

“FINAL” REORGANIZATION ACT IS SUBMITTED BY ROOSEVELT

Various Govt. Bureaus Are Regrouped

Consolidations Expected To Save \$1,250,000 Year

WASHINGTON, May 9 (AP)—President Roosevelt proposed his second government reorganization plan to congress today involving 14 inter-departmental bureau transfers and consolidations estimated to save \$1,250,000 a year.

The president in a lengthy message declared this would be his final reorganization proposal to congress this session under the recently enacted reorganization law. "In view of the fact that it is now May Ninth," he said, "and that any reorganization plan must lie before the congress for 60 calendar days, and because the reorganizations of an intra-departmental character require a great deal of research and careful painstaking detailed work, I do not propose to send any further general reorganization plans to the congress at this session."

The first plan, involving merger of a score of independent lending, welfare and public works agencies into three new federal agencies, becomes effective June 24 because the veto resolution failed of passage in the house last week.

His second plan today proposes: 1. Abolition of the National Bituminous Coal Commission and transfer of its functions to the secretary of the Interior.

"The congress," the president said, "placed this commission in the department of Interior, but experience has shown that direct administration will be cheaper, better, and more effective than through the cumbersome medium of an unnecessary commission."

2. Transfer of the foreign commerce service of the commerce department and the foreign agricultural service of the agriculture department to the department of state for consolidation with that department's foreign service.

3. Transfer of the foreign service buildings commission, now independent, to the state department.

4. Transfer of the bureau of lighthouses, commerce department, to the treasury department for merger with the coast guard.

5. Abolition of the office of the Duke of Windsor.

VERDUN, France, May 9 (AP)—The Duke of Windsor received hearty congratulations from French officials today for his plea—broadcast simply as a soldier of the last war—"to save humanity from the terrible fate which threatens it."

He was greeted by a group of mouse department officials shortly before he and his American-born duchess began an automobile trip back to Paris after a tour of World war battle sectors.

The French press, like British newspapers, gave prominent display to the duke's brief address of last night, but refrained from comment.

LEADERS IN LOCAL ELKS LODGE INSTALLATION

These officials of the Amarillo Elks lodge, which sponsored the organization of a unit of the order in Big Spring, will be in charge of the installation ceremonies at 8 p. m. today in the W.O.W. hall. Milburn Easum, Jr., left, district grand exalted ruler, will be in charge of the affair. Bert Levy, center, past exalted ruler of the Amarillo lodge, will serve as exalted ruler for the evening. Mark Perry, secretary of the Amarillo club and who came here last week to close organization details, will be acting secretary.

Jane Tingle Named 'Miss Big Spring'

"Miss Big Spring" is petite Jane Tingle, daughter of Mr. and Mrs. Clyde Tingle. She was chosen by a secret committee of judges from a field of 14 beautiful young girls who appeared in exquisite evening gowns before a packed house at the Ritz theatre Monday evening.

Miss Tingle will represent Big Spring by appearing in the Monday and Tuesday night presentation of "Twilight Trail," colorful revue of the West Texas chamber of commerce convention in Abilene.

An abundance of pulchritude made it difficult for judges to reach a decision. After several minutes deliberation they narrowed the contest down between Nell Rhea McCrary, LaFern Dehlinger and Jane Tingle.

Urges Support of ceremonies for the event and urged Big Spring people to join in supporting the local invitation to the regional chamber to hold its meeting in Big Spring in 1940.

Young women who were nominated for the honor and the firms sponsoring them were: LaFern Dehlinger, the Beauty Box; Martha Cochran, Margo's Shoes; Janice Slaughter, The Fashion; Mary Nell Edwards, Albert Fisher Co.; Bobby Taylor, Hollywood; Joyce Nolan, Empire Southern Service; DeAlva McAllister, Crawford hotel; Margaret Garrett, Settles hotel; Charlene Estes, Elliott's Drugs; Edith Bishop, Cunningham & Phillips; Jane Tingle, J. C. Penney Co.; Dora Shroyer, Collins Bros. Drugs; Nell Rhea McCrary, Barrow Furniture; Dorothy Mullens, LaMode; Vera Louise Whitton, Darby's Bakery; and Lillian Childress, Fisherman's Store.

FARMER LEADERS HAVE ANNIVERSARY PROGRAM HERE

Farm leaders and those actively interested in the work of the extension service gathered at the City Park at noon Tuesday to celebrate the 25th anniversary of the signing of the Smith-Lever act which created the extension service.

An old-fashioned picnic opened the affair and during the afternoon there were to be talks on the history of the extension service and short addresses on the viewpoints of men, women, boys and girls. A softball game between the home demonstration club women was to be a concluding feature.

Lodge To Be Organized Tonight

Revival of an Elk lodge in Big Spring was to become a reality at 8 p. m. today when high officials of the order formally install the local chapter and initiate some 50 members.

Headed by the list of dignitaries will be Federal District Judge William H. Atwill, past grand exalted ruler, who was to arrive by American Airlines for the function.

Milburn Easum, Jr., Amarillo district deputy grand exalted ruler for Texas, West, was to be in charge of the institution of the lodge.

