

Hereford, Texas, Thursday, August 21, 1952

SIGHTS, FACES SEEN Around Town

A concrete parking area is being built in on the south and west sides of the high school. The work should be finished by September 2, reports George Graham, superintendent of schools. Improvements on the inside of the building include new bookkeeping tables and new built-in equipment for the science laboratory.

Father Raymond Gillis, labor camp priest, has asked anyone who has any clothing to give away to bring it to the Catholic Sisters home, 217 E. Fourth street and leave it on the porch.

The Toastmaster club of Hereford had its regular meeting Tuesday evening at Hotel Jim Hill. Dr. M. C. Adams served as toastmaster, and Harold Close gave an extemporaneous speech. Then Elmer Patterson conducted a topic discussion on the Home Charter rule. There were about 14 members present.

Rocky's Service station, Hereford Softball league entry, will play Dimmitt's Steakhouse team at Vets park Thursday night at 8:30 p.m. Regular admission prices will be charged.

Irving Alexander is attending the American Fashion Association market in Dallas August 17-22.

The Westway community party will be held August 22 at 8:30 p.m. in the school house. All attending are asked to bring cookies.

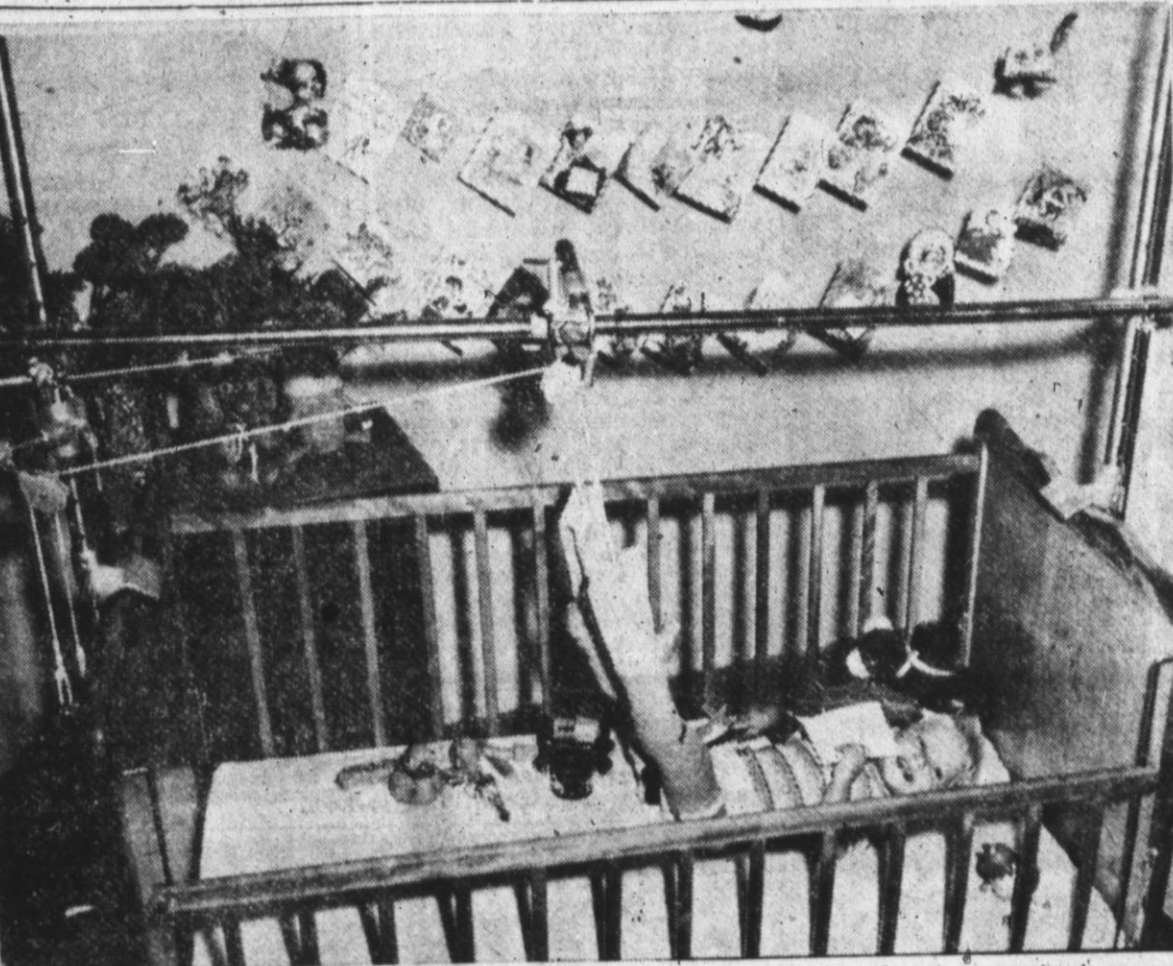

District Judge Harry B. Schultz will hold court on Thursday.

St. Anthony's School Begins September 2

The fall semester at St. Anthony's school will begin Tuesday, Sept. 2.

Registration for the term began on Monday and will continue through August 30.

Members of the faculty are: Sister M. Vitolis, OSF, who will act as principal; Sister Francis Jerome, OSF; Sister M. Geraldine, OSF; Sister M. Clarissa, OSF. Registration for classes will be in the Sisters' home.

LARRY KUPER, son of Mr. and Mrs. Henry Kuper of Summerfield, has lots of things to occupy his time now. Readers of The Brand who saw Larry's picture in the August 17 Sunday Brand responded to the call for cards in great style. The 20-month-old

victim of a broken leg has received more than 26 cards, more than a dozen toys and four bouquets or plants. Larry is shown here with some of the greetings and gifts from friends and well-wishers. Staff Photo.

List Faculty Members For Hereford Schools

The Hereford public school faculty will consist of 80 teachers for the 1952-53 school year. School opens September 2.

New members of the faculty will be: O. D. Lowry, Shirley principal, Mr. Lowry taught last year at Central but this will be a new job for him. Mrs. Althea B. Hutchinson, 3rd grade, Central; Mrs. Hutcheson, 3rd grade, Central.

Hereford before but was not on the faculty last year.

Dan Trew, 6th grade, Shirley; L. L. Chisum, 6th grade, Central; Mrs. L. L. Chisum, 3rd and 4th, Dawn; Mrs. Bob Wilson, 6th grade, Shirley; Mrs. D. C. Barnard, 2nd grade, Central.

Mrs. Betty Hendrick, 2nd grade, Shirley; Mrs. Woody Wilson, 1st grade, Shirley; Mrs. J. L. Thompson, 3rd grade, Shirley; Mrs. W. T. Legg, 6th grade, Shirley; Mrs. Dorothy Elliott, exceptional children.

L. B. Russell, coach; Mrs. Ruth Warner, 4th grade, Shirley; G. C. Adams, junior high; L. C. Thomas, distributive education, high school.

Old members of the faculty are: George L. Graham, superintendent; Don T. Martin, high school principal; D. C. Martin, Central school principal; H. V. Stanton, junior high principal; O. D. Lowry, Shirley principal.

Della Stagner, coordinator grade schools; Bruce Beene, science, high school; Madeline Bell, 6th grade, Central; Mrs. O. Pal Bookout, 5th grade, Shirley; Mrs. Wilma Braddy, 5th grade, Shirley; Mary Brady, 3rd grade, Central.

Brother Of Local Woman Dies At Home In O'Donnell

W. W. Williams of O'Donnell, Tex., brother of Mrs. Billie Graham and Mrs. Lee Cocanougher of Hereford, died Thursday, Aug. 14 at 6:30 p.m. from a heart attack.

Services were held Saturday and Mr. and Mrs. C. E. Williams from Denver, brother and sister-in-law of the deceased, came to Hereford for a short visit with relatives here who attended the rites.

McGaughey Girl To Leadership Training Camp

Deaf Smith county's first representative to the state 4-H Junior Leadership Training Camp at Bastrop, Texas, is Betty Lou McGaughey. The camp will be held August 25-30 under the sponsorship of a Texas gas firm.

Betty Lou, daughter of Mr. and Mrs. B. M. McGaughey, won the chance to attend the five-day school for club boys and girls from all over the state by virtue of being named to the state council at the 4-H Roundup this spring at Canyon. All council delegates automatically are enrolled for the annual school.

The Deaf Smith representative is a long-time member and is currently president of the County-Wide club. Since joining the group in 1948, she has held the offices of vice-president, secretary, reporter and council delegate to both county and state conventions.

She was a poultry demonstrator and also attended decoration school for the county council.

Deaf Smith has never had a delegate to the Bastrop school in the past because leadership has never been one of the county demonstrations heretofore. Purpose of the camp is to train youths in leadership.

Each of the 12 districts in the state sends eight delegates to the school and the council sends 24. Betty Lou is going under the council quota.

Randall county, in this district, is sending two agents, three boys and three girls.

R. H. Beavers Rites Thursday In Hereford

R. H. Beavers, pioneer Hereford merchant, died in the Deaf Smith county hospital Tuesday, Aug. 19, after an illness of several months.

Funeral services will be held at 9 o'clock Thursday, Aug. 21, in the First Methodist church, conducted by Rev. T. E. Neal. Interment will be in the West Park cemetery. Pallbearers will be Jesse Stanford, Dr. R. R. Willis, Joe Bishop, Carroll Whiteside, Dr. B. M. Wiltshire and D. C. Kinsey.

Mr. Beavers was born in January 16, 1899 in Cisco, Tex. He came to Deaf Smith county in 1921 from Canadian. He was part owner in the Beavers Brothers Motor Co.

Survivors are his wife, Mrs. Irene Beavers, and two children, David Neal and Mrs. Madelle Mellott; Mother and father, Rev. and Mrs. M. M. Beavers, Brothers and sisters: Lama Beavers, Hereford; Melton Beavers, Alaska; Morris Beavers, Lubbock; Mrs. Hubert Freeman, Abilene; Mrs. J. W. Hendricks, Hereford; Miss Jo Beavers, Dalhart; Miss Lavie Beavers, Lubbock; and one grand child.

Rural Telephone Line Staking Work Underway

One Instructor Short, Walcott Seeks Employee

Walcott school trustees are faced with the problem of securing another teacher before school bells can ring for an enrollment of about 40 students there on September 2.

County Judge Leonard H. Foster told The Brand that the school is desperately in need of an instructor to teach music in grades 1-6 and possibly some other subjects.

This instructor NEED NOT have a degree, he pointed out. Regular state salary schedules will prevail, he said.

Opening date for the Walcott school will coincide with the opening date of the Rosedale school.

Three instructors will be on the faculty when the needed teacher is secured. Present members of the faculty are Mrs. Loyce Patterson and Miss Lillian M. Fischer.

Registration for Walcott students will be done on the first day of school.

Anyone interested in the opening at Walcott is asked to stop by the county judge's office for instructions on whom to contact on the Walcott school board.

Ten Enlistees During July

Ten men have enlisted from this area during the month of July reports the official notices to the local draft board.

The men are: Ebb W. Martin, Jr., Hereford; John D. Damron, Canyon; Lowry N. Walker, Pecos; Jackie L. Cox, Hereford; Bobby R. Manning, Hereford.

Virgil D. Alston, Hereford; Dennis C. Guiley, Farwell; Billy W. Parvin, Hereford; Jesse T. Coburn, Jr., Farwell; Virgil O. Kelly, Hereford.

Four men have been released from active duty, according to official notice received by the local draft board. These men are: William D. Powell Jr., Dimmitt; Andrew J. Drake, Canyon; Melvin C. Wells, Dimmitt; Johnnie K. Rogers, Friona.

Vandals Drain Pool, Make Water Problem More Acute

Hereford's overtaxed water pumping system got another jolt Monday night when vandals climbed the fence protecting the pool's filtering plant and drained the 200,000-gallon pool dry.

All the water drained out into Lake Park, filling the ditches dug for laying the drainage system from the north edge of the park by the pool to the storm sewer at the south end.

Workmen had to pump about 18 inches of water out of the trench before they could continue their work with the drainage system.

Local police have not yet apprehended the vandals responsible for the action, but S. O. Wilson, mayor pro-tem, said that "stiff penalties" will be meted out to the culprits if found.

Meanwhile, the pool has been shut down until the city's water supply can re-pump the 200,000 gallons needed for the pool. The pool is being filled partially each night this week until proper level has been obtained.

Other Acts Cited

Draining of the pool is not the only vandalism reported recently at the pool area or in the adjoining park. Mr. Wilson said that someone has been rolling the drainage tile down the incline around the pool and hitting them together, breaking some tile and

EDDIE REINAUER, president of the board of the West Texas Rural Telephone Cooperative, is shown driving the first stake for the 900-mile telephone network on the E. O. Billingslea farm northwest of Dawn. George Stambaugh is shown behind Reinauer holding a surveyor's measuring stick. Staff Photo.

Expect Light Run-Off Vote

Saturday's primary run-off elections are not expected to create a rush to local ballot boxes in the county, observers here have indicated, as no local races are to be decided in the balloting.

All 11 of the county's polling places will be open from 8 a.m. to 7 p.m., according to C. C. Acker, county executive chairman. Election judges for all the precincts will be the same ones who served in the July 26 primary.

The ballot will be a short ticket, with five names listed to fill three vacancies.

There will be no county contests. The contest closest to being on the local level will be between Ernest O. Northcutt of Potter county and Joe S. Moss of Garza county for associate justice court of civil appeals, 7th

Supreme Judicial district. Throughout the entire state, returns from the 254 counties gave only one contest on the state level—that between Spurgeon Bell of Houston and Frank P. Culver of Fort Worth for associate justice, Place No. 1, on the Supreme Court.

Martin Dies' name will appear on the ballot, although he has no opponent in the run-off for the seat of Congressman-at-large.

Dies was high man out of seven candidates in the race, out of 1,227,486 votes cast, he was only 894 shy of the required majority. He was spared the run-off battle when former Lt. Gov. John Lee Smith of Lubbock, who was second high man, withdrew from the race.

Deaf Smith county's long-awaited rural telephone network to be operated by the West Texas Rural Telephone Cooperative Inc. -- is beginning to take visible shape.

Staking operations for the land on which assessments have been secured was begun Monday morning at the E. O. Billingslea place six miles east and three north of Hereford, in Section 7, Block K-3. Leo Forrest, manager of the cooperative, said further staking operations will continue as long as easements can be secured. He urges all land owners to complete their easements so that the crews may work without a hitch.

Stake Four Miles Per Day

The crew, from the engineering firm of J. P. Payne Associates of Enid, is staking about four miles per day. Poles will be placed every 330 feet.

Forrest, in referring to the easements, said two men -- George Stambaugh and Bill Hampton -- are working full time on the documents and on marking houses for the entry for telephone service.

Official approval of the outside contractor's bid has not been given by REA in Washington as yet, so the local cooperative is operating "on its own" in having the engineers begin staking. When REA approval is given, two more staking crews will be brought in.

The beginning of the staking northeast of Hereford was in the vicinity of one of the seven dial stations for the system.

Forrest said 150 miles have been released for the staking crews to date. The entire telephone network will be about 963 miles.

Mid-1953 Cutover

A cut-over date for mid-1953 is anticipated by Forrest. Original date was to have been January or February, 1953, but the steel strike and other delays have lengthened the date. Forrest told The Brand that suppliers have promised him some wire by October or November while half the needed amount was to have been delivered by the first half of this year.

One-third of the telephone line, or 300 miles, must be staked before the outside contractor -- Thompson, Haight and Keister of Oklahoma City -- will begin their work.

Forrest urged farmers to get in their easements to save money and time on construction work.

Began in 1949

The system is finally getting its first signs of physical life although much planning and paperwork has been necessary since the original meeting back on December 12, 1949. The charter was granted for the West Texas Rural Telephone Cooperative Inc. on May 5, 1950.

Shortly after that, the governor of the state had to call a special session of the legislature to pass an enabling act for rural co-ops here. A group of local businessmen and farmers went to Austin on behalf of that act.

