Suggested "war crop" for Deaf Smith County: Long fence staples on a barbed wire vine, which according to Troy Womble, could do a lot toward solving the farming problems of this country.

Effective Saturday, according to an OPA order, filling stations will just be allowed to stay open 72 hours a week—in other words, 12 hours a day for six days. Only exception to the rule is for so called "truck" stations, which will stay open 24 hours a day, but which can sell to passenger car owners just 72 hours in the week. Other sales must be exclusively to "T" card holders.

And if anybody has been feeling that camp employees maybe have a bit of a soft snap, they could get over the idea by watching the typists copy those charred records left from yesterday morning's fire—a very nasty job, we've heard.

Of all sad words of poems and prose,
The saddest are these,
The pipes are froze,
(With apologies to whoever got off this blurb first and to any other poets in the audience.)

Judging from the way some of the clubs are trying to "keep their "Victory Sing" stunt plans a secret, there must be some pretty good ideas slated for exhibition next Thursday night. The sponsors, the Music Study Club, have really been working hard on this program and it will be good, so make your plans now to attend.

Gertrude and Lillye London are the original hard-luck twins. First Lillye had to take a little enforced rest for the sake of her health, and now Gertrude has to have an emergency appendicitis operation. Anyway, if luck comes in cycles, the Londoners (Continued on Page 12)

Robert Green Prisoner Of War In Africa

Pvt. Robert Green, whose letter describing the American landing at Oran was printed in The Brand's "Sons in Service" column last week, is now a prisoner of Italian forces in North Africa, according to a War Department message received by his parents. Judging from the date of Green's letter from Oran, he was probably in the first force of Americans to land in North Africa.

Pvt. Green is a grandson of Mrs. W. B. Green of Hereford and lived here most of his life. He attended Hereford public schools and has many friends here.

Midnight Tonight Last Date for "3" Gas Stamp

Midnight tonight is the last minute to use any of the No. 3 coupons in your gas ration book, which probably means a rush to the filling stations, but nothing like the one which occurred on Dec. 1, when the gas ration program went into effect.

For then the cry was "Fill 'Er Up," and now this sensational speech of the American motriest has been replaced by, "Four gallons please."

Many holders of "A" books will be able to start the new ration period with a full gas tank. But don't feel too good about it, if you were one of the lucky ones. The new period will be about ten days longer than the last one, which was shortened by the postponing of rationing, and your "B" gallons will have a stretch a little this time.

Attend Farm Community Meets To Find Place in 1943's Big Agriculture Production Set-Up

W. O. W. Director

Sterling C. Holston of Omaha, Neb., national director and assistant field manager of the W. O. W. Life Insurance Society, will speak here Monday night at the W. O. W. hall. Officers will be installed at the meeting which will start at 8 o'clock.

New Ceilings On Milk Prices

Ceiling prices for milk in Deaf Smith County as announced by E. H. Norton, chairman of the county war price and rationing board, this week were as follows:

Amount	Wholesale	Retail
Gallon	40	44
1-2 Gallon	21	23
Quart	10 1-2	12
Pint	5 1-4	6
1-3 Pint	3 2-3	
1-2 Pint	3	

The new order is designed to restore balance in the supply of milk in different communities and for different uses. The former order of freezing prices at the March highest level in many instances caused diversion of milk from one area with a low ceiling to an area with a high ceiling and also caused diversion of milk from normal consumption channels to manufacturing channels.

The new order, Mr. Norton explains, only sets a maximum price which can be charged for milk in this county. Wholesalers and retailers can sell at any price below the ceiling. Petitions for adjustments can be made at the OPA at Dallas.

FSA Chief Writes Of Possibilities For Labor Camp

Though funds have already been earmarked for the transportation of farm labor, there are still no funds available for the building of temporary labor housing facilities in the Hereford territory, according to a letter received by the Chamber of Commerce this week from Jesse B. Gilmer, regional director of the Farm Security Administration, who is in charge of the farm labor program in this area.

Mr. Gilmer's letter stated that his agency believes that such funds will be allotted by the new congress, but that no appropriation bill has yet been passed.

In the meantime, the situation stacks up to the following: F. S. A. will see that needed farm laborers are transported into this territory, providing farmers of the area can prove that housing facilities will be ample and without charge to the workers.

The farmers cannot promise such housing facilities unless the F. S. A. or some other government agency with adequate power will approve repeated requests for a housing project.

Only sure thing about the situation: The labor is needed and unless some assurance of a fairly adequate labor supply is given, farmers will have to cut out.

Letters which will be sent to all farm operators within the next few days will urge 100 per cent farmer attendance at the community meetings which will be held soon to aid the farmer in filling out his farm plan sheet for 1943 and in making plans to meet the increased food production goals for the year.

Purpose of the meetings, it was stated today by Joe Ellis of the county AAA office, is to aid the farmers in filling out the work sheets correctly and to get accurate information on the manpower, machinery and financial needs of each farm operator.

"It will be to the interest of each farmer to attend these meetings," Ellis stated, pointing out that information on the work sheet may have a great deal to do with the chance of the farmer's getting new farm machinery and even of the draft status of farm workers and farm operators. "In fact, one main purpose of the meetings is to assist Selective Service by providing information for the classification of essential workers," Ellis said.

Two Birthday Balls, Jan. 30th

A ticket for war-time relaxation, price \$1.10 a couple, is admission charge to the President's Birthday Ball, proceeds from which will go to continue the fight against the home-front enemy, infantile paralysis. This announcement was made today by Harold Close, chairman of the Deaf Smith County birthday celebration, who states that two dances will be held here on Saturday night, Jan. 30. Chas. Young and his Arcadians. Clovis orchestra, will play for the dance at the City Hall; and a nickelodeon will furnish music for the dance at the clubhouse, Mr. Close said.

Support of the birthday balls, Mr. Close points out, will mean that citizens are doing their share to help American children grow up free of the fear of disease and disability.

Classifications Light At Selective Service

Classifications announced Wednesday by the Deaf Smith County Selective Service Board included:

3-B
J. D. Gillespie.
1-A
Leonard W. Burleson, John Leinen. Leinen's 1-A classification was appealed to the Amarillo appeal board, which upheld the classification of the local board.

3-A
William Nick Schaeffer.
2-C
William Zachary.
1-C
Richard Ireland, enlisted in the Army Air Corps Reserve. Take First Physical

Ordered to report for their local physical examination were James Clifford Caster, Alfred Reinart, Alvin Lee, Earl Hopson, Hubert Weldon Edwards, Grady William Wilson, Jr., Andrew Brooks, Horace Junior Black, John Cleo Mitchell, Jr., Jack O'Dell Raspberry, Madonia Trinidad.

Eugene Holden Missing After Solomons Battle

Mrs. Pauline Holden this week received notification through the Navy Department that her stepson, Eugene Holden, who made his home with her before his entry into the Navy, was reported missing in action after his ship, the USS Astoria, went down in the Battle of the Solomons on Aug. 9.

Mrs. Holden, who has been trying for months to get some information on her son, finally received the Navy Department message after contacting the department through the aid of the Red cross.

Victory Sing Creates Interest

Reporting that much interest is being shown in the Community Rally and Victory Sing scheduled here for Thursday evening, Jan. 28, sponsors today announced that 12 clubs have already registered with special suits for the occasion.

The program will be sponsored by local organizations in cooperation with the schools under the leadership of Miss Mattie Mae Swisher, Miss Charlotte Wheat and Ralph Smith. It is scheduled to highlight a series of musical entertainments sponsored on a state-wide scale in the interest of promoting bond and stamp sales.

"Winner of the organization stunts will be awarded \$5.00 in War Stamps," sponsors said. "The public is invited for a good time and we feel sure that the program will be entertaining."

Weather Would Fool You But Now Is The Time To Plan A Victory Garden

Because of the coming rationing of many foods, the number of Victory Gardens—in Deaf Smith County and all over the country is going to take a big jump this year, predicts Miss Sadie Lee Oliver, county home demonstration agent, who this week reminded both old and new gardeners to start planning now for a successful garden this spring and summer.