Easum was here in November to attempt organization of the lodge and commissioned Mark Perry, secretary of the Amarillo lodge, to complete arrangements here last week. Accompanying the district deputy were Bert Levy, past exalted ruler of the Amarillo lodge, who will serve as exalted ruler at the installation; Perry, who will act as secretary; R. D. Northen, who will serve as esteemed leading knight; Henry Reed, acting esteemed leading knight; Fred Smith, Jr., esquire; and Sylvester Munn, acting inner guard.

The rituals will be held at the W.O.W. hall, it was announced. Big Spring formerly had one of the most active Elks lodges in this region until the charter was voluntarily surrendered some 15 years ago. An attempt was made to reorganize in 1930 but was shelved until last year.

CIVIC MUSIC CAMPAIGN TO BE MAPPED AT DINNER TONIGHT

A challenge to enlist members in the Civic Music association so that talent of national recognized artists may be heard here will be sounded at a dinner for officials, directors, workers and guests of the association at the Crawford at 7 p. m. today.

Final details of the campaign to secure the equivalent of 400 adult memberships will be explained to those who are taking the lead in the move to bring cultural entertainment to Big Spring. Among those to speak are Cliff Wiley, W. C. Blankenship, E. V. Spence and W. E. Daves, J. H. Greene, president, will preside over the dinner meeting.

Haslowe F. Dean, New York, representative of Civic Concerts, Inc., will discuss business organization and the background of national establishment of his identity.

Blair filed the civil action to establish his identity. He named as defendants Walter, Sophia, Marian and Anne, other children of Christian and Sarah Ann Ross. They did not answer the complaint and Superior Judge G. A. Rodgers entered a default judgment.

For the re-appealed carpenter, who was routed out of bed to give his version of the four-year battle for legal recognition as "Charley Ross" the jury verdict was a personal triumph.

Funds Voted For State Relief Unit

\$54,000 Appropriated To Meet Emergency

AUSTIN, May 9 (AP)—The legislature rushed to the aid of the Texas relief commission today with senate passage of a house bill appropriating \$54,000 to that agency.

Senator Morris Roberts of Pecos said the commission's funds were depleted and its functions would cease June 1 if the allotment was not made.

The bill now goes to the governor. The commission's main operations are certifying applicants for WPA, CCC and NYA rolls and distributing federal surplus commodities to the needy.

Roberts explained the federal government requires that a state agency perform these functions which in Texas result in distribution of \$5,000,000 monthly.

Meanwhile, the constitutionally-suggested final day of the regular session of the legislature progressed with fate of the No. 1 question—more and bigger old age pensions—still in doubt.

For 119 days both branches of the legislature have been bogged down on pension programs with no signs of a break in the deadlock.

Public hearing for the city's budget for the fiscal year ending March 31, 1940 will be instituted at a meeting of the city commission at 8 p. m. today.

However, there was a strong probability that the hearing would be delayed until Wednesday when Mayor R. V. Jones can be present.

Registration Goes Past The 800 Mark

Amarillo Man's Talk On World Situation Highlights Program

Rotarians of the 127th district went into a luncheon session at the Settles hotel Tuesday afternoon to bring to a close their annual conference in Big Spring—a meeting that had attracted more than 800 registrants, and was being called generally one of the most successful conferences ever staged.

Monday's business meetings were followed up by a barbecue at the city park in the evening, and a dance at the Settles hotel in the evening—affairs that brought large and festive turnouts.

Tuesday's program got under way with special breakfast conferences for club presidents and club secretaries; then there was a plenary session at the municipal auditorium, at which the four classifications of Rotary service were discussed by speakers; and this was followed by the final luncheon.

At this last event, Dr. H. Thompson of Amarillo, speaker. Other features were the presentation of Hiram E. Arrant of Abilene as new district governor nominee to succeed Linton Estes of Wichita Falls; reports of committees, and presentation of bids for the 1940 conference. These from Sweetwater and Mineral Wells; but the selection of next host city will not be determined until the district assembly (meeting of club presidents and secretaries) is held several weeks hence.

Tuesday morning's program was devoted to talks on Club Service, Vocational Service, Community Service, and International Service, called "the four lanes of Rotary's highway." These were climaxed with a stirring address by Dr. H. Thomsen of Amarillo, a foreign-born citizen of the United States, and a minister of wide travel, whose remarks on the world situation brought forth the most prolonged applause of any of the conferences. Dr. Thomsen made a moving appeal for broad tolerance, understanding and a sympathetic attitude.

Cotton Export Plan Fight Looming

WASHINGTON, May 9 (AP)—proposal for subsidizing American cotton exports created a new controversy in the senate today, following approval of an extra \$382,075,000 for farm aid.

A group led by Senator Bankhead (D-Ala.) sought to place the cotton subsidy in the \$1,215,000,000 bill appropriating funds for the agriculture department and another group of southerners, including Senators Smith (D-SC) and George (D-Ga.), pledged a filibuster fight against the proposal.

