Ident Victim

Services were conducted Monday afternoon, Nov. 4, at Memorial Park under the direction of Rev. H. V. Fields. Burial was in Rest Memorial Park under the direction of Rev. H. V. Fields. Carter, 34, died Sunday, from injuries received in wreck on State Highway 147 near Broadview, N. M. Deceased was born July 4, 1894, in Estelline. She came to Hereford in 1953 and had been employed as a waitress. Survivors include her parents, Mr. and Mrs. Bud Lutts; three daughters, David Bull of Hale Center, Jo of Hale Center and Lynn of Estelline; two sons, Mrs. James Mav of Quilley and Mrs. Ed Whitehorn of Hereford; and one grandson.

New Chamber Directors Include Norton, Roach, Cole and Sims

Deaf Smith Chamber of Commerce board of directors Tuesday capvassed results of a mail ballot to name four new directors for terms with the organization. New directors are Palmer Norton, Curtis Roach, Earl Cole and Johnny Sims. Norton and Cole will represent agriculture while Roach and Sims were named as representatives of business and professional members. They will serve two-year terms. Retiring board members include Marcus Latham, current president; Don Zimmerman, treasurer; Charley Hill and John Douglas Pitman. Hold-over directors are Monk Johnson, Cliff Acker, Charlie Noland and Mike Baird. Johnson currently is vice president of the C of C.

Chamber manager Bill Lenderman reported there was a 59 per cent return on the 323 ballots which were mailed out to Chamber members. This, he said, was an extremely good return for mail ballots. Also included on the ballots were Les Combs, Gene Moore, Bill Dameron and Luther Lesly. Nominating committee members were Monk Johnson, Mike Baird, Pic Harmon and Robert Viegel. New directors will be installed during the annual Chamber of Commerce banquet in December. They will begin their duties in January.

United Fund Opens 1958 One-Day Campaign Today

Goal Is \$21,000 For Ten Agencies

An intensive effort to collect \$21,000 for 10 agencies will start at 9 a.m. Thursday for workers of the Deaf Smith County United Fund drive for 1958. A kick-off breakfast is slated in the Jim Hill Hotel ballroom at 9 a.m. to organize final efforts for the one-day drive. Attending will be drive chairmen, zone chairmen and other United Fund workers. Heading the 1958 campaign is Bill Decker. President of the Deaf Smith County United Fund is Jimmie Allred.

Grain Moisture Content Drops

The mercury dipped down to a cool range of 30-32 degrees the first three days of the week, which continued the "killing freeze" to the county's main crops, maize and cotton. A long-awaited frost hit the county Friday night, which provided an increase to the harvesting of maize and cotton. The low recording Friday night was 28 degrees.

The moisture content of long-maturing or "green-head" types of maize dropped as result of the dry frost. The frost opened the gate to stripping, or the mechanical method of harvesting cotton. Stripping so far, gin operators said, has been slow and of a sampling nature. Stripping usually gets into full swing about 12 days after the first dry frost, one operator said. Elevator operators said that there is a steady decrease in influx of grain for storage, as harvesting operations are now in the period of completion. One operator said he expected the harvest to be completed by the end of the week, with the exception of a few fields. Quality of the maize has

Dave Dodge of Amarillo will be keynote speaker for the opening step of the drive.

"There is no question but that we can collect \$21,000 for United Fund in the county in a single day," Decker said Wednesday. This year's goal is slightly less than the one set for the first United Fund drive last year. The 1957 drive was successful. "I would like to urge every person to be ready when a solicitor comes by Thursday," Decker said. "We know that everyone will want to give to these ten agencies, and give enough."

Participating agencies, and the amounts allocated for them by the budget committee, include: Hereford Athletic Association, \$900; Boy Scouts of America, \$4,500; Pony League Baseball, \$1,050; Little League and Pee Wee Baseball, \$1,050; Heart Fund, \$700; American Red Cross, \$7,700; Salvation Army, \$2,600; Camp Fire Girls, \$250; Texas Association for Mental Health, \$90.12; and United Service Organization, \$250.

The Hereford United Fund is an organization for boys 13 and over.

PREPARATION FINISHED, United Fund campaign chairman Bill Decker is ready for a huge effort today to raise \$21,000 for ten agencies with the help of countless volunteers. The one-day drive opens Thursday morning with a kick-off breakfast. (Staff Photo)

Pioneer Natural Gas Plans Building

Contract for a new \$100,000 Pioneer Natural Gas Company building, to be located at corner of Third and Lee, will be let by the first of year, according to John Sims, manager of Pioneer Natural Gas in Hereford. The 50-by-100-foot building will have the same specifications as the company's building in Plainview. Sims said, "The brick construction will cost approximately \$100,000, and will include collection and accounting departments and several offices, he said. Gas equipment will provide combination refrigeration and heating units, Sims said. The utility building will serve towns and communities in parts of eight counties. Seven large towns will be served in this area, Sims said. "Though Plainview is more than twice the size of Hereford," he said, "we are confident of the future growth of Hereford and we feel that the city warrants a building of this type."

ARCHITECT'S SKETCH of the proposed Pioneer Natural Gas Company building was released Tuesday, when John Sims, local manager of the company, announced that contract for the new building should be let by the first of the year. The brick structure will be located at the corner of Third and Lee. The 50 by 100-foot building will house collection and accounting departments, drive-in pay facilities, customer parking and a "Flame Room," with kitchen facilities. (Staff Photo)

City Releases Old Fire Engine To Shrine Club

The old 1929 American-Lafayette fire engine, now obsolete, was turned over to the Oasis Shrine Club Tuesday morning after approval of the Hereford City Commission in its meeting in the City Manager's office Monday night.

In other business, the commissioners approved a 10-year extension of franchise for Pioneer Natural Gas Co. after the third and final reading of the proposed grant. Ralph J. Davis, manager of Montgomery Ward, 147 N. Main St., attended the meeting and asked that commissioners consider making an unloading zone available to his company at certain hours of the day at no charge.

Davis, who recently had the unloading zone beside his business lifted, said that he objected to paying monthly rental on the unloading zone because he was blocked from using alley facilities for unloading merchandise by another building. Commissioners tabled the request, pending further consideration. Dub Reeves, representing the Oasis Shrine Club, requested that the obsolete fire engine, recently replaced by a new fire engine, be turned over to his club for use as a "publicity vehicle."

City Releases Old Fire Engine To Shrine Club

At a previous meeting of the Commission, both the Shrine Club and Optimist Club requested ownership of the engine. The Optimist Club, planning to donate the vehicle to Boys Ranch, later withdrew its request after Boys Ranch officials said that the engine was not needed. Reeves said that the club would keep the engine intact and would improve the present condition of the vehicle. (Continued on Page 2)

Poppy Sale Slated Saturday

Annual sale of Buddy Poppies will be conducted in Hereford Saturday by the Veterans of Foreign Wars Auxiliary. "The veterans of all of our nation's wars receive direct and prompt aid from the proceeds of the annual Buddy Poppy sale," commented J. P. Jones, commander of the Hereford V. F. W. post. Mrs. Wayne Lawrence, president of the local V. F. W. auxiliary, this week announced the appointment of Mrs. Dub Maddox as chairman of the 1958 Buddy Poppy sale. The Buddy Poppies are made by disabled veterans in hospitals.

Jane Kirby Hits 19 Grid Winners

The Texas Tech-Tulane game set quite a few grid guessers back in the football contest this week. Second and third place winners were decided on their guesses of the Hereford-Littlefield game. First place winner this week with the prize of \$5 in trade at the Hereford Shoe Store is Jane Kirby scoring 19 correct picks. Marshall Wilson broke the second place tie of 18 correct picks winning the second place prize of \$3. Mark Matthews comes in third for the \$2 prize. Certificates and prizes are at The Brand office.

County Votes Democratic; Turns Down 2 Amendments

Deaf Smith County stayed right in line with the rest of the state, according to returns from Tuesday's General Election. Voting a strong Democratic ticket all the way down the ballot, county voters also turned down two proposed amendments to the Texas constitution and approved of seven others. Incumbent Price Daniel polled 854 votes, compared with 94 for Republican candidate Edwin S. Mayer. Ralph Yarborough took a 2 to 1 lead in the county over Amarillo's Roy Whittenburg, running for U. S. Senator on the Republican ticket. Yarborough had 616 and Whittenburg 321. Three of the Constitution Party candidates received no votes in Deaf Smith County, while W. C. Miller polled the most for his party with 13 nods for Commissioner of the Public Land Office. Votes were much closer on the proposed amendments to the state constitution. Deaf Smith County voters turned down Number One, which would have provided annual sessions of the legislature and more pay, 529 to 315. They also defeated a proposal to allow elective county officers to participate in retirement, death and disability plans, 460 to 388. That was proposed Number Two. Other county votes on proposed amendments were: Number Three, to limit appointments of County Judges and Justices of the Peace to next General Election, For: 697; Against: 167. Number Four, elective officers serving four years terms with more than 18 months remaining to serve, must resign before running for another office, For: 667; Against: 178. Number Five, extending city elective offices to four-year terms, if desired, For: 519; Against: 300. Number Six, providing pensions for retired Texas Rangers and their widows, For: 561; Against: 303. Number Seven, to advertise Texas, For: 478; Against: 371. Number Eight, for vendor medical payments in cooperation with Federal aid, For: 609; Against: 289. Number Nine, to create certain hospital districts, For: 524; Against: 292.

 "In its present condition," he said, "the engine would not run for five minutes."
 He said his club would decorate the engine with a map of the United States, pinpointing the locations of 17 Shrine hospitals for crippled children by lights.
 "The theme of the truck," he said, "would further our attempt to have a hospital of this type located in Hereford in the future."
 Reeves said that the Shrine Club needed the vehicle for the Annual Shrine Ceremonial, scheduled in Lubbock Nov. 15, and he asked that the commissioners take immediate action as the local club had pledged a vehicle to the event.

Saying that the Volunteer Fire Department approved of the Shrine Club's ownership of the vehicle, Reeves said that his club would agree to any commitment that the city might place on the fire engine.
 City Attorney Earnest Langley made a motion that the following agreement be recorded in the minutes of the city commission:

1. That title to the engine is not to be disposed of by the club.
 2. That the city be released of all liabilities on the engine.
 3. That upon emergency, the city may recall the engine within the period of 30 days after notice.
- The commissioners passed the motion and turned the engine over to the Shrine Club.
 With approval of the extension of franchise of Pioneer Natural Gas Co., the franchise will not expire until Sept. 3, 1968. The former franchise was scheduled to expire April 19, 1960.
 John Sims, manager of Pioneer Natural Gas in Hereford, asked that the 10-year extension be granted at a meeting of the Commission Oct. 6. The request was read at three separate meetings before final approval was made this week.
 By ordinance, the maximum grant of franchise by the city is 10 years.

 been excellent and the moisture content has been low this week, elevator operators said. Gin operators say the quality of cotton has been excellent, quality and quantity-wise. Approximately 1,200 bales have been ginned to date in area gins.

representing the local Montgomery Ward mail order house, said that he could not use the alley for unloading merchandise because there was another building between his store and the alley.
 Davis ordered the unloading zone lifted beside the Montgomery Ward building three weeks ago because of the monthly rental charge. For the 22-foot space, he had been paying a \$5.75 monthly charge.

