Old Heads know how to make Texas telephones talk...

Your telephone in Texas is served by folks who learned their trade in the school of experience. By men who know the feel of a sleet-lashed pole in a wintry wind. By women to whom the state's vast copper network of three million miles of wire is as an open book.

Of the 8,700 employees who watch day and night over this company's lines in Texas, nearly 4,500 have at least 10 years of telephone experience.

More than 1,000 of these have been in the business for 20 years or longer, and a small group of 196 veterans count their years of telephone service at 50 and more.

From department heads down, their friendly "know how", born of years of experience, plays an important part in furnishing fast, accurate, and dependable telephone service, at a price that is reasonable to you.

FIRST BAPTIST CHURCH
 Last Sunday our church work went along in a very nice way; attendance at Sunday School was not quite so good as that of the previous Sunday, but we were happy to welcome four new members into our Sunday school. The attendance in BTU showed a gain over that of last Sunday, still it is not what we would have it be, and work must be done in this department of our church.

Two special programs were rendered by Auxiliaries of our W. M. U. Under the leadership of Mrs. L. L. Womble, the Junior G. A. rendered a splendid program to the members of W. M. S. and mothers of the G. A.'s. Mrs. Billie Roberson led in the program presented by the Y. W. A. with their mothers and others as guests; this program was greatly appreciated.

Several members have gone to attend the Southern Baptist Convention in Oklahoma City. In the absence of the pastor, Rev. Marvel Upton will preach at the Sunday morning hour. The Sunday evening service will be dispensed with so that all may attend the High School Baccalaureate services.

Home Demonstration News Notes

By MISS SADIE LEE OLIVER, HDA, Deaf Smith County

Choice perennial plants of the "three for a dollar" quality and type have been given away by Mrs. C. H. Dyer, Mrs. Alex Thompson, Mrs. E. J. Williams, Mrs. Earl W. Wilson, and Mrs. Clara McLean. They could be had for the digging.

Buffalo Grass lawns have been planted and are growing at the homes of Mrs. J. L. Hight, Ford; Mrs. W. P. Caraway, Dawn; Mrs. Al Werner, Westway; Mrs. Harry Kibbee, North Hereford. Many others have been reported by council delegates from Home Demonstration Clubs.

The Kentucky Blue Grass lawn is up to a good stand at the home of Dennis Barnard on 25-Mile Avenue.

The most beautiful plant in town this week is probably the Kolkwitzia amabilis or Beauty Bush at the home of Mrs. J. H. Pitman, 801 East Third Street.

In "Garden Flowers in Color," G. A. Stevens states: "It is a big, graceful shrub, twelve to fifteen feet high when fully developed, and every bit as much in diameter. The flowers are produced in late spring or early summer and somewhat resemble those of a weigela, although much more graceful and less coarse.

The Beauty Bush has been in-

duced into gardens only recently, and its range of adaptability is not known, although it is reported to be hardy in the coldest parts of Canada. Small plants grow quickly and may be depended on to bloom each year after they once begin to flower."

Three voting delegates to the Texas Home Demonstration Association's biennial meeting are to be elected at the June Council meeting. This state meeting will be held in Lubbock on Sept. 6-7-8.

Deaf Smith County may send three 4-H girls and one sponsor to the Junior Short Course at College Station on July 5-6-7.

Dormitory space is available for five women, who may attend Farmers' Short Course at College Station on July 12-13-14.

The program for the Agent's Conference on July 10-11 has been received. The theme of all these meetings is Land Use Planning.

SEVENTH GRADE PUPILS PRESENT PROGRAM

Pupils of both sections of the seventh grade presented a joint program at the high school Friday afternoon, under the direction of Miss Frances Fullingim and Miss Mildred Lindsey, teachers.

Bruce Beene, president of Miss Fullingim's room, took charge of the first part of the program giving a brief welcome to the mothers, who were guests. A dramatization of "The Courtship of Miles Standish" was presented. The play was written entirely by the class after a study of the poem. In the cast were Priscilla, Rubina Culpepper; John Alden, Billy Jo Jackson; Miles Standish, George Weems; Elder of Plymouth, John Douglas Pitman; Messenger, Thurman Williamson; Wedding Guests, Phyllis Jean Radovich, Betty Sue Morton, Vera Rae, Donald Roberson, George Olson, George Beach, Glen Watts and Bruce Beene. The play was announced by Lotis Smith.

