

AROUND TOWN

Sights and Faces Seen
Lots of folks like to paint mustaches on pictures in the paper. A piece of art work along this line which created much comment was the mustache which Bank Ramey painted on the Gillis picture, when the picture of Mr. and Mrs. Gillis recently appeared in the Star Telegram in connection with the Ft. Worth sales meeting recently.

Grant Fuller is still boasting that it took a Republican to sell tickets for the recent Roosevelt birthday ball.

Politics seem a little bit quiet this week. Not even one new announcement in Precinct 2. Ezra Norton says he once ran for sheriff and there were enough candidates to form a baseball team.

Meanwhile the income tax experts are working over time. Who would have thought conditions were so good in this territory?

Harry Rice is building a new hothouse to better carry on his hobby of growing flowers. He says he doesn't mind being called a playboy—but he won't be classed with Mont Baker.

Roof framing over the loading dock has been completed and interior basement floors will be finished this week. Structural steel will all be set this week, if weather conditions do not interfere.

Mr. Shaddy estimates that at least a month has been lost in work on the postoffice due to the wintry weather.

Alec Thompson Unlocks Door And Then...

For once Alec Thompson was speechless. But then he had good reason to be.

Last Saturday at 1 o'clock Alec returned from lunch to his office in the courthouse. He inserted his key in the lock and unlocked the door as usual.

But when he stepped across the threshold he was greeted with an enthusiastic and loud—"Happy birthday to you." Around the room were members of the "courthouse bunch" and on the tables were various gifts for Alec, ranging from handkerchiefs to shirts. His birthday was last Monday, but the celebration was held on Saturday because he was to be out of town Monday.

The surprise was engineered by borrowing Mrs. Troys Carmichael's key to the office.

Library Sets All-Time High In Number Books Loaned Last Month

Besides being a month of almost continuous sub-freezing weather, January, 1940, marked the highest circulation of any one month in the 10 year history of Deaf Smith county library, Mrs. Clara McLean, librarian, announced today.

Five thousand, five hundred and ninety-eight books, an average of slightly over 215 per day for the 26 days the library was open, were checked out during the month. This figure is 1,013 higher than the same month in 1939 when 4,585 books were checked out.

The cold weather of the month, which kept many people indoors, was responsible for the increase, Mrs. McLean believes.

The year 1939 also registered a slight increase in total circulation over 1938. Last year 45,684 books were checked out while in 1938, 45,516 were taken from the library. Of the books read in 1939, 40 per cent were non-fiction and 60 per cent fiction. Mrs. McLean said that an average of 30 per cent non-fiction was considered good, but that 40 per cent was even better.

Number of borrowers increased by 220 in 1939, the library now having membership of 2,257. According to these figures the average member read about 20 books in 1939.

Number of magazines taken by the library has also increased. Eleven juvenile and 70 adult periodicals are on the library's list. A slight budget increase will be applied toward improving the reference collection, Mrs. McLean said.

The Rockwell TUBA

Published Once in a While by Rockwell Bros. & Company, Lumbermen
Stack 5—Piece 25 Hereford, Texas Thursday, Feb. 8, 1940

The TUBA has been mute for quite a while now, but we finally decided to take it out of the case, and after running up and down the scales a few times we figured it was in good enough shape for a tune or two, so here goes.

All this snow and moisture that 1940 has started out with should be the forerunner of a banner year. Some of that Finlander weather we had in January didn't bring the customers in while it lasted. In fact, they stayed away in crowds. We had a tough time pretending to be busy, and we probably didn't fool anybody. Like the young lawyer who spent most of his time trying to seem busy and prosperous, and he went out for a while, leaving on his door a card neatly marked: "Will Be Back In An Hour." On his return he found that someone had inscribed underneath: "What For?"

But pretty weather is bringing them out again, and Chris Wegner is in the yard now, loading up a bill of material for a chicken house. Mr. Wegner is a believer in furnishing good accommodations for his poultry and livestock so that they will do a better job for him.

Mr. H. D. Robbins, of the Frio Community, has been making good use of the slack time between seasons by over-roofing his house with No. 1 Certigrade Red Cedar Shingles than which there is no better in our humble estimation.

District Court and the grand jury are in session again. Now is a good time for the TUBA to extend its felicitations and congratulations to Judge James W. Witherspoon on his elevation to the bench. Hereford is proud of this recognition of ability of one of its leading professional men. Judging from the light docket, the following story does not apply to Deaf Smith County:

Stranger: "I've come out here to make an honest living."
Native: "Well, there's not much competition."

stopped over at Clovis for services at the Church there Sunday evening, on the return trip. Carl Moore and family of Clovis visited in the D. O. Rutherford Sunday afternoon.

