## AROUND ATown

Sights and Faces Seen

The post-office bunch had faces a mile-long yesterday morning because none of the trains came through Tuesday night and they couldn't use any of those cute little stamps that read "Please advise correspondents of your correct address."

Ina Mae Gilbreath, Red Cross knitting chairman, says that some more yarn has been received and that ladies who want to help out with this work are asked to come by the Red Cross room at the City Hall to get the yarn.

Probably nobody took an accurate count, but there must have been nearly 200 sheet-shopping customers in Penney's store yesterday afternoon when the anniversary sale opened.

Alex Thompson was at Penney's taking pictures of the rush, but he says his real specialty is weddings; and when he retires from the abstract business he's going to apply for the job of The Brand's society editor. Says he's getting to be a regular Emily Post on rules for social usage, etc.

Grant Fuller is just about ready to put up a three-star service flag at his house. His sons Varian J. (Navy) and Grant, Jr. (Army Air Corps) have been in service for some time, and the oldest son, Sidney, is going into the Navy soon.

## Treaty Structure, Subject Peoples, Considered at Sunday Peace Forum

Re-emphasizing the need for collective security and the triumph of Christian principles in international affairs, speakers at the second Sunday afternoon forum on the "Six Pillars of Peace" discussed treaty structure and the autonomy of subject peoples at the program held at the Methodist Church this week.

The last of the series of peace discussions will be held Sunday afternoon at 3:30 o'clock at the Methodist Church with program topics of "Treaty Structure and the Autonomy of Subject Peoples" and "The Military Basis of Collective Security." The speaker for the first topic, Rev. James Aiken, Jr., will speak on the first topic, and no announcement was available today as to who will speak on the second topic.

Dr. Barlow Speaks  
Dr. Ima C. Barlow of West Texas State College, speaking on the problem of colonies and empire, declared "Our problem is not one of bemoaning the past, but of finding out what might be done in the future to secure autonomy for subject peoples." Outlining the motives for imperialism, the speaker stated

## Bond Sales Lag As Month Nears End

Stating that total bond sales thus far for the month of March amount to \$9,185.25, as compared with a quota of \$32,000, war finance chairman J. C. Ricketts said today that he had no comment except this question, to every citizen of the county, "Are you going to buy a bond?"

For it will take some concentrated bond buying for the next week to put the county over its quota and to keep up the good record established in bond purchases.

## Wyche Citizens Take Up School Fund Deficits

Citizens of the Wyche School District, who have been faced with serious financial difficulties this year in paying school bus and other school expenses, Friday night at a community meeting made donations to continue operation of the buses until the end of school.

"Wyche needed about \$750 to complete the school year," reports County School Supt. Fred W. Baird, "and on Friday night the folks at the meeting wrote checks amounting to a total of \$550.

"We have every reason to believe that persons who did not attend the meeting will contribute the remaining \$200 needed," Mr. Baird said. (Continued on Page 10)

## Special High Mass. at St. Anthony's Church

Solemnizing the Feast of the Annunciation, a High Mass will be held Saturday morning at eight o'clock at St. Anthony's, it was stated this week by Father Albert, pastor.

"The dedication of all Saturdays to the Blessed Virgin Mary is well known to all Catholics," Father Albert stated, "however, this coming Saturday is also the Feast of the Annunciation. On this day the Church brings to mind the passages recorded in Luke, Chapter 1, verses 26 to 38."

Father James, assistant pastor, will sing the Gregorian Chants; and before the celebration of the High Mass will sing and play special musical numbers.

## Citizens Urged To Take Part in C. of C. Contest

Stating that little interest has thus far been shown in the Chamber of Commerce City and County Improvement Contest, Harold Close, C. of C. president, this week urged Deaf Smith County people to take part, pointing out that the contest has been running for many years and that each entrant has a chance at the \$100 bond offered as first prize.

The Chamber of Commerce is eager to find out the ideas of citizens on "what to do" to bring about a better town and county, and even more important, they want suggestions on "how to do it."

Information on rules is contained in the Chamber of Commerce advertisement in this week's Brand, and persons desiring further information can call the Chamber of Commerce office or see Mr. Close.

## German Glider Which Landed Near Hereford Now at Ohio Air Field

If you ever wondered what happened to that German glider which landed in a field out at Westway several years ago—and especially if you are one of those people who decided, later, that the ship was on a spying tour, you will be interested to know what happened to the glider and her pilot and navigator.

According to a letter received last week by Ruth Tucker, high school senior, who wrote her name and address on the plane when it landed here, the glider is now at an Army Air Field at Wilmington, Ohio, where it is being used for experimental purposes; and the German navigator and pilot have been interned for the duration.

Ruth's letter came from a soldier stationed at the Wilmington Field.

## Clubs Start On Recreation Center Building Plans

Aiming toward the construction of a recreation center for Hereford young people, the Tri-Hi-Y and Hi-Y Mothers Club organized a couple of weeks ago, is appointing committees and making preparations for a full report on the project to be presented to a joint meeting of representatives from all Hereford civic and social clubs on April 7, it was announced today.