The second part of the program was introduced by Wanda Jean Whitaker, president of Miss Lindsey's room.

In view of the fact that the group will "graduate" from the seventh grade into high school next Monday, a graduation program was featured. Betty Sue Morton gave the class history and class poems were read by Vera Rae and Virginia Curtisinger. Class wills were read by Thurman Williamson and Nona Dean Rose and the class speeches were given by Margaret Olson and Phyllis Jean Radovich.

The seventh grade graduation exercises will be held Monday morning, May 22, at 10 o'clock in the High School auditorium. The public is invited to attend the program.

A lovely tribute to "Mothers" in the form of a luncheon was given Friday at the home of Mrs. O. T. Williams by members of the Fidelis Matrons' Class of the Baptist Church.

Purple and yellow iris in bouquet arrangement furnished the appropriate decorations with the colors repeated in purple and gold booklets, with programs inside, at each place. The oldest mother present, Mrs. Jennie Thompson, was presented with a lovely bouquet and each mother received a corsage. The theme for the program was built around a quotation of Lew Wallace: "God Couldn't Be Everywhere, therefore He made Mothers."

the mothers present; a vocal duet was presented by Mrs. Louise LeGrand and Mrs. Sank Ramey. Mrs. J. B. Whitlow entertained with two readings. CLASSMATES ARE REUNITED PIONEER DAY

Informal group sessions at various intervals marked Pioneer Day celebrations as old friends, classmates and relatives reviewed past good times together and told separate experiences of the past year. One group which met at the court house included Ruth and Fern Churchill who are now Mrs. Jim Florey and Mrs. Bob Rowen of Amarillo; Mrs. Marshall King of Panhandle, the former Miss Mary Williams; Mrs. Al McIntosh of Dalhart, who was Miss Lillian Ford; Mrs. Buren Vassey of Friona, the former Miss Alma Beach, and Mesdames Horace Baird, Cliff Estes, R. Hawkins; Mrs. Sam Steele of Fort Sumner, N. M., the former Miss Frances Wilson; Mrs. Mark Galloway of Amarillo, the former Miss Virginia Laird; Mrs. W. C. Pitman, the former Miss Eva Skelton, and Miss Eloyse Pitman.

PROBLEMS CONFRONTING SPRING GARDENERS DISCUSSED AT GARDEN CLUB MEET

Friday afternoon at the meeting held by the Hereford Garden Club, a round table discussion was conducted on the "Problems

which are now confronting Our Spring Gardeners." A remedy was sought to help control the green aphid, a tiny bug which is now attacking half grown rosebuds, and brown aphid which is now attacking chrysanthemum plants. A suggested remedy was enough soap suds to spray the plants, with two tea spoons of black leaf forty to one gallon. The admonition was also given to be sure the insects are well covered with the spray as they are killed by direct contact with

the poison and not by eating poisoned leaves. Plants should be sprayed during the hottest part of the day for best results. The meeting was held at the home of Mrs. Mark Hanna and a short business session was presided over by the president, Mrs. Homer Brumley.

After the program members visited the Hanna gardens where pink and yellow roses are massed with blooms. New roses set out last November are now loaded with buds. A trip to the J. H.

Pitman yard and flower garden was rewarded by the sight of a Beauty Bush which stands 10 feet high, forming a dome-shaped mass of deep pink blossoms.

Members attending the meeting were Mesdames Homer Brumley, F. M. Kester, C. H. Dyar, J. J. Clark, Ralph White, N. E. Gass, J. P. Slaton, W. A. Dobbins, Miss Sadie Lee Oliver, the hostess, and a guest, Mrs. E. Ramey.

Things are looking mighty good over this territory. Even the government is predicting better than 2,000,000 bushels of wheat for Deaf Smith County. However if the government will confine their efforts to getting out our AAA checks and let us stand around and figure on the volume of wheat to be produced, a lot more people will feel better. How much wheat do you think this territory will produce? It's hard to say because it's even harder to calculate the amount of wheat marketed at Adrian, Vega, Friona, Dimmitt and other outside points; likewise some wheat from other counties comes into Deaf Smith.

Once we tried to run a wheat guessing contest, but due to the fact that no one decided how much the county produced—the prizes were not awarded.