LOCALS

ATTEND FUNERAL
Mrs. J. O. Newell, Mrs. Ida Ricketts, and John Patton attended

Our policy for the year 1940 is based on the assumption that 1940 will be one of the best years in the history of Deaf Smith County. We have a feeling that nearly everybody around here is going to be more prosperous than at any time for at least ten years. During this past ten years, many people have put off normal repairs and upkeep. They wanted to keep their buildings in good shape because they knew it was the best way to protect their investment. But things just got so tough they couldn't spend the money to do it. During the past three years, a lot has been done in the way of remodeling and repairs, but a great deal more needs to be done. That's why we believe 1940 will be a banner year. After all, who wants to live in a house with a leaky roof that lets the rain ruin the interior, or a house that the paint has worn off of, letting moisture get in and start decay? Why everybody likes a house with a good roof, beautiful floors, painted up so that it not only looks nice but is protected from the elements. Our job then will be to maintain a good stock at all times and be ready with every means at our command to see that you get the kind of a house you want. We think you are going to want it in 1940 if you don't already have it.

"So your husband has been deceiving you, has he?"
"Yes, I've been giving him a dime every day to ride to work and now I find he's been walking and spending the money."

Robert Viegel, whose place out north of town is one of the best improved cattle ranches in the county, was in last month to get some lumber to build a feed shed.

W. D. Nafzger has been re-shingling and otherwise improving his farm house and other buildings on his place north-west of Hereford.

Mrs. E. U. Rudd is having her home in South Hereford re-shingled.

W. A. Gentry will have space to relieve a large part of the housing shortage in Hereford when he completes his apartment house on Sixth Street. When it is finished, we predict it will be one of the most impressive appearing structures in town. The architectural lines are well balanced, and the interior is very well arranged. Incidentally, that Red Cedar Shingle roof looks mighty good to us.

Father Nathaniel had a set of Hall Overall Garage Doors installed by Mike Koelzer recently.

J. C. Morrison, who recently bought a place out near Westway, has completed his remodeling of the house. He built a kitchen cabinet, changed the interior, and did a bit of other work on the house.

"I'd like a couple of hard-boiled eggs to take out."
"All right, but you'll have to wait. Me and Mamie don't get off until 10."

Finis Hunter came into the yard last month to get some lumber to build a shed for additional protection for his cattle.

W. J. Stewart, of Dawn, re-floored his truck bed and built new sideboards. Good as new, now.

Pat Robinson, north of town, has been feeding lots of lambs this winter. He bought quite a bit of material for troughs and sheds.

You'll be money ahead in the long run if you will use BPS Paints for your houses, barns sheds and corrals. Make them look good and last longer.

tending Texas Tech in Lubbock spent the week end at the home of her parents, Mr. and Mrs. Carl Frye.

IN HOSPITAL

Carlisle Ray Frye, daughter of Mr. and Mrs. Carl Frye, who has been quite ill from a mastoid infection, in an Amarillo hospital is reported to be improving. Plans were being made to remove her to the home of a relative in Amarillo this week.

Lovely Shower Is Given To Honor Mrs. Caraway

A group of hostesses entertained with a lovely miscellaneous shower at the Elmer Patterson home Friday evening to honor Mrs. Hartland Caraway, the former Miss Oline Ramey who married Mr. Hartland Caraway on January 26. Hostesses were Mesdames S. B. Walker, E. J. Reynolds, Bill Knox, Gordon Witherspoon, Chas. Felts, Burl France, Miss Edna Daughtee and Mrs. Patterson.

Lighted tapers, pot plants and cut flowers decorated the house with the bride's colors, pink and white, featured in the dining room.

An informal program included readings by Mrs. Gordon Witherspoon and Miss Edna Daughtee, piano selections by Miss Ruth Harding, vocal selections by a quartet of girls composed by Wanda Jean France, Edith Standifer, Jean Capin and Virgie Lee Sparks, and a toast to the bride given by Mrs. Patterson.

Gifts were found by the bride after traversing a ribbon marked aisle from which "barriers to happiness" were removed at intervals. A huge valentine box filled with "love gifts" carried out the romantic motif.

A lace cloth laid the tea table which was centered with a bowl of pink and white snap dragons, flanked by lighted white tapers in crystal holders. Mrs. Bill Knox and Mrs. Chas. Felts presided over the register.

The guests included Mesdames E. W. Cawthon, Leona Bureson, Ray Singleberry, Orpha Click, Dean Robbs, Benton Luttrell, C. P. Arthur, C. E. Rea, Ulys Pierce, G. A. Frye, Bill Edelman, A. Petersen, Troy Newman, G. H. Hamm, W. P. Caraway, L. E. Smith, Joe Pitts, George Millard, Lee Caldwell, Wilburn Axe, L. E. Chapin, J. E. Gyles, J. B. Gould, J. B. Hammer, A. C. Putt, E. Ramey, Burke Inman, W. E. Self, O. O. Wilkerson, Misses Gaythene Vaughn, Vera Rea, Helen Hamm, Eva Greason, Evelyn Walker, Verna Culpepper, Ona Hammer, Ruth Harding, the honoree and the hostesses.

