Cisco Man Named HHS Principal

Board Votes Unanimously For Overall

V. C. (Buck) Overall, 34, has been named principal of Hereford High School.

Overall, now principal of Cisco High School, was recommended to the School Board by Supt. Fred J. Cunningham, and given a unanimous vote of approval by trustees.

The new principal will take over his duties here not later than Jan. 13. He will replace Pat Sullivan, who has resigned effective Jan. 1, to accept a teaching position in California.

Overall holds a BA degree from the University of Texas and a MA degree from Howard Payne College. He has served as principal of Cisco High for the past five years and has been connected with the Cisco School District for the past 10 years as coach, teacher and principal.

He is married and the father of three children, Bill, 11; Don, 8; and John, 2. His wife's name is Charlotte.

Overall was given a two-year contract by the Board. In Cisco he was a director of the Chamber of Commerce, a member of the First Christian Church and a member of the Masonic Lodge.

While attending Texas University, Overall was named on the All-Southwest Conference basketball team in 1942 and 1943.

Don't Order Your Seed Yet, But '57 Cotton Situation Looks Good

There's no need in rushing out to select what new acres you plan to plant yet, but a look at figures used to set the county cotton allotment at least gives Deaf Smith County growers hopes that the 1957 allotment will increase slightly.

Allotments just issued for the coming year were based on a five year history of the county, 1950 through 1954. That included one year, 1956, when the county planted only 1010 acres. Next year, unless the ASC rules a change before then, the 1956 history will be dropped and the 1955 history added. Since the county's allotment in 1955 was 9962 acres, that will mean that the county will pick up 8861 acres to the five year history.

Here's the way the 1956 county allotment was derived: the five year history (1010 acres in 1950, 11,800 acres in 1951, 21,700 acres in 1952, 18,305 acres in 1953 and 13,937 acres in 1954) averaged 13,350 acres. Based on the state factor of .633948212, that gave the county an allotment of 8463 acres.

If the 1950 history had been added this year and the 1955 history added, and if the same state factor had been used, it would mean that the county would have had an allotment of 9564 acres.

Exchange Student Is Speaker At Rotary Banquet

Steven Liu, 25, exchange student from Chungking, China, was guest speaker at the annual Rotary Ladies night Christmas party Monday night in the Jim Hill Hotel ballroom.

Liu, who now attends Wayla College on a Rotary Club scholarship, told the group that he was attending the University of Nebraska when he decided to flee Formosa. His parents sent him money to come home, and instead he went to the Nationalist Island.

Later a missionary on Formosa gave him money to come to the United States.

Other guests at the banquet were the presidents of other civic clubs and their wives.

Superintendent Attends Forum At Texas Tech

By TERRY McRIGHT
Tech Journalism Student

LUBBOCK, Dec. — Community program planning for schools of tomorrow was the highlight of the third Midwinter Forum on Community Development at Texas Tech, according to Fred J. Cunningham of Hereford.

He was one of 180 persons from 24 West Texas Communities attending the adult educational program.

Theme of the program was "Toward a Richer Community." Forum host was the Adult Education Program of Texas Tech. Cooperation was the West Texas Regional Council on Adult Education. Key-note speaker was Dr. Kenneth Benne, Boston University, president of the Adult Education Association of the U.S.A.

Chief value of the conference for the adult education work in Hereford, according to Cunningham, was in the ideas and techniques suggested for program planning, presented in "take home" form.

Community leaders and professional adult educators from Texas, Oklahoma, New Mexico, Arkansas and Louisiana attended the two-day meeting. The thirteenth South-west Conference on Adult Education was held simultaneously with the Forum.

Included were meetings for church leaders, college and university personnel, community planning agencies, welfare and social work groups, men's service (Continued on Page 4)

Cotton Growers Favor Controls

Deaf Smith County cotton growers apparently voted more than the necessary two to one in favor of continued controls when they went to the polls here Tuesday in the National referendum.

Complete results were still lacking Wednesday, but a check revealed that the referendum passed easily in the county, as had been expected. Faust Collier, ASC office secretary, was not available to give complete results, however.

Several of the votes cast were challenged because the voter was not registered in the community he voted in, but most such votes are expected to be counted.

Before the referendum, Collier had said the real decision was whether or not there will be penalties on overseeded cotton. Since the referendum apparently received nationwide approval, controls and supports will be continued next year.

It was also pointed out that applications for new cotton growers' allotments will be accepted by the ASC office Jan. 2.

In Tuesday's election there were only two voting places in the county.

At the Hereford box, the unofficial count was 62 for and nine against. Results of voting at the Daniel box were not available.

Statewide the referendum was approved almost 3 to 1.

Grain Producers Membership Now Listed At 1086

Grain Sorghum Producers meeting in Amarillo Tuesday night were told that there are now 1086 members in the organization.

Thirteen counties are represented in the organization, and membership dues are \$5. R. G. Peeler of Hereford heads the group. Counties now represented are Curry and Quay in New Mexico and Deaf Smith, Castro, Dallam, Floyd, Hale, Hansford, Randall, Potter, and Swisher, Lubbock and Lamb counties have organizational meetings planned.

Plans For Nurses Home, New Jail Studied By Court

Deaf Smith County Commissioners Monday, at their regular meeting, met with members of the County Hospital Board and William C. Townes, Amarillo architect, to discuss plans for the construction of the new nurses home.

Commissioners set no date for letting bids on the nurses home, but checked over plans for a new heating system.

Also presented to the Court was the first drawing of the proposed new County jail. Townes is now working on recommendations of what could be done in the way of remodeling the courthouse. No definite action was taken on either of the projects.

Commissioners voted to postpone their next regular meeting, which would have fallen on the day after Christmas. A called meeting will be held if "any important business should come up."

Raid Nets Twenty Half Pints; Two Men Are Arrested

Two Latin Americans were arrested Monday on charges of selling liquor in a dry area following a raid by Sheriff Department officers.

Also netted in the raid were 20 half pints of whiskey. Charged with selling liquor were Ismael Lucero and Jesus Galan. Lucero, owner of the Alamo Plaza Cafe, was also charged with maintaining a public nuisance.

Galan entered a plea of guilty late Monday and was fined \$100 and court costs and given a 10 day (Continued on Page Two)

Around Town

It snowed here Wednesday. And that's probably news for most people Around Town, because there wasn't much of it, and what there was didn't last long.

County Commissioner Donald Hicks is still complaining about missing the knockout in the Sugar Ray-Bobo fight. Says it happens everytime. This time one of his children asked him something and when he turned back around to look at the TV set "there he was flat on his back."

Mr. and Mrs. Grant Hanna and family have returned from a short vacation and business trip to Chicago. They attended the vegetable market there and the International Stock Show. They got caught in a 20 inch snow storm in Michigan, Hanna says.

The County Library will close Dec. 22 for the holidays and will re-open Jan. 2.

The Saint Thomas Episcopal Church Auxiliary has re-opened their antique sale and Christmas bazaar. They are now located at the Hereford Bank building.

There will be a singing at the Grace Gospel Church Sunday at 2:30 p.m.

The 1956 Nash Kaminator is now on display at Patton and Lawrence.

More Complete School Census Is Set For 1956

Hereford Rural High School District trustees Tuesday voted unanimously to include all children who will be one year old by Sept. 1 in the 1956 school census.

Approval came after recommendation by Supt. Fred J. Cunningham. Cunningham told Board members that such information would allow them to better anticipate future school enrollment. Previously only students of school age have been included in the school census report.

New Teacher Hired
The Board also voted in favor of hiring a new teacher for Parkview School. She is Mrs. Odeal Wilson.

Also discussed was the possibility of the Board's approving an accident group policy, to be taken out by students and teachers on a voluntary basis. A vote was delayed until the next meeting, however.

Next regularly scheduled meeting of the Board is Jan. 10.

Bake A Baba For Christmas

A French Baba Au Rhum makes a delightful Christmas dessert. Prepared with yeast, this cake has an airy texture that benefits from the apricot syrup that is poured over it. For holiday serving it is accompanied with whipped cream and glazed fruit. Your family may like it so much they'll want it to be a tradition—along with Plum Pudding and Mince-meat Pie.

CHRISTMAS BABA

Ingredients: 1/4 cup milk, 1/4 cup butter, 1/4 cup water, 1 package active dry yeast or 1 cake compressed yeast, 2 egg yolks, 1/2 cup sugar, 1 egg, 1/2 teaspoon grated lemon peel, 1 1/2 cups flour, 2 tablespoons dried currants, Apricot Syrup.

Method: Scald milk; add butter

and blend. Cool to lukewarm. Measure water into a small cup; use warm water (about 105 degrees) for active dry yeast; use lukewarm water (about 85 degrees) for compressed yeast. Sprinkle or crumble in yeast. Stir until dissolved. Beat egg yolks in a mixing bowl. Gradually add sugar. Vigorously beat in the whole egg. Add milk and yeast mixtures and the lemon peel. Stir in flour and beat until smooth. Cover and let batter rise for 3 1/2 hours in a warm place free from draft. Stir down; mix in the currants. Spoon into a large well-greased ring mold. Let rise uncovered until doubled in bulk. Bake at 350 degrees 40 to 45 minutes or until a cake tester comes out clean. Remove cake from pan

and cool on a rack. Carefully pour Apricot Syrup over cake. Return cake to mold for several hours to marinate.