This time let's take all of the elevators at Hereford, at Black, Dawn, and Umbarger—and guess at how much wheat will be handled through these points. Just to make it interesting, The Brand will put up a cash prize of \$2.50 for first place winner, and will give a one-year subscription to second place; Gus Streu says he will give a \$1 pocket knife to the third place winner, and John Roberts will give five tickets to the Star Theatre to the next five. All estimates must be brought or mailed to The Brand office not later than June 15, and must have the name of the person along with the number of bushels estimated at Hereford, Black, Dawn and Umbarger.

Nearly everyone is making some kind of estimate. Register your estimates at The Brand office—you may win one of these prizes.

Pioneer Day has come and gone, and a lot of the men feel lost since shaving off their whiskers. In the big whisker judging contest, they got three out-of-town ladies to act as judges. I was trying to find out who the winners were and the ladies knew the faces, but not the names. Finally we got down to third place and the lady pointed over to V. E. Dodson and said, "That fellow there with the cute little cottontail on his chin." The more I looked at the white patch, the more I was inclined to agree with her.

Here's one that W. L. Ayres tells on Jimmie Allied. The softball team went to Vega for a match—and Vega came out with a "hot" pitcher, who fanned the first five men at the plate. Then came Jimmie's turn to bat. The pitcher lost control of the ball, which hit the ground a few feet in front of the plate; Jimmie was so nervous that he swung and missed the first-bouncer for a strike.

DAWN H-D CLUB HOLDS MEETING

"Canning is sterilizing, not cooking," stated Miss Sadie Lee Oliver, CHDA, in discussing food preservation at the meeting of the Dawn Home Demonstration Club held in the home of Mrs. W. P. Caraway, Wednesday afternoon.

"Low life animal and plants in foods cause spoilage, therefore, it is most important that foods be canned at the correct pressure for this altitude since in this area the deadly botulitic bacteria is found. All canned foods should be cooked 10 minutes in an uncovered vessel to kill these bacteria. For the last 25 years all cases of botulism have been from home canned foods, mainly in glass jars. Potomazine poison is found in protein foods, beans and meats, particularly. Cooking destroys the bacteria but does not destroy the poison. It is very essential that meats, especially, be kept at a safe temperature. Cans puffed on one or both ends are dangerous. In canning it is safe to fill and seal only one jar at a time, and if the lid holds the jar up, it is sealed." Among those present were Mrs. N. R. Miller, Mrs. L. A. day,

Smith, Mrs. A. H. Frye, Mrs. W. A. May, Mrs. Jess Caldwell, Mrs. H. E. Miller, Mrs. W. J. Stewart, Mrs. Jim White, Mrs. Ernest May, Mrs. R. A. Frye, Mrs. C. A. Wimberly, Mrs. Carl Wimberly, Miss Oliver and Mrs. Caraway.

Formal Opening Is Planned For Buffalo Lake

CELEBRITIES WILL BE IN THIS AREA FOR BIG CELEBRATION

The Texas Panhandle is making plans for another big celebration when its largest body of water — Buffalo Lake, a water conservation project near Umbarger — is officially opened for recreational purposes on May 28.

Governors of several states, high officials from Washington, possibly including Vice President John N. Garner, movie stars from Hollywood, and other celebrities will be present for the two-day celebration. The formal opening will be in charge of the Panhandle Water Conservation Authority, sponsor of the Buffalo lake and six other similar projects in the High Plains, and the Soil Conservation Service, in charge of maintenance and administration of the project during the coming season. The entertainment program in connection with the official dedication is being arranged by the Plains Boat Club.

While the program is incomplete, many events already have been scheduled for the two days. On Saturday, May 27, the day preceding the formal opening of the lake for recreational activities, there will be a gigantic parade in Amarillo at 11 a. m. A banquet honoring visiting governors, celebrities, and officials of the federal government and Panhandle Water Authority will be held at the Amarillo Hotel at 12:30 p. m. Golfing at the country club and sightseeing are scheduled for the afternoon. Climaxing the pre-dedication activities will be the Governors' Ball in the recreational building at the lake at 8 p. m. This will be an invitation affair for the visiting governors and their staffs, government representatives, Panhandle Water Authority officials and visiting celebrities.

Following the official dedication on Sunday, May 28, the Plains Boat Club will hold a regatta in which more than a hundred speed boat drivers are expected to enter. Visiting governors and movie stars will take part in the dedication.

