### New Federal Farm Loans Available; Prompt Action Required to Secure Them

Deaf Smith county farmers who want Federal spring crop production and summer fallowing and winter wheat planting loans must get their applications in at once. This is the word brought back by the county committee, consisting of Geo. L. Muse, chairman; C. H. Dyar and A. H. Stren, who, with Mrs. C. B. Bentley, secretary of the Hereford Chamber of Commerce, attended a special meeting of Panhandle committees at Amarillo last Saturday. All provisions of the new Federal laws were fully explained at the meeting, and blanks for filling out are now available at the office of Mrs. Bentley.

This county has already turned in 243 applications for the spring crop production loans, 106 of which have been granted by the government. In addition to this class of loans, Uncle Sam is now prepared to loan money for summer fallowing and winter wheat planting. These applications must be in Dallas not later than May 31, to be considered. Maximum on any loan is \$300.

Here are the major provisions governing the two separate loans for crop production and summer fallowing. Read them carefully, they contain all you need to know about making application for your loans.

The man who has previously made a crop loan, giving the government a mortgage, but has in years since, except wheat, may now make a summer fallow or wheat loan on the wheat land, exclusively in 1934 wheat crop mortgage.

The farmer who has not previously borrowed, but has wheat abandonment may now borrow for wheat production, including summer fallow, and also make a spring crop loan if his acreage justifies it.

All waivers, including landlords, will be expected at this time on both spring crop loans and 1934 wheat loans.

A 30-per cent reduction in cash crops, including the wheat loan and on wheat acreage, will be required.

The limit per acre on summer fallow and wheat planting will be \$1.25 per acre. Where the farmer has his own seed and borrows only for summer fallowing the loan will be limited to 70 cents.

The spring crop loan provisions will be the same as heretofore except the Panhandle wheat area is allowed this extension of time. All applications on either or both loans must be in the Dallas office on or before May 31.

Loans are not available on land not heretofore cultivated.

Farmers borrowing for summer fallowing will be expected to cover their first plowing not later than June 15.

Funds to cover seed are to be held by the Dallas office and advanced when necessary.

Eight acres is the limit on farms which grow no cotton in 1932.

Cotton has been grown as the principal money crop a 30 per cent reduction is required, the same as on the abandoned wheat lands.

Applications for loans are to be made only through county committees in county seats. Applications must be approved by the committees and the cropping plan approved by the county agent. Final approval must be made by the Federal Inspector. Counties not served by agricultural agents are expected to have one man designated as county agent by County Commissioners.

Federal Land Banks have delegated authority to their secretaries, acting through their board of directors, to execute waivers as their judgment warrants.

### Ministers Make Long Trip Thru Panhandle

Rev. J. S. Bates, State Evangelist of Texas Baptists churches, and Rev. V. M. Cloyd just finished a tour of Baptist churches in district No. 9 Tuesday of this week, having spent two days on the circuit in the interest of evangelism.

Rev. Bates is a brilliant speaker and will preach at the Baptist church here Sunday morning.

Rev. Cloyd states in his church notes that regular evening services will be omitted Sunday on account of the baccalaureate sermon at the high school.

C. P. Hamilton of Vernon was here last Tuesday on a business trip. Mr. Vernon owns considerable land in the Hereford trade territory.

### Lenient Terms Offered to Tax Payers In June

To the City of Hereford Tax Payers:

We wish to have a little heart to heart talk with you. This may not be a very popular subject to talk about, but I am sure you will be fair and reasonable.

There are many of our good and loyal citizens who have not paid their 1932 taxes and quite a few who are delinquent for other years. Your city has no means of meeting its bonded indebtedness except from taxes. If you fail to pay, then the city cannot pay.

Your officials realize fully the conditions facing our people and know that money is hard to get. We have no desire nor intention to do anyone an injury, but we feel it is our duty to let you know the true status.

We must raise a large sum of money in the very near future to meet outstanding obligations.

We propose to split your taxes four ways: you pay one-fourth June 1, one-fourth each thirty days thereafter until the amount is cared for. If you will call and arrange settlement on this basis we will remit interest from the beginning of this year.

We wish to avoid publication of a delinquent tax list and we feel that we will only need to call this matter to the attention of our patriotic citizens and you will respond.

We are at this time and for the past year operating the city's affairs at a minimum cost and under a budget plan and will do so next year. We lowered our taxes 20 per cent last year and could lower them materially this year if you will pay up. I most earnestly invite your loyal cooperation.