After the enabling act, a survey of the area and its needs was (Continued on page 2)

BOB BAILEY, Hereford park employee, shows the depth to which the water stood in a drainage trench when vandals let the water out of the swimming pool. The water drained into the park, causing disruption of work on Lake Park's drainage system. Staff Photo.

Rural . . .

(Continued from Page 1)
made and on February 12, 1951, the Lubbock firm of Hasie and Green was contracted to engineer the system.

This was the first real start on the realization of the system. The Chamber of Commerce cooperated with the WTRC in finding out the desire and country farmers for a telephone network and for securing pledges and equities. The \$50 equity was intended to have paid for 10% of the cost of the system.

Got "A" Loan
After June 1, 1951, final equities were sent to Washington and a loan was asked for. The "A" loan for \$454,000 was granted on July 31, 1951.

Work was held up and the local coop stalemated shortly thereafter when five key REA men were killed in an airplane crash near Denver.

When the first loan was granted, engineering work started on the system and it was discovered after the mapping and wire diagrams were sent in in early 1952 that instead of 750 miles of phone lines, the system called for 953 and the original cost estimate of \$454,000 would not be enough, due to the increased size and rising prices of equipment. A supplemental loan of \$383,000 was applied for to make the total system cost \$811,000.

Papers for this loan were sent in and contracts were let during the middle of June and July.

Contracts Let
Central office equipment contracts went to North Electric, Dallas, for about \$92,000, a savings of \$2,000 over the original bid of \$94,000 after some re-designing was done.

Thompson, Haight and Keister of Oklahoma City was awarded the outside contract for \$558,149.26 in mid-July.

During July, Forrest said, the contracted engineers for the cooperative, Hasie and Green asked for an increase in their contract that called for fees of 6%. This increase would amount to about \$12,000, he said. The board of the cooperative voted to be asked for a release from their

Vandals . . .

(Continued from Page 1)
the level of the tank drops from 10 to 12 feet, or about 90,000 gallons. By 9 to 11 p.m., the level builds up again and the pumps cut out from about midnight to 6 a.m. They run sporadically.

The three pumps in Hereford actually run about 18 hours per day, Dobbins explained.

On Tuesday morning, the water works operator said that the water level at 8 a.m. was almost full, standing at 29 feet. At 2:30 p.m., it was down to 19 feet, a drop of about 80,000 gallons over actual pumping. The pumps were running constantly since 6 or 7 a.m.

"Too Much Water"
Dobbins' observation that Hereford is "using too much water" seems to be borne out by the heavy usage-pumping ratio in which the pumps stay behind consumption.

Last spring, the capacity of Hereford's three pumps was 1300 gallons per minute each.

City officials have reason to be concerned during these days when water use goes sky high. The acts committed at the municipal pool Monday night have served to agitate a bad situation.

Martisha Ramey left Saturday for Houston—where she is employed—after a weeks stay here with her parents, Mr. and Mrs. Sank Ramey.

Mrs. Marie McCauley is among the 5,000 buyers attending the American Fashion Association market in Dallas August 17-22.

Quick 'N Easy Supper For Those Cleaning Days

Most menfolk are firm about wanting a good hot dinner... and wanting it on time. Even on housecleaning days... when every minute is devoted to some job, they still expect dinner served at the regular time.

The best you can do is plan a meal that's quickly prepared. Here's a dish that's perfect for a quick supper any time... Bran Waffles Supreme. The recipe lifts waffles out of the "strictly for breakfast" category... and puts them in the "quick 'n' easy" supper class.

Hardy and extra tasty, these waffles have plenty of appeal for menfolk.

Make the sauce first thing in the morning and store in the refrigerator. Then at supper prepare the waffles, heat the sauce and serve... keep everybody happy.

BRAN WAFFLES SUPREME WITH RABBIT
Bran Waffles Supreme

3 eggs, separated
1 1/2 cups milk
1/2 cup All-Bran (ready-to-eat bran)
1/2 cup melted shortening

1 1/2 cups sifted flour
4 teaspoons baking powder
1 teaspoon salt
2 tablespoons sugar

Beat egg yolks well; add milk and bran; let soak until most of moisture is taken up. Sift flour with baking powder, salt and sugar; add to bran mixture and stir only combined. Add shortening. Fold in stiffly beaten egg whites. Bake in hot waffle iron until no steam is visible.

Rabbit
2 tablespoons butter
2 teaspoons flour
1 cup milk
1 pound American process cheese

1 teaspoon salt
Few grains cayenne
1 teaspoon dry mustard
2 teaspoons Worcestershire Sauce

Melt butter and blend in flour. Add milk gradually, stirring constantly, and cook until thickened (about 2 minutes). Add cheese, which has been cut in small cubes, and stir until melted. Add salt, cayenne, mustard and Worcestershire Sauce. Serve on Bran Waffles Supreme.

More Than 4,000 Livestock Entries For State Fair Seen

More than 4,000 livestock entries are expected for the 1952 State Fair of Texas, October 4 through 19. Livestock Manager Ray W. Wilson has predicted. Entries close September 8 for beef and dairy cattle, swine, sheep, and goats and the Junior Livestock Show. Deadline for

horse show entries is September 22.

The livestock and agriculture program for the fair is shaping up as a giant reflection of Texas' two-billion-dollar farm and ranch empire, Wilson said. Mammoth scope of the great panorama is indicated by:

1. Interest being shown in the Pan-American Holstein Show, October 10-17; more than 15 states with 250 head of the famous black and white dairy breed are expected to be represented.

2. The colorful "Story Book of Texas Agriculture," which presents agriculture as glamorously as a swank store does a milk coat.

3. Farm implement displays by 14 different manufacturers and dealers, covering 100,000 square feet of outdoor exhibit space.

4. Dozens of special days and events honoring livestock, poultry, agriculture and youth organizations, including Rural Youth Day, Oct. 4, when 100,000

farm and ranch kids are expected to be guests of the fair.

5. The 76 judging events for livestock and poultry, and the total of \$80,224 in premiums offered, plus literally thousands of ribbons and other awards. Twenty-seven breeds of beef and dairy cattle, horses, swine, sheep, and goats are featured.

6. Exhibits such as those of the King Ranch and the Texas Research Foundation, both of which will show herds of Santa Gertrudis cattle, and the one

depicting the growth of today's huge broiler chicken industry.

It all adds up to the most comprehensive and best-balanced livestock-agriculture portrayal the fair has ever had, Wilson said.

Other features of the 1952 fair include the Dean Martin - Jerry Lewis show, Ice Cycles of 1953, the Aut Swenson Thrillride, the Variety Club Circus, an hour-long version of "Show Boat" and the million-dollar

Midway, plus hundreds of exhibits and special events.

Florence was the capital of Italy for the country's first six years as a kingdom.

"Mac" as the prefix of a name, means "son of."

The Dead Sea is the lowest body of water in the world.

Inisfail is a poetic name for Ireland.

P-TA Activities Shaping Up For Coming Season

The executive council of the Hereford Parent-Teacher association will hold its first meeting of the current school series Monday afternoon, Aug. 25, in the county courtroom.

This session will be to work out the programs and the yearbook for the coming year, according to Robert L. Thompson, president.

Thompson said the opening P-TA meeting of the year for the membership will be held Friday, Sept. 5 at Whiteface stadium. This will be a "get-acquainted" meeting with the parents meeting the teachers—old and new.

As far as possible, Thompson commented, the parents will divide into groups for the basket

lunch with instructors of the grades in which the parent's children are enrolled.

Following the basket lunch, a program will be presented. The only hint Thompson gave on the content was that it would "be hilarious".

Menthol is the principle element of oil of peppermint.

Oliver Wendell Holmes, the famous writer, was a doctor and a teacher of anatomy.

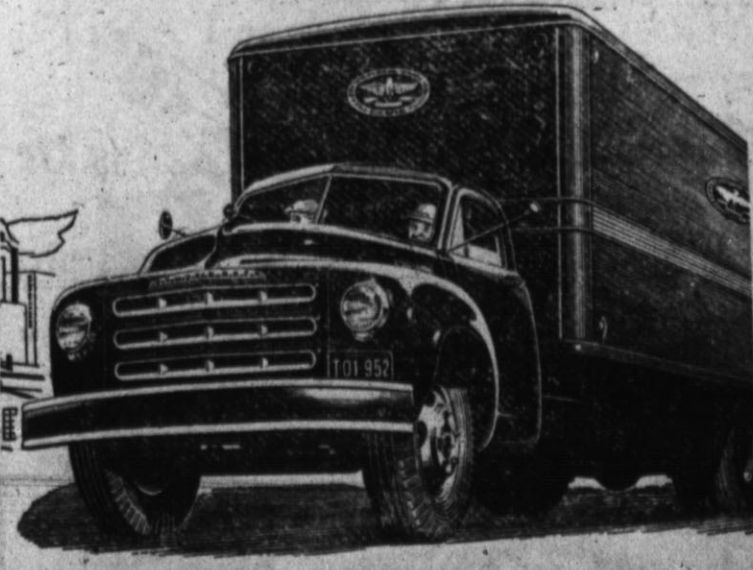

Halle Selassie claimed descent from Solomon and the Queen of Sheba.

A somewhat underweight adult has a greater resistance to disease.

Installation plan buying is known as the "hire purchase" system in England.

Cut your hauling costs with a Studebaker truck

It's designed right for gas saving... it's built right for low upkeep

STUDEBAKER trucks are really rolling this year. You see more and more of them every day in every traffic stream. Studebaker trucks are rolling smoothly—rolling economically—rolling up new records for on-the-job reliability.

Hundreds of thousands of Studebaker trucks are cutting costs for businessmen in all sections of the country. Cash in on these stand-out savings yourself.

Stop in and arrange to get a Studebaker truck of your own. There's a wide range of choice—streamlined 1/2 ton, 3/4 ton, 1 ton pick-ups and stakes—1 1/2 and 2 ton models.

Hot Weather Precautions Against Polio Outlined By Paul Harvey

Current hot weather makes it doubly important for parents to keep a close watch on their children so no polio symptoms go unnoticed, according to Paul Harvey, chairman of the local chapter of the National Foundation for Infantile Paralysis. Harvey said that the hot weather - which is to continue for a while - makes doubly important observation of the 1952 Polio Pledge issued by the March of Dimes organization. "Faithful following of these common-sense rules" the chairman declared, "does not provide any assurance against contracting polio, but we are confident that they can play a large part in reducing the extent of incidence, and they may reduce the severity of attacks." During a polio outbreak, the Chairman continued, there are hundreds of "silent" carriers of the disease. These are people who have become infected with the polio virus but are not sick. But there are hundreds of borderline cases among men, women and children to whom the observance of these rules may make the difference between non-paralytic or sub-clinical polio and the tragedy of crippling, Harvey said. Basically, the Polio Pledge rules are: Don't get over-tired by hard play, exercise or travel. Don't get chilled by long baths or swims in cold water and don't sit around in wet clothes. Follow your doctor's advice about having mouth or throat operations. Avoid having your children mix with new groups, especially the close daily living of a home. Be sure that children wash their hands carefully before eating and always after using the toilet. Should polio strike this country, Harvey declared, the local chapter of the National Foundation is prepared to provide financial assistance to all those needing such aid. Meanwhile, the equipment depots of the National Foundation stand ready to provide respirators and other emergency equipment as the need arises. The Deaf Smith county chapter may be reached by phoning 560.

New Catholic Priest At St. Anthony Parish

Fr. Bartholomew Paytas, former pastor of the "Christ The King" Catholic church in High Point, N. C., has been appointed to succeed Fr. Dominic Kenny at St. Anthony's parish here. Fr. Kenny was transferred to Vancouver, B. C. The new pastor finished school in 1945 from the Catholic university in Washington. He was ordained by Cardinal Spellman in New York and worked for three years in the New York vicinity in Catholic public relations work. From New York, Fr. Paytas went to High Point before taking the Hereford post.

The Alaska highway was opened to tourist travel in the summer of 1948.

Hints for Your Home

by LEE ANDER

It's always exciting to add a little color to our homes, and it's marvelous to save money by repairing toys, plastic goods, luggage and other household items about to be discarded. MYSTIK TAPE does all these things. It's a wonderful plastic-coated cloth tape that comes in many rich colors. Just for example, with MYSTIK TAPE you can stripe kitchen cabinets and walls, trim bathrooms, nurseries and playrooms or cover venetian blind tapes - in any color you choose. Besides that, almost every time you use MYSTIK TAPE you save either time or money - oftentimes both! MYSTIK TAPE sticks without moistening so there's no mess. Its cloth is strong and washable which means MYSTIK TAPE will wear for ages. (Be sure you apply MYSTIK TAPE firmly. A clean, dry surface is best.) This booklet shows just a few uses I've found for this wonderful MYSTIK TAPE.

Scratches are prevented by covering rough surfaces - lamp bases, ash trays, etc., with MYSTIK TAPE.

Garment Bags can be sealed against dust and moths. Mend tears in no time.

Leather, leatherette and plastic upholstery are mended in harmonizing shades. Books and albums, too.

Rubber Goods - gloves, raincoats, overshoes, etc. - are still waterproof when repaired with MYSTIK TAPE.

Plastic radios, clocks and toys can be repaired permanently with durable, cloth MYSTIK TAPE.

Sporting goods are easily repaired and made slip-proof with MYSTIK TAPE.

Luggage, briefcases, bill-folds, golf bags and handbags can be repaired and reinforced quickly.

Shower curtains, plastic tablecloths and aprons are permanently mended with MYSTIK TAPE.

Weatherstripping, in colors to match your woodwork, saves fuel, bars dust and dirt.

Recover venetian blind tapes in harmonizing colors. Tack tape securely at top.

Stripe walls, shelves and cabinets in gay colors. Neat and easy as pie.

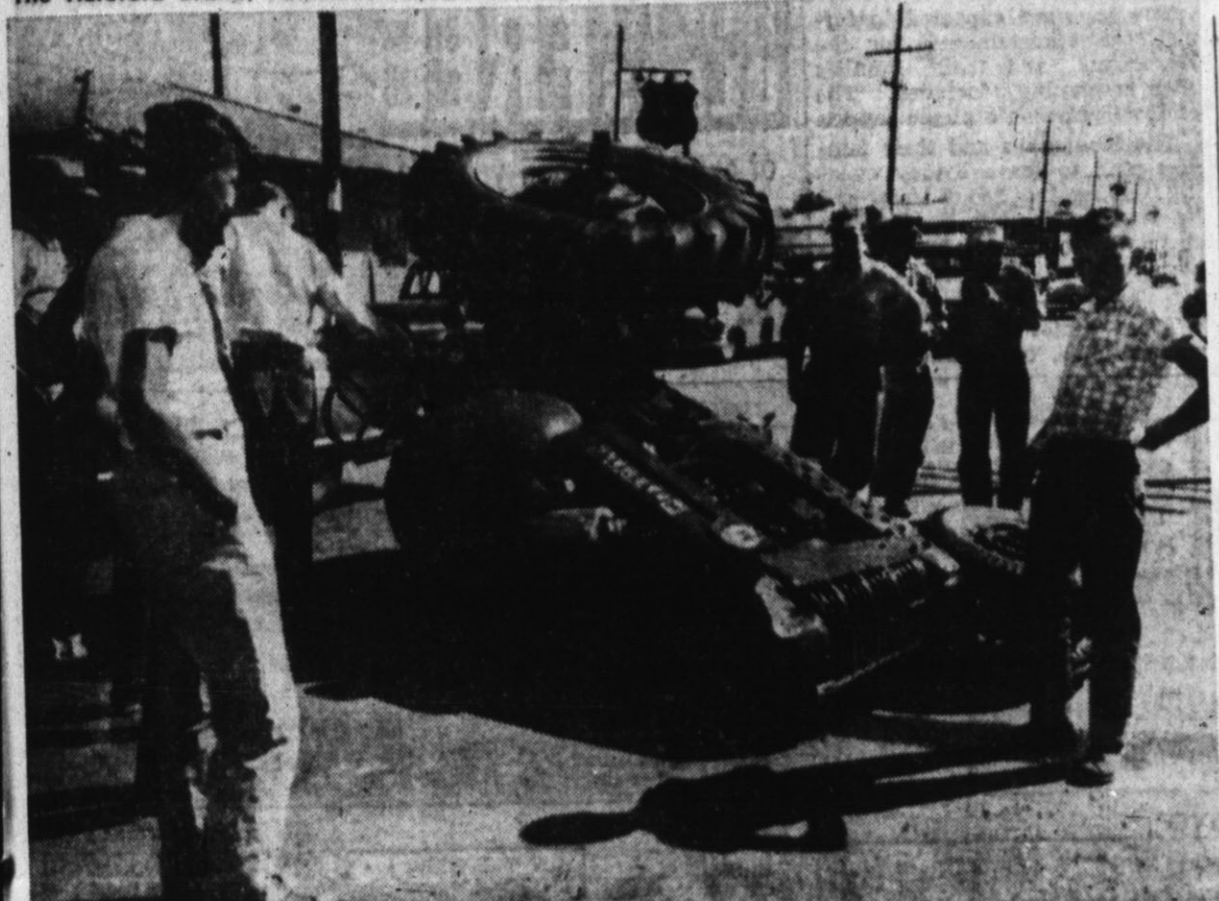

Seal and decorate hat boxes, cartons and packages for dustproof storage or mailing.

