We may turn into a nation of "Mr. Five by Fives" if coffee rationing comes through as planned. It's this way: regulations state that coffee may not be served except as part of a meal—which might turn out to mean about five or six meals a day for a real toper, which would be rough on the national figure and might result in further shortages, further rationing, etc., etc.

Wm. McGehee wouldn't intimate that certain fellows are stingy, but anyway he tells this one on Jesse Stanford, Robert Thompson, Rev. M. M. Beavers and Sylvester Slagle, who attended the Methodist conference in Sweetwater recently and who impressed the bellhops in their hotel by the tips they failed to give. In fact Mr. McGehee says, one bellhop stated that these Hereford gentlemen arrived with \$10 and the Ten Commandments, and had not broken either one.

The Boy Scouts have contributed 232 bottles of milk to the Central School Cafeteria as a Thanksgiving gift, and according to cafeteria sponsors it's a big help for the boys to have had their Christmas spirit early (Cont. on page 8, Sec. 1)

Questionnaires Mailed To 18 and 19 Age Groups

With completion of mailing of questionnaires to 18 and 19-year-old selective service registrants, the local board this week issued a statement clarifying the status of youths of these ages who are still in high school or in similar institution of learning.

An 18 or 19 year old registrant who is pursuing a course of study in a high school or in a similar institution of learning and is in the last half of the academic year at such school or institution may have his induction postponed until the end of the academic year on his written request for such a postponement to his local board, spokesmen stated.

"High School or similar institution" is interpreted to mean any institution giving the usual courses of study in the 9th, 10th, 11th or 12th grades and applies only to those grades in such schools and to the 9th grade taught in elementary or grammar schools and the 11th and 12th taught in junior colleges. It does not apply to elementary or grammar school of to university or college level work.

The academic year is that period of study between the opening of school in the autumn and the close of the term the following spring.

Registrants are reminded that they should return questionnaires to the local board within ten days after receiving them.

More Buttons Are Needed By Red Cross

Mrs. Ernest Medkief, local Red Cross sewing chairman, says that still more buttons are needed for the Red Cross.

Many responded to the call made last week for buttons but there is not enough to complete the number of garments now underway. Any kind of button can be used and an urgent request is being made to Hereford housewives to go over all old garments no longer in use, remove the buttons and get them to the Red Cross rooms where they will be put to immediate good use.

Rites Not Set For Pioneer Of Hereford Area

Funeral services have not yet been set for Mrs. A. P. Murchison, who died Sunday at the home of her son, Jowell Murchison, in Orange. Relatives here stated today that the funeral date was being held up pending information from Albert P. Murchison, a son now enroute to officer's training camp and who has not yet been located.

Mrs. Murchison, a daughter of the late George Raliff Jowell, Jr., came to Deaf Smith County in 1887 with her family and had made her home here until about a year ago. The late A. P. Murchison was prominent in banking and ranching enterprises in the Hereford territory.

Classification In Selective Service

Classifications released by the Deaf Smith County Selective Service Board this week included the following:

- 1-A Johnny Henry Jones, Clifton L. Rutherford and Chester E. Dunlap.
- 1-C (Already in Service) Wilbur Warren Davis and Marvin Augustus Goldston.
- 3-B (Having dependents and engaged in vital civilian work) Adam Ernest Schehagen.
- 2-C (New classification, includes registrants with no dependents but engaged in essential agricultural occupation) George William Ward.
- 3-C (New classification, includes registrants with dependents and engaged in essential agricultural occupation) Marvin Elmer Morrison.

Placed in classification 2-B for six months on order of Appeal Board No. 9, Amarillo, Richard A. Muller.

Placed in classification 3-A on order of Appeal Board No. 9, Amarillo, Jack Lowry.

Both these men had previously been classified 1-A by the local board.

St. Anthony's To Have Mission Service Series

The Rev. Arthur Tompe, O. F. M., missionary and retreat master and chaplain of Catholic students at Kansas State Teachers College, Emporia, Kan., will be in Hereford from Nov. 29 to Dec. 6, when he will conduct a mission at St. Anthony's Church the Rev. Nathaniel Madden, S. A., pastor, announced today.

The Emporia priest has given missions and retreats in 14 different states and specializes in work with young people's groups. Ever since his ordination in 1933 he has been engaged in youth work.

- Sermon topics of the mission by Father Arthur are as follows:
- Sunday night: "What Are You Shooting At?"
 - Monday night: "The Only Evil"
 - Tuesday night: "Boy Meets Girl"
 - Wednesday night: "Cornerstone of Society"
 - Thursday night: "God With Us"
 - Friday night: "Who Heareth You, Hearth Me"
 - Saturday night: "Mother of All"
 - Closing service: "Follow Through"

30-Day Cool Off Period Fixed by ODT

Truck Operators who have already received their certificate of war necessity, from the Office of Defense Transportation were reminded this week that no appeal can be filed until 30 days after the certificate is received and that there is no point in burning gas and wearing out tires by rushing to the district ODT office to protest regulations on the certificate.

General feeling here is that some of the certificates already received will work gross hardship on the farm and ranch operators involved and that if present rulings are carried out, the only alternative offered to the agricultural operator is to cut down production—which would seem to be exactly contrary to a government policy of feeding our allies now and the entire world after the war. However, ODT press releases insist that, while there may have been a few mistakes on the certificates, they are for the most part correct and in line with the application filled out by the operator.

Rationed Coffee Sale To Start November 29

Hereford grocery merchants reported this week that a standing joke with customers was to order "a pound of coffee" with every grocery list. But though coffee sales have been frozen through Saturday night to allow grocers to accumulate a stock, sales under rationing will begin on Nov. 29.

One pound of roasted coffee will be allowed between Nov. 29 and January 3, 1943, for each consumer whose age is recorded as 15 years or more on his sugar ration book. Persons who have attained the age of 15 years since the ration book was issued are not eligible to purchase coffee. All sales will be made on sugar coupons.

Sales to institutional users were being allowed this week after the users received their allotments from the War Price and Rationing Board. They may register with the board any day this week.

Restaurants, hospitals and other such institutions will be entitled to as much coffee during the first two months of rationing as they used during September and October. The allotment for a restaurant or other such business not operating during September or October will be two pounds of coffee for each 60 meals served during the allotment period.

However, ration board officials warn, "A cup of coffee, unless served with a food item other than milk, cream or sugar will not be regarded as constituting a meal."

The coffee supply is going to be adequate during this first ration period, but the problem of distribution will be relieved considerably if purchasers will start out by buying only the quantity needed immediately, such as one pound at a time for a family. Consumers who have coffee on hand also are asked not to buy any coffee until it is needed. This will help in the distribution.

All dealers and wholesalers must report to the local War Price and Rationing Board by Dec. 21 the amount of the dealer's inventory at the start of rationing and the manner in which this quantity of coffee was obtained. Forms for such reports will be made available at the War Price and Rationing Board.

War Bond Sales

This is the time of year when our minds turn to Thanksgiving. It is an easy matter perhaps under conditions such as we have now that we might overlook the things that we should be thankful for.

We as your committee on Bond Sales are thankful that we have had conditions in our country which have made it possible for our people to buy bonds so liberally, and we are thankful that we have a citizenship who want to do their part and have proven this in their response to the call.

We want to remind each of you again that this county has met each and every quota given them up to and including the month of October, in fact most of the quotas have been oversubscribed by a substantial amount.

Bond Sales the first half of the month of November were slightly under one-half of the monthly quota of \$21,600.00. We would like to urge you again to keep this in mind and let's keep the county record clear through the months of November and December.

J. C. Ricketts,
County Chairman,
War Bond Sales Committee.

Community Meet Draws Good Crowd To Hear Varied War-Effort Program

A group of interested citizens attended the community meeting held Monday night in the district courtroom where they heard a talk on rationing and civilian defense by Judge A. J. Schroeter, a reading of Edna St. Vincent Millay's poem, "Murder of Lidice," by Miss Katherine Kirby, and a recruiting talk from Lt. Rose Smothers of the WAAC.

The meeting was sponsored by the Hereford B & FW Club. Pointing out that the true purpose of rationing is an apportionment of scarce materials so that all persons receive a fair share, Judge Schroeter gave a brief outline on why certain materials are scarce and the need for voluntary rationing on certain materials to precede government control, which is necessary but requires time to organize. In outlining the local civilian defense set-up, Judge Schroeter stated that the general purpose has been to tailor national and state plans to fit local needs and pointed out certain achievements of the county civilian defense committee and the various sub-committees—such as salvage, health, housing and bond selling.

Miss Kirby's reading of the Millay poem brought home graphically to her audience the horrible fate of the Czech village which was burned and its people killed or imprisoned in Germany for supposed connection with the death of the hangman, Heydrich. The poet's plea that fortunate America turn every effort into the War to prevent the fate of Lidice being repeated in this country was brought out strongly in Miss Kirby's conclusion of the reading.

Emphasizing that the sole purpose of rationing is an apportionment of scarce materials so that all persons receive a fair share, Judge Schroeter gave a brief outline on why certain materials are scarce and the need for voluntary rationing on certain materials to precede government control, which is necessary but requires time to organize. In outlining the local civilian defense set-up, Judge Schroeter stated that the general purpose has been to tailor national and state plans to fit local needs and pointed out certain achievements of the county civilian defense committee and the various sub-committees—such as salvage, health, housing and bond selling.

Application Blanks For Gas For Special Purpose Use Available Here Now

Registration for gasoline for non-highway use is now in progress at the rationing office at the courthouse and persons having home equipment (irons, clothes, lamps, etc.) which use gasoline for fuel are advised to come by the office and fill out the special purpose application form, R-552.

