

Hereford Territory Emerges From Worst Ice Storm In History

AROUND TOWN

Sights and Faces Seen
or
Necessity Is The
Mother of Invention

FOR SALE OR TRADE: All those kerosene lamps I bought Monday. See Mrs. M. O. Green at Penney's.

If all the candle drippings in Hereford were one big drip it would be one h-l of a mess.

Filling stations with hand pumps came into their own during the storm, and business was reported "very good." Some stations with electric pumps sold gasoline from barrels.

Many calls were received by the Hereford Locker and Cold Storage from people worried about their meat. All meat is safe, Mrs. Hopson said today. Temperatures in the chill room rose only three degrees and in the locker room about eight degrees. Normal for the chill room is 32-35 and 10-12 in the locker (Continued on Page 10)

Delinquent Registrants Are Sought By Board

Announcing that several registrants have failed to comply with the Selective Service Act and are subject to fine or imprisonment or both, the Local Board is asking that anyone knowing the whereabouts of the delinquent persons please notify the board or the persons listed, so that they may have a last chance to comply with the law. Names, order numbers and addresses which the registrants have are listed below:

Jack Flowers, 107, 113 Main Street, Hereford; Guy Edwin Elkins, 134, Hereford; Arthur Frank Davis, 114, Hereford; Charles Willis Gresham, 116, Rt. 1, Canyon; Quince G. Williams, 189, Hereford; Elton Lonzo Marshall, 293, General Delivery, Hereford; and Lloyd Edwin Johnson, 230, Hereford.

It is thought possible that some of these may have moved, leaving no forwarding address, or for some other reason have neglected to return their questionnaires.

Offices of the Board are on the second floor of the courthouse.

Two Babies Born By Flash Lights Sunday

Two babies will have something to talk about in later years. They can tell how they were born at Deaf Smith county hospital in the midst of Hereford's "blackout" by the light of flash lights.

One is a girl, born to Mr. and Mrs. N. R. Miller of Dawn. The other, also a girl, is the daughter of Mr. and Mrs. Bob Woods of Hereford. Both were born Sunday night, Mrs. Miller is still in the hospital. Mrs. Woods has gone home.

Flashlights for the occasion were loaned by Streu Hardware.

A. L. Caviness Leases Standard Oil Station

Announcing that he would operate the Standard Service Station on Highway 80, A. L. Caviness this week invited his friends to visit him there. He will handle Standard gasoline and oils and will do washing and greasing--with 24-hour service.

This makes two stations which Mrs. Caviness is operating. Some time back he became manager of the Service-U-Like Station and will continue to operate it.

Road Bond Issue Up To Voters Next Tuesday

Benefits And Risks Are Enumerated At Court House Meeting

Fate of the proposed \$600,000 bond issue to pave roads in Deaf Smith county will be determined by qualified electors of the county next Tuesday, Dec. 3, at the regular voting boxes.

If the proposed issue is approved by the voters and if the State of Texas assumes responsibility of paying on the bonds during the next two years, then it will mean paving of Highway 51 through the county, and the paving of Harrison Highway, if and when the state takes that road over.

At a meeting at the court house Saturday morning County Judge A. J. Schroeder summed up the benefits to the county and risks the county is taking in voting the bonds as follows:

Benefits and Risks
"The Benefits to be derived from the vote of \$600,000 in bonds are as follows:

"The paving of Highway No. 51 or a highway running north and south approximately located as Highway 51 is now located. The probable paving of Harrison Highway or its proximity.

"The risks being taken by the citizens of Deaf Smith County by voting \$600,000 in bonds:
"1. Since it is doubtful that provisions and conditions in petitions and orders for elections are legal, the risk is being taken that such clauses are illegal and (Continued on Page 7)

More Volunteer To Serve U. S.

Four more young men have offered themselves as volunteers for service in Uncle Sam's armed forces, Frank E. Oivan, chairman of the local board, has announced.

The men, with their order numbers, are: Dexter Sam Schindler, 237; Ollie Lem Callaway, 818, (under 21 years of age); John Milton Anderson, 744, and George Ercel Brashear, 287.

Red Cross To Offer Last Opportunity

With over 300 members already in the Red Cross in Deaf Smith County, the drive is being intensified and will reach a climax Saturday, the closing day, H. V. Hennen, roll call chairman, announced today.

As part of the final drive a stand will be placed on Main street to be operated by young women volunteers. A final opportunity for persons of this county to join will be offered at the stand.

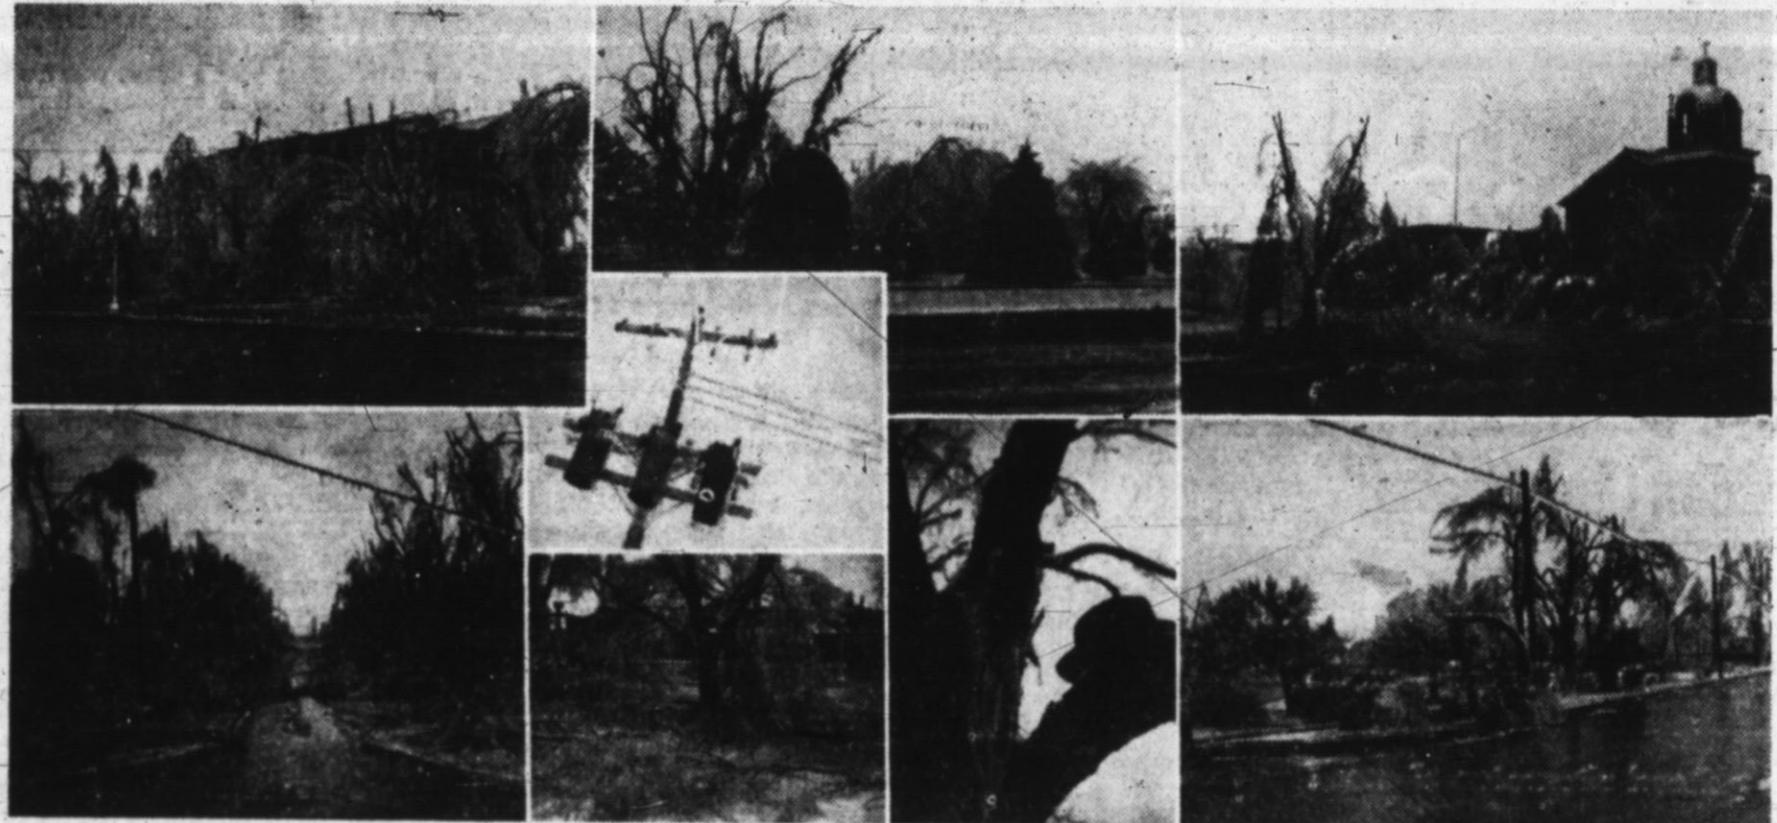

Greater need for Red Cross services than ever before is pointed out as a potent motive for giving full support to the Red Cross this year.

This need is recognized by Gov. W. Lee O'Daniel, who has sent the following telegram to Mr. Hennen: "Your chapter's success in present Red Cross roll call will be definite contribution to National Defense and will reflect our national solidarity in this crucial period. A great active membership in Texas is essential. Please carry on until the membership invitation in Red Cross is extended to every adult citizen."

Banks Closed Today For Thanksgiving

That both banks in Hereford are closed today (Thursday) in observance of Thanksgiving is announced by E. B. Hedrick of the First National Bank.

Where Winter Struck Mighty Blows

Typical scenes of ice damage in Hereford. These pictures were taken Monday. In the top row, left to right, is the court house, next is Gregg Park and upper right is a view of the Catholic Church. In the bottom row, left to right, is a view of McKinley Avenue looking south from the corner of McKinley and Fifth. Note the wire which is sloping across the top corner of the picture. Next is a tree on the court house lawn. The hat in the next picture indicates the size of limbs broken by the ice. At the right is a picture of Mother's Park. The center picture is a high line pole with wires and transformers festooned with icicles.

