## Brand's Sports Reporter Tries His Hand at Telling Troubles of Golf Players

BY HOMER FOX

J. M. Posey, Hereford's top golfer, drove over to Dalhart last Friday and entered the Dalhart Open Tournament. The qualifying round was shot Sunday, and Posey was fourth man with a 78, the top man edging out a 74. J. M. eliminated Ed Armstrong of Guyton, 5-2, on Monday, and fought Joe Stensass to the 36th hole Tuesday for second place, first place being won by Dick Coon of Dalhart. Posey had Stensass down five strokes through the 35th hole. His tee shot on the 36th was down the middle about 225 yards, but a little too low to clear a deep trap across the fairway, and when he saw the lie he had, he remarked that "He didn't see how he could get out of there in a week," picked up his ball and quit. Posey said all three days the wind was high and the sand was blowing so bad they could hardly see a hundred yards down the fairway. J. M. told us he had learned to see the ball, and that if he failed to hit in baseball from now on he would buy the matted milks. If he means every time up, it just ain't fair, folks—if we had the capacity of Speegle or Jack Spratt it would be OK, but we can't hold so much, and really it is not a good bet. Anyway, J. M.

He is a very strong and impressive talker, and especially features day services and services prepared for the young people. He is also known as a church builder, having been directly responsible for the erection of two Methodist churches, one in Wichita Falls and one in Bowie, as well as smaller churches in several Texas cities. Rev. Tittle came to the Northwest Texas conference from the First Methodist church in Denton. He is a busy presiding elder, but each year holds not less than three revivals in Texas cities. ### Some Wheat Will Make Fairly Large Yield

Robinson, pastor of the First Methodist church and president of the Hereford Minister's Association, called to order a group of interested citizens at a prohibition rally in the district court room at 8:30 Tuesday night. The blessings of God was invoked by Rev. J. A. Hornbeak, retired Presbyterian minister.

The meeting was called for the purpose of organizing a county unit of the Allied Forces for Prohibition. After Dr. Robinson had stated the purpose and necessity for such action if the advocates of temperance do not want to see the county and Texas vote for the repeal of the Eighteenth Amendment on August 20th, he called on Rev. V. M. Cloyd, pastor of the First Baptist church, who made a few stirring remarks and reported on his attendance at the district meeting in Amarillo last Thursday. Bro. McWilliams, pastor of the Christian church, spoke briefly pledging himself for the fight against repeal. He was followed by F. W. Zimmerman, a layman, who has been in the middle of the fight for eradication of the traffic in liquor for 44 years.

On the nomination of Rev. Cloyd, E. R. McWilliams was elected permanent chairman of the organization and the following committee was appointed and authorized to name a chairman: H. G. Conkwright, I. H. Spratt, Clyde Allred and E. R. McWilliams. Plans are under way for a complete canvass of the county with speaking and rallies in every community. Every person who is interested in arranging a date in his community is asked to see or write E. R. McWilliams, secretary.

The purpose of the Texas Good Roads Association is to enable Texas car owners to receive full and satisfactory returns from the gasoline tax, or toll, they pay, in a well constructed and maintained system of highways throughout the state.

Bright Woman Lost 20 Pounds

Feels Much Better.

"June 28th, 1932, I started taking Kruschen Salts. Have lost 20 pounds from Jan. 28th to Jan. 19. Feel better than have felt for several months. He said I had gained weight and should have operation. Kruschen did all and more than I expected." Mrs. Lois Bright, Walker, Miss. (Jan. 16, 1932).

To lose fat and at the same time gain in physical attractiveness and feel spirited and youthful take one half teaspoonful of Kruschen in a glass of hot water before breakfast every morning.

A jar that last 4 weeks costs but a trifle at any drug store in the world, but be sure and get Kruschen Salts the SAFE way to reduce wide hips, prominent front and double chin and again feel the joy of living—money back if dissatisfied after the first jar.