Application forms must also be filled out for gasoline for use with tractors and other farm machinery.

Presbyterians Meet Friday Night, 7:15

Presbyterians were reminded this week of the annual meeting scheduled for Friday night at 7:15, at which church members will adopt a budget for the coming fiscal year.

The meeting will be in the form of a covered dish supper and a program will be given by children of the primary, junior and intermediate departments under the direction of Mrs. G. M. Hudson.

Block Captains For Civilian Defense Organization Named

War Bond Sales

Block captains were named this week for most areas in Hereford to carry out the proposed new civilian defense organization whereby each block organizes to gain necessary information on voluntary rationing; to arrange "share-the-ride" plans and to work out systems for sharing certain scarce mechanical and household equipment.

In announcing the list, County Judge A. J. Schroeter stated that more names will be added and that block captains will be notified soon of the precise nature of their duties.

Leaders named were Mesdames J. T. Gilbreath, Jr., Allen Powelson, C. C. Acker, Jno. D. Burkett, Frank Gyles, Ross Speer, Jimmy Alken, Hall Beavers, J. R. Lipscomb, Mont Baker, W. L. Alexander, F. E. Bowe, A. H. Elliston, Homer Fox, H. G. Conkright, Cecil Wilkins, W. H. Russell, C. B. Williams, John Albracht, S. B. Walker, Ernest Medkief, F. L. Lucas, J. L. Fuqua, Ralph Smith, O. G. Hill, Glenn Snyder, Ralph McCullough, J. H. Channer, Wirt Phillips, Doyle Rose, Wallace Cox, Harry Whitechurch, W. E. Barnes, Jesse Stanford, W. L. Davis, T. W. Roberson, B. R. Dixon, Jack Hagar, and Bill Knox and Misses Madeline Bell and Maude Malone, all in the original town of Hereford.

EVANTS: Mesdames R. G. Blue, W. E. Dunlap, Lorraine Sisk, Clay Ridgeway, Jeff Roberson, N. E. Milburn, Bill Hromas, T. F. McCollister, Urlin S. Feu, E. W. Harrison, H. H. Marshall, A. J. Schroeter and Geo. Pace.

Community Meet Draws Good Crowd To Hear Varied War-Effort Program

1,381 Sign Up For "A" Ration Books Last Week

Through Saturday, the official day for gas rationing applications, 1381 persons had applied for the basic "A" gas ration book, and ration board members expected the total to reach somewhere between 1450 and 1500 as late applicants continued to sign up this week.

Applications from rural residents and from other persons unable to come to the high school on Saturday were accepted all last week at the rationing office, where the two secretaries of the board and volunteer workers had a real rush on Thursday and Friday. Friday night, the office was open until 10:30, and altogether the registration at the rationing office signed up 792 applicants last week, with registration at the high school Saturday bringing in 589 more.

Ration board officials expressed their sincere thanks to Supt. Knox Kinard and his efficient group of teachers and to the many volunteers who assisted with the work.

"We couldn't attempt to name all the people who helped us with this big job," members state, "But we want everyone of you to know that we appreciate the help and thank you did a fine job. We also want to say that the public has co-operated splendidly and that this has done a lot to make our work easier."

Lunch Room Supervisor Has Office in Hereford

Mrs. Naomi Austin took up her duties this week as W. P. A. lunch room supervisor in Bailey, Castro and Deaf Smith Counties.

Mrs. Austin, who has been in Hereford for several weeks and has been employed at the local AAA office, will maintain her permanent headquarters in the county welfare office in the courthouse in Hereford, though she will maintain a regular schedule of visits to other counties in the district.

Mail Christmas Packages Early—By December 1st

The Post Office Department is serious about the "Mail Early" campaign this Christmas season, according to Postmaster J. R. Lipscomb who states that mail volume all over the Nation in the past two months indicates an unprecedented rush this year on the already over-taxed postal and transportation systems.

Post office officials are urging that Christmas packages be in the mails by Dec. 1 to assure delivery by Christmas and point out that under present conditions only very early mailing can assure delivery by Dec. 25.

Don't Hoard Extra Tires; It Just Doesn't Pay

Though the response has been good to the government's request that motorists turn in all extra passenger type tires, there are still a few car owners in the county who have such tires, and they were warned again this week that these tires absolutely must be turned in by Dec. 1.

After that date, rationing officials point out, the owner of extra tires will not be able to sell them. Also, because of tire inspection provisions in the mileage rationing program, he will not be able to use them on his car. And to make the position of the hoarder thoroughly uncomfortable, he is liable to a heavy fine for his attempt to "get around" government regulations.

So if you, Mr. Motorist, still have some extra passenger type tires, there is just one course open. Turn them in immediately at the Railway Express Company, where you will get a receipt and the government will make payment for the tires.

Victory Service League Aims To "Save Wheels That Serve America"

Organized primarily to assure conservation of privately-owned cars and trucks, the Victory Service League, under the sponsorship of Chevrolet Motor Division of General Motors, will have its local organization at Kinsey Motor Company, D. C. Kinsey announced today.

Besides its car conservation plan, the Victory Service League is pledged to help in all national war drives, such as the collection of scrap rubber and metals, war bond drives, etc., according to Mr. Kinsey, who pointed out that only requirements for membership in the VSL are the owning or operating of a motor vehicle and the signing of a pledge agreeing to the car conservation principles underlying the Victory Service League.

A membership card is given each motorist joining the VSL and a League emblem is affixed to his car or truck following a free car conservation inspection, pre-requisite to membership in the Victory Service League.

What makes of a car a motorist drives is of no consequence in this plan. But that he protect his equipment to get the most economical mileage and to prolong the driving life of that vehicle in his country's interest is the important thing.

Betty Jo Kendall Gets Bit In A&M Picture

"Go to college and be a movie extra" could be a brief synopsis of the experience of Miss Betty Jo Kendall, daughter of Mr. and Mrs. Joe Kendall and a freshman at T. S. C. W., Denton, this year.

For Betty Jo was one of about 200 lucky T. S. C. W. students who got a free trip to College Station to provide the feminine angle for the Walter Wanger picture, "We've Never Been Licked," now being filmed at A & M.

The Denton girls came to College Station in buses chartered by the motion picture company, and scenes in which they will appear are their arrival on the A & M campus, a dance at one of the campus buildings and other school scenes.

Betty Jo, thrilled at the prospect of appearing in the movie, called her mother Sunday to tell her of her experience.

Joe Sheppard, Jr. Is Accident Victim

Joe Sheppard, Jr., 13, has been out of school this week following a painful accident Friday. While he was attempting to spade up some hard ground at his home in South Hereford, the spade slipped and one prong went entirely through his right foot. The accident, while not serious, was quite painful, and he will be unable to return to school, where he is in the seventh grade, until Monday.

CHDA NOTES

By Sadie Lee Oliver
Broccoli and cauliflower seed were planted last spring in the frame garden at the Ray J. Coleman home at Messenger. Three balls failed to ruin this garden. Broccoli has been used for months. The cauliflower yield was good.
Brussels sprouts planted in the fall garden did not have time to produce. Mrs. Chris Wegner has grown splendid plants at Progressive.

For the first time in her life, Mrs. H. W. Melton grew head lettuce this fall. She destroyed her early garden and she planted a head variety of lettuce the last week in July. She reports that the heads were sweet and crisp, of a better quality and flavor, than any ever purchased. Of course, the family is enthusiastic about this new experience.
The fall turnips were also of excellent quality.
The one hundred windbreak trees which were set out last spring have lived as did ten shade trees.

LIVER USED TO BE FUNNY
The word "liver" as it has been used so far, applies generally to the livers of all animals commonly used as food. For example a large, well-equipped meat market might carry pig, lamb, and chicken liver as well as the more familiar beef and calf liver. Naturally, not all dealers handle such a variety.

Of the five kinds, pig and beef liver are generally the least expensive. Lamb liver is next. Chicken livers—usually sold only in specialty markets—and

calf liver are the aristocrats, commanding a price of about 70 per cent a pound and may be cooked in much the same ways. Of course, calf liver is tenderer than its lower-priced kin, and its flavor may be more delicate. But if you're interested in getting value for your meat dollar, why not beef liver?

This is especially true if you plan to use liver with muscle meats in loaves, patties, stews or a liver spread such as that described in the recipe section of the April Journal. What you are doing is fortifying beef, veal, etc., with another kind of meat much richer in vitamins and minerals. As the ingredients of such a combination dish are usually ground, you don't need to use especially tender liver.

Incidentally, these combination dishes are really a fine way to serve liver to your family. As you know to your sorrow not everyone likes the characteristic flavor of liver served plain. Your husband or one of the children may refuse to eat it broiled or sautéed.

Well, combination dishes are a way out. Liver is so rich in vitamins and minerals that a little does a lot. Why not avoid meal time trouble by mixing it with other meat, and thus keep both peace and correct eating in the household? For the ounce or two of ground liver which Jonny and Dad eat with relish in a hamburger will do them a world of good.

Let's Cook Something

Many housewives are making cookies regularly for boys in the service. Here is a recipe for Peanut Butter Cookies that is a favorite with many soldiers for they stay crisp a long time and are good to the last crumb. Mrs. Clyde Renfro makes them often and is responsible for this recipe which was a favorite with her mother. She also gives you the recipe for Crunchy Pecan Cookies which has been requested by readers of The Hereford Brand.