Lewis Sherman Funeral Rites Held Monday

Funeral rites were held here Monday afternoon at the Black Funeral Home for Lewis Roberts Sherman, 31 years old, who died suddenly Saturday morning at the home of his parents, Mr. and Mrs. O. E. Sherman, near Hereford. Rev. James Alken, Jr., was in charge of the funeral service, assisted by Rev. H. M. Redford. Born in Canton, Ga., Mr. Sherman had been a Hereford resident since 1927, when the family moved here from Wilbarger County. He graduated in 1930 from Hereford, where he was active in sports—football, basketball and track, and since that time had been engaged with his father in farming operations.

Inducted into the Army in March, 1942, Mr. Sherman received a medical discharge shortly thereafter. (Continued on Page 12)

Roll Call Goal For This County Set At \$4,150

S. P. Rosson, who will head the Deaf Smith County Red Cross roll call drive some time in March, was advised this week that the total goal for the campaign in the county will be \$4,150.

Of this figure, \$2,550 is the approved chapter goal with \$1,600 set as the Deaf Smith County Chapter's minimum share of the national and international needs of the Red Cross. Figures from the Red Cross Area Office in St. Louis reveal that a total of \$125,000,000 will be needed for Red Cross work this year. Of this total, \$80,000,000 represents national needs for a world-wide program of service, and \$45,000,000 is the total of chapter goals throughout the country. Regardless of the total amount raised, the local chapter will retain the same proportion of the funds raised as the local approved budget bears to the total campaign goal.

Mr. Rosson points out that the roll call this year is designed to combine the regular county Red Cross campaign and the war relief drive which were held separately last year.

Potato Growers To Elect Officers At Tuesday Meet

A new board of directors will be chosen at the meeting of The Hereford Potato Growers Association, scheduled for Tuesday night, Jan. 26, at the county courtroom, and all members of the association are urged to attend.

Troy Womble is now president of the association and directors are J. E. Andrews, W. N. Rodgers, Fred F. Barrett and John P. Stead.

Fire Damages McBride Office

Fire early Wednesday morning damaged equipment at the office of Colonel Robert McBride at the Hereford Internment Camp but the fire was extinguished before other buildings caught fire.

Origin of the blaze is not known, though it is thought to have caught from overheated pipe, and fire gained headway because of difficulty getting some of the water pumping equipment to operate.

Desks, typewriters and records suffered the greatest fire damage though some of the records, which were filed in wooden cabinets, did not burn completely, and employees are making copies of the partially burned papers.

Mrs. Williams Heads WAVE Recruiting Here

Mrs. Cecil Williams, president of the American Legion Auxiliary, assisted by Mrs. Ann Holman, representing the B&PW Club, is in charge of local recruiting for the WAVES, Navy auxiliary force, for which a large enlistment campaign is now underway. The appointments were made last week by Mrs. Grace Hodge, president of the Amarillo Legion Auxiliary, who visited Hereford to organize the Legion Auxiliary and other groups for the new service.

Women between the ages of 20 and 36, high school graduates or possessing equivalent business experience, are eligible to join the WAVES. Purpose of the WAVES, who serve within the limits of the continental United States, is to release men for active duty. Enlisted as apprentice seamen, WAVES can make as much as \$126 a month in the enlisted ranks, plus all expenses and medical care. The Navy also needs women with higher education and administrative or technical experience to serve as officers.

Mrs. Williams and Mrs. Holman will be glad to interview applicants and state that if as many as four women from Hereford desire to enlist, the WAVE district recruiting staff will send a station wagon to take the women to the Amarillo offices where physical and mental tests are given.

Rosson Presides At Convention Meetings

S. P. Rosson of Hereford will be in charge of meetings of the Panhandle Hardware and Implement Dealers Association, whose annual convention is scheduled to start this afternoon at Amarillo. Mr. Rosson was elected president of the association last year.

The meetings will stress solutions to the problems of priorities, ceiling prices and rationing which have made the war a challenge to the existence of small businesses; and officials of OPA, WPB and ODT will attend the convention sessions to answer questions of the dealers.

More Women Should Help With Red Cross Sewing

Stating that the Red Cross needs women to do hand work or sewing now in production, Mrs. Ernest Medkief, sewing chairman this week urged that more women help with the Red Cross sewing program.

"Thirteen women worked at the sewing rooms Monday and seven were present Tuesday, which is fair attendance for such cold weather as there was on those days," Mrs. Medkief said. "But we hope that a larger group will start helping with the work."

The blouses which have been in production for several weeks are now finished and work has been started on kit bags. Also, Red Cross workers report that there has been a call for knitted garments.

Just Eight Cases On Court's Civil Docket

District court sessions, scheduled to start at the Deaf Smith County Courthouse Feb. 1, should conclude in record time judging by the length of the court docket, which is the shortest on record in recent years.

With no carry-over of important criminal cases, the court faces no criminal docket unless further developments come out of the first week's grand-jury sessions.

On the civil docket, just eight cases are listed, divided as follows: suit for damages, one; divorce, four; trespass to try title and for possession, one; specific performance, one; possession to try title and for damages, one.

The coldest January weather in recent years for the Hereford territory blew in Saturday night with a Norther that sent temperatures tumbling to sub-zero levels.

Low temperature for Sunday was 12 degrees above zero with a high of 30 degrees reported in mid-afternoon, and Sunday's weather proved only a mild introduction to the cold which hit Monday and continued all day Tuesday.

Dry, blinding snow fell Monday morning with a driving North Wind that kept the thermometer hovering at the ten degree mark all afternoon. Low for the day was four below zero, according to the thermometer at the West Texas Gas Company. On Tuesday morning reports on the temperature varied from six to ten below zero, but the weather began to moderate in the afternoon to reach a high of 25 degrees.

Only damage from the record January cold snap was the epidemic of stalled cars all over the territory, a slow down in rail transportation (the morning mail from the east, Tuesday, was about 12 hours late) and the damage to water pipes, which began to show up seriously yesterday afternoon as warmer weather caused frozen pipes to burst.

New Rules In Effect On All Overseas Mail

New postal regulations which went into effect Friday put a sharp limit on the shipping of parcels, newspapers and magazines to members of the armed services now in overseas service. Postmaster J. R. Lipscomb announced today. The new orders are designed to save cargo space for the shipment of vital war materials.

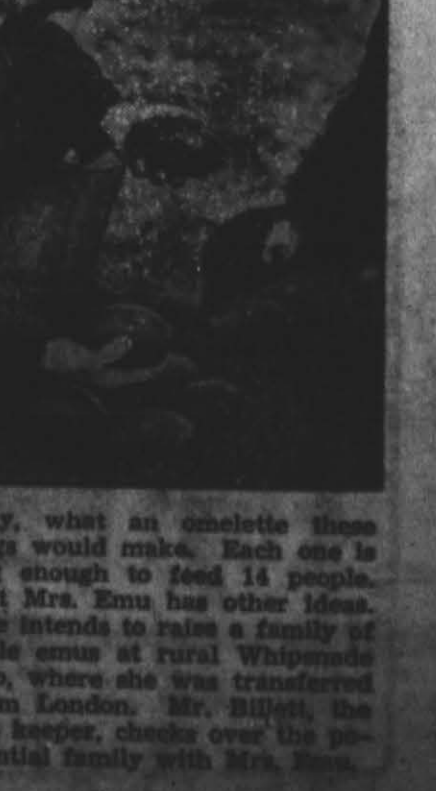

With regard to packages, no parcel shall exceed five pounds in weight, or 15 inches in length or 36 inches in length and girth combined, according to the new regulations. No parcels shall be accepted for dispatch to A. F. O.'s outside the continental United States unless they contain such articles as are being sent at the specific written request of the service man, approved by the battalion or similar unit commander.

It is now against postal rules for individuals to mail copies of newspapers and magazines to service men overseas. Copies of such publications will be accepted only from the publisher who must mail the publication in a specially printed wrapper. Subscriptions now in effect will continue to be mailed; but hereafter no new subscriptions can be taken unless they are specifically requested by the service man himself.

Here's another interesting letter. It comes from Ralph Jennings, who is now stationed at Laredo, Texas.

Dear Jimmie:

Glad to see you are arousing so much interest in jokes from the boys in service. Heard one today and thought it might be alright.

