AROUND A Town

Sights and Faces Seen

The war came home to at least one member of the younger generation when a small Brand newsboy last Thursday afternoon resolved to give up chewing tobacco "for the duration". Hereafter he will invest his money in defense stamps. Cecil Williams made the conversion when the kid tried to sell her a paper and candidly admitted what he planned to do with the dime.

A record rush was reported in all Hereford grocery stores last Friday afternoon when housewives stood in line to spend up the last of those red and blue stamps which expired that afternoon. What makes the situation really bad, say harried grocery checkers, is that about one shopper in ten knows how to add up her points, correctly, and then tear the right number of stamps out of her ration book.

Which suggests a duty for the schools, which are already having plenty of troubles. How about an arithmetic course built around the point ration system? It ought to be harder than fractions, which, as we remember, nearly killed our enthusiasm for education back in the third grade.

May be just local pride asserting itself, but Blanche Poff of the WAACS looks like just about the best looking girl in uniform to hit Hereford.

Century Plant in Bloom On Farm Near Dimmitt

A century plant is now in bloom at the Will Woodburn place two and one-half miles this side of Dimmitt, and day before yesterday the plant had reached a height of ten feet, according to Mrs. Allan Bell of Hereford, who visited the Woodburn farm this week.

Lon R. Woodburn, who lives at the Will Woodburn place, got the plant in El Paso about ten years ago. It started to bloom nearly two weeks ago, and the blossom is about four inches in diameter, according to Mrs. Bell, who says that the plant is growing a foot a day.

Several visitors have already gone to the Woodburn home to see the unusual plant, and Mr. Woodburn invites people of the territory to come by and take a look at the century plant—"after all, you may never have another chance to see such a plant in bloom."

Church Honors Redfords At Family Night

Evidencing their high regard and esteem for their pastor, Rev. H. M. Redford and Mrs. Redford, big, little, young and old members of the First Christian Church assembled at the church on Wednesday night last week in a final church-family gathering to honor the couple before their departure for Greenville where he will assume duties as pastor of the First Christian Church next Sunday.

Echoes from the pastor's work in the church and community were heard at the supper held in the basement of the church as each group seemed more eager than the other to express their love and appreciation of the man who has taken such helpful interest in every phase of church activity.

F. M. Kester, chairman of the official board, was toastmaster for the occasion; but the informal enthusiasm of those present needed little direction as an impromptu survey of the past seven years unfolded with one and then another voicing the story of complete cooperation among all groups.

For four years Rev. Redford has served as director of young people's work among Christian Churches of the Southwest Plains Area and in no local group has his influence been wider felt. In telling of the sincere friendships that exist between the young people and the pastor, Betty Jane Robinson read "Friendships," and Erma Faye Robinson, Ann Cockrell and Mrs. Carl Oldham cited instances of long hours spent working toward higher goals of achievement for the group.

Desiring his influence to be felt rather than seen Rev. Redford has gone about his work both in and out of the church in a quiet manner but few phases of community life have not felt his interest. His work with the (Continued on Page 12)

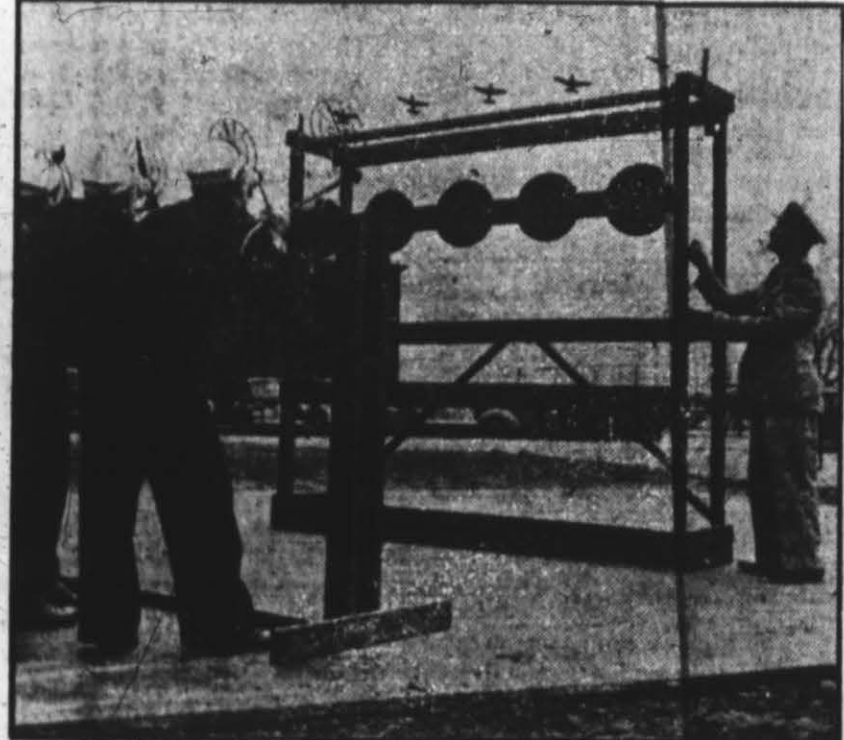

Red Cross Sewing Room Continue Projects To Aid Yank Service Men

Work in the Red Cross sewing rooms is being carried on at full capacity, Mrs. Ernest Medkief, sewing chairman, reported this week. At present the Red Cross volunteers are making white outing pajamas to be worn by sick and wounded American soldiers in Army hospitals.

"We are using factory methods in cutting," Mrs. Medkief said, praising the work of Mrs. Roy Jewell, chairman of the cutting committee, and her helpers, Mrs. Elmo Lawhon, Mrs. Boyd London and Mrs. Frank Marrs. These ladies cut 92 pajama coats in five hours of work recently.

In a report of work by various groups last week, Mrs. Medkief said that the Presbyterian ladies worked 22 hours, and the Methodist ladies, 23.

Changes In Meat and Fat Point List And Lower Points for Juices in May

Cafeteria Operates Satisfactorily Under New Food Aid System

Operation of Central School Cafeteria with the aid of the Federal Food Distribution Administration is going forward satisfactorily, it was announced this week. The new system of cafeteria aid went into effect here in April to take the place of the WPA system.

Under the new organization, the Food Distribution Administration will pay up to \$189 a month of the cost of certain foods which appear on the list for the month. The foods are bought locally, either from regular grocery merchants or direct from farm producers.

On the list of foods which may be purchased in May are evaporated milk, cheese, fresh fruits (including oranges, grapefruit, apples, and berries in season), dried fruits (apples, peaches and prunes), fresh vegetables, potatoes, onions, canned tomatoes, fresh meats (including chicken, liver, kidney, heart, brain and tongue), dried beans and peas, soy beans and peanut butter, butter, lard and other shortening and salt pork, whole wheat cereals and flour, white (enriched) flour, corn meal, hominy grits, rolled oats, molasses, cane sirup, honey and shell eggs. This list may be supplemented with foods purchased from local funds.

At present about 150 children are eating at the cafeteria, and about two-thirds of the lunches are paid for. Possibilities at present are that the cafeteria will end the school year in good financial condition, says Mrs. Dyalthisa Brady, supervisor, who states that some painting and (Continued on Page 12)

Point values of various meat cuts were changed this week, when OPA point lists for the present month were announced. Point values of processed foods were changed also with points on citrus fruit juices taking the biggest slash and with further cuts in effect on the point values of canned soup.

Round Steak Higher
Round steak got higher point value than porter house and sirloin and point cuts for such "variety" meats as spareribs, brains and tongue were reduced.

Only one change of importance was made in the value of fats, which are rationed with meats. This cut the point cost of salad and cooking oils from six to five points a pint, or pound.

Under the new values, a pound of round steak will require nine points, while sirloin and porterhouse will continue to call for only eight. Lean pork roasts, center pork chops and beef flank steaks also were advanced from eight to nine points and round tip beef roasts and veal sirloin from seven to eight.

To encourage more buying of pork spareribs they have been reduced from four to three points as were beef and lamb sweetbreads. Brains, both beef and lamb, were cut from three to two points and so was tripe. Among canned meats, brains were reduced from three to two points, and bulk sausage, meat loaf and Vienna sausage from six to five.

