FAST MOUNTING WHEAT PRICES BRING PROSPERITY TO FARMERS

Government Aid In Sum of \$3000 Received for Use Drought-Stricken Farmers

Out of \$27,250 allotted to eight counties in the Texas Panhandle Deaf Smith county was allowed \$3,000 for needy farmers in the north part of the county, and this money will be forthcoming in due time. Surveys were made since last Thursday, and aid was granted the first of this week.

Aid will be granted to farmers in the same way that it has been given to city dwellers on project works. A committee will be immediately organized and a paid administrator will make investigations as to who shall receive aid. Aid will go to farmers who need it for the purchase of feed, for dairy cows, hogs or poultry. Headquarters will be established this week in the county seat of each county. Farmers will be required to work on some project in the rural districts, or constructing roads or necessary labor on county buildings or whatever work the committee approves. More information will be available by calling on Judge C. W. Humble.

Hereford Ships Three Cars Wool Saturday

W. E. Paxton, wool buyer representing the Floerstein Mercantile Company, of New Mexico, was here Saturday buying wool, and loaded three cars out of Hereford. While in this region he also loaded two cars out of Tulla and two out of Canyon. The seven cars weighed approximately 225,000 pounds, and brought some \$32,750 leaving some \$33,700 in the three areas.

The present price of wool is about three times the price of last year's clip.

Loading of the Hereford wool was completed Saturday and Mr. and Mrs. Paxton left the same day for Amarillo.

Tax Renditions Should Indicate Homestead

The Brand has been requested by H. M. Beach, county tax assessor, to make mention this week that all who render their taxes, either in person or by letter, to be sure and designate the piece of property rendered as their homestead. Mr. Beach states that he has had the most trouble with those who live in other states who render their taxes by mail, and especially requests these parties to please designate the property they wish to be called their homestead in order that they may be exempted from paying taxes next year on such property.

Assessor Beach requests that all taxpayers be sure their renditions are in his office within the next 30 days.

Methodist Revival Closes; Nine Additions to Church

The revival which has been in progress at the Methodist church the past two weeks, came to a close Sunday night.

There were six conversions and recommitments on the closing night, also many public professions of conversion during the meeting. Nine additions were made to the Methodist church.

Rev. Tittle, who has been doing the preaching in this revival, left Monday morning for his home in Plainview. Dr. E. E. Robinson, pastor of the church, states that the revival was a success in every way.

Two-Cent Postage Rate Applies to Local Mail

To keep down confusion as to the new two-cent postage rate effective July first, it is stated that that rate will apply only to first class mail with local destination. Letters bearing two cent postage stamps will be delivered to patrons in the city or on rural routes covered from Hereford. Rural Route patrons may use the two cent rate on letters addressed to Hereford or on other routes served from the Hereford postoffice. This new rate does not apply to mail which must pass through other postoffices before delivery—that class of mail retains the old three-cent rate.

Mrs. A. K. Gillis Dies; Interment at Denton

Mrs. A. K. Gillis, for four years a resident of this community, passed away early last Saturday morning at her home, following a long illness of erysipelas. Brief funeral services were held at the Black Funeral Home Saturday afternoon at 1:00 o'clock by Rev. V. M. Cloyd, pastor of the First Baptist church.

Immediately after the services the remains were taken to Denton overland, accompanied by relatives, Mr. and Mrs. W. F. Gillis, Mrs. S. E. Fisher and five children, Mrs. Viola Williams and two children, F. Owenby, Hereford, Eva Owenby, Wichita Falls, Mrs. O. W. Hester and little daughter of Amarillo, and Mrs. Matt Gilliland.

Mrs. Gillis was 65 years old, at the time of her death, and spent the greater part of her life in and near Denton. She became a member of the Liberty Baptist church at Liberty, Texas, early in life, and was always a devoted church worker and devout Christian.

Rev. Cloyd, in his short funeral sermon, paid a loving tribute to the deceased, and his reading of the twenty-third Psalm was a revelation to all who heard him.

Funeral services were again held in Denton Sunday afternoon at 3:30, Rev. Moore, a former pastor of Mrs. Gillis, officiating. Interment followed at the Denton I. O. O. F. Cemetery, beside her husband who passed away about five years ago.

Surviving immediate relatives are a son, W. F. Gillis, and his wife; a daughter, Mrs. Viola Williams and two children, who made their home here with her mother; Mrs. S. E. Fisher, a daughter, and children of Sparenberg; Frank Owenby, a grandson, who made his home here with his grandmother; Miss Eva Owenby, a grand daughter, of Wichita Falls; Mrs. O. W. Hester, a grand daughter of Amarillo, and her family. There are in all ten grand children and one great grand child.

Dimmitt Wants North and South Highway Built

T. A. Singer and M. C. Cone both of Dimmitt, were in Hereford Monday in an effort to interest Deaf Smith county citizens in the construction of a north and south highway through from Brownfield to Channing. This route has been designated as a state highway, and the Castro county men were interested in getting it established as such, improved, and surfaced if possible.

They stated that surveys would be completed from the south as far as Dimmitt this week, but that no provisions had been made or surveys north of that point. Littlefield, they stated, had a man before the state authorities in session Tuesday of last week, who made formal application for paving this road across Lamb county.

Messrs. Singer and Cone stated that Castro county is after a paved road. The north and south route, they intimated, would be favored by most Castro county people, but if they are unable to obtain the cooperation of other counties in the construction of this road, then they will be compelled to seek other routes. A pavement to the Swisher county line, they said, would give them direct connection by paved road with Amarillo, and if they cannot get interested aroused on the north and south

Brick Ovens In Park for Use of Picnic Parties

B. H. Hopkins, a member of the City Park Board, has been in charge of the construction of a brick oven at the City Park this week. Ovens were built of brick and concrete with iron bars across the tops.

The park is being used more and more every day by Hereford folks who have just found out that there is such a beautiful and convenient spot near Hereford where they can go for an evening out doors or for a picnic. The Park Board expects to make further improvements as the need is felt.

Municipal Gardens Promise Good Yield

In spite of the hot, scorching weather, the community gardens continue to grow and thrive. City water is used plentifully and one can almost see the vegetation springing up.

Flower plots of ground were planted to garden stuff at intervals this spring, and the R. F. C. laborers are keeping the weeds down and cultivating the vegetables and plant life is popping.

Welfare League Wants All Your Old Shoes

The Hereford Welfare League is in need of shoes and clothing, more especially shoes. Mrs. Bentley, secretary of the local chapter of commerce, requests that all shoes be brought to her office in the court house that happen to be good enough to wear and not old, hopelessly worn-out shoes.

The Woman's Missionary Society of the Methodist church will hold its annual Guest Day Wednesday, July 5, at 5:00 p. m., with a garden party at the home of Mrs. Paul Foster. All ladies of the church are invited to be present.

Farmers Elevator Sold To Henneman Company

The Farmers Elevator in West Hereford, on First Street, was sold by local owners to the Henneman Grain & Seed Company of Amarillo the latter part of last week.

