U.S. Department of Commerce Wednesday announced the names of three enumerators for Deaf Smith county to take this year's "Census of Agriculture." Crew leader is Mrs. O. Cullender. Appointed to take the census were: Mrs. Vena Guseman, central and northwestern part of the county; Mrs. Rosalie Burris, southwestern and Mrs. Wanda Robinson, northeastern part. The census is taken every five years and data gathered include the number and size of farms, acreage and harvest of crops, livestock, information on farm equipment and improvements, farm products sold and, on some, production expenditures. Use of fertilizers, insecticides and herbicides also is included.

Boots & Bells Square Dance club of Hereford will begin giving square dance lessons at 7:30 Wednesday, Dec. 2, at the Community Center here. Dusty Randall, nationally-known caller and recording star for Square D records, will do the teaching. Interested persons may call Randall, EM 4-1544 after 6 p.m. Lessons will be held each Wednesday.

Lt. Col. Bill A. Montgomery, formerly of 109 Ave. G, Hereford, has been awarded the seldom-achieved number of six oak leaf clusters to the U. S. Air Force Medal for meritorious achievement in aerial flights in Viet Nam. He is the grandson of Mrs. J. W. Alexander of King's Manor, Hereford, and flew 156 combat support missions while assisting in the fight against communist aggression in Viet Nam. Col. Montgomery is now serving as operations services division chief for the 13th Air Force with headquarters at Clark AFB, Philippines.

Wesleyan Service-Guild at First Methodist Church is selling Christmas fruit cakes in 2, 3 and 5-pound cakes, ranging from \$4.15 to \$8.85. Contact (Continued on Page 2)

Season's Grid Leaders Named

Greg Herring, 220 Star, was this week's winner in The Brand's weekly football contest, and Billy Hill, Route 1, placed second. Jim Curtisinger, 1614 Lindy, Lawton, Okla., finished third.

Herring guessed 16 out of 20 and Hill and Curtisinger picked 14 out of 20. Hill won on the second tie-breaker. Two games were listed that weren't played — Army vs. Navy and Arizona vs. Iowa — but these were not counted in figuring scores.

This will be the final week of games played Saturday and Sunday. The total winner for the most games right after 12 weeks of guessing will be determined after this week's contest ends.

To date, leaders are as follows: Bobbie Kitchens and Leon McCutchen, 146 each; Wendell Burdine and George Loerwald, 144 each; Roger Owen, 143; Jim Curtisinger, A. J. Schroeter and Charles Smyrl, 142 each; Frank Cain, Joan Hopper, Raymond Lueb and Ansel McDowell, 141 each, and Dale Blakney and E. H. Loerwald, 140 each. Thus Kitchens and McCutchen are ahead at the moment.

Blaze Levels Barn, 300 Hogs Are Destroyed

More than 300 hogs perished when a barn caught fire on the Alton Fraser farm south of Westway Community Tuesday shortly after 7:30 p.m., climaxing a series of fires this week which kept the Hereford Volunteer Fire Department hopping.

Forty-five brood sows and 265 pigs were trapped in the blazing barn on the Fraser farm and all perished in the blazing inferno.

A complete estimate could not be made of the loss on the farm, as insurance adjusters had not arrived at the fire scene late Wednesday.

Fraser said the heating furnace was placed at the south end of the barn and the fire started at the north end of the structure.

Farm hands were plagued with pigs from the other barns trying to rush into the burning structure, and could not save any of the pigs trapped in the barn or attempt to fight the blaze.

Fire Chief Dub Reeves said the cause of the blaze was undetermined at this time, as officials continued probing the fire scene.

The barn was completely destroyed and an estimate of the value of the structure was not available.

Two fire trucks of the Hereford Volunteer Fire Department were on hand at the scene as well as an auxiliary unit of the department, which provided lighting for fighting the blaze.

Another fire was reported at 124 Greenwood shortly after noon Sunday, where a house was razed by a blaze. Water, smoke, and fire damage figured almost \$5,000 at the structure.

The Dairy Mart, located on U. S. 60 east, received heavy damage in a blaze Sunday, shortly after 10:30 a.m., which accounted for more than \$3,000 damage, according to fire officials.

The final blaze of the week occurred at 13th and Ave. J, shortly after 10:30 p.m. Saturday. A small house received minor smoke, fire and water damage, which was estimated at nearly \$1,000.

SMOLDERING BARN — This smoldering hog after 7:45 p.m. Tuesday. More than 300 hogs were in the barn during the fire and graph Wednesday after the barn caught fire and was completely destroyed shortly thereafter. (Brand Staff Photo)

Texas Needs More Museums, County Commissioners Told

A Deaf Smith County Historical museum and the Child Welfare Board took equal billing Monday as the Deaf Smith County Commissioners court met in a lengthy session.

Appearing before the court Monday morning were Elmer Patterson and J. Byrle Elliston who expressed their views concerning a Deaf Smith County museum. Elliston has been active concerning a Deaf Smith County museum. Elliston has been active in this field for a number of years and has an extensive collection of Indian artifacts and could make up the nucleus of a local museum.

Elliston told the county commissioners that Texas is losing

millions of dollars of tourist money each year by not having enough local museums scattered throughout the state.

He pointed out that last year Texas garnered only 5 million from the tourist traffic while our neighboring state of New Mexico tallied nearly 150 million from tourist trade. New Mexico has made a concentrated effort in this field for many years.

Patterson, whose wife has recently been appointed chairman of the Deaf Smith County Historical Survey Committee, also spoke to the court, telling of her trip to the state Historical Society meeting in Austin. Mrs. Patterson is incoming president

of the Deaf Smith group. Both attended the recent meeting in Austin.

Elliston and Patterson also asked the help of the county court in their efforts to gather artifacts and antiques for the proposed museum.

This aid was approved unanimously by the commissioners, but will be administered through the Deaf Smith Historical Survey Committee. The committee will have to approve all expenditures encountered in gathering the museum pieces.

The court was told that an effort is now being made by the State Historical Society to establish museums throughout Texas. Patterson also pointed out that an effort needed to be made now to gather items for these museums. "Many of these things will be lost forever if we don't pick them up pretty soon," he said.

In other business of the county court, a rotation plan set up approximately two years ago for members of the County Welfare Board came under fire Monday due to the fact that the plan threatens to retire the "experienced members" of the board.

Jewell Smith, county welfare officer, met with the commissioners asking that they reconsider their decision to rotate the older members off the board. Due to an unexpected resignation last spring and the loss of one member who has been elected to serve on the County Commissioners' Court, the plan, if followed, would leave the board with too many members with only one year of service or less, the court was told.

Two of the older members were due for rotation in January, while Bruce Coleman, who has been elected to the County Court, would automatically be replaced in January.

Commissioners did not take action on the request however, pending further study of the (Continued on Page 4)

3-Car Stack-up Results After Car Hits Pedestrian

Willie Kiewer, 65, whose only address was listed as Box 1, Hereford, remained in fair condition in Deaf Smith County Hospital late Wednesday after he was struck by an automobile at the intersection of Park and Highway 385 shortly after 8:45 a.m. Tuesday.

Kiewer was rushed to the hospital in a Gilliland Ambulance after he was struck by a car driven by Mark Anthony Koenig, Rt. 3, Hereford.

Kiewer was attempting to cross Park Ave. on the south side of the intersection as Koenig was making a right hand turn.

According to officers of the Hereford Police Department who investigated the accident, Koenig had stopped at the

red light, heading east on Park Ave. and was making a right hand turn onto Highway 385, when he struck Kiewer. Officers said Kiewer is partially blind and was about 10 feet off the curb at the time he was struck by the car.

Koenig told officers that the sun was shining from a position that prevented proper observation of the intersection.

Less than 10 minutes after Kiewer had been struck by the vehicle, a truck collided with the rear of a car, which in turn struck another vehicle driving it through the intersection and around the corner.

The officer investigating the accident involving the pedestrian called the police station for assistance in the investigation.

A grain truck driven by Jerry Dean Burkham, Stratford, slammed into the rear of a car belonging to Donald Seaver Taylor, 3226 Taylor, Amarillo, which in turn struck a station wagon driven by James Patrick Sennett of Hereford.

Burkham told officers, as he approached the intersection, where the other two cars were stopped waiting for the light to change, he discovered his brakes had failed.

Burkham said it was too late to avoid a collision.

Damage to Taylor's car was estimated at \$200 and damage to Sennett's station wagon was set at \$25.

Burkham was cited for negligent collision by following too closely and operation of a commercial vehicle without commercial operator's license.

A third accident occurred shortly after 5 p.m. Monday at the intersection of Sixth Ave. and Lawton.

Vehicles driven by Louilla Finley Cochran and David Allen Green collided at the intersection.

According to officers, Green's vehicle struck Mrs. Cochran's vehicle from the rear as it was stopped for a stop sign.

Damage to the vehicles was light. Green was cited for negligent collision by following too closely.

In the final accident of the week, Juanita Y. Rodriguez and Alva Lester Crissy were involved in a collision at the intersection of Park and Main.

According to officers, Miss Rodriguez ran through the stop sign, colliding with the Crissy vehicle.

She was cited by investigating officers for failure to yield right of way.

Damage to the vehicles was estimated at \$200 each.

Herd Defeats Dimmitt 53-48 In First Game

Hereford Whiteface cage team began the season with a bang Tuesday evening as they put down Dimmitt Bobcats on their opponent's home court.

The Herd varsity led in every quarter to defeat the Bobcats 53-48 as the final buzzer sounded.

Robert Strange led the scoring for the Herd and was high point man in the game as he led the scoring with 17 points.

Forward Joe Childers nearly crashed into the double figures as he chalked up nine points for the Herd cagers, with Kenny Justice and Robert Lemons trailing close with eight points each.

Gary Robinson hit for four points and Roger Owens, Steve Hodges, and Charlie Moreno all hit for two each. Gene Duvall chalked up one free throw attempt for the Herd.

Robbie Lindsey paced the scoring column for the Bobcats as he racked up 14 points for Dimmitt, trailed by Steve Hutton, who hit for eight points.

Hereford made 15 out of their 19 free throw attempts, while the Bobcats hit 20 out of their 30 free throw attempts.

The Herd led 26-24 at half-time and pulled ahead to 41-35 at the end of the third quarter. Joe Childers completed all three of his free throw attempts to be the only man to hit 100 percent.

The Whiteface "B" Team edged the Bobcat "B" team by the same margin, of five points, with a 35-30 score.

Bill Watts was high-point for the Herd team as he hit for nine points but was followed close by Oscar Holmes who hit eight points. Larry Champ chalked up six followed by Felix Albiar who had three. Mike Davis, Nate Stark, Donnie Welty and Brant Knox all hit for two points and Dennis Sutter had one free throw.

The Bobcats were led in the scoring column by the only boy in the game to reach double figures, Ronnie Kenmore, who (Continued on Page 4)

Police Tipped Off, Burglar Captured

Hereford Police Department arrested a 22-year old Farwell man Wednesday and charged him with burglary after he was caught inside Orsborn Chevrolet-Oldsmobile Used Car Lot office by three alert Hereford residents.

William Hughey was arraigned before Peace Justice C. B. Miles and charged with burglary. He is currently being held in Deaf Smith County Jail in lieu of \$1,000 bond.

Hughey, who also has been convicted of auto theft in New Mexico and is presently serving out a suspended sentence, admitted the burglary of the Foxworth Galbraith Lumber Co. the same evening.

Hughey took about \$6 in change at the lumber yard, he admitted to officers in a signed statement.

Hughey was observed in the used car lot office by Sam Long, Richard Clark and Warren Owen. The men were working on the lights outside the used car lot and noticed Hughey inside.

The men contained Hughey until one of them could get to Hereford Police Department.

When officers arrived at the lot they searched Hughey and found the keys to one of the pickups on the lot in his pocket.

Officers said he had apparently taken the keys while he was in the office.

Hughey admitted three burglaries in Farwell, while undergoing interrogation by the local police department.

Hughey gained entry to both buildings by breaking open a

window on the doors and unlocking the doors from the inside.

"Without the help of these local men, it would have been almost impossible to capture this man," Police Chief Marshall Padgett said yesterday.

"Many times citizens notice strange happenings around businesses after hours and fail to notify the police department until several hours or days later. When we have aid like we had from these men on this burglary, solutions and arrests can always be made with much less trouble to everyone involved," Padgett said.

Cooper, Pool, Hair, Caviness On CC Board

Members of the Deaf Smith County Chamber of Commerce have named four new directors to serve during the 1965 year. It was announced Wednesday, following the canvassing of votes late Monday. More than 300 ballots were cast, and candidates receiving the greatest number were elected.

Selected were Nell Cooper, Pete Caviness, Johnny Pool and Dub Hair.

The directors-elect will meet with the present board early in (Continued on Page 2)

Central Small Tots Go All Out To Portray Thanksgiving

THANKSGIVING MEANS THIS — Pupils in Central Elementary school let their hair down to draw (or tear out) these Thanksgiving pictures. For example Lilia Zamora, using only her hands, "tore out" the pattern for the picture at far left. She's in Augusta McCauley's room. And Dara Canto, 7, a pupil in Helen Coffman's room. Tear-out at the far right was made by Zonis Limas, also a pupil in Mrs. McCauley's room. The rather stern-looking Pilgrim was drawn by Manuel Zamora in the same day. The rather stern-looking Pilgrim was drawn by Manuel Zamora in the same

TAP DRIVE CHAIRMAN — Patty Roach, a Hereford High School student, is shown displaying a few posters as she prepares her material for the annual March of Dimes drive. She has been appointed drive chairman for the Teen Age Program (TAP) by the Deaf Smith County March of Dimes Committee. (Brand Staff Photo)

Teenage MOD Drive Planned; \$3000 Sought

Patty Roach was named chairman of the Teen-age program for the March of Dimes Annual Drive, it was announced Wednesday by Ralph Owens, chairman of the Deaf Smith County March of Dimes Committee.

Owens said Patty was selected by the committee to head the local teenage drive, which constitutes a large portion of the more than \$3,000 goal set up by the committee for this year.

"A large portion of our goal will come from the efforts of the teenage program and we are sure Patty will put out every effort to complete the youth portion of the goal," Owens said. The drive will be kicked off Jan. 15 and will run for two weeks, or through the month of January.

"We plan to have a candy sale, which is one of the more popular ways of making money for the March of Dimes," Patty said.

"In addition to the candy sale, we are planning dances for both the Junior and Senior High Schools, with all the proceeds going to the March of Dimes.

"Several of the clubs and groups at Hereford High School are planning fund raising events, including a Hobo Day, a bake sale and a car wash."

The primary object for this year's March of Dimes campaigning is the fighting of birth defects.

"TAP" is the name given the youth program, which means Teen Age Program.

"Our goal will be to inform all teenagers in the county about the important work of the National Foundation March of Dimes and give them the opportunity to support the programs of research, patient care and professional education.

"Also we have planned several events which will raise funds for the March of Dimes.

"We are looking forward to having the cooperation and support of each student in Hereford High School and having a very successful campaign as this is the largest enrollment ever in the high school," she concluded.

Owens said several events are planned for the regular Deaf Smith County Drive, as were announced earlier.

"We will have the Mother's March, a special coffee day, where the proceeds going to the March of Dimes, a wheel barrow race, an auction, special mailing of dime slot cards by the Business and Professional Women's Club and the regular counter cards will be placed in the business establishments around Hereford," Owens said.

"We feel the county should push well over \$3,000 this year as they gave more than \$2,100 last year and the increased size should push it well over the goal."

Owens attended a special conference in Dallas Oct. 1 for drive chairmen. "We will begin having organization meetings in a few weeks and volunteer workers will be contacted and ask each to participate in the drive," Owens said.

December to name officers for 1965. To be elected at that time will be a president, vice-president and a treasurer. The new members officially will take office Feb. 1.

Directors serve for three-year terms and officers for only one year, but may be re-elected, it was explained.

The new board members will be formally presented at the annual Chamber of Commerce banquet to be held in the school gymnasium Jan. 21.

Retiring from the board on the last day of January will be J. D. Kirkland, Clint Formby, Lloyd Sharp, Maurice Tannahill (the immediate past president who had served an extra year on the board), and Austin Rose Jr. Although Rose completes his three-year term this year, he will continue on the board for another year as the immediate past president of the organization.

2:00 to 6:00 P.M.

By Melvin Young

It's Thanksgiving Day. It comes but once a year, and really, we couldn't stand the strain more than once. Our diet will be shot-to-heck, 'cause we've already looked in the freezer and found more turkey than we dare eat. We had planned to relax (after the dishes were done) and watch the Texas University-Texas A&M annual Turkey Classic on TV, but understand that the network has substituted another game.