PROCESSED LIST CHANGES
Approximately 38 changes were made in the processed foods point table for May, the most significant being the appreciable lowering of the point values of canned fruit and vegetable juices to speed up their sale. In spite of downward revisions made last month, consumer purchasing has been slower than desired, OPA said.

The 46-ounce can of grapefruit juice were reduced from nine to four points; the 46-ounce can of tomato juice cut from 22 to 11 points; one quart size of grape juice slashed from eight to three points, and fruit neck (Continued on Page 12)

Oversubscription Of \$34,000 Reported In Recent Bond Drive

Deaf Smith County's total War Bond purchases in the drive which ended Saturday night amounted to \$245,097.75, or \$34,007.75 more than the goal set for the county by the Treasury Department.

Again the co-chairmen of the bond sale committee, Geo. L. Muse, Fred W. Baird and J. C. Ricketts, thanked every volunteer worker and every bond purchaser, whose help made the record possible.

In general, the committee believe that nearly all citizens bought bonds in accordance with their ability; and according to reports this week, the Deaf Smith County Bond purchase record was one of the best in the Panhandle.

Poor Sanitary Conditions Draw Army Ban

Poor sanitary conditions in many of Hereford's restaurants have caused the eating houses to be put "out of bounds" for soldiers from the Hereford Internment Camp, Col. Ralph Hall, commanding officer, said this week.

Investigation of all eating houses was made by the camp's medical officer, and his report of conditions was called to the attention of city authorities, according to Colonel Hall, who stated that the "blacklisting" resulted only after the City had made no indications of intention to improve conditions.

Some barber shops also have been put on the blacklist for soldiers, the colonel said, pointing out that one shop owner had made inquiry as to the cause of the blacklisting and had improved conditions at his shop to put it on the approved list.

The Army has no choice in the matter, the colonel points out, stating that commanding officers are responsible for the (Continued on Page 12)

Credit Union Buys Bonds In Recent Drive

The Hereford Federal Credit Union bought five \$500 bonds in the recent bond drive, it was announced this week. A credit union spokesman said that this brought total bond purchases by the union to \$3,980.

The credit union was organized in 1936 to give persons of moderate income an opportunity to save money systematically. At the same time, it provides an agency from which members can borrow when necessary. A total of nearly \$50,000 in loans has been made and not one cent has been lost. Shares of the 161 members today amount to \$3,500 and several members have reached the share ceiling of \$750, according to Mrs. Dyalthisa Brady, treasurer, who states that dividends of four per cent were paid each year for three years, with a dividend of two per cent paid last year.

C. J. Paddock is president of the union and Fred W. Baird is vice-president.

Local Representatives To Attend Price Parleys

Mrs. A. J. Schroeter, Mrs. C. C. Acker and Mrs. C. H. Dyar, members of the price panel in the recently revised county rationing set up, will attend meetings in Amarillo today at which duties of the price panel will be outlined.

Other meetings in Amarillo today and tomorrow will give businessmen of the area—not only grocery merchants but representatives of laundries, dry cleaners and other consumer service establishments—an opportunity to talk with regional OPA representatives concerning price regulations and other government control measures.

Grocers, both wholesale and retail, and restaurant operators are also invited to the meetings.

Farmers have a double feeding job. Not only must they supply food for the United Nation's fighting machine, but they must also supply food in the form of scrap for weapons of war.

R. J. Richardson, chairman of the county salvage committee, this week put the main responsibility for success of the scrap drive squarely up to the farmers of Deaf Smith County, urging them to make a careful survey of their property and assemble all scrap in piles for transportation to town during the salvage drive scheduled for May 10-15.

"This is man's work," said Mr. Richardson, pointing out that scrap needed is of the "grunt and heave" variety and urging farmers to turn in old and no longer serviceable trucks and cars and parts of car bodies. An old tractor, said the chairman would be a "real diamond" in the coming scrap drive.

Campaigns in 1942 skimmed the cream off the farm and home scrap crop, but the farmers must dig deeper in 1943 to assure capacity steel production. The goal is 3,000,000 tons of farm scrap by July 1, and the scrap is absolutely essential if steel mills are to keep up production.

In cases where a farmer is unable to provide transportation for his scrap, the salvage committee will see that if it is moved, Mr. Richardson says, pointing out that the immediate responsibility of farmers is to take the necessary time to gather up every available piece of scrap and assemble it in piles.

Dehydration Draws Interest Of Local Men

Hereford has been approved in Washington as the location for a dehydration plant; and if the company which holds the permit delays in taking up its option, other business interests are eager to install a dehydration plant here.

Information at the Chamber of Commerce office this week leads to the belief that prospects are definitely bright for early location of a plant for dehydration of potatoes and perhaps carrots; and though the company which holds the permit for the plant has been delaying any final action, it is almost certain that other groups will take on the task if the plant is not started soon.

According to interested businessmen, there will be need for increased potato acreage if a dehydration plant is to operate at capacity, and many farmers are enthusiastic about the possibilities of a tie-in between potato growing and the dehydration industry.

Local capital is reported eager to back a plant; and according to information this week, a plant will be built in time to make use of this year's crop.

Keep all foods that spoil quickly at room temperature in the refrigerator or other very cold storage place.

Foods canned in glass, onions, and potatoes should be kept in cool, dry, dark storage places.

Hereford Fumbles Ball On Responsibility Of Providing Recreation For Soldiers At Camp

What has happened to the Hereford U. S. O.?

Or, to put it in the words of Colonel Ralph Hall, commanding officer of the Hereford Internment Camp, "Why are enlisted men of the Hereford camp deprived of the privileges which enlisted men enjoy in every other town and city in the United States?"

The U. S. O. movement got off to an enthusiastic start in Hereford last winter, but three months ago, the ball was fumbled; and, as of today, the town has made no constructive effort toward any recreation program for soldiers at the camp.

Colonel Hall states, "The soldiers at the camp are being made to feel that they are interlopers and definitely 'persons non-grata' with the townspeople."

Majority Whines Throttled
At the same time, the colonel points out that probably 90 per cent of the people of Hereford are willing to give the cooperation which a U. S. O. program will need if it is to succeed.

"but the desires of the majority have been throttled by an active, clerically-dominated minority, which wants to run a U. S. O. on sewing circle lines."

The sabotage activities of this minority are proved by a letter which Colonel Hall received this week from Dr. W. W. Jackson, regional U. S. O. director, pointing out that telegrams and other communications from "leading citizens of Hereford" had indicated that the townspeople are not willing to accept U. S. O. aid in the proper spirit of the agency. "And the U. S. O. is not doing business with towns which want to twist a proven, successful program to fit the prejudices of a few 'whine hunters'."

AVERAGE AMERICAN BOYS
"The men at this camp are not roughnecks," Colonel Hall declares. "We have had no complaints from civilian authorities concerning drunkenness or any other misbehavior of soldiers; there is not a single case of venereal disease in the camp."

"In my entire 20 years of service in the United States Army,

26 of them as a commissioned officer, I have never served with as well-behaved a group of men," the colonel declares, pointing out that the men come from good homes, that they are average Americans and that they deserve better treatment than Hereford has given them.

COOPERATE WITH ARMY
Colonel Hall believes, and many Hereford citizens agree with him, that the U. S. O. movement here has suffered because of failure of local groups to get the benefit of the advice and experience of Army men, who know how U. S. O. clubs are being run elsewhere and who are familiar with the problems of soldier recreation in any town.

But past mistakes, the colonel points out, still do not promise failure for a U. S. O. if the majority will pick up the ball where it was fumbled three months ago and carry on the program, entirely without the advice and interference of the selfish minority who have sabotaged efforts thus far.

Regional Director Promises Early Discussion Of Hereford's U. S. O. And Related Problems

Outlining the history of the U. S. O. movement in Hereford since last February, Robert L. Thompson, president of the Hereford Chamber of Commerce said yesterday that a letter from W. W. Jackson, regional U. S. O. director, stated that Dr. Jackson hoped to visit Hereford in the near future to "set forth necessary plans and practices" for the establishment of a U. S. O. club here.