A. A. Henneman, president of the company, and H. A. Nachtrieb, manager of an elevator at Frederick, Oklahoma, a subsidiary of the Henneman Company, and F. H. Rose of Amarillo, auditor of the company, were here the first of the week getting familiar with their purchase and making necessary repairs to the plant.

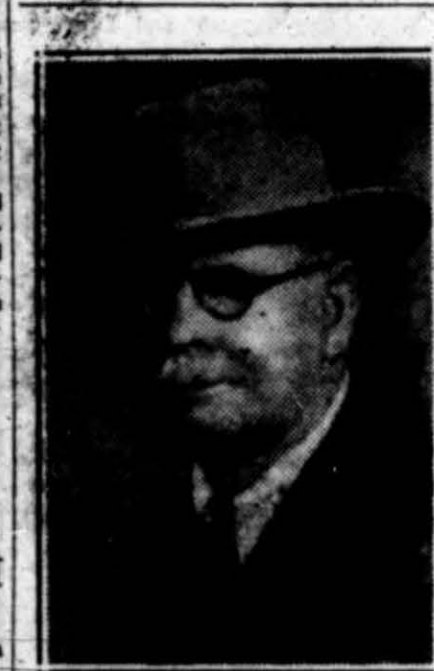

Mr. Nachtrieb stated that it was the purpose of the company to be merchandisers and not speculators on the grain market, and that at all times pay the highest market price possible.

The Henneman Grain & Seed Company owns nine elevators outside of Amarillo in Texas and Oklahoma. Mr. Atherton of Amarillo will manage the elevator in Hereford, assisted by J. W. Love lady.

W. D. Kellehor Called by Death Early Tuesday

William Dennis Kellehor, 60, a leading citizen of Deaf Smith and Castro counties for more than 40 years, passed away at his home on Lee Avenue early Tuesday morning, June 27, at about five o'clock, following an illness of about three months. His death was not expected, it having been thought by

W. D. KELLEHOR

his physician and Mrs. Kellehor that he was making a slow improvement. However, from the time he was stricken he was a very sick man. The announcement Tuesday morning of his death caused deep sorrow among his large circle of friends and admirers all over the Panhandle.

The immediate surviving relatives who attended the funeral services were his wife, a brother, Joe Kellehor, of Plainview; two sons, Maurice, of New York City, and Joe of Woodward, Oklahoma; Charles J. Kellehor, a brother, of Sherman. Other relatives who were not able to be present are Mrs. C. C. Gidney, a sister of Plainview; Misses Annie and Kate Kellehor, sisters, both of Medford, Oregon; and Mrs. Joe Sinnott, sister, of Seattle, Washington.

Mr. Kellehor was born in Santa Clara, California, June 6, 1864. He went to Austin, Texas, with his parents at the age of six years, where he was educated in St. Edward's College. In 1887 he was united in marriage to Miss Virginia R. Du Bose, in Williamson county. To this union two sons were born.

Corner Drug Store Refurbishes Interior

Customers gingerly pick their way around gaping openings in the floor at the Corner Drug Store where a new floor is being put down. The store is being remodeled and rearranged throughout according to J. J. Clark, manager. Workmen are rushing the job to completion and temporary inconvenience to the public will be of short duration.

The Corner Drug Store was recently purchased by J. R. Boden of Friona, formerly a Hereford citizen. Mr. Boden joins Mr. Clark in inviting citizens of Deaf Smith county to visit the store and approve the renovations.

SUMMER SCHOOL TERM DRAWING TO CLOSE

The 18 or 19 pupils of the summer school finished their four weeks examinations last week, which means that the term is two-thirds over.

Most of the pupils attending this summer term have made splendid use of their opportunity and have accomplished much to further their studies.

T. E. Seigler Says Rabbits Must Be Wiped Out

T. E. Seigler, farmer and stockman, and a member of the Hereford Chamber of Commerce is advocating a rabbit drive for Deaf Smith county. Mr. Seigler was in the Brand office the first of the week and requested the Brand to state to the public the absolute necessity of a jackrabbit extermination plan if the farmers expect to raise a crop this summer or a wheat crop next year.

The plan Mr. Seigler has in mind is to organize county-wide in small squads and make an intensive drive on the same day. He stated that the Chamber of Commerce will sponsor the drive and furnish 22-calibre cartridges for the occasion. Mr. Seigler spoke of a contest where the losers will banquet the winners. He also mentioned that rabbits destroyed 500 acres of wheat on his land last fall and the past winter.

Those who desire to take part in the proposed drive will be expected to use their own cars and fuel for that occasion. They are also requested to report to Mr. Seigler or the secretary of the Hereford Chamber of Commerce.

W. A. Winn of the Bippus district were here last Saturday trading with Hereford merchants.

Some Deaf Smith County Fields Make Unexpectedly Good Yields; Harvest Fast

Harlin Mearle Edwards Dies as Result of Burns

Harlin Mearle Edwards passed away last Thursday, after receiving fatal burns on his back when he fell into a small tub filled with hot water. Funeral services were held at the Baptist church Friday morning, Rev. E. R. McWilliams officiating. Interment followed in West Park Cemetery.

Harlin Mearle was born July 23, 1891, and died June 22, 1933, making him one year, ten months and 29 days old.

The accident which resulted in his death happened about two weeks ago. While the child was playing near a tub of hot water, when he in some way fell in. The mother immediately snatched the child out of the water, but too late to save him. It was thought for a time that he would recover, but complications set in and the end came Thursday.

He was a son of Mr. and Mrs. Guy H. Edwards.

Harry Rice Heads Lions Club During Next Year

All Lions present at the noonday luncheon Wednesday had a roaring good time. New officers were elected and much entertainment ensued from the efforts of the various campaign managers in behalf of their candidates. Homer Grizzle, as manager for H. L. Rice, and J. M. Posey for Harold Close were the star performers in their efforts to elect their candidates.

New officers elected were Harry L. Rice, president; Homer Grizzle, vice president; John McLean, secretary-treasurer; Harold Close, tall twister; C. W. Humble; lion tamer, and Cliff Estes and Dave Alexander, directors.

Visitors who enjoyed the hospitality of the Lions Club were L. H. Rhoades, Bob Allison and Burrow Kirby.

Virginia Ann Dillehay Undergoes Operation

Mrs. J. E. Beyer is in receipt of a letter from Mrs. C. H. Dillehay stating that Virginia Ann, young step daughter of the Dillehays, was improving rapidly and that they expected to return to Hereford in the next ten days.

Virginia underwent an operation last Saturday morning for the purpose of removing a gland from her neck.

Hereford Party Attends Century of Progress Fair

A party composed of Mr. and Mrs. Ray Conaway and son, Paul, Arthur Thompson, Jr., and Mrs. John Olson and two children, left Tuesday morning for points in the Northeast. Their first stop will be in St. Louis, where Mrs. Olson and children will remain a few days and visit her sister, Miss Mable Boss. The Conaways and Arthur Thompson will go on to Indianapolis, the former home of the Conaways, where they will visit relatives and old friends. Later they expect to visit the Century of Progress Exposition in Chicago.