Very truly,  
E. B. BLACK, Mayor.

### Rev. Harold Hicks and Family Visit Hereford

Mrs. Harold Hicks and little daughter, Catherine Ione, arrived here last Saturday to visit in the home of her parents, Mr. and Mrs. J. E. Beyer, Monday evening. Rev. Hicks arrived to join his family and visit with his sister, Miss Lucille Hicks and other relatives and friends.

They expect to leave here the first of next week to drive overland to Garden City, Kansas, to visit his parents, Mr. and Mrs. W. E. Hicks, for a week or ten days.

Rev. Hicks stated that he had just closed a successful revival at his home town, Wink, Texas, with 48 conversions.

### Miss Ora West Wins In Oratorical Contest

The oratorical contest held at the high school auditorium last Friday night was a complete success. The contestants were members of the high school public speaking class, and the quality of oratory was above the average.

First place was awarded to Miss Ora West, her subject was "Meaning of an Education." Second place went to Paul Conaway, his subject being "Why an Army and Navy." Louise Hamm took third place with the subject, "America's Call."

Other contestants were Elaine Newell, Maxie Hughes, Margaret Patsold, Billie Phillips, Mary Elizabeth Stanford, Miriam Culwell and Melvin Harris. Miss Irene Crawford was teacher of the class.

### "Honestly, That Fish Was This Long"

Recent catches of bass in the Tierra Blanca show that bass are still biting and that all it takes is the right kind of bait, tackle, and a great deal of patience.

E. W. Young, local city mail carrier, caught a six-pounder the latter part of last week. Abo Martin hooked and landed a five and one-quarter pound beauty, and Lana Beavers pulled in a four and one-quarter pound bass the latter part of the week.

### May 27 Designated Poppy Day by Mayor

Saturday, May 27, was designated as "Poppy Day" in Hereford in a proclamation issued today by Mayor E. B. Black. The proclamation called upon all citizens to observe the day by wearing the American Legion and American Legion Auxiliary poppy in memory of the World War dead. The proclamation stated:

"Whereas, in the great crisis of the World War the young men of Hereford offered their services to our country with an exalted spirit of patriotism, numbers of them sacrificing their lives in that service:

"And, whereas, the same exalted spirit of patriotism is needed today for the service of our country in its peace-time difficulties:

"Therefore, I, E. B. Black, Mayor of the City of Hereford, urge all citizens to recall the spirit of these gallant dead and renew the memory of their high patriotic service by the wearing of the American Legion and American Legion Auxiliary memorial poppy on Saturday, May 27.

"To that purpose, I do hereby proclaim Saturday, May 27 Poppy Day in the City of Hereford.

"E. B. BLACK, Mayor."

### New Machinery to Make Gin Plant Modern

That Hereford will have a first class cotton gin now appears to be a certainty, whether there will be a cotton crop or not. Most of the old machinery in the gin has been scrapped and what is left will be repaired and made practically as good as new.

New machinery to be installed will consist of four Mitchell cleaners, hydraulic press, latest model condenser, automatic packer, new scales, boiler and engine.

Cotton seed for planting purposes is arriving every day. The first load came in last Thursday morning from Plainview, and other shipments will come from there and Wellington, providing a seed that is fully acclimated and sure to produce under reasonable circumstances.

The seed that is now arriving in Hereford is the Western Big Boll Half-and-Half, and has been pronounced by those who know cotton seed as an excellent sample of planting seed. These seed will be sold at the gin for 25 cents per bushel. S. B. Dial of Bovina is here and can be found at the gin any day in the week. He has charge of wrecking the old gin machinery.

H. E. Davison, new owner of the gin, is not here now, but stated earlier in the year that "after the reconstruction work on the gin begins, if anything the least bit faulty is found or a way made evident to improve the service of ginning, the highest type of new machinery will be installed, which will give Hereford a gin second to none in West Texas."

The cotton seed fund was completed some time ago, according to W. D. Kelleher and others who assisted in raising the money to bring this seed here to cotton farmers, at a price and on such terms that all who desire to plant cotton may procure it on terms satisfactory to all.

### Baptists Open Revival Wednesday Evening

J. E. Speegle is song leader, Rev. V. M. Cloyd, pastor, stated. An urgent invitation is extended the public to attend these services.