Some Texas fans have expressed the opinion that the game would be pretty one-sided anyhow, with UT on top, but you can't convince Bill Davis and Wayne Phillips of that. Both are dyed-in-the-wool Aggies and you know how those Aggies are... they never say die.

Somehow we feel that they may be right. The traditional rivalry between the two schools has always made this Thanksgiving Day game one of the best in the nation.

And speaking of football, Texas Tech fans were floating on 'Cloud 9' for the first 30 minutes of the Arkansas-Tech games last week. Pretty proud of the old alma mater. And well they should be, for the Red Raiders held the Razorbacks to a standstill in the first half. The superior power and depth of the Arkansas team started to show in the third quarter however and Tech dropped the contest 17-0. But all-in-all, it has been

Texas...

(Continued from Page 1)

The court also adjusted rent on two county owned houses located in Precinct 3 and Precinct 4. The rent on these houses will be raised \$10 per month from \$25 to \$35. The houses are located at the county depots at Ford and Bootleg. The men occupying the residences work for the county precincts and are charged with the responsibility of looking after the county property at night.

H. A. Tuck Jr., tax consultant, was given permission to attend the school on taxes to be held in Austin early next month. The school, scheduled for Dec. 6, 7 and 8, will also be attended by Orpha Click, school tax assessor-collector and the two men will travel together, sharing expenses.

The court also approved the request of three parties to cross county roads with water and gas lines. The Pharr Co., manufacturers of Pharr Better Feeds, requested permission to cross a county road with a sewer and water line beginning approximately 600 feet north of the southeast corner of Section 59, Block K-3, thence under the pavement east to approximately 600 feet north of the southwest corner of Section 42, Block K-3.

Palo Duro Gas Users were given permission to cross a county road with a gas line beginning from the southwest corner of Section 8, Block 7, to the northwest corner of Section 7, Block 7, Deaf Smith County; and beginning from approximately 1/2 miles west of the southeast corner of Section 12, Block 7, to approximately 1/2 mile west of the northeast corner of Section 13, Block 7, Deaf Smith County.

a pretty good season for the Raiders.

Some Tech Exes (Dave Hopper included) think that next year's squad may be one of the best in the history of the school. We hope they're right.

Cadet Bruce Miller has just been named as center to the All Star intramural football team at Culver Military Academy in Culver, Indiana. Culver has 11 intramural football teams in its athletic program. The young man is the son of Mr. and Mrs. Bruce Miller of Hereford.

Just 23 more shopping days 'til Christmas!

We've heard it said: No amount of planning ahead will take the place of dumb luck.

The Rev. Martin Muzquiz

Spanish Groups Plan Services, Supper Tonight

Second annual Thanksgiving service and fellowship supper, sponsored by the Spanish-speaking evangelical churches of Hereford, is to be held tonight at the Hereford Goodwill Center, 136 W. 3, it was announced Wednesday.

The supper will be preceded by a community religious service in which the Rev. Martin Muzquiz, pastor of the Spanish Assembly of God Church, will deliver the message.

The program will open with a piano prelude by Miss Sylvia Rodriguez, a niece of the Rev. Bill Benitez, pastor of Thompson Memorial Baptist Temple. She has been awarded several championships in inter-church musical contests in the Plainview area.

The call to worship will be given by Roberta Garcia, and congregational singing will be followed by responsive reading led by Mr. Benitez. Special numbers include a duet composed by Lydia and Yolanda Rendon. They will sing, "Preciosa Manana" (Precious Morning). Also a group of young people from the Assembly of God Church will sing a Thanksgiving anthem.

The Prayer of Thanksgiving will be given by Jose Noe Trevino, and just before the message by Mr. Mosquez. Mrs. Carmen Briones will sing, "Voy Subiendo por Aurea Escalera" (I am Ascending Through the Golden Ladder). No offering is to be taken, and the public is invited to attend.

Last Year 350 persons attended this event. This year, Mr. Benitez said, "We anticipate a great time of Fellowship and praise for the glory of God Almighty."

THREE CAR PILEUP — This car, the truck shortly after the accident occurred at the behind it and another station wagon, not visible in the photograph, piled up at the intersection of Park and Highway 385. Damage to the vehicles was not serious. (Brand Staff Photo)

Harvey Brenningman and Roommate Speck Cox, and Charlie Fortenberry, and Roommate Marcy Miller from Abilene Christian College were home over the weekend visiting their parents. Sunday the Jake Fortenverrys were dinner guests of the Oscar Brenningman family.

Jimmy Dawson is the new car salesman at the Steven-Hudson Motor Co. in Hereford. He started Saturday.

Miss Ina Sue Ferguson, daughter of Mr. and Mrs. M. A. Ferguson, Adrian, and Clayton Lee Thompson, son of Mrs. Minnie Thompson, Amarillo, were married in a simple ceremony Tuesday, Nov. 17 in Tucumari, N. M. The couple will be at home at Peneas City, Okla.

Mrs. Patterson Dies; Services Set For Today

Mrs. Ruthie Patterson, a pioneer resident of Deaf Smith County, died at 1:45 p.m. Tuesday in the home of her son at 610 E. 5th. She was 87 years old.

Services for Mrs. Patterson will be conducted at 10 a.m. today in the Rose Chapel of Gilliland Funeral Home. Officiating will be Gene Fooks and Marvin Crossom of the Central Church of Christ in Hereford. Burial will be in West Park Cemetery.

Born Sept. 3, 1887 in Bell County, Miss Ruthie Sawyer moved to Grayson Co. with her parents where she met and married H. R. Patterson July 14, 1901. The Pattersons moved to Hereford in 1916. Both were active in the work of the Church of Christ here and Mrs. Patterson assisted Mrs. Nettie Sloan in the operation of an early day hospital for Deaf Smith County.

Patterson, a retired farmer, preceded his wife in death. He succumbed Feb. 7, 1969 in Hereford. Since that time, Mrs. Patterson has made her home with her eldest son, Elmer, of Hereford.

Surviving are sons, Elmer, Hereford; Paul B., Fort Worth, and W. Ezell, Amarillo; brothers John Z. Sawyer, Tyler; Logan, Smtthville, and Jessie H., Wilson, Okla.; six grandchildren and 10 great grand-children.

Bovina Jaycee Charter Dinner Program Set

Hereford Jaycees will have a charter presentation to West Texas' newest Jaycee organization, Bovina, Bob Rott, president of the local group said Wednesday.

The Bovina club was organized by the Hereford Jaycees. In addition to Rott, Hereford members who were active in creating the new organization at Bovina were Wayne Fuller, Jerry Fowler John Meador, Ray Polvadore, and Lee Edwards.

Jim Reese, Odessa, state president of Jaycees, will officially install the new club of which Bob Philpot is to be president.

The affair, to be held at 7:30 Saturday in the school cafeteria, will be a ladies night program. Many from Hereford are expected to attend the charter ceremony.

The affair, to be held at 7:30 Saturday in the school cafeteria, will be a ladies night program. Many from Hereford are expected to attend the charter ceremony, Rott said.

Thanksgiving Dinner Held At Walcott

Turkey with all the trimmings was enjoyed by a good crowd at the Walcott School Thanksgiving supper Nov. 20.

Santa will be on hand to greet all at the Walcott School P-T-O meeting, Dec. 18, 7 p.m. He will have treats for all the children.

It is a pleasure to express our thanks for your kind patronage in the past and to extend our very best wishes for a Thanksgiving that reflects all the abundance of this prosperous land.

(Continued from page 1)
chalked up 10 points for the Bobcats. Tommy Stafford followed on Kenmore's heels with eight points and John Howell registered five. Don Moore had four and Stanley Burns had three. The top five boys did all the scoring for the Bobcat "B" team.
Hereford connected with three of their nine free throw attempts, while the Bobcats connected with seven out of 20.
The "B" team of the Herd had a 20-16 halftime lead, but were trailing 23-24 at the end of the third quarter.
The game was the opening game of the seasons for both teams.

Grady Suggests Early Planning For Yule Mail

Noian Grady, Hereford postmaster, Wednesday urged families to take a little time during the Thanksgiving holidays to plan for their Christmas mailing to avoid the usual Christmas rush.

The Hereford postmaster has some tips which will aid the job of speeding Aunt Minnie's package to her—before Christmas. Of course he urged use of ZIP code numbers.

Here are his suggestions:

1. Find last year's Christmas mailing list. If you don't find it, or didn't have one, make one up.
2. Check to see that all addresses are correct.
3. Wherever possible, add the ZIP Code to the addresses on the list. Because ZIP Codes speed your mail, always include the code for your area in return addresses. This is the best way to inform friends, relatives and business associates of the code number for your area.
4. Determine your list of gift purchases which must be mailed. Such planning allows you to shop early when selections are greatest and you can stock up on mailing materials in advance. Be sure to purchase

Mrs. Hammett To Head Council

Council officers were elected at the Nov. 23 meeting of the Deaf Smith County Home Demonstration Council. Those elected were Mrs. E. C. Hammett, chairman; Mrs. O. L. Williams, vice-chairman; Mrs. J. G. Gandy, secretary; Mrs. Charles Packard, corresponding secretary; Mrs. Jimmy Bradley, treasurer; Mrs. A. E. Hodges, parliamentarian; and Mrs. H. L. Hershey, reporter. Mrs. J. G. Gandy and Mrs. H. L. Hershey were appointed to the auditing committee.

Recreation was by the North Hereford Club. New council for the club, Mrs. Paul Hoff, read a poem, "Give Me a Home", and Juston T. McBride, the new agricultural agent, was introduced.

State 4-H winner, Sharon Beizer, will leave for the National 4-H Congress in Chicago Nov. 26. Two new 4-H clubs have been organized.

South America's first two-nation electrical system sends 48,000 kilowatts of power to Colombia's Norte de Santander Department and Venezuela's Tachira state.

Several club presidents reported completed projects. Bippus club planted flowers and shrubs at their Community Building. Girl's Town was the project for the Cultural club. Clothing was donated and seven table cloths made. The girls also had hair cuts, permanent waves and styling from a beauty shop operator. The Community Building project is being continued by Ford. North Hereford has named the streets in south Hereford, installing bathroom fixtures and a hot water heater in the Community Building is the project of Westway. Wyche club assisted at Veterans Hospital this summer and the Young Homemakers help a needy family at Christmas each year.

Community Center Ballroom is the selected location for the Council Christmas party Dec. 14.

League To Study Rules' Changes At April Meet

By Harold V. Radliff

Associated Press Sports Writer The welfare of the boys as well as strengthening football are with in a referendum of Texas Inter-scholastic League members in April.

Since about the only issue ever voted down was that which would abolish spring training in Class AAAA, all indications point to the question coming up this time to be shoved through.

One of the proposed rules would allow Class AAAA schools to open football practice four days earlier than in the past. This division has been starting later than the other classes because it has spring training and they do not. The four additional days will bring it within a week of the other classes yet permit AAAA to still hold its spring training.

The four days are not, however, for practice. Rather, they will be for conditioning only. The purpose is to have the boys in better physical shape for the start of contact activities. It is axiomatic that a better conditioned boy runs less chance of injury or trouble with the heat.

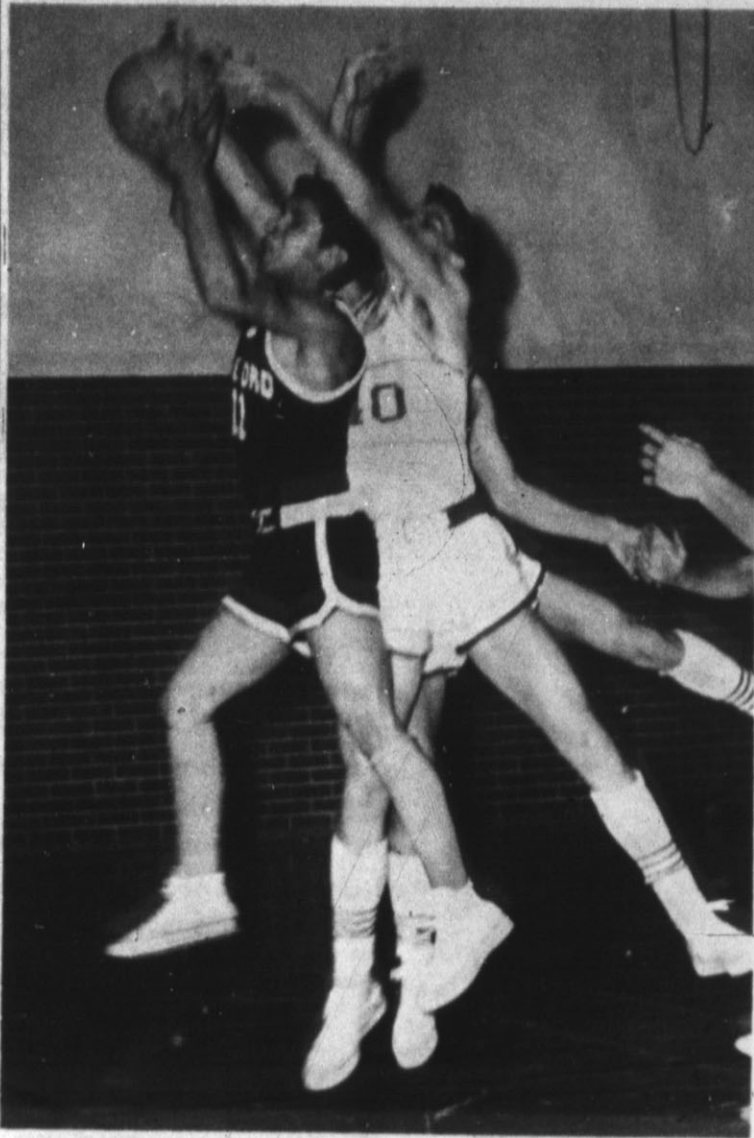

Another proposal would allow the insurance of football shoes and socks five days before opening of fall practice. This permits a boy to break in the shoes and get his feet in shape so he will be able to participate without blisters, sore feet and other physical ailments.

Both of these rules are aimed at helping the boy sidestep bothersome injuries and at the same time it will mean better football.

These rule changes would be effective next autumn.

A third proposal concerning football would make it possible for all schools to open the season at the same time. Classes AAA, AA and A now start the first Friday in September while Classes AAAA, B, Six-Man and Eight-Man football can not play a game prior to the second Friday. The new rule would bring Classes AAA, AA and A up to the second Friday in September.

It was found that many schools are not open for classes until after the first football game has

HEY THAT'S MINE — Charlie Moreno, 11, appears to be a bit disgusted as Bob Bradford, 40, attempts to take the ball away from Moreno. Actually Moreno was rebounding the ball and Bradford was attempting to take it away. The Herd won the duel with the Dimmitt Bobcats 53-48. See story on page one. (Brand Photo by Larry Fuhrmann)

there is no conflict in the two sports.

Classes AA and A will continue to start basketball Nov. 1 while Class B will open Oct. 1. The latter has the earlier date be-

cause many of these schools do not have football, particularly rural schools.

The Interscholastic League would relax its awards rule somewhat under another pro-

posal.

This one would allow certificates to be given by the school or district committee for interschool competition, such as first place winners, all-district, all-

state teams, etc., and the cost would not have to be included in the \$15.00 per year that is allowed for awards to athletes. However, they couldn't exceed the limit much anyway since

the certificates can not be framed and must be printed on regular sized paper. The cost will be low enough that no one can have cause to worry about his amateur status.

OUR AMERICAN HERITAGE

Be proud of America where prosperity and progress flourish under Freedom's banner!

LET US BE THANKFUL ON THIS THANKSGIVING DAY

Let us all resolve to reacquaint ourselves with the unique story of our United States of America — of men and women living and prospering in this land of freedom and equal opportunity. Be proud of our American Heritage . . . be proud that you're an American.

GIBSON'S DISCOUNT CENTER & PHARMACY

"We Will Be Open Thursday"

Mrs. Rockwell's Rites Are Held

Funeral services for Mrs. C. C. Rockwell, 111 Centre, who died Sunday in Deaf Smith County Hospital, were held Tuesday at 10 o'clock, conducted by the pastor, the Rev. Russell Winger. Entombment was in Forest Park Mausoleum, Houston, with Gilliland Funeral Home in charge of arrangements.

Mrs. Rockwell was born Jan. 18, 1904 in Sebree, Ky., and was married to Mr. Rockwell Aug. 22, 1933 in Hereford. They had lived in the Hereford area since June, 1917.

