

Resolution By B&PW Praises Miss Oliver

A resolution commending Miss Sadie Lee Oliver, retiring Deaf Smith County Home Demonstration Agent, and expressing regret at her departure from the community, was passed this week by the Hereford Chapter of the Business and Professional Women's Club, of which Miss Oliver is a member.

The resolution was signed for the club by Corinne Jennings, president.

Text of the resolution follows: "BE IT RESOLVED: That the Hereford Business and Professional Women's Club, being an organization of women interested in the advancement of women, do hereby resolve that Miss Sadie Lee Oliver, working as County Home Demonstration agent for Deaf Smith county for the past nine years, has done an immeasurable amount of good for the people of Hereford and its community. Through the Home Demonstration clubs organized by Miss Oliver, and many other avenues of contact, Miss Oliver has taught nutrition and contributed to better health of the people, as well as promoting good neighbor relationships through the social activities of the clubs.

"FURTHER BE IT RESOLVED: Miss Sadie Lee Oliver's teaching and tireless interest has accomplished general beautification of this community. Because (Continued on Page 8)

Summerfield Club Hears Discussion Of Labor Problem

SUMMERFIELD, Dec. 9.—The Summerfield Study club met with Mrs. Lee Curry on December 5. The house was decorated, carrying out the Christmas theme.

After a short business session, the meeting was turned over to Mrs. L. L. Cannon, the leader. "Legislation" was the topic for study. Mrs. Cannon talked on the Woman's part in Legislation. She said the work of the department of legislation is a vital part of the work of the General Federation of Women. "Legislation underlies practically everything we do," Mrs. Cannon said. "We have fought for our place and do not aim now to lose the places we have gained."

Mrs. L. H. Lookingbill talked on "Legislative problems for the 80th Congress," stressing, among other things, the labor-management problem and how it affects all. She said, "We must definitely (Continued on page 8)

Deaf Smith County's bumper 1946 potato crop will not be repeated next year unless a large percentage of local growers choose to operate without the protection of the Production Marketing Administration's price-support buying which turned out to be salvation for spud growers during the market collapse this summer.

Deaf Smith's spud acreage goal for 1947 has been set at 3,668 acres, a drastic cut from the 5,356 acres planted to potatoes in this county last year.

However, the 1947 goal, which is based on a three-year average of spud acreage during the years 1944, 1945, and 1946, is less than 600 acres below the average for that three year period.

In 1944, county records show, only 2,858 acres were planted to potatoes. In 1945, the acreage jumped to 4,268, and in 1946 to a record 5,356. The average acreage for the 3-year period on which controls are based was 4,058 acres.

The 1947 acreage may come close to that figure when final acreage allotments are made by PMA. In addition to the 3,668 acres which will be pro-rated among old growers in the county, the State PMA committee has reserved an unspecified number of acres to be allotted to new growers.

How much of this acreage will be allotted to Deaf Smith county growers is unknown, but will depend to a considerable extent on how many farmers in this county apply for authorization to plant spuds in this county for the first time in 1947, and on how much new acreage is applied for in other areas of the state.

The acreage goals set up by PMA for the 1947 crop are not compulsory, but growers who do not comply with their individual goals will not be permitted to take advantage of the price support program next year.

The Department of Agriculture is committed to support potato prices for another year, but after the overflow 1946 crop had glutted the market and forced the government to buy, at support prices, millions of bushels of unwanted spuds, the Department decided to take steps to control production next year.

Indications are that, regardless of the control program, there would have been a considerable

Hereford Singers to Join Amarillo Civic Chorus for Concert Sunday

A considerable part of the membership of the Hereford Civic Chorus will journey to Amarillo next Sunday to sing with the Amarillo Chorus in a presentation of "The Messiah" at the Amarillo Municipal Auditorium, Miss Mattie Mae Swisher said yesterday.

Nine to ten carloads of singers have already been arranged, Miss Swisher said, and others may attend. Jim Worrell and Sam Allen of The Hereford Chorus have been invited to appear as soloists in The Amarillo presentation.

The Amarillo presentation will be at the Municipal Auditorium beginning at 7:30 o'clock Sunday night. No admission will be charged, and the public is in-

cluded. Members of the Hereford Chorus will re-pay the visit of Amarillo singers here last Sunday. Singers from Pampa, Tulla, and other Panhandle cities will also join the Amarillo chorus Sunday night.

Members of the Hereford Chorus who would like to sing with the Amarillo group, and who have not already turned in their names, are requested to do so as soon as possible, Miss Swisher said.

Robert Thompson is in charge of transportation, and Mrs. Caudella Brown is in charge of registration. Mr. Thompson can be reached at the County Clerks office, and Mrs. Brown at the J. F. Ward residence.

More than a thousand persons jammed the auditorium of the First Baptist Church in Hereford Sunday night to hear the Christmas presentation of Handel's famous oratorio, "The Messiah," presented by members of the Hereford Civic Chorus.

