Sights and Faces Seen

Paste and art classes and smears of more paste used to go together in a sort of indiscriminate mess. Last week there was an art exhibit at Central School which showed that if the kids make what they call "finger paintings" the smears can be artistic. Besides the finger paintings there were pastel drawings, wood plaques, notebooks, and a collection of woodworking projects. Miss Belle Harris, Central School art teacher, and all the children who did the work are to be congratulated on a fine exhibit.

The Hereford Alumni association is going democratic. In fact, it's getting to the point that if you are even a friend of a friend of a graduate you can go to the alumni banquet—and not even have to look far to find someone to sell you a ticket.

Garden Club To Give Prizes

A beautification campaign for Deaf Smith County is being launched this week by members of the Garden Club, according to Mrs. N. E. Gass, president, who has announced that all persons living in Deaf Smith County are eligible to compete for the prizes except members of the Garden Club.

Mrs. Gass urges all citizens to enter their gardens and lawns and points out that the more entries listed the greater will be the success of the campaign.

All entries must be made by May 8, and the contest will close September 20, names of winners to be announced at the annual flower show on September 26. A prize of \$2.50 will be awarded the rural entry making highest score, according to specified score points; and the same amount will be given to the highest ranking Hereford entry. All entries should be made with Mrs. Homer Brumley before midnight, May 8. Between that date and September 20, all homes entered will be visited at least twice by selected judges.

Score points by which the entries will be judged, are: Landscape principles 20, neatness in labor 15, health and vigor 10, variety of plants 10, color combination 5, permanency of planting 10, condition of lawn 10, condition of house 10, and condition of trees 10.

Demonstration, Prize Contest At Kemp Lumber

R. H. Kemp Lumber Company is this week preparing for a demonstration of Lowe Brothers Paints to be held on Friday and Saturday, May 9 and 10. The demonstration this year will feature a double prize contest—a local contest, in which the award will be a Mello-Gloss Stylizer Kit, which will contain all material necessary for a redecoration job on one room, and a national contest with prizes totaling \$1135.

In announcing the demonstration, Grant Fuller, manager, said, "We cordially invite everyone in this county to our paint fashion festival. There's lots to see and lots to learn; there's a free souvenir for everyone, but there's no obligation to buy."

"To win either the stylizer kit or one of the big cash prizes," Mr. Fuller continued, "all that is necessary is to see the demonstration next Friday or Saturday, then write a statement of 25 words or less on an entry blank which will be given you."

Winner of the local contest will be automatically entered in the national contest.

Parity Payments Determined -- 1941

With the recent determination of 1941 parity payments rates, Deaf Smith County farmers can now estimate the amount they can earn through full participation in the 1941 AAA farm program, according to J. A. Pitman, chairman of the county AAA committee.

Parity payments, based on the normal yields on allotted acreages, will be made at the rate of 138 cents per pound on cotton, and 10 cents per bushel on wheat. Farmers who participate in the 1941 AAA program and plant within their farm acreage allotments of these crops are eligible to receive payments at these rates.

Parity payments in Texas are made to producers of wheat and cotton to give them more nearly a fair share of the national income and to bring farm income (Continued on Page 10)

Alumni Officers Complete Plans For Banquet

Program plans this week were complete for the Alumni Banquet to be held Friday night at eight o'clock at the Christian Church. Mrs. H. D. Reed, chairman, has planned an entertaining program and urges alumni to plan to attend.

Ruby Carmichael, president of the alumni association, Tuesday explained that all Hereford High School graduates, the faculty, members of the board of education, the senior class and their parents are eligible to attend the banquet. In addition to these, every person is allowed to bring one guest. Tickets are 50 cents and in accordance with the custom of several years, local merchants are purchasing tickets for members of the senior class.

Price of tickets this year is lower than it has been for some time, and officers of the alumni association are hoping for the most successful banquet of several seasons.

Hereford Is A City Of Flowers; And Visiting Numerous Homes Around Town Leaves No Doubt

"White lilacs just won't grow in Hereford."

This quotation from some of the old-timers is like a number of old ideas which don't always work out. To witness, just take a drive around town and look at the white lilacs, not to mention the lavender lilacs, the tulips, iris, narcissus, pansies and some shrubs which are usually thought to grow only in the lower parts of the state.

In fact, to anyone who still has a small lingering faith in "the great American desert" myth, a trip around town should be a "must" right now.

Miss Sadie Lee Oliver, CHDA, says that there are more than 150 varieties of lilac in current catalogues, and that she is sure a large number of them are represented in Hereford. Elmer Patterson, local photographer, was this week taking technicolor movies of some of the most beautiful yards in town; and Miss Oliver plans to use the films in work with the county home demonstration clubs.

"These examples," Miss Oliver says, "can do more than any amount of preaching to bring home my point that flowers will grow in Hereford—that they will sometimes grow even despite all the neglect we can show them."

And to prove her point, on a drive around town these were just a few of the beauty spots which she pointed out:

At the J. J. Clark home on 25-Mile Avenue, there is perhaps the most luxuriant growth of lavender lilacs in town. Forming a

Dr. Paul Popenoe

Dr. Paul Popenoe, noted author and lecturer on the subject of marriage and family relations, who will speak in Hereford next Thursday under the sponsorship of the Lions Club, women's clubs and various high school groups.

Popenoe Lecture Schedule Listed

Mrs. O. G. Hill, representing the federated clubs of Hereford, who are sponsoring the lectures of Dr. Paul Popenoe, famous authority on family relations, this week announced a complete schedule of the Popenoe lectures. At 9:45 Thursday morning, the lecturer will speak to the high school audience on the topic, "Youth Faces a New World." This meeting will be open to the public; although the message is especially designed for the high school group. From 10:45 until noon, there will be special group conferences with the high school students.

At the noon hour, Dr. Popenoe will address the Lions Club on the subject of "Eugenics and National Defense," and from 3:00 until 4:00 o'clock he will speak to the women of the community on the subject of "Making Marriage a Success." This meeting is not only for the club women of Hereford, but for all women regardless of club affiliation. (Continued on Page 10)

Hereford is going to have an organized youth movement. At least that will be the result if the enthusiasm shown at the meeting of representatives of about 12 youth groups at the high school Thursday afternoon, is carried through into action.

The purpose of the meeting, called by the high school F. H. T. club, was to elect officers and advisors and to get a general idea of what the young people themselves think to be the greatest needs of the community as far as its youth is concerned.

Miss Margaret Higgins, president of the F. H. T., led the discussion, which centered around Hereford's lack of recreational facilities and some possible solutions to this problem. Miss Higgins and Miss Rhita Jean Sullivan, F. H. T. sponsor, emphasized that the group was not starting any crusade. They merely want to study the needs of (Continued on Page 10)

Open House Will Be Observed At Streu Hardware

The latest and best in spring 1941 models of houseware, sporting goods, hardware and home appliances went on display this morning at Streu Hardware Co. The local sale is part of the celebration of National Hardware Spring Open House, May 1 to 10.

This gala display of "What's New" is made possible by the close co-operation of the nation's leading manufacturers and more than 10,000 hardware stores. Working through the National Hardware Association, they are planning for Spring Open House to be the biggest nation-wide merchandising event the hardware industry has ever known.

"If you have the idea that 'hardware' means only nuts and bolts and metalware, a visit to National Hardware Spring Open House will change your mind," according to H. E. Henslee, manager of the store. "There's something here for every member of the family, from gadgets that peel potatoes to major household appliances, sporting goods and garden tools and gifts and novelties and toys. Many have been prepared by national manufacturers especially for National Hardware Open House."

To Preach Sunday

Dr. John W. Cobb, dean of Wayland College, who will preach Sunday at the First Baptist Church. A well known speaker, Dr. Cobb will be welcomed by many friends in his Hereford audience.

County Farmers Are Urged To Attend Dairy Show In Plainview

Deaf Smith County dairy farmers were this week urged to attend the annual dairy show to be held in Plainview on May 6, through May 10. Stressing the coming importance of this territory as a dairy farming center, A. R. Bateman expressed the wish that as many farmers as possible attend the show.

Dameron on Radio

Miss June Dameron, daughter of Mr. and Mrs. W. E. Dameron, who this week is presiding at sessions of the state F. H. T. Convention being held at San Antonio. Miss Dameron will be heard from 8:45 to 9 over Station WOAI, Saturday morning, May 3, as she makes the president's address to the Future Homemakers.

Car Auction At Brumley-Woodford Co.

Announcing an auction sale of 40 used cars, pickups and trucks, including models from 1925 through 1940, Brumley-Woodford Motor Co. will hold two sales Saturday, May 3, at 1:30 p. m. and 7:30 p. m.

"If you are interested in buying a good used car, here is an opportunity to name your own price," L. H. Woodford, manager, said. "We have some forms in our office and will be glad to appraise your present car, giving you the trade-in value as applied against the car you may want in the auction sale."

In addition to the auction one car will be given away absolutely free to some spectator and \$100 credit on a new 1941 model car will be given to some spectator. "Every car will be carefully described prior to sale," Mr. Woodford stated. "Terms may be had where desired. There will be no set prices, no cars reserved, and no by-bidding. As a guarantee, we will accept any car bought at the auction, at the price paid, on any new or used (Continued on Page 10)

Redford Gives Totals On Sale Of Easter Seals

Rev. H. M. Redford, chairman of the committee for the sale of Easter Seals in Hereford this week announced a total sale of \$43.99 with a balance of \$38.00 after the cost of the stamps and postage was deducted.

"As chairman of the committee for the sale of Easter Seals for the aid of crippled children," said Mr. Redford, "I wish to express sincere appreciation to all who purchased these seals and for the contributions in time and money which have (Continued on Page 10)

Concert Will Be Sponsored By Music Study Club

Main local event celebrating national music week will be a concert given by the Amarillo College A Capella choir under the direction of Dr. Folsom D. Jackson at the high school auditorium Thursday evening, May 8, at 7:30 o'clock. Mrs. H. L. Broadwell, president of the music study club, which is sponsoring the appearance of the Amarillo choir, stresses that this program will not conflict with any of the lectures given by Dr. Paul Popenoe. It will, in fact, be convenient for Hereford (Continued on Page 10)

Seniors Trounce 1941 Team 21-7

Seniors, members of the 1940 Championship team, beat the 1941 team 21-7 Friday night at Whiteface Field. It was a good game despite the score—which should have been by a smaller margin. The Seniors scored in the first quarter with Ford lugging it across and Brock converting the extra point. The second touchdown was by a pass from Loerwald to Fox. Ford converted. In the third quarter Loerwald intercepted a pass and ran for a touchdown and again Brock converted. In the fourth quarter the 1941 team marched 70 yards for a touchdown with Merrill, Vaughn, and Olson carrying the mail. Merrill carried it over from the five yard stripe for the score. A pass from Merrill to Russell was good for the extra point.

Logan Ware, the new high school coach, said the boys looked pretty good on offense considering the short time they have been working out but looked pretty bad on defense. Coach Ware stated, "The Seniors just had too much experience and (Continued on Page 10)

Logan Ware, New Coach, Polishes Spring Practice

Logan Ware of Bartlett, who will graduate in June from TCU, was this week in Hereford polishing off the job of spring football practice for the 1941 Whiteface team. He succeeds Mac Best, who will be backfield coach for the Pampa Harvesters next year.

Mr. Ware comes to Hereford with an enviable record as a three-letter man — on the famous TCU Horned Frog teams. In 1938 he was understudy to Johnny Hall on the team which was picked as number one in the nation by many sports writers.