The Olsons and Miss Boss will also go to Chicago to see the Exposition and visit with Rev. F. P. Gleser and family, then drive on to St. Paul, Minn., former home of Mrs. Olson and Miss Boss, where they will visit their parents, Dr. and Mrs. Andrew Boss. Other Minnesota points will also be visited before they return home.

Produce Prices Up On Hereford Market

Cream prices jumped two cents Wednesday, going to 20 cents per pound, and eggs likewise went two cents higher and are now bringing eight cents per dozen on the local market.

Several buyers of produce were in the Brand office Wednesday and passed this news on to their customers through the advertising columns of the paper.

Wheat reached the highest point this week that it has sold for in three years. The year 1933 has seen wheat at its lowest point since Queen Elizabeth's time. There has been a steady upward trend in prices until the last few days, when the market shot upward at the rate of several cents at a time. The local market closed at 69 cents for Saturday, which was a gain for the day. Monday the close was 70 cents Tuesday 83 cents, and Wednesday the closing price was 78 cents, due to heavy profit taking on the grain markets. All grains followed the upward trend of wheat.

The spectacular upward climb of wheat was attributed to many factors. Crop reports from all grain regions told of the heavy toll which unrelieved droughts have effected. The winter wheat crop was already known to have been heavily damaged, with a prospect for the shortest crop in many years. Continued dry weather is reported to have damaged the spring wheat crop enormously, thus bringing estimates for the entire wheat production of the year to a new low.

There has been a general tendency on the part of Deaf Smith county farmers and business men to rejoice over the higher prices for wheat. The majority will be benefited by it, but there are many farmers in the Hereford territory who do not have any wheat at all left to harvest. These men will have to pay higher for their seed wheat, but they feel that if prices are higher, then times will be better and they can afford to pay more for wheat to sow.

Reports on wheat production are encouraging since the harvest is in full progress. Nearly all the wheat producers estimated their yields at below what it is actually making.

Here is what a few of the producers who have been interviewed have to say about their crops: A Lowther, about two miles west on Highway 60 estimates about 13 bushels per acre on 94 acres. A. F. Blakenore, about 12 miles south of Summerfield, 15 bushels per acre on 50 acres; B. K. Geesoon, four miles south of Summerfield, is making a yield of eight bushels per acre on most of his land; Ray Johnson, Summerfield, average 13 1/2 bushels per acre on 50 acres, which is located just across highway 60 from the Summerfield elevator. Mr. Johnson has several hundred acres to cut and he predicts it will make around 10 bushels per acre. The yield in the Jumbo and Wyche districts are similar to that of the Summerfield district.

John B. Davis, manager of the Great West Mill and Elevator at Summerfield reports loading out two cars of wheat last Friday evening. Mr. Davis also states that the grain was of finest quality, the best he had ever shipped, and that it tested from 60 to 63 pounds to the bushel.

Joe Kellehor, five or six miles north of Black, has 4 1/2 sections of wheat that is now being cut and it is estimated the yield will be near 20 bushels per acre.

Joe Kellehor, with an acreage of about 2400, acres of wheat, made a statement to the Brand Tuesday evening that he had four 20-foot combines at work on his crop two miles north of Black. When asked the probable yield, he said it would be impossible at this stage of the harvest to say what the yield might be. Neighbors have estimated his crop to run between 15 and 20 bushels to the acre.

Bernard Roberson, near Summerfield, made an average of 21 bushels to the acre from 50 acres.

N. E. Gass, about four miles south on 25-Mile avenue, is cutting about 200 acres and is getting an average of about four bushels to the acre.

Fox Says Odd Fellows Just Too Good for Other Teams In City Circuit; Win Three

BY HOMER FOX.

Wednesday afternoon the Odd Fellows pounded out another victory by defeating the Lions 16 to 12 in a game of hard knocks and a sack full of errors for the Lions, the Odd Fellows getting 14 hits and four errors, and the Lions 12 hits and only 15 errors.

Four home runs, two for each side, Smith in the fourth, Close in the sixth for the Lions, and Foster and Young both hit for the

circuit in the fourth for the Odd Fellows. Hopkins led with the stick for the Lions, getting three for four; Close was right behind him with three for five, with one triple and a home run. Sowell led the Odd Fellows with three for five, followed by Nunn with two for four.

Never saw a ball club that no one can beat but looks like we have one in this City League in these Odd Fellows—they even beat the Midgets once! But we still say if you want to beat old Ted Foster, this outfit of his, you had better throw the ball behind them or

pay your umpires well, because this bunch certainly can pound the ball and they never quit until the last man is cut—a few runs behind just makes this old bunch of boys start playing ball right. It looked like the Lions day when they made four runs in the first two frames, but the Odd Fellows came back in their half of the second with three—three more in the third, four in the fourth, one more in the fifth and topped it off with five in the sixth. The Lions scored in every inning except the fifth, and looked like the old ball game was just starting in the seventh when they scored four runs and had the bases jammed, but these Odd boys sat 'em down right there.

Monday afternoon the Midgets & Conways swamped the Firemen 15 to 5 in the ball bustinist contest that has been seen across the tracks since the Catholics played the Firemen.

The Firemen started with four runs in the first inning, with four hits and one error; then the Midgets & Co. came wags with two in the half, and the Firemen scored one more in the fourth, and were all through. The Midgets scored two in the second and in the third, three in the fourth, two in the fifth and five in the sixth.

It was a Midget day and that is

LUMBERMEN

JOHN H. OLSON, Manager

HEREFORD, TEXAS

MR. FARMER:

In a few days you will have harvested all your wheat. It will have brought you a higher price per bushel than you have received since 1909.

You probably have bought very little, if any, material at a lumber yard for the past three years—in that case you do not know how far the price of lumber has dropped since 1909.

No doubt you have wanted to make many repairs to your lot fences, pens, sheds, barns, your home, and the other improvements on your place. Perhaps you have wished for a new chicken house, hog house, cow barn, or even a new home. But 25 cents a bushel did not leave anything over for additions and replacements.

We hope that you are one of the fortunate farmers who raised a wheat crop this summer. Very likely your yield was more than you looked for, and certainly the price was higher than you had dared to let yourself expect. Now is the time to consider carefully just what it is wisest to spend your money for.

There are two very good reasons why it is the part of wisdom to invest in building and repair materials now. The first is, the longer you put off your repairs the more you will have to do. A STITCH IN TIME SAVES NINE. The other is, DO IT NOW BEFORE PRICES GO UP.

Our stocks are complete. Our material is of high quality. Our prices are right. We are anxious to serve you.