A choir of more than 125 voices sang the two-hour program. Members of the Hereford Chorus were joined by a large delegation from the Amarillo Civic Chorus, with a few singers from Tulla, Dimmitt, Friona, and Bovina.

Members of the Amarillo Philharmonic Orchestra assisted with the orchestration.

Emil F. Myers, director of the Amarillo Civic Chorus, was guest director for the performance, and Sam Allen, assistant director of the Hereford Civic Chorus, assisted.

Nellie Earhard of Amarillo was at the organ.

Miss Mattie Mae Swisher, director of the Hereford Civic Chorus, hailed Sunday night's performance as one of the finest in the long history of the local organization. "The Messiah" has been presented annually at the Christmas season for many years by the Chorus, until the war interrupted. This was the

first post-war presentation of the oratorio in Hereford. Many persons were turned away Sunday night after all available seats had been filled and all standing room taken. The choir itself overflowed the enlarged choir loft which had been arranged specially for the occasion.

Fidel Reyes, Amarillo basso, who was slated to sing two of the arias here Sunday night, was ill and unable to take part in the performance, Miss Swisher said. It is not certain that he will be able to take part in the Amarillo presentation of "The Messiah" which is scheduled next Sunday at the Municipal Auditorium in that city.

Perryton Streets to Be Paved This Winter

PERRYTON, Dec. 9.—Work was begun last week on filling in a number of Perryton streets with caliche, preparatory to paving.

A 9-inch caliche base is being put on the streets and rolled to 6-inch thickness. Two layers of asphalt and rock, topped by a final layer of asphalt, will complete the project.

County Quota Lowered From 1946 Figures

Deaf Smith County goal for potato planting under the 1947 Production Marketing Administration program has been set at 3,668 acres, according to official word received last Thursday by F. G. Collier, secretary of the Deaf Smith county Agriculture Conservation Association.

This represents a reduction of a little less than 600 acres from the 3-year average of potato planting in this county, but is a sizeable reduction (1,688 acres) from the total planted in the county last year.

The County ACA committee has pro-rated the allowable acreage among individual farms on a basis of average planting for the past three years, Collier said.

These preliminary goals for individual farms have been set up on this basis and growers of the county are being notified of their allotted individual acreage for 1947.

The county committee is now appealing to all growers who do not plan to plant potatoes at all next year, and to all who have their plan to use next year, to turn in this information as soon as possible so that any unused acreage can be pro-rated among the growers who want to plant additional acreage.

Every effort will be made by the county committee to assign all of the allotted acreage to the growers who want to use it.

The State PMA Committee is holding in reserve some acreage for allotment to new growers, Collier said.

Farmers who are planning to plant potatoes for the first time in 1947 should submit their names and information regarding the amount of acreage they wish to plant to the County ACA office immediately. This information will be forwarded to the State PMA office, and allotments of acreage will be pro-rated to new growers from the reserve held for that purpose.

Forty Conservation Practices For Texas Farmers Available in 1947

COLLEGE STATION, Dec. 2.—Forty practices are available to Texas farmers for carrying out soil and water conservation work under the 1947 agricultural conservation program, according to B. F. Vance, state director of the Production and Marketing Administration.

County ACA committees already are selecting from this group the practices needed locally for obtaining sound soil and water conservation. In addition to selecting practices most suitable for their county,

committees also may choose one conservation practice of a local nature which meets specific needs. There will be the county practices for which farmers may qualify for assistance during the year.

Assistance will be made in cash payments which will finance part of the cost of performing conservation practices or for conservation materials and services, Vance explains.

Texas has been allotted \$20,000,000 to assist farmers in carrying out this work. State funds, which have been allotted to counties on the basis of conservation needs, will be prorated among individual farms.

Farmers must obtain written approval from their county agricultural committees before starting a practice, if assistance is expected, in order to stay within funds prorated to the county, Vance says.

MARKETS

Cattle held about the only markets last week. Hogs registered the greatest losses while other farm products were about steady to weak, reports USDA's Production and Marketing Administration.

Cotton prices declined only slightly last week as demand continued good, especially for lower grades. The coal strike caused increasing concern as to immediate effects on transportation, embargoes on movement of cotton and mill supplies.

Grain markets were disturbed by the strike also. Wheat, corn, barley and sorghums declined. Oats went down, too, but regained most of the loss. Rice stood at top OPA levels. Feedstuffs dropped sharply as more feed grains were used in the place of commercial mixtures. Bran and shorts were off \$4 to \$6 per ton, linseed meal \$3 and cottonseed meal \$2.

Peanut crushers bought farmers' stock mostly at support prices last week. Demand has slackened but offerings have been fairly well cleared to date.