Coach Ware considers Hereford's football prospects hopeful. "The boys have plenty of hustle," he says, "and that can be just as important as weight and experience."

Mr. Ware will return to Ft. Worth this week to finish the school year.

Refunds Now Made On Truck Licenses

Fred Baird, deputy tax collector, this week received information from the highway department that refunds totaling \$465.42 on truck licenses paid prior to April 13, can now be made.

Refunds in amounts ranging from \$1.55 to \$40.00 will be made if gross registered weight of the truck is over 6,000 pounds.

Owners should bring their license receipts to the tax collector's office.

Legion Post To Entertain Dist.

Hershel E. Miller, commander of the local post of the American Legion, advised that plans are progressing for the 18th district Legion social which will be held in Hereford on Tuesday night, May 20. A splendid patriotic program is being arranged, and the public is invited to attend. It will be held in the District Court room at the court house, beginning at 8:15. Lou Roberts of Borger, Past Commander of the Texas Department, will deliver an address (Continued on Page 10)

Rains of from .87 to 3 inches this week fell in Deaf Smith County, assuring the harvest of about 100,000 acres of wheat and giving farmers a splendid opportunity to go forward with border strip planting.

This week's rains, according to County Agent A. R. Bateman, provide the needed moisture for sowing of blown-out wheat acreage to grain sorghums and other crops.

The moisture will save thousands of dollars to potato farmers, who generally figure a cost of a dollar an acre for irrigation. An estimated 5,000 acres is planted with potatoes in this county this year.

County Agent Bateman figures that perhaps 200,000 acres of wheat have already blown out, but emphasizes that this acreage may still be sown to grain sorghums, not only valuable as a row crop but which will prevent much blowing on the land. "Erosion conditions this year," says Mr. Bateman, "should show the need for a system of strip farming."

Rain totaling 1.08 inches had fallen in Hereford by Thursday morning, and the heaviest fall was at Bippus, which reported between 2.1-2 and 3 inches.

Canyon Boosters In Town Monday

Nearly 200 citizens of Canyon will visit Hereford at 11 a. m. on Monday, May 5.

The Goodwill caravan of cars and busses will leave Canyon promptly at 8 o'clock in the morning and will visit 14 towns during the day. The total distance of the day's trip will be 285 miles, which will be one of the longest trips ever attempted by Canyon citizens.

In the caravan will be the famous West Texas State College Buffalo Band, the Canyon High School Band, and the Canyon High School Drum Corps — the first organization of its kind to be formed in West Texas.

When the caravan reaches a town, the Drum Corps will hit the ground playing. The two bands will alternate in furnishing music.

Short talks will be made by President J. A. Hill of West Tex. (Continued on Page 10)

Cooking School Held This Week

The Texas-New Mexico Utilities Company held its sixth annual cooking school here Monday and Tuesday, under the direction of Miss Anna Belle Hickman, home economist for the Westinghouse Company.

Approximately 70 ladies attended the school which was held at the Methodist Church, and saw Miss Hickman demonstrate the latest developments in electric cookery, using both the Westinghouse Range and an electric roaster in her demonstration.

Foods cooked at the school were given to ladies holding the lucky numbers at drawings held each day. On Tuesday an electric roaster was given as the grand prize for the event.

Guy W. Ginn, district representative of the company in Hereford, expressed appreciation for the crowd which attended the school, saying, "We are pleased at the interest and enthusiasm shown by the Hereford audience and thing that Miss Hickman's demonstrations have been valuable in showing the fine points of electric cooking."

Katherine Rose and B. C. Spratt Wed May 25; Engagement Announced

Announcement of the engagement and approaching marriage of Katherine Rose and B. C. Spratt was made Saturday morning in Ralls at a coffee party by Mrs. Cora Harrell. The wedding will take place on the morning of May 25, at the home of the bride-elect's parents, Mr. and Mrs. A. C. Rose, in McAdoo. The receiving line were Mrs. Kidd, the bride elect, Mrs. Rose, the honoree's mother, and I. H. Spratt of Hereford. Members of the bridegroom-to-be, Robert Maeker of Wilson, and the bride-elect, present at the coffee service, assisted by Mrs. C. E. Parish of Ralls. The centerpiece for the covered table was a large white reflector surrounded by white blossoms flanked by tall blue tapers in crystal holders. On the reflector stood a large engagement ring made entirely of white flowers, in a white satin ring box. To announce the forthcoming event, Katherine and Jack, May 25, written on the side of the box.

The honoree wore a navy and crepe printed frock and a pair of pink roses. Mrs. Rose wore a black and her corsage was yellow lilies. Katherine Rose received her bachelor's degree from Texas Tech in 1935. This is the fourth time she has taught home economics in the Ralls High School. Mr. Spratt is a graduate of Texas Tech, and attended Texas Tech for post-graduate work. He has been band director in Ralls for the past two years.

Twelve Are Entertained with Luncheon by Mrs. Knox Kinard

Mrs. Knox Kinard entertained Friday with a 1 o'clock luncheon at her home on Lawton avenue. Coterie Club members and others made up the guest list. Silver, blue crystal and a centerpiece of deep purple lilies decorated the table. Other decorations were pansies and orchids with white lilies. Places were laid for Mesdames W. Witherspoon, A. R. Bates, C. F. Moore, F. L. Lucas, E. Hicks, E. B. Hedrick, Grant Miller, Oscar Easley, H. K. Fox, R. Lunsford, J. C. McCracken and Jimmie Gillentine. Prizes were awarded to Mrs. Moore for the club and to Mrs. Kinard, high guest, in games of bridge which followed the luncheon.

Progressive News

BY MRS. HOWARD HIGGINS

About 1 1/2 inches of rain has fallen here. The moisture will be excellent for wheat and oats, and also hurry early grass.

Mr. and Mrs. Jim Ricketts and son, Albert of Carlsbad, spent from Tuesday night until Thursday with their parents, Mr. and Mrs. Ira Ricketts and Mr. and Mrs. Ray Hershey. They also called on Mr. Ricketts' grandfather, W. A. Ricketts in Hereford.

Howard and Gordon Higgins made a business trip to Amarillo Monday to secure 600 baby chicks.

The Progressive Literary Society met Friday night, April 25, with the program under the direction of Calvin Edwards, Howard Higgins and Millard Gregory. The next meeting of the society will be Friday night, May 9, at 8:30 o'clock, with the program directed by V. E. Dodson, Lewis Harvey and C. C. Bowman. Visitors are always welcome.

Mr. and Mrs. Ira Ricketts and Mrs. Howard Higgins made a business trip to Amarillo, Friday.

TEXAS OUT-O-DOORS

AUSTIN—A pass through Padra Island at Murdock's Landing, the third which the Texas Game, Fish and Oyster Commission has dredged on the Texas Gulf Coast, has been finished, according to word received by the chairman of the game Commission here. The dredge cut more than a mile through the island from the Laguna Madre to within fifty feet of the ocean recently. A high wind completed the cutting and the dredge was forced to back out. However, it returned to deepen the pass at the gulf. A heavy stream of water has been running into the Laguna Madre and Baffin Bay as a result.

It is believed passes are necessary along the Gulf Coast to prevent the water in the upper and lower Laguna Madre from becoming too saline and killing tens of thousands of fish. Especially is this true during the drought periods. The first pass cut by the Game Department was at Corpus Christi pass. Then Cedar Bayou was opened. It was necessary to move the dredge more than fifty miles down-shore to start work on the Murdock's landing pass.

A pass 1,000 feet long will soon be cut through Peat Island in order to allow the dredge to move through the Laguna and maintain Murdock's pass. The Game Department will cut another pass soon, but where it will be located has not been decided, members of the Commission have announced.

SURE OF THE DAY'S Largest Catch?

It's HARD to tell... but EASY to pick a winning oil

IT'S A FISH STORY that the barefoot boy with the bent-pin hook will pull 'em in faster than the man with the costly rod and reel. It is merely a lucky break for the boy when he does get most of the bites.

But you don't need any lucky break to help you pick a winning oil for your motor. It's an oil that hundreds of thousands of motorists have gone for, hook-line-and-sinker. This is why:

When you want our best oil, we told them, you don't have to choose from the many oils Phillips makes because we frankly point out to you that Phillips 66 Motor Oil is our finest quality... the highest grade and greatest value... among all the oils we offer.

Whether you are replacing winter-worn oil with fresh summer grade, or making the regular 1,000-mile change, pick a winner by asking for Phillips 66 Motor Oil.

Phillips Finest Quality

men to reach within a day or two.
Money In Game and Fish
That land can be made to produce excellent profits from fish and game is often demonstrated. The game manager for region 1 recently reported another case to the Texas Game Department. White's reservoir, in Chambers County, southeast Texas, is an artificial 500-acre lake in rice field country. It yielded more than \$900 work of commercial fish for 1940. Approximately 100 duck hunters had sport of the lake. Had they been charged \$3

per day and had averaged two days' hunting that would have yielded an additional \$600. This would have meant an income of \$3 per acre. In addition, there was considerable bass and perch fishing in the lake. A charge could have also been made for that sport.
Although reservoirs in the prairie are constructed for livestock watering, rice irrigation or industrial purposes, the potential wildlife values are so great that landowners can hardly afford not to manage them so as to produce a crop of wildlife, it is pointed out by Game Department officials.

White Buzzard
A white buzzard has been added to the collection of albinos at the Houston Zoo. W. C. Ferrell, of Augusta, Texas, captured the bird after he had creased one of its wings with pellets from a shotgun. White buzzards are extremely rare, this being the first reported to the State Game Department in a decade.
Marlene Dietrich is credited with making trousers popular for women.

PENNEY'S

County Women See Cheese Demonstration

Miss Sadie Lee Oliver, CHDA, reports a very informative and interesting meeting of representatives of the different home demonstration clubs recently.

The subject studied was the making of Neufchatel Cheese, a cheese especially well adapted to use in salad and sandwich making.

At the meeting were Mrs. C. F. Ricketts and Mrs. P. B. Sowell of Westway; Mrs. J. L. Rogers, Mrs. L. B. Boyd, Mrs. G. M. Hamm, Mrs. C. E. Robinson, and Mrs. S. E. Niblo of Hereford, and Mrs. Earl DeHart and Mrs. O. T. Bailey of the North Hereford club.

For benefit of club members and other interested persons, Miss Oliver has given directions for making of Neufchatel Cheese.

1. Adjust the temperature of one gallon of fresh clean flavored whole milk to 78 degrees F. by placing the container of whole milk in a larger vessel of water. The temperature of water will depend upon whether the milk is to be warmed or cooled.

2. Add 1-2 cup of cultured buttermilk or clabber milk free of gas holes and off-flavors. Stir the milk thoroughly so that the cultured buttermilk or clabber is well distributed.

3. Add 1 to 2 drops of liquid rennet or 1-8 to 1-4 junket tablet. Either must be mixed with 1-2 cup of cold water before adding to the milk. Neufchatel cheese may be made without the use of rennet or junket tablets; however, the use of rennet is preferred since it helps prevent the loss of fat during the draining process.

4. Hold the milk at a temperature of 78 degrees for 12 to 14 hours. At this time 1-4 inch of clear sour whey should show on top of the milk or just under the cream line. The lack of the clear sour whey formation indicates insufficient acid development and the curd is not ready to drain.