Electric cords are dangerously repaired and made slip-proof with MYSTIK TAPE.

IDEAL FOR HUNDREDS OF OTHER USES... 25¢ & 50¢ PER ROLL - AT THE BRAND OFFICE

MYSTIK TAPE REPAIRS • DECORATES • SEALS • REINFORCES

Sticks Without Moistening

BYSTANDERS watch workers attempting to right the tractor that overturned Tuesday morning at the corner of Main and Highway 60. Driver of the tractor, Buford Mitchell, was injured but was released from Deaf Smith hospital Tuesday. Staff Photo.

Tractor Overturns At Corner, Driver Suffers Injuries

Buford Mitchell, employee of the Hereford Implement company, suffered a sprained left shoulder and left elbow and a punctured left elbow Tuesday morning when a tractor he was driving overturned at the corner of Main and Highway 60. Mitchell was helping unload tractors on the Santa Fe dock just west of the Main street crossing and was bringing one back to the implement company's lot on Sampson and East Fourth. He turned east onto Highway 60 and the tractor overturned, injuring him.

The machine flipped completely and then came to rest on its left side. City Patrolman J. C. Mays, who investigated the accident, said Mitchell told him the accident occurred while he was turning the corner and applied the brakes. Mays said probably one of the brake pedals held and the other didn't, causing the tipover.

Two Cases Of Forgery Filed In Examiner Court

Two forgery cases were filed in examiner's court on August 13, according to records in the office of County Judge Leonard H. Foster. The first action involved passing a bogus \$24.75 check in Anthony's by R. E. Davis. The forged instrument carried the signature of O. G. Hill and was drawn on the Hereford State bank. James R. Turner was charged with forgery in the second action, a \$60 check passed at Cowan's Jewelry, bearing the name of T. J. Boyd of Amarillo and made out in favor of Turner. This check was drawn on the First National bank of Amarillo.

Friday Deadline For PMA Ballots

Deaf Smith county farmers were reminded today that the PMA farmer-committee election deadline is August 22. The mail ballots given local farmers must be postmarked before midnight, August 22, to be counted in the voting, according to Faust Collier, PMA secretary.

Collier, in issuing this final election call, urges all eligible farmers to vote. Community committeemen, a delegate to a county convention to name the 1953 county committee, and alternates will be elected at this time.

Chairman N. E. Gass stresses that the PMA committee election "is both an opportunity and a responsibility. It is an opportunity to maintain one of the basic principles of democracy -- having a voice in the selection of people who serve in official positions and being able to make that selection at the ballot box. But with this opportunity comes the responsibility to help make that selection by voting."

Gass reminds farmers that farming in Deaf Smith county has come a long way in the past 15 years and that the work of these committeemen and the programs they administer have played an important part in the program. He cites the soil and water conservation work that has been done under the Agricultural Conservation Program as an indication of the progress.

He adds, however, that "with population increasing at the rate of 7,400 a day, we can't let up on our conservation efforts. That's why community committeemen in 1953 will visit each farm in their community to help farmers use the program most effectively to carry out the conservation practices most urgently needed on the individual farm."

cause the work of these committeemen means so much to farming in this county and because the programs they administer are so essential to the welfare of all the people, no farmer who is eligible to vote should allow this election to pass without casting his ballot for the committeemen he thinks will do the best job.

State's August Draft Quota Is 2,733 Inductees

AUSTIN — State Selective Service headquarters was called on Thursday to furnish 2,733 men for the armed forces in October, the state's share of a national call of 47,000. This is the heaviest call placed on Texas since March 1951 and all inductees will be utilized by the Army.

Lt. Col. Morris S. Schwartz, deputy state Selective Service director, said quotas for local boards will be computed and put in the mail next week.

The October quota will be filled with men 20 years or older. State Selective Service headquarters said that at present it appears Texas can furnish around 400 men in October who will be 21 or older. The remainder of the quota will have to come from the 20-year-old group.

The local boards will not be able to send any men for induction in October below the age of 20 with the exception of delinquents and volunteers.

The October call compares with a September call of 1,188, previously announced. The October 1951 call was for only 807 men.

FRIDAY NITE

AUGUST 22

NO INJURIES WERE suffered when these and West Ninth Tuesday evening. Staff cars collided at the corner of Miles Photo.

softball team comprised of Mr. and Mrs. Glenn Nelson and sons returned Tuesday night from a trip into New Mexico. They visited Eagle Nest, Taos and Red River. They left Saturday.

Two-Car Accident At Intersection Of Miles-Ninth

Approximately \$300 in damage was reported in a two-car intersection collision at the corner of Miles and West 9th at 6:15 p.m. Tuesday night. A 1949 Dodge pick-up being driven north by Woodrow Jackson Wilson collided with a 1949 Ford sedan being driven west by George Arthur Hunt of Amarillo. No charges were filed, according to the report given by city Patrolman J. C. Mays, who investigated the accident.

Scout Troop 52 To Camp Don Herrington

Hereford's Kiwanis club will sponsor a week-end creative Scout camp for Scout Troop 52. On Friday afternoon, Kiwanians and their families will furnish transportation for the Scouts and drive them to the final camp for this summer.

The boys are expected to furnish the entertainment for the Kiwanians and their families with swimming included. The club will furnish a picnic supper. The Kiwanians and their families plan to leave Friday evening leaving the Scout troop and its leader, Wendell Burdine, to spend the week-end working under Scout activities. Three states have four-letter names; Iowa, Ohio, and Utah.

Alaskans Here To "Rejuvenate" Their Systems

Drawing power of "The Town Without a Toothache" reached up into Alaska and brought Mr. and Mrs. E. S. Moore down to Deaf Smith county for their health. The couple farms 160 acres of homestead land at Wasilla. Moore said he has just proved his homestead and he and his wife intend to live in Hereford "as long as is necessary" to restore the minerals in their bodies. "We're just going to rejuvenate ourselves," Moore told The Brand Wednesday.

Read Publicity
 Nation-wide publicity given "The Town Without a Toothache" about 10 years ago first gave Moore his contact with this area. The native Californian made it a point to come here for his health as soon as he was able. Moore's teeth are worn down to the gums from lack of all-ill in his Alaskan diet. He says they will grow out again in time with the locally-grown food which is heavy in alkali. One thing that amazed Moore is the fact that locally-grown foods are hard to find in stores here. "I went into a store to buy Deaf Smith county foods and found the same things on the shelves that I bought in Alaska." So he contacted local farmers and is making his diet up of these foods. The Moores left Alaska on June 20 and took their time coming to Hereford. They plan to stay in Hereford several months -- more if necessary. Their bones -- from living in Alaska -- are lacking in calcium as are their teeth and blood vessels. At present, the Moores are living in their own trailer home east of Hereford. It was brought to them from California when they arrived here.

IT'S THAT MAN AGAIN

Friona Girl Writes Of Voyage To Europe On SS. United States

(Ed. Note — Miss Marguerite Meyer, daughter of Revs. Mr. and Mrs. George E. Meyer of Friona, made a trip to Europe aboard the new American liner, the United States. Miss Meyer, who works in Boston, wrote her impressions of the trip aboard the new luxury craft to her parents.)

Dear folks — This is Tuesday and I have no idea what time it really is. Early each day we put the clock ahead, once one hour and the next 90 minutes and by the time they get through all you can count on is daylight and dark. We are proceeding very slowly through a calm sea, though we are due to land in Havre at 4 tomorrow morning, whatever time that is. It already feels as if we were close to land in contrast to the last few days when we seemed alone on a vast and limitless expanse of ocean, for today we have seen a small French fishing fleet with colorful sails and several freighters plodding toward port.

To begin at the beginning — The approach to the dock was one mass of honking taxis. When we got there we were directed way back to a freight elevator and rode up three stories, then showed our tickets, pass-ports etc. and were given passes and went up the gang plank and onto this tremendous boat — so huge it is hard to encompass. Excitement ran high. There were four times as many visitors as passengers all milling madly about trying to see people off and at the same time to get a glimpse of this fabulous ship. Great baskets of flowers and fruit stood around everywhere. I had my quota of flowers, a full one, telegrams, messages etc. In time the "All ashore that's going ashore" rang out and we who were going were soon left alone — I stood on the deck in the rain and waved the handkerchief you'd sent me, mother, as long as I could see anyone.

The New York harbor is beautiful to behold, even is a drizzle with the whole skyline in light. We passed Ellis Island, and then the Statue of Liberty and as I did so I thought what a wonderful sight it must be to those coming to the USA for the first time. At this point the sturdy little tugs that by some miracle can pull this big hulk went chugging back to port and we were on our own, going out to sea.

It is a strange feeling for a novice to lose sight of land and to be out where there is no perspective except as you try to distinguish where the water meets the sky. One begins to understand a little of the sailors' great love of the sea. The ship, a small world of its own, an absolute monarchy, as one of the passengers said, floated on an endless but ever changing ocean. The waves have such colors — greys, blues, and such depts. It is not hard to imagine "The Kingdoms under the Sea". In the wake of the great ship a lonely blue froth follows, with a fine spray called speed drift. Everything on the great ship is aluminum — rails, decks, furniture. The three classes of passengers are on all three decks, not one deck assigned to a class, and we have the whole protected back of the boat for our deck chairs. We have a lounge, a smoking room, a dining room, a theatre, a swimming pool etc. etc. It is some ship. The meals are — "out of this world" — The courses are all delicious. You can have anything and everything you want. Walter is our waiter at my table — He is a Filipino and you'd think that his only purpose in life was to stuff food down us. He'd gladly bring us two of everything on the menu.

I am going to complete this letter, rather end it, so that I can mail it at the first opportunity — I will continue my story in the next letter — I wish you were going too. Much love — Mar —

Lions Give Pins To Members For Attendance Marks

The regular Lions Club meeting was held Wednesday noon in the Hotel Jim Hill. As a business meeting they had presentation of club pins to the members that had attended each meeting for a year and also presented Lions club emblems and memberships to the eight new members. The members receiving 100% attendance pins were: Dr. M. C. Adams, Harry Caylor, Ray Cowser, W. L. Davis, Jr., Guy Lawrence, O. D. Lowry, R. C. McGilvary, Cleo Mehary, G. P. Owen, J. W. Robinson, Jesse Stanford, Sylvester Slagle, J. W. Whelan, Don Zimmerman. Emblems and memberships went to: John Estes, Horace Vaughn, Ray Semple, Kenneth Cowan, Coy Patton, Ralph Gregg, Dr. Lawrence, Dr. Mims.

OSCEOLA, WIS.—The new-fangled soaps are causing a lot of trouble in this country. Possibly because most of the towns are small, they do not have sewerage disposal plants like you find in Texas. Consequently, many homes have cesspools for sewerage. These new detergent soaps, they say, kill off the "good" bacteria, and the cesspools are not functioning properly. There is quite a howl and some old timers talk about going back to the lye soap days.

Crop spraying seems to be another phase of agriculture which we left behind in Kansas. Anyway, we have not seen any spraying in Wisconsin. This, perhaps, is due to the large amount of fine clover grown in the area. I am still amazed at the bountiful gardens. Ike Crosthait and Joe Beyer would love this country. You just plant the seed and sit back until beautiful, giant vegetables appear. The women, it seems, do most of the "kitchen gardening" and don't care to have the men messing around the kitchen plots. Apparently, they never think of watering the gardens. Flowers are likewise grown with ease and are generally considered part of the average garden.

Clara just came in all a-dither. She and Sally (her brother's wife) were out riding and dropped in on Betty Crocker, whose real name is Jeanette Kelly. Clara says Miss Crocker was out washing her car when they went past and her first words were typically Hereford. She said, "Come in and let's have a cup of coffee."

She says Miss Crocker has a most compact and efficient kitchen. She brews her coffee in a glass flask, but first puts a small cheese glass under an old-fashioned coffee grinder. After transferring the grounds to the flask, the coffee brewed out very strong. Week coffee, it seems, is one of Miss Crocker's favorite gripes. Clara was most impressed with the copper cooking utensils which Miss Crocker uses. A friend brought them back from France and she had

them re-lined with chromium so that they may be used for serving after the cooking is finished.

Miss Crocker hails from Helena, Montana, and is the third woman to hold General Mill's top culinary post. She is widely accepted among the old families, however, and comes out to Marine, a small town 35 miles from Minneapolis and about seven miles west of Osceola every night. She says it is cooler and she likes it. She brought her home there several years ago and refinished it. Clara says it is plain, but very comfortable. The girls, along with Miss Crocker, got a real kick out of the fact that America's most publicized cook had not a single bite in the house—not even a measly cookie.

It is still a small world. Our hosts, Capt. and Mrs. Castleberry, had some guests in for dinner the other evening and away up here, 1,200 miles from home, we immediately ran into folks with mutual acquaintances. Congressman O'Kanski of this district was in the group and he is a very good friend of Congressman Walter Rogers ofampa. In fact, they serve on the same committee. He also asked about Ben Guill and was happy to know that Guill will head the Texas Eisenhower Republicans. He says both of these men are away above average. O'Kanski is a Republican, as you would expect. Lt. Col. and Mrs. William Worden turned out to be close friends of Mr. and Mrs. Floyd Richards of Dalhart, Col. Worden is commanding officer of the radar base here and is just back from a tour on Okinawa, where he served in the same outfit with Capt. Castleberry. Mrs. Worden is from Louisiana and there became well acquainted with Mr. and Mrs. Richards.

Our Texas license plate still attracts wide interest. The guard at the entrance to the radar base stopped us yesterday and wanted to know if we had ever heard of Levelland, Texas. Turn-

out that he used to work for the Levelland newspaper and when he discovered that we knew Mr. and Mrs. Forrest Weimbold, the publishers, he was beside himself with joy. His name was James Sinclair. He likes it here, but is just a little homesick.

This occurred when we went on a special tour of the radar base. The government, it seems, has decided that more people need to inspect these installations which, up to now, have been strictly hush-hush. The Colonel had a regular tour scheduled and invited us along for the trip. The scheduled tour was for approximately 30 women, each president of a Catholic guild in one of the adjacent communities or towns. We were also accompanied by two priests and a Catholic chaplain. Several of these ladies, it seemed were active in volunteer ground crew observation units which supplement radar.

The tour was interesting and I want to say that they held back no punches. They showed us the works but, like ourselves, I am sure that radar is still a in the minds of those who made the trip. We went into the rooms and saw the actual screens as they revealed, clouds, planes and other objects. All scheduled flights in the area file flight plans that come into the station, which operates 24 hours a day. When an object shows on the screens, it is mapped and within seconds goes into identification where, if it tallies with previous flight plans, it clears. When something shows up, however, that has no flight plan or identification, it bounces after 60 seconds into another division—and then the trouble starts. Fighter planes are shot up from secret fields for identification—and I would hate to be one of "Uncle Joe's" pilots flying over the area. The same treatment is accorded reports from the volunteer spotters who telephone any planes observed from their particular sector. The spotters are most important in covering aircraft behind hills and flying at low altitudes. However, you can see what trouble these unidentified flying saucers cause.