Those sending gifts included Mesdames T. E. Major, H. R. Patterson, B. E. Brumley, W. A. Knox, A. J. May, I. H. Spratt, G. C. Hartman, Travis Vaughn, O. H. Culpepper, H. D. Club Studies Mexico In Revolt

The re-conquest of Mexico combined with the story of revolt in Mexico since 1910 was the topic of speakers at the Bayview Club's meeting Thursday afternoon in the club rooms at the courthouse.

A short business session preceded the program on "Mexico" with Mrs. D. H. Alexander, vice-president, presiding.

The struggle of peasants for land led to the standardizing of the middle class; Mrs. H. L. Broadwell told the club, beginning an address on the nature and history of Mexico's revolution during the past 20 years. She spoke briefly on the church, of industries, government and schools, dwelling for the most part on the past six years of president Lazaro Cardenas regime. She outlined reforms brought about by Cardenas and discussed the present situation regarding oil and the unsettled international problems.

"We Went To Mexico and Want To Go Back," formed the theme of a talk by Mrs. H. G. Conkwright. Many tools and works have been found there. Archeological ruins, which are now being preserved, have given much enlightenment on the life and customs of the people who were forerunners of the nation, she said. She told of civilization there in former years and described the climate, seasons, which beckon to tourists and students alike the year round, religion, educational advantages and scenic beauty. She described in detail the haciendas, Mexico City, the oldest city in America, the cathedrals, museums and theatres, painting a vivid picture of the wealth of beauty and interest to be found in the neighbor nation.

A general summary of both talks served as a climax to the program when Mrs. D. H. Alexander followed up the lesson with up to date information concerning recent development in Mex-

ico. She stressed the good neighbor policy, advocated by the president of the United States, and brought out the fact that at no previous time in history have relations between the two countries been so strained. Quoting outstanding writers on the situation Mrs. Alexander urged the study of conditions in Mexico by schools and individuals for better understanding and for the promotion of friendlier relations between the two nations.

Members attend the meeting were Mesdames Bob Wilson, J. W. Spradley, J. B. Stoker, J. P. Slaton, G. A. F. Parker, J. H. Olson, D. H. Alexander, M. B. McLean, H. L. Broadwell, Colby Conkwright, H. G. Conkwright, T. M. Dameron, E. W. Harrison, E. B. Hedrick, A. M. Jones, Knox Kinard, J. W. Kirby and John McLean.

Junior Bayview Club Entertained By Mrs. Marlin Gililand

The life story of Clifford Odets, playwright, was studied at the meeting of the Junior Bay View Club Thursday night at the home of Mrs. Marlin Gililand.

Mrs. J. T. Gilbreath Jr. gave interesting highlights in Odet's life, whose play "Awake and Live" was reviewed by Mrs. Jimmie Gillentine.

Mrs. Gilbreath said of Odets, "He considers himself a realist. He wants to show the theatre-going world the plight of the world with insufficient advantages; he wants to picture the desperation of the unemployed, and to ask his audiences what they are going to do about it. In an interview he said: 'All plays are essentially propaganda of one sort or another. All creative endeavor, exists to recommend some special type of conduct or

life. My problem and business in the world is to present truth dramatically, appealing, and entertainingly."

Mrs. Gillentine gave a comprehensive review portraying the deep understanding of human nature displayed by Jacob, the grandfather and grand old man of the family, and his influence upon his family. The title of the play is from the Biblical verse read by one of its characters: "Awake and sing, ye that dwell in the dust."

Members attending the meeting included Mesdames W. L. Davis, J. T. Gilbreath Jr., Marlin Gililand, Jimmie Gillentine, J. D. Neill, J. W. Witherspoon, Elizabeth Womble, J. W. McVay, Misses Edna Daughtee, Katherine Kirby, Lois McCaslin, Eloyse Pitman, Rhita Jean Sullivan and Robble Foster.

Russo-Finnish Conflict Began In 18th Century

By Dr. E. M. Caldwell Head, History Dept. Trinity University Waco, Texas.

The present Russo-Finnish war is the latest phase of a rivalry of long standing. As a dependency of Sweden, Finland was drawn into the eighteenth century war between Sweden and Peter the Great of Russia. Peter won the war, and thus fulfilled his ambition of securing a "window" toward the west, that is, certain portions of the Baltic sea-coast. Here he soon founded the city of St. Petersburg (now Leningrad). As a result of the war Peter also obtained a strip of southern Finland including a strong fortress. It is interesting to note that he, like Stalin at the present time, considered it essential that Russia hold strong positions on the southern coast of Finland, in order to insure the security of his new capital city.

The curtain next lifts, approximately a century later, on a scene on a raft moored in the middle of a river in eastern Europe. Napoleon and the Russian Tsar Alexander are on the raft discussing terms of peace, two giants playing a game in which the pawns were whole nations and peoples. At the feet of Napoleon lay Prussia and Austria. Alexander for his part was given to understand that he might deal as he saw fit with Finland and Turkey! Early in 1808, accordingly, Russia invaded Finland. Left without support from Sweden, which at the moment was having troubles enough of her own with Napoleon, the little Finnish army succumbed

after an heroic struggle against overwhelming odds.

