

AROUND TOWN SIGHTS, FACES SEEN

Main Street was lined with window washers last Friday morning. Never have so many show windows been so clean at one time—well, not since the previous Halloween morning—after, anyway. The soap-stick and paraffin artists did their work well and thoroughly.

Halloween was reasonably quiet in Hereford, city police report. A mis-placed milk goat, some carelessly exposed lawn furniture, and a length of garden hose were about the only casualties reported. The goat has been returned, the lawn chairs are beyond repair, and Troy Womble is still looking for his garden hose.

Another lost item. Mrs. Roy H. Kerr of 3908 Fountain Terrace, Amarillo, writes that her son, who was a player on the Sam Houston junior high football team which played the local juniors here a couple of weeks ago, lost a coat during the game here. It's a knee-length reversible, water-repellent, tan-on-one-side, plaid-on-the-other coat, and has the boy's name, Robert Gene Kerr, and address, printed on the inside, between the materials, at the bottom of the coat. It's a new coat, and Mrs. Kerr is extremely anxious to have it returned, and offers a five dollar reward, plus postage. Bobby's father has been ill for the past five years and doctor bills make a hole in the family budget. A new coat would make a bigger one. If you have a strange coat in your closet answering this description, won't you please send it back? Or bring it to The Brand and we'll mail it for you. And why not forget that \$5 reward?

Adrian Boy Killed In Crash Tuesday Near Umbarger

Donald Christian Fewell, 14, of Adrian, was killed last Tuesday night near Umbarger when the car in which he was riding crashed into the rear of a truck-trailer. He died in a Canyon hospital a few minutes after the accident.

Funeral services were scheduled today at the First Baptist Church in Canyon.

Donald is survived by his parents, Mr. and Mrs. C. B. Fewell, a brother, Clyde Wayne, and his grandmother Mrs. Mary Burtz of Canyon.

He was a student in the Adrian schools. His family had moved to Adrian from Canyon six months ago.

Two other boys were slightly injured in the crash, which occurred on Highway 60 near Umbarger Tuesday night.

Hereford Woman Critically Hurt In Auto Crash

Mrs. Elaine Grubbs, daughter of Mr. and Mrs. Harry Taylor of Hereford, is in a critical condition this morning in a Roswell, New Mexico, hospital, as a result of injuries sustained in an automobile accident.

No details of the accident were available here today, other than the fact that Mrs. Grubbs was involved in a crash with a truck near Portales Tuesday and was critically injured.

Gloria Hamby of Hereford, who was with her in the car, was also injured.

Mrs. Taylor was called to Roswell immediately after the accident, and Mr. Taylor left this morning (Thursday) in response to an urgent telegram.

Hereford War Veterans Plan Big Armistice Day Celebration

Heavy Vote Is Polled in General Election; Balloting Slated Saturday on School Bonds

Protest Vote Is Noticeable Here In Three Races

An almost unprecedented midterm general election vote was polled in Deaf Smith county Tuesday, despite bad weather and predictions that a normally light vote would be cast.

Apparently almost 50 percent of the county's voting strength was polled Tuesday. County returns are still incomplete, with three rural boxes unreported, but a total of 778 votes had been reported late yesterday.

The flood-tide which swept the Republican party into power in Congress was apparent here in a not inconsiderable protest vote cast in Congressional and Senatorial races.

Congressman Eugene Worley, Democratic nominee for re-election from the 18th district, held a safe lead with 500 votes in the county, but his opponent, Republican Frank T. O'Brien, received a total of 235.

Senator Tom Connally polled 530 votes in the county, with 145 going to his Republican opponent, Murray Sells.

In other races on the ticket, Republican candidates polled an average of 106 votes to an average of 671 for the Democratic nominees.

Both Connally and Worley were re-elected by safe margins, but the protest vote was most apparent in the Congressional race as Worley led his opponent by a margin of little more than 2 to 1 throughout the Panhandle district. Incomplete returns from the 28 counties gave Worley 11,530 to 4,858 for O'Brien.