Actual equipment, not including buildings, installation and man power costs approximately 2½ million dollars for the small unit. They also have a new spun glass cover for the antennae which has only recently been developed. This cover protects the giant windmill blades from weather, icing over and strong winds. It is, apparently, the first time a material has been developed which will not interfere with the radar transmission and reception.

The station here operates on REA, but carries its own power—just in case. It has to keep on operating at all times, 24 hours a day, 60 minutes an hour. I judge it almost takes an act of congress for the station to go off the air. I had no idea regarding the tremendous technical know-how required, nor of the security involved concerning radar.

We soon discovered that most of the people around here would make good Texans. At least, they take undue pride in bragging about how cold it gets, and to make them feel good we usually ask,

"Does it get very cold here in the winter?"

The stock answer of most service station men is, "Boy, you can say that again." Then they go into a song and dance about how it dropped to 40 below last year. Dr. Simonstead, the

local medic, was here the other night, though, and he says the normal temperature is around zero or slightly below—and that 40 below is most rare. He reminds me of Lyle Blanton in that he is a consistent flier. Pilots his own plane and has landed in Amarillo several times. The Doc is a regular fellow and says with conviction,

"Amarillo is the coldest place I ever saw in my life."

There are many old families in this country and most of them can trace right back to the days when their forefathers migrated down the St. Croix River. Many are French decent. They like to talk about the days when lumbering reigned supreme and, although the good timber is gone, everyone is "tree conscious". The Boy Scouts go out on tree planting excursions and, possibly a few generations from

now, this will once again become a timber empire. The trees are planted systematically, too. Soil conservation is likewise foremost in all minds.

This spring they sponsored airplane flights for farmers. The farmers for \$3 got a 1½ hour plane flight to observe the various farms and the importance of proper contouring, terracing and other soil conservation methods. Faust Collier might pick up an idea from this, as it seems most popular and did a lot toward encouraging good soil practices.

Fishing is an institution in these parts. I did a job of baby sitting the other day and took the kids out to a small lake. We rented a boat, got a mess of worms and started out. Drifting along the bank, they caught 60 or 70 sunfish. There is no limit on these fish and I wore myself to a nub baiting hooks and re-

moving fish. We threw back almost as many as we kept.

The small-mouth black bass provide top sport in this area, but I took some pictures the other night of two catfish. One weighed 86 pounds and the other weighed 48. They were caught on poles and took around two hours to land. Chub around 10 inches long were used for bait. Muskies and Northern Pike are also popular, but seems to be a little further to the north. The light tackle is surprising. It's no disgrace to be without an automobile, but boats are near essential. However, you can rent them almost anywhere, and plenty cheap. Rowboats go about 25c an hour. Canoes are also seen on every hand, but we have steered clear of them.

Local Roping Club Wins First Place At Riders Arena

"Figure 2" roping club was first in the calf roping held Tuesday night in the Hereford Riders club arena. The time on the three participating clubs are: "Figure 2" time on 12 calves -- 293.9; Adrian time on 12 calves -- 349.6; Dimmitt time on 12 calves 377.5.

One of the \$1 jackpot went to Earl Brown of Adrian whose time was .12 seconds and second place to Bronc Curry with 12.7 seconds.

Another \$1 jackpot went to Jack Atkinson with a timing of 15.6 seconds and second place to Earl Brown with 17.1 seconds.

The \$5 jackpot went to Spicer Gripp whose timing was reported at 18.3 and second to Earl Brown with 19.3 seconds timing.

warming the bench

By Wally Knief

FISHING— Was very much surprised to find Postmaster Jim Lipscomb (a dyed-in-the-wool fisherman and purportedly one of the best) standing in front of the frozen fish counter in a local food store. When we made some subtle crack about a great fisherman having to buy frozen fish, he grabbed a package of shrimp and stalked off, announcing that he was looking for good bait.

JUNIOR LEAGUE— The junior league night game is now history. It provided lots of entertainment for the fans and thrills galore for the fans, 250 strong, who came to enjoy the fun.

While watching the ball game, the fans dropped \$43 in the kitty for underprivileged kids in the Hereford public schools.

This junior league play is something we'd like to see perpetuated. In our humble opinion, the 53 youngsters who participated in the league for this short spell this summer, couldn't have been given any finer diversion.

Hereford NEEDS some summer diversion, whether we like to admit it or not. Somewhere our efforts will reach fertile soil. Not all the youngsters like to swim or play golf. We can't afford to let them loaf.

We'd like to hand out a bouquet right now to Bob Wear, H. V. Stanton and D. C. Martin for the fine work they have done. They spent their extra hours with the lads for nothing but the satisfaction of knowing they were helping some boys.

Credit goes too, to the Kiwanis club, for their financial and moral support of the budding ball players.

Don't let this thing die out.

FOOTBALL—

Local fans will be waiting for the opportunity to see the 1952 Whitefaces -- under new mentor "Scat" Russell -- swing into action. The schedule is filled with some toughies, but Hereford can be counted on to give a good account of itself.

Speaking of football, we can't see why the "big league" teams -- notably those who come to play in the Panhandle, Amarillo in particular -- don't gear their prices down to meet the local fans' taste for the grid sport.

In a stadium that seats 15,000 persons, \$6, \$4.80 and \$2.40 seats seem a little steep. They could

fill them with lower prices and foster rabid pro grid fans.

Outside Cross, Box and Flowers, the pros didn't have much to offer the local fans. Detroit and Chicago ball clubs this far away from their center of interest, don't make the people excited. Not at prices from \$6 to \$2.40.

THE FUTURE— Saturday night's wrestling card -- with more than 1100 fans jamming -- and we mean jamming -- the Bull Barn has created a new problem for the sports-minded locals. Eventually, it'll call for the building of a sports arena in Hereford. If the different political divisions can't get together on how, where and why to build it, some live-wire civic group will have to do it.

We bet it'll be done in the not-too-distant future. Then we'll have a lot of the skeptics trying to ride along on the coat-tails of progress.

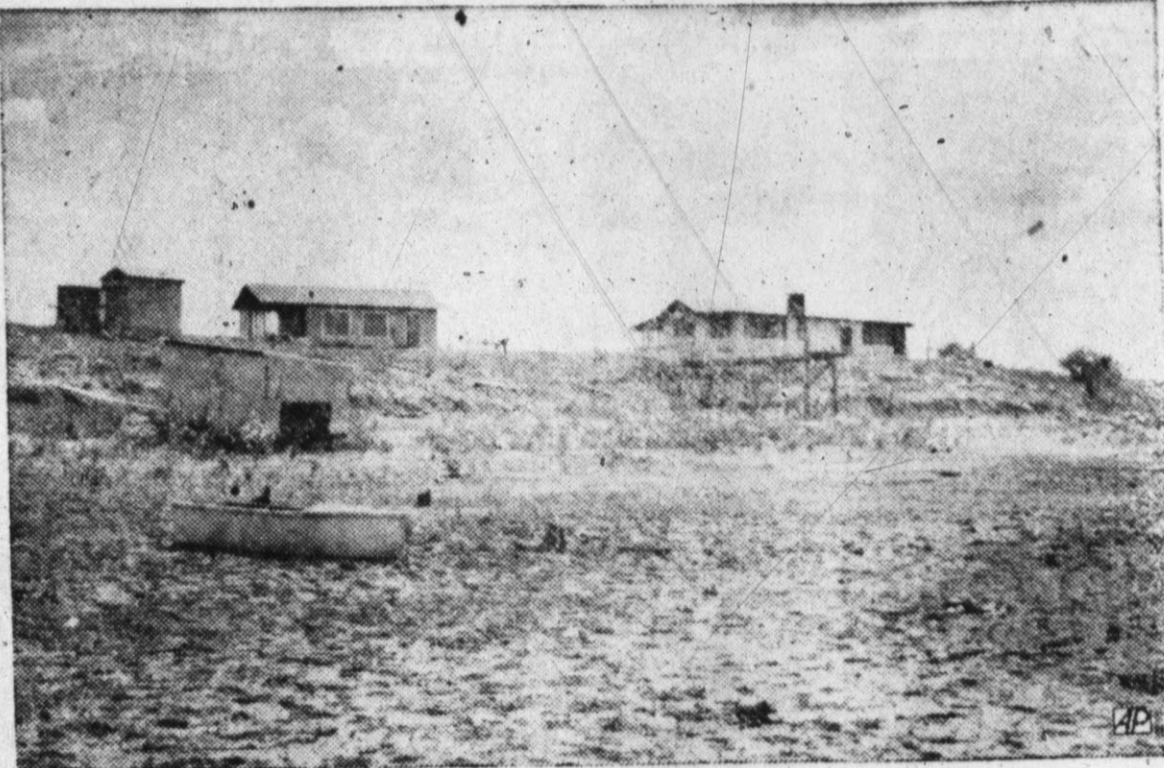

WRESTLING— Never before has there been a card quite like the one offered to local fans last Saturday night. Benito Gardini and Cowboy Carlson gave the fans their money's worth. So did Funk and Gory Guerrero.

Personally, we thought the Mildred Burke match was a dud. This was partly due to her opponent's lack of ring dynamite and partly a tribute to Mildred's amazing athletic prowess. THERE is a husky woman.

Outside of the novelty of seeing females put on an exhibition before a paying audience, the title match was nothing to shout about. We enjoyed the supporting and main event matches a lot more.

Not too long ago, two other girls hit the canvas here and did a better job of entertaining the fans. They were quick and mean. Mildred was just head and shoulders above Betty, we thought, and the action consequently suffered.

THE PASTE POT— Fishermen frequently move in on a lake or river, with shrinking shore line, to make a killing. When they fail, they cannot understand why having the fish in a small area is not conducive to better luck. The answer is that the big fish which usually feed on the small fish, are not hungry because they are better able to coral their prey -- thus the eligible fish, and not the fisherman, benefit from the reduced area.

NO FISHIN' HERE — One part of Phantom lake near Abilene gives an idea of the height of the former water level. Other portions of the lake, however, are said to contain a two-year supply of water. AP Photo.

BUT HERE THERE IS — "Lord Byron" Nelson, Texas squire who was golf's top performer a decade ago, proved at Keonrick, Wash., that he's as adept with a rod as with a putter. He and Mrs. Nelson caught these two big steelhead trout during a recent vacation. Nelson played tourney golf often in the Pacific Northwest while he was at the peak of his game.

More Liberal Waterfowl Season In Prospect For Texas Hunters

A more liberal waterfowl season is in prospect for Texas, the executive secretary of the Texas Game and Fish commission learned on a recent trip to Washington.

He said that the details will not be available until the United States Fish and Wildlife Service assembles data and makes the formal announcement. He expressed pessimism over the likelihood of having Texas zoned for waterfowl, but he foresaw compensating allowances.

The Game and Fish commission, in making its annual recommendations, asked that Texas be zoned for waterfowl and that if zoning were not allowed, that a state-wide season open on October 31. The theory then was that a season longer than the 50-day 1951 shoot was in prospect.

The executive secretary said he obtained the impression in Washington that any liberalizing in the waterfowl regulations would be in a longer season. He said this could be the outgrowth of increasing influence which the Council of Flyways has been conceding by the Fish and Wildlife Service.

This would be a key part of an entirely new approach to the regulatory problems within the Flyways. It would provide greater sensitivity to the needs of the waterfowl, to the problems of agricultural interests along the Flyways and in the winter feeding areas, and to the rights of the hunter.

"We are heartened by the reception of our plan received," he said, "We are confident that a large states' part in the waterfowl decisions will provide for better conservation and for a more equitable harvesting of the annual crop of waterfowl."

The executive secretary predicted that Texas hunters generally will be satisfied with the 1952 regulations, contents of

which he is not yet privileged to reveal. He said he was assured by Federal authorities and by representatives of the northern waterfowl breeding states that the waterfowl will be available in substantial numbers this fall.

Miss Laura Fuller and Bill Fuller of Chicago are visiting their brother and sister-in-law Mr. and Mrs. Grant Fuller. They arrive in Hereford Sunday and plan to visit here two or three weeks.

Mr. and Mrs. Jack Owen and family returned to their home in Carrollton, Mo., Tuesday after spending two weeks in the home of his parents, Mr. and Mrs. G. P. Owen.

Change Card
A little shift in the procedure put Miss Burke and Miss

Cowboy-Benito Set Fans Afire

Cowboy Carlson and Benito Gardini made a record crowd of approximately 1,100 Hereford wrestling fans forget Mildred Burke and her world's woman's wrestling crown Saturday night as their half of the main event climaxed -- with a REAL finish -- a night of top-notch wrestling.

A new high of 99¢ paid customers, with slightly more than 100 additional spectators, screamed their lungs out, not at the highly-touted Miss Burke, but at the two supporting bouts that saw sparks fly.

Challenger Outclassed
Mildred Burke defended her title, successfully, for the umpteenth time against Betty Hawkins, a capable wrestler although no match for the crafty Miss Burke.

It was an "exhibition" actually more than a title match, for Miss Burke toyed with her challenger and had things under control when she wanted them that way. She wasn't in trouble at any time although the challenger, who put on a good show, took the first fall of the night.

Mildred came back in a hurry to clamp falls two and three on her out-classed opponent.

Action Galore
The crowd came for excitement. They got it from the word "go."

In the first bout, two main events -- Dory Funk and Gory Guerrero -- battled to a one-fall, 20 minute tune. It was a rough and tough fight which went the full limit to a draw.

A standing room only crowd saw the Flying Mare ranch foreman engage in a rough and tumble affair with the smoothie from Mexico City.

It was ONE OF THE BEST supporting bouts here in a long, long time.

Change Card
A little shift in the procedure put Miss Burke and Miss

Hawkins' in the semi-windup, or first main-event, position for their two-fall exhibition, scheduled for an hour.

Betty Hawkins managed to snarl up the female champ in 10 minutes with a top body press following drop kicks.

Referee Johnny James had trouble with the challenger between the first and second fall as she apparently didn't like some of his calling. She pulled his hair and generally gave him trouble.

When the gong sounded for the second fall, Mildred Burke shook off her complacency and prepared to work the challenger over. She showed some of the stuff that has kept her champion for 16 years and more than 3,000 bouts, although she didn't need it for her "sparring partner."

Mildred flattened Betty in seven minutes with a neat body jackknife.

Shirtless John
Even James got into the act in the third fall of Hawkins came out slugging and both girls got tangled up with Johnny being the buffer for the conglomeration. In the process, Johnny lost his "T" shirt.

Mildred took the third fall, after being knocked out of the ring and hung from the ropes, in three minutes with a top body press.

Benito Gardini and Cowboy Carlson, who were to have met in a 30-minute semi-final event, ended up as the last main event in an hour-long match.

Title Bout August 23
Just before the bout, it was announced that Carlson, Southwest States Junior heavyweight titlist, would defend his crown in the Hereford ring Saturday, Aug. 23. With that, Gory Guerrero climbed into the ring and challenged the Cowboy, Gardini, who was already in the ring, echoed the challenge and said

he should be the man to have a crack at the belt.

Chris Belkas was the third man in the ring for the Cowboy-Benito affair and he had his hands full, although he took nothing off the troublesome "Little Flower."

Benito showed he could wrestle in addition to being a ring (Continued on Page 2)

Conservation Is Getting Bigger Play In State

AUSTIN — The Director of Conservation Education and Departmental Publications for the Texas Game & Fish Commission reports that the conservation movement in Texas has received greater emphasis this summer.

He said teachers from all sections of Texas, and from all grade levels, attended conservation workshops and training courses in many senior colleges and universities.

These teacher training centers included the University of Texas, Southern Methodist University, North Texas State, Texas State College for Women, East Texas State, Texas Arts & Industries, Sam Houston, Sul Ross, McMurry, Hardin Simmons, Abilene Christian, Prairie View and A & M.

Many other educational institutions were actively engaged in training teachers to teach Texas youngsters how to conserve the natural resources.