Ordinance On Livestock In City Is Passed

An ordinance forbidding the keeping of cattle, horses, mules, sheep or goats in the city except under certain conditions, has been adopted by the City Commission of Hereford, Mayor C. J. Paddock announces.

The ordinance makes it unlawful to keep north of the south boundary line of the railroad more than two head each of the above described animals. (Continued on Page 10)

ENMC Chorus To Join Hereford In "Messiah"

Practice on Handel's "Messiah" will be resumed Monday night at the Methodist Church at 7:30. Miss Mattie Mae Swisher, director, announced this week. There was no practice last Monday night and this may necessitate a mid-week practice before the oratorio is presented on Dec. 8.

Word has been received from Harry Taylor, dean of music of Eastern New Mexico College, at Portales, that the college chorus will join Hereford in the presentation. Mr. Taylor will sing one of the solos.

With one practice night missed and only one more regular practice before presentation, Miss Swisher is urging that everyone make all possible efforts to attend Monday night.

It has also been announced that the Hereford Civic Chorus will aid the Amarillo Chorus in presenting the "Messiah" on Dec. 15.

Make First Payment March 1 Is Offer On Servel Electrolux

Buy a Servel Electrolux refrigerator now and make your first regular payment on March 1. That's the proposition which is being announced by Fraser and Commercial Oil Co.

The Servel Electrolux features refrigeration from a gas flame and has no moving parts. These refrigerators may be seen at the uptown display room one door north of the Chocolate Shop.

Repair Work On REA Lines To Be Rushed

Repair of lines of the Deaf Smith County Electric Co-operative, Inc., will be completed as rapidly as possible, J. C. Ricketts, president, announced this week. Repair crews will take the line section by section until the work is done, he said, and estimated that it will take 30 days for the entire project, although some lines will be repaired sooner than that.

Van Huse, head engineer from Washington, and J. E. Morgan & Sons, the contractors who built the lines, are in Hereford now, and the work has already started. (Continued on Page 10)

City Will Haul Off Tree Limbs If Placed On Curbs

That the city will haul off all tree limbs, provided they are piled on the street curbs, was announced this week by Mayor C. J. Paddock. The tremendous job of cleaning up the city will be done as rapidly as possible, he said. Street crews are already at work.

It's less than a month until Christmas and once again Santa Claus is trying to find out what his little friends want him to bring them for Christmas. And Santa Claus is happiest when boys and girls write him letters telling him what they want.

This year the Brand will print letters from boys and girls to Santa Claus. Tell Santa what you want for Christmas and we'll send the information along to the white-whiskered jolly old gentleman who lives at the North Pole. Write your letters as soon as you can and address them to Santa Claus, The Hereford Brand, Hereford, Texas.

Sudan Hornets Invade Hereford Gridiron To Clash With Rested Whitefaces Friday Afternoon

Hereford Whitefaces don the Maroon and White and take to the home gridiron again tomorrow (Friday) afternoon when they meet the Sudan Hornets at 2:30. Supt. Knox Knard and Coach Mac Best announced Tuesday that the game would be played on schedule.

The Whitefaces took a vacation last week and nature gave them two more days of rest this week when school was dismissed because of the weather. Practice was resumed Wednesday, although not all of the players, especially those living in the country, were not present.

Sudan will send a squad of 21 players, Coach Phil Hamman has announced. The Hornets

starting lineup averages 152 pounds, which is about the same as Hereford's. Team average of the Hornets is 147.

Starting lineup for Sudan, as announced, will be: John Humphreys, 180, qb; Clark Patton, 165, lb; U. B. Porter, 150, lg; Alva Garvin, 110, c; Taylor Benton, 140, rg; Carl Hammock, 175, rt; Leroy Gavin, 155, re; H. A. Jones, 150, qb; Buddy May, 135, lb; Kenneth White, 140, rh; Horace Blanchard, 155, fb.

Sudan lost a hard battle to Littlefield, 12-13, while Hereford beat Littlefield 6-2. In other games Sudan beat Muleshoe 12-6, Morton 20-18 and Springlake 26-0.

Prospects Bright For Special Train To Bi-District Tussle

See, phone or write Prentiss Rosson if you want tickets on the special train to Phillips on December 6 where Hereford's first district champions in five years will fight the Phillips Blackhaws for the glory of the Bi-District title.

Round-trip fare to Phillips is \$1.80. The train will leave Hereford about noon and will return about 8:30 that night.

With 50 tickets already pledged this morning, most of them without solicitation, the train seemed almost certain as only 200 tickets will be necessary to assure it.

First coupon to be received by Mr. Rosson came from Minnie Dee Smith of Ruidoso, N. M. She is a former student of Hereford high school.

Persons who cannot attend the game, but would like to support the team are invited to buy one or more tickets to help send members of the pep squad and (Continued on Page 10)

Phillips Team Has Perfect Record

Like the Hereford Whitefaces, this season is the first successful one for the Phillips Blackhaws in five years. In fact, the school is just five years old and until this season the team has been the underdog and forgotten team in all contests, according to Mrs. Adna M. Stevens, editor of The "66" News, published at Phillips.

The Blackhaws have won all nine of their games this season, and all except one by more than seven points. They have amassed a total of 191 points to 35 for their opponents. R. L. Cooper, co-captain, is high point man for the team with 60 points. "Marney" Jackson is second with 40 points. John Stevens, co-captain, plays the tackle position. Both co-captains are seniors.

Season record for the Blackhaws (Continued on Page 10)

City Blacked Out; Damage Is Enormous

Hereford and this territory today struggled back toward normalcy after the worst ice storm here in the memory of oldest residents had left the city isolated, without electric lights, with the city water supply low, and with outside communications cut off.

Except for natural gas, the city slipped back 40 years in its living conditions. All that the people didn't have was the old-fashioned wood stove--and some were considering those to burn their broken tree limbs when a rumor went over town that gas pressure might become low. Although horses weren't in evidence, the ragged trees would have made good hitching posts.

As warmer weather began thawing the ice laden trees and wires Tuesday, and continued through Wednesday, the untold damage to trees, utility equipment, phone equipment and other things became more apparent. The loss has been estimated in various sums up to one million dollars.

Electricity went off Sunday afternoon, not to be resumed until early Wednesday morning in the downtown area. With the failure of electric power the city water pump ceased functioning and the water supply soon became low. City officials used the fire truck to pump water into the mains from the reserve tank. Tuesday the Texas-New Mexico Utilities loaned a large generator to run the electric pump.

Chinese Elms seemed to be the worst damaged. Other kinds such as catalpas, ash, walnut, locust, did not break so completely. (Continued on Page 7)

Good Mixed With Bad; Moisture Is 3 to 4 Inches

While no rain fell, the damage done by the ice, sleet and rain, the fact remains that the moisture brought by the storm may be worth three or four times all the damage done.

Breaking a record drought, moisture measured 3.25 inches in Hereford and was general throughout the territory. Precipitation was a little heavier in the northwest part of the county. With the 82 inches received last week, the total is nearly four inches for Hereford--and practically every drop soaked into the ground.

Daniel reported 2 to 2 1-2 inches; Jumbo 3 inches; Dimmitt 3.08; Dawn 3 inches; Messenger 3 inches; and Adrian 4 inches.

Although the season is late for planting wheat, indications are that a large majority of farmers are going to sow. Some who had planted in dry soil and had their seed eaten by worms will probably re-sow.

A. R. Bateman, county agent, reported that many farmers had told him they planned to use 25-45 pounds of seed wheat per acre. Some plan to list a strip, then drill a strip, using a furrow type drill and seeding between strips of listed land.

"By doing this, or by listing their land as soon as it is dry enough, I believe that farmers have the best chance to save their land and reduce blow hazard to a minimum that they have had in years," Mr. Bateman said.

Let's Cook Something

Some women have a knack of finding joy in the simplest everyday things. A table set with snowy linen a cake baked to fluffy perfection—or in even working out a recipe which will appeal to all the members of a large family. Women are funny—that way—they find delight in doing all sorts of simple things. This recipe for Spanish Rice has that sort of background for Mrs. J. B. Stoker's mother made it herself and has handed it down to her children as well as many others. She welcomed many to her table and this tongue-tempting concoction was always a favorite. Here is the recipe just as she wrote it:

SPANISH RICE

- 1 1-2 lbs. ground beef
- 1-2 cup finely chopped onion
- 2 cups cooked rice
- Salt and pepper
- 1-2 teaspoon chili powder
- 1 quart tomatoes

Mix the rice, which has been cooked in salted water, with the onion and chili powder and salt and pepper to taste. Stir in the meat and the tomatoes and place in casserole. Bake in a moderate oven for 1 1-2 hours. A little grated cheese sprinkled on top and allowed to brown just before removing from the oven gives a delightful flavor.

Installation Rites Are Conducted At Luncheon For Garden Club Group

The last meeting of the season for the Hereford Garden Club was held at the home of Mrs. N. E. Gass Friday.

The meeting was in the form of a luncheon with all types of chrysanthemums in a variety of colors being used in decoration. Places were laid for guests at small tables arranged for four.

Feature of the luncheon program was installation of officers for the new year, which will begin in February. Those installed were: Mrs. N. E. Gass, president; Mrs. C. H. Dyar, first vice-president; Mrs. F. M. Kester, second-vice-president; Mrs. W. A. Dobbins, recording secretary; Mrs. L. H. Shore, corresponding secretary; Mrs. E. Ramey, treasurer; Mrs. D. H. Alexander, parliamentarian; Mrs. Ralph McCullough, Federation councillor; Mrs. J. P. Slaton, historian; Mrs. F. H. Oberthier, reporter. Mrs. D. H. Alexander conducted the installing rites.

Mrs. J. P. Slaton, one of the founders of the club, outlined the club's history saying that the club had retained its original objectives, since its organization on October 29, 1937.

For its objectives the club has had "the stimulation and encouragement of interest of individuals in gardening, the study of landscaping and the improvement of home grounds; the beauty, the holding of flower shows; and some civic beautification project."