Approximately 500 persons from the High Plains and 200 from New Mexico already have signified their intention of attending the celebration, according to Pat H. Flynn, in charge of the entertainment program being planned by the Plains Boat Club. Flynn predicts that at least 20,000 persons will attend the two-day event.

Recreational facilities of the project and lake will be opened to the public immediately after the boat races. Concessions for the operation of cabins, the floating bathhouse, boating privileges, bathhouse, horseback riding, recreational building and other facilities will be let in the near future, H. H. Finnell, regional conservator of the Soil Conservation Service, said.

"Invitations to bid on the concessions will be sent out as soon as the government is ready to consider offers, but financially responsible persons interested in operating the concessions may write immediately to the Soil Conservation Service in Amarillo," Finnell stated. "However," he said, "bids must be for the operation of all concessions and not one or two."

Officially known as the Tierra Blanca Water Conservation Project, Buffalo lake will be the largest body of water in the Texas Panhandle when filled. The lake, which is only two miles off U. S. Highway 60 at Umbarger, will cover 1,850 surface acres when filled, and will have 18,200 acre feet of water extending 6.3 miles. The dam is 835 feet long and 53 feet high at the deepest part of the creek bed. The government now is purchasing approximately 7,600 acres around the lake to be developed in the project.

In addition to Buffalo lake, the Panhandle Water Conservation Authority, an organization created by Texas law to serve as a state agency, is sponsoring six similar water conservation projects in the Texas Panhandle and eastern New Mexico. Other projects in the Panhandle are located on Boggy Creek near Canadian, McClellan Creek near Pampa, Rita Blanca Creek near Dalhart, Tule Creek near Tulla, Wolf Creek near Perryton, and on Running Water draw near Clovis, N. M.

Work on the projects, designed for the three-fold purpose of recreational, flood control, and water and wildlife conservation, was started under supervision of the Bureau of Agricultural Economics and was transferred to the Soil Conservation Service when the Department of Agriculture was re-organized last November.

Summer Project In Homemaking To Be Offered

By Rhita Jean Sullivan
High school girls who have already had Homemaking will again be offered the opportunity of carrying on a project during the summer months. Each girl may choose the type of project in which she is most interested. Projects in home and yard improvement, clothing, food preservation, meal planning and preparation, and improvement of storage facilities have been popular types. Group projects in the community, in Girl Scout or similar organizations may be considered a part of the work.

This type of work is valuable to the girl in that she can make one-half credit each summer for successfully completed project. It can be of further value in that it helps to develop skill in doing work, stimulates interest in hobbies and various phases of home work, and provides experience for social enjoyment, and a worthwhile way of spending a part of leisure time, thereby helping her to experience the sense of pleasure that comes from accomplishment.

Any girl who is interested in this type of work should see Miss Rhita Jean Sullivan, home-making teacher, at the high school as soon as possible.

Approaching Marriage of Miss Lueta Borden and Hal Kester Is Announced

Announcement of the approaching marriage of Miss Lueta Borden to Hal Kester of Denver, Colo., was made by her mother, Mrs. L. F. Borden, Tuesday at a luncheon given at the Borden home on Twenty-Five Mile Avenue. A May Day theme was used in rainbow colors for the table decorations. The centerpiece was built around a May pole from which pastel shaded ribbons, in a galaxy of color, extended to the table edge. Bowls of sweet peas which flanked the May Pole repeated the chosen colors.

The wedding announcement was made, after cocktail was served in the living room, when little Miss Marian Borden, sister of the bride-elect, entered with a lovely May basket filled with sweet pea corsages for the guests. White ribbons which tied the corsages, bore the inscription, "Lueta and Hal, June 4."

Places were marked at small tables by dainty little flower pots filled with May blossoms.

After the luncheon plans for the wedding were revealed. The couple will be married in Denver where he is employed. Mr. Kester is the son of Mr. and Mrs. F. M. Kester of Hereford.

HELLO, DODGE....SEND OVER A PANEL DELIVERY...I'M GOING TO LINE IT UP WITH THE OTHER 2 LOW-PRICED TRUCKS AND THEN DECIDE

Why isn't this the SMARTEST WAY TO BUY A TRUCK

"OTHER TWO" MEET DODGE IN PRICE But... LOOK AT THE DIFFERENCE IN EXTRA VALUE FEATURES

TAKE a good look at the 3 lowest-priced half-ton panels side-by-side. All 3 cost about the same, but one stands 'way out in value.