The director said that as a result of these training courses, hundreds more Texas teachers will be actually teaching boys and girls this fall the basic facts about our natural resources. They will emphasize, he explained, their present status, their value and proper use.

PITMAN SERVICE STATION MAIN STREET & HIGHWAY 69 Phone 588

I got Conoco's NEW 1-2-3 "50,000 Miles No Wear" Service!

Now is the time for all smart motorists to discover how Conoco's great new "50,000 Miles—No Wear" Service helps engines last longer, perform better, use less gasoline and oil!

This is exactly the same service that kept test cars new in Conoco's spectacular "50,000 Miles—No Wear" road test!

In that famous 50,000-mile test, with 1,000-mile drains and proper filter service, test car engines showed no wear of any consequence; in fact, an average of less than one one-thousandth inch on cylinders and crankshafts. Gasoline mileage for the last 5,000 miles was actually 99.77% as good as for the first 5,000.

Now you can get this same 1-2-3 "50,000 Miles—No Wear" Service, at your Conoco Mileage Merchant's, today!

Here's the Famous "50,000 Miles—No Wear" Service!

- 1 Your Conoco Mileage Merchant Will Drain Out Grit and Sludge, preferably while engine is hot. "Hot-oil" drains every 1,000 miles flush out grit, dirt, acid and contamination—leave your engine sparkling clean!
- 2 He'll Recondition Air and Oil Filters! He'll clean filter elements, replace dirty cartridges, record mileage. Every time hood is lifted, he'll check mileage to be sure filters have been serviced at proper intervals.
- 3 He'll refill with great Conoco Super Motor Oil! Conoco Super is fortified with additives that curb dangerous accumulation of dirt and contamination—protect metal surfaces from corrosive combustion acids—fight rust—and OIL-PLATE against wear.

This is a HEAVY DUTY OIL.

Three HD Women To Convention

Three Hereford delegates plan to attend the annual meeting of the Texas Home Demonstration Association August 26-28 at the Agricultural and Industrial college, Kingsville, Tex.

Those who will attend are: Miss Roberta Campbell, county chairman of the THDA and member of North Hereford club; Mrs. Joe Wagner, president of Westway club; and Mrs. R. C. Childers, reporter in Cultural Home Demonstration club.

A tour of the King ranch, tea at the mansion and a barbecue supper will be one of the special events for the more than 800 home demonstration club members who are expected to attend this annual meeting.

Mrs. R. M. Almanrode, THDA president, states that the theme of the meeting will be "United We Stand" and that Dr. Ernest Potet, president of A & I, will be the main speaker. Elections and installation of the officers elected will be the highlight of the convention.

There will be five workshops conducted by the chairmen of the Education, Legislative, Re-

creation, 4-H and Marketing committees of the Association. The Publicity and THDA workshops will be held in the convention proper with 45 minutes allotted to each.

Proposed changes in the Constitution and By-Laws will be an important matter taken care of in the business session along with the report of the Resolution Committee and routine business.

Mrs. Almanrode announces a post-convention trip to Reynosa, Mexico. The afternoon will be spent in sightseeing and shopping. After dinner, the women will return to Kingsville for the night and home the next day. The Hereford delegates plan to take this trip also.

Mr. and Mrs. Frank Bezner and family have returned from a vacation which took them to Pierre, S. D., where they visited Mr. and Mrs. Joe Marnell and family. From there they drove to Yellowstone National park and on to Salt Lake City. They returned home Sunday.

Tubercular Vets Get More Aid From Government

Legislation recently passed by the 82nd Congress provides certain benefits to veterans not heretofore granted, as well as increased compensation rates.

Identified as Public Law 427, a specific monetary amount is provided for eligible veterans who have arrested tuberculosis. Those veterans not receiving statutory awards for arrested tuberculosis and those veterans who are not receiving compensation for arrested tuberculosis must file a claim to receive this benefit.

The effective date of the increase in rates for those veterans receiving statutory awards or compensation was August 1, 1952, and such increase will be reflected in checks received September 1st.

For those veterans who must file a claim, and are proved eligible to receive compensation for arrested tuberculosis, the effective date of this new veterans' benefit will be the date the claim is received by the Veterans Administration.

Public Law 427 also authorizes to eligible veterans a specific amount of compensation for the anatomical loss of or loss of use of a creative organ.

Claims for either of these veterans' benefits may be filed by the veteran or his authorized representative and should be submitted to the Veterans Administration Regional Office, Lubbock, Texas.

ICE CREAM caught the fancy of all the youngsters at the annual Wyche community picnic Thursday at the Nolie Elliston home.

Korean Veterans Now Eligible For GI Benefits

Veterans with service anywhere in the world since the start of the Korean conflict, June 27, 1950, now may apply for education and training under the new Korean GI Bill, Veterans Administration announced.

A limited number of application forms are available at Veterans Administration Regional Office, Lubbock, Texas, and bulk shipment of the forms will be received in the immediate future.

Although post-Korean veterans may submit completed application forms now, VA cannot pay educational allowances for training for any period that begins prior to August 20, 1952. The four-page "Application for a Program of Education and Training" has five sections which must be completed by the veteran: (1) identification of the veteran; (2) program of education and training applied for; (3) education and training received while on active duty; (4) civilian education; and (5) employment experience. These five sections are contained on the first two pages. Page three is for VA use only and the last page contains instructions for the veteran to follow in completing the form.

Photostatic or certified copies of all discharges from the Armed Forces since June 27, 1950, must accompany the completed application. VA advises veterans to take great care in planning and outlining the program of education and training in the second section of the form, since VA may not approve more than one change of program under any circumstances.

After VA approves an application, it will issue a "Certificate for Education and Training" to the veteran which he can present to the educational institution or training establishment to show approval of his program. Veterans should make sure the school or business establishment is approved by the appropriate state agency for training under the Korean GI Bill (Public Law 550, 82nd Congress).

The Korean GI Bill prohibits VA from approving a program of education or training leading to an educational, professional or vocational objective for a veteran who is already qualified for such objective. It also prohibits the approval of avocational and recreational programs.

The new Korean GI Bill provides up to 36 months of training to veterans who were on active duty on or after June 27, 1950 -- the date of the outbreak of fighting in Korea -- regardless of where they served. While in training, these veterans may receive an allowance from the Government to cover part of their expenses.

A limited number of application forms are also available at VA Contact Offices located at Amarillo, Childress, Abilene, San Angelo, Odessa, and El Paso.

Further information regarding the Korean vets benefits may be obtained from Veterans Service Officer Ralph Smith, third floor, county courthouse.

Mrs. Alevyn Savage, Cortland, Keith and Sue left Saturday morning and drove to Carlsbad where they went through the caverns. Spent the night with grandparents, Mr. and Mrs. N. E. Savage, and drove back home Sunday.

Sister M. Norbert, order of St. Benedict from Subiaco, Ark. was visiting at the home of her sister, Mrs. W. J. Albracht, over the week-end.

One who is anosmic lacks a sense of smell.

Cowboy...

(Continued from page 1)

comedian. He was plenty tough with the Cowboy.

Quick Bell
Benito copped the first fall in 11 minutes with a back-breaker and forced the Cowboy to concede the fall. He had the fair haired Montanan down and wouldn't let him out of the ring, so they started mixing it up again with the referee calling for a quick bell. Cowboy put the "Little Flower" to bed in a quick one minute with his bulldog hold and top body press.

At the five-minute rest period, the "Little Flower" failed to take his rest in the dressing room and gave the fans a little show all his own. When Belkas re-appeared to handle the third fall, Benito tried to change third men but to no avail. He wouldn't wrestle with Belkas calling them, he said.

Open Slugging
The sky fell in the third fall with slugging taking the spotlight in a rough fall. It ended with Cowboy being thrown out of the ring and Benito trying to keep him out. The title-holder got back in and disposed of Mr. Milan in short order with knee lifts to wear him down for a top body press pin.

The largest wrestling crowd in the history of the Bull barn arena saw the thrilling card.

Girls From Community In 4-H Club Help With Concessions

By Mrs. R. C. Childers

Members of the Workers 4-H club and their sponsor, Mrs. M. G. Caywood and members of the various other 4-H clubs over the county worked on the concession stands at the wrestling matches Saturday night. Girls from this vicinity working were Paula Beth Corbett, Marie Hunter, Stella Hunter, Patricia Caywood, Patricia Childers and Lulu Harris.

Mrs. John Johnson and daughter Mary of Pampa spent the day Wednesday in the home of Mr. and Mrs. R. C. Childers.

Out-of-town guests in the Wayne Johnson home Sunday were Mr. and Mrs. A. H. Inman of Plainview, Mrs. Inman and Mr. Johnson are brother and sister. Mr. and Mrs. Earl Dehart and Kenneth spent last Sunday with relatives at Claude.

Mr. and Mrs. W. E. Robinson of Claude and Mr. and Mrs. T. R.

Humphries of San Antonio visited in the Earl Dehart home Wednesday.

J. H. Babcock Jr., son of Mr. and Mrs. J. H. Babcock of Keyport went home after spending the entire summer in the home of his aunt and family, the R. C. Childers.

The lettuce crops in this vicinity are being thinned out. This is done entirely by hand with short-handled hoes. It is thinned to about six or eight inches apart.

Dry land crops are burning up. Some of the irrigated feed isn't standing the heat too well. A rain is badly needed.

Mr. and Mrs. C. S. Barclay and sons David and Larry left Saturday for Paris, Texas, where they will visit Mr. and Mrs. Harold Balze and family. They plan to be gone about a week. The Harold Balzes are formerly of Hereford, moving to Paris about a

year ago.

Austin Johnson accompanied the Barclays as far as Iowa Park, where Mr. Johnson will visit friends and relatives, and then go on to Overton, Texas to visit his sister, Mrs. W. A. Mathis. Johnson has been in the R. C. Childers home since January.

Lula Mae Harris of Tipton, Okla., arrived Friday for a visit with friends in Hereford. She has been visiting Patsy Childers since her arrival. She will visit Mr. and Mrs. Earnest McGee some time this week.

Mrs. R. C. Childers, Raymon and Patsy spent Friday on business in Amarillo.

Patricia Hershey daughter of Mr. and Mrs. A. C. Hershey has been ill this week.

Mrs. M. G. Caywood and daughter Patricia were callers in the R. C. Childers home Thursday.

Patsy Childers was a caller in the home of Nari Longbottom in Summerfield Tuesday afternoon.

The E. Deharts were on a combined business and pleasure trip in Canyon Thursday. They were luncheon guests in the R. M. Seay home and, later the group went

fishing at Buffalo Lake.

Mr. and Mrs. Earl Dehart and Kenneth were among those from this community who attended the annual 4-H party at Central school Tuesday night.

Kenneth Dehart and Raymon Childers attended the DeMolay meeting Wednesday evening.

Mrs. Sophie Hoberer of Richmond, Calif., made her first plane trip from San Francisco to Amarillo on August 2.

Mrs. Jack Malotte and baby of Albuquerque have been visiting with her parents. She was called here by the serious illness and death of her father, Hall Beavers.

Mrs. Bessie Solomon of Dallas is a guest in the home of her daughter, Mrs. J. R. Johnson. Mrs. Solomon has been visiting relatives in Albuquerque for several weeks and will spend several days here.

CONVERSATION provided the entertainment highlight for the Wyche reunions at their picnic Thursday night. About 100 persons attended the event. Shown above,

from left, are: Bessie Patterson, Mrs. Loys Carmichael, Mrs. W. R. Scarth and Mrs. Alex Thompson, Alex Thompson Photo.

Household Scrapbook

By Roberta Lee

Invisible Cement

An invisible cement for mending glassware can be made by melting a little isinglass in spirits of wine, enough to cover; add a very little water; warm gently over a moderate flame. When thoroughly melted and mixed, it will form a transparent glue which will re-unite broken glass so firmly and nicely that the jointing will scarcely be perceptible.

Chamois Skin

Wash the chamois carefully in warm soapy water; then press carefully on a flat surface to dry. Do not hang in air or place on the radiator, as this will only make the skin hard and dry.

Cooler Beds

If a piece of Chinese matting is placed between the sheet and the mattress of the bed, it will be found to be very cooling in the summer.

FOR ATHLETE'S FOOT USE A KERATOLYTIC BECAUSE—

It SLOUGHS OFF the tainted outer skin to expose buried fungi and kills it on contact. Get this STRONG keratolytic fungicide, T-4-L, at any drug store. If not pleased IN ONE HOUR, your 40c back. Now at

HAILE DRUG

Blackheads

An excellent wash for blackheads can be mixed with the following: 36 grains of sub-carbonate of soda, 8 ounces of distilled water, and 6 drams of essence of roses. Apply with a small sponge after each washing, using gentle friction, always upward.

Perfume for the Room

Fill a bowl or vase about half-full of warm water, add a few drops of violet water or violet perfume, and it will give a fragrant scent to the room.

Meringue

Meringue can be prevented from falling by adding one-fourth teaspoon baking powder.

Removing Paint

To remove paint stains from the hands first oil them thoroughly with lindsed oil and then thoroughly wash them with soap. This will prove effective, if the paint has not been allowed to dry too thoroughly on the hands.

Tying Packages

To tie a package more securely, dampen the cord before wrapping it around the package. The cord will shrink and draw tight as it dries.

The Oil Mop

To clean the oil mop thoroughly use hot water, ammonia, and a small amount of washing powder.

Mildew

To remove mildew from white clothes, put a teaspoon of chloride of lime into a gallon of water. Dissolve thoroughly, put the garment in and stir until the mildew disappears. Rinse thoroughly. Chloride of lime bleaches so do not use on colored fabrics.

Class Entertains At Coffee-Party

Honoring those promoted to another class and new members, Gleafers class of the First Baptist church entertained with a coffee in the home of Mrs. Jake Moore Tuesday morning.

The serving table was laid with a cutwork cloth and mid-summer flowers in yellow and white formed the center piece. Mrs. Lowell Sharp poured.

Those present were: Mesdames M. A. Bettis, Lowell Sharp, W. S. Rice, B. A. Reddell, Tom Howard, J. R. Johnson, E. W. Young, Charles Dones and the hostess, Mrs. Jessie Solomon of Dallas who is a guest in the home of her daughter, Mrs. J. R. Johnson, was a guest.

Mr. and Mrs. C. J. Albracht, Tommy and Rodger and Mrs. John Albracht returned from San Antonio, where they attended the investiture of their daughter, Januta, who became a nun.

Mrs. Fred Haran of Dallas arrived Tuesday for a weeks visit here in the home of her brother, Emil Dettmann. She returned home with Mrs. Dettmann who had spent the past 10 days in Dallas.

Seeding Time Of Irrigated Pasture Is At Hand

Frio Home Makers Have Salad Making Demonstration At Meet

By Mrs. Owen Andrews
The Frio Home Makers club met Wednesday, Aug. 13 in the home of Mrs. Herbert Schmidt. "Salads" were discussed with two club members bringing examples of new ones they had made.

The new roster, bought by the club for club and community use, was on display. Only six members attended the meeting. They were: Mesdames W. A. Springer, E. H. Little, Floyd Cole, H. F. Benson, Owen Andrews and the hostess, Mrs. Schmidt. One visitor, Mrs. Art Schmidt of Wetherford, Okla., was also present.

The next meeting is to be at the home of Mrs. Gene Noel on September 10. At that time, a nominating committee for election of new officers will be appointed. The program is planned for a guest speaker.

Miss Gladys Thompson is visiting this week in Oklahoma, in the vicinity of Oklahoma City with her sisters and their families.

The J. B. Thompsons and Lester Irwins took Sunday dinner in the parental Thompson home. Afternoon callers were the M. B. Odums from south of Dimmitt, Mr. and Mrs. Godman, Barbara and Ronald who live near Amarillo.

W. C. Towns, who lived here in the early 1940s visited friends in this community on Wednesday. He took dinner with the Owen Andrews. The Towns family now lives in Terrill, Okla., where he is pastor of the Terrell Baptist church. He was conducting a revival at the Salem Baptist church northeast of Tulsa last week.