Bankhead's plan, put forward as a compromise with recommendations of President Roosevelt, calls for a government subsidy of about \$10 a bale on new cotton shipped abroad, up to 8,000,000 bales. The president has suggested that the subsidy be used to reduce the present government loan stocks of more than 11,000,000 bales.

The dispute over the subsidy plan was the only major issue awaiting disposal before final action on the record-breaking farm bill. The senate approved committee and other amendments yesterday which added, among other items, \$225,000,000 for parity payments to producers of cotton, corn, wheat, tobacco and rice; \$112,000,000 for surplus crop disposal, and \$25,000,000 for farm tenancy loans. These funds would be in addition to the \$500,000,000 soil conservation benefits approved by the house, along with an estimated \$90,000,000 for surplus crop disposal and \$24,984,500 for the farm tenancy program.

The house had rejected \$250,000,000 for parity payments and \$190,000,000 additional for surplus crop disposal, but farm leaders believe it will reverse its stand in view of the senate action.

While the senate was voting on the additions, Secretary Morgenthau of the treasury told reporters he was "greatly disturbed" by the prospect of such an increase in the \$2,800,000,000 federal deficit estimated for the year beginning July 1.

He said congress should levy new taxes to cover the excess, but various proposals to meet farm processing taxes have received little favor among the lawmakers.

Ross, Famous Kidnap Victim, Legally Alive, Says Court

PHOENIX, Ariz., May 9 (AP)—Charley Ross, who was kidnaped 65 years ago in one of the nation's greatest unsolved crimes, is legally alive today.

Gustave Blair, 66-year-old carpenter, convinced a superior court jury and judge yesterday that he is really Charles Brewster Ross, who at the age of four years was abducted from Germantown, Pa.

Blair filed the civil action to establish his identity. He named as defendants Walter, Sophia, Marian and Anne, other children of Christian and Sarah Ann Ross. They did not answer the complaint and Superior Judge G. A. Rodgers entered a default judgment.

For the re-appealed carpenter, who was routed out of bed to give his version of the four-year battle for legal recognition as "Charley Ross" the jury verdict was a personal triumph.

"My wife and I have sacrificed our home and in some instances have gone hungry to prove my birth right."

Asked if he intended legal action to restore a portion of the family fortunes which he as "Charley Ross" would be entitled, he said: "There won't be any need for that."

Just as the story which he tells of his life as "Charley Ross" is packed with drama, so was the court hearing which established his identity yesterday.

Blair, on the witness stand, thumbed the red-inked pages of

The Sports Parade

By HANK HART

The encouragement of the interscholastic league toward the development of six-man football in this sector should make the game available to every school. The Pioneer School Activities association led the way last year in experimenting with the new sport, served its purpose well. Practically every member of the association, however, has expressed a desire to affiliate itself with the University body.

Every school in this vicinity has been invited to have a representative on hand at the Thursday evening confab at the local high school when the body will turn its efforts toward complete affiliation with the league. Roy Bedichek, and Rodney Kidd, interscholastic league officials, will be in attendance.

Introduced in the mid-west some five or six years ago, "six-man" did not spread to Texas until a year ago when small leagues similar to the PSAA began to pop out.

The initial objective of the PSAA at the end of last season was expansion instead of league affiliation. Several teams around San Angelo had asked permission to join and for a while it had been planned to have two sectors of play with the champions of each division meeting for the title. In event a large number of schools are represented here that idea may still be approached.

At any rate there should be more interest in the game than ever before.

The Big Spring Sand Belt golf team, which made its first league start Sunday by defeating Stanton, 30-10, is not as strong as was the one last year for the simple reason the Nos. 1 and 2 players, Doug Jones and Oble Brister, are not active. However, it should be good enough to be in the running down to the wire for the title won the last two years by Odessa's representatives.

Most of the local maulie welders are glad to see Lamesa back in the circuit. That city's team dropped out of competition last year and was replaced by Crane.

Big Spring Motor Tosses Top Hat For 17-8 Loss

Motorists In First Muni Loop Win

Scoring in every inning except the sixth Big Spring Motor decided Top Hat, 17-8, in Monday evening's Muni league softball game at the City park diamond.

The Motorists clinched the argument as early as the second when they added four runs to the quartet they had tallied in the first.

E. Cunningham, twirling for the Lizzies, was in trouble in the second stanza when he allowed four runs to seep through but he pitched creditable ball thereafter.

Bucket Hare, W. Harris and Johnny McGee clouted home runs for the victors.

Montgomery Ward and Daniel Candy company postponed their game until next week.

WOODWARD IS TRACK 'ANGEL' WHO REALLY KNOWS THE GAME

By GAYLE TALBOT

NEW YORK, May 9 (AP)—After watching a horse like Johnstown run it isn't difficult to understand the fascination the racing game holds for such a man as William Woodward, the banker who owns and operates the Belair stud.

With the money Woodward has sunk in racing since the bug first bit him more than 20 years ago he probably could have bought and operated an ocean-going yacht complete with pennants. Maybe he has a yacht but I'll bet he's had more fun out of producing Kentucky Derby winners.