Survivors, in addition to her husband, include a son, H. T. Wilson, Eastland; four sisters, Pauline Gould, Oakland, Calif.; Betty McCollum, Sebree, Ky.; Kathrine Mounts, Dallas, and Douglas Pitman, Hereford. Two grandchildren also survive.

LET'S COOK SOMETHING!

Carrot Time, So Here Are Carrot Recipies

"It's carrot season," declared Corrine Neeley of Red Cross Service fame. Suggesting that it is a fine time for carrot recipes, she offered the following one from an issue of one of her favorite magazines: HOLLAND CARROT BREAD (From "Gourmet Magazine") In a large bowl sift together: 2 C sifted flour 2 t baking soda 2 t cinnamon 1/2 t salt Make a well in the center and put in it: 1 1/2 C sugar 1 1/2 C cooking oil 3 eggs 2 t vanilla

Note: In all recipes "t" indicates teaspoon, "t", tablespoon.)

With an electric mixer beat at medium speed until well blended. Fold in 2 C grated carrots. Turn the mixture into 2 well-floured loaf pans and bake the bread in slow oven (300 degrees F) for 1 hour, or until the bread tests done. (If desired, and something fancier is wanted, add 1 C nuts or raisins after folding in the carrots.) This delightful moist bread (that freezes beautifully without losing any of its moisture) is good for coffee parties.

Mrs. Neeley's tip ("The finest candied carrots I ever ate.") led us to Mrs. M. T. Rutter and her fine carrot recipes.

CANDIED CARROTS Cook carrots; add equal amounts of brown sugar and butter. Simmer or boil until browned.

CARROT SWEET PICKLES Scraper and rinse carrots; cut in pieces the size of small gherkins. Cook until tender in salted water. Make a syrup by boiling together for 10 minutes: 1 C water 1 C elder vinegar 3 C sugar 2 sticks cinnamon (broken in

fore serving. . . .

CARROT COOKIES (Mrs. James Arney's Best) 1/2 C sugar 1/2 C shortening 1 egg beaten 1 C cooked carrots (tender, very hot) 1/2 t salt 2 C flour 2 t baking powder 1 t vanilla Mix in order given. Drop from spoon on greased cookie sheet and bake in moderate oven to pale golden color. (Watch Test as for cake.)

Orange Icing To juice of one orange, add powdered sugar to spreading consistency. Mix in some grated orange peel. Spread icing over cookies when cool. Makes about 3 doz.

Then from her file of recipes, Mrs. Alice Swiger Cox, well-known in Deaf Smith County for her fine cooking, sent in these special recipes: ORANGE-GLAZED CARROTS 2 lbs carrots scraped and cut in strips or in 1/8 inch-thick rounds 1/2 C brown sugar 1/2 C orange juice 1 T grated orange peel 1 T vinegar or lemon juice 2 T oleomargarine 1/2 t salt 1/4 t ground ginger Cook carrots until tender in enough water to cover. Drain and place in baking dish. Combine all other ingredients in saucepan; heat slowly, stirring constantly to boiling; pour over carrots, and bake a few minutes in oven at 350 degrees F. until richly glazed.

CARROT-PINEAPPLE MARMALADE 4 lbs raw carrots, pared 2 C crushed pineapple 3 lemons 4 C sugar 1 C orange juice Put carrots and unpeeled lemon through food chopper. Add pineapple, sugar, and orange juice. Cook until clear, stirring occasionally. Pour into sterilized jars and seal. Makes 4 1/2 pints.

CARROT-PECAN CAKE (With Orange Glaze) 1/4 C salad oil 2 C sugar 2 C sifted flour 2 t baking powder 1 t soda 1 t salt 2 t cinnamon 4 eggs 3 C grated raw carrots 1 C finely chopped pecans Combine oil and sugar; mix well. Sift together remaining dry ingredients and sift half into sugar mixture and blend. Sift in remaining dry ingredients alternating with eggs, one at a time, mixing well after each addition. Add pecans. Pour into lightly oiled 10-inch tube cake pan and bake in slow

Mrs. M. T. Rutter

(... busy with carrot cookery)

(325 degrees F) oven about 1 hour 10 min. Cool in pan upright; then remove cake after cooling.

ORANGE GLAZE 1 C sugar 1 C orange juice 1 t lemon juice 2 T oleomargarine 2 T grated orange peel 1/2 t salt

Combine ingredients in saucepan and bring to boil. Puncture cooled cake top at intervals with toothpick and spoon hot orange

glaze over cake until used up. (For variation: Add 1/2 C cornstarch to orange glaze, and cook until smooth and thickened. This can be used as cake filling on carrot-pecan cake. Sift cake into three horizontal layers, spread each with glaze, stack, add remaining filling to cover top and sides.)

Mrs. Cox adds that the best carrot pudding she has ever tasted comes from a recipe in Clementine Paddelford's book, "How America Eats".

BBB Kept Busy — Part II in a Series

Pot Luck Health Insurance Bared

In August of 1961 the Amarillo Better Business Bureau in its bulletin carries a lead story entitled "BUREAU WARNS AGAINST 'POT LUCK' INSURANCE". The article is quoted in full here because of its relation to the present problem in Hereford.

"More queries have been handled by the Amarillo Better Business Bureau about hospitalization insurance in past weeks than about any other subject, according to Tris Coffin, Bureau manager.

"Most of these calls have been from persons contacted initially through telephone sales campaigns or direct mail campaign, he said.

"A number of the companies appearing to offer the most attractive health insurance packages are the same companies that generate almost all the trouble in the hospitalization insurance field.

"Typical of trouble-makers is the commission-hungry agent who has the insurance application signed in blank and turns it in without showing a past me-

dical history — to prevent his company's turning down the applicant or putting a rider on the policy.

"Another problem is created by the agent who implies—or allows his prospect to believe—that pre-existing or chronic conditions will be covered by the policy when, in fact, the policy can cover only illnesses originating after the effective date of the policy. This unfortunate practice becomes prevalent because many persons wait for illness to strike before taking an interest in health protection.

"Reputable companies offering health-and-accident insurance through well established local agencies under competent management do no misrepresent the protection they offer. A reputable company makes prompt payment of legitimate claims.

"Amarillo Better Business Bureau warns against the disappointments involved in taking 'pot luck' in choosing hospitalization. Expense and near disaster can result careless selection of a hospital organization insurance company, the

Bureau believes."

The Deaf Smith County Chamber of Commerce, which is affiliated with the Amarillo Better Business Bureau and the National Better Business Bureau, urges people, particularly elderly people, to use extreme caution in the purchase of health-and-accident insurance. Your best safeguard is to trade with a local, established agent, a man who is qualified to advise you of the coverage you need and may expect from the policy you buy. As a resident in the community his reputation for integrity is his assurance of continued business.

Prospective buyers of such insurance who may be enticed by "buy-by-mail" policies offered by out-of-state companies or companies or companies with no local representation would be well advised to request an exact sample copy of the proffered policy, a sample copy, and to seek advice from an attorney or other person professionally qualified to evaluate the true coverage offered in relation to its cost. "Bargain" insurance can only be reckoned at the "moment of truth"—when the policy owner attempts to collect a claim he was led to believe he was entitled to expect.

More detailed general information can be obtained from a pamphlet published by the Cleveland Better Business Bureau entitled "Your Health Insurance Package—What You Should Know About It. . .". This booklet is available at the Chamber of Commerce office at 126 East Third.

Some recent case histories cited by the Deaf Smith County Hospital serve to bring the lesson of insurance to the local situation. "A young couple with children and another on the way bought a policy on the strength of an agent's statement that his wife was immediately covered for pregnancy.

The woman was four months pregnant at the time of purchase of the policy. Not until she came to the hospital to deliver did the couple learn that the policy did not state anything even resembling the statements of the agent. Too late, then, for any help on that expense and they were out all the premiums that would have made a substantial deposit on the hospital bill."

"One of the most ridiculous policies that has crossed my desk these past few months was a policy from a reliable company, policy was only about four years old, that had been sold to a woman 80 years old with full benefits for maternity care for single, twin and triplets, no less. Maternity benefits add to the premium rate of the insured as much as any other one thing."

"Another incident involved a telephone call from an old lady here in Hereford who has purchased a policy from. . . Insurance Company through an ad that she had answered in the Amarillo paper—the same company had advertised on TV. An agent came to call on her, selling the policy and taking a personal check for a full year's premium. After a wait of a month without receiving the policy though the check had been cashed by the agent with a pencil endorsement, the policy owner checked with the sheriff's department who found the company was legitimate. One of the foremen on the hospital construction crew bought one of the policies also.

After the same kind of wait and check endorsement for a year's premium (over a hundred dollars initial payment) he wrote the company demanding a policy or his money back. He received a form letter stating that he would hear within 10 days. On the 10th day he received a policy with coverage that was not indicative of the statements made by the agent. He stated that if I was kicked by a pink mule at midnight in the middle of Polk Street, I would have full coverage. . . of Hereford also bought one of these policies, paying a three months premium.

He got a policy for examination at the time of purchase with the understanding that he could get his money back if not satisfied. He was not satisfied and his request for his money back was denied with the statement that he got what he paid for. A claim was made on this same policy this past month and was rejected because the necessary waiting period was not satisfied—but the ad still clearly stated 'no waiting period'."

Numerous other cases were cited by a member of the hospital staff. Names and companies may be made available with permission of the people involved.

All of this is not to discredit medical-health insurance. It is very necessary and very valuable form of protection against financial disaster. The lesson to be learned is stated in the creed of the Better Business Bureau "INVESTIGATE BEFORE YOU INVEST". Deal with a reliable agent. Read the policy—that is the only agreement that is valid in event of a claim.

THANKSGIVING DAY

The years have brought many changes. But one thing will always be the same . . . that is the feeling of Thankfulness for all that we have

Little's

Our Pilgrim Fathers Gave Thanks For So Little.

Let us pause at this time of the year, as our Pilgrim forefathers did so long ago, to give prayerful thanks, not only for the food on our table, but more important, for these freedoms we hold so dear . . . freedoms our forefathers sought and won in the new land, America. Our country has come a long hard way since the day of the first meager harvest in 1621. . . to truly become the "Land Of Plenty" and the "Home of the Free". Let us pray it will always be.

We at Western Wheel Inn are deeply grateful for your patronage and we hope we can always be of service to you.

We Have So Much To Be Thankful For!

AUSTIN HIGHLIGHTS

Texas Gets International Attention As LBJ Rests

By Vern Sanford
Texas Press Association
AUSTIN—International attention came to Austin as Pres. Lyndon B. Johnson carried on resting from his campaign.
President-elect Gustavo Diaz Ordaz of Mexico flew in for informal discussions at the LBJ Ranch. President and Mrs. Johnson arranged a barbecue in appreciation of the strong support given his candidacy by Americans of Mexican ancestry.
Latin-American leaders from Texas, New Mexico, California, Kansas, Oklahoma and Louisiana were invited to the affair. Heaviest representation came from the cities of South Texas where huge LBJ majorities were rolled up.
Top business leaders from Houston, Dallas, San Antonio and Los Angeles also were on the select list of guests. All were entertained by Milton Berle, Eddie Fisher and Gene Autry. Also by Clint Harlow's sheep-dog troupe and a bevy of Mexican musicians and singers.
There was talk of a possible change in a cabinet post vital to Texas—that of secretary of agriculture.
If Orville Freeman should be named senator from Minnesota to replace Vice President-elect Hubert Humphrey, Johnson may choose a secretary from Texas. Among those considered to be on the list are Dolph Briscoe Jr., Uvalde rancher, and Sterling C. Evans, Houston farmer and rancher who heads the Texas A & M University board of directors.
LATE INAUGURAL—Gov. John Connally may have a late inauguration.
Ceremonies likely will be postponed from January 19, when he normally would take oath of office, to January 26.
Postponement, ramrodded by the State Democratic Executive Committee, is aimed at helping

Texans arrange their schedules so they can attend inauguration ceremonies for both President Johnson and Governor Connally.
Presidential inauguration is fixed at January 20 and thousands of Texans plan to attend. Many prominent political figures would have to pass up Connally's swearing-in to reach Washington on time for Johnson's ceremonies.
Besides, the President wants Governor and Mrs. Connally there.
SDEC will call on members of the Legislature to co-sponsor a joint resolution to postpone the governor's inauguration.
If a majority of lawmakers sign, the Texas inaugural committee will go ahead with its plan to push back the Connally swearing-in date. A vote of the Legislature would make the change official after lawmakers convene here on January 12.
Texas constitution provides that the Governor shall be installed on the first Tuesday after the organization of the Legislature, "or as soon thereafter as practicable."
COURTS SPEAK—Supreme Court agreed that, to protect the public, the State Department of Public Safety has full authority to suspend driver licenses of motorists found to be habitual traffic violators.
High court declared moot a Starr County Republican candidate's suit to void 660 poll tax receipts in the stormy South Texas county. The GOP office-seeker claimed the poll taxes were neither paid for nor requested by their holders.
A Nov. 15 hearing was set by the Supreme Court on a suit by Trinity River Authority to force the state attorney general to approve a \$42,000,000 bond sale to finance construction of Livingston Dam. Houston voters approved the issue 4-1.
Court of Criminal Appeal or-

dered new trials in San Antonio and Houston murder convictions in line with a U. S. Supreme Court mandate. Its opinion suggested new guidelines for passing on admissibility of confessions. Trial judges now must hold special hearings where a question exists as to whether a confession was voluntary. They may exclude confessions from a trial or withdraw them from jury consideration if they find that all evidence tends to indicate the confession was not voluntary.
An Austin district court denied an injunction sought by House of Tobacco Inc. of Houston to get back its state permit to distribute cigarettes. Comptroller Robert S. Calvert cancelled the permit after the firm's operator was charged with cigarette tax irregularities.
SLANT-WELL SUITS—Filing of two civil penalty suits in the 53rd District Court in Austin, for alleged slant-well activity, were made by Atty. Gen. Waggoner Carr.
First to be filed against were J. C. Stroud and W. V. Stroud, both of Rusk County, and G. M. Jordan of Kilgore. Suit involves one well in Rusk County.
Named as defendants in the second suit were the Strouds and M. M. Harding of Kilgore. Second suit involves two wells in Rusk County.
AG OPINIONS—Attorney General Carr ruled that it would be legal for a commissioners court to buy a helicopter for the county sheriff, if there is enough money in the right funds.
He held that a sheriff may buy any equipment he needs to do his work, but it is up to the commissioners court to decide whether a helicopter comes under "reasonable" expenses.
Carr also determined that, under a treaty clause, a Mexican consul stationed in Texas and bringing in liquor for use by consular officials, is not

'Charm' Program Given By Camp Fire Speaker

'Charm' was the featured program at the Wa-CunYa Camp Fire meeting Nov. 19, with Mrs. W. Dameron as guest speaker. Mrs. Dameron pointed out that "charm comes from within. . . your appearance and manners add to true charm, which is an interest in other people and other things."
Sue Easley, president, had charge of the business meeting. Work done for the Needlework Guild was 13 articles for the bazaar held by the sponsoring club, which were shown. As a current service project the girls have charge of flag raising and lowering at Stanton Junior High.
Deniese Daniel and Sue Easley as hostesses, served cokes and doughnuts to Pamela Miller Lantry Buck, Valerie Denney, Mary Robinson, JeanAnne Gore, Becky Bell, Ginger Gholson, members; Mrs. John Gooch, leader; and visitors, Mrs. Dameron, Sharon Wortham, Rosie Rogers and Vickie Payne.

bound by the liquor import restrictions (quart per person) applying to Texas citizens.
He concluded that the State Parks and Wildlife Commission has the right to prohibit deer hunting on state-owned dry river beds of Dimmit, Uvalde, and Zavala counties.
CONNALLY FIRST—Governor Connally was the first Texan to participate in the 1964 Census of Agriculture of the U. S. Department of Commerce. He filled out a census form concerning his ranch operation near Floresville.
Agricultural resources census has been taken every five years since 1840. Data is confidential and can be used only for statistical purposes.
MENTAL FACILITY PLEDGED—State Hospital Board was informed that a new in-patient mental treatment facility, for the lower Rio Grande Valley, will be provided in the near future.
Dr. C. J. Rullmann, director of mental health and hospitals, said such a service is under consideration. It is to be patterned after the local-participation "contract care" recently made available in Beaumont, El Paso and Lubbock.
Board members accepted a \$225,000 grant by the Moody Foundation of Galveston to construct a regional diagnostic center for mentally retarded children at new Richmond State School. Center was acclaimed by Board Chairman Howard T. Tellepson as a "major breakthrough in cooperation between state and private agencies to combat mental retardation."
BANK HEARINGS SET—State Banking Board set hearings for November 24 on applications for charters by the proposed Northline State and Western State banks in Houston, the Jacinto City Bank at Jacinto City and the Conroe Bank and Trust Company in Conroe.
November 25 hearings were set for the proposed Mercantile Bank and the Stella Link state Bank in Houston.
LAND LIST LIMITED—Veterans' Land Board voted that no more names be accepted on its waiting list since funds will not be available to purchase land for veterans not already on the list.
Land Commissioner Jerry Sadler stated that more than 35,000 veteran purchasers will have bought land through the program when it ends in December, 1965. Those already on the list can expect to be reached before the program ends.
CARR TO WASHINGTON—Attorney General Carr made the latest list of appearances before the U. S. Supreme Court in Washington, D. C., this week when he argued for the State of Texas in the hearing on John William Stanford Jr. versus the State.
Stanford is the San Antonian who was ordered last December by the Subversive Activities Control Board in Washington to register as a Communist. He is appealing that order in another court.
Appeal Carr is working on involves Stanford's protest that State officials illegally searched his house and took some 2,000 items, including personal effects, without lawful cause.
Stanford is being defended by attorneys for the American Civil Liberties Union.
HUNTING SEASON HINTS—Parks and Wildlife Department has prepared a new hunting digest. It includes a Texas hunt-

Board members accepted a \$225,000 grant by the Moody Foundation of Galveston to construct a regional diagnostic center for mentally retarded children at new Richmond State School. Center was acclaimed by Board Chairman Howard T. Tellepson as a "major breakthrough in cooperation between state and private agencies to combat mental retardation."

ing map which shows where to hunt what and when. The digest, available at most places where hunting licenses are issued, also is available, free, by writing the department in Austin.