Vacationers are returning from their trips now. Mrs. H. M. Nobley, La Nelle and Don vacationed in Colorado and then went to Lamesa to visit Mrs. Nobley's brother. He and his family went with the Nobleys to Ruidoso for an outing.

The Robert Simpsons and daughter returned Thursday from a two week's vacation. They visited Robert's uncle, Munzy Martin at Ft. Worth, then traveled through Arkansas, part of Oklahoma and then visited friends in Joplin, Mo.

Clark Andrews, Glenn Andrews, Leonard Schmidt and Charles Ralph Springer returned Monday with the FFA group from Hereford from a camping trip in Colorado and New Mexico. There were 22 boys and the sponsor, Bill Stanford FFA advisor, making the trip.

The boys slept out and took turns doing cooking and other camp duty. They report a good time.

The McLellan family returned last week from a 10-day trip to Colorado. They were in the vicinity of Lake City most of the time.

The W. H. Andrews returned from a visit with Mrs. Andrews' relatives at Lawton, Ok., on Thursday. They were there also to attend the wedding on Tuesday, Aug. 12 of Miss Arnetta Wyrick to Theo Lamb.

Francis, Veradelle and Alma Andrews returned Monday from Amarillo where they had visited for a week with the Charles Kings, Mr. and Mrs. T. L. Sparkman Sr., were in Amarillo to visit his father, G. W. Sparkman, who has been ill. The Misses Andrews returned home with them.

Mr. and Mrs. J. E. Warrick and E. B. Berryman spent the week-end visiting their relatives at Wellington.

Mr. and Mrs. Billy Warrick were entertaining his father, from Idabel, Okla., last week. He also

is visiting another son, Elza Warrick.
Mrs. A. D. Johnson, Karen and Doyle, took Eddie Knight, who is spending the summer with the Johnsons to the Littlefield hospital Sunday as he had become ill. He was able to return home with them but was quite ill with a throat infection.

Mrs. Kate Lamb of Marlow, Okla., came Saturday to visit her nephew, W. H. Andrews, and the other Andrews relatives. W. H. went to Borger after her. She had been visiting her children there. On Sunday others visiting in the Andrews home were Mr. and Mrs. Fred Andrews, Mr. and Mrs. Ralph Hart and Mary of Melrose, Mrs. Louis Williams and baby of Clovis, Mr. and Mrs. Roscoe Burris of Texico, the T. L. Sparkman Jr., family, the Owen Andrews and Joe Ed, Mr. and Mrs. J. E. Andrews, Mr. and Mrs. Henry Andrews and Doris Jean, Pat Robbins, Mr. and Mrs. Bill Boyd and sons of Houston.

Delores Ann and Jackie Andrews went home with the Burrises to spend a few days.

Bonnie and Barbara Sparkman visited the first of the week with Doris Jean Andrews.

Mr. and Mrs. Bill Boyd and sons arrived Tuesday of last week, to make their home in this vicinity. They are from Littlefield but have been spending the summer near West Plains, Mo. Bill was here several weeks last spring building the W. H. Andrews home. He plans to continue working at his carpentering trade. They are living temporarily at the Allen duplex west of the highway department barn in Hereford. Bill is a cousin of W. H. Andrews and the family stayed in the Andrews home a few days last week until they could get moved. The sons will attend school at Hereford, Houston being a freshman in high school, Jimmie a sixth grader and Edwin is in the third grade.

Sharon Odom, daughter of the M. B. Odums of south Dimmitt, visited the week-end with her cousin, LaVon Thompson.

The J. H. Dobbs are visiting their relatives at Sparta, Tenn., last week and this. They write that rain has at last broken the drought there. They are visiting both Mr. and Mrs. Dobbs fathers and several brothers and sisters. They plan to be home the last of the week.

Gene McClennen, of Comanche, Okla., is spending a few days here. He is staying with his aunts, Mrs. Jim Brooks and Mrs. D. O. Benson, and helping with farm work around here.

The W. O. Wilsons visited their son at Anton Tuesday night.

Break Palo Duro Attendance Mark

The calendar year attendance record at Palo Duro Canyon State park was broken Sunday morning when Mrs. W. J. Lambright of Pampa, Texas passed through the gates. Mrs. Lambright was number 113,780 to

pay attendance at the park in the previous high was 113,780 set in 1951. Every person that pays admission to the park from now until December 31 will have the honor of being a record breaker. John L. McCarty, park manager, estimates the attendance at the world's most colorful Canyon this year will exceed 150,000 persons.

Installation of a large number of additional concrete picnic tables, benches and steak grills this fall is expected to increase the autumn and winter attendance.

Family Reunion

The family of Mrs. Rose Nesbitt of Lubbock held a reunion here Sunday at Veteran's Memorial park. Mrs. A. S. Bell, one of Mrs. Nesbitt's 11 children resides in Hereford, which is a central point for relatives who live near here. All 11 children and their families

attended the reunion. Those present were: the honoree, Mrs. Rose Nesbitt of Lubbock, Mr. and Mrs. A. S. Bell and family of Hereford, Mr. and Mrs. G. G. Nesbitt and family of Morton, Mr. and Mrs. Dan O'Donnell of Canyon, Mr. and Mrs. Bill Nesbitt and family of Lubbock, Mr. and Mrs. Earl Nesbitt of Lubbock, Mr. and Mrs. Emmitt Scott of Idalou, Mr. and Mrs.

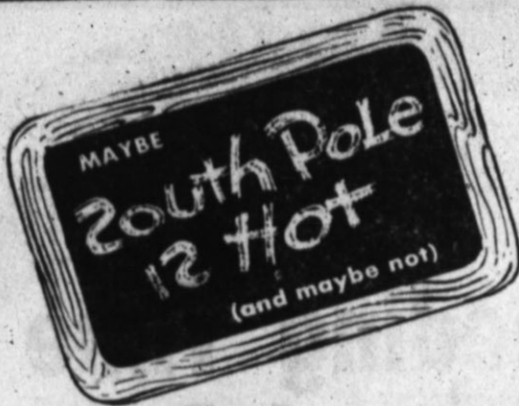

Rudy Strangle and Mr. and Mrs. Paul Nesbitt of Amarillo, Mr. and Mrs. James Nesbitt of Borger, Mr. and Mrs. Ernest Cotton of Cactus and Mrs. W. A. Miller of Lubbock. A nephew and his wife, Mr. and Mrs. Paul Nesbitt of Clovis, were also guests at the reunion. Only about eight per cent of polio cases are now fatal.

Two Local Men Aid Planning For State Fair's Panhandle Exhibit

Two Deaf Smith county men -- County Agent Hugh Clearman and Colby Conkwright are members of a Panhandle committee cooperating with State Fair of Texas officials in working out the colorful Panhandle exhibit of the 1952 Story Book of Texas Agriculture to be featured at the fair October 4-19.

The committee includes Knox Parr, co-chairman, Amarillo; Doris Leggett, co-chairman, Amarillo; Dora Cuppen, Starnett; Zach Jagers, Spearman; Dr. Charles Wittfield, Amarillo; Kenneth Porter, Amarillo; Art Bralley, Amarillo; Hugh Clearman, Hereford; Stanley Garnett, Spearman; Kenneth Kendrick, Stratford; Bruce Parker, Pampa; Mrs. R. F. Campbell, Wildorado; Colby Conkwright, Hereford; June Gibbs, Spearman, R. V. Thurman, Lubbock; and Fred Dines, Amarillo.

The Panhandle exhibit honors Armstrong, Carson, Castro, Collingsworth, Dallam, Deaf Smith, Donley, Gray, Hansford, Hartley, Hemphill, Hutchinson, Lipscomb, Moore, Ochiltree, Oldham, Farmer, Potter, Randall, Roberts, Sherman and Wheeler counties. It will feature a display of wheat -- King of the Panhandle crops. A miniature combine will thresh real wheat all during the fair. The wheat will be dumped into small trucks in a manner designed to show the proportion of wheat go-

Roberts and Mrs. S. H. Brown- ing. The next meeting will be with Nancy Jean Fortenberry on August 28.

Mr. and Mrs. Bill Messick of Plainview have been visiting their son, W. J. Messick, and his family in Hereford.

DECLINE OF TEXAS' SMALL FARMS

What has become of the "40 acres and a mule?"

Where are these small farms, which were passed from father to son and worked by all members of the family? Why is the younger generation forsaking the land to seek a livelihood in big cities?

The modern trend toward a larger metropolitan population and a corresponding decrease in rural residents is being viewed with alarm by many persons. The question foremost in their minds is: "Will the declining rural population in Texas hurt the state's future agricultural productivity?"

A parallel situation arose about 150 years ago when Thomas Robert Malthus, a brilliant but rather short-sighted English economist forecast starvation for the human race. The world population, warned the Englishman, is

fast outstripping agricultural production.

But Malthus underestimated the farmer's ingenuity in constantly improving his crop raising methods. Because of this ability, and the advantages of mechanization, the present day farmer produces enough food for himself and 13 other persons, plus a vast quantity of goods for foreign export. In Malthus' day, however, it took three men on the farm to feed one man in the city.

The rural population may be declining in Texas but the land is not being abandoned. Instead, more land is being farmed by fewer people. While there has been a decrease of some 4,500 farms in the state since 1919, the total cultivated land has increased 31,368 acres.

Farm tenancy was 37 per cent in the state in 1945. Five short years later, the figure was re-

Harvesting Costs TUMBLE PROFITS GO UP

...when you use a **JOHN DEERE TWO-ROW COTTON HARVESTER**

You'll cut cotton harvesting to a fraction of what they used to be... boost profits way up by mechanizing your cotton harvest with John Deere Two-Row Cotton Harvester.

Many John Deere owners reports savings of more than \$30 per bale over hand-pulling costs. What's more, you finish harvesting in far less time... do cleaner work.

The John Deere does an excellent job in any cotton suitable for mechanical harvesting. Stripping two 38 & 40-inch rows at a time after defoliation or frost, it saves more cotton than the average hand-puller. And, there's no sacrifice in quality, for cotton stripped by the John Deere grades as high as that hand-pulled at the same time. See us soon.

O. H. HERRING PHONE 5 DEAN HERRING

How Can I?

By Arnie Ashley

Q. How can I draw out hidden worms and dirt in cauliflower?

A. Soak it, head down, for one hour or more in cold water, to which add for each quart a teaspoon of salt and vinegar; this also freshens it. Always boil with the head down so that steam will not settle on the white parts. Boil cauliflower in a cloth and it can be lifted out and served whole and unbroken.

Q. How can I completely deodorize dress shields when washing them?

A. Add a little ammonia to the water and there will be no odor.

Q. How can I attach a meat grinder to a white enameled kitchen table that is slippery?

A. Place a small wad of paper between the grinder and the table, tightening the screws on the paper instead of the table. It will be secure and safe.

Q. How can I remove mildew from linen goods?

A. Wet the linen with soft water and rub it well with white soap. Then scrape some fine chalk into powder and rub well into the linen. Lay it on the grass in the sunshine, keeping moist with soft water.

Q. How can I make use of the vinegar in which mixed pickles are packed?

A. This vinegar gives a delicious flavor to salad dressing, much better than ordinary vinegar.

Q. How can I make wallpaper paste?

A. By mixing flour and water to a thin paste. When the mixture boils add a little powdered alum. Boil until the proper consistency for paste.

Q. How can I clean lace that is very fine and old?

A. If reluctant about laundering, shake powdered magnesia over it thoroughly, wrap in a towel, and allow to stand for several days. Then shake out any powder and press carefully.

Q. How can I dispel disagreeable odors from the kitchen?

A. The odors will disappear if sugar or dried orange peels are burned on a pie pan or tin shovel. This can be done over a low gas flame or an electric plate.

Q. How can I freshen stale vegetables?

A. Soak them in cold water, to which some vinegar or the juice of a lemon has been added.

Q. How can I retain the auburn tint in my hair?

A. A few cents worth of tartar diluted in a pint of warm water is one of the very best preparations for retaining the tint of auburn hair. Rub this into the hair until a good lather is worked up; leave on hair for about half an hour before rinsing in clear water. This cleanses and also brings out the auburn tint in the hair.

Texas Is Nation's Greatest, Poorest Cotton Producer

Texas is at the same time the nation's greatest cotton-producing state and one of the poorest.

The Lone Star state normally produces from a fourth to a third of the nation's cotton. No other state approaches Texas in total cotton production.

But on a per-acre-yield basis, Texas is almost at the bottom -- a position it has held consistently in recent years.

This year, for instance, the latest U. S. Department of Agriculture report estimates the Texas cotton crop at 4,200,000 bales. That's more than 25 per cent of the indicated crop for the entire nation -- 14,735,000 bales. In No. 2 place in the nation as a cotton-producing state is California, with an indicated 1952 crop of 1,880,000 bales.

But Texas is way down the list when the comparison is on the basis of yield per acre. In the bottom spot, with an expected yield of only 173 pounds an acre, is Oklahoma. Texas is next to the bottom at 184 pounds an acre. By contrast, Arizona is expected to produce 750 pounds per acre -- more than four times as much per acre as Texas.

Other states with high per-acre yield expectations include California, 645 pounds per acre; Missouri, 407 pounds per acre; and New Mexico, 467 pounds per acre. In many of these of course, the proportion of irrigated cotton acreage is higher than in Texas.

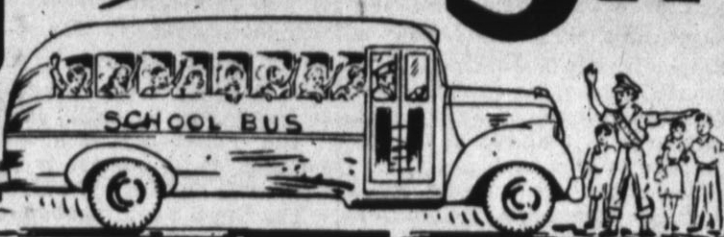

Mr. and Mrs. J. E. Young, Frances and Edward, left Wednesday on a vacation trip to points in New Mexico and Colorado.

Mr. and Mrs. P. O. Southall, John and Anna Jo left Monday to visit with relatives in De Leon, Tex.

Mrs. Don Taylor, the former Eloyse Pitman, from Louisiana, Mo., is visiting her family, the J. H. Pitmans, and plans to stay about a month.

CONG. ROGERS SAYS

Visit Into District Made By Rogers Before Capitol Trip

This is the first newsletter that has been written in several weeks for the reason that I have been visiting in the District, as many of you know. I am sorry that I wasn't able to remain in the District longer, but was forced to return to Washington in order to appear in behalf of several constituents before some of the bureaus.

Shortly after coming to Washington I discovered that a personal appearance before these bureaus on behalf of veterans and other persons whose rights were involved was much more effective than letter writing. The drift toward assembly line treatment of many of these problems was alarming to me.

A great number of these people whose daily lives and businesses could be materially affected by these bureau directives do not have the finances to make a personal appearance or to employ counsel to represent them. It is my thought that if enough appearances are made be-

fore these boards and bureaus on behalf of these unfortunate people, much good can be accomplished toward proper treatment of the matters. During the last session of Congress, the Veterans Affairs Committee, of which I am a member, had before it a bill providing that claims of veterans could be appealed from decisions of the Veterans Administration to the courts. This was known as the "Judicial Review Bill". I was on a subcommittee that held hearings on this bill, and I state to you frankly that I hoped it would pass. It did not reach the floor of the House before adjournment, therefore it must be taken up at a special session of Congress or refiled after January, 1953. It is my intention to see that such a bill is refiled so that these veterans may have access to the courts, where they can make a personal appearance and be viewed as a human being rather than another file number.

The trip to the District was

MRS. GILMER-AIKEN, 1952—Mrs. W. J. Jones, Prement, Texas school teacher and graduate student at Texas A&M this summer, was voted Mrs. Gilmer-Aiken of 1952 at the Kingsville school in a contest sponsored by the South Texas campus newspaper. Mrs. Jones was chosen because she was typical of the hundreds of teachers at the school's summer classes. AP Photo.