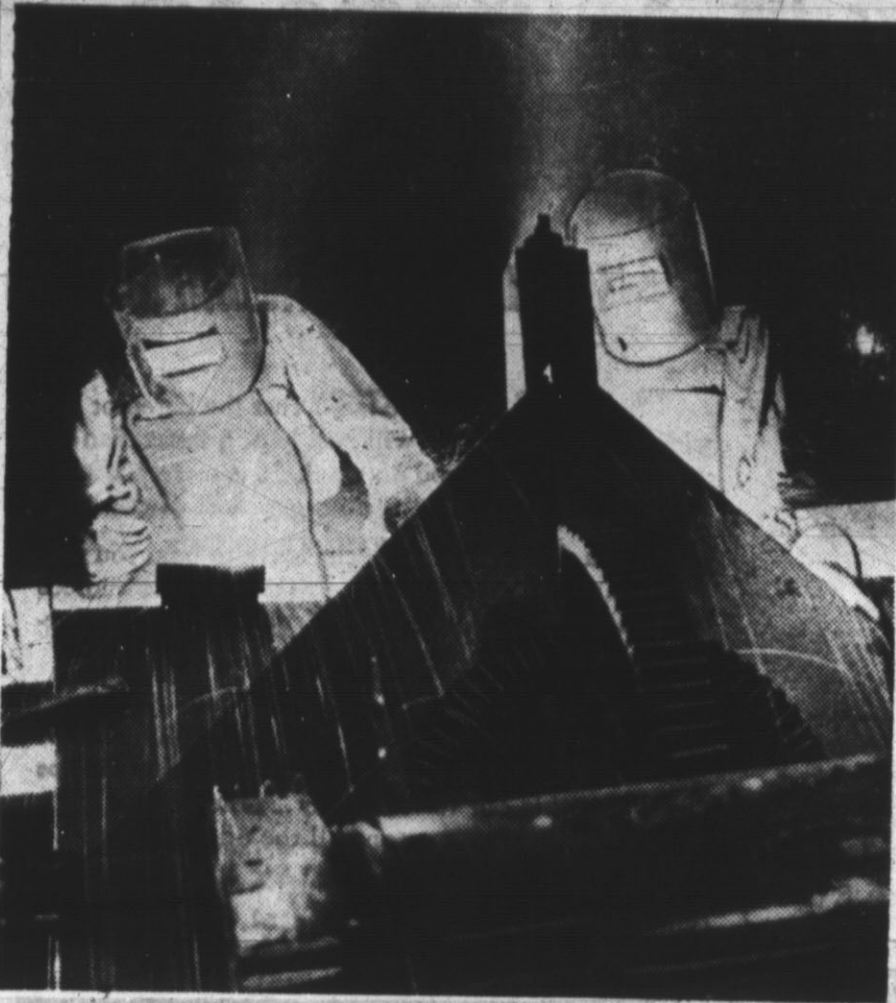

5. Transfer the curd to a muslin sack or cloth to drain. If the curd is extremely sour at the time of draining, mix salt with the curd. This will retard further development of acidity. Add one tablespoon of salt or more depending upon sourness.

6. During the draining process, if the position of the curd on the cloth is changed occasionally by working the drier curd to the center with a spoon, the whey will drain away more easily and quickly.

7. After all the free whey has drained away, fold the cloth over the cheese and press by placing the cheese between the two boards and setting a weight such as a gallon bucket of water on the top board. Pressing time may also be shortened by chilling the curd with cracked ice, placing in a refrigerator or by working and mixing with a spoon.

8. When the curd has been pressed sufficiently there should be approximately 1 1/2 pounds of cheese. Add salt to taste and mix only enough to distribute salt. This cheese is ready for use immediately. The cheese may be kept for several days in a cool place, however, it is best when perfectly fresh. When flavoring ingredients are added, only enough to give a good flavor and appearance are necessary.

Making Sparks Fly at Tank Plant

This picture is typical of the way the national defense program is progressing. Here two hooded welders at the plant of the American Car and Foundry company in Berwick, Pa., are shown at work on some of the armor plate that goes on the fighting tanks being turned out by the hundred. Tanks roll off the assembly line at a rapid rate.

Mr. and Mrs. Ralph Durstine and Kenneth, of Friona, were visitors Monday afternoon in the Merlin Kaul home.

Mr. and Mrs. Edgar Russell were guests Saturday night in the home of Mrs. Russell's parents, Mr. and Mrs. J. E. Cockrell, at Hereford.

Mrs. Merlin Kaul received word last week of the death of her grandfather, G. W. Foley at Hiawatha, Kan. Mr. Foley was nearly 92 years old and lived with Mrs. Kaul's parents, Mr. and Mrs. Walter Stoner, at Hiawatha.

Mr. and Mrs. R. M. Gunn visited Henry Taylor at Olton last Thursday. Mr. Taylor has been ill for some time.

Wayne Little and Erman Campbell spent Saturday in Lubbock. Saturday night they went to Happy where they were guests until Monday with Erman's sister, Mrs. Hiram Painter. Miss Eleanor Altman of Hereford, spent the week end with Gladys Gore.

Dale Walthall of Richmond, Calif., was a guest from Sunday until Monday night in the home of his sister, Mrs. F. W. Dodson. Mr. Dodson and Monte Max took him to Olton Monday night to his home.

Mrs. F. W. Dodson attended the B&PW Club meeting at Hereford, Monday night.

Mrs. M. F. Johnson accompanied Mr. and Mrs. Floyd Campbell to Crosbyton, Friday afternoon, where she will spend two weeks visiting friends and relatives.

DUCKS SURVIVE CIVILIZATION

Stories of two ducks which had contact with civilization, but escaped have reached the Game Department office. One duck was seen waddling down the main street of Aransas Pass and was captured by two women. However, they decided they were unlawfully in possession of the fowl and released it. They found it had been slightly injured, which accounted for its inability to fly. When last seen the duck was waddling contentedly down the street.

The other duck, a big mallard drake, apparently mistook Highway 87 northwest of Dalhart for a river and landed on it with a bump which must have jarred his ancestors, as the editor of the Matador Tribune puts it. A light snow had fallen, but had not remained on the highway, although covering the countryside. The sheen of bright moisture probably made the road look like a river and the mallard dived onto it. However, he was able to crawl off into the weeds and disappeared.

SAN ANTONIO ANGLERS STEP OUT

The San Antonio Anglers Club has set up a goal of 5,000 members by April 1, 1942 and under the direction of its new president, Dr. Hugh Warren, is moving out. One member, W. F. Rosenberg, recently turned in 111 new members in seven days.

The S. A. Anglers Club, however, is not only going after members, but has an excellent and constructive program under way. It plans to organize a casting club in each of the nine junior highs in the Alamo City and has already formed one at Horace Mann. The club is concerning itself with keeping a supply of water in Medina Lake, with obtaining a large pool equipped for day and night casting practice and tournaments, with holding several tournaments, and obtaining new laws which would improve fishing near San Antonio.

DUCKS AT \$92 EACH

Sterling City News-Record: Recently three men came down from a neighboring city and while driving around they collided with a local car. They then drove around in the Northwest part of town and were seen throwing a sack out of the car. Upon investigation, it was found that the sack contained two wild ducks. The sheriff and state game warden reported the matter to Judge Carr and asked that the state of Texas be remunerated for its ducks. Judge Carr said \$50 from each of the men, together with the trimmings aggregating about \$184, ought to be fair enough, to which all parties agreed.

Wild ducks the year round is very expensive eatin' if we do say it.

CIGS FOR MEASURING FISH
You can use cigarettes with which to measure your fish if you are ever in doubt as to whether one is legal and you are out in the middle of the lake without a ruler. The length of any standard cigarette is 2 3/4 inches and that of the new "longies" 3 1/4 inches. Lay as many cigarettes end to end beside the fish in doubt and add the total. It may save you a fine.

Smallpox, formerly one of the major causes of death in the U. S., now takes only about forty lives per year according to the census bureau.

In 1939 Texas produced 9,988,000 gallons of ice cream.

Hereford Group To F. H. T. Meet

The largest assembly in the history of Future Home Making Clubs of the state of Texas is in prospect when the annual state rally gets under way at San Antonio this week. June Dameron, president of the state organization, will preside over all sessions of the four-day meet.

Miss Rhita Jean Sullivan, home making instructor in the Hereford High School, and state sponsor, June Dameron, state president, Margaret Higgins, LaNelle Parmer, Billie Louise Crawford and Evelyn Walker left on Monday afternoon to attend the state meet. They will return Sunday.

The group made the trip in a car driven by Mrs. W. E. Demeron, mother of June Dameron. All the girls have made outstanding records in the home making department of Hereford High School. Margaret Higgins will take part in the panel discussion for state representatives and with LaNelle Parmer will compete in first-year home making contests. Billie Louise Crawford will compete in second-year contests and Evelyn Walker will represent the local club. Miss Sullivan will also

serve as chairman of one of the judging groups.

San Antonio has given a royal welcome to the assemblage of girls and their sponsors. There will be between five and six thousand delegates at the conference. Before leaving Hereford Miss Dameron had received several invitations to take part in programs not included in the home makers rally. Yesterday she made a short talk at the San Antonio Lion's Club weekly luncheon at the Gunter Hotel.

Defense Savings Bonds Now On Sale In Hereford

Postmaster J. R. Lipscomb today announced that U. S. Savings Bonds and Postal Savings Stamps are going on sale at the Hereford post office. The defense savings bonds will be a major part of the program to make America impregnable.

The new defense savings bond is similar to the familiar "baby bond", of which more than five billion dollars worth have been bought since 1935.

Bonds may be purchased May 1, or thereafter, for \$18.75. In ten years, this bond will be worth \$25. This is an increase of 33 1/3 per cent, equal to an annual return of 2.9 per cent compounded semi-annually. Any time after sixty days from date of purchase, the bond may be redeemed for cash in accordance with a table of redemption values printed on the face of the bond. Bonds are in denominations of \$25, \$50, \$100, \$500 and \$1,000, all of which are sold for seventy-five per cent of their maturity value and all of which mature in ten years. Other bonds, in higher denominations, are intended primarily for associations, trustees and corporations.

For smaller investors who want to buy a government bond on an easy payment plan, the post office will have a new series of postal savings stamp at 10c, 25c, 50c, \$1, and \$5. Each purchaser of any savings stamps higher than 10c will be given, free of charge an attractive pocket al-

bum in which to paste his stamps until he has enough to buy a \$25. bond or one of higher denomination. Thirty billion of these albums is now being prepared.

Wheat May Be Moved To Make Room New Crop

That warehouses may ship the stock of wheat now in possession of the Commodity Credit Corporation to make room for the current crop is the information made public here this week by A. R. Bateman, county agent.

In order to ship this wheat belonging to Commodity Credit Corporation, the warehouseman must make a request in writing to the corporation, indicating the quantity to be shipped, and must agree, also in writing, that if the grain has not been stored the full period used in computing charges under the Uniform Grain Storage Agreement, that charges shall be adjusted for the entire period in proportion to the part of the period during which the grain was stored.

Mr. Bateman further stated that in view of the large carry-over of wheat and other grains and the prospects for a large crop in 1941, the availability of adequate storage facilities at the beginning of the 1941 marketing year may become a problem.

The Commodity Credit Corporation has agreed, if loans are made available on 1941 wheat, to advance a storage allowance of 7 cents per bushel, at the time the loan is made, to any eligible producer who has provided additional eligible farm storage facilities for the storing of the 1941 wheat crop

by the construction of new storage or making of substantial repairs during 1941. Mr. Bateman went on to explain that since a producer may, as in previous programs, request distribution of the proceeds of a loan to any person or persons he desires, it may be possible to arrange for the construction or repair of additional storage facilities prior to completing the loan.