"A sergeant called operations building one morning to, romp on one of his privates. By mistake the operator gave him the post commander's number. As the sergeant heard the click at the other end of the line, he started his campaign of none too pleasant words of what he thought about things in general. The colonel held the receiver away from his ear for a while with an astonished look on his face as he listened to the torrent which poured forth. Finally, tiring of it, he asked: "Do you know who this is?"

"No" came the answer.

"I am Colonel So-and-So," replied the commander.

The sergeant almost collapsed, but finally managed to stammer, "Do you know who this is?"

"No" answered the irate colonel.

"Thank God for that," said the sergeant. Click went the receiver.

Here's an air-mail letter from E. L. Mathies, Jr., written "Dec. 28—In the Field." He seems to have a message for all of the sailors and more especially for Jack Russell.

Dear Jimmie:

In the Hereford Brand of Oct. 15 I read in your article that Jack Russell said the Marines were part of the Navy. That is true, the Marines are under the Navy Regulations.

The Marines are a hard fighting unit, who travel as light as possible and live on the bare necessities. Therefore the Marines have no Medical Corps. The Navy furnishes the Marine Corps with Pharmacist Mates known to the Leathernecks as "wet nurses". In our estimation they are only a nuisance.

During our stay in the Solomons the Navy Corpsmen attached to our Battalion denied being a part of the Navy they said they were Marines at heart.

During this crisis all the armed forces must work together so I will call a truce with Jack Russell until the Armistice is signed at which time we will renew our feud.

Truly yours
E. L. Mathies, Jr.,

I know one thing about this feud. I don't want to be referee.

Kelly and Herman Gray received a telegram Thursday night from Huntingdon, Tenn. informing them of the death of their brother J. W. Gray, aged 67 of Huntingdon. He passed away Thursday, Jan. 14 with heart trouble from which he had suffered for some time. A letter received by Kelly Gray last week from him said that he was feeling better than he had for some time, so that his death was a great shock to his relatives here. Neither of the brothers was able to attend the funeral services.

Mr. Gray visited his relatives here about three years ago. Guy Lawrence of Hereford is a cousin.

Mr. and Mrs. Kelly Gray were dinner guests Sunday of Mr. and Mrs. Oscar Hunt who live south of Hereford. Mr. Hunt has returned home recently after undergoing an operation.

Mr. and Mrs. W. S. Rice of home east of Hereford Saturday, moved to their new Williams and Donnie started the new semester of school at Hereford.

Mr. and Mrs. T. B. Cox and family spent Saturday and Sunday in Lockney with Mr. Cox's father, E. C. Cox, who is moving at once to Calif.

The Home Demonstration Club meeting was held last Wednesday at the school house. Mrs. Joe Landers and Mrs. Clarence Morrison were hostesses. Mrs. Clinton Jackson and Mrs. Louis Jay became members of the club. The next meeting will be held on Wednesday, Jan. 27. All meetings are to be held at the schoolhouse. Mrs. Jim Bookout and Mrs. Vernon Wilson are to be hostesses at the next meeting.

C. Meeks went to Oklahoma this week end and moved his family here. The family lives on the O. G. Hill place.

Because of the cold weather attendance was small at Sunday school Sunday. Mrs. Hardy Stephens and Ross Joe Landers gave birthday offerings. Mrs. Merlin Kaul read letters from Marvin and Mark Goldston, Marlin Pierce, S. J. Cook and Junior Hyde.

Mr. and Mrs. Hardy Stephens, Harrell and Sara Jean, and Miss Elma Smith were dinner guests Sunday in the Roy Lee Wilson home. They were guests for supper in the Merlin Kaul home.

Among those who attended the "42" party Friday night at the schoolhouse were Mr. and Mrs. Hughes Millard and children, Mr. and Mrs. Roy Lee Wilson and family, Merlin Kaul, Mr. and Mrs. Grady Wilson and family, Mr. and Mrs. E. H. Little and family, Mr. and Mrs. Louis Jay and Vinna Jean, James Nolan Edmonson, Weldon Stephan, Elma Smith, Mr. and Mrs. Paul Rudd and boys, Mr. and Mrs. G. C. Hartman and Nina Beth. Don Yates left last week for Calif., where he plans to visit relatives for several weeks. Maurice Tannahill is driving the bus for him.

Mr. and Mrs. W. L. Jones, Mr. and Mrs. Merlin Kaul, Larry and Walker Lynn and Mr. and Mrs. Maurice Tannahill and Gary Kiehl attended a birthday dinner honoring Gordon Witherspoon at his home in Hereford Wednesday night.

Mrs. F. M. Houser accompanied Mr. and Mrs. Orville Houser and Marcus Houser of Hereford to Dallas Wednesday night where they visited relatives.

Buren Sowell spent Wednesday in Amarillo on business.

Mrs. G. C. Hartman accompanied by Mrs. Gordon Witherspoon of Hereford spent Thursday in the Harry Shultz home east of Hereford and helped Mrs. Shultz celebrate her birthday.

Mr. and Mrs. Grady Wilson and Norma Sue spent Wednesday in Amarillo. They were guests in the E. B. Osburn home while there.

Nannette Little is able to be out again after a recent operation for appendicitis.

Cpl. Wayne Little has been moved recently from Chandler, Ariz., to Calif. Roy Landers is also in Calif.

GOSSIP

From Here and There

There's a time and place for everything. Your place is to give your scrap metal to the Army now.

Didn't you forget something? Didn't you forget to pile up your scrap metal today?

Praise the Army's mettle by giving it your scrap metal.

If you help now you won't be helpless later. The Army needs your scrap metal.

FOR VICTORY

It is better to have now than be enslaved later. Give your scrap metal to the Army now.

The Army needs more planes, ships, guns. It needs your scrap metal to make them. Give it now.

You can get in the scrap over there by getting in your scrap metal over here.

Don't bet on scraps except the one you'll win by giving your scrap metal to the Army now.

Stop scrapping between yourselves and do all your scrapping for the Army. Your scrap metal is needed now.

YOUR HOUSE AND THE WAR
You, your family, your house... all the things that make up your life, are now part of the war effort.

What you do without, equips our soldiers, feeds our Allies. The little day-by-day economies you make, turn into War Bonds. Today, it is the homemaker's job to run a well-ordered, comfortable home on much less than before.

Durable removers of worn sheets can be used to patch others or make pillow cases. Worn bath towels can be cut down into wash cloths. Old blankets, worn thin, can be stitched together for the warmth of a new one.

We do not urge you to buy anything you do not need. The honest merchant's job is two-fold: to discourage waste and hoarding... and to see to it that everything his customers buy is sound in quality, so it will last a long time.

Selling Quality Merchandise to the Folks of This Territory

RIGHT NOW, however we are all more concerned with 1943, and with the merchandise we can get during the next twelve months.

ALL OF US KNOW that conditions are critical in many lines; that some of the things we bought in the past will be "out" for the duration. On the other hand, many streamlined substitutes and plastics are replacing some of these items more rapidly than we expected.

AND THE AMAZING THING about it all, is—these new products are actually proving better than the peacetime articles they were designed to replace. You will be using them long after this war is over.

RIGHT NOW IT IS PAINFUL to say "Sorry, we don't have it." You know, just as we know that this has never been Streu's policy. However painful it may be to us, we want you to keep right on asking about them, however.

KEEP YOUR EYE ON STREU'S IN 1943... it will be our job, as it should be, to make the best of such new merchandise available to you at prices you want to pay — just as we have always done in the past.

Letter Gives Insight Into Life, Customs Of French North Africa

An excellent description of the geography and peoples of North Africa is contained in a letter printed in the Princeton (Mo.) Telegraph. Because the letter is much more informative than most soldier letters and contains information of interest to the families and friends of men now in North Africa, excerpts are reprinted here.

"I am in Casa Blanca, French Morocco and was really surprised in the city. I knew it was about 250,000 population but did not expect to see many modern buildings and conveniences. But at least part of the city is completely modern . . . a strange city with a mixture of modern and ancient people, buildings and modes of transportation. There are Arabians, dressed in long robes and turbans, riding donkeys. They seem to be living replicas of Biblical times. (I don't think they have washed since then either.)