Sincerely yours,

IOWA PAPER DISCUSSES TEXAS SAND STORMS

"Not long ago Iowa was visited by a cloud of red dust from Texas. The swirling cloud, which left behind heavy deposits of the dust in many Iowa towns, has drawn wide attention in the newspapers of the state. Oscar Ryland, photographer at Audubon, had a novel idea the morning following the storm. As he swept his front walk he collected quite an amount of the dust. By moistening it and turning it into clay he was able to mould it into the form of a star, symbol of the Lone Star State, from which it came. At the top of the star he modeled a head representing "The prince and power of the air." He mounted the clay modeling on a board suitably inscribed and sent it to Texas as a historic record of soil from Texas that traveled all the way to Iowa."
 —From an Iowa Paper.

"S O K old top—we have sand and wind and dust and Governor Ferguson and many other things, good and bad. We also have the finest, the best, the most glorious climate, soil and people with which God has seen fit to grace the earth. We are sorely afflicted this year with high winds and sand storms, but we carry on. We have had no milk wars; the country at large has not had to organize private wars to keep the sheriff and the wolf from the door. A few foreclosures and a few cases of want—still, all in all, a foreclosures is a matter between parties involved and has not become a matter of public protest, riots, etc. We do quite a bit of darning down here—the milk goes to market without interruption—no riots, no fighting—just a peaceful effort to make a living.

We have dust—sure—two kinds: The kind they found in Iowa, and the kind a man has to raise to pay his bills. Dust is common here—lots of both kinds all the time—as hundreds of former Iowa citizens will testify before their old neighbors back in Iowa. Come to Texas!

Dr. and Mrs. A. J. Streit of Amarillo were here last Sunday visiting with Mr. and Mrs. Seth B. Holman.

How She Lost 18 Pounds of Fat

For Less Than \$1.00

"Will say in regards to Kruschen: I took it to reduce. I lost 18 pounds after using one bottle and feel fine. Just bought me more bottles to-day and expect to use 18 more pounds. I now weigh 144 and feel fine." Mrs. Harry Robinson, Akron, Ohio, (Jan. 4, 1933).

Once a day take Kruschen Salts—one half teaspoonful in a glass of hot water first thing every morning. Besides losing ugly fat SAFELY you'll gain in health and physical attractiveness—constipation, gas and acidity will cease to bother—you'll feel younger—more active—full of ambition—clear skin—sparkling eyes.

A jar that lasts four weeks costs at a trifle at any drug store in the world—but demand and get Kruschen and if one bottle doesn't joyfully please you—money back.

Campbell, has been a student in the Amarillo College of Music for the past several years, with Mrs. McKeenolds as her teacher. While we have all enjoyed Miss Frances' musical renditions on numberless occasions, but few if any, of us fully realized the degree of attainment that has been her's to enjoy. As she appeared on the stage in a charming white all over embroidered organza which came to a graceful length below the ankles, we were made to forget

the carefree school girl we had known and to feel that we were listening to an artist who is destined to win fame in the not far distant future. Seven compositions were given to a most appreciative audience who gave expression to their enjoyment by a hearty applause. Out of town guests were present from Hereford, Canyon and Amarillo. Other numbers on this program were by Doris Gene Robertson's original reading of two

of her own poetical compositions. Three vocal numbers by Mrs. Thos. Watson, accompanied by Mrs. Geo. Rogers on the piano, were enthusiastically received. Betty Jo Thurmond of Daniel community scored a hit as a great favorite with the crowd by her athletic stunt performance. A strong applause was given her for a second encore. The club voted its approval of the recommendation made by the Federated clubs in using the balance in the treasury as a foundation fund for the club women of the county. The next meeting will be held at the school house the second Thursday in July. A committee was appointed to arrange some feature of entertainment from our club for the county clubs' picnic in July. The adult group of the B. T. S. surprised themselves Sunday night by their ability to forget that they were not trained public speakers. Each person on the program gave the thought of the study assigned him or her and we feel that we are not going to allow the B. T. S. to be a reading circle. The Juniors have the program for next Sunday night, with Glen Allred as their leader.

"The first farmer was the first man, and all historic nobility rests on possession and use of land."

—EMERSON.

The advance in wheat prices is a source of encouragement to all citizens of Deaf Smith County. Many farmers are harvesting more wheat than they had dared hope for. Even those who lost their crop this year are encouraged by the general advance in price levels. It seems that the long-sought "corner" has at last been reached.

What has been gained must be sustained. Now is the time to buy those things that you need—save by purchasing before prices go any higher. Opportunity is to the alert . . . to those who "look up and not down, look forward and not back, look out and not in, and who will lend a hand to the common good."

Dress-Rug Show Gets Good Attendance

The dress and rug show held at the high school building Tuesday of this week was a pronounced success. The attendance, according to Mrs. Effie Brown, a North Hereford club worker, was not as large as the club women expected, but the exhibits were exceptionally beautiful and artistically done.

Miss Sadie Bass, Randall county home demonstration agent, was the judge of the exhibits and in a short talk said that rugs should be designed and made for certain places in a room, and since there are no oval spaces to be filled rugs should not be made in that shape. Woolens, cotton and silk materials should never be combined according to Miss Bass, as the wearing qualities of these materials are different, that parts of the rug would not give the years of satisfactory service for which hooked rugs are noted.

Miss Bass also warned the club women against using too bright colors and stressed the use of the "dirt colors" which are bright colors dipped into a darker dye giving a softer, duller tone.

There were eight rugs exhibited. First and second places went to Mrs. McKenry and third and fourth to Miss Evelyn Bell.

A covered dish luncheon was served at noon by the club women.

Miss Francis Campbell of Wildorado, who has been studying at the Amarillo College of Music, rendered several piano selections which contributed much to the enjoyment of the day.

tive criticism on the dresses entered, and praised the club women for their cooperation and their efforts to continue their club work without a demonstration agent, assuring them it was a pleasure to meet with so courageous lot of club women.

20 Per Cent Acreage Reduction Agreement Necessary to Secure Aid By Nation's Wheat Farmers

Following is a brief summary of a new wheat program recommended by Secretary Wallace of the department of agriculture and his aides under the terms of the agricultural relief bill recently enacted by Congress. This summary was issued by the department of agriculture.

In General.

1. Contracts to be offered farmers for acreage reduction on 1934 and 1935 wheat crops up to a 20 per cent maximum of their average for the past three years.
2. Cooperation by the agricultural adjustment administration with existing agencies to facilitate export movement of wheat as provided by the act, within the limits of international agreements.
3. Possible taking out of the market a portion of the supply of certain types of wheat produced in excess of requirements this year.

Compensatory payments to be offered farmers in the years 1933, 1934 and 1935.

Payments to be contingent on the farmers making and fulfilling contracts to reduce their acreage of wheat in 1934 and 1935, if reduction is required.

Payments to be made this year on the domestically consumed portion of the three-year average production of each wheat-grower who signs the acreage reduction contract.

Two-thirds of the compensatory payment this year excepted to be made about September 15, the rest upon proof of reduction in the next planting.

Total returns to farmers, part from payments in consideration of cooperation and part from price, are designed to secure pre-war parity under the act for that share of the farmer's crop consumed in this country, and at the same time to provide a financial incentive for wheat acreage reduction when required.

Processing Tax.

