

## United Fund Drive Tops Midway—Collections Total \$15,000

### Variety Park Stores Remain Open Tonight

A majority of the members of the Downtown Variety Park Association will initiate a "Family Shopping Night," tonight with the stores staying open until 8 p.m.

These merchants voted last week to remain open until the later hour each Thursday in order to allow families to shop together.

Under present store hours most families find it impossible to shop together downtown.

Most of the merchants will continue to stay open till 8 p.m. every Thursday beginning tonight.

### TREA Proxy Speaks Here At Meeting

Members of the Hereford Board of Realtors will hear Alton L. Miller of Dallas, 1965 president of the Texas Real Estate Association (TREA), speak at their meeting Friday.

Ervin W. Luedtke of Austin, executive vice president of the 9,000-member state realtor organization, will visit the meeting with Miller and will discuss TREA services and projects.

THE NEW president served TREA as secretary in 1963 and vice president in 1963-64. As TREA membership committee chairman during the past year, he headed up the drive which has seen this association grow to the second largest in the nation.

Miller entered the real estate business in 1945, after returning from military service, and joined the Dallas Real Estate Board in 1947. Since that time he has served as chairman of every committee of the local organization, as director, secretary-treasurer, second and first vice presidents, and as president in 1957-58.

### Walters Rogers To Speak Here On Nov. 12

The third "Report to the people" meeting sponsored by the governmental affairs joint committee of the chamber of commerce and Hereford Jaycees has been postponed from Oct. 29 until Nov. 12.

Congressman Walter Rogers, originally scheduled to appear here Oct. 29, said that commitments in Washington would prevent him from coming here at that time.

His "Report to the people" appearance has been rescheduled for Nov. 12, according to committee chairman Roy Faubion.

U.S. Senator John Tower and State Representative Bill Clayton previously appeared under the governmental affairs committee sponsored series.

Senator Ralph Yarborough has also been invited to come here for a "report to the people" talk.

### Poll Tax Receipts Go At Fast Clip

Deaf Smith County Tax Assessor-Collector Nell Miller said Wednesday that Poll Tax sales are far ahead of sales at this same time last year.

She said 123 tax receipts have been sold thus far.

POLL TAX receipts went on sale Oct. 1 and sales will continue through Jan. 31, 1966.

Last year was an "off year" as far as voting was concerned, but this year Texas will hold a gubernatorial election.

There will also be elections to fill some of the seats in the two houses of the state legislature.

### Collection Posts Announced, Last Efforts Mapped

Deaf Smith County's 1965 United Fund campaign passed the halfway mark Wednesday on its drive to collect \$30,160 to support nine agencies.

Collections totaled more than \$15,000 Wednesday morning, officials said.

Included were donations from six firms whose employees participated 100 per cent in the drive. (See list below.)

THIS BROUGHT the total number of 100 per cent firms to 45.

United Fund president Clint Formby commented that the current drive "is on schedule. We have reached half our goal with about half the categories being worked."

"Provided we don't see a lag in the last half of the drive, it looks promising that we can reach our goal," Formby commented.

BUT HE pointed out that "the last half is the hardest," and called upon citizens of the county to continue to support the drive.

It was also announced that two locations have been arranged to handle contributions to the UF from persons who are not being contacted personally.

Formby said that donations may be brought to the Hereford Post Office or to the KPAN radio studios.

THIS YEAR, for the first time, emphasis is being placed on contacting people at work while doing away with a house-to-house drive, thereby eliminating duplication.

Persons who have not been contacted are invited to make donations at the above-mentioned locations, where they may receive the card listing their donation. (These cards may be used as proof for tax deductions.)

United Fund workers attended a meeting Monday to hear a progress report on the drive. There, they were challenged to "keep up the good work" and the importance of completing a successful drive this year was emphasized.

IT WAS pointed out that this year's drive has reached the mid-way point in less time than has been required to collect half of the goal in the past two United Fund drives.

The United Fund has fallen somewhat short of its goal in the past three drives and this year's effort has been described as a "crucial one," as the possibility lurks that the nine member agencies will be forced to conduct individual drives if the drive fails.

Miller entered the real estate business in 1945, after returning from military service, and joined the Dallas Real Estate Board in 1947. Since that time he has served as chairman of every committee of the local organization, as director, secretary-treasurer, second and first vice presidents, and as president in 1957-58.

## School Board Grants Approval For Library Funds, TB Tests

FLAT TIRE BLAMED—This truck belonging to A.L. Hollingsworth, loaded with sugar beets, overturned about one mile north of Hereford Monday when one of the tires on the right hand side went flat, according to investigating officers. The driver, William Joseph Campbell, Route 2, Hereford, was not injured. Officers estimated the damage to the 1964 model truck at approximately \$800.

### SPLIT VOTE RESULTS

## Old Issue Arises Again

By WAIN MILLER  
Staff Writer

Hereford schools' board of trustees once again faced the issue of federal aid to local schools in a meeting Tuesday night and — by a 4-1 vote — approved the motion that the district seek federally-origined funds for the upgrading of school libraries.

The split vote followed another lengthy discussion of whether or not the local school system should seek "its share" of federal aid to schools.

THE QUESTION arose after

superintendent of schools Johnny Clark Jr. distributed to board members a booklet entitled "The School Library Program and Instructional Resources 1965-66 Standards and Guidelines for Texas Schools."

Prepared by the Texas Education Agency under the direct supervision of Dr. J. W. Edgar, commissioner of education, the booklet lists, among other things, the following standards for public school library offerings:

—GUIDELINES indicating the local district is expected to have five fulltime librarians (it now has one each in junior high and high school and a part time librarian in high school.)

—The suggestion that each elementary school should have a central library consisting of not less than 3,000 titles, or five titles per student, whichever is greater (the local schools have no central library in each elementary school as such.)

—That schools spend from \$4 to \$6 per student for library services (the Hereford district spends some \$1.40 per pupil in elementary school and \$3.50 per pupil in high school.)

INCLUDED in Dr. Edgar's foreword to the booklet was the statement "consideration will be given to establishing them (the standards listed therein) as a requirement for state accreditation of elementary and secondary schools."

Administrators Clark and business manager Dillie Kelley commented that the standards listed above and others prescribed in the book would be virtually impossible for the local school district to meet unassisted.

## Program Building Committee Meets To Name Officers

Officers headed by Sam Morgan, chairman, were re-elected by the Deaf Smith County Program Building Committee and a new Sub-Committee on Aging was added at the semi-annual meeting of the organization Tuesday evening in Hereford Community Center.

Mrs. Dyalthis Benson was returned to the vice chairman's office, Mrs. E.C. Hammett as secretary and Mrs. Bess Werner as a member of the executive committee. The Rev. Don Davidson, who will head the new sub-committee, was also elected to the executive committee.

NAMED with Rev. Davidson to the panel on aging were John Warren, Mrs. H.L. Hershey, Mr. Claude McDougal, Dr. R. R. Wills, Ted Dakil and the Rev. B.L. Davis.

New members appointed to the Sub-Committee on Clothing are Mmes. J.D. Gilbert Jr., O. L. Williams, J.G. Gandy, Charles Packard, Jimmie Bradley, A.E. Hodges and H.L. Hershey and Miss Dorothy Marnell.

Other sub-committees will retain present membership, Chairmen are Hugh Clearman, crops Mrs. Leo Witkowski, 4-H Clubs; Mrs. Benson, family economics; Mrs. Werner, foods and health; Colby Conkright, livestock; George Jones, vegetable production.

REPORTS from the various sub-committees were heard and discussed at the Tuesday session. Need for a leadership workshop was also talked, but no decision was reached.

The county committee includes representatives from various communities, industrial groups, farm organizations, government agencies, schools, civic clubs and the Chamber of Commerce Agriculture Committee.

## Bovina Man Earns Citation From President

Isaac Quickel, 508 Avenue A, Bovina Texas, received a certificate of appreciation from President Johnson Wednesday.

The Presidential citation has been awarded for his service as Co-Chairman on the draft board serving Deaf Smith, Parmer, Castro and Randall counties. Quickel has served 15 years, performing his duties without monetary compensation, as a public service. In addition to the certificate of appreciation, Quickel received an emblem for his 15 years of service to the United States Government.

The brief ceremony was held in the local board office.

The certificate has also been signed by Governor John Connally, Lieutenant General Lewis B. Hershey, director of Selective Service and Colonel Schwartz. Virgil Dodson, chairman of the board, representing the President at the request of Colonel Morris S. Schwartz, state Selective Service director, presented the certificate and emblem.

RECEIVES CITATION—Isaac Quickel, left, of Bovina, received a certificate of appreciation signed by president Lyndon Johnson and other dignitaries at a ceremony in the local Selective Service Office Wednesday. The citation honors Quickel for having served as co-chairman of the local Selective Service board for the past 15 years. Making the presentation was Virgil Dodson, chairman of the draft board which serves Deaf Smith, Parmer, Castro, and Randall Counties. (Staff Photo)

## Federal Money Ok'd; Health Ruling Passed

Hereford schools' board of trustees voted to seek aid in improving libraries within the system—in order to meet decrees from the state education agency—and decreed that vaccination requirements for students should be enforced to the letter during a session here Tuesday night.

The board—by a split vote—approved application for federal funds to upgrade libraries in the local school system. (See story below, left.)

In other actions during a meeting which had a varied agenda, the school board agreed:

—That small pox vaccination requirements for students and personnel in the local schools should be enforced 100 per cent.

—THAT a tuberculosis testing program should be initiated soon with the test to be given at the school and all students being required to take it.

Board members also discussed other items:

—A vocational survey to determine if community needs warrant expansion of vocational education offerings at high school will be conducted here next week. (See story at right).

—SCHEDULED a meeting for tonight at 8 p. m. to select a name for the new junior high school now under construction and also to discuss other matters pertinent to the current building program . . . and talk about future building needs.

—Reviewed salaries for the 318 positions in the local school system and learned that this amounts to a \$1,453,675 annual payroll (\$121,139.65 monthly).

—LEARNED that enrollment in the local school district has risen about 12 per cent over last year, or some 440 students. Current enrollment is 4,351, as compared to 3,811 last year.

—Heard a report indicating that utilization of school cafeterias by students has risen somewhat this year.

—Approved existing bus routes for the district.

Trustees agreed unanimously that the requirement that all students in Hereford schools have a small pox vaccination.

Supt. Johnny Clark Jr. reported that some 368 students apparently have not met the small pox vaccination requirement.

Board members said the police will enforce the law.

## Schools Conduct Vocational Study To Show Needs

Personnel from the Hereford public schools will canvass local businesses next week to assemble information for a vocational survey for the Hereford area.

The survey — which is being conducted to tabulate the needs which exist for various types of vocational workers in the Hereford area — is being conducted with the aid of the Texas Education Agency.

It will be used to help determine what additions or changes — if any — are needed in vocational curriculum in the local schools in order to best serve the needs of the community.

Teachers and other school personnel will contact businessmen Tuesday through Thursday of next week to gather information for the survey.

Two representatives of the Texas Education Agency will be here to aid local school personnel in conducting the survey — the results of which will be tabulated in Austin.

## Film Shows Area Family

A Westway family will be featured in a film entitled "The Korean Legacy," which will be presented tonight at 7:30 p.m. over KGNC-TV, channel 4.

The film describes orphaned Korean children and how area people have helped to provide homes for youngsters.

Included will be a visit with the Rev. and Mrs. James G. Martin, pastor of the Westway Baptist Church, who adopted two Korean youngsters.

### PURCHASES CLEANERS

## Commission OK's \$3,000 For Paving

In a light session Monday, Deaf Smith County Commissioners approved payment of bills, purchased steam cleaners for the county barns and approved payment of a portion of the costs of curb and gutter and paving work recently completed around the cemetery on West Park Ave.

Although most of the paving work was done on county property, the Cemetery Association will pick up the tab for the greater part of the \$9,000 plus cost.

COUNTY commissioners, in a previous meeting, had agreed to contribute \$2,000 towards the improvement program, and Monday added an additional \$1,000 making the county's total contribution \$3,000. The Hereford Cemetery Association will pay the remaining \$6,000.

Esra Norton, local cattleman, met with the commissioners in behalf of the Hereford Cemetery Association.

