spudding with rotary by Geo. P. Livermore, contractor, is scheduled October 11.

The Atlantic Refining company dug cellar and pits for No. 1 H. T. Boyd, southeastern Cochran county wildcat, 580 feet out of the southwest corner of labor 11, league 56, Oldham county school land, half mile west of the Heckley county line. Retaining 1-16th royalty, Humble reportedly assigned eight laborers to the Cascade Petroleum company, which turned seven to Atlantic for the test, which will be 2 1-4 miles northeast of Texaco No. 1 H. T. Boyd, east extension to the Duggan pool in Cochran county.

Fumble No. 1 J. Westlimer, northwestern Cochran county wildcat, had drilled to 4,928 feet in lime, anhydrite and shale, and Gulf No. 1-C Swenson, southwestern Crosby county wildcat, had cored to 7,522 feet in lime.

Atlantic started No. 1-B Thos. S. Riley, south offset to Ohio No. 1 E. I. Gibbs, new producer in the four-mile gap between the original Memorial field in Gaines county and its four-mile extension. The Ohio well flowed 972.92 barrels of oil on an official 24-hour, natural gauge at 5,368 feet. Atlantic's south offset will be 660 feet from the north, 1,980 feet from the west line of section 22-9-WTRR.

Stanolind No. 1-A B. H. Blakeney, half mile west of the south end of the North Cowden field in Ector county, was swabbing to test deep Permian lime that showed oil staining and some porosity from 5,120 to 5,160 feet, the total depth. It is in the southwest quarter of section 28-43-In-T&P. Gulf completed its 220th producer in the Goldsmith field in Ector county, its No. 220 Goldsmith registering a daily potential of 1,807 barrels at 4,210 feet after being acidized.

FORMER PASTORS TO SPEAK

Former pastors of the church will be featured speakers in services today, as the St. Paul's Lutheran church observes its anniversary. Anniversaries of the churches at Midland and Lorraine will be observed simultaneously. At the left is Rev. W. G. Buchschacher of Temple, who formally organized the local church ten years ago, and who will speak at the 10:30 a. m. service. From Pa. 50: 14-15, he will talk on "A Three-Fold Instruction For Your Anniversary Service." At the right is Pastor E. A. Heckmann of Biesel, Tex., who will speak at the 3 p. m. service, with his text from Matt. 16: 13-19. Rev. Heckmann served Big Spring and surrounding territory from 1913 to 1930, and is at the present vice president of the Texas District.

'Icicle' Driver To Start Endurance Drive Here On Monday Evening

Appearing in Big Spring from October 9 to 14th, "Jimmie" James, who claims to hold the record for non-stop auto driving, is ready to "do his stuff" on the used car lot of the Big Spring Motor company on Main street. At 7 o'clock Monday night, October 9th, James, wearing only a pair of swimming trunks, will be fully encased in four blocks of ice for one full hour. He will broadcast his sensations from within the ice. Thirty minutes after he is thawed out he will be handcuffed to the wheel of a 1940 Ford 95 sedan and will drive for five days and five nights without stopping or sleeping. He will make the drive in a fifty-foot circle in low gear. The public is invited to get into the car at any time and ride with "Jimmie" at any time during the endurance period.

As an added feature of the exhibition, there will be amateur shows nightly during the drive where cash prizes will be given to the participants, and at no time will there be admittance charges.

The 120-hour "Jimmie" James campaign is made possible through the cooperation of a group of Big Spring firms. A page advertisement concerning this show will be found elsewhere in this edition.

SPEAKER HERE

Evangelist Jacob Rosenthal (above) converted Jew, is speaking currently each day and night at the Fundamental Baptist church, and the public is cordially invited to hear him. Rev. Rosenthal, an able speaker, will give the story of his life and his conversion at the evening service Sunday.

WORKERS ON DAM GET WAGE HIKE

WASHINGTON, Oct. 7 (AP)—Rep. Lyndon B. Johnson of Johnson City, Tex., said he had received word from Secretary Ickes that a wage increase would be granted hundreds of workers employed in construction of Marshall Ford dam on the Colorado river near Austin.

the prevailing wage scale already existed. Examples of the wages increases, said Johnson, were: structural steel workers, riggers, electricians and electric line men, raised from \$1 to \$1.25 an hour; operators of concrete equipment, 65 cents to \$1 hourly, and lineman's helper, 55 to 70 cents an hour.

AN ANALYSIS OF THE WAR DEVELOPMENTS

By KIRKE L. SIMPSON Associated Press Staff Pending more definite Franco-British rejoinder to the Hitler "peace move," neutral speculation centers on the extent to which the German leader's recharging speech may indicate German plans for the immediate future—if it is to be war. Military minds found considerable significance to interest them in Hitler's words. His speech may have furnished a missing factor without which the possibilities or probabilities of early ruthless war in the air in western Europe were not previously clear. It is not lost upon such trained onlookers that Herr Hitler, in drawing his graphic word picture of what continuation of the "unthinkable" war in the west would mean, talked almost wholly of war of the air. His picture of long range French and German guns pounding away at enemy towns and cities far behind the front argues against a German plan to attempt to crash through the deeply fortified French Maginot line. Likewise, it spells out German confidence that her own Siegfried Line can hold out against any assault. Air Power To the German leader, as to all military folk, it is the air power that alters the probable scope and nature of this war from any that the world previously has seen. It was the airways of attack he had in mind.

"Whatever cannot be reached by the long-distance guns will be destroyed from the air," he warned. "And this battle of destruction will not be confined to the land. No, it will reach far out over the sea. Today there are no longer any islands." There can hardly be a doubt that Hitler was calling up visions not only of German air fleets raining destruction upon the British Isles, but upon British merchant shipping and war craft as well. Submarine sinking leaves some hope that the crews may escape in ships' boats, even if the attack comes without warning. Air attack on merchant craft, with bomb splinters striking down passengers and crew, could be more terrible than unrestricted undersea warfare.

On The Seas The toll taken by German U-boats of allied shipping is as yet negligible by figures of the British admiralty. But combined air and undersea attack is a phase yet to be tested in actual war. In World war times, even lesser merchant craft afforded fairly stable firing platforms for guns with which to beat off submarines attacking on the surface. Whether they also can be adequately equipped with anti-air craft guns and crews to beat back air bombers remains to be disclosed. In any event, there is nothing about the Hitler speech to suggest that Germany now contemplates a head-long assault on the allied defenses along the Franco-German border, or even another thrust across Belgium such as the German sweep of 1914. He specifically warned France that bombardment of Saarbruecken from the French-held "balcony" overlooking that German center would mean that "German artillery will in turn lay Mulhouse in ruins." Out of that and renewed Hitler intimations of no desire to violate Belgian neutrality, military students can build up further the thesis that neither side is grooming its forces for a major attack on the west front before next spring or early summer.

SEAGRAVES TO HAVE NEW PHONE BLDG.

SEAGRAVES, Oct. 7—The attractive brick building being erected by the Southwestern Associated Telephone company on Gunnip avenue is nearing completion and installation of switch boards and other equipment is to be started within the near future.

The telephone building is one of the most attractive new business structures in Seagraves. Equipment to be installed will be new throughout, offering to the public service not surpassed in this section. Sixty-two new telephone connections have been made during the past few weeks, since the current directory came from the press. The company expects to move to its new home by January 1.

ARKANSAS COMES FROM BEHIND TO TRIM CHRISTIANS, 14-13

The Sports Parade

By HANK HART

Paul Kasch, the Big Spring high school gridder's star center who was injured on the first scrimmage play of the Friday evening tussle

The play of Harold Bethell and Hal Battle, half back and guard, respectively, for the Bovines, had the Odessa fans gasping. . . . Bethell, in going 60 minutes for the first time, played a great defensive game as well as starting on the offense. . . . Battle was in an every play and stamped himself as the conference's outstanding guard. . . . Incidentally, Battle was named as captain for the evening. . . .

The Steer line was charging better than at any time during the past season and completely outplayed the Broncho wall throughout the four periods, looking particularly impressive when their goal line was threatened. . . . The performances of Bobby Savage, the two tackles, McWade McDaniel and Douglas Pyle, and Owen Brummett, sturdy little line backer, were outstanding. . . .

Joe Coleman's Odessa club has been sadly overrated. . . . The Bronchos cannot hope to compete with Sweetwater's Mustangs and San Angelo's Bobcats and can be rated no more than an even bet against Abilene and Lamesa. . . . The Hoses had three men handicapped by injuries but all managed to play. . . . The reason Billy Hogan broke through the Steer line for the second quarter touchdown that was called back was because the Herd secondary made no effort to crowd him when the referee's whistle blew and not because he outstepped the whole line of defenders as was claimed. . . . His knee did not touch the ground as the officials ruled, however. . . . The arbiters were too quick on the whistle. . . .

Almost 400 Big Spring rooters rode the special train. . . . Scores of others made the trip by automobile. . . . All in all, the enthusiasm was the most shown by the local folks in many a moon. . . . The hospitality of the Odessans was overwhelming. . . . They greeted the train, afterwards offered all Big Spring fans rides to and from the game in school buses. . . . Several Odessa school officials were frankly disappointed at the attitude local leaders assumed in charging all students for admittance. . . .

The punting of Bethell was better than the records would indicate. . . . At one time in the first quarter he booted the pig hide some 47 yards and watched it hit the flag in one of the coffin corners. . . .

According to the records, the average "life" of a coach is about 12 years and the average time he spends at one school is but five seasons but Bob Zuppke of Illinois Harry Hughes of Colorado State and J. M. Sanderson of Morning-side apparently have never heard of that custom. . . . Hughes has been associated with State for 29 years. . . . Zuppke went to Illinois 27 years ago while Sanderson joined Morning-side back in 1917. . . . Other mentors who have been associated with one school for a dozen or more years and their records are L. C. Soles, Wooster, 25; Spee Keene,

Jack Harlow, who worked out here as a member of the Amarillo Sandie football team, is a brother to John Harlow, SMU's popular halfback of other years. . . . Woody Coats and H. C. Burrus, both of Big Spring, made the trip with Hardin-Simmons gridder to El Paso this weekend. . . . The Austin (El Paso) high footballers who meet the Steers in a non-conference game here Friday night a candidate for all-state honors in Freddy Salem, end, who rated all-district laurels last week. . . . He is said to be the greatest wing ever turned out by the Border city school. . . .

HUSKIES LOSE TO UCLANS

SEATTLE, Oct. 7 (AP)—Coming from behind, the University of California at Los Angeles Bruins scored two second half touchdowns to defeat the University of Washington Huskies 14 to 7 before a crowd of

16,000 today. Steele's end sweep scored for Washington in the first period. Gilmore caught a pass and rambled five yards for the winning counter late in the fourth period.

Of 14,000,000 aliens in the United States, more than 6,000,000 had not applied for citizenship up to the time European hostilities started.

Scoring Punch Absent Again For Frogs

Adams Scores Winning Touch on End-Around Dash

By FELIX R. MCKNIGHT
FAYETTEVILLE, Ark., Oct. 7 (AP)—Battered Arkansas weathered two direct hits from Texas Christians' mighty bomber and then charged back with a magnificent dying-minutes drive to pull out with a 14-13 triumph in the Southwest Conference football opener today.

Mad passing kept Texas Christian in the ball game, both touchdowns coming from aerial gains of 50 and 75 yards, but Arkansas, "the passingest team in the nation," gained up its crippled and produced when the chips were stacked. Tied 7-7 at the end of the third period, Texas Christians' second string pulled an incredible 75-yard sky gain, little Rusty Covart heaving a 20-yard pass that Halfback Logan Ware caught and carried 50 more down to the Arkansas 15 where Aubrey Neal flicked his flying heel and sent him sprawling.

The ball skidded to the one where Spud Taylor recovered for TCU and Sophomore Frank Kring diving it across. Earl Clarke's kick was low. Score: Texas Christian 13, Arkansas 7.

Take To Air
Came the typical "comeback" Arkansas passing game. Starting from their 40 after a short kickoff, the Porkers, with Kay Eakin, a grand football player, passing scurried down field to the TCU 16 on passes and little Walt Hamberg's churning sweeps. Eakin shot a pass to Sophomore O'Neil Adams on the six. Adams, a fancy runner, swept around from his end post and scored on an end-around—his second such feat of the day.

Match play will get underway at 7 a. m. Entrance fee is \$1 which includes the barbecue. H. D. Williams and Sam Rust are handling arrangements. In the club's spring tournament Doug Jones, Big Spring, snatched the title laurels, defeating Guy Rainey, Forsan, in the finals.

PATRICK LEADS BIBLEMEN IN UPRISINGS

MADISON, Wis., Oct. 7 (AP)—A hard charging Texas University football team which took advantage of every opening handed the Wisconsin Badgers a stunning 17 to 7 defeat before a crowd of 25,000 here today.

After a scoreless first half the Texas Longhorns smashed through the jittery Badgers for a pair of touchdowns and a safety in the third period to take a 15 to 0 lead. They added two points on another safety in the final quarter. Wisconsin scored three minutes before the game ended.