Officers of the new club are Mrs. Ray Barber, president; Mrs. L. L. LeGrand, vice-president; Mrs. George Millard, secretary; Mrs. J. Morrow, treasurer, and Mrs. Phillip Barkley, reporter. Committees appointed include: Building—Mrs. J. Morrow, Mrs. W. H. Russell, Mrs. W. E. Dameron.

Location—Mrs. Lawrence Bridgman. (Continued on Page 10)

## Gas Coupons to Remain Valid for 3 Months

The cut in "A" gas rations from three to two gallons a week, which became effective yesterday, will not result in any change of value of existing coupons, according to an OPA announcement made this week. The change will be in the length of time for which coupons remain valid, and in the future coupons will be good for a period of three months, instead of two.

Thus A-11 coupons, which became valid Mar. 22, will not expire until June 22.

## Co. Agent Discusses Feed Crop Varieties

Urging farmers to plant the feeds which have a recognized market value, County Agent A. R. Bateman this week recommended the Standard, Dwarf and Double Dwarf varieties of maize, which he states are high in vitamin content and recognized for their feed value.

Martin Maize, which has been planted in this territory, is reported to be having a bad effect on the maize market in some sections, and both farmers and grainmen are divided on the question of whether this variety makes good feed.

Concerning other grain crops, Mr. Bateman recommends the yellow field corn varieties; and of grain sorghums he says Hegari and Kaffir are good. African millet and red top cane are desirable sweet sorghums for this territory.

Urges Trench Silos  
Because of the big increase in dairying in this county, Mr. Bateman urges again that all dairymen build trench silos, which he describes as "the most economical feed storage known."

Building trench silos, says the county agent, is the dairyman's assurance of having the equivalent of pasture during the winter months.

While corn is the best silage known, Mr. Bateman points out, African millet is almost as good, and if good feed is put into the silo good feed will be taken out.

## Need Volunteers To Tend Red Cross Collection Booths

There is an important war service volunteer job waiting for some Hereford women who want to help put Deaf Smith County over the top in the Red Cross War Fund drive; the Red Cross is asking women who can to give two hours or more of their time, beginning Saturday, taking care of collection booths which will be set up at the Post Office and the banks to take Red Cross donations from persons who have not yet made a gift or who desire to increase their subscription. Subscriptions will also continue to be taken at the Red Cross headquarters at the Hereford Insurance Agency, 303 N. Main.

Nine women will be needed each day for six days, beginning Saturday for this work; and ladies who would like to serve as collection booth attendants should contact the Red Cross office in the Courthouse.

## Seventh District, Junior Musicians Festival Is Held Here Saturday

Four Hereford students received superior rating in the 7th District annual convention and festival for the junior division of the Texas Federation of Music Clubs held Saturday at the Methodist Church.

Mrs. A. O. Thompson, junior councilor, presided over the convention which opened at 2 o'clock, and gave the welcome address. Miss Gwendolyn Springer gave the welcome from the junior organization and Miss Willie Ellen Williams of Bovina gave the response.

Mr. Bateman introduced the Seventh District president, Mrs. G. M. Dowlen of Happy, and the dean of music at Amarillo College, Dr. Folsom D. Jackson, who made talks on the inspiration of music in war-time.

Receiving flowers in appreciation of their efforts in the interest of music in war-time, were Dr. Jackson, Mrs. Dowlen, Mrs. Thompson, Miss Mattie Mae Swisher, director of the competitive festival and the accompanist for the festival, Mrs. John Wilson of Bovina, Mrs. Opal Lewellen of Friona, Mrs. Ella Coombs and Miss Mary Helen

Signing of farm plan sheets will get underway in Deaf Smith County Saturday, when farmers from Bippus Community will go to the County AAA Office to sign their estimates on planned farm production for the year.

Community committeemen Charley Hoover, H. M. Thomas and C. F. Ricketts will be the office force in the work for the day, according to F. G. Collier, county AAA administrator, who emphasized the fact that the sign-up is not compulsory, but farmers are urged to co-operate in plans of the War Food Administration to get as good an estimate as possible on food production, so that plans can be made for allocation of the supply to military, civilian and lend lease channels.

Farmers in each community are being notified of the date on which their area is scheduled to sign the plan sheets, Mr. Collier said, adding that next week on Wednesday, farmers from Ford community are being asked to come into the AAA office and help their committeemen, J. R. Overstreet, B. A. West and T. E. (Continued on Page 10)

## Last Rites Held Here Sunday For T. K. Wilson

Funeral services were held Sunday afternoon at the Baptist Church for T. K. Wilson, 73 years old, who died Saturday morning at the Godwin Sanitarium following an illness of several weeks.

Born Sept. 1, 1870 in Hopkins County, Ky., Mr. Wilson was married to Miss Ellen Jenkins at Sebree, Ky., Dec. 25, 1895. He came to Hereford in 1917, and had made his home here most of the time since that date, engaging in the insurance business and for several years operating the only agency in town.

Mr. Wilson was active in Sunday School and church work in his earlier years, served for 11 years as superintendent of a Sunday School in Kentucky and later was superintendent of the Sunday School at Grace Baptist Church in St. Petersburg, Fla. He had been a member of the local church since 1917.