To correct an erroneous impression which has been circulated concerning commodity credit loans, Mr. Bateman explains out anything that the corporation will not send out any loans for collection after maturity date.

At any time prior to the maturity date, the producer may instruct the Commodity Credit Corporation to forward the loan to any approved bank for collection. In the event such a request is received, the custodian bank will forward this note to the desired bank for collection.

If this collection is not made within five days, the note and supporting documents will be recalled.

A ten day period having elapsed since maturity of the note and payment not having been made, title of the wheat will be taken by the Commodity Credit Corporation, and the loan cannot be redeemed.

Hereford Is

(Continued from page 1)

now to be seen at the home of C. F. Kerr, Nester Gass and A. O. Thompson. The North Hereford Demonstration Club, according to Miss Oliver, purchased 50 redbud plants and can be credited with extending their cultivation in Hereford.

Mrs. Bell, the oldest gardener Goldenbells, unusually beautiful examples, can be seen at the home of Mrs. Wilson and Urlln Streu homes, and tulips and irises are

now blooming on many Hereford lawns. For variety of colors tulips, the home of Mrs. F. E. Bowe is perhaps the best example, and a very attractive tulip bed is to be found at the E. S. Ireland home. Grandmother Bell, Mrs. Ireland's mother, can lay claim to the title of Hereford's oldest gardener. In her eighties, Mrs. Bell still is active in her garden—and not in any superintending capacity. On any pretty day, she can be seen digging among her flowers, her white hair a striking contrast to the gay colors of the garden.

Tulips between two lilac bushes are an attractive arrangement at the O. G. Hill home on North Main. Other beautiful arrangements of tulip and iris are found at the homes of Mrs. E. W. Harrison and Mrs. J. P. Slaton. A lavender iris, the "Eleanor Roosevelt," is now in bloom at the home of Mrs. Clyde Cavanaugh on "E" Street.

Bluebonnets in Hereford. And perhaps bluebonnets are supposed to grow only in east Texas; if so, it is slightly disconcerting to know that they are blooming now—and beautifully—at the C. C. Danforth home at 200 Ross.

For pansies look in the yard of Dr. G. W. Heard on North Main. They have been in bloom for several weeks now and show no signs of quitting. And a few weeks ago, a pansy as large as a saucer was on display in Mrs. Jeff Gilbreath's yard.

This isn't nearly all. There are many more plants at many other homes, but at least, it should quell the idea that all Hereford's natural beauties were destroyed along with the trees in last winter's ice-krig. We could say, "Hereford the City of Lilacs," but after all, why be modest? Right now we could say, "Hereford, The City of Flowers," and no one could seriously question our accuracy.

"Education For Democracy's Defense" Is Theme Of Seventh District Federation Convention

"Education for Democracy's defense" was the theme of the 1941 convention of the Seventh District, Texas Federation of Women's Clubs in Amarillo, this week.

The convention opened Tuesday afternoon and a courtesy luncheon was held in the Federation Club Rooms. Mrs. J. E. Griggs is president of the host federation, Mrs. T. V. Reeves of Canyon, is district program chairman, and Mrs. Wayne O'Keefe, local program chairman.

Mrs. James O. Cade, general convention chairman, presided over president's evening, Tuesday. Mrs. H. F. Godeke of Lubbock, Seventh district president, spoke on "Looking Forward".

And Mrs. T. E. Buckner of Lubbock, poet laureate for the Texas Woman's Press Association, read selections from her book, "When Lights Burn Low."

Music by the West Texas State College Adrigal Club and the Plainview Treble Clef Chorus was presented and the state president, Mrs. J. W. Walker of Plainview, gave the principal address on "We Too, Can Help."

At the Wednesday morning program Dr. Earl G. Hamlett, pastor of the Polk Street Methodist Church, discussed "Spirit of Defense."

That afternoon Wes Izzard, local commentator, discussed "Current Problems Shared by South American Countries and the United States."

Fine Arts evening was observed Wednesday with the presentation of the play, "The American Way," by the Amarillo Little Theatre.

Programs for the closing day included an address by W. L. Goodhurst of Plainview, who spoke on "Our Water Supply Today and Tomorrow." A May luncheon concluded the

three-day session with Mrs. Joseph Perkins of Eastland, director of the General Federation, giving the luncheon address.

Members of Hereford federated clubs who attended the convention included Mesdames Ray Johnson, Wirt Phillips, Elmer Patterson, Bob Wilson, Knox Kinard, Jim Williams, O. L. WSCS Zone Meeting Is Held In Bovina

The quarterly meeting of the Woman's Society for Christian Service, Zone 2, of the Methodist Church was held at Bovina yesterday.

The program of music and devotion began in the morning with Mrs. Frank Terrell of Hereford, zone leader, in charge. The speeches for the main part dealt with highlights from the annual woman's conference held last week in Abilene. Mrs. J. F. Ward gave the opening prayer and Mrs. Marvin Norwood conducted the devotional using the theme "Go Forward."

Mrs. I. W. Quickell, Bovina, gave the welcome followed by a response given by Mrs. Earl Lust of Bethel. Social features of the Abilene conference were described by Mrs. Norwood.

Luncheon was served by the Bovina group at noon.

The afternoon program opened with a memorial service for Mrs. W. Edwards, a late member of the Bovina organization. The spiritual life leader, Mrs. Theima Ford of Friona, led the devotional on "Staleness."

Guest speakers of the Abilene conference were mentioned by members of the Oklahoma Lane and Dimmitt groups. Mrs. Norwood told of the district secretary's work and Mrs. Gregory of Friona discussed the financial outlook.

The next meeting will be held in Hereford in July, and will include the entire Amarillo district.

Those from Hereford attending were Rev. and Mrs. Marvin Norwood, Mesdames Frank Terrell, Ross Fuller, C. C. Cox, T. H. Coursey, J. C. Cummins, J. E. Beyer, E. W. Harrison, E. J. Hudson, D. H. Bryant and J. F. Ward.

All reliable information we have gathered indicate the best Insect Control comes from the use of Liquid Sprays. Here's one of several letters received, indicating this. Dusts are still experimental.

ENTOMOLOGY SECTION April 26, 1941.

Mr. H. A. Close, Close Drug Store, Hereford, Texas.

Dear Mr. Close:

In regard to your request for information on the control on the tomato psyllid, we are recommending the use of liquid lime sulfur at the rate of one gallon to forty gallons of water.

This material is applied by means of a crop sprayer, using 3 gallons to the row, and about 100 to 125 gallons per acre. Lime sulfur is a common household material. It is put out commercially by a number of insecticide companies. We are recommending the use of a 32 degree Baume lime sulfur with a good penetrant content.

The psyllid belongs to the jumping plant lice. In the adult stage it is about a 16th of an inch in length and looks very much like a miniature 17-year locust. The eggs are laid on stalks and hatch into a small yellow nymph, which passes through 5 stages of growth, the last stage being flat scale-like and green in color.

Sulfur dust is recommended for the control of psyllids on tomatoes. We are sending under separate cover, two bulletins dealing with the psyllid problem.

Very truly yours,
LESLIE B. DANIELS,
Associate Entomologist

BULL

By Jimmie Gillentine

Now days they have a special week for almost everything you can name, and it would certainly be appropriate to list the week of "April 28 to May 3" as "Smile Week," in Hereford. After these nice, slow rains it is hard to find anyone with a frown. Even Mrs. Gillis greeted me with a smile and "Neighbor" Oberthier was grinning from ear to ear.

Sometimes, when the sand starts blowing you get to wondering how men like George Muse and Alex Thompson put up with it for all of these years, then along comes a few days like we have had this week — and you couldn't drive folks away. Yes sir, this is a great country. The wind will always blow, just as God intended it should in the beginning. If the sand and dirt blow sometimes, that's our fault—but surely, this is one of the best all-around countries in the whole world. Everyone says Hitler, despite all of his faults, is a shrewd man. If this is true, I can't see why they are worrying about protecting the coasts and the cities. If he is half-as shrewd as he is supposed to be, he will certainly take Hereford and the surrounding territory first.

M. H. "Hap" Wiseman sure did throw me a curve the other day. Hap was fussing about all of the work involved in reading meters, and I asked, "Do you mean to say that you really read them?" "If you don't think we read them," Hap replied, "just place a quarter on top of one sometime—and see if it stays there."

"In the Spring a young man's fancy . . ."

And a certain fellow with a new house is coming in for lots of parlor chatter. He hasn't publicly mentioned any names, but he says "let's skip this place, SHE might want some flowers there" . . . or, "SHE wanted the cabinet here," etc. Spring must also be taking its toll among the girls. They sure exclaiming over Logan Ware, the new football coach. The girls say he is really handsome. They actually rave about him.

Some girls were talking about him the other day and I finally said, "What's he got that I haven't got?" One of them came right back and said, "Hair." I changed the conversation as soon as everyone quit laughing—that is, everyone but me. Anyway, I sure am glad Charley Hays has some competition. Wilson Gyles is so out of the picture you never even hear from him anymore.

Jumping from romance to more sordid things like bread and potatoes, we find that a lot of folks are feeling much, much better. Prospects are good for a fair wheat crop, and it looks as if Uncle Sam may set the price around 90 cents. On top of all this, approximately 7,000 acres of potatoes will be grown here this year. The Chamber of Commerce figures, 5,000 acres—or twice that of last season—but the spud men are guessing at least 7,000 acres and some of them contend that this is a very conservative figure. Just think, 7,000 acres; at 200 sacks to the acre, it figures 1,400,000 sacks.

A radio commentator recently made the apt description, "One of those gownless evening straps."

J. W. Spradley, who does quite a bit of reading, ran across an article the other day which he believes would be applicable to this community. Scrap iron and metal, as we all know, is becoming more and more valuable. This article told how a community collected a large amount of old iron, then talked the railroads into hauling it free of charge—and sent it in to the government. Mr. Spradley says there must be hundreds and hundreds of tons of old iron in junked automobiles, etc., in the dump-yard east of town. He suggests that some civic organization get a drive started to bring in this iron and contact the railroads as to hauling it. The thing is being done elsewhere, and it certainly could be

put over easily right here in Hereford.

You would be surprised at the amount of iron in an old car. Leonard Davis, mechanic at Beavers Bros. Garage, has almost completed an armor plated boat from old automobile bodies. He has brazed the seams and welded the joints, and expects to build air tanks in each end. It is about 10 feet long and is of the conventional rowboat type. He says it will weigh about 200 pounds when completed. He expects to float it on Buffalo Lake—and don't care much if he does run across a U-Boat or two. Furthermore, he doesn't think anyone is likely to carry it off.

Thanks to Mrs. Harry Danford for a lovely bouquet of Tulips. There is probably no other flower of more beauty and colorful history than the Tulip. This year Mrs. Danforth has some tulips in unusual pastel shades of orchid, brown, and canary, along with the conventional shades of red. The Danforths also boast an extensive orchard, which would find favor with the most exacting grower of trees. They are going to have so much fruit, barring freezes, that they won't know what to do with it—I hope. I also understand that Mrs. Jesse Stanford and Mrs. Jno. P. Slaton have some wonderful tulip beds, as do several others over the community. Did you know that tulips once threw the nation of Holland into panic and bankruptcy. It's the truth.