PEANUT BUTTER COOKIES

- 1 cup white sugar
- 1 cup brown sugar
- 1 cup peanut butter
- 1 cup shortening
- 1 teaspoon vanilla
- 2 teaspoons soda
- 2 eggs
- 3 cups flour

Mix in order given and drop by small spoonfuls on a greased cookie sheet and bake in moderate oven.

CRUNCHY PECAN COOKIES

- 1 cup butter or oleomargarine
- 1/2 cup brown sugar
- 1/2 cup white sugar
- 1 egg yolk
- 1 teaspoon vanilla
- 2 cups flour

Cream butter and sugar thoroughly and add beaten egg yolk, add vanilla and fold in flour beating well. Spread thin on a greased cookie sheet. Beat egg white stiff and spread over dough on sheet. Sprinkle with 1/2 cup chopped pecans and press lightly into egg white. Bake in moderate oven until golden brown and cut in squares while still warm.

Miss Kirby Presents Program For Members Of Calliopean Club

Miss Katherine Kirby presented the program for Calliopean Club members at the meeting held Thursday night with Miss Lois McCaslin.

Miss Kirby discussed "Tall Tales of Paul Bunyan" by Esther Shepard. She said in part, "The wonderful adventures of

Paul Bunyan, the lumberjack's Hercules, have been told for years through the great timber belt of the north—how he dug the Columbia River for a log chute to the ocean, built a bunkhouse so tall that the last seven stories had to be put on hinges to let the moon go by, and performed hundreds more of his marvelous feats." "Mrs. Shepard's version of the exploits of Paul Bunyan and his blue ox, Babe, has for years been a classic. This new edi-

tion is lavishly illustrated with 24 full page drawings and numerous smaller ones by Rockwell Kent. Mr. Kent has long been enthusiastic about these books, and his illustrations have the robust and magnificent quality of the stories themselves. Here is the great epic of the American frontier told both in story and picture.

During the business session Miss Mary Jane Morgan was welcomed as a new member of the club.

Those present were Mary Kate Brotherton, Nancy Conkright, Katherine Kirby, Lois McCaslin, Decima Ramey, Mary Jane Morgan, Mesdames J. R. Allison, Alton Fraser, J. E. Kirby, John Sims, Elizabeth Womble, Wayne Evans and Robbie Holston.

Two Clubs Honored At North Hereford H. D. Club Party

Members of two clubs were honor guests when the North Hereford Home Demonstration Club entertained Thursday afternoon at St. Anthony's Hall. Clubs honored were the South Hereford and Progressive Home Demonstration Clubs.

The hall was appropriately decorated throughout and a "get acquainted theme" was carried out throughout the afternoon's entertainment.

Singing of club songs followed, the opening song "Let's Get Acquainted" with Mrs. Merlin Kaul at the piano. Mrs. Earl DeHart, Mrs. Frank Wilde and Mrs. G. A. Frye presented a humorous skit entitled "Aunt Mary's Hard of Hearing". Mrs. Frye conducted the recreational period using a roll call method to answer the question "What Are Your Most Despised Possessions?"

Plans were made for the annual Demonstration Club's Christmas party which will be held at the club house on Dec. 12.

The next regular meeting of the club will be held at the home of Mrs. O. L. Rutherford on Dec. 17, and a Yuletide party will be enjoyed.

After the program a delightful salad plate was served at tables for four to Mesdames G. A. Frye, Fred Barrett, Oscar Vaughn, Fred Saltzman, J. I. Richardson, Bob Fullwood, Earl DeHart, O. L. Rutherford, W. H. Russell, John Miller, Frank Wilde, Ernest Runyon, Geo. Parker, Otto Olson, Carrie Kropff, W. M. Cogdell, J. P. Jordan, M. M. Wilson, Merlin Kaul, Cawthon Bryant, C. R. Lady, Edd Dzuik, Jack Robinson, Ronald Matthews, John Robinson, Chas. Sowell, Felix Urbanczyk, Conrad Urbanczyk.

Otis Foster, Lewis Harvey, Horace Hershey, Pete Carmichael, E. T. Brooks and Misses Evelyn Bell and Sadie Lee Oliver.

Mrs. J. F. Matthews Is Guest Speaker For Lone Star Club

Mrs. J. F. Matthews was guest speaker for the Lone Star Study Club meeting held Tuesday afternoon at the home of Mrs. Earl Phillips.

After roll call on "Foods I Serve Containing Vitamin B-1," Mrs. Matthews spoke on vitamins and nutrition. She mentioned the vitamins we should include in our daily diet and gave statistics to show that one out of every three are below the danger point in nutrition. She also spoke on the preservation of foods and recommended damp sand for storing vegetables, pointing out that if stored in damp sand vegetables do not lose their vitamin value. Members present were Mesdames R. G. Blue, Roger Corbett, O. L. Click, Jack Grady, Homer Henslee, John Jacobsen, Jr., Joe Kendall, C. D. Kelton, Nelson McRight, Guy Newson, A. Petersen, Coy Phillips, Robert Thompson, M. H. Wiseman, Tom Major and the hostess.

Mrs. Clyde Rehmeyer of Amarillo was a guest.

Pioneer Study Club Meets With Mrs. Hill

"Thanksgiving Day" was the subject of an interesting lesson at the Pioneer Study Club meeting held at the home of Mrs. O. G. Hill Tuesday afternoon. Mrs. Frank Terrell was cohostess.

Mrs. Wirt Phillips gave the prayer and Mrs. T. E. Seigler as leader of the program read selections from current magazines dealing with Thanksgiving Day today. Mrs. Seigler told the origin of Thanksgiving Day and read early day proclamations issued by presidents of the United States.

Mrs. R. A. Tynes told of things Americans should be thankful for today.

A business session was held when plans for the annual Christmas party were made. The party will be held in the E. S. Ireland home on Dec. 8. Mrs. Ireland and Mrs. F. M. Kester will be hostesses.

Mrs. F. M. Kester, Mrs. J. E. Beyer and Mrs. T. E. Seigler were named on a nominating committee to select new officers for the club. Those present were Mesdames

H. D. Reed, J. E. Beyer, Noah Ewton, N. E. Gass, J. M. Gilliland, Bob Higgins, E. S. Ireland, J. B. Jones, Ray Johnson, F. M. Kester, Wirt Phillips, T. E. Seigler, Frank Terrell, R. A. Tynes and the hostess.

Recent Bride Is Honored At Shower-Party

Mrs. Wilbur Harman, whose recent marriage occurred here, was named honoree at a post-nuptial shower given at the home of Mrs. S. B. Walker Thursday afternoon. Hostesses included Mesdames Walker, Buri France, Gordon Witherspoon, J. C. Reese, F. M. Campbell, B. E. Brumley, E. Ramey, Elmer Patterson and Bill Knox.

The receiving line was made up of Mrs. Patterson who greeted the guests at the door, Mrs. Walker, the bride, Mrs. R. T. Jenkins of Lariat, mother of the bride, and Mrs. Bob Hammond of Clovis, the bride's sister.

An informal program consisted of appropriate readings and a toast to the bride given by Mrs. Witherspoon and Mrs. Hartland Caraway. Gifts were displayed in attractive groupings about the house.

Pink tapers in crystal candelabra lighted the refreshment table with lace, pink and white flowers and tea dainties in those colors making up table appointments. Mrs. E. Ramey presided at the crystal punch service and Mrs. J. C. Reese was in charge of the guest book.

Attending the gift party were Mesdames E. W. Cawthon, Hartland Caraway, A. J. May, John H. Burnett, H. P. Cooper, E. J. Reynolds, Henry Hastings, C. F. Moore, James Alken, George Griffith, J. B. LET US MAKE THIS A GOOD CHRISTMAS

Our chain of joyous, untroubled Christmases is broken. This Christmas will be different . . . but we can still make it a good one.

All that Christmas means to us is in peril today and may be lost to us unless we dedicate ourselves wholly to the task of winning the war.

We must preserve our Christmas spirit, so it will shine out for all the world to see. This Christmas, of all we have ever known, must be a good Christmas.