To most of the 70,000 who watched the magnificent Johnstown cakewalk home at Louisville it was an exciting two minutes. But nobody else saw him through quite the same eyes as Woodward.

Woodward literally "thought up" Johnstown. There are some wealthy owners who seek advice from their trainers and from experts on equine blood lines in their efforts to produce great foals.

Woodward asks no advice of anyone. Breeding is his hobby. It's an exciting two minutes. But not paying for it. He decided that the great sprinter Jamestown, bred to the little broken-hipped filly La France, would result in a fine horse. La France never had run a race, but Woodward knew there was endurance in her blood. The colt, of course, was Johnstown.

"All he ever tells me," says old Jim Fitzsimmons, who trained the Woodward string, "is to keep my eyes out for sires with plenty of speed. He says he will attend to getting the right kind of blood. It took him a long time and a lot of money to reach his present position, where he's a steady threat to win

ALL DEFENDING CHAMP KEGLERS ARE DEFEATED

OKLAHOMA CITY, May 9 (AP)—New world champions of women's bowling donned their crowns and divided the prize money today as the 22nd annual tournament of the Women's International Bowling Congress became history.

All defending champions were toppled from their thrones during the 26-day bombardment that ended last night.

The 1939 champions and their scores:

Singles — Helen Hengstler, Detroit, 525.

Doubles — Connie Powers and Bobby Reus, Grand Rapids, Mich., 1,130.

Five-woman team — Korintz Pure Oil, Milwaukee, 2,615.

All events—Ruth Troy, Dayton, O., 1,724.

every big race here and in England."

Fitz hastened to explain that he didn't mean Woodward ever would catch up with the game financially. He's been exceptionally fortunate in having several big winners lately and Johnstown will put many another dollar in the Woodward treasury before he's through. But Fitz says these big purses only outpocket the deficit of the years. It costs Woodward approximately \$5,000 a month to maintain his stable, Fitz estimates.

Kilgore Wins Jr. College Track Title

WACO, May 9 (AP)—Men's tennis finalists clashed here today in concluding athletic contests of the Texas Junior College Congerence state meet.

Hugo Cordts of San Antonio Junior College and Tom Nixon of Schreiner met in singles and Joe Stone and Lefty Brown of Schreiner and Joe Biggers and Ben Woody of Edinburg paired in doubles.

Kilgore Junior College amassed 84 1-2 points to run away with the track and field meet yesterday. Bruce Divers of Kilgore was high point man with 23.

Henry Coffman, San Antonio youth competing for Schreiner, broke the only meet record by high jumping 6 feet, 4 1-4 inches, a quarter of an inch better than the old record, Dub Walters of Tyler set in 1937.

Finishing behind Kilgore in team scores were Schreiner, 38 points; Texas Lutheran, 23 1-2; Paris Junior College 13; Corpus Christi 8; Hardin Junior College 5; San Angelo 3.

Paris Junior College won the medley relay in 3:47.3 and Duckworth of Paris won the mile in 4:32.7.

Betty Harris of Gainesville defeated Syble Clark of Temple yesterday 6-4, 6-3 for the women's singles title. Keffnoff and Kaufman of Texas Lutheran downed Carter and Messer of Temple, 6-4, 6-3, for the doubles crown.

Joe Worthington of Schreiner captured the golf title. He carded a sack around over the par 70 Spring Lake country club course to finish seven strokes ahead of James Chasey, San Antonio Junior College and Saxon Jud, Schreiner. Schreiner took the team match play with 307 points. San Antonio Junior College was second with 334 and Paris Junior College third with 340.

NACOGDOCHES, May 9 (AP)—The North Texas State team went into semi-finals of the Lona Star tennis tournament here today leading with 9 points in singles and 12 points in doubles.

Stephen F. Austin and East Texas Teachers have been eliminated.

Maine, Barnes and Park of North Texas and Latham of Southwest Texas met in singles today. Malaise and Park opposed Latham and Loxson; and Scott and Barnes were paired against Knollis and Blair of San Houston, in doubles.

Boyd SoRelle Tames Padres

Tribe's Prince In Fifth Victory Of Season

Texas League pitchers do a great deal more than merely groove them across the plate. They hit, too.

There have been few days this season when some winning hurler hasn't used his bat for more than exercise. Yesterday, it was Boyd SoRelle's time.

The strapping Dallas Rebel right-hander gave the San Antonio Missions only six hits and took his season's third victory, 4 to 1.

The Missions scored in the fifth inning, and held the Rebels back until the fifth, when SoRelle singled to score Phil Sagle. The hurler scored on Grey Clarke's single.

SoRelle was forced out in the seventh after hitting a single that started another two-run burst.

Bill Prince of the Oklahoma City Indians hurled his fifth win in six starts, the Shreveport Sports dropping before a 5 to 1 attack.

Prince got in a hole in the first by filling the bases with none out, and then came out unscathed and thenceforth thrashed the Louisiana batsmen by spacing eight hits.

Harold Manders outpitched Dorsett and the Beaumont Exporters won from the Fort Worth Cats, 4 to 3. Manders allowed the Cats only two hits until the eighth, when Fort Worth got to him for two runs.