The Chamber of Commerce last winter did the necessary spadework for a U. S. O. and continuation of the job was turned over to a U. S. O. committee; however, when location of the

U. S. O. failed to materialize, Mr. Thompson again took up the correspondence with regional officials; but results to date have not been encouraging.

Correspondence from Dr. Jackson indicates that the regional office has received considerable communication from Hereford showing discord over probable U. S. O. management and policies, and at least part of the delay is attributable to these local factors. On the other hand, delays perhaps unavoidable, at regional headquarters, have often left local workers with the feeling that U. S. O. aid was not forthcoming.

On the constructive side, the local committee, of which H. G. Conkright is chairman, can report that a U. S. O. building director has visited here, made a tentative choice of a building the old Corner Drug Store building) and that recommendations for repairs and remodeling have been made. Also a recent letter from Dr. Jackson states that the Hereford U. S. O. will probably be a locally operated and managed unit under the direct supervision of the regional office, reports to be furnished by which will be up to the national U. S. O.

Mrs. Betty Price of Bonham arrived here Saturday to spend part of the summer with her daughter, Mrs. J. E. Medford and Mr. Medford, and with her son, Winfred Price, and family.

Miss Pauline Price is spending this week in Fort Worth with her brother, Raymond Price and Mrs. Price.

W. R. White and daughter, Mrs. Troy Newman were in Amarillo Tuesday. While there they visited their daughter and sister, Mrs. Bill Martin and family.

Mr. and Mrs. Winfred Price and son Buddy Price returned home last Saturday from Bonham after spending a week there.

Mr. and Mrs. J. E. Medford visited in Panhandle Friday with Mr. and Mrs. Raymond Durrett.

Mr. and Mrs. Hardy Benson and family attended church in Hereford Sunday.

Mr. and Mrs. Joe Wagoner and family were in Amarillo last Tuesday.

Everyone in this community

is putting forth the greatest effort to raise a victory garden.

Mrs. Claudine Mercile arrived home Monday afternoon, from Lubbock to spend a few days with her parents, Mr. and Mrs. Troy Newman. Mrs. Iva Mae Whitel of Lubbock accompanied her.

Henry Weems spent Sunday night and Monday in Hereford.

Mrs. H. D. Hill is on the sick list this week.

Bill Newman and Buddy Price attended a show in Hereford Saturday night.

Mothers Day Program And Banquet To Be Given By Camp Fire

Members of Neocantewaste Camp Fire Group are planning their annual mother-daughter banquet in observance of Mother's Day. The banquet will be held at the Presbyterian Church tomorrow evening with Cecilia Guseman in charge of the program. Mothers will be special guests and will be presented with rose-sorages. Every member of the club will take part on the program.

AUXILIARY HOLDS GROUP SESSIONS

Meetings were held by circles of the Woman's Auxiliary of the Presbyterian Church Tuesday afternoon.

Group one met in the home of Mrs. D. H. Alexander with Mrs. Seth B. Holman in charge of the lesson. Chapter 8 on Youth and companionship in the mission study book was studied. Mrs. Henry Hastings gave the devotional talk from the Beatitudes.

Group two met for a program in the home of Mrs. E. S. Ireland. The lesson opened with all repeating scripture in unison and Mrs. H. L. Broadwell gave the stewardship devotional. Mrs. Ireland discussed the ninth chapter of the mission study book and Mrs. Broadwell gave the prayer for missionaries. Mrs. John Haberger gave the closing prayer.

Group Three was entertained at the home of Mrs. O. M. Stewart. Reports from the Presbyterian meeting recently held in

BRIDE AND GROOM ARE ENTERTAINED

Plainview were given by Mrs. Stewart and Mrs. N. E. Milburn. The devotional talk was given by Mrs. Onias Carroll.

A bride and groom, whose marriage ceremony was held in Silverton the day before, were entertained here Friday by relatives of the bride. Mrs. W. E. Dameron and Mrs. Harry Seed entertained with an informal luncheon to honor Mr. and Mrs. Harold K. Ownby, who left immediately after the luncheon for their new home in Calif.

Other out-of-town guests were the bride's parents, Mr. and Mrs. Clyde Wright of Silverton. Lace, pale green candles, deep yellow tulips with crystal and silver table appointments made up the decorations for the luncheon table. Place cards suggested a wedding day theme.

Those present besides the out-of-town guests were the families of the two hostesses.

Pile cooking greens loosely to prevent bruising. Store in covered vegetable pan, or waterproof bag, preferably after washing and draining. Keep them cold.

VEIGEL COUNTRY HOME IS SCENE OF FAREWELL PARTY

Mrs. H. M. Redford, who has gone to Greenville to make her home, was named honoree last week on Thursday when Mrs. Robert Veigel was hostess at her country home for members of the Thursday Sewing Club.

Spring flowers decorated the table from which the luncheon was served at noon and conversation and sewing provided entertainment for the afternoon. A gift was presented the honoree who was a charter member of the club.

Those present were Mesdames R. L. Craner, Howard Gault, C. D. Carnahan, James Alken, A. Petersen, Frank Gyles, Frank Daniel, the hostess and the honoree.

Milk and egg dishes are good, but spoil easily. If custards, cream pies, puddings, etc., are not to be eaten at once, cool them quickly, cover, and keep very cold.

Use cottage and other soft cheese quickly, for they spoil quickly. Hard, cured cheese, well-wrapped, may be kept longer.

EVERY DAY IS *Mother's Day* AT PENNEY'S!

TO the millions of American mothers we speak today with feeling. Bringing up a family is the hardest job in the world and J. C. Penney's knows it!

So to mothers of tiny babies—of school age youngsters—of fighting men—we speak. If your problems never seem to end—if the war has multiplied them—remember, many of them can be solved at Penney's.

For the Penney platform has always been to simplify mother's family shopping job—to treat mother's family budget with courtesy and care.

You'll find at Penney's the finest in Socks and Shirts—Blankets and Bonnets—Fabrics and Footwear.

These—and hundreds more! Not in the same wide selection as in other years, but the best that war conditions permit.

At Penney's we have never made deliveries, or carried charge accounts, or operated costly stores. Mothers know that the economies made possible by this policy mean low prices.

So, Mothers, we greet you and ask you to believe that every day is Mother's Day at Penney's!

PENNEY'S

FARM SCRAP GOAL -- 3,000,000 TONS!

To the Farmers of Deaf Smith County:

Again let us call your attention to the absolute necessity of getting to market every available pound of scrap metal. What the war effort needs most vitally is the heavy metal -- the "grunt and heave" stuff that's worth its weight in machine guns. Look along the fence rows for discarded machine parts, old car and truck frames and if you can dig up an abandoned tractor you have really found a diamond in the rough. If this goal of 3,000,000 tons, set by War Production Chairman Donald Nelson, is to be met, it means the farmers of America will have to average 1,000 pounds of scrap per farm and such a task cannot be left to the children. This is a man's job and every man's responsibility, and since 50 percent of all new steel is scrap, no man must shirk or fail. Look at the implements of war pictured on this page and you must realize that steel enters into the construction of all. Would you want your son or close relative now in the service to be without the protection of any of them? This is not an appeal to your emotions, yet hard business sense and the law of averages compel us all to admit that the failure of one in this effort may cost the life of the very one dear to him. It must not happen.

So make your plans to make next week, May 10th to 15th, a memorable one in this county. Assemble your scrap and get it to market. If you have no transportation for this material, we will arrange to get it to market for you -- but please have it assembled. A committeeman will call on you during the week to learn just what your plans are so have something definite to report to him. This must be an effort in which all do their part.

SONS in the SERVICE

Harvey Nunn, son of Mrs. W. H. Nunn, was in Hereford on a literal "flying visit" recently. Harvey is a private first class in the Army Air Corps ground forces and got a ride by plane from his post at Alliance, Neb., to Amarillo. He had only about a four-hour's visit with home folks here.

Richard (Pleas) Baker, formerly of Hereford, is now engaged in civilian construction work and Mrs. Joseph H. Reinart of

at an overseas base. In a recent letter to Homer Fox, Baker reported that he had signed up for the duration, and whatever time was necessary to complete the work, "which sounds like a long time but there is lots of work and people from Hereford never leave a job incomplete."