He said that his home office thought that the charge was an unnecessary expense. No allotment for the payment of rental on an unloading zone is included in the budget for the local order house, Davis said, and that he has had to list the cost under "an unclassified expense."
 Davis expressed the desire that the commissioners consider setting up a cost-free, limited-time unloading zone, to be used for the unloading of merchandise during specified hours of the day only.
 The commission tabled the request, pending further consideration.

In other business, the City Commission accepted a check for \$107 from General Electric Supply of Amarillo for the difference between low and second lowest bids for traffic light signals to be installed at the intersection of Highways 51-60. The company had been the low bidder for the lights.
 The company based its reason for not fulfilling the contract to the fact that the bid offered was too low and that a mistake had been made.
 The second bid was accepted, and General Electric Supply offered the difference in the two bids in the form of a check for acceptance at the Monday meeting.

 teams in the local league, with 64 boys participating.

Pony League baseball completed its second year of operation in Hereford last August by hosting the area tournament. Expenses of the league include bats, balls, catchers' and umpires' equipment, lighting for the games with excess funds used to improve the physical plant.
 All Pony League officials, managers and umpires donate their time and services.

Several hundred boys are involved in activities sponsored by the Hereford Athletic Association. Included in the activities are boxing and wrestling. Several other sports also receive assistance from the association.
 All supervision and coaching is donated by local persons interested in developing athletic skills and participation in the area.

Administered locally by three volunteers, the Heart Association has a three-fold purpose of research, education and community service.
 Some 60 per cent of the funds allocated will stay in Deaf Smith County. Primarily, these funds are used for educational programs and, in some instances, to help defray the costs of heart operations.
 Remainder of the funds goes to the state and national heart associations to help pay for research on heart disease.

This state group is concerned with helping those with mental illnesses through education, research and rehabilitation. This organization is affiliated with a national group which gives grants for research and scholarships for those planning to enter fields of mental health. A program of education is one of the primary fields of work for the state association.

Man Arrested On Assault Charge

Juan Pena, 37, was charged for aggravated assault of a peace officer after arrest by the Deaf Smith County Sheriff's Department Sunday night.

Pena, who allegedly slashed his sister and brother-in-law during an argument at about 9:30 p.m. Sunday at the Labor Camp, resisted arrest by Deputy Sheriff Domingo Pesina and cut Pesina's jacket lapel before catching a ride on a pick-up truck to Hereford, according to Sheriff Charles Skelton.

Pesina jumped on the back of the pick-up as it started to leave and hung on to the back of the truck until it came to a stop near an apartment house in Hereford.

Skelton said that Pena ran toward the house when the pick-up came to a stop. He was arrested at the apartment house.
 Pena is now in Deaf Smith County Jail, pending trial. His sister was treated for a cut on the arm at Deaf Smith County Hospital.

 More than anything else, we want to see if Bill Decker can, as he firmly believes, hit the entire county in one day for United Fund donations. It's a selfish reason. Having worked on several of these Community Chest drives in other places, we are always disgusted with the way the things drag and drag for endless days and weeks. It took too much of our time and more hours for many others. There's no reason why Deaf Smith County can't get the job finished in one good day and be done with it. We hope you'll do your part to make it a big success.

A follow-up on the unfortunate Halloween prank where five boys tossed a watermelon through the windshield of a school bus: The boys, after voluntarily admitting the misdeed, have agreed to pay for damages to the bus, hospital and doctor bills and ambulance services charges. Fathers of the boys are to have a conference about the matter with High School Principal Bill Stanford. Decision on the matter was made Monday after Superintendent Fred Cunningham conferred with Chief of Police Henry Aycock.

ties. One of these days we might have a two-party state. If nothing else, it would create more interest in state-wide elections.

Some of The Brand polls, admittedly inconclusive, have indicated local citizens are interested in securing more industry for the county. Through the efforts of C-C manager Bill Lenderman, the Hereford Rotary Club will hear Jack Lacy, executive vice president and general manager of the Amarillo Chamber of Commerce, talk on "Is Your Community Attractive To Industry?" Lacy is a real fire-ball on the subject, so wrangle an invite to attend the meeting on Dec. 1.

THE ONLY WAY!!!!
Very few of us ever are able to pay cash for a \$40,000 deal yet here's a way to let a \$40,000, improved, irrigated farm, 3 miles from town... pay for itself. **THE OWNER DOESN'T WANT THE CASH.** Just make a very small down payment and rent the farm to a good tenant... you don't have to do a thing. The terms are so liberal that rent will pay for the land. **THERE'S NO EASIER WAY TO MAKE \$40,000.00.**

Accidents Total \$1,700 In Damage
More than \$1,700 in damages to vehicles were reported in two automobile accidents in Hereford this week. All drivers escaped injury, according to investigating officers.
Two 1 1/2 ton trucks and a passenger car collided at the intersection of Highways 51-60 at 6:10 p.m. Sunday.
Drivers of the trucks were Antonio Valdivia, 56, Rocky Ford, Colo., and Buddie Louis Billington, 26, 121 Catalpa. Driver of the passenger car was Martin L. Simpson, 70, 113 Star.
Damage to the Valdivia truck was \$280, to the Billington truck, \$660, and to the Simpson car, \$360. Valdivia was issued a ticket for failure to grant right-of-way.
The other accident happened at 4:51 p.m. Monday at the intersection of Highway 60 and Park Ave.
Drivers were Elby W. Kendrick, 31, 405 Ave. J, and Carl D. Hutcheson, 30, Box 294. Damage to the Kendrick car was \$350, and to the Hutcheson pickup truck, \$75.
Kendrick was issued a ticket for travelling 40 miles per hour in a 30 m.p.h. zone. Hutcheson was issued a ticket for failure to grant right-of-way.

Special Services To Begin Mon.
Special evangelistic services will begin at the Mexican Mission (Thompson Memorial Mission) of the First Baptist Church Monday.
Services will be held each night at 7:30, lasting through Sunday, Nov. 16, when two services will be held, 11 a.m. and 8 p.m. All Spanish-speaking people are invited to attend these services.
Luis F. Gomez, pastor of the Mexican Baptist Church of Petersburg, Tex., will be the visiting evangelist for the entire week.
A special feature for the week will be a dinner to be served at the church Sunday, Nov. 16, after the morning service. Following the dinner there will be a short song service, directed by C. R. Gandy.

Bible Words for Today
EXODUS 14:15 - "The Lord said to Moses, 'V do you cry to me? Tell the people of Israel to forward'." (RSV)

How typical! The people of Israel had followed Moses and they had come into difficulty with Pharaoh and they cried out to the Lord and blamed Moses their trouble! Moses, seeking help, turned to God Who instructed him to tell the people of Israel to forward. The way out of any difficulty is never backward - it is always forward. The value of the present and the present lies in their contribution to the future. The past cannot be changed but the present can and must be fashioned and used in such a way that it builds an even better foundation for tomorrow. The foundation determines the kind of superstructure you can erect upon it. Today becomes the foundation of tomorrow. Live today so that you live with its memories without regret tomorrow. Go forward with God today.

Nancy Parsons Named Optimist Club Sweetheart
Nancy Parsons was named new Sweetheart of the Optimist Club at the regular meeting of the group Tuesday noon.
The club voted to donate to the United States Olympic Games team. Skinny Watts was named chairman of the project.
Bill Phipps, Steve Powell and Roy Boyer plan to attend the Zone "C" meeting of Optimist Clubs in Plainview Sunday. The meeting will be held at the Productive Credit Association building.
Theme of the meeting will be methods of friendship growth and new ideas.

Porcupine vs Pulp
NEW YORK - The porcupine is making smorgasbord out of newsprint.
The Newspaper Information Committee says these quilled animals take a heavy toll of Canadian pulp trees. For instance, one porcupine on the loose can destroy 2,000 trees in the course of a year, and if half are pulp trees, the raw material for more than 50 tons of newsprint is lost, the committee says.

AMIE GILLENTE

Just to show the difference in people Pat Wederbrook says that I am a no good, two-bit chisler because I mentioned that no one ever brought any game around any more.

I am not even going to complain about my wife having to dress the birds. What's more, I'd rather have quail than pheasant - any time, day or night.

Which reminds me, a lot of people are complaining because a few indifferent hunters are killing pheasants in this county. It is definitely against the law, and is so listed in the 1958 game and fish regulations.

The game bulletin still says: "No Closed Season on Buffalo." You do need a permit from the state department under House Bill 586.

Troy Newman got a little bit confused when he went out duck hunting the other day. He ran into a den of rattlesnakes and wound up with a total score of "7 rattlers and 3 ducks."

I keep getting rumors that the whole east side of the second block on Main Street is on the verge of a new store front program.

I don't guess many people care about it, but the inflation situation in Brazil is getting serious. The only way working people can break even is by purchasing on the installment plan.

was also quite interested in an article in the magazine about telephone operators. Time was when folks daily complained about telephone service here, but I don't encounter such complaints these days.

and the profits are enormous. American "Big Business" apparently sees a much greater future in Brazil than to the north in Canada or Alaska.

All indications point toward an inflationary trend in this country and the trend is emphasized with the big Democratic swing in the elections last Tuesday.

On the other hand, I am usually wrong about everything but the weather. Which reminds me: Get ready for a long, cold, hard winter. A lot of moisture, and good wheat prospects. Just like I predicted, it has been a beautiful Fall, one of the finest in fact.

Two driving while intoxicated, first offense, cases were scheduled to be tried in County Court Wednesday afternoon.

Charged for the offense Monday were Reynaldo Yanez Sanchez, 26, 107 Ave. E, and Onzie Thomas, 45, Eldorado, Ark. Sanchez was arrested Monday on Highway 60, west of Hereford, by Sheriff Charles Skelton.

During the meeting, several Toastmasters left to make a short talk before various clubs meeting that evening. The main purpose of the Toastmasters club is to provide speakers with prepared speeches for clubs and organizations needing speakers.

The meeting for next week may be held at a different place, to be announced at a later date.

Toastmasters Name Three New Members

Three new members were welcomed at the regular meeting of the Hereford Toastmasters Club Tuesday night in the ball room of the Jim Hill Hotel.

Dr. Wes Owens, president, presided over the meeting. Topic master for the evening was Virgil Dodson, and toastmaster was Ed Dzulc Jr.

Prepared speeches were presented by Grant Fuller, Larry Gargan and Dale Young. Winner of the cup for the best speech of the evening was Dale Young, Senior cup, and Larry Gargan, Junior cup.

Community Farmers Continue Harvesting

By MRS. CARL WIMBERLEY
Beet harvest continues here. W. H. Gentry has begun harvesting soybeans. Some milo continues to come into the elevators.

Mrs. William Wimberley has been appointed United Fund chairman for the southeast area of the county, from Highway 51 east and south to the county line and as far north as the road by J. T. Gilbreath's farm.