TREATY RESTORES FINLAND

Thenceforward Finland remained a stubbornly unwilling and troublesome part of the Russian Empire up to the time of Russia's defeat by Germany during the World War. By severe treaty of Brest-Litovsk, 1917, Germany forced Russia, among other things, to give up all her Baltic areas except the Leningrad vicinity, which found itself, therefore, half surrounded by potentially hostile foreign states. This weak strategic position of Leningrad since the World War is the reason assigned by Stalin for Russia's need of additional territory now belonging to Finland, on which Russia may establish military posts.

Among the peoples liberated from the Russian yoke by the Treaty of Brest-Litovsk, were the Finns. Though Germany proceeded immediately to establish her control over Finland, under the kingship of the Kaiser's brother-in-law, her own defeat by the Allies in 1918 left the Finns free to establish, in time, a form of government of their own choosing namely, the democratic republic with which we are acquainted today.

ANTI-BOLSHEVIST REACTION

One other item in the background of Russo-Finnish rivalry needs to be mentioned. Following the World War, there arose the general anti-Bolshevist reaction in Europe which led to the launching of an armed intervention in Russia by various of the powers, including the United States. Now, closely identified with this anti-red, or "white" counter-revolution, was Finland, under her doughty General Gustav Mannerheim. The Bolsheviks, however, successfully defended themselves, and ultimately Finland, along with the

other new-born Baltic states, signed treaties of peace with Bolshevik Russia. But the memory of the anti-Bolshevist stand of Finland during these critical years for Russia, and Finland's peculiarly Scandinavian anti-redness, undoubtedly enter into the present bitterness between the two countries.

As noted above, Stalin's policy today in seeking security for Russia's Baltic outlet is right in line with Russia's traditional policy from the days of Peter the Great. Similarly, Stalin's recent attempt to secure from Turkey concessions for Russia in regard to the Dardanelles, the "drive-way" to Russia's "back door" is but a continuation of Russia's historic policy of seeking to secure her own control over these strategic straits. Throughout the nineteenth century the main dependence of both Turkey and Germany opposing this Russian ambition was Great Britain's opposition to it, backed by the might of the British navy. Recently, in the fact of the renewed Russian threat, Turkey, as we know, once more threw herself into the arms of Great Britain. Italy, openly hostile to Russia's aggression against the Finns, can be counted on to be still more opposed to any possible future expansion of Russian influence and power in southeastern Europe.

As for Italy's ostensible axis-partner, Germany: How much does she fear Russia's dangerous age-old ambitions, especially in so far as they relate to control of the Baltic through the conquest of key positions now held by Finland? Does the departure of the German liner Bremen, from its one-time haven in the Russian port of Murmansk, indicate cooling of Russo-German relations? It the recent sinking of a German freighter by a submarine in the Baltic Sea (believed to be a Russian submarine), a sign of things to come? Answer to such questions must await further developments.

Windbreaks To Be Discussed Here Saturday

A special meeting is scheduled for 2:30 P. M. Saturday, February 10 in the County Courtroom. The subject is "Windbreaks of Evergreen and Deciduous Plant Material—a study of arrangement and of plant material adapted to this area."

A letter to the CHDA from Lester Young, Field Officer, AAA, dated February 1, 1940 states:

"The soil-building allowance that might otherwise be established for any farm will be increased \$30.00 if as many as four acres of forest trees are planted in accordance with soil-building practice No. 28. If less than four acres of forest trees are planted, the allowance that might otherwise be established for the farm will be increased at the rate of \$7.50 for each acre of trees planted."

PRACTICE NO. 28
Planting forest trees (including shrubs in protective plantings)—1-5 acre, 1 unit (\$7.50 per acre).

In the Western Texas Region: 350 living trees per acre for windbreaks or woodlots at compliance time are considered a satisfactory stand. To be certain of obtaining this stand, it is advisable to plant approximately 450 trees per acre, a spacing of not less than 10x10 feet. If trees are planted in single rows, 350 living trees at the time performance is checked, will be considered to occupy one acre. (4) Species for planting:

In the Western Texas Region: American Elm, blacklocust, black and western walnut, bur oak, catalpa, juniper, Chinese elm, coffee tree, colutea, cottonwood, desert willow, green ash, hackberry, honeylocust, jujube, lilac, mulberry, Osage-orange, pefsmmon, western yellow pine, Scotch pine, Russian olive, tamarix, vitex, wild plum.

Colin H. Livingston, first president of the Boy Scouts of America held that post 15 years.

Paul Siple, the Boy Scout selected to accompany the Byrd expedition to the South Pole in 1928, is commander of the West Base with the current expedition commanded by Admiral Byrd for further exploration.

A LOT LOWER PRICED THAN MOST PEOPLE THINK!