It's Dodge—the truck with vital units of Amola Steel. It's Dodge—the only one with cabs, bodies, and fenders rust-proofed to protect the finish and your investment. And Dodge gives you more load space, more cab comfort, and smarter, prestige-building beauty and quality.

Don't delay—line them up side-by-side and make your own comparison—then ask your Dodge dealer for his appraisal on your present truck. It's the smartest way to get more for your money.

DODGE 1/2-TON PANEL Price delivered at Detroit, including front and rear bumpers, four double-acting shock absorbers, spare tire, and Federal taxes. Transportation, and state and local taxes (if any), extra. **\$680**

Dodge Trucks Alone Give You Long Life Features Like These

Steel—Welded Steel—where others often use wood! Dodge gives you the strongest, most rigid type of body, with a welded steel box-member in the lower side-walls that minimizes weaving.

2-Way Direct-Acting Shock Absorbers—Same type as on giant airplanes. Cushion both bumps and rebound.

Fully Bonderized Cabs and Bodies—Some other trucks already bonderize fenders and hoods—only Dodge today gives you complete protection on bodies, cabs, hoods, fenders, radiator shells, etc. Saves the finish and adds to the trade-in value of Dodge trucks.

Amola Steel. Dodge trucks are better trucks because axle-shafts and springs are built of this tremendously strong and shock-resistant steel alloy. Saves trouble and expense for Dodge owners!

MEET OUR COMPLETE WATER HEATER FAMILY

Yes, sir, folks, I'm the pappy of 'em all. You can put me anywhere in your house and you will never know I'm there on the job—always giving you plenty of hot water. That's my trouble, I'm so safe, silent, and dependable that everybody takes me for granted. I'm not bragging, but you'll be surprised the many nice things millions of users say about me.

Just because I am not as big as pappy, I am just as efficient and will do a swell job of heating water. I'll fit into the 'scheme of things' anywhere—just plug me into any socket and that's all! No fuss—no muss. I'm not bragging, either; but thousands of people need me in their homes and offices.

Yeah, man! My name is T. Kettle of the latest line of Kettles. Everybody knows how useful us Kettles have always been. I may be little, but, boy—I get hot and boil for you in a jiffy. And if I get too hot, I'll kick the plug out, so you don't have to worry about me burning up. And when a man can do that—he has a right to brag, hasn't he?

Drop by our office and visit with our family.

Hopper Poison Stations Are Opened In Area

Four sub-stations have been established in the battle to eradicate grasshoppers. It was today announced by Jim Lipscomb, who said that the stations are located at Jack Fortenberry's place at Blipus, at the Heiselman place at Heiselman, the Jim Hill place at Ford, and the Arthur Norman place at Fairview.

"Poison is delivered to these sub-stations as needed by government trucks," he said. "The heaviest infestation seems to be on 25-Mile Avenue west and from the Ford and Sims Schools north. Everyone is urged to check his pasture lands and to report any infestation so that poison can be delivered to the distributing stations."

Due to the cool weather he said that the hoppers have not been hatching so fast and that birds have taken care of them as they hatched. However, with the advent of several warm days a general seige is expected.

It was also pointed out that farmers and ranchmen should bring their own sacks when securing poison, or the sacks will be sold to them at three cents each.

mothers was given by Mrs. John Renfro. A vocal duet was presented by Edith Jackson and Wanda Jean Reed, a tribute to mothers in the form of a toast to the Old Woman Who lived in the Shoe, was given by Carolyn Frye. In telling "What Makes Little Girls of Today Contrary," Mary Louise Dean suggested how mothers and daughters might understand each other better. Bernadine Phillips entertained with a reading, "Mother's Way." "Co-operation" was the subject of a talk by Mozelle Shreve in which she thanked Mothers present for their co-operation in the club work. A toast to All Mother Everywhere, given by Marthanelle Ewton, concluded the program.

After the banquet an induction service for new members was conducted by Carolyn Frye, outgoing president. The new members are: Katie Jean Kress, Bernadine Phillips, Margaret Olson, Nona Dean Rose, Betty Dunlap, Lois Standifer, Pollyanna Crawford, Betty Jo Kendall and Geraldine Kendall.

Arrangements for the banquet were made by Betty Sue Henslee, chairman of the program committee, Kathryn Henderson, secretary, Lois Agnes Gilbreath, decorations, and Ann Coekrell, tables.