This plan to be financed by a processing tax on wheat for domestic consumption.

The amount of the tax to be the minimum under the law, and the date to be the beginning of the 1933 marketing year, to be fixed by the secretary.

The aggregate amount to be distributed to wheat farmers the first year is tentatively estimated to total approximately \$150,000,000.

Acreage Reduction.

No general curtailment of this year's wheat crop.

Amount of reduction, if any, in succeeding plantings to be conditional upon world wheat and economic conferences at London.

Acreage reduction which may be required of farmers in no case to exceed 20 per cent.

The plan to end with the 1935 crop, or else be followed by a new program if that is required by continued lack of world adjustments.

The Problem of Wheat.

Half of the world's surplus wheat stocks are in the United States.

This country's carryover is estimated at about 300,000,000 bushels.

The four main exporting countries (the United States, Canada, Australia and Argentina) have seen their excess supplies over all domestic and export needs grow from 270,000,000 to 504,000,000 in 10 years.

European importing countries, partly to balance debt payments, have done two things through use of tariff and quota systems: (1) France, Germany and Italy have reduced net imports until the total this year will be only about 40,000,000 bushels and the United Kingdom is reducing imports and encouraging home production, (2) importing Europe has increased its own annual production from 930,000,000 to 1,251,000,000 bushels in ten years.

The United States has changed from a debtor to a creditor nation, hence losing sales to European customer countries once willing to take wheat in payment on debts.

Price of wheat in the past year has fallen to the lowest levels in history.

Y. W. A. Girls Complete Hereford Organization

The Y. W. A. girls met in the home of Misses Nancy and Ruth Conkwright Wednesday. A song was sung by all present, followed by devotional reading. An organization was completed and the following officers elected: Nora Alice Daniel, president; Katherine Miller, vice president; Betty Ruth Pickett, secretary; Ora West treasurer; Mary Posey, reporter.

A constitution was adopted and the business session closed, followed by refreshments.

The Y. W. A. will hold a joint session with the W. M. U. next Wednesday. All are requested to bring a covered dish for luncheon.

An invitation is extended to all girls of 17 years and older to become members of the Y. W. A.

Those attending Wednesday were Misses Betty Ruth Pickett, Ora West, June Curtisinger, Mary Posey, Louise Smith, Katherine Miller, Wilda Wilson, Inez Easter, Ruby Thompson, Nora Alice Daniel, Sally Skelton, Virginia Line, Ruth and Nancy Conkwright, Mmes. R. E. McCullough, B. H. Hopkins, C. H. Conkwright and a visitor, Miss Christine Bagwell of Kilgore.

The Woman's Missionary society of the Methodist church will hold a bake sale at Furr Food Store Saturday. Also sandwiches and tea will be served all day.

Notice to Legion and Auxiliary.

As the next regular meeting of the American Legion and Auxiliary meeting is on July 4th, the meeting will be held on Thursday, July 6, at 8:30 p. m. at the city hall. All members and those eligible are urged to be present at this meeting.

WEST HEREFORD CLUB DISCUSSES PLANS

Plans for the rug and dress show held at the high school auditorium Tuesday were discussed at the regular meeting of the West Hereford club last Friday, when the club met at the home of Miss Mary Brady.

After an interesting program refreshments were served. The next meeting will be with Mrs. Russell Daniels, July 14.

REPORTER.

Miss Christine Bagwell of Kilgore is visiting Misses Ruth Conkwright, Ruby Thompson and Vida Hick. They were school mates at Baylor University, Waco.

Dr. C. F. LeGrand, Mr. and Mrs. George LeGrand and daughter, Barbara Ann, left the first of the week for Ruidoso, New Mexico, where they will stay for several days.

Mrs. C. F. Kerr who has been visiting her son, Bryan McDonald, in Ozona, returned to her home Thursday. Her grandson Charles McDonald, came home with her for a visit with relatives.

The Herb Sinds orchestra is scheduled for a musical dance program for Monday night, July 3, and early morning of the Fourth at the city hall. The music will be broadcast by Hereford Station WIAQ. The orchestra will be assisted in the musical by entertainers Wayne Evans, Jack Alexander and June and Jim.

The public is cordially invited to tune in, especially between one and two a. m. Tuesday.

The Women's Missionary society of the Methodist church met in regular session at the church Wednesday afternoon. The quarterly reports occupied the business part of the meeting, after which Mrs. E. E. Robinson led the society in the study of the last chapter in the book, "Christ and the coming kingdom." Reports of the work done during the second quarter of the year were given by department superintendents.

CHRISTIAN ENDEAVOR PICNICS

Young people of the Presbyterian church enjoyed a lovely picnic Tuesday evening in the park. After a delicious picnic supper they saw "Oliver Twist" at the theatre.

MRS. JOHN COFFEE CLUB HOSTESS

Mrs. John Coffee entertained the Ora Vez Bridge club and friends Wednesday at her home. The entertaining rooms were decorated with delphiniums, sweet peas, shasta daisies and other summer flowers.

Contract bridge was played throughout the afternoon, Mrs. J. M. Posey receiving high club prize and Miss Blanche McDonald high guest prize.

Miss Jimmie Clark Orland Wilson Wed

A quiet but impressive wedding was solemnized Sunday, June 25, at Clovis, New Mexico, when Miss Jimmie Clark, daughter of Mr. and Mrs. J. J. Clark, and Orland Wilson, son of Mr. and Mrs. J. M. Wilson, were united in marriage.

The couple were accompanied to Clovis by the groom's sister, Miss Wilda Wilson, and Johnnie Wagoner. The bride and groom are of the Hereford younger set, both being high school students here last year.

The many friends of Mr. and Mrs. Wilson are wishing the young couple a long and happy wedded life.

BACK-TO-NATURE BATHERS SHOULD KEEP OUT OF VIEW

Boys who are in the habit of swimming in the Pecos Blanca—especially those who engage in this pastime with all their wearing apparel removed, are cautioned to keep well out of sight of those who are compelled to drive near the creek on country roads on their way to and from town.

Children should wear bathing suits while swimming in the creek to keep within the limits of the law. Several complaints have been made at this office relative to the above mentioned nuisance.

BIBLE CLASS

The class in growing in numbers and interest each Sunday. Brother East's message on John 15 and his fearless stand on the Bible "only" means a brilliant future for this promising young man. The world needs the Bible and is anxious to receive it. The lesson next Sunday is John 16. Be there, a hearty welcome awaits you.

For the Bible-loving people of Hereford, the class has in store a great spiritual feast. Dr. John W. Tyndall will be here Monday, July 17, and deliver a series of Bible lectures. He is widely known all over the South as one of the greatest Bible teachers. He will be accompanied by Bro. M. J. Johnson, former pastor of the Christian church here, and who still claims a large interest in our Bible class.

Our opening song next Sunday will be "My Mother's Bible." Be there on time and enjoy the song service.

Wheat harvest is in full swing in this community. Regardless of the fact that the crops were cut short on account of the drought, high winds and dust storms, there is more grain being harvested than had been expected. The wheat is yielding from 10 to 20 bushels to the acre.