Parks and Wildlife Department is advising hunters to fill out their deer tags carefully and attach securely to the deer killed.

AUSTIN — State Representatives who were sworn to the 1965 Legislature Monday have military matters very much on their minds. Constituencies of those lawmakers with military bases in their districts stand to be affected by both Federal and State proposals.

Some lawmakers were sworn in with the knowledge that many Federal workers in their districts stand to lose their jobs by U. S. Defense Department cutbacks. Operations will be cut out at James Connally Air Force Base at Waco and Amarillo Air Force Base and cut down at Dyess Air Force Base in Abilene and Eagle Mountain Army maintenance facility at Fort Worth.

San Antonio bases and Carswell AFB at Fort Worth stand to gain by the big shift. And that also will present new problems for State Representatives.

REDISTRICTING — Congressional redistricting, one of the major problems facing the 1965 Legislature, may cause a headache for legislators whose districts embrace bases.

Bob Johnson, executive director of the Texas Legislative Council, believes the Legislature could — if it chose — leave out military and State hospital populations in deciding the "population" of a county for redistricting purposes.

By State constitutional provision, persons in State mental hospitals cannot vote, nor can persons in military service who enlisted in other states. Therefore, they could be left out of population totals if the Congressional redistricting goal of "one man, one vote" is considered paramount.

However, Johnson conceded that the mathematics involved in piling down population in communities as heavily military, as say, Bexar County might become so complicated that the Legislature would choose to proceed on full population figures.

LEJ RANCH — Orders involving President Johnson's ranch home near Stonewall from the Parks and Wildlife Commission and the State Highway Commission raised the question of whether tourists from Texas and elsewhere ever will get glimpses of the President at his "little White House" as Washington, D. C. visitors enjoy at the big White House.

Parks and Wildlife Commission authorized creation of a Lyndon B. Johnson State Park directly across from the LEJ Ranch. Commission said the proposed park — located on some 245 acres between Ranch Road 1 and Highway 290 — would be created in cooperation with Gillespie County. Commission does not have authority to condemn land for parks but the County does.

The question came up a day later when the Texas Highway Commission granted the U. S. Secret Service's requested authority to restrict traffic on that part of Ranch Road 1 when President Johnson is there — in the interest of presidential safety.

The President returned home last Thursday and is due to remain on the LEJ Ranch until after Thanksgiving.

BORDER DISPUTE — Gov. John Connally, Land Commissioner Jerry Sadler and Attorney Wilson Fox of Taylor, members of the State School Land Board, filed a protest with Louisiana's Board of Mineral Development over the Sabine River border dispute.

Area in dispute is the western half of the Sabine River and Sabine Lake and a pie-shaped wedge of the Gulf of Mexico pointed at the mouth of the Sabine and widening sharply until it reaches the line three miles out where Louisiana's offshore boundary lies. Beyond that point, outer offshore boundary of 10.5 miles.

Controversy grew out of Louisiana's offer of two oil and gas lease tracts which lie in an area claimed by Texas, but also claimed by Louisiana. Governor Connally has requested Atty. Gen. Waggoner Carr be brought into discussions, so he will be fully informed should the dispute travel to the U. S. Supreme Court.

INDUSTRIAL GROWTH — A study of UT's Bureau of Bus-

ness Research's monthly reports on industrial growth from January through November shows that a total of 611 new plant locations and significant plant expansions were announced for Texas in those 11 months.

The Houston metropolitan area led all others with 126 new plants and expansions; Dallas with 81 was next; and Fort Worth followed with 65. However, there were dozens of little towns which boasted big industrial boosts.

COLLEGE FUND PLAN — Texas Commission on Higher Education has adopted a plan for distribution of \$11,700,000 in Federal building funds among 90 junior and senior colleges in 1965.

Forty-five per cent of points allocated to schools under the system must be based on projected enrollment increases and utilization of existing facilities.

Formal applications of schools can be submitted after the U. S. Office of Education approves the state plan — probably about December 1, January 15 is deadline for applications.

RIO GRANDE WATER — Texas Water Commission has estimated Rio Grande Valley has water supplies to irrigate up to 680,000 acres over the requirement for municipal and industrial purposes.

Commission figured 124,000-acre feet annually would be needed for municipal and industrial uses. Report was written for the attorney general who is participating in a giant lawsuit over Rio Grande water rights involving Starr, Hidalgo, Cameron and Willacy Counties.

OIL ALLOWABLE — Texas Railroad Commission set December oil allowable at 29 per cent of maximum for prorated wells, compared to 28.4 per cent in November.

Increase is expected to be 29,914 barrels a day higher than the estimated November average of 2,541,909 barrels a day.

TB CONTROL PLAN — A sweeping new plan for tuberculosis control aimed at consolidating all TB services under one agency and providing treatment of patients close to home has been recommended by the Governor's Committee on TB eradication.

Committee found the state's program, now divided among four agencies and costing some \$16,200,000 a year, not equal to the job at hand. It proposes the TB Services Division of the State Health Department.

Recommended treatment procedures, calling for shorter hospitalization but careful at-home treatment after the infectious period is passed and a lifetime "follow-up", would cost more but would be more effective, the committee believes.

COURTS SPEAK — Third Court of Civil Appeals upheld most of a trial jury's verdict against three East Texas oilmen penalized \$304,800 for slant well drilling. Court held that the production penalty was in error because the State and Railroad Commission had not established number of production days from the slanted well, and reversed that portion of a district court's ruling.

Supreme Court held lower courts were wrong in refusing Fort Worth an injunction to block an apartment structure in an area zoned for single and two-family dwellings.

Constitutionality of a 1963 law providing state regulation of Texas borer liquor exporting firms was attacked in arguments before Third Court of Civil Appeals. Law set a stiff licensing fee and other requirements.

SHORT SNORTS Uniform shell dredging regulations for Texas coastal bays may result from a Parks and Wildlife Commission decision on an application by Heldenfels Bros. of Corpus Christi to dredge for shell in Copano.

School Land Board may increase royalty charged producers on mineral leases which it has extended, Attorney General Carr held in an opinion. Land Commissioner Jerry Sadler announced a Dec. 12 deadline for prospective lessees to submit nominations of tracts of State Permanent School Fund Land to be leased by the state during the oil and gas lease sale on Feb. 2, 1965.

State Health Department reports only six cases of paralytic polio in Texas this year, five of which were children four or under.

Parks and Wildlife Department is seeking men between 21 and 40 to fill 15 game warden openings, after completion of four-month training at A&M University.

A study released by Texas Research League recommends a new finance building to house the State Comptroller and Treasurer and close cooperation between State and City of Austin in future capitol area planning.

City of Paris application to appropriate 61,610-acre feet of water annually from proposed Pay Mayse Reservoir on Sanders Creek in Lamar County has been set by Texas Water Commission for Dec. 17.

Prelaunch tests given to Nimbus, the weather satellite, included shaking it vigorously, freezing it and roasting it to a turn.

CLUB SWEETHEARTS — These two Hereford High School girls serve two local men's clubs as their sweethearts. Their jobs involve both fun and work. Beth Ballard, left, is sweetheart for the Hereford Kiwanis Club, and Ann Braddy is sweetheart for the Hereford Lions Club.

Club Sweetheart Has Fun, Work

Being a civic club sweetheart involves work as well as play, agree two senior girls, Beth Ballard, Kiwanis Club sweetheart,

Representatives Are Elected At Key Club Meet

Class representatives were elected at the Key Club meeting on Monday, Nov. 16. These representatives will represent the members of their classes on different committees, such as party committees, program committees, etc. From the Senior class Tim Gearn was elected, from the Junior Class, Jimmy Young was elected, and from the Sophomore class Phillip Cain was elected.

On Tuesday, Nov. 23, Key Club sponsored a Leadership Banquet. The Presidents and Vice-Presidents of the various organizations of HHS were present. Each told about his club and what it does throughout the year.

Hoof Prints

By Mike Paschel

Well, you can put away blankets and heavy coats now, 'cause football season has come to an end. The Hereford Whitefaces finished their season last Friday night, scoring sixteen points against the big Demons, finally losing 42-16. They scored more points against the Demons than any single team has scored against Dumas this season. The Hereford has done a fine job all season, and everyone is very proud of their 5-5 record.

The other teams of Hereford High have ended their seasons also. The B-team wound up with a 7-2 record, and the Fresh completed 10 games without defeat. This is the first team in the history of HHS to complete a season undefeated. Looks like some good material developing for Coach Meredith's future teams.

Hereford opened its basketball season last Tuesday night against Dimmitt. Hereford should have a good team this year, for several boys with much experience are returning. The next games are in a doubleheader at Amarillo. One game will be played tomorrow night and one game Saturday night. The first home game is against Littlefield on Dec. 1. If there is as much enthusiasm for basketball as there was for football, the Hereford can't help but be a winner. Everyone who can should make an extra effort to come to all the games and show the boys we are really behind them! Let's go, Herd!

Student Council Will Sponsor A Bundle Day

Many people in the United States and across the seas will not let their children go to school because they do not have the right kind of clothes and shoes. Because of the lack of adequate funds and unemployment in families, necessary articles cannot be supplied.

The Student Council is sponsoring a Bundle Day at high school to obtain clothes to be sent to such needy children. If students have some old clothes that are unwanted, the Student Council will accept them. Clothes should be saved until Bundle Day is announced officially to the student body and faculty.

The Kiwanis Club, of which Beth is sweetheart, is a community service club which engages in projects for the betterment of the Hereford community. They also sponsor the Key Club. Some of Beth's duties are playing the piano, helping with club projects, and attending meetings.

Beth is at present a member of FNA, Tri-Hi-Y, MYF, Mixed choir, and Red Cross. She is Student Council president and a Pink Angel at the hospital. Her hobbies include playing the piano, swimming, and sewing.

Ann, an amateur artist, likes to play the piano. She is a member of NHS, Student Council, and Tri-Hi-Y. She puts her talents of tasteful decorating to use as chairman of the decorations committee at the Community Center.

"We meet many wonderful people as sweethearts of these clubs," Beth and Ann agreed. "We learn a lot about developing personalities and carrying on community projects. It's wonderful!"

Childers Named Student of Six Weeks at HHS

Joe Childers, senior, was recently named Student of the Six Weeks, an honor bestowed upon one student each six weeks by the Student Council. The members of the Student Council submit names to a committee who checks each nominee's grades and citizenship. When this has been checked, the entire Student Council votes on the qualified.

Speedy Demon Backs Blast Dumas Past Hereford Friday

was played in temperatures dropping to near 20 degrees. Dumas' Norman Bonner carried for a total of 94 yards in five carries. Ricky Burgess rushed for 69 yards in eight carries for Dumas.

The Whitefaces played a tremendous first quarter as they held Dumas scoreless. However, Dumas entered the scoring column immediately after the second quarter began as Norman Bonner scored on a 17-yard pass from Quarterback Ricky Heathcrist. Burgess added the extra point to make the scoreboard read 7-0 in favor of Dumas.

Hereford brought the kickoff back to their own 30 yard line where they took to the air. On the first play after some tricky ball handling, Cain rifled a 40 yard pass to Lynn Cook who gathered it in on Dumas' 30 yard line. Cook was nailed almost immediately after he caught the ball, Hereford then moved the ball to the two yard line.

FTA Sell Candy For Bus Fare To Houston Meeting

Future Teachers are selling candy for bus fare to the Houston FTA convention in March. Since this candy sale began four weeks ago, \$927.50 or 1855 bars and packages of candy have been sold.

"When the remaining 1889 bars of candy are sold, the FTA club should have a profit of \$650," reported Mrs. Jimmy Howell, FTA sponsor, in a club meeting last week.

Members of FTA receive ten points for every 50 bars sold. Leading salesmen are Dolores Kuper, 207 bars; Bob Caraway, 106 bars; Billy Johnson, 97 bars; and Sherri Marsh, 82 bars.

Teacher Relates Twister Incident

"Everything happened so fast I didn't know what was going on. The first we knew of it the television went blank. I looked out the back door and discovered that the fence was gone," said Mrs. Mercer, English teacher at HHS. It seems that the roof flew off her husband's observatory, the fence, converted into hundreds of giant toothpicks scattered about their yard, and a child's swing uprooted on the north side of their home. To such an event, the antenna collapsed, and the television went blank. Is such a thing possible? Could be when the mighty forces of a twister gaze one's backyard. "Things like that just don't happen in November."

The Whiteface

(OFFICIAL PUBLICATION OF HEREFORD HIGH SCHOOL, HEREFORD, TEXAS)

NO. 11 The Hereford Brand, Hereford, Texas, Thursday, Nov. 26, 1964

Derivation Of Thanksgiving Told By Whiteface Editor

'Beat Dumas Day' Called Successful For Hereford

Beat Dumas was the battle cry and greeting last Friday, Nov. 20. Instead of "Hi" or "Hello" the students greeted their friends with a hearty "Beat Dumas!" The proper wearing apparel for the occasion was the school colors, red and white or maroon and white.

game starts! The kick is made and received. "In the first few minutes of play here between Dumas and Hereford, it has really been a fight. It seems as if the Whitefaces really came to play ball. Also, you can certainly hear the Hereford fans and especially the roaring Whiteface student section. They must all know what it would mean if they could beat Dumas tonight, and that's what it looks like they came to do.

Hereford receives the kickoff in the final seconds of the first half. These boys just won't give up. Hereford has just returned the kickoff (all the way, leaving the score Hereford 6 - Dumas 0). (Continued on Page 2)

Choir Groups Chosen Early By Choral Teacher

Choir groups were chosen early in the semester by Richard Jackson, Boy's quartet members are Gary Roberson, Ken Stark, James Schultiz, and David Grubbs. Gary and Ken are the first and second tenors. James and David sing baritone and bass, respectively. The other boy's quartet consists of Doug Watson and Nate Stark as first and second tenor, Jerry Tisdale as baritone, and Bob Reinauer as bass.

First sopranos in the girl's sextet include Gayle Newell and Pat Price. Lynne Poarch and Mary Lynn Gibson sing second soprano, while Barbara Willis and Sid Bayne sing alto. Members of the girl's trio are Gayle Newell, first soprano, Mary Lynn Gibson, second soprano, and Nancy Martin, alto.

There are two madrigal groups each consisting of eight members each practicing together. Madrigals are similar to a club with rules and a regular meeting time. Members were chosen at tryouts according to ability and tone quality. Madrigal sopranos are Barbara Langley, Joellen Hamilton, Sylvia Phipps, and Sharon Tinnin. Altos are Lynda Lohr, Kay McKee, Linda London, and Carmen Betzen. Ken Stark, Doug Watson, Nate Stark, and Gary Roberson are the tenors. Bass members are James Short, Jimmy Allison, John Lohr and Jimmy Brink.