FRENCH HOLIDAY RECIPES

If you want more French influence in your kitchen this holiday, you will do well to look up a little "cookbook" called "Cooking for Christmas" by Charlotte Turgeon (Oxford University Press, New York). Mrs. Turgeon learned some of the secrets of foreign business when, living abroad with her col-

...le-professor husband, she studied at a famous French cooking school. There are menus and recipes not only for Christmas dinners but for buffet and open-house parties during the holidays.

You Can't Cure A Cold But You Can Stop Its Spread

By DOROTHY V. WHIPPLE M.D. AP Newsfeatures

Little children are likely to get a good many more colds than older children or grown-ups. So far medical science has not discovered a sure way to prevent colds, nor has it found any miracle drug to cure a cold quickly once it has started.

A cold is an acute infectious disease that must run its course. The best we can do is to get the youngster over the cold without letting the cold run into a more serious infection.

The very best treatment for a simple cold is rest in bed, in a well ventilated room without any drafts. Give the child a simple diet. If he has trouble breathing because his head is so stuffed up, steam inhalations are helpful.

The honest truth is no drug we have at present shortens the life of a simple cold. If the child is very restless a sedative will help him rest and sleep.

The anti-histamine drugs which a few years ago were hailed as the sure cure for colds have not proven very satisfactory, and it is my feeling children are better off without them.

If a child runs a high fever, if he has earache or a sore throat, or a bad cough, he has more than a cold. Take him to your doctor. His illness may have started with a cold but he has developed a complication. For these illnesses the antibiotic drugs are very helpful. It is, however, a mistake to give these drugs for the simple cold. They do not cure the cold and their too frequent use makes them less effective if some serious disease develops.

It is important to see that a child is completely over his cold before he is allowed out of bed and outdoors to play. Keep him in until all his symptoms have disappeared—he is then less likely to develop a complication and less likely to come down with a fresh cold.

If your child seems to get too many colds, by all means have him examined by your doctor. It may be that there is some underlying condition that increases his susceptibility. Maybe he has infected tonsils, chronic sinusitis, or a low grade infection in his ears. Maybe he is undernourished, or has a mild anemia. Maybe he doesn't get enough sleep. Correcting any of these things will build up a child's general health and give him a bit more resistance. However, many children in excellent health do go through a few years when they are very susceptible to colds. You will just have to live

through these years. Eventually your youngster will develop some natural immunity and his colds will be less frequent.

It goes without saying that during the years of greatest susceptibility do your best not only to keep your youngster in the best possible health, but also keep him away from people—children or adults—with colds.

Forrest Pirates Loot Herd For 36-20 Win

MALE GLOBETROTTER — "Red" Mason, coach and playing manager of the Red Heads, comes from Siloam Springs, Arkansas. An all-time great, she's in her seventh season with the team. She will inject a variety of amusing as well as amusing tricks, antics, and novelties as well as plenty of humor into the game.

The little Forrest Pirates, only a wide spot on the New Mexico highway, looted the Hereford Whiteface treasure Tuesday night as they rolled to a 36-20 decision in Pirate Gymnasium. In the first game at the twin bill the Hereford "B" found itself extended for the first time this year, edging the Forrest "B" 37-35.

For the Whitefaces it was the fifth loss in six starts and the sixth win for the "B" team. It was the closest encounter thus far for the Junior Herdmen.

Hereford never was in front of the hustling Pirates, but Forrest actually didn't open up a commanding lead until midway in the fourth quarter. The closest the Whitefaces came to the Pirates was a three point deficit at the end of the first quarter.

Forrest, which isn't big enough to have a football team, showed a fine defense, adept ball handling, and good all around size. It was a case of experience holding the advantage over inexperience.

The Pirates got an early lead but the Whitefaces stayed within striking distance most of the time until midway in the final stanza. Free throws by Forrest in the final minutes iced the contest when it looked as though the Whitefaces might pull it out of the fire.

Hereford drew close a few times in the fourth quarter but each time Bobby Shook, Charlie Caton, and Michael DeShane opened up the lead with fine outside and driving shots. Gerald McCutchen did a fine job at the post.

Forrest led at the quarter points by 8-5, 16-8, 22-18. High scorer for the Pirates was Bobby Shook with 13 tallies. High for Hereford was Norman Bookout who dunked in 8.

The "B" game saw Hereford take a commanding lead quickly. Then they saw their lead slowly diminish until the Pirates had tied the score with about two minutes remaining to be played. Bill Drake saved the game with a lay-up shot in the final minute of play.

Hereford held a 17-6 first quarter lead, 25-16 at half, and only 33-28 at the end of the third quarter. High man for Hereford was Don Weeks with nine points. Gene Conklin had 22 points for Forrest.

BEST FORWARD — Oma Jean Barnes, from Cassman, Arkansas, plays forward and post pivot for the Famous Red Heads, Miss Barnes, a most attractive Arkansas lass, is a tough competitor and a strong aggressive player who does a man-sized job for the Famous Female Court Champions. Barnes will be in the starting line-up when the Red Heads tussle the Hereford All-Stars led by former great Cubby Kitchens, December 20 in Whiteface gymnasium.

Scotch Tournament Enters Semi-Finals

Four teams are left in the Christmas mixed Scotch Tournament being played at the Hereford Golf Course.

Pairings this week are Meredith Ireland and J. A. Pittman vs. Rowena Posey and Emmett Sherman and Lucille Posey and J. M. Posey vs. Earl Stagner and Juanita Sims. Ireland and Pittman walloped Hootie and Punk Gilbreath 5 and 4 last week. R. Posey and Sherman beat Dell Sherman and Loyd Neill 3 and 2. Lucille and J. M. Posey outlasted Helen Ann and J. A. McWhorter 2 and 1, and Juanita Sims and Earl Stagner beat Jo Brook

and Dale Timin 2 and 1. In the consolation bracket Sue Loving and Ed Skyjala play Ola Mae Trimble and Joe Butler and Marie and Frank Cogdell play the winner of Earline Ross, John Renner, and Jim Wood, Revella Skyjala match.

The men's bracket pits Don Martin and Jim Garner vs. Charles Seed and E. H. Buckelew for the title. Consolation pairings in the men's bracket is Jeff Minton and W. L. Edelman vs. Oss Lange and Lloyd Mingus.

Final matches in both flights must be finished by Thursday.

LATE WEATHER NEWS

WAYNESBURG, Pa. — What goes up must come down even if it takes several years.

W. A. Wilson, of nearby Grayville, found a weather balloon with its parachute still attached hanging from a tree.

Inscribed on the instrument box was a faded but still legible: "Lexington, Ky. Dispatched July 26, 1952."

Dec. 22. Bud Posey, local pro, has reported the tournament as a big success thus far.

Another "Eskimo" Tournament is in the planning stage for January, February and March. It will be a mixed partnership "choose your own partner" tournament with each player playing a ball on a low ball, low total basis. There will be two points to each hole in a match play affair. Date of the tournament will be announced at some date after Jan. 1.

The purpose of these winter tournaments, Posey said, is to prove that golf is a year-around sport in the Texas Panhandle.

Galveston Has Plans For Fair

GALVESTON — Galveston's got plans for a world's fair in 1960. It's got a charter for it, too.

Cliff Pettis, director of operations for the proposed fair, said "We are not undertaking this project blindly."

Pettis didn't announce specific dates for the fair, or the exact spot on this resort island where it will be held.

But he did say local citizens would not be asked to contribute toward any fair promotion.

WHAT PRICE SPEED? DETROIT — The 33.9-mile stretch of expressway from downtown Detroit to Willow Run Airport is a veritable speedway.

As an experiment, one car hit it up to 92 miles per hour and saved every minute possible. Another traveled at normal speeds. The time saved by speeding: 10 minutes.

Cocky Teams Seldom Win

It has been known for a good team to become over-confident; then they're no longer a good team. It also has been known for an average team to develop an inferiority complex and become worse. Then there's the average team which becomes angered at what Only one of these properties is good. There are numerous cases of each every year, however. How a team develops those characteristics is not hard to realize.

There is one answer as to why. Banner headlines, sizzling stories, and pats on the back can ruin a potentially fine team. There you have the argument that if these things can hurt a good team the team isn't or wasn't good.

It's just the opposite for a team which hasn't been doing too well. Writers capitalize on this and run the team down to the extent that they think they don't have a chance, so why try?

A basketball team, coach and all, should ignore all editorialized publicity.

It's not hard for a team to become over-confident. And it's not hard for a team to develop an inferiority complex. Sooner or later, probably sooner, the cocky team will find that it can be beaten. And if the other tries hard enough they'll find that it's not impossible to win a game.

A team should do it's best all the time. A good team must have confidence—but not too much—or not quite enough.

The best way for a team to overcome these two unfavorable characteristics is to do their best. If you're good, you have confidence, but not too much. If you're not too good, you have it too.