The club motto is "Civic Beauty is a Public Duty."

Yard contests, plant exchanges and flower shows have been a part of each year's program since organization. Special educational features have been sponsored by the club at various times.

This year the club will cooperate with the Lions Club in sponsoring an outdoor Christmas decorating contest.

The Hereford Garden Club does not adjourn for the summer, but continues its study and program meetings through the period when most clubs are on vacations. This year gardens were chosen for visits all during the summer months, the hosts taking advantage of seasonal blooming or other items of special interest in making tour schedules.

Plans were discussed at the luncheon for a Christmas party which will be given at the home of Mrs. F. M. Kester Friday afternoon, November 29.

Members attending the luncheon were Mesdames J. P. Slaton, Ralph White, E. Ramey, F. H. Oberthier, Ralph McCullough, E. T. Brookes, D. H. Alexander, Art Manjoet, Dennis Barnard Homer Brumley, Clyde Cavanaugh, G. C. Cox, W. A. Dobbins, C. H. Dyar, C. C. Ferguson, F. M. Kester and the hostess.

Autumn Party Entertains Club

Guests were entertained with Coterie Club members at the home of Mrs. E. B. Hicks Friday afternoon.

Autumn leaves and autumn flowers carried out the season motif for the party. The table's

Afternoon Party Entertains Club

Mrs. G. R. Lunsford was hostess to members of the Justakrd Club on Wednesday afternoon last week.

Three special guests played with members. They included: Mrs. C. F. Moore, Mrs. Colby Conkwright and Mrs. Woodrow Ireland.

High score award went to Mrs. Grant Fuller second high to Mrs. N. E. Milburn.

A lovely refreshment plate was served featuring quail and hot biscuits.

Members present were Mesdames Meade Haile, Grant Fuller, George V. Stambaugh, N. E. Milburn, Henry Sears and the hostess.

CARD OF THANKS

We take this means of thanking our friends for the kindness shown us during the illness and death of our husband, father and grandfather. Especially do we wish to thank Dr. LeGrand.

Wednesday Club Enjoys Luncheon

Members of the Wednesday Luncheon Club were entertained at a luncheon at Ike's Cafe last week with bridge games furnishing diversion for the afternoon at the home of Mrs. Alton Fraser.

Enjoying the occasion with members were Mrs. S. P. Rossion and Mrs. Oscar Easley. Mrs. W. M. Emmons played high for score award and Mrs. Jimmie Gillentine played second high.

Club members attending were Mesdames W. L. Davis, C. C. Rockwell, W. M. Emmons, J. C. McCracken, Jimmie Gillentine, Jack Wayland and the hostess.

Three Are Honored At Birthday Party

Three birthdays were celebrated at a delightful buffet supper party given at the home of Mr. and Mrs. Elmer Patterson Friday night.

Live Stock Show Opens

Largest agricultural show in the world, the International Live-Stock Exposition and Horse Show, will be held in Chicago from November 30 to December 7. Above is shown a scene from last year's show, which was attended by 450,000 persons. B. H. Heide (inset) is secretary-manager of the exposition.

The honorees were Mrs. Luther Roberts of Amarillo, Bill Knox and Mrs. Patterson. All three birthdays occurred in the same week furnishing an incentive for the party.

The supper was served buffet style from a large table laid with an old-fashioned lacy, drawnwork cloth. The birthday cake which was decorated in pink, was placed on an old-fashioned crystal cake-stand for the centerpiece. Tall pink tapers in crystal holders lighted the table at each end. The quartet tables, where places were marked by single lighted pink can-

dles, were covered to represent birthday gift packages tied with pink cellophane bows.

Moving pictures and conversation provided entertainment after the supper party.

The occasion also served as a get-together for classmates at W. T. S. C. Canyon. They included Mr. and Mrs. Luther Roberts, Mr. and Mrs. Leo Forrest, Mrs. Patterson and Seth Rollins.

Others attending the birthday party were Mr. and Mrs. Bill Knox, Mr. and Mrs. Chas. Felts, Mrs. Seth Rollins and Mr. Patterson.

CARD OF THANKS

We wish to thank all who did so much to make our loss easier to bear by their many kind acts and assistance at a time when it means so much. And also to those who were so unfailing to our Mother, with their kindness through her many years of handicap. May we all have profited by the life that has gone to Him who gave it. God's richest blessings to you all.

Mr. and Mrs. Ed Hinspeter and family

Mr. and Mrs. Newell Dowe and family

Mabel Schwartz

Pauline Schwartz

Maude Schwartz

teacher of the class. Table games including Chinese Checkers and Forty-Two, were enjoyed during the evening.

Thanksgiving refreshments were served to Nona Jean Russell, Nola Ball, Katherine Henderson, Mr. and Mrs. Carl Oldham, Erma Faye Robinson, Le Neal, Robert Petersen, the honoree and the Williams family.

VACATIONING

Mr. and Mrs. O. H. Culpepper are spending a week in South Texas vacationing and fishing. They were accompanied by Mr. and Mrs. Earl Elmer of Amarillo and before returning the group will visit Houston, Galveston, Corpus Christi, Austin and San Antonio.

Ice Cold Fishing. "Nice" Cold Parking for Hours. But mere moments starting the engine!

How Winter OIL-PLATING maintains needed lubricant in advance for safe quick starts

Any good timely oil ad tells you the one same truth... your Winter oil ought to flow fast. For it must come groping up from the bottom of your engine, to all inner surfaces—a total area bigger than a windshield, but tough for the oil to reach. The sooner the oil could get there, the more safely you'd start up.

That's what's at stake. And that's why many stop depending on fast flow alone, as they learn that their engines can be OIL-PLATED to lubricate "faster than instantly" at every Winter start. Simply changing to Conoco Germ Processed oil brings your engine OIL-PLATING, which

cannot be late getting started, because it's always PLATED UP where needed, before you even step out of the house.

OIL-PLATING, you see, isn't all draining down during long cold standstills. The extra man-made substance in Germ Processed oil—patented—bonds OIL-PLATING to engine parts lastingly. It stays there. And lubricant couldn't be prompter than that in smoothing the way for precious parts, instead of letting them grind. At Your Mileage Merchant's Conoco station today, change to this long-lasting oil that OIL-PLATES. Continental Oil Company

Conoco Germ Processed Oil

OIL-PLATES YOUR ENGINE

Between the Goal Posts

BY FRED HARRELL

When Sudan received Hereford's offer for a game, the decision as to whether or not the Hornets would play the Whitefaces was left up to the players. They took a vote and the vote favored playing the game. Sudan played Melrose, N. M., last week.

As pointed out last week, Sudan is no pushover for any team and in some games looked better than Hereford. However, the competition is rather roundabout. Hereford beat Friona 6-0. Muleshoe beat Friona 19-6. Sudan beat Muleshoe 12-6.

On the other hand, Littlefield beat Sudan by one point. I don't know the exact score. Hereford beat Littlefield 6-2, and it was only smart defensive play that kept Littlefield from scoring or they might have beat Hereford by one point.

One thing about the game is that it will give the Whitefaces some much-needed competition before the all-important title tilt with Phillips on Friday afternoon, December 6. Sudan is a stronger team in its district than Memphis was in its district. So the game Friday should be well worth seeing.

Hereford's best chances to win the Phillips game is to go into the fight as the underdogs—and that's certainly how they're going in. But just between you and me and the goal posts I think Hereford has a mighty good chance to surprise the Blackhaws. I know that comparative scores make things look black for the Whitefaces, but I know too, that comparative scores don't mean a thing when a team really wants to win. You'll find more dope about Phillips and its season on the front page.

For the sake of the record, here are the final standings in District 1-A. Canyon beat Tulla 20-5 in the last conference game.

TEAM	GP	W	L	Pct.
Hereford	4	4	0	1000
Dumas	4	2	2	.500
Canyon	4	2	2	.500
Dalhart	4	1	3	.250
Tulla	4	1	3	.250

Biggest surprise in the conference was the revival of Canyon from the cellar post to a tie for second. After Dumas beat Dalhart 50-0 and Dalhart beat Canyon 19-18, then Canyon turned around and beat Dumas 13-12. The Canyon Eagles sure acquired some "oomph" somewhere.

Frio News

MRS. J. M. DIXON

Although the Frio school will not dismiss for Thanksgiving until November 28, the pie supper was held Friday night. Before the auctioning of the pies the AAA meeting was held. Also Mr. Ray Cowart of Dimmitt, spoke in behalf of the road bond election.

Among the several visitors from Dimmitt were the Mayfield brothers, who entertained with music. The H-D Club wishes to thank all of those attending and the proceeds which were \$8.00 will be used for a good purpose.

Mr. and Mrs. J. M. Divon and James spent Saturday in Dimmitt on business and also visited in the Joe Hastings home.

Mr. and Mrs. John Johnson, Wanza, and Noble Brown returned home from Mocona, where they visited friends and relatives, Wednesday night.

Mr. and Mrs. J. E. France of Silverton, spent Thursday in the home of Mr. and Mrs. W. A. Springer.

Mr. and Mrs. Chester Lowery and Louise spent the Thanksgiving holidays in Wellington, where they visited friends and relatives.

Jack Owens took dinner in the home of his parents, Mr. and Mrs. G. P. Owens of Hereford, Thursday.

J. M. Dixon and Lurline attended the Father-Daughter Tri-Hi-Y banquet in Hereford, Tuesday night. Mrs. Dixon and Wanda visited in the Malcom Cassel home.

Mr. and Mrs. Wesley Brown and Noble Brown took Thanksgiving dinner with their sister, Mrs. John Johnson.

Due to the cold weather all harvesting has been stopped. Many trees have been broken from the heavy load of ice. All homes with rural electrification have been without lights and stoves since early Sunday morning. Frank Robbins spent the hol-

New Bowling Tournament To Start Monday

A men's bowling tournament will start Monday, Dec. 2, with eight teams participating. The tournament will last six weeks. Ted Young announced. Tournament play will take place the first four nights of the week.

A ladies' bowling team will bowl every Friday night in tournament or match games, it was announced.