First carlot shipments of Texas spinach left the winter garden area last week. Prices held steady at \$1.10 per bushel basket under moderate demand. The Lower Rio Grande Valley reported dull market for tomatoes, steady prices for peppers and weaker bids for increased citrus offerings. Colorado noted some strength on potatoes late last week, but the onion market remained dull. Louisiana sweet potatoes were about the only southwest vegetable bringing firm prices under good demand.

Demand for poultry and eggs followed the usual post-holiday lull. Prices held about steady for fryers and chicken hens, but tended weaker for turkeys with

few sales reported. Eggs declined slightly as favorable weather increased fresh receipts.

Cattle went up 25 to 50 cents per hundred at most terminals last week. Beef cows appeared to have made the most gains. Common and medium cows brought \$9.50 to \$12.75 at Houston; \$10.50 to \$13.50 at Wichita and \$11.50 to \$14 at Denver. Medium and good cows realized \$11.50 to \$14.25 at San Antonio and \$12 to \$14.50 at Fort Worth. At Oklahoma City beef cows reached a top of \$16.50.

Hog prices tumbled as much as \$2 to \$3 per hundred last week as marketings began to increase seasonally, especially at northern terminals. Top butchers were quoted last Friday at \$23 at San Antonio; \$23.50 at Fort Worth; \$24 at Oklahoma City; \$24.25 at Denver; and \$23.50 at Wichita.

Sheep and lambs were strong to 25 cents per hundred higher at Oklahoma City but weak to lower at other southwest markets last week. Medium lambs brought \$15 to \$17.50 at San Antonio and medium and good fat lambs realized \$17 to \$20 at Fort Worth. Closing top was \$23 at Oklahoma City for good and choice lambs. Denver sold medium and good truckins at \$22. Good and choice native lambs moved at \$22.25 to \$22.75 at Wichita.

Domestic wool trading was extremely slow last week. New advances in prices about ended the little buying going on in Boston and Texas.

Miss Joyce Hill, a student at W. T. S. C. Canyon, spent the weekend in the home of Mrs. J. F. Ward. She was a guest of Miss Emma Jane Brown and was a member of the chorus which presented "The Messiah" at the First Baptist Church Sunday evening.

"Plan your work and Work your plan"

Long winter evenings bring families together after chores are done. Then there's time for serious talks and good fun. In December there's opportunity, too, to review the results of the past year's work . . . to make plans that can be carried out efficiently in the year that lies ahead.

Proper planning uncovers new opportunities in any business. With experience, know-how, and plain "horse sense" to draw on, plan-making should not be difficult. You think back with pleasure on your good crops . . . on how well your livestock or poultry programs turned out. You remember little things that made them profitable, or caused a loss. With this in mind, you look ahead and decide on next year's crops and rotations. You think of ways to improve your livestock operations. You make provision for the purchase of breeding stock, seed, machinery, fencing and equipment. You consider your problems from all angles. That's the way a sound plan is made. Then you set your course and stick to it.

What's true of the individual farm or ranch is true of any business, small or large. We at Swift & Company well know that we, too, must plan our work and work our plan. Our business inter-

A DOLLAR SAVED IS A DOLLAR EARNED

This true old saying has been an important guide in the business philosophy of Swift & Company right from the beginning of our history. And it always will be, because that is the only way anyone can make money in the meat packing business.

In no other business that I know of is there such a narrow margin of possible profit. In the purchase of livestock, for instance, our buyers compete with buyers representing 3,500 meat packing plants and 22,500 other commercial slaughterers. Then, we sell our products in competition with the same 26,000 slaughterers with whom we compete when purchasing the livestock. Because of this constant competitive pressure from both sides, our profit margins are very narrow.

Thus, to make money we have to save money. Yes—we, too, have to "plan our work and work our plan." That's why we are forever checking our operations to increase efficiency . . . to eliminate waste . . . to do our job better. That job is to process and distribute more than six and one-half billion pounds of meats and other products each year. Only on such a volume of business can tiny savings per pound add up to the profit which keeps us in business.

See This New Film!

The birth of a great new industry . . . the romance of the cattle business when the West was young . . . the excitement of pioneering a new business for a growing nation . . . all this is captured in the Hollywood-produced, full-color film "RED WAGON." Grand entertainment for classrooms or clubs. Runs 45 minutes. It is a 16-mm. sound film. No rental charge. All you pay is express charge one way. Get your request in early, as this popular film is booked several weeks ahead. Write to "RED WAGON," Public Relations Department, Swift & Company, Chicago 9, Illinois.

Things are NOT always as they seem

Which is the longer—the top line of the top figure, or the bottom line of the bottom figure? Well—measure them and see!

Similarly, in the livestock-meat industry, conclusions based on a quick glance at a situation are not always so. A case in point is the "spread" between prices paid for livestock and the price received by the meat packer for the meat. The fact is that this spread is narrow. Out of every dollar Swift gets from the sale of its products, 75 cents, on the average, is returned to producers.