9 OUT OF 10 A recent national survey shows 9 out of 10 people think a Pontiac costs an average of \$100 more than it actually does in relation to lower-priced cars. Don't let this mistaken idea keep you from investigating Pontiac. Don't buy any low-priced car until you compare its price with a Pontiac. The slight difference will amaze you.

HERE'S WHY SO MANY THINK PONTIAC HIGHER PRICED THAN IT ACTUALLY IS!

BIG CAR DIMENSIONS AND APPEARANCE Add a few dollars to the price of the lowest priced cars and get a big Pontiac. 4 inches wider at front seat, 8 1/2 inches longer from bumper to bumper than last year!

THE "TRIPLE-CUSHIONED" RIDE Do you get car weary on long trips? Get a Pontiac and relax. Pontiac's "Triple-Cushioned" ride is worth all the slight differences between Pontiac and lowest-priced cars.

EXQUISITE, WIDE-VISIONED INTERIORS Ever wish your car were larger? Pay a few extra dollars and get a Pontiac. It's wider-seated, wider-ventilated with 111 Test Safety Plate Glass in all sedans.

THRILL PERFORMANCE You only have to go to the first performance in Pontiac's power-packed engines.

Alec O. Thompson Honored With Banquet By First Baptist Church

The First Baptist Church was host last night at a banquet honoring Alec O. Thompson on his birthday and commemorating 23 years of service as a Sunday School Superintendent. One-hundred-and-seventy-five guests gathered to pay him tribute, and messages of congratulation were read from high church officials, from former pastors who have worked with Alec in the 23 years, and from persons in definite special service who have gone out from this church.

The honor table at the banquet was T-shaped and decorated with a centerpiece consisting of a large two-tiered cake. Around the first tier were 23 candles symbolic of Mr. Thompson's service and on the top tier were the candles representing his birthdays. The cake was flanked on either side with a three-pronged candlestick in which white tapers burned.

The decorations carried out a red and white scheme which included red rose buds, small candles and interlaced red ribbons, all carrying out the letter "T" for Mr. Thompson's name.

Other tables were decorated with potted plants which also carried out the red and white motif.

Musical numbers were presented by Dorothy Nell Trimble, Wanda Jean Reed, Arvilla Hill and Miss Tout, accompanied by Miss McMinn.

Marlin Gilliland was toastmaster and ushered Alec into the auditorium where the assembled friends sang "Happy Birthday." H. G. Conkwright gave the invocation. A gift consisting of a check with which to buy a suit of clothes was presented by Earl Wilson.

Rev. W. E. Barnes dismissed the assemblage with a prayer.

R. H. Norton Celebrates 80th Birthday

A formal dinner, an open house in the afternoon and reminiscent talks by old-time friends marked the 80th birthday for R. H. Norton, old-time resident of Hereford, in Amarillo yesterday. Approximately one hundred friends and relatives from nearby towns and Amarillo called at the Norton home Wednesday afternoon.

The house was filled with flowers and all during the day friends and birthdays greetings arrived at intervals to congratulate the Panhandle pioneer. On display for the guests to enjoy was a cleverly illustrated biography of Mr. Norton's life giving accounts of important and amusing incidents long since forgotten. The record of events was compiled by Mrs. Kirk of Amarillo, a friend of the family.

The first trip Mr. Norton made to the Panhandle there were no houses in Hereford at all but in 1898 when he brought his family here from Quannah to make their home, two or three small houses had been constructed. The Norton family moved into an adobe house a mile west of Hereford and later built the home on the hill two miles west in which they lived for many years. He was engaged in wheat farming and stock raising.

Mr. Norton who spent several weeks in a hospital in the fall has recovered sufficiently to participate in the birthday celebrations and to enjoy the many tributes of friendship and esteem that marked another milestone of years. He is the father of E. H. Norton of Hereford.

All of his children were present including three sons, E. H. of Hereford, Claude of Goldthwaite, and Dick of Kansas City; and three daughters, Mrs. J. E. Urschell of Mexia, Una Hutchinson and Miss Alma Norton of Amarillo. Other relatives present included: the families of the sons and daughters, Mr. and Mrs. Bud Norton and daughter of Amarillo, and Mr. and Mrs. Burns Smith of Quannah.

Friends from Hereford attending the celebration were Mr. and Mrs. Chas. Hodges, Mr. and Mrs. Vern Witherspoon, Mr. and Mrs. A. H. Elliston, Mrs. J. B. Elliston, Mr. and Mrs. George V. Stambaugh, Mrs. Inez Stambaugh, Mrs. Bob Pipkin, and F. H. Oberthier.

Year's First Meeting Held By H-D Council

The County Home Demonstration Council held its first meeting of the year on January 27 in the District Court Room in the Court House with 20 women present representing 9 clubs.

Mrs. Louie Olson, Council chairman, introduced all business and special committee members who were present. Standing Rules were adopted for 1940. The Council recommended to the Vice-president for the District that a date in April be selected for the District Meeting of the Texas Home Demonstration Association; and that the one-day Short Course at Canyon for Home Demonstration Club women be held next year.