High man last week was Clyde Posey with 215. High lady was Helen Danforth with 152.

Local Man's Father Dies

Mr. and Mrs. D. H. Culppepper were called to Vernon Tuesday by the death of his father, J. H. Culppepper, pioneer of Wilbarger County. Mr. Culppepper, who had recently celebrated his eightieth birthday, had been ill for several months. Funeral services were held in Tolbert, Wednesday.

Others from Hereford attending the funeral rites were Mr. and Mrs. O. H. Culppepper, Miss Norma Culppepper, Mr. and Mrs. John Hacker and W. A. Gentry.

Adrian News

BY MRS. GEORGE A. SYMS

"I never saw weather like this before" were the sentiments of many citizens, even old timers of the Adrian community in commenting upon the past week of weather, which brought the long-looked for moisture—a very welcome event indeed—to this drouth stricken area—and like the pioneers of old—The Pilgrim Fathers—we give thanks!

Almost four inches of moisture was the measurement on Monday morning. There was a little of it fell in the form of snow, but most of it fell in the form of a slow drizzling rain which froze as it fell, leaving icicles lengthening drop by drop, until some attained a length of ten inches. Many high line poles in Adrian snapped and fell, caused by the excessive weight of the ice upon the wires.

days with his parents, Mr. and Mrs. H. D. Robbins and family. John Benson is on the sick list. He has been ill for some time. Mary Lois Springer spent last Tuesday night in the Clarence Strange home in Hereford.

There was no Sunday School Sunday morning nor any Bible Study Sunday night, due to the cold weather. Services will be resumed next Sunday if the weather permits.

Mr. and Mrs. Earl Springer and family spent Saturday night and Sunday in Amarillo with his sister, Mrs. Deward Roberson.

and light service and telephone service was a complete "black out" in the surrounding territory as well. Highway traffic was never at a standstill through Adrian in spite of the highway being partially ice covered. Dr. Hawn reported temperatures only slightly below freezing during Saturday and Sunday. Thawing had begun in earnest by Monday noon, and won't the housewives be glad when they can resume electric refrigeration, and not have to depend upon 'Mother Nature's great out-doors' to keep foods from spoiling, and won't have to daily fill, trim and clean the old kerosene lamps, and not be deprived of the electric radio to keep posted on what is going on in the outside world? People really did appreciate the newspaper in those days! Anyway they will appreciate those other conveniences more when they can again resume use of them.

Truly Adrian is most thankful for the moisture, but is indeed sorry that it had to come at such a price to the public service corporations. Thanksgiving vacation was from November 21 to November 25, but was automatically lengthened because of weather conditions—lengthened rather in definitely. Electricity is used to regulate the heating plant—of the school, and the condition of the roads over which the buses must travel will be a deciding factor as to when school will be resumed. It is rather doubtful as to whether there will be school this week.

Miss Lora Fay Clemons spent Thanksgiving with her parents at Duke, Okla. Miss Armenia Elliott accompanied by Lorin Creitz, at her home at Hagerman, Mr. and Mrs. J. C. Baker accompanied them, as far as Memphis where they spent Thanksgiving with Mrs. Baker's parents, and Woodson Lindsey spent Thanksgiving with his parents at Lubbock.

Mr. and Mrs. E. L. Brown and family spent Thanksgiving day with Mr. and Mrs. Frank Watson. Mr. and Mrs. Donald Morgan and son spent Thanksgiving vacation with Mrs. Morgan's parents, M.F. and Mrs. John Ross of San Jon, N. M. Miss Donna Gayle Harris, a

first year student at Texas State College for Women, spent the Thanksgiving holidays with her mother.

Rex Creitz and Walter Lemke, students at Texas Tech at Lubbock, visited their parents during Thanksgiving vacation.

Mr. and Mrs. J. E. Speed and sons visited relatives at Roswell, N. M., during the Thanksgiving holidays.

Due to the extremely bad weather, there was no Sunday School nor church services at Adrian on Sunday, November 24. Rev. D. W. Binkley, the new Methodist pastor for Adrian and Wildorado, with his wife and two small sons move from Olton into the Methodist parsonage in the church basement. The Adrian community welcomes Rev. Binkley and his family, and the people wish for him the best during his pastorate.

Rev. O. G. Bruce, who leaves the Wildorado-Adrian churches for the pastorate of three churches—the Floydada circuit—moved with his wife and small son to Floydada Saturday. Mrs. Ripley, mother of Mrs. Bruce, accompanied her daughters family to Floydada for an indefinite stay. John Skaggs moved Rev. Bruce's household goods in his truck, and was accompanied on the trip by G. A. Syms. The best of wishes of the Adrian people to Rev. Bruce in this field.

Mr. and Mrs. V. E. Lemke returned last week from a visit with relatives at Harlan, Ia. They report much snow and cold weather up in that part of the country while they were there.

Miss Lora Fay Clemons left Monday to spend the extended vacation with relatives at Shamrock, and Duke, Okla. On her recent visit home, her father, mother, brother and wife spent several days visiting another brother at Mefford, La. While there they made a tour of several of the city's plants, including a paper mill, Coca Cola Bottling plant and a near-by saw mill. They also saw fields of extremely tall cotton.

Mr. and Mrs. Manning and baby and Mrs. Manning's sister, Miss Kathryn Maupin spent the Thanksgiving holidays with parents at Estelline. Mrs. Manning

Westway Items

BY MRS. MERLIN KAUL

Quite a lot of damage is reported in this community as a result of the storm Saturday and Sunday. Electric lines are all down and most poles are broken off. Radio aerials were broken and many fences broke. Some families are short of water as they were using electrically driven pressure pumps.

Although the storm was hard on livestock, no losses have been reported as yet. H. D. Blythe, who picks up milk for Borden's in Amarillo, was unable to make all of his route Sunday. Monday he did so by going several miles out of the way. There has been no school so far this week. The road south of the Westway Store was graded last July and there has not been enough moisture since to pack it, it is now very bad. Bud Reed of Friona got stuck there Sunday night and had to be pulled out. He and his family were bringing his sister, Neelle Reed back to her work at the Foy Dodson home. Neelle spent the night at the Merlin Kaul home.

Sunday probably seemed like the "longest day" in the year to a lot of folks as there was no Sunday School, no radio, and the weather was too bad to visit the neighbors even.

Mr. and Mrs. Ralph Durstine of Friona were visitors Thursday in the Merlin Kaul home. Mr. Durstine helped Merlin butcher.

John Ross of Hollene, N. M., came last Thursday to spend a few days in the R. M. Gunn home.

Vesta Mae Landers is staying this week in the Guy Lawrence home in Hereford and attending school.

Mrs. R. M. Gunn and Mrs. Joe Landers spent several days last week with Mrs. Guy Lawrence in Hereford. Mrs. Lawrence is

and Miss Maupins father brought them back.

Mr. and Mrs. E. L. Brown and family spent the week end with relatives at Sweetwater.

Mr. and Mrs. Frank Watson, spent the week end with Mrs. Watson's parents at Flomont.

quite ill. Mr. and Mrs. Clint Lundry visited Saturday with his parents, Mr. and Mrs. C. V. Burgess at Progressive.

Mr. and Mrs. F. W. Dodson and Neelle Reed went to Olton Monday to get Monte Max who spent several days with his grandparents there. Bob Gilliland of Hereford accompanied them to Plainview to return to his school work at Lubbock.

Miss Gladys Gore who works at the Gordon Witherspoon home in Hereford, spent the week end with her parents, Mr. and Mrs. L. O. Gore. Mrs. Stella Flowers and Luther Roy visited in the Gore home also.

Reports of precipitation during the storm of last week range from 3.25 to 4.25 inches. Some wheat will be sown when the ground dries, although some farmers will leave volunteer if it comes up.

Mr. and Mrs. F. W. Dodson and Monte Mox were dinner guests Thursday of Mr. and Mrs. B. A. Dodson at Olton. Mr. and Mrs. Dodson attended the Olton-Brownfield football game in the afternoon.

Miss Emily Minter of Clovis was a guest from Friday until Sunday of Mr. and Mrs. F. W. Dodson.

F. W. Dodson went to Hereford Tuesday to see Pink Gilliland, who has been quite ill at his home since Friday morning.

Charles Sugarac accompanied Daniel Turrentine home from Lubbock to spend the Thanksgiving vacation in the Al Werner home.

The dinner planned for Thursday night at the school house will not be held. With no school the most of the week, the program could not be planned and it could not be determined when the electricity would be back on.

Erman and Everett Campbell went to Breckenridge last week to visit their parents, Mr. and Mrs. S. B. Campbell. Erman and his brother, Elton, came back to Pampa where they were dinner guests Thursday of their sister, Mrs. Claudia Otts. They came

back here Saturday night, and Elton is visiting in the Joe Landers home. Erman is working again at the Fraser Farm.

Mr. and Mrs. Robert Viegell and family of Ward, were dinner guests last Sunday in the Maurice Tannahill home.

Mr. and Mrs. Henry Allmon, Jack and Wanda Marie left last Wednesday morning to spend Thanksgiving at Farmington, N. M., with their parents, Mr. and Mrs. L. E. Williams and her brothers, Paul, Woodrow, Buck and Les.

Cotton Farmers To Vote On Marketing Quotas December 7

Deaf Smith county cotton farmers will vote in the Marketing Quota Referendum Saturday, December 7, to determine whether or not cotton farmers in this county want the marketing quotas continued in 1941. A. R. Bateman, County Agent, announced today.

Voting will be at the court house. Polls will open at 8:30 a. m. and close at 7 p. m.

In past years Texas farmers voting have approved the quotas by a majority of 84-92 percent, but only about 37 1-2 percent of the farmers voted. It is urged that all farmers participating in the program vote so that the county vote will represent all the producers.

Deaf Smith county has about 19 farmers who received cotton allotments this year.

NOTICE
The Woodman of the World will have a steak fry with all the trimmings on Thursday night, December 5, 1940, at 7:30 o'clock. Admission 25c. Be there if you want a nice meal and a good time. General public is invited.