### A. H. Beauford Meets Death In Accident Today

A. H. Beauford, 45, residing four miles south of Hereford, just off 25-Mile Avenue in Castro county, was killed instantly Thursday morning, when a shotgun his wife was bringing him with which to kill a jack-rabbit was accidentally discharged, according to reports reaching Hereford.

Mrs. Beauford stated that her husband, who was on the front porch, called to her to bring the gun. As she came through the front door with the gun held in her hand, it was discharged in some way, the charge entering her husband's back just below the left shoulder.

A. C. Hales, Joe Bishop and J. C. Carroll, Hereford officers, were called to the scene, and immediately communicated with Castro county officials at Dimmitt. Up to noon the inquest had not been held.

### Rev. E. P. Gieser Family Off for Summer Vacation

Rev. and Mrs. E. P. Gieser and children left Tuesday for their former home in Chicago, Illinois, and intermediate points, for a six-weeks leave of absence. They expect to take in the Century of Progress Exposition during their stay in Chicago, and Rev. Gieser hopes to be able to get in a short course of study some time during his vacation.

Enroute, if it can be arranged, the party plans to go to Cleveland, Ohio, to attend the General Assembly of the Presbyterian Church to be held there next week.

Rev. and Mrs. Gieser will be greatly missed by their church associates and other friends, who wish for them a happy and profitable period of rest.

Rev. J. R. Sharp, former Hereford pastor, now of Canyon, and others will supply for Rev. Gieser during his absence.

### Rosson Named Director of W. T. Commerce Body

Hereford was stigmally honored at last week's annual convention of the West Texas Chamber of Commerce, held at Big Spring, by the selection of S. P. Rosson of this city as Deaf Smith county's director in the organization for the ensuing year, and also as a member of the Executive Board of the Chamber.

Mr. Rosson is a member of the firm of Buchanan & Rosson, International dealers at Hereford, and an active and aggressive leader in all community and sectional affairs.

Hereford was represented at the convention by Mr. and Mrs. Rosson and little daughter, Jo Ann; A. O. Thompson, and Mrs. C. H. Bentley, secretary of the Hereford Chamber of Commerce. The delegates report the most business-like and successful meeting of the big West Texas body it has ever held. A feature was the designation of Wilbur C. Hawk, general manager of the Amarillo Globe-News, and retiring president of the Chamber, as the most valuable West Texas citizen during the past year.

### Limited Amount of Poison Grain Available

Poison grain is now available at the county court house, according to R. H. Hopkins, but the supply is limited, he said. The poison grain was mixed at Lubbock by one of the State Biological Survey and only 600 pounds was shipped to Hereford.

The mixture will sell at four cents a pound in lots of 50 pounds or more, and at five cents a pound in smaller amounts.

### Appeal for Aid In Maintaining Local Cemetery

An appeal for funds with which to carry on the work of maintenance and beautification of the local cemetery has been issued by the board of directors of the Hereford Cemetery Association.

The work of the association since its organization in 1927, has shown marvelous results, and today Hereford can rightfully boast of a cemetery that is a comfort and a source of pride to all those who visit it. The statement of the board is as follows:

"The Hereford Cemetery Association was organized and a charter granted in 1927, at which time a campaign was launched for funds to pipe water from the city to the grounds. Trees were planted and some other needed improvements done.

From pledges that have been paid from time to time, the sale of lots and donations, the association has kept a caretaker on the ground during the growing season, and this past winter, owing to the extremely dry weather, felt justified in retaining him full time.

"All his salary is paid to date, but we are now greatly in need of funds, and we are facing the problem of how we shall carry on this work.

"Our trees and shrubs are now at the stage in their development that a few months neglect would mean the loss of what has been done to beautify the cemetery, and we are appealing to all who can in any way to help by paying at least a part of your pledge or lot assessment. There are those who are in no way obligated to the association, yet appreciate what has been done and will be glad to have a part by making a contribution each month or a small donation.

"The board feels that there are those who have moved away that would be willing to pay something, so we are asking the readers of this article, if you know the address of such people, to please notify any member of the board of directors and a letter will be sent to them.

T. E. SIEGLER, President.  
J. M. GILLILAND, Secretary.  
E. S. IRELAND, Treasurer.  
"MRS. J. P. SLATON,  
ELA M. AIKMAN."