Understanding and kindly, Mr. Wilson had many friends throughout the Hereford territory, who recall many pleasant associations with him.

Survivors include five daughters, Mrs. J. B. McCollum, Sebree, Ky., Mrs. Jack Mounds, Dallas, Mrs. Jack H. Gould of West Palm Beach, Fla., and Mrs. J. A. Pitman and Mrs. C. C. Rockwell of Hereford; eleven grandchildren; and one great grandchild.

## Awards Are Made

Out of the 41 entries in the festival contest, 17 were given superior ratings, which is the highest given. The four students from Hereford to be given the high rating were Mary Helen McGilvary, Reba Janice Dones, Betty Jane Wade and Diane Jowell.

Excellent ratings were given to Bessie Frances Carway, Gwendolyn Springer, Richard Thomas and Louise Simpson.

Very good ratings were given to Nathan Hopson and Nathan Hopson.

The Festival was followed by a tea in the church social hall. A red, white and blue theme was used for the tea table which featured a centerpiece consisting of lighted tapers and red carnations.

Mrs. J. R. Allison presided at the tea table, assisted by Mrs. Jeff Gilbreath, Mrs. J. B. Jones, Mrs. J. E. Beyer and Mrs. H. C. McGilvary.

A large number of out-of-town guests attended the convention and festival including students from the entire seventh district.

That doctor is one of many hard-working civilians who are getting exceptional tire, gas and maintenance economy from their Studebaker Champions, Commanders and Presidents.

In fact, today, after well over two years of war, hundreds of thousands of essential motorists from coast to coast are still enjoying dependable transportation at low cost, thanks to the quality of Studebaker craftsmanship and the advanced principles of Studebaker engineering.

**THIS WEEK . . . AT THE USO**

Last week proved to be a lone-some one at the USO. The men who weren't on trips to various parts of the country were on double guard duty or introducing new prisoners to their new home. The crowds at the USO were conspicuous by their absence. In fact two evenings we closed the doors and went home. The wives never knew whether to cook supper or not. All entertainment was called off.

We hope this week end will find everything back to normal. In fact Sunday and Monday were almost normal again. When the army can't get to the USO it is up to us to take the USO to the army. We can't do much along that line but last week we did send some cookies to the day room at the Camp.

GSO girls and sponsors please notice. There will be a dance at the Club house Friday night. All girls are asked to meet at the USO at 8 o'clock. Bring a friend (girl) with you and let's make it a real get together.

We want to thank Mrs. Carlson, one of our service wives, for the beautiful centerpiece for our tables. She made one for the cookie jar and Monday she brought in a lovely one for the table lamp. It has added another "homey" touch to our USO.

Five more of our boys left Wednesday for San Antonio. We are going to miss them a great deal. Here's luck to all five of them. We sent best wishes to the boys who had gone from here before and were still at San Antonio. There should be enough there now for a real Hereford reunion.

We are about to lose the chairman of our entertainment committee. Debbs is just the man that Uncle Sam has been looking for. He may be here a month or so but we are going to have to find a new chairman. He has done a fine job of morale-boosting and we will miss him.

## Miss Nona Deen Rose and Lt. Dowell Are Married in Home Ceremony

The marriage of Miss Nona Deen Rose, daughter of Mr. and Mrs. Doyle Rose, and Lt. Rupert L. Dowell, son of Mr. and Mrs. R. L. Dowell, was solemnized Saturday evening at 8:30 o'clock at the home of the bride's parents.

Strains of an unseen violin gave the musical background for the ceremony. "I Love You Truly" was played softly during the double-ring ceremony which was read in the presence of immediate members of the two families by Rev. Marvin Boyd, pastor of the Methodist Church.

The couple stood before an improvised altar arrangement of palms and greenery flanked by tall white baskets filled with white carnations.

Miss Billy Earline Sexton was maid of honor. She wore a powder blue dress made simply, and worn with pink accessories. Her corsage was of pink and white sweet peas.

The bride, who was given in marriage by her father, wore an all-white frock with self trim and double ruffle marking the

hemline. Her accessories were in black and white and she wore a shoulder bouquet of gardenias. Her only ornament was a diamond necklace belonging to her grandmother, Mrs. L. R. Bradley.

Bartley Dowell served his brother as best man. Following the ceremony an informal reception was held at the home of the bride's aunt, Mrs. L. H. Shore, for friends and relatives. Refreshments were served from a table centered with a tiered wedding cake decorated with white wedding bells and encircled with a ring of white sweet peas. After the bride and groom cut the first piece of cake Mrs. D. C. Laird, Jr., and Mrs. Aaron Rose served coffee and wedding cake to the guests.

Out-of-town wedding guests included Miss Billy Earline Sexton, student at T. S. C. W. Denton, Miss Frances Fox of Amarillo, Misses Nadyne Newell and Margaret Barrett, W. T. S. C. students, Miss Phyllis Radovich and Miss Frances Gollehon and Paul Dishman, of Texas Tech, all classmates of the bride and

## Texas Day Is Observed By LaPlata Club

Mrs. Wayne Evans reminded members of the LaPlata Club that March 21 is a very fitting time to present a Texas Day program, at the meeting held Tuesday evening in the home of Mrs. C. S. Hinman.