Bernard Roberson brought the first load of wheat to the elevator here, which tested 61 pounds and he received 61 cents per bushel, but the price is up now.

Many of the wheat fields that were blown out were plowed up and put in row crops. If rains come in time a big crop is likely to be harvested.

Emmett Blakemore of Progressive spent several days last week with A. J. Blakemore and family.

KITCHENS, OLD AND NEW

"Kitchens of Today and Yesterday" have an important part in the exhibit of the electric light and power industry at the Chicago World's Fair.

Thousands of housewives of today know the old-fashioned kitchen only from childhood memories and more thousands do not know it at all. The one at the World's Fair is most interesting as it is indicative of what a good kitchen was in its day. It has a wood-burning stove, cauldles and oil lamps, a hand water pump, a laundry bench and large wooden wash tubs.

In contrast, the kitchen of today is shown as a marvel of convenience. There is an automatic kitchen range with an oven which maintains the proper temperature without attention, and turns itself on and off the clock directs. There is, of course, an automatic refrigerator and an electric dishwasher. Supplementary equipment includes a silent ventilating fan, electric mixer, bottle warmer, a toaster, percolator, egg cooker, waffle-iron and so on—15 electrical appliances in all. Fuses in this kitchen will never blow—because the kitchen is fitted with a fuseless service panel. It is illuminated with 14 lights, not one of which is visible, providing glareless and shadowless illumination.

When the fully electrified kitchen is such as any home could have today, it is intended to be a prophesy of what every kitchen will have tomorrow. Women who see it will be impressed with the distinct idea that electricity applied to home service is indeed her most efficient servant.

Easter Items

Mr. and Mrs. Fred Walton visited her parents in Portales, N. M., last Thursday and Friday. Mrs. Walton's mother is able to walk after having been crippled about a year.

Mrs. Betty Coconaugher has returned from a week's visit in Fort Worth.

Friends and relatives met in the J. S. Smith home Sunday to celebrate the 101st birthday of Grandma Sam's, as she is lovingly known to her many friends. No more beautiful picture can be found than she was last Sunday morning when the guests arrived. Dressed in a beautiful black and white gipsy dress, with the Easter Sunday school had given her for a birthday present, and with her snow-white hair set in waves, she looked everything that is good and beautiful.

The guests had the pleasure of admiring a quilt that Grandma has just completed, taking every stitch in it with her own fingers. It is a great comfort to her to be able to use her eyes in sewing and reading, as she has to sit in her invalid chair all day. She spends many hours reading her Bible and daily papers.

Grandma attributes her long life to having lived a pure, clean, religious life since a mere child, although she has had severe illness the past few years, she seems to be in the best of health now, and we hope she will get to celebrate her 102nd birthday a year from now.

There were 116 guests who partook of the basket dinner served at the noon hour. Out of community guests were Mr. and Mrs. Frank Easter and family, Rey, and Mrs. Bost and Misses Roxie Spurwood and Floryette Meek of Dimmitt, Mr. and Mrs. Jess Wilder and family and Fred and Wilbur Axe, Bill Hacker Bill and Buster Sullenger of Jumbo, Mrs. Emphilea of Canadian, and Mr. and Mrs. Harvey Smith and family of Big Square.

Card of Thanks.

We desire most sincerely to thank the many friends who so lovingly aided us in the illness and death of our little son, Harlin Mearle. Neighbors and friends came to our aid in every emergency. We were especially thankful for the many floral offerings.

THE CURE FOR 'DEPRESSION GOUT'

SOVIET SEEKS GOLD LOST IN BAIKAL SEA

Bandits' Loot Believed Sunk With Vessel.

Berlin.—Reports of an immense treasure of gold, lying on the bottom of the Baikal sea in Siberia, have caused a sensation among Russian emigrants in Berlin.

The gold treasure is declared to have been sunk in the Baikal sea 28 years ago and allegedly belonged partly to the Russian royal family and partly to the Russian State bank.

A man appeared at the Soviet bank in Moscow a short time ago and told a fantastic story about the treasure. Although the Soviet authorities are keeping the matter secret it now has leaked out that not only has an expedition located the treasure, but allegedly has even recovered a considerable amount of the gold. It is now hoped that Moscow's empty coffers soon can be refilled by the vast treasure still at the bottom of the sea.

Bandits Loss It in Sea.
The facts, as they now have leaked out, are as follows:

In 1904 a war between Japan and Russia seemed inevitable. Czar Nicholas therefore ordered all state banks in Siberia to transport their gold to the state bank in Petersburg, because he feared that the Japanese might seize the money.

A regiment of Cossacks escorted the gold transport. When they reached a small bridge at the Baikal sea, they were attacked by a gang of bandits, who had learned of the secret transport. The bandits were much better armed and outnumbered the Cossacks, all of whom were killed.

The gold bars were brought aboard a little steamer, to be shipped to the dug-out of the bandits. During the voyage, a terrific storm broke out, which the obsolete steamer could not withstand. At the same time, the bandits began quarrelling about the distribution of the booty.

While the men were engaged in a fierce fight, the steamer suddenly began to sink. Nearly all of the crew were lost. Only three men succeeded in escaping.

Swears to Story's Truth.
The man, who has told this story to the Russian officials, claims to be one of the three bandits who succeeded in rescuing themselves. He has declared under oath that his story is true.

The Soviets at once began investigating the matter. They sent down to the bottom of the Baikal sea, where they allegedly succeeded in finding the remains of the sunken steamer and even some of the gold bars. The Soviets now are said to be making feverish attempts to lift the steamer with its cargo of inestimable value.

U. S. Border Is Crossed

by 48,311,328 in Year
Washington.—The Labor department revealed that 48,311,302 people—aliens and citizens—crossed or attempted to cross the American borders during the year ended June 30. Only 7,064 of this army were denied admission.

In a report to Secretary Doak, Commissioner General Harry E. Hull of the immigration bureau said those who cross the Mexican and Canadian borders cause the most trouble. The ineligible alien and the alien smuggler also were described as serious factors.

Aliens questioned by immigration inspectors, chiefly at Detroit, Buffalo, Niagara Falls and El Paso, during the year numbered 22,862,997 and citizens quizzed totaled 23,906,022. Besides these 915,642 alien seamen and 333,100 citizen seamen were examined.

A total of 35,567 aliens who wished to live in the United States were admitted. The others questioned were tourists or persons who cross to nearby border points for various purposes, but live in Canada or Mexico.

The immigration border patrol during the year captured 22,735 ineligible aliens, an increase of 231 over the previous year, and 149 smugglers were arrested.

Pension From Carnegie

Goes to Lloyd George

London.—David Lloyd George, Britain's "Grand Old Man" of the war, receives a pension of \$10,000 yearly from the United States, according to Everyman.

Lloyd George and John Burns, it is claimed, are Carnegie political pensioners.