Baker writes that he has had a lot of fun over the publicity Hereford has received. From his descriptions, he states, his friends believe Hereford and heaven to be practically the same thing; and, he concludes, they're "not far wrong."

Baker is the son of Mr. and Mrs. Omer Baker.

Elmer F. Reinart, son of Mr. and Mrs. Joseph H. Reinart of

Hereford, has recently graduated from a course in aircraft engines conducted by the Army Air Forces Technical Training Command at the Wright Aeronautical Corporation at Lynbrook, Long Island, N. Y. According to the army dispatch, only men who receive grades well above average in general alertness and mechanical aptitude tests are selected for technical training.

While at the Wright plant, Reinart received specialized training in the repair and maintenance of Wright airplane engines.

He was engaged in farming with his father before his induction into the service Oct. 19, 1942 and has two brothers in the armed services: Staff Sgt. Arhart H. Reinart and Pvt. Esidor N. Reinart.

Leo S. Rudd is now stationed at the Army Air Forces Basic Training Center at Kearns, Utah, where he is getting basic training. Upon completion of this training he will be assigned to an A. A. F. Technical Training School.

Rudd is a son of Mr. and Mrs. C. I. Rudd of Hereford.

Nick Koelzer, son of Mr. and Mrs. M. H. Koelzer, is now stationed at the Naval Air Base at Jacksonville, Fla., where he has been made plane captain of a ground crew. Concerning his new work, Koelzer writes, "Being plane captain on a torpedo bomber is no cinch. There are so many more responsibilities than I ever had before I get plenty of headaches."

This is a story that Nick sent in: It seems a navy plane was coming in for a landing and was trying to make radio contact with the control tower at Jacksonville. The pilot called, "Navy Jacksonville from Tare 38." (Navy Jax being the base call and Tare 38 the plane call number.)

He received no answer so he repeats his call again; then pauses a few seconds and says disgustedly, "Well, Jesus Christ, go ahead."

To which the tower answered like this: "Tare 38 from Navy Jax, this is Jesus Christ, go ahead."

(To Nick: That word "tare" looks funny to us, but we never were so hot at reading your handwriting. "Scotty" helped us translate and we would be glad to get a correction if we are wrong, which has happened once or twice.)

Larry Trimble, radio man 3-c in the Navy submarine division, writes a letter that has been a little roughed up by the censor, but still makes sense of the fact that Larry definitely does not want to be cut off the Brand's subscription list because of any post office rulings. As a matter of fact, since the rulings on overseas subscriptions went into effect, it has been announced that they do not apply to the Navy, Coast Guard or Marine Corps; and we hope Larry is getting his paper; at least he is on the list.

Corporal Bill Hall, U. S. Marine Corps, writes to request that the Brand be sent to him overseas—"and just send the bill to Dad." (John W. Hall of Hereford.)

Bill also builds up the idea that marines are really sold on their branch of the service; and judging from the record, they

really have something there. Anyway, here is a story he sends us:

A salty marine sergeant was standing up on the bar at a nightclub in he states, telling everyone about the gallantry of his Corps. Finally an army officer piped up and said, "Don't you know that very time a marine goes into action there are ten soldiers on one side of him and ten sailors on the other side?"

The marine sergeant stood up stiffly and turned to the officer, "Sir," he replied, "That is the correct proportion."

(Note to soldiers and sailors: This column is open to your side of the argument. But we guarantee you'll never convince a marine.)

Lieut. Merlin Jonkin left last week for Garden City, Kans., where he is stationed with the U. S. Air Force. He has spent the past two weeks here with his parents, Mr. and Mrs. Lee Conklin.

SON IS JAP PRISONER

Word has been received here that Jonathan Burns, son of Mr. and Mrs. George Burns of Deming, N. M., is a prisoner of the Japs. Several months ago word came that he was missing in action—but on Feb. 22 his parents were notified that he is a war prisoner. He is a nephew of Mrs. A. D. Godwin and was reared in Hereford.

YOU'RE MEAN, DADDY! WHY CAN'T WE GO RIDING?

It's Patriotic . . . and it's plain common sense . . . to keep your driving at minimum until victory comes.

Rubber, which can be used against the enemy in every battle area, is too precious to be used for anything but essential driving . . . for going to work . . . for necessary shopping . . . for travel to and from places without other transportation facilities.

Remember, the rubber-saving, gasoline-saving, legal speed-limit is 35 miles an hour. Remember, too, that a tire worn beyond the danger point cannot be re-capped.

So be sure to get the help of the Phillips 66 Service Man.

See him at least once a week. He will check the air pressure in your tires, inspect them for cuts and bruises, criss-cross them with the spare every 3000 miles, tell you when re-capping is advisable. He will check your radiator, battery, and air filter. Will lubricate your car from fan-drive to stop-light. Then, with Phillips 66 Poly Gas and Phillips 66 Motor Oil . . . your money, your car, and your tires will all go farther.

Millions of drivers know from experience that Phillips 66 Poly Gas is famous for pep and mileage. So next time you are ready to use a coupon or two, stop at the Orange and Black 66 Shield, and find out just how good today's Phillips 66 Poly Gas is.

Use Care In Garden Spraying With Poison Insecticides

College Station — Protecting
 Victory gardens this year with
 poisonous insecticides is entire-
 ly practical if suitable precau-
 tions are observed, says Paul
 Gregg, assistant entomologist
 for the A&M College Extension
 Service.

Use of active poisons may be-
 come necessary where gardeners
 are unable to obtain enough of
 the so-called non-poisonous ma-
 terials like rotenone and pyre-
 thrum. Pests which attack prac-
 tically all vegetable crops can be
 destroyed by toxic substances
 without undue danger to hu-
 mans if properly applied and the
 vegetables and fruits are thor-
 oughly washed and handled after
 harvest. These poisons include
 lead and calcium arsenates, cry-
 olite, nicotine sulfate and spe-
 cialty products, and the copper
 and sulphur fungicides.

On potatoes and other root
 crops where the tops are not

used for food there usually is no
 danger. But where the tops are
 eaten, they should be washed
 thoroughly and not be sprayed
 or dusted within 15 to 30 days
 before picking. This period de-
 pends upon the type of crop, the
 material used and the weather.
 Poison remains on the plants
 longer when it is dry.

Gregg says that peas, sweet
 corn and other crops protected
 by their own covering can be
 treated without special precau-
 tion if edible parts are well
 washed. String beans and similar
 vegetables should not be treated
 after pods begin to form. Cauli-
 flower and broccoli should not
 be treated with poisons when
 heading or after edible parts be-
 gin to form, and Swiss chard and
 beet tops should not be treated
 during the 30 days before har-
 vest.

The most important thing to
 remember, Gregg cautions, is to
 wash thoroughly after picking
 all vegetables which have received
 poison treatment.

Mr. and Mrs. Jacob Wagner Celebrate 60th Wedding Anniversary Saturday

Memories of 1883 were recalled Saturday, May 1, when Mr. and Mrs. Jacob Wagner celebrated their sixtieth wedding anniversary at their home here, for on that date Miss Elizabeth Cromer became the bride of Jacob Wagner in the little Catholic Church of St. Marys in Galena, Ill.

The couple lived in Illinois for three years after their marriage but came to Texas from Wisconsin in 1908. They settled in the Jumbo Community which was then known as the Parrot Community and there they made their home where he was engaged in farming, until 1916 when they moved to their present home. Mr. Wagner says he retired in 1916 but both are very active for their years (she is 83 and he is 84) and operate very successfully a five-acre tract of land just outside the city limits.

The anniversary festivities started at 9 o'clock Saturday morning when Father Nathaniel conducted high mass at St. Anthony's Catholic Church. A dinner at noon Saturday for relatives and close friends followed, and Sunday the celebrations were concluded. Their children, grandchildren and great-grandchildren all had a part in gifts presented to the couple and other gifts and flowers were received.

Mr. and Mrs. Wagner are the parents of six children, five of whom were present for the celebration. They include: Jacob Wagner, Jr., of Rock Island, Ill. (who was unable to attend) Mrs. George Bachus of Happy, Mrs.

Playlet To Be Presented In Special Mothers Day Program-Tea By YWA

An appropriate playlet will be presented at the special Mother's Day Program-tea which will be given by Y. W. A. members Monday evening at the Baptist Church.