A flurry in county politics was caused Tuesday by an unheralded write-in vote in the County Attorney's race which gave Owen Bybee, Hereford attorney, 174 votes against 543 for the incumbent and Democratic nominee, Carl Gilliland.

Bybee had made no campaign for the office, and the write-in vote was apparently of spontaneous origin. Bybee polled most of his vote in the four Hereford precincts, getting 49 tallies in Precinct 1, 120 in Precinct 2. Five votes were counted for Bybee at Dawn, and four others, obviously intended for the write-in candidate, were mis-voted. One voter wrote in A. L. Bybee, and three others simply wrote in the name Bybee.

Whitefaces Will Meet Bobcats Friday in Final Home Game

Local grid fans will have their last opportunity to see the Whitefaces in action on the home field—at least, during the regular season—when the Dimmitt Bobcats journey to Hereford Friday night for a conference game.

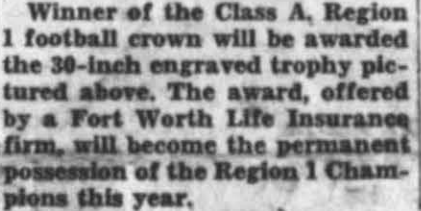

The Herd will go into this game as heavy favorites to defeat the Dimmitt eleven, which has won only one game this season, having defeated the Frisco Chiefs 34-6 three weeks ago.

The Bobcats, however, have had their moments this year. In their conference opener against the powerful Canyon Eagles, they threw a bad scare into the Eagles by holding them to a 12-7 decision on the Dimmitt gridiron; and held the Morton Gridders, considered dangerous in their own league, to 13-13 tie in the second game of the season.

Last week they were dropped 19-6 by the Dalhart Wolves; and on October 18, lost a 33-14 battle to the Tulla Hornets.

Friday night's game will begin at 8 o'clock at Whiteface Field.

The Herd, somewhat battered after the victory over Canyon last Saturday night, is expected to be at full strength for the Dimmitt game. None of the injuries suffered in the Canyon game were serious enough to keep the Whiteface regulars out of their starting berths.

Winners of the Class A, Region I football crown will be awarded the 39-inch engraved trophy pictured above. The award, offered by a Fort Worth Life Insurance firm, will become the permanent possession of the Region I Champions this year.

\$35,000 in Bonds Necessary Says School Board

Qualified voters in the Hereford Independent school district will go to the polls Saturday to vote on the issuance of \$35,000 in school bonds to cover the costs of moving and equipping two Prisoner of War Camp buildings which will house the new Junior High School, and cost of repairs to the Central School and High School buildings.

Polls will open at the County Courthouse at 8 o'clock Saturday morning, closing at 7 p. m. C. C. Acker will be the presiding judge, with J. C. Ricketts and R. P. Conaway as clerks.

All resident qualified property taxpayers, living within the Hereford Independent school district, who have rendered property for taxation, will be eligible to vote in the election.

The two buildings purchased from the Hereford Prisoner of War Camp have already been moved to the site selected on the high school grounds, and work is going forward in preparing them for classroom use as rapidly as possible.

The two buildings will provide nine classrooms, to house students of the sixth, seventh, and eighth grades in a Junior High School unit. Addition of the new school facilities has been made necessary by the heavy enrollment in the local schools which has taxed building facilities beyond capacity.

Work is also underway in repainting and repairing the high school building, and similar improvements are planned at Central School.

The Board of Trustees has ordered the work to proceed without waiting for the results of the (Continued on Page 8)

PROCLAMATION

WHEREAS, on November 11, 1918, A. D., the signing of an Armistice marked the end of hostilities in World War I and marked a great victory for the armed forces of our Nation; and

WHEREAS, this date has been celebrated annually since that time throughout the Allied world as a day of Victory and of Peace; and

WHEREAS, in this first year of Peace following another great war in which our nation has again emerged victorious, Armistice Day is doubly significant; and

WHEREAS the local veterans of both of these World Wars have united in plans to celebrate this national holiday in a fitting manner,

NOW, THEREFORE, I, W. E. Dameron, Mayor of Hereford, do hereby proclaim Monday, November 11, as a full holiday in the city of Hereford, and urge that every business establishment observe it as such by remaining closed on that date.