Miss Irene Crawford is sponsor of the organization.

MOTHERS' DAY BRINGS WEEK END VISITORS

Many Herford mothers were made happy Sunday when children, some attending college, some with large families of their own and all bringing some token of affection and appreciation, arrived to pay tribute on a special day to a "special mother." In some instances small family re-unions were held with the grand children adding much to the celebrations, while in other homes mothers were busy answering door-bells, and telegraph wires sang with messages of love from those who could not come. A happy gathering was that honoring Mrs. B. L. Branson with Mrs. Gertrude Brotherton of Spur, Mrs. R. A. Brotherton and family of Olton and Mr. and Mrs. G. F. Branson and family of Amarillo, and the little grandson, Bob, son of Mr. and Mrs. Leaton Branson of Dalhart, all present. Two children of the Henry Hastings were home, Ralph Hastings and wife and her sister, Miss Roberts of Panhandle, and Roy of Dimmitt, and a two-sided family affair was the one at B. H. Alexander's when their daughter, Mrs. Joe Hudson, Mr. Hudson and daughter, Betty Jo, came from Seagraves to spend the day. Miss Juanita Hanes accompanied the Hudsons to Herford to be joined here by her parents, Mr. and Mrs. Bob Hanes and children of Miami, Mrs. Ruth Sherman of Amarillo, was here for the day with her parents, Mr. and Mrs. John Haber, also Mrs. Sam Reid of Lubbock, who visited her parents Mr. and Mrs. C. C. Ferguson. Mr. and Mrs. Burl Witherspoon and children came from Lubbock to visit his parents, Mr. and Mrs. Vern Witherspoon. Mrs. Lennis Beyer of Amarillo, spent the day with her parents, Mr. and Mrs. W. B. Anthony, Carl Spratt, teacher in the Crosbyton public schools, visited his mother, Mrs. I. H. Spratt. Mrs. J. M. Simpson and small son, Wesley, of Amarillo spent the day with her mother, Mrs. E. W. Harrison. Mrs. Beulah Lee Carter and daughter, Harriette of Amarillo, were here with her mother, Mrs. Hattie Rutherford, also Miss Mildred Rutherford, daughter of Mr. and Mrs. O. L. Rutherford, who is attending business school in Amarillo. J. Walter Spradley of Borger, visited his parents, Mr. and Mrs. J. W. Spradley, and Lucretia Wilson, who is employed in Amarillo, spent Mother's Day here with her parents, Mr. and Mrs. Earl W. Wilson.

car. A miniature wedding carried out the theme of the nicely decorated float entered by Herford Floral Company.

Another float which attracted interest was that entered by the Historical Museum of the West Texas State College, Canyon; this float included mounted animals reminiscent of early days in the Panhandle. A typical chuckwagon lunch scene was recalled by the float entered by Fraser Milling Company.

The B. and P. W. float included members of the club, attired in typical cowgirl fashion, who played and sang during the course of the parade.

Contrasting modern day methods with those of pioneer days, the Herford Creamery float featured an old fashioned ice cream freezer and an old time churn, operated by ladies clad in dress of pioneer periods. A display of flour and distribution of sample sacks was featured by the Packard Milling Company float, which was nicely decorated.

The Post Office float was made in the form of a large "Uncle Sam" hat and was propelled by a man walking on the inside. It carried the inscription: "P. O. Gets Big Head over Promised Federal Building."

A number of other floats, a bicycle brigade, and the delegation of "Whiskered Men" completed the parade. As an added attraction, the men stopped at each street intersection and pulled fake whiskers from the faces of one of their number.

Following the parade, a free barbecue was served in the City Park on Tierra Blanca Creek. More than 3,000 persons were served in typical "ranch style."

Following the barbecue District Attorney Jas. W. Witherspoon delivered an Address of Welcome in behalf of the community, and Judge L. Gough, Amarillo, made the response. A pair of cowboy boots were presented Tommie Wilson and a 22 rifle was presented John Douglas Pitman in recognition of the Horse vs. Bicycle race here April 22. Bones Hooks, pioneer Panhandle negro presented his 25th white carnation to Mrs. G. N. Caler of Happy.

The meeting next adjourned to the north side of the courthouse and opened with the Old Fiddlers' contest. Winners in this division were D. T. Shirley, Friona, first; Sammy Nichols, Dimmitt, second, and J. Brian, Dimmitt, third. George Smith acted as master of ceremonies.