Rededication Is Thanksgiving

Since that fatal day in Dallas one year, four days, and so many hours and minutes ago, the word "rededication" has been uttered thousands of times. At this time of thanksgiving, it is wise to ask, "Rededication to what?" So far it has been very vague: rededication to the United States, to the world, to ourselves, to government, to humanity, to President Kennedy... Perhaps all, some or none of these is the answer. Nearly four years ago, John Kennedy said, "Let us begin." Let us begin to help, to help, to think, to cast off prejudices, to hope, to live, to shake off our lethargy and to care what happens to others. Let us begin to make a world that is glorious to live in. The time and place to begin for several hundred students at Hereford High is now in the classroom. It is generally accepted that education is essential, not only for accumulating money, but also for understanding the problems of the world and the ways in which to solve them. In this day and age, everything depends on something else. People and countries are no longer able to care for no one but themselves. Our fate does not merely lie in ourselves, in Hereford, in Texas, or in the United States. It could possibly lie in Cyprus, in Viet Nam, in Cambodia, in Panama, in China, or in some little village in some little country. The only way we can begin and can "rededicate" ourselves is by caring enough to want to learn. We are the citizens of tomorrow, or so our parents and our elders tell us. It is up to us now to build the foundation upon which we shall someday live. Some words of a song that came out after Kennedy's death went something like this, "And the heart of the world hung heavy of the sorrow of his death." Let us not just be sorry. Let us adopt his ideas to our needs. Let us "rededicate" ourselves to our immediate problem of learning. "Let us begin" to prepare for our turn in the world.

Students Get Lion Award For 6-Weeks Honors

Jerry Tucker, Sandi Thomas, Mike Davis, and Charlie Stone were nominated and elected to receive the Lion's Club Class Honors for this six weeks. These students each representing his class, as well as one of the Lion's Club meetings. After being elected by the Student Council, these student's names were approved by Bill Michael before being sent to the Lion's Club. This is the first year that the Lion's Club has sponsored these honors. This honor is one given to a senior, junior, sophomore, and freshman each six weeks, on the basis of citizenship, scholarship, and attitude. Receiving this award not only encourages better scholarship and citizenship, but promotes good attitudes toward school as well. To qualify for these class honors, students must have at least a C average and must have a satisfactory citizenship. "I was quite surprised, and happy when I received this honor," commented Sandi Thomas, junior recipient of the award.

Since the first time a Pilgrim sat down at a special dinner with Indians for guests a year ago, people have been driven by an urge to give thanks for their blessings. From this desire to show appreciation, the celebration of a Thanksgiving Day originated.

The first winter in the New World had killed nearly half the Pilgrim colonists. But, the corn harvest in the summer of 1621 brought rejoicing and new hope. By the second winter, Governor William Bradford set aside Dec. 13, 1621, as a day for feasting and prayer to show the gratitude of the colonists that were still alive.

The women spent many days preparing for the feast. Children were kept busy, turning roasts on spits in front of open fires. More than 80 friendly Indians came and brought wild turkeys and venison or deer meat. After three days of feasting and prayer, the Indians returned to the forest and colonists to their work.

From Plymouth, the custom of giving thanks on a special day spread to the other New England colonies. Eight special days of thanks during the Revolutionary War were observed for victories and for being saved from dangers. President George Washington issued a proclamation for a day of thanks on Nov. 26, 1789. That same year, the Protestant Episcopal Church set aside the first Thursday in November as a regular day for giving thanks until civil authorities

designated another day. Aside from this, there was no regular national Thanksgiving Day in the United States. Some states had a yearly Thanksgiving holiday; others did not. After New York had an official

Enrollment For Red Cross Will Be Wednesday

Red Cross enrollment will be next Wednesday, Dec. 2. Every student will become a member of the high school chapter who gives at least ten cents to their homeroom representatives. They will be given membership cards and be entitled to participate in Red Cross activities. Enrollment means opportunities for youth to serve others locally, nationally and internationally; and develop skills, leadership ability, and civic responsibility. Many of the high school's Red Cross programs are part of regular schoolwork. Most of the programs and activities are carried forward entirely under county chapter supervision. Money contributed in enrollment goes to support programs, local, national and international, arising in turn from the idea held by the founder of the world Red Cross movement, Henri Dunant, that "all men are brothers."

Student Teacher From West Texas Teaching At High School

Ted Swindle is student teaching English IV under Mrs. Eugene Brink. He is a senior at WTSU, majoring in English education. One of the requirements for graduation is to take a course which is entitled, "Student Teaching," giving the future teacher practical experience as a teacher. At the present time Swindle is observing the classes and getting to know their views, ideas, and impressions on various subjects. After the holidays he plans to start a unit on poetry. He is considering having some of his students to write poetry of their own. "The most important decision I made was my decision to become a teacher. I enjoy teaching literature and poetry best and enjoy the class discussion," stated the new student teacher. He believes his understanding of the subject will make him a better teacher. Swindle and his wife, Marilyn, moved here after returning from West Berlin where he was stationed for two years. He stated,

"The time I spent here was the most tension filled time of my life. It is a city of great contrast, with modern aspects on one hand and remnants of the war on the other. You can go from the wall to a street 20 blocks away - it is very modern and much like New York City." Swindle enjoys reading and writing poetry. THE SHIP Like a ship to its harbor Comes my mind to its rest, Floating on waves of minutes And lying in an ocean of time. Filled with its cargo of thoughts Swelled with water-soaked ribs Which cage the depths of its hold, Rocking with each ticking second, And retching with an ebb and flow Of time tugged at by the moon, My acorn-sized dinghy mind Tosses and turns all day and night. After graduation he hopes to be able to teach at HHS. His wife teaches the third grade at Central Elementary.

STUDENT TEACHER — Ted Swindle is student teaching at Hereford High School this year. He is a senior at West Texas State University and plans to graduate in the Spring. (Brand Staff Photo)

Speedy...

(Continued from page 1)

line where Gene Drummond burst over for the touchdown. The conversion attempt failed.

Neither team managed to get a sustained drive going and the half ended with the score remaining 14-6.

Dumas came out the second half raring to go. Early in the third quarter Dumas marched the pigskin to the Hereford 11 where Heatherington tossed a pass to Burgess to add another touchdown. Burgess added another conversion point. Burgess booted six straight extra points for Dumas.

Dumas took control of the ball again but this time with their backs to the goal line. The Demons were unable to move and on the fourth down the Dumas center fired the ball clear over the punter's head and out of the end zone. This resulted in an automatic two point safety for Hereford. To add insult to the injury Dumas had to kick to the Whitefaces.

Dumas caught Hereford sleeping as they covered the kickoff after the safety and drove quickly to the one yard line where Heatherington carried over for the touchdown.

Hereford still couldn't move the ball and Dumas took the punt on their own 35 yard line and promptly moved to the 4 yard line where Ronald Robbins carried over for the fifth Demon touchdown. Burgess added the extra point and the scoreboard read Dumas 35 and Hereford 8.

The Herd was finally able to move in the fourth as Frank Cain tossed a long, high pass right on the money to Lynn Cook, who gathered it in. This was a 57 yard scoring pass and one of the highlights of the game. Cain followed up with a two point conversion pass to Roger Owen.

Dumas took the kickoff and marched to the Hereford 24 yard line where halfback Ronald Robbins promptly covered the remaining yardage on a sweep around left end. This was the final touchdown of the evening.

Dumas had 18 first downs to Hereford's 12. The Demons gained 313 yards rushing compared with Hereford's 136. Hereford gained 159 yards passing to Dumas' 107 yards.

Gene Drummond gained 43 yards rushing. Wynn Buck had 42 yards and Steve Hodges added 28 yards.

Steve Hodges intercepted one pass and quarterback Frank Cain completed 9 out of 21 passes and tossed one touchdown pass.

Greg Richards had a total of 18 tackles. Mike Moore had 14, Dick Lookingbill 12, Terry Hill 11, and George Muse 10 tackles. Gene Drummond and Steve

'Surf Stompers' Organized By HHS Musicians

Members of a new stepped up pop band grace the halls of HHS. The "Surf Stompers", led by Charles Dones, are Donnie Huckert, Lonnie Coker, and Steve Thornton. They play the electric guitar, electric piano, drums, and trumpet.

"We just started out for kicks, but we hope that someday we will really be a good band," said Dones.

Their usual attire is pin striped shirts, dress slacks, and white or black ties. They toured California this summer with a touring choir, playing about ten times for socials and teen gatherings. They have played once at Raney's.

Most of the songs they play are jazz instrumentals. They play many songs by the Ventures, and have made up three of their own. The leader, Charles Dones, states that the group would like to get a faster tempo of music started in this area.

The "Stompers" officially became a band about a year ago, but have been playing instruments since they were in the 7th grade. All four of the boys have known each other since preschool age, and are good friends.

Beat...

(Continued from page 1) as 6. The kick is up — and it's good! The Whitefaces lead the mighty Demons 7-6 as the first half ends. Those boys fought with everything they had — plus the backing of the students and fans — and proved too much for the Demons.

We're in the third period of play here and Dumas has scored once with about 6 minutes left in the third quarter. The Whitefaces won't give up. They haven't let up a bit and the support grows stronger from the Whiteface students. Those boys are fighting their heart out and seem to want this game real bad. The ball is on the 50 yard line but Hereford is going to have to punt. So Dumas takes over as the third period of play ends.

Dumas is unable to move the ball as the Whiteface defense stops them cold. It is amazing what support like Hereford has can do for a team. These boys are not going to give up. They came to win and they are putting up a great fight.

Now, in the final seconds of the game, Hereford has the ball. The fans are on their feet. These never-say-die boys are fighting their hearts out to bring back a victory and beat "Big Dumas". The Whitefaces are moving the ball steadily down the field. It seems as if the student section

and support of the Whiteface fans are about 75 percent for the boys right now.

The team is on the ten yard line now with 23 seconds left to play. Now, they are at the third and the clock is running with 14-13-12 seconds left. Here come the boys out of the huddle and this will be the final play.

After continuing news bulletins, a snake dance moved from outside the building into the heavily decorated gymnasium. Student council vice-president, John Perrin, picked up each class section

Thanksgiving

DAY OF THANKS — Thanksgiving today, as in the days of the Pilgrim fathers, is a day for the family to gather and worship and to give thanks for the bountiful harvest of blessings each has received. In the prayers we give this day, we could well add the words of the 16th century English poet, George Herbert, who wrote: "Oh, Thou who has given us so much, mercifully grant us one thing more — a grateful heart." (Drawn for Associated Press by Woodi Ishmael)

1621 - 1964

Many changes have been made since that first Thanksgiving 343 years ago . . .

BUT . . .

One thing will always be the same . . .

That feeling of Thankfulness for all that we have.

That 'Wild' Meat Can Make Good Eating If It's Properly Cooked

Many homemakers will soon have game meat available with which to prepare delicious and palatable meals if proper care and cooking are exercised, says Home Demonstration Agent Argen Draper. Game meat adds variety to meals and is high in nutritive value, report foods and nutrition specialists for the Texas Agricultural Extension Service. It is an excellent source of high-quality proteins, fats, minerals, iron, copper and phosphorus and the B vitamins, thiamin, niacin and riboflavin, says Mrs. Draper. Fresh and properly handled game meat can be tender and palatable when cooked by dry or moist heat. The method of cooking is determined by the quality and tenderness of the

carcass. Young and tender game is best cooked by dry heat such as roasting, broiling, pan-broiling and frying, say the specialists. Dry heat preserves flavor and insures tenderness. Basting with additional fat may be necessary if the meat is lean. Old and less tender game, on the other hand, is best prepared by moist heat such as braising, stewing and simmering. Swiss steaks and pot roasts should be braised, and a small amount of liquid should be added to meat cooked in a covered container. Stews, fricassees and boiled game should be prepared by simmering in hot liquid partially or completely covering the meat. With moisture, the high temperatures necessary to soften connective tissues can be obtained. Parboiling strong game will reduce any objectionable flavor, point out the specialists. This will produce a mild gamey flavor; however, some soluble nutrients from well-conditioned carcasses will be removed. However, the strong, gamey flavor that some people find objectionable is concentrated in the animal fat. To reduce this flavor, the fat must be removed in more mature, highly fattened carcasses. Many people prefer to marinate meat from more mature animals to reduce gamey flavor and made the meat more tender, report the specialists. A marinade is made by combining one-fourth part vinegar, three-fourths part water, sugar and seasoning. Meat should be placed in the solution and refrigerated for 72 hours or longer. Various methods of preparing and cooking big and small game and game birds, as well as num-

Gray Ladies Plan Yule Projects

Visits to the elderly and shut-ins were among the activities discussed at the Gray Lady coffee Nov. 17. Members also made hospital visits and served meals for those who had lost loved ones. Each member is to make plans for a personal project between now and Christmas according to the secretary, Mrs. Ray Carlile. Hostesses for this meeting were Mrs. John Drake and Mrs. T. B. Thomas with eight members present. Members will each bring a gift for a shut-in and the name and address of a needy person. Various game dinner menus, are found in the Extension bulletin, "Wild Game Care and Cooking," available at your county Extension office.

Card Of Thanks

We wish to thank the nurses at the hospital, Dr. Hicks and Mrs. Judy Rocky and friends and neighbors who sent sympathy cards, food and flowers in the event of the death of our Father and Husband.

(Continued from page 1) state Thanksgiving Day in 1830, the other northern states followed its example. The first Southern state to proclaim a Thanksgiving Day was Virginia in 1855. In 1863 and 1864, President Lincoln proclaimed the last Thursday in November "as a day of thanksgiving and praise to our beneficent Father." The day Lincoln designated soon came to be a tradition, and for 75 years afterwards, the Presidents of the United States followed his example. In 1939, Franklin Roosevelt scheduled the date one week earlier, in order to make the shopping period between Thanksgiving and Christmas longer. Some governors refused to follow his example, and their states celebrated Thanksgiving on the traditional date. Congress finally ruled that after 1941, the fourth Thursday of November would be observed as Thanksgiving Day and would be a legal holiday.

(Continued from Page 1) students. The purpose of this program is to encourage high school boys and girls to become better students, and to recognize those that are outstanding. The student must qualify in leadership as well as scholarship. He must also be friendly and likeable. Joe is an active member of Key Club. His favorite pastime is basketball, in which he has participated at school for three years. He will be a starter in the Hereford-Dimmitt game, the first of the season. He was also in Student Council last year. After school and during spare time, Joe works at the Hill Texaco service station. Having been a student in Hereford schools since the first grade, Joe comments, "This is my best year in high school, HHS has a fine administration and student body." Joe plans to continue his education at Southwestern University in Weatherford, Okla. He wants to be a pharmacist.

Le Afflatus Club Sets Yule Event

Christmas dinner plans in honor of husbands were made at the La Afflatus Estudio Club meeting Nov. 17. The club met in the home of Mrs. C. E. Beauford who was hostess for this meeting. The dinner will be in

the home of Mrs. A. H. Cook Dec. 5. Red China, communism and religion, long week ends, and a comparison of Russian and U.S. living expenses were subjects for the round table discussion. Lake Superior is the world's largest freshwater lake.

Happy Thanksgiving

We are thankful for our many opportunities as Americans... we are thankful for our many friends and customers who have made this a most pleasant year for the folks at the First National Bank.

REP. ROGERS WRITES

Panhandle's Biggest Battle Fought 100 Years Ago Today

Most of us will celebrate Thanksgiving Day as the traditional American family holiday, giving thanks for the blessings that have come to us and our loved ones. President Johnson, in his Thanksgiving proclamation, asked that all Americans gather in homes and places of worship to "give thanks to God for His graciousness and His generosity to us, and to pray to Him that the forces of evil, violence, indifference, intolerance and inhumanity may vanish from the face of the earth and that peace, reason, understanding and goodwill may reign supreme throughout the world."

Thanksgiving is a day of peace, of rest. Because of that, it is interesting to note that Thanksgiving Day 100 years ago marked the end of the most ferocious military engagement ever fought in the Texas Panhandle — the so-

called "First Battle of Adobe Walls."

It was on Nov. 24, 1864, that scouts ranging ahead of Colonel Kit Carson's force of 400 U. S. soldiers and friendly Indians discovered 4,000 to 5,000 hostile Kiowas and Comanches camped along the Canadian River in what is now Hutchinson County. This day was the second of the nationally established Thanksgiving Days as designated by President Lincoln's proclamation, but accounts of the battle indicate that no one in Carson's command was giving a thought to the occasion.