Following is a letter which Mrs. A. H. Streu received on April 26 from her cousin in England. The envelope is postmarked "Leeds, 5:15 p. m., April, 1941," and I believe it gives a better insight to actual conditions in England today than perhaps an account by some correspondent. Attached to the end of the envelope was a sticker bearing the words, "Opened by Examiner 6943."

My Dear Cousin Annie:

"So pleased to hear from you once again. I was sorry I did not send you a Xmas card but I was over at Harrogate as both Mom and Dad were very ill, and I was unable to do any shopping. Mother is in a poor way with her nerves; we cannot get her to go to bed as she is afraid of the raids which of course are terrible, but we cannot do anything but trust to luck to come out safely after one. Two of my best friends have lost all of their homes but as they say, so long as they are unhurt it gives them a chance to start life all over again. The spirit of our people is marvelous and if Hitler thinks he can scare us with bombing he is in for a rude awakening."

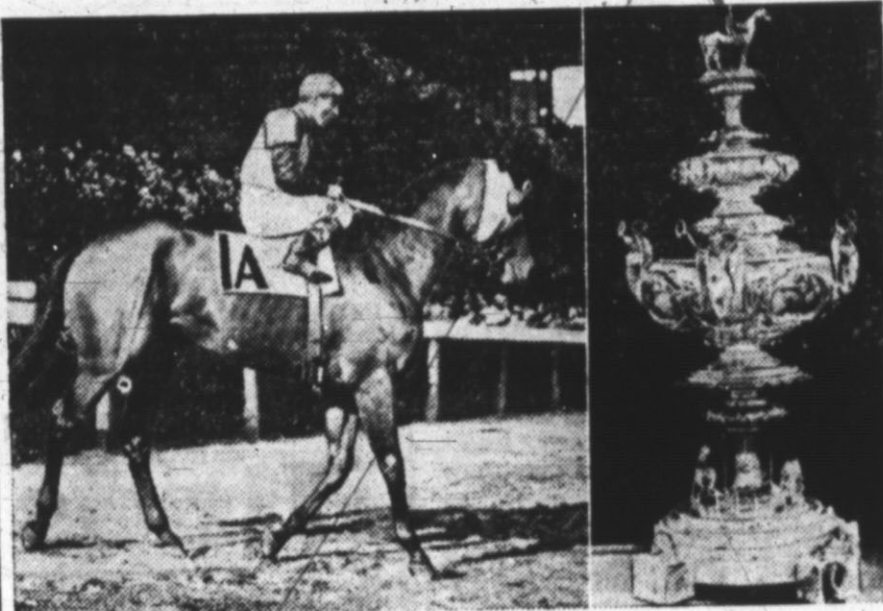

"Wendell Wilkie was surprised at the courage shown by the British in the bombed towns. Just now there are some bombers over; I have just been out to see if they are ours, and they were, thank goodness. We have quite a good time in our dug-out. While we are in we play cards, make tea, knit or read. Of course, the men are on the lookout for incendiary bombs, so it is a 'hen party.' There are twelve of us and two babies. You would think I was going to the North Pole by the clothes I wear: fur-lined boots, two pair of stockings and two coats. Still it is better than getting cold. Charles is on very important government work, which of course I cannot disclose. We have to keep our mouths closed these days. We are at present snowed up and it is very cold indeed, but fortunately we are all well and free from colds and in the best of spirits. As I say, each day that passes is one less of the war."

"I have two soldiers staying with me on their leave; they are Guernsey boys and as the Germans have taken their country, they have nowhere to go. I had them billeted with us after Dunkirk for two months; they are very nice boys and I have grown fond of them, as has Charles. We send them parcels often and they write once a week to us. We had quite a nice time at Xmas to say how things are. When things are alright again you must come over on a visit to us. It would do you good. My friend in the next house to us has a sister in the States and she is coming over as soon as this blessed war is over. My brother is keeping very well, also the rest of the family. Harry's girl, Milliment, is a grand girl. She is 17 and is taller than I. Cousin Nellie and family are quite well. Nellie is in charge of a center for children—evacuees. She finds the work very interesting. I have had the letter written for a month waiting to be finished so please excuse me for not sending it before, as mother has

been very ill and I have been over there. Everybody in the family is quite safe after the raid we had. I know you would be worried about us. We have a lot to be thankful for so far. Well dear, I must close now. Give my love to everybody over there; also best love to you and your family."

Your Affect. Cousin Millicent

Mrs. Streu also had a second letter from another cousin. This letter had apparently found some disfavor with the censor, for more than half of one page had been deleted and was placed together carefully with cellophane tape. The second letter, more personal in nature, is reprinted only in part.

"Enjoy yourselves while you can as this war is like a cancer with tentacles all over the world. No one is safe, nowhere is safe, on land or sea. We shall never forget March 14th, but I would rather not tell you about it. But for your prayers and God's love our fate might have been sealed, so I went you to answer this letter, and if I can I will answer back—but if I don't ever write for Christmas you will know I am out of action. The Whist drives (held in neighborhood houses) are to get money for fire fighting tackle; each street provides its own, also steel helmets. The men take turns when the siren goes. Last night a plane passed low enough to knock our chimney pots off. We

Convention Reports And Musical Review Entertain Music Group

Report on the recent state convention of the Texas Federation of Music Clubs was heard at the meeting of the Music Club Monday afternoon at the home of Mrs. H. H. Hawk-

last week. Crystal and silver appointed the table which was laid for luncheon. Places were marked for Mesdames W. J. Stanford, Knox Kinard, J. T. Gilbreath, Jr., Ednest Medkief, Urllin Streu and Mrs. Ireland. After the luncheon sewing, knitting and other handwork provided entertainment.

Husbands Are Feted

Over one hundred guests assembled Thursday night when members of Home Demonstration Clubs of Deaf Smith County entertained with the annual banquet honoring husbands. The enjoyable affair was held at the Baptist Church with representatives from Westway, North Hereford, Wyche, Fairview, Sims and Frio home demonstration clubs and their guests attending.

Mrs. Maurice Tannahill was toastmaster for the occasion, and County Judge A. J. Schroeter gave a talk expressing the appreciation of guests. Mrs. Merlin Kaul led a chorus in two vocal selections, "Lullaby," by Brahms and "Bells of St. Marys." Singers were Mesdames Woodson Harris, Maurice Tannahill, A. J. Schroeter, W. H. Russell, Paul Rudd, George Parker, Fred Saltzman, Bob Fullwood, Earl DeHont, Fred Henry, Ira Ott and Miss Adeline Koelzer. Mrs. T. B. Cox accompanied at the piano.

Mrs. Hastings Hostess For New Deal Club

New Deal Bridge Club was entertained at the home of Mrs. Ralph Hastings Friday afternoon.

Lilacs, cherry blossoms and tulips were combined to give lovely spring decorations. Mrs. Urllin Streu played high for score award in games of contract, and Mrs. B. Y. Crosthwait played second high. Those present were Mesdames Willis Edelman, Frank Huckert, Alton Miller, Louis Woodford, B. Y. Crosthwait, Sylvester Slagle, Urllin Streu, Judson Skaggs and the hostess.

Other players included Mesdames George V. Stambaugh, Meade Halle, Grant Fuller, N. E. Milburn and G. R. Lunsford.

Dimmitt Girl Is Winner Of Music Scholarship-Award

Miss Charline Mapes of Dimmitt, was winner of the Louise Pace King scholarship award which was presented at the state convention of the Texas Federation of Music Clubs in Dallas last week.

Miss Mapes, who is a senior in the Dimmitt High School, competed with others in different parts of the state. The scholarship entitles her to a year of piano study with Miss Elizabeth Leake at TSCW, Denton. She is the daughter of Mr. and Mrs. Charles Mapes of Dimmitt.

Sims H. D. Club Meets At Home of Mrs. Thomas

At the meeting of the Sims Home Demonstration Club last week at the home of Mrs. Zerrill Thomas, A. R. Bateman, Deaf Smith County Agent, gave a demonstration of the proper way to bone a leg of lamb. He suggested that a good knife be used in the process, after which the leg may be stuffed, rolled, tied and roasted.

How to cook the lamb roast was demonstrated by Miss Sadie Lee Oliver, CHDA, who said that all forms of mutton should be included often in the menu. Crown roast of lamb and its accompaniments were served to

Adrian News

By MRS. GEORGE A. SYMS
Miss Sadie Lee Oliver, CHDA, of Deaf Smith County was a guest at the school lunch room on Thursday.

Mrs. Frances Johnson of Amarillo, district supervisor of W. P. A. projects, visited the school lunch room Friday, and seemed well pleased with the project as it is being carried out. The lunches are well prepared and appetizing and much good comment is heard from both the students and faculty.

G. A. Syms and J. C. Baker, Jr., attended the school meetings in Amarillo Saturday afternoon. Mrs. Baker and Mrs. Syms accompanied their husbands to the banquet held that night in the high school cafeteria.

Roller skating was held on Thursday and Saturday nights. Because of the rainy weather on Saturday night, the crowd was not quite as large as usual.

The Adrian Bridge Club met at the home of Mrs. G. R. Davis

on Wednesday afternoon. High score went to Mrs. J. E. Speed, second high went to Mrs. P. M. McAdoo, and low to Mrs. E. C. Chapman. Delicious refreshments of ice cream and cake were served to Mesdames Johf Skaggs, Hurley Maynard, John Youngblood, J. E. Speed, J. B. Monahan, Henry Creitz, E. N. Jacobson, O. G. Calhoun, P. M. McAdoo, V. E. Lemke, E. C. Chapman and Zella Ashton.

N. L. Jacobson was taken to the Northwest Texas Hospital, ill with flu, on Sunday. Miss Henrietta Creitz, student nurse at Northwest Texas Hospital in Amarillo, spent the week-end visiting her parents, Mr. and Mrs. Henry Creitz and her brother, Lorine Creitz and wife.

Billie Jo Maynard spent Wednesday night with Norrien Jacobson.

Mesdames B. Spande, Ray Brown, E. C. Chapman, J. C. Baker, Jr., G. A. Syms, John Skaggs and son, Grady, attended Mrs. S. F. Marshall's funeral in Amarillo, Saturday.

Mrs. Lorin Creitz was ill last week, and unable to teach. Mrs. G. A. Syms substituted for her.

Mrs. M. H. Zaring and Jimmie spent last Sunday visiting Kenneth and M. H., Jr., and their families in Santa Rosa.

Mrs. C. Glasscock and son, Ed, spent several days last week attending to their business interests in the vicinity.

Mr. and Mrs. O. G. Calhoun and son spent last Sunday in

Plainview. Miss Lottie Zaring returned Monday after spending several weeks in California, visiting relatives.

Miss Lora Fay Clemons visited with her brother, Garland, and wife of Shamrock in Amarillo on Wednesday night.

Truman Fincher is the second Adrian boy to receive his call in the National selective service program. He is instructed to report to the local board on May 3, and will leave for El Paso May 4. Jack Reynolds, the first to receive his call is now located at Fort Warren, Cheyenne, Wyo.

Mrs. S. F. Marshall, 89, mother of Mrs. P. E. Long of Adrian, died at the home of her daughter in Amarillo, on Friday night.

Mrs. Marshall was a long-time resident of this territory, having moved to Hereford in 1901. Funeral services were in Amarillo and burial was in Llano Cemetery.

Because of the rain, there was an attendance of only thirty at Sunday school. Rev. D. W. Binkley filled his regular appointment at the preaching hour. There was 1 3-4 inches of rain here.

On Thursday, April 24, Miss Sadie Lee Oliver assisted fourteen girls in organizing a 4-H Club.