Mrs. Evans, leader of the program on "Literature and Brilliant Writers of Texas," told of Boyce House, whom she said was well qualified for the happy task of rounding up jokes and jests of the Lone Star State. She said his love for things Texian goes back to his boyhood days, when with his invalid father, he roamed over boundless ranch country in a covered wag-

groom in Hereford High School.

Both Lieutenant and Mrs. Dowell are graduates of Hereford High School. She was chosen as best all-around girl during her senior year and was a D. A. R. Good Citizen Pilgrim to the continental congress from the state of Texas. She was editor-in-chief of the school paper and was secretary of the High School Panhandle Press Association. She has attended the University of Texas for the past two semesters.

## BAY VIEW CLUB HEARS BOOK REVIEW

Mrs. Henry Benson was hostess for the Bay View Club meeting Thursday afternoon.

The first of two programs built around a spiritual theme was given with Mrs. H. G. Conk-wright giving the opening discussion. She discussed the life and works of Lloyd C. Douglas, preacher and author, giving something of his life as a child and telling of his life as a minister before giving all of his time to writing. She stated that Douglas's philosophy of life is that the world may find regeneration through secret philanthropy. She brought out the fact that the author spent two years in writing "The Robe."

Mrs. E. W. Harrison reviewed "The Robe," giving a comprehensive outline of the book

which has had eight printings and at times as many as a thousand copies have sold in one day.

She said in part, "The Robe" has had the widest circulation of any of the nine books which this author has written. It is the story of the robe Christ wore at the crucifixion. The scene is laid in Rome and as the story unfolds the reader is made to see the influence the robe had on the life of the man who crucified Christ, and on all who came in contact with it. One feels that the characters in the story are real and that the author's descriptions of scenes and places are authentic."

The next meeting will be held in the home of Mrs. J. W. Spradley.

Members present were Mesdames F. T. Rolosen, Bob Wilson, J. W. Spradley, J. P. Slaton, G. A. F. Parker, John McLean, Paul Mathers, J. W. Kirby, Knox Kinard, E. B. Hedrick, E. W. ## Spring Fashion Note on Caps

The Only Cap which deserves mention in the same breath with the caps worn by members of our armed forces, is the Re-Cap... that new cover of rubber which keeps old tires rolling in the service of the nation.

Let there be no mistake about it: if your car is laid up because your tires are broken down and worn beyond the possibility of re-capping, you not only suffer inconvenience; you actually injure our country's victory effort!

That is why you must re-cap before it is too late, before too much rubber is worn off the tire carcass.

So play safe. Get the expert advice of the Phillips 66 Service Man. He will warn you when re-capping

is essential. He will inspect your tires for nail holes, cuts, and bruises. He will check air pressures and crisscross your tires every 3,000 miles.

In addition to this Tire-Saving Service, Phillips Car-Saving Service includes inspection of battery, air filter, and radiator; lubrication of every point specified by the maker of your car.

Remember, for wartime Car-Saving and Tire-Saving Service, drive in at the Orange and Black 66 Shield, the sign of famous Phillips 66 Gasoline and Phillips 66 Motor Oil.

Care For Your Car—For Your Country

## FOR VICTORY... Buy U.S. War Bonds and Stamps

day evening at a meeting held at the home of Mrs. Wayne Evans.

She said of the book, "General Arnold sent for Moss Hart and told him what he wanted in the way of a play that would give the story of the expanding American Air Force, and that could be produced in the fall of 1943. The play would be for the benefit of the Army Relief Fund.

"An army bomber and its crew were placed at Hart's disposal and he flew twenty eight

thousand miles for his research and background material.

"Winged Victory is the story of the men of the American Air Force, rather than the machines. It is the story of pilots, gunners, navigators and bombardiers. They come to life in this play that will make another highlight in Moss Hart's brilliant career."

Members present included Mesdames Nancy Denmead, J. R. Allison, O. J. Beene, W. L. Davis, Alton Fraser, J. T. Gilbreath

**Dictionary Publishers Query Pronunciation Of Deaf Smith Name**

The correct pronunciation of the name of this county, according to the newest Webster dictionaries, is going to be Deaf (pronounced as in Jeff) Smith. At least, that is the pronunciation received by the G. and C. Merriam Co., dictionary publishers, to their request sent last week to County Judge Fred W. Baird for the correct pronunciation of the county name.  
Mr. Baird stated that the name was usually pronounced "Deff Smith," but recalled this week that an East Texas judge who held court here many years ago, said that the original Deaf Smith (famous Texas Deaf and hero of the war for independence) pronounced his name with a long "e" as in "leaf." So even the Webster Dictionary may not be able to settle the problem.