NEWS IN THE WORLD OF RELIGION BY W. W. REID

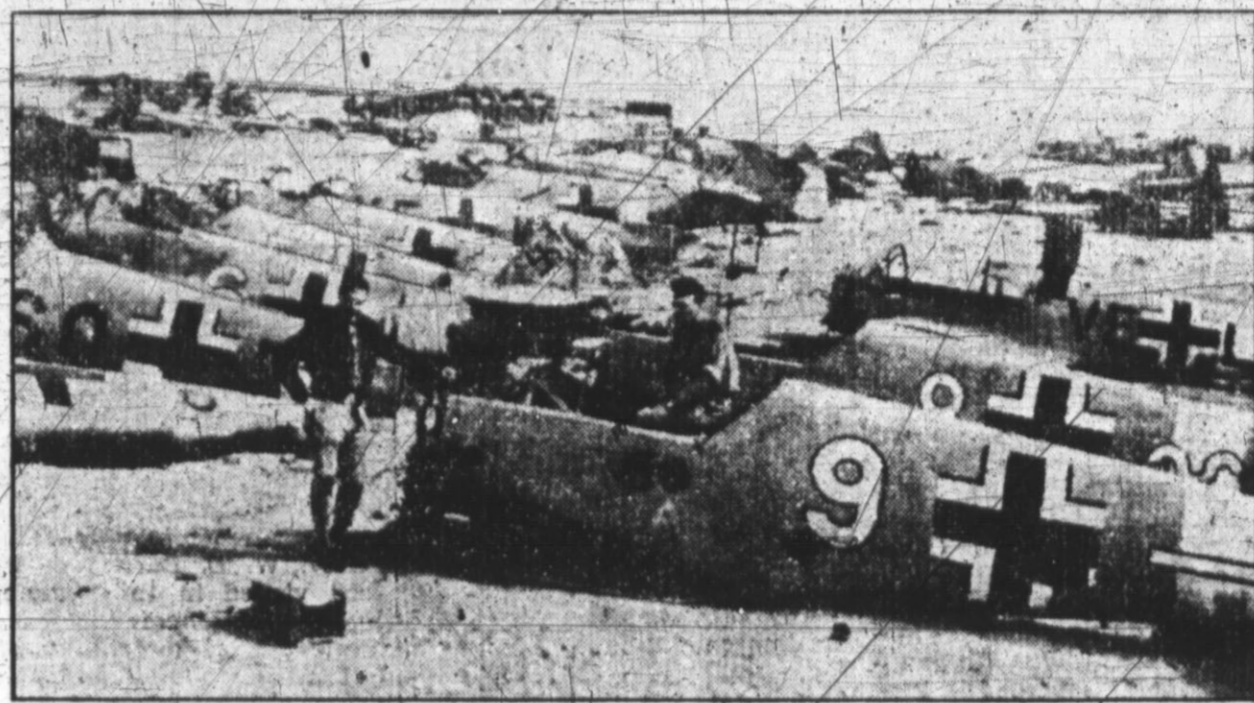

In order to help promote cooperation and understanding between the church and labor, Boston churchmen and industrial leaders have organized the "Church and Labor Committee for Greater Boston." Officers of the Boston chapter of the church league for Industrial Democracy was instrumental in forming the Committee. One of its major plans is to secure labor speakers for church meetings, and clergymen to speak at labor gatherings. It is hoped that this type of committee can be established in some other American cities, for there is a feeling among church leaders that one of the weakest links in American life is the tie-up between organized Christianity and organized labor.

During the last 15 months, the American Bible Society has sent 17,000 copies, 658,240 New Testaments and 361,466 Gospel portions. Chaplains in the Army and Navy for distribution to men in the services overseas and at home. During this period, a new issue of the New Testament was produced for the Merchant Marine—similar to the Navy Testament but bearing the Merchant Marine insignia.

According to Dr. Ralph E. Diefenbarger, of the Board of Missions of the Methodist Church, the war has caused the withdrawal of Methodist missionaries from India, East Africa, the Belgian Congo, Southern Rhodesia, Cuba, Central America, Brazil, Argentina, Uruguay, Bolivia, Chile, or West China. "In fact," he says, "many missionaries temporarily out of Africa, Occupied China, and Japan have been reassigned and are giving their skills and services to the churches and peoples of these other lands. For instance, all our missionaries who were formerly in Burma are now preaching, teaching, or carrying on medical work in India."

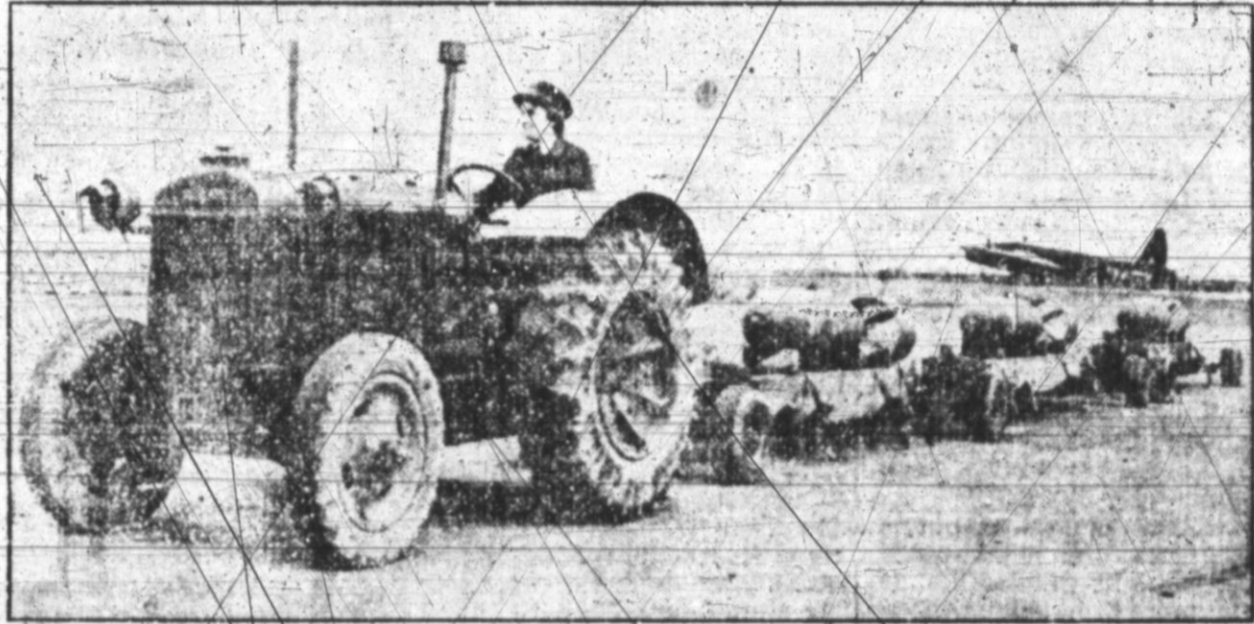

According to the findings of a commission on religious work, reporting recently to the American Protestant Hospital Association, in St. Louis, a majority of medical doctors find a better mental and emotional at-

Hundred Axis Bombers Knocked Out in Egypt

Put out of commission by allied raids at Daba, Egypt, more than 100 axis bombers line the captured airfield. As soon as the Daba airfield was occupied by allied ground forces, scores of fuselages were collected.

WAAFS Assist in 'Bombing Up'

WAAF armorer's assistants are now employed at operational bomber stations, where they assist in "bombing up" for heavy raids on the enemy and prepare and pack ammunition belts for the guns. Here a WAAF drives a train of "movers" to the "bombing up" area.

itude in patients who have religious faith than in those who do not. "The patient who has faith in his church has a much brighter mental attitude, is better able to cope with pain, has more interest in recovery, and cooperates more than one who does not." is the general feeling of physicians. That there should be more consultation between physician and clergyman, and the development of cooperation and confidence between them, looking toward the betterment of the attitude and spirit of the patient, seems to be generally accepted by both professions.

The Christian churches of the United States and of Great Britain are united in war aims and in their war aims, according to Walter W. Van Kirk, Federal Council of the Churches of Christ in America. "The churches are united," he says, "in a determination to win the present war, second, that the peace terms must not reflect any spirit of bitterness or hatred; third that there must be a new and better future for all present colonies. Also, according to Dr. Van Kirk, the churches are agreed that "the church's distinctive task is that of evangelism, the strengthening of the bonds of Christian fellowship, and the ministry of reconciliation. They are agreed that the shape of things to come must be influenced by the Christian conception of the dignity of man as a child of God. They are agreed that political and economic reconstruction apart from social justice and spiritual regeneration will not avail to cre-

ate the kind of post-war world for which Christians pray."

The China International Family Relief Committee, of which the Rev. C. Bertram Ruppe, of Chicago, Methodist missionary to Chungking, is chairman, is cooperating with the Nationalist Government of China in carrying out a number of extensive irrigation and canal projects in five countries of Free China. The government furnishes the funds, and the International Committee the engineers and other personnel. Recently this group opened at Santai a large canal with three locks; they raise boats sixty feet and take them around dangerous rapids in the river which formerly was notorious for its wrecks. Other irrigation projects are helping increase wheat and rice production by 40 per cent. The committee has also organized 140 cooperative societies and is carrying on rehabilitation work among families of soldiers who lost their lives in the present war.

Francis B. Sayer, former High Commissioner of the Philippines, and noted Presbyterian layman, said recently: "We are in a desperate fight today to defend human freedom against the determined attack of ruthless barbarians who, with utter contempt for humanity, would establish themselves as lords of the earth. For the defense of human freedom, no price can be too great. Freedom for the souls of men far outweighs any possible material cost. In such a struggle, the forces of religion have a momentous stake. Whatever concerns mankind is of vital interest to religion."

More than 1,000 communities across the United States are "critical defense areas" and one of the major problems in these places is the care of the children, especially those whose mothers are forced to leave them somewhere all day while at work. Many churches are concerned with this situation and are endeavoring to meet the needs of the children. The rural village of Windham, O., is being expanded into a small city by war industries. The Congregational and Methodist churches of Windham have united their efforts in maintaining a nursery and medical center for the children. In Baltimore, Mrs. Charles Wade, a Negro Methodist minister's wife, carries on an interdenominational work among seven children, including a day nursery supported by Negroes and served by volunteer Negro physicians and nurses. Hundreds of other communities, however, are still without such church provision for the children.

According to a recent hospital survey made in the fifteen provinces of Free China, which has now some 150,000,000 civilian inhabitants, there are only 130 hospitals to care for the wounded, the victims of air raids, the victims of epidemics, and the general illness of this vast population. Of these hospitals, 113 are conducted by Protestant or Catholic missionaries, representing churches in America and in Europe—the latter now supported mainly from America. In order to help maintain these civilian hospitals through this war period, the Church Committee for China Relief (supported by American churches) is paying for

free beds for destitute patients, furnishing medicines for the poor, and granting subsidies of rice for Chinese doctors and nurses.

One hundred years ago, in the city of Stavanger, Norway, the Norwegian Missionary Society was formed—the union of some sixty small mission groups. War conditions will not permit a centennial anniversary in Norway this year, but the work and the results of the work of the century still go on in Madagascar, the Sudan, in central China, and in South Africa. The 185 missionaries of this Society have been "orphaned" by the war, being unable to secure funds for their work from the homeland. But the missions are being supported by friends in the United States and Great Britain.