Committees arranging the tea include Kitty Kloe Harlin, Dorothy Funderburg and Ellen Bowsher, program; Inez Funderburg, Mrs. O. L. Massie, Frances Young

Marriage Date Is Revealed At Seated Tea In Conkwright Home

Announcement of May 9, as the wedding date for Miss Nancy Conkwright and Mr. Charles Hays marked the social calendar for last weekend.

Miss Conkwright's approaching marriage was revealed at a seated tea given by her mother, Mrs. H. G. Conkwright, Saturday afternoon at the Conkwright home. The wedding will take place at the home of the bride's parents Sunday morning with only members of the families and a few intimate friends attending.

A blue and white theme was carried out with blue iris in bouquet arrangements about the house. News of the forthcoming marriage was revealed at the refreshment table. The centerpiece was a bowl of white carnations flanked by lighted white tapers in crystal candelabra. Spelled out in blue cornflower petals on the white table cover was the message "Nancy and Charley, May 9".

Mrs. Conkwright was assisted by her daughter, Mrs. J. R. Allison; and Mrs. Wayne Evans presided at the silver tea service. Others assisting were Miss Katherine Kirby, Miss Elizabeth

Joe Birkenfeld and Mrs. Art Kleiman of Nazareth, Mrs. Johnny Stork of Nazareth and Roy Wagner of Hereford.

They have 46 grandchildren, who were all present but seven, and 11 great-grandchildren who were all present.

Significant to the honored couple was the fact that Katherine Bachus, their oldest grandchild, received her first communion on Saturday following the high mass.

They have three grandsons in the armed service, Elmer Kleiman of Nazareth and Lawrence and Lester Wagner of Hereford. Word has been received that Lester has been wounded in the North African War zone and is now in a hospital there. One granddaughter, Mrs. Walter Warren, whose husband is a surgeon in the armed service, is a member of the WAAC's and Mrs. Warren's twin sister, Miss Thelma Birkenfeld of Nazareth, is doing defense work in Fort Worth.

They have one granddaughter who is a nun. She is Sister Josella, a teacher in Charleston, Ark. One grandson, Lavern Kleiman of Nazareth, is a student for the priesthood at St. John Seminary in San Antonio. Mr. and Mrs. Wagner look back across the years with grateful memories. Those many years have been full of hard work with many ups and downs, but there has been much happiness too and they feel a sense of gratitude that they are still able to attend their church and take part in its activities.

and Paula Edwards, refreshments; Nannette Little, Marie Davis, Mary Ann Davis and Thornton Shirley, decorations, and Thornton Shirley and Leona Francis will have charge of the tea table.

Special music to suit the occasion and other features in keeping with the Mother's Day theme will be provided.

Ireland, Mrs. A. L. Manjeot and Mrs. P. H. Gilliland.

Those attending were Mesdames Wayne Evans, Colby Conkwright, Louis Woodford, J. T. Gilbreath, Jr., Laura Hicks, C. T. Guseman, John Patton, Loraine Sisk, Clyde Hays, Buford Crosthwait of Los Angeles, Calif., Carl Mountz, A. J. Schroeter, W. E. Barnes, Elizabeth Hyer, Manly Finch, Cliff Estes, Ralph Hastings, Robert Veigel, T. E. Seigler, Jr., J. M. Gilliland, Misses Mary Virginia Eberle, Vida Hicks, Cecelia Guseman, those in the house party and the honoree.

A series of parties are being given this week for Miss Conkwright. Mr. Hays who is in the armed service arrived yesterday and Miss Marie Glaspy of Ennis will arrive today to be here for the wedding. She and Miss Conkwright were classmates in Baylor University, Mrs. R. M. Dawson, another friend who will be here for the wedding, will arrive tomorrow.

Mother And Daughter Banquet Given By Members of Tri-Hi-Y Club Group

In keeping with an annual Mother's Day custom, carried out since the organization of the club, members of the Tri-Hi-Y Club entertained Tuesday evening with the annual Mother-Daughter banquet at the Presbyterian church. Arrangements for the entire affair were made by the various committees of the club, even to the preparation of the food. Miss Crawford is sponsor of the group and Miss Margaret Olson is the outgoing president.

Decorations told of spring with pink begonias placed at intervals the length of the banquet tables. Cutout dolls bearing each guests name and the date were used as placecards.

Miss Margaret Olson was toastmaster for the occasion and after the invocation given by Miss Crawford, Miss Olson welcomed the Mothers and other special guests. Mrs. Doyle Rose gave the response.

Miss Bonnie Miller sang "That Wonderful Mother of Mine" accompanied at the piano by Margaret Barrett. Miss Phyllis Radovich read "Mothers Love" and Rev. James Aiken, guest speaker of the evening, gave a talk on "Holding on to the Fundamental Ideals." Group singing completed the program.

Immediately following the program an induction service for new members was conducted by the president. Seven members of the club explained the meaning of Tri-Hi-Y club work and sold of its value to members. Talks were made by Margaret Olson, Mary Ruth Russell; Betty Dunlap, Rosemary Phillips, Marcella Blue, Phyllis Radovich and Loidene Martin.

New members inducted included Margaret Barber, Billie Earline Sexton, Ouida Hudson, Erva Fluitt and Betty Jane Robinson. Besides the mothers, special guests were Rev. and Mrs. James Aiken, Jr., and Mrs. Knox Kinard.

LAPLATA CLUB HAS INTERESTING LESSON ON SOUTH AMERICA

La Plata Study Club met in the home of Mrs. Elmer Patterson Tuesday evening for a lesson on South America, the program being built around the tionship between the two countries in the past and in the future.

Mrs. Barbara Roles discussed relations between the United States and South America in the past, giving a brief review of the South American attitude and results of international policies.

Mrs. Urlin Streu told of the Future Outlook, explaining what the Good Neighbor Policy may seem in the future.

The final program of the club year will be held on May 18 at the home of Mrs. A. J. Schroeter. The theme for the program will be "Americanism" and moving pictures of Cuba will be shown.

Those present were Mesdames Barbara Roles, Homer Brumley, Meade Haile, Lynn Kester, D. C. Kinsey, Chas. Newell, Elmer Patterson, A. J. Schroeter, T. E. Seigler, Jr., Loraine Sisk, Urlin Streu, Gordon Taylor, Liston Wilson, Woodrow Wilson, Gaylord Newell, and Chas. Hardwick. Mrs. Buford Crosthwait, a former member now making her home in California, was also present.

MRS. GORDON TAYLOR ENTERTAINS CLUB

Two tables of players enjoyed contract games last week when Mrs. Gordon Taylor was hostess for the London Bridge Club.

Bridal wreath, flags and panicles were combined to carry out a springtime floral effect for the party. Mrs. J. T. Gilbreath was high player for the score award and Mrs. Knox Kinard, guest of the club, played second high.

Others present were Mesdames R. R. Willis, W. A. Teter, Meade Haile, N. E. Milburn, Ernest Medkitt, Grant Fuller and the hostess.

MRS. CROTHWAIT IS HONORED TUESDAY

An informal dinner party complimented Mrs. Buford Crosthwait Tuesday evening when Miss Mary Virginia and Genevieve Eberle entertained at their home. A low bowl of sweet peas centered the table and appointments were in crystal and silver.

After the dinner the group attended a meeting of the La Plata Club and then attended the picture show.

Those present were Mrs. Wayne Evans, Mrs. Buford Crosthwait of Los Angeles, Calif., Mrs. Loraine Sisk, and the hostesses.

MRS. HUDSON IS GUEST SPEAKER AT W. M. S. Meeting

Mrs. G. M. Hudson was guest speaker for the Woman's Missionary Society of the Methodist Church at the meeting held yesterday afternoon. Mrs. R. P. Conway gave the devotional. Mrs. Hudson spoke on "Juvenile delinquency and child problems during wartime." An appropriate song written by Mrs. Hudson was sung by Mrs. Ioneyay.