WAA Announces Surplus Site Sale at Hereford POW Camp

All roads throughout the Panhandle will lead to Hereford next Wednesday, Nov. 13, as the War Assets Administration throws open the doors of the former wartime Prisoner of War Camp in a huge "site sale."

Lumber, plumbing and heating equipment and supplies, electrical equipment and fittings, all stockpiled by WAA to offer for sale to aid in alleviating the critical housing shortage for World War II veterans, will be offered November 13, 14, 15, 16 and 19 to holders of HH priorities.

For the opening five days of the sale each holder of an HH Priority will be limited to buying materials not to exceed an amount sufficient to complete construction of one five-room dwelling.

It will be a case of "first come, first served" among the HH Priority holders when the doors are thrown open at 9 a. m. on the morning of Nov. 13th, World War II veterans exercising a priority to build their own homes, contractors buying material to build a home for a veteran or contractors buying materials to construct homes for re-sale to veterans—all will line up according to their time of arrival at the Hereford POW Camp.

WAA officials advise veterans to take US highway 60 west of Hereford and to follow "site sale markers" over the grounds of the old POW Camp to the "site sale." Prospective purchasers are advised that no deliveries will be made on the opening day of the sale, and purchasers will obtain purchased materials starting the morning of Nov. 14.

A large number of the former POW Camp buildings have been demolished and the materials carefully stockpiled for this event. Should any materials remain beyond the initial five day selling period, WAA announced that it will then be offered to established sellers of building material who certify to WAA at the time of purchase that all such material will be publicly offered for sale to eligible priority holders.

Cagle, pastor of the First Baptist Church, and Rev. R. S. Sparkman, pastor of the Avenue Baptist Church, plan to leave on Monday for Mineral Wells.

Other members of the local churches may attend, Rev. Cagle said.

E. D. Head of Fort Worth is president of the convention.

Two pre-convention meetings will be held on Monday, one for men, the other for women, and it is anticipated that 10,000 messengers from Texas Baptist Churches will attend these sessions.

The Woman's Missionary Union will hold sessions at the City Auditorium in Mineral Wells beginning Monday afternoon and continuing through Tuesday afternoon. The Laymen's Brotherhood Convention will meet at the First Baptist Church in Mineral Wells beginning Monday night and closing Tuesday afternoon.

The play will be a three-act comedy. In the cast are Robert Thompson, Bartley Dowell, Mary Ann Acker, W. B. (Woody) Wilson, Harold Close, Clay Reeves, Ernest Kendall, Bruce Woodrell, Dr. W. F. Graham, and Robert Singer.

Schools And Stores Plan Full Holiday

Hereford Veterans of World Wars I and II will stage a big Armistice Day celebration Monday, while the rest of the town takes a holiday.

A program of events which includes a kangaroo court, free movie, banquet and dance has been planned for the veterans under the joint auspices of the Hereford American Legion and VFW Posts.

Hereford schools will have a full holiday Monday. Superintendent George Graham announced today.

Mayor W. E. Dameron has proclaimed a city-wide holiday on Monday, and has urged all local business houses to close their doors. Indications are that practically all business places will follow the Mayor's request.

The County Courthouse will observe the holiday, Judge Fred W. Baird has announced, and all county offices will be closed on Monday.

Bank and Post office will observe the national holiday.

The Hereford American Legion Post will carry out the usual tradition with a "Judge Roy Bean" court on Main Street Monday morning, according to Frank Cogdell, Post Commander.

A special show at the Star Theater has been scheduled for all local veterans of either war Monday morning, Fred Pierce, manager of the theater, has announced.