The Longhorns dominated the play except for brief periods in the first and final quarters. A substitute fullback, R. B. Patrick, was the spearhead of the Texas third quarter drive. He ripped through the Wisconsin line for 21 yards on five smashes after Gilly Lewisdown and a safety in the third period to take a 15 to 0 lead. They added two points on another safety in the final quarter. Wisconsin scored three minutes before the game ended.

Cayuses Triumph Over Teachers

Denton Stages Good Defensive Struggle

By HAROLD V. RATLIFF
DALLAS, Oct. 7 (AP)—Freston Johnson played like a major leaguer for the Southern Methodist university Mustangs here today, sparring the Red and Blue North Texas State Teachers college team that never stopped battling until the final gun.

The game was less than two minutes old when Johnston battered his way to a touchdown, circling end for 12 yards and adding 8 for the counter after the Teachers had drawn a five-yard offside penalty. Jack Sanders kicked the goal.

Johnston set the stage for the second Mustang score early in the third period with a 58-yard quick kick that pushed the Teachers back to their 8. Sanders crashed through to tackle Johnny Riola, the spearhead of the Teachers offense, behind his goal line for a safety. Johnston took personal charge of all the fireworks in the third quarter, soon after engineering a drive that ended with him plunging over from the 6-yard line. However, the Newcastle fumbled the ball over the goal line, and it went as a touchdown.

Irish Squeeze Out 17 To 14 Triumph

By TOM SILER
SOUTH BEND, Ind., Oct. 7 (AP)—The Fighting Irish of Notre Dame, squelching a desperate last quarter rally, squeezed out a 17 to 14 victory today over an underrated Georgia Tech eleven in a brilliant offensive battle before 33,000 spectators.

The inspired southerners scored the first touchdown and the last, but inbetween the Irish drove to their two scores, which with a first period field goal, gave them a hard-earned decision.

Tech came to life in the final period with the score standing 7-17 against them, the attack being paced by little Johnny Bosch, who passed and ran the invaders down to Notre Dame's 13-yard line where Tech got a first down. Bosch tossed a 10-yard pass to Robison who fell over the goal line. Eeter place kicked the point.

Bearcats Lose To Sterling

GARDEN CITY, Oct. 7—The game that seems to be destined to be the closest in the 1939 history of six-man football was played between the Garden City Bearcats and the Sterling City Eagles Friday afternoon on the Garden City gridiron. The Eagles were declared winners after the score was tied, 26-26. Sterling scored early in the game on a pass from Mills to Green for a touchdown and six yards. The extra point was not made, leaving the score 6 to 0 at the end of first quarter.

After a punt by Hall of Sterling City went out of bounds on the Garden City 35-yard line, Fern Cox set the ball in scoring position by a run of 25 yards to put the ball on Sterling's 30-yard mark. On the fourth play a forward pass from Alsup to Swindall who threw a backward pass to Medlin, the ball was carried over to tie the score. On the first play after the kick from Swindall of Garden City to Augustine of Sterling a pass from Broom to Green was good for a touchdown for Sterling City. On the second play after the kick from Sterling to Garden City Alsup ran 75 yards to tie the score a second time, 12 to 12. About the middle of the second quarter Davies intercepted a pass thrown by Bloom of Sterling City and ran 35 yards for a touchdown. The extra point was made and the half ended with Garden City in the lead of the 19 to 12 score.

40 Yards For Score
In the middle of the third quarter on a third down and with 23 yards to go for a first down, Medlin attempted to pass. Finding no one open, he tried a sideline run and dashed 40 yards for a touchdown. The extra point was made making Garden City 26 and Sterling 12. Near the close of the third quarter a pass from Foster to Rhoden was good for 25 yards and a touchdown for Sterling.

On the second play of the fourth quarter Baker attempted a lateral to Medlin who fumbled and Hal, center for Sterling, recovered to make a touchdown. A drop kick was good for two points to tie the score a third time, and to close the scoring for both teams at 26 to 26. The rule adopted by the executive committee of the Six-Man league in regard to the game was that the game was a pass to the team having the most first downs. The game decided by that rule went to Sterling City who had penetrated Garden City territory twice while Garden City had only been in the Sterling 15 once. Sterling had three first downs to two for Garden City.

USC STOPS STATE, 37-0
LOS ANGELES, Oct. 7 (AP)—Southern California turned on a blast of power today and defeated Washington State in a Pacific Coast conference game, 37-0.

The Recreation Advisory council will meet at the city hall Monday evening at 8 o'clock.

A review of the summer's program will be given, and plans for the fall and winter will be discussed. Each member is urged to be present.

The recreation office at the city hall will gladly assist any public group, organization or individual with Halloween party or carnival plans. Office hours are from 8:30 to 11:30 a. m. and 2 to 4 p. m. daily, and from 9 a. m. to 12 noon Saturdays. This is a free public service.

Members of the recreation staff are arranging Halloween celebrations for each of the cities playgrounds and at the city auditorium.

The Mexican Tigers lost a "pass and touch" football game to A.B.C. boys on the latter's field last Saturday afternoon, 36 to 0.

Courtney Wins Over Valley

STERLING CITY, Oct. 7—The Courtney Eagles won a District 12 six-man football game from the Water Valley Wildcats, 48 to 12, Friday afternoon on the Water Valley field.

Main shot was Pinkston who did some lively loping with the ball for six touchdowns. Lewis of Courtney uncoiled one 60-yard touchdown gallop.

A pass, Blackmon to Murphy, gave Water Valley a touchdown on a 60-yard scoring play. The other Cat counter came on a pass, Blackmon to Jones.

FORDHAM LOSES

NEW YORK, Oct. 7 (AP)—By the margin of the educated place-kicking toe of Sandy Sanford, Alabama's Crimson Tide today defeated Fordham's high-touted football team, 7-6, before a crowd of 41,454 in the Polo Grounds. It was the Rams' first defeat by a southern team.

Holy Cross Upset

WORCESTER, Mass., Oct. 7 (AP)—Rangy Ken Kavanaugh, one of the south's outstanding all-American end threats, ran the Holy Cross Crusaders ragged today while providing Louisiana State with the four touchdowns its Tigers needed for a 26-7 victory, gained before an overflow crowd of 25,000. Kavanaugh scored thrice with passes from Leo Bird and rounded out his amazing performance with an 80-yard run back of an intercepted pass.

BAYLOR U. STOPS STILLWATER

By AUSTIN BEALMEAR
STILLWATER, Okla., Oct. 7 (AP)—Baylor's Bears marred the "Parent Day" celebration at Oklahoma A. and M. by rolling over the Aggie grid crew for a 13 to 0 victory today before 5,000 fans at Lewis Field.

After sparring most of the first quarter, Baylor finally moved out late in the period and mixed aerials with a sharp running game to drive 67 yards for a touchdown. Witt started the march by tossing a 17 yard pass to Barnes, and Sophomore Jackie Wilson skirted his right end for 13 yards on the next attempt.

When they reached the 23, Witt rifled a pass into the corner to Barnes, who took it on his finger-tips and stepped across into the end zone. Bob Nelson, Bear center, kicked the extra point.

Baylor's third period scoring thrust was set up by Barnes, who blocked Tate Ott's punt and pounded on the ball on the Oklahoma 19 yard line. Again Witt and Barnes teamed in an overhead play which carried to the eight. Wilson smashed to the 1

Yankees Murderers' Row Work Overtime In 7-3 Triumph

Need Only Win Today To Cop Fourth Title

Charles Keller Hits Two Homers As Hadley Subdues Reds

By SID FEDER
CROSLLEY FIELD, CINCINNATI, Oct. 7 (AP)—The New York Yankees' powerhouse, after travelling in low gear before masterful pitching for two days, broke loose its home run lightning today to smash the Cincinnati Reds, 7 to 3, for the third straight victory in the 1939 world series.

With the pitching giving way to the attack on both sides for the first time in this series, the bombing squad from the Bronx blasted four home runs—two by Rookie Charley Keller—and gave a strongly partisan crowd of 32,723 home club rooters a display of the dynamite which has made the Yankees famous in their last three straight world championship triumphs.

In near-mid-summer weather that had every one of the jam-packed stands a mass of shirt sleeves, the Yankees made only five hits to ten for the National league kings—but they didn't waste a one, as Rookie Junior Thompson served his "boom boom" ball to them in just the right spots in the first five innings.

Keller clouted his first four-bagger after Frankie Crosetti had walked in the opening inning. Then clouting Charley drew a pass with two out in the third, and Joe DiMaggio snapped out of his series hitting dot-drum with a towering smash that soared high over the 383-foot mark on the center-field fence and into the street beyond.

Two homers singled with one away in the fifth, and was promptly brought around by Keller's second four-bagger, a hard-hit drive that landed about 10 rows back in the right field bleachers. DiMaggio only managed an infield fly in this frame, but Catcher Bill Dickey, up right behind him, crashed a homer deep into the bleachers, some 373 feet away.

That was the end of Junior, the 22-year-old right-hander, who didn't have anything even closely resembling the stuff shown by his teammates, Paul Derringer pitching man, and Bucky Walters, who lost the first two games in New York, despite heroic hurling.

That, too, was the end of the Yankees' assault, for Lefty Lee Grissom and young Lloyd (Whitey) Moore handcuffed them completely all the way through the last four innings. Not a Yankee reached base in that time, and only three of them managed to hit balls out of the infield.

On the other hand, the Yankees twirling, although well below the form of Red Ruffing and Monte Pearson in the first two games, was not bad, once it got started. Lefty Gomez, holder of the all-time record of six straight world series triumphs without defeat, started for the American League rulers, although still suffering somewhat from the injured side which put him into a hospital for several days at the end of the regular season.

Leav's Early
But it wasn't Lefty's day. He tossed only one inning, and was promptly tagged for a run. Lefty took his turn at bat in the second, and then was "lifted" in favor of Bump Hadley, the portly 35-year-old right-hand veteran. Bump apparently was summoned without a long enough warm-up in the bullpen, and gave up the Reds' other two runs before he settled down. This rally by the Rhinelanders

the second gave them a momentary lead.
Altogether, Goodman was the Reds' hitting hero for the day, with three singles, two of them figuring in the Cincinnati scoring.
By the end of the second, Hadley had hit his stride, and for the last seven innings he gave up only three hits. In that stretch only two of the Rhinelanders reached third base.

With three straight decisions already locked up in his safe, Manager Joe McCarthy decided to give another of his "second string" hurling corps a chance in tomorrow's fourth game, so he will trot out Orlan Hildebrand, 22-year-old right-hander who was rescued from the lowly St. Louis Browns last year.
Manager Bill McKechnie of the downcast National League will shoot with Paul Derringer, his tall right-hander who hurled a brilliant game in dropping a 2-1 decision in the first tilt of the series.

Longhorns Stage Mighty Upset In Defeating Odessa Bronchos, 7-0

Pass, Martin To Bethell, Scores Lone Touchdown

By HANK HART
ODESSA, Oct. 7.—An inspired Big Spring high school team capitalized on their one real scoring chance to defeat the Odessa Bronchos, 7-0, here Friday night, staging the state's ranking week-end upset.

The Odessans were completely outclassed and, despite the fact that they were afforded three scoring chances, were rarely able to move past the hard charging Bo-Keller line. The Big Spring forwards were moving with neat timing. The Big Spring offense exploded for one brief moment early in the fourth period and the reactions that set in proved that an ample margin. Sparked by the twinkled toed Lefty Bethell and a one man gang by the name of D. R. Gartman, the Herd ripped off a brace of first downs to advance the ball to the Odessa 30-yard stripe after taking the ball in midfield on a thrilling punt by Billy Hogan. From that point Bobby Martin, playing one of his better games, coolly faded back, spotted Bethell just down field and over the line of scrimmage and fired away. Bethell took the punt over his shoulder, gathered it in securely, then ankle his way down the sideline past two Odessa would-be tacklers and into the end zones. He was boosted along by a rocking block on the part of Gartman who had come over from his halfback position for just that purpose.

Make Mistake
The Odessa defenders made the mistake of coming upfield to meet Bethell instead of trapping him along the sidelines. In a tremendous burst of speed he completely circled them.

Bobby Savage's boot for the extra point was to the side but good. The Big Spring's running game far exceeded that of the opposition. They ripped off 160 yards on running plays to 87 for the Odessans and piled up 12 first downs to a half dozen renewals for the Bronchos.

The line play of Hal Battle of the Steers and Easy Wilkins of the Bronchos was particularly outstanding. Both seemingly were in on every play.
Bethell stood head and shoulders above every other back on the field. His punting both with and against the wind was magnificent. He ripped off a total of 61 yards in 13 tries rushing, figured in on the only two pass completions the Big Springers effected and his defensive work was noteworthy.

There were other heroes. Ralph Stewart, who appeared when Paul Kaach went to the sidelines with an injured leg, looked to advantage in backing up the Herd line. Savage's end play proved a headache for Coleman's offense. Owen Brummett, before he was removed in the second quarter for slugging an opponent, did Trojan duty in backing up the line. The two tacklers, McWade McDaniel and Douglas Pyle, charged as no Steer tacklers had charged in many a day.

Early Threats
With the wind to their backs, the Bovines bumped down within the vicinity of the Odessans' 30-yard slip past the hard charging Bo-Keller first period ended.