Can you name another business that returns such a high percentage of its sales dollar to producers of raw materials? Can you name any other business that performs so many essential services with the twenty-five cents left from that sales dollar? The twenty-five cents pays all business costs, livestock-buying expenses, slaughtering, refrigeration and processing. The cost of selling the meat and delivering it to thousands of markets all over America. Necessary supplies, such as salt, sugar, barrels, boxes, paper. Ever-present taxes, etc. After all these expenses are paid, Swift's share averages, over a period of years, less than 2¢ on each sales dollar. This amounts to a fraction of a cent a pound of product handled.

TAKE TIME TO SAVE TIME

by L. S. Hardin, Purdue University

There is a labor-saving or labor-wasting way to do every farm job. Because we use too many old, hard ways, we waste 15 to 25 percent of our time. Greater attention to how we do our jobs can save time and work.

Ways of doing livestock work easier, faster and better are especially needed. Most farmers still use almost as much work to make 100 pounds of pork, beef or milk as they did 25 years ago. Yet, thanks mostly to machinery, we have reduced crop work one-fourth to one-half during the last 25 years.

Alert farmers are simplifying farm jobs, cutting chore time 15 to 50 percent. Five Indiana farmers, by carefully planning their work, are raising market hogs with one-quarter the average hours of labor. A Minnesota farmer rearranged his barn, adopted correct milking practices, saved 300 hours of work and 138 miles of walking a year. By rearranging his watering system, a poultry man saved 22 miles of walking a season. Some farmers are making hay in 90 man-minutes per ton. Others, using similar equipment but harder ways of working, spend twice the time.

What these farmers are doing, others can do, too. Know just what you want to accomplish. Figure out how to do a job the easiest, cheapest and best way. Cut out those unnecessary steps, combine jobs, rearrange barns and lots, work out more convenient chore routes, keep equipment busy, choose new equipment that suits your farm. Give new practices a fair trial.

You'll find the easy way is the best way. Small improvements add up to days and dollars saved. Five minutes wasted a day equals 3 days a year; 5 steps a day amounts to a mile a year. With costs rising and profit margins due to shrink, we can well afford to take time to save time.

Candlelight Ceremony Sunday Unites Miss Helen Seed and Waldron Melton

In a candlelight ceremony held at five o'clock in the home of her mother, Mrs. E. D. Fox, Miss Helen Seed became the bride of H. Waldron Melton, son of Mr. and Mrs. Henry Melton, Sunday evening.

Rev. R. H. Cagle, pastor of the First Baptist Church, read the twilight ceremony before the fireplace which was decorated with white chrysanthemums and greenery. Seven branched candelabra holding white tapers gave candle-glow for the ceremony.

As Mrs. Glenn Snyder at the White Organ played "Romance" by Lieurance, the candles were lighted by Charles Robert Seed, nephew of the bride. Mrs. Snyder accompanied Mrs. R. P. Conway who sang, "I Love You Truly" and "Always," and also played the traditional wedding marches.

Maid of honor was Miss Margaret Miller who wore a pale peach jersey floor-length dress made with full skirt and shirred bodice. She wore long white gloves and carried peach gladioluses. Geo. L. LeGrand served as best man. Ushers were Jack Allmon, Lubbock, Ward Hook, Vega and Raylan Evans.

As the bride entered on the arm of E. D. Fox who gave her in marriage, she wore a white brocaded satin gown with sweetheart neckline and long fitted sleeves. The dress, made princess style, ended in a short train in the back and the bridal veil of illusion fell from a starched lace cap studded with seed pearls.

She carried a sheaf of gardenias tied with maline and white satin ribbon. Her something old and borrowed was a lace point handkerchief which Mrs. Glenn Snyder carried at her wedding.

Both Mrs. Fox and Mrs. Melton wore black crepe dresses

with corsages of tallsman roses. After the ceremony a reception was held for the families and close friends who attended the wedding. The three-tiered cake, decorated with a touch of peach color and topped with a miniature bridal couple, was served from a lace-covered table appointed with silver and marked by a centerpiece of 4 peach-tinted candles in silver holders.

Mrs. Ike Holman of Amarillo presided at the punch bowl and Miss Nina Tynes of Lubbock served the cake.

After a trip to points in Southern California and Old Mexico, the young couple will return here to live. They will take their home on his ranch twenty miles northwest of Hereford where he is engaged in stock farming.

The bride traveled in a gray-three-piece gaberdine suit with white blouse and gray derby hat, worn with red shoes and red purse. Her corsage was of gardenias taken from her wedding bouquet.

Out-of-town guests included Miss Nina Tynes and Jack Allmon of Lubbock, Ward Hook, Vega, Edward Fyeatt and A. F. Fyeatt of Amarillo and Mr. and Mrs. Ike Holman and daughter Glenda, also of Amarillo.

Mrs. Melton was born and reared in Hereford. She is a graduate of Hereford High School and attended business school in Amarillo.