A hint to the wise is sufficient.

Bulldogs Are Now Favored

The Bulldogs have done it again. It was their second upset in two weeks and gave them the inside track to the state championship. You'll remember that some time ago we predicted Stamford to beat everybody.

We don't make it a practice of bragging, but we think we've got something to brag about. New London fans at the game Saturday at Breckenridge were quite optimistic about their chances against Stamford.

But it'll be a different story out on the football field.

Bulldogs Emerge As Favorite In State Playoff

The Breckenridge Bucks saw their quest for an unprecedented fourth state championship explode Saturday as the unbeaten Stamford Bulldogs ground out a 13-7 victory before an estimated 8000 fans in Buckaroo Stadium at Breckenridge.

The win enabled the Bulldogs to advance to the AA semi-finals where they will meet New London, 28-21 victors over Olney in their quarterfinal game. In the lower bracket surprisingly strong Hillsboro trampled Lockhart, 42-12, and strong Weslaco got past Nederland by 26-7. Weslaco will meet Hillsboro in the lower bracket semifinal clash.

Stamford and New London will lock horns Friday afternoon in Arlington, between Fort Worth and Dallas. Weslaco meets Hillsboro on Saturday at Hillsboro.

The mighty Bulldogs are now given the nod for the title after the two impressive victories over defending champion Phillips and highly-louted Breckenridge. They have sped through 13 games, without defeat this season.

However, they're not alone in having an unblemished record. Three of the four semi-finalists are undefeated. Especially powerful Weslaco, headed by Bobby Lackey, and high stepping New London are also undefeated and untied.

Hillsboro, who knocked off the lower division favorite, the Killeen Cowboys, has finally convinced experts it wasn't "lucky," but will still be the underdog against the fearsome Panthers from the Rio Grande Valley.

Stamford's victory was the fifty-fourth against only four defeats in five years for Bulldog coach Gordon Wood. Breckenridge had previously won the AAA state crown for three straight years before finding the going too rough in the lower classification.

Once again the Bulldogs was the story of a fine defense. The Bulldogs have never allowed a team to score more than seven points in one game and have given up only 66 points the entire year. Such staunch linemen as Truman Childress, Arch Pardue, Dale Robinson, and Dallas Christian all have turned in yeoman service along with backfield stars Mike McLellan, Jackie Mills and Donald Wills.

McLellan scored the first Stamford touchdown in the first quarter when he lugged the pigskin 73 yards on a draw play. Jackie Mills then heaved his third touchdown pass in three games in the third quarter, this time to Donald Wills. The play covered 22 yards. Melvin Stevenson kicked the extra point to make the score 13-0. Breckenridge's touchdown came

Mr. and Mrs. C. O. Phillips and daughter Linda were in Amarillo Saturday evening to attend the wedding of Miss Marilyn Allred and Jack McCrumb. The bride is a cousin of Mrs. Phillips.

Santa, Here's What Young People Want!

AP Newsfeatures
Dear Santa:
Here's hoping all young moderns get a special wink from you this year and that you find enough of what they want to go around. Although rumor has it that young people are developing their own personalities, it seems region by region that they like the same things.

Take that V-neck boy's sweater for instance, so popular with the girls today. Did you know that practically all subdebs have them on their list for Christmas 1955? And did you know that most girls have it planned, so they give the boy one that matches? No? Well perhaps you'd be interested in the new lot of matching bright or patterned shirts for two. Bright red, yellow or high style plaid are popular favorites for young daters.

Another big item on girl and boy lists are record players. Make it hi-fi if you can and load up your sack with some good records such as the popular "Autumn Leaves" and Jerome Kern's songbook. Sleepwear is an important favorite because slumber parties are high on the list of Christmas musts—fun pajamas are what all the girls want it seems and popular ones include those long knitted nightshirts with horizontal stripes in loud colors called "Charlestons." Then there are the flannel pajamas made like football and baseball players' suits with big numbers on the back. The girls are mad for those too.

Earrings and bracelets are in big demand so you'd better get your super jewel box shined up and bond Dondor and Blitzen for the big ride. Nylons are wanted by all chic daters and all require light beige, the sultan leg color. Must be seamless, too.

Stationery, another favorite, is more popular with printed name or initials. Evening slippers and "heels" are absolute musts for the era of ladylike daters. "Flats" are still popular but mostly for play, seldom for dating. Bejeweled and embroidered flats may be worn at slumber parties. Ditto those Arabian night slippers.

And, oh yes, Santa, every young miss seems to be engaged in collecting something. You'd better get an extra supply of stuffed animals because that's one of the favorite acquisitions of our busy students. And be prepared for a note from one school ordering scads of stuffed bulldogs. It seems the junior class of Low Haywood school in Stamford, Conn. is presenting each senior with a little bulldog, the mascot of the Junior class, or so Junior Judy Lewis tells us.

You can make young people happy with most anything these days because their minds revolve faster than super turbines. So there are girls who wait expectantly for microscopes and chemistry sets, and some boys enjoy knitting (although they are likely to do it secretly).

Girls away at school would enjoy a basket of snacks to take back after their holiday, and students who live at home would like a gift certificate for a case of their favorite soda pop, they tell us.

From where you sit Santa you've probably had to bone up on 1955 tastes so we hope somebody told you this is not the year for reading. If there's anything you can do to encourage the idea though, we are all for it, and perhaps you'll stuff each stocking with some book that will whet junior appetites. Or perhaps the authors are just off the beam. Oh, yes, in case no one has told you, preferred reading for those who still do it are science and travel books.

Mr. and Mrs. B. E. Roberson left Tuesday for Oklahoma City on business. They plan to return by Fort Smith, where they will be met by their daughter and husband, Mr. and Mrs. Clifford Gallely.

Mr. and Mrs. J. E. Beyer plan to leave Friday for Little Rock, Ark. where they will spend the Christmas holidays with their daughter and family, Rev. and Mrs. Harold Hicks and children.

LUCKY, LUCKY, UNLUCKY
SAN JUAN, Tex. (AP)—One of the competitors in the second International Game Fish Tournament lost his upper plate in the Atlantic Ocean. "I'm lucky, though," he said. "I have another set at the hotel."
When he took his spare teeth out of a case, he dropped them on the rug. "Lucky they didn't hit the solid floor," he said. As he reached down to pick up the spare set he stumbled and stepped on them. They were shattered.

Faded Letter Tells Vividly Of Death Of Gen. Stonewall Jackson

EL PASO (AP)—A faded letter tells vividly of the death of Confederate General Stonewall Jackson.

And the officer who wrote it blames confused Southern troops for firing the shots that killed the famed civil war soldier.

Frank W. Cooke, manager of the Cabalero motel here, found the letter in the possession of his father, J. C. Cooke, a staff member of the Nashville-Banner for 65 years.

It was written by Benjamin Watkins Leigh, an officer who said he helped carry Jackson from the battlefield at Chancellorsville, Va., on May 2, 1863.

Leigh, who refers to his command of a battalion doing provost guard duty, tells how he was disgruntled with rounding up stragglers and receiving Federal prisoners. He requested "more honorable duty" and Gen. Jackson transferred him to the staff of Maj. Gen. A. P. Hill.

The letter describes the battle of Chancellorsville with great detail. The battle was the result of a daring move by Gen. Robert E. Lee and Jackson to "envelop the enveloper."

The northern general, Hooker, was trying to turn the Confederate position on the Rappahannock river. Hooker's drive was well advanced on May 1, 1863. Lee and Jackson then sprang their surprise. Leaving a small force to demonstrate against Hooker's front, Jackson secretly moved a whole corps round Hooker's right.

The woods at Chancellorsville was filled with noise of combat as the Federal troops, according to Leigh, "ran like sheep."

Jackson rode into the woods at dusk to organize the pursuit. General Hill, with Leigh and other staff members, followed.

Running into heavy enemy shelling, Jackson and the other officers turned back to their own lines.

Leigh wrote: "Whether it was that our troops mistook us for a body of Federal cavalry—which I think is the most probable supposition—or for some other reason I do not know; but as we approached within 15 to 20 paces of our lines we were received with a blaze of fire. This alone, without the fire of the enemy's battery, which still continued, would have rendered our situation a most perilous one."

Leigh's horse was shot from under him and he found himself lying dazed on the ground. He and Gen. Hill went forward to where Gen. Jackson was wounded.

Leigh continues the description: "We soon came up to where Gen. Jackson was and found him lying by the side of the road. General Hill directed me to go for a surgeon and an ambulance for the general and I did."

Later Leigh went to a hospital where Jackson had been taken.

"I have learned from Capt. Randolph—a near relation of Annie Leigh—who was with Gen. Jackson at the time he was wounded, that there is little or no doubt that Gen. Jackson was shot by our own men."

"Gen. Jackson was brought from the hospital to a house near Guinea station. His left arm had been amputated near the shoulder, but his wounds were supposed to be progressing favorably. But he was seized with pneumonia caused, by

Shadow Players Hold Christmas Party Monday

The Shadow Players held their annual Christmas party Monday at 8 p.m. in the Jaycee club house.