Bethell's short punt aroused the Bronchos in beginning the second and they started a jaunt toward pay dirt. All the way to the Big Spring 11-yard line they advanced before the Herd line rose up to smite them down. Twice they started power drives as the Bronchos forwards attempted to tunnel their way through the center but neither offensive worked. Then, in desperation, Hogan faded back and attempted to pass to Fred Caudle but an alert Martin walked in for an interception and dragged his mates out of danger.

It was the first of two times little Pepper managed to turn the trick. The second came a moment later on the ten-yard stripe.
Gartman, too, brought down an enemy toss as the enemy was for a final time making gestures at the Big Spring goal.
The Bronchos put on a sustained drive late in the fourth quarter with a mixture of passes and running plays, moving all the way down to the Steers' four-yard line

MINNESOTA IS BEATEN, 6-0

LINCOLN, Neb., Oct. 7 (AP)—An underdog Nebraska team upset the mighty Minnesota Gophers 6-0 before 33,000 fans here today, and after the score succeeded in staying off three desperate Gopher bids. The Huskers threatened again in the last period, but their field goal try was no good.

but the Big Spring forward wall rose to meet all threats and the Bronchos wound up four plays later on the 11-yard stripe.

The Herd, aided by a slugging penalty melted the Odessans for fighting, were scrapping on the Bronchos' 20-yard stripe when the final whistle blew.

Fred Caudle was Odessa's outstanding threat and figured prominently in his team's first half movements. He was bottled up effectively, however, after half time and lost more yardage than he gained.

Auburn Loses To Green Wave

NEW ORLEANS, La., Oct. 7 (AP)—Tulane's powerful Green Wave defeated Auburn 12 to 0 here today with two long touchdown marches in a game ending three years of scoreless ties.
It was the first time the Greenies had scored on Auburn since their 13-0 victory in 1934. Twenty-eight thousand persons saw a greatly developed Tulane team crush Auburn's aerial threat.
The touchdown drives came in the first and last periods and covered 82 and 54 yards respectively.

Fullback Fred Glendon made the first score with a plunge over the Auburn goal after he and Halfbacks Bob Kellogg and Buddy Banker had steadily advanced the ball to the one-yard line on a dozen running plays.

WEST POINT, Oct. 7 (AP)—An inspired Centre college football team almost rose to the heights today against an inept Army team, but finally bowed to superior man-power in the fourth quarter and lost, 9-6. Centre scored in the third period and kept the Cadets away from their goal until the fourth period when a safety and a touchdown gave the Army the victory.

Passing—
Miller (BS)—three times, all incomplete.
Martin (BS)—Five times, two completed for 42 yards (Bethell 12 and Bethell 30), three incomplete.
Hogan (Odessa)—14 times, completed five for total gain of 56 yards (F. Caudle 9, McCracken 6, Andrews 25, F. Caudle 12 and F. Caudle 8). Four were intercepted.
F. Caudle (Odessa)—three one, completed to Hogan for no gain.

Punting—
Bethell (BS)—punted 13 times for total of 420 yards, 39 yard average (two were blocked).
Hogan (Odessa)—punted 12 times for total of 383 yards, 34 yard average.

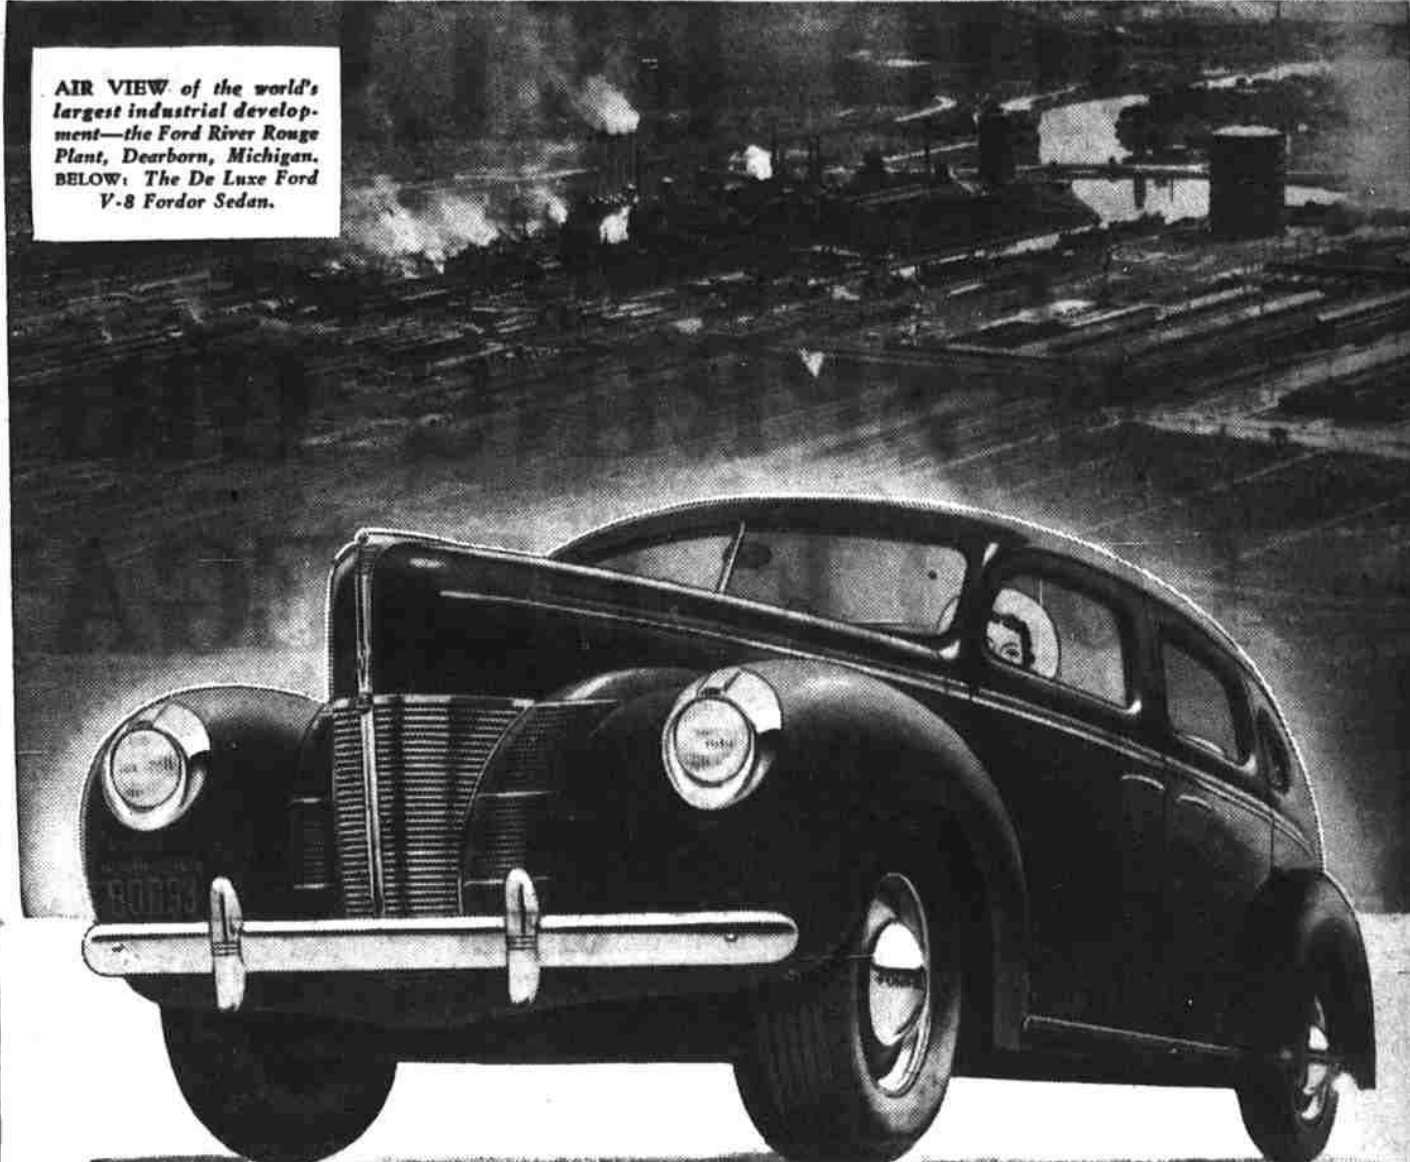

Kickoffs—
Savage (BS)—kicked off three times for total of 147 yards, 49 yard average.
Punt Returns—
Bethell (BS)—returned twice for eight yards, four yard average.
Gartman (BS)—returned once for seven yards.
Hogan (Odessa)—returned three times for total of 28 yards, 9 yard average.

Kickoff Returns—
Hogan (Odessa)—returned one for 15 yards.
A. Caudle (Odessa)—returned one for 23 yards.
Fumbles—
Brummett (BS)—once, Odessa recovered.
Bethell (BS)—twice, recovered once.
Gartman (BS)—four, recovered three.
F. Caudle (Odessa)—twice, recovered twice.

EVANSTON, Ill., Oct. 7 (AP)—Oklahoma's Sooners, the best team in the Big Six last year, did everything right today to fashion a staggering 23-0 triumph over Northwestern despite some brilliant operations by Bill DeCorrevont.
The biggest opening day turnout in Northwestern's history, 40,000 spectators, came to see how DeCorrevont, high school star two years ago, would do against the big boys. They saw the blond youngster stage a brilliant performance after an unhappy start but nothing DeCorrevont could do was anywhere near enough to offset Northwestern's mistakes.
The Oklahomans, underdogs in spite of their sensational record of 10 straight victories last year before losing to Tennessee in the Orange bowl, were prompt to take

Northwestern Is Upset By Oklahoma

advantage of errors. They clamped a strangling defense on Northwestern's highly regarded crew of backs and produced stunning offensive power when scoring opportunities arose.
DeCorrevont went into action late in the first period and lost 13 yards on two plays as the Sooner forwards crashed through Northwestern's line. He came back late in the third period to return a kick-off 40 yards, race 13 yards around end, and give dazzling exhibition of footwork in slipping through the right side of the Oklahoma line for a 28-yard gain. A fumble nullified his gains.
Oklahoma scored its first touchdown in the first period when Ollie Hahnstein, Wildcat back, fumbled as he attempted to kick. After Jack Jacobs, the Sooners' Indian halfback, took it to the one yard line, fullback Bob Seymour rammed it over.
Beryl Clark, 183-pound halfback whose fine kicking kept Northwestern in the hole most of the afternoon, led another advance a few minutes later and when Northwestern braced on its 15, quarterback Dick Favor kicked a 24-yard field goal from placement. Clifton Speagle, crashed over again for the last one.

Forsan Buffs Decision Hill Billies, 42-27

Warren Qualls and Garret Tension shined as the Forsan Buffs decided the Garner Hill Billies, 42-27, in a wild District 12 six man football game here Saturday night.

Qualls counted three of the touchdowns and did a lot to fill the shoes of Tommy McDonald, Mar half, who played only part of

the time. McDonald did manage to score a touchdown.

Yarbro and Hughes also counted touchdowns for the Buffs.

Tension was a defensive pillar and seemingly stayed in the Billies' secondary most of the evening.

Cleo Jeffcoat counted two of the Billies' touchdowns, one on a dash of about 40 yards while J. B. Motley and Sonny Chapman accounted for the other two.

Forsan led at half time, 20-6.

NAVY EKES OUT WIN

ANNAPOLIS, Oct. 7 (AP)—Navy's big eleven got the scare of its life today from a game Virginia outfit with a "never-say-die" spirit, but superior reserves gave the Midshipmen a hard fought 14 to 12 victory before a crowd of 22,000.

Stanton Buffs Beat Andrews

STANTON, Oct. 7 (SpI)—The Stanton High School Buffalos started their conference season off Friday afternoon with a decisive victory over the Andrews Mustangs. The game was the first also to be played this year on the local gridiron, and a good crowd was in attendance. The final score was 20-6.

The Stanton team, showing great improvement over last year, proved outstanding in their defensive work, as well as their ability to carry the pigskin into enemy territory.

Though the final score was de-

cisive, the Andrews team was able to hold the Buffs repeatedly, once only a few yards short of the goal line.

Touchdowns for the Buffs were made by Sprawls, who scored twice, and Hay.

First downs made by Buffalos: 12. Punt, 3 for 73 yards, and average of 24 yards. Place kicks: 4 for 158 yards.

First downs for Andrews: 4. Punt, 5 for 191 yards, an average of 38 yards. Place kicks, 1 for 100 yards.

BLUE DEVILS WIN

DURHAM, N. C., Oct. 7 (AP)—Duke university's powerful Blue Devils crushed the Red Raiders of Coigate under a 37 to 0 score here today before more than 15,000 spectators.

RICE WINS, 13-0

HOUSTON, Oct. 7 (AP)—The passing combination of Ernie Lala to Speedy Moore, a halfback, gained Rice a 13-0 victory over Centenary tonight. Centenary had two splendid opportunities but could not follow them up.

BUCKEYES TRIUMPH

COLUMBUS, O., Oct. 7 (AP)—Ohio State of the Big Ten ran roughshod over Missouri today, winning 19 to 0 before a crowd of 58,165. The Buckeyes showed a powerful running and passing attack and completely bottled up the offense of the visitors, rated as one of the leading teams of the Big Six.