Draws Attention

CHICAGO, May 9 (AP)—Don't be surprised if the baseball scouts begin swarming when Lane Tech High of Chicago has a game.

If they do, they'll doubtless be watching young Herb Chmiel, southpaw, with plenty on the ball.

Chmiel has pitched two complete games, allowing no runs and no hits in either game. His victims were Amundsen High, 3 to 0, and schurz High, 14 to 0.

Veterans Have Day In Major Leagues; Martin Ruins Hill Job Of Brooklyn's Evans

By SID FEDER Associated Press Sports Writer

It is a pleasure to report that the old wild boss of the Osage can still get the bit in his teeth.

It is also a good thing for the St. Louis Cardinals' gas-house gang that the old boss, otherwise known as Pepper Martin, can still run those base paths. Because now that the Cards have run out of "gas," a little pepper comes in handy.

The old boss, the boys in the game tell you, is a ball player's ball player—the winning kind. That's why it was nothing to cheer about when you heard his future with the Cards was hanging by a hair there a few months back. The club's master-minds had the idea he was somewhat spavined and ready for the farm. But they finally decided to let him hang around—and look what happened:

The old boss won a ball game yesterday, just like he won the 1931 world series, by running wild on the base lines. He didn't steal four or three, or even two. It was just one, but it was the big one—from third to home. Yep, he stole home with the only run of the ball game, while Rookie Russ Evans, who already had lost one game this year on a balk, stood there open-mouthed, too surprised to make the throw to the plate until it was too late. The Cards won 3-0 over the Brooklyn Dodgers, a victory that boosted the gasless gas house into a second place tie in the league.

Pepper wasn't the only old guy in the business who showed his stuff yesterday. In New York, for instance, the Cubs beat the Giants 4-2 behind Big Bill Lee's elbowing and batting, but along in the

eighth, when Gabby Hartnett's crew already had the game on ice, they called old Squarespants Carl Hubbell in from the dugout.

Now old Squarespants had an operation over the winter on that "meal-ticket" southpaw wing of his and the soupbone didn't come around. But he did a right fair job in his season debut yesterday. In two innings, the Cubs mangled just two fly balls and a loud foul off him; P.S., from all indications, it shouldn't be long before King Carl is back on his throne—that little mound out there 60 feet in front of the plate.

It was in this game that the Cubs lost right-fielder Phil Cavarretta, who broke his right ankle sliding into second and wound up in a hospital.

Then there was old Indian Bob Johnson, one of the mighty few factors keeping the Athletics out of the bush leagues these last few years. Bob collected two homers to give the A's a 4-5 decision over the Detroit Tigers. This was the Detroit's seventh straight setback and dropped them into the American League cellar. Then there also was old Chuck Klein, whose pinch-triple with the bases loaded broke up a game and handed the Phillies an 8-7 verdict over the Cincinnati Reds.

The New York Yankees dropped out of the American League lead in losing a 5-3 contest to the Chicago White Sox. Lefty Edgar of the Detroit Tigers, who was the Detroit's seventh straight setback and dropped them into the American League cellar. Then there also was old Chuck Klein, whose pinch-triple with the bases loaded broke up a game and handed the Phillies an 8-7 verdict over the Cincinnati Reds.

loop lead as a result.

Jim Tobin tossed a five-hitter for a 3-2 Pittsburgh win over the Boston Bees, and Cleveland's Indians did all their run-making in the seventh to trounce Washington's Senators 6-2.

ELLIOTT SAYS STATE NEEDS LEADERSHIP

FORT WORTH, May 9 (AP)—Texas needs competent leadership rather than a partitioning into several states which might give the area more voting power in congress. Elliott Roosevelt declared last night in his semi-weekly radio broadcast. The president's son mentioned that the treaty which annexed Texas to the United States provided that the state at its discretion might divide itself into five separate states.

MAVERICK AND QUIN SQUARE OFF IN SANTONE ELECTION

By OLEN W. CLEMENTS SAN ANTONIO, May 9 (AP)—Maury Maverick, the former congressman and grandson of the man whose name is used to describe stray cattle in Texas, tried today to come back politically as mayor of San Antonio. A candidate in a field of six, the outspoken Maverick faces the incumbent, Mayor C. K. Quin; Leroy Jeffers, former assistant district attorney; Mrs. Maude Pridden Butler, S. M. Eiler and Charles E. Hummel as police guarded the polls against any outbreaks. No indication of the voting trend was given at the polls. Maverick's race had some national significance. Known in congress last year as the leader of the Young Turks, extreme left democrats, Maverick built up a big following in the East and Midwest. Today's election may determine who will lead the Bexar county (San Antonio) delegation to the Texas democratic convention next year. The leader of that delegation will dictate whether San Antonio goes for or against Vice President John Nance Garner for president. Maverick has not mentioned Garner in the campaign for mayor but his followers said the vice president did not assist the former congressman last year when Paul Kilday, young San Antonio lawyer, beat Maverick for congress. Mayor Quin has been (strong) for Garner as president.