Mr. Melton is a graduate of Clarendon High School and received his college education at Clarendon Junior College and Texas Technological College, Lubbock. He spent several months in the U. S. Navy and received his discharge in 1945.

The wedding party were entertained at a supper party at the Fox home and a stag supper was given at the home of the bride's sister, Mrs. Frank Cogdell. Other guests at the Fox home were Mrs. Madeline Faughn, Mrs. Geo. L. LeGrand and Miss Mary Jane Morgan.

Frank Cogdell acted as host for the men's party and Ike Holman of Amarillo was a special guest.

PATRICIA STEWART BIRTHDAY HONOREE

DAWN, Dec. 9.—Mrs. Boyd Stewart complimented her daughter, Patricia, with a birthday party Thursday afternoon, December 5, honoring her second birthday.

After the little guests had enjoyed playing in the sand box, pictures were taken. Birthday cake and ice cream were served to Jodie Miller, Merrie Lynn Lisle, Dortha Stewart, Lucbeth, Gayle and Billie Lynn Miller, Rita and Kay Frost, and the honoree.

Also present were Mesdames Irvin Frost, H. E. Miller, Zed Stewart, Norman Miller, Clifford Stewart, and the hostess.

SINGERS ARE ENTERTAINED

After the presentation of The Messiah at the First Baptist Church Sunday evening, out-of-town singers were entertained informally in the Fellowship Hall of the church.

Arrangements for the courtesy were made by a committee from the Civic Chorus consisting of Mrs. Cliff Estes, Mrs. Ray Conway and Mrs. C. C. Ferguson. Others assisting were Mesdames; W. J. Stanford, J. M. Gilliland, W. A. Long, Clay Ridgway, D. H. Alexander and J. E. Beyer.

The refreshment table carried out the Christmas motif with red tapers in twin silver holders flanking a large cornucopia overflowing with bright and multicolored Christmas baubles, as the centerpiece. Mrs. Dorothy Ross presided over the silver tea service and Mrs. H. G. Conkright was in charge of the silver coffee service.

Approximately seventy five singers from seven neighboring towns took part in the rendition of the Messiah. Towns represented were; Amarillo, Dimmitt, Friona, Tulla, Bovina, Pampa and Canyon.

Christmas Recitals To Be Given

Two Christmas recitals will be presented next Sunday afternoon when pupils of Mrs. Glenn Snyder, piano teacher, will entertain at the Methodist Church at 2:30 p. m. and again at 4 p. m.

Weather Service For Private Fliers Offered by Radio

For the benefit of all private fliers in Texas lacking adequate weather service facilities, Radio Station WBAP, Fort Worth, now broadcasts daily flying weather reports.

The reports cover flying conditions within a 500-mile radius of Fort Worth and are broadcast at 5:45 and 6:40 a. m. Monday through Saturdays. On Sundays they are made at 6:40 and 10:15 a. m.

Prepared and broadcast by forecasters at the U. S. Weather Bureau's airway forecast center at Municipal Airport, the flying weather reports are given in connection with WBAP's scheduled morning weather broadcasts. They last from 30 to 60 seconds.

Ed Lally, program director for WBAP, says he expects them to be of benefit especially to fliers on Texas ranches and farms.

It has been estimated that Texas has 12 per cent of the nation's civil aircraft accidents, and that approximately 80 per cent of these are attributed to inaccurate weather information that cause flying unknowingly into bad weather conditions.

The Fort Worth radio station has been designated by Washington as one of the test stations over the nation for the new weather service.

Memphis Legion To Join VFW In Building Plan

MEMPHIS, Dec. 7—American legion and VFW members are making plans here to consolidate building fund efforts, according to Legion Commander John Deaver and VFW Commander A. L. Wilson.

The joint project also has the support of other Memphis civic organizations.

Plans are being made for an all-purpose Community Center building, to be used by the Rotary Club, Business and Professional Women's Club, and local Boy Scout and Girl Scout organizations as well as the veterans.

Suggestions are also under consideration for a youth center in the building where youngsters of the community could meet for wholesome supervised recreation and entertainment.

The main room in the building, according to present plans, would be constructed to accommodate 1,000 to 1,200 people, and would serve as both auditorium and dance floor.

Social Security Field Office

It is the part time employee, Sanderson pointed out, whose account number is most often missed. Consequently, each employer should make a record of each new employee's number the same day he is hired. This will enable the employee to submit correct and complete Social Security returns, will insure that the worker will get benefit for the wages earned, and will save the employer, the employee, and the local Social Security Field Office time and expense in trying to locate missing account numbers.

Texas Volunteers Help Treasury Department Sell Savings Bonds; Drive Ends December 7

More than 6,500 Texas volunteers will help the Treasury sell extra U. S. Savings Bonds in the year-end campaign which opened Armistice Day and runs through Pearl Harbor Day, December 7th.