Those who will assist in this area in the drive Nov. 6 will be Mrs. J. B. Pickens in the section south of the creek, Mrs. P. L. Carmichael, Progressive, and Mrs. R. A. Frye, Dawn. Mr. and Mrs. R. A. Frye have received a letter from their son, Pfc. Richard Frye, stating that he has arrived in Germany and is stationed about six miles from Heidelberg. Frye reports that they are living in an old German barracks, stone buildings with walls 20 inches thick.

Frye is in the survey section of the Topographic Mapping and expects to get to see much of free Germany.

A large crowd attended the P-TA Halloween Carnival at the school house Friday evening. Prizes for the best costumes went to Wayne Polan, preschool; Diane Golden, first and second grades; Brenda Algers, third and fourth grades; and Linda Tooley, junior high school.

The P-TA cleared approximately \$75 on the evening's entertainment.

Double Main Mat Match Saturday

Wrestling Saturday night at the Bull Barn will feature a double main event.

Popular Ricky Romero will tangle with Doug Donovan in the first one-hour match and Sonny Myers will take on vicious Ripper Leone in the second hour-long bout.

Last Saturday, Gory Guerrero and Red Donovan wrestled 20 minutes to a draw in the first match. In the second preliminary bout, Doug Donovan downed Chico Romero in 12 minutes, 20 seconds.

In the main event tag team match, Gory and Chico roared off to a fast start by taking the initial fall from the Donovan boys in 17 minutes. Red and Doug took the second fall in nine minutes to even the match.

Gory and Chico won the third fall on a disqualification. Red and Doug had won the match, but Doug decided to fight with the referee, who retaliated by reversing his initial decision and giving the match to Gory and Chico.

YOUR RED CROSS ON THE JOB

By CORINNE J. NEELY

One of the highlights for Red Cross in the community during October was the award of appreciation which was presented to Austin Rose Jr. at Amarillo Air Force Base. It was thought best, since the base is in Potter County, that the award be made from that chapter, but it speaks for all of us, this chapter and all who are interested in seeing recognition be given to one of courage and action in face of danger.

Oct. 28 found the Motor Corps Service group of women hostesses to the First Aid Emergency Unit from Amarillo. Their representative brought their truck used in this work, for display here. Since the Motor Corps group is considering a similar truck for their work in the community, they wished to view this one and asked the volunteer firemen to also look it over. They act as an auxiliary to the firemen, as well as doing Red Cross work. Others asked to see the displayed truck were the police force, the highway patrol and the First Aid class now in session (Allred Oil Employees). Coffee and doughnuts were served by the women to those attending.

Jr. Red Cross began their enrollment of members this month. High School combined this year the Talent Show with enrollment — as will Stanton Jr. High again this year. Other schools are in the process of signing up members also, with Dawn Rural to be the first to complete theirs, with 100 per cent for the school. The Talent Show was a success with awards going to the top three — it was a difficult decision for the judges to make and many more certainly deserved honorable mention. By popular choice of the student body, top winners, "Frio Trio", (judged by

Among those from Hereford who were present were Mr. and Mrs. Ernest May, Mr. and Mrs. W. H. Fogle, Mr. and Mrs. Hershel Miller Jr.

Mrs. Charles Sluder of Clovis visited here Friday in the home of her uncle, Mr. and Mrs. Henry Heckman.

The Dawn Music Club will meet Tuesday, Nov. 11, in the home of Mrs. Gayle Neal.

The Home Demonstration Club will meet Friday afternoon with Mrs. H. S. Fuller.

Muri Little was injured Saturday morning while working cattle on the Fain Ranch. A calf kicked him and it is reported that he will not be able to return to work for about two weeks.

Mr. and Mrs. Jessie Sisco and children spent Saturday and Sunday with her parents, Mr. and Mrs. W. W. Wilcox, at Bovina.

Betty Tucker is working in Canyon now and attending high school there in the mornings.

The meeting of the P-TA has been changed from Nov. 17 to Nov. 24.

The Rev. and Mrs. Charles finished moving here from Amarillo Saturday.

Duty in Germany For Northcutt

Pfc. Jimmy H. Northcutt, son of Mr. and Mrs. Bernie Northcutt, Rt. 4, left Fort Dix, N. J., Oct. 25 for Frankfurt, Germany. Northcutt is a 1954 graduate of Hereford High School and enlisted in the Army in November of 1957.

Finishing basic training at Fort Carson, Colo., he was sent to Fort Sam Houston. After graduating from vet training he was transferred to Fort Bliss as a food inspector.

At the time of his enlistment, Northcutt was a junior at Texas Tech in Lubbock.

Da-kon-ya Group Has Halloween Party

The Da-kon-ya Camp Fire Girls held their Halloween party Friday afternoon at the Camp Fire Hut.

Those attending were Bobbie Adcock, Sidney Bayne, Linda Carter, Sue Cole, Kay Dirks, Juliana Gomez, Mary Lynn Gibson, Retha Kelly, Rebecca Maxwell, Gayle Newell, Marilyn Owens, Diana Ponder, Phyllis Warrick, Jackie Welty, Ila Brinkman, Jo Ellen Hamilton, members; Mrs. W. D. Gibson and Mrs. Oscar Williams, leaders; and Mona Gail Gibson, Ross Williams and Lee Williams, visitors.

encore given); others were Pan-taminist, Dan Cleveland, second; and for their unique presentation of all numbers, the two mistresses of ceremony were given third prize. Sunday Brand carried highlight pictures of the show.

Two more committees have been completed or brought up to date, First Aid with Marlin Gilliland, chairman and Home Service with its chairman, Pauline Howard. Others are still being worked on at this time.

Mrs. J. H. Early has recently accepted the Volunteers' chairmanship left vacant some months ago and Wayne Edwards has agreed to fill the place left vacant by resignation recently in the Disaster Preparedness Plan, as chairman.

Soon you will be viewing Red Cross information and material on Amarillo TV. Your chapter will be a part of this as the Panhandle Association of Chapters, to which we belong, are sponsoring this showing.

Field Representative, Robert Blackburn was in the office on business two days this month. The second day he was accompanied by (Mrs.) Leoti Deaton of Wichita Falls, who is a Volunteer Field Consultant. She gives her time as a volunteer, visiting chapters to aid with plans and suggestions in this field. Mrs. Deaton was born in Hereford in the early 1900's and was a grand-daughter to an early family here by the name of Cyfert. She and your executive secretary had known one another when little girls about 1912. Mrs. Deaton, now wears on her uniform 8, 4-year chevrons and 2 1/2-year bars showing 34 years of service, since she was a Jr. Red Crosser in school. Her fine work and interest in Red Cross is certainly an inspiration.

OFF THE Shelf

By V. J. SANDERS
Usually, when the average reader hears the name Robert Browning he thinks, "Ah, he's the one who married Elizabeth Barrett," and then starts reciting *How Do I Love Thee* to himself.

But the opinion of many people is that Robert Browning was a greater poet than his wife. That is also the opinion of this reader.

Those who read and study Browning are almost always impressed with his amazing strength and love of people.

And Browning did love people. Never, in any of his work, did he seem to criticize their faults. He spoke of evil and cruelty and crudeness in the same vein as love, as God, as Nature.

Browning's success as a poet can be attributed to his infinite knowledge of people, his analysis of individuals and his unflinching tenderness toward all their faults and shortcomings.

It is almost surprising to find combined with this gentleness a bold, flashy strength. Study Browning carefully and you'll find that he was entirely ignorant of the meaning of fear. But as you study his work, you will also find that his strength, as well as his kindness, stemmed from a deep understanding of God.

Critics and students of Browning describe him as an odd combination of characters. "Browning was a poet who used his own strong emotions, imagination, and curiosity to delve into the hearts of men and women whom he found endlessly fascinating, and not least because they were heirs of human frailty."

"Kindness and regard for others was deeply ingrained in Browning as a son, brother, and later as husband." ... possessed a kind of unfading youthful fire. "Life was immensely absorbing to Browning even when it showed as evil, which he accepted along with the good. He was bold, learned, and original."

His work itself was constructed mostly along the lines of dramatic monologues — one person speaking as if another were talking with him. One of his most impressive monologues is *Prospect*, a poem denoting Browning's fearless attitude toward death. He once described death as "merely the prolongation of that which we call life and death is only our churchyard, crepe-like word for change and for growth."

Prospect portrays all Browning's great strength and boundless trust in God. Not for Browning the quiet slipping away into unknown regions, but rather a stormy fight to the end, and when that end does arrive he intended to welcome it with the knowledge that he fought the battle and the reward is his.

Elizabeth Barrett was not a beautiful woman and Browning is always remembered as a very handsome, well-dressed man. Many of his friends would often ask him what he saw in her and finally in answer to their question he wrote his most charming piece, *My Star*. In it he explains that his star, in this case his wife, belongs to him, that no one else can ever understand the delight that this star shown only for him.

In the monologue, *My Last Duchess*, he brings out the beautiful qualities of a woman who suffered and never complained by the use of opposites. He speaks through the cruel husband who is indirectly the cause of her death and through his bitter and uncooled disgust for her we see her as a wonderful person, far too good for the cad she was married to.

Many people would think the Laboratory a morbid and frightening poem. Instead, upon closer examination, we see the reason a woman stoops to murder. Andrea Del Sarto, Fra Lippo Lippi and "De Gustibus" are stories in themselves, showing the faults and shortcomings of the persons involved. In all his poetry, we finish reading with a greater understanding and a sympathy for the failings of man.

Rabbi Ben Ezra is often referred to as his greatest work. No one should ever miss reading and studying the sense in this poem of Browning's. In it Browning expresses the noble words which most triumphantly assert his own belief in the power of the human spirit.

As can be expected Browning's dearest quality in all his work was his practical, logical sense in everything he said.

He was often considered to be very difficult to understand and when he was told of this he would laugh and give the amiable reply, "When that poem was written only two people knew what it meant — God and Robert Browning. And now only God knows what it means."

Browning's indifference was explained in a letter to a friend. "I can have little doubt but that my writing has been, in the main, too hard for many I should have been pleased to communicate with; but I never designedly tried to puzzle people, as some of my critics have supposed. On the other hand, I never pretended to offer such literature as should be a substitute for a cigar or game of dominoes to an idle man. So, perhaps on the whole I get my deserts and something over, — not a crowd but a few I value more."

Following Browning's death, Henry James summed up the essential attributes of the man and the poet: "His voice sounds loudest and clearest for the things we like best — the fascination of faith, and acceptance of life, the respect for its mysteries, the endurance of its changes, the vitality of the will, the validity of character, the beauty of action, the seriousness, above all, of the great human passion."

Read the poems of Robert Browning and let him teach you why he said, "Sun-treader, I believe in God and truth and love..."

Spooks and Goblins Fill School During Traditional Class Parties

By MRS. R. L. PINNELL
"And the goblins will get you if you don't watch out" was much in evidence this week at the Adrian school. The grade school rooms were highly decorated with jack-o-lanterns and witches. Friday found all the rooms with parties.