T. E. Siegler, Jr., is now manager of the filling station on the corner of First and Main Streets, formerly owned and occupied by Edgar Ireland, Jr. Mr. Siegler will continue with the Phillips Petroleum Company products.

EDITORIAL

(By Seth B. Holman.)

Will Rogers was wise-cracking over the radio Sunday night, but, as usual, putting a lot of sound, common sense behind every laugh. Referring to the farm relief bill, he said it was such a complicated jig-saw puzzle that by the time the farmers had figured out what it was all about, rising farm prices and returning prosperity would make the radical provisions of the bill unnecessary of application.

While the drastic innovations proposed and dictatorial powers conferred on the President in the bill have frightened the more conservative elements of the population, the very psychology of the thing is working wonders. The bill's provisions are not mandatory, but are left to the discretion of Mr. Roosevelt, and this very fact has caused a general rise in farm prices and a general healthy optimism the Nation over that is getting results. The point is that the people as a whole have faith enough in their new leader to believe that he will have sense enough to know where to stop.

Considered from the wheat-belt standpoint alone, nature has joined hands with this new optimism to further insure good prices in 1933-34. Freakish weather, drought and wind storms have cut wheat acreage and prospects so severely that the '33 crop will be the shortest in many moons. And that means higher prices.

There is no gainsaying the fact that the local situation is tough, and that it will take at least two years to re-establish anything like normal agricultural conditions. While the losses of the present are distressing and will leave many painful scars, the ultimate outcome should result in a more healthful agricultural system in this country, the elimination of the speculator and marginal farm operator, and a strong movement toward a well-balanced plan of farming based on livestock for the Plains region.

Loose credit conditions of the past are not likely to return. Governmental "partnership" in banking and agriculture, while distasteful to free-born and individualistic people, will eliminate the "get-rich-quick" element that always seeks the easy road to financial success, and should tend to emphasize the necessity for the type of farmer who lives on his land, provides first for his home needs, then balances his program with some wheat, some cotton, some planted pastures, a few milk cows, a few brood sows, chickens and turkeys, and plenty of native grass on which to run a few head of selected White Face cattle, fed out on his own home-grown sorghum crops. It is impossible to starve a man who farms that way. And the breed is rapidly increasing in this section, forced by hard experience and stern necessity.

Hereford business men and Deaf Smith county farmers, working hand in hand, can do no more constructive and beneficial thing than to get together in practical encouragement of such a farm program, and the finding of ways and means with which to insure its accomplishment.

Let my impatience to visit around get the better of me last week. I flattened me out, and consequently I am taking my visits out in "wishing" this week. WISH I could drop in on J. T. Cronin, over at Sprowls & Cronin, and chat with J. T. Johnnie Biggs, Mrs. Askren and Mrs. Brotherton again. From the way they are carrying on over there they seemed to have their part of the depression licked. . . . And I'd like to loaf a little with George and Louie LeGrand at the City Drug; and watch George Beams and Frank Marrs weld practical and useful things out of odds and ends. . . . Henry Ford Dearborn, Mich.  
May 9, 1933  
A great thing has occurred amongst us. We have made a complete turn-around, and at last America's face is toward the future.  
Three years—1929 to 1932—we Americans looked backward. All our old financial and political machinery was geared to pull us out of the depression by the same door through which we entered. We thought it simply a case of going back the way we came. It failed. We now realize that the way out is forward—through it.  
Thanks for that belongs to President Roosevelt. Inauguration Day he turned the Ship of State around. Having observed the failure of sincere efforts to haul us back the way we came, he designed a new method—new political and financial machinery—to pull us out the way we are going—forward. He is clearing international obstacles out of the way; he does not stand in awe of tariffs. The people begin to feel that he does not take advice from the "interests"; that he has courage and loyalty to work for one supreme interest only—the welfare of the American people. That is a big achievement for two months in office.  
And now we all look to what is coming; we grow less and less concerned with what is behind. We are looking for a hand-hold on the haul rope. Every man wants to do what he can, and all he can.  
The best thing I can do for the Country is to create industry by building good motor cars. If I knew anything better to do, I would do it. Industry must be my contribution. Motor cars must, face ahead to the future, like everything else. They are so much a part of the Nation's daily life that if they lag behind they hold the Country back.  
Henry Ford

the room and at the first shock a heavy library table slid across the room and blocked one of the doors. When Mr. and Mrs. Tom got to the back stairs, they found that blocked by the ice box. They finally got out of the crumbling house and drove out to the hills where they spent the night in the car, fearing that a tidal wave would follow the earthquake.