"There will be no house-to-house canvass," Nathan Adams, State Chairman of the Advisory Committee for Texas of the U. S. Savings Bonds Division, said, "but every avenue of publicity will urge Americans to 'Save For Security,' and 'Buy Extra Bonds Now,' the slogans of the campaign."

Chief aim of the campaign is to increase every citizen's bond holdings in order to distribute as widely as possible the interest payments on the public debt.

"As these bonds mature, both the principal and interest paid to the owners will become purchasing power," Mr. Adams said. "Smart Americans are adding to their war bond holdings in order to share in this."

Another objective of the increased bond sales promotion is to check inflationary spending as much as possible while consumer income still exceeds available goods and services.

"When prices of goods are high is the time to put away all you can in savings," the state chairman declared. "Everyone knows that inflated prices will not endure, once supply catches up with consumer demand. Then the saved dollar will be worth more and if it is invested in U. S. Bonds, the holder will earn a substantial premium for his thrift. This year the national income of individuals is at an all-time high, pushing \$167,000,000,000, and so is employment, nearing 59,000,000 including wage and salary earners, farmers and others who are self employed. With the lessons of the post-war inflation of 1919-20 in mind, the foresighted worker will lay away all he can for the future."

"Another main objective of the November-December campaign," Mr. Adams continued, "is to sell more bonds to farmers, who generally speaking, are having their most prosperous year of all times. Farmers who recall what happened after the last war, when more than 400,

000 farm mortgages were foreclosed and millions of farmers were so hard hit that it took them twenty years to recover, are now laying up financial reserves," he said. "Sales of savings bonds in the leading farm states have been increasing ever since this year's crop money began to come in."

The 950 banks of Texas, which, along with postoffices, are the chief sales outlets for savings bonds, will ask their customers on farms, and in towns and cities to buy extra bonds.

The sale of savings stamps and bonds, combined with education in thrift, continues in the nation's schools and many will put on special campaigns to increase participation in the school savings program. Local county organizations under the guidance of county chairmen all over Texas are assisting the Treasury in the campaign to help reach its goal of \$35,000,000 in "E" Bonds.

Mr. and Mrs. Colby Conkright and son Jimmie have returned from Sherman where they spent the Thanksgiving holidays with her parents, Mr. and Mrs. J. J. Flannery.

Prexy Hill Wins Last Round In Athletic Shake-up

CANYON, December 9—The Board of Regents of Texas State Teachers Colleges has upheld the action of President J. A. Hill in releasing from the services of West Texas State College three members of the athletic coaching staff.

After the Attorney General had ruled that Dr. Hill had no authority to fire the three coaches, the Board of Regents took immediate action to make the President's dismissal legally effective.

The Regents agreed to Dr. Hill's recommendation that the three coaches, Athletic Director Al Baggett, Head Coach Windy Niklaus, and Assistant Coach Leslie Van Meter, be paid their salaries until the end of the current school year.

Two Birthdays Are Honored

Mr. and Mrs. John Haberer were hosts at a dinner honoring two sons, Herman and John of

Muleshoe, to celebrate their birthdays on Tuesday, November 24, at one o'clock. Conversation and games made up the afternoon's entertainment. Those present were Mr. and Mrs. Herman Haberer, Mr. and Mrs. John Haberer and family, Mr. and Mrs. Russell Haberer of Earth and Ted Haberer, a student at W. T. S. C. Canyon.

NINE OF WOMBLE ADDITION TO THE TOWN OF HEREFORD, TOGETHER WITH THE STREETS AND ALLEYS THEREIN, LOCATED IN SECTION NO. EIGHT, BLOCK K-8, DEAF SMITH COUNTY, TEXAS.

NOTICE is hereby given that Ralph T. Roden and Norman Gray did on the 23rd day of September, 1946, file in the Commissioner's Court of Deaf Smith County, Texas, an application as follows:

"That Ralph T. Roden is the owner of all of Lots Nos. 24 to 63, both inclusive, of Higgins Subdivision of Block No. 8 of Wombles Addition to the Town of Hereford, and all of Lots Nos. 24 to 63, both inclusive of Block No. 9 of Wombles Addition to the Town of Hereford, all located in Deaf Smith County, Texas, together with the streets and alleys shown on the plat of such Addition to exist therein. That the said Ralph T. Roden has contracted to sell and convey the same to Norman Gray by metes and bounds described as follows, to-wit:

Being a part of Blocks Nos. 8 and 9 of Wombles Addition to the Town of Hereford and described by metes and bounds as follows, to-wit: Beginning at a small gas pipe set in the ground by the side of a boldarc stake, which is at the Northwest corner of Block No. 8 of Wombles Addition to the Town of Hereford; and running Thence South 321.8 varas to a small gas pipe set in the ground by a boldarc stake at the Southwest corner of Block No. 9 of Wombles Addition to the Town of Hereford; Thence East 377.6 varas to a small gas pipe set in the ground for the Southeast corner of Lot No. 63 of Higgins Subdivision of said Block No. 9 of Wombles Addition; Thence North 321.8 varas to a small gas pipe set in the ground for the Northeast corner of Lot No. 63 of Higgins Subdivision of Block No. 8 of Wombles Addition; Thence West 377.6 varas to the place of Beginning.