Old fashioned games were played and they did some folk dancing. Mrs. Harry Cannon and Jim Chambers entertained with guitar music.

Refreshments were served to the following members and guests: Mr. and Mrs. Richard Jowell, Mr. and Mrs. Jack Payne, Mr. and Mrs. Elmer Mathies, Mr. and Mrs. Curtis Traweck, Mr. and Mrs. Harry Caylor, Mr. and Mrs. Jim Chambers, Mr. and Mrs. Jack Winget, Rev. and Mrs. Lester Jones, Mr. and Mrs. Harold Loerwald, Will Harris, Mrs. Harry Cannon, Joe Landers, Mrs. Ray Bosley, Carroll Willoughby, Christine Strain, Helga Thome, Doug Womble, Tomi Mathies, Mrs. Ray Johnson and Danna Nafzger. The host and hostess were Tomi Mathies and Mrs. Jack Winget.

The next meeting will be in the form of a Bingo party some time in January. Everyone that would like to attend is cordially invited.

Rehearsals for Hillbilly Courtship will begin Jan. 2 and the play is to be presented the second week in February.

Wreck Causes Minor Damages

Approximately \$305 damages resulted from an accident here Tuesday at 3:30 p.m. at Main Street and Park Avenue.

A 1952 Chevrolet pickup, driven by Bruce Plummer, going north on Avenue B had stopped for a stop sign and a 1951 Ford, driven by Carla Sue Crosthwait, owned by Bill Drake, also going north on Avenue B, ran into the back end of the Plummer pickup, police said.

Approximately \$300 damage was done to the Ford and \$5 damage was done to Plummer's pickup.

Carla Sue Crosthwait was charged with negligent collision and driving a car with defective brakes and Bill Drake was charged with letting someone drive his car with defective brakes.

his bed clothing being wet by the water poured upon his wounds. On Sunday, the 11th, he died."

BRAND BABIES — "I'll play the piano while the rest of you sing Christmas carols," exclaims Neal Massey. He is the nine month old son of Mr. and Mrs. Cecil Massey, who live at 410 Avenue K. (Staff Photo)

How Can I?

By Anne Ashley

Q. How can I resize a rug?

A. Stretch the rug tightly, face down on the floor, and tack at several places. Sprinkle it with a solution made by soaking and dissolving 1/4 pound of flake glue in 1/2

gallon of water, and in a container that is surrounded by hot water. Allow the rug to dry not less than 24 hours. If the rug is very thin, be careful not to use enough solution to penetrate to the other side.

Q. How can I keep leftover pie crust from spoiling?

A. By wringing out a piece of cheesecloth in cold water and rolling the crust in this. Then roll in a thick dry cloth, put in a cold place, and it will keep for a week.

Q. How can I render a nauseous medicine tasteless or palatable?

A. Chew a piece of orange peel

or take a tiny bit of cayenne pepper, before taking the disagreeable medicine.

Q. How can I prepare a good cold weather dish?

A delicious dish for cold weather is green peppers, onions, and tomatoes cooked together. Cook very slowly in a casserole, season, and add plenty of butter.

Q. How can I remove mud stains from silk?

A. Rub the spots with a piece of flannel. If this does not give satisfactory results, rub with a piece of linen dipped in alcohol.

Q. How can I remove hard oil from glass?

A. Powdered pumice - stone is probably the only thing known that will remove hard oil from glass.

Q. How can I remove soot from the chimney?

A. If the furnace or range chimney becomes clogged with soot, burn potato peelings in it. Or get a few scraps of zinc from any tinier and sprinkle it over a hot fire.

Q. How can I clean zinc?

A. Cut a lemon into halves, take one half and rub the zinc. Allow it to remain for an hour, then wipe off. It will make the zinc

look like new.

Q. How can I bring out the luster of the hair?

A. To bring out the luster and to soften the water, add a table-spoon of lemon juice or vinegar to the rinse water of the shampoo.

Beauty At Home

Q. Please suggest a good exercise for reducing the abdomen.
A. Start on your back on floor with arms overhead knees straight and feet together. Sit up, bringing arms and body forward, and touch the toes with your fingers. Keeping hands high, slowly return your body to original position.

Q. How should I make up a very square type of face?

A. Place your rouge in a circle under the eyes and carry it back toward the ears, down under the jawline very lightly, so it creates a shadow on the prominent part of the lower face. Also your natural eyebrow line arched slightly to counteract straight lines of the face. Start them directly above the corners of the eyes. Make up the mouth as wide as possible and create a graceful curve to the lip-line upward at the corners.

Q. What is a formula for an oatmeal facial mask?

A. Three ounces of oatmeal mixed with the juice of a lemon and some witch hazel. Allow this to remain on face and throat for 30 minutes.

Q. What is a good skin-rejuvenating facial mask I can use?

A. About once every other week spread some milk of magnesia over face and throat, leaving on until thoroughly dry. Then put on a second application over the first and let dry another 20 minutes. Remove with lukewarm water and follow with a cold rinse.

Q. My face is dry, and sensitive to soap. How can I wash it?

A. Warm milk is good for this. It cleanses because of its creamy consistency, softens and whitens the skin, and nourishes it.

Right Toys May Help Shape Junior's Future

By VIVIAN BROWN
AP Newsfeatures Writer

A toy may help determine your child's future.

This country has its mediocre professional people — lawyers, teachers, doctors — who might have been extraordinary cabinet makers or glass blowers. But the parents of these people were determined they seek advanced academic education.

On the other hand shoemakers and plumbers who are all thumbs perhaps missed a chance to prove they could be scientists or engineers. All they needed was a little encouragement as children, perhaps with a play microscope or chemistry set helping to develop their interest.

Children's aptitudes should be tested from time to time. They are likely to change with advancing years, but it is well to keep track of things they shine at. Institutions such as the Gilbert Hall of Science in New York help encourage small fry ambitions. There a youngster can tinker with anything from a medical kit containing a professional splint and bandage to a scientifically accurate microscope — and perhaps begin to find their niche.

The organization conducts a chemistry contest supported by the boards of education and chemical societies around the country. Each year more than 20,000 budding scientists respond to it.

A great favorite of boys who discover their building ingenuity is the erector set. Three high school boys devised a rocket launching platform last year with one. Scientist Willy Ley is said to have called it "superb in its conception" — Offshore oil rigs and floating radar stations are inventions of 12-year-olds.

Model trains serve the purpose of mechanical training. Boys with engineering and designing talents form clubs in which elaborate train layouts are assembled and operated on a communal or team basis. One of the largest train setups in the country, run entirely by boys, is in Bridgeport, Conn. Boys and adults share in the highly scientific and artistic train layout in Hoboken and Pelham, N. Y. The hundred foot model platform in Chester, Pa., is the scene of an annual derby.

Little girls may be encouraged in homemaking with cooking sets in which 10 year-olds can bake their very own pies and cakes. Supermarket counter games teach youngsters to study what groceries go into their dinners. A nurse's game may set the mood for that career.

It's up to parents to help their youngsters discover themselves. One man who might have made a good scientist relates that "every year I pleaded for a microscope and chemistry set for Christmas. Each time I was presented with a dictionary. Now I'm just a frustrated businessman."

Cooper's Market Christmas Party Held At Clubhouse

The annual Cooper's Market Christmas party was held this week at the Veterans' clubhouse, featuring a turkey dinner, Christmas tree and presentation of bonuses.

Attending the party, at which Mr. and Mrs. Neil Cooper and children acted as hosts, were Mr. and Mrs. Geo. Jorrell and Bud, Mr. and Mrs. Roy Brittain and Janice, Mr. and Mrs. Dale Barkley, Chas. Sanders and Steven, Mr. and Mrs. Tom Carroll, Mr. and Mrs. Glen May and Eddie, Mr. and Mrs. L.Z. Oldham, Jas. Morton, Mr. and Mrs. Thomas Botsford, Mr. and Mrs. Jim Wighton, Mr. and Mrs. H. J. Edwards and children, Mrs. V. A. Metcalf and Peggy, Jim Cassels, Ted, Frances and Frank Gager.

Walcott 4-H Achievement Tea Is Held At School

Janell Weaver acted as mistress of ceremonies when members of the Walcott 4-H girls club held an Achievement Tea at the Walcott School Dec. 9. She introduced the program by asking the group to sing "Silent Night."

Royce Lee and Merry Kay Pruitt directed a Christmas game, which

was won by Mrs. Charlie Burk. Announcement of various achievements were made by the girls and included two purple ribbons, 11 blue ribbons, seven red ribbons and four white ribbons.