Dr. Jack Gilliland, in view of the ever present and increasing danger of undulant fever announced that he would test cows for Bang's Disease in groups of 20 or more for a very reasonable sum. A lively question period followed his talk attesting to the wide-spread interest of the subject among farm women of the County. Copies of Farmer's Bulletin No. 1704, Bang's Disease (Infectious Abortion) were distributed to those interested.

Those present were Mesdames R. A. Frye, W. A. May, Dawn; Edd Bailey, J. W. Adrian, Bippus; Gilbert Wynn, Fairview; Aldon Hawks, Frio; R. J. Coleman, Messenger; Fred Saltzman, G. A. Frye, North Hereford; Glenn Rutter, Maurice Tannahill, P. B. Sowell, Westway; Lee Cavanaugh, Ira Ott, W. B. Saxon, Louie Olson, Wyche; M. W. Blankenship, Clarence Hollobaugh, Sims; and Miss Sadie Lee Oliver and Mrs. W. A. Gentry, Hereford.

CHDA NOTES By Sadie Lee Oliver

The first of five District meetings of County Home Demonstration Agent's scheduled for 1940 is announced for February 20. For that reason the Training School for Exhibit Committees of clubs and Council will be held on February 21 and not as scheduled. They are asked to meet with the Finance Committee of clubs and council at the home of the County Home Demonstration Agent at 2:30 P. M., Wednesday, February 21.

The maximum thermometer has been in demand for testing pressure cooker gauges since meat canning started this winter.

Mrs. Nollie Elliston found that her gauge is still accurate, one of the very few to date.

Mrs. T. D. Stambaugh found her gauge off eight degrees at ten pounds pressure and five degrees off at fifteen pounds pressure.

Miss Grace I. Neely, Extension Specialist in Food Preservation writes on January 26, 1940:

"The next and most important step in checking gauges is to replace all gauges that are off more than one pound with new gauges. Be sure the petcock and safety valves are clean or you may buy a new gauge when it is not needed. A good gauge will have the name of a reliable firm or company on the front of the dial. Each pound will be indicated on its face as between 10 and 15 pounds pressure. 5 pound marks will be easily seen. A good gauge will be supported by more than one screw on the back."

Maybe, like others we know of, you've even got the model picked out, and are just "waiting a few weeks" to do something definite about it. So why not play the early bird this year? Why not get the jump on your neighbor and be driving your Buick while he's still talking about getting his? Old Time Dances May Be Coming Back In Style

LUBBOCK—Young and old will sashay through the steps of the polka, square, tuxedo glide, new shoe and other American folk dances here next week, under the direction of Jimmy Clossin of the El Paso city recreation department. The course in folk dancing, sponsored by the women's physical education department at Texas Technological college, is open to students, faculty members, and townspeople. Clossin is accompanied by his wife, who is his partner in instruction. He has conducted dancing classes at the University of Texas and is directing a course in square dancing in El Paso.

"El Paso is the real home of square dances," writes William B. Powell in the January "Town and Country" magazine. From country club to church, you can hear callers and a three-piece hillbilly band. The expert dancers execute their steps with much grace. They never hop or jump; they slide.

"Some predict these dances will be the next craze, but I doubt it. For one thing, they're not simple to do, and it takes people without inhibitions or self-consciousness to throw themselves into them with the abandon they demand."

Old-fashioned dances were revived in Lubbock in 1930 and at present two clubs meet once a month and dance to music furnished mainly by fiddlers and guitarists. The first of these, "The

Trailers," was organized in 1931, and "The Covered Wagon" dancing club in 1935. "The Gully Jumpers," a third organization, lasted only a year or two before disbanding.

Club Women Study Women of the Bible

L. A. E. Club women studied "Women of the Bible" at the meeting held at the home of Mrs. Bob Higgins Tuesday afternoon. An interesting roll call brought to mind "Mothers of Famous Men of the Bible."

In discussing "Outstanding Women in the Period of the Kings" Mrs. Wiley Roberson mentioned Hannah, mother of Samuel, during the reign of Saul; Bethsheba, mother of Solomon, during the reign of David; The captive maid from Israel who was Naaman's wife; the widow whose son Elijah restored to health; and Jezebel, wife of King Ahab.

Members present at the meeting were Mesdames Arlie Dean, Jim Higgins, Wesley Higgins, Bill Hutson, Jack Hutson, Jim Lipscomb, Paul McCollister, Wiley Roberson, George Suggs, Robert Vogel, Altus Higgins and the hostess.

Book Review Given For Summerfield Club

Robert Shewood's "Abe Lincoln in Illinois" was reviewed for members of the Summerfield Study Club Thursday afternoon at the meeting held at the home of Mrs. Brit Clark. Mrs. A. L. Behrends was co-hostess.

Mrs. Legg said the Pulitzer Prize winning play "Abe Lincoln in Illinois" is far more than a brilliant modern play. Its stirring evocation of the American dream that grew within Lincoln's brooding mind, its re-creation of Lincoln's stormy age, speak with particular significance to this later age which has learned to place a precious value on its heritage from Lincoln.