After reaching a point of safety, Tom put his hand in his trousers pocket and found that big razor, which he had unconsciously carried through all the excitement without cutting himself.

Tom adds that while California is a great country, with lots of interesting things to see, he longs for the Plains of Texas and hopes to again become a resident here later on.

"January," said Molasses, in the "showboat" radio program last Thursday night, "Did you know that I'm a painter? Look at this here canvas I done painted."

"Well, what do you call dat?" queried January.

"I calls it 'A CONTENTED COW GRAZING ON GREEN GRASS'."

"Why, dere ain't no green grass in dat picture," said January. "Cose not, fool. Dat's why that cow am contented—she's done et up all dat grass."

"And dere ain't even no cow in dat picture," says January. "Cose not, niggah—after she done et up all dat grass, dey wasn't any use in her stickin' aroun, so she done gone on back to de barn."

Lost 29 Months

"I am using your Kruschen Salts to reduce and I've used a bottle and a half and lost some and lost 29 pounds in 3 months. I feel so much better and intend to keep on taking the Salts as I was almost 50 pounds overweight." Mrs. Thelma Grady, Roseville, Calif. (Jan. 11, 1933).

To lose fat and at the same time gain in physical attractiveness and feel spirited and youthful take one half spoonful of Kruschen in a glass of hot water before breakfast every morning.

A jar that lasts 4 weeks costs but a trifle at any drug store in the world but be sure to get Kruschen Salts the SAFE way to reduce wide hips, prominent front and double chin and again feel the joy of living—money back if dissatisfied after the first jar. —adv.

**METHODIST MISSIONARY SOCIETY HAS LUNCHEON**

The Woman's Missionary Society of the Methodist church entertained with a delightful covered dish luncheon at the church Wednesday noon, complimenting Mrs. R. E. Kessie and Mrs. O. R. Majors, two of its members who will soon leave for their new homes in Borger and Clark respectively.

The spirit of friendship which pervaded the meeting was further emphasized by the singing of "Blest Be the Tie that Binds."

After the luncheon, the regular weekly session of the society was held, presided over by Mrs. Majors who with this meeting retired as "World Outlook" leader. The theme for the meeting was "Sharing," a theme especially appropriate for this meeting, since these two ladies have shared so much of their lives with the other members of the society and the church at large, and all will so keenly feel their loss.

Interesting talks were given by Mrs. E. W. Harrison and Mrs. J. P. Ward. Mrs. R. P. Conaway sang a beautiful solo, and Mmes. J. E. Beyer and H. H. Hawkins sang a duet, both of which were much enjoyed by all present.

In the short business session, Mrs. J. F. Ward was elected to succeed Mrs. Kessie as treasurer, Mrs. W. O. Fox to succeed Mrs. Majors as World Outlook leader. Mrs. J. B. Hammer succeeds Mrs. Ward, who resigned as superintendent of supplies.

Delegates will leave tomorrow to attend a two days session of the district conference of the society to be held in White Deer.

### Furr Food's New Home About Ready for Use

Remodeling work on the J. Ray building on Main Street is progressing rapidly, and the store will soon be ready for occupancy by the Furr Foods Store.

When completed, this will be one of the most modern store buildings in this section of the state. Many modern conveniences will be included, one of which, a ladies rest room situated on the balcony, will be especially appreciated by lady shoppers.

### "They Just Had to Get Married," May 21-22-23

"Oh, dear my... oh, is he going to address her right here?"

Web, what would you think if you were the hostess at a sedate party and the shadow on a glass door leading to a balcony plainly showed a man in the act of removing a woman's stockings?

That is exactly what Zasu Pitts wonders, and that it why she asks the startled question of Roland Young, with whom she is conversing in the drawing room. But if she had only realized at the time that the man's shadow she saw was her husband, Slim Summerville! And if Young had known that the woman was Verree Teasdale, the blonde married charmer with whom he himself was then carrying on an affair! But they found it out later, and then the fireworks began.

This is one of the amusing situations in "They Just Had to Get Married," the hilarious Universal comedy which comes to the Star Theatre on May 21-22-23, Sunday matinee, Monday and Tuesday, with Slim Summerville and Miss Pitts in the starring roles.