E. E. Fridley
Financial Secretary.

V. C. Hopson Wins Gold Medal In 4-H Contest

The National 4-H Meat Animal Livestock Contest has just been completed with winners already announced in the various counties. V. C. Hopson was designated as the winner in Deaf Smith county and has been presented with a handsome gold medal of honor.

This contest is sponsored by Wilson and Company and is open to all 4-H Club members in good standing with records up-to-date and who are enrolled in one of more meat animal livestock clubs (baby beef, pure-bred beef animal, market hog, market sheep or breeding sheep) during the year 1940.

V. C. fed two calves last year and one of these calves was Grand Champion at the Deaf Smith County Fat Stock Show held in the spring. V. C. is now feeding a baby beef to be shown in the spring of 1941.

FIRST BAPTIST CHURCH
An impressive service was held last Sunday morning. Volunteer Pledge Day. Following a sermon by Rev. Barnes, pledge cards were passed among the congregation and signed. Then while the choir sang a consecration hymn, all who had signed passed in front of the pulpit and dropped their pledges into a model of

dug the cellar in the afternoons after school. A friend helped them dig and they returned the favor by helping on his cellar.

The roof and ventilator were made of old material on hand. Additional shelves are needed and will be installed later to store that part of the home food supply produced on the farm.

Next March many people will be planning their yard improvement plantings and their windbreaks. Plans for these have been made during October and November at the homes of Messrs. and Mesdames G. E. Thiele, Geo. Reeves, E. W. Walker, J. F. Matthews, Dennis Barnard, Glen Hetzler, Lloyd Ridling, and Henry Allmon, and others.

There is a new cess pool at the F. D. Ferguson home at Ford. The kitchen has been papered and painted to make it a light and cheerful work room.

the church, thus signifying that their pledges were given to the church. A majority in the congregation signed the pledge cards. Next Sunday the pledges will be signed throughout the Sunday School. Those who did not sign last Sunday are urged to do so then.

Reports on the convention at Dallas will be made by those who attended next Sunday night. The choir will be entertained at the home of Mrs. O. G. Hill next Friday night. All choir members, their husbands and wives are invited to come at 7:45 p. m.

Next Lord's Day will be observed throughout our Brotherhood as "Women's Day." On this first Lord's Day in December the part that women have played in the world-wide program of the Church is emphasized and a special offering will be taken for missions. In keeping with the spirit of the day the pastor will preach a sermon on the theme, "This Woman Hath Done." Special music has been provided. At the evening worship hour the theme will be, "God's Greatest Miracle." You can help to make this day one long to be remembered by your attendance and by bringing a liberal offering.

LOCALS

ANNOUNCEMENT
Members of the Lone Star Study Club have announced that they will be glad to receive and will mend all toys donated to the committee for Christmas distribution. Many toys were received at the annual Toy Matinee held early in November, but many more are needed. If interested call Mrs. Lawrence Womble, Mrs. Jack Grady or Mrs. Ellis Coombes.

Win-One Class of the Methodist Church will hold a Bazaar, featuring needlework of all kinds

New Notary Law In Effect

Appointments of Notaries Public by the Secretary of State began November 20 following the counting of the votes on the proposed constitutional amendment which did away with appointment of the notaries by the governor and with the consent of the senate. All appointments made before June 1, 1941 will expire on that date, according to an announcement by M. O. Flowers, secretary of State, in a communication to Robert L. Thompson, county clerk. All appointments made on June 1, 1941 or thereafter, will expire on June

December 6-7, at E. B. Black Furniture Store. 1t

In Amarillo Thanksgiving Day with the Guilford Bransons were his mother, Mrs. B. L. Bronson, brother Tom, and niece and nephew, Mary Kate and Donald Brotherton.

Mrs. A. O. Thompson has returned from a two-weeks visit with her parents, Mr. and Mrs. A. E. Argo, near Paris. Mrs. Thompson also attended a General convention of the Baptist Church held in Houston, while away.

ATTEND BANQUET
The annual Texas-New Mexico Utilities Company banquet for employees was held in Plainview Saturday night with approximately 300 employees of the district attending. Those from Hereford attending were Mr. and Mrs. M. H. Wiseman, Mr. and Mrs. Guy Ginn, Roger Bauman and Miss Viola Phillips.

Miss Linnie Dee Johnson of Lubbock, and Dr. V. G. Martin of Amarillo, were guests in the home of Mr. and Mrs. Frank Merritt, Sunday.

Returning Sunday from Dallas where they attended the annual convention of the Baptist Training Union were: Mr. and Mrs. J. R. Stroble, Molly Jo Roberson, Audrey Cockrell and Rubie Rhodes. More than 13,000 delegates were registered for the convention. The program was divided into 10 different groups and sections, meeting in six churches.

December 6-7, at E. B. Black Furniture Store. 1t

Arriving Wednesday to spend the Thanksgiving holidays with her parents, Mr. and Mrs. Frank Merritt, was Miss Frances Merritt of Amarillo.

Dr. and Mrs. Heard Return
Dr. and Mrs. G. W. Heard returned Tuesday from Joplin, Mo., where they met their son, George Heard and his family to spend Thanksgiving together. George Heard whose home is in Chicago, was enroute to Little Rock, Ark., on a business trip and stopped at Joplin for the brief holiday vacation with his parents.

1, 1943.
The applicant must be at least 21 years of age and a resident of the county.
Notaries file their bonds and take their oath of office before the county clerk. Mr. Thompson said today that he will assist applicants who wish appointment as notaries.

LEGAL NOTICE

AN ORDINANCE FORBIDDING THE KEEPING OF CATTLE, HORSES, MULES, SHEEP AND/OR GOATS WITHIN THE CITY OF HEREFORD, TEXAS: BE IT ORDAINED BY THE CITY COMMISSION OF THE CITY OF HEREFORD, TEXAS:

Section 1. It shall hereafter be unlawful for any person, firm or corporation, to keep for any length of time whatever, at an

one place within that part of the City of Hereford which is located north of the south boundary line of the right of way of the railroad running through said City, more than two head of cattle, or more than two head of horses, mules, sheep or goats, unless such live stock be kept in an enclosed and covered barn, and then not more than six head of any or all such animals at any one time, provided however, that this ordinance shall not apply to the keeping of animals for sale or in preparation for sale at what is known as the bull barn and lots surrounding the same located in the southwest corner of Block No. 10 of the Original Town of Hereford.

Section 2. That any person having any such enclosed and covered barn as mentioned in Section 1, hereof shall keep the same in a sanitary condition.
Section 3. Any person violating any provisions of this ordinance shall be deemed guilty

of a misdemeanor and upon conviction shall be fined in any sum not exceeding \$100.00.
Section 4. The fact that there is no ordinance properly limiting the number of livestock that can be kept together at any one place in the above defined limits creates an emergency and public necessity demanding that all rules be suspended, and that this ordinance take effect and be in force immediately after its passage and publication.
PASSED and ADOPTED this 23rd day of November, 1940.

Former Hereford Student Appears In College Play

Canyon.—Bernadine Phillips of Hereford, a freshman at West Texas State College, recently appeared in a one-act play entitled "Joint Owners in Spain."

The play was presented at the weekly meeting of the Dramatics Club.

All students of public speaking are eligible to become members of the club. The purpose of the club is to give the individual student an opportunity for development in dramatic expression.

Miss Phillips is a resident of Cousins Hall, dormitory for girls.

MRS. D. E. MCKENDREE

W. S. Bennett, who has been county agent of Oldham County for several years, with his family, moved to Stinnett, this week, where he will take up his duties in that capacity in Hutchinson County. His place here will be filled by Nash Thompson, who for the past four years has been assistant agent in Randall County.

We welcome Mr. and Mrs. Thompson and daughter to our city and hope they enjoy their stay here. They will occupy the apartment in the McNabb duplex, vacated by the Bennetts.

Mrs. Arthur Folsom returned to her home near Stratford after visiting her mother, Mrs. Edith Horrell and her sisters, Mrs. O. O. Slutz, Mrs. E. E. Duncan and her brother, Roy Horrell.

Mrs. Taylor Harle visited her parents and friends in Happy this week.

Mr. and Mrs. H. V. Freeman of Amarillo visited Mr. Freeman's sister, Mrs. D. E. McKendree and husband, Monday evening.

Mr. and Mrs. A. Taylor and family motored to Dalhart to spend Thanksgiving with Mr. Taylor's niece, Mrs. Charley Matthews.

Mrs. Biffie Fort of Floydada is a guest in the home of her daughter, Mrs. A. R. Castleberry.

Mr. and Mrs. L. A. Linger were called to Omaha, Neb., because of the serious illness of Mr. Linger's mother.

C. T. Everett, Jr. and Charles Wiseman returned from Oklahoma City Tuesday night where they accompanied a car of cattle.

Mr. Everett shipped to that point.

Mrs. D. E. McKendree was hostess to members of the Nifty Needle Club Tuesday afternoon. On account of the nearness of Thanksgiving and inclement weather, only seven of the thirteen members were present.

Mrs. Eula Formby of Amarillo is visiting Mrs. Emma McNabb.

Mrs. T. R. Michie of Wellington is here to spend the winter with her daughter, Mrs. W. M. Cotton and her granddaughter, Mrs. Stella Thuett and child.

Are Banks Mysterious To You?

You probably know your own business, profession, or trade from A to Z, and if you were to try to explain some features of it to a banker he might seem to you to be very "dumb."

Therefore, when the tables are turned and you encounter some banking rule or practice that you do not readily understand, do not feel embarrassed. Ask questions freely. We are always glad to explain any point that may not be clear to our friends.

In fact, we are greatly pleased when anyone shows enough interest in banking matters to WANT to know more.

Nazi Bombs Hit London Orphanage

The top age is three at this London orphanage which was recently hit by a Nazi bomb. The bomb exploded only 10 feet from the babies' dormitory, and, very fortunately, there were no casualties. The children are here pictured playing in the shadow of the orphanage ruins, quite unaware of their narrow escape from death.

Mexican President

Vega and its trade territory was visited by a rain and snow which brought the rainfall to .67 inches and at this writing, Saturday morning, it is still raining.