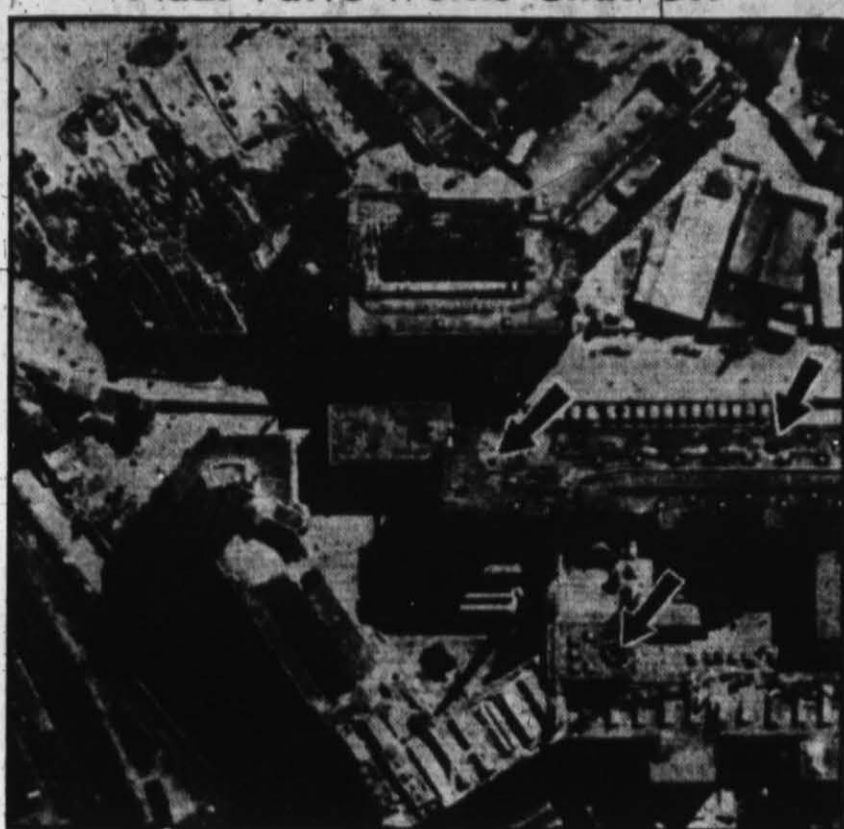

The next regular meeting will be held at the church next Wednesday and the study of peace will be continued.

COURTESY DINNER

Mr. and Mrs. H. M. Thomas were hosts at a farewell dinner honoring Rev. and Mrs. Redford Friday evening at their country home at Westway.

Enjoying the courtesy were the honorees who have gone to Greenville where he will serve as pastor of the First Christian Church. Mr. and Mrs. J. B. Stoker, and Mr. and Mrs. C. H. Dyar.

Mother's Day

Because they are the unsung heroines of this War, let's make Mother's Day, May 9th one they will long remember. Because of the look of hope in her eye, because of her smiling courage, your mother this year, is truly the 'Lady of the Hour'. Let her know how proud you are of the job she is doing. Remember to tell her . . . that you, like all Americans everywhere, deeply appreciate the letters of hope she sends, the hours of labor she spends in Red Cross work, the faith she has in you and all the others who are all-out to win the War. Tell her so with a gift, a visit, a letter, a phone call. Give her something special inscribed, "To Mother—with Love".

Make Mother's Day, 1943, a day your Mother will always remember.

Fox Man's Shop

HOMER FOX, Owner

Here is a salad most excellently designed for hot weather. A whole meal can be built around it and it fits in just right for meatless days or for a sandwich meal when only a small portion of meat can be used. Cheese of course is rationed but by combining it with other foods you can make your ration points go a long way. That's why cheese jumped to first place as a meat substitute when meat rationing went into effect.

Mrs. E. B. Hicks says she has used this recipe for years; it originally belonged to her sister in Dallas, and since many have requested it—here it is:

Jellied Cheese Salad

- 1 pimento chopped fine.
- 1-2 cup stuffed olives chopped fine.
- 1-4 green pepper.
- 1-2 cup nuts chopped fine
- 1-2 lb. grated cheese
- 2 packages lemon jello
- salt to taste
- 2 tablespoons lemon juice
- 2 tablespoons Lea and Perrin Sauce.

Prepare jello as usual and combine all the ingredients. Allow to stand in refrigerator until congealed. If you live on a farm and have cream to whip, add one cup of whipped cream after combining all the other ingredients. Mrs. Hicks uses the recipe both with and without the cream. It is pretty party food and delicious served with fried chicken.

Misses Norma Hunter, Mary Jean Dyer and Dorothy Mobley and Mr. Dyer visited Sunday afternoon with Marcia, Lyla and Frank Robbins and took supper with them.

Rev. Joe Taylor of Plainview preached at Frio Sunday morning and evening. He and his wife visited in the H. D. Robbins home.

Mr. and Mrs. Hall of Wellington visited Wednesday with her sister, Mrs. J. E. Warrick and family.

Mrs. J. J. Dimmitt, Jr., of Texhoma, Okla., left for her home Wednesday after spending several days here visiting her mother, Mrs. Geo. Guinn, and her son, Geo. L. McClendon.

Ho! Hum! Well, kids, this spring fever seems to be getting everyone down. Homer doesn't exactly call it spring fever—in other words, he interprets it as love. He overheard in the halls the other day that Beverley Fraser and Donald Roberson didn't exactly have spring fever, but a touch of love along with it—and you know what that means.

The Senior play was really a success this year, but a question was left in a few of our minds, and that was how on earth Bruce Beene got a loaded cigar?

Daniel Russell really has a technique for kissing and if you don't believe me just ask Phyllis, or should we ask Wanda?

Homer was trying to figure up Saturday night how much money was lost on the Junior and Senior football game. What do you think?

If anyone in high school would like to know anything about cows, just ask Lynn and Pat; they can tell you practically anything you would like to know.

Talking about animals, someone ought to tell Florene Lloyd and Beverley Fraser that they are supposed to ride the horses and not the horses ride them—or maybe they know that by now.

Homer overheard quite a bit of excitement the other day coming from the band room. It seems that Geraldine Kendall's band chair wasn't strong enough—thus she took a spill. Is that why Geraldine is talking about going on a diet?

The Juniors feel fully repaid for all the work they did on the Junior-Senior banquet, for Monday afternoon the Seniors entertained them with a theatre party.

If you've been wondering who was "butchering" the "Star Spangled Banner," we'll confess that it was Miss Rigler's English classes. Surely Francis Scott Key never intended his work to be so badly treated.

I must be closing for now as I am being paged and I can't miss out on any excitement. See you next week.

Ramey Speaks To Tri-Hi-Y

"The Responsibility of a Girl" was the very interesting subject spoken on by Miss Decimae Ramey when she met with the Tri-Hi-Y girls Tuesday night, April 27.

The business meeting was filled with enthusiastic plans for the Mother-Daughter Banquet which is to be held May 4, at the Presbyterian Church.

Margaret Barrett was program leader. To open the program, the group sang "I Would Be True."

Owen Is Elected Hi-Y President

At the Hi-Y meeting Tuesday, April 27, the vice-president, G. P. Owen, called the meeting to order in the absence of the president, Bruce Beene. There had been no devotional planned, so the business meeting began at once.

The nomination committee had met and nominated candidates for officers next year. The election was held; G. P. Owen was elected president; Lloyd Manjeot, vice-president; Lyle Fluit, secretary; and Jim Hicks, treasurer. As the meeting of May 4th will be the last business meeting of the year, the new officers will be installed at that time.

The plans for the Mother and Son Banquet were discussed further, most of the arrangements having already been made. This will be May 7, the last meeting of any kind for the year. The newly installed officers will be presented at this time.

The Hi-Y benediction closed the meeting.

F. F. A. Selects 1943 Officers

The F. F. A. met April 29, in the agriculture room and elected new officers. They are as follows: historian—Wendell Roberson; parliamentarian—Jimmy Fangman; watchdog—Alfred Hoffman; reporter—C. W. Reeves; treasurer—V. C. Hopson; secretary—Louis Beckman; vice-president—Leland Rutter; president—Lloyd Manjeot; and song leader—Eugene Matthews.

The F. F. A. boys voted to have a picnic at the first open date. They also decided to rent out their battery brooder.