Holy Cross, Northwestern, Fordham, Minnesota Upset

By HERB BARKER

NEW YORK, Oct. 7 (AP)—Pre-season football booms for Holy Cross, Northwestern, Minnesota and Fordham died an extremely painful death today as a brilliant card of intersectional games found the South and Southwest emerging with most of the scalps.

Flatly refusing to believe all the tall talks they heard of Holy Cross power, the Tigers of Louisiana State shelled the Crusaders 28-7 at Worcester as Ken Kavanaugh,

great end, caught three passes for touchdowns and scored the other on an 80-yard run after intercepting a Holy Cross aerial.

Rayward Sanford's accurate try for point after touchdowns provided Alabama with a 7-6 triumph over Fordham but actually the southerners outplayed the Rams by a wide margin. Northwestern made entirely too many mistakes against alert Oklahoma and the Sooners romped off with an astounding 23-0 decision. Bill De Correvont, highly

published Northwestern back, made his varsity debut and looked good in spots.

Minnesota Beaten

Nebraska's Cornhuskers pushed over a second period touchdown against Minnesota and then held off every Gopher thrust to win 6-0. Duke and Texas were responsible for two more brilliant victories, unbeaten during the regular season a year ago, rolled all over Colgate, 37-0, as Texas uncorked an effective attack that routed Wisconsin, 17-7.

STANDOUT IN AUSTIN LINE

FREDDY SALEM, end, is one of the standout members of the Austin (El Paso) football team which opposes the Big Spring Steers in a non-conference game here Friday night.

Georgia Tech and Missouri were the principal casualties among invading Southern and Southwestern teams. For the second week in a row, a field goal, this time by Harry Stevenson, provided Notre Dame with its winning margin, a 17-14 triumph over Georgia Tech in a sensational game the Engineers nearly pulled out of the fire. Missouri was no match for Ohio State and bowed, 19-0.

Rounding out the great middle western program for the day, Iowa came through with two touchdowns in the final period to nose out Indiana, 32-29, the Hawkeyes' first Big Ten conference victory since 1935; Michigan outscored Michigan State, 26-13, and Kansas won a Big Six encounter from Iowa State, 14-0.

In the east, both service eleven barely came through. Army had to score nine points in the final quarter to nose out Centre, 9-6, and Navy won from Virginia, 14-13, only by blocking two Virginia attempts at extra points.

Yale opened Ivy league competition with an unexpected 10-7 victory over Columbia as Cornell, avenging its sole 1938 defeat, routed Syracuse, 19-6. Penn just made the grade against Lafayette, 6-0. Princeton, Harvard and Dartmouth all scored over minor opponents.

Fitt again used deception and the air-lanes, rather than sheer power to stop West Virginia, 20-0, as Carnegie Tech squeezed by Temple 6-0.

Cotton House Gets A Test

WASHINGTON, Oct. 7 (AP)—Men who have built steel houses, mud houses, adobe houses and assembly-line frame houses are watching now the weather's wear on their first cotton house.

If a duck-covered dwelling in Coffee county, Ala., stands the test, the South may find a new outlet for its piled-up cotton surplus.

The test house is the latest experiment the Farm Security Administration's search for ways to house poor families comfortably within their incomes.

Housing families with the building materials close at hand is a principle which has turned its engineers to starting experiments. They used pine in the Southeast; cedar in the Northwest; steel in Tennessee, and desert dirt in New Mexico.

And now they are eyeing the house that is covered with cotton duck.

If the trial house warrants further experiments, another may be tried with the duck stretched on panels fitted together from the wall instead of being stretched over a whole side surface.

Roof and walls both are covered with the cotton dressing, nailed to a smooth backing of plywood, plaster or composition board. It replaces the clapboards.

Advocates of the cotton house declare that "the duck is free of curls and buckles, and is flexible and weatherproof x x x is easily treated to make it fire-resistant x x x is an excellent insulating material."

Hannaford Opens Cage Drills Mon.

MIDWAY, Oct. 7—Garland Hannaford begins basketball practice here Monday for the 1939-40 season.

The Midway team will be built around three regulars of last year's team—Johnson, g. Robinson, g. and Loudamy, f.

Games have tentatively been arranged with Moore, Chalk and Center Point.

The Midway softball team closed its season Friday with a 4-1 triumph over Center Point, avenging an 18-4 loss inflicted by the Point team a week ago.

Dorothy Dublin Still Improving

Continued, steady improvement in the condition of Dorothy Dublin, Big Spring girl who has been ill of infantile paralysis since July, was reported Saturday by her father, Charles Dublin, on his return from El Paso where he visited Dorothy.

Dublin said his daughter now is in her "iron lung" only occasionally, is rapidly regaining strength and movement in her muscles, and is showing all-round improvement that is highly gratifying to her physicians.

"She has a long, hard pull of it yet," Dublin said, "but she remains in fine spirits and her doctors say that her fine courage and determination will enable her to get well."

FASHION FILM ON PROGRAM AT RITZ

Of particular interest to women is a short subject billed on the Ritz theatre's film program for today and Monday which deals with the newest in fall fashions.

Some 30 models appear in an all-Technicolor reel, displaying the newest modes in evening, street and sports wear.

BIDS RECEIVED ON CORPUS BUILDING

CORPUS CHRISTI, Oct. 7 (AP)—Bids on the Robert Driscoll, 18-story hotel and office building to be erected here by Mrs. Clara Driscoll, were opened today, but tabulations were withheld, pending study by Mrs. Driscoll.

Eleven general contractors submitted bids, all within the \$1,750,000 estimated cost.

BEST PAPER

DALLAS, Oct. 7 (AP)—The Temple Telegram today was adjudged the best daily in a city of more than 10,000, in a contest conducted by the State Fair of Texas. The Galveston Tribune was second.

The results were announced as members of the Texas Press association were honor guests at the 51st annual fair.

RETURNED HERE FROM ARIZONA

Deputy Sheriff Denver Dunn returned Friday from Phoenix, Ariz. with A. D. "Gus" Martin, under indictment by the Howard county grand jury for two counts of disposing of mortgaged property.

Dunn left here Wednesday for Arizona after Martin had been taken there by sheriff's officers on advice from the local sheriff's department, and had waived extradition.

Mr. and Mrs. H. E. Fickle and Mr. and Mrs. Fred Martin attended the Tech-Gonzo game in Lubbock Saturday evening.

Mrs. Milton Heavens and son, Gary Ross, have been visiting relatives in Marshall.

CARL STROM OPENING INVESTMENT AND CREDIT CONCERN
A new business is being entered into by Carl Strom and will be operated under the name of Carl Strom, Investments and Credit Discounts, the nature of which will be the handling of instruments of investments and credits. Facilitating a service of discount on notes and accounts of established business interests of Big Spring, the service is also available for individuals.

Prior to moving to Big Spring in January, 1937, Mr. Strom owned and operated an investment and credit discount company in Oklahoma.

Office and operation of the new business will be at the present business location of Carl Strom Home Appliances, 213 West Third Street. The personnel of the store will continue to be Mr. Apple, store manager, J. W. Joiner and Wendell Klemmert, in charge of sales and service.

CAVALRY SCHOOL TO BE CONTINUED

WASHINGTON, Oct. 7 (AP)—War department officials said today the army's mass training program would not affect the operation of the cavalry school at Fort Riley, Kas.

The winter training of two cavalry divisions at Fort Bliss, Texas, they said, would be delayed probably until January while five infantry divisions concentrate in the South.

Officials said they assumed all units comprising the two cavalry divisions would be transferred to Fort Bliss for field training but said details still were in the tentative stage.

Ginnings In County Near 8,500 Mark

Howard county cotton ginnings pushed near the 8,500 bale mark Saturday, reports from Big Spring and Coahoma gins indicated.

Actual ginnings by four Big Spring plants and two at Coahoma stood at 6,331 bales, and if the estimate that they are handling no more than 75 per cent of the total county production holds good, the total for all 14 gins in the county was around 8,500 bales at the end of the week.

In turning out 1,758 bales, the six gins had their biggest week of the season. However, even as the peak was reached, there were signs that the harvest was tapering.

Gins in Big Spring reported that the volume toward the end of the week lightened and that the amount of snags gained steadily. At the current rate, the harvest is set due to drag out much beyond the middle of November.

Producers received a price jolt Saturday with the base change to March, a development which knocked a quarter of a cent off and ran the average on local lint down to 350-60. Snags were quoted at 25 points under this figure. Seed still commanded a 125 per cent.

In Big Spring the percentage of nap cotton arriving at gins ranged from 40 to 50 per cent. The state was holding up well but the rate naturally was off. Coahoma, where a week before there had been only a scattering of snags, had from 30 to 40 per cent in this last week.

The arrival of some new maize in the market had the general effect of removing price stability, for it became a case of just what the producer could get for it. Average rates ranged all the way from \$10 to \$15 on the new. Old maize was fairly steady at \$12-\$14. In Big Spring and at Coahoma good bundles were offered at three cents.

Hospital Notes

Big Spring Hospital
Mrs. R. R. Cumby, wife of Rev. Cumby, Baptist minister at Ackerly, was admitted to the hospital Saturday afternoon for treatment of back injuries sustained in a fall in front of a local downtown store. She slipped on a banana peel. Full extent of her injuries had not been ascertained late Saturday afternoon.

A. F. Shortes of Ackerly was admitted to the hospital Friday for medical treatment.

Miss Wintheth Robinson, daughter of Mr. and Mrs. Walter Robinson of Big Spring, underwent an emergency appendectomy Saturday afternoon.

A. W. Crain of Seagraves, oil field worker, is in the hospital for treatment of an eye injury.

Walter Miller of Tarzan was admitted to the hospital Thursday for medical care.

Sam Greer, prominent ranchman of near Garden City, is in the hospital for treatment of an attack of pneumonia. He was getting along nicely late Saturday afternoon.

Mrs. J. B. Hatchett's condition was about the same Saturday.

Paul Kasch, son of Mr. and Mrs. A. P. Kasch, member of the Steer football squad, was in the hospital Saturday for treatment of an injury sustained in the Odessa-Big Spring game Friday evening. He is suffering from a knee injury.

SUCCESS IN SIGHT IN ARMY'S FUND APPEAL; GIRLS ADD \$72 IN TAG DAY DRIVE

Success is in sight, in the Salvation Army's fund appeal, it was said Saturday by Campaign Director R. L. Portwood as he urged final reports as promptly as possible from all volunteer solicitors.

As a preliminary check indicated \$2,000 of \$3,000 sought had been contributed, a group of Big Spring high school pep squad girls Saturday did their bit in furthering the campaign by carrying on a "Tag Day" effort, realizing from sale of tags \$72.33. Sara Lamun captained the squad of 18, and the drive was directed by Mrs. J. H. Parrott.

Prizes contributed by local business houses to the girls raising the most money went to Maurice Bladock, Polly Roberts, Leola Vines, Patsy Mims, Lorena Payne and Billie Gilmore. After the day's solicitation, the girls were guest of the Ritz management at Saturday night's show.

With the campaign progressing on schedule, Portwood planned to leave this weekend for Abilene, where he will direct a similar campaign. Meanwhile, Major L. W. Canning, in charge of Army corps

here, and R. T. Piner and R. R. McEwen of the Army's advisory board will handle the "clean-up" work.

As final solicitations are made here this week, a campaign will be staged Tuesday at Odessa—also served by this corps—by members of the American Legion post there. Workers were confident several hundred dollars would be raised there.

Portwood Saturday expressed his appreciation for the fine response shown the Army appeal in Big Spring, and for the cooperative work shown by advisory board members and all others who assisted in the fund raising.

"Because of these men's help, we think the \$3,000 goal will be reached this next week," he said. "Several teams have not yet reported, and we are urging that they see the rest of their prospects and turn in their money as soon as possible to Major Canning, Mr. Piner or Mr. McEwen."

Thanks to the generosity of Big Spring people, the Salvation Army will be able to continue its program in the city.

BUSINESS INCREASE

NEW YORK, Oct. 7 (AP)—American Airlines, Inc., reported today a September traffic record of \$1,085,222 revenue passenger miles, an increase of 5 per cent over the \$1,030,154 of August and 57.5 per cent over September, 1938.

to help the Finns fight the Bolsheviks near the end of the World war and a number of Finnish citizens fought in the German army during that war.

There had been indications that Finland would not fall completely into the Soviet sphere of influence as have Latvia and Estonia, which have signed treaties giving Russia concessions and special privileges along the rim of the Baltic sea, with Lithuania considered likely to follow.

Official quarters tonight, however, when asked for comment on the Russian invitation said there was no written or implied agreement that the Belch would protect Finland and Germany could "only welcome it if Russia and Finland should reach a friendly accord."

The Nazis, meanwhile, were showing some impatience over Turkey's slowness in reaching an agreement with Russia in regard to Dardanelles and Black sea matters.

Informed quarters asserted that "Turkey must soon decide which way she is going."

They privately intimated that if Turkey does not wholeheartedly climb aboard the Nazi-Soviet bandwagon, then Russia will occupy the strategic Dardanelles gateway to the Black sea.