There is some doubt that people care to hear very much about what goes on under the hoods of their cars. The driver knows that "driving qualities" are not accidental; they are put there. How the manufacturer creates or evolves those results may not interest him. He judges entirely by the results he gets in driving. Well, it is not essential to talk "shop"; let us talk Results. Smoothness. Drive the Ford V-8 and you will find that the engine runs with surpassing smoothness, due to its design and the extra precise methods of its manufacture. Power. There it is, 75 horsepower (we could say 80) at the drive-shaft for the driver's use. With less weight to pull around, the mettle of this car—its life-like response—is rather remarkable. Economy. Our V-8 develops more power on a gallon of gasoline than any car we have made. Mileage is partly a matter of individual driving, but under average conditions the Ford V-8 does 17 to 20 miles a gallon. Of course, car economy is not only a matter of fuel. Ford V-8 has that too, but it is also economical in the complete sense—initial cost, operation, maintenance. Appearance. This is woman's contribution. The motor car must not only be useful, but also good-looking. View the Ford V-8 and you will not need our comment on its fine appearance. Comfort. This also is woman's concern. In 30 years she changed the motor car from a wagon to a coach. Comfort is a quality made up of numerous ingredients. There is no comfort without a quiet, smooth-running engine. We have all the other ingredients too,—color, good taste, quality, ease, safety, roominess and convenience. Henry Ford'

## On Texas Farms

By W. H. Darrow, Extension Service Editor.

In some respects a new day in farming has arrived. Two young Camp county farmers who recently purchased land commenced their farm operations by terracing their land with the help of the county agent. Terracing is becoming the first step in farming, instead of a last resort.

For the fourth year Randall county dairymen have pooled their cows for a cooperative tubercular test, says the county agent. Under the leadership of the county dairymen's association, 63 farmers tested more than 1000 cows at low cost to find only one-tenth of one per cent condemned. The first year 1 1/2 per cent were eliminated.

To take care of excess roughage on his place in Comal county, Bob Hering has gone into partnership with a New Braunfels business man in a herd of 110 high grade Hereford cows to be handled by methods suggested by the county agent. Abundant pastures and roughage are to be supplied and the calves creep fed.

Five good registered Hereford bulls costing \$125 apiece two years ago have made three Gregg county farmers \$2500, reports R. F. McSwain, county agent. Bred to native cows, 250 calves were produced that sold last fall and winter for an average of \$15 each. Calves from native cows by native bulls have been selling for about \$5 each, according to the reports.

No longer is it necessary to butcher four or five hogs at a time, risk a lot of spoilage and burn the family out-on pork to avoid possible losses. Falls county farmers have learned from Dan Clinton, county agent. At moderate cost hogs can be butchered from time to time as meat is needed and cured in cold storage, he says. From June, 1932, to January 27 last, 18,679 pounds of pork, mostly hams and shoulders, were cured in ice houses in Marlin, Lott and Chilton. One commercial company is planning to install meat vaults for farmer use in their plants in Marlin and at Rosebud to take care of the growing farmer trade.

An adequate food supply in her 4-H pantry is taking care of her family this year, and sending three boys to college, according to Mrs. Ora B. Smith of the Richland Springs home demonstration club in San Saba county. She put up more than 1000 cans of food last season, and the boys take canned stuff to college where they are able to board themselves at a cost of \$9 per month for all three. Canning budgets have been made by 154 farm women and 84 girls in San Saba county this spring, reports Miss Lorena Dry, home demonstration agent. This represents 238 different farm homes in which an adequate supply of food will be stored in pantries this year if plans work out satisfactorily.

Dairy production in Swisher county has increased 400 per cent in the last ten years as a result of a comprehensive Jersey breeding program built around cooperative bull circles, says C. B. Martin, county agent. Dairying has become the main source of living and farm income in the county, he states. The first county in Texas to organize bull circles on a county-wide scale, officers of the circle association have recently decided to buy new bulls to take the place of older bulls that have died off, and ones that are worthless. It is planned to limit the size of bull circles to five members.

It pays to raise hogs for home use and for sale, Mr. and Mrs. Clarence Ross of Margaret community in Foard county have discovered. From six hogs cured the "A. and M. Way" they have sold \$56 worth of meat and still have 200 cans of sausage and 150 cans of chili to sell. Mrs. Ross, a 4-H pantry demonstrator, has sold 1100 cans of other home raised food at 20 cents per can.

# THOUGHTS and THINGS

The business of living, when boiled down and all the froth skimmed off, is just a matter of thinking.

Each of us is continually thinking ideas of our own and swapping them for the ideas of others. If there is a famine of outside ideas, we shrivel up ourselves. Children with "nobody to play with" are unhappy and unmanageable.

From thinking with our heads to doing with our hands is but a little step and then our thoughts become things.

It is because men of America are so unfettered in their thinking and doing that this country is such a fine place to live in. It is also because those thoughts are freely radiated and spread broadcast, in the distribution of manufactured things and in the distribution of the facts about them (advertising), that this country is such a fine place to live in.