The purpose of Carson's campaign was to punish the Kiowas and Comanches for a series of summer and fall attacks along the lightly guarded Santa Fe trail. Colonel Carson had led his force from Fort Union, N. M., whose remains are today preserved as a National Monument north of Las Vegas, into the Texas Panhandle to attack the Indians in their winter encampment. After scouts found the hostile villages late on November 24th, the soldiers attacked at dawn the next day, driving the enemy from one village of some 170 tipis and moving swiftly eastward down the north bank of the river toward other villages sighted by the soldiers.

At the remains of an abandoned adobe trading post—the old adobe fort which gave the location its name — Kit Carson ordered a halt and corralled the

horses inside the crumbling wall. It was well that he exercised such prudence for soon his command was surrounded by more than 3,000 Indian warriors who repeatedly charged the ring of troopers. The battle raged through the day and finally Carson was forced to order a withdrawal back through the destroyed Kiowa village and to the safety of the hills beyond.

Military men who studied the battle believe the U. S. soldiers might have been annihilated, as Custer's command was to be wiped out 12 years later and 1,000 miles to the north, had not Colonel Carson bolstered his cavalry and infantry with two mountain howitzers.

The cannon kept the attacking Indians from concentrating their attacks and then provided the necessary support for the retreat Carson ordered late in the day.

It is believed that the battle in the Panhandle that November day 100 years ago was the largest pitched battle, from the standpoint of the number of men engaged, ever fought between soldiers and Indians west of the Mississippi. Now, visitors occasionally drive to the Turkey Track Ranch to visit the monuments commemorating the Adobe Walls battle fought in 1874, when Billy Dixon and a band of Buffalo hunters fought off another force of hostile Indians, not realizing that another stirring chapter of our Panhandle story

THAT ALL-IMPORTANT BIRD — Except for a faint outline, pupils in Mills Hagler's room at Central "free-handed" the Thanksgiving turkey such as this one by Becky Rodriguez, 7. Like the pictures on Page 1, colors were as vivid as a child's imagination could make them. The tail of this bird, for instance, is as colorful as a peacock's, running to red, blue, purple, gold, green and brown.

was written ten years earlier, about a mile and a half away, at Thanksgiving time. WALTER ROGERS MEMBER OF CONGRESS 18TH DISTRICT OF TEXAS

Dumas Is Host To District WSCS Conclave

Inspirational speaker at the Amarillo District Woman's Society of Christian Service in Dumas last Thursday was Mrs. Asa Willis of Texline. Mrs. Willis recently toured Africa, and her talk was "The Africa I Saw". Both First Methodist and Wesley Methodist churches of Hereford were well represented at the meeting.

Twenty-four churches of the Amarillo district were represented and 150 persons registered. Mrs. Grant Hanna, district president, Hereford, also noted that ten ministers were present.

The Rev. Clifford Trotter of First Church in Dumas brought the morning meditation followed by a special musical solo, "Spirit of God", by Mrs. Tom Lee.

District officers and secretaries offered emphasis of the program of the year. Following a luncheon, prayer was offered by Dr. Vernon Henderson, district superintendent. Meditation was delivered by Miss Naomi Hare, Hereford, who is a missionary and home on leave from Mexico.

"Bless Be the Tie That Binds" was the closing hymn.

Yellowstone Park is the world's first national park.

Cats came to America on the Mayflower.

WSCS Program Based On Fruit Of Spirit Theme

"Fruits of the Spirit" based on scripture found in Galatians was the program theme for the Woman's Society of Christian Service, First Methodist Church, Nov. 18. This also was their day of prayer and self denial.

Mrs. Raymond Higginbotham presented thoughts and scripture on joy. Members present wrote two lippenies on peace and patience. Mrs. Arthur Hare presented in song and thoughts ideas of God's kindness and sang "God Placed a Rainbow in the Sky". She was accompanied by Mrs. John Jacobsen.

Faithfulness, another fruit of spirit, was given by Mrs. Nora Gillis. The attribute of gentleness was given in poem by Mrs. Pete Caviness. Ways to exhibit self control or temperance were extolled in a choral reading.

Mrs. Claude McDougal coordinated in summary the theme of ideas to increase her prayer power. Mrs. Gene Cope, spiritual life chairman, was co-ordinator and narrator for the day.

WSCS of the First Methodist Church sponsored the day of prayer. Offering for the day supports the mission program. A token lunch of coffee and rolls was served.

BIGGER THAN MAMA SHELDON, Kan. — Mrs. LaVerne Schriock knew her cat was a good provider for each liter, of kittens but mama cat the latest offspring.

After bringing in numerous mice and rats for her kittens, the big cat dragged home a full grown o'possum. Instead of being happy with the bountiful fare, Mrs. Schriock said, the kittens were only confused.

USDA Lists 8 Plentiful Items For Yule Tables

Holiday tables will reflect the abundance of food so obvious this Christmas month, says Argen Draper, County Home Demonstration Agent.

Eight items are especially plentiful. They make up the U. S. Department of Agriculture's December list of plentiful foods, reports the Texas Agricultural Extension Service.

Turkeys and peanuts, including peanut products like peanut butter, head the list. Also designated plentiful by USDA's Agricultural Marketing Service, this month, are apples, red tart cherries, cranberries, canned ripe olives, broiler-fryers and beef.

Turkey marketings are expected to run about 6 percent

larger than last year. In early November, farm prices were running 1 1/2 to 3 1/4 cents a lb. lower than a year earlier. Marketings of beef and broiler-fryers will continue large, to provide a wide choice of meat entrees.

With current peanut crop estimates at 2.1 billion pounds, it looks like an abundance of these munching favorites. That estimate is 6 percent larger than in 1963 and 25 percent above

average. Apples will continue plentiful as the harvest is estimated at 141 million bushels, the most since 1937.

Unusually large packs of frozen and canned tart cherries indicate a big supply of this popular holiday fruit. Colorful cranberries and canned ripe olives, always popular festive delicacies also will enhance the Christmas season if served often and generously.

NEWEST CHURCH — Fellowship Baptist Church, Hereford's newest church, moved into its new building at Mormon and Greenwood last Sunday. The new structure, equipped with gold carpets and gold drapes, was started nine months ago with six members. It now has 82 members. (Brand Staff Photo)

Church Opens New Building, Revival Services Planned

Hereford's newest church, Fellowship Baptist Church at Mormon and Greenwood, opened last Sunday for the first services, and next Monday the new church will start a revival series, the

pastor, the Rev. Kenneth Irwin, announced Wednesday.

Minister for the series will be the Rev. Cecil McLeod, pastor of Central Baptist Church, Houston. The new structure is a brick building with gold carpet, gold drapes and blonde furniture. The Baptist picture was painted by Mrs. Billy Hutson. Mr. Irwin says the property is worth \$45,000, on which the church owes \$17,000.

Fellowship Baptist Church, an independent congregation, started nine months ago with nine members and has been holding services in the IOOF hall until last Sunday. From its six-member start, the church has grown to a membership of 82, and had called Mr. Irwin as full-time pastor.

Previously he had been preaching for the church and holding down a construction job as well. He came here from Beaver, Okla., and is a native of Lawton, Okla.

Organist for the church is the pastor's daughter, and Mrs. Irwin is the pianist. Song leader is Vernon Collins, and soloists include Jackie Henderson, Mrs. Hendrickson, Jo Ann Irwin, Troy Jobe, Mrs. Lloyd Brooks and Collins.

The church's weekly schedule includes church services each Sunday morning and evening and young people's meeting at 6:45 each Sunday.

JUST LIKE SANTA

LOUISVILLE — One contractor has figured out a way to handle customers who order a fireplace for the home and are slow to pay.

He installs a pane of glass which blocks the flue of the chimney.

When the homeowner complains that the fireplace smokes, the contractor tells him it will work fine when it's paid for. Upon payment, he drops a brick down the chimney, clears away the broken glass, and everyone's happy.

Viet Nam Study Marks El Llano Club's Program

"Viet Nam, meaning Bay and the South" was the subject discussed by the guest speaker, Mrs. A. L. Manjeot, for the El Llano Study Club Nov. 23 at the home of Mrs. Keadall Williams. Mrs. Manjeot described the location with use of a map and informed the group of the communist line. She discussed the religion and history of Viet Nam.

Plans for the Christmas party with the exchange of gifts were made for Dec. 14 at the home of Mrs. G. D. Caison.

Members present were Mrs. Ivan Block, Mrs. Opal Bookout, Mrs. G. D. Caison, Mrs. Pete Caviness, Mrs. Ben Childers, Mrs. John N. Jacobsen, Mrs. Elmer Kimbell, Mrs. Jack Meredith, Mrs. Kendall Williams, Mrs. Bill Michael, Mrs. Boyd Foster, Mrs. Nita Hart, Mrs. L. Ballard, and Mrs. Virginia Winget, the new member. Mrs. Don Paris was a guest of Mrs. Bill Michael.

Committee Delves Into News Coverage; Answer Is Found

In the Sunday Brand for Nov. 22, two of the questions posed at the community forum meeting of Operation P. E. P. held one year ago, were discussed and the action or recommendations relative to those questions reported. A third question, posed by Mrs. Hap Cavness, was "What could be done to acquire a better regional coverage and publicity for Hereford and this area? We have tried to publicize this meeting, and Amarillo has never covered it in the newspaper. We are always covered when the news is unfavorable, violence or something of that nature. I refer to newspaper and radio when I mention regional coverage."

Since that time a visit to the news department of the Amarillo radio and television stations daily by local amateur radio operators.

Amarillo, Lubbock, Dallas and Fort Worth papers have had more than one feature story on the Hereford area. The problem resolved itself to the fact that when the news is reported to the area papers it is printed.

Robert Thompson then said, "Last year we graduated 104 seniors from the Hereford High School. There were 10 or 12 scholarships given by organizations and individuals in the city

of Hereford, but we don't have nearly enough scholarships to go around. We need a larger scholarship program. Last year at graduation time one professional person suggested to Paul Stevens (then Superintendent of Schools) that he might be able to raise a scholarship, and in one afternoon he raised \$150 by seeing a few people. This was given to a young man studying for the ministry.

A committee decided to whom it should be given.

"I would like to see Hereford get behind a worthwhile scholarship program. I know of a businessman who spent in excess of \$500 entertaining seniors at a banquet. If he had spent that money in two or more scholarships it would have been spent to a better advantage. Other organizations are planning to give scholarships," he said.

There is still much to be done in this field. A \$5,000 grant was made by the Jim Hill Estate to the West Texas State University Opportunity Plan. Also the American Legion Auxiliary has made a \$150 scholarship fund grant this past spring to the child of a veteran. It was the opinion of the committee that studied this problem that the idea would be to set up an endowment fund to which anyone could contribute

and the funds be made available on a loan basis for use by the student at the school of his choice. No action has been taken relative to this recommendation as yet.

C. N. McClure said "I would like some ideas concerning the numbering of houses. On Star Street, it is very difficult to look for numbers on houses and watch children at the same time. In the past, numbers have been put on the curb by the Kiwanis Club. If numbers were painted on the curb, we would know when we were in the proper block, and then when strangers come to town the numbers, can easily be found. This could be done by the City once a year, and we would have a standard system of numbering."

McClure's suggestion was discussed with city officials who voiced the opinion that the curb numbering would not be effective because it could not be made to last and that it would often be obscured by grass, snow and mud. Nevertheless, the committee felt that this problem had merit but was a matter for individual home-owner attention. It was pointed out by a post office official that it is required that a house number be posted before home delivery of mail can be made. Many house numbers

have been painted over or have been placed in a position where they cannot readily be seen. Don Newman said "I would like a city ordinance requiring the use of lids on trash cans to eliminate flies and blowing trash."

A committee consisting of Mrs. Irving Alexander, Mrs. Virginia Adams, Mrs. Wes Owen, and Melvin Jayroe recommended the adoption of such an ordinance. In further discussion of related problems the committee urged that interested citizens visit with the City Manager in regard to city employees training on trash handling. Cited were the apparently careless handling of trash barrels by city employees and the spilling of much trash at the time of pick-up. It was also suggested that the City reconsider its policy in regard to city employees replacing lids on the trash barrels because of the problem of their blowing away if left on the ground."

In subsequent discussion with

city officials it was pointed out that lids are available to any citizens desiring them; that it is necessary to leave the lids off the trash barrels after they are emptied so they may dry out and not be a breeding place for flies and mosquitoes, that the lids can be prevented from blowing away or otherwise being lost by simply chaining them to a post. It was further pointed out that much of the litter problems by city employees could be laid to overloading of trash barrels by citizens. Barrels have been found filled with scrap iron, bricks and rocks or heavy sod to where they could not be handled by the crews. Most of the trash problems could be solved by a public education program relating to the problem.

Wayne Lawrence referred to a question discussed earlier when he said, "Concerning the possibility of another swimming pool, I have in mind that this might be included in our school system, and the schools might operate

it. Our school has been using the city pool at the tail-end of the season. I would like to see pool constructed in connection with the schools, where it would be available for school children the year around."

Reference is made to the recommendations of the Recreation Committee on the first article. One corporation-owned pool in a housing development is to cover its pool this winter, and a civic club is working on this project

Comments from the public in the light of recent developments in the community would be welcome at the Chamber of Commerce.

The Indian Ocean lies entirely within tropical or southern zones and is enclosed by a land mass at its northern limit.

Other questions raised at the meeting will be discussed in subsequent articles in this series.

Music Interest Growing

Today's Home Needs A Music-Making Room

By VIVIAN BROWN
AP Newsfeatures Writer

The music room is staging a comeback with a bang, clang and root-a-toot, and this year Mr. Claus will deliver a bumper crop of musical instruments.

In many homes the music room is replacing one family room where everything was supposed to indicate relaxation. When four children are studying different musical instruments, who can relax, asks a parent.

A music room spotted months ago at an interior design show was singled out then for the good taste of decorator Ruth Strauss. But the thought occurred — how many people can afford a music room, even one that occasionally serves another purpose.

That thought has dissolved into the orchestra pit with recent observation that people seem to be gravitating to some personal music accomplishment with tremendous enthusiasm. Attendance at musicals and concerts are up everywhere, and these have stimulated interest for many adults who abandoned musical study in their youth.

For example, you don't realize how many people have organs in their homes until you ask for volunteers to supply one for Christmas carols. Portable organs can give music satisfaction easily to beginners because the mechanism has been simplified so that a student can begin to produce wonderful tonal effect, right away.

Schools encourage musical interest, and young people beg to take lessons, in marked contrast to children of other generations who considered a trip to the music teacher a punishment.

At a recent school music assembly, the zither, drums, guitars and piano were played by small fry who accompanied their classes in ballads and hymns.

The music room suggested by Miss Strauss is 12 by 12, furnished comfortably with upholstered stools, chairs and sofa.

FAMILY HARMONY — Music room, designed by Ruth Strauss, has translucent panel that glows over the spinet organ. (Hammond) Sunburst of wood tone and white flagstone tile was designed by Congoleum.

She solved the problem of light with a translucent panel of cream-color Unex, a plastic, lighted from above and behind to cast its glow over a spinet organ. Cheerful notes are portraits of the family in oval and square frames mounted on the plastic panel backgrounds are dark in contrast to the light behind. One showed mother with a harp, another had daughter in a ballet costume.

The floor was a sunburst design of wood-tone set in a background of white flagstone vinyl

tile, with round peacock blue rug in the center of the floor. The window was handsomely dressed in mustard, woodhue and peacock blue print of easy Kodel, a polyester and cotton print used for cafe curtains and quilted upholstery on sofa. Small upholstered gold stools with metal bases and mustard-hued chairs on casters offered easy movability for playing or listening.

There were bookshelves on one wall for sheet music, albums, a closet for instruments. A sofa that makes into a bed is a good addition for emergencies.

PETE PROGRESS Street Number Plan Confuses Pete Progress

It's been quite some time since Pete was by the office but he stopped by to explain the other day. Said he got quoted in the Brand on most everything he told us and with politics going so hot and heavy the last month just didn't know how he could say anything at all without being accused of favoring one side or the other! Got so bad, he said, that he had to quit drinking orange pop and cut all the Johnson grass out of his garden. Now that's really staying neutral!

And on the subject of elections, Pete had to needle us a little bit about the Chamber of Commerce director election. Pointed out to us that the ballot did not have one word on it to tell the Chamber member to cast his ballot and a good list of candidates but not a word about what they were running for (or from). Said several new members had

PRIZE WINNER AND COOKING DEMONSTRATION — Jean Beene was winner of an electric broom at a cooking demonstration held Saturday at the high school, sponsored by Southwestern Public Service, home demonstration clubs, and 4-H clubs of the county. She is shown being presented the

prize by Melvin Jayroe, local manager of SWPS, and Mrs. Peggy Kimsey, Amarillo, home service advisor for the company. At right, Mrs. Kimsey explains how a cake was made. About 125 attended. (Brand Staff Photo)

La Plata Club Fetes Husbands

Husbands and friends of La Plata Study Club members were honored at the annual Thanksgiving dinner at the First National Bank hospitality room on November 17. Hostesses were Mrs. T. E. Seigler, Mrs. Louis

Woodford, and Mrs. Bill Michael. The long buffet table was laid with white linen and centered with a Thanksgiving turkey. Quartet tables were decorated with miniature cornucopias resting on golden doilies.