"The petitioners hereby seek the relief accorded them under Articles 7227 and 6703, Revised Civil Statutes of Texas and Amendments thereto. "That said property as above described, both by lots and by metes and bounds, being the same and identical property, has at all times since the filing and recording of said Higgins Subdivision of said Block Nos. 8 and 9 of Wombles Addition to the Town of Hereford, Deaf

Smith County, Texas, been and is now acreage property, and no streets or alleys have been opened in accordance therewith, but said lands have been farming and tillable land used as rural and acreage property. "That the undersigned petitioners, in accordance with the first statement herein made, are the owners of all of such portion of said Higgins Subdivision or Addition in said Blocks Nos. 8 and 9 of Wombles Addition to the Town of Hereford, the same being a portion of Section No. 80, Block K-8, Deaf Smith County, Texas, and no one person or persons are interested therein and or to any part thereof or in any of the roads, streets or alleys within or across said lands.

"That since said lands are treated and used as acreage property, and since the streets, alleys and avenues between and across said block and said lots owned by applicants have never been and are not now in use or open, the same should in all things be ordered closed, and said portion of said Higgins Subdivision and Addition should be cancelled and the closing and the cancelling thereof by the Court will not interfere with the

established rights of the public or any purchaser or owner of any part of said Addition or Subdivision, and the streets on the North, West, South and East of the above described land serves all of said property sufficiently and properly, and no other streets, roads, alleys, or rights of way are needed or necessary in the use of said land.

"WHEREFORE, applicants pray that the Court enter its order herein cancelling such Addition and Subdivision as is above described so as to place said portion of said land into an acreage tract, and that an order be entered cancelling such Subdivision and Addition insofar as said plot of land owned by said applicants are concerned, and that such orders be spread upon the Minutes of said Court and

hereby commanded to appear at such time and place before said Commissioners Court to contest said application, if they should desire to do so.