"There are very few good American automobiles, but some of European makes that are somewhat smaller than our Austins. They run on either charcoal or gasoline. There are also some larger European cars. The majority of the people either walk or ride bicycles or take buses or taxis. The buses are like our old models and the taxis are pulled by horses (of Arabian or European coach stock).

"The buildings were most surprising to me . . . are white or light buff stucco finish and range all the way from hovels to mansions. The house I am in now is of the hotel dimensions—tile floors, 1-5-foot ceilings, the first and second floors leading to a skylight on the roof. The rooms are paneled with a wood resembling mahogany, and . . . double doors and stair railings are of open wrought iron and plate glass . . . stairs made of marble.

The city is laid out in streets

branching out in all directions like spokes from a hub. None of the streets are straight and the blocks are not square, so it is easy to get lost. I have seen a few streets which are as I had pictured them in France and Italy—narrow with tall apartment buildings on each side and rows of balconies on all the buildings."

Receives Commission

Irwin Ferrell Miles, son of Mr. and Mrs. E. B. Miles of Hereford, received his 2nd lieutenant's commission and the wings of a pilot at graduation exercises held at the Roswell Army Flying School recently.

Miles attended Hereford High School and joined the Army in August, 1940. He had served almost two years in the regular army when he received his transfer for pilot training.

Auxiliary Blanche Poff of Hereford has begun training in the Women's Army Auxiliary Corps, according to a dispatch from Ft. Des Moines, Ia., home of the WAACS.

She was immediately assigned to a receiving center company for a week's elementary military training and will be issued clothing and equipment, in-

structed in rudiments of military drill and given Army classification tests to determine the branch of training for which she is best fitted.

For the following four weeks she will be assigned to a basic company for more detailed, training, preparatory to replacing a man in a non-combat Army job.

Miss Poff is the daughter of Mrs. Blanche Poff of Hereford.

Bells In Foreign Service

Mrs. Allen Bell now has two sons in foreign service—Lt. Charles Bell, who is somewhere in the Caribbean War Theatre, and Lt. Robert Bell, recently arrived in North Africa.

Charles writes that Texas A. & M. traditions carry on, even in Central American jungles, and reports that an A. & M. club of 100 members has been organized where he is stationed. Robert writes of the North Af-

rican natives that they have already learned enough English to ask for American cigarettes.

At Artillery School

Opl. Reuben McGilvary, son of Mr. and Mrs. R. C. McGilvary of Hereford, has been transferred from Camp McQuaide, Calif., to Ft. Monroe, Va., where he is attending a technical artillery training school.

Before his induction into the army, McGilvary was employed at the J. C. Penney store here.

Child Care From Two to Twelve Years Will Be Subject For Child Study Club

Different phases of child problems, ranging from health and medical care to training for control, will form program subjects for the second half of the Child Study Club's 1942-43 season. Beginning with the two-year old, lessons will cover ages up to the adolescent period.

The first meeting of the new year was held at the home of Mrs. R. P. Conaway Thursday evening. Mrs. James Alken, president, directed a short business session and welcomed a new member, Mrs. Marvin Boyd. A letter was read from Mrs. George McConnell of Washington, D. C., a former member of the club, in which she described life in war-time Washington. Plans were made for the club to cooperate with the Victory Program scheduled for Jan. 29.

Mrs. G. M. Hudson opened the program with a poem "Life's Mirror", Mrs. James Alken dis-

cussed "The baby's sleeping habits." Mrs. Merlin Kaul explained how to know "When a Baby Needs a Doctor." Mrs. Cawthon Bryant concluded the program when she discussed "Your Baby Book Is Priceless."

The next meeting will be held on Friday evening, Jan. 29 at the home of Mrs. Gordon Witherspoon.

Members attending the meeting were Mesdames James Alken, G. M. Hudson, Cawthon Bryant, Ira Foster, Merlin Kaul, G. W. Newson, Gordon Witherspoon, Carl Oldham, J. C. Reese, Frank Daniel, Worth Covington, O. M. Stewart, John H. Channer, Marlin Gilliland, Marvin Boyd and the hostess.

Luncheon Club Is Entertained

Pastel colors were used for a pretty luncheon table on Wednesday last week when Mrs. C. C. Acker entertained members of the Wednesday Luncheon Club. The luncheon was served buffet style from a lace-laid table appointed in blue and yellow. Sweet peas formed the table centerpiece.

Two tables of guests enjoyed bridge games after the luncheon when Mrs. Jimmie Gillentine played high for score award.

Members present were Mesdames H. K. Fox, W. L. Davis, Oscar Basley, W. M. Emmons, Alton Fraser, Jimmie Gillentine, J. C. McCracken, S. P. Ross and the hostess.

Guests Play With Members Of Coterie Club

Mrs. W. A. Teter was hostess for members of the Coterie Club Friday afternoon at the home of Mrs. J. W. Witherspoon.

Two tables of players made up the party and special guests were Mrs. R. L. Craner, Mrs. Geo. V. Stambaugh, and Mrs. Meade Halle. At the conclusion of the contract games Mrs. Craner received the war stamp score award.

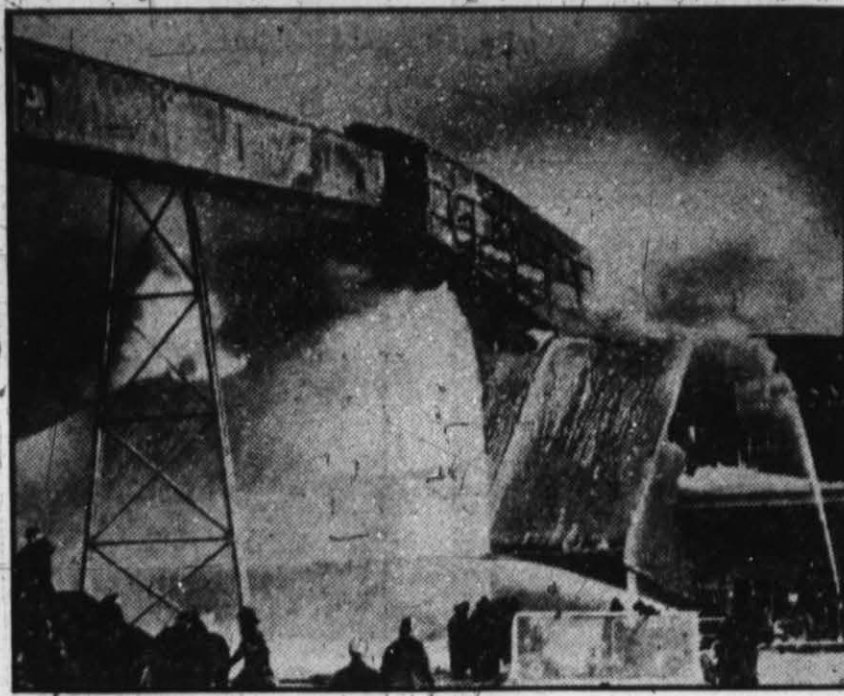

Members present were Mrs. Howard Gault, Mrs. Grant Fuller, Mrs. Witherspoon, Mrs. E. B. Hicks and Mrs. E. B. Hedrick.

Miss Lawhon Marries in Mobile, Ala.

The marriage of Miss Mattie Louise Lawhon, daughter of Mr. and Mrs. E. L. Lawhon, of Flight Officer Warren C. Hitchings, took place Saturday, Jan. 9, at the home of Rev. Alfred Dickinson in Mobile, Ala.

The bride wore a sky blue wool frock with black suede accessories. Her corsage was fashioned of three orchids. Her only ornament was a gold necklace belonging to her mother.

Attendants were Miss Kathryn Relling and Lt. Chas. Woodall, both of Mobile.

Mrs. Hitchings is a graduate of Hereford High School and was a member of the honor society, band, glee club, orchestra, student council and Tri-Hi-Y. At the time of her marriage she was a student nurse at West Texas Hospital in Lubbock.

Lieutenant Hitchings is the son of Mr. and Mrs. David Hitchings of Canfield, Ohio. He is a member of the United States Army Air Corps and now is pilot of an Army Transport Plane.

After the wedding the young couple remained in Mobile until he was transferred to another army base from which he will leave for combat duty.