Rev. Rex Kendall was appointed to fill the pulpit in the M. E. Church here for another year. This is the third year for the Kendall's in Vega and we wish for them to be their most successful.

Roger Morris, Jr., an Oldham County 4-H Club member has been named a winner in the Wilson meat annual contest, for which he will receive a gold medal from Thomas E. Wilson, president of the Wilson Meat Packing Industry. Roger has been an active 4-H club member in Oldham County for four years and has won many awards with his Duroc-Jersey hogs.

We are glad to report Dr. Loyd as being improved, but still far from able to take care of his practice.

At the Kiwanis luncheon, Wednesday, the members were delightedly entertained by three of our teachers, Misses Linnette Cain, Alma Groves and Frances Miller, in a program of singing, reading, and whistling numbers. These ladies accompanied delegates of the local club to Sanford where they put on a program there.

Rev. and Mrs. L. E. Godwin and family accompanied Mr. and Mrs. O. W. Williams to Shamrock, where they had Thanksgiving dinner with Mrs. Williams' mother.

B. L. Freeman was called to Clinton, Okla., where his daughter, Miss Fern, is seriously ill.

Bernard Newburg who is attending aeronautical school in

Canyon is spending his Thanksgiving holidays with his parents, Mr. and Mrs. F. J. Newburg.

Jumbo News

MRS. ULLMAN HUNTER

At this writing this village is practically cut off from the outside world. The high line is almost demolished from loads of ice. Poles are broken, only two standing from the school building to the Dimmitt-Hereford highway. Scarcely a battery radio can be found since this community became electric-minded. Water is all around us and not a drop to drink! Icicles are broken and melted for house use.

At least an inch and half of moisture has fallen in sleet and rain. Large trees are almost stripped of their ice laden limbs. This community is thankful for the moisture, at least we won't have an electric bill this month.

Virginia Simpson, John Hardy Wood, Pauline Matthews and M. L. Simpson Jr. all students of WTSC at Canyon, spent the holiday at home.

Mr. and Mrs. Ullman Hunter had as their guests during the holidays, her brother, Mr. and Mrs. J. T. Sparks, and her aunt, Mrs. L. D. Terry, all of Sweetwater.

Members of the Sunday School honored Mr. and Mrs. R. L. Stephens who are leaving for Mineral Wells, with a 42 party Friday evening. A nice large Bible was presented to them as a token of friendship and his services as Sunday School Superintendent. Refreshments were served to Messers and Mesdames J. J. Wilder, Clem Gilliam, M. L. Simpson, Troy Frazier, Bill Hendrix, Lynn Axe, E. C. Leasure, P. H. Dyer, Sam, Finis, Addison and Ullman Hunter and the honored guests.

Mr. and Mrs. Roy Thruston spent the holidays at Olton with relatives and friends.

O. Henry, the Persian, 2-year-old cat of Phyllis and Francis Hunter, was found dead by the side of the road, Wednesday morning. The cat was probably hit by a car. A simple burial ceremony was held by the broken hearted little girls in the backyard at their home, Thursday morning for their pet.

Mesdames Sam Hunter and Roy Thruston were hostesses to the auxiliary Tuesday at the home of Mrs. Thruston. After the devotional, which was given by Mrs. Thruston, a stewardship lesson on "Prayer" was conducted by Mrs. Sam Hunter. Gifts were brought for Mrs. Stephens, who is leaving, and will not be here for her birthday in December. Refreshments were served to Mesdames Clem Gilliam, M. L. Simpson, C. D. Pinkert, Ad-

disson, Finis and Ullman Hunter and the hostesses.

Mrs. C. D. Pinkert and children spent the holidays in Cordell, Okla., with her grandfather, C. Kring.

Mr. and Mrs. R. L. Stephens accompanied Mr. and Mrs. Ozro Stephens to Amarillo, Tuesday, L. A. Matthews returned from Ft. Worth Saturday, where he and Mrs. Matthews had taken Leon for an operation, Monday. He is doing as well as he can be expected. He is in a cast

If your car has starting trouble as the weather gets colder, there is one sure-fire prescription:—

HIGHER TEST (more volatile) GASOLINE

That's a perfect description of Phillips 66 Poly Gas.

During the coming winter months, you can confidently expect... based on past experience... that the Volatility Number (high test rating) of this amazing motor fuel will be 50 per cent higher than the average Volatility Number of premium price gasolines.

Think of it! Most motor fuels, including those which cost 2¢ extra per gallon, will not come within hailing distance of the volatility given by Phillips 66 Poly Gas, which sells at regular price. If you wonder how

Phillips can afford to be so generous with high test quality, remember that Phillips is the WORLD'S LARGEST PRODUCER of natural high test gasoline.

Find out for yourself how this extra high test gasoline gives extra fast starting, even after your car has been standing all night in the cold. Note the faster warm-up. Feel the improvement in power and pick-up. And don't forget, you get more mileage, because you save the gasoline usually wasted by excessive use of the choke with low test motor fuel.

Tonight, get a trial tankful of extra high test Phillips 66 Poly Gas, without paying a penny extra. Then tomorrow, you can touch the button and START everytime, no matter how cold the day.

Phill-up with Phillips for Instant Starting

and will probably be in it six or eight weeks.

Mr. and Mrs. R. L. Stephens spent the week end in Dimmitt with his brother, Ozro.

Mr. and Mrs. R. L. Stephens accompanied Mr. and Mrs. Ozro Stephens to Amarillo, Tuesday, L. A. Matthews returned from Ft. Worth Saturday, where he and Mrs. Matthews had taken Leon for an operation, Monday. He is doing as well as he can be expected. He is in a cast

Get Your Dependable ELECTROLUX Now!

First Payment Next March!

"Let me tell you how I chose my second refrigerator!"

All refrigerators looked alike to the newlyweds. "Give us the low-down," they asked friends. "Why did you replace yours with the one that freezes with NO MOVING PARTS?"

1 "You never hear a thing..." said Bill Jones. "Just listen... silent, isn't it? And I can tell you, as one who's had experience, that's reason enough to buy a Servel. And no noise also means no wear, too!"

2 "Only a tiny gas flame..." Ted Walsh points out. "That's all it takes to do the work. Servel hasn't a single moving part in its freezing system. That's why you can depend on it to stay quiet, efficient and economical."

3 "My bills are lower..." said Mrs. Smith. "Food keeps much longer. And with no moving, wearing parts to run up the cost, Servel's operating cost will stay low always."

4 "And such conveniences..." You can store what you want, where you want it, keep it as you like it. You can have moist cold or dry cold, whichever you prefer. And there are lots of other features you'll love!"

5 "Make yours a Servel!" That was everybody's advice, and—since the newlyweds took it—it's their tip to you. Why not run down to your Servel dealer's right now... and see the beautiful new 1940 models they have on the floor. You will

be delighted at the spacious roominess, the glistening finish inside and out, the new conveniences. But best of all... you'll want the gas refrigerator for your home because its freezing system has no moving parts!

Convention Report Given For Club

Mrs. Wirt Phillips, delegate to the Texas Federation of Women's Clubs Convention held in Austin recently gave a report on convention activities at the Pioneer Study Club meeting held at the home of Mrs. J. M. Gilliland, Tuesday afternoon. Mrs. Burl France was assistant hostess.

Interesting sidelights of the convention were given by Mrs. Ray Johnson, who also attended the Austin meet.

Using the thought "Serious reading requires more effort than listening, but intellectually it is more satisfactory," as a background, the program dealt with the educational side of newspapers and magazines.

Mrs. Noah Ewton told of the beginning of the newspaper, tracing its development and improvement over a period of years.

Mrs. J. E. Beyer outlined the educational value of well known magazines, pointing out the manner in which the American housewife can become informed through magazine reading.

A review of the book, "The Good Old Days," in which the psychological effect of the mail order catalog was shown, was presented by Mrs. H. A. Close.

A guest day program honoring Pioneer members was announced for Dec. 10. Dr. Hendricks of Amarillo, will be guest speaker.

Those attending the meeting were Mesdames: Frank Terrell, T. E. Seigler, B. E. Roberson, H. D. Reed, Wirt Phillips, Marvin Norwood, F. L. Lucas, F. M. Kester, Ray Johnson, J. B. Jones, O. G. Hill, N. E. Gass, Noah Ewton, H. A. Close, J. E. Beyer, A. G. Bell and the hostesses.

Federation Day Is Observed By Study Group

Federation Day was observed by the Lone Star Study Club at the meeting held Tuesday afternoon, at the home of Mrs. Homer Henslee, with Mrs. Ellis Coombes as assistant hostess.

Individual opinions "Why I Think We Should Federate," were given in answer to roll call. Mrs. Robert Thompson conducted a parliamentary drill in the form of an interesting dialog.

Highlights from the Texas Federation of Women's Clubs meeting held recently in Austin were given by Mrs. Jim Higgins, delegate.

A business meeting was conducted when members decided to combine the next two regular meetings scheduled for Dec. 10 and Dec. 24, for a Christmas party to be given on Dec. 17, at the home of Mrs. R. G. Blue.

The captains of the Toy project announced that they will be glad to receive toys from anyone interested and will repair the toys for Christmas distribution. The

captains are Mrs. Lawrence Womble, Jack Grady and Ellis Coombes.

Members attending the meeting included Mesdames: R. G. Blue, Roger Corbett, B. R. Dixon, Jack Grady, Jim Higgins, Joe Kendall, Louie LeGrand, C. F. Lips, Earl Phillips, A. Petersen, Moore, Guy Newson, C. O. Phillips, Chas. Sowell, Robert Thompson, Ralph White, Jim Williams and the hostesses.

Will Be Presented In Twilight Musical

Miss Georgia Nelle Coleman will be presented in a twilight musicale at 5 o'clock at Miss Mattie Mae Swisher's Studio of Music Monday evening December 2.

Harley Bulls of Friona will be pianist. The interested public is invited.

Miss Coleman will be sponsored by the Music Study Club, The Voco Club and the Civic chorus. Clubs receive merit points in sponsoring a federation winner, having made high records in contests last spring. She has also had a number of auditions and has received much encouragement as to the future possibilities of her voice. She will enter T. S. C. W. at Denton in January.