DAWN NEWS

Bridal Shower For Miss Wilma June Wilcox, Thursday Afternoon

By Beartha Frye

A bridal shower honoring Miss Wilma June Wilcox was given Thursday afternoon in the home of Mrs. Carl Wimberley.

Hostesses were Misses Wanda Sue Wimberley and Ginger Smith.

Guests included: Mesdames Paul McClung, Earnest May, Melvin May, W. W. Wilcox, Dorothy Sargent, H. S. Fuller, Edgar Lemons, Walter Lemons, W. D. Jernigan, Carl Wimberley.

Misses Ruby Wilcox, Wanda Mae Wilcox, Darlene Moore, Margie Ford, Martha Waller, Dona Airhart, Irlene Galley, Emma Jervigan, Sara Jo Smith, Jeannette Smith, Phyllis Ann Wimberley and the hostesses.

Those sending gifts were: Mesdames J. D. Burner, C. C. Stewart, H. H. Miller, William Wimberley, Walter Galley, L. L. Airhart, Alfred Smith.

Mr. and Mrs. H. T. Wedel of Hereford and their son-in-law and daughter, Mr. and Mrs. Elmer Richardson and children of Slater, Ia., were visitors Thursday afternoon in the H. H. Miller home.

Mr. and Mrs. White Griffiths of Earth visited Friday and Saturday in the R. A. Frye home.

Mrs. J. W. Dart was able to leave the hospital at Canyon on Saturday and is spending several days with relatives at Panhandle.

Mr. and Mrs. Henry Miller recently returned from a trip to Oklahoma.

Mrs. Walter Beavers and Manuel spent several days last week in Oklahoma and returned Saturday night. Walter, who has spent several weeks in Oklahoma, returned home with them.

The Dawn Home Demonstration club will have a picnic at the J. B. Caraway home August 22.

Mr. and Mrs. Charles Corder spent Sunday in Clovis.

Bridge Party Honors Mrs. A. P. Jones

Mrs. Richard Winget and Mrs. R. A. Daniel Jr., were co-hostesses Tuesday evening in the Winget home, honoring a former resident, Mrs. Andrew P. Jones of Alexandria, Va., who is visiting her parents, Mr. and Mrs. Frank Barber and other relatives here.

Three tables of players enjoyed the contract games with Mrs. C. C. Nolen of Austin receiving the high score award and Mrs. R. N. Yarbrow low. Mrs. Daniel won the traveling prize.

Those present were: Mesdames Earl Stagner, Darrell Blanton, R. N. Yarbrow, Herbert Haseloff, C. C. Nolen of Austin, Bill Dameron, James Edmundson, O. G. Hill, Jr., Bill Patton, Preston Hagans and the honoree.

Dr. G. B. Adams and family of Vernon will be week-end guests of Mr. and Mrs. Herbert Haseloff.

The Green Mountains of Vermont belong to the Appalachian Range.

most enjoyable and I hope to return for another visit as soon as the backlog of work in the office has been disposed of. There were many places that I wanted to go but could not because of the limited amount of time. Two of the most impressive sights that I viewed during the trip were at Stinnett and Dumas. The one at Stinnett was the grand improvements that have been made there. Sometimes as you watch these improvements progress they do not appear as outstanding as they do to one who has been away from the town while they were being made. This work at Stinnett has certainly done wonders for the town and the citizenship there are to be highly commended for the fine and outstanding progress they have been making. The other matter to which I refer is the new Hotel Sneed at Dumas, Texas. I had the honor and pleasure of attending the opening when the hotel was officially opened. I heard a wonderful talk by Mr. Harold Dunn, and wish that his talk could have been heard by all the people in that section of the country. In fact, it would have helped for it to have been heard by every American. Bill Rutherford did a wonderful job of introducing Harold, as he usually does. Jess Cooper and Ivan Boxwell played important parts in this ceremony, as did Bill Smith, all fine citizens of the Dumas and Moore County community. One of the most impressive things about the hotel is the fact that it was built without aid from Washington. The people of the Dumas community can be justly proud of their accomplishment and the great contribution that they have made to the Panhandle, not only in the erection of a fine building, but in proving that progress can be made by a local community without the help of the federal government.

Everything in Washington is quiet at the present, but as most of you know, it could well be termed "the calm before the storm". Should the President call a special session, the pot will certainly begin to boil. Should he not call a special session, the calm will be short-lived because there are many things to be done by the 83rd Congress.

PAYLOAD -1195 extra pounds of it!

—to cut your costs, increase your profits!

GMC engineering brings you this great new Model 470 highway tractor that hauls up to 1,195 pounds more cargo than any other vehicle in the 45,000 gross weight class.

Here are the reasons why. It will pay you to study them carefully.

Sensational new engine. Model 470 is powered by GMC's new 145 h.p. valve-in-head "302" engine—the most powerful gasoline engine for its weight in truck history.

Maximum power-to-weight ratio. The "302" engine weighs as much as 500 pounds less than other engines of comparable power, due to new high efficiency design.

Highest compression—7.2 to 1—exceeds any other standard gasoline truck engine, accelerates faster. Delivers full power at an easy-stroking 3,200 r.p.m.

More ton-miles per gallon—less dead weight in engine and chassis means more profit in every mile.

Highest payload capacity—upwards of one-half ton greater than any other tractor of the same GCW rating.

Price—the biggest surprise of all. Compare the price you have to pay for this pace-setting GMC against the field. Nowhere else will so little buy so much in a 3- to 4½-ton tractor.

Why not come in and see for yourself?

SHOWS HIS LOYALTY—The flag of Texas proudly flies over the power launch "Swamp Beaver" as it crosses the Cumberland river in Tennessee. The launch, commanded by Lt. Col. Harold E. Beatty, left, of Palopinto, Texas, is connected to "ferry bridge", a section of a pontoon bridge used to carry both troops and equipment across water. Beatty is commanding officer of the 127th Airborne Engineer Battalion. AP Photo.

Long Time Ago

45 Years Ago
(Aug. 16, 1907)
Mr. Weatherford of Uniceville, Mo., presented the citizens of Hereford with a proposition to establish a flouring mill, if the citizens would give sufficient encouragement. Plans are for the mill to begin work by the first of September and would be about 100 barrels capacity.

During the night this week, we have had a brilliant display of heavenly pyrotechnics in the form of shooting stars. A great shower of stars, something like the event of 1833 had been predicted, but it seems that the number falling would not justify a comparison, though a large number have fallen each night. Besides the beautiful display of falling stars, we have had a comet of unusual interest, appearing in the northeast. It may be seen from about 4 a.m. until sunrise. Those who can break from the arms of morpheus at that hour may be repaid for their early rising by taking a look at the comet.

At a meeting of the Commercial club Monday evening it was decided to change the number of days of the annual celebration so that it would include three days—Thursday, Friday and Saturday, Sept. 5, 6 and 7—instead of two. Some of the committees made partial reports and considerable interest was manifested in the approaching celebration of the birth of the "Gem City of the Plains".

Pursuant to a call by the citizen's committee, a large crowd numbering perhaps 700 people, consisting of men, women and children, assembled at the Lake View pavilion last Sunday evening for the purpose of discussing the question of the opening of a pool hall in Hereford. It will be remembered that some time last winter, a mass meeting was held and resolutions were adopted protesting against the opening of a pool hall as was contemplated at that time, and a committee known as the Citizen's Committee, was appointed to wait upon those who intended to open the hall and enter a protest. The work of the committee was effective and the hall was not opened. Recently the committee had a similar duty to perform and the people who intended to open a hall waited upon. It was decided that the committee be instructed to continue their efforts, both morally and legally, to carry out the wishes of the people in the protest against the continuance of the pool hall.

George Alfalfa Farmer Parker, of Hereford, is getting hot under the collar; and all because, somebody called him a banker. He claims banking is only a side issue with him, and wants it dis-

tinctly understood that his principle vocation is farming.

25 Years Ago
(Aug. 18, 1927)
Hereford is growing and the appearance of the city is also improving, with the construction of paved streets. However the report is that to make the most of the possibilities of the city a paved highway to bring tourists through here is necessary.

By defeating Fred Patton in the finals of the Class A section of Hereford's first city golf tournament last Sunday, J. J. Clark, druggist, won for himself the title of Champion of Hereford. Clark's victory came after what spectators reported to be one of the hardest fought contests of the entire tournament.

Installation of the new \$2,800 pumping unit has been completed this week, according to Mayor E. S. Ireland, and the pump will be put into operation in the near future.

The new well pump, which has a capacity of nearly 1,200 gallons per minute, was installed by D. L. McDonald.

"With completion of the installation of this pump, Hereford's water supply problem is solved for many years to come," said Mayor Ireland.

Hereford's oldest produce merchant, I. H. (Jack) Spratt, will reopen his Hereford Produce and get back into the swing of things next Saturday, August 20, after an enforced vacation since May 25 due to a threatened physical breakdown. At that time Mr. Spratt sold his grocery department to Mont Baker and since then has been taking a much needed rest and tuning himself up for renewed business activity.

August 26 has been set as the tentative date for the beginning of actual practice for members of the 1927 football squad of the Hereford high school, according to word received by Supt. C. H. Dillehay, from Coach J. Forrest Riggs, who has been spending the summer in Kansas. Candidates for the teams will receive their equipment early next week.

Mrs. Homer Brumley and children left Monday for a visit with her mother in Branson, Mo. On their way, they stopped by Amarillo and picked up Mrs. Brumley's sister, Mrs. Tommy Pope, and child, to travel with them. They plan to be gone two weeks.

Mr. and Mrs. O. P. Cowart and family attended a reunion of the Cowart family in Amarillo Sunday. Approximately 60 relatives gathered for the occasion including Mr. Cowart's mother, Mrs. I. Cowart, and his brother, W. E. Cowart of Chicago.

Surprise Shower For Mrs. Bill Cargo On Friday Afternoon

A surprise pink and blue shower was given Friday afternoon for Mrs. Bill Cargo in the home of Mrs. Joseph Cargo.

Games, which were furnished by Mrs. Violet Williams, were played after the presents were opened.

Those attending were: Mesdames Ralph Price, J. W. Buckalew, Leona Cargo, R. L. Williams, the honoree and the hostess. Gifts were sent by Mrs. Fred Oberthier and Mrs. Ray Smith.

Mr. and Mrs. R. A. Daniel Jr. and daughter Karen, left Thursday for an overland trip through parts of New Mexico and Colorado.

Newlyweds Are Honored

Mr. and Mrs. Loy Smith who were married recently in Floydada, were honored at their home, 208 Kibbe St., Friday evening with a surprise post-nuptial shower.

Mrs. J. T. McGuire gave readings and each guests gave advice to the bride and bridegroom.

The shower was introduced in a treasure hunt as the couple followed clues that led to gift packages.

Those attending were: Mr. and Mrs. John Renfro, Mr. and Mrs. J. P. Pope, Mr. and Mrs. J. P. Roney and Mrs. George Clark of Long Beach, Calif. Mr. and Mrs. Ed Curtsinger, Mr. and

A draft is a written order to pay; a note, a written promise.

Mrs. Gilbert Hooper and Mr. and Mrs. Malcolm Cassels. Also: Mesdames Leona Burleson, Dean Brooks, D. W. Crawford, Roxie Brooks, Carl Schroeder, Elmer Jones and Patsy, Jerry Albracht, Hubert White, and Troy Ray Schuder.

Mr. and Mrs. E. B. Braddury from Kansas City, Mo., arrived Wednesday for a short visit with the J. A. Pitmans.

Mrs. J. M. Brownlow left Monday for points in California for a short visit there with relatives.

HOME OWNERS' QUESTION BOX

Q—What is the greenish film that forms on copper pipes and how can it be removed?

A—The green deposit is caused by oxidation, similar to rusting of iron. It can be removed by washing with ammonia.

Q—How can bulged linoleum be flattened?

A—If the bulge is along a seam, lift the edge and push linoleum paste under the loosened section. If the bulge is in the middle of a sheet, cut through the center of the bulge with a sharp razor blade and squirt paste underneath with an ear syringe. If the cut is made along a line in the pattern, it will not show. Weight down repaired areas until the paste dries.

Q—If the roof of a house has ugly lines, what can be done to make it less noticeable?

A—A situation like that calls for clever use of color. The solution is to make the roof and the sidewalls the same color, or, at least, to have a roofing color and a sidewall color that blend closely with each other. Asphalt shingles are ideal for that purpose. They are made in both solid and blended colors, ranging from subtle pastels to black.

Q—If oil has been spilled on a softwood floor, staining the boards, what can be done?

A—Cover the stain with dry portland cement or plaster of Paris as soon as possible after the oil has been spilled. This will absorb the oil. If this doesn't work, try gasoline or benzene, taking precautions against fire.

Q—Is it possible to get rid of clothes moths by finding their breeding place and destroying it?

A—Yes. If there are moths in a house, there usually is a central place from which they come. This might be an old carpet or a bundle of old clothes hidden away on a closet shelf or in the attic. If moths are frequently seen, a search should be made for this "nest."

Roy Ford Is Rotary Speaker

Roy Ford, departing pastor of the First Christian church, gave a classification talk on religion before the Hereford Rotary club on Friday.

Honored guests were the Fords, who are leaving for Albuquerque where he has accepted a pastorate.

Visiting Rotarians were Jack Spratt of Lubbock and Bob Lindsey of Borger. Guests were Bob Timmons, Wiley Crum, Mrs. Jacobs, F. E. James, Carl Solomon and Cleo Meharg.

Mr. and Mrs. E. S. Ireland and Mr. and Mrs. Edd Ireland and son of Sweetwater left Friday for a vacation in Colorado.

In 1950, 11,062 books were published in the U. S.

JO ANN CUPPELL was honored on her 11th birthday last Thursday by her mother, Mrs. Jo Ed Cupell. Her guests are shown with her in the picture above. They are, front row, from left: Ada Mae Bettis, Joyce Berry of Amarillo, Jo Ann

Cupell, Patricia Ann Howard, Carol Ann Newell and Albert Cupell, back row; Peggy Graham, Linda Hair and Melba Gay Lawrence. Staff Photo.

Jo Ann Cupell Is Feted On Birthday

Jo Ann Cupell was named honoree Thursday afternoon when her mother, Mrs. Jo Ed Cupell, complimented her on her 11th birthday with a party.

Games were enjoyed and baskets of candy were given each guest as favors.

Those attending were: Carol Ann Newell, Patricia Howard, Linda Hare, Ada Mae Bettis, Peggy Graham, Joyce Perry of Amarillo, Melba Gay Lawrence, Arline and Linda Cupell of Vega and the honoree.

Jo Ann's paternal grandmother, Mrs. J. E. Cupell of Vega and her great aunt, Mrs. Gertrude Gregg of Marshall, were also guests at the party.

"All my life I've wanted to own a Buick"

Power Steering on the Roadmaster and Super

Power Steering now available on Super as well as Roadmaster—optional at extra cost.

It seems that owning a Buick is something that a lot of folks dream about—plan for—and finally do. We say that because, so many times, they say so in words like those above. Those words make us happy, of course—happy to know we sell a car which means so much to those who own it. But they make us feel just a little bit sad as well—sad to realize all the years of fun such folks have been missing for no good reason at all. For the fact is this: If you can afford any new car, you can afford a Buick. You can afford the thrill of bossing around that

big Fireball 8 Engine that purrs forth a mighty flow of power. You can afford the gas bills—as any owner of a 1952 Buick will tell you—because that high-compression, valve-in-head marvel gets a lot of miles from a gallon of fuel. You can afford the extra luxury of a real million dollar ride—the silken smoothness of Dynaflo Drive®—the extra room and comfort and style that have put Buick popularity right up at the top of the list, right next to the "low-priced three." So if you want to own a Buick—there's just one thing to do: Come in—pick the one of your choice—and

let us show you how close the figure that goes on the bill of sale comes to what you'd pay elsewhere. As we've said before, your first car can be a Buick. Why not take the Big Step now?

Equipment, accessories, trim and models are subject to change without notice. *Standard on Roadmaster, optional at extra cost on other Series.