THE COURT also approved the purchase of three steam cleaners at a total of \$1,255.14 for the three units. One cleaner will be used in Pct. 4, one in Pct. 3, while Pct. 2 will share the use of the third cleaner. The steam equipment will be used to keep heavy equipment clean.

The commissioners also inspected the old Catholic School building Monday. The county purchased the property and the building earlier this year and has recently paved a large portion of the land making it available for free parking for automobiles and bob-tail trucks. Trailer-trucks will not be allowed to park on the property.

## Farm-To-Market Road Request Is Considered

Deaf Smith County's request for an accelerated Farm-to-Market program got a boost this week when county commissioners were informed that the request is being given "careful consideration" by the Texas Highway Commission.

A communication received this week by County Judge H. C. (Hank) Williams, and originating in the office of State Highway Engineer D. C. Greer of Austin, indicated that the Highway Department was now formulating their work program for the early part of 1966.

Williams, and three of the four county commissioners met with the Highway Commission in Austin on July 29, asking for an accelerated program for this county.

UNDER NEW CODE

Misdemeanor Probation Law Utilized Here

A probated sentence for a misdemeanor offense was handed down for the first time by the county court in Deaf Smith County this week.

IT MARKED the first utilization of the provision which allows a probated sentence for misdemeanor offenses. The provision is included in the state's new criminal code recently adopted.

A Hereford area man charged with driving while intoxicated pleaded guilty to the charge in county court and was given a one year probated sentence by County Judge H. C. (Phank) Williams.

To comply with the misdemeanor probation law and obtain adult probation one must file his intent for probation at least 10 days prior to the trial.

HE MUST not have had any criminal record in any state or have been convicted of a felony in the past five years.

If one does comply with all the qualifications of the probation and is given a probated sentence, he must report to a probation officer at set times during his probation.

AFTER BEING given the probated sentence he must comply with all the agreements in the probation or his probation will automatically be cancelled

School ...

(Continued From Page 1) ty adopted by the school board many years ago should be enforced to the letter.

The board then heard a recommendation that a testing program be commenced among students and school personnel to determine those who possibly have tuberculosis.

TRUSTEES voted to initiate a testing program which will test all students and school personnel this year.

The state requires such a test for all personnel, and students in the first and seventh grades. The board voted to test all students this year, and then merely comply with the state ruling thereafter.

THE SIMPLE test, described as painless, will be commenced in the near future. It is designed to indicate persons who have

and he will have to serve the time for which he was originally sentenced.

Judge Williams said he expects more cases to apply for adult probation in the next few weeks.

The adult misdemeanor probation law is one of the many changes which come with the new criminal code which has been adopted by the state legislature.

Although the rest of the code does not go into effect until Jan. 1 the adult probation portion of the law was pushed through the legislature and went into effect earlier than the rest of the code.

been in contact with the disease. Persons so indicated will then be advised to undergo more extensive examination.

Clark explained that the vocational survey has been requested by the Texas Education Agency — which will aid in compiling and tabulating results of the survey.

IT WILL be used to determine what needs exist in this community for graduates of vocational classes.

The survey is required by the TEA before changes are approved in vocational courses offered by the high school.

Clark said the test is a prerequisite for enlarging the vocational department at high school — which now consists of industrial arts, vocational agriculture, homemaking, and distributive education.

Board members agreed. Supt. Clark spoke, terming the standards "the most unreasonable thing to come out of Austin in a long time."

"THIS practically puts us in the position that we are forced to accept federal aid if we are going to be forced to meet standards like this," Clark commented.

It was then pointed out by the superintendent that Hereford school district's allocation under title II of the Elementary and Secondary Education Act totals \$7,834.43.

HE EXPLAINED that this money is allocated to the state

Mrs. E.M. Schroeter, H. J. Edwards, C.E. Leasure Sr., Mrs. Ernesto Coronado, Jackie Henderson, Mrs. F.A. Phifer, Mrs. Jorge N. Galvez, Mrs. Henry Smith, 10-12.

"and if we do not make application for it, it will be appropriated to schools that do."

"Refusing to accept this money puts us in about the same light as farmers who do not participate in federal farm programs," he continued.

Board president Bill Gentry then commented that it looked as if "we will have to apply if we are to meet these standards."

Clark then said that if the district did not use the federal funds available and attempted to meet the standards otherwise, local taxes would be forced up or the schools here would lag behind other schools in the area who are utilizing the funds.

BOARD MEMBERS then asked what type of action would be required by the board "at this time."

Clark replied that the board had instructed the superintendent to check into federal programs available (at an earlier meeting) and that if the board so wished, they could grant approval for making application for the \$7,834 allotted under the act.

Board member Labry Ballard made the motion that the funds be sought, commenting that the standards prescribed by the TEA left "no choice."

The motion was seconded by Olin Parris.

"WHERE DOES this thing stop?" commented board member L. B. Russel.

Clark commented, "That's the question . . . we had the same thing prior to World War II and it took a war to stop it . . . but we've put ourselves in a position privately and publicly

that we can't afford to stop."

Raymond White, board member, then wanted to know if the motion before the board concerned only the library funds.

Clark replied that it did, commenting that "the board should look at this thing step by step . . . I don't think it should be left up to the judgement of one individual to act on these programs available."

THE VOTE came then, with board members Ballard, Parris, White, and Hugh Clearman voting in favor of the motion.

L. B. Russel went on record in opposition to the motion.

Board president Gentry is not required to vote except in case of a tie. Dr. A. T. Mims was not able to be present due to a medical convention.

### TWO JUVENILES INVOLVED

## Three Youths Charged For Taking Autos Here

Jim Galvan, 17, Hereford, and two juveniles were arrested by the city police Tuesday in connection with two stolen automobiles.

Galvan was arraigned before Justice of the Peace C.B. Miles Wednesday morning and charged with driving an automobile without the owner's consent. His bond was set at \$1,000 by Miles.

The two juveniles appeared before County Judge H.C. (Hank) Williams. One was given a probation sentence and the other will be sent to the boys school at Gatesville for breaking probation.

FOR ONE of the youths it was his first offense.

The other had been charged in the past with theft and has been a habitual truancy problem. He had been on probation about a year. He was sentenced to the Boys' School.

The first automobile was taken Friday from the parking lot

at the Hereford Brand. It belonged to John Sikes, a Brand employee.

Monday, another car was taken from the Hereford City Barn about 9 a.m. It belonged to Donnie McDonald, who was driving a truck on a paving job at the time of he theft.

SIKES' vehicle was discovered abandoned Sunday two and one-half miles north of Summerfield by a local farmer.

The hub caps and outside mirrors had been stolen from the car, according to officers.

The McDonald vehicle was recovered in town after the youths told officers where it was hidden.

THE YOUTHS said they sold the spare tire and the hub caps off the McDonald vehicle in Midland to buy gas to return to Hereford, but denied stripping the Sikes vehicle.

Officers reported that they found traces of water in the oil

in the Sikes vehicle, which might indicate a cracked engine block, but could find no apparent damage to the McDonald vehicle.

The two juveniles were arrested after officers matched their fingerprints with those found in the cars.

THEY HAD been brought before corporation court judge Jim Neill for a truancy violation Monday.

Police officers said Wednesday that the spare tire and hub caps belonging to McDonald had been found in Midland by authorities there and were being returned to Hereford.

Mrs. Emma L. Gentry  
**Mrs. Gentry, 81 Is Dead After Short Illness**

Funeral services were conducted Tuesday afternoon for Mrs. Emma Lea Gentry, 81, who died Sunday in a local hospital after a brief illness. She had been a Hereford resident since 1924, living at 109 East Sixth since 1925.

Born March 18, 1884 in Fannin County, she married W.A. Gentry there Jan. 26, 1908. They lived in Donley County before they moved to Deaf Smith County.

Her husband died here in 1945. She was buried beside him in West Park Cemetery after a service in the Rose Chapel of Gilliland Funeral Home with John B. White of Lubbock and Eugene Fooks, minister of Central Church of Christ, officiating.

Serving as pall bearers were Charles Sowell, O.L. Bybee, Frank Cogwell, Ray Cowart, John Patton and Lowell Sharp.

Mrs. Gentry was the mother of one son, who died in 1928 at about ten years of age. She is survived by three sisters, Mrs. Nora Ramey of Stratford, Mrs. Bertha Swim of Vernon and Mrs. Ethel Potts of Amarillo; a brother, E.W. Stone of Hart, seven nieces and 10 nephews.

er from Nebraska who had resided here for some three months.

Reyna, the father of several children, has lived in the Hereford area for several years, investigators said.

### Trail Date Set For Man Held For Fraud

Trial date for John Houston Gibson has been set in District Court for Oct. 25.

Gibson was indicted last week by the Deaf Smith Grand Jury for escape from jail.

AT THE time of his escape from the Deaf Smith County Jail he was being held on charges of theft by fraud (over \$10,000) for which he was indicted in 1964.

He was released on \$10,000 bond Aug. 22, 1964, pending trial, but jumped bail the day before he was scheduled to appear in court.

He had been in custody in the jail since he voluntarily surrendered around the first of September.

GIBSON told local sheriff's officers that he suffered from ulcers, and had been allowed the liberty of preparing his own meals in the jail kitchen since his confinement.

He walked out of the jail Sept. 24 during the weekly cleanup detail. He secured a pickup from a local motor company tel-

ling the owner that he was a farmer, was interested in buying it and wanted to try it out.

Gibson apparently drove the pickup at high speeds, since it threw a rod through the block 6 1/2 miles north of town. At that point he hitched a ride to Vega where he was apprehended by Oldham County authorities.

He was held in the Oldham County Jail, where he jumped through a glass door and screen door in an attempt to escape, but was quickly apprehended.

Gibson remained in custody in Vega until Saturday when he was returned to the Deaf Smith County Jail to face charges here.

The first Florida-bred horse ever to run in the Kentucky Derby was Needles, in 1956. He won, and went on to take the Belmont Stakes.

When Ken Venturi won the 1964 U. S. Open at Washington's Congressional course he earned \$17,900 from the USGA.

### Man Charged With Murder To Be Arraigned

Tuesday has been set as a tentative date for the arraignment of Assincion Reyna, 59, resident of the Labor Camp, who has been charged in connection with the stabbing murder of Curtis Grant in a Labor Camp cafe, according to officials.

Bill Hunter, district attorney is scheduled to be in Deaf Smith County Tuesday to hear the case and set bond for Reyna.

REYNA was indicted last week by the Deaf Smith County Grand Jury after they heard statements from several witnesses at the scene of the incident.

After the indictment was returned sheriff's deputies obtained a warrant for Reyna's arrest and apprehended him at the Labor Camp.

INVESTIGATORS said that Reyna is expected to enter a plea of not guilty to the murder with malice charge. There was no struggle preceding the stabbing, witnesses said. The stabbing seemingly occurred without provocation in the cafe.

After being stabbed, Grant ran out the back door of the cafe, where he fell and was later pronounced dead at the scene by Justice of the Peace C. B. Miles. Grant was a 34-year-old labor

er from Nebraska who had resided here for some three months.

Reyna, the father of several children, has lived in the Hereford area for several years, investigators said.

### Seven Enter Pleas, Sentenced In Court

Seven persons were fined and sentenced in County Court this week by County Judge H.C. (Hank) Williams.

Gerald Lindsey, Dairy Road, Hereford, was fined \$25 plus court costs when he entered a plea of guilty to charges of swindle by a worthless check.

Jessie Guerrero, 308 Ave. C, was fined \$250 plus costs when he pleaded guilty to charges of driving while intoxicated.

Jerry W. Gibson, 815 Blevins, was fined \$25 and costs when he entered a plea of guilty to driving with his drivers license suspended.

Robert Austin, Summerfield,

was given a one-year probation sentence after pleading guilty to charges of driving while intoxicated.

Rosendo Zamora, Box 15, Black was sentenced to 90 days in jail and ordered to pay court costs when he entered a plea of guilty to charges of aggravated assault.

Rafael C. Garcia, general delivery, Labor Camp, was sentenced to three days in jail and fined \$100 after entering a plea of guilty to charges of driving while intoxicated.

Eliseo Ramirez, 236 Ave. D., was sentenced to 15 days in jail and ordered to pay court costs when he pleaded guilty to charges of child desertion.