Mrs. Matthews Is Honored On Birthday

A combination class social, birthday dinner and Thanksgiving dinner was all celebrated in one big day at the home of Mr. and Mrs. W. R. Matthews on 25-Mile Avenue, last Thursday. It was the birthday of Mrs. Matthews and she received remembrances from a lot of her friends.

Members of the Dorcas Class of the Baptist Church had a class meeting and elected some class officers during the day. Thanksgiving day was also celebrated by those present, by participating in helping to eat a large turkey with all the fittings. Those present besides the family were Mr. and Mrs. R. R. Jackson, Mesdames Mattie Bourn, Jennie Thompson, B. C. Roberson, R. W. Carroll, F. W. Lambert, W. B. Beach and Miss Jessie Morris and Alex Thompson. A son, Joe Matthews and his wife and son, together with Mrs. Matthews' sister and her husband, Mr. and Mrs. Carter, came from Eastland to spend a few days.

The Matthews family consists of the father and mother, a daughter, Miss Odie, and sons, Ted and L. J., and his wife and son.

Music Club Will Hold Open Program

The Music Study Club will have an open program on next Monday afternoon, December 2, at three o'clock. The program will

feature sacred music and a general theme of prayer will mark selections.

Organ music, vocal solos, trios, duets and violin numbers will be presented. Also special chorus numbers and Christmas Carols which will be sung by the entire club. The audience will be asked to join in the singing of the carols.

Everyone interested in Church music is invited to attend.

Dinner Party Given Visitors

A group from Hereford was entertained with a turkey dinner at the home of Mr. and Mrs. Sam Hutson in Littlefield on Thanksgiving Day. The group with a number of others, had attended the Amarillo-Lubbock football game and later were dinner guests of the Hutsons.

In the group were Mr. and Mrs. Bill Hutson, Mr. and Mrs. Jim Lipscomb, Mr. and Mrs. Wiley Roberson, Mr. and Mrs. Altus Higgins and Mr. and Mrs. Wesley Higgins. Also Mr. and Mrs. Sonny Ledbetter of Vega, Mr. and Mrs. D. O. Williams of Abernathy, Mr. and Mrs. Paul McGuire, Mr. and Mrs. Fred Brown and Mrs. Agatha Woodworth of Littlefield.

County Federation Meet To Be Held On December 6.

The second quarterly meeting of the Deaf Smith County Federation of Women's Clubs will be held at the Presbyterian Church Friday, Dec. 6. A featured dish luncheon will be covered at noon with the Lone Star, Junior Pioneer, Progressive and Child Study Clubs as hostess clubs.

The program is being arranged by Mrs. D. H. Alexander, chairman of extension department; Mrs. A. Petersen, chairman of Citizenship and Legislation department; Mrs. A. J. Schroeter, chairman Junior Clubs, and Mrs. Marvin Norwood, chairman of public welfare department.

Years-End Meet Held By Church

The annual years-end program held by the members of the Presbyterian church, commemorating milestones of progress, was featured at the church Wednesday night, November 20.

Beginning with a covered dish supper at 7 o'clock the evening was given over to the business of the church. Reports from all organizations were heard and a budget for a new church year was adopted.

Members of the Woman's Auxiliary presented "Wider than the Heart", a playlet interpreting Christian Stewardship. Character parts were taken by Mesdames Dave Perry, N. E. Milburn, D. H. Alexander, Henry Hastings and G. M. Hudson.

For a big time come to the Box Supper at Walcott School Thursday night, December 5, 8 o'clock. String music from Amarillo.

Friona News

MRS. H. L. SETTLE

Friona has had plenty of moisture for the time being. Two moisture spells in a week is unusual. The last moisture was enough to do some good for the farmers. All night Saturday and most all day Sunday, moisture in the form of rain, sleet and snow fell over this section. The moisture froze as fast as it fell, forming the heaviest ice that can be remembered by old timers who have lived here for more than 20 years. The heavy ice did quite a lot of damage, especially to telephone lines, electric lines and shrubs and trees. The electricity went off early Sunday morning and up to the time of this writing, (Tuesday noon) had not been on again. The old-fashioned lamps which a lot of the citizens had stored away, or perhaps had never thought of needing, came out in grand style, and were put into use again. Although Friona is not in the war zone, the "blackout" was noticeable to tourists traveling thru here. The neon signs regularly welcoming tourists, were not in

view, and the small lamps barely could be seen.

Schools which had previously dismissed for the Thanksgiving holidays, and were scheduled to open Monday, did not reopen, due to the fact that they were automatically heated and the electricity was off. Bus drivers were given instructions Sunday by Principal Holmes not to make their routes on Monday. As soon as the lines have been repaired and the electric service is available, school will resume classes.

On Sunday morning quite early, the Brookfield Station caught on fire, but firemen, after finally getting the hydraulic hose to working, were able to extinguish the fire. It had already done a lot of damage.

Rev. Frank McGowan and his wife left early Sunday for a ten-day trip to points in Oregon. They were scheduled to leave Sunday, and the severe storm did not stop them. Word has not been received yet, as to their safety, or whereabouts.

Mr. and Mrs. C. P. Warren made a business trip to Amarillo one day last week.

Harold Settle is in Brownwood where he is reported to have procured work with his truck in

one of the government construction units.

Most of the faculty have returned to the city following the Thanksgiving holidays.

Trees, which are naturally hard to get to grow to maturity in this section, were badly damaged by the heavy ice, breaking top limbs and totally ruining some. The ice draped-trees made a lovely picture, but the damage was heart-rending to those who had worked so faithfully in getting them to grow. Men were seen out shaking the ice off some of their-most prized trees. Miss Edith Galloway took pictures of their lovely yard while the ice-draped trees were at their most picturesque.

Some tourists from Iowa, stopping in Friona, made the remark that they had snow and bad weather in their state but that they had never seen anything like the weather here over the week end. They encountered the ice storm some forty miles the other side of Amarillo.

News from Friona is short this week. The reporter was suffering from a severe cold.

G. B. Hinds departed for Vinita, Oklahoma, on Saturday.

He will visit for about three weeks in the various parts of Missouri and Oklahoma.

Mr. and Mrs. J. B. McFarland, and Messrs. Claud and Slope Osborn, Ray Clements and Hines McFarland, have returned from a trip to Marble Falls, on a deer hunt.

Father Of H. D. Culpepper Dies

J. H. Culpepper, father of H. D. Culpepper, commissioner of precinct 3, died last week and funeral services were held last Wednesday at Tolbert, near Vernon. He was 80 years old. Mr. and Mrs. H. D. Culpepper were at his bedside when death came. Miss Verna Culpepper, and O. H. Culpepper, grandchildren, and Mrs. O. H. Culpepper and Bill Gentry attended the funeral.

Some Pointers On Pruning Are Given By The County Agent

Some pointers on pruning so as to protect the tree as much as possible from disease, rot, and insects and leave the tree in good condition to resume growth are given this week by R. Bateman, county agent.

Be sure to make cuts so that they slope inward from the upper side of the limb at an angle of 15-30 degrees. All cuts should be painted with a tar paint preparation. The tar seals all pores and eliminates danger of decay. The inward sloping angle makes it easy for water to drain off.

Prune no more than necessary, so as to give the tree the best chance to come out. Leave as many limbs as possible. The more limbs left the better chance the tree has of putting out leaves in the spring—and without leaves the tree will die.

Cuts which are not painted will "bleed" when the sap rises next spring, inviting shot hole borers, disease and decay.

Hereford

(Continued from Page 1)

ly under the load of ice. Not a tree around the courthouse escaped. Four hundred block on McKinley Avenue was especially bad with broken limbs almost blocking the street. Five hundred block on East 11th was also hard hit. All over Hereford the story was much the same. Broken branches littered lawns, blocked driveways, tore down down aerials, phone and light wires.

City Is Blacked Out

Hereford was without electric lights Sunday night, Monday night, Tuesday night and a large part of the residential area was without electricity Wednesday night. Stores did a rushing business in candles, lanterns, lamps, flashlights and gas light fixtures.

Work was practically at a standstill while the current was off. Vain efforts to restore lines between Happy and Hereford were tried Monday but lines broke behind repair crews. Meanwhile all electric refrigerators warmed up, radios went off, electric motors were useless, automatic heating systems failed because electric fans are used to circulate the heat, electric-powered gasoline pumps were idle and the myriad activities which depend on electric current were stilled.

In rural areas not a single REA line was left intact, causing water shortages in some cases and inconveniences for everyone. Repair crews went to work this week on REA lines.

Through the "black out" nights and the comfortless days, people of Hereford carried on in fine spirits, turning troubles into jokes, and planning to rebuild their losses as quickly as possible. Few real complaints were heard and the storm brought out a superb ability to "take it".

Telephone service continued from the main office here although there was no connection with the outside. When the current went off, the company used its battery reserve and later a gasoline generator was brought in to keep the batteries charged. About 200 phones in Hereford were out. A repair crew began restoring services yesterday.

Trains ran behind schedule during the worst of the ice, but none failed to get through. Railroad officials traveled by auto back and forth from Farwell to Canyon routing trains through. Since there was no telephone or telegraph connections between these points, officials were afraid to let trains through until the way was cleared.

Automobiles, buses and trucks were caused little inconvenience on the highway, but country roads were difficult to travel. Mail service in town and on the routes continued. In town E. W.

Young and Coleman Wright delivered the mail through the worst.

Western Union wires were down. Telegrams were received through the mail and sent by mail or bus.

Road Bond

(Continued from Page 1)

the balance legal; which would bring about the situation that any taxpayer can force the Commissioners Court to issue bonds regardless of whether or not they are assumed by the State.

"2. The risk is being taken that the bonds will not be assumed by the State.

"3. The risk is being taken that the payment of the bonds, if assumed part of the time by the state, will be thrown back on the county for payment when the assumption act is not re-enacted.

"4. The county is taking the chance of the Board of District Road Indebtedness being overloaded, and unable to pay the bonds, in which case the county would be called upon to pay any shortage of interest and principal.