The originator of an idea is not much better off than before he originated it till he gets someone else to absorb it and enjoy it and benefit by it.

The man or woman surrounded by better thoughts and things but who pays not the slightest attention to them is not much better off than the one with "nobody to play with".

Advertisements in the papers are thoughts, telling you about things that other men and women have created for your happiness. Read the ads. They are the voices from hundreds of thousands of looms, shops, foundries, laboratories, studios, where millions of minds are turning pleasant thoughts into worth-while things for your comfort.

## WALSER-CLARK NUPTIALS SOLEMNIZED SUNDAY

An impressive ceremony at Summerfield Baptist church Sunday morning at 8:30 united in marriage Miss Lenora Walsler and Mr. Jim Clark. The ring ceremony was read by Rev. V. M. Cloyd, pastor of the First Baptist church of Hereford.

The church was appropriately decorated with ferns and cut flowers. Large baskets of lacy fern and pink roses adorned the pulpit and a rainbow arch was formed of fern and white roses. White ribbon reserved the first four pews for relatives of the bride and groom.

Preceding the ceremony, Hazel Ogleby played "Because," followed by "At Dawning," sung by Mrs. J. B. Saunders, and Lohengrin's wedding march was played, announcing the arrival of the bridal party. Rev. Cloyd took his place at the altar. The groom and his best man, D. J. Neill, waited at the foot of the pulpit, and the bridesmaid, Miss Mary Lee Curry, entered, wearing an ivory tailored crepe with white accessories, and a shoulder corsage of pink rose buds.

Down the aisle came the bride with her father. She was attractively attired in azure blue tailored crepe, with a white hat and nose veil, white gloves and slippers. She wore a shoulder corsage of white rose buds.

Immediately after the ceremony the recessional, the wedding march Mendelssohn, was played and the bridal party left the church to welcome the guests at an informal wedding breakfast held at the home of the bride, which was decorated in pink and white roses.

Mrs. Clark is the daughter of Mr. and Mrs. Charles R. Walsler of Summerfield. She is a graduate of Hereford high school, and has attended Texas Tech at Lubbock and W. T. S. T. C. at Canyon. She taught at the Rance school the past two years.

The groom has made his home with his brother in the Summerfield community the past several years. The bride and groom will take up their residence in the Summerfield community.

Guests in the home for the wedding were Mr. and Mrs. Dave Stewart and two children, Martin and Irene of Rance; Wm. Phillips of Slaton, Oklahoma; Miss Ruth Dallas of Panhandle, and Miss Ruby Cavenger of Chillicothe; Mrs. J. B. Saunders of Rance.

## LIONS CLUB ENTERTAINS WITH PICNIC

Tuesday evening members of the Lions club, with their wives and invited guests enjoyed an out-door picnic in the City Park.

The long table was spread beneath the trees, and was loaded with fried chicken, sandwiches, salads, cakes and pickles. Ice water and hot coffee were also served. The menu was arranged by Mrs. J. C. Parker, J. G. Weir and Mrs. J. M. Poser.

Musical for the evening was furnished by Johnnie Bikes, Ralph Smith, W. I. Kucker and E. W. Young. Songs and a gypsy dance by Miss Lueta Borden was enjoyed. Various games were played, after which everyone accepted an invitation by J. C. Parker to see the show, "Pick Up." The program committee for the evening consisted of Mrs. D. H. Alexander, Mrs. John McLean and Mrs. J. C. McCracken.

About 75 adults and 25 children were present.

## MESSES WILSON, FRITZ AND FERGUSON BRIDGE HOSTESSES

Messes Victoria Wilson, Fritz and Ferguson were hostesses to friends Tuesday afternoon when they entertained with bridge at the home of Mrs. Ferguson.

The entertaining rooms were decorated with lovely baskets of garden flowers and cut glass bowls

of sweet peas and baby breath. As the bride was to commemorate the passing depression, tallies and other accessories were chosen in accord with this idea.

The afternoon was made enjoyable by contract and auction bridge. During the games Mrs. J. Wallace Robinson was presented with high contract prize, and Miss Inez Clark with high auction prize. Each guest was requested to wear her oldest dress, and many interesting sights were seen. Prizes for the oldest dresses were given by a cut to Mrs. Dave McCurdy and Mrs. Gaston Baer. The dress of each was over 100 years old. Each guest was also requested to bring as a prize a white elephant gift wrapped in brown paper and tied with twine. Those playing low at each table in the last game were given their choice of the wrapped packages. The choosing and opening of the packages created much amusement.