Santos Galvan, 317 Ave. E, was sentenced to 30 days in jail and ordered to pay court costs when he entered a plea of guilty to charges driving with his drivers license suspended.

RECEIVE KEYS—A 1965 model Plymouth Fury was presented to Hereford school officials by owners of Dishman-Hale Motor Co. here Tuesday. Pictured from left are Superintendent of Schools Johnny Clark Jr., Drivers Education instruct-

or A.J. Hudson, James Hale, and O.D. Dishman. The car will be used for driver's education by the school for one year. (Staff Photo)

## Hereford High-Jinks

by Randy Hopson

Girls really are hard to understand. Some pranksters went around putting mice in some of the girls lockers Tuesday. It really is an experience to suddenly be confronted by a mouse. At least that's the impression Delores Manning and Cynthia Leasure left among bystanders around their lockers.

But Wednesday Kay Brogdon was carrying a little cushioned box around with a tiny mouse in it.

ARE WE or aren't we afraid of mice?

About the only talk around H.S. any more is centered around Homecoming. The favorite past time between classes is guessing who the Queen and her attendants will be. Right now it's anybody's guess. As soon as the boys vote it will start to leak out who got what.

All of the organizations are roaming around trying to find

cars, preferably convertibles, and contemplating what to do with their floats. The outlook is good that we are going to have a marvelous parade this year.

MORE PEOPLE are working on floats so there should be more than just the Queen's float this year. You have to give the Student Council credit for planning and working all of this out.

The Key Club boys worked hard Tuesday night selling Whiteface cushions for themselves and the Jaycees. Some of the boys are pretty good salesmen even though they couldn't convince everyone that cushions are worth \$3 instead of \$2.

TWO MORE Sweethearts have been elected. Monday night Linda Price was elected to represent D.E. as their Sweetheart and I learned Wednesday that I have been chosen as Hi-Y's Sweetheart. That fills out the list of Sweethearts of the 1965-1966 school year. Each of us feel greatly honored.

Reva Shelton is earning quite a reputation for herself. She's acting as the "Dear Abby" of the underclassmen. She might even give the upperclassmen a little help now and then. We always have need of someone to help us straighten out the messes we get in.

Don't forget the Barbecue being sponsored by the Senior class. It will be held from 5 till 7 in the Northwest Cafeteria, Oct. 22. Adults are \$1.50 and children 12 and under \$.75. Any Senior will be glad to sell you tickets.

The Junior class is still out hunting people to buy mums. So fellas get out \$2.50 and make her happy.

Remember that the good work is the cry... "BEAT CANYON" or would it be better to use as a slogan, "More beef, less chicken"?

CARD OF THANKS  
The family of Zora, Holly and Eddie Earl Dickson wish to extend our deepest appreciation to friends and neighbors for their thoughtfulness at the loss of our loved ones.

## Funeral Service Is Held Tuesday For H.C. Welty

The funeral of Herman Casper Welty, 66, a retired farmer, was conducted Tuesday afternoon at the First Methodist Church. He died Sunday in a hospital here after a four-year illness.

A native Texan, he was born at Blanket April 3, 1899, married Julia Gilreath in Leuders in 1915 and came to Deaf Smith County from Morton in 1943. He was a member of the Methodist Church.

Survivors include his wife; a daughter, Mrs. Lucy Derryberry of Clifton, Colo.; five sons, Donald Lee Welty of Hereford, Pierce Welty of Amarillo, J.D. Welty of Oroville, Calif., Everett Welty of Loup City Neb., and Jack Welty of Palisade, Colo.; 19 grandchildren and five great-grandchildren.

Also surviving are four sisters, Mrs. Pearl Enoch of Roswell, Mrs. Stella Harris of House N.M., Mrs. Dollie Carmichael of Los Alamos and Mrs. Reba Erris of Albuquerque; and two brothers, Woodrow Welty of Friona and Troy Welty of Twitty.

The Rev. Herschel Thurston, pastor, and the Rev. Don Davidson conducted funeral services. Burial in Rest Lawn Memorial Park was directed by Gilliland Funeral Home.

Pall bearers were Frank Penell, Joe H. Hamilton, W.L. Anderson of Amarillo, Ray Ethridge, John Betson and Joe Booser.

## Illness Fatal To E.S. Sevier

Tom Edward Sevier, 66 died at a convalescent home here Sunday after an illness of several years. Funeral services and burial were scheduled at Monahans with Gilliland Funeral Home in charge of local arrangements. Mr. Sevier, who had worked as an oilfield driller, came to Hereford from Monahans in 1964. He was born in Hill County May 29, 1899. He was a member of the Methodist Church.

Survivor are his wife, the former Ollie Martin, now living in Kermit; a son, Edward Sevier of Monahans; four brothers, Carl, Loyd and Dee Sevier of Hereford and Raymond Sevier of California; two sisters, Mrs. Ruby Wilson of Roswell, N.M. and Mrs. Viola Cavness of El Paso.

Planning to bake refrigerator biscuits from a can? You can dip them in melted butter before they go in the oven and they'll taste extra good.

## Bob Nelson Receives Life Scout Award

A Life Scout award was presented to Bob Nelson when Boy Scout Troop 154 held a Court of Honor at the Wesley Methodist Church Monday evening. Other troop members were advanced in rank and presented merit badges.

Parents of the boys were guests and troop committee chairmen present were Nelson Rieger, Max Stipe and Jackie McNeese.

ADVANCED to First Class Scouts were David Collins, Lawrence Burges, Allen Brooks, Pat Stone and David Armprister; to Second Class, Terry Scott, Kenneth Rucker, Joe Bob Darden and Scott received Tenderfoot badges.

Merit badges were awarded to Lanis Rieger and Danny Locke in fishing; Dwight Rickman and

Burges, mile swim, Nelson, conservation, automotive safety, swimming, rowing and camping.

Troop leader warrants went to Nelson as senior patrol leader; Collins, Tommy Stoy and Burges, patrol leaders; Dar-

den librarian; Brooks, Armprister and Steve McCarley, assistant patrol leaders; Burges and Richard Guynes, den chiefs.

## Three Receive Probated Terms

Three persons were given probated sentences in District Court last week by Judge Harry Schultz.

Jose Ruiz Orocco, general delivery, Dimmitt, was given a three-year probated sentence when he pled guilty to charges of driving while intoxicated, second offense. He was also ordered to pay \$214 in court costs.

Lee Carl Franklin West, 206

Ave. I, was sentenced to an 18-month probated sentence after he entered a plea of guilty to charges of driving while intoxicated second offense. The court ordered him to pay \$125 in court costs.

Vernon Edmond Glover, Route 1, Mineral Wells, was given a four-year probated sentence after he pled guilty to charges of theft over \$50. Judge Schultz ordered him to pay \$274 in court costs.

The three were indicted in the Deaf Smith County Grand Jury session held last week.

**Study Of Migrant Labor Is Reviewed For Club**

Migrant farm workers and the conditions under which they live in various parts of the nation were pictured to Lone Star Study Club members Tuesday afternoon when Mrs. Homer Henslee reviewed the book, 'The Slaves We Rent.'

Telling some stories of individual workers, the book explains the dependence of farmers on work by the migrants, the system of contracting labor through crew chiefs and the abuses to which it may lead. It also traces briefly the history of farm labor in the United States from Colonial times and prospects for the future under mechanization of harvest operations.

Laws aimed at regulation of working conditions for the migrants were reviewed, as well as efforts of various groups to improve their lot. Mrs. Henslee added that the migrant ministry of churches appeared the most effective.

The meeting was in the home of Mrs. G.W. Newson with Mrs. John Jacobson Jr. as co-hostess. They served a desert course

was introduced with a Thought for the day by Mrs. Jim Higgins. Others present were Mrs. C. O. Phillips, Vivian Major, Mildred Elliott, J.J. Durham, V.E. Dodson, Thelma Chisam, Olan Caviness, Opal Bookout and R. G. Blue.

By MELVIN YOUNG

John Sikes, the Brand's hard-working linotype operator, is beginning to think he's the original "hard luck" kid.

John has been employed at the Brand about 30 days, and in spite of the unfortunate incidents of the past few days, he still maintains a happy pleasant disposition.

John's problems started a scant 2 hours after he accepted the position with the Brand. While getting ready to come down from his home in Berger, he broke two fingers on his left hand. That layed him up for a week. After all, if there's one thing a linotype operator needs, it's his fingers.

Thursday afternoon, during the fire which erupted in the composing room of the Brand, John burned his right hand. Not seriously, but bad enough that it required medical attention and you guessed it... bandages. Like a fish out of water, John had to take care of lighter chores in the composing room while mechanical superintendent Joe Awtry filled in on the line.

The following afternoon, John left the office at 5 p.m. to discover that his automobile had been stolen... right off the parking lot used jointly by Brand and Ink Spot employees. The car was recovered Saturday night by city police; stripped of tires, mirrors, hub caps, etc.

But that wasn't the end of the story. John's father drove to Hereford Saturday night to pick up his son and family, and burned up a new Olds within three blocks of John's apartment.

Needless to say, young Sikes is a little apprehensive about getting out of the apartment.

Perhaps we could put him in a cage at the shop — even leave him at home on Friday 13th — remove all the ladders from the premises and keep a wary eye-peeled for black cats.

But John's sense of humor remains undaunted — he figures there are better days coming — after all, how could they get worse?

Well! He could receive a rose!

And while we're on the subject this "rose" business still has us baffled. Melvin Jayroe, manager of The Electric Co. has also received a rose, as well as Dale Young, engineer for Pioneer Natural Gas Co. And, there may well be others.

The battling Hereford White-faces will get a rest this week before moving into conference play.

The Herd sports a 4-1 record with their only loss being to the AAAA Plainview Bulldogs.

Head football coach Jack Meredith is quite optimistic concerning the remainder of the season, in spite of the fact that a couple formidable opponents still remain.

merchants will kick off their family shopping night this Thursday by keeping stores open until 8 p. m.

Merchants voted to remain open until 8 each Thursday beginning tonight in order to allow families to shop together.

Of the 32 downtown merchants approximately 25 will remain open, according to Glenn Williams, Secretary-Treasurer of the downtown organization.

Martin Wagner tells us that he has finally finished harvesting his potato crop. Martin finished this past week.

Dezell Fulliam, Frank Benner, Martin and a few others thought that strip just south of town had more than a fair share of the haul back in the spring, hence the late potatoes.

Martin figures he'll at least get his money back on the much-hailed-on-crop, although he didn't get to take advantage of that fabulous price this past summer with the big yields that some farmers harvested.

However, under the circumstances, Martin figures he's pretty lucky. He could have lost the entire crop.

Milo is a little slow coming this year, probably due to heavy rains earlier and perhaps some hail damage to the crop. However, yields seem to be running above-average on most irrigated farms and should put the county in a lot better shape financially.

The folks down Easter way are bringing in quite a bit of grain now, and a little has come in from around Hereford and north of town.

Meanwhile, the beet harvest is in full swing and apparently Peace Justice C. B. (Berry) Miles is reaping a pretty good harvest himself.

Miles handled 19 traffic offenses (all on beet trucks) in one day last week.

"I'm sure taking the sugar out of the beets today", Miles told a fellow courthouse worker.

The offenses ranged from overload to lack of commercial license for drivers.

Exra Norton, local cattleman, weighed one of his cows the other day and the animal tipped the scales at 1855 pounds.

Exra tells us that he thinks it's a record. He says he's never seen another one as big. Man, that's a lot of hamburger.

We've heard it said: "Both hemlines and prices appear headed for outer space."

Two automobile agencies will be showing their new 1966 models this weekend — Oldsmobile at Orsborn Chevrolet-Olds and Buick at Kinsey Osborn Motors. Both lines will go on display today.

MEETING CALLED

A called business meeting of Hereford Garden Club is announced for 3 p.m. Friday in the Flame Room of Pioneer Gas Company. Mrs. Ray Johnson president, asks that each member bring the June and July issues of the Lone Star Gardener magazine.

Don't forget, when you are making a deep-fish fruit pie with a layer of fruit and a to crust, that vents should be cut in the crust.

# Music Club Has Choral Session

A choral workshop was conducted for the Music Study Club Tuesday morning by Robert Wert, minister of music at the First Methodist Church. He directed members in a practice session with Mrs. Joe Hacker as piano accompanist.