Mrs. Hitchings returned to Hereford Saturday and will reside with her parents here until she can join her husband.

Among the social affairs given to honor the couple, was a party given Sunday at the Cawthon Hotel, which is located on the historic Bienville Square, by fellow officers of the Flight Squadron.

Mrs. Jennings Is Hostess At Chinese Tea

Ancient Chinese customs and historic legends dating back thousands of years were called to mind at an informal tea given by Mrs. Corinne Jennings Friday afternoon at her home on East Fourth Street.

Current events which form links with the past made up conversation topics and tea was served at a coffee table from a Chinese urn.

Also featured in the entertainment was the reading of tea leaves by Mrs. Jennings who has cultivated the readings as a hobby.

Invited guests for the altogether enjoyable affair were Mesdames C. H. Dyar, J. B. Stoker, Earl Phillips, Ellis Coombes, H. M. Redford, A. Peterson, C. D. Kelton, C. D. Carnahan, and G. R. Jowell.

CHDA NOTES

by Sadie Lee Oliver

If you have an old feather bed or extra pillows which you have been wanting to use in some way, why not make a feather quilt. We report the experience of Mrs. Edith Hughes, who made one of the quilts in 1941.

Mrs. Hughes' quilt is extra long and weighs seven pounds, and she passes on some good information on the care of the quilt. She folds it loosely and leaves it on the foot of the bed near an open window and states that this care keeps the feathers fluffy.

Three new bulletins recently received at the office have some good material on making the best of the meat ration situation. One of the new publications is a USDA bulletin; the other two are put out by the Swift Packing Company.

We have also recently received the new USDA Yearbook, "Keeping Livestock Healthy," and find it to be a real storehouse of the most up-to-date information on livestock care. You can see the book in the CHDA

"How to Make Your Ironing Equipment Last Longer."

For the past two years various gardeners in the county have planted demonstration comparison plots of tomatoes—sanna varieties included; and last year reports were received from the six women conducting the voluntary study. Of the five women, Mrs. N. G. Elliston and Mrs. G. E. Thiele want seed again in 1943. Others who planted demonstration plots last year were Mrs. J. G. Guinn, Mrs. Robert Wagener, Mrs. John Kuhles and Mrs. R. L. Coganougher.

General results of the demonstration plantings have shown that the Porter variety should be included in all Victory gardens in the plains area, sponsors state, pointing out that the Porter is the most reliable producer over an entire season. It is small in size, excellent for juice, preserves, salads, canning whole and high in quality for table use. It is a heavy producer but the small size makes it tedious to pick. However, its reliability as an all-season producer outweighs any defects and it certainly should be included in your garden.

Mrs. Lawrence Straffuss, who is one of the best gardeners in the county, gave some very good advice on preparations for spring gardening in a talk last week to the Ford H. D. Club. Mrs. Straffuss, stressed the value of planning on a garden small enough to get adequate cultivation and care. A small garden can be a large producer if it is well cared for.

And Mrs. Liston Wilson is already beginning to plan on the early plants for a spring garden. Mrs. Wilson is the only gardener in the county who last year used "hot-caps," small paper cups to place over young plants to protect them from the

office and can have a free copy by writing to your congressman, Gene Worley, in Washington, D. C.

A cemetery beautification project has been planned by members of St. Anthony's Church, who are working out a landscape for their cemetery near Hereford. They plan to use a variety of Evergreens and will get the young trees from a South Plains Experiment Station as soon as the complete order is made up.

Get plant cuttings during February. You may not start thinking about flowers and shrubs till spring is really on us, but the plants should be cut now, and buried until time to set them out. Getting cuttings now will avoid damage to the plants pruned.

Recently received at this office are a number of conservation publications to help you take better care of those now irreplaceable household appliances. Publications include, "How to take care of Your Washing Machine," "Taking Care of Household Rubber," and

Loosens Up Thick Choking Phlegm of BRONCHIAL ASTHMA!

Spend 45c today at any good drug store for a bottle of Buckley's CANADIOL Mixture (triple acting). Pour yourself a teaspoonful, let it lie on your tongue a moment then swallow slowly. Feel its instant powerful effective action spread through throat, head and bronchial tubes. Starts at once to loosen thick choking phlegm making breathing easier.

No claim is made that Buckley's is a cure for Chronic Bronchitis or Asthma but sufferers often find Buckley's CANADIOL Mixture (the largest selling cough medicine in all Canada) eases coughing spasms and loosens up that choking phlegm which seems to clog the tubes and makes breathing difficult. Many get better night's rest.

Training School, the Dalhart Glider School, and the Amarillo Air Forces Technical School to send teams.

Individuals, clubs, or schools may send entries. Shamrock has already entered a full team. Pollett has registered four entries, and other towns have applied for blanks.

Out-of-town entries will be furnished hotel accommodations in Amarillo's best hotels and meals as long as they remain undefeated in the tournament. Winners in each event will be given a trophy.

For further information, write the Golden Gloves Director, Amarillo Globe-News, Amarillo, Texas.

Does Hereford Want More Home Nursing Classes?

With the acute shortage of doctors and nurses in our hospitals and rural communities, it is important that as many people as possible be trained in simple nursing procedures.

Instruction in home nursing as a war measure is being sponsored all over the nation by the American Red Cross and the goal for June 1, 1943, has been set for one million certificates.

The Hereford Chapter of the Red Cross with Mrs. Bob Wilson as chairman of home nursing, has sponsored both city and rural classes and several have signified their desire to enroll in other such classes. Instructors are available but no classes can start until the required quota of 20 be registered for the course. Classes will be open to everyone and will be held mornings, afternoons or evenings to suit the convenience of the class. Clubs, churches, schools and community groups may form their own classes and a trained instructor will be provided. Any one may enroll by calling Mrs. Wilson or getting in touch with Miss Sadie Lee Oliver.

In the course, which is approximately six weeks long and covers from 24 to 30 hours instruction, the homemaker is taught self reliance in caring for sick members of her family. She learns how to prevent illnesses through proper diet, exercise, baths and rest, how to keep a healthy home environment, how to care for the baby and growing children and how to deal with community health problems.

It Takes Both—War Bonds and Taxes

Men and women of America are joining hands everywhere determined to win this war for freedom. They are ready for whatever sacrifice is needed to bring Victory. They are feeling this month the government's new Victory tax . . . a 5% tax deducted from wages and salaries.

But purchase of War Bonds, regularly every payday must continue, for it takes both—War Bonds and Taxes—to pay for Victory. U. S. Treasury Department

Do You Remember?

January 16, 1908

The report of a regular Kentucky feud and the killing of five men at Hansford during Christmas week was a false report. However, there was a row in which several participated but nothing more serious than a few black eyes and bruised heads resulted.

—Higgins News

C. J. Spittal, a stockman, was in town last week. He is the first man to introduce automobiles into the country and has two running at Amarillo big enough to take out picnic parties and gangs of drummers. Mr. Spittal says that in level plains country he generally makes twelve to fifteen miles an hour, though he could go faster if he wanted to.

—Quanah Tribune Chief

Tuesday afternoon occurred the annual meeting of the stockholders of the Hereford National Bank, at which time the following directors were unanimously elected: Ira Aten, Jno. E. Ferguson, R. J. Kibbe, L. Gough and C. W. Dodson.

The party who found my lap robe lost Sunday, January 4, will save trouble by returning same to me at once, J. A. Fox.

Yesterday the City Cafe and Hereford Restaurant changed managements, another evidence of the ease with which dissatisfied businessmen in Hereford can dispose of their business. January 24, 1918.

(Files of The Brand for Jan. 17 and Jan. 31 are not included in the bound copies of the paper.)

Monday's luncheon of the directors of the Chamber of Commerce showed the same steady weekly growth that has obtained since the idea was started three weeks ago. All the directors were present with the exception of President McEonald, who was in Tennessee, Vice-president Wilkinson presiding. Others in attendance were E. F. Connell, W. S. Williams, T. E. Huffman, Mayor W. M. Knight, R. T. Evans and the secretary.

A \$50,000 two-story and basement brick, tile or terra cotta bank building on the corner where the Commercial Hotel now stands is promised for Hereford, not later than September 1, 1918.