Mr. Cardwell gave a talk on "Victory Farm Crop" this summer. This is a campaign to get volunteers to help on the farm. The agriculture instructor and the F. F. A. boys will assist in teaching boys who do not know much about farm machinery. Any boys interested should see Mr. Cardwell.

'All-Around' Students To Be Selected Soon

In the same way a football captain is elected, a football queen is chosen, a president of the class is elected, and a state representative of some boy's club is sent, the school is going to select the best all-around boy and girl in high school. Four representatives have been chosen from each class which the Student Council will vote on. The top four will be voted upon by the high school students and some sort of prize will be awarded. Those selected from each class are: Freshmen: Helen Ann Pitman, Joe Bishop, John Lookingbill, and Jessie Ann Buckner; Sophomores: Lloyd Manjeot, V. C. Hopson, Naomi Brumley and Juanita Upton;

Sentence prayers were then said by the members. The talk for the evening was on the "Responsibility of a Girl" given by Miss Ramey. Everyone thoroughly enjoyed it, and it helped each girl to realize her responsibility a little clearer than she had before.

The Tri-Hi-Y benediction closed the meeting.

Senior Personalities

Geraldine Kendall, known to most of us as Jerry, was born the bright windy morn of March 24, 1925. She has light brown hair and hazel eyes. She is 5 feet 4 inches tall and is one of those girls who has a passion for collecting vases and pictures. And we might have known her favorite song is "Elmer's Tune." Jerry isn't hard to please when it comes to food and she definitely does not have a favorite. Any of it will do, especially in these times of rationing. Her greatest ambition is to be a stenographer and she plans to attend T. S. C. W. at Denton or Chillicothe, Mo. Jerry just dotes on skating and dancing as they are her favorite sports. During her years in high school she has been a member of the band for 4 years and Tri-Hi-Y for 4 years.

"Hey, Hutson!" It always brings results. Yell that—once and 'round the corner dashes a boy that would be 5 feet, 9 inches tall, weighs 130, grey eyes and brown hair. His name is Billy Dennis Hutson. Billy's hobbies are eating, talking, laughing and enjoying himself. His favorite food is apple pie and his favorite subject is Ag. 111. If you hear him singing you will quickly recognize the song as "Don't Get Around Much Any More" as it is his favorite. Billy's ambition is succeeding in life. His pet hate is people who never have any fun. During his years at high school he has been a member of F. F. A. and is vice-president of the same. Of course, we all remember "Barbara Hutson" in "Swing and Sway" with the F. F. A. He intends to go to college at A and M or Texas Tech. Billy's favorite comment is "Eat, drink, and be merry for tomorrow we graduate."

Vera Carlson was born in Cedar County, Hartington. Vera is 5 feet, 9 inches high and weighs 145 pounds. Vera has blue eyes and blond hair, and she likes just any "blues" song. Collecting pictures is her hobby and her favorite food is ice cream.

Vera has attended school at Hartington, Nebraska and Adrian, Texas before coming to Hereford. Vera will be glad when school is out, but as yet she hasn't decided whether or not she will go to college.

Vera picks "you said it" as her favorite saying, football as her favorite sport, and English as her favorite subject. Her greatest ambition is to work in an office.

"Famous 5 feet, 8 inch woman pilot is visiting New York and Main."—that might be the headlines in a New York or Maine newspaper several years from now. At least, that is Marian Plummer's ambition, except she doesn't care to be very famous.

Marian was born in Crosby County, June 23, 1925, and is now 5 feet, 3 inches tall and weighs 108. She has green eyes and long, dark brown hair. Her pet peeve and extreme dislike is people who think they are so-o-o cute and try to show off. In contrast to this, however, she likes chemistry and orchestra, football and tennis, mince meat pie, and would like also, to go to Texas Tech next year. "I'm Getting Tired So I Can Sleep" is her favorite song and "Oh, Gee" is her favorite saying.

Marian is a member of the Staff, Tri-Hi-Y, and Jr. Camp Fire Girls and has been president and secretary of that organization.

For her hobby, Marian collects liberty head nickels and says she may put the mint out of circulation, which would be a good idea.

Frances "Golly" Gollehon was born in Post, Texas, on June 30, 1926. She is 5 feet, 2 inches tall and has brown hair and eyes. Her favorite food is cherry pie and ice cream. Frances' favorite song is "Seems to Me I've Heard that Song Before," and she is forever saying "Are you kidding?" She intends to go to Texas Tech as soon as she gets out of high school. When asked how she liked it here, she said, "I think Hereford High School is just about the best there is." Her favorite subject is typing and sport is football. She has been a member of F. H. T. for 3 years, Pep Club 1 year, and Tri-Hi-Y for 1 year. Her pet dislike is people who

Summer Projects Course Offered

The Homemaking department is offering a course in Summer Projects for all students who are interested in developing their skill and knowledge in the arts of homemaking and at the same time earning a half credit toward graduation. The course is open to all girls who have had at least one year in homemaking. Each girl will be required to complete satisfactorily a home project and to assist in the execution of a group project.

The purposes of the course are to afford girls with supervised home experiences which will supplement class instruction and follow individual interests; to supply recreation and companionship during the summer months; and to give a better understanding of responsibilities of homemaking.

All projects will be started the week after school closes. The group projects will be completed in June, and the individual projects must be completed by the last week in August.

Those who are interested should see Miss Kathryn Davies before May 21.

CALENDAR OF COMING EVENTS

- May 21 — 1943 School Term Closes.

consider themselves so much better than others

That little shy, blue-eyed "runt" of ours from Shamrock, Texas is Billie Eriene Sexton. She was born May 6, 1926, weighs 110 pounds, and is only 5 feet, 2, but she has great ideas for such a little girl. One of those ideas is to go to Denton and become a dietitian; another is to pass Plane Geometry this year.

Billie has been in the F. H. T. for 2 years and the Tri-Hi-Y for a year. She really likes American History and something else, although a little different, which is skating.

"Runt's" hobby is collecting hair ribbons which may be one reason why she always has a gay ribbon in that golden, curly hair of hers.

Like everyone else she has a favorite saying and that is "Oh, Gee". Billie seems to like everything fairly well, especially peanut butter and crackers and the song, "Every Night About This Time." Her only dislike is people who try to tell you what to do and some of those people will, perhaps a little regretfully, be discarded in a few days.

"Hi, ya, Captain!" might be the way one would address John Douglas Pitman, because you see, his ambition is to be a Captain in the Marine Air Corps.

"Little" John Douglas was born in the hospital of Hereford, Texas on November 14, 1925. Today John doesn't look the least bit like that tiny baby because he is 6 ft. 3 in. with his shoes on and weighs 173 pounds. John Douglas said that he had gray hair and eyes, so I'll not contradict him but I really think that he has brown hair—maybe I am color blind though. His hobby is hunting—Japs, too, John?

"Oh, Tillie." "You Made Me Love You," says he. No, his girl isn't named Tillie (I don't think) but that is his favorite saying and the other is his favorite song. Possibly one reason for his "dwarfed" size is that his favorite food is T-bone steak, ala-carte, rare. Not bad, eh?

John Douglas has been active in all school affairs and was president of the Sophomore class, Student Council representative his Junior year and is treasurer of the Senior class.

We all hope that it will not be necessary for John Douglas to become a captain but if it is then we sincerely hope that he is able to achieve his dream or ambition. Good luck, John!

Best Spellers Of H. H. S. Named

The Honor Society Spelling contests ended with the assembly program last Tuesday. These contests have been going on for two months. Five of the best spellers in each class were in the final contest. The words were sent to the local chapter by the G. and C. Merriam Company, which publishes Webster's Dictionary.

The words were taken from two lists; the Junior High, for Freshman and Sophomores; the Senior High for Juniors and Seniors. A word from the Junior High list could be given to a Junior or a Senior, but a word from the Senior High list could not be given to a Freshman or Sophomore. The contestant was given a chance to correct the word if he did so immediately after he spelled the word. He was asked to pronounce the word either before or after spelling it. Proper nouns should be said to start with a capital, but it was not a miss if the person spelling didn't do this.

Edward Young won first place; Joan Wilhelm, second; and Robert Elliston, third. The awards were presented in assembly the next Thursday. The first place award was a gold medal; the second place, a silver medal; the third place, a bronze medal.