When Andrew Carnegie became a British Radical and controlled several Radical newspapers, he is said to have endowed four Radicals. Two of them are Lloyd George and John Burns. The other two were the late Lord Morley and the late Thomas Burt, who was a member of parliament. Burns receives \$5,000 annually.

July 2.

JOSHUA

Joshua 1:1-9; 23:1, 2, 14.

Now it came to pass after the death of Moses the servant of Jehovah, that Jehovah spake unto Joshua the son of Nun, Moses' minister, saying,

2. Moses my servant is dead; now therefore arise, go over this Jordan, thou, and all this people,

unto the land which I do give to them: even to the children of Israel.

3. Every place that the sole of your foot shall tread upon, to you have I given it, as I spake unto Moses.

4. From the wilderness, and this Lebanon, even unto the great river, the Euphrates, all the land of the Hittites, and unto the great sea toward the going down of the sun, shall be your border.

5. There shall not any man be able to stand before thee all the

days of thy life, as I was with Moses, so I shall be with thee; I will not fail thee, nor forsake thee.

6. Be strong and of good courage; for thou shalt cause this people to inherit the land which I swear unto their fathers to give them.

7. Only be strong and very courageous, to observe to do according to all the law, which Moses my servant commanded thee; turn not from it to the right hand or to the left, that thou mayest have good success whithersoever thou goest.

8. This book of the law shall not depart out of thy mouth, but thou shalt meditate thereon day and night, that thou mayest observe to do according to all that is written therein: for then thou shalt make thy way prosperous, and then thou shalt have good success.

9. Have not I commanded thee? Be strong and of good courage; be not affrighted, neither be thou dismayed; for Jehovah thy God is with thee whithersoever thou goest.

Joshua 23:1. And it came to pass after many days when Jehovah had given rest unto Israel from all their enemies round about, and Joshua was old and well stricken in years;

2. That Joshua called for all Israel, for their elders and for their heads, and for their judges and for their officers, and said unto them, I am old and well stricken in years.

14. And behold, this day I am going the way of all the earth; and ye know in all your hearts and in all your souls, that not one thing hath failed of all the good things which Jehovah your God spake concerning you; all are come to pass unto you, not one thing has failed thereof.

Golden Text: Be strong and of good courage; . . . for Jehovah thy God is with thee whithersoever thou goest.—Joshua 19.

Time: Birth of Joshua, about B. C. 1544. The death of Moses, B. C. 1450. The death of Joshua, according to Josephus, B. C. 1434. Place: The land of Moab, Gilgal, Jericho.

Introduction. Last year we studied the first five Books of the Bible: Genesis, the Book of Beginning, including the origin of the Hebrew race; Exodus, the great story of Moses and the deliverance from Egypt; and the selections from the writings of Moses the whole constituting the Pentateuch. This quarter we continue the inspiring story of God's dealings with the chosen people, carrying it through the reigns of the greatest of all Jewish kings, David, and his wise and magnificent son, Solomon. It is a course of study full of teachings for all aspiring souls, and rich in applications to our life of today.

We begin with a lesson that takes in an entire Book of the Bible, Joshua, the sixth, completing what is called the Hexateuch, or Six Books. It comprises the story of that heroic soul, Joshua, who was called upon to take up the work of the greatest of the Old Testament leaders, Moses, and who carried it to so large a measure of success.

Moses' Successor. The name of Joshua was originally Hoshua (Hoshea), meaning "Salvation," but Moses changed it to Jehoshua (later shortened to Joshua or Jeshua) by adding the sacred syllable Jah (Jehovah), so that Joshua means "Jehovah Saves"—a name most appropriate to the part the great leader was to play in his nation's history. "Joshua" is the same name as "Jesus." His was the greatest of all names. His tribe was Ephraim, one of the strongest of all the tribes. His father was Nun and he was 12th in descent from Joseph. His mother's name is not given us. He was about forty years old at the time of the exodus, and about eighty years old when called upon to succeed Moses.

Joshua and Caleb. The exploration of Canaan after the crossing of the desert was entrusted to twelve men, each representing a tribe, and Joshua represented the tribe of Ephraim. On their return he alone, with Caleb, made a courageous and hopeful report, declaring that they could conquer the land. The despair and murmuring of the people led to their forty years of wandering in the wilderness, for God decreed that only Joshua and Caleb of all that generation should set foot on the promised land. Even Moses, still vigorous at the age of 120, was forbidden to enter Canaan because he had taken credit to himself for the miracle of bringing water out of the rock. Before his death, by divine direction, he solemnly appointed Joshua as his successor; and indeed no one could have been found who by natural ability, sincere piety, and thorough training was better fitted for the position.

Moses, the Servant of Jehovah. "Now it came to pass after the death of Moses the servant of Jehovah." The great leader had died in the land of Moab, and was buried by Jehovah, so that no one knew his grave. The Israelites mourned for him thirty days. Moses spoke with God face to face, "as a man speaketh unto his friend" (Ex. 33:11) but a higher title even than "friend of God" is this of "servant of God" won so magnificently by the great lawgiver. "Moses my servant is dead; now therefore arise."

"The king is dead, Long live the king!" Joshua was to become the servant of Jehovah, even as Moses had been (Josh. 24:29).

of about 104 miles, it falls 1202 feet. Through most of its course it is below the level of the ocean, traversing the deepest trench in the earth's surface. It is extremely tortuous, traversing 200 miles to cover 60 miles of latitude and 4 of longitude, in that distance forming 27 fierce rapids. Of course it has never been navigable, and has few practicable fords. How was Joshua to obey the Lord's command and get a whole nation, men, women and children, across this torrential stream?

The Charge to the People. It was not enough for Joshua to receive the divine commands, accompanied by the divine promise. He must pass both along to the people, and this he did by sending officers among them to proclaim God's words. The response of the people was an enthusiastic burst of loyalty, coupled with a bidding in their turn to Joshua that he should be strong and courageous.

The Passage of the Jordan. Without a miracle it was absolutely impossible to take the great host of the Israelites over the deep, rushing Jordan into the promised land; but the miracle was granted them; the down-flowing waters being held back as the feet of the priests, bearing the sacred ark, touched the flood, so that the people were enabled to pass over the muddy bottom of the river thus laid bare. "It was 'the tenth day of the first month' (Joshua 4:19), the anniversary of the day on which forty years before Israel had set apart their Paschal lamb" (Ex. 12:3), that the miraculous passage of the Jordan was accomplished, less seemed only as a grand historical parenthesis."—Rev. Alfred Edersheim, Ph. D.

The Fall of Jericho. "God conducted Joshua across the Jordan at the point where the strongest fortification of the country stood directly in his way; the point where the sole alternatives before him were victory that seemed impossible or defeat that would be ruin. In conquering Jericho the Israelites virtually subdued the promised land. No good or permanently pleasant possession is ever gained except by overcoming obstacles. Jericho always bars the entrance to the Promised Land."—W. B. Wright.