Merry Kay Pruitt was the county winner in the bake show. Other achievements listed were: Royce

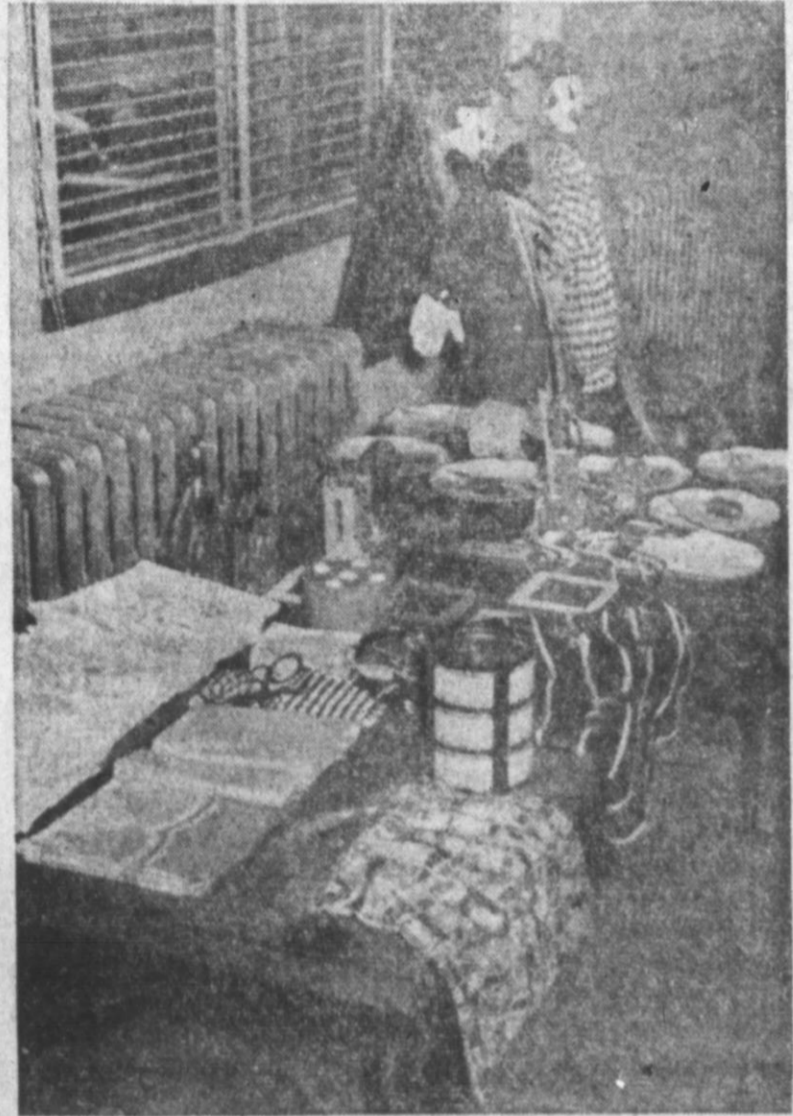

Lee Pruitt and Margaret Burrus attending the recreation training meeting, an educational tour of Amarillo last summer, a picnic supper and award winners at the annual 4-H Achievement Night program in November.

Royce Lee Pruitt closed the program with a reading, "A Letter to Santa," and an exchange of gifts followed.

Visitors were invited to look at the craft work done by the girls. Articles on display included cup towels, pillow cases, aprons, pajama bags, copper pictures, hand-painted plates, book ends and several other gift items.

Merry Kay Pruitt presided at the refreshment table which was cen-

tered with a clever snowman made of popcorn and flanked by candle holders also of popcorn. Cookies made by the girls and punch were served to: Mesdames Ira Ott, adult leader for the Happy Homes 4-H Club, Mrs. Pat Sullivan, assistant home demonstration agent, Roberta Campbell, Mrs. Charlie Burk, Mrs. S. D. Dufur, Mrs. J.V. Perrin, Mrs. Jack Weaver, Charlene and Mary Ruth, Mrs. Hershel Burrus and Mary Alice, Mrs. Roy Pruitt and Mrs. Glen Burrus, adult leaders, and the following girls: Connie Jo Darwin, Hazel Lewis, Pauline Cole, Betty Lockhart, Cecelia Burrus, Merry Kay and Royce Lee Pruitt, Kathryn Burrus and Mary Dufur.

CRAFT EXHIBIT of the Walcott 4-H club was arranged by members for guests at an Achievement Tea held at the school last week. Among the items which attracted a great deal of attention were the cup towels with recipes embroidered on them, a match holder used as a planter, copper pictures, hand-painted plates, and clown pajama bags shown in the background. Most of the articles were made for gifts by the girls. (Staff Photo)

H D Chatter

By Argen Draper

When the Hereford Garden Club met Friday morning with Mrs. W. C. Hromas, things really looked like Christmas was almost here. Mrs. Hromas had the house decorated with several arrangements. One that appealed to me was a snowman which she had made. The buttons used for eyes, nose and mouth were about the blackest we had ever seen. She explained that these were covered buttons off of an old blouse. She had painted the fabric with shoe polish. This snowman made a very clever arrangement for the coffee table.

Another snowman which has caused a lot of favorable comment is a snowman made from popcorn balls. Royce Lee and Merry Kay Pruitt made this arrangement. It was given to Mrs. Ira Ott and she used it in decorating the television set. The Pruitt girls also made candle holders of the popcorn.

Mrs. Johnny Northcutt made a table arrangement of yucca or beargrass. This was on the table in the living room serving for the Christmas tree. Each spike was decorated with marshmallows that had been painted red with food coloring. The base of the plant was decorated and the gifts placed on the table. Santa Claus when he

sees this will probably call it "Merry Christmas you all."

Annual Christmas Parties Held For HD Clubs In Area

Baked goose and baked hen with all the trimmings were enjoyed by the Wyche Home Demonstration Club members and their families when they gathered for a combined Thanksgiving supper and a Christmas gift exchange Dec. 9, at the Veterans' Club house.

Guests were served buffet style, then seated at long tables centered with holiday arrangements. Following the dinner the group gathered in the recreation hall for the Christmas program. Mrs. W. P. Axe, program chairman, presided.

With Phillis Ward at the piano, Mrs. Ira Ott led the group in singing Christmas Carols. Mrs. J. R. Baird gave the Scripture reading, "Let's Keep Christmas" by Porter Marshall was read by Geveva Logan. Mrs. George L. Olson recited a Christmas poem, "The Boy Who Scoffed at Santa Claus." The games were directed by Mrs. H.L. Ward.

With Mrs. C. R. Gandy playing the part of Santa, gifts were exchanged from a decorated tree. Mr. and Mrs. Gandy were presented gifts from the club.

Guests present were: Mr. and Mrs. W. A. Dobbins and Mr. and Mrs. C. R. Gandy.

Members and their families were: Messrs. and Mesdames: E. R. Roberson, C. R. Damron, J. V. Pickens, Charles Packard, W. P. Axe, J. R. Baird, Ira Ott, George L. Olson, H. L. Ward, Mrs. C. F. Newsom and Mrs. Tom Draper.

Dawn

Mrs. T. L. Sparkman Jr., was hostess for the Dawn H. D. Club, Dec. 9 for a gift exchange and Christmas program. Mrs. J. B. Caraway Mrs. LaNor Tooley, Mrs. Walter Galley and Mrs. R. T. Stewart gave the program.

Following the gift exchange refreshments were served to: Miss Alma Andrews, a visitor, and Mesdames Walter Galley, Oryal Galley, Marion Russell, LaNor Tooley, A. L. Bell, Jesse Sisco, Cecil Payne L. A. Loerwald, Ernest Harder, Johnny Carathers, H. S. Fuller, J. B. Caraway, L. B. Washington, R. T. Stewart, James McCabe, Henry Spicer, Miss Lulu Botsford and the hostess.

Westway

The Westway H. D. Club had a call meeting Friday morning at the home of Mrs. George Turrentine. Mrs. C. A. Sauley presided at the meeting. Refreshments were served for the serving of the Thurman Cole farm sale Tuesday. Coffee was served to Mrs. T. B. Thomas, Mrs. Joe Waggoner, Mrs. Phillip Miller, Mrs. C. A. Sauley, Mrs. Turrentine, Mrs. Bess Werner and Mrs. B. C. Flitts.

LOYCE A. SULLIVAN, assistant home demonstration agent, presented adult leaders of the 4-H Girls Clubs with gifts at the annual Christmas Council Party held at the Veteran's Club House last week. Mrs. Sullivan is on the left and the leaders are Mrs. Roy Pruitt, Walcott, 4-H Club; Mrs. T. B. Thomas, Sadie

Lee Oliver, Mrs. L. W. Tooley, Argen Draper Club; Mrs. M. H. Wiseman, County Wide 4-H; Mrs. Ira Ott, Happy Homes 4-H; Mrs. T. J. Parsons, Merry Maidens 4-H and Mrs. C. F. Homfeld, Caprock 4-H Club. (Staff Photo)

Your Congressman Reports

The Russian people in Moscow look with great pride on several particular projects which they feel they have built and achieved themselves without any reference to the influence of the czarist regime. One of these is the USSR Agricultural Exhibition which shows the nation's achievements in socialist agriculture. Another is the University of Moscow and a third is the Metropole or subway system.