Songs chosen for the workshop began with The Star-Spangled Banner and ranged in mood from the quiet strains of When Children Pray (Fenner) to lively folk tunes and a medley from the Rogers and Hammerstein musical comedy, Sound of Music, to religious compositions of Brahms and Mendelssohn. Wert is a graduate of Westminster Choir College at Princeton, N. J., and a member of the American Guild of Organists. He directed choirs in West Virginia and at Lubbock before he came to the church here earlier this year. His native city is Lynchburg, Va. He and Mrs. Wert have two small daughters.

Mrs. Richard Jackson sang the Hymn of the Month, stanzas by John G. Whittier in a musical setting titled Deaf Lord and Father of Mankind. Sketching its history, she said it reflects the gentle character and intense religious nature of the poet. The selection is from a poem contrasting spiritual communion with the diet and the pagan custom of drinking intoxicants to approach the gods.

The club's hospitality committee, Mmes. Bill Dameron, Jesse Stanford, Lowell Sharp, Steve Clements and W.E. Dameron, arranged for the salad luncheon served at noon: Mrs. Wert was a guest with her husband.

Other members present included Mmes. Bill Bradley, J. R. Allison, Bill Langford, J. C. McCracken, C.J. Mountz, Frances Parker, Ellis Coombes, B.Y. Crosthwait, W.S. Fisher, T. W. Roberson, A.O. Thompson, Dick Godwin and T.W. Carmichael.

# Area BSP Meet Opens Saturday

Local activities of coming weeks, as well as entertainment of the Hi-Plains Area-Convention this weekend, were planned by representatives of the two Beta Sigma Phi Chapters here at a City Council meeting Monday afternoon.

Hereford chapters will be hostesses for the annual area meeting which will begin with an informal reception at St. Anthony's School auditorium Saturday evening. Registration will be conducted from 4 to 7 p.m. at motels of the city as delegates arrive.

Breakfast at 8 a.m. Sunday in the Caison House will be followed by programs starting at 9:30 a.m. at St. Anthony's auditorium, then a luncheon and business session at noon. The closing ritual will be conducted at an afternoon tea.

Principal speaker will be Mrs. Louise Hughes of the sorority's international office at Kansas City, Mo. She has been a member of Beta Sigma Phi since 1935 and on the international staff the past 16 years. Her present position is director of special services in the membership department.

# Holiday Plans Are Begun By Sunshine Club

A Thanksgiving dinner for club members and baskets for less fortunate residents of the community on that holiday and on Christmas, were in the plans made by Sunshine Club members at a meeting Tuesday.

Mrs. George Minor, president, was hostess in her home. More definite plans for holiday fun and gifts are to be made at the next meeting in the home of Mrs. Edith Sheppard, 462 Roosevelt, on Oct. 26.

Mrs. Minor presented the program Tuesday, a humorous article titled Beauty and the Beast. The hostess gift went to Mrs. Clint Lundry and an anniversary gift was presented to Mrs. Willodyne Brooks.

A salad course was served to all except one of the club members.

# Letter To The Editor

To the Editor and Staff of the Hereford Brand:

This week, October 10-15, is National Newspaper Week — and a most appropriate time to express appreciation of the service rendered to the public by the Brand staff.

The Deaf Smith Chapter of the American National Red Cross takes this opportunity to say "Thank you most sincerely" for the excellent coverage given to Red Cross service and safety programs and to Red Cross efforts to meet human needs in time of disaster. We say "Thank you" also for your recognition of Cross volunteers and for presenting the story of Red Cross activities within the local community.

Red Cross, in the simplest definition, is "people helping people" and as such the Brand and its staff have truly been a part of Red Cross in Deaf Smith County.

Very truly yours,  
Genevieve O. Miller  
Executive Secretary for the Deaf Smith County Red Cross Chapter.

### P.T.O. SETS MEETING

## ONE MINUTE, PLEASE

"Rejoice in the Lord always: again I will say, Rejoice." Philipians 4:4.

We often find the occasion to rejoice about many physical and spiritual things. One of the recent events that causes our hearts to rejoice is the many friends and neighbors that have studied the Bible and worshipped with us. We are looking for more to be with us this coming Lord's day.

Next Sunday, October 17, I plan to preach on the many points where most all of us in Christendom can agree. I think you will be surprised to learn we agree in so many areas. When we think in positive terms, instead of negative terms. It amazes me how close we are together in our faith and convictions.

This coming Lord's Day October 17, at the morning services at 10:25 and in the evening services at 6:15 I plan to speak on the doctrinal truths in the Christian faith most all of us professing Christianity can agree upon. We invite you to be with us then.

YOU ARE ENCOURAGED TO STUDY

# IN FOURTH WEEK'S COMPETITION 5 Tie For Top Place In Football Contest

Five persons scored a perfect 20 in last week's football contest. Dale Scott, 115 Ave. C, Hereford, won first place, being only 36 points off in the three games in the tie breaker.

**JIM CLARK**, 711 25 Mile Ave., Hereford, was the second-place winner, missing the scores on the three tie breaker games by 45 points.

Janie Shelton, 106 Ave. B, Hereford, took third place, following close behind Clark, being only 47 points off on the tie breaker.

Roy L. Cosnell, Amarillo, and Bud Martin, Austin, followed behind these three with Gosnell missing the scores in the tie breaker by 54 points and Martin missing by 63 points.

**MEANWHILE**, competition for cotton bowl tickets to be awarded overall winners of the seven-week contest continued as a close race with three persons tied for the lead.

Jim Curtsinger, Joe Mack Hale, and Mrs. A. J. Schroeter, pulled into the lead for the cotton bowl tickets with each having picked 60 correct during the first four weeks of the contest.

Mrs. Zula Arney and Phillip Cain are tied for second in the race for the tickets, having picked 59 correct during the contest.

**CLOSE BEHIND** are Duane Albracht, Ronald Bridges, Muri May and Gene Waits with 58 correct.

Some of those entering the contest failed to enter the scores in the blanks by the tie breakers last week, and would have been disqualified had they been in the running for prizes.

Two of the entries also came in without any name on them.

**MRS. SCHROETER** is the only one of the top three in the contest who has been a weekly winner. She placed third in the second week's competition. The others have been consistently good guessers during the entire contest.

Following are complete results in the contest thus far:

## DURING WEEKS REST

# 'Faces Polish For Conference Slate

Although the Whitefaces will not see action Friday, Coach Jack Meredith still has plans for some fairly strenuous workouts.

This week the team has concentrated mostly on individual techniques.

**MOST OF** the work will be polishing out the rough spots in some of the plays. The men will not do much contact work during the rest.

Coach Meredith said the team will only practice enough contact hitting to keep the men sharp.

Meredith said he has been well pleased with the team's efforts during the first half of the season.

**"OUR LINE** shows improvement every week and last week our pass protection was at its best ever," said the coach.

"We could not have done as well passing if it had not been for the protection the line gave the passer," he said.

**"OUR MEN** also did a good job last week of containing Mike Wise, Lovington's ace halfback," he commented.

The coach said he hoped the men would profit by their mistakes and be prepared for Canyon and conference play.

The team held its mistakes to a bare minimum in last week's game with Lovington and in the game the week before with Lovelland.

**COACH MEREDITH** also said the line is showing improvement on defense. They opened in the line and put "the rush" on the Lovington passers during the second half of the game last week.

"In the past Hereford teams have been weak in getting to the opposing passer, but this team

Bob Ross, host pro at Bellevue in St. Louis, predicted a 284 score would win the U. S. Open this year. A score of 282 tied with Gary Player beating Kel Nagle in the 18-hole playoff.

Masters champion Jack Nicklaus tied for 32nd place in the recent U. S. Open with 299. Last year in the Open he tied for 23rd place with 295.

# TWO UNDEFEATED Three 'Face Opponents Chalk Up Grid Victories

By DAVID BUTLER

Three of Hereford's conference opponents chalked up wins last weekend with one going down for the first time in the season, and another taking the week off.

Canyon, Perryton and Tulla defeated their opponents in play Friday with Muleshoe dropping its first loss of the season to the tough Denver City squad.

**THE DUMAS** Demons took a week rest and got its players back into shape after being plagued by injuries.

Muleshoe was undefeated going into its game with Denver City. The Mustangs scored more points against the Mules than all of the other teams the Mules have played this year when DC doled out a 32-3 beating.

The Dumas Demons rated numbers one in the state and the Tulla Hornets are the only teams remaining in the 1-AAA conference with perfect records.

**TULLA** has a 5-0 record and Dumas is 4-0. Muleshoe and Hereford are tied with 4-1 records, Canyon has a 3-2 record and Perryton is on the bottom with a 2-3 record.

Mule Joe Adams booted a field goal for the only Muleshoe score of the evening.

Muleshoe could only gain 121 yards while the Mustangs dominated the game, gaining 318 yards.