Sure is true for '52

This Week's Calendar at Your Hereford Churches

GOD SENDS EVERYTHING

*He sends us Sunshine, He sends us Rain,
He sends us Loss, He sends us Gain,
He sends some Beautiful, He sends some Vain
God - We know, He sends everything.*

There have been great teachers in every age and in every land. The greatest teachers of all ages and all lands were rich in the knowledge of God...they believed "everything" was possible for those who really loved God. What better lessons can any of us learn than those imparted in the parables of The Good Samaritan, the Prodigal Son, the Seed and the Soils... the marvelous Sermon on the Mount with its texts that are silver and gold and precious diamonds in the teachings of the ages. How wonderful then for the children to whom we have taught the words of the Great Teachers, especially if they learn them from our memory and our example.

How shall we learn? We shall get most from the greatest teacher the world has ever known...from His spirit and attitude of tolerance and patience and generous forgiveness. We can be sure that He will not expect too much of us at the first; He will understand how slowly some men learn. God does expect us to know well from whence "everything" comes. "He sends us Sunshine, He sends us Rain; He sends us Loss, He sends us Gain; He sends some Beautiful, He sends some Vain; God—we know, He sends Everything." A-men.

First Baptist

Sunday school is held at 9:45 and the morning worship services are held at 10:50. Sunday evening the training union will be held at 7:15 followed by the evening worship services at 8:30. August 25 and 26 will be the dates for the district nine Brotherhood Encampment in Floydada.

First Presbyterian

Sunday school is held at 9:45 each Sunday morning at the First Presbyterian church. It is followed by morning worship at 11 o'clock. The Sunday evening worship service is held at 7:30. The First Presbyterian church is located at Seventh and Lee. Rev. Russell Wingert is the pastor. On August 31, Rev. James Aiken of Denton, former pastor here, will conduct the service.

Immanuel Lutheran

Sunday school and Bible class at 7:30 P. M. Hour of worship at 8:30 P. M. The church sponsors the Saturday morning devotional over KPAN at 8:45 a. m. You may also hear Lutheran Hour over KPAN at 5 p. m. on Sunday evening.

Seventh-Day Adventist

The Seventh-day Adventist of the Texico conference will hold regional camp meeting at Lubbock, Aug. 22 through 24. "The Apostasy: Loss of the Spirit's Power", will be the lesson study for the day. Memory verse -- Eph. 4:30. Study help -- chapter 7 of the book "The Holy Spirit" by W. H. Bronson. In absence of the minister, due to camp meeting, one of the local Elders will have charge of the 11 o'clock worship service.

St. Anthony's Catholic

Sunday masses at 7 a.m. and 9:30 a.m. Holy Hour Thursday at 8:30 p. m. Daily mass at 7 a.m. Confessions: Thursday from 8:30 to 9:30 p.m. Saturday from 5 to 6 p.m. and 8 to 9 p.m. St. Thomas Episcopal Services will be held at 8 a.m. Sunday morning with Rev. Seaman conducting.

Assembly of God

Each Sunday morning Sunday school is held at 9:45 and the morning preaching is at 11 o'clock.

Young People's and junior children's church meets on Sunday night at 6:45. The two groups are meeting on the lawn during the summer months.

Each Sunday-morning at 8:45 over KPAN the Assembly of God church has a radio program. Prayer meeting will be held at 8 o'clock on Wednesday night.

Avenue Baptist

Each Sunday morning at the Avenue Baptist church Sunday school is held at 9:45. The morning worship services are held at 11 o'clock. Training union is held each Sunday evening at 7 o'clock. The Avenue Baptist church has evening worship services on Sunday evening at 8 p.m. Mid-week prayer service at 8 p.m. on Wednesday night.

Church of Christ

Each Sunday morning at the Church of Christ Sunday school is held at 10 o'clock. The morning worship starts at 11 a.m. The mid-week prayer service is held each Wednesday night at 8 p.m. at the Church of Christ. Sunday evening the young people of the church meet for Bible study at 7:15 followed by evening worship at 8 p.m. The Hereford Church of Christ radio broadcast over KPAN may be heard daily at 9:30 a.m. The nationwide broadcast by the Church of Christ is each Sunday afternoon at 1 o'clock.

Church of Nazarene

Each Sunday morning the morning worship services are held at the Church of the Nazarene at 11 o'clock. The Sunday night services are conducted at 7:45. Roy Bickford is pastor of the Church of the Nazarene, which is located at Fourth and Jackson.

Christian Science

Christian Science services are held each Sunday morning at 11 o'clock in the Star Theatre. All are invited to attend. As it is seen that God is the Mind of man, peace and harmony reign in the hearts and lives of men, according to the Lesson-Sermon titled "Mind" to be read in all Christian Science churches on Sunday, Aug. 24.

First Methodist

Sunday school at the First Methodist church is at 9:45 each Sunday morning. Preaching services are at 10:55 a.m. and 7:30 p.m. The MYF groups will meet at 6:45 Sunday evening.

Prayer meeting will be in Ward Hall at 7:30 Wednesday evening.

Plans are being made for a "Fall Round-up" Sunday, Sept. 7.

First Christian

Sunday school is held each Sunday morning at 9:45 at the First Christian church. The morning worship services will be held at 10:50, with Glenn Ricketts officiating. Youth groups will meet at 6:30 and the evening services will be held at 7:30.

Testing Big Aid In Knowing Soil

COLLEGE STATION, There is no point in swapping even dollars. But, when you can swap one for eight, that is good business. Mr. Ed Detrixhe, a Hemphill county wheat farmer made that kind of swap this year on his wheat crop.

Hemphill County Agent Walter Grist says it all started as a result of a soil test. Mr. Detrixhe submitted a soil sample to the Texas A. & M. college system's Extension Service Soils laboratory and then carried out the recommendations on his farm. M. K. Thornton, agricultural chemist in charge of the lab, makes recommendations on fertilizer usage and cropping practices as a part of the soil testing service.

Here is the story as reported by Grist. Mr. Detrixhe applied 30 pounds of nitrogen per acre to 80 acres of wheat and when he had finished combining, he found that this field had produced an average of 35 bushels per acre against a 11 to 14 bushel average for the unfertilized acreage. That increase of better than 20 bushels per acre paid him \$8 in return for each \$1 spent for fertilizer, and Grist believes the 35 bushels is some kind of a record for dryland wheat.

Considering that the average Texas farmer last year made an average net return of \$4 for every \$1 spent for fertilizer, Ed Detrixhe did exceptionally well when he doubled this figure, says Grist. It goes without saying, adds Grist, that Mr. Detrixhe is sold on soil testing.

Local county agents can supply information on how to make and submit soil samples to the laboratory for testing.

The Jimmie Allred family returned last Thursday from a vacation in their cabin in Colorado. While they were there the S. B. McLallen family visited with them for a few days.

A&M Vetch Seed Laboratory Is Busy Spot Now

COLLEGE STATION, August 11—One of the busiest places on the Texas A. & M. college campus these days is the Vetch Seed Laboratory.

According to C. E. Watson, analyst for the laboratory which is operated by the agronomy department, samples are arriving at a rate in excess of what can be handled by the facilities available.

The laboratory is operating full time and extra personnel has been added to help relieve the congestion, says Watson, but only 40 samples can be handled daily. Samples, on the other hand, are arriving at the rate of 50 per day and this is causing some delay in getting the reports on the samples back to the producers. Watson reports that more samples—1,200 up to August 11—have already been received than have been submitted for testing in any other season. He hopes producers will keep this in mind when reports on their samples are slow in reaching them.

He reports that generally germination tests are running a little lower than in previous years due to diseases that killed many vetch plants before the seed were mature. More seed will thus need to be planted to make up the difference which he points out is small.

The greatly increased arrival of samples at the lab indicate that more farmers are producing vetch planting seed and that the crop continues to gain favor with farmers. Vetch seed producers are urged to continue the shipment of seed but at the same time are reminded that some 10 days should be added to the three weeks normally required to get a sample through the laboratory.

Panhandle Boys Catch Alligator In Corpus Christi

Clifford and John May, aged 10 and eight years respectively, were pictured recently in the Corpus Christi Times, with a three-foot alligator they caught in a culvert in that gulf city. The boys are the sons of Mr. and Mrs. E. May of Claude and the grandchildren of Mr. and Mrs. F. A. May, former Jumbo residents now living in Hereford.

ONE OF THE BOY'S Ranch cowhands trains Aloysius for his part in the coming Eighth Annual Boy's Ranch Rodeo. All the young Ranchers will participate in various events and will be hosts to a number of celebrities who will appear during the two-day rodeo at the Fair Grounds Arena in Amarillo, August 31 and September 1.

Out-Of-Town Visitors Honored At Parties During Week Just Past

Mrs. E. W. Hobson entertained Thursday morning at her home, 111 Park Avenue, with a coffee as a courtesy to relatives visiting in her home. Honorees were her sister, Mrs. N. L. Abernethy of Boise, Idaho, and her sister-in-law, Mrs. E. L. Adams of Bentonville, Ark.

The refreshment table was laid with a lace cloth and flowers and appointments carried out a yellow and white theme. The table centerpiece was of gladioli, Esther Reed daisies and rosebuds.

Mrs. W. S. Fluret poured the first hour, Mrs. J. W. Kirby the second hour and Mrs. Howard Gault the third hour.

Guests for the first hour were members of Mrs. Hobson's study club with Mrs. G. W. Newsom and Mrs. Ed Warren assisting in the dining room. Mrs. E. W. Solomon and Mrs. O. M. Dickey assisted when members of the Garden Beautiful club called, and Mrs. Lee Benefield and Mrs. H. C. Williams assisted during the third hour.

Guests calling during the morning's entertainment were: Mesdames R. G. Blue, C. O. Wilkins, Jack Grady, Robert Thompson,

Earl Springer, Vivian Major, John Jacobsen Jr., Robert Lingenfelter, Joe Kendall, J. W. Thomas, D. C. Kinsey, Robert Veigel, Lisle Woodford, Mary Seigler, Forrest Minton, W. S. Fluit, L. L. Womble, Leo Forrest, V. E. Dodson, W. J. Stanford, Jim Black, E. W. Harrison, Homer Brumley, E. W. Solomon, Leroy Aven, S. L. Easley, Bruce Carter, Helen Pipkin, Richard Barnard, Bill Stanford, F. P. Lyons, Howard Gault, Frances Houston, G. W. Newsom, Dean Bishop, J. J. Durham, P. C. Andrews, Gladys Medkief, Miss Frances Turrentine and Sharon and Penny Ehrle of Tulsa, Okla.

Buffet Supper
Thursday evening the Hobsons visitors were named honor guests at an informal supper-party given by Mr. and Mrs. Howard Gault in their attractive back yard. Tables were arranged for four, and supper was served from a buffet table.

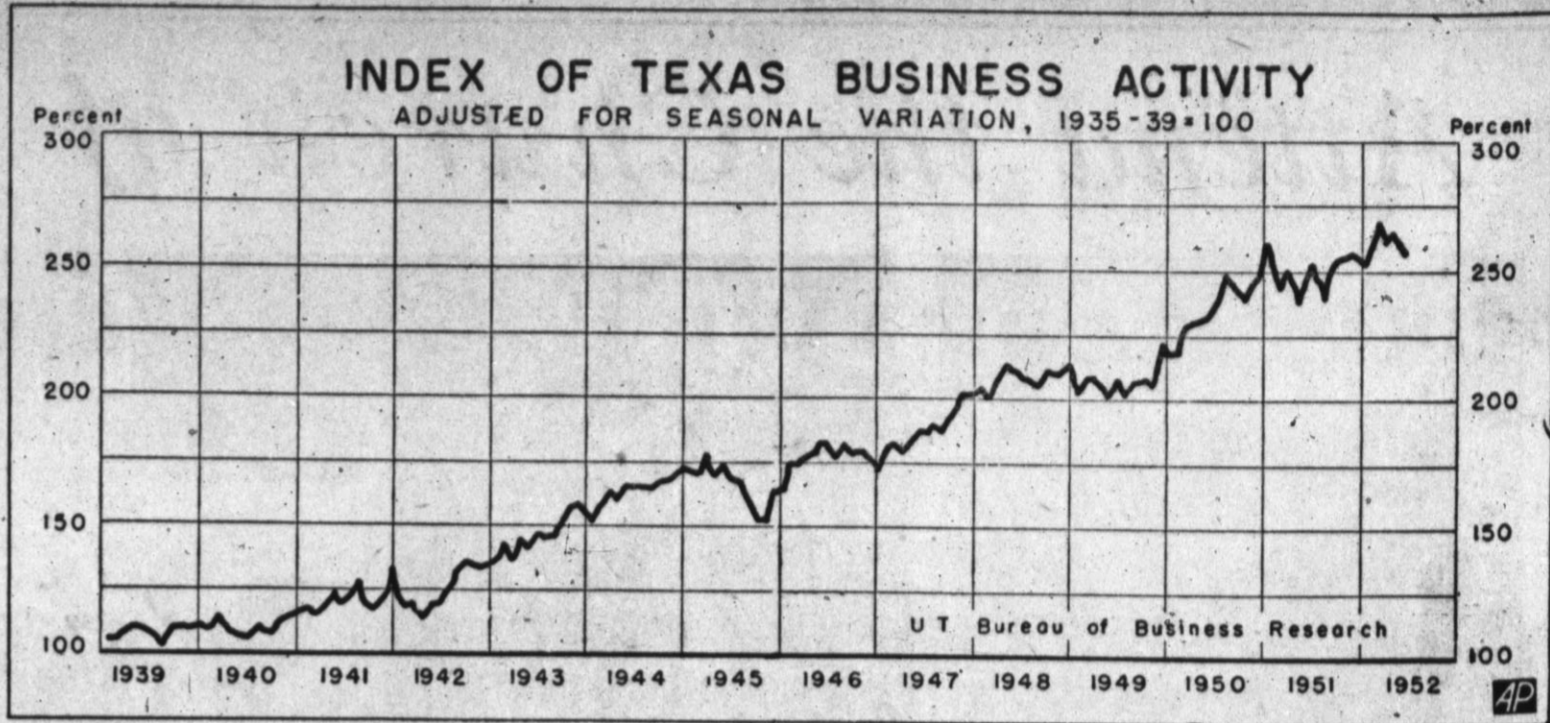

Attending were Mr. and Mrs. N. L. Averill and sons, Kent and Dean, Mr. and Mrs. E. L. Adams and son David, Mr. and Mrs. E. W. Hobson, Mr. and Mrs. Lee Benefield and Sue Postelle, and Mr. and Mrs. O. M. Dickey.

FFA Boys Leave Tuesday Morning For Colorado

Twenty-two members of the Hereford Future Farmers of America chapter left at 6 p.m. Tuesday, Aug. 5, for an educational tour and pleasure trip into Colorado. They were accompanied by Bill Stanford, advisor.

The group plans to go to Denver for two days and spend the remainder of the trip in the mountains. They plan to return to Hereford on Monday.

Those making the trip are: Gary McQuigg, Charles Springer, Homer Hershey, Billy Carmichael, Ken Carmichael, Dean Garrett, Toby Yates, E. W. Solomon, Darrell Hershey, Robert Russell, David McDuff, Richard Hagar, Albert Ricketts, Larry Cannon, Bob Noland, Kenneth Walterseid, Wayne Walser, Joe Easley, Clark Andrews, Glen Andrews, Leonard Schmidt and Joe Streun.

JUNE BUSINESS DOWN—Business activity in Texas during June declined slightly from May levels, causing a two % drop in the seasonally-adjusted index of business activity compiled by the Bureau of Business Research of the University of Texas, according to Dr. John R. Stockton, Bureau director. AP Photo.

KING KONG

First, let me assure you that, regardless of its age, "KING KONG" is still the granddaddy of all the "monster" fantasies — and I was amazed to discover that it is just as entertaining today as it was 19 years ago. The giant KONG and the prehistoric animals that he battles to the death, are the most realistic ever filmed — and a good 65% of the footage is devoted to this exciting thrill stuff.