Miss Helen Jenkins returned home last week after a most enjoyable two month's visit with her brother and other relatives at Waco, Texas. She prolonged her stay in order to hear the famous Scotch singer, Harry Lauder, who sang in Waco, Jan. 11.

The devil sat by a lake of fire on a pile of sulphur logs, his head was bowed upon his breast, his tail between his legs; a look of shame was on his face, the sparks dripped from his eyes—he had sent up his resignation to the throne up in the skies. "I am down and out," the devil said—he said it with a sob—"There are others that outclass me and I want to quit the job. Hell isn't in it with the land that lies along the Rhine; I'm a has-been and a piker and therefore I resign; one ammunition maker with his bloody shot and shell, knows more about damnation than all theimps of hell. Give my job to Kaiser William, the author of this war; he understands it better a million times by far. I hate to leave the old home, the spot I love so well, but I feel that I'm not up-to-date in the art of running hell.

IMPORTANT NOTICE TO Non-Residential Users Of Natural Gas

War Production Board Order L-31, as amended November 12, 1942, imposes certain restrictions on our right to deliver natural gas to you, and on your right to use natural gas. These restrictions, which apply only to NON-RESIDENTIAL GAS USERS (such as large or small business concerns of any kind, commercial establishments and industries), may affect your plans in the event you desire to do any of the following:

- 1. MOVE YOUR BUSINESS. 2. REPLACE YOUR GAS-FIRED EQUIPMENT. 3. INSTALL ADDITIONAL GAS-FIRED EQUIPMENT. 4. REQUEST GAS SERVICE FOR A NEW BUSINESS. 5. IN SOME CASES, WHEN YOU APPLY FOR RESTORATION OF GAS SERVICE.

Should you desire to obtain gas service under any of the above conditions, you should file an application for permission to do so with the War Production Board, and have such application certified by us. We have the necessary forms for your use.

Our purpose in calling this Order to your attention is to enable you to make your plans accordingly, IN ADVANCE of your actual need for gas service, or IN ADVANCE of any change in your gas-fired equipment. This nation-wide War Production Board Order is designed to curtail additional non-essential gas use, because of the anticipated inability of many gas companies to supply all gas needs in severely cold weather.

Some you no doubt have questions to ask. If so, we have at our office a qualified company employee who will be glad to discuss any contemplated changes in your gas service of equipment, and to advise you whether or not such changes will require the filing of an application for approval with the War Production Board.

Mrs. Frank Huckert entertained members of the New Deal Bridge Club at the country home of her mother-in-law, Mrs. Joe Huckert, Friday afternoon. Mrs. Ralph Roden was a special guest and Mrs. Troy Moore played high for the war stamp award. Mrs. Ralph Hastings was second high player.

Members attending the party were Mesdames Troy Moore, Judson Skaggs, Sylvester Siagle, Louis Woodford, Ralph Hastings, Jack Bradley and the hostess.

New Year Party Is Enjoyed By Club Members And Gests

Mr. and Mrs. Jim Black were hosts for the first meeting in the new year of the Thursday Night Bridge Club. The party was held at the home of Mr. and Mrs. Geo. V. Stambaugh Thursday evening and a patriotic theme was combined with a new year theme in decorations. Red, white and blue colors were used and tallies for contract games were in the shape of new year victory bells.

Miss Ona Hammer and Jim Lipscomb played high in the games for the score awards.

Those enjoying the party were Mr. and Mrs. Frank Gyles, Mr. and Mrs. Jim Lipscomb, Mr. and Mrs. John Olson, Mr. and Mrs. Reed Williams, Mrs. Bob

Class Enjoys Games Party

Members of the W. J. Stanford Class, with wives as hosts, were entertained with a games party at the Methodist Church Basement Tuesday evening. Wm. McGehee and Andy Thomas arranged the entertainment for the party. W. J. Stanford is teacher and T. E. Seigler, Jr., is president of the class.

Refreshments were served to Messrs. and Mesdames Leo For-

rest, W. J. Stanford, J. E. Kirby, C. F. Moore, H. E. Henslee, Wm. McGehee, Walter Dunlap, T. E. Seigler, Jr., G. W. Heard, Andy Thomas, O. L. Rutherford, C. M. Hicks, Cawthon Bryant, Glenn Snyder, John McLean, Rev. and Mrs. Marvin Boyd, R. C. McGilvary and J. H. Brooks.

Ford Study Club Meets At Home Of Ms. John Whitsett

Mrs. John Whitsett was hostess for the Ford Study Club Friday afternoon. Mrs. L. J. Strafuss, president, was in charge of the opening session and pre-

sented Miss Sadie Lee Oliver to the club as guest speaker.

Nutrition and its relation to public health, happiness and the welfare of the nation, was discussed by Miss Oliver who also introduced a new game "Vitamin Go" which was enjoyed by the club members. Miss Mary Wallace assisted.

All officers were reelected for another year and Miss Oliver was presented with a gift.

Refreshments were served to Mesdames Robert Wagoner, W. M. Stewart, C. D. Carnahan, F. C. Benson, G. E. Benson, H. M. Benson, L. J. Strafuss, Misses Mary Wallace, Oliver, Elizabeth Benson, Elaine Wagoner and the hostess.

L. A. E. Club Meets With Mrs. Carnahan

"Islands in The Atlantic" formed lesson topics for the L. A. E. Club Tuesday afternoon. The meeting was held at the home of Mrs. C. D. Carnahan and interesting facts concerning Greenland were brought out in

the roll call.

In telling about Iceland, Mrs. R. L. Pinnell told how it became a republic about 750 years before the United States of America. She told of the contentment on the island, with none rich and none poor. She told of the travel by bus and by plane and stated that there are no railroads nor trains.

Mrs. Jim Lipscomb discussed Cuba, Landing Place of Columbus, and how she gained her independence.

Refreshments were served to Mesdames Jack Dean, Altus Higgins, Bill Hutson, Jim Lipscomb, T. P. McCollister, T. W. Robertson, George Suggs, Robert Veigel, R. L. Pinnell and the hostess.

Tuesday Club Has Afternoon Party

Guests played with members of the Tuesday Afternoon Bridge Club when Mrs. Travis Dameron was hostess this week.

Red pandana leaves in wooden bowls formed attractive decorations for the party with the

fall colors reappearing in appointments for the games.

War stamps were presented to Mrs. W. L. Davis, high player for the club, and a gift was presented to Mrs. Robert McBride, guest high player.

Special guests were Mrs. O. G. Calhoun, Mrs. Henry Sears, & Mrs. Robert McBride and Mrs. John Anderson and Mrs. Ernest Medkief were tea guests.

Members present were Mesdames W. J. Stanford, Glenn Snyder, W. L. Davis, Woodrow Ireland, C. H. Dyar and the hostess.

Farmers Must Keep Record in Order To File Accurate Income Tax Return

Five times as many Texas farmers will file income tax returns come March 15 as filed last year, W. A. Thomas of Dallas, collector of Internal Revenue, estimates.

With 1942's bumper crops and lowered exemptions thousands of farmers all over the State will get their first taste of income tax bookkeeping.

Married men with a gross income of \$1,200 are caught by the new law. In the case of single men, the whittling starts at \$500.

Must File Returns

"Some farm people who fall under these deadlines won't be required to pay a tax, but the returns must be filed just the same," Thomas pointed out.

It won't be tough on the farmer who has been keeping books or even the one who has saved such memoranda as cancelled checks, bills and statements. It will be tough on some of the others.

Farmers have their choice of filing their returns on either a cash receipt and disbursement basis or on an accrual basis, Thomas said.

"However," he added, "whichever basis is originally used must be followed until the consent of the commissioner of Internal Revenue is received to compute income and expenses upon a new basis.

Farm Records Necessary

"If the report is to be made on a cash basis, farm records of cash receipts and cash expenses, inventories of buildings, fences machinery and tools for the purpose of estimating the amount of depreciation are needed.

"All of these records are needed when reporting on the accrual basis, plus records of accounts receivable, accounts payable and complete inventory of livestock, feeds and other farm supplies.