Mrs. Kromer's first and second grades' party was carried on by room mothers. Hostesses were Mesdames Jim Perrin, Johnnie Lewis, James Cavin and Jake Fortenberry. After games the children were served pop-corn balls on candy bases, cup cakes and pop.

Mrs. Jones' third and fourth grades were honored by Mesdames Modean Williams, Joe Cullender, Bob Gruhkey, Dean Whaley and Howard Glassen-game. Each child received a favor, cup cakes and pop after many games were played.

Mrs. Sessions' fifth and sixth grades also had games, Halloween horns, cup cakes and pop from room mothers. Hostesses were Mesdames A. W. Loveless, M. F. Loveless, Marion Ferguson, Elmer Weidner and Leland Burns.

The main high school celebration took place later when the township helped on the Christian Rural Overseas Program for helping feed starving children. This brought in \$75.45 as reported by Mrs. Johnnie Williams.

Mrs. N. L. Jacobson and Mrs. Vic Lemke honored their primary and kindergarten Sunday School classes with a Halloween party Wednesday afternoon in Fellowship Hall. Children present were Raymond Jones, David Gruhkey, Larry Loveless, Kathy Garrison, Larry Pridmore, Carol Cullender, Joan Lane, Jim Cavin, Gaye Bell Brothers, primaries; Jan Cavin, Jackie Loveless, Cris Burns, Kirk Garrison, Sue Munn, Colon Lane, Dude Speed and Party Zaring.

Many residents of this community have been on the sick list this week. Mrs. James Sessions was ill Monday and Mrs. Lorin Creitz substituted in school for her. Marlene Williams and her father both suffered cases of flu. Mrs. Williams filled the Methodist pulpit both services Sunday. Several school children have missed school with a stomach virus which seems to be going around.

Mr. and Mrs. Edd Jacobson left Friday for Denver, Colo., to be with Mrs. Jacobson's sister and family, Mr. and Mrs. G. P. Hance. They plan to be away a week.

Sunday afternoon found the Fred Harwoods in Canyon visiting his mother, Mrs. G. W. Harwood. The Poole Doherty's were in Amarillo to visit her parents, Mr. and Mrs. J. T. Woodards.

Robert Jacobson went to Wellington to return his wife and son, Paul-Randall, home from a two-week visit.

The Women's Society of Christian Service observed their week of prayer with an all-day meeting Tuesday at the Methodist Church. A light luncheon was served at noon.

The afternoon service, entitled "All Thou Art, Is Mine", was led by Mrs. Lorin Creitz. The four fields supported this year were discussed. Mrs. Anna Witt talked on Cuba, Mrs. Joe Cullender talked on Mexico, Mrs. E. N. Jacobson talked on Boli-

via, and Mrs. Leland Burns talked on the Home Deaconesses' Fund.

Those attending were Mesdames Burns, Cullender, Witt, E. N. Jacobson, N. L. Jacobson, Johnnie Williams, Percy Gruhkey, Nellye Davis, Lorin Creitz and Vic Lemke.

Mr. and Mrs. Don Morgan and Kip left Friday afternoon for Odessa where they will meet their son, Donnie, a student of Schreiner Institute at Kerrville in the home of her sister, Mr. and Mrs. Bill Wright. They planned to spend the weekend together in Odessa and return home Monday morning.

The ladies of the Methodist congregation met Thursday in the Fellowship Hall to pack used clothing donated by the community to Christian Overseas Relief. It will be sent to St. Louis for overseas shipment. Lunch was served by Mrs. Johnnie Williams at noon.

The Rev. and Mrs. Bill Lewis and family left after church Sunday for Memphis, Tex., to make further plans to attend the Southern Baptist General Convention of Texas held in San Antonio from Monday through Wednesday. The children will remain in Memphis with their grandparents, Mr. and Mrs. D. R. Kelley.

The newly organized Lions Club closed their charter membership this week with 28 charter members. Plans are being made for the forthcoming banquet at which the charter will be presented. Hereford Lions will be in charge of the program at that time.

Members of the Vega and Adrian congregations of the Church of Christ gathered Saturday evening in the home of Oscar Bronniman to honor the John Whaley family who recently moved back to our community. They were showered with many gifts and good wishes. A wetter roast followed the gathering.

Mr. and Mrs. Bill Younger visited Monday night in the home of her sister, Supt. and Mrs. A. P. Jones. The Youngers were en route from Tyler, Tex., to Bozeman, Mont., where Younger is a government veterinarian.

Cocah Cullender and John Horton attended the basketball game at McAdoo Friday night.

Mr. and Mrs. R. L. Pinnell and Linda attended a birthday supper honoring Mrs. A. A. Head in Hereford Friday afternoon.

A TV set was stolen from the Troy Benefield home Saturday night. No clues have been found as yet.

Larry Loveless, son of Mr. and Mrs. Manuel Loveless, was in Northwest Texas Hospital Saturday night. He is home now but will be convalescing until Thursday.

Mrs. Ralph Perry returned to her home after an extended visit to south Texas Friday evening.

Wayne Milner of Hereford was a dinner guest of Twilla Story Sunday.

Mrs. L. D. Sessions and son, Jack and niece, Peggy Allen, of Yoakum arrived Friday evening for a weekend visit in the home of her son, Mr. and Mrs. James Sessions.

Mr. and Mrs. Grady Skaggs of Amarillo visited with his parents, Mr. and Mrs. John Skaggs, Thursday evening.

Residents Hold Halloween Party

By MRS. HAROLD RUDD
The annual Halloween party was held at the Community House Friday evening. The adults played "42" while the young spooks and goblins played children's games in the smaller rooms. Mrs. Marlin Pierce, Mrs. Kenneth Rudd, Mrs. George Turrentine and Mrs. Harold Rudd directed the children's play. Pie and coffee were served as refreshments.

The next community party will be a Thanksgiving Supper, Nov. 27, at the Community House. Everyone is invited to bring a basket supper and attend.

Among those attending Friday night were Mr. and Mrs. Paul Rudd, Mr. and Mrs. P. B. Sowell, Mr. and Mrs. Joe Landers, Mrs. Jesse Odom and Jerry, Mrs. Harold Rudd, Lynn, Patsy and Marie, Mr. and Mrs. G. C. Merritt, Mrs. G. C. Big, Fast Demons Tackle Herd

With a reputation for a line and whirlwind, the Dumas Demons came roaring into White-Field Friday night at 8 looking for their first victory win of the season. Demons are expected to win for a victory, after tacking up a 5-1 record in pre-season play, they dropped home contests to the acknowledged district leaders on successive Fridays, dropping their season standings to 5-3.

Battered at the hands of Littlefield in their first conference game last week, the White-faces are expected to have their hands more than full tomorrow.

Dumas opened the season with a rush, clobbering Cathedral of El Paso 26-6 with ease. They then journeyed to Dalhart and skinned the Wolves 36-0 and finished off Canyon 26-0. Their first loss was a 7-6 heartbreaker to Arestia, played under slightly-different New Mexico rules.

off Perryton 23-0 and John Mar-dumas roared back to knock shall of Oklahoma City, 46-6. Two weeks ago they dropped a slam-bang contest to Levelland 42-18 in a game that was closer than the score indicates. Last week they failed to break a 20-year jinx and lost 25-14 to the undefeated Phillips Black-hawks.

Coach Burl Bartlett is in his second season at Dumas, coming from Blackwell, Okla. The Demons boast the biggest pair of tackles in the conference, Gordon Bailey is finally living up to expectations this season. The 220-pounder missed his sophomore year with a broken ankle and played just 10 minutes in the first game last year before receiving a broken leg.

Anchoring the other tackle slot is senior James Walton, the "little one" at 210-pounds. Walton, who is being talked up as an All-State player, is tough and fast.

Calling the plays for the Demon attack is senior Jim Tindle, 160. He also played the quarterback position last year.

Leading a fleet of speedy backs is halfback Bud White, who runs the sprints for the track team. For power, the Demons call on senior James Boyd, who runs from the full-back position.

A SCOOTER was one of the many repairable toys which were collected by VFW members Saturday morning at a special movie at the Star Theatre. Price of admission was one repairable toy. Francis Hardwick, theatre manager, said that attendance at the movie was light, however. (Staff Photo)

THE WORKSHOP is where donations to VFW Toy Drive will go for distribution Christmas. To help in the drive, the Star Theatre held a special matinee Saturday morning, and the price of admission was at least one repairable toy. (Staff Photo)

County H. D. Council Hears Reports From Member Clubs

The Deaf Smith County Home Demonstration Council held its regular meeting Friday, Oct. 24. Ten clubs were represented with five of the clubs having both delegate and president attending.

Mrs. C. A. Sauley of Westway brought opening exercises with an impromptu "Queen For A Day" show. The winner was Muri Dawn, who was awarded a Halloween gift.

The incoming presidents of the clubs were special guests for the day and were introduced to the group.

Mrs. Elmo Hall gave the Bippus club report for the year. Among their achievements was the fact that the Bippus H. D. Club helped to improve the community building and church. They were also instrumental in organizing the first Bible School in Bippus with four of the six teachers being members of the club.

The Messenger club report included exchanging demonstrations with the Hub club and sponsoring pie suppers to raise funds for their treasury.

Mrs. H. L. Hershey reported that Progressive exchanged entertainment and programs with the Black H. D. Club.

Mrs. Carlos Vaughn gave the achievement report for West Hereford. Among their activities they gave a June birthday party for all secret pals. Their president had a 100 per cent attendance record to all club meetings and council meetings for the year.

A committee for recreation at the Christmas party was appointed with Mrs. Marvin Kendrick being chairman and other committee members to come from North Hereford, South Hereford and West Hereford clubs.

Mrs. T. D. Parsons reported Mrs. Ray Stewart is the present choral director and all interested club members were urged to attend the first and third Monday each month at the Methodist church.

Mrs. Hodges brought the 72-cup perculator for council's approval. It was agreed council would accept it and it would be placed under the same rules of

Question Of The Week

What would you change about Hereford High School if you could?
JUDY ZINSER—Make the noon period longer.
JERRY DON GEORGE—Do away with activity period.
MRS. NEILL—I think it is fine but could be a little friendlier to new students.
BILL DIRKS—Have three recesses and an hour noon period.
MARY CASTANIDA—People would be nicer.
BUTCH CONNALLY—Have a coke break every hour and less tests.
CARROLL HICKEY—Triple all teachers' salaries.
MISS REYNOLDS—8 a.m. classes. I don't fully wake up until 9.00.
BOBBY RENFRO—Pay the students to come to school.
KAY SCOTT—Have shorter periods, like 20 minutes, and make Mr. Johnson's biology tests easier.
MISS RIGLER—The same as Mr. Hickey.
MRS. McDOUGAL—To have Terry Hale say his memory work.
CHARLES BURRUS—Put a coke machine in every room, even the field house.
DOLLIE PROWELL—There should be more student-teacher relations for Jimmy Bradley and his latest admirer.
JUDY PATTERSON—There should be at least 15 minutes between classes for people like "Sixes Renfro" and "Sixes Slagle."