In view of the fact that 87 invitations were given, and that 14 tables were served lovely refreshments of angel food cake and ice cream, this was the first really big party of the season.

## SUNDAY SCHOOL CLASS ENTERTAINED

Mrs. J. F. Ward's class of girls was hostesses to Mrs. S. L. Easley's class of boys at a dinner last Sunday. The dinner was the result of a contest between the two classes, and the girls, as losers, had to honor the boys.

Dinner was served in a hand-out style to 39 persons. There was a varied and plentiful supply of good things to eat. After all had satisfied their desire for eating, an informal dish washing party was held, with all present helping. A sing-song followed and all expressed themselves as having had a delightful time.

## PLEASURE HOUR BRIDGE CLUB ENTERTAINED

Messes Elmer Mathies and Carl Jennings were hostesses to members of the Pleasure Hour bridge club Thursday afternoon at the home of Mrs. Jennings. Tables were arranged for three sets of players, and at the conclusion of the games Mrs. Carl Gilliam was presented high score prize and Mrs. Carl Jennings with traveling prize, which she graciously presented to Mrs. John Cloyd, who leaves soon to make her home in Ft. Worth.

A delicious ice course was served to Messes Criss Renfro, Boyd London, Ralph Smith, Frank Richards, Buford Farmer, Marc Whittman, B. R. Dixon, John Cloyd, Bill Smith and Carl Gilliam.

Curtzinger, Messes and Messes Ralph Smith, Boyd London, Criss Renfro, W. D. Farmer of La Feria; Glenn Weir, Homer Henslee, Buford Farmer, Bill Smith, Elmer Mathies and Carl Gilliam.

## BASEBALL GAMES

(Continued from Page One)

and Seedy pitched the route for the Midgets. The Midgets scored two runs in their half of the first inning. Speegle, lead off man, singled; Pleas singled, L. B. forced Pleas at second, Tubby slammed one to pitcher and was out. Smith hit one to second; Speegle was safe at home and Russell came in on the lead throw. Seedy was out, pitch to first.

The Midgets scored five runs in the second, with four hits and that many errors and that many bone heads.

For four innings there were only 12 men faced Seedy, and in the fifth Dean, the first man up, singled to right field for the first man to reach first, but they failed to score. Seedy is a side-wheeler and had something on that ball, we don't know what (think it was the cover), anyway the kids were playing, all-right ball behind him.

In the sixth, Buddy, first man up, singled to center, then Bob came up, and Seedy in trying to watch the runner, walked Bob (remember this is the first game Seedy ever pitched in his life); then someone hit one to one infielder and he tried to catch the head man and threw the ball away, then someone else threw one away and it was a regular balloon ascension, but they finally got them out and the Odd Fellows had three runs on one hit, a sack full of errors and a shirt full of boneheads.

Again in the seventh the Odd Fellows scored two more. Dean walked, Onias walker, looked bad, Buddy flew out to left; Bob to left; Wilson hit one through short and both runners scored. Foster singled, and Harve popped out to second, ending the game, we are glad to say. Midgets 9, Odd Fellows 5. The Odd Fellows got 5 runs, 3 hits and plenty of errors; the Midgets got 9 runs, 9 hits and a carload of boneheads. Seedy got two strikeouts, and Ted got both coming in the last inning, when Russell and Speegle both lined out to catcher.

We want to say two things about this ball game: Ted Young, the manager of the Odd Fellows, is the best natured loser we have ever met. Lose or win, Ted always has that good natured grin of his working, and in our opinion is as good if not the best sport that you can find anywhere in baseball.

No. 2, Umpires: Folks, we had two guys calling this game that can't even spell strike, and they both play ball—they have both been having trouble hitting this year and this has been worrying them and their team mates, but they can all rest at ease now—no more worry. If these two birds hit like they umpire, they won't hit one in a hundred years if they play ball every day.

**A Mighty Queer Game.** Saw a game of what they call "soft ball" down at Lake Park Friday afternoon between two Lion teams; and, listen folks, who ever named this soft ball certainly must have been a hard-headed proper. Can't catch this ball, can't hold it if you do catch it; can't even pick it up—at least that is what I saw out there.

McWilliams was doing the twirling for team No. 1, and Close for team No. 2. Team 2 was all but and made something near a dozen runs and really don't think they ever got three outs, but the umpire called it anyway. Doesn't seem to be anything barred in this game. Saw a fellow slide into third base on a couple of grass burrs. Third base coach picked up the ball and threw it away, runner slid into home, catcher fumbled the ball, slammed a headlock on the runner and called for the ball, but the runner kicked around some way and touched the plate.