Methodists Winding Up Conference

Study Plans For Financial Commission, Missionary Work KANSAS CITY, May 9 (AP)—United Methodist's 900 delegates, jamming 75 committee reports into the final three days of their conference, today received recommendations for setting up a 30-member financial commission and uniting all missionary work under one board. The committee on missions proposed that one board administer all foreign, home and women's missions. This plan is used by the Southern and Protestant branches. A minority report suggested a separate board be established to administer all women's missionary activities. It was indicated a second minority report would be submitted, asking separate boards for foreign, home and women's missions. This is similar to the present setup in the Northern church. The committee on membership and temporal economy proposed creation of a General Commission on World Service and Finances to handle all monies for general benevolence, the general administration fund, and the Episcopal fund. The commission, similar to that now operative in the Northern church, would comprise two ministers and two lay delegates from each of the six jurisdictional districts, nominated by the bishops thereof, and six members at large, including two bishops. Members would serve four years. New Duties General benevolence funds include those for missions, hospitals, evangelism, temperance and other national boards. Bishops' salaries are paid from the Episcopal fund. The commission would survey financial needs of all boards and budget its receipts accordingly, subject to approval of the general conference. It also would recommend bishops' salaries. The committee proposed creation of a commission to promote benevolence. It would be similar to the million unit fellowship movement started by the Northern church in 1934 with a goal of 1,000,000 members contributing \$1 per month each. The conference last night elected nine men to the judicial council, or "supreme court" of the church. They include M. A. Childers, San Antonio, Texas. The conference also gave permanent assignments to 37 bishops. The plan of merger of the united church provides that bishops be assigned to one jurisdiction, or section of the country, for life. Previously, bishops could be sent anywhere.

Bilbo Against Cotton Subsidy Export Plan

WASHINGTON, May 9 (AP)—Senator Bilbo (D-Miss) believes the cotton export subsidy proposal now before the senate would make Secretary Wallace "a supreme dictator of the world's price on cotton." "If cotton is king, then Secretary Wallace will be king of kings," he told a radio audience (NBC) last night. "I, for one, am unwilling to delegate to one man so much power." Bilbo said the subsidy proposal offered by Senator Bankhead (D-Ala.), would empower Wallace to "force the world price down to just such level as he so desired..." "There are no forces, domestic or foreign, which can stop him," he continued, "for the proposed legislation specifically provides that his final determination of the amount of the subsidy) shall be conclusive and it is not subject to any restraints or reviews by any authority of our government." Bilbo, describing the plan as "the wildest, the most fantastic, and the most economically unsound scheme yet hatched by theorists," said a two cents a pound export subsidy would drive the world price down from eight to six cents a pound. This would bring about retaliation from other cotton producing countries and force the rate of the subsidy higher, he argued. Bilbo contended payment of additional bonuses to American growers through a two and one-half cents a pound parity payment would be a better course to follow. "Let us take this two and one-half cents and pay it to the cotton farmers, rather than to foreign spinners and consumers," he said. "Should cotton go as low as six cents per pound, our farmers, with this parity payment, would receive better than the present loan provision of 83 cents per pound."

Visitors May Visit WTCC Building

ABILENE, May 9—Thousands of West Texans attending the 21st annual West Texas chamber of commerce convention here May 15-17, will have their first opportunity to inspect the regional organization's new headquarters building. They will have opportunity also to visit the WTCC Resource and Museum Institute located on the first floor of the headquarters building. The headquarters offices were established here in the \$200,000 former federal building a year and a half ago. After the three-story building was turned over to the organization by the city of Abilene, extensive remodeling work was completed and the headquarters and exhibit hall were formally opened last June. Since that time more than 10,000 visitors from 25 or 30 states have visited the hall. The nation's first lady, Mrs. Franklin D. Roosevelt, was high in her praise of the exhibits when she visited the hall last March. She was quoted later as saying that the WTCC exhibit hall was the most impressive thing she saw on her trip through Texas. Among other prominent visitors who have praised the exhibits have been M. L. Wilson, undersecretary of the department of agriculture; Dr. Kirk Bryan of Harvard university and T. W. Thordarson, head of the extension service in North Dakota. Included among the visitors have been hundreds of public school and college students. A visitor to the hall can "See West Texas—past, present and future—in 30 minutes," officials say. The exhibits present interesting facts on major West Texas resources. Ninety-three West Texas towns have individual panels in the hall. The museum division presents West Texas historical matter.

'Hospitality Hour' Broadcast Planned For Convention

ABILENE, May 9—All West Texas towns have been invited to participate in "Hospitality Hour" radio programs to be broadcast during the West Texas chamber of commerce convention in Abilene May 15-17. The programs will be broadcast from the WTCC Resource and Museum Institute, located on the first floor of the regional chamber's headquarters building here, at 8:15 p. m. Monday, May 15, and at 6:15 p. m. Tuesday, May 16. Other broadcasts also are being arranged for the convention, some of them to be heard on radio networks, according to Max Bentley, chairman of WTCC convention radio activities. Only towns which respond in advance to the invitations will be represented on the "Hospitality Hour" broadcasts. On the program, representatives from each town will be interviewed by Mr. Bentley as they stand before the town's display in the exhibit hall. They will tell interesting things about their home towns and about the WTCC displays. All towns also have been invited to send in additional advertising and publicity literature to be distributed from the WTCC exhibit hall information booth during the convention.