Attending were Mr. and Mrs. M. C. Adams, Mr. and Mrs. Jay Boston, Mrs. Jack Brown, Mrs. Eugene Campbell, Mrs. Emil Dettman, Mr. and Mrs. Jerry Schugart, Mr. and Mrs. Ansel McDowell, Mr. and Mrs. Bill

Michael, Mr. and Mrs. Lloyd McGee, Mr. and Mrs. Elmer Patterson, Mr. and Mrs. Frank Prowell, Mr. and Mrs. A. J. Schroeter, Mr. and Mrs. T. E. Seigler Jr., Mrs. Phillip Shook, Mr. and Mrs. Joe Smith, Mr. and Mrs. Uplin Streu, Mr. and Mrs. Raymond White, Mr. and Mrs. Louis Woodford, Mr. and Mrs. Clint Formby, Mrs. Rossie Simpson, Mrs. Roy Harris, and Mr. and Mrs. Dennie Richardson.

to make Christmas bows for their holiday gift wrapping.

Meeting was held at St. Anthony's School. Next event of the club will be a Christmas party for husbands and wives. Mrs. Alice Koenig was a guest.

Members present were Mrs. Marilyn Kahlich, Mrs. Mildred Zinser, Mrs. Delores Foster, Mrs. Ann Meyer, Mrs. Mary Schlabs, Mrs. Oleta Diller, Mrs. Jo Ann Jesko, Mrs. Lana Downing, Mrs. Elaine Clarke, Mrs. Alice Hund, Mrs. Leona Fangman, Mrs. Mary Ann Walterscheid, Mrs. Regina Warren, Mrs. Opal Walterscheid, Mrs. Gwen Hacker, Mrs. Loreta Urbanczyk, Mrs. Clara Reinart, Mrs. Shirley Fangman, Mrs. Nancy Paetzold, Mrs. Annette Albracht, Mrs. Carolyn Evers, Mrs. Margaret Frank and Mrs. Carol Gerke.

COMING DEC. 3

Hereford, Texas

you could locate a newcomer by just telling a native that he lived next to or across from old Joe Jones and everyone knew where that was; but our city is getting so big and we have so many newcomers that not many people know where the Joe Jones live any more.

Pete then went to a city map and pointed out some of the problem areas where visitors become confused. On Grand Avenue house numbers 1101, 1105, 1104 and 1106 are in the 1,000 block and all houses in the 1100 block have 1200 numbers. The home owners in the new Denton Park addition had a problem, too. Since that whole addition is north of 15th street the first idea was to give numbers beginning with 1500 but the block just south of Irving has houses numbered 900. And to add further to the confusion houses on the west side of K just opposite Aikman School are numbers in the 500's. In fact Ave. K is a major source of amusement and confusion for the address hunter with houses on one side numbered in the 800's and on the opposite side in the 400's. This came about because of the long blocks west and the standard blocks east.

And the west side has its problems also. Numbers do not agree on Plains between the north and south side of the street nor does Plains agree with the comparable blocks on Park. Numbers on Western and Sunset are not comparable with streets west of that area. Westhaven numbers are not consistent with numbers on Plains or Harrison highway. One of the most confusing

problems is that of two 400 blocks on Avenue H.

Pete hurried to point out that it is easy to point out the problems but the solutions are not so easy as they might appear. Numbers, once issued, appear on deeds and mortgages, in city and telephone directories, residents have stationary printed with their address and changing addresses on magazine subscriptions is a major chore in itself. Tax rolls, too, would all need to be changed.

Pete argued that changes should not be made just for the thorough study should be made just to include a plan for future house numbering, that the study should recommend a system that would make numbers in comparable blocks consistent, that consideration should be given to redesignating 13th, 14th, and 15th since the numbers have no significance, and that the changes should consider affecting the fewest number of residences.

There are some real ideas for thought here, we agreed with Pete, and the Chamber would welcome the views of anyone having an interest in this problem.

Suzanne Langley In Europe — Part X

Suzanne Sees Tannhauser, In German -- And Loves It!

By Suzanne Langley

VIENNA—Oct. 30. I could hardly wait to write to you. So much has been happening that there just hasn't been time. It's been an exciting week! Thanks so much for all your letters!

Well, I guess the last thing I told you about was the debate on Johnson-Goldwater Thursday night. It was good—naturally more Johnsonites, but I just don't have time to write any details. On Saturday night I went to see "The Fall of the Roman Empire"—in German, of course. It was a pretty good movie, and this (we've been told) is always

good practice for our German. I understood quite a bit of it. Sunday Britta and I went to Church at the Methodist Church again, ate dinner, and then at 3 I went by myself to stand in line for the opera. If you get in line about this time, you can get standing room tickets for 7 schillings (28 cents)! So this is what I did, and saw "Tannhauser"! This opera was so fabulous that I just couldn't begin to tell you! I guess one reason I enjoyed it so much is because I'm familiar with the music and love it so much. You know our Wagner record with Tannhauser on it is one of my favorites and I guess I played it at home more than just about any of my records. Anyway, to hear this beautiful, beautiful music by such a marvelous orchestra was so wonderful that I'm just at a loss for words! How could I be so lucky!

If you could only see this beautiful Opera House. And the staging and just the whole production of Tannhauser was terrific! If you can realize, I stood from 3:00 til 11:00 in heels no less — not sitting down any and didn't even feel tired at all! The time

flew! I also bought a libretto to follow the opera with so I ended up spending 60 cents for the whole evening. This is half as much as a plain movie costs here. Isn't this amazing? I just can hardly comprehend hearing such fine music, some of the very best in the world! You can't imagine how grateful I am to be able to do this!

Oh, about going by myself. I've decided (I may have told you, but I'm more convinced every day) that doing things on my own many times is so much better for many reasons. In the first place, I can do more exactly what I want to do. Also, it's the best way to meet and talk to people. When I'm with others, many times I tend to let them do most of the talking. I get more German practice by myself — plus getting to know more people.

are times when a group is best and I'm around all the kids plenty day in and day out — eating together and having all our classes together. Anyway, I just don't want you to worry about me going places by myself. It is safe—I know where I should and shouldn't go alone. I'm really lucky to live here in the 1st District where all the main entertainment, etc., is, because there are always many people in the streets. Now if I lived way out, in some deserted section, it might not be so easy. Am I ever lucky!

Then Tuesday night I went to a very good lecture on Baroque. Since Vienna has so much Baroque architecture, the IES arranged a special lecture for us. It was very interesting.

Wednesday night I went to an Austro-America Halloween party. It was given by the Austro-American Club, which has regular activities such as this. It was a real nice party — lots of people — lots of fun!

At this party I met and talked with a young man who is an architecture student at the University. He isn't exactly an Austrian; he's from South Tyrol, which Italy and Austria are fighting over, you know. He very proudly says that he's an Italian. He was very interesting to talk to. It amazed me how much he knew about the U. S., even Texas history. And living where he does he's an ardent skier and mountain climber.

Then Thursday afternoon I have no classes after 3 p.m. so I had called Mrs. Esslinger to

see if I could come visit her. (Mrs. Esslinger is the mother of the private tutor I had last semester at Tech for my German.) I didn't have any idea what she would be like, but I went right on over to her house (apartment) not knowing what to expect. I was very pleasantly surprised. Mrs. Esslinger lives in the very nicest apartment that I've ever been in here and she is very young acting (I expected a much older woman

as she's a grandmother) and very gracious, intelligent woman. Her very young nephew was there who is a professor here in Vienna. They both speak very good English and are very well educated and refined people, but we spoke German. And you know her daughter (my teacher at Tech) taught with the IES so they're familiar with the program and people like this are so much help for someone learning like me, because they were

patient and speaking all the time in English like so many people want to do. Anyway I had a very enjoyable conversation with them and we were served coffee very nicely — complete silver service and all. Oh, Mother, I keep forgetting to tell you, they have the best coffee here in Vienna! Strong and very good, but pretty expensive. Anyway, I think of you often when I drink it and wish you could be drinking it with

me as I know you'd love it! We just talked about everything. Mrs. Esslinger, her nephew, Peter, and I. I feel like they are good friends already. (Continued on Page 4)

THANKSGIVING 1964

A time to pause...and say

THANK YOU

Our Pilgrim Forefathers conceived Thanksgiving as a day to stop and take stock of all the good things in life. They had, as we do today, a constant threat of upheaval. They too were beset by problems—economic, political—big and small—but they found time, once each year, to thank God and thank each other for all the good things they enjoyed. We, at Hays Implement, are thankful for the city, the state, and the nation in which we are privileged to live.

We are thankful, for the opportunity we have of being a part of a thriving community and for you, our friends and customers, whom we are privileged to serve. We pledge our continued efforts to be worthy of your patronage.

Hays Implement Co.

Hereford

'What Other Nations Think of The U.S.' Is Bay View Club's Program

"What Other Nations Think of the U. S." was Mrs. R. B. Miller's program for Bay View Study club at their Thursday meeting in the home of Mrs. W. J. Gilliland.

Mrs. Miller used an article from U. S. News and World Report, which was in question and answer form. Summing up the answers, Mrs. Miller found them mostly favorable.

She said that most have great admiration for the U. S. They like her generosity and hospitality. The U. S. way of life has been copied in many ways, Mrs. Miller said. "Live like an American," was a slogan in a store in one country. Through the eyes of many people, she reported that they find much that is right.

Mrs. Gilliland presided over a lengthy business meeting.

A refreshment plate was served to members present: Mrs. W. S. Kerr, Mrs. Jimmie Gillentine, Mrs. R. B. Miller, Mrs. D. H. Alexander, Mrs. Howard

Joe Story Family Gather For Dinner

An early Thanksgiving dinner and a family gathering for the Joe Story family took place Sunday in the home of their daughter, Mrs. Roy Mustian, Lubbock.

Those present were Mr. and Mrs. Ron Downing and son, Ken Story Downing, Abilene; Dan McDowell, Lubbock; Jan Story, West Texas University, Canyon; Mr. and Mrs. Joe Story and Gary Story, Hereford.

Next meeting of the club will be the Christmas party, planned for Dec. 3. Place will be announced at a later date.

Sorority Plans Cookbook Sales, Christmas Balls

Xi Epsilon Alpha Chapter X-1729 held their meeting Nov. 17 at 8 p.m. at the Community Center. Mrs. Harold Beauchamp, president, presiding. Cookbooks are now on sale and anyone interested in purchasing one may call any member of the sorority. Christmas balls are being made by members and will be on sale at the local grocery stores soon.

Mrs. Charlie Bell, program chairman, introduced the first program, "We Live in Moments" presented by Mrs. Irving Alexander. We touch, feel and see; how many times do we look at a beautiful sunset, and all the beautiful sights around us. We all take these for granted. Mrs. Alexander reviewed the book, "I Dwell in Possibility" by Sylvia McCracken. What would you do differently than you are doing now? Have you ever made a wish? So many times there is a reason a wish is not granted because we would be unable to fulfill it. I am living right; now to be alive is wonderful. I want to be able to express my responses in it. I want to understand life enough to love it. I am living right now. . . today. To be alive is wonderful. I want to be totally and completely aware of my living.

"We Exchange Time for Experience," the second program, was presented by Mrs. Clyde Russell. We are all born with

BAZAAR SCENES — Women of St. Thomas' Episcopal Church staged their annual Christmas bazaar Saturday. Shown in the top picture are dolls, aprons, and card holders especially for Christmas, along with numerous miscellaneous items. Bottom shows the many "goodies" that were on sale for the holiday season. Joel Treadwell, vicar of the church, reported a turnout of more than a hundred for the fund-raising event. (Brand Staff Photo)

no experience. We all have time to have many experiences if we would only use our time to the greatest advantage. None of us know how much time we have. We cannot use time in advance nor can we exchange time. We all need to gain an extra experience every hour. We can all use it the way we want. None of us are perfect but can improve with experience. We've all heard someone say, "I don't have time". Stop and think. We all have 24 hours in a day. If we do not use it and manage it right we are probably missing a new experience that we could have enjoyed. We have happy, sad, good and bad experiences. We would lose our zest if we did not have these experiences. Anything I can do or experience today, I must do, for I pass this way but once. With more free time on our hands we need to use it to the best of our ability.

Present at the meeting were Mrs. Irving Alexander, Mrs. Delbert Bainum, Mrs. Don Baugous, Mrs. Harold Beauchamp, Mrs. Charlie Bell, Mrs. Cleis Corlis, Mrs. Doc Carter, Mrs. R. J. Cramer, Mrs. Howard Gore, Mrs. Nolan Grady, Mrs. Bob Huddleston, Mrs. Bill Kendall, Mrs. Chuck Laing, Mrs. Hicks Roberson, Mrs. Clyde Russell, Mrs. John Schneider, Mrs. Max Stipe, Mrs. Larry Summers, and Mrs. C. C. Williams.

Hostesses were Mrs. Delbert Bainum and Mrs. Larry Summers.

Sandi Says...

By Sandi Thomas

Well, how many of you ended up grounded over the Thanksgiving holidays as a result of those condemnation papers called report cards? We might as well face it—they're necessary for the betterment of all (who said?) Anyway, we've got to have them and a few of us have to sit home with the folks at night (say for about six weeks), but those are the breaks of being in the business!

I'd like to apologize for the absence of my last two columns. You see, it happened like this: I was on my way to school one morning when. . . Oh, well, I just didn't get them turned in. So, if some of the news is a little bit old—it may be history by now—you can blame it all on a little green man with purple shoes.

When will this IHES band give up? They seem to have a knack for raking up "Ones." The band at Clovis, N. M., asked them over for a contest on Saturday, Nov. 14; Guess who made the only "One" in Class AA? You're right—Hereford did (after holding the contest up for about ten minutes, too)!!

It's a wonder the band kids could do this because they spent (Continued on page 5)

Suzanne...

(Continued from page 3)

Peter said that maybe we could go someplace together sometime (a foursome, he and his fiancée and I and someone else) and Mrs. Esslinger said to call her whenever I could take off from classes, just to give her 2 or 3 days notice and she would have

her grandchildren up for the afternoon. They live close by. I told her I missed never seeing any kids and I really do! I never am around any and I sure miss it.

Lots of likes in our group have been going skiing. I wanted to go somewhere, but decided against it because, first of all the

Suchomels invited me to dinner Saturday night and I hated to turn down that invitation. Then, too, its pretty expensive for a three-day week-end and I'll get to travel so much Christmas, and in February and Easter that its really kind of silly to leave Vienna at every chance. There is so much to see and do

here that it will practically take a year to see it all!

Well, it doesn't seem like I've said much for all my writing, but it's just impossible to ever say all I want to. I'll just have to try to remember everything and save it! Write when you can!

Have you priced a tiger lately?