**THE MULES** completed one of eight passes.

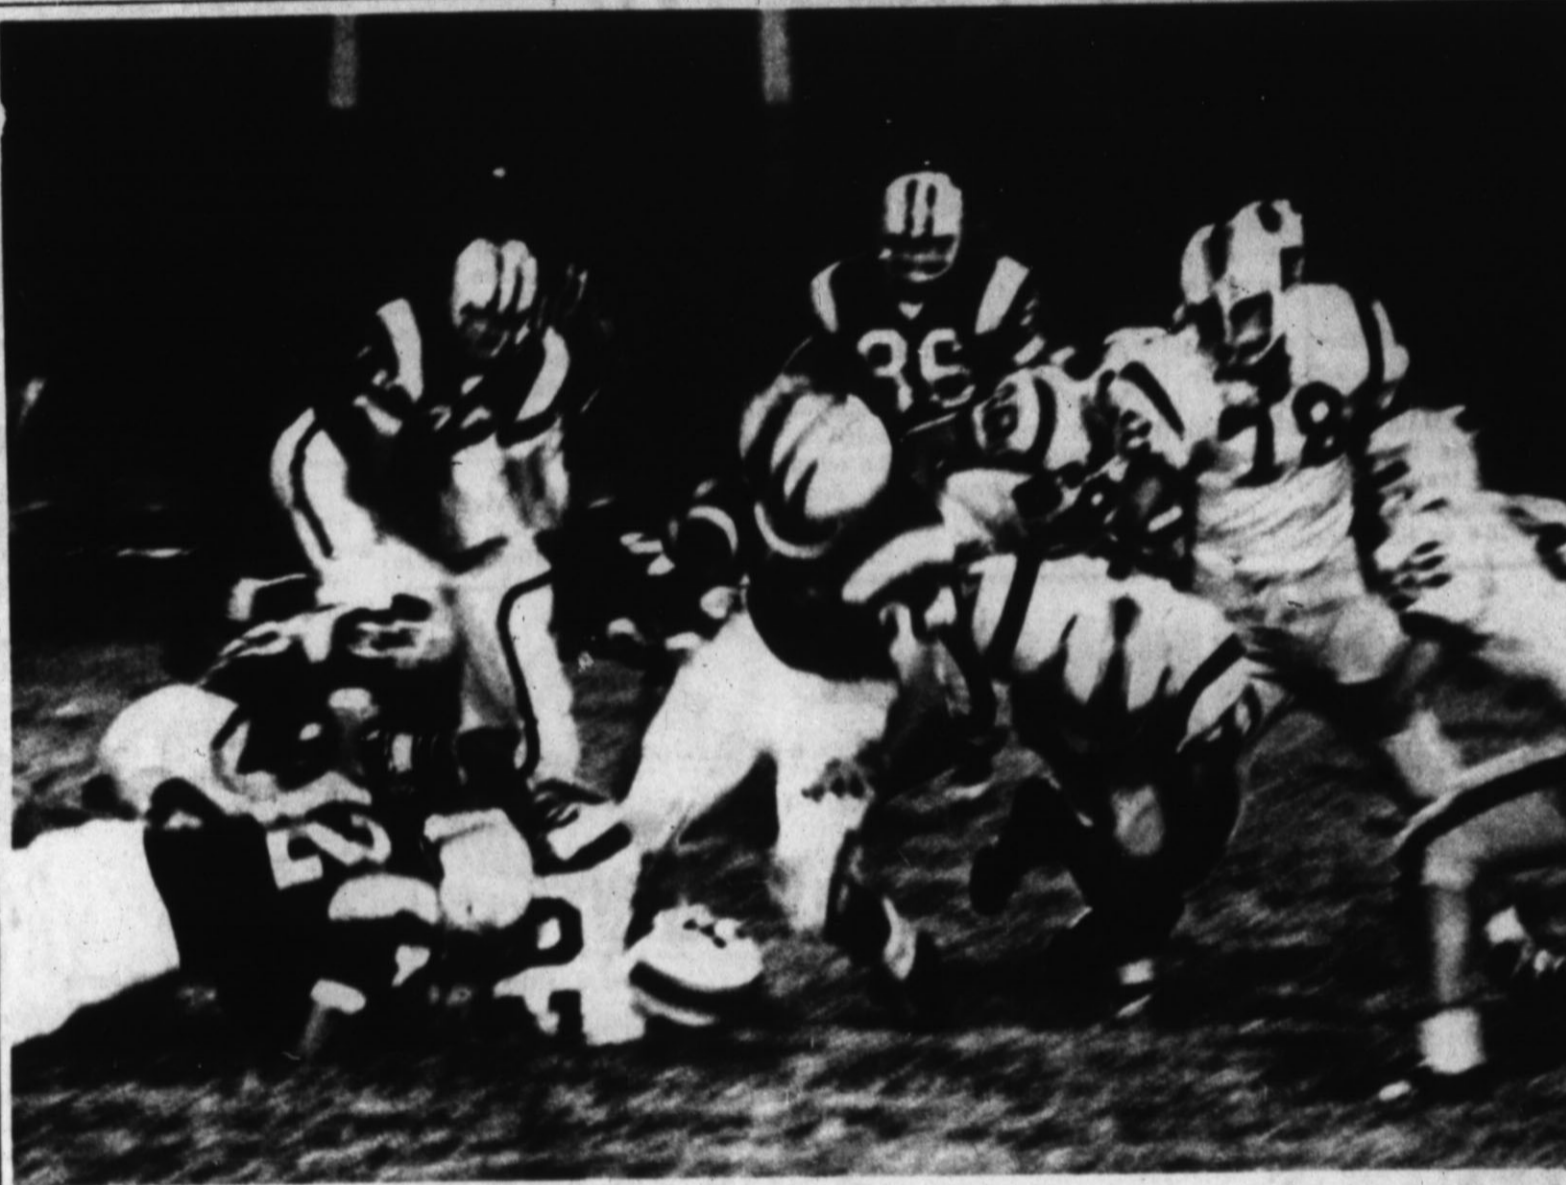

The Tulla Hornets survived a third quarter scare by the Tucumcari Rattlers Friday to rack up their fifth victory, 30-20.

Tulla finished the first stanza with a 13-0 lead on a 29-yard run by Tommy Shepherd and a 38-yard scoring pass play from quarterback Dennis Hardee to Larry Berry. Danny Cook converted after the second touchdown.

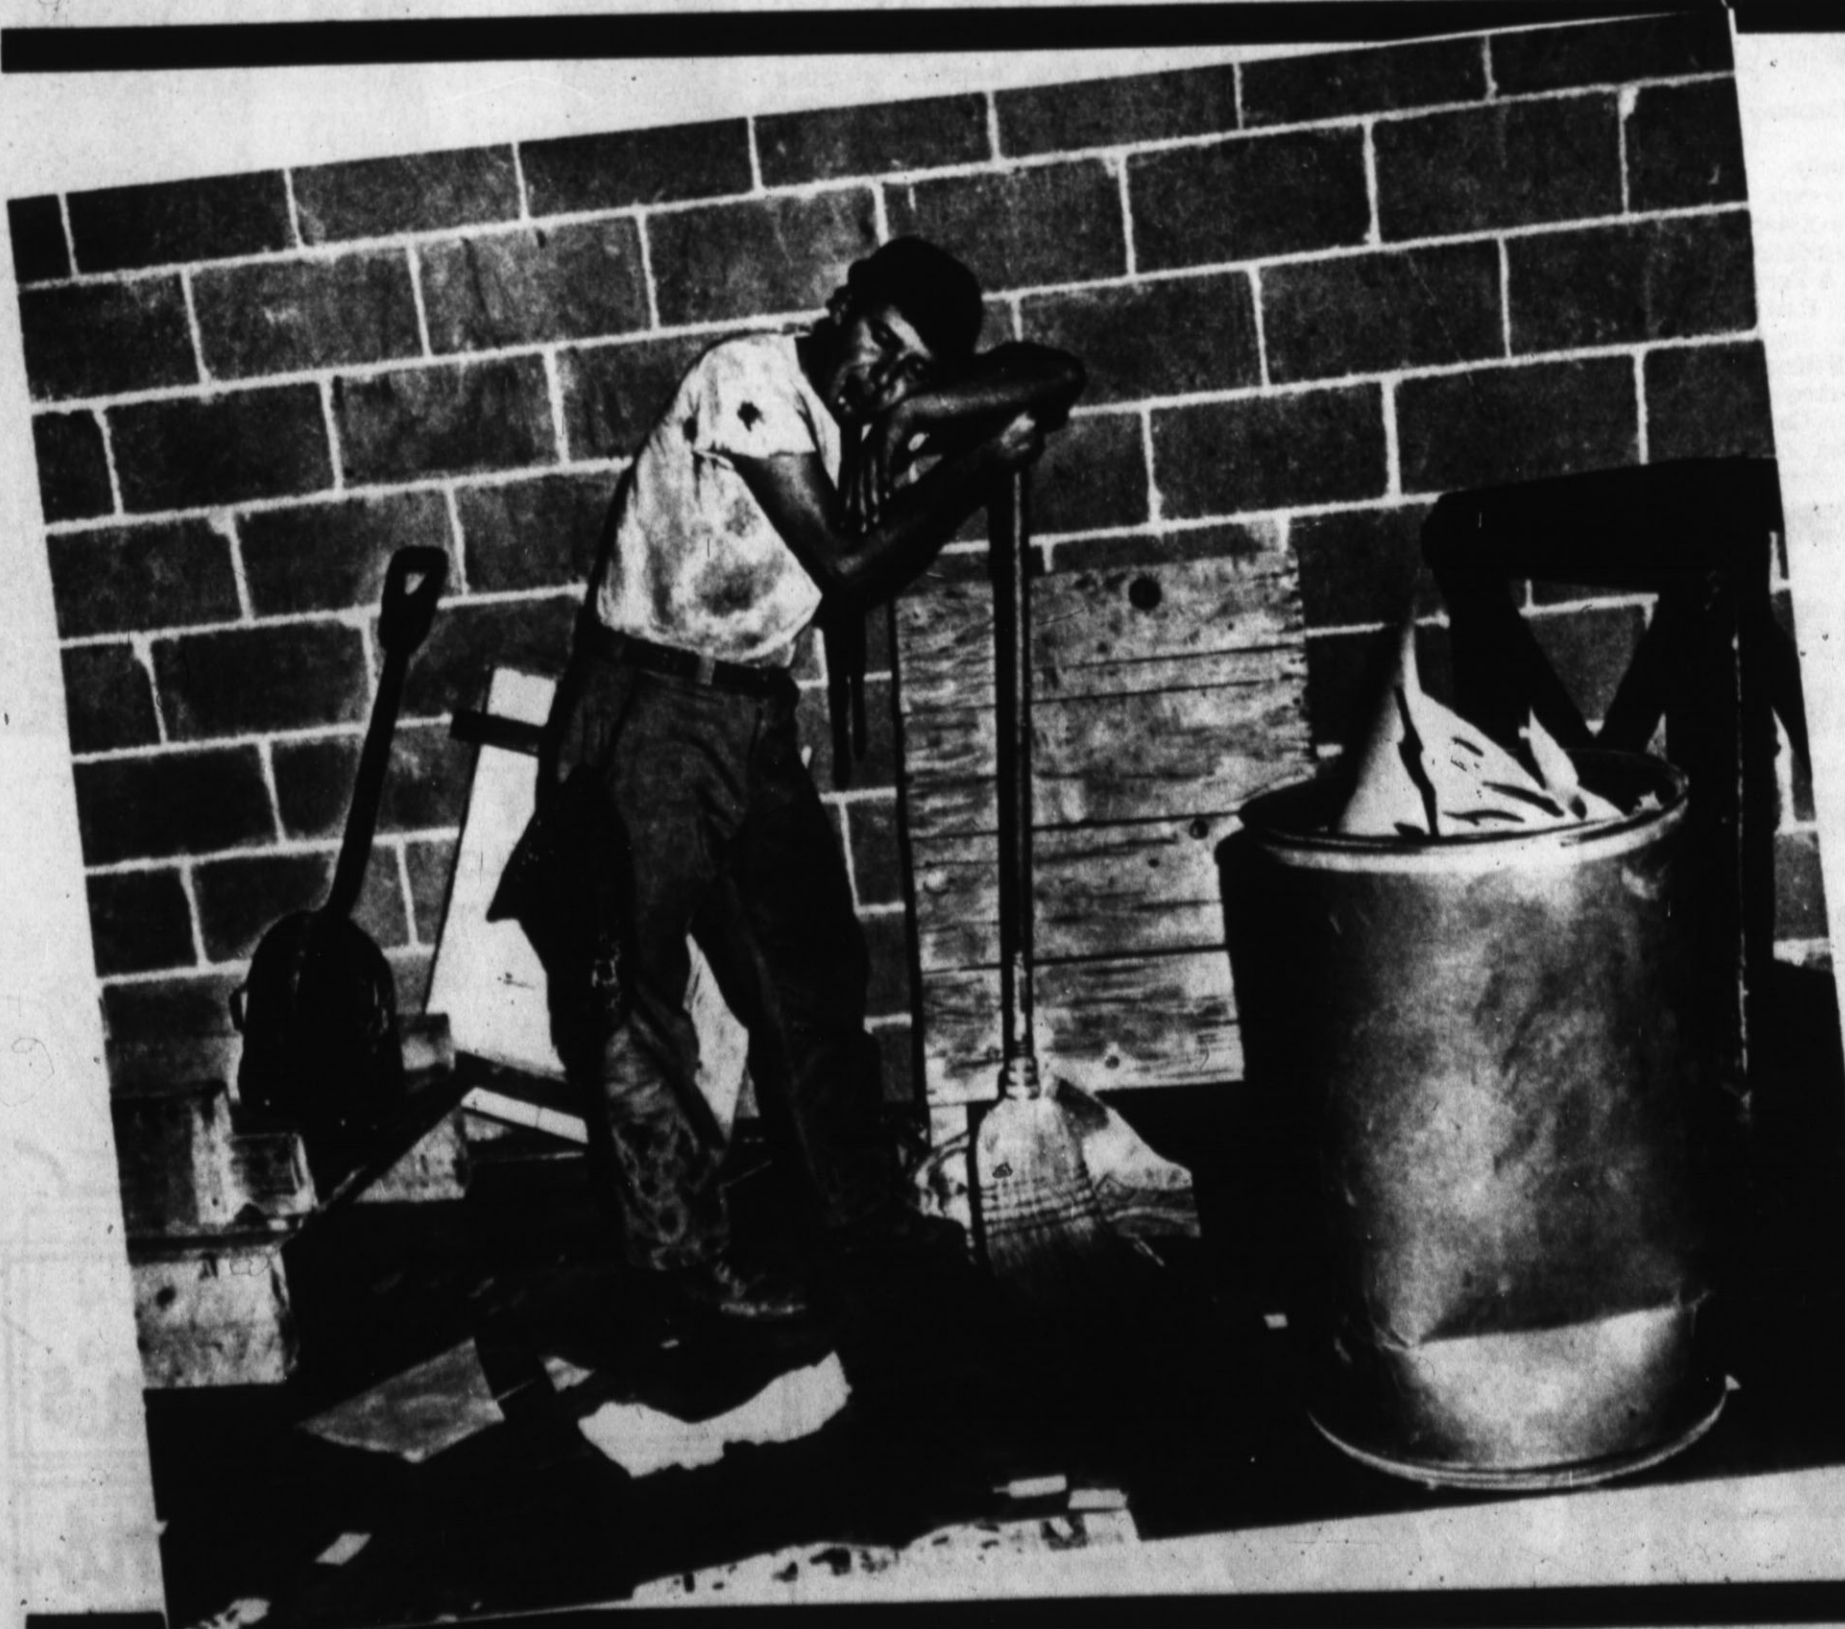

**TULLA** scored again on a trap play by fullback Darrell Smith. Tucumcari countered and by the end of the third quarter Tulla held only a six point lead, 26-20.