An interesting article on "The National Gallery of Art" was presented by Mrs. Lee Curry. She said in part: "Those who visit the National Gallery which Andrew H. Mellon left to posterity will find a collection which ranks in quality and balance with the best. Before A. H. Mellon died in 1927 the Pittsburg financier often bid in the world's art marts for old masters pieces against another Pennsylvania born millionaire, Samuel H. Kress, founder of the 5 and 10 cent stores which bear his name. That rivalry is a thing of the past for with the opening of the National Gallery of Art soon, in Washington the famous paintings which Mellon and Kress bid and battled for will be seen hanging side by side in one great showing.

Refreshments carrying out the valentine motif were served to Mesdames L. L. Cannon, Jim Clark, Lee Curry, Ray Johnson, Tandy Legg, Lloyd Lookingbill, J. B. Noland, B. E. Roberson, C. R. Walser, Hollis Walser, and the hostesses. Mrs. Ky Lawrence was a visitor.

JEFF BURK HONORED AT BIRTHDAY PARTY

Mrs. H. A. Burk honored her son, Jeff Burk, with an informal birthday party Monday night. A variety of table games furnished diversion. Delightful refreshments were served.

AUXILIARY SECTIONS HOLD MEETINGS

Two sections of the Woman's Auxiliary of the Presbyterian Church met for regular programs Tuesday afternoon. Section 1 met with Mrs. John Haberger with Mrs. Lee Conklin in charge of the devotional. She read scripture from the 19th Psalm. Mrs. Vern Witherspoon gave a short talk on "Fellowship in Christian Experience." Mrs. H. L. Broadwell told of "The Oxford Group."

Section 3 held its meeting at the home of Mrs. James Aiken. The devotional was given by Mrs. Aiken. A general discussion was held on the Indian work of the Presbyterian Church with special emphasis placed on the work at Ganado, Ariz., and in New Mexico.

Letters From THE PEOPLE

Hereford, Texas February 6, 1940.

Mr. Jimmie Gillentine, Editor Hereford Brand, Dear Sir and Friend:

In last weeks issue of the Brand you had something to say about some Highway construction work to be done in Castro County which prompts me to want to say something along this line myself.

We all feel that our section has not received its share of the money that has been spent in Texas in recent years for paved Highways, and there must be some explanation for this apparent discrimination. First, our geographical location and our voting strength isn't what they should be in order to attract the attention of those who have it within their power to allot the State Highway funds. Second, we probably have not been as energetic as we should be in pressing our claims before the Highway Commission. Then it is up to us to bring the matter to their attention at every opportunity and in the most forcible manner possible.

To all who have observed the allotment of highway funds by the Department in recent years, it is apparent that those towns and counties receiving the greatest recognition are those who have kept their claims constantly before the Highway Commission, and I am convinced that it is going to take that for us to get what we are entitled to. If we don't do that, we probably won't get much recognition until all those leading into larger cities the Oil Field Highways, and those leading into larger cities of the State are widened and beautified, and it will be some time before those sections get all their roads and highways just like they want them.

Some of us are inclined to criticize our Commissioner's Court too much about such matters, and overlook the fact that the individual citizen has some responsibility in the matter.

Most County Officials want to do what a majority of the people want, if within reason. What have most of us done to let them know that we are behind them if they see fit to spend a few dollars in trying to get what we are entitled to? What we need to do is to work up a little enthusiasm ourselves, and let our County Judge and Commissioners know that we are with them.

We would like to see all our main roads improved, but in my opinion, there is but one that we have any chance of interesting the Highway Department in at this time, and that is State Highway 51. This Highway will eventually be paved, but it will be done slowly, the most important gaps happen to be between Dimmitt and Hereford, two county seat towns only 19 miles apart. I doubt whether there are two county seat towns in Texas so close together, and between which there is so much traffic that hasn't been paved for several years, and there are thousands of miles of paved highways in Texas carrying less traffic.

Dimmitt and Plainview have succeeded in getting highway 194 paved from Plainview, to Hart, in Castro County, and there is a little doubt but that it will soon be completed into Dimmitt. If we could work with them and get the gap between Dimmitt and Hereford paved, and 194 completed from Hart to Dimmitt, it would give us an all-paved highway to Lubbock, Plainview and all points south, as well as a more direct route to Fort Worth and Dallas, and other points east. This should be our No. 1 project, and it ought to have enough merit to impress the Highway Commission.

Yours Very Truly,
E. S. IRELAND.

CARD OF THANKS

I take this method of thanking the many friends and neighbors who were so kind and helpful during the illness and death of Mr. Voegel. Your sympathy and kindness will ever be a rich memory. May God's blessings be generously bestowed upon you all.

Mrs. N. C. Voegel.

Pedestrians Should Walk On The Left

Gerald Golehon's mother had a great deal of difficulty driving west from the school building one day last week when she was taking students home during the lunch hour. Students were walking on both the right and left sides of the road.

