19,925 Tourists Visit Cavern In Month of August

A total of 19,925 tourists visited the Carlebad Caverna in August, Thomas Boles, superintendent, has notified the Broadway of America Highway association, of which this city is a part. Leading states represented at the Caverns were Texas, Oklahoma, New Mexico, Cali-fornia, Kansas, Ohio, Missouri, Colorade, Louisiana and Illinois.

The Broadway association is working constantly to attract tourists to national monuments and other points of historic and scenie interest on the highway or adjacent to it. The Caverns have proved a big drawing car and many inquiries are being received at Broadway headquarters in El Paso regarding this scenic wonder.

"The Broadway probably has more interesting points nearby than any other transcontinental route," says F. O. Mackey, president. "The Caverns, Hot Springs National Park Salton Sea, Wonderland of Rocks, Casa Grande ruins, Colossal Cave White Sands, Davis Mountain country, Roosevelt Darp, Canyon, Petrified Forest, old missions, and many other attractions make this route of particular interest to easterners.