In the fourth period Tulla scored again on a 18-yard run by Fred Howell on a pitchout and on a three yard run by Darrell Smith. Cook converted following the last tally.

Dumas was idle last weekend, but will face Capitol Hill High School of Oklahoma City this weekend.

**THROUGH THE MIDDLE**—Wildcat Ross Walkup was set for a loss when he tried to gain yardage down the middle in Friday's clash with Lovington. Hereford defeated the 'Cats 33-6 in their last non-conference game of the season. The Whitefaces will open conference play here Oct. 22, amid homecoming festivities. (Staff Photo)

## Whiteface Frosh To Tangle With Estacado

The Hereford Whiteface Freshman team is the only ball club to see action this week other than the junior high teams which played Tuesday.

Whiteface freshmen will kick-off tonight at 6 p.m. here against Plainview Estacado.

**COACH HAROLD** Sides said he expects Estacado to be a tougher team than Plainview Coronado, which the Frosh beat 16-6 in their second game

and last week battled to a 0-0 tie.

Tom Lesly, halfback, will not see action in the game since he injured his knee last week in the game with Coronado.

The coach said the team will try some drop back passing for the first time this season.

**DURING THE** week the team has been working on the drop back pass both on the line and in the backfield.

Ends Donnie Fangman and Ollie Williams will both see limited action in the game. Fangman suffered a bruised arch and Williams incurred a bruised ankle in last week's game.

**JIM VICTOR** and Jim Scott are both potential receivers for any passes that the team may attempt.

Sheldon Alexander, right tackle, will be slowed in action somewhat by a pulled muscle

in his leg. "WE HAVE been real pleased with the boys thus far in the season," said the coach. "They have continued to improve each week."

The coach said if the team can avoid injuries and can take advantage of some of the bigger men on the team they should continue to have a good year.

### WT HEAD MENTOR

## Kerbel Pleased With Trinity Win

Joe Kerbel likes to win. In that respect he is exactly like every other head football coach in the country. However, the Buffaloes most recent conquest, a 34-6 triumph over Trinity, pleased the jovial head coach more than most.

Several players who had been on the second units showed well against the Tigers and will undoubtedly be called upon more often in the future. Depth was one of the biggest question marks at the start of the season, but Kerbel now has shored up some of the weak spots, depth-wise, and finds himself with two capable offensive backfields and some defensive personnel who can fill in adequately.

**BRIAN DEADY** had started the first three games at fullback and had scored three times but Kerbel gave the starting nod to Tom Moody, a transfer from Miami, Fla., and he responded beyond Joe's expectations. Moody rumbled for 101 yards in 19 carries, the first century performance by a Buffalo in 11 games, and blocked like a demon. So — Kerbel has two journeyman at the fullback slot.

Halfbacks James Cowell and Ronnie Mankin, both juniors, have started all four games to date, partly on scrap and partly because seniors Don Dennis and James Williams were hobbled by injuries early this year. Dennis and Williams showed their

stuff in the last quarter against Trinity by combining for all but the last four yards of the Buffs' 69-yard march to their fifth touchdown. Dennis has a 23.5 average for six kickoff returns and has brought a pair of punts back 28 yards. His 26-yard effort in that department set up the Buffaloes' fourth score.

**HANK WASHINGTON** has been the whole show for West Texas State at quarterback thus far, but senior Barry Johnour herded the Buffaloes 69 yards in the fourth period last Saturday. It was the longest scoring drive of the season by WTSU. Johnour called the signals of Dennis and Williams for the most part, but Deady went the last four yards in two tries.

Star linebacker Burl Wood was held out of Saturday's skirmish because of an injury, but Billie Francis filled the gap adequately. Richard Reneau of Phillips performed the same service against Arizona State when Dave Gasser was ejected early in the second period.

Roy Armentrout was hurt in the second quarter and Doug Kriewald handled the right end position admirably the rest of the way. It cost Trout the team receiving lead as left end Ted Wheeler now has 15 catches to 13 for the Azle Sorreltop.

Kerbel's hope that the Buffs could get by until the second units could be drilled into adequate replacements has become a reality.

## Baker Tees Off In Regional Tourney

Bob Baker, Hereford, has qualified to participate in the Hogan Design Board championship tournament October 13-14 in Fort Worth, Tex.

Baker, pro at John Pitman Country Club, posted a 145 at the Hogan regional tournament held at Amarillo Country Club to qualify for the championship links show. His 145 was 13th among the qualifying scores posted at tournaments held throughout the nation.

He won the top regional prize money of \$150, as well as his expenses to Fort Worth. Last year Jim Harris of the Horizon Golf Club in El Paso won the regional tournament and finished in a tie for 17th at the championships.

A total of 21 players, winners of area qualifying tournaments throughout the nation, will participate in the championship match at Shady Oaks Country Club in Fort Worth. The tournament will be 36 holes, 18 played on consecutive days.

Total prize money of \$8,500 will be up for grabs, with the winner taking home \$3,000, runner-up \$2,000 and third place \$1,000.

The \$40,000 Hogan tournament is staged exclusively for members of the Ben Hogan Design Board, golf professionals who advise the AMF/Ben Hogan Company in the research and development of golf equipment.

Winner of the first annual tournament was Sam Reynolds who posted a 144 in 1964. Reynolds

was playing out of Springfield, Mo.

### Big Game Season Now Underway

The Texas big game harvest in some counties opens Friday, October 1, half an hour before sunrise when bow and arrow hunters go after deer, turkey and javelina. High powered rifles go into action against antelope in three areas on Saturday, October 2.

**P.B. UZZELL**, coordinator for wildlife in the Texas Parks and Wildlife Department, said the archers will have plenty of targets but the riflemen will be restricted to a fair number of antelope west of the Pecos and in the Possum Kingdom area and the Panhandle. Antelope hunters must obtain permits from landowners.

The regular big game season does not open until November 13 in most counties operating under regulatory responsibility of the Department and November 16 in counties functioning under state law.

In nine Edwards Plateau counties archers will be permitted to bag antlerless deer for the first time. Archers hunting antlerless deer must secure an antlerless permit from the landowner before beginning their hunt.

**UZZELL** cautioned bow and arrow hunters to contact their

game wardens if in doubt about the regulations in the areas where they plan to hunt. Chambers of Commerce in most areas also maintain liaison between hunters and landowners.

The wildlife coordinator said antelope permits in all three areas open are scarce, particularly west of the Pecos where herds were reduced by poor habitat attributed mainly to unfavorable weather from 1962 through 1964. The limit in all three areas is one antelope, sex depending on permit designation.

# COOPER'S

TO BE VOTED NOV. 2

# Lines Formed For Debate On Constitutional Changes

By VERN SANFORD  
Texas Press Association  
AUSTIN, Tex. — Campaigns now are underway for and against the 10 proposed constitutional amendments to be voted on November 2.

However, little is being said on behalf of perhaps the most controversial of all the proposals — extending the terms of office of the governor and other statewide officials to four years. Gov. John Connally promised an all-out drive for it. Organized labor strongly opposes the term stretch-out.

A 46-member committee of leading citizens, headed by Dallas banker Ben H. Wooten, is pushing Amendment 1 to increase the state college building purposes from five to 10 cents. Opposition to the tax increase is developing in San Antonio.

State Bar Association is battling for Amendment 8. It provides for automatic retirement of over-age judges and sets up a commission to recommend disciplinary action against misbehaving judges.

A VARIETY of groups have kind words to say for Amendment 2 to increase the Veterans' Land Fund to \$200,000 and revive the program of long-term, low-interest loans to veterans

for farm-ranch land buying. But there is opposition here, too.

Other amendment proposals: Permitting Texas' participation in cooperative federal-state programs of assistance to and medical care for aged, needy, handicapped; clarifying investment authority for the board of trustees of the teacher retirement system; authorizing the Legislature to set up an \$85,000,000 student loan fund; exempting certain hospitals from local property taxes; permitting the Legislature to raise salaries of Speaker of the House and Lieutenant Governor and to increase lawmakers' expense allowances from \$12 to \$20 a day; and lengthening terms of state representatives from two to four years.

Many observers have expressed concern that opposition to the four-year-terms amendments may spread over to other less controversial measures. A light voter turnout is forecast.

ILLNESS STRIKES GOVERNOR — Flu confined Governor Connally to his bed all last week.

On advice of his doctor, he cancelled speeches in El Paso, Paris, Houston and Dallas. He's taking no chances on a relapse, since he is scheduled to leave

the country for Japan and Vietnam on a State Department — sponsored tour for governors late this month.

TEXAS BUYS PLANE — State is buying, for \$85,000, a used, 11-passenger twin-engine airplane for use of the governor and other state officials.

Legislature this year appropriated \$275,000 for purchase of the plane and allotted another \$150,000 to maintain it. But Connally elected to save money and invest in a time-tested used model which has been completely reconditioned and equipped with latest safety and communications equipment.

COURTS SPEAK — State Supreme Court, reversing lower Courts, threw out State Comptroller Robert S. Calvert's cancellation of Houston tobacco wholesaler Mair J. Schepps' ("House of Tobacco, Inc.") state permit.

Court, in one of its 114 rulings opening day of its 1965-66 session, said Calvert's cancellation was unconstitutional because he held no hearing on case.

Harry M. Harrington Jr., Longview oilman, asked court to throw out as unconstitutional the law under which attorney general has brought more than 100 civil penalty suits against slantwell operators and won more than \$1,600,000 in penalties for state. Harrington, with three others, was assessed \$304,800 in penalties.

High court in other cases: Agreed Shell Oil Company should be permitted to install its trademark on seven service stations leased from El Paso Natural Gas Products Company.

Declined to review lower court dismissal of Lower Neches Valley Authority suit against City of Beaumont.

Set a hearing December 1 in controversy over Hurricane Carla insurance claims.

Rejected effort of Corpus Christi lawyer to get two other attorneys disbarred.

RECORD LEASE SALE REPORTED — Land Commissioner Jerry Sadler said addition of \$6,800,000 from last state oil and gas lease sale of 1965 brought the year's total to a record \$85,000,000.

Sale covering 131,660 acres of land located throughout the state averaged over \$52 per acre on bonus payments. High bids were made by Phillips Petroleum Company which paid \$293,780 for each of two Gulf of Mexico tracts in Brazoria County.

All leases, except four river and bayou tracts, were awarded by the School Land Board for five-year terms and a one-sixth royalty on production. River and bayou tracts were leased for two years.

New income boosted permanent public school fund to over \$852,000,000.

Threat of a Texas embargo on Mexican cotton was ended last week with the signing of a new agreement by U.S., Mexico and Texas regulatin planting on both sides of the border.

Agreement, reached in two-day conference at Brownsville and Matamoros, set planting dates of February 1-March 31; stalk destruction deadline at August 31; and plow-up by September 15. Experimental late planting would be permitted only at agricultural experiment stations in Matamoros and Rio Grande Valley Areas.

Atty. Gen. Waggoner Carr has ruled a Commissioners Court may not lease a county hospital if the lease allows the lessee to encumber the land, buildings and equipment. The court may not create debts in any manner other than time warrants or bonds duly voted upon by the property holders of the county.

In other rulings, Carr said: Commission for Indian Affairs may execute long-term leases with federal agency for public housing on tribal land — but

only with approval of a majority of Indians on Alabama-Coushatta Reservation.

Reserve for bad debts and reserve for bond depletion for First Lockhart National Bank are not taxable to bank, but should be taken into consideration in determining value of bank stock for ad valorem tax purposes.

Tabloid "National Informer"

and "National Tattler" publications meet test of "weekly newspapers."

Parks and Wildlife Department is authorized to participate in Land and Water Conservation Fund Act and receive federal grants-in-aid.

MODERN STATE PARKS — Texas Parks and Wildlife Department has released a full color film, available to clubs and various other groups, depicting the step-by-step conversion of areas into public recreation parks.