In McConnelville, Ohio, last week C. L. Alderman, one of the pioneer capitalists of this city, died. Mr. Alderman came here before the turn of the century to install a water system before the city was incorporated. Later he organized a company which gave this and surrounding communities telephone service. Of course, he was in the business to realize a profit, but it does not detract from the fact that he was instrumental in developing the community.

If the Salvation Army has not yet contacted you for a contribution to the annual budget, surprise them with a gift through the mail. Every little bit will help.

Deposits for local banks, at the call last week, were up by \$182,648 over the same time a year ago. Loans were down \$27,977 on the same basis. All we can say is that we didn't have a hand in either one.

NATIONS REDUCE ARMED FORCES

BUCHAREST, Oct. 7 (AP)—South-eastern Europe witnessed a new trend in its post-world war history today with a simultaneous reduction of armed forces agreed upon by Yugoslavia, Rumania and Hungary.

Particularly significant was this united move by the three Balkan states in view of the stand taken heretofore by Rumania and Yugoslavia against Hungary because of her claims to their World war gains.

Diplomats saw in the action a movement toward Balkan neutrality by means of a mutual assistance bloc to resist pressure from any of Europe's great powers.

DUCE SILENT ON WORLD AFFAIRS AT PARLEY IN ROME

ROME, Oct. 7 (AP)—Premier Mussolini ignored international problems tonight in his second talk to party leaders within two weeks at a meeting in Rome.

Addressing a similar delegation from Bologna September 23, Mussolini said Italians should "work in silence."

Fascist boys today began their two-year preliminary military training as the class of 1921 was called up.

EXILE GOVERNMENT FOR CZECHS, TOO?

PARIS, Oct. 7 (AP)—Dr. Eduard Benes, former president of Czechoslovakia, indicated in an official statement today that France had agreed to the establishment of a Czechoslovak government in exile similar to that formed by Polish leaders here.

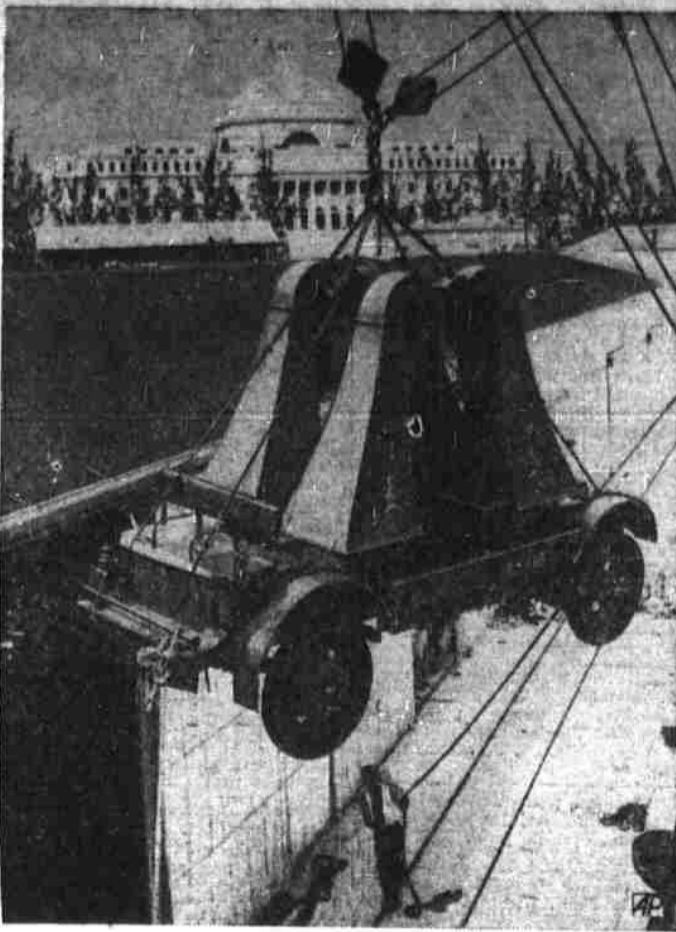

Dr. Benes, whose war-born republic was dismembered by Germany last March, said a Czech army to fight with France was being raised by "the provisional Czechoslovak government."

DRYS HAVE LEAD IN EASTLAND ELECTION

EASTLAND, Oct. 7 (AP)—Unofficial, incomplete returns from the county-wide beer election here tonight showed 1,370 dry votes against 1,244 wet.

In the 14 unreported precincts only 440 poll taxes had been paid and 10 of the 14 boxes voted dry in the last beer election.

and the Iraq petroleum fields, held by England and France.

Russian occupation of the Polish-Roumanian frontier, the study pointed out, eliminated German possession of Rumania's fields, which Germany held in the World war.

"Should Russia directly or indirectly deprive Germany of this oil during the war," Garfias said, "the results would be catastrophic."

"As shown in this study Rumanian oil is absolutely vital to Germany even if it does not supply all her war-time needs."

Germany's 1940 oil consumption, including related fuels, was estimated at 90,000,000 barrels compared with estimated output of 25,000,000. Italy's estimated 1940 output was put at 1,200,000 barrels against a war-time demand of 40,000,000 barrels.

Germany's 1938-39 oil imports were shown to have come largely from Venezuela and the United States, which also were the chief source of Italy's purchases.

FORMER BISHOP IS GIVEN SENTENCE AS EMBEZZLER

MARQUETTE, Mich., Oct. 7 (AP)—Within two hours after he was indicted for embezzlement of church funds, Hayward S. Ahlewhite, 51-year-old former bishop of the Episcopal Diocese of Northern Michigan, was sentenced today to serve one to 10 years in prison.

The former dignity of the church appeared in court shortly after Circuit Judge Herman Dehnke, sitting as a one-man grand jury investigating shortages of diocesan funds estimated at more than \$100,000, issued a warrant for his arrest.

Through his counsel he waived preliminary examination and entered a plea of nolo contendere, which the court said amounted to a plea of guilty.

The arrest warrant charged specifically that Ahlewhite had embezzled \$624 from the Pointe Aux Pins mission fund.

determine a form of government there."

It was learned that V. Krushoff, secretary of the communist party of the Soviet Ukraine, in a recent speech said a plebiscite would be ordered to enable the "liberated" brothers both in the Polish Ukraine and White Russia to decide whether they "want a bourgeois democratic republic or communist state."

Finnish quarters declined to discuss a report that Finland's foreign minister had declined an invitation to come to Moscow.

The news of the reported invitation to Finland occasioned no surprise in Moscow's foreign circles, where it was anticipated Finland was "next on the list."

Having strengthened her naval position enormously on the southern side of the Gulf of Finland and the Baltic, Russia is known to want to complement this by bases on the northern sides which are under Finland's control.

It was reported that Russia wants a share in the control of the strategic Aaland Islands and bases on at least two other fortified Finnish islands in the Gulf of Finland.

Finland was not expected to give in as readily as Estonia and Latvia. Finland was said to be in a stronger position than Latvia or Estonia but observers said her position seemed hopeless, especially since Germany is not resisting the Russian thrust into the Baltic.

TO KIWANIS MEET

Representatives of the Big Spring club, headed by Dr. Lee O. Rogers, president, left Saturday evening for Wichita Falls where the annual Texas-Oklahoma Kiwanis district meeting will be held.

In the group were Mr. and Mrs. H. W. Smith, E. D. McDowell, Dr. Rogers and Shirley Robbins. They planned to return here Tuesday evening.

Tax Collections By County Total Over \$3,000

On the first day after all tax statements were in the mail, County Tax Collector John F. Wolcott Saturday reported collections in excess of \$3,000.

Wolcott compared the rush to the last days in January, when normally most of the taxes are paid.

Receipts for the day on current property taxes amounted to \$3,081. In addition 30 people paid their poll taxes.

During October those who pay their current taxes will get a three per cent discount (poll taxes not included), those paying in November will receive a two per cent reduction, while December payments will earn a one per cent deduction.

VINCENT CLUB BOY IN BEEF CONTEST

Norvin M. Smith, Jr., 14-year-old Vincent 4-H club boy, has entered a beef cattle contest sponsored by the Wilson Packing company.

Norvin, who is president of his club, reported on his feeding project for the past year when he had a sale return of \$92 on the steer he fed which, with steer and feed costs out, netted him a profit of \$35.83. In addition he received \$5.56 in prize money. His steer weighed 920 pounds when sold.

PROGRESS REPORTED ON ROAD PROJECTS

Satisfactory progress on two road projects was reported Saturday by Thurston Orenbaum, Howard county road engineer.

About a mile and a quarter of the lateral road to the Moss Creek lake site has been roughed out on a road bed and another two miles has been cleared and made ready for work.

Fencing is underway on a portion of the rerouted Garden City road being opened by the county as a lateral road project to connect Elbow with the new Highway No. 9 south.

Farm Meetings Are Scheduled

Four important farm meetings are scheduled for here and Vealmoor on Monday.

District Extension Service Agents J. D. Prewitt and Ruth Thompson will hold a preliminary conference on land use planning at 9:30 a. m. at the county agent's office. At 1:30 p. m. the county land use planning committee will go into an important session with the district agents participating.

At 3 p. m. a meeting of the Caprock Cooperative Power company, the Howard and Martin R. E. A. unit, will have a directors meeting to discuss plans for bringing survey results to a head.

In the evening at 8 o'clock at Vealmoor a one-variety cotton meeting is slated. It was reported that the R.E.A. sign-up campaign, looking toward extension of power lines into the heart of rural sections of Howard and Martin counties, has netted 262 memberships and around 90 others who are due to get on the line line soon. Some revision of tentatively proposed lines may become necessary.

AGED MAN DIES AT HOME OF DAUGHTER

Last rites were held Saturday afternoon in Stanton for Albert Henderson, 75, who succumbed at the home of his daughter, Mrs. F. B. Powell, near Stanton, Friday afternoon.

Henderson, a native of Mississippi, had lived with Mr. and Mrs. Powell for about a year. He had been ill for only a short time. Surviving were one son, R. J. Henderson, Tyler, and two daughters, Mrs. Essie Warren, Tyler, and Mrs. Powell; 12 grandchildren and eight great-grandchildren.

Services were in charge of Rev. B. G. Richbourg, assisted by Rev. Fred McPherson, and were held at the Stanton Baptist church. Burial was in the Evergreen cemetery. Nalley Funeral home was in charge of arrangements.

GONZAGA SHELLS HARDIN-SIMMONS

EL PASO, Oct. 7 (AP)—Luck and most of the rooters deserted the Muckers during a driving rain-storm today as the Hardin-Simmons Cowboys took a 12-0 decision over the Texas College of Mines.

Three times in the first half the Muckers threatened the Cowboy goal line, but each time the Miners were stopped short of pay dirt. As the half ended, Quarterback Ken Heinsman had just plunged to the two-yard line on his second down.

GONZAGA SELLS TECH RAIDERS

LUBBOCK, Oct. 7 (AP)—A hard-fighting Gonzaga university football team, barely shaken off a year ago, came back to Texas Tech stadium tonight for revenge—and got it by outplaying the Red Raiders, 6 to 0.

The Raiders showed to good advantage in the first half, but were unable to punch the tough Bulldog line when they passed the midfield marker. Gonzaga scored a well-earned touchdown midway of the fourth period to win after quarterback Bert Jacobson intercepted Woodrow Ramsey's pass on the Tech 40-yard line. Jacobson scored on a pass.

MORE COTTON CHECKS

Cotton subsidy checks received by the county AAA office Saturday numbered 193 and amounted to \$18,400.98. It was estimated that around this number of checks and about the same amount of payments is outstanding. To date there have been 1,424 checks received here in the amount of \$132,638.

real hard feelings behind formal defense of the frontier, the French gunners have hung three flower pots, each bearing blooming geraniums, from the muzzles of their machine-guns.

Further north, at another frontier post, the exact location of which, like the first, remains a military secret, one of the mobilized men garrisoned on the Swiss side has a house in France with its back porch in Switzerland.

Strict orders of both the French and the Swiss armies closing the frontier at this point at the beginning of the war prevented the Swiss from going home on his day off.

As the tension of the first weeks relaxed, however, the French placed a table in the door to the porch, halfway across the frontier. The Swiss soldier now eats his Sunday dinner at home although he remains in Switzerland and his wife is in France.

Fifteen Jump Off Burning Yacht

NEW YORK, Oct. 8 (Sunday)—Fifteen persons reportedly leaped from a burning yacht in the Hudson river off the Yonkers ferry dock early today.

Yonkers police tentatively identified the craft as that of Anthony Pokker, the airplane manufacturer. Witnesses said the boat appeared to burst into flames as it drifted with the tide, motors idling, past the Yonkers ferry slip. Police commandeered a 26-foot boat and raced to the scene, reportedly bringing in three persons who had jumped into the water.

There was no immediate indication whether all aboard were rescued, but dozens of smaller craft raced to the scene and were believed to have picked up several persons.

A Cooking School To Open Here

Mrs. A. D. French In Charge Of Annual Meet

Budgeting, short cuts to economy, and marketing are three things most young housewives have to learn the hard way—by experiment—but on Oct. 23, 24 and 25, Mrs. Arreva D. French, who will be in charge of The Herald's annual Spicy Kitchen Cooking school, will help solve these problems.