The show, which will be a first-run feature, title to be announced, will be free to all veterans and their wives or sweethearts. Pierce said. Each veteran will be allowed to bring one guest. Doors will open at 10 a. m., and the show will begin promptly at 10:30.

Hereford Price Control Board Out of Business

The Price Control Board at Hereford, serving the counties of Deaf Smith, Castro, and Pecos, closed officially on November 4, Mont E. Baker, chairman of the local board, announced today.

"This step marks the conclusion of almost five years of service by many citizens of these counties, who, through many hours of volunteer work, have prevented inflationary dangers and saw that their neighbors had an equal right to their fair share of scarce commodities during the days of rationing," Mr. Baker said.

"Members of Hereford's price control board stayed on the job for more than a year after the end of the war," Baker added. "Now that President Truman has announced a plan for accelerating de-control on the remaining wartime controlled commodities, Price Administrator Paul Porter has determined that the remaining functions of the local boards can be continued by the District OPA Office at Fort Worth."

Trade and consumer inquiries about price control formerly handled by local boards should now be addressed to the OPA District office in Fort Worth, Baker said.

Certificates of transfer covering sales of used passenger automobiles may be obtained from auto dealers. Dealers should request additional supplies from the OPA Regional Mail Center at Dallas.

Sugar rationing will continue to be administered from the District office.

Pending compliance actions will be transferred by the local board to the district office, Baker said.

The local office was closed for business on November 4. However, the clerical personnel will continue on duty through November in order to transfer records to the District Office and to perform the many other duties involved in closing the board.

Prize Winning Blocks and Sections in City Clean-Up Campaign Are Announced by Judges

Winning blocks and sections in the recent city-wide clean-up campaign, sponsored by the Civic Improvement Committee, were announced today by Mrs. Homer Brumley, committee chairman.

Section 8, which includes those blocks surrounding Central school bounded on the west by 25th Avenue, on the south by 4th street, on the north by 6th, and on the east by Miles, was selected as the prize-winning section. Mrs. C. D. Kelton was section leader.

As a prize, the Committee will supply house numbers for every residence in the section.

Best individual block in the city, as scored by the committee, was the residential block immediately south of the hospital. Mrs. Noah Ewton is block chairman.

Three other blocks were tied for honorable mention. One was the block bounded by 3rd and 4th streets, between Lawton and Roosevelt, in which Mrs. J. V. Houser was acting block chairman. Another was the block lying between 4th and 5th streets, just west of Central school, where Mrs. Ardis Daniel is block chairman; and the third was the block between 4th and 5th streets and bounded by Miles and Lee, where Mrs. Coy Phillips was chairman.

Prizes were awarded to the winning blocks in each section. (Continued on Page 8).

Trio of Dogs Form Unusual Rat Killing Combine

The E. W. Wombles have a trio of dogs who make up a first-rate rat-killing team.

Members of this triple-threat rodent-eradication combine are Lady, the Collie, who waits for the rats to come out of their holes but refuses to dig for them, and Ring and Jack, the rat terriers who dig up the rats for Lady but have little interest in killing them.

Ring is the most enthusiastic digger of the two, and plays the game endlessly with Lady, who lies in wait at the mouth of the hole until the rat comes out.

Jack and Ring were given to the Wombles by Ernest May of Dawn when the two dogs were merely pups. Ring was given away once, but came straight home, and has since developed such a nose for rats that he is indispensable around the Womble ranch.

Before the pups arrived, the ranch was overrun with hundreds of rats. Now there's not a one to be seen, until Ring and Lady go into their act.

Streu's Diary

DEAR DIARY:

As I sit down to write, I am listening to the radio as it gives forth with "White Christmas" and other wintry songs. And the weather for the last few days has been enough to make one think of Xmas and also wonder just what has become of one's summer wages.

I hope that there are some still left, because we just unpacked a shipment of beautiful imported crystal. This attractively designed, sparkling crystal will delight the heart of women with an appreciation of things beautiful. We didn't get enough to go around, so we suggest that those wanting an outstanding Christmas gift select from our display of crystal soon.