According to Thomas, these items should be included in farm income when figured on a cash basis:

Items To Be Reported

Amount of cash or the value of merchandise or other property received from the sale of livestock raised during the taxable year or in prior years; the same for livestock products, crops and other farm products raised or produced and sold; the profits from sale of any livestock or other farm products which were purchased; and, other miscellaneous farm income such as work off the farm, AAA payments, rent collected and oil royalties.

As For Deductible Items:

"They are, in general," Thomas said, "all expenses necessary in operation of the farm as a business enterprise. Included are hired labor, supplies used for production, such as feed, fertilizer, seed and containers, certain taxes, insurance paid in connection with farm operations, interest paid arising out of farm business, cash rent paid and depreciation on farm buildings, machinery and equipment."

ACCURAL BASIS EXPLAINED

When the accrual basis is used

No Fooling

Boysish haircut and masculine attire were not intended to fool anyone, Miss Evelyn Bross, 19, explained in women's court, Chicago. She merely thought the garb fitting for her work as a drill press operator, and never posed as anything but a girl.

in making returns, the allowable expenses include all expenses for that year's business only, whether these expenses were paid or incurred but unpaid, Thomas pointed out.

As for the 1943 income, the farmer will be required to pay the new victory tax in addition to the normal tax and surtax. In the case of farmers the victory tax will be paid along with their regular income tax in 1943.

"Starting a bookkeeping system now won't be of any value in filing '42 returns," Thomas said, "but I suggest that they will find it very valuable for '43 returns—and in future years."

See How They Run!

"Three blind mice"
 "Three blind mice"
 Only this time it's four white mice. All of them are in the science room. No, I'm not talking about any of the pupils, either. They are actual "mice"! They are the pets of Mrs. Adams and her science classes. These white mice certainly believe in the old adage, "Variety is the spice of life," because they really have variety in their diet. They eat green vegetables, fresh fruits, grain, water, milk, and cod liver oil and flour. They even are going to be better prepared for meat rationing than the rest of us. The mice only get meat once a week.

If you would like to have a really nice little pet, you might see Mrs. Adams about it. Quite a few of the science students have adopted these little white mice and they report that they are really good pets. If you doubt the ability of a white mouse to be a good pet, you might talk to Jessie Ann Buckner. She has one as a pet. His name is "Whiskers", and he is very playful. If you are not too busy sometime and would like to, go up and see these pets of the science classes.

The following are a few examples of the mistakes made on mid-term examinations. Also it explains why teachers get that way:

- To protect the North American Indians, the Government has put them in reservoirs.
- In the West the farming is mostly done by irritating the land.
- A Socialist is a man who goes to parties all the time.
- A myth is a female moth.
- A brunette is a young bear.
- Immortality is running away with another man's wife.
- A blizzard is the inside of a chicken.
- An optimist is a man who looks after your eyes; a pessimist is a man who looks after your feet.
- Edison was the inventor of the indecent lamp.

Prince Hereford
 Hi, kids! what's new this week? I haven't heard much because it seems as though the students of Hereford High have all been moaning and groaning over the grades they received on their report cards, but everyone must realize he can't mix love and studies. If you don't believe me, ask George L. and Frances.

Mr. Kinard and Mr. Hudson have really been hustling around. It seems as though most of the Seniors and a lot of the Freshmen, Sophomores and Juniors are having to change schedules. I surely hope all the kids get to take what they want to because it is very disheartening to hear them fussing over having to take "that old stuff."

Say, I wonder if Margaret Barrett got that A in English and civics that she worked so hard for. Let's hope there's one lucky Senior anyway.

Mr. Smith is thoroughly disgusted with the grades the band students made on their examinations. It seems as if the band can't read the music; but when it comes time to explain it, their minds become blanks. Have you noticed that brand new shiny coupe that Donald Roberson and Paul Dishman have been driving? It's just super and talk about modern gadgets, well their just isn't anything like it. Get what I mean?

I am wondering if Red Merrill and Lloyd Manjeot passed their Agriculture tests on which they crammed so hard. If you call reading "Esquires" cramming.

I heard Miss Hall say she would surely be glad to get rid of that Pre-Flight class cause they didn't know much about it and she knew even less than they did. But with a little cooperation on the part of each student and the teacher, the course was finished.

Well, it seems as though I have run out of gossip and I hope I haven't bored you too much with this idle chatter of mine. So long.

Physical Fitness

The Physical Fitness Program instituted in Hereford High School last year by the Tri-Hi-Y cannot be over emphasized. Last Spring the Tri-Hi-Y sponsored a program which informed citizens of Hereford how to keep physically fit. To date, there has not been a very definite response on the part of the townspeople. While the program aimed more directly at students than at townspeople, it would be a good idea for everyone, no matter what his age, to try to keep physically fit. It is absolutely necessary that each citizen be able to do his best during wartime, and the first essential of good work is physical fitness.

There are certain definite rules one must abide by if he is to keep physically fit. The most important is to get plenty of the right kind of exercise. There are numerous articles in newspapers and magazines which tell the reader what exercise he must do to keep physically fit. Generally speaking, the aim of exercise is to stimulate one's body, not build big, bulging muscles.

The second most important item is the right kind of food. The kind of food that will keep one physically fit is not usually the kind he likes best. A gain reference is made to magazine articles which tell which foods are essential to physical fitness.

The third requisite of physical fitness is plenty of sleep. When one sleeps, his body has a chance to recuperate, to build itself up again after a day of strenuous work. Scientists tell us that we are the best judge of how much sleep we need. Don't try to get too much sleep; but above all, be sure we get enough. Fresh air, plenty of water, a clean body, and a clean mind have their place in keeping physically fit, too. Each of these is important to physical fitness, and not one of them can be eliminated.

Now, that you have once more been briefly acquainted with the requisites of physical fitness, won't you try to apply them and become as healthy as possible? Remember that the work of everyone is vitally necessary to our total war output and that you must be able to do the work.

Jokes

Miss Rigler: I asked you to write about the funniest thing you ever saw. Why have you handed in this blank paper?
 Gerald Smith: The funniest thing I ever saw was too funny for words.

Lloyd Manjeot: Yes, sir, when that bear chased me I jumped for a limb twice as high as my head and missed it.
 Cowan Scott: That was tough luck. How did you escape?
 Lloyd: No, I missed the limb going up, but grabbed it coming down.

Miss Crawford: Joe, define the subject and predicate.
 Joe Bishop: The subject is what does the predicate and the predicate is what the subject does.

John Pittman: Say, how much are your six dollar shoes?
 Salesman: Three dollars a foot.

Wallace Huff: I know a man who threw a clock out the window to see it fly.
 Edward Roberson: That's nothing I saw a man put iodine on his pay envelope, because he got a cut.

Miss Davies: I wonder if you would be so kind as to weigh this package for me?
 Butcher: Why, certainly; it weighs exactly three and a quarter pounds.

Miss Davies: Thank you, it contains the bones you sent to the Home Ec lab in that four-pound roast yesterday.

With the Romeos off to war there're lots of lonely misses; Wonder if the government will have to ration kisses?

I think that I shall never see A "D" as lovely as a "B"— A "B" whose rounded form is pressed Upon the records of the blessed. A "D" comes easily—and yet, It isn't easy to forget: "D's" are made by fools like me, But only God could make a "B".

Senior Personalities

Margaret Barrett came to Hereford from Wendall High School, Wendall, Idaho, in her sophomore year. Since she has been here, she has taken part in a variety of activities. She has been a member of the band for four years, orchestra one year, Tri-Hi-Y, of which she is program chairman, for two years, honor society, one year. During her Junior year, she was vice-president, then president of her class.

Margaret is five feet, five inches tall, weighs 114 pounds, has brown hair and brown eyes. She has too many likes to mention and not enough dislikes. Her hobbies are music and reading. Even though she is from Idaho, Margaret can be considered as good a Texan as any one, even to the "you all." Of course, she differs in one respect; she is still a Republican!

The "tallest" senior girl is none other than Virginia Curtis-singer. She is probably the "youngest" too. Virginia was born in Hereford on June 20, 1927. She says she has quit measuring. Virginia has brown eyes, brown hair and weighs 140 pounds.