Film shows how state funds have been put to use in modernizing state parks all across Texas.

DRAFT TALK — Young men who married before August 27 may be called for physical-mental examinations by some Texas draft boards in November. This,

to help fill the Texas quota of more than 4,000 men.

Col. Morris S. Schwartz, State Selective Service director, said the decision was made because some local draft boards may not have enough men otherwise.

Order doesn't pertain to married men with children.

Draft-age men are warned by Selective Service that it's a criminal offense to mutilate draft cards and subjects draftees to five years imprisonment, a fine up to \$10,000, or both. Destroying a card can speed up induction warning said.

APPOINTMENTS ANNOUNCED — House Speaker Ben Barnes named Rep. Steve Burgess of Nacogdoches to South Central Interstate Forest Fire Protection Compact Advisory Committee.

He designated Reps. Neil Cald-

The Hereford Brand, Hereford Texas, Thursday, Oct. 14, 1965

well of Angleton, L. DeWitt Hale of Corpus Christi and Renal B. Rosson of Snyder as delegates to conference on workmen's compensation and rehabilitation in Oklahoma City this week.

Barnes appointed Reps. W. T. Dungan of McKinney, John Ray Harrison of Pasadena, Alonzo W. Jamison Jr. of Denton, George H. Richards of Huntsville, and Vernon J. Stewart of Wichita Falls to the House Interim Committee of Juvenile Crime.

State Securities Commissioner William M. King announced addition of J. Alan St. John to his staff as securities analyst. Other additions announced by King: attorneys Dain Whitworth, J. E. DeVilbiss and Hugh Wright; and securities analyst Lewis Keith.

TEXTBOOK PROTEST — A total of 324 textbooks are be-

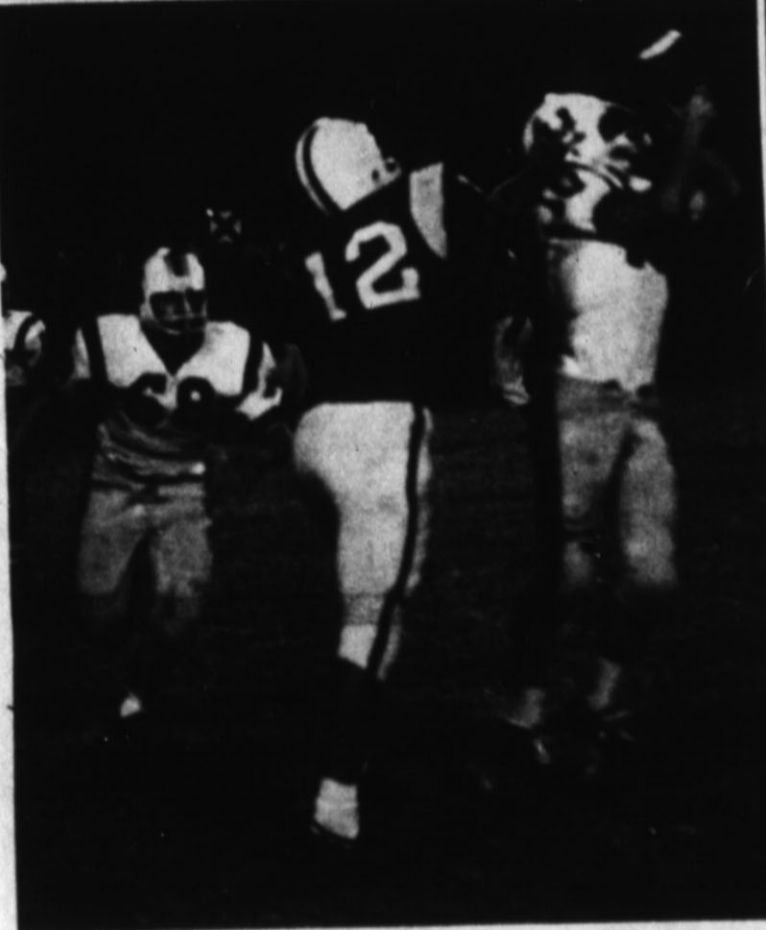

ing studied by the State textbook Committee for possible adoption in Texas public schools, but five are being protested.

All of the books deal with Economics, and all houses involved have filed answers to the protests. Mr. and Mrs. M. F. Gabler of Longview.

MENTAL RETARDATION — First Governor's Conference Mental Retardation, climaxing a two-year statewide study of the problem, will be held March 17-19 in Austin.

Conference will be charged with the task of providing recommendations on how to provide a better life for he mentally retarded.

Twelve task forces developing a tentative state plan to combat the problem have slated October 16-17 meeting in Austin.

INTERCEPTS PASS—Hereford halfback Gene Drummond intercepted this pass intended for Lovington's Phil Harris Friday night. The Whitefaces began the game in Lovington slowly during the first quarter, but warmed up to a 13-0 lead by the end of the first half. The Whitefaces returned to defeat the Wildcats 33-6, giving Hereford a 4-1 season record. (Staff Photo)

## Prison Rodeo Dates Set

HUNTSVILLE, TEXAS — Roger Smith, star of the current television series, "Mr. Roberts" and television series, "77 Sunset Strip", has been signed to appear as guest star at the October 17th performance of the 34th Annual Texas Prison Rodeo, H. H. Coffield, C hairman of the nounced Friday.

The announcement was made after Coffield received word from Roger Miller that due to a throat ailment which has persisted for several weeks he would be unable to fulfill his engagement.

Smith gained national fame in the "77 Sunset Strip" television series in which he starred as Jeff Spencer. Because of his stellar performances in the popular weekly "private-eye" series, Smith was selected to play the lead role in the current NBC TV series, "Mr. Roberts."

This handsome star has added to his popularity through a series of personal appearances in

which he has demonstrated his stated rare musical abilities.

Coffield stated, "We are indeed fortunate in obtaining the services of this outstanding entertainer that he will be a crowd-pleaser and will attract fans from all over the Southwest. ies of this outstanding entertainment celebrity. We are conthat he will be a crowd-pleaser and will attract fans from all over the Southwest.

Smith will share honors with a host of convict riders and inmate entertainers to round out the greatest show of its kind in the world.

## 'BAKER STREET' IN LONDON

LONDON (AP) — Broadway's musical comedy about Sherlock Holmes, "Baker Street," is scheduled for presentation here next year.

Sponsors of the exhibit are to be Alexander H. Cohen, its New York impresario, and Bernard Delfont. The budget is set at \$300,000, compared with the \$545,000 cost of the original version.

REP. ROGERS REPORTS

Heated Controversy Seen On Many Congress Actions

According to some accounts, Congress has done so much work this year there will be little to do next. This is not going to be the case. While some history-making bills were enacted in this First Session of the 89th Congress, next year's Second Session seems certain to bring another long list of proposals. Some of these future actions already have been forged in Congressional committee hearings, deliberations and decisions, the essential preliminaries to consideration by the full House and Senate. Congress is expected to adjourn within a few days, but committee activity will continue at an abbreviated pace as legislation is shaped for consideration in 1966.

CONTROVERSY of the most heated kind has marked much of the legislation enacted in the two years of the 88th Congress and in this first year of the 89th. Every citizen of the country is affected in direct ways by new programs in taxation, defense and foreign affairs, education, public health and welfare, agriculture, transportation, and a number of others. In 1966, Congress must give careful reviews to these programs to determine whether they are producing the results promised by those who advocated their adoption. Whether the process is to be called "revision," "reform," or "reorganization," Congress must seek improvements through amendments. I hope Congress will have the courage to terminate programs that cannot be made effective. The opportunity to do so will come as the House and Senate act on appropriations for Executive Branch departments and agencies and the activities they conduct. For example, I have for years sought to end

the inefficient and ineffective foreign aid program by working and voting against the appropriations bills as well as the bills authorizing foreign aid activities. It's this simple: No foreign aid appropriation, no foreign aid program. And those who would downgrade the Constitutional role of Congress should bear firmly in mind that Congress holds the Federal government's purse strings.

The year 1966 could be the year in which Congress exercises what is too often a neglected responsibility, that for conducting what is called "oversight of administration" or "legislative oversight." These terms simply mean that Congress, having authorized and funded a government activity, has a responsibility to see that it functions as Congress intended. Thus, Congress "oversees" program administration by conducting reviews and investigations. In a second sense, Congress checks for "oversights" — things it failed to take into account — in the original legislation authorizing a program or activity. Major Congressional investigations are often held in the exercise of this vital function. An example of one such highly publicized probe was the television quiz show investigation conducted by the House Interstate and Foreign Commerce Committee's subcommittee on legislative oversight, of which I was then a

member. Purpose of the hearing was not only to expose the deception practiced against the public through rigged TV quiz shows but also to formulate new legislation giving the Federal Communications Commission and the courts authority to deal with such abuses in the future. I HAVE OFTEN pointed out that Congress sometimes enacts major legislation without providing sufficiently detailed guidelines to insure that Congressional intent is carried out. Measures too broadly outlined become distorted in the hands of bureaucrats who administer them. When administrators are given the ability to fill in details of loosely drawn legislation they are, in effect, legislating. Congress not only has abdicated its responsibilities, it has also permitted further erosion of the constitutional principle that the Federal government is to consist of three separate and distinct branches. A year in which exercising the "legislative oversight" function is paramount could be as productive, in its way, as this year has been. By concentrating on this area of its responsibilities, Congress could regain its proper role in supervising Government operations.

NEWS TO THE LINE

WEST POINT, Ky. (AP) — Eddie Hart can't seem to get away from the 38th parallel. He became acquainted with it during the Korean War while serving in the armed forces; now he walks across it at least six times a day. The same 38th parallel, which divides North and South Korea, also cuts through West Point, where Hart is a postman.

SPEAKER AT CHURCH—Genevieve Parkhurst, widely known speaker and writer, will speak in the chapel of First Christian Church at 8 p.m. today. With her husband, Dr. George Parkhurst, a retired Methodist minister, she is visiting in Hereford enroute to California where both have speaking engagements in a Prayer Mission. The Parkhursts live on a ranch near Woodward, Okla. They are guests here in the home of Mrs. W.E. Dameron, 815 Park Ave., and will also visit the Dameron Ranch.

Hire-A-Hobo Project Slated To Benefit FIAA

Hobo Day has been scheduled by Future Homemakers of America members at Hereford High School for Saturday, when they will "hire out" to do any odd jobs available and accept pay according to the employer's satisfaction. To engage one of the job-seekers for a day's work or shorter chore, prospective employers

may telephone Jane Wilhelm at 276-5672, Jane Messick at EM 4-2491, Connie Watson at EM4-2178 or Cathy Young at EM4-6389 or before Saturday morning. The work day is one fund-raising project of the FIAA, to earn money for club activities of this term. When potatoes are to be put in the oven with a meat loaf, bake some extra spuds. Cool the extra potatoes and refrigerate. Next day, peel the potatoes and dice; mix with a thin or medium white sauce and heat on top of the range. Nice idea for summer!

Delta Xi Chapter Plays Hostess At Area Meet

A score of women from Hereford were among members of Delta Xi Chapter who acted as hostesses to the fall regional meeting of the Delta Kappa Gamma Society International at Dimmitt Saturday. The region includes chapters in the Panhandle and as far south as Plainview.

Registration totaled 126 for the one-day convention. Plainview was chosen as the 1966 regional meeting place. Theme of the meeting was You Have the Key and the principal speaker was Dr. Madge Davis of Wichita Falls, past state president of the women teachers' society.

Her subject was "Open Sesame" and she emphasized that the master key to the future is the individual, urging honest self-evaluation as the first step toward achievement. Topics for the morning program included Key to Increased Attendance, Key to Better Schools, Key to Importance in Your Community. Mrs. Evelyn Laney of Amarillo, serving as regional direc-

tor, presided for the general session in Dimmitt High School auditorium and Miss Hazel Merritt of Dimmitt, president of the host chapter, for the luncheon. Miss Della Stagner of Hereford acted as regional secretary.