Ellwood has spent one seven-day rest leave at Sydney Australia and reports that it is nice to be in a civilized place once in a while. He and his buddies rented a sail boat—a big one with a cabin and a radio, had a wonderful dinner with four roasted chickens and plenty of fresh fruits and vegetables and spent the day from eight in the morning till 5:30 in the afternoon just loafing, swimming and eating. is like outdoing the future — today

"A bird in the hand" is worth a whole flock of 1950 cars with wings—or even more moderate 1945 models that aren't here yet either. Better grasp the big advancement that's ready now... Better have your engine OIL-PLATED!  
Conoco N<sup>th</sup> motor oil, for your needed Spring change, at once brings your engine internal OIL-PLATING—the foe of cursed engine acids. These unavoidable "leftovers" of combustion were a menace even when partly driven off by the steady heat of long trips. But rationing brought short jumps, with overcool operation that magnified acid attacks. It's high time now—in any car, under any conditions—to check rampant acids. And you'll succeed with Conoco N<sup>th</sup> oil, containing an advanced synthetic. This acts "magnet-like"... makes metals attract and hold their acid-resistant shield of OIL-PLATING.  
Though your engine's cool or hot—running or not—the OIL-PLATING doesn't all promptly drain down to the crankcase. And where there's OIL-PLATING, the acids that want to destroy are told to "Keep Off!" That's how Conoco N<sup>th</sup> oil can advance your car's chance to keep going. Change for Spring today at Your Mileage Merchant's Conoco station. Continental Oil Company

## Five Round-Up Members Attend PHSPA Friday

Representatives from Pampa, Happy, White Deer, Amarillo, and Hereford registered at the Panhandle High School Press Association in the Amarillo High School Friday morning with Miss Mary Nell Gibson of Amarillo presiding.

The students and sponsors were welcomed by Eldon Durrett, editor of the "Sandstorm"; the response was given by Molly Nan Ziegler, editor of the "Eagle's Tale" in Canyon. In the absence of Lt. Olin Hinkle, former sponsor of the P H S P A, Mrs. T. V. Reeves of Canyon was presented as the new sponsor.

A delegate from each represented school discussed "How We Fight the War in Our Paper" showing the many ways high school papers may contribute to the war effort.

The main event of the morning was an address "Journalism as a Future" by Jerry Mallin, editor of the "Amarillo Times." Mr. Mallin stressed the point that there will be a revolution in journalism after the war. "We do not know what form this revolution will take, but we do know that there have always been, are today, and will continue to be certain laws of journalism if any semblance of this profession remains as we know it today." One of these laws is "Never use newspaper power to fight an enemy who can't fight back." The possibility of journalism by television was shown, and the probability of airplane delivery in the future was brought out.

The afternoon address was given by Wes Izard, editor of the "Amarillo News and Globe." Mr. Izard told of the shortage of newspapermen, lack of paper and print. He also brought out the fact that there are many places in the journalism field for those who have no desire to write such as the advertising, radio, research, finance, and artist departments.

Great interest was shown in the election of officers for next year, and H. H. S. is proud to have a representative officer. Naomi Brumley, who was elected secretary. The other officers were: president, Phyllis Shuman of White Deer; vice-president, Jean LaRoe of Happy, and treasurer, Ellen Sanders of Canyon. Delegates from the "Whiteface Round-Up" staff who attended the meeting were: Doris Goldston, Naomi Brumley, Bob Morrow, G. P. Owen, Jr., and Ruth Tucker.

## Hi-Y Concludes Study

The regular meeting of Hi-Y was opened by the vice-president, Lloyd Manjeot. Scripture verses were read by each individual present for the devotional period. The members discussed the question of dropping the boys from membership who had

## Jr. Red Cross Is Now Organized

No doubt several people are wondering what the purpose was when they elected Junior Red Cross representatives. These students are to serve on a council composed of two representatives from each class in the Hereford public schools, representatives from each rural school, the principals of the two Hereford schools, Miss Kathryn Davies, Mrs. Clyde Cave, the Deaf Smith County Junior Red Cross chairman, and others.

The first meeting was held Monday evening, March 20, in Judge Baird's office. The purpose of this meeting was to plan the Junior Red Cross activities and production.

The high school representatives are: seniors, Kathryn Ackler, Edward Young; Juniors, Barbara LeGrande, Wanda Lee Lloyd; sophomores, Raymond Lueb, Billie Smith; Freshmen, Anne Morgan, and Barbara Ann Burney.

The fact is stressed that this is not to be confused with the Red Cross roll call that is being sponsored at the present. The Junior Red Cross roll call is held each fall.

## Will Prince Hereford Be Jealous of His Rival?

Hereford High School has adopted another mascot. Listen to this story and you'll soon see what it's all about.

Many of the Tri-Hi-Y girls came skipping gaily up the sidewalk Tuesday night for the regular meeting. Just as soon as they reached the front door their cheerfulness vanished and turned into shakiness. All this was caused by a ferocious-looking bulldog who greeted each girl with a tenacious "toothy" look as she entered the building.

Each girl, being very careful to close the door after her entrance, thought that the dog would be prevented from entering the building. Helen Tucker seems to think differently, though, because she unexpectedly saw the dog running up the stairs during the Tri-Hi-Y meeting. The sudden movement of something chasing wildly up the stairs frightened Helen and she let out a "blood-curdling" scream that would be hard for even Tarzan to beat.

The Tri-Hi-Y girls tried to persuade the dog to come down from the third floor by calling to him in a nice tone of voice, but with no luck because the dog had decided he had found himself a nice warm quiet sleeping place; so the girls left school, hoping that Mr. Easter would brave the task of removing the dog from the building the next morning.