Virginia's hobbies are keeping a diary and raising chickens. Her favorite sports are bicycling and baseball. Her favorite food seems to be ice cream and her song is "Shepherd Serenade."

Virginia wants to attend a business school either in Amarillo or in Martinez, Calif. after she graduates and this leads up to why her ambition is to work in an office and why her favorite subject is Shorthand.

On May 13, 1926 in Amarillo, Texas "Muggins," to you Margaret Olson, opened her big brown eyes for the first time.

Muggins now lives in the age of 1943 and still has brown eyes and not only eyes but brown hair. She is five feet seven and one-half inches tall, and weighs 140 pounds.

Her hobby is collecting twin pictures and her ambition is to go to Trinity, and that is where she intends to attend college.

During her Sophomore year she was the Tri-Hi-Y reporter. In her junior and senior years, she has been an office assistant and holds the office of Tri-Hi-Y President.

Like everyone else her favorite sports seem to be football and basketball.

Margaret has been a member of the Tri-Hi-Y four years, Pep Club four years, Youth Council 2 years, Staff one year, F. H. T. and Honor Society one year.

As all other Seniors she has favorite foods. Hers are ham and baked beans.

Kenneth Rudd's favorite hobbies are tennis, horseback riding, and a general mixture of other things. His favorite sport is football; his favorite song is "Texas our Texas"; his favorite food is cake and his favorite subject is Chemistry.

Kenneth was born in Hereford on January 3, 1926. He is five feet and eleven inches, weighs 165 pounds and has brown eyes and brown hair.

He has been an active member of the F. F. A. for four years. Besides being in F. F. A., he has played football two years and he lettered in football one year. Kenneth had the honor of being a member of the Honor Society too this year.

When Kenneth graduates he wants to go to college but not till the war is over and he is undecided as to where he wants to go. His ambition is to do large scale farming and ranching.

Hardy Benson has the privilege of being in the Honor Society this year. Outside of keeping up his studies, Hardy builds model airplanes. His ambition is to be an aeronautical engineer. He is another blue eyed boy and is six feet tall and weighs 165 pounds. Hardy's favorite subject is Pre-Flight; his favorite sport, football; his song—"Daybreak", and his favorite food is apple pie. Hardy plans to attend college at Texas A. & M. where his fellow students will probably make use of his nickname, Hard Ben.

Home Room Groups Have Directed Study

"Something new has been added." Yes, H. H. S. has added something new. Perhaps you Room Guidance. The purpose of have heard of it. It is the Home this is to improve the guidance program of the school. The program can be divided into classes, the ethical training and the vocational training. The first or ethical training will consist of a study of the Code of Ethics, the principles, the ideals, and the traditions of H. H. S. so that all may understand them. Also, in the part of the plan the Freshmen and Sophomores will receive guidance in the future selection of electives. The second part or vocational training deals directly with the choice of vocation, education required, and other problems confronting young people in the selection of their life work. In this, a study of colleges will be made. The adjustment of oneself to college life, the financial part of college, and the various activities of college life will be discussed.

The discussions will be every Monday and occasionally on other days. Individual help will be given by teachers to those desiring a better and wider knowledge of a particular vocation, college, or other items. This Home Room Guidance is to supplement the occupations course. The course reaches only about 10 per cent of the student body. Home Room Guidance is for the benefit of the individual and its success will depend largely on student response.

Central Chatter

Joyce Homer is back with 7A. We are happy to have her. We are sorry to lose Helen Horton who withdrew to go to Lubbock.

Barbara Christoph has withdrawn from 6A.

Miss Burkett has given orders for Jimmy to wring Blackie's neck if he can catch him. Yes, he is back again. He intends to get educated because he comes in during mid-term exams. The teachers don't like it and I think you can guess why.

Basketball Season Begins With Bang

The Hereford Whitefaces tangled last Friday night with the Dimmitt Bobcats in a two game struggle.

The first game was nearly all Dimmitt with a score of six points for Hereford. The starters for their game were Manjeot, Orr, Hussey, Olson and London. Substitutes were Hickman and Robinson.

The second game was nip and tuck all the way. At the end of the first half, Dimmitt was leading by a score of 5-2. Hereford's two points were scored by Roberson. The second half was very tense and exciting. At the end of the game the score was 12-12. There was an additional 2 minute period to play off the tie. Weems made 2 more points, and Dimmitt made 1. According to these figures, Hereford won 14-13. The starters for the second game were Weems, scoring 6 points; Dameron, not scoring; Hill, scoring 4 points; and Hickman and Manjeot neither scoring.

These teams have made a good showing to begin the season. Say! fellows, how about winning district? The Whitefaces did it last year; there is no reason why you can't win this year.

New Courses Offered

There are several new subjects to be offered the next semester. For those who took community civics, occupations is offered. For the advanced civics students, economics, Texas History, or advanced algebra is offered. For the boys, a course in advanced arithmetic is to be given. Also there may be a non-credit preinduction course twice a week. Mechanics, electricity, and radio are some of the subjects that will be included in this course.

Don't Just Buy War Bonds . . .

Keep Them

Don't cash in a War Bond or Stamp after you acquire it. That defeats the whole purpose of the bond and comes under the head of giving aid to the enemy.

If you have a War Bond, and you should have, it is just as much a duty to keep it as it was to buy originally. Besides, every day you keep your War Bonds the interest increases.

Tire Inspection Deadlines Set Feb. 28-Mar. 31

Though radio announcements early last week told of the extension of tire inspection dates, the Deaf Smith County had no official notification of the change in date until this week when a memorandum from the district office advised that holders of "A" cards must have their tire inspection by March 31 and holders of "B", "C" and "T" ration books must have tires inspected by Feb. 28.

According to the regional office, after Feb. 28, no local board may issue a certificate for tires, tubes or recapping services for a commercial vehicle unless the vehicle has been duly inspected and approved by an authorized inspector of the Office of Price Administration every 60 days or every 5,000 miles, whichever occurs first.

Local tire inspectors have been notified of the change in inspection dates.

Original tire inspection deadlines were Jan. 15 for holders of commercial ration books and Jan. 31 for holders of passenger books.

CIVIC CHORUS TO MEET MONDAY NIGHT

The meeting of the Hereford Civic Chorus scheduled for last Monday was postponed, due to adverse weather conditions, and will be held Monday night, Jan. 25, according to announcements today.

Summerfield

MRS. JIM CLARK

We have just experienced one of those "Russian Winters", we think. The wind started blowing Saturday afternoon from the north and continued colder and colder with snow flurries. Reports Tuesday morning were that the temperature had reached a low of ten below zero. By Wednesday noon however there were hopes that we would soon have warmer weather.

School attendance has been slack because of the extremely cold weather. One has failed to start Tuesday morning and

ble for the local office to go forward with the measuring of wheat land until the measurements for general performance are taken, and about 100 farmers in the county have not yet turned in general land measurements.

very few cars were started until late in the day.

Sunday School attendance was only 40 this week.

On the sick list the first of the week were Betty Noland, Carolyn Lance and Genelle Carter.

The W. M. U. met Wednesday for a missionary program on "A Witness to the Light". Mrs. Jim Clark leader of the program was assisted by Mrs. J. E. Noland who gave the Bible topic and Mrs. Ky Lawrence and Mrs. M. D. Rexrode.

During the business session the president presented each member a new year book.

The next meeting will be an all day meeting on Jan. 27, beginning at 11:30. Mrs. D. C. Walser will conduct a review of the past two months. Bible readings before noon. The afternoon will be spent in mission study. Mrs. M. D. Rexrode will teach the book, "New Nigeria". All members are urged to be present for this day of study.

Tandy Legg, who works at Pantex, spent the week end with Mrs. Legg and children.

Pvt. Thurman Atchley of Dalhart was also home over the week-end. He is the son of Mr. and Mrs. B. A. Atchley.

Jack Streun, Roy Suttles, M. D. Rexrode, C. R. Walser and D. C. Walser attended a stock

sale in Clovis one day last week. Streun, Suttles, and C. R. Walser bought saddle horses.

C. R. Walser and D. C. Walser visited their brother and uncle, Claud Walser, in Amarillo recently.

Mrs. Bill Turner is visiting her parents Mr. and Mrs. Roy Coker.