At the End of the Way. The three verses from Chapter 23 (1, 2, 14,) that are added to the Scripture printed for our lesson are a fine epitome of Joshua's career. He had gained for Israel "rest from all its enemies." Every promise made by the Eternal at the commencement of his leadership had been fulfilled, to him and to the nation. He meets the leaders in a farewell convocation at Shechem (24:1). Concerned for the future, he makes them renew the Moab covenant. It was not long after this, evidently, that his death took place. He was buried in the hill country of Ephraim. "So runs the round and closes the record of every life." We may add of this life, "Servant of God, well done!"

I Will Not Fail Thee or Forsake Thee. "Fear not, I am with thee, O be not dismayed. For I am thy God, and will still give thee aid; I'll strengthen thee, help thee, and cause thee to stand, Upheld by my righteous omnipotent hand."

CITATION BY PUBLICATION

THE STATE OF TEXAS, To the Sheriff or any Constable of Deaf Smith County—Greeting: You are hereby commanded to summon Hickman Price and wife Mary Washington Frazer Price by making publication of this Citation once in each week for four successive weeks previous to the return day hereof, in some newspaper published in your County, to appear at the next regular term of the District Court of Deaf Smith County, to be holden at the Court House thereof, in Hereford, Texas, on the 5th Monday in July, A. D. 1933, the same being the 31st day of July A. D. 1933, then and there to answer a petition filed in said Court on the 13th day of June A. D. 1933 in a suit, numbered on the docket of said Court No. 2084, wherein Mrs. Susie Rushing joined pro forma by her husband S. L. Rushing are Plaintiffs, and Hickman Price and wife, Mary Washington Frazer Price, and Mike H. Thomas as receiver in cause No. 1924 styled Dowden Hardware Co. v. Hickman Price, in District Court of Swisher County, Texas, are Defendants, and said petition alleging:

That heretofore, to-wit on or about the 5th day of April, A. D. 1933, the plaintiff, Mrs. Susie Rushing was lawfully seized and possessed of the following described land and premises situated in Deaf Smith County, Texas, holding and claiming the same in fee simple, to-wit:

All of sections Nos. 35, 36, 25, 34 and West 1/2 of Section 23, a1 in Township 5 S., North of Range 1 E., East; and all of Section 30, and the West 1/2 of Section 29 in Township N. 1/2, North of Range 2 East, being 3840 acres of land in Deaf Smith County, Texas.

That on the day and year last aforesaid defendants unlawfully entered upon said premises and ejected plaintiff therefrom, and unlawfully withhold from them the possession thereof, to their damages \$50,000.00.

That the reasonable annual rental value of said land and premises is \$5,000.00.

Wherefore plaintiffs pray judgment of the court that defendants be cited to appear and answer this petition, and that plaintiffs have judgment for the title and possession of said above described land and premises, and that writ of restitution issue, and for rents, damages and costs of suit, and for such other and further relief, special and general, in law and in equity, that they may be justly entitled to.

Herein fail not, but have before said Court, at its aforesaid next regular term, this writ with your return thereon, showing how you have executed the same.

Given under my hand and the Seal of said Court, at office in Hereford, Texas, this, the 13th day of June A. D. 1933.

L. H. FOSTER, Clerk, District Court, Deaf Smith County. 23-4c

line, then they will concentrate on the road east, throwing the present heavy Castro county traffic that way.

They were earnest in their belief that if Deaf Smith county will cooperate with other counties in every way possible that a part of recently appropriated government funds may be secured for construction of the road. They also said that it was not the sole duty of the commissioners court, chamber of commerce, or any other civic body to take the responsibility of the move on their own shoulders, but that it was the duty of every citizen to do all in their power to further the proposition.

They were of the opinion that with the cooperation of citizens all along the route that construction might be obtained within the year, and requested the Brand to make their plea known to Deaf Smith county road enthusiasts.

W. D. KELIEHOR

both of whom were here to attend the funeral services.

To start and tell what Mr. Keliehor has done in the way of serving his community while he lived here could be better told by saying what has he not done for the betterment of his community. He served as county commissioner about 1910-12; he was city commissioner in 1908, and served as mayor pro tem while serving on the city board. He took an active part in the chamber of commerce and specialized on 4-H club activities. He was a devout member of the local Catholic church. He was the Magnoleum Petroleum Co. agent here for a number of years.

His last public work was when he served on a chamber of commerce committee to raise enough money to purchase a car and one-half of cotton seed. It was shortly after this work that his health broke down.

Funeral services were held at the Catholic church Wednesday at 11:30 interment being made in West Park Cemetery, being made at 5:00 o'clock.

BALL GAMES

(Continued from Page One)

dirt like Jim Robinson and is now wearing a strawberry on his right held up for a few minutes and no one knew what it was all about at the time—all the firemen were in a circle around first base and each had a handkerchief in his hand. We soon learned that the boys were just holding their hands ready for their Crying Captain. Some umpire had made another mistake!

A Panhandle Fish Yarn.

Went fishing last week with my brother, Ollie. We left town about six p. m., and the weather was ideal for the big ones to bite. Drove down to Tom Iveys ranch, stopped at the first crossing east of the house and let Ollie out; took his pole off the car and threw it to him, and in doing so jammed a hook just as deep as it would go in our hand. Rather think Ollie put this hook on there, because we always catch the most and biggest fish—anyway, work as hard as we could there was nothing to do but come to town and have it cut out, and by the time we got back to the creek Ollie was in the bull pasture under the cottonwoods and about the time we drove up, wham! one of those big babies took Ollie's frog and the battle was on, and after something like 30 minutes this old fish was on the bank, but the battle wasn't over by a jug full. This old bass had been caught before, and he made a rush at Ollie. This was getting interesting, so we got a little closer and noticed this fish was lame, and when we looked him over good he had a leg gone.

Honest, can you imagine an old war horse of a black bass and the son-of-a-gun with three legs? But but it was the scars of a former battle just like this one, and then it really did happen, folks. I heard a roar to the south of me and about the same time Fox hit one of those cottonwoods and made a mile a minute to the top, and when the dust cleared away there stood the biggest whiteface bull we ever saw—but he weighs four tons or more—anyhow old Prince Domino, Checks, Moon, or something, walked up and shook hands with this old bass. Imagine they hadn't seen each other since last year, but anyone could see they were old pals. They talked it over in fish and bull language for a while, and this old bass was getting dry—you know fish can't stay out of water in this country very long. Old Prince went back up on the hill to graze, this bass looked up in the tree at Ollie, snorted a few times, and sorter gave him the fish laugh, walked over and picked up a can of the very finest worms that Fox had, and hobbled into the creek.

Fox slipped up to the car and said, "Boy, let's go home." This is the honest truth if we ever told it, and you can ask Bill Ray or Frank Morris—they never lie about fishing. But if you go down there and try to catch this three-legged son-of-a-gun, climb up in the cotton-wood first and maybe you can hold him out of the water until he dies and at the same time stay away from this old Prince Albert, but we hope you never catch him. This story is the honest truth, says I.

M. R. Corbett, who has been ill the past six months, is now able to be up and about. Mr. Corbett had a tough tussle with an attack of rheumatism.