USSR Agricultural Exhibition
This exhibition or show place was opened in Moscow Aug. 1, 1954—it is similar to a large fair ground in the states—for instance, the State of Texas Fair Grounds at Dallas. The exhibition occupies an area of 207 hectares, which is approximately 500 acres. It has more than 300 structures with a total volume of over two million cubic metres. It has about 35 kilo-

metres of asphalted roads and about the same area of sidewalks. The transportation problem is met by the use of trolley-buses. There are many huge, elaborate and ornate fountains and pools. These reminded me very much of the pictures that you see of the old fair grounds at the 1904 St. Louis World's Fair. There are 76 pavilions in which the exhibits are displayed. Sixteen pavilions are occupied by the Union Republics and 12 are used by the Autonomous Republics of the Russian Federation. These are all located on what is known as Kolkhoz Square, which is more or less the heart of the entire exhibition. Our limited time permitted us to visit only a few of the exhibits—the Main Pavilion, the Armenian Exhibit, the Machinery Building and the Cattle Building. The displays close-

ly resembled the displays of these same types of products at county fairs throughout this country. The machinery exhibit was more interesting to me because they had several types of tractors and automobiles. The tractors were usually caterpillar type and had an enclosure for the operator that was equipped with a heater. This is more of a necessity than a luxury in the severe winters in most of Russia. I was very interested in a combine that had a tremendous contraption of some kind attached to it. The combine was quite a few years behind our present combines. However, the contraption that was attached to it appeared to be very practical. It was a dryer through which the grain passed after it was separated from the head. The interpreter explained to me the need for this apparatus and told me that it had been very successful in their harvesting operations. The cattle exhibit was not very impressive. Of course, the animals looked very strange to me and were a long way from the outstanding exhibits of cattle that we have at our fairs in this country. I saw no beef animals as such. Cattle in Russia seem to be dual purpose cattle. Why they do not raise strictly beef cattle, I don't understand, as they have vast areas of grass. The meat in the markets is extremely high, which indicated somewhat of a shortage.

Moscow University
The University of Moscow is a source of great pride to Russians. It is located on the hill above the Moscow River, which is the highest point around Moscow, and from which you have a complete pano-

ramic view of most of the City. It is the hill on which Napoleon stood during the siege of Moscow, I believe the interpreter told us that there are approximately 18,000 students in the University and about half of these were day students. All of the operations seem to be confined to one main building which is a tremendous structure. It is approximately 37 stories high and is well equipped and furnished. The Russians wanted to give us an extended tour of the University, but our limited time and the press of official business prevented us from having more than a hasty visit. We did observe several well-equipped gymnasiums, several eating establishments, and a number of auditoriums. The auditoriums in several instances were designed for particular purposes. The lecture rooms were very similar to the lecture rooms in our universities here. There were several separate library facilities.

The building also housed living quarters for the boarding students. We visited these and found them to be very nice. The limited number of students attending the University rather surprised me, because the USSR does not have many universities compared to our country. It had seemed to me that the Moscow University would probably have a great deal more students. The number of students attending Moscow University is comparable to the number of students attending the University of Texas. Moscow is a city of between 5 and 7 million people and could easily support several universities, if the educational standards there were equal to those in this country.

The Metropole

The Metropole, or subway system, of Moscow is a project of which the Russians are very, very proud. Each of the subway stations is built of a different color marble. The Russians brag that there is more marble in these subway stations than was in all of the czarist palaces put together. They have escalators from the ground level down into the subway. The trains are usually on

time and seem to be well equipped and in good condition. The system is very new, relatively speaking, and the Russians are obviously trying to keep it clean. How long they will succeed in this is, of course, problematical. They insisted that we had to ride on the subway and pointed out to us that the fare is one-half ruble or about 12½ cents. I don't know how efficiently its operation is, because I didn't know where we were go-

ing while we were on it or how long it took us to get there. Frankly, if the interpreter had left us, I would probably be in there yet trying to find my way out. I will try to cover more about the subway in subsequent newsletters.

STUCK!
KNOXVILLE, Tenn. (AP)—A teen age hotrod driver succeeded in outfoxing himself in his attempt to lose a couple of pursuing traffic cops. He mired his low-slung, fenderless job in a ditch, and had to escape on foot. Police are waiting for him to claim the expensive hotrod, towed to headquarters by a wrecker.

Long Time Ago

45 Years Ago
The Red Cross Christmas seal or "charity stamp" first made its appearance in Boston in 1869, and was designated as the Boston sanitary fair stamp. About the same time similar stamps were being used in Brooklyn, N. Y., Springfield, Mass., and Stamford, Conn. After the war this method of raising funds was discontinued in this country for a generation, although it found vogue in a number of foreign countries and is largely used as an emergency relief measure.

Texas, the largest state in the United States in point of area, made greater progress in its population during the last 10 years than any of the states which exceed it in the number of inhabitants, and now takes rank as fifth state in population, passing Missouri, which in 1900 held that place. Census statistics issued show that only New York, Pennsylvania, Illinois, and Ohio surpass Texas in population, while Missouri drops back into seventh place, having been passed by Massachusetts during the last 10 years. The population of Deaf Smith County in 1910 was 4942 and the population in 1900 was 483, an increase of 367 percent.

25 Years Ago
"Even opposing railroad officials have admitted we have won the victory for the new railroad," John P. Slaton took time to say as

he fastened up his brief case and departed for Lubbock the first of the week, concluding several weeks of hard grind in fact-finding to present in the case. It is being generally considered that the opposition believe that they are fighting a losing battle but their intervention will stave off the building of the line and they may hold the territory just that much longer.

Upwards of 500 birds are in prospect for the poultry show which will be held in Hereford Jan. 16 and 17, according to B. H. Hopkins, who is looking after arrangements. The show will be held under the sponsorship of the local chapter of Future Farmers of Texas, an organization of vocational agriculture boys of the state high schools, affiliated with the Future Farmers of America, made up of such groups throughout the United States.

ADRIAN NEWS

By MRS. A. R. BRIGGS

Mr. and Mrs. D. W. Morgan and sons, Donnie and Kippy, went shopping in Amarillo Saturday and Donnie saw his doctor. They all stayed overnight Saturday and visited Sunday with Mrs. Morgan's aunt, Mrs. R. E. Hungerford and family.

Dinner guests of Mr. and Mrs. R. M. Gruhkey and family Sunday were Mr. and Mrs. Heber, mother and daughter, Charlene, and Mr. and Mrs. Roger Gruhkey.

Mrs. Dola Hawn's daughter, Mrs. Tom Denker, returned to her home in Enid, Okla., Sunday after a week's visit with Mrs. Hawn. Denker came after Mrs. Denker Saturday and they returned to Enid Sunday.

Mrs. Arthur Jordan and daughter, Erma Lou, visited Friday and Saturday in Sudan with Mrs. Jordan's mother, Mrs. Annie Serratt. Mrs. Serratt returned home with them for a visit.

Remember! Basketball games next week will include the Bovina tournament, Dec. 15, 16 and 17 at Bovina, and Friona at Friona Dec. 20. Support your home team.

Mrs. Arthur Jewett went to Amarillo Friday to see her doctor and learned that she would have to be in bed two weeks because of a back injury.

Judy Pinnell sprained her ankle last Tuesday night while playing basketball against Canyon. Her ankle is still badly swollen, but she is able to walk on it.

Signs of Christmas are popping out all over the Adrian school building. Window decorations can be seen from the streets and the high school seniors fulfilled their annual custom of getting the tree from the canyons Monday. Most rooms have their trees up and decorated. Visitors are welcome to come and see all the decorations. School will dismiss for the Christmas holidays Dec. 22 and will take up again Jan. 2.

Rev. and Mrs. Darrell Gaut are

music. Gayle is the daughter of Mr. and Mrs. Gaylord Newell, Catherine Nell is the daughter of Mr. and Mrs. Dick Barnard, and Gary is the son of Mr. and Mrs. DeWard Roberson.

At 4 o'clock Miss Zelma Allmon and Miss Patsy Hyde will present an informal Christmas program including Christmas carols and piano duets.

Relatives and interested friends are invited to attend the holiday program.

planning to move Tuesday to Guymon, Okla., where Gaut will be pastor of the Trinity Baptist Church in Guymon. The church has just completed a new \$40,000 building. Rev. Gaut will broadcast his sermons every Sunday over a radio station at Guymon and will have 15 minute broadcasts over the radio daily every sixth week.

Rev. and Mrs. Gaut were honored with a farewell party after church services Sunday evening. Mr. and Mrs. R. M. Gruhkey were host and hostess at a dinner for the Gaut's Monday. Deacons of the church also attended. Present were Mr. and Mrs. E. B. Pounds, Mr. and Mrs. Horace Betts, Mr. and Mrs. Bob Caldwell, Mrs. Irene Brown, Rev. and Mrs. Gaut and Mr. and Mrs. Gruhkey.

Rev. Gaut has been pastor at the Adrian Baptist Church for the past three years and Mrs. Gaut taught in the Adrian High School a semester last year.

We have enjoyed having Rev. and Mrs. Gaut with us during the past years and want to thank them for all they have done for their church and community. We are sorry to see them go, but wish them the best of luck and success.

A worship service will be presented by the youth of the Sunday School at the Adrian Methodist Church next Sunday. Mrs. N. L. Jacobsen is in charge of the program; Mrs. D. W. Morgan is in charge of the music. Following the service there will be a Christmas tree and refreshments in the Fellowship Hall. The service will be Sunday at 7:30 p.m. Everyone is invited to attend.