Josephine Barnett served as temporary chairman until the following officers were elected. President, Norma Hetzler; vice president, Vera Carlson, and sec-

retary-treasurer, Mary Hammock.

The following girls became members: Venita Barnett, Vera Carlson, Mary Hammock, Maggie Lou Gregory, Dorothy Wagner, Geneva Youngblood, Betty Jo Thuet, Billie Jo Maynard, Patsy Jean Hammock, Norrien Jacobson, Anna Kate Fortenberry, Alpha Phillips, Virgie Fincher and Norma Hetzler.

The next meeting will be May 6 at the Adrian school.

The Junior-Senior Banquet was held in Amarillo Friday April 25, at eight o'clock at the Herring Hotel.

The Seniors spent Saturday taking in the activities and entertainment as guests of the West Texas State College in Canyon, and the members of the girls' pep squad enjoyed an outing and a picnic in the Palo Duro Canyon. The groups were accompanied by Mr. and Mrs. Frank Watson and Miss Lora Fay Clemons.

Hereford Girl Makes Trip With Class

DENTON — Studying urban sociology, Miss Helen Ann Snyder of Hereford went to Fort Worth this week with her sociology class from Texas State College for Women.

Under the supervision of Dr. Ruby Jo Kennedy, assistant professor of sociology at the college, students visited the City-County Poor House, Salvation Army, Day Nursery, Water Filtering Plant, Pangburn's Candy Factory, Fort Worth Star-Telegram, and several low class hotels. This is one of many trips made in various departments at TSCW giving students an opportunity to make practical observation. Classes travel in college buses.

Miss Snyder is the daughter of Mr. and Mrs. Glenn Snyder.

Mrs. Bradly Attends Welfare Conference

Mrs. Dyalthia Bradly, who is in charge of welfare work for Deaf Smith County, left Tuesday for Dallas, where she will attend the Texas Social Welfare Conference on Thursday and Friday.

Mrs. Bradly will return from Dallas Saturday morning.

Especially do I wish to thank Mrs. Dyalthia Bradly, head of the welfare department, for contributing the stenographic work, and Mrs. Velma Hodges for serving as secretary-treasurer. Fifty percent of the results of the campaign, after expenses are deducted, will be handed to the local Red Cross for administration.

A complete list of contributors to the Easter Seal campaign will be found elsewhere in the Brand.

and purchasing power nearer the 1910-14 level, the committeeman explained. At that time, before the first World War, prices of agricultural and industrial products were in comparative balance. Both conservation and parity payments help farmers to adjust production to meet all market needs and to farm in such a way as to maintain and build up the fertility of the soil.

If Nora Jean Russell carries out her candy selling campaign, there ought to be a market for reducing diet schemes in Hereford after Mother's Day.

We've heard of lots of objections to banquets from the angle of clothes—mostly from women with that regular female complaint of "not a thing to wear—really," but Mrs. G. M. Hudson brought up a new one this week when she objected to the pumber of white shirts she was going to have to iron for Mr. Hudson to attend three banquets.

Worth Covington this week went to work at Cluse Drug. His place as bookkeeper at Hereford Appliance Co., has been taken by Miss Mary Virginia Whitehead.

SEWING SHOP IS OPENED THIS WEEK

Mrs. Ann Daugherty and Mrs. Myrtle Ford this week announced opening of a Sewing Shop in the rear of the Hereford Store Company.

Both are well known here and both have had extensive experience in sewing and tailor work. They state that they will do plain and fancy sewing and invited the public to visit them in their new location:

Sizing is a process of treating fabrics and yarns with glue, gelatin, gum and clay to give them strength and stiffness.

citizens to attend the concert and stay for Dr. Popenoe's lecture which begins at 8:30 o'clock.

The program announced by Dr. Jackson includes numbers by such composers as Bach, Byrd, MacDowell, Romberg, Friml, Warren, Strauss and Tchaikowsky. There will be choruses, quartets, trios and solos.

Another service performed by the music study club in connection with national music week will be the furnishing of music for the afternoon program of the county federation meeting on Friday, May 9.

as State College: Clyde W. Warwick, president of the Chamber of Commerce and others. A welcome to the visitors will be extended by Mayor C. J. Paddock.

Citizens of Hereford are asked to be on the streets to greet the visitors when they arrive. The caravan will remain for about 30 minutes, and the visitors from Canyon promise to furnish a lively program while in your town.

Citizens of Canyon have been making these goodwill trips for a number of years. They like to get together on a day's trip, to meet their neighbors, and to tell them something of the growth and development of West Texas State College.

Popenoe Lecture

(Continued from Page 1)

A special discussion for Hi-Y girls will be given from 6:45 until 7:30, and at 8:30 Dr. Popenoe will close his series of discussions with a general meeting on the topic, "Is There a New Morality?"

All meetings except the talk to the Lions Club will be held at the high school.

In a letter received this week by Mrs. Elmer Patterson from Harold L. Nichols, executive director of the YMCA in this district, Mr. Nichols stated that Dr. Popenoe had expressed real interest and enthusiasm in his great plains assignment.

Topics listed for Dr. Popenoe's discussions, while they will be the general topics emphasized, should not be taken as "cut and dried" as he always makes any changes he feels necessary to make the material conform to community needs.

that will be interesting, not only to Legionnaires, but the public as well. Other prominent speakers, well-informed in national affairs will have parts on the program, according to a statement issued yesterday by the local commander, and it is his wish that the District Court room be filled.

John H. Olson, Wiley Robertson, Cecil Wilkins, Harry Taylor and Rev. Harvey M. Redford, are on the arrangement committees and a complete program will be announced soon.

the community and see what an organized youth council might do toward meeting these needs. Approximately twenty young persons and interested adults attended the meeting and were enthusiastic in their interest in

improving recreational facilities for the city and territory. Facts brought out were that Hereford has for a long time needed a system of organized recreation—not only for youth but for all its citizens. The council, according to opinions expressed, could work effectively to develop a consciousness of this need.

The group discussed the kinds of recreation which they would like to have and most opinions agreed on the need for a recreational hall, which could be used by all citizens during their leisure time.

Rev. H. M. Redford told the group that with co-operation there was no reason why Hereford should not have one of the best community recreation systems in the country.

Following the general discussion the group elected Billy Dameron president, Richard Peterson vice president, Mary Ellen Henslee secretary, and Robina Culpepper reporter.

The advisory council chosen was Rev. H. M. Redford, Mrs. Dyalthia Bradly, Mrs. O. G. Hill and Miss Irene Crawford. This council will meet with the officers of the group to form further and more definite plans.

Girls! Let Us At Least Show Our Appreciation

Girls, to whom do you go when
you have a headache? To whom
do you go when you find a run in
your hose? To whom do you go
when you have lost your lip-
stick? The answer is Mrs. Brashear.

Wonder if we really appreciate
Mrs. Brashear. We seem to
be for granted the things that
she does for us; but just stop to
think how long would we get
along without her? Just how
quickly would we get to class
without her? How would we like
to go into a dirty restroom with
no mirrors? In visiting other
schools, I have noticed that none
of their restrooms are so clean
and neat as ours. We should be
proud of our clean restrooms in-
stead of cluttering them up.
So, girls, let's all refrain from
throwing paper on the floor,
putting lipstick on the walls, and
doing things of that nature.
Let's all help Mrs. Brashear in
keeping our restrooms clean and
neat.

pen sharpener cut off. After
washing, soaking, etc., this was
he as a final effort.

Teachers Also Have Outstanding Features

Many reports have been turned
in on "the beautiful hands,
lips etc." of certain school boy
or girl, but never has anyone
told of the beauty of our school
teachers.

Mr. Kinard, tall and manly,
has beautiful eyes, and pretty
sandy hair. Mr. Hudson is strict-
ly executive; however, he has
pretty eyes if you only take time
to gaze. Miss Foster is very at-
tractive with her long black
hair and her large eyes. Miss
Ramey is the type to be loved,
soft hands and the sweetest dim-
ples when she smiles. She has
pretty red hair too. Mr. Stanton,
though small, has a genuine
character and is one to be ad-
mired. His dark eyes and long
curling lashes are the envy of
every girl.

Mr. Emmons is a big bulk of
a man. This may not seem to
be a very flattering remark, but
he's the kind girls like. Miss
Pratt is the kind who seems to
love giving hours; however, she
has quite a lot of consideration,
if you would let yourself know
her. Mr. Stalleup might be called
"a regular fellow." He has the
patience of Job, beautiful white
teeth and a dimple in his chin.
I might say sarcasm, and you
would know who I mean --- Miss
Rigler. This seems to be her most
outstanding characteristic but
she has pretty white teeth and
the figure of a sixteen year old
girl. (Don't tell her I said so.)

Mr. Willoughby could be de-
fined with the words --- tall
dark, and handsome. He has
pretty white teeth too. Miss
Sullivan has beautiful hands and
she surely has pretty clothes.
Wit might be the word to define
Miss Hall. She also, has pretty
hands, teeth and hair.

Coach Best has a cute habit
of blushing! He seems to be re-
gular just the same. (I've heard
someone say the new coach was
"pretty.") Miss McCaslin has
pretty hands and teeth. Every-
one wonders how she's kept her
girlish figure. Last and almost
least in size is Miss Crawford.
Small figure, energetic person-
ality and strong character are
three expressions which perfect-
ly describe her.

Well, teachers, your ordeal is
over, so you can sit back in
ease to think, if possible.

S. F. A. Approves Of Youth Council

The Student Council heartily
approves of the Youth Council,
the purpose of which is to get
better recreational facilities for
the youth of Hereford. A dele-
gate from all societies and clubs,
such as the Hi-Y and the young
people's organizations of the var-
ious churches will meet and form
this Council which will take ac-
tion on matters such as getting
a swimming pool in Hereford.
Richard Peterson was chosen
from the Student Council to
meet with the Youth Council,
which had its first meeting
Thursday, April 24.

The assembly banner for the
month of March was awarded
the speech class. Second place
was awarded the girls' physical
education class.

The Council is going to con-
tribute twenty dollars to the fund
to pay for the new stage cyclor-
ama.

Five Girls Attend State Rally At San Antonio

Five girls left Monday to at-
tend the State Homemaking
Rally in San Antonio on April
30 through May 3.

LaNelle Parmer and Billie
Louise Crawford, who represent
the first and second year class-
es, will each take three exami-
nations on different phases of
homemaking. Evelyn Walker,
club delegate, will attend all of
the club meetings held to discuss
the work of different F. H. T.
chapters. Margaret Higgins will
participate in a panel discussion
on "Problems Facing Youth."
June Dameron, State President,
will preside over the meeting.
Miss Sullivan is State Sponsor.
Mrs. W. E. Dameron accompanied
the group.

Eleven Tri-Hi-Y Girls Attend Meet At Canyon

Approximately fifty girls from
Dalhart, Phillips, Amarillo and
Hereford attended the Tri-Hi-Y
conference in Canyon, Saturday
and Sunday, April 26-27.

The meeting opened at the
Christian Church with registra-
tion and room assignments. To
begin the conference, there were
songs and a devotional, led by
the Dalhart girls. The main ad-
dress of the morning was by
Miss Joe Anna Davis. Following
this, there was a discussion given
by Mrs. W. M. Smith on
"Leadership." Lunch was served
in the Christian Church.

In the afternoon, Dr. A. M.
Meyer of Canyon, led a discus-
sion on "Vocations and Avoca-
tions," and Miss Margaret Peery,
sponsor of the Dalhart Girl Res-
ervers, conducted the discussion
on "Friendship."