'Twere of a boy what I did love,
And him did not love I,
Hooly, hooly, sob, sob, sob,
Me do not care, him are a slob,
Me'll tell you this and it am true,
Him made I flip my lid,
Him hair are brown, him eyes are blue,
Oh, golly, what a kid!
Me do not care, him are a slob,
Holly, holly, sob, sob, sob,
Me do not care, him are a slob,
That guy he were a lousy flirt,
That be the truth, me swear,
And everytime him did I dirt,
Me sat and pulled me hair,
Holly, hooly, sob, sob, sob,
Him goed with girls behind me back,
Him deed this quite-a lot,
To shows, to games, Did him take me?
No, sir, him shore did not!
Hooly, hooly, sob, sob, sob,
Me do not care, him are a slob,
The time did come when years had passed,
Him seen that me was there,
What did me do, you say, you say?

Junior High PROFILES

This week we are featuring twirler Sheri Dameron and cheerleader Donna Baker. Sheri is the daughter of Mr. and Mrs. Claude Dameron. She was born at Amherst, on Nov. 30, 1944.
Some of her favorites are: food — fried chicken; song — "It's All in the Game"; movie — "Marjorie Morningstar"; book — The Phantom Casts a Shadow; pastime — twirling and dancing; color — blue.
Sheri enjoys twirling a lot and loves to go to contests and march at football games.
Donna was born in Fort Worth, Jan. 4, 1946. Some of her favorites are: food — steak; song — "Everybody Loves a Lover"; movie — Gone With the Wind; color — blue; pastime — listening to the radio and cheerleading and riding around; yell — Clip-Clap.
Donna likes cheerleading very much. "It is so much fun, and especially going out of town to the ball games," she says. "I like to see how many people really have the school spirit and want to come out and back their team."
ATTENTION!
Annual sales close Nov. 7. At least a deposit of \$2 must be paid by then in order to reserve an annual. Please get your annual now while you can. Don't let the deadline catch you!

The Visitor Of 'Cringe' Joins Cats

Once upon a time, there was a little man came down from the great blue above us. Now ordinarily, no one would have noticed this little man. But you see, this little man was just a little different from all the other little men. He wasn't purple or even green, but he was a bright orange. And it isn't very often that we people on Earth see a little orange man.
Anyhow, this little man had a purpose in coming down to our planet. He wanted to learn (Continued on Page 2)

Red Cross Talent Show A Success

In H. H. S. Wednesday, students enjoyed quite a treat — the Junior Red Cross Talent Show. It was a collection of local talent and presented in a clever manner. This year, the vaudeville theme was carried out, card girls and all.
In all, there were thirteen acts, from bands to pantomimes. The winning act was a musical episode by the "Frio Trio." It is composed of Walter Paris, Jerry Hodges and Denis Hodges. They were presented a prize of \$5.
Running a close second, Danny Cleveland with his own pantomime of the "Big Bopper," won a \$3 prize.
As a form of thank-you and praise, the humorous vaudeville chorus girls, Karan Albright and Emily Pavlicek, won third prize of \$2.
The show appeared to be a great success, both financially and socially. The whole school will be looking forward to it next year.

It Will Happen Most Every Day

What is the reason for these funny faces every morning? Some of them are disgusted looks because they just found out about that chemistry test, then someone happily learns the teacher is sick and can't make it that day.
Then comes a football player who got his foot stepped on and something happened to his eye that makes it look like a rainbow.
Next comes a desperate student who just has to pass that test. Momentarily his nose is buried in his book and he is trying to ignore the confusion in the halls, but as usual gives up and joins the bunch.
All of a sudden a student bursts through the door and barely has time to explain to his best friend that his folks were gone and he overslept. The tardy bell rings and they rush to their classes.

Attend Area Library Meet

At the afternoon meeting held in the College auditorium, officers were elected for next year. Margaret Burrus was Hereford's voting delegate.
Jane Pool of Hereford will be the president next year; Patricia Haley of Canyon, vice president; Jane Bennett of Lubbock, secretary; Linda (Continued on Page 2)

At the afternoon meeting held in the college cafeteria, Dr. Wendell Cain reviewed. Death Takes a Holiday and held the group spellbound for over an hour.

Tri-Hi-Y Holds Regular Meeting

The Tri-Hi-Y met in the library Tuesday, Oct. 14, at 6:30 p.m.
President Linda Hair called the meeting to order. Carolyn Lee gave the opening prayer. Margaret Boomer was in charge of the program, titled "Kneel in Prayer and Rise in Strength." A discussion on prayer was held. The closing prayer was in the form of sentence prayers.

Junior Hi Has Assembly Ghosts

The Junior High Assembly was held Thursday morning, Oct. 30, in the auditorium. Mrs. Fisher's home room presented the program. They gave a Halloween play, "The Uninvited Ghosts", in which most of the homeroom had a part. Viola Encinas was Master of Ceremonies and the characters of the play were:
Betty — Sharron Hodges
Madge — Carol Northcutt
Bill — Don Sheppard
Rich — Wain Miller
Nancy — Linda Barton
Elaine — Nelda Botkin
Sissie — Alice Williamson
Dorothy Warren — Dianna Robinson
Jim Elliot — Edwin Boyd
Mr. Flinch — Donald Payne
Hortense Gardner — Linda Hewitt
The play was a surprise birthday party in a haunted house, with a black ghost appearing on the scene and scaring everyone.

all the crazy words used by the strange creatures on Earth called "teenagers". Now words like "dig" and "jive" were real cool to this little man, and it was his duty to learn their meaning and go back up to his planet, called "Cringe", and interpret the information for the big wheels.

So, this little man hadn't been on our planet long when he wandered into the big city. As

at Roswell, N. M. Some of her favorites are: Food — smothered pork chops; Color — blue and white; Movie — "Never Say Goodbye"; Song — "It's All in the Game"; and Book — "Ramona". Her favorite pastime is being with B. R. Her pet peeve is conceited people, and her ambition is to get married.

Emily Ann Pavlicek is the daughter of Mr. and Mrs. James E. Pavlicek. She was born Sept. 21, 1941, at Lubbock. Some of her favorites are: Food — snails; Color — blue; Movie — "The Man Who Knew Too Much"; Song — "Bill Grogan's Goat"; and Book — "Magnificent Obsession". Her favorite pastime is playing the piano and organ. Her pet peeve is emptying vacuum cleaners and her ambition is undecided.

Keith McCool is the son of Mr. and Mrs. V. L. McCool. He was born April 10, 1941, at Sudan. Some of his favorites are: Food — steak; Color — blue; Movie — "Giant"; Song — "Make Believe"; and Book — "The High and the Mighty". His favorite pastime is running around. His pet peeve is stuck-up people, and his ambition is to be an engineer.

Steve Slagle is the son of Mr. and Mrs. S. H. Slagle. He was born Aug. 28, 1940, at Hereford. Some of his favorites are: Food — fried chicken; Color — blue; Movie — "And God Created Woman"; Song — "Carol"; and Book — "Shane". His favorite pastime is doing what he pleases. His pet peeve is people that talk too loud and too much, and people who think they are better than others. His ambition is to play college basketball and to be a dentist.

Glen Cash is the son of Mr. and Mrs. James Cash. He was born in 1939, at Morton. Some of his favorites are: Food — steak; Color — red; Movie — "Loving You"; Song — "My Shoes Keep Walking Back to You"; and Book — "Anyone or All". His favorite pastime is going to the show. He doesn't have a pet peeve and his ambition is to finish high school.

he stood looking at all the strange beings wandering about him, a "cat" pulled up in his old '57 black Ford convertible with red leather upholstery, sporting a continental kit. As he came to a screeching halt, his glass-packed twin pipes and two carburetors could be heard above the roaring wind. The "cat" stepped from his 'rod wearing a black leather jacket with an eagle on the back. Slowly, in a trembling walk, the "cat" started toward the little man. The little man stepped back, he was frightened.

"Easy dad," said the "cat". "Don't get shook! I just wanted to focus my eyeballs on that crazy zoot suit of yours."

The little man's antenna beamed as his face broke into a wide grin. "Zingafloop?" asked the little man.

The "cat" stopped suddenly. "Whoa daddy-o! Let's cut out of here in my little bomb and I'll let you meet all the real gone chicks and daddybirds." With that, the "cat" turned and walked toward his heap.

The little orange man watched the "cat" sadly. Tears filled the man didn't know what his little eyes. You see, the little "cat" had said and he thought he had lost the only friend he had on this entire earth. But the "cat" knew why the little man was so sad, and he walked over and picked up the little man and put him into the car. Again the little man grinned as the "cat" slid beneath the wheel.

With a great gust of carbon monoxide, they were off. The little man stood up in the seat because he could not see out of the car otherwise. He was shocked when a burst of noise came from a little box, but at last he found the strange sounds to be soothing to his antenna.

"Tell me little man," said the "cat", "whats your handle?" The little fellow looked startled. He seemed to know what the "cat" was saying, but he didn't know how to answer. His face brightened.

"De Nick Dark," he said. "Crazy man," said the "cat". The little orange man stayed with the "cat" for many weeks. The time was nearing when he must return to Cringe. He winched at such a thought. But after so long on Earth, the little man began to change his ways. No longer did he wear his native costume, but now orange ivy leagues and orange suede shoes led the way. His jacket was orange, of course, but on the back was a black eagle. And above all, his antenna was always tuned to Rickey Presley. He had no hair to be cut in a crew, so he had his orange ears trimmed.

At last the time came when he must return to Cringe. The

studying a little before school. At 7:25 a.m. her mother called, "Your're going to be late." KLYN sympathized by playing "Yakety Yak" loudly enough for everyone on the block to hear.

When she tried the knob, she found the bathroom was occupied as usual by her little sister, Denise, carefully applying makeup and probably combing her hair fifty different ways. Denise was happily humming "Devoted to You" to herself.

Stomping into the kitchen at 7:40 a.m. and still wearing her pajamas, she went over like a lead balloon. Back in her room dressing for breakfast, "Johnny B. Good" wasn't much help.

Struggling through breakfast, she almost looked forward to leaving the house for school. Boy, was her time getting away!

At 8:10 a.m., up rolled the gang with the car radio drumming out "Rebel Rouser." Two honks later she piled in and with careful consideration, decided Chuck Berry knew what he was singing about.

DEFINITION OF A GIRL
One who screams at mice, And smiles at wolves.

Before the teacher told me the danger of a kiss, kissing girls was the nearest thing to bliss. But now I sit at home all night and sigh moan, "Ten thousand mad bacteria and I thought we were alone."

JAZZ

"Hot diggity" cried daughter ecstatically as she put the latest bop record on the phonograph. "Did you ever hear anything like it?" "No, not exactly," admitted father with a wry face "but the nearest thing to it I ever did hear was when a truck loaded with empty milk cans ran into another truck loaded with pigs."

"Is it true," the judge said to the prisoner, "that you stole this man's hammer?" "Why, no, Your Honor," protested the defendant. "I just took it as a joke." "How far did you take it?" queried the judge. "From the job to my house — about four miles," was the reply. "Thirty days!" barked the judge. "That's carrying a joke entirely too far."