PRODUCTION OF CRUDE OIL IS STEPPED UP

TULSA, Okla., May 9 (AP)—Crude oil production in the United States rose slightly during the week ended May 6, with an increase of 12,691 barrels daily spotted mostly through Texas, Illinois, Louisiana and New Mexico, the Oil and Gas Journal said today. The daily average production was 3,574,643 barrels. Oklahoma production decreased 2,275 barrels daily to 459,550. The largest gain in Texas was in the Panhandle where the flow was up 13,047 to 87,297. Total Texas production rose 8,198 to 1,469,998. East Texas production rose 8,198 to 1,469,998. East Texas increased 132 barrels daily to 446,950. An increase of 2,668 barrels daily brought Louisiana production to 269,366, and New Mexico's flow was up 3,430 to 216,920. Kansas production decreased 8,812 to 187,912, and California was off 3,750 to 603,750. Eastern states, including Illinois and Michigan, increased 13,639 barrels daily to 359,211. The Rocky Mountain west gained 150 barrels daily to 72,490.

Indictments Returned

DALLAS, May 9 (AP)—Eight federal indictments were returned here yesterday against B. R. Smith, Dave B. Walden, John T. Herod, Otto Knight, J. D. Streetman and Bert Simpson in connection with post office robberies in West Texas. Postoffices involved were listed as Goldsboro, Bradshaw, Maryneal and Welview. WTCC CHAIRMAN

J. S. Bridwell, above, of Wichita Falls, is chairman of the West Committee for the 21st annual West Texas Chamber of Commerce convention in Abilene May 15-17. Bridwell also is second vice-president of the regional organization. The 25-member Work Committee is composed of leaders in business and agriculture from every section of West Texas. Vital problems of the area will be studied by the committee and recommendations will be made to the 191 WTCC directors for action during the convention.

KBST NOTES

FDR'S Talk At Museum To Be Broadcast

President Franklin D. Roosevelt, speaking from the White House, will be the principal figure on a special hour-long program to be broadcast at 8 p. m. Wednesday over Station KBST and other TSN outlets in the state. The broadcast, a MBS presentation, will mark the formal opening of the New Museum of Modern Art in New York City. It will include speeches by Edsel Ford, president of the Ford Motor Company; Mayor F. H. LaGuardia of New York; Walt Disney, speaking from Hollywood; Dr. Robert Hutchins, president of the University of Chicago; Edward Bruce, director of the section of fine arts of the United States Treasury Department; Nelson A. Rockefeller, prominent financier, and Lowell Thomas, radio commentator.

ABOUT BABIES

Gertie's humorous account of the visit she and Frank paid to the foundling home—how the babies had numbers instead of names and how they were kept in glass cells—will be the subject of Wednesday's "Grandma Travels" episode at 8:30 a. m. over Station KBST and TSN. The "Grandma Travels" show, sponsored by Sears Roebuck & Co. and regarded as one of the top presentations of its kind on the air today, is heard at the same time Monday through Friday.

TRAVEL BOOKS

A list of travel books for shut-ins will be given by Gall North on her program at 9 a. m. Wednesday on Station KBST and the Texas State Network. The Effects Of Alcohol Cannot Be Repealed WINE FIRES FIREBUG For one year residents of a neighborhood in the south side of Chicago have been molested by numerous fires set by an unidentified firebug in apartments, on rubbish heaps, and in garages. Residents of this area finally became so alarmed over the danger that they organized a group of vigilantes to patrol the neighborhood. One of their number, a youth of 21, acted so nervous when jokingly accused of being the arsonist, that it aroused suspicion. Two of the vigilantes and a policeman watched and found him to be the pyromaniac. When seized, he confessed setting nine fires, but is accused also of setting 15 others. "On my day off," admitted the incendiary, "I drink wine. It sets me on fire inside. Then I want to make fire. I try to go home, but some uncontrollable power won't let me sleep until I have touched off a fire and seen the bright flames. Then I can sleep." (Submitted by and published at the request of the local WCTU).

SPORTS ROUNDUP

By EDDIE BRIETZ

NEW YORK, May 9 (AP)—Just about the best pitching in the National League has put those Brooks up there in second place... Reno charged \$5.50 tops for a look at Galento. Whoops!... Gabby Hartnett has benched Billy Herman, Hank Leiber and Joe Marty—some say for not hitting; some for not hustling... Incidentally, one of the first string Chicago sports writers still wants to bet the Cubs wind up in the second division.

Dr. Robert Dyer told a clinic of pro golfers in Chicago that Sammy Snead is the Paderewski of golf... "His athlete's brain is completely developed," said the doctor... "He has muscle, sense, speed and rhythm."

Today's guest star: Stanley Frank, New York Post: "The millennium has arrived for Brooklyn fans, with the Dodgers actually out-thinking their opponents."