Saturday evening, a banquet
was prepared and served by
Kappa Omicron Phil, with the
Amarillo senior girls in charge.
The address of the evening on
"A Christian Life" was by Miss
Juanita Kinsey, Wichita Falls,
Junior College.

Sunday morning, the Here-
ford girls gave the Morning
Watch, with Pollyanna Craw-
ford, of Wayland College, as
guest speaker. The girls from
Phillips arranged the breakfast.
Miss Hall and Miss Irene Craw-
ford had charge of discussions
on "Recreation" and "Personal
Religious Living."

Officers elected for the year
were: Helen Burson of Dalhart,
president; Marcella Weigley of
Amarillo, vice-president; Rena
Rae Renfro of Hereford, secre-
tary. Mrs. Harold Nichols direct-
ed the installation. Miss Juanita
Kinsey gave the closing address.
A picnic dinner was the last
feature of the conference.

Those attending from Here-
ford were: Kathryn Acker, Mat-
tie Lawhorn, Betty Jo Kendall,
Polly Dixon, Rena Rae Renfro,
Rachel Ireland, Mary Looking-
bill, Nadyne Newell, Barbara
Robertson, Arline Millard, Bettye
Roloson, Miss Crawford and
Miss Hall.

POOR LOSER!!!

The two typing classes of Miss
Ramey's are having a contest
to improve accuracy. Each class
is divided into two groups. The
group making the most mis-
takes of speed tests for two
weeks will entertain the other
group.

At the present there are ap-
proximately 35,000 parking me-
ters now installed in cities and
towns throughout the United
States.

United States since the Civil
War, thirteen have been Repub-
licans and three Democrats.
Only four of the sixteen can be
classified as reformers, 'disturbers
of the stability,' and of these
three were Democrats: Cleve-
land, Wilson and Franklin D.
Roosevelt." --- Dr. Walter Prescott

Best 'All-Around' Students Are Spradley, Petersen

The Junior class sponsored
the election for the most popu-
lar boy and girl from each class
and the best "all-around" boy
and girl in school.

The qualities that were con-
sidered in selecting these stu-
dents were: scholarship, per-
sonality, industry, judgment
and common sense, reliability,
initiative, cooperation, native
ability, leadership, physical vi-
tality, all-around promise as a
student.

Those chosen were: Senior
Boy, Donald Henslee; Senior
Girl, Nell Spradley; Junior Boy,
Jack London; Junior Girl, Rena
Rae Renfro; Sophomore Boy,
Daniel Russell; Sophomore Girl,
Billie Louise Crawford; Fresh-
man Boy, Bobby Jennings;
Freshman Girl, LaNelle Parmer;
All-around Boy, Richard Peter-
sen; All-around Girl, Nell Sprad-
ley.

Sophomore Class Has Majority On Honor Roll

Of the twenty-four students on
the high school honor roll, twelve
of these are sophomores, two
boys and ten girls. The fresh-
men have five, the juniors four,
and the seniors three on the hon-
or roll. The two girls who have
made the high honor roll sev-
eral times are again on it; they
are Rena Rae Renfro and Phy-
llis Radovich.

Those on the low honor roll
are: Freshmen girls: Kathryn
Acker, Dora Mae Hagans, Nettie
Hood, Ruth Tucker; Freshmen
Boys: Tommy Wilson; Sopho-
more Girls: Billie Louise Craw-
ford, Helen Cross, Robina Cul-
pepper, Lee Etta Hopson, Texie
Ruth Reynolds, Nona Dean Rose,

Louise Davis, Gertrude London,
Wilma Higgins.

Glee Club Girls Serve Dinner For Waco Trip

The High School Glee Club
sponsored a chicken dinner. It
was held from eleven o'clock un-
til three o'clock in the Ireland
building, Saturday. The custom-
ers were seated at tables decora-
ted with floral bouquets of
tulips and lilies and served
baked chicken and gravy, green
beans, potatoes, salad, pickles,
rolls, peach cobbler and coffee.

A bake sale, featuring a var-
iety of pies and cakes, was held
in connection with the dinner.
The money received from these
enterprises was added to the
fund for the Waco trip. This trip
to the National Competitive Mu-
sic Festival held annually in
Waco, Texas, is eagerly antici-
pated by the club.

Tri-Hi-Y Discusses "Colleges, Universities"

"Colleges and Universities" was
the topic for discussion at the
regular meeting of the Tri-Hi-Y,
Tuesday, April 22, at the high
school.

After the group song, "Follow
the Gleam," Margaret Ann Mil-
ler gave a talk on "Preparing in
High School for College." La-
Nelle Parmer gave a talk on
"Colleges and Universities of
Texas." Mary Lookingbill and
Lillye London played a clarinet
duet which was followed by a
round table discussion that closed
the meeting.

The members present were:
Evelyn Benson, June Dameron,
Polly Dixon, Betty Ann Dunlap,
Kathryn Henderson, Betty Jo
Kendall, Vesta Mae Landers,
Mattie Louise Lawhorn, Mary
Lookingbill, Lillye London, Ar-
line Millard, Margaret Ann Mil-
ler, Nadyne Newell, Margaret Ol-
son, LaNelle Parmer, Rena Rae
Renfro, Barbara Robertson, Bet-
ty Roloson, Troyce Stambaugh,
Jane Wilson, and Kathryn Acker.

Around the Campfire

In London, when speaking of
the weather, they say "Tomorrow
will be a lovely day if it doesn't
rain."

And then there was the boy
who was just as inconsiderate
as an alarm clock.

Marjorie Morrison: Have you
heard Jimmie Fidler's descrip-
tion of Hollywood's evening
gowns?"

Marcella Koelzer: "No! What?"
Marjorie: "Low and Behold."

American Interprise: Making
toesies a fashion instead of
a calamity.

She has a mind like lightning,
quick but crooked.

She meets life as though it
were her own invention.

Nona M.: "Did you know that
Madonna is unrefined?"

Winona: "Why, no, how come
you think such a thing?"

Nona: "Well, all the polish
she has, she wears it on her
fingernails."

Many people these days need
a kick in the seat of their cant's.

In Hollywood this story is told:
One Actress' son: "How do you
like your new dad?"

Other son: "Oh, just fine."
First: "Sure---he's O. K.; I had
him last year."

ANOTHER MARRIAGE
Olivia Benson, a junior, has
withdrawn from school -----
purpose --- matrimony.

Central Again Outshines High School With Seven On High Honor Roll

Central really outshines high
school so far in numbers on the
honor rolls that a comparison is
no longer pleasant. On the high
honor roll in Central, there are
7 in contrast to 2 in high school;
on the low honor roll, there are
56 in Central in contrast to 22
in high school.

On the high honor roll in the
seventh grade are Naomi Brum-
ley and Londene Martin, and
on the low honor roll are Marcel-
la Blue, Delmo Williams, Betty
Jane Robinson, Freddie Close,
Helen Acker, Wanda Allman,
Bettye June Euler, Doris Gold-
ston and Juanita Upton. The
high honor roll in the sixth
grade is Madelle Beavers and
Jackie Wright, and low honor
roll is Paul Andrew, Ruth
Moreman, Jessie Ann Buckner,
Joe Farel Bishop and Peggy
Barnard. In the fifth grade
there is no high honor roll, but
the low at least has a great num-
ber; they are: Jack Brumley,
John Samuel Coombes, Roger
Corbett, James Ellis Higgins,
Elizabeth Cocanougher, Mary
Estelle LeGrand, Johnny Sex-
ton, Jeannine Singleterry, Jear-
een Sowell, Louise Young, Opal
Elliston, Duane Foster, Barbara
Ann Burney, Betty Jane Carl,
Ouida Hudson and Anne Mor-
gan. Barbara Boyd is the only
one on the high honor roll in
the fourth grade; on the low
honor roll are Jean Ann Har-
rington, Patsy Ann Slagle, Elaine
Thompson, Gilbert Carlyle, Roy
Kroff, Reuben Knox, Oliver
Streu, Joe Walker, Winona Bell,
Lucille Bridges, Jo Anne Jett,
and Charlene Wallace. On the
high honor roll in the third
grade are William Earl Barnes
and Caren Conklin and the low
honor roll are James Grimes,
Robert Hennington, Lawrence
Owen, Mary Kathryn Carroll,
Frankie Fore, Wanda Jean Har-
rison, Clydean Wilburn, Ruby
Faye Barclay, Evelyn Ford, El-
leen Joiner, Douglas Kelley,
Weldon Hacker, John Newsom
and Joe Ann Witherspoon.

F. F. A. ENTERTAINS F. H. T.
The F. F. A. entertained the
F. H. T. at the weekly meeting
of both groups. The boys as hosts
entertained the girls in the gym-
nasium with games and songs.
The two groups plan to have
a hay ride, May 6.
The meeting closed with the
song, "Sing Your Way Home."

Representatives from the var-
ious organizations were Mar-

Old Age Insurance Claims Should Be Filed Early

Persons 65 years of age or over who may be entitled to Federal old-age insurance should immediately communicate with the nearest Social Security Board office when they are separated from their jobs, Dewey Reed, manager of the Amarillo office of the Board, said today. "Otherwise," the statement continued "they may lose benefits merely because of their delay in filing a claim. This applies to all persons who have been working in employment covered by the Social Security Act for a sufficient period of time to qualify for benefits."

It was explained that old-age insurance payments are not retroactive; payment cannot begin prior to the month in which a claim is filed. For instance, a person aged 65 or older who was separated from work on January 1, 1941, but who files his claim in March, will receive benefits beginning with the month of March. He loses the benefits he would have received in January and February had he filed his claim in January.

Reed explained further that an individual eligible for old-age insurance payments does not have to be retired permanently in order to receive such benefits upon reaching 65, but he may receive them for any month in which he does not earn as much as \$15.00 in covered wages, even though he is receiving unemployment insurance and plans to return to work later.

"It should be noted that the survivors of a deceased wage earner have three months in which to file their claims. In the case of a wage earner who dies in March of this year, the survivors who are eligible to receive monthly insurance payments at that time may file their claims as late as June 30, and receive benefits beginning in March."

SOCIETY

MRS. JOHN McLEAN, Society Editor Phone 181

Celebrate the spring with roast Leg O'Lamb, and while you are about it don't forget lamb should be well cooked and unless cooked slowly will not be tender or good. Lamb combines so very delectably with spring fruits and vegetables. But as its flavor is a little bland, it is a good idea to supplement the roast with tart and tasty relishes and greens.

Mrs. F. P. Lyons likes to cook lamb and her family prefers it to all other meats. She serves it for dinner, luncheon or supper, along with some traditional and delicious combinations. Here is her recipe for Roast Leg-Of-Lamb which fulfills its promise to please.

Let's Cook Something

ROAST LEG OF LAMB

- 1 Leg Lamb (5 to 6 lbs.)
- 1 1-2 tablespoons salt,
- 1-4 teaspoon black pepper.

Have shank bone removed at the market, if desired. Do not remove the fell (the thin papery skin of the lamb carcass). Rub meat with salt and pepper. Place fat side up, on a rack in an uncovered roasting pan. Roast in a moderately slow oven (300 degrees to 325 degrees F.) 30 or 35 minutes to the pound, or until the meat is tender.

Baste lamb with a mixture of 1-2 cup tomato ketchup and 2 tablespoons Worcestershire sauce.

1 hour before meat is done cover with pineapple slices. Brush with butter so that pineapple will brown.