Others present from Hereford were Misses L.C. Thomas, J.J. Durham, H. V. Crawford, Earl Holt, Charles Bell, Jim Beckwith, Claude McDougal, Fred Welch, Sam Hatfield, Kent Searce, J. D. Neill, Caudle Ota Brown, K.T. Legg, Wallace Combs, V. F. Walker, Tolbert Painter, Fritz Christman; Misses Lucille Park and Erna Walker.

This is my Tithe. Let us not attempt to 'Tip' God for His benefits. Jesus said, "Bring ye all the tithes into the storehouse, and I will pour you out a blessing, that there shall not be room enough to receive it." Mal. 3:10. Jews and Christians agree that a tenth part of one's income is the accepted tithe. He said, to those who fail to give back a tenth part . . . "ye have robbed me in tithes and offerings."

"The Earth is the Lord's and the fullness thereof"; Psalms 24:11. May we write our tithing check freely. May we give back to the Lord a tenth of what He has so graciously and so abundantly given us. It is God's plan for financing His church. Christ approved it as the best way to carry on His work in the world. This is My Tithe.

# Party Salad Is Pretty

By SUE COLEMAN  
Women's Editor

A ranch near Del Rio was the girlhood home of Mrs. Johnny Clark, wife of the new superintendent of Hereford Public Schools. Rather, it was one of two homes; the other was a place in town which her parents bought in the custom of Texas ranch families as a residence during months while there were children in school.

AS TOMMIE Glen Billings, she grew up in and near Del Rio and was graduated from high school there. Vacations and often weekends the family spent on the ranch and as a normal activity pretty blonde Tommie Glen learned to ride houseback.

That background accounts for her teenage sons' liking for and adeptness in handling horses. They have turned a hobby of breaking and training horses into something of a business, an unusual pursuit for boys of their age. They own and ride horses, but Mrs. Clark has stopped riding since it aggravates a "bad back" which causes her discomfort.

She has settled into a busy routine since the Clarks moved to Hereford last June from Olton and her husband began work as school head. She is active in the Central Church of Christ and has become a member of the Valeda and Hereford Study Clubs.

SHE HAS been a participant in Parent-Teacher groups wherever she has lived, with an interest in schools based on her husbands work as well as on the needs of her children who are now in three different school levels. The only daughter, Joy, is 11 years old, Jimmy 14 and Johnny 16.

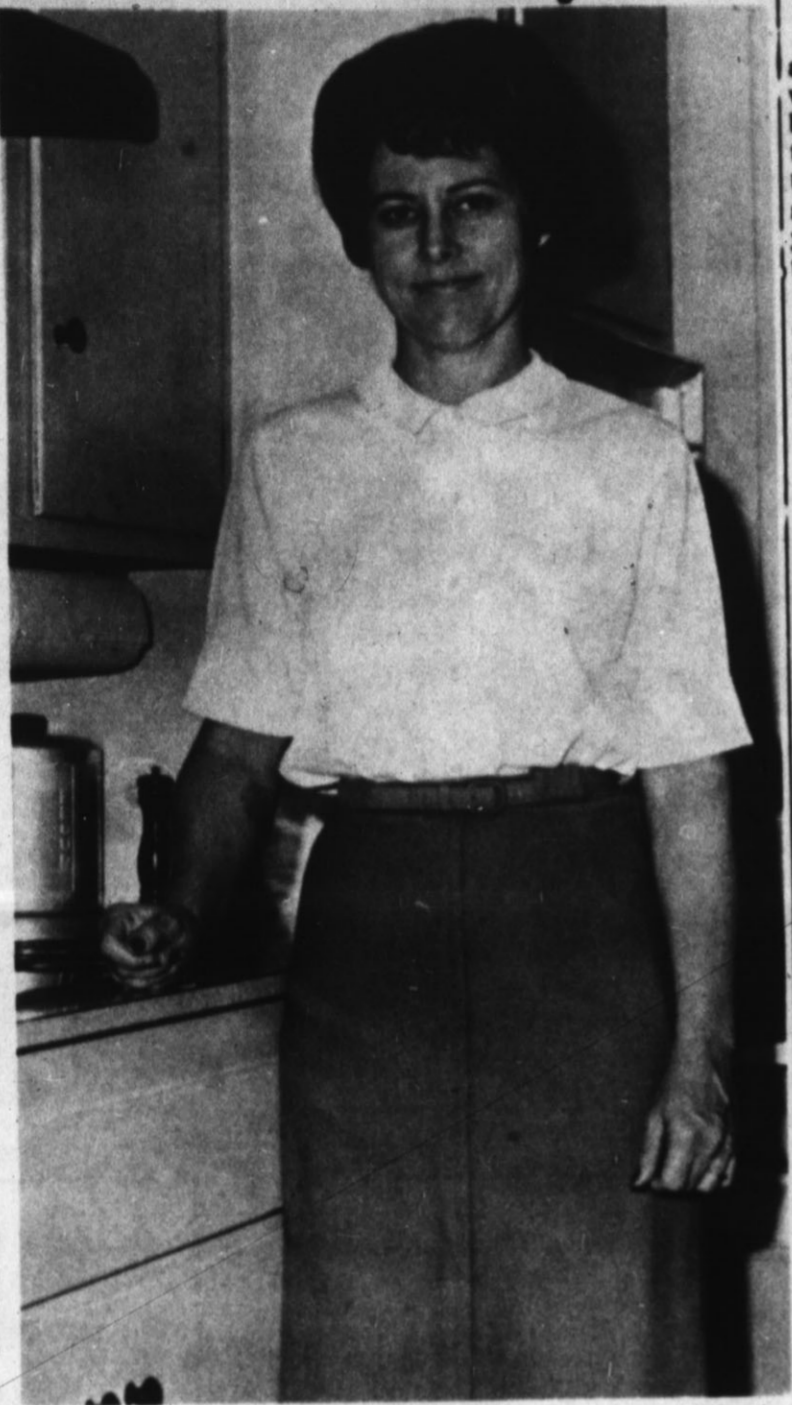

Mrs. Clark taught for several years but believes that her children need more of her attention now than she could give with a job outside her home.

Most of her life has been spent in West Texas, from her birthplace in the far south area to Hereford, including student days in Sul Ross College at Alpine, residence at Ozona in the southwestern ranching section and Olton, where the Clarks lived before moving here. A part of her college training was in Arkansas, however; she attended Harding College at Searcy.

Asked for a favorite recipe, Mrs. Clark supplied one for a company salad which would be ideal for serving at a women's club meeting:

**FROSTED SALAD**

- 2 pkg. lemon jello
  - 2 cups boiling water
  - 2 cups gingerale (or a tangy drink such as Sprite or Seven-up)
  - 1 20-oz. can crushed pineapple
  - 1 cup miniature marshmallows
  - 3 large bananas, sliced
  - 1/2 cup chopped nuts.
- Dissolve Jello in water, add gingerale and let chill until partly set. Drain pineapple and save juice for topping. Fold in pineapple, marshmallows, bananas

Mrs. Johnny Clark  
... homes span West Texas

and nuts. Chill firmly.

**WHIPPED CREAM TOPPING**

- 1/2 cup sugar
  - 2 tsp. flour
  - 1 cup pineapple juice. Add other juice if that drained from pineapple does not make cupful.
  - 1 egg, slightly beaten
  - 2 tsp. butter
  - 1 carton whipping cream
  - 1/4 cup grated American cheese
- Combine sugar and flour in saucepan, stir in juice and egg. Cook over low heat, stirring well. When thick add butter and chill. Stir in whipped cream. Spread on jellied salad and top with cheese.

Other fruits and other flavors of gelatine may be used for this salad. The amount may be stretched to 20 servings by using two cartons of cream.

**SON IS VISITOR**

Robert Bicknell Jr. returned last weekend to his home in Alexandria, La., after a week's visit with his mother, Mrs. Jettie Bicknell, 115 Catalpa. He was discharged Sept. 30 from the U.S. Air Force after 22 years service. He and Mrs. Bicknell are making their home in Alexandria, where she resided while he was in military service.

**Card Of Thanks**

Sincere appreciation for all the thoughtfulness and kindness shown during our recent time of tragedy and sorrow is offered by Dale Dickson and family to the many who helped. We are deeply grateful to those who came to comfort the family, brought books of prayers, sent beautiful flowers to the home or the church, brought food and served the meals. Thanks to the many who extended their assurance of sympathy and prayers. All these things are so meaningful at a time such as this. A special word of gratitude is extended to the Gilliland Funeral Home and to Brother B. L. Davis and Zack Pannell for the most helpful and comforting funeral service which they directed. Such assistance and comfort at such an hour will long be remembered in our prayers as we offer thanks for all that was done.

## —Small Talk—

By SUE COLEMAN  
Women's Editor

Among numerous things which are no concern of mine, but which bother me anyhow, has been the tendency of children in this air-conditioned and TV-entertained age to stay indoors instead of running around over yards and vacant lots where they belong.

Maybe it is mostly a matter of weather, however. In the recent fine days I've seen more youngsters out playing than in many a month past. And it's certainly a pleasant sight.

Last Saturday in one block between town and the hospital there was a whole crowd (well, maybe four or five) of small girls skipping and skittering along, shepherded by a girl in the early teens who was guiding them across a street, then a junior high-sized boy hosing down a driveway and, across the street, two younger lads testing a tree for climbing.

IN ANOTHER part of town a small girl was energetically skating while two more were teetering on a curb and a nearby front lawn was taking a beating from a neighborhood football game involving at least a dozen assorted boys.

That all looks much more normal to me than the still figures hunched before cartoon comedies in the living room, ig-

noring the yard full of expensive play equipment. But maybe we all worry too much about how the children amuse themselves.

For quite a while now, warnings have been given about the poor state of physical fitness in American children, with notes that they stay indoors too much, don't get enough exercise, etc. But they keep growing up into healthier-looking specimens than their parents.

More than likely we only feel that they can't do too well because they aren't following our program of growing up. And look at us!

ADD ORGANIZATIONS in Hereford which offer membership to anyone interested in their activity: The Women's Golf Association and the Duplicate Bridge Club.

The latter group meets at 7:30 p.m. every Thursday in Community Center. Anyone who would like to join the duplicate players but needs a partner is invited to telephone Mrs. Dick Gholson or Mrs. F.W. Hill.

Women golfers play on the John Pitman Municipal Course two afternoons a month and meet for periodic luncheons at Hereford Country Club. Mrs. Jim Easley is president now, although new officers will be elected at the luncheon next Tues-

day.

OLAMAE WADE was telling some fellow members at a recent Business and Professional Women's Club meeting about her cabin near Ruidosa, describing the wood-burning cook stove and other equipment which made it sound quaintly primitive.

Then she casually remarked that since it was completely furnished, in its way, she could go up for a weekend without taking cumbersome gear, only she always takes an electric

blanket in case the nights are too chilly. Primitive?

Well launched into another term as reporter for the Bay View Study Club, gracious Mrs. D.H. Alexander remarks that she rather enjoys a club reporter's duties and at any rate it is no new task for her since she reported women's activities from the Presbyterian Church here some 20 years.

Sounds to me as if she has earned her degree in journalism!

# Introducing the tuned car. 1966 Buick.

What makes a car a car is styling, performance, ride and handling. Only when they're all tuned together is the car a Buick. Like this 1966 Riviera Gran Sport.

You know how well your car's engine runs after a tuneup? Buick tuning has the same effect on the whole car. Not just the engine. The whole Buick. Everything blends with everything else. Styling. Performance. Ride. Handling. All tuned to work together in harmony. That's what the tuned car is. A Buick. Only Buick is the tuned car. (And every Buick is the tuned car.) What the tuned car is is a masterful blending of all the things that make a great car greater. The Riviera for 1966 is the tuned car. It features six-passenger seating, disappearing headlights, a silently efficient new ventila-

ting system and the kind of roadworthiness you'd expect in a car that costs twice as much. (You can get a Riviera for your desk as well as your garage. Send \$1 in check or money order to Riviera, P.O. Box 68, Troy, Mich., for an accurate 1/25 scale model '66 Riviera.) But Riviera's not the only tuned car. Le Sabre is, too. And Wildcat. Electra 225. Special. Skylark. Sportwagon. See them all at your Buick dealer's. The tuned car may not mean much to you now. But then you haven't had a chance to drive one yet.

Wouldn't you really rather have a Buick?

There's an authorized Buick dealer near you. See his Double-Checked used cars, too.