Last week, Adrian basketball teams met Canyon Tuesday night on the Adrian court and Vega Thursday night on the Vega court.

The Adrian boys lagged way behind, finally being defeated by a 64-39 score. Ed Pinnell and Lloyd Homfeld shared scoring honors for Adrian with 13 points each, while Purett of Canyon made 22 points.

The Adrian girls gained victory over the Canyon six, however, downing them 58-45. Erma Lou Jordan scored 29 of Adrian's 58 points to tie for high score honors in the game with Canyon's Betty Brotherton.

Missing a key player, Davis Brown, because of illness, the Adrian boys' team was defeated by Vega in an overtime game 50-48. Edward Pinnell led the Adrian firing squad for point honors with 29 points. McNabb made 15 points for Vega.

The Adrian girls also lost by a heartbreaking two points. Final score was 36-34. Barbara Pinnell tossed in 20 of Adrian's points and Lynn Hardin made 18 points for Vega. Erma Lou Jordan, Adrian's post forward, fouled off in the last quarter of the game.

By JIMMIE GILLETINE

Much of this nation's strength, they say, can be attributed to the fact that the United States is a melting pot of all nationalities. You throw in a bit of this, a dash of that and a hunk of the other—and sometimes you come up with something pretty good. All in all, it's sort of like Irish stew.

Pretty much along this same line reads a lost page from the history of the Panhandle. Back in 1913, it happened that an alert insurance salesman, ran across an evasive college professor: the insurance salesman dragged in his brother and a struggling newspaper—and out of the melting pot came the Panhandle Plains Historical Museum. Honest, that's how it all started, according to J. A. Hill, former president of West Texas State College, who published the story in the first chapter of his recent book, "The Panhandle Plains Historical Society and Its Museum." (\$3.50-College Press, Canyon.)

What's more, Dr. Hill accredits The Hereford Brand with making the first public appeal for preservation of frontier artifacts, which helped lay the ground work for the outstanding museum now operated by the college. Robert Elliott was the insurance salesman, and brother of A. C. Elliott, who

then published The Brand. Next to insurance, Mr. Elliott was interested in collecting momentos of the past. He used his collection as a prize with which to work on Dr. Hill, who was then a professor of history at Canyon. The upshot was that Dr. Hill bought the insurance policy—and got the collection of some 200 pieces for the college.

"Maybe I did need life insurance anyway," says Dr. Hill. And thus it came about that the valuable collection of curios was transferred from The Brand Office in Hereford to the college museum in Canyon. He goes ahead to list several of the items upon which the original display was founded.

All of which probably means that had Dr. Hill said "No" to the insistent insurance man, the museum would likely be right here in The Brand office, including "two adobe bricks from the first courthouse erected on the Plains of Texas"—and confiscated by Robert Elliott when the building was razed at Dimmitt. Anyway, I am glad he bought the policy, not only for the sake of his family, but I am sure that the museum has expanded and prospered to a much greater extent than The Brand would have been able to accomplish. Besides, my desk is cluttered up enough as it is—without a bunch of historical objects to ob-

FIGHTING DOLL SHORTAGE — Pictured from left to right are Beverly Boyer, Suzanne Langley and Sara Gillettine, all members of the Cantewasteya Camp Fire Girls. The girls are holding the 12 rag dolls they made to give to the VFW to give away to needy children

struct the view.

Are there any people still around who remember when The Brand housed this original collection? The information came as a complete surprise to me—and I do appreciate the autographed copy of the book from Dr. Hill, which is being placed in what we modestly call a library. The whole thing is sort of like discovering that you had a famous (but poor) ancestor. We are proud, indeed, of the role which The Brand played in establishing The Panhandle Plains Historical Museum.

Like I said, you never can tell what will happen when you throw an insistent life insurance salesman, a reticent professor and a struggling newspaper into the melting pot. Now if the salesman had been trying to sell a policy to the editor, and the college professor had been the brother who housed the collection, the editor would probably have run short of money after the first payment or so—and nothing unusual would have resulted. They would merely have cancelled the policy after the second notice.

All of which proves that it isn't the ingredients so much, but how you stir them that counts most in the final analysis.

Moving up to more modern times, I have discovered that Hereford has at least three citizens who practice de-segregation. Last weekend, Emmett Sherman, Jack Gilliland and Debbs Knox went to see the Stamford - Breckenridge football game. The trio arrived late and could locate no seats, except in the "Colored Section." They immediately occupied three of the vacancies and chimed right in with the Negro cheering squad. Emmett swears that they evicted Jack at the half—but I don't believe him.

ABOUT DOLLS! Mrs. Otto Olson had an interesting one, although somewhat the worse for wear. She recalls that she got it for selling magazine subscriptions to McCall's Magazine when she was a little girl. Mrs. J. W. Alexander also has an interesting doll—55 years old—which she got when she was a girl and made into a pin cushion.

Strangely enough, however, the three dolls longest in possession look as if they were poured from

the same mold. All three are china dolls, some 10 or 11 inches in length—and the one longest in the possession of one person, to date, is that of Mrs. F. A. May. It was purchased in 1890 by her cousin, Jim Arnett of Bertram, and given to Mrs. May on her eighth birthday as a present. One of the legs was broken, but has been carefully repaired.

Until Mrs. May's doll showed up, Mrs. Nona Jewell was leading with a similar china doll which she has owned for 55 years. It was bought in Kentucky in August of 1900, and was given to Mrs. Jewell the following Christmas.

Mrs. Sam Love, 605 Jackson, displayed the third doll of nearly the same make and appearance. It was given to her 53 years ago, and is one of several dolls now in her extensive collection.

ABOUT KNIVES! We are still getting several along, and will try to announce winners in this event

in The Sunday Brand. Owners may secure their dolls and knives Saturday, however, if they desire. The display has attracted a lot of attention and, I am sure, has recalled a lot of pleasant experiences for many, many people.

Bill Harris was telling me that this column needs more jokes, if it is to keep any readers at all. I respect Bill's opinion a lot and in view of his advice, here are a few—although they may not be spicy enough to suit his fancy:

A passenger boarded a crowded bus and handed the driver a \$10 bill, saying, "I am sorry, but I am afraid I haven't a dime."

"Don't worry," the driver assured him grimly, "in a minute you'll have 99."

He: "How about some old-fashioned woo?" She: "Just a minute, and I'll

There will be a Christmas program at the Dawn Baptist Church Dec. 18, beginning at 6:30.

Under the sponsorship of the WMU, members of the Dawn Baptist Church, packed and sent 50 Christmas gifts last week to the Texas Baptist Children's Home at Roundrock. This supplied children from three cottages with wearing apparel and other gifts.

Mrs. Carl Wimberley attended a luncheon Thursday in the A. O. Thompson home in Hereford for Tierra Blanca Association officers, chairman and local presidents.

The Dawn Study Club will meet Dec. 16 in the home of Mrs. Gayle Neal.

Cathy Carathers spent Tuesday in the home of Mr. and Mrs. Jim McCabe.

Guests on Sunday in the home of Mr. and Mrs. J. M. Carathers were Mr. and Mrs. W. D. Carathers and Billie and Mr. and Mrs. Jim Osborn and children of Amarillo.

Mr. and Mrs. Bill McCabe and children of Borger visited Saturday in the H. V. McCabe home.

Mr. and Mrs. Dwayne Stewart and children of Artesia, N. M., and his parents, Mr. and Mrs. Zed Stewart, visited the past week with relatives at Borger, McLean, Bowie and Oklahoma City.

Mrs. Frank Russell of Caddo is visiting in the home of her son, Mr. and Mrs. Marion Russell.

Mrs. Baker Womble and daughter, Mrs. Bob Strain, of Spearman attended the Womble Kinship Circle in the home of Mrs. W. T. Womble in Amarillo last Saturday.

call grandma down for you."

"Have you seen Margie's new evening gown?"

"No, what does it look like?"

"Well, in most places, it looks quite a bit like Margie."

Angry widow (after learning her husband had left her nothing): "I want you to take 'Rest in Peace' off that tombstone I ordered yesterday."

Engraver: "I can't do that, but I can add something else if you like."

Widow: All right. Just add underneath, 'Till We Meet Again.'"

Wreck Causes Minor Damages

Minor damages resulted in a two-car collision here Saturday at 12:20 p.m. in the center of Knight Street.

A 1953 Plymouth, driven by Charles D. Hardesty and a 1952 International Pickup, driven by Albert W. Owen, collided, police said.

Approximately \$150 damage was done to Hardesty's car and approximately \$200 damage was done to Owen's car. Hardesty was charged with failure to grant right-of-way.

LIGHT PROBLEM
EASTON, Pa. (AP)—It didn't take Stanley Decker of Easton long to

find out that it wasn't his head lights that had gone bad.

Decker started for Phillipsburg one evening. After several blocks he noticed the headlights didn't seem to be working.

He found them painted over completely with black poster paint.