"Agriculture and theology mix well among the Zulus in South Africa," says the Rev. Henry A. Stick, missionary in Natal. He says that when the Zulu students who are in training for the Christian ministry at the Adams Mission Station, Natal, were asked what they wanted for Christmas, they unanimously asked for hoes. "They each depend upon their hoe for their living," he says.

When Union Theological Seminary in Mexico City, Mexico, recently began to realize that its program of studies was largely for urban communities while more than 80 per cent of the country's evangelicals live in small villages and attend rural churches, it added a new department to its organization—that of "The Rural Church." The department will have five sections, each under an instructor qualified in his particular field: evangelism, religious education, health, home improvement, and improvement in agriculture. Dr. Ralph A. Felton, rural expert of Drew Theological Seminary, Madison, N. J., was instrumental in having this Rural Church Department established.

Myers To Have Charge of Final Messiah Rehearsal

Predicting one of the best "Messiah" presentations in the history of this community, Miss Marie Mae Swisher, director, today said that Emil F. Myers, guest conductor from Amarillo, will have charge of the final rehearsal here Tuesday evening, Dec. 1, in the auditorium of the Baptist Church. The annual presentation will also be given in the Baptist Church auditorium on Dec. 6 at 8 o'clock.

The chorus will meet Monday evening, 7:30 and the chorus at 8 o'clock. Monday rehearsals will be held in the Methodist Church but final rehearsal and the presentation will be at the Baptist Church," Miss Swisher said.

The presentation is to be shortened this year. Some of the songs and choruses given heretofore will be omitted. Fifty-three singers from Hereford will be joined by delegations from Amarillo and surrounding towns in the annual presentation.

NAME OMITTED FROM FUNERAL LIST

In the account of the funeral of J. A. Hastings which was carried in last week's Brand, the name of Mrs. Jack Wright, a niece of Mr. Hastings, was omitted from the list of survivors. Mr. and Mrs. Wright and daughter, Jackie, attended the Hastings funeral rites in Bolivia.

Interesting Subjects Are Discussed At Club Meeting

"Jewish People" was the lesson topic for the Bay View Club when it met Thursday afternoon at the home of Mrs. Bob Wilson.

Mrs. Knox Kinard led the program with a discussion of "Outstanding Jews in American Life" given by Mesdames Kinard, J. W. Kirby, Paul Mathers and John McLean. Mentioned were an outstanding Rabbi, well known author, a jurist and philanthropist.

Mrs. E. W. Harrison reviewed the book "Henrietta Swood" by Marvin Lowenthal. The book which is in the form of letters, tells the story of the life of an outstanding Jewish woman in America, who became a teacher, author and welfare worker. She was called the most learned Jewess in the United States and in her latter years she edited the complete history of the Jewish people. She also translated many Jewish works and spent her last years in Palestine, giving her entire time to the care of the children who were oppressed by Hitler in the present war.

Ten Famous Contemporary Women" were discussed briefly by Mrs. Essie Cardwell and Mrs. H. G. Conkright. Mrs. Cardwell mentioned Edith Cavell, Lillian D. Wald, Emma Lazarus, Madame Curie and Jane Adams. Mrs. Conkright listed Rose Adams, Madame Schumann Hunk, Ethel Barrymore, Ellen Glasgow and Carrie Jacobs Bond.

The next meeting which is scheduled for Dec. 3, will be in the form of an open meeting at the Presbyterian Church. Club women of the county will be guests and an out-of-town speaker will be featured.

Members attending the meeting were Mesdames D. H. Alexander, H. L. Broadwell, Essie Cardwell, H. G. Conkright, E. W. Harrison, Colby Conkright, G. W. Heard, Knox Kinard, J. W. Kirby, Paul Mathers, John McLean, Clara McLean, John Olson, G. A. F. Parker, F. T. Rolosen, Henry Sears, John P. Slaton, J. W. Spradley and the hostess.

Well Known Hereford Man Is Married In Dallas Saturday

Rebekahs Observe Thanksgiving With Annual Holiday Dinner-Party

Hereford residents are finding many ways of celebrating Thanksgiving. For the most part observance of the national holiday are of a simple nature, small family groups enjoying the quiet of their homes, or club groups getting together for annual affairs.

One such annual observance was the Thanksgiving supper given by Rebekahs at the IOOF Hall Friday evening.

After the proverbial turkey-day feast, games of forty-two provided diversion for the evening.

Those attending were Messrs. and Mesdames C. C. Cox, Ed Cox, Edgar Sowell, Barrett Sowell, A. R. Rogers, Henry Kendall, Joe Kendall, O. L. Click, E. E. Fridley, John Jacobsen, Jr., Lee Hopson, W. P. Graham, Lee Cocanougher, O. T. Bailey and J. H. Trimble. Mesdames Joe Sheppard, Julia Sowell, Ora Lee, Myrtle Witherspoon, Bertha Barnhart, A. D. Godwin, Edna Bowe, A. D. Mills, Lora Flowers, and Hazel Sparks and Misses Mary Bradley, Mabel Barnhart, Virgie Lee Sparks, Sharon Dee Moore, Frances Young, Myra Jo Sowell, also Leonard Foster, Eugene Sparks and J. B. Sowell.

By MRS. CARL WIMBERLEY
J. G. Coe is in a serious condition in the hospital in Clovis following burns received Thursday when some gasoline exploded, igniting his clothes. The accident happened near Joel Switch. Mrs. Coe is in Clovis with Mr. Coe, and Mr. and Mrs. Cecil Benton of Excell, John Grady, Jr., and Bob Coe visited there Sunday afternoon.

Splendid cooperation on the part of everyone made the carnival Friday evening a huge success. Proceeds came to \$71 all of which goes into the cafeteria funds.

High lights of the evening's entertainment included an original comedy sketch, "Corn-Syrup and Sugar Cane," presented in blackface by Miss Genevieve Olsen and Mrs. Hazel Atchley. Miss Sarah Smith was voted the prettiest girl and Jess Ritter received the most votes for having the largest feet. Johnnie Womble served as auctioneer. Carroll Miller won the bean guessing contest.

Officers elected for the community meetings were Baker Womble, president; Raymond Stewart, vice-president; Rev. Hardy Stevens, secretary-treasurer.

Several visitors from Hereford and Daniel were present. Obed Caraway returned home Wednesday from Texas A & M where he completed the first half of this semester's work. Obed plans to transfer to West Texas State the next semester.

Mrs. George Suggs has been sick this week with tonsillitis.

Mrs. L. M. Harris has been spending this week with Mr. and Mrs. Henry Hamblin at Wayside.

Two Tables of Guests Play With Tuesday Club

Two tables of guests played with members of the Tuesday Afternoon Club Tuesday afternoon at the home of Mrs. W. J. Stanford.

Attractive decorations for the refreshment table included sweet peas in two shades of orchid and lighted tapers.

High scores were made by Mrs. N. E. Milburn for guests and Mrs. Gaston Baer for club members.

Those making up the two tables of guests were Mesdames Sam Batton, R. L. Craner, Will E. Kerr, Howard Gault, Grant Fuller, Glenn Weir, N. E. Milburn and O. G. Calhoun.

Members present were Mesdames Gaston Baer, Knox Kinard, Travis Dameron, W. L. Davis, C. H. Dyar, W. M. Emmons, Woodrow Ireland and the hostess.

Pre-Thanksgiving Luncheon Given For Summerfield Club

Many homes are being opened for Thanksgiving hospitalities as individuals and club groups enjoy holiday festivities.

Mrs. Ky Lawrence and Mrs. J. B. Noland were hostesses for the Summerfield Study Club Friday with a Thanksgiving luncheon.

Colorful decorations carried out a harvest-time theme and the luncheon table was lighted with tall yellow candles. Miniature turkeys served as place cards.

The regular club meeting was held after the luncheon. Feature of the program was a book review given by Mrs. B. E. Robinson. The book "Northern Nurse" by Elliott Merrick is the story of an Australian nurse who signed up for two years

service with one of the Grenfell Hospitals in Labrador. During the illness and absence of the doctor in charge, she found herself in the role of doctor, dentist, nurse and surgeon. It is a pioneer story with a decided difference.

During a short business session members reported the packing of eleven boxes for boys in the service.

Those present were Mesdames Ray Johnson, Britt Clark, Lee Curry, Guy Walsler, L. H. Lookinbill, Mack Noland, C. R. Walser, M. D. Rexrode, D. C. Walser, L. B. Lookingbill, B. E. Robinson, Jim Clark, O. B. Sumner, L. L. Cannon and the hostesses. Mrs. Otho Noland was a guest.

Bridge-Luncheon Entertains Club

Mrs. S. P. Rosson entertained members of the Wednesday Luncheon Club at her home on Wednesday last week. The luncheon table was centered with an arrangement of dark red chrysanthemums in a white pottery bowl with dainty figurines.

In contract games after the luncheon, Mrs. A. R. Bateman, guest of the club, played high for score award.

Enjoying the party were Mesdames C. C. Acker, H. K. Fox, Alton Fraser, W. L. Davis, A. R. Bateman, W. E. Emmons, J. C. McCracken and the hostess.

Coterie Club Is Entertained

Mrs. Howard Gault entertained members of the Coterie Club Friday afternoon at her home on East Twelfth Street.

Fall flowers, with chrysanthemums predominating, gave cheery accent to the entertaining rooms. Two tables of players enjoyed contract games.