Additional gift items are arriving daily from all over the country—glassware, china, pottery, and metal items in the latest creations of leading designers.

The better toy situation shows little improvement. There will be lots of toys, but few good toys—just a bunch of substitutes. We are, however, fortunate in having made our toy purchases early, and I believe we have the best selection of better toys and dolls to be found in the area. But—our stocks are short.

Stoves, both heaters and ranges are out, and it would appear, are apt to stay out for some time. The shortage is occasioned by a lack of sheet steel. With coal strikes coming up, there seems little likelihood of an improvement in production. We have in stock, one floor furnace, one oil heater, and two oil ranges—no gas heaters of any kind.

Windmills are in much the same position, we are promised a car of Aermotors after the first of the year—don't know how long after the first—or what year.

Have plenty of wood rod and cylinders, and our pipe threading machine is in top shape. We will give you the fastest service in town on cutting and threading any size pipe from 1-8 to four inch.

Speaking of outlooks—yesterday Hereford was a drab little country town with sloppy streets, dripping trees and houses—dark and dreary. This morning it is a beautiful little city, full of pep, sparkling with a million diamonds on every bush and tree. It all depends on the sun or the lack of sun.

Sometimes I think too many of us cloud our outlook on life with clouds of greed, raindrops of hate, the sleet of distrust, and the sunlessness of our individual petty affairs. Life will contain many more sunny days, full of diamonds of joy, if we will only forget our own selves for awhile, and concentrate on helping others.

STREU.

and have already moved two of them onto the grounds north of the high school. Through use of conservative estimates, we arrived at the amount of \$35,000 for the bond issue. We have also negotiated bids covering the bond issue and the First National Bank of Hereford was low bidder at a figure of 2 1-4 percent interest.

In view of the circumstances, we urge every property owner in the district to vote for the bond issue. Should the issue fail, your district will have to go to the bank and borrow the \$35,000 at current interest rates (5 or 6 percent), whereas passing of the issue will result in a large saving in interest for the district.

We also wish to point out that the \$35,000 bond issue will not result in further increase of school taxes. Your district, operating on the present tax rate, can take care of the interest and sinking fund of the additional \$35,000 without increased valuations or increased taxes.

Kuper Picks Peaches While Snow Flies

This is a peach of a story: When the snow began flying Monday morning L. J. Kuper donned his overcoat and muffer and got busy picking ripening peaches from a Johnny-comelately tree in his orchard.

Just to prove that peaches really ripen in November in Deaf Smith County, Mr. Kuper brought a bushel of samples, including a number of fruit-laden limbs, in to the Chamber of Commerce office Monday morning.

The peaches were of a cling variety which Kuper could not identify. There is only one tree of this late-bearing type in the Kuper orchard, but the Kupers, who have a prosperous farm 4 miles west of Hereford, have reaped a plentiful harvest from ten other peach trees during the past summer.

Untroubled by rumors of food shortages, the Kupers have canned nearly a thousand jars of fruit and vegetables produced on their own farm this year. And, Kuper adds, he supplied two married daughters with all the peaches they could use.

First Blizzard Of Season Brings Snow and Sleet

The first blizzard of the year struck the Panhandle last Saturday night and sent temperatures diving below the freezing mark this week.

A heavy sleet and light snowfall accompanied the storm in the Hereford area Sunday and Monday, tapering off on Tuesday. Low temperature was reached Wednesday morning, when the thermometer skidded to 21 degrees in Hereford.

During the previous three days, the temperature had hovered between 28 and 32 degrees here.

Heavier snowfall was reported in the north end of this county. More than four inches of snow was reported from the Adrian area, and the snowfall extended across the northern Panhandle.

Roads to the north and west out of the Panhandle were still blocked this morning (Thursday), according to reports from highway officials in Amarillo.

bond issue, members of the Board explaining that the improvements are necessary and must be accomplished in some manner whether or not the bond issue is approved, if Hereford schools are to continue operation.