MURDER

It was the day after the trial of little Willie's brother for murdering a man, and an inquisitive neighbor stopped the boy to inquire, "Well, Willie, how did your brother come out?" "They

"re gonna put him in jail for a month," replied Willie. "A month!" was the amazed exclamation. "That's certainly a light sentence for a cold-blooded murder." "Oh, I don't know," said the boy, "you see they're gonna hang him at the end of the month."

The fat man dashed madly after a departing train, reaching desperately for the rear platform which kept eluding his grasp. As he returned discouraged and perspiring, the gate-man observed, "Just missed her, eh?" "Why, no," gasped the fat one. "I was only chasing it out of the station."

They thought that they had made every arrangement to insure the success of the meeting, but the speaker on surveying the platform beckoned to the chairman and asked if he could have a glass of water on the table. "Do you want it to drink?" queried the chairman, none too brightly. "Not at all," retorted the speaker. "It is my unflinching custom after speaking a half-hour to do a high dive into it."

The pretty young lady was idly drumming on the piano and humming a tune. The young man listened for a while, then inquired, "Do you sing and play much?" "Not much," the girl informed him. "I just do it to kill time." "Well, you've certainly chosen an excellent weapon," said the fellow.

The professor stuck his head out of his study door and demanded irritably, "What's all that noise out there?" "One of the children just fell down the stairs," explained his wife as she rushed by excitedly. "Well, tell them that if they can't be more quiet about it they'll have to stop it," commanded the professor.

SAVE
1c a gallon . . .
20c a tankful
Dollars every month!

Esso Extra sells for premium—not super-premium—price, but it out-performs many gasolines selling for 1c to 2c more.

Out-performs them in clean-burning characteristics: it burns so clean that spark-plugs last up to 50% longer.

Out-performs them in anti-knock operation: its octane rating is high—higher, in fact, than the octane rating of many gasolines for which motorists pay a super-premium price.

Out-performs them in quick starting . . . in smooth, safe acceleration . . . in mileage.

Esso Extra is the No. 1 premium in Texas . . . first in premium sales . . . first in premium performance.

Use this great gasoline in your car. You'll prefer its performance, you'll like its mileage and most of all, you'll be pleased with its economy.

Fill up under the Humble sign in your neighborhood. Every time!

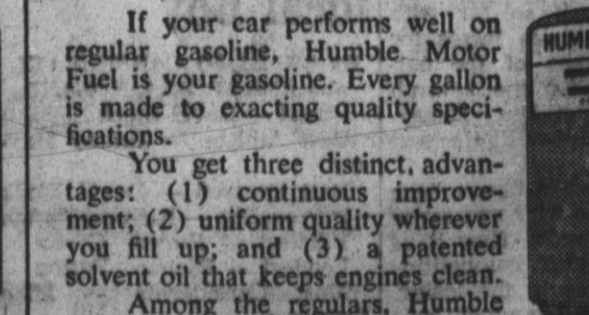

HUMBLE OIL & REFINING CO.

HUMBLE

Golden Esso Extra

In a quality class by itself

This superior gasoline stands out as the best gasoline to use in any car in any price class. It is the only gasoline that will give you all the performance you paid for when you bought your modern car. It has highest octane rating; it eliminates engine "bucking" as you start, engine "rumble" as you drive, and engine knock as you accelerate. A must for cars with air-conditioning, power brakes and power steering. It's the gasoline for the 1959 models.

Dependable Quality at Regular Price

If your car performs well on regular gasoline, Humble Motor Fuel is your gasoline. Every gallon is made to exacting quality specifications.

You get three distinct advantages: (1) continuous improvement; (2) uniform quality wherever you fill up; and (3) a patented solvent oil that keeps engines clean.

Among the regulars, Humble Motor Fuel is second to none.

Restriction On Oil Imports Pressed By State Officials

VERN SANFORD — Texas' No. 1 industry still "up against it." State leaders and state officials are pressing for an effective federal restriction on oil imports.

Ernest O. Thompson, director of the Texas Railroad Commission, has called for a positive remedial action to restrict oil imports.

Thompson implied that he thought mandatory limits on oil imports should be set. (At present only a voluntary limitation program is in effect.) Thompson noted that lead and zinc imports had been cut by presidential order and "some such action must be taken in regard to imports of oil and petroleum products."

In meetings over the state, industry spokesmen talked in equally urgent terms. Lester Clark, Breckenridge producer, told the Independent Petroleum Association of America that the oil business is "sick."

"Since 1955, total well com-

and more of our domestic market demand," said Thompson. "This restricts domestic exploration and development and continues to make the United States more and more dependent on foreign oil. Foreign oil cannot be counted as available in case of war."

Thompson implied that he thought mandatory limits on oil imports should be set. (At present only a voluntary limitation program is in effect.) Thompson noted that lead and zinc imports had been cut by presidential order and "some such action must be taken in regard to imports of oil and petroleum products."

Good Crop Of Quail Expected

AUSTIN — Early reports have indicated there'll be a big crop of quail for the opening of the season Dec. 1. Now, indications also point to a good crop of quail hunters, according to the assistant director of wildlife restoration of the Game and Fish Commission.

"We've had a lot of good food and cover this year, and a wonderful hatch of birds," he said. "Our men from every part of Texas tell us that conditions are excellent and birds are plentiful."

The quail season begins Dec. 1, and ends Jan. 16. The limit is 12 birds per day, or 36 in possession.

Applications are still coming in for the public hunts to be held on the Gene Howe Wildlife Management area in the Panhandle. These hunts are scheduled for Dec. 6; Dec. 20; Jan. 3, and Jan. 15. All applications must be in the Game Commission office in Austin by 8 a.m. Nov. 14. A drawing then will be held.

The hunters will be paired, with 10 pairs of hunters each day, for a total of 80 hunters. Only persons over 17 will be given permits. The bag limit on this area is 10 birds per person.

Shooters are urged to bring their own dogs. There is a heavy growth of flowering weeds and loss of birds.

plations are off 21 per cent, exploratory crews have fallen 25 per cent, wildcatting is down 28 per cent and rotary rigs are off 33 per cent," reported Clark.

At another meeting the Gulf Coast Association of Geological Societies was told that during the first half of this year total oil imports increased 5.3 per cent while domestic demand slumped 4.7 per cent below the 1957 average. Impact of this on the domestic industry was a 13.7 per cent cutback and a \$3,000,000 a day loss in income.

Foreign oil production is increasing faster than foreign demand, Jerome J. O'Brien of Monterey Oil Co. told the geological group. Foreign oil interests, therefore, are dependent on getting a share of American buying — the one big oil market in the world. Biggest question in the industry, said O'Brien, is who will get this American market.

Undersecretary of the Interior Elmer F. Bennett told Texans the President's special cabinet committee on fuels is studying proposed plans to cut back imports. But, he said, the administration would not be "stamped into mandatory controls."

Next legislature is forewarned of the difficulties that will be involved in passing any law on industrial safety.

A meeting of the Joint Commission on Industrial Safety developed into heated disagreement and ended in a deadlock. Commission Chairman M. B. Blair wanted the group to approve and recommend to the legislature a plan for a state system of safety regulation and inspection in industry. Rep. Joe Pool of Dallas urged that no recommendation be made until public hearings had been held to get labor and employer views.

Blair's proposal was rejected. Pool's was approved by a 4-3 vote, but Chairman Blair ruled the motion out of order. It ended with agreement to send the Commission's collected data to the governor and legislature with no recommendation.

Commission is a nine-member group authorized by the last legislature to study and make suggestions on industrial safety laws to the upcoming session.

Former Rep. James E. Cox of Cosque has lost what apparently is the last battle in his fight against a two-year prison sentence.

Court of Criminal Appeals slammed the door when it refused Cox a re-hearing. Cox was convicted in a Travis County Court last fall. In June the Appeals Court, by a 2-1 decision, upheld the conviction.

Cox was charged with agreeing to accept a \$5,000 bribe in return for killing a bill to outlaw practice of naturopathy. He withdrew from the Legislature after the difficulty developed but has steadfastly maintained his innocence.

Both Gov. Price Daniel and the State Board of Water Engineers have given their official approval to plans for construction of Diablo Dam on the Rio Grande River.

Need for the dam was dramatically illustrated by the recent heavy floods on the Rio Grande, said J. T. Ellis Jr., the governor's aide in water matters. Rampant waters caused an estimated \$7,000,000 property damage, and about \$31,900,000 worth of water was lost for useful purposes.

Next step toward getting the dam is for the International Boundary and Water Commission to prepare final plans and go to Congress for an appropriation. Diablo will be a joint project of the U. S. and Mexico with this country putting up cost.

Atty. Gen. Will Wilson has filed suit to test the constitutionality of a law permitting "certificate plan" loans.

Three nationwide finance companies are defendants in the suit. Wilson contends the certificate plan, though permitted by law, violates the constitutional prohibition against charging more than 10 per cent interest.

Under the plan a borrower may get a sum of money for a year and agree to pay 10 per cent interest on the total amount. But he is required to repay the money in monthly installments. Hence, except for the first month he is paying interest on money he does not have.

In other action, Attorney General Wilson stuck to his ruling last spring that Texas banks may not set up "little banks" at nearby military installations.

In numerous cities downtown banks have set up special fac-

Bits of News

A regular assembly was held Wednesday, Oct. 21 at 1:30 p.m. Evangelists from the First Baptist Church presented the program.

LaNell Short, corresponding secretary of F. H. A. Chapter 1, has recently moved to Lubbock.

A junior high football game was held Oct. 21 against Littlefield. The seventh and eighth grade teams of Hereford were both defeated.

Hereford's conference football games began Friday, with the game against Littlefield. Other conference games will be with Dumas, Levelland and Phillips.

The girls choir sang for the Optimist Club Tuesday, Oct. 28.

The Hereford Whiteface marching band marched for a contest in Amarillo Oct. 28. They received a "3" in the third division. Hereford's twirling trios each received a "1", the sextet received a "1", the twirling solos were divided between "1's" and "2's".

ilities at nearby air bases, army posts, vet hospitals, etc.

This clearly violates the Texas Constitution's ban on branch banking, said Wilson.

Laboratory science courses beginning in the seventh grade instead of the tenth are recommended by a University of Texas chemist, Dr. Robbin C. Anderson.

Earlier introduction of science will help students in choosing their profession, Anderson told a recent statewide conference of science and mathematics teachers.

FHA Chapters Select Parents

The F. H. A. chapters, Royal Rose and Chapter 1, met Monday, Oct. 20, in the auditorium to elect parent members and to replace officers. From the Royal Rose, chapter parents are as follows: Mr. and Mrs. Ben Childers; Mr. and Mrs. Buck Parsons; and the assisting parents, Mr. and Mrs. Frank Farmer. Chapter 1 parents are: Mr. and Mrs. Robert Lemons; Mr. and Mrs. Joe Wagoner; Mr. and Mrs. Martin Wagner; Mr. and Mrs. Johnny Blocker, also will serve again as chapter parents.

Chapter 1 elected a new corresponding secretary to replace La Nell Short, who has moved to Lubbock. Lee Blocker will serve as secretary for the coming year.

Both chapters discussed the sales of Stanley Products and the final plans for the formal initiation which was held Oct. 27.