Everyone knows that in the United States, automobiles are supposed to be driven on the right side of the road. How many, however, know which is the proper side for the pedestrian? A pedestrian should always walk facing traffic. This means that he can see oncoming cars, and cars from the other direction will be on the other side of the road. This is solely for the pedestrian's safety, for he is taking his life in his own hands when he walks on the wrong side of a busy highway. Students should guard their lives and those of their companions by insisting on facing the traffic.

Hi-Y Girls Discuss "Personality" Chart

"Personality," the subject all girls are interested in, was the subject for discussion at the Girl's Hi-Y Tuesday night in Miss Irene Crawford's room.
A personality chart was passed to each individual girl who checked her individual personality traits and those she wanted. "Do you lose your temper easily?" "Do you smile when you are smilled at?" "Are you kind to your fellow school mates?" "Are the type of character you want your brother or sisters to be?" "Are you loyal to your school, home, and nation?" These were some of the questions asked that the girls answered.
A short devotional read by Margaret Ann Miller was followed by a prayer by Orvella Hill. "Living for Jesus" led by Dorothy Nelle Trimble began the discussion of the personality traits, and the group gave individual desire of different types of personalities.

Note from Margaret Olson. I wonder what it said.

Lubbock in 1933. Among the highlights of his legislative career was the Dallam, Hartley Counties Land Bill which permitted re-appraisal of 50,000 acres of Panhandle Land preventing loss of this land to many Panhandle farmers, which measure was authored and sponsored by Boyer in the Legislature. Other legislative activities of the Perryton Legislator included joint authorship of a measure to prevent transportation of stolen livestock; supported measures authorizing State to carry workman's compensation on its employees; supported measures designed to set up system of control of erosion to protect the soil of the farms of Texas and supported measures to provide funds to provide for needy aged, blind, dependent children, and teacher retirement. His leadership in the House is well known and his interests have always been for the "average citizen" of the Panhandle.

In making his decision to run for the Senate, Boyer commented, "I have gained much experience in the House, and I can accomplish a great deal more for the whole Panhandle by membership in the Senate. The 'average citizen' will be my first concern if I am elected and I do not expect to promise the impossible during the course of my campaign. I earnestly believe that Panhandle citizens are entitled to full consideration in all proposed legislation and I pledge my best efforts to that end." Boyer concluded.

Methodists Plan To Attend Advance Monday

Rev. Marvin B. Norwood, several members of the Methodist Church congregation and of the Young People's Department, plan to attend the Methodist Advance for the Panhandle and West Texas, Eastern New Mexico and part of Oklahoma, which will be held in Amarillo, February 12.

Four Bishops of the Methodist Church will be in Amarillo for the rally. Included will be Bishop Ivan Lee Holt of Dallas, former president of the Federal Council of Church of Christ in America; Bishop C. C. Sealeman of Oklahoma City, former president of Southern Methodist University; Bishop Francis J. McConnell of New York City and Bishop James C. Baker of Los Angeles, Cal.

The rally at Amarillo will be an all-day meeting with guest bishops speaking at each meeting of the rally. It will climax with a Youth Rally Monday evening when Methodist Young People from throughout West Texas will be joined for a youth program with outstanding young people as speakers.

"All Methodist people of the Panhandle, West Texas, Eastern New Mexico and Western Oklahoma are invited to join in making the Methodist Advance the outstanding religious activity of the year," Rev. Will C. House, District Superintendent, said.

LESS TRAPPING REPORTED
Trapping of fur-bearing animals in Texas hit a new low for recent years during the season just closed. The season was not satisfactory, according to reports to the executive secretary of the State Game Department, despite the fact the number of fur-bearing animals apparently increased appreciably. However, prices on practically all kinds of pelts were low and little trapping was done during the open season. Not more than half the normal number of trappers were in the field, reports from game managers and fur buyers indicate.

"I am deeply interested in good government, as every good citizen should be, government wisely and carefully planned and justly and honestly administered for the welfare of its constituents.

"I believe the taxpayer's money should be spent equitably to the benefit of the taxpayers in the various communities in our precincts. It is with this fundamental thought in mind that I shall favor the spending of the tax money which should be available to our precincts for public improvement, the most needed being roads and maintenance. "Our precinct covers the north half of Deaf Smith County. I am located centrally (Sec. 1, Block C) which should be a decided advantage in discharging the duties of the commissioner's office.

"To you, the voters of precinct No. 4, I hope to meet each of you personally as soon as possible. Your vote and support, in event of my election, will be rewarded by a conscientious administration of the duties of the office I seek."

"I promised you, that if you elected me, I would do my best to make the best officer I could make. I have kept that promise; but, of course, know that I have made mistakes, not due to lack of effort on my part, but to human fallibility I have in common with all mankind.

"I will appreciate any support you may give me in the coming election, and if you reelect me, I will continue to do my best to make you a good County Attorney."