Mrs. N. E. Milburn was a special guest of the club and Mrs. C. F. Moore played high for the war stamp award.

Others playing were Mesdames Knox Kinard, Grant Fuller, E. B. Hicks, F. L. Lucas, J. W. Witherspoon and W. A. Teter.

Maxfield Home Is Scene Of Club Party

A pre-Thanksgiving club party was given by Mrs. S. J. Maxfield at her country home last week when she entertained members and guests of the Justakrd Club.

Special guests included Mrs. Lee Benefield and her house guest, Mrs. Wm. Barkley of Austin.

Others playing games of contract were Mesdames N. E. Milburn, J. W. Witherspoon, Grant Fuller, Henry Sears, Meade Halle and Kellar Muse.

NOTICE

Junior Band Mothers will meet Tuesday afternoon, Dec. 1, at 4 o'clock at Central School. All members are urged to attend.

CHRISTMAS PHOTOS
Give photographs this Christmas, a gift that only you can give.

We are looking forward to a big Xmas business. It has been estimated that 80 per cent of the population in the U. S. will have some kind of photographic work done this Christmas, as next year you may not be able to have any made for the duration.

Thousands of studios will be forced to close before spring. The U. S. government is using so much of the material used in this work that we are running short, but we have enough for this holiday season, at least. Be wise, have 'em made early. Give someone in the services your photo—it will help cheer 'em up.

Sittings made at night by appointment. 24 hour service on your kodak work.

Studio will be open through December on Sundays from 1 to 5 P. M. for your convenience. Your better photographs, **HANNA & HANNA, Hereford** etc.

We are glad to join in a nation-wide appreciation and to say...

Because we are so closely associated with the farmers of this section, we know that they are doing a good job — and doing it to the best of their ability.

We also wish to take this opportunity of expressing our appreciation for the business you have extended us, and for the fine spirit of co-operation you have shown during the present troubled times.

Today the implement business is more complicated than ever before and it will probably be necessary to continue asking your co-operation... but we are going to keep on giving you the best service within our power — and we do appreciate your consideration!

Cream O' Plains To Sell Only Pasteurized Milk To Customers

Dick Walker of Cream O' Plains Dairy announced this week that he no longer sells anything but pasteurized milk. In announcing the discontinuance of sale of Grade A Raw milk, Mr. Walker pointed out the much greater protection given patrons by the pasteurized variety. The dairy will continue to sell sweet cream and buttermilk.

Rites For

(Continued from Page 1)

Mrs. R. L. Ball of Fort Worth and Mrs. D. F. Johnson of Phoenix, Ariz., will attend the funeral rites here. Prominent in social and civic activities in the early days of Hereford, Mrs. Murchison had many friends among the old-timers of the area.

purpose of the WAAC's is to take over clerical, supply, communications and transport jobs in the Army to release men for active duty. Lieutenant Smothers sketched in the training which WAACs must undergo, the possibilities for technical instruction and chances for advancement in the new women's army corps.

WAAC pay now corresponds to army pay for the various ranks. Lieutenant Smothers stated, and WAAC enlistees take aptitude tests to determine the line of work for which they are best fitted. Technical schools are expanding as WAAC enlistment grows, and after the

trainee has completed her basic training and technical course, she may have some choice of the station to which she is sent. Most girls in the Corps, Lieutenant Smothers declares, are hoping to get foreign service.

In the discussion which followed the recruiter's talk, questions were asked concerning age and educational requirements, other features of the WAAC course. Lieutenant Smothers signed up one recruit in Hereford, who will go to Lubbock to take Army tests before joining the WAAC. Much interest was roused here and it is thought probable that other women from this community will join.

this year. Considering that she was still technically on her vacation, Mary Jane Morgan put in a good day's work Saturday, when car owners descended in droves on the tax collector's office to get car papers straightened out in time to register for gas rationing. Mary Jane and Fred Baird report just about the biggest rush they ever had in the office.

And gas rationing has brought up some screwy problems. Witness the case of Frances Young, who is driving the car of her brother, Neal, who is now in the Navy. To get a ration card, Frances has to have the car in her name; and brother Neal, at last accounts, was in New-Caledonia.

Employment Office To Close Nov. 30th

The United States Employment Service Office in Hereford will close Nov. 30, Olin G. Evers, interviewer in charge, stated today.

Mr. Evers expressed his thanks to the many individuals in this vicinity who have cooperated with him in his work and asks that everyone feel free to continue to call on the U. S. Employment Service in the future.

Offices will continue to be located here seasonally, and a regular office is maintained in Amarillo.

Priorities Specialist At Amarillo C-C This Week

A priorities specialist from the district office of the War Production Board in Oklahoma City is in Amarillo this week to give special assistance on priorities problems to businessmen of the Panhandle, E. B. Posey of the Hereford Chamber of Commerce announced today.

The W. P. B. official may be contacted through the Amarillo Chamber of Commerce, whose offices will be closed on Thanksgiving day, but which will be ready to arrange interviews on Friday and Saturday.

Don't Forget The Real Significance of THANKSGIVING!

The Whiteface Round-Up

Whitefaces vs. Black-Hawks, Thurs., Nov. 26, 3:30 at Phillips!

Prince Hereford

Boy, am I excited! This is a great week for H. H. S. For the third consecutive year we are playing Phillips for the Bi-District title. It's the Whitefaces against the Blackhaws again, with Hereford out to avenge two defeats. I know the whole school is behind those boys, yelling, rooting, cheering for them. This week you could just feel the excitement at school. Whitefaces, we're behind you. We're proud of you. You are our team, and every student in high school is backing you.

Zoom Of Planes Not Threatening

As the plane dive-bombed for H. H. S., faces eagerly lit up, and students were just dying to look out the windows to see the plane. They didn't fear the plane because they knew that here in America, planes don't come from the sky and drop bombs on schools and public buildings. Here in America, we're still safe from bombs. We don't look anxiously at the sky when we hear the motor of a plane. This is America, as yet unbombed, as yet not set upon by the enemy. This is America with only a minimum of sacrifice and hardship. Certainly there are little things like lack of sugar, gas and rubber, but they are only little things, compared to what our allies suffer. Yet we "gripe" and grumble about them and insist that there is nothing to be thankful for.

Give Thanks For What We Have

When the Pilgrims gave thanks at that first Thanksgiving long ago, they thought they had much to be thankful for. Under the circumstances of those days they did. They, our forefathers, were living in a land where they could worship God as they chose; where they could plant their crops and harvest them with no interference, and where they could work freely for life, liberty and the pursuit of happiness. Of course, they had the Indians to fight at times, and they had to protect themselves from wild animals and cold weather. But that particular year had given the Pilgrims good crops and gardens and there was plenty to eat. Did not the Pilgrims feel grateful and want to give thanks for all the blessings God had bestowed upon them in their new country?

Tri-Hi-Y Honors Dads At Banquet

The proud daughters of the Tri-Hi-Y club honored their fathers at the annual Father-Daughter Banquet, which was held November 17, in the First Christian Church. It has been said that the food is the most important part of a banquet, but this one was an exception. The fathers were by far the most important. Marie Compton gave the invocation. The fathers were then given a hearty welcome by Margaret Olson, toastmistress. Mr. Joe Kendall gave the response. Between courses the girls introduced themselves and their fathers. There were 43 girls and Dads present.

What They Are Reading In HHS

By their reading ye shall know them! Two or three peeps over the shoulder of Hereford High School students has revealed many tastes. Charles Skelton and David Beavers like "Field and Stream." The library doesn't take this magazine now, but the old copies are worth a read. Bill Dameron must have an "itching foot." He travels via the "National Geographic Magazine."

Juniors To Sell Magazines Again

"Lady, would you like to buy a mag.....?" If any of the townspeople get tired of this question being asked over and over again, just grin and bear it because it's only the Juniors trying to make money again. They are selling magazine subscriptions for the Curtis Publishing Company and, in return, get part of the profits. There are several worthwhile magazines in their lists, so if anyone would like to buy a subscription, see a Junior class member soon. That is, if they don't see you first. After all, they are a very industrious little group when they get started.

Officers Elected In Honor Society

The Honor Society held its first meeting of the 1942-1943 school year Tuesday morning, November 17. The new officers selected were: G. P. Owen, president; Felix Pyka, vice-president; Ruth Tucker, secretary; and Mary Ann Acker, reporter. Miss Kirby is the new sponsor and also the treasurer of the Hereford Chapter. In addition to the selection of officers, the time of meeting was decided. Meetings will be held in the library at 7:30 on the first Thursday night in each month. Several points of the Constitution were discussed. The meeting was adjourned by the bell.

Articles of Interest On Tri-Hi-Y Bulletin Board

Have you noticed the Tri-Hi-Y bulletin board in the study hall? It's a bulletin board, not a bulletin board, it is for each boy or girl in school. Each week new articles of interest to boys and girls are posted on the board. Any person who finds an article or articles in newspapers or magazines which he thinks would interest other boys or girls in school is urged to turn that article in to Miss Crawford or Ruth Tucker, and it will be posted on the bulletin board.

HAILE DRUGS

This year we approach Thanksgiving in the devout spirit of our Puritan ancestors, who gave thanks for what, today, would seem very meager blessings. Our spirit is humble as we express gratitude for the mighty heritage which is ours to defend — and we are grateful for the Victories which are coming to us — and for the Victories which must yet come before the forces of evil are vanquished.

For the blessings which are ours — Freedom of Speech and of Worship — we give thanks; and pray that in the future, as good soldiers on the Home Front, we may be truly worthy of these blessings.