After the business meetings, both chapters enjoyed a program on parliamentary procedure in skit form put on by some of the F. F. A. boys. Reed Green had charge of the skit.

The meeting was closed with the creed of the F. H. A. girls, led by Bonnie Wagner, Chapter 1 president.

an Optimistic View

Hurray for youth!...the juveniles of our community. Let us, during national youth week, honor the 95% of our young people who are law-abiding citizens and will be the dependable community men and women of tomorrow. God help the small minority (only 5%) referred to as delinquents. They are the ill-advised, law-breaking thugs who glory in character assassination and destruction of public property. Optimist Clubs International are leading in the crusade to give the good youngsters of our world their rightful place in the sun. May this huge army of juveniles not forget that the church on the corner will aid greatly in helping them keep their feet on the right road.

Council Warns Drivers To Winterize Driving

Have car, will travel — regardless of the weather! That probably comes close to describing the philosophy of many of the millions of Americans who drive cars, according to the National Safety Council.

In summer, their driving job is fairly easy — roads are free of such hazards as snow and ice, windshields usually are clear, and it's light during all of the morning and evening rush hours when workers are on their way to or from office or factory, according to the council.

In winter, though, things are a whole lot different behind the wheel, according to the National Safety Council. And many motorists, lulled into confidence by a summer free of ice and snow, may find themselves unprepared these next few weeks for the added dangers of winter driving.

Here are some questions motorists should be able to answer:

1. If my car starts to skid on glare ice, what should I do? (Keep your foot off the brake and steer in the direction of the skid.)

2. Is there any way to stop quickly on icy pavement? (No — but a fast pumping of brakes will stop you the quickest and let you keep control.)

3. How fast should I drive in winter? (That depends — remember it takes you 12 times as far to stop.)

If you weren't sure of all the answers, you're perfectly normal, according to the Council.

"Many drivers," it says, "are a little confused about what to do on winter roads."

"The time to learn the answers is not when you're in a jam — it's right now, before winter descends in all its fury."

The Council's committee on Winter Driving Hazards, which has made on-the-spot studies of how to go on ice and snow, gives these six tips to motorists:

1. Winterize your driving techniques and your determination to avoid accidents, as well as your car.

2. Make sure your car has good tires — preferably snow tires — and use reinforced tire chains for more severe conditions. Even with the help of snow tires or tire chains, slower-than-normal speeds are a must on snow and ice.

3. Keep windshield and windows clear. Make sure your wiper blades, heater and defogger are working properly. While your car's warming up in the morning, take a couple of minutes to clear all the win-

dows — including the rear window — of snow and ice.

4. When you're out on the road — but away from traffic — try your brakes gently to get the feel of the road.

5. Don't follow other vehicles too closely. Remember, it takes up to 12 times further to stop your car on ice and snow as it does on dry pavement.

6. Best technique for stopping on winter roads — and still keeping full control of your car — is a fast up-and-down pumping of your brakes.

"Memorize and learn to use these six winter driving tips," the council says. "We'll guarantee you a safer, more comfortable ride this winter."

"There's not much you can do about the weather — except be ready for it!"

Jaycees Attend March Of Dimes Meet In Dallas

Two members of Hereford Jaycees and their wives attended the March of Dimes Volunteers meeting in Dallas Thursday and Friday.

Attending were Mr. and Mrs. Stanley Slagle and Mr. and Mrs. Jesse Click.

Click said that the entrance of the March of Dimes into the fight against diseases which cripple hundreds of thousands of persons each year will give new hope to those who suffer from them just as the formation of the National Foundation of Infantile Paralysis gave new hope to polio victims in 1938.

Commenting on the scope of the problems, he said that arthritis and other rheumatic diseases cripple more Americans than any other chronic disease, with doctors estimating that there are more than 11,000,000 persons now affected.

Long Time Ago

45 Years Ago The good people of Hereford never tire in their endeavors to spend the advancement of a splendid educational system.

Another proof of this fact is the organization of a splendid private school, which will be conducted during the insulating winter months in the building just south of the photograph gallery. Aside from the regular courses in English, mathematics, etc., a complete course in bookkeeping, commercial law and penmanship will be given without any extra cost.

The committee has secured the services of Mr. Fred Baird, a university student and commercial graduate, who will be placed in charge of the school this year. Any one, boy or girl, in the 8th or 10th grades, desiring entrance should see Mr. Baird or J. S. Jones, sec. and treas., at once and arrange for their tuition as only a limited number can be admitted. School will begin promptly at 9:00 Monday

more than 250 professors, instructors and assistants engaged in scientific research and teaching have left the Soviet Zone.

They all emphasized their flight was not occasioned by financial strain and that they were paid well. The prime reason for their defection was the so-called "socialist transformation" of the universities and colleges, which has been energetically pursued in 1958. This socialization demands of all professors, instructors and assistants an unequivocal and public belief of materialism which many cannot make because they believe it would be a public avowal of Atheism.

Also remarkable is the increasing flight of teachers, which can also be blamed on increased political and psychological pressure.

In Aug., 1958, alone, 619 teachers applied for emergency admission to the Western Zone. 412 of them received their education after 1945. Since the beginning of this year, more than 2,300 teachers have thus fled from the Soviet Zone.

Since it is generally known in the Soviet Zone that additional education of several semesters is required of such teachers in the Western Zone, and since most of the teachers have been employed for some time and are married, it becomes even more apparent how depressing the conflict is which causes them to abandon their professional careers.

Many, many other tragic conditions prevail on the eastern side of the Brandenburg Gate. The greatest tragedy to my mind is not the lack of medical supervision, the absence of qualified teachers, the lag of scientific development, nor even any possible shortage of the basic necessities of life; but, rather, is the denial of the dignity and spirit which accompanies individual liberties.

Suppression of lofty ideals and attempts to substitute fiction for fact as a living standard is inherent in the communist system. I trust the day will come when individual dignity and freedom will prevail on both sides of the Brandenburg Gate. WALTER ROGERS Member of Congress 18th District of Texas

The project extends six and one half miles west of Hereford. Terms for the contractors are the same as those in force on the one now going east of Hereford. The grade will be constructed and drainage structures installed.

Right-of-way for the road will be available after Nov. 29, on which date condemnation proceedings against property owners who will not meet the county's terms will be completed. Only four of 25 owners along the route are absentees. Notices of condemnation suits against them are published in this edition of the Brand.

WALTER ROGERS WRITES:

Socialistic Transformation Causes Flight Of Teachers

people of the 18th District. Brandenburg Gate has been the City of Berlin for 100 years, both in name and spirit.

Board Approves Buildings

WORTH — Constructive new buildings in as many as 100,000 are planned by a student body of 10,000, proposed by M. E. Sadler, president of Texas Christian University, to the trustees at their fall meeting on campus Monday.

The board approved the plan after hearing the president's report, voted to issue a new policy on dormitory construction and housing, and to place teaching loads of 15 members under some circumstances, approved a plan to give a general salary increase, to study revision of the university's charter and to form a "T. C. Foundation."

Trustees also voted to add Dr. Ray Lindley, general vice president, to the education program for the university's four buildings during the past year. They re-elected Clark Hall (president), the new Burnett and the Bailey Building (vice president).

Erected in the early 19th century, it was removed by the French in 1813 and taken to Paris, then returned to Berlin during the Prussian-French War in 1817. It is adorned by a quadriga drawn by four horses and driven by the Goddess of Victory.

Damaged during World War II, it was destroyed in 1945 by the Russians, but since has been rebuilt. The Brandenburg Gate today is more readily recognized as the principal dividing line between the two sectors of occupied Berlin — the German Democratic Republic, or the Soviet Sector — and the Federal Republic of Germany, which is the western sector. Life is entirely different on each side of the gate.

In an address to the German Bundestag in Berlin on Oct. 1, the Federal Minister for All-German Affairs described the conditions which prevail in the eastern sector. Since 1945, more than 11.5 million Germans from eastern Europe, the eastern provinces of Germany, and the Soviet-occupied Zone have entered the Western Zone as victims of Soviet communism.

They currently represent some 23 per cent of the total population of the Federal German government. Of this number, about three million have fled from the Soviet-occupied Zone, and in recent weeks they have numbered at almost five thousand weekly.

In one sense, it is heartening to realize that freedom-loving peoples never cease their struggle to attain greater individual liberties, and it is an absolute demonstration that Godless communism never fulfills its hopes and aims of the people it governs. It can be assumed, I believe, that the great majority of those remaining in the Soviet Zone yearn for their freedom in a democratic society, and they look forward to the day when the Soviets will agree to free all-German elections.

Consider the future of these peoples remaining in the Eastern Zone in light of these facts: From Jan. 1, 1958 to Aug. 31, 1958, 813 medical doctors, veterinarians and dentists — compared with 250 during the same period last year — and 115 pharmacists — as compared with 33 last year — fled from central Germany to the Federal Republic, leaving numerous communities and even hospitals temporarily without medical assistance. Since early this year,

This socialization demands of all professors, instructors and assistants an unequivocal and public belief of materialism which many cannot make because they believe it would be a public avowal of Atheism.

Also remarkable is the increasing flight of teachers, which can also be blamed on increased political and psychological pressure.

In Aug., 1958, alone, 619 teachers applied for emergency admission to the Western Zone. 412 of them received their education after 1945. Since the beginning of this year, more than 2,300 teachers have thus fled from the Soviet Zone.

Since it is generally known in the Soviet Zone that additional education of several semesters is required of such teachers in the Western Zone, and since most of the teachers have been employed for some time and are married, it becomes even more apparent how depressing the conflict is which causes them to abandon their professional careers.

Many, many other tragic conditions prevail on the eastern side of the Brandenburg Gate. The greatest tragedy to my mind is not the lack of medical supervision, the absence of qualified teachers, the lag of scientific development, nor even any possible shortage of the basic necessities of life; but, rather, is the denial of the dignity and spirit which accompanies individual liberties.

Suppression of lofty ideals and attempts to substitute fiction for fact as a living standard is inherent in the communist system. I trust the day will come when individual dignity and freedom will prevail on both sides of the Brandenburg Gate. WALTER ROGERS Member of Congress 18th District of Texas

Hereford Agriculturists Formulate Research Needs

Hereford men were agricultural leaders who a special report meeting in Amarillo Friday. Virgil Smith, president of the county, said this part of the county is being depleted by its un-

Dodson, president of the High Plains Underground Water Conservation District, and Grant Hanna, representing the Grain Sorghum Growers Association, gave reports.

The meeting was set up at the request of U. S. Secretary of Agriculture Ezra Taft Benson to determine soil and water conservation research facility needs. Between 75 and 100 persons from Kansas, Colorado, Oklahoma, New Mexico and Texas attended the regional meeting in Amarillo. Teams are conducting similar meetings all over the country to find out what is needed in soil and water research.

The High Plains Water District, in a report made by Dodson, requested that research at Bushland Experiment Station near Amarillo be extended to cover research in the study of soil-water-plant relationships.

One of the most pressing needs, Dodson said, is for topographic maps of the area in order to provide more efficient watershed and storage control.