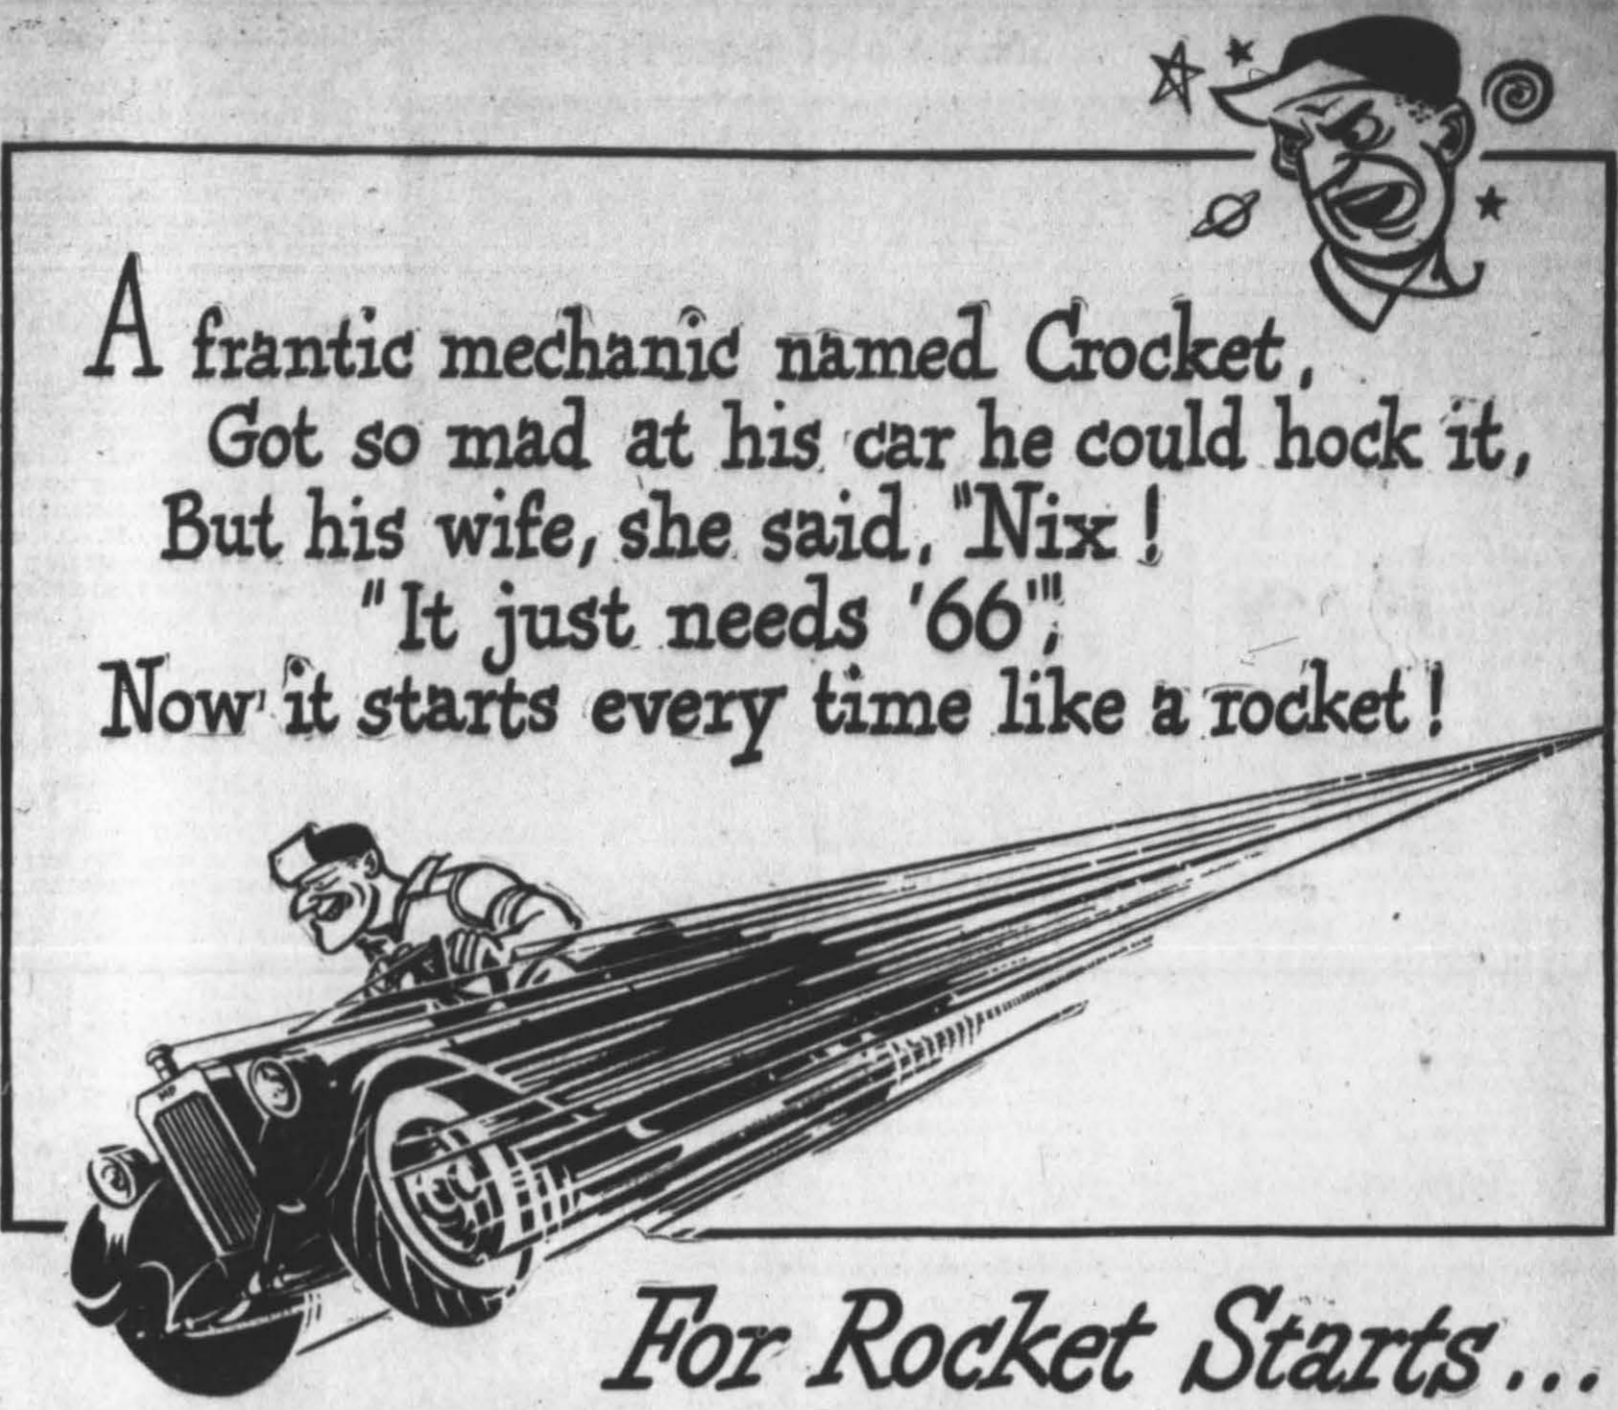

This notice is hereby given under the direction of said Court by publishing the same in the Hereford Brand, a newspaper published in said County in the English language for three weeks prior to the action of said Court on said Application on said day as above specified.