P. S. — Wednesday morning found the dog still on third floor and refusing to come down the stairs; so Mr. Easter took a rope, tied it around his neck and led him down—with no apparent injury to Mr. Easter.

missed three consecutive meetings. Mr. Ford had charge of the program which consisted of the completion of the sex-hygiene study. Everyone has benefited by this study and each member hopes that all of the other boys have received it with the correct attitude and that it will prove beneficial to them.

## These Child Prodigies Attend Hereford High School

Who was it said: "Backward, turn backward, O Time, in your flight, Make me a child again just for tonight!" Possibly the poet didn't have in mind what these pictures suggest. These are dignified high school students as they were years ago. See if you can identify these infants. Next week we'll let you know how good your guess was.

## Senior PERSONALITIES

Nettle Charlene Hood, sometime known as "Pug" was born May 9, 1927, in Cedarridge, Colorado. She moved to Texas when she was eleven and has attended Hereford schools ever since. Nettle is a blonde, has green eyes, measures five feet three inches and weighs 108 pounds. Her favorites are convertibles, brown eyes, and the song "Night and Day" without Frank Sinatra. People who do not laugh easily seem to be her pet peeve. To be a globetrotter is her chief ambition. When she completes high school, she wants to be a "ritzy" hairdresser until she becomes some lucky guy's housewife.

During her high school career, she has been vice-president of the Junior Class, a member of the orchestra four years, and a student librarian for two years.

Little Gleeves Philander Owen, Jr., first put in his nomination for president on November 20, 1926, and has been holding down president's positions ever since. He was the first vice-president of the Student Council ever had, which was in his Sophomore year. Then the Honor Society elected him president the first semester of his Junior year. Also, that year he was vice-president of Hi-Y. This year, G. P. holds only two president's offices; one of Hi-Y and one as president of the Senior class.

G. P. stands five feet, eleven inches tall, a little more in his boots. He has grey eyes and brown hair. He accredits his height to his grandmother's cherry upside-down cake, which he declares, is tops. If Uncle Sam doesn't get in too great a hurry, G. P. is going to achieve one of his greatest ambitions, which is to attend Hardin-Simmons University at Abilene, Texas.

Quentin Roosevelt Williams first opened his big blue eyes April 7, 1926, twenty miles east of Canyon, Texas. He is now 5 feet 10 inches tall, weighs 153 pounds, has blonde hair, and has been given the nick-name "Stevie."

He has attended six different schools. His first and second years were spent at Tierra Blanca in Canyon. Since then he has gone to Thomas, Bippus, Wai-cott, Adrian and began at Hereford in the fifth grade. He was a member of the F. F. A. during his first three years of high school and in the B. S. P. club during his last two years. He says the only office of importance which he held in Central School was that of gardener in the fifth grade.

Quentin likes almost everything, some of which are: Subject, Math.; Food, fried okra, raw eggs and oysters; Actor, Smiley Burnette; Flower, The Tennessean; Game, tennis; Sport, "Tennis courtin'"; dancing and swimming; Saying, "That there —"; Song, "When the Lights Go On Again All Over the World"; Hobby, Photography and reading; Pet peeves, girls who take boys senior rings and The Tex-

If Quentin goes into the Army after graduation he would like to use his ability in photography. After the war, his ambition is to ranch in Brazil.

## FHT Has St. Patrick's Waffle Supper Thursday

The F. H. T. girls and their guests enjoyed fun and food Thursday evening at a waffle supper served in the homemaking department. The waffle supper was served in lieu of the annual banquet which was made impractical by food rationing. The room was decorated in white and green featuring a St. Patrick's Day theme. The tables were covered with white and green fern for center pieces. The place cards, including the program and menu were in the shape of shamrocks, white printed in green. The following program was presented—Welcome, Ellen Posey; response, Lloyd Manjeot, reading, Virginia Lyons; song, "A Little Bit of Heaven," Barbara Ann Burney, and dish washing, by F. H. T. members and their guests. (P. S.—the H. E. Lab will never be the same.)

Mr. and Mrs. Alec Thompson and Miss Pauline Hancock were special guests. The program was ended with the group singing the traditional "Sing Your Way Home."

## Central Chatter

It seems as though spring has come to Central School. All of the girls are blossoming out in new dresses.

Dickie Kindel has been having a very good time sitting on the front seat this semester. He "heckles" the teachers, teases Barbara, and causes general confusion.

If you hear the eighth grade girls or boys mumbling "Washington, Adams, Jefferson . . ." with a far-away look in their eyes, don't get excited. They are learning the thirty-two presidents.

The sixth-graders probably consider themselves very smart. They have won the writing contest for the last two weeks.

Scene About School: Girls playing dodge ball—Spring fever—Invitations to spring parties—Sammy McAllen going to the drug store with six girls—The eighth-grade boys consistently defeating the eighth-grade girls in baseball—Harlan Hortness "visiting" school again—Sammy Hershey asking Mrs. Crutchfield why she changed her "hair-do" for the second grade—Pupils reading library books and writing book reports—Girls with new permanent—Everyone talking about the boy, Tommy Dix, in the movie, "Best Foot Forward"—Minnie Alice Wells, Lucy Welty, and Christine Smith writing notes during study period—Everyone wishing they were at would come.