Mrs. French, noted Southern home economist and food authority has made a business of studying preparation of food and food problems and will give actual demonstrations at each session of the cooking school.

She will also answer any questions and the question box is one of the features of the cooking school. Mrs. French, who is one of the outstanding cooking school lecturers in her profession, has presented her lectures to thousands of housewives and will give new cookery secrets, proper kitchen equipment, how to plan meals, new recipes, and household hints.

New and attractive ways to serve foods will also be discussed by Mrs. French, whose lectures here last year proved so popular that she is returning by request to conduct another school.

Prizes will be awarded and local merchants have arranged to cooperate with The Herald by donating kitchen equipment as awards. Special displays will also be set up by the merchants.

A young housewife will be taught many valuable things and the experienced housewife will find a veritable storehouse of knowledge for her use that will no longer make cooking "the same old thing."

Mrs. Yates, Jr., Is Honored At Shower

Mrs. W. R. Yates, Jr., was honored with a surprise shower Friday by Mrs. C. W. Miller in her home. Pink and blue were the colors carried out in the decorations.

Gifts were brought in a suitcase under the guise of samples of goods to be sold.

Games provided diversion and refreshments were served. Attending were Mrs. W. B. Harrison, Mrs. M. J. Dehlinger and daughter, Barbara, Mrs. Preston Leysath, Mrs. W. R. Yates, Mrs. C. L. Miller, Mrs. L. L. Miller, Mrs. M. U. Hayes of Midland, Mrs. J. E. Payne and son, Jimmy, of Midland.

Mrs. T. A. Raub of Wichita Falls, Mrs. Pauline Smith, Mrs. Wilbur Barnett, Mrs. Bob Keener of Foran, Mrs. Sam Porter of Foran, Mrs. Gerald Liberty, Miss Fay Yates, and Miss Mary Frances Robinson.

Sending gifts were Mrs. Clyde Stapleton of Midland, Mrs. L. E. Thomas, Mrs. J. E. Hendrix, Mrs. Frank Martin, Marguerite Parker, Joan Miller, and L. L. Miller.

Mrs. Payne of Midland, mother of the honoree, assisted with the serving.

Telephone Company Has Barbecue For Employees

Employees of the telephone company and their guests were entertained Wednesday at a barbecue at the city park. Music was furnished by a phonograph and visiting was the diversion of the evening.

Present were Margaret Johnson, Jackie Carter, Elizabeth McCrary, Elma Holland, Gail Griffin, Harriett Hall, Janie Gilmore, Louise Squyres, Mr. and Mrs. H. C. Hamilton, Harold Canning, Chester Cathey, and Murlan Smith.

Club Members Piece A Quilt At Meeting

Piecing a quilt was the diversion of the Stitch and Chatter club members when they met recently in the home of Mrs. M. L. Simmons.

A plate lunch and lead tea were served and attending were Mrs. Frank Wilson, Mrs. Ennon Lovelady, Mrs. J. H. Johnson, Mrs. Jim Skalley, Mrs. W. S. Fleetwood, Mrs. Sol Blascoe, Mrs. Estah Williams, and Bana Cooper. Mrs. Johnson is to be next hostess.

You'll Need A Thinking Cap To Choose Your Winter Hat

Left—Felt is a favored medium for achieving the new 1940 look. It makes scores of town hats with brims, which get much applause from husbands. Postillions—smart as a whip this year and shown in great variety; straight-brimmed Spanish hats, sometimes edged with a "curtain veil," and dip-brimmed hats with funnel crowns are among them. (Toques are in the felt field, too.) It's smart to wear them in color or in one of the new grayed blues—sage green or red or black clothes, topaz or stone blue with brown.

Right—Fur is very important this year. Mink and beaver make cuff pill-boxes to wear with town coats of those furs, or with suits trimmed with them. Leopard covers a toque worn with a leopard-trimmed suit and the handle of the umbrella carried with it. Persian lamb makes a funnel crown for a green felt chapeau worn with a black coat. Silver fox fashions a toque to match a muff that is going places with cocktail and dinner frocks and rims the hood of a silver fox evening wrap. Even mink tails are used, dangling tasseled-fashion from the side of felt toques. Furry melamine, which the fashion world calls beaver, makes smart hats, too. The Vogue fur is reflected in this mink cuff pill-box perched on a snood of platted black felt strips. Howard Hodge designed it to wear with a mink coat and a black frock.

Moviedom's Own History To Be Told In Ritz Anniversary Film

R & R Theatres Will Observe Thirtieth Birthday Next Week

'Hollywood Cavalcade' Depicts Hollywood Development From Keystone Comedy Days To World Premieres

With an elaborate program of pictures booked and many special features planned, the R&R theatres in Big Spring for a week beginning next Sunday, Oct. 15, will observe their 30th anniversary of continuous operation.

The occasion is of double significance. Locally, the 30th birthday for R&R is unique in that there are very few business enterprises in the city that look back on so long a period under the same management. Nationally, the milestone also is noteworthy, since there has come to light no theatrical enterprise in the nation with a 30-year span under the same, continuous direction.

The birthday program at the Ritz, "A" R&R house here, opens properly enough, next Saturday midnight, Sunday and Monday, with one of the season's notable productions, one which tells the story of moviedom's own development. It's called "Hollywood Cavalcade," and is the first historical film any studio has ever attempted about Hollywood. Since the movie industry itself is 50 years old this year, and the R&R enterprise in Big Spring is 30 years old, there's a lot of valid background for the Ritz presentation of "Hollywood Cavalcade."

Darryl F. Zanuck, Twentieth Century-Fox production chief, set aside \$2,000,000 for the picture, which was filmed in Technicolor. Co-starring Don Ameche and Alice Faye, a big cast was assembled under the direction of Irving Cummings, including J. Edward Bromberg, Alan Curtis, Stuart Erwin, Buster Keaton, Jed Prouty, Chick Chandler, George Givot, Robert Lowery, Willie Fung, Ben Turpin, Chester Conklin, Harry Tyler, Russell Hicks and others.

The film opens in 1913 with the old Mack Bennett Keystone comedy days and continues through the various dramatic high lights of Hollywood until sound came in with Al Johnson's "The Jazz Singer" in 1927.

Mack Bennett was signed as technical adviser and to play a role in the film as himself. The comedy sequences of the film, appropriately enough, were directed by Mack St. Clair, who was a Keystone cop himself in the heyday of Bennett's slapstick.

Notables of the silent days who are in Hollywood Cavalcade are Buster Keaton, Ben Turpin, Chester Conklin, Heinie Conklin, Mack Bennett, Jack Costello, Jack Cooper, Marshall Routh (who impersonated Fatty Arbuckle for so long on stage and screen), George O'Hara, Crete Sipple, Migdie Dare, Philip Sleeman, Frank Hall Crane (who directed Cummings as a leading man in the old Imp Company days back in New York), Barry Johnson (who directed Cummings as a

HE TRACKS DOWN NAZI SPIES

Regarded as one of the sensations of the movie season, because it drops the cloak of masquerade in its dealing with spies, is "Confessions of a Nazi Spy," which returns here for Sunday-Monday showings at the Lyric. Edward G. Robinson is the G-Man who breaks a German spy ring operating in this country.

'The Old Maid' At Ritz Stars Bette Davis

Miriam Hopkins Also Featured In Prize-Winning Drama

"The Old Maid," co-starring Bette Davis and Miriam Hopkins, will have its first local showing at the Ritz theatre today and Monday. Filmed by Warner Bros., it has been hailed by preview audiences as the outstanding dramatic event of the year—a rare combination of brilliant talents in the fields of acting, writing and directing.

One feminine star—especially if she be that double Academy winner, Bette Davis—might be considered sufficient for a photoplay, no matter how great. But in "The Old Maid" there are two. Besides Bette Davis there is the lovely and highly capable Miriam Hopkins, who has starred in many a topnotch production on her own account. The girls have equally important parts.

"The Old Maid" was written first as a novel by Edith Wharton, often called the "aristocrat of American writers." She will be remembered as the author of "Ethan Frome" and "The Age of Innocence," among many other books. Then, four years ago, Zoe Akins, the brilliant dramatist, transformed the book into a stage play which not only had a long run in New York but won the Pulitzer Prize for that year, the highest award that can be bestowed upon a dramatic production.

With Miss Davis and Miss Hopkins in the picturization of "The Old Maid" are such players as George Bren, Jane Bryan, Donald Crisp, Louise Fazenda, James Stephenson, Jerome Cowan, William Lundigan, Cecilia Loftus, Janet Shaw, DeWolf Hopper and Rand Brooks. The director was Edmund Goulding, whose latest previous triumph was Bette Davis's sensational "Dark Victory."

The story deals with two cousins, Charlotte and Della Lovell, who live in the same old house in aristocratic Philadelphia in the period between 1861, when the Civil War broke out, and the 1880's. Despite the luxury and wealth with which they are surrounded, they hate and envy each other for 20 odd years. Then the daughter of "the sour old maid"—this young girl played brilliantly by Jane Bryan—is able to bring mutual understanding to them as their gray hairs and lined faces tell they have entered middle age.

C-C DIRECTORS TO MEET MONDAY

A meeting of the Big Spring chamber of commerce directors has been scheduled for Monday noon at the Settles hotel. Discussion at the session will center on plans for the annual membership campaign, to be started soon. All directors are urged to attend.

THEY HELP MAKE HISTORY

The rip-roaring west of cattle trail days is depicted in blistering, exciting fashion in "Dodge City," return-feature at the Queen theatre today and Monday. Errol Flynn and Olivia de Havilland, in principal roles, play characters who helped write frontier history.

Mann A Good Money-Raiser For The State

(Herald Austin Bureau)

AUSTIN, Oct. 7.—Attorney General Gerald Mann may well rank as the chief money-raiser of the current administration.

Ordinarily the legislature is rated as the outstanding money-raiser, but unceasing quarreling between political factions has prevented the passage of money-raising bills during the past three years.

Mann, as the state's chief legal officer, has been at work in suits, opinions, and cases set out on court, raising an enormous sum of money with which to replenish the state's starved coffers.

Remission Invalidated

The biggest financial lift given the state government, of course, was Mann's opinion this week invalidating the \$5,000,000 a year tax remission bill. This bill would have handed \$5,000,000 a year for the next five years to the counties, or a total of \$25,000,000. If his opinion is upheld in the courts, Mann can lay claim to having re-

Nazi Spy Work Revealed In Lyric Film

Edward G. Robinson Starred In Timely Production

"Confessions of a Nazi Spy," the Warner Bros. film dealing with Nazi espionage activities in this country plays a return engagement here with showings today and Monday at the Lyric. This is the much-awaited film which has been a subject of wide interest ever since Warner Bros. started the production of it, the first really important motion picture document of Nazi espionage activities in America.

Anatole Litvak directed the film, which stars Edward G. Robinson, and a brilliant supporting cast including Paul Lukas, Francis Lederer, Lya Lys—famous European film beauty making her American debut—and many others.

Although the particular characters and events are fictional, the espionage methods revealed in the film are based on the facts brought out in the recent trials in New York, Los Angeles and the Panama Canal zone. Leon G. Turrou, former F.B.I. agent, who acted as technical advisor on the Warner Bros. photoplay, smashed one of the Nazi spy rings, and his intimate knowledge of the manner in which the spies operate have given reality and authenticity to the production.

"Confessions of a Nazi Spy" is a sensational picture in the true sense of the word, because it is a vivid depiction of the menacing under-cover activities fostered in this country by the most dangerous of all the enemies of our democratic institutions—the Nazi regime in Germany. In making the picture, Warner Bros. have used all the facilities at their command to bring the danger of these activities out into the open, and although the story of the film is fictional, there can be no doubt that the dangers are very real.

Edward G. Robinson portrays the G-Man who breaks the spy ring and brings four of the members to trial and conviction. Paul Lukas plays the doctor who heads the spy ring, and Lederer portrays a bungling Nazi informer.

Pres. Roosevelt's Annual Appeal For Mobilization Of Human Needs To Be Aired Over KBST Monday

The annual appeal for the Community Mobilization for Human Needs, to be made by President Franklin D. Roosevelt from 9:30 to 10 o'clock Monday night, will be broadcast here over Station KBST through MBS-TSN.

The chief executive will speak from Washington and will be introduced by Charles P. Taft, chairman of the Mobilization campaign, who will talk from Indianapolis.

The Indianapolis Symphonic choir will sing and other music will be supplied by the U. S. army band. The Community Mobilization for Human Needs is an annual effort to inform the public regarding vital social needs in our country, urging citizens to support their local voluntary social agencies and to take an active part in promoting the total welfare programs of their communities. The Mobilization is a joint undertaking of 36 national social welfare and health organizations.

One of the most attractive musical programs yet to be offered by the "Hall of Fame" orchestra will be presented on the "Texas Hall of Fame" program, a Texas State Network production, at 5 p. m. Sunday. The "Hall of Fame," put on the air by the electrical industry of Texas, is carried locally by Station KBST, the TSN affiliate here.

Featured artists on this week's program will be the "Men of the Range" and Zelman Bronoff, the "Men of the Range" singing a special Ted Dreher arrangement of "The Hills of Home" and Bronoff presenting "Lilacs in the Rain."