Saw another play at first: Runner on first, batter hit one to second, first baseman slammed a body wipers on the runner until second was touched, and they made a double out of it. Don't know much about this game, but looks like if a fellow wanted a winning team he should get Dutch Mantel, Rob Roy and a bunch that really know the holds. The boys really get a lot of kick out of this game, although they get a lot of exercise playing the game and a lot more picking STICKERS when they get home. Saw Harry Rice catch a nice fly; saw McCracken get hit right square on the end of the nose; McCurdy hit a home run and got to second. First time we ever knew Gus Strou was a catcher, and we don't know it yet. Saw Harold Close get put out three times in one inning. We apologize to Harold for calling him a "flat head"—nothing with three corners on it could be flat.

Tried to find out about the game came out, but never did, but we do know that who ever won this ball game certainly made a lot of runs. Don't believe, tho, there is an organization of this kind anywhere that has any more good fellowship and fun than this bunch of Lions and we are for them a hundred per cent, even if they can't play ball.

Had another ball game Monday—just a five inning outfit, but were

the Midgets and Firemen again sorry? Folks, but we surely intended to have a league formed by the time this paper came out, and it looks like one outfit in town is just a little backward about starting, but we will get it going by next week.

The firemen were short three men and used Billy Patton, Wink Speegle in the outfield. The Midgets had to use Tubby Roberson and Bob again. Seedy and Witherspoon started the game and Russell and Carroll finished it, but the Midgets won again by a score of 4 to 3.

The Midgets scored in the first inning when Baker finished, Russell was safe on an error by second base. Robinson was safe on a fielder's choice, and both runners scored on the play, as it was a wild throw. Seedy busted Buddy on the south side the first ball, and he walked; Russell was out to third. Carroll singled, scoring Buddy; Brock was safe on a bad throw to first, and Onias went to third; Ferris hit to pitch, and in trying to get a double everyone was safe, and Carroll scored on the play. Patton hit into a double, pitch to third to first, making the score two and two.

In the second inning the Firemen threatened again, first man up, Billy Patton (John's son) singled to center, but was forced out at second by Wink, after some guy struck out, and Buddy went out, second to first.

In the third inning Russell singled, Tubby walked, stole second and Bob walked, then Nasty tripled into right field and scored two runners. Seedy lined out to catcher for the third out; Bob was out between these hitters, but we can't say how—might have walked out. In the third inning the Firemen scored again. Russell singled, Carroll doubled, scoring Russell; Carroll was out on a fielder's choice when Brock hit to short; Ferris was out to left, and J. Patton was out, short to first.

The next two innings were just out, that was all, and the game ended 4 to 3 in favor of the Midgets. Cockrell was the outstanding fielder of the day, with three chances in left field and handling every one of them perfectly, one being a real hard one.

## 29-FOOT AUTO CYLINDER WINS SPECIAL ATTENTION AT CHICAGO WORLD FAIR

One of the world's largest automobile cylinders is displayed at the Century of Progress in Chicago. Measuring 29 feet in height, this huge moving exhibit represents one of the many features of the Gulf Refining Company's display. In the cylinder a large piston operates, showing, with the aid of lights, intake and exhaust and emphasizing the fact that "fresh gas packs power."

Made of aluminum alloy, the Gulf cylinder is an exact copy of the modern cylinder. At the base of this display three shelves rotate. The shelves hold interesting miniature models of an airplane, a racing car and a motor boat. Other eye-catchers of this particular section of the Gulf Exhibit include a cut-away Chrysler marine engine, an Evinrude outboard motor which established a world's record, a Westinghouse Farm Lighting Engine and a Cummins Diesel engine.

## "Dr. Jekyll and Mr. Hyde" Goes Over Big

The drama, "Dr. Jekyll and Mr. Hyde" was a marked success. The popular and talented group of Hereford players displayed real talent in this extremely difficult production. The cast was well chosen and each one deserves a great deal of praise and encouragement.

Marlin Gilliland, director of the play, expressed himself as being well satisfied with the efforts of this company.

**IRELAND - BEAVERS MOTOR COMPANY**

CONOCO BRONZE'S claims to superiority have received the most tremendous indorsement ever accorded a new gasoline.

Motorists in vast numbers talked and wrote of their experiences with instant starting, lighting pick-up, improved anti-knock, greater mileage and power of Conoco Bronze. They proved its unusual qualities in new cars and old-timers.