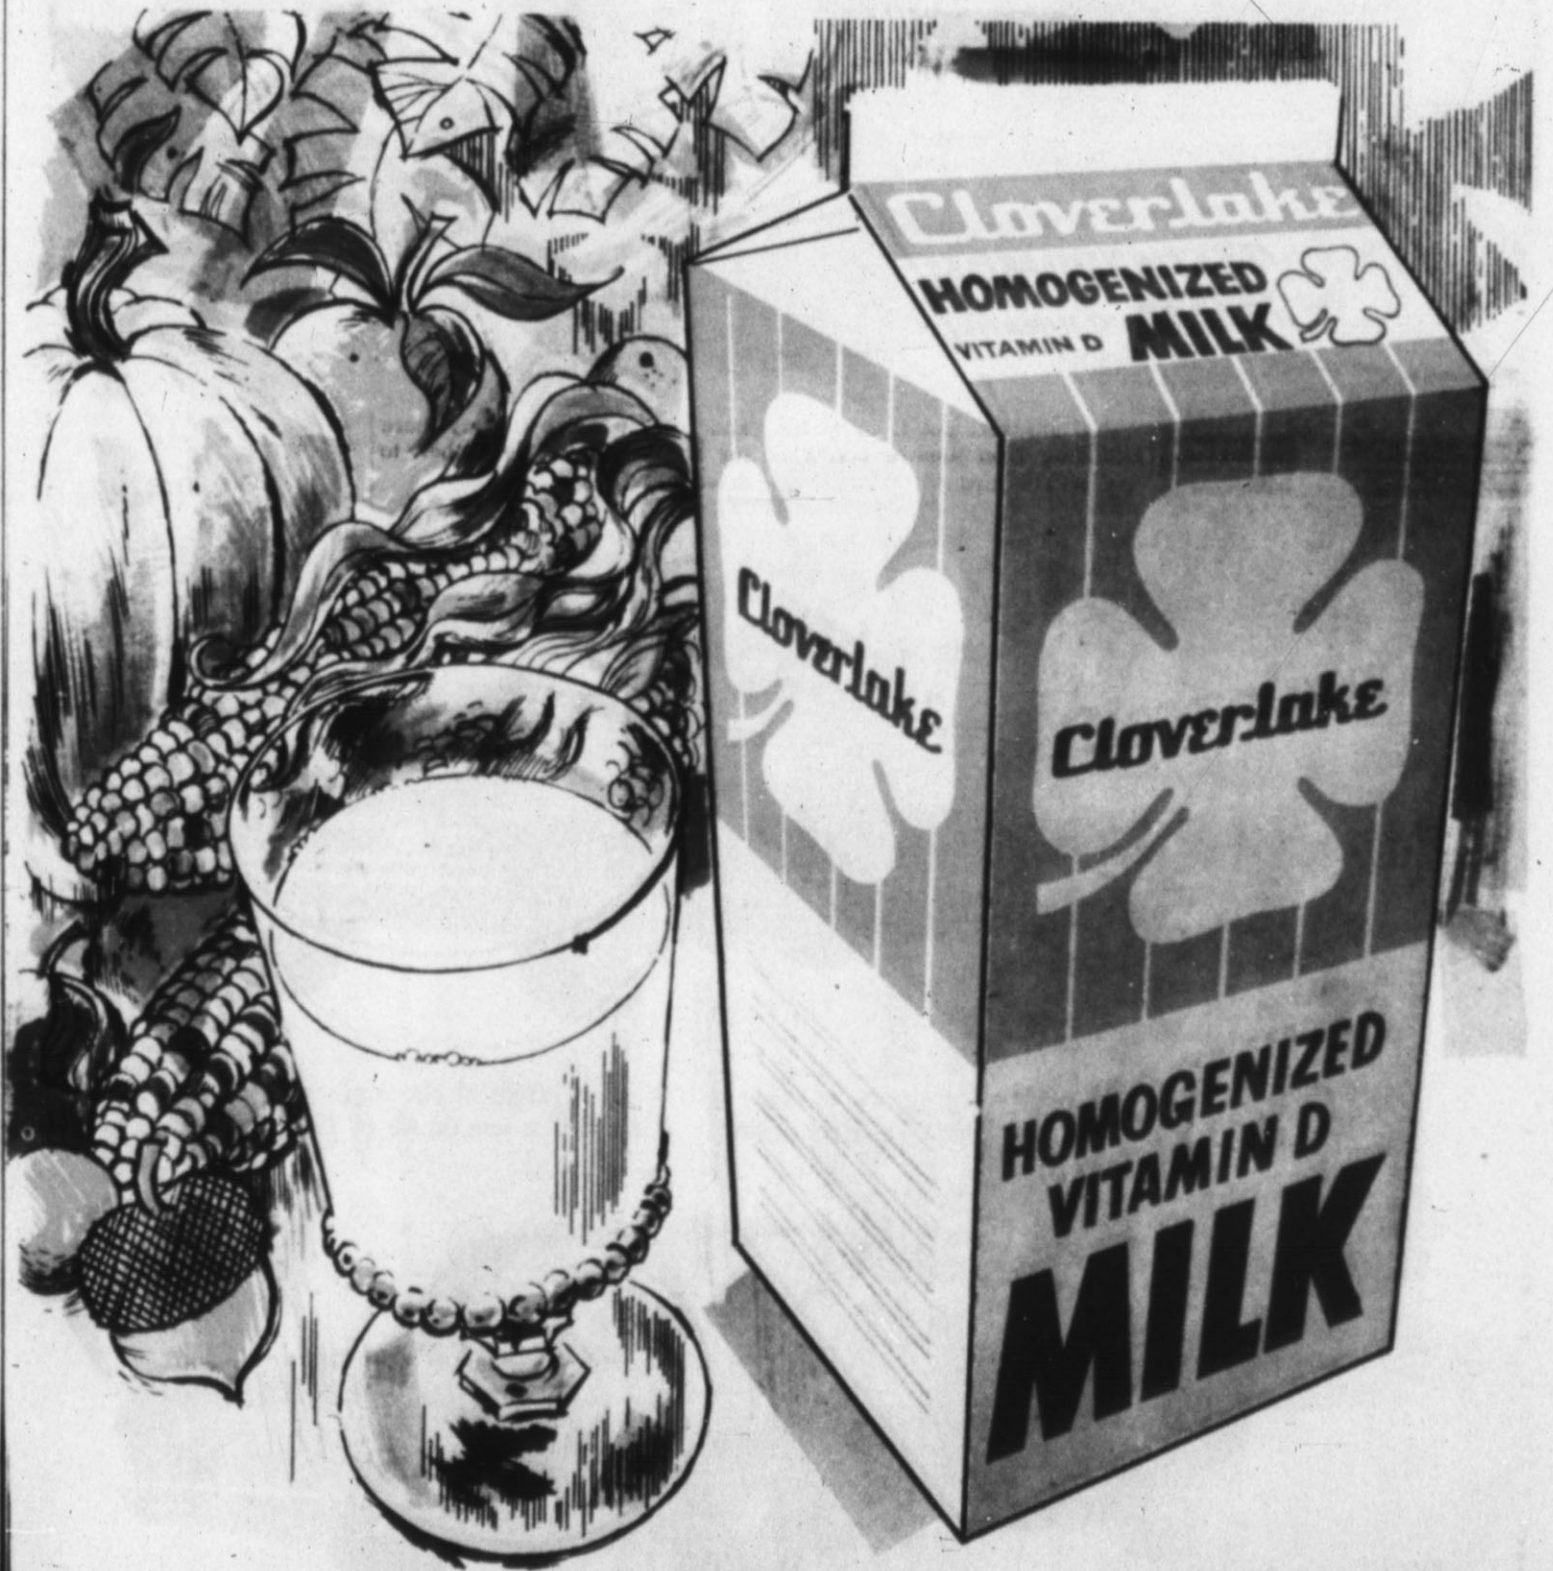

Take the GTO, for instance. Comes with 335 hp. Or 360 at extra cost. Plus bucket seats. Carpeting. Walnut dash. And like that. Yet it sells for less than a lot of pussycats with imitation stripes. Then there's the Le Mans. Same kind of pizzazz. Same kind of crackle. Same kind of low price. Slightly smaller teeth. So price a tiger.

We're building Wide-Tracks again! See them all at your authorized Pontiac dealer now!

thank goodness!

There's a pure, simple goodness to a glass of milk. It's something you can appreciate with a quick snack or with the finest meal of the year. Cloverlake Homogenized Milk can be counted on to be fresh and tastefully good each time you fill the glass. We take extra care, extra pride in seeing that you're enjoying the finest dairy products possible when you enjoy Cloverlake. For your holiday menus . . . include the farm fresh goodness of Cloverlake!

Cloverlake

Sandi...

(Continued from Page 4)
 a large part of the night before dancing and playing games in Jerry McCathern's barn. They danced to the music of the Surf-Stompers, a combo composed of Charles Dones, guitar; Lonnie Coker, coronet; Donnie Huckert, drums; and Steve Thornton, piano. This group has played in California and even made up a few of their own songs. Anyone need a combo?

By the way, I suppose you all know by now that Dumas beat us last Friday night. Nevertheless, Hereford didn't give up and I'd say they played their best game of the season (to the agreement of quite a few others, too). Hereford scored more points against Dumas than any other team has so far this season, except Artesia, N.M.—32-24. What do you think about that?

The B-team and Freshmen finished their seasons Nov. 22 in games against Friona, both of which Hereford won. The Frosh came through in flying colors with a no-loss record. Pretty good, no?

Now that football season has gone and basketball season has come, we need to get out and support our basketball team. If you haven't already started, tomorrow and Saturday nights would be good time to start. Hereford goes to Palo Duro in Amarillo both nights for a double header. What do you say we go support them?

Roddy Allred is the proud owner of a brand-spanking new '66 Buick Special!! It's blue on the inside with an exterior of blue and white. Guess who'll have only a few presents under the Christmas tree!!

Last Friday, a few girls stopped off in Amarillo on their way to Dumas. Those who spent a while looking at clothes (what size?) were Nancy Tyler, Peggy Nelf, Sid Bayne, and Nancy's family. Mr. Tyler, I suppose you were really interested in all those "darlin'" dresses and things!

Back to the band subject—they're selling decals for car

windows and fruit cakes. The cakes are \$3.70 for two pounds, \$5.25 for three pounds, and \$8.25 for five pounds. The decals sell for 25 cents each. Proceeds will go to help get them to Enid, Okla., in the spring so they can rake up a few more "Ones" for good ole HBHS!

If anyone of you has a dream of spending a year abroad in studying, you can find out what it's like by reading Suzanne Langley's letters in the Brand. She writes from Vienna, Austria, where she is studying the German language.

The Whiteface staff has received their assignments for the Reject. You know what that means so get your scarf in soon!

Five students were recently chosen students of the Six Weeks. Four of these awards are sponsored by the Hereford Lions Club and one by the HBHS Student Council. Joe Childers was chosen to receive the SC award. Those receiving the Lions Club awards were Jerry Tucker, senior; Yours Truly, junior; Mike Davis, sophomore; and Charlie Stone, freshman.

We certainly could have used the victory bell Friday night, but under the circumstances, it was a little impossible. It seems Larry Noland, Debbie Thomas, David Hill and Karen Blackwell were faithfully pulling the bell to Dumas and the little ding-dong deal (whatever it's called; on the inside got broke).

Happy Birthday to Larry Noland who turned "Sweet Sixteen" (and never been kissed, Debbie?) last Monday.

Hi-Y boys outlined their plans for the year at a recent meeting. The initiation of the new members (who else?) will be December 7, 8, 9, and 10. They're going to elect their sweetheart at the next meeting.

The FHA girls asked their pops for dates last Tuesday and took them out for a salad supper. After they ate, everyone played table games and had a good time.

The Thespians are reportedly coming along quite well with their play. They've really been working hard so the least we can do is go see their play on Dec. 4 and 5.

The FNA girls are starting their Pink Angels to work next week. Good luck girls—I hope you like it. You've certainly chosen a worthwhile activity and you're really needed.

I didn't know we had a French star actor among us! Rene Bastard was recently the star of a French play, "L'Alouette." The WTSU students put it on in the Branding Iron theatre last Friday and Saturday nights.

FOR THANKSGIVING — Steamed Thanks — a surprise ingredient, tomato soup. It's good giving pudding is made from cake mix and served with fluffy pudding sauce. (AP Photo)

LET'S COOK SOMETHING

This Thanksgiving Pudding Has A Secret Ingredient

By CECILY BROWNSTONE

Associated Press Food Editor
 JUST IN case you would enjoy serving a steamed pudding dinner, and you haven't time to make the dessert from scratch,

Barbie Langley went to the Texas Tech homecoming last Saturday and spent the night with her grandmother. Others she saw there were Roger Owen, Sharon Tinnin, Penny Johnson, Lynn Cook, Mandi Moore, Gary Stagner, Frank Cain, and Mike Harvey (plus all the HBHS graduates who are students at Tech). By the way, Tech was downed by Arkansas by only 17 points (the score was 17-0), which is really good considering the odds against Tech.

The FFA boys fared rather well in a district contest at Dumas recently. The Senior Chapter conducting, senior farm skills, and radio broadcasting teams all placed first. The Junior farm skills brought home a second place; junior chapter conducting, third; and FFA quiz, fifth. We're proud of you, boys!! Have a happy Thanksgiving and if you're driving anywhere for the holidays, remember to drive carefully!

we offer this strictly up-to-date recipe.

It's a version of the tomato-soup cake that has become part of American culinary lore. But along with a can of the soup, this pudding uses a package of cake mix.

Don't hesitate to add the soup! The idea has even been espoused by M. F. K. Fisher, one of our most epicurean and discriminating food writers. Yes, believe it or not, in her famous book, "How to Cook A Wolf," there's a recipe for Tomato Soup Cake.

STEAMED PUDDING

1 package (about 1 pound and 3 ounces) spice cake mix
 1 can (10 1/2 ounces) condensed tomato soup, undiluted
 3 eggs

1/2 cup finely chopped pecans
 1/2 cup chopped seedless raisins
 1/2 cup chopped pitted dates into

Into a mixing bowl, turn the cake mix, undiluted tomato soup and eggs; mix according to package directions. Fold in nuts, raisins and dates. Pour into a greased 2 quart melon mold. Cover tightly. Place on a trivet in a large kettle. Add boiling wa-

ter to one half the height of the mold. Remove mold from water; uncover and loosen edges of pudding with a spatula. Unmold while hot; serve with a fluffy pudding sauce.

Some homemade potato and fish chowder left over? You can stretch it by adding canned minced clams and extra milk; in re-heating, be careful not to boil.

Cook thin boneless veal slices in butter, then deglaze the pan with a little white wine or vermouth; pour the small amount of wine sauce over the veal and serve at once.

Today
 and Everyday...

We are thankful for the blessings bestowed upon us.

And... we are thankful for our friends and customers and your trust in us...

Deaf Smith County Abstract

THANKSGIVING 1964

Over the years we have accepted everything we have for granted and have never taken the time to see just why we are celebrating Thanksgiving.

We are granted here in America many, many freedoms, that only our bountiful land can offer. Let us look over a few of the Thankful Freedoms.

Freedom of Worship

Here in America we can choose the church in which we want to worship without fear of being persecuted for worshipping our Father in heaven. Where else in the world can we have this freedom?

Freedom from Want

Here in America we produce more food, clothing, machinery than can be consumed. Yet in our land of plenty we find some who are poverty stricken, helpless, starving. How many times have we helped them? Only in America do we have more than we can use.

Freedom of Speech

Here in America we can speak our opinion without fear of being turned into the law or police. Where else in the world can we have this freedom?

Freedom to Govern

Here in America we have free elections, we may cast our vote for anyone we choose. In some of the foreign countries the people vote with a gun in their backs. The party we elect is the party who governs us. We have no dictator.

Freedom from Fear

Here in America we have no secret police or Gestapo come into our homes at night and steal our loved ones just because they have expressed themselves. There are not many countries in this world that can give you this freedom.

We Are Thankful

For these freedoms and countless others; and we send you our sincerest wishes for a HAPPY THANKSGIVING, with thanks for the freedom we enjoy and a perpetual prayer that you and all Americans may enjoy them forever.

Let Us Give Thanks

For
 Life
 and
 All
 of
 its
 Blessings!

As we gather around the holiday table with our families and friends, let us pause to acknowledge the source of all prosperity, our Almighty Creator. May He continue to bless our homes and country.

... give us hearts of gratitude on this Thanksgiving Day. May the dignity and the solemnity of the occasion of Thanksgiving warm our hearts, as individuals, as families, as nations. As we express gratitude for the favors of mercy, may we be conscious of the fact... they all come from God. May we know the full meaning of historic Plymouth landing. Let us be reminded anew that freedom began there... and to worship God according to the dictates of our own hearts was guaranteed when the Pilgrim Fathers stepped ashore. Then, let us not fail to humbly recognize God as the Giver of life,—the Provider of all goods,—and the Savior of the souls of men... AMEN

Martha Henslee Is Initiated Into Rainbow
 Hereford Assembly No. 157, Order of the Rainbow for Girls.

met in the Masonic Hall Monday night to perform initiation rites on Martha Henslee, 15-year old daughter of Mr. and Mrs. Donald D. Henslee.
 Ann Mercer, Worthy Advisor, presided at the brief business meeting when the girls voted to present a Christmas program and furnish the refreshments to King's Manor as the Rainbow's December social.
 Reports were heard from Jo Frances Deavenport concerning a trip some of the girls and Ad-

visory Board made to Silverton; and from Patty Roach concerning the attendance of some of the local Grand Cross of Color members at the Grand Cross of Nov. 10, Judy Summers reported on the trip to Girls Town

which some of the girls made, taking linens and other gifts to the girls there.
 Refreshments were served to 28 Rainbow girls and nine Masons and Eastern Stars. The next meeting will be held Dec. 7.