Fullwood, who was in the Brand office last week with some pictures and souvenirs which Edward had sent her from the land "down under" where he has been stationed since last March.

Souvenirs included a ten shilling note, worth about \$2.40 in American money, and the pictures included several of kangaroos, which Edward says the American soldiers hunt in their spare time. According to his description, a jeep driver ought to be well-equipped to go on one of these kangaroo hunts, because the hunters ride astride the hood of a pickup and do their shooting with a sub-machine gun. Rough riding, but exciting sport.

Fullwood enclosed several pictures of baby kangaroos drinking milk from coke bottles and reported that men in his barracks had also tried a cockatoo as pet, but got rid of the bird when they found out he could not talk.

Placed in Army Reserve
J. V. Campbell and Calvin Edwards, who left for army duty some time ago, returned to Hereford Saturday after being placed in the Army Reserve upon receiving a C. D. D. discharge from regular service.

The two Hereford men have been stationed at Camp Gruber, Okla.

Ray Nunn Commissioned in Quartermaster Corps

Ray W. Nunn has been commissioned a second lieutenant in the Army of the United States upon completion of a 13-week course in the Quartermaster Corps Officer Candidate School at Fort F. E. Warren, Wyo.

Lieutenant Nunn, son of R. T. Nunn of Hereford, volunteered for Army duty and was in the medical corps before being selected for officer candidate school.

He is a graduate of Hereford High School.

Billy Hall Stationed At "Hottest Spot on Earth"

Cpl. Billy Hall of the U. S. Marine Corps is now stationed at what he terms "the hottest spot on earth" as far as combat is concerned. Hall is in the Southwest Pacific and has seen action in the Solomons, where he reports the greatest fun as seeing a Jap Zero go down in flames after a dogfight with American fighter planes.

In fact, Hall seems to be enjoying shooting at Japs, says he is "well and hunky-dory and having a good time."

Corporal Hall, not yet 17 years old, is a son of John Hall of Hereford and attended the Hereford schools before enlisting in the Marine Corps.

Taking Basic Training

Now taking his basic training at Randolph Field, West Point of the Air, is Robert L. (Bobby) Davis, son of Mr. and Mrs. J. L. Davis of Hereford.

Davis, 19 years old, served eight months in the Army Air Forces before receiving his appointment as Aviation Cadet. He has previously been stationed at Sheppard and Kelly Fields and took his primary flight training at Cuero, Tex.

Young Davis received the highest scholastic ranking among boys in the 1941 graduating class of Hereford High School. Before joining the Army he was employed at Streu Hardware Co.

Save Cabbage From the Villain, Waste, Get Share of Sauerkraut

The cabbage situation this autumn is like the third act of an old-style melodrama, with the beautiful and good heroine rescued in nick of time. It is a matter of opinion whether cabbages are beautiful, but worth saving they surely are, and with sauerkraut packers and eaters to the rescue, the bountiful crop has good chance of rescue from the villain Waste.

Imperiled cabbages are the domestic big-headed kind, great quantities of which ordinarily go into the commercial sauerkraut pack. This year, the packers had no tin allotted for kraut.

With some help from the Agricultural Marketing Administration, packers sped their share of rescue by converting from tin to wood, putting millions of gallons of kraut into barrels. There is still cabbage—some on the market now, some stored for selling through the winter. So, when you buy kraut in bulk from the grocer's barrel or buy cabbage to make kraut at home—or eat the cabbage raw or cooked, for that matter—you are lending a hand, so that one of the country's wartime food dramas may end well.

Sauerkraut furnishes a good contrast in flavor at a meal, home economists of the U. S. Department of Agriculture point out. It's the pickle dish moving right into the vegetable line, and generally getting a welcome. Sauerkraut also contributes to wintertime meals some minerals and vitamins—not so much of the vitamins as raw cabbage, it's true. And sauerkraut has more varied possibilities in meals than are sometimes realized. It goes well with some of the dishes you can use to spare-the-meat.

SAUERKRAUT AND—
Famous teams are kraut and sausage, kraut and spareribs, kraut and pigs' knuckles. But these are only a starter, say the home economists. Diced apples and kraut, browned together, make good team-mates. To some people turkey or goose stuffed with kraut is a festive dish. It is traditional also to team kraut with such foods as fried liver or baked fish.

When you are planning dishes to spread meat flavor or main dishes to alternate with meat, try sauerkraut scalloped with macaroni and bits of meat; or kraut scalloped with left-over

What becomes of the miles you don't drive?

Today undriven miles are war weapons.

The rubber you don't use is airplane tires, antitank-gun treads, machine-gun mounts, life rafts, tank interior pads, pontoons, and hot-water bottles for field hospitals.

The gasoline you don't use is fuel for lighter and bomber planes, for jeeps and tanks, for motor-torpedo boats and armored cars. And more, the magic of the new petroleum chemistry takes the material, which formerly became gasoline, and Aladdin-tempers it into precious synthetic rubber and devastating high explosive.

The same intensive Phillips research which in peacetime was

dedicated to improving Phillips 66 Poly Gas and Phillips 66 Motor Oil now, vastly increased in scope and faster in tempo, serves the Nation's victory program.

In the same national interest, every patriotic driver is cutting his miles and his speed, making his car and his tires last longer and go farther.

Every Phillips 66 Service Man is pledged to help you in this effort. Make certain to enlist his aid when you stop at any Orange and Black 66 Shield for Phillips 66 Poly Gas, famous for fast-starting pep and extra mileage... and Phillips 66 Motor Oil, 100% paraffin base.

Phill-up with Phillips for Instant Starting

mashed potatoes and a generous amount of cheese.

And when fitting sauerkraut into meals, don't forget that the juice chilled makes a good first course. Some like it straight. Some prefer it with a little lemon juice, or mixed half and half with tomato juice.

There is more than one way to cook and season sauerkraut itself. Probe into the past of "sour" cabbage and you find that it has been known in kitchens round the world. Asia invented the fermenting of cabbage, so they say, and it is a Chinese dish still. The Tartars are credited with bringing it

to Europe. As it spread, borrow groups tried new ways to fix it.

When you eat savory sauerkraut, as it's sometimes called, you are having the Norwegian style. It is done quickly, this way: Lightly brown 1-4 cup or less of fat in a skillet and add 1 quart of sauerkraut and 1-4 teaspoon of celery or caraway

seed. Mix well, separating the kraut with a fork. Cover and cook for 5 minutes, and serve hot. You give the kraut a Pennsylvania Dutch touch when you add onion, apple, and a chopped potato.

In the old days some things were considered improper. We didn't know that they were only modern.

HEREFORD

BULL
By Jimmie Gillentine

Just when it looked as if there would be no answers to my S-O-S for jokes from the service men, Nick Koelzer came through from the U. S. Naval Air Station away down in Jacksonville, Fla. Nick used to work here at The Brand office as a printer, but after reading his story I think I will start

printing when he comes back and let him take the Bull Column over.

"This is a story which has drifted back from the fleet," writes Nick, "but it comes from fairly reliable sources. It's about the Green Paint Method of sinking Nazi and Jap submarines.

"The sailors pour buckets and buckets of green paint on the water in vicinities where enemy submarines are lurking; when the U-boats surface the paint covers their periscope and the crew figures they are still under water, so they keep on rising. When they have reached an altitude of 1,000 feet, anti-aircraft gunners aboard the U. S. battleships pick them off with ack-ack guns. It's simple and inexpensive and a lot easier than shooting ducks."

Nick also said the reason

jokes have been slow is due to the fact that they have to be printable, which kind of joke he points out to be very rare around a U. S. Naval Air Station. He also adds that Larry Trimble was everything but wrong about the tight fitting sail-or pants and says your fingers get very sore in buttoning them the first few weeks.

A lot of folks are interested in the concentration camp and are especially interested in when it will be completed. Very few, if any, visitors are allowed and restrictions are growing tighter all of the time. The camp will likely be finished around January 1. This is merely a guess, but it is a very good guess—unless extreme cold weather sets in resulting in unexpected delays. It is also possible that additional construction may follow completion of the present specifications.

Then I went to camp and I guess they didn't think I'd live long—the first fellow I saw wrote on my card "Flying Corps." I went a little further and the same fellow said, "Look what the wind's blowing in." I said, "Wind nothing—the draft's doing it." On the second morning they put these clothes on me. What an outfit! As soon as you're in it, you think you could fight anybody. They have two sizes—too small and too large. The pants were so tight I couldn't sit down. The shoes so big I turned around three times and they didn't move. What a raincoat they gave me! It strained the rain. I passed on Officer all dressed up with a funny belt and all that stuff. He said, calling after me, "Didn't you notice my uniform when you passed?" "Yes," I said, "what are you kicking about, look what they gave me."

One morning when it was 5 degrees below they called us out for an underwear inspection. Talk about scenery! Red flannels, BVD's all kinds! The union suits I had on would fit Tony Galento. The Lt. lined us up and told me to stand up. I said, "Sir, I am up but my underwear makes you think I'm sitting down." He got so mad he put me out digging a ditch. A little while later he passed me and said, "Don't throw that dirt up here." I said, "Where am I going to put it?" He said, "Dig another hole and put it in there."

Three days later we sailed for Australia. Marching down the Pier I had the worst luck. I had a sergeant who stuttered, and it took him so long to say "Halt" that 27 of us marched overboard. They pulled us out and lined us up on the pier. The Captain came by and said, "Fall in." I said, "I have just been in, Sir."