How is it with you today? Is the fog too heavy for you to find your way to church? Does Saturday's dissipation bear too heavily for you to dare try worshipping God on Sunday? Have clouds obscured from your eyes the light of the cross? Do you shun all responsibility of citizenship in building a better community, a better church, a better world? *How big is the question mark before your eyes?* There is a way that seemeth right to a man but the ways thereof are the ways of death. If you have no concern for truth and honor... if your end is gain at the expense of your fellowman... if your horizon is the patch of woods a few feet before you... then your contribution to mankind and God is questionable, and if all men were like you, the millennium might never come. We are charged with being our brother's keeper, building churches, and bringing in His Kingdom. *God will reward every man according to his stewardship while here.* Why not clear up the question? See the cross caught in the focus of the great lights. It beckons you and me. And make no mistake, *we'll reap just what we sow.* Don't fail your church. Don't fail God. Don't fail yourself... attend church regularly.

AUSTIN — One of the most startling events of the past week was the admission by Bascom Giles that he — and he alone — was responsible for the administration of the Veterans Land Program.
Giles admitted not once, but four times, during the past week — in two criminal and two civil trials in Crystal City and Austin — that he was solely responsible for the program — under the original policy set up by Board members Beauford Jester, Price Daniel and Giles, in 1949.
Gov. Allan Shivers and Atty. Gen. John Ben Shepperd had staunchly contended that such was the case, but Giles was silent on this point until this week.
Giles pleaded guilty to two indictments in Crystal City. He drew sentences of six years in prison on each. He did not contest the civil trials for money allegedly paid to him as bribes.
A total of \$53,000 in cash already has been paid back to the state by Giles.
Still pending against him are 10 criminal indictments and civil recovery suits totaling \$171,427.

Cheatham Named DA
Wiley Cheatham of Cuero, whose aggressive prosecution of veterans' land scandals made him nationally famous, has won a double promotion.
Governor Shivers promoted Cheatham from county attorney to district attorney, effective Jan. 1. In the latter post he heads the criminal division handling prosecution of veterans' land fraud cases.

Cheatham's appointment as district attorney brought on a flurry of complaints from Victoria, where top Democratic leaders wanted the place to go to City Attorney Weldon B. Mallette.
Said Shivers: "There have been more attempts to bring pressure to prevent the appointment of Wiley Cheatham than I have ever seen as governor."

The appointment led to resignation of State Democratic Executive Committeeman Gene Houchins of Victoria; bitter denunciation of the governor by State Sen. Wm. S. Fly; and editorial criticism by the Victoria Advocate.
In announcing the appointment, Governor Shivers praised the young DeWitt county attorney for his past work. He promised cooperation of state officials in further investigations.

Shivers May Run Again
Back in the limelight as a potential candidate for governor is Allan Shivers. He made it a point to remind newsmen that he is among the "possibles."
Governor Shivers promised to tell his 1956 political plans "about dogwood time." This, he explains, is usually between mid-February and mid-March.
Although Shivers has been expected to step out at the end of his present term, he never has definitely said so.
Meanwhile U. S. Sen. Price Daniel holds fast to his announced intention to tell no political plans until after Jan. 1.
Added signs of life in Ralph Yarborough's law office indicate something developing there soon. The Austin attorney has brought newsmen Lyman Jones back from California to work in the 1954 candidate's office.

Short Snorts
One death and one serious illness at El Paso, following administration of rabies vaccine, were not the result of faulty vaccine, reports Dr. Henry A. Holle, state health commissioner, after a quick statewide check.
Texas cut its Safe-Driving Day death toll from the usual 7 to 2; but followed through on the weekend, with 10 traffic deaths in two days.
The Democratic State Executive Committee held two days of closed sessions here, schooling leaders in convention procedures. There will be 100 such seminars over the state in preparation for the fight to retain control of the presidential conventions next May.
One child out of every 10 born in Texas will spend some time in a mental hospital, says the Texas Society for Mental Health.
O. B. Ellis, general manager of the Texas Prison System advises that he and the Prison Board will ask the Legislature for \$8,000,000 at the next session, for a new five-year building program for the prison farms.
Texas' supply of Salk Polio vaccine may catch up with the demand by next April, says Dr. Henry A. Holle, health commissioner.
New certificates are being mailed to 63,000 Texas teachers, under a law passed by the last legisla-

ture. Teachers with five years or more of college work receive "professional" certificates; those with only a bachelor's degree receive "provisional" certificates. Both types are permanent certificates. Of Texas' 65,000 employed teachers, only 2,000 do not have degrees.
Garland Smith, chairman of the Texas Insurance Commission, reports that the commission needs at least 25 more examiners. At present there are 39.
Texas schools and health units received more than \$8,000,000 worth of surplus federal property the past fiscal year. So states C. Read Granberry, chairman of the board of the Texas Surplus Property Agency.
Lease bids by oil companies on 23,679 acres of school lands last week enriched the permanent school fund \$1,552,284.
Midland Rancher J. O. Nobles, has resigned from the Board of Directors of Texas Southern University — because of the distance between Midland and Houston, where the university is located.
Governor Shivers has appointed H. M. Hood of Borger as judge of the new domestic relations court in Hutchinson County. Also he named W. D. Noel of Odessa to the State Liquor Control Board.
The reorganized Texas Livestock Sanitary Commission has taken first steps toward securing the financing from the livestock industry upon which its operation will depend after Sept. 1, 1957.
Only two fillies have won Hialeah's Flamingo Stakes — Evening in 1932 and Black Helen in 1935.
Milwaukee's Braves six times during 1955 attracted more than 40,000 fans to Country Stadium in Milwaukee.
Guy Gendron of the New York Rangers is 21 and one of the youngest players in the National Hockey League.
At 42, Theodore Roosevelt was the youngest U. S. President.

At The Movies

"Run For Cover"
The screen's top tough guy, Jas. Cagney, has lifted his long starring career to sensational new heights in the robust and suspenseful "Run For Cover," which will show Friday and Saturday at the Star. Playing in his first Western in some years, Cagney portrays a worldly-wise and hard-bitten sheriff with a brilliance and rugged strength. Viveca Lindfors and John Derek star with Cagney in this adventure which entangles them excitingly in a compelling and intensely dramatic plot.

Cagney, as a man with a past, faces the handicap of a reputation he doesn't deserve; Derek, a wild young cowpoke unsure of his worth or of what drives him, has to contend with an injury that hobbles him and makes him feel bitter and inadequate. Each takes a different path to working out his problems, Cagney, the path of the lawful, orderly way, backed up by the gun he hates to use; and Derek, the rebellious, irresponsible way, without the confidence to make him really successful on his own.

Double Feature
Don't miss the double feature at the Texas Friday and Saturday, when Robert Francis, Dianne Foster and Brian Keith are starred in "The Bamboo Prison," the powerful drama of a life in a prison camp and "The Outlaw Stallion," the story of the animal king of the wilderness against the outlaw king of the West, featuring Phil Carey, Dorothy Patrick and Billy Gray.

"Five Against the House"
Sizzling Kim Novak and sensational Guy Madison are teamed in Columbia Pictures' "Five Against the House," a grand suspense adventure which breathlessly combines romance and all-out action at the Texas Sunday. Topping the spectacular story itself is the exciting locale of the film, the fabulous Harold's Club in Reno

Don't Flirt With These Traffic Cops
MIAMI SPRINGS, Fla. — Traffic policemen here are learning how to resist the wiles of women drivers when passing out tickets for traffic violations.
Police Chief William Renegar noticed that men and older women got their share of tickets but that younger women, if not getting away with murder, were getting away with many traffic rule infractions.
Renegar says his policemen usually encounter the same basic behavior pattern among the young women drivers. First comes the wide-eyed look of innocence coupled with alarm; then some women may flash a bit of leg.
"They'll even accidentally show the policeman their telephone number while handing him their driver's license or ask him what time he's off duty," Renegar reports. All else failing, they resort to tears.
In too many cases, he says, the policemen forgot what they stopped the driver for.
Now the officers are instructed to get the woman's license, then walk to the back of the car and write the ticket. They are to stay in sight of any passengers in the car at all times.

Chrysler's wonderfully convenient Pushbutton drive is on the left side where no one but the driver can reach it.
Push this button and all other cars seem outdated!
15 minutes in the new "PowerStyle" Chrysler can change a lifetime of buying habits!
Push that "D" button and step on the gas. You're off like a shot. Now you're eating up the ribbon of road in front of you. A curve comes up and bends around behind. What was a hill has vanished. The scenery itself must be moving, not you!
What accounts for this magic? A whole new series of Chrysler engineering developments. Pushbutton Power-Flite transmission... a bigger airplane-type V-8 engine, more powerful than anything in its price class... full-time Power-Pilot Steering... and newly designed PowerSmooth Brakes that bring you to the world's safest, smoothest straight line stops.
Chrysler, with its low center of gravity, rivals the cornering ability of a racing car.
All this you see reflected in Chrysler's "PowerStyle" lines... the new Forward Look... the new look of power.
If you're now driving one of the other two major cars in Chrysler's price class, come in and make a direct comparison. Just see if Chrysler doesn't make everything else seem outdated!