The Honor Society wanted to have a spelling contest last year, but they didn't succeed; so this contest is the first one to be sponsored by the Honor Society. They plan to have one next year in the hope of improving the spelling of the students of high school.

Those taking part in the final contest were: Freshmen: Charles Fristoe, Joan Wilhelm, Billie Jane Smith, Helen Tucker, Jessie Ann Buckner; Sophomores: Naomi Brumley, Margaret Barber, Jo Ann Pittner, Myers Hudson, and Charles Skelton; Juniors: Ruth Tucker, Ellen Posey, Edward Young, Lloyd Olson, and Franklin Burleson; Seniors: Marie Compton, Mary Helen Cross, Robert Elliston, Nona Deen Rose and Wanda Whitaker.

Go To Lubbock for Test

Monday, three high school boys went to Lubbock to take the V-12 test. This is the second test that the boys have taken. The boys were Bruce Beene, S. D. Foster and George Weems.

"Best in Years" Says Audience Of This Year's Senior Play

COME OUT OF THE KITCHEN, a comedy in three acts, by A. E. Thomas.

Cast

Olivia Dangerfield	Phyllis Radovich
Elizabeth Dangerfield	Nona Deen Rose
Mrs. Falkner	Mary Ann Acker
Cora Falkner	Juanita Kelley
Amanda	Erva Fluit
Burton Crane	Billy Dameron
Thomas Lefferts	Bruce Beene
Solon Tucker	Donald Roberson
Paul Dangerfield	Felix Pyka
Charles Dangerfield	Thurman Williamson
Randolph Weeks	Daniel Russell

Time — The Present Place — The Dangerfield mansion in Virginia. A bright comedy, whose humor has not been dimmed since the Broadway production several years ago, seemed to bring out the best acting talents of Hereford High seniors last Friday night when "Come out of the Kitchen" was presented to a capacity audience at the high school auditorium.

Perhaps it was a matter of casting to type; but every actor, from the principals, Phyllis Radovich and Billy Dameron, to the dominating Mrs. Falkner, (Mary Ann Acker) wrung their parts for every possible laugh—and there were plenty of them.

As Olivia Dangerfield, the southern belle who attracted men in the traditional southern manner, Phyllis Radovich gave a performance marked by depth of feeling in several difficult scenes. She carried off her Irish brogue with assurance and made the determination of the character ring true throughout the play, and her light comedy touch was almost faultless.

Billy Dameron, as the Yankee who rents the Dangerfield mansion, was expert in the transition of the character of Burton Crane from a slightly eccentric rich man to the role of romantic hero.

Mary Ann Acker as Mrs. Falkner (definitely the dominating dowager) carried off comedy honors, even though she was not quite able to fix the romance of her daughter, Juanita Kelley, with the wealthy Mr. Crane. Daughter had a yen for the pixilated poet, Tom Lefferts, (Bruce Beene) and by the time for the final curtain, seemed almost ready to throw off mama's designs and do something constructive about it.

Daniel Russell as the Dangerfield agent, Randolph Weeks, was just another male who was putty in Olivia's hands; and in the ice-cream freezer scene in the second act, he brought in some excellent romantic comedy. Nona Deen Rose, Felix Pyka, and Thurman Williamson as the

rest of the Dangerfield clan, were adept in conveying their awkwardness in the servant role but they definitely put over the humor of the situation. Felix Pyka was a butler in the real "Jeeves" tradition, and Donald Roberson was good in his role of Crane's lawyer, the brother of Mrs. Falkner.

A comment on performances would be incomplete without mention of the performance of Erva Fluit, as Olivia's black mammy. Strictly a comedy role, it was high in audience appreciation.

Though some technical difficulties slowed up the play, as far as performances were concerned it went off with professional smoothness, and the audience has proclaimed it one of the best senior plays in many years, with the result a credit to the director, Miss Irene Crawford.

To point a moral, the success of "Come Out of the Kitchen" emphasizes the fact that a good play with professional reputation is the best choice for any group, whether professional or amateur. The talent is there, in almost any group, but it takes a well written, stage-wise play to bring out the talent.

A few of the lines, and one scene, were reported to have been dubbed in by the actors—either on an "ad lib" impulse or to get back to the original spirit of the play. The "original" touches were appreciated by the audience and seemed to add to the general hilarity.

Two Communities In Farm Meet Saturday

Farmers of the Progressive and Down areas are invited to a meeting in the ACA offices in the courthouse Saturday to carry out work on the "pre-measurement" of farms for the 1943 program.

The pre-measurement plan, as explained last week, will enable farmers and AAA workers to mark off scale maps of each farm, showing where crops will be planted and projected acreages, and is designed to do away with the measuring and re-measuring of farm lands by government workers.

The meeting in the AAA offices will last all day Saturday and every farmer in Progressive and Down communities is asked to attend at some time during the day.

Marketing Subject For Visiting H-D Speaker

Miss Myrtle Murray, food industries specialist of the Texas Extension service, will be in Hereford Saturday to meet with the county H. D. council and other groups and individuals interested in the development of a marketing program here.

Miss Murray will work with the group on further plans for a curb market and also will discuss the grading and marketing of eggs.

A report on the progress of the curb market will be made by the County Federation of Women's Clubs Friday by a representative of the H. D. council.

PROCLAMATION

To the Citizens of Hereford, Texas, Greetings:

WHEREAS, June 8 to 14 is designated as Flag Week by the United States Flag Association, which sponsors throughout the Nation this week commemorating the adoption of our Flag, and

WHEREAS, The observance this year is dedicated to the War Savings Program of the United States Treasury Department with the slogan "SAVE BY SACRIFICE" and the object of selling 100 million dollars worth of War Bonds over and beyond normal purchases for the week.

Now, Therefore, As Mayor of Hereford, I proclaim the week of June 8 to 14 Flag Week; direct that our Flag be displayed on all municipal buildings; and urge that our citizens display the National Emblem at their homes, places of business and elsewhere.

Furthermore, I urge our people to participate in the Flag Week War Bond Campaign so that our city will discharge with honor and distinction its share of responsibility in this campaign of homage to our Flag and aid to the victory for which our brave sons, on the battlefronts of the world, are offering all that they possess.

In Witness Whereof I have hereunto set my hand and caused the seal of the City of Hereford to be affixed this 6th day of May in the year of our Lord Nineteen Hundred and Forty-three.

C.J. Paddock,
Mayor of the City of Hereford, Texas.

health of their men, and if local authorities fail to co-operate to achieve necessary sanitary measures, the only recourse of Army officers is to ban the places of business to soldiers under their command.

Such a quarantine, the colonel points out, could if necessary be expanded to cover a whole town; but this action would be taken only if all other efforts at cooperation fail.

Pre-Fabrication

could leave the factory "tomorrow night", according to a letter received by the Chamber of Commerce, and delivery could be made on anything from five to 300 units. It is possible to combine housing units to form barracks.

Since the housing and the farm labor problem are closely allied, farm operators will be interested in investigating the uses of pre-fabricated housing; the Chamber of Commerce believes. Many farmers feel that the labor situation can best be solved by the farm operator's taking the initiative and providing housing for his own labor.

Keep meat and poultry in your coldest storage place—45 degrees or lower.

Keep cooked meat covered. Chopped and sliced cooked meats spoil more quickly than meat in the piece. Cut or chop just before using.

Keep uncooked, well-cured meat in a dark, cool, dry, airy place. Leave wrapping on ham, bacon, and other cured meats until ready to cook.

With Just a Touch of China

Two frocks with a Chinese touch—a black dragon scroll in soutache braid spans the hip lines of the shirtwaist number at left, with beige crepe buttons and a beige coolie hat, while at right is a sheer black crepe buttoned up the high front and appliqued in Chinese red at the bodice and around the skirt.

Card of Thanks

Several months ago a lady sent me a fine bouquet of flowers and I wrote and told her I appreciated them. I like to smell and enjoy them, they mean so much, the Blue Bonnet, the Columbine, and the Dogwood which grows on a tree and is white and beautiful. This winter many of my friends have sent or brought my wife and I bouquets, and I wanted to tell them how grateful we are. There is so many ways to make one happy when shut in, some call at the door