Heartily welcomed with the lamb would be stuffed onions, arranged around the outer edge of the platter and topped with a dab of mint or grape jelly.

Garden Club Has Lesson On Special Problems

Special problems of the gardener provided topics for discussion at the meeting held Friday afternoon by members of the Garden Club at the home of Mrs. C. H. Dyar.

Mrs. W. A. Dobbins, who gave an interesting outline of the program, was in charge of the lesson. Discussions dealing with garden insects, drought resisting plants and garden diseases were given by Mrs. F. M. Kester.

Mrs. E. T. Brooks, Mrs. Lyle Blanton and Mrs. C. C. Cox. Mrs. Brooks opened her discussion by saying that "Success in gardening is quite as likely to depend on knowing something about insects and other enemies as well as about the plants themselves." She warned of the threat of insects all during the summer months and said that the loss due to insects may be reduced by the adoption of the proper method of prevention and control. She continued "In the home garden a modified form of crop rotation can be used by moving the rows of each vegetable, or closely related vegetables, to a different place each year. Vine crops

should not follow any other kind of vine. Many insects live all winter in the soil and will appear on plants the next year if grown in the same soil. There are reliable methods intended to prevent attack but there must also be ways to destroy the insect itself. Hand picking is very effective, but tedious, and covering with a cloth or screen helps in some instances. The primary rule governing the application of chemicals for the control of injurious insects is determined by the feeding habits of the pests. By studying the general characteristics of insects as a class much may be done about eliminating them."

The remainder for the day was "Dig and rebuild soil for dahlias and gladioli."

Members present included Mesdames W. A. Dobbins, W. N. Lemmon, E. Ramey, Roy Wagner, Clyde Cocanougher, Dennis Barnard, N. E. Gass, D. H. Alexander, F. M. Kester, Homer Brumley, L. A. Shore, C. C. Cox, E. T. Brooks, Liston Wilson, R. L. Borge, Lyle Blanton, Jim Lipscomb, Art Manjeot, F. H. Oberthier, C. R. Smith and the hostess.

"Sunflowers were cultivated by the Indians long before the white men came to America.

Child Study Group Meets In Home of Mrs. Ira Foster

"Motherhood" was the theme of the program given at a meeting of the Child Study Club last Thursday afternoon in the home of Mrs. Ira Foster.

Mrs. James Aiken spoke on "The Early American Mothers," giving George Washington's mother, to whom he gave much credit, as an example. She told of Hanna Dustin and her bravery during the time of Indian raids as a type of early American mother. Mrs. Aiken also said "Obedience and religion went hand in hand in the training of children in those early days when the American mother, then as now, played an important part in the shaping of the nation."

Modern American Mothers
Mrs. Jim Williams spoke on "Modern American Mothers," naming Sadonia Gruenberg, author, lecturer and educator as one of the most outstanding mothers of today. Mrs. Gruenberg was given an award from Parents Magazine as the author of the best book on Child Psychology when "We, the Parents" was published. Mrs. Franklin D. Roosevelt was mentioned as the greatest wife of a president since Dolly Madison. Mrs. Williams said, "Mrs. Roosevelt is characterized by her apparently boundless energy, ceaseless activity, meticulous attention to details and her enormous personal charm, developed by conscientious effort." Mrs. G. W. Newsom gave a picture study of Whistler's Mother.

Final Luncheon Planned
Plans were completed for the final meeting which will be in the form of a luncheon. Members voted to hold the luncheon at the Rose Room.

Members present were Mesdames G. M. Hudson, R. P. Cone-way, Gordon Witherspoon, Jim Williams, George McConnell, G. W. Newsom, John Sims, C. P. Grimes, Cawthon Bryant, Elmer Patterson, James Aiken, Merlin Kaul, Ernest Wade, Glenn Parker, J. B. Whitlow, Mrs. M. T. Ruttre, a former member of the club who now lives in Weatherford, and the hostess.

Two Are Hostesses For Afternoon Bridge Party

One of the largest of early spring parties was the afternoon card party given by Mrs. G. W. Newsom and Mrs. Orpha Click at the Click home Saturday afternoon.

Spring flowers decorated the entertaining rooms, with purple and white as predominant colors. Double-flowered lilacs, iris and pansies were everywhere.

Score awards were presented to Mesdames Ralph Smith, Chris Renfro and J. T. Gilbreath, Jr. Those making up the ten tables of players included Mes-

dames Chris Renfro, John Renfro, Ralph Smith, Boyd London, B. R. Dixon, Harry Lomas, Elmo Lawhorn, Hugh Bookout, J. C. McCracken, W. L. Davis, C. F. Moore, F. L. Lucas, R. P. Texas Ranks Fifth In Chicken Raising

College Station—The poultry industry earns approximately \$45,000,000 yearly for Texas producers, including eggs valued at \$30,182,000 and turkey and other poultry meats valued at \$13,619,000. Income from poultry is exceeded only by three other premier Texas products, cotton, beef and dairy cattle. There are approximately 24,800,000 chickens on Texas farms, ranking fifth among the states.

Geo. P. McCarthy, Extension poultry husbandman, attributes the increase in the poultry business mainly to enlarge hatchery capacity in recent years. This capacity rose from 12,524,000 eggs in 1934 to 18,331,000 in 1938, or 46.4 per cent. Texas ranks ninth in this division, but in the number of hatcheries, stands second with 674, or 57 fewer than Iowa, the leader. Some 40,000,000 chicks are started each year in the state and, indicating the size of the industry, hatcherymen spend an estimated \$100,000 weekly during the hatching season.

Most recent reports show 425,891 Texas farms have poultry and 75,126 have none. Two thirds of the chicken flocks number less than 50 each, compared with an average of 137 laying hens on farms in Iowa. A controlling factor in the lower average for Texas is that grain is not a principal crop, the specialist says. The counties that are the current large producers of poultry lie in a wide north-south strip through the central part of the state. But the west plains area is becoming more important yearly.

Several counties in east Texas and scattered counties in West Texas, totaling 41, do not produce enough eggs to supply the domestic demand for the year. Farms in these counties produce an average of less than 150 dozen a year. This requires farm families to limit the use of eggs in their diet or buy them outside the counties.

The turkey crop returns about \$8,000,000 yearly to Texas farmers. McCarthy says growers are improving their flocks by selecting their breeding stock for health, vigor and quick maturity.

Hereford, Wednesday. Caroleean Carter attended the show in Hereford, Wednesday evening.

Mr. Loring, a farmer from Idaho, has just completed two irrigation wells on the Houcks farm, ten miles east of Friona. Mr. Loring is a potato farmer from the northern state and is putting in at least fifty acres of potatoes.

Mr. and Mrs. Aubrey Carleton, Misses Sue and Daphne Crow, and C. L. Williams were in Hereford, Tuesday evening to see "Gone With the Wind."

Mr. and Mrs. Clifford Crow, and Mrs. Dudley Robenson were in Hereford Tuesday, April 22.

Mr. and Mrs. G. E. Williams were in Hereford, April 22.

The Friona baseball teams have been re-organized, with Jack Anderson general manager for the fourth year. The boys began practice Sunday, and will play their first game with Lazbuddy on May 4, on the Lazbuddy diamond. They hope to have their uniforms, which the merchants and business men have so generously paid for.

Among other former players reporting for practice is Price Brookfield, well known basketball, football and baseball player. The first home game will be played with the Lazbuddy teams on the local diamond, situated in the ball park, which is a pasture belonging to Mayor F. W. Reeve and which joins the city limits.

Friona will soon boast a dial system for her telephones. Work is underway at the present time installing this form of service. The Southwestern Associated Telephone Company is putting in the long proposed system.

Mrs. Roy Johnson motored to Muleshoe Wednesday, to take her sister, from California, to visit relatives in that city.

Friona is observing "Clean-up" week this week in an endeavor to rid the city of rubbish and trash which is a detriment to any city. Under proclamation, the citizenry is urged to burn all trash, and place all un-burnable rubbish in a convenient place for the city trucks to pick up. Mayor Reeve made the proclamation after encouragement by City School Supt. W. L. Edelman, who stated that the entire school would give their ultimate support of the move.

A surprise birthday dinner was given April 20, honoring G. B. Hinds, who lives near Friona. Those enjoying the affair were: Mr. and Mrs. J. H. Hinds and son Dale, of Friona; Mr. and Mrs. A. U. Hinds and family, of Canyon; Mr. and Mrs. Lee Ann and Nahala Jo Stamps of Panhandle, Mr. and Mrs. Doyle Chapin, Mr. and Mrs. Clyde Sherrieb and family and Mr. and Mrs. Otey Hinds and family of Friona, Mr. and Mrs. Thaine Chapin and family of Hereford, Mr. and Mrs. J. D. Jones of Plainview, and a sister of the honoree, Mrs. Belle Long of Oakland, Calif.

Frank Spring, Charles McLain, M. L. McFarland, J. G. McFarland, J. B. McFarland and A. A. Crow, left on a fishing trip last Wednesday and were expected back by Monday night. They motored to Buchanan Dam near Austin for their fishing background.

THE JOHNSONS GIVE THEIR LANDLORD A TIP: silence helps keep apartments rented

HOW'S BUSINESS? DON'T ASK ME! SIX APARTMENTS VACANT. THERE GOES MY YEAR'S PROFIT

WHY DON'T YOU REPLACE YOUR NOISY OLD AUTOMATIC WITH GAS REFRIGERATORS? YOU'D SAVE ON YOUR PRESENT OPERATING COST AND REPAIRS . . . AND GIVE YOURSELF A STRONG SELLING POINT OVER COMPETING APARTMENTS

HOW COME GAS REFRIGERATORS CAN DO ALL THAT FOR ME?

THEY'RE DIFFERENT FROM ALL OTHER AUTOMATIC REFRIGERATORS. SERVEL ELECTROLUX HAS NO MOVING PARTS IN ITS FREEZING SYSTEM TO WEAR OR MAKE A NOISE . . . BECAUSE A TINY FLAME DOES ALL THE WORK

YOU MEAN IT'S PERMANENTLY SILENT?

YES, AND IT'S THE MOST BEAUTIFUL, MOST CONVENIENT REFRIGERATOR I'VE EVER USED, TOO. WE HAD ONE IN THE LAST PLACE WHERE WE LIVED. WHY DON'T YOU INVESTIGATE?

A MONTH LATER

I TOOK YOUR TIP, MR. JOHNSON, AND HERE THEY ARE—EIGHTEEN OF THEM. I'M GOING TO ADD "GAS REFRIGERATION" TO MY "APARTMENTS FOR RENT" SIGN. I CHECKED WITH OTHER LANDLORDS WHO HAVE SERVELS, AND THEY AGREE IT HELPS RENTALS

THAT'S RIGHT, NOT A SINGLE MOVING PART, AND LOOK AT THE CONVENIENCES. 5-POSITION SLIDING SHELF. AUTOMATIC CURT RELEASER. GLASS COVERED VEGETABLE FRESHENERS. . . MANY OTHERS

EVERY YEAR, more and more people who've had experience with other makes are changing to Servel Electrolux. They know the Gas Refrigerator "stays silent . . . last longer"—because its freezing system has no moving parts to wear or make a noise.

Different from all others

- NO MOVING PARTS TO WEAR in its freezing system
- PERMANENT SILENCE
- CONTINUED LOW OPERATING COST
- MORE YEARS OF DEPENDABLE SERVICE
- SAVINGS THAT PAY FOR IT