I was on the boat 12 days—seasick 12 days. Nothing going down and everything coming up. I leaned over the railing all the time. In the middle of one of my best leans, the Captain rushed up and said, "What company are you in?" I said, "I'm all by myself." He asked me if the Brigadier was up yet, and I said, "If I swallowed it, it's up." Talk about your dumb people. I said to one of the fellows, "I guess we dropped the anchor." "I knew they'd lose it," he said. "It's been hanging out ever since we left New York."

Well, we landed and were immediately sent to the trenches.

After three nights there the cannons started to roar and the shells started to pop. I was shaking with patriotism. I started to hide behind a tree, but there weren't enough for the Officers. The Captain came around and said, "We go over the top at 5 o'clock." I said, "Captain, I'd like to have a word with you." He said, "Well, what is it?" I said, "I'd like to have a furlough." He said, "Haven't you any red blood in you?" I said, "Yes, but I don't want to see it." At 5 o'clock we went over the top and 10,000 Japs came at us. The way they looked at me you'd think I started the war. Our Captain yelled, "Fire at will," but I don't know anyone named Will. I guess the fellow behind me thought I was Will because he fired his gun and shot me in the excitement!

John Jarrett, who farms north of town, is back from a deer hunt with two bucks. He says it's simple if you know how. He and two friends hunted for three straight days, walking over half of New Mexico. Finally they gave up in disgust, broke camp and started home—not even having seen a doe. When they neared the highway they passed through a gate and happened to glance into the woods. They saw two large bucks, each with a network of antlers. They calmly killed the bucks, took their pictures, loaded them up and came on home. John says this information will save him a lot of trouble next time he goes on a deer hunt.

WHEN WE THINK ABOUT THE PAST, PRESENT and FUTURE

We Are Truly Thankful

First of all, that we are Americans! Living in this great country is one of the things of which thousands dream: being able to listen to the radio, to read our papers—and to discuss among ourselves the events of the day is a blessing we enjoy.

Every man likes to get a joke on his wife and rumor has it that Elmer Patterson did just that. Mrs. Patterson heard a radio announcement about V-Mail being available to soldiers at all post offices—only she thought they said "female." She decided this was a horrid situation and made the mistake of telling Elmer, a post office employee, a few of her innermost convictions on the subject. He's been kidding her since; after she reads this I'll bet old Elmer is in the doghouse for a month. Maybe it will teach him to pay more attention to those signs regarding idle gossip.

Frank Marrs, Jr., who works in the First National bank, told Bessie Lee West and Bessie Lee told C. F. Moore and Mr. Moore told me that the next batch of pennies will be made of plastic materials to save copper for the war effort. If true, this will be a good thing. All of the re-fangled taxes are demanding more and more pennies with purchases and it will be a lot easier to turn loose of a plastic penny than a real one. They will also make excellent quills with which to play tiddle-de-winks; (this is, if you happen to like the game. However, I usually use pennies when I can't find a screwdriver, which is most of the time, and the new pennies will hardly suffice. Folks who have the hazardous habit of placing pennies behind their fuse plugs will also have to reform.

Here's another "tall tale" from the service camps. J. A. Loerwald clipped it out of the Muenster paper.

INTERVIEW WITH A DRAFTEE

I fought and fought and I fought—but I had to go anyway. I was called in Class A. The next time I want to be in Class B. (Be here when they go and be here when they come back.) I remember when I registered—I went up to a desk and the man in charge was my milkman. He said, "What's your name?" I said, "Oh, you know my name." "What's your name?" he barked. So I told him. He said, "Are you an alien?" I said, "No, I feel fine." He asked me where I was born and I said, "Pittsburg." Then he said, "When did you first see the light of day?" I said, "When we moved to Oklahoma." He asked me how old I was, so I told him. "Twenty-three the first day of September." He said "The first day of September you'll be in China, and that will be the last day of August."

Thanksgiving Concert Will Be Given Sunday

Katherine Danforth, daughter of Mr. and Mrs. H. E. Danforth, will be presented in a Thanksgiving concert next Sunday evening at the studios of her instructor, Miss Mattie Mae Swisher.

The concert will begin at 4 o'clock and Miss Margaret Barrett will be accompanist.

The program will consist of oratorio selections from Handel's Messiah and from The Elijah by Mendelssohn, classical art songs and modern songs from American composers. A group of folk songs will also be presented. The public is invited.

Local Irrigation Scene

Crops which cannot be grown successfully without additional moisture can be produced in large quantities with irrigation, and bigger yields of other crops can be obtained, according to A. R. Bateman, County Agricultural Agent.

Irrigation systems, being laid out by engineers assigned to the Deaf Smith County Wind Erosion District, greatly increase yields of wartime crops in the shallow water sections of the Texas Panhandle Plains by providing water when and where it is needed. Aid in working out plans for irrigation systems may be obtained from the district, which has obtained the assistance of Soil Conservation Service technicians. Information may be secured from the County Agent, or from any member of the County Soil Conservation staff.

A WORD OF APPRECIATION
For the past three years it has been our privilege to be associated with Rev. Marvin Norwood in the work of the ministry in Hereford.
Rev. Norwood has maintained a high standard of ministerial ethics. His loyalty and devotion to the cause of Christ and to the Church of which he was pastor were manifested in many ways. We found him ready at all times to share in any worthy undertaking for the betterment of the community. His fine Christian example of every-day living and his courageous aggressive leadership will be missed. We wish him every blessing in his new pastorate.

 One young man said, "I would like to be a soldier;" another said, "I would like to be a marine;" another, "I would like to be a Vitamin."
 "What is a vitamin?" "I don't know, but I saw a sign that said 'Vitamin B 1'." Some of us have no conception of what a vitamin is or where to get one except in a drugstore package. Of course, "A little knowledge is a dangerous thing" and we should "drink deep or taste not of the Pierian spring," but maybe a little knowledge of vitamins would lead us to study more on the subject. So here are a few facts:
VITAMIN A-Essential to feeling well and vigorous, spurs

body growth, of positive value in resisting infections, necessary for best eyesight.
 Sources: Milk, butter, fortified margarine, cream cheese, egg yolk, liver, fish oils, green leafy vegetables. If you would eat ever day 3 glasses of milk, 3 pats of butter, 1 serving of green or yellow vegetable and one egg yolk, you would have your daily requirement of Vitamin A.
VITAMIN B-1 (thiamin)-has to do with the health of the nervous system, is essential to growth; maintains appetite; is needed for the proper utilization of carbohydrates (sugars and starches); essential to proper functioning of digestive system.
 Sources: Whole grain foods or enriched with B-1 peas and

beans, oatmeal, liver, m. eggs, lean pork, fruits and vegetables. If you eat 3 glasses of milk, 2 slices of whole wheat bread, 1 serving of leafy vegetable, one serving of dried beans you will have your daily requirement.
VITAMIN B-2 (Formerly riboflavin) promotes growth as well as general health and well-being; prolongs life; necessary to prevent general weakness, deterioration of skin and eyes.
 Sources: Milk and eggs, liver and kidney, fruit and green vegetables. If you would eat every day, 3 glasses of milk, 1 egg, 1 serving of liver or kidney and one serving of green vege-

table you would not need to worry about your B-2.
VITAMIN C: Is essential for the normal condition of endothelial cells, favors good tooth development, stimulates growth, essential for glandular respiration and function, protects the blood or lymph systems, increases resistance to infection. If there isn't enough of it in your system you will be weak and restless, perhaps have swollen joints or gums and loose teeth.
 Sources: Citrus fruits and tomato juice, raw vegetables, fruits and potatoes. The daily requirement is furnished by 1 1/2 cups of tomato juice or 3-4 cup orange juice or 3-4 cup fresh spinach.
VITAMIN D: Regulates metabolism of lime and phosphorus in the body, essential to normal bone and tooth development, aids in controlling the blood calcium level.
 Sources: Cod liver oil, fish, egg yolk, liver, whole milk, cream, butter, irradiated evaporated milk, carrots. This is called the "Sunshine" vitamin and babies need it beginning at the age of 2 to 3 weeks. No available evidence to show that normal adults need a constant source.
NICOTINIC ACID (Anti-pellagra)-essential to good health, pellagra preventative.
 Sources: Milk and eggs, liver and lean meat, peanut butter, fish, tomatoes, green peas and green leafy vegetables, collards.

Increased Reading of Serious Books New Development at Local Library

"I can find out all I want to know about this war by reading the newspaper headlines." That, briefly, was the attitude of most of the patrons of the Deaf Smith County Library on the matter of reading serious books about the war and post-war problems—until about two months ago.

As recently as August, circulation at the county library was reported to be 90 to 95 per cent light fiction; and even the serious readers were steering clear of books about the war.

Not attempting to answer the "Why's" of public reading tastes, Mrs. Clara McLean, librarian, reports that one of the most popular books in the non-fiction list right now is "Problems of a Lasting Peace," by former president Hoover and Hugh Gibson. Also, the war correspondent books which are throwing much light on the set-up in Axis and occupied countries are enjoying a "run," the librarian reports. Books in this category which are exceedingly popular at present are "Last Train from Berlin" by Howard K. Smith, and "Coming Battle of Germany," by William B. Ziff. Popularity of Major de Seversky's "Victory Through Air Power" shows that the average reader is interested not only in the causes of the war, but in the weapons which will be used to win it.

"How War Came" by Davis and Lindley, a documented story of America's entry into World War II, is being well read; and William L. White's "They Were Expendable" is giving Hereford readers a true picture of the sacrifices made by the men who are fighting the war.

Part of the increased serious reading is caused by high school theme assignments and study club reports; but much of it, librarians all over the nation agree, is because of the increased desire of ordinary citizens to develop an understanding of why this war is being fought, and the kind of a peace which should come after the war.