## New Freshmen Enrolls

The Freshmen have welcomed a new student to the portals of Hereford High. She is Patricia Davis, from El Paso, New Mexico. Having come to Hereford only this last week, she has not decided what she likes best about our school. She says, however, she really likes pie, the color red, "Paper Doll," and dancing. Her favorite subject is Algebra.

"The redeeming feature of our democrat government is that when congressmen try everything else, they finally give up and do the sensible thing," says a well known writer.

## Students From WTSC Give Variety Show at High School Thurs.

### Tri-Hi-Y Discusses Smoking and Drinking

Problems concerning smoking and drinking were discussed by the Tri-Hi-Y Club, Tuesday night, March 14. It was a very interesting program and was considered very helpful.

Mary Ruth Russell led the program and Betty Jane Robinson read the scripture. "Can the World See Jesus in Me?" was the group song followed by a prayer by Miss Crawford. Ruth Tucker gave some interesting facts concerning tobacco. Helen Tucker told how smoking will harm one's body. These were of interest to the club. Frankie White gave a talk on the ill effects of alcohol to one's body. Drinking decreases one's ability to live a normal life. Miss Crawford gave several interesting illustrations on how one loses personality and power by indulging in bad habits. When one smokes and drinks he stains his body and cannot be a shining light to the rest of the world.

### Senior Sponsors Entertain Class With Show Party

What? When? Where? Why? Thus began the attractive "question mark" invitation presented by the Senior sponsors to their "favorite" class and inviting the Seniors to a theatre party on Monday, March 13. At 7:45 a noisy group of Seniors met in front of the Star Theatre and filed in to see Lucille Ball in "Best Foot Forward."

After the show, the class went to the home of Mrs. C. F. Moore, where Miss Davies and Mrs. Beene served refreshments of cocoa and cookies.

The rest of the evening was spent in playing tricks and games. Arline Millard entertained the group by making a bridge table talk and telling fortunes with it. (If you question this statement just ask Radford Hutcheson.) The Seniors would like to thank their sponsors for having such a wonderful time.

Other things happened on March 15, besides the last income tax returns. One important thing around H. H. S. was the V-12 test that was taken by five boys. Those who took the test were Bobby Jennings, John Dowell, Lloyd Olson, Nolan Grady and Quentin Williams. The test was given in the staff room from 9:00 until 11:00.

This test covers English, Science and Math. Its purpose is to find prospective officer material for the Army and Navy. Those boys who pass the test will be given a chance to enter the college training programs of the Army and Navy. These tests are given twice in a school year, once in the fall and again in the spring.

Hereford students were privileged to have with them last Thursday afternoon a group of students from W. T. S. C. at Canyon who entertained them with a Variety Show.

First number on the program was "Wabash Blues" played by the band under the direction of Mr. Jerry Newman. The members of the band were: Mary Hodges, piano; Edwin McKee, and Sada Ruth Hoskins, cornets; Billy Miller and Earline Lust, trombones; and Mary Del Johnston and Anita Davis, saxes and clarinets.

A trio consisting of Margaret Barrett, Nadyne Newell and Sada Ruth Hoskins sang "Blue Skies" and "It is I and Love is."

"Chloe" by Edna Mae Milam, was next on the program. For an encore, she sang "He is My Guy."

The band then played "Marie" featuring a trombone trio. Miss Peggy Lou McNeill sang "My First Love" which really made the boys "swoon." As an encore, Miss McNeill sang "Say A Prayer For The Boys Over There."

"Wang, Wang, Blues" played by the band entertained the students for the next few minutes. All the girls in the cast sang Mr. Newman's arrangement of "When Day Is Done."

Miss Anita Davis played "The World Is Waiting for the Sunrise," and for an encore she played "Don't Sweetheart Me," on the vibraphone.

"Oh What A Beautiful Morning" and "Hawaiian War Chant," sang by a trio consisting of Winifred Rammage, Mary Lee Abbott and Mary Evelyn Foster, entertained the students very much; so much that the trio sang "Put Your Arms Around Me Honey" for an encore.

"Driven From Home," a melodrama, provided many laughs for the student body. The cast for this play was: Pa, Meribelle Hazard; Ma, Lula Margaret Johnson; Morona, Bernadine Phillips; Tom Trueheart, Mona Burleson; and William Scruggins, Mary Jo Puddy.

The program ended much to the student body's dismay, with the band playing "Begin the Beguine."

### Former Hereford Girl Injured in Dallas Car Crash

Mrs. Richard Roberson, the former Miss Helen Ruth Barber of Hereford, suffered severe fractures of the left arm and right leg and bad facial wounds on Friday, Mar. 11, when she was involved in a car accident in Dallas.

Mrs. Roberson, whose husband is a captain in the Air Transport Command, was driving to Love Field, near Dallas, and as she drove across the Katy Railroad tracks her car was hit by a train and dragged about 50 feet along the tracks, then plunged down a 12-foot embankment.

Mrs. Roberson, who is in a Dallas hospital, is reported to be recovering satisfactorily.