AT WAR FRONT

Probably the only show of its kind on the air today, the "Adventures of Gary and Jill," aired by Station KBST at 10:45 a. m. Monday through Friday, follows two newspaper reporters assigned to the European war front.

The "Adventures of Gary and Jill" is a Texas State Network production. The presence of the two characters on the World War II front is something, says the producer of the show, over which he had no control. When the "Adventures of Gary and Jill" was conceived, the present European conflict had not begun. Jimmy McClain, who writes the show, had put his characters on a boat bound for the war scene in China.

"But with the outbreak of the war in Europe," says McClain, "it would have been ridiculous to keep my star reporters in China."

WILEY AND GENE

"Wiley and Gene," the Alabama hillbillies' team that is just about "No. 1 on the Hit Parade" with Texas radio listeners, are featured on the "Home Folks Frolic" from 7:30 to 8 o'clock each week-day morning on Station KBST.

'Dodge City' Is Offered At The Queen

Errol Flynn Starred In Story Of The Wild West

Errol Flynn comes to the screen of the Queen theatre today and Monday in a role that is, on the surface, altogether unlike any he has ever played before, for he is the straight-shooting hero of "Dodge City," a film about the period when the little Kansas town of that name was the roughest and wickedest community of the old west.

Produced by Warner Bros. in Technicolor, "Dodge City" is a spirited and authentic re-creation of those hectic days in the 1870's when the coming of the railroad to the little town at the northern end of the famed Chisholm Trail made it the leading cattle shipping center of that era.

And its authenticity is lessened no whit by the fact that the obviously British Errol Flynn is depicted as the trail boss who has driven a huge herd of Texas longhorns up the Chisholm Trail and then, after his arrival in Dodge City, becomes the sheriff who cleans up the wild and wicked town.

He is explained as an Irish soldier-of-fortune who had become a Texas cowboy after fighting for the South in the Civil war, and the history of the Old West contains several notable examples of adventurous Britons who became men to be feared in that virile era.

Douglas Beattie, Basso, To Present First Civic Music Concert Tuesday

Has Been With Opera Companies In Brief Career

From bugs to basso—that in a nutshell is the history of Douglas Beattie, basso of the Metropolitan Opera who will open the current Civic Music association concert season here Tuesday at 8 p. m. in the municipal auditorium.

Only those who hold season memberships with the association here or elsewhere will be privileged to attend the recital. There will be no reserved seats.

Young Beattie started out to be a doctor of medicine, intending to follow in the footsteps of his father, the late Dr. D. R. Beattie, and received his B. S. degree from the University of California where he had specialized in microbe research. Then suddenly, he chucked his diploma and sailed for Italy. All along, from the time he had been a boy soprano in the San Jose church, Beattie had been studying voice.

After a year and a half of study in Italy with Aristide Anceschi, formerly a leading baritone of Concert Garden, and Gino Puccetti, Beattie made his debut in Genoa at Teatro Ligure in "Il Trovatore." He was immediately engaged for 12 performances on as many successive nights and later sang 16 performances in 17 days at Teatro Vittorio in Turin.

Returning to California in the spring of 1935, Beattie was engaged for a concert performance of "Aida" in the Hollywood bowl and later filled several engagements at the San Francisco opera. He also appeared as soloist with that city's symphony and was booked for many broadcasts on the west coast.

Last season he was invited to join the Metropolitan Opera forces. During the current season he will appear with both the Metropolitan Opera and the Chicago City Opera company in addition to making

a long concert tour. Although youthful as recognized artists go, Beattie nevertheless has won wide acclaim from the music critics of the nation's press.

His recital here will be in five parts with Robert Turner at the piano.

Our Job Of Fire Prevention

Big Spring has had a taste, cost-wise, of what fire losses mean to a community as it witnessed a drop from 25 per cent to 20 per cent credit on its fire insurance key rate this year. Because of large loss payments made this year, that credit may fade into a penalty next year. This all serves to point up the importance of continued vigilance against blazes, and of a continuous program of fire prevention.

Prevention of fire is, basically, a dollars and cents proposition. A blaze is costly in more ways than one. It means loss not only to the owner of the property destroyed, but it affects the insurance standing in the community and in the long run means greater cost to all payers of premiums.

Fire Prevention Week, which for 1939 opens today and runs through Saturday, has been an admirable program which has achieved results. The special period each year has served to make all citizens keenly conscious of the ever-present danger of loss by fire and has encouraged such careful attention to the major causes of preventable fires that losses in general have been materially lowered. The important fact impressed on the consciousness of all is that fire never occurs unless there is a cause for it; and it follows logically that the only practical means of reducing fire losses is to identify and remove the factors which cause fire.

This is the prime purpose of Fire Prevention Week, as city authorities, fire marshalls, school officials, insurance representatives and others seek to drum into the minds of the people those basic rules of reason and caution which can prevent fires. Most of the causes of fire can be traced to pure carelessness. Attention to minor smoking habits, and periodic check of fire hazards could, in most instances, eliminate the major causes of fires. It seems needless to cite the tremendous toll in property and in lives, that fire exacts each year in our nation, in our state, or in our community. But the toll remains appalling large, despite concerted efforts to reduce it. The job for all of us is to be forever attentive to the "little things" that we know constitute fire hazards, and to form the habit of being careful always.

Man About Manhattan

NEW YORK—The religious life of New York City as a community springs from nearly seven hundred churches, synagogues, convents, and monasteries, the earliest of which are Dutch, and the newest of which encompasses all nations. There are churches here of international fame and of unsurpassed richness and splendor, and there are others little known save by their congregations and the people who live in adjoining houses.

When the Dutch first arrived in Manhattan their first move was to establish a place of worship, and since that time no decade has passed without the building of more and larger temples of worship. One can not begin to tell the history of church life in a brief letter, but these few widely-separated facts may prove interesting.

When New York was the nation's capital, George Washington attended services at St. Paul's on Broadway, between Fulton and Vesey streets. A special pew reserved for the Washington family was large and square, and on it was the coat of arms of the United States. It is still used as it was then, and anyone may sit in it today. St. Paul's originally was built on the site of a wheat field on the Queen's farm. Many American and British officers attended services there during their various occupations of the city during the Revolution, and many British officers are buried in the grounds.

Most widely publicized of all churches is the Actors' church, also Episcopal, which is known as the Little Church Around the Corner. It is daily the scene of 40 or 50 weddings. St. Thomas' church is one of America's most fashionable places of worship, and at Easter the crowds are so large that the police force is taxed to control the on-lookers.

Temple Emanu-El, at Fifth avenue and 65th street, is one of New York's most striking and beautiful synagogues. Early Romanesque in design, it is an outstanding example of Hebrew symbolism. Its congregation is wealthy and influential, and numbered in its history are such important names as Guggenheim and Strauss. The Methodists in New York first met in an old loft at 120 William street, then known as the Street of the Cart and the Horse. By subscription they raised enough money to erect the first Methodist church, known as the Old John Street church. This was in 1788, and today it is the oldest Methodist church in the world. Aubrey Park in New York is named for Bishop Aubrey, of the Methodist church, who, in 1791, delivered his famous memorial sermon for John Wesley.

A great and magnificent church in New York is the Russian Orthodox Church of Christ the Savior, built in the '20's by refugees who fled Red Russia. The services are said to be of extraordinary beauty. The head of the church is the Very Rev. Vasily Kurduumoff, who is "tall, has a long black beard and walks with a white dog."

No mention of churches in Manhattan would be complete without a word on L'Église de Saint Esprit, the old French Huguenot church, at 329 East 61st street. It springs from the historical Edict of Nantes, which induced many French Protestants to flee to America. Their first place of worship was a small building in Pine street that was completely surrounded by a graveyard.

The Thrill That Comes Once In A Lifetime

After A Man's Heart

by JEAN RANDALL

Chapter 29 FOUND!

He should have reached the ranch before noon. Three o'clock found him still on the highway, his windshield wiper clicking with the regularity of a metronome, the snow whirling in great gusts before him. Occasionally he ran into a road almost dry where the wind had acted as a giant brush; but often he encountered drifts too great to venture into before making use of the shovel with which he had provided himself.

Steam from his breath frosted the windows and had to be removed again and again. Several times he missed the road entirely and felt the crackle of dried grass and sage brush beneath his tires. But for the first time since Buff's flight his spirits rose. He whistled as he got out and shoved the small car back onto the road. Here was something he could wrestle with, overcome. His mind was clear of emotion, the vapors of bewilderment, remorse, grief, and loss blown away by the icy wind. Even his love for Buff was translated into a determination to conquer the elements. He would reach the ranch or die in the attempt, he told himself, almost gaily.

And reach it he did, though not until the early darkness had fallen. He had dreaded that dangerous road which led to the house itself, had almost decided to leave his car and walk rather than risk hidden boulders. To his surprise he found that although snow lay here and there upon the road, it was evident daily work had kept it open. The new foreman, he thought with gratitude, was proving himself a worthy successor to Atkins.

Tim's car sped gaily along, up to the very porch on which Buff had found him sitting last October. How much had happened in that short space of time! How greatly he, Tim Corliss, had changed, thanks to Buff!

He chuckled to see the house brightly lighted. Evidently Webby and her fellow servant were taking full advantage of their isolation. And who was to blame them, when he had indulged comment. Heaven knew it was dull enough for them alone out here through the winter. He hoped they had lighted as many fires, kept the radio on as many hours, cooked and eaten as many hearty meals as would help to lighten the months of their exile.

The front door was unlocked and he went in without knocking or ringing. He forgot that the steadily increasing wind drowned the sound of his car. Webby was coming down the stairs as he entered; a Webby whose appearance strangely belied the jolly picture he had been building up in his mind. Her face was drawn and anxious. She bore a hot water bag in her hands.

"Mr. Tim!" she exclaimed. "You did get the message then! But the line's down...how did you know?"

"Know what?" He was sliding out from his overcoat, shaking the snow from it before he tossed it onto the big chest in the hall. "What's the matter, Webby? You look upset."

He can't go on further with his car. He— Tim's painful grasp of her arm checked her speech. "Miss Buff—here? How long—when did she come? What's the matter with her?"

"I don't know. She's suffering a lot and she's feverish, but it don't act just like pneumonia to me. She—" "I'm going up to see her," Tim said; and strode past her, taking the stairs three steps at a time. Buff's door stood partly open. From the big bed came smothered little moans that wrung his heart. He tiptoed in and knelt beside her, gathered her hot hands in both his own.

"Buff! Oh, Buff!" She attempted to smile, then caught her breath sharply. "Oh, Tim, it hurts so!" "Does it, my darling? Where? Show me where?"

She laid her hand on her heart. "Here—when I breathe." "Is it all right when you don't breathe?" "Yes. If I could just get along without breathing." Pain caught her again and she bit her lip. Tim's head was down on her breast, listening to its tortured rise and fall. He knew pleurisy when he saw it. The question was: could it be checked before it went into pneumonia?

"Does it make you pant to turn on your side?" he asked anxiously. "No, Tim."

"There's no effusion then, thank God! Now listen, Buff. I've seen a lot of this kind of trouble—among the men in mines, you know, and elsewhere. I don't dare wait until it's too late to Loveland or Boulder for a doctor. Will you let me take care of you?"

"Anything—anything," she murmured, breathing as lightly as she could. Tim took immediate charge of the situation. He set Webby to making mustard plasters and applied them faithfully. He watched Buff's temperature as well as he could by the throbbing of the little vein in her temple, of the touch of her hands. When he judged it was growing too high, he ordered an alcohol rub for his patient.

Gradually the pain lessened. By morning it had disappeared and Buff slept like a tired child. With the coming of daylight the snow stopped and Simons was sent in Tim's car to find a doctor. "Not that she needs one, but I want to make sure she's all right," Tim said. He was sitting in the kitchen, drinking cup after cup of the strong coffee the housekeeper had made for him. "Now tell me, Webby, how long Miss Buff has been here? How did she catch this cold?"

"What letter?" Webby considered. "I guess I better tell you about it, after all. It'll save Miss Buff talking. It was that DeMuth girl again," she explained, bitter accusation in her tone. "Miss Buff got her a job in Chicago. Something to do with clothes. I don't know just what she wears her clothes real well, I'll say that for her. And you can bet Miss Buff didn't stop there either. She leased a little apartment for her, she introduced her to some of her friends. You'd think," she went on acrimoniously, "that was enough to satisfy anybody. But not that Iris DeMuth! She wired she was tired of working and was coming back to Denver. Miss Buff drove in to meet her."

"In this weather?" "In this weather. Of course it wasn't snowing so hard then, but it was plenty cold. She stayed two days and got that Iris girl talked into going back to Chicago. Then coming back here it begun to snow, and poor little Miss Buff had to fight her way to the house."

"Tim shuddered, remembering his own struggle of yesterday. A storm, getting out to scrape the frost from the windshield, battling with drifts, chilled through and through...The papers were filled with stories of travelers who had died under such circumstances. Buff, his little Buff!"