An appeal to the voters of the school district to pass the bond issue was made by the board this week.

"The scheduled improvements

are absolutely essential," the board members said. Should the bond issue fail, the board will be forced to go to the bank and borrow the necessary \$35,000 at current interest rates, which will amount to 5 or 6 percent.

"Approval of the bond issue will result in a large saving to the district, since a contract has already been entered to sell the bonds to the First National Bank of Hereford at an annual interest rate of two and one-quarter percent for 15-year bonds.

"A bond issue in this amount will not necessitate any increase

in the present tax rate; but if the bond issue fails, a considerable increase in tax rate will be necessary to cover the expense of floating a loan in this amount."

Following the banquet, a pub-

lic dance is planned at the City Hall, with the West Texas State Collegians, campus orchestra, furnishing the music. The dance will begin at 9 p. m.

The football game scheduled between the Veterans of Foreign Wars and the American Legion has been called off by mutual consent. Lack of equipment and physical condition of the prospective players was given as the reason.

"Some of the boys have grown a little too much in the past few years to fit into high school suits," Legion Commander Cogdell explained.

Protest Vote

(Continued from Page 1)

Messenger Precinct failed to vote at all in the election, as the presiding judge in that precinct did not pick up his election supplies.

Eleven votes were polled in Precinct 3, 4 in Precinct 4, and 31 in Precinct 7. The two Hereford boxes as usual, polled the biggest vote, Precinct 1 totalling 251, and Precinct 2 counting 466.

All three of the Constitutional Amendments submitted to Texas voters Tuesday were carried by safe margins over the state, although one of them, No. 2 on the ballot, was defeated in this county by 329 to 297.

including the four mentioned above. Prizes will be Pyracantha for each residence.

No improvement was reported in Section 1, which takes in the eight blocks along Highway 80 between Schley and the east

edge of the city limits, and no prize will be awarded in this section, Mrs. Brumley said.

In Section 2, Mrs. Ewton's block was the winner. In Section 3, the block captained by Mrs. Houser was awarded the prize.

Winning block in section 4 was captained by Mrs. Ralph Hastings.

In Section 5, the block between 5th and 6th streets, and between Lawton and Roosevelt, captained by Mrs. J. T. Gilbreath as acting chairman, was judged the winner.

No report was received from Section 6 which includes the 8 blocks between 6th and 7th streets bounded on east and west by 25-Mile Avenue and 10th street.

In Section 7, the block captained by Mrs. E. A. Wright was the winner.

In Section 8, the block of which Mrs. Ardis Daniel was chairman, was awarded the prize.

In Section 9, Mrs. Homer Fox' block took the prize, and in Section 10, Mrs. I. C. Bailey's block was adjudged the winner.

No reports were received from sections 11, 12, and 13, and Section 14 was incomplete, so no prizes will be awarded in these areas.

In Section 15, Mrs. Jeff Roberson's block was the winner.

No reports were received from Sections 16 and 17.

"As a whole, the clean-up campaign turned out well," Mrs. Brumley said. "Cooperation on the part of most block leaders was good."

The main fault found, Mrs. Brumley reported, was that only about half of the citizens of Hereford are using approved garbage containers. This, and the bad condition of most vacant lots, was responsible for most of the low scoring.

"However," she pointed out, "the prize-winning block was one which contained three vacant lots, which just proves that they can be cleaned up."

Working on the central committee in the clean-up campaign were Mrs. A. L. Manjeot, chairman, Mrs. B. R. Ezzell, and Mrs. O. M. Dickey.

specially-built body designed for hauling garbage. Yes, its the same one that was due for delivery way last January. It arrived Saturday, and Mayor Damron is as proud of it as a kid with a new toy. Don't be surprised if you see the Mayor making the garbage-hauling rounds himself one of these bright days.

Worth Covington, who has been book-keeper for Henslee Hardware, is the new office deputy at the Sheriff's office. Worth will take over from Leonard Foster, who graduates to the office of County Judge on January 1.