The Yanks are supposed to have offered Hank Borowy, Fordham's star slubber, a \$10,000 bonus to autograph a contract... Thumbail description of Ted Williams: "A modern replica of Ring Lardner's famous 'You Know Me, Al'... First nomination for the 1939 all-star game: Claude Passeau, Philly pitcher.

Denver will bid for the national public links tournament in 1940 or 1941... Umpire Dolly Stark, hurt in the first game of the season, is back on the job but still limping... Tad Wieman, Princeton coach, will professor at Long Island U.'s f. b. coaching school in August... Mickey Walker and his group of boxers may go into the New York world's fair.

He ought to do. Utah University has a freshman sprint and hurdles prospect who is said to be a gee whiz... His name: Max Speedie.

Dust Clouds In Space Probably Weigh More Total Mass Of Stars

By HOWARD W. BLAKKESLEE

Associated Press Science Editor
MCDONALD OBSERVATORY,
FORT DAVIS, May 9 (AP)—The dust clouds in space that astronomers have discovered in the Milky Way, probably weigh more than the total mass of the stars themselves. This fact was brought out today at the final session of the international astronomical meeting which has dedicated the new 82-inch telescope here of the University of Texas and the University of Chicago.

The clouds were discussed by Dr. Joel Stebbins, of Washburn observatory, who has been using the photo-electric cell to detect dimming of star light due to interstellar dust. These photo-electric cells detect color changes invisible to the eye. In so doing they reveal presence of dust clouds and gas clouds in space, for both cause a slight but ordinarily invisible reddening of star light.

Dr. Stebbins reported that the photo-electric eye shows most of the dust confined to a plane that runs along the Milky way. Were it not for this dust, he said, much of this night spectacle would be twice as bright.

The dust and gas clouds however are not continuous like a fog, but irregularly distributed. One of the densest of these clouds is visible to the naked eye as a great, dark patch in the middle of the Milky way. It lies a short distance south of where the great stream of the Milky way can be seen to divide into two parts. This entire division

Asks Permission To Abandon Road

WASHINGTON, May 9 (AP)—The

St. Louis Southwestern (Cotton Belt) Railway company of Texas asked the interstate commerce commission today for permission to abandon 40 miles of line between Corsicana and Hillsboro, Texas.

MAN FOUND DEAD

DENVER, May 9 (AP)—Deputy

Coroner Gus Economy said he would conduct an autopsy today to determine cause of the death of Robert L. Murphree, 37, engraving company official from Houston, Texas.

Murphree was found dead last night in a hotel room. He was

bruised on the head and knees,

Economy said.

KIDNEYS MUST REMOVE EXCESS ACIDS

Help 15 Miles of Kidney Tubes

Flush Out Poisonous Waste

If you have an excess of acid waste in your

blood, your 15 miles of kidney tubes may be

over-worked. These tiny filters and tubes are

working day and night to help Nature rid your

system of poisonous waste.

When functional kidney disorder permits

poisonous matter to remain in the blood,

you won't feel well. This may cause nagging

backache, rheumatic pains, leg pains, loss of pe-

ter energy, getting up nights, swelling, puffing

under the eye, headache and dizziness. If you

have trouble with frequent or scanty passages

with smarting and burning, there may be some-

thing wrong with your kidneys or bladder.

Kidneys may need help the same as bowels,

so ask your druggist for Doan's Pills, used

successfully by millions for over 40 years.

They give happy relief and will help the 15

miles of kidney tubes flush out poisonous

waste from your blood. Get Doan's Pills.

Pro Grid Loop Plans Progress

BIRMINGHAM, Ala., May 9 (AP)—

A professional football league for the deep south was in the making today with cities in Georgia, Alabama, Tennessee, Louisiana and Texas expected to form the framework of the circuit.

S. A. Godman, representative of the National Professional Football association, reported progress after a conference here yesterday with operators of four baseball clubs in

the Southern Association.

Under the plans owners of Southern association baseball clubs would finance the league, using their ball parks for football games.

Southern Association owners who discussed the proposal were Ed Norton, Birmingham; Tom Watkins, Memphis; Larry Gilbert, Nashville, representing Owner Fay Murray, and Earl Mann, Atlanta.

Godman said the layout provided these cities, with Chattanooga, New Orleans and two other cities, compose the 8-club circuit.

Two more members would be drafted from among Montgomery, Ala.; Jackson, Miss.; and Fort Worth and Dallas, Tex.

HURLER HAD TO WORK TO GET 'EM OUT

FREMONT, Neb., May 9 (AP)—

Harvey Jensen, pitcher for a Fremont American Legion junior league baseball team, struck out six men (that's right, six!) in one inning of a league game.

Here's the way it went:

The first batter up struck out

and the catcher hung onto the ball.

The next three batters struck out

but the catcher kept dropping

third strikes and all got on base.

The fifth man walked.

The sixth man struck out. The

catcher dropped the ball, picked it

up and threw to Jensen who threw

to the first baseman who tagged

the runner. The runner had

thought himself thrown out and

stepped off base.

The seventh man struck out. The

catcher hung onto the ball.

Harvey muttered, "Whew!"