And all to help Iris DeMuth! A dislike for her which was akin to actual hatred took possession of him. A hundred Irises would not be worth the risk of one Buff Carroll. Nor did he believe Iris needed help. She would always land, catlike, on her feet no matter what the circumstances. How like her to abandon the comfortable apartment, the pleasant work Buff had secured for her, so come back to Denver, her unshakable optimism directing a new appeal to Buff, perhaps even to Tim himself.

Webby was watching his face. Concluded tomorrow.

SISTER-IN-LAW OF MRS. AGNELL DIES

Mrs. Della K. Agnell has been notified of the death of her sister-in-law, Mrs. William H. Russell of Waco. Mrs. Russell and family had visited here frequently in Big Spring. A 14-year-old daughter, Dell Ann, a senior in Waco high school, and William Russell, husband, survive. Mr. Russell was reared in Big Spring.

Washington Daybook

WASHINGTON—California "Ham-and-Eggers" have set out to make this the last fight over foreign policy in which Senator Hiram Johnson will participate. They are out to beat him. "Ham-and-Eggers" are not concerned, of course, with the current battle over the neutrality act. Foreign affairs have nothing to do with their campaign. They have a plan to put Jack in the jeans of every man and woman over 50. The idea has caught on so widely that within the past year they have elected a governor, a United States senator, and now hope to fasten their scheme solidly on California at a November election.

It might be added at this point that the proposed defeat of Senator Johnson is largely a by-product of the major enterprise. He is against "Ham-and-Eggs" so they are against him—or at least the leaders indicate they are. When he comes up for re-election next fall they will have a candidate against him—if they can—and shake him loose for the position he has held since 1916.

"Ham-and-Eggs" is, of course, simply the popular title for the scheme under which a flood of money would be distributed in California by pouring it first into the hands of people over 50 years of age.

HOW IT WORKS The idea is this: Every Thursday all the "senior citizens" of California will be given paper slips of a face total of \$30—not cash, but a circulating medium good only in California. The persons who get it will spend it. On one day each week the holder of the slip must buy a stamp (using real money) and stick it on the back of the money, two cents for each \$1 of face amount. The stamps will be issued by the state of California and the real money paid for the stamps will go to the treasury. At the end of a year each dollar of scrip supposedly will bear on its back \$1.04 in stamps. The idea lost out last year by a margin so narrow it gave many solid citizens the shivers. At the same time, supporters of the idea were encouraged.

CONTROL DEMOCRATS How does Senator Johnson come into it? That is not hard to explain. "Ham-and-Eggs" is a California political organization. It appeals to the same voters who in 1934 almost installed Upton Sinclair and EPIC as part of the life in California. It appeals to the voters who follow Doctor Townsend.

Last year they took over control of the democratic party, defeated Senator McAdoo in the primaries and swept on to victory in November. Republicans and old-line democrats could not put up anything half so tempting.

Now Ellis Patterson, lieutenant governor, and one of the kingpins of the movement, has said he will seek the democratic nomination for United States senator to oppose Johnson in 1940. If "Ham-and-Eggs" sticks to him in the primaries he undoubtedly will get the nomination.

"JOHNSON MYTH" Beating Johnson the following November is another matter. Johnson has become a tradition. In 1934 he was the candidate of every party. When he first ran in 1916, after a session as governor, Charles Evans Hughes, republican presidential candidate, slighted him. Patriotic Californians turned on Hughes and it cost him the state and the presidency. Johnson was elected.

Johnson supporters already have accepted the prospect that he will not be the democratic nominee in 1940. He will run only as a republican. He once supported President Roosevelt and Roosevelt supported him. Now some Rooseveltians are against him and will help "Ham-and-Eggs" try to break what they call the "myth of Hiram Johnson." It won't be easy.

Hollywood Sights And Sounds

HOLLYWOOD—More or less personal to George Tucker, the Man About Manhattan.

I want to meet him, that writer fellow you wrote about the other day. The fellow who came to Hollywood from God's City for consultation on his book they're making into a movie. The fellow who was "thirsting for news" about the war, and in five days didn't hear a radio. The fellow who talked with producers, directors, hotel and restaurant men and bell boys—and heard talk only about pictures.

I want to meet him because I think his was an unique, even happy experience. I'd like to wander into those circles he told you about and for one day—just for one blessed day—get the war out of my hair and my ears and my consciousness. I'd like to see and be with people—just for one day—who don't know yet that the party's over.

In this humble position I do considerable wandering in and around the movie lots and restaurants, and I have yet to meet a person, high or low, who has not the war in his eyes. It isn't only in the business offices, either, as your writer friend implies. I have heard radios in the studios, and I have seen groups of workers gathered around the newsstands, and I have seen their eyes—the helpless questioning, the fear, the shock, the pity, the outrage.

The war has been with Hollywood for months—in writers' table discussions in the studio restaurants. At Warner's Green Room the scribes gather daily and the din of Polish names, of Maginot line versus Limes line, of Stalin, Hitler, Goebbels, Goering drowns out the feeble peaceful sounds of plot, dramatic effect, and well-turned line.

I wonder if your writer friend was here long enough, in that first week of the war, to talk to workmen—carpenters, clerks, stenographers—who suddenly, because of those vague faraway things called "foreign markets," found themselves "at liberty." To talk to people who were doing good jobs until those jobs, in the retrenchment process, were suddenly removed. To publicity men, likewise doing good jobs, who were no longer "necessary."

Did he pause, by chance, near a movie set ("Tower of London") whereon most of the actors—Basil Rathbone, Ian Hunter, Boris Karloff, Ralph Forbes, Ernest Cosart, Ronald Sinclair—were British-born? Did he watch them over the headlines, hear them talking? Did he talk to friends of David Niven or Laurence Olivier or other British subjects who may be called?

The war is in Hollywood. It comes on lovely secluded terraces where the sun shines and servants move quietly about and the luxury of Hollywood is the star who ought to be (if your writer friend is right, George) talking about pictures. Her own pictures.

It comes beside gay swimming pools, where Hollywood laughs and talks pictures—and then stops, suddenly, and talks of the war or is silent.

It comes on sets where foreigners work. It comes to Ilona Massey, the Hungarian, whose folks are there, who can't go home. It comes in restaurants, in homes, on the street—while Hollywood goes on making pictures. And Hollywood goes on making pictures just as your writer friend—and you and I, George—go on writing. But the war is with us, and the war is with Hollywood.

Big Percentage Of School Land To Be Sold Located In West Texas; 114 Acres Listed In Howard Co.

(Herald Austin Bureau)
AUSTIN, Oct. 7 — Eighty-seven per cent of the surveyed public school land auction in more than nine years is located in West Texas, according to a survey by the state land office.

Once the Texas public schools owned 42,400,556 acres of land throughout the state, but all except approximately 600,000 acres have been sold. Exact amount of the unsold surveyed school acreage is not known because of conflicts in titles, but the amount is estimated by Land Commissioner Bascom Giles to be 598,433 acres.

Land office figures show a total of 607,164 acres of forfeited and unsold school lands in mapped surveys: 19,511 acres in scrap files; 4,065 acres in mineral files; and 12,944 acres of escheated land. All this land belonging to the school fund aggregates 945,685 acres.

Records in the land office show that 359,898 acres of the 607,164 acres listed as school lands are located in West Texas. The West Texas acreage is 87 per cent of the total.

Seventy-eight per cent of the total is located in five West Texas counties. These are Brewster, Hudspeth, Presidio, Reeves and Culberson.

Table showing school lands in West Texas by county. Columns: County, No. Acres. Rows include Brewster (128,610), Coke (280), Coleman (31.6), Crane (687), Crockett (5,159), Culberson (49,488.37), Dawson (160), Eastland (270.49), Ector (61.1), Edwards (631), El Paso (13,702.25), Gaines (160), Haakell (356.4), Howard (114), Hudspeth (128,961.05), Jeff Davis (4,258.9), Kimble (1,532.5), Lampasas (338), Loving (2,940), Martin (262), Mason (15.7), McCulloch (46), Pecos (8,900.86), Presidio (123,192.8), Reeves (81,051.33), Stephens (115.6), Sutton (194), Taylor (317.89), Terrell (6,385), Tom Green (41).

Plans Advance For Kiwanis Jubilusca

Announcement was made Saturday by Frank Boyle, general chairman of the Kiwanis club's 1940 Halloween Jubilusca, that a large lot in the downtown section had been secured for this year's carnival and the city has given the club permission to rope off a section of the street in front of the lot for dancing.

Site for the many concessions will be the Marvin Wood lot, located on Scurry street between the Montgomery Ward warehouse and Roman's Service Station. Permission has also been given the club for use of the space immediately in front of the warehouse and will probably "house" one of the largest bingo stands ever in Big Spring since the corn and card game proved to be the most popular of the carnival last year.

Contacts were being made yesterday for still another location to handle an automobile show. Since 1940 models will all be announced before the Jubilusca's date, this will probably be the first public showing of all lines together. According to the chairman, only a few of the dealers have been contacted so far and all have expressed a desire to be represented.

The carnival will be held two nights—Oct. 30 and 31—and will offer many valuable awards in addition to those of the various concessions. Proceeds, as last year, will be turned over to the Kiwanis club's crippled children committee for special work in underprivileged cases.

Table listing locations and distances: Upton (100), Uvalde (33), Val Verde (277.78), Ward (3,938.78), Winkler (1,680), Yoakum (935.1).

Before any of the acreage is sold, it will be advertised by the state land office for one month preceding the sale. Tracts located west of the Pecos river will be sold for a minimum of \$1 an acre, those east of the Pecos at a minimum of \$2 an acre.

EDDIE SAVAGE OPENS RADIO REPAIR SHOP

Announcement of the opening of a radio repair service has been made by Eddie Savage, who has a location at 120 Main street. Completely new equipment has been installed, so up-to-date, Savage says, that he will be equipped to service television sets. Savage has had considerable experience in the radio field. For five years he was associated with the Carnett firm, and later was with the Midland Radio Service.

Angeloan Directs Group Hospital Service In Area

C. L. PRATT

C. L. Pratt, well known San Angelo business man, has accepted the area management for South-west Texas for Group Hospital Service, Inc. He will make his area headquarters in San Angelo centering a group of twenty-four counties, each of which will be organized for hospital service at cost under the non-profit hospitalization plan originated by the hospitals of Texas themselves.

Prominent in state athletics Pratt graduated from the University of Texas where he was captain of the baseball team and on the football team. Later he coached several college football teams and played professional baseball. He is past president of the Lions club of San Angelo and chairman of that state of Lions International. He is a director of San Angelo board of trade and of the Junior chamber of commerce.

UCC Office To Open Monday

Opening of territorial offices here by the Universal Credit company, to provide more direct service to automobile dealers and purchasers, has been announced for Monday.

UCC some time ago obtained office space in the Petroleum building, and has announced transfer of many West Texas accounts to this office. Several office workers and field representatives will be employed.

The firm, one of the nation's major finance organizations, handles exclusively deferred payments on Ford, Mercury, Zephyr, Lincoln automobiles and other Ford products. C. B. Strong, Dallas division chief, superintendent location of the office here. A wide territory will be served, UCC heretofore having had no office between Fort Worth and El Paso.

board of trade and of the Junior chamber of commerce. Counties which will be organized by Mr. Pratt, in behalf of this philanthropic effort of grouped Texas hospitals, include Tom Green, Coleman, McCulloch, Menard, Concho, Rannels, Nolan, Coke, Schleicher, Sutton, Edwards, Kinney, Val Verde, Mitchell, Sterling, Irion, Crockett, Howard, Glasscock, Reagan, Upton, Terrell, Pecos and Crane.

The shades of 1914 are falling once more upon the world. Roads are choked with tanks and troops moving up to the "front." The banshee wail of air raid sirens sends civilians scurrying to shelter. Torpedoes streak their white feather of foam on the seas. Big guns roar. Again the nations of Europe are locked in a great conflict whose outcome no one can foretell. The biggest news story since "The War To End Wars" is unfolding.

Well informed Americans are making it a point to keep posted on the turbulent rush of events which are piecing out a grim new chapter of modern history. For an intelligent opinion, they want all the news—from the battlefields on land, the submarine zones at sea, from the warring capitals, the neighboring neutrals and the sensitive commodity markets of the world.

This newspaper is fully prepared to bring its readers that complete story. It is prepared because it is a member of The Associated Press, the world-wide news gathering organization which today maintains the largest and most experienced news staff ever assembled in Europe. There are more than 2,500 alert correspondents on that staff—many times more than the number of men assigned to report the World War for AP a quarter

of a century ago.

Several outstanding members of this large, carefully coordinated news gathering army are pictured above. They represent only a few of the 110 American-trained newspaper men located in key spots to cover the news as it occurs and to direct the work of the far flung auxiliary force of resident correspondents and accredited reporters. Many of the men have had previous experience with modern war, some dating back to World War days.

All these men have only one job—to report the facts accurately, promptly and fully for 1,400 member newspapers from Maine to Key West, from New York to San Francisco, and to report those facts without sensational embellishment or wartime hysteria. The minute-by-minute reports of these correspondents are flashed into this newspaper's office day and night and our own staff hurries the dispatches to waiting presses for regular or extra editions, depending on the gravity of the news.

You will find the complete STORY of The Great War at your fingertips in this newspaper every day.