She is a sister of Mrs. Bub Newell of Hereford and her parents, Mr. and Mrs. Frank Barber, now live in Lubbock. Captain Roberson, who is on active duty, has not yet been notified of his wife's accident.

### Revival Starts

Charge of the music and young people's work.

The people of Hereford and surrounding territory are cordially invited to attend the meeting, which church leaders believe should result in greater religious interest and increased church membership.

### Treaty Structure

Mr. Dameron, emphasizing the broad policies necessary to any treaty which will keep the peace, declared the need for flexibility—the arrangement of the treaty to meet the demands of a changing society.

"In the past," Mr. Dameron said, "the only way to change a treaty was to break it; and this same inflexibility of treaties

carried over into the field of international law."

Not only must the treaty be capable of change, the speaker pointed out, but there must also be a definite obligation on the part of signatory powers to make necessary changes.

"Thus," said Mr. Dameron, "we can treat 'sore spots' early, and prevent the rise of a bloc of disgruntled nations."

Making an analogy between probable treaty-making conditions and the conditions which led up to the adoption of the American constitution, Mr. Dameron pointed out that creation of some sort of international union is just as easy now as was the union of the 13 colonies in 1787.

Declaring that no treaty will be uniformly popular with every nation and every group in the nation, he concluded that Americans should be watchful for the interests which will try to sabotage the peace, and be ready to work, through and beyond party lines, for a peace which will secure the maximum of both security and liberty.

### Around Town

away to people who will dig them.

Mrs. N. E. Milburn, who is teaching the children's class at the mission study course being held at the Presbyterian Church this month, has decided that she needs to have her classroom thoroughly sound conditioned—or else that she should get even more eloquent than she thought she was being Tuesday night when she was telling a story to her little charges. "Thought I was holding them spellbound," Mrs. Milburn reports, "when a little boy piped up with the ejaculation, 'My goodness, Mr. Alken is still praying.'"

There are going to be some mighty tempting watermelon patches around Hereford this summer, judging from the fact that Reavis Kerr sold \$12.30 worth of seed to one customer this week.

### Wyche Citizens

An election will be held at Wyche Saturday for the purpose of raising the school tax rate high enough to take care of the expense load.

### Donations

Every person in Deaf Smith County is invited to study the Red Cross financial statement published on Page 5 of this week's Brand, to get a better idea of how Red Cross money is spent and how the budget for the current year has been increased to take care of the larger service load.

"Most persons unacquainted with the Red Cross work will probably be surprised at the big work done by their local chapter as revealed in the disbursements for the past year," says Fred W. Baird, chapter treasurer, pointing out that even more work will be done by such local units as the production room and home service during the coming year.

By far the greater part of the budget represents special war services, and a great part of the gift to National Red Cross will go directly to the aid of American servicemen.

For exact figures on the budget, see the statement on page 5.

Rohrbach, outline production plans.

Farmers are urged to come on the day set aside for their communities, and committeemen and AAA employees who have tried in the past to hold meetings in the various communities, believe that the more efficient plan will be to have all farmers come into the central office, where farm records are easily available and the registration can be handled more efficiently.

Plans are to continue the sign-up, scheduling about two communities a week, until the work is completed, Mr. Collier said.

### "BURMA SURGEON" IS REVIEWED FOR SUMMERFIELD CLUB

Summerfield Study Club was entertained at the home of Mrs. Lee Curry Thursday afternoon with Mrs. Guy Walser as co-hostess.

During the business session a committee for year books for another year was appointed. Those to serve are Mrs. B. E. Roberson, chairman and Mrs. Jim Clark and Mrs. Chas. Noland.

The program was featured by a book review "Burma Surgeon" by Dr. Gordon Seagrave, given by Mrs. D. C. Walser.

Commenting on the book Mrs. Walser said in part, "Though written in the heat of the war, this is not primarily a war book. It is a doctor's book about his work and those who helped him. It reflects a fighting spirit, a fine gusto for life and action and a point of view as aware of the humorous as of the pitiful."

Gordon Seagraves said, "All I wanted was plenty of jungle and thousands of sick people to treat." His wish was granted tenfold; and under his direction tents in the wilderness became modern hospitals; primitive conditions became civilized and simple; native girls were trained to be nurses whose skill astonished observers.

The next meeting will be in the form of a garden party at the Ray Johnson home and members of the Hereford Garden Club will present the program.

Members of the club present were Mesdames C. R. Waser, Jim Clark, M. D. Rexrode, Chas. Noland, E. H. Lookingbill, B. E. Roberson, Walk Boston, L. L. Cannon, D. C. Walser, O. B. Sumner and the hostesses.

### B & PW Discussed United Nations

Meeting at the home of Mrs. Bessie Lee West, Monday, members of the B & PW Club had a program on the achievements and present problems faced by the United Nations.

Present were Mesdames Cecil Williams, Florence Wilkins, Velma Hodges, Nancy Dennepead, Lola Dishman, Ursalee Jacobson; Misses Adeline Koelzer, Virginia Bowman, Lillie Lloyd Jackson, Mary Kate Brotherton, the hostess and her daughter, Linda.

### LUTIE FOX CIRCLE MEETS FOR STUDY