Take any motor car manufacturer's claims of car performance... add a plus if you use Conoco Bronze! Where performance counts... or economy is stressed, here is a gasoline whose perfection is greater than the car engineers counted upon.

Users all say it is a great gasoline. At Red Triangle stations everywhere.

75 - HEAD PURE-BRED JERSEYS - 75 NON-REGISTERED

**WEDNESDAY, JUNE 14**

SALE BEGINS PROMPTLY AT 1:30 P. M.

We will sell at public auction our entire herd of Dairy Cattle, located at my farm 12 miles west of Hereford on the Harrison Highway, and one and one-half miles north.

**45 Head Pure-Bred, Non-Registered Jersey Cows**

These cows have been selected over a period of years for heavy milk production and high test butterfat, the entire herd being built up of individuals that are outstanding in dairy qualities. These cows are profitable to own—the very best possible to secure and better than can be adequately represented on a sales poster. You will have to see these cattle to really appreciate their outstanding qualities. Ages from two to seven years old, good colors, true to type and in good condition. Thirty-five head of these cows are milking now 2 to 4 1/2 gallons per day. This herd of Jerseys has been exceptionally profitable to us, since we have owned them, and it is our pleasure to recommend them to anyone needing good, profitable dairy cattle.

**30 Head Pure-Bred, Non-Registered Jersey Heifers**

These heifers are from 12 to 20 months old, sired by registered bulls. Each has outstanding individuality, richly bred and true representatives to the great dairy breed. Anyone desiring to add to or improve their dairy herds cannot afford to let this rare opportunity pass by. You will surely like these heifers when you see them. (Auctioneer's Note: I have inspected this herd of Jerseys and can safely recommend them to anyone wanting good milk cows.)

## City Economy---

We promised you economy in the administration of your City's affairs one year ago. We prepared a budget at that time and submitted it to our Tax League, which was accepted by them. We are pleased to say to you, we have operated within the budget. We lowered your taxes last year in good faith, believing you would strain a point to pay. Many have paid and many have not paid.

If you are in the class who have not paid up to now, you will please not forget that we are counting on you to meet the obligations of your City during the last half of the year.

Your City has securities maturing all during the year and your tax money is the only resource at our command to meet these obligations.

We appreciate the fact fully that money matters are close at this time. We believe that you realize your indebtedness to the City is one of your first obligations to be met.

If impossible for you to pay now, won't you kindly do us the favor to call at the City Office and let us know just when you can and will pay. Let us talk the matter over, even if you can't pay now, and have a better understanding.

We are now preparing our budget for next year. If you would pay up, we could and would lower your taxes again materially for this year, 1933. If your City taxes are not lowered next year you can blame yourself only.

We desire to appeal to the loyalty of our citizens to respond to this important call. This is a friendly appeal to you.

It becomes necessary for your Mayor to inform YOU that your City treasury must have funds to meet its obligations.

Yours very truly,

E. B. BLACK

Are you going to the world's fair? Wilbur C. Hawk of Amarillo has arranged an all-expense tour to Chicago for residents of the Panhandle. Reservations aboard this special may be made now at any Santa Fe ticket office, or address, wire or phone Mason King, Tour Manager at Amarillo. From Amarillo the cost will be only \$75.00. That cost includes everything—railroad fare, all meals, hotel bill, admission to A Century of Progress, sight-seeing tours, a big league baseball game, two cruises on Lake Michigan and other interesting features.

The special train, which will be the largest ever to roll out of the Panhandle, will leave Amarillo on Sunday, June 25, and return Sunday, July 2. No stops, except at terminal points, will be made beyond Alva, Oklahoma, and the train is scheduled to arrive in Chicago 22 hours after its departure from Amarillo.

Patrons of the trip will stay at the La Salle, in the center of the Loop section and one of Chicago's finest hotels. Meals will be served on Harvey diners, at the La Salle, at Old Heidelberg Inn, most luxurious eating place on the fair grounds, and aboard the Steamship Roosevelt.

"This trip is designed for its education, recreation, social and entertainment advantages and will be the finest ever planned for the Panhandle," declared Mr. Hawk, who two years ago sponsored a successful tour to Mexico City. For those who do not care to see the Chicago White Sox play the Philadelphia Athletics at Comiskey Park, there will be theatre tickets furnished as part of the tour.

"Just ask any Santa Fe ticket agent from Lubbock to Alva, Oklahoma, or from Clovis, New Mexico, to Amarillo about it," he added.