Following the old fiddlers seven one-act plays were presented by Home Demonstration and 4-H Club members. The crowd was next entertained with a band concert and the afternoon session closed with judging of whiskers.

The evening entertainment featured a softball game between Onias Carroll's boys in shorts vs. Ted Young's bloomer brigade.

Four dances were featured during the evening. An old fashion square dance was held on the courthouse lawn, and a "jitney" dance followed in the street west of the courthouse. Modern dances were held in the City Hall and at the Club house. Prizes in window decorations went to John Patton, first place, and E. B. Black second place.

"All alumni, their wives or husbands, and all parents of seniors in the '39 class are invited to attend," said Mrs. Frank Cogdell, president of the association.

The program will feature musical selections and A. R. Posey has been selected as toastmaster. Tickets may be secured from Mrs. Cogdell, Mrs. J. T. Gilbreath Jr., vice president, Billy Phillips, secretary, or at Close Drug.

the parade and reported a total of 149. The horses held a general share of the interest in the parade, and were far more numerous than in past years.

First prize in the pioneer division of floats was awarded to Tom Jasper of Friona, who pulled a rickety, squeaking covered wagon with a yoke of black and white oxen. The wagon and oxen were brought here especially for the event by Mr. Jasper. There were a number of other interesting floats in this division. A replica of Troy Wombles' half-dugout, credited as the first house in Herford, was presented by Kemp Lumber Company. A float depicting the fate of cattle rustlers, entered by Consumers Oil Co., attracted wide attention.

The Rosson Implement Co. float was awarded first place in the commercial division. This float depicted balanced farming and carried calves, pigs and chickens, in addition to a bevy of girls.

The American Legion float carried out the Flanders Field theme with rows of crosses erected on a truck. The Herford Rebekahs also took part in the parade with members of the chapter following a decorated

possibility for us to work 400,000 applications for payment all at one time. On May 1 we still had 135,000 applications to pay and we are handling them at the rate of approximately 5,000 applications per day."

He also pointed out that the 1938 program included 254,591 applications as compared with 156,771 in the 1937 program.

One possible cause for the delay in payments is the provision requiring all related applications to be in the office before a person who is interested in several farms can be paid in connection with any one farm. Thousands of applications for payment are being held up because either landlord or tenant on one application is interested in one or more farms for which the necessary references have not been completed," Mr. Holmgren continued.

"There are many other factors to be considered, one of which is the fact that we do not make payment in this office. We certify an application to the General Accounting office and if they approve it, it is submitted to the Disbursing Office in Dallas, where checks are written and sent to the county offices. We have no jurisdiction over these two offices as they are not part of the Agricultural Adjustment Administration."

He further indicated that the College Station offices hope to clear up practically all the remaining applications in the next four or five weeks.

Monday and Tuesday, O. D. Dinwiddie of Hart, was elevated from the office of vice-president to that of president.

In making their estimate this week, the grain men made a sharp reduction in the 25,000,000 bushel estimate of January 1, 1939, pointing to insufficient moisture during the past few months as the general cause for the drop in the 1939 crop outlook. Coupled with this fact they also pointed to the reduction in acreage over the entire Panhandle Plains.

From the 200,000 acres wheat land in Deaf Smith County they anticipated a 13-bushel yield and from an additional 30,000 acres a yield of half that much — sending the total figure to around 2,000,000 bushels. Like other counties over the Panhandle, the crops in this section were also reported to be in need of additional moisture.

A. R. Bateman, Deaf Smith County agent, addressed the grainmen on the relationship of the county agent and the grain dealer as one of the principal talks of the gathering.

MOTHER-DAUGHTER AFFAIR INCLUDED ON CALENDAR

Choosing a "Mother Goose" theme as a basis for decorations and also for the program, members of the Girls Hi-Y Club honored their mothers with the annual mother-daughter affair last week. The banquet was given at the Central School Cafeteria and members of the club prepared and served the food.

Carrying out the Mother Goose suggestion a large white shoe centered the table while tiny figurines which were in all around about the shoe, represented the many children which supposedly belonged to the old woman who lived in the shoe. Flowers and candles were added table decorations.

Pollyanna Crawford, new president, was toastmistress and cleverly introduced those on the program with nursery rhymes. Following the invocation given by Virginia East, a welcome to "Mothers" was given by Vivian Olson. The response from the