A change also needed in measuring yield, Dodson told the group. "Heretofore, the aim has been to produce maximum pounds per acre, whereas our goal must be maximum pounds per acre-inch of water. Water, not acres, is the limiting factor here on the High Plains," Dodson said.

Representatives of the Wheat Growers Association surprised the group by commenting that it is almost a foregone conclusion that research is needed to convert the area back to dry-

land agriculture. A variation of this idea was presented by the High Plains Cotton Growers Association, which recommended the development and use of plants which need less water to grow than cotton, maize and wheat. Grain Sorghum Raisers Association stressed the need for more efficient use of irrigation water and for more research in recharge practices for underground water reservoirs.

Requests and recommendations from meetings such as the one in Amarillo will be used to formulate basic research and development plans for the United States Department of Agriculture.

World Community Day Scheduled

The Hereford United Church Women will observe World Community Day Friday, Nov. 7, in a 3 p.m. service held in Ward Hall of the First Methodist Church.

An ingathering of yarn and pieces of material will be held, to be sent to refugee mothers which will make it possible for them to sew and knit for their families while they await resettlement.

Mrs. Herbert Boardman, president of the United Church Women of Hereford, extends an invitation to all church women of the city to attend and have a part in this national program of prayer and action. At the conclusion of the observance officers for 1959 will be installed and the observance will end in a fellowship tea.

Violations Continue to Rise

Violations without a license dominates game and hunting violations even in the middle of the hunting season, according to the director of law enforcement of the Game and Fish Commission. September report showed 104 tagless hunters, compared with only 21 for hunting without a license.

Violations continue to rise, however, the director said. There were 132 counts of hunting violations and game law violations during the month. This figure includes 21 arrests for hunting without a license, 20 for killing out of season, 19 for using 17 for exceeding dove limits, and 15 for using red gun.

Of 357 arrests, three were appealed to a higher court. 10 served time in prison. 100 cost violations were assessed.

The director reminds hunters that they are not sure of the laws. They may get copies of the game and fish regulations from game license dealers, or from the Game and Fish Commission in Austin.

Text: Job 14:1-5. Let's We Forget: The Gospel alone answers the important question: "How shall sinful man be just with God?" That takes our eyes off from human attainments, and directs them to the Savior, the Lord Jesus Christ. Christ is there set forth as a propitiation for sin, that

through Him, God may be just, and yet the justifier of sinners. Washed in His blood, God will not behold in you the least spot or blemish. A most cordial welcome to you.

Key Thoughts: As a young disciple, Peter was a man of ardent zeal and affection for his master; yet he was possessed of a hasty, impetuous temper and was often rash and boastful. His tragic fall at the time of Christ's trial followed by his repentance appears as the turning point in his life and character.

Salt
The following are some of the many uses for salt: It is an excellent throat gargle; also an effective spray for catarrhal infections. It is a very good tooth powder and aids greatly in making the gums more firm. Salt used generously in the water will both cool and rest tired feet.

Crocheted Lace
Crocheted lace will not ravel when cut if it is stitched on the sewing machine twice, then a small space left, and stitched across twice more. Cut between the two rows of stitching.

Scented Hair
To give the hair a delicate scent spray it with perfume while it is still wet from the shampoo. The fragrance will remain in the hair until its next washing.

The Finger Nails
Protect the finger nails by wetting the ends of the fingers and drawing them over a wet cake of soap with a scratching motion, forcing soap under the nails. After doing the gardening or the dirty work in the house, it can be easily removed with a nail brush and hot water.

Elastic Articles
Wash elastic articles in lukewarm, soapy water. Use a soft

brush for the soiled parts, and rinse thoroughly in some more lukewarm water, drying slowly.

The Fruit Closet
A bowl of lime placed in the fruit closet with the preserves and jellies will keep mold from forming on the tops of the jars.

Polishing
If there is no silver polish available and it is necessary to polish the silverware, try using a small amount of toothpaste on a soft cloth. Rub to a polish with a clean cloth.

Flowers
When the cut flowers wilt, cut the stems and plunge them for a few minutes into hot water. Trim the stems a little each day and slit them to enable the flower to absorb more water.

Ironing
Stand on a thick rug while ironing and it will do a great deal towards easing the feet, and will lessen fatigue.

Stained Mattress
Cover the stains on the mattress with a thick paste made of starch and cold water and

Nostalgic Look Back To Era of Big Name Bands

By CARROLL AREMOND

CHICAGO — It's been a long time since the man on the radio network said "And now we take you to the beautiful ballroom on the Steel Pier in Asbury Park, N. J., for dance music by..."

Radio programming has changed and so has the popular taste in music. And the number of big name bands has fallen off. Wage scales and travel costs have made it too expensive for them to troupe the country doing one-night or one-week stands.

In the 1920s and 1930s scores

of dance orchestras roamed the highways for appearances in city and resort ballrooms, roadside dance palaces and big clubs. Cutins from the ballrooms to the radio networks made them nationally famous.

Then came World War II, television and rock and roll. Rock and roll brought to the small combos of guitar slappers the popularity formerly accorded the big touring bands.

What happened to the men who led bands known from coast to coast for their danceable music, sometimes sweet,

sometimes hot? Billboard, magazine of the entertainment industry, did some checking and found:

Ted Weems is living in Dallas and books his band two or three days a week. Elmo Tanner, once a featured whistler ("Heartaches") with Weems, is in Birmingham, Ala., with his own small combo.

Wayne King ("The Waltz You Saved for Me") travels between his Midwestern farm and his Arizona holdings, including a car rental agency in Phoenix and Tucson. Kay Kyser (College of Musical Knowledge) is associated with the University of North Carolina in Chapel Hill.

Don Bestor is recovering from serious eye operations and lives in Connecticut. Joe Sanders (The Old Lefthander), also an

eye ailment sufferer, is in Kansas City where with Carlton Coon he became famous in the earphones days of radio.

Shep Fields, whose bubbling rhythms antedated those popularized by Lawrence Welk, has his own booking office in Houston and works occasional one-nighters.

Charlie Agnew is in the meat packing business in Waukegan, Ill., and Husk O'Hare makes and markets novelty jerseys in Chicago. Clyde McCoy, whose "Sugar Blues" trumpet solo is an enduring favorite of mimics, owns a restaurant in Denver, fronts a Dixieland band and has oil and uranium holdings.

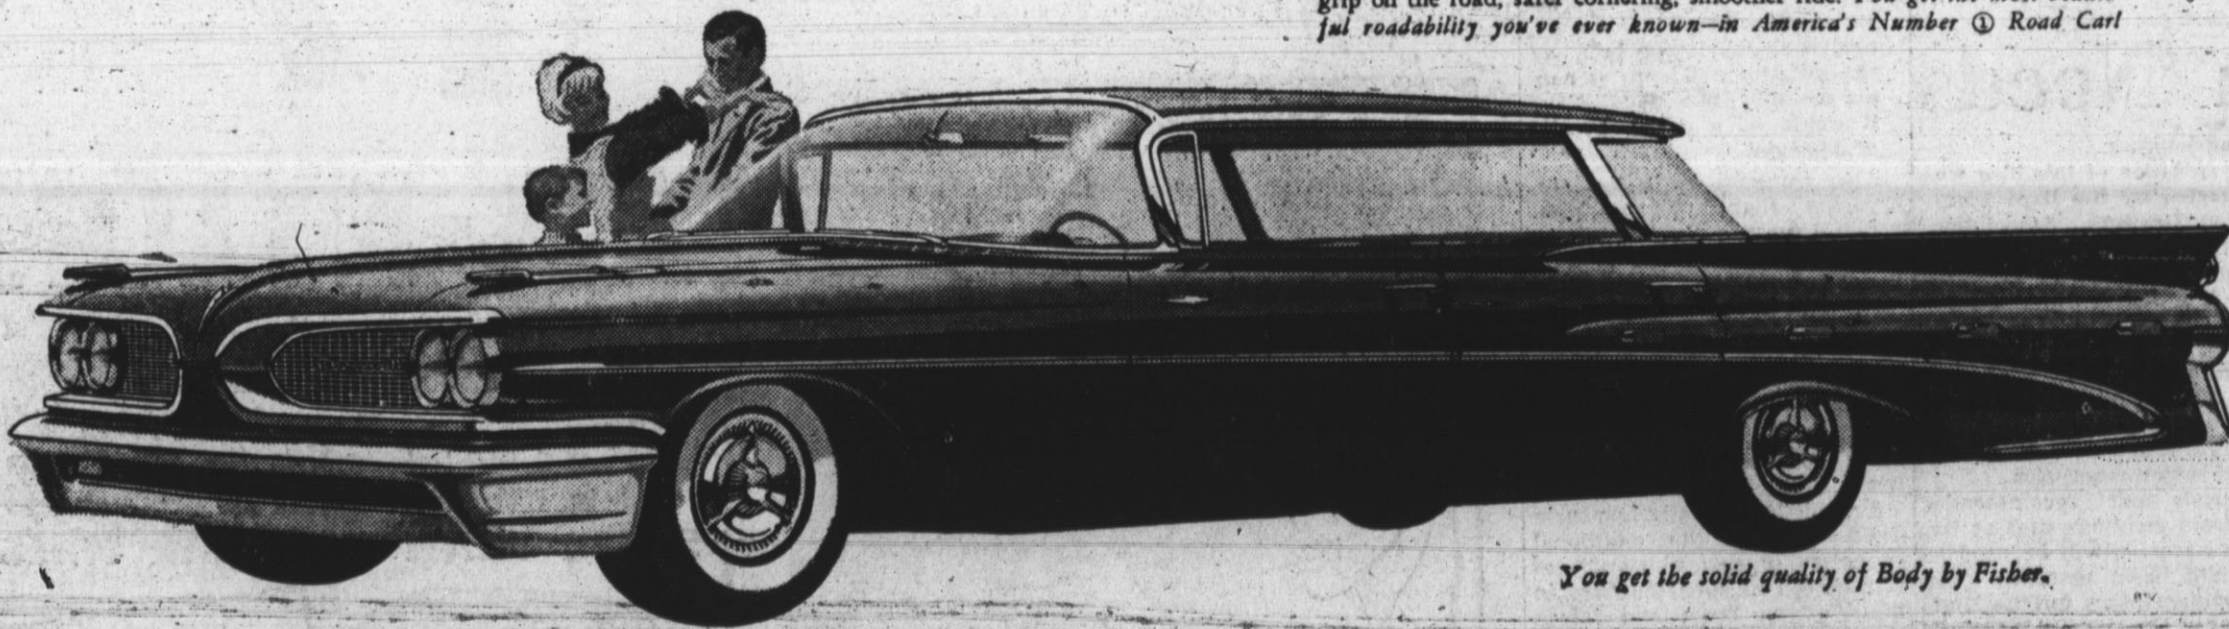

Art Jarrett is in the orange juice business on Long Island. George Olson has a restaurant in Paramus, N. J. Dick Jurgens ("Ceel-yah!") is in the electronics business in Colorado Springs and his popular vocalist, Harry Cool, is managing a Chicago night spot.