"5. Since it is always probable that there will be a diversion from the one cent gasoline tax, it is possible that such funds will be used for other purposes rather than the payment of road bonds and interest."

Under a "gentlemen's agreement" between the Commissioner's Court and the tax payers of this county, the bonds would not be sold unless the State commits itself to assume the bonds, Mr. Schroeter said.

Gene Worley Speaks

Congressman-elect Gene Worley was present at the meeting and was invited to speak. Mr. Worley said that he was in the county to thank the people for the support they gave him in his race for Congress and promised full co-operation to aid as much as possible on farm and ranch problems affecting this area. He stated that "There is no man in Congress whose place will be harder to fill than that of Marvin Jones."

"I hope you folks will write letters to me just as you did to Marvin Jones."

Pointing out that in Congress he would be a "freshman", Mr. Worley said that he had recently spent several weeks in Washington familiarizing himself with the workings of that body. He said that Marvin Jones had given him much help.

Mr. Worley said that probably the first action of the new Congress would be to raise the national debt limit to 60 or 70 billion dollars. He discussed briefly the war situation as it affects the United States.

Again thanking the people of this county, Mr. Worley emphasized his intentions to serve the people to the best of his ability.

SCIENCE GUARDS

America's telephone service

Men of science watch as fantastic apparatus enacts an unrehearsed drama before their eager eyes... nearby, other research experts peer into their microscopes... in another room, laboratory technicians put through grueling tests some new and better part for America's telephone system...

The scene is the Bell Telephone Laboratories where nearly 5,000 scientists and assistants explore the unknown to build a better telephone service for America. Today their thousands of inventions and developments serve America.

By modern scientific methods huge telephone cables are made and buried underground, guarded from floods, fires, storms, and other disasters. Some of the more important cables are filled with gas, so that the smallest leak in the lead covering sounds an automatic alarm, summoning repair crews.

America's telephone system, guarded by science, is armed to withstand many attacks which a few years ago might have silenced thousands of telephones and isolated many communities.

Today Americans, in any emergency, turn to the telephone, knowing they will receive fast, dependable service.

HEREFORD

BULL

By Jimmie Ollentine

Hereford has been known for many years as "The City of Beautiful Trees." Glenn Weir estimates that trees in this community are worth on an average of \$100 each, some being worth more and some worth less. Taking this as a basis, you can figure for yourself just how much loss was seen here Sunday afternoon and Sunday night.

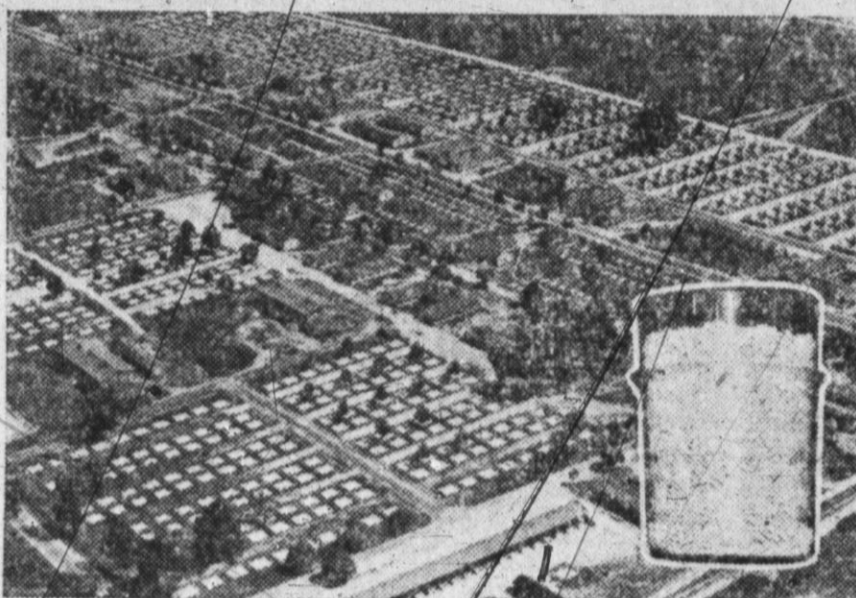

Many persons believe that 75 per cent of the trees will be back out within two years, provided they were trimmed properly following the freeze. However, some of the trees were damaged beyond hope. Eloyse Pittman expressed a hope that some

of the trees will be replaced by more sturdy varieties, and it was interesting to note that the Chinese Elms were the first trees to go. Suffering least damage were Black Walnuts, Ash, Catalpas, Maples and even Locusts. The Chinese Elms grow faster, but they sure can't take it. E. B. Black is about the only fellow who saved his trees 100 per cent. Anyway, the idea is worth considering. If you have any information or data regarding different varieties of trees and how they grow in this area we will be glad to publish it in The Brand.

Many people are wondering how old the trees in this community were. After checking the 1910 files of The Brand, it is logical to presume that most of them were planted after that date. A drive was started in February, 1910, to get more trees planted.

According to the paper, Mr. E. W. Knox of San Antonio donated a pecan tree to each of the schools, and two pecan trees were donated to each of the schools by L. P. Landrum, who at that time operated the Hereford Nursery. All citizens were urged to "take the matter up

From Fishbowl to Army Camp

A construction race rivaling those of World War days will end December 1 when the vast Fort Dix, N. J., training camp is completed. Draftees whose numbers were drawn from the fish bowl (inset) will find Fort Dix ready for them after that date. The camp will have facilities for 22,000 officers and men. Many were trained at this site during the World War.

vigorously" in regard to planting trees. The tree planting committee included J. B. Baker, F. T. Ramsey and Jno. S. Kerr. The entire campaign was based upon the words of Gov. Hogg, who said: "Erect no monument of marble over my grave, but plant a pecan tree at the head and when it comes to bearing, give the nuts to the people of Texas so they can in turn plant them at their homes."

It is estimated by Judge Major Schroeter that the trees around the court house were approximately 15 years old. The first trees planted there were later dug up and replaced. Anyway, this is the first time I ever had a clear view of the courthouse, the Catholic Church or the high school.

While digging in the files for dope about when the trees started, Fred Harrell also ran across the following advertisement, which is self-explanatory:

WHISKEY

"Found early Wednesday morning in front of OK Land Office two newly looking quart whiskey bottles with a little whiskey in each one. Owner can get same by paying for this ad and identifying bottles. Please leave more whiskey and less bottles next time, or leave your empties at your own door and oblige. A. H. Elliston."

According to R. L. Cramer and H. W. Gault, who came here recently from Idaho to open a potato and onion sales house, the real estate business hasn't changed much, however. Her's one they tell on Jack Rose when he visited in Idaho. Jack finished describing this country with a verbal flourish by saying: "All Deaf Smith County needs to become the garden spot of the world is good people and water." "Huh," replied an Idaho prospect, "That's all Hell needs."

As regards the forming of ice on trees and electric lines, it's one of those things that doesn't happen in a thousand years. The temperature has to be just so-so. If it had been even one degree colder the moisture would have turned into sleet or snow—and

if it had just been two degrees warmer it would not have frozen. The engineers say we went through a real weather freak. Anyway, it all goes to prove how dependent we have become on electricity. Lighting, which at first seemed the apparent handicap, became minor as things developed. When the lack of electric power cut into the water supply things really got bad. Folks couldn't even wash dishes—and it certainly surprising at how much you want to listen to the radio when it dawns upon you that you absolutely can't turn it on. We couldn't turn a wheel at The Brand office and business firms all over town were in the same boat.

Probably the most unusual thing about the recent situation was the fact that while all means of communication were cut off that the highways still remained in excellent condition. Busses made regular schedules as did delivery trucks, and passenger cars traveled with fair speed.

The idea struck me that it would be excellent condition for a bank robbery. Thieves could stuck-up a bank, taken their loot and fled without trouble. Once local police were eluded the thieves would have been long gone since no telegrams, telephone calls or even radio casts would have been possible. A bandit could have robbed a bank in Hereford and might have been in Dallas before the news ever reached the outside world. It's sort of like Dr. Wilis said when asked what if an emergency operation had occurred while the lights and water were off. "Let's talk about something else."

If this stuff sounds old to you, it is because it was written Monday. Today we are trying to get everything possible in shape so Sherman and Scotty can "go to town" as soon as the juice comes on. I didn't have the heart to solicit ads today so I just decided to write this column. If we don't get any electricity by Wednesday we are figuring on taking our copy to Farwell or Clovis and get them to print the paper for us, as we understand their service is OK. Probably by the time the paper comes out most of us will have forgotten the situation—and this will sound silly. However, it is a grim reality right now.

In this issue you will find a story covering the Road Bond meeting held last Saturday in the courthouse. The meeting brought out several new angles, and although I still favor the bonds I feel that every voter should read the story which can be found on Page 1. Let me also state that elections are being called in Farmer County, Castro County, Floyd County, and in most of the other 12 counties of Texas which were not already participating in the "Gravity Train" on road construction. I think the story explains the situation fairly and without partiality—at least that is what we tried to do.

John Olson attended the meeting and was kind enough to write the following letter.

Dear Sir: The meeting called by the Commissioners' Court for discussion of the road bond election brought out several points not clearly understood before the meeting by myself, and perhaps others. For instance, if the bonds are voted, there is no positive

assurance that any or all of them will be assumed by the state. Neither is there any assurance that part of the \$600,000 worth of bonds can be withheld at the discretion of the commissioners' court.

As Gene Worley brought out at the meeting, we nearly always have to pay for what we get. Therefore, it behooves us to look the article over, examine into the cost, and try to determine whether or not we are going to get our money's worth. Looking at the dark side of the picture first, it is proposed that we vote \$600,000 worth of bonds for the purpose of hard-surfacing about 60 miles of roads in this county. It is pretty generally agreed that this county's bonds could be sold at not over 3 1/2 per cent interest rate. Over a period of 20 years, that would require \$41,525.00 a year to retire the bonds and pay the interest. If the county votes the bonds, builds the roads, and pays them off without any help from the state, it will mean an increase of 78 cents per hundred dollars in the tax rate based on the same valuations that we now have. To me individually, it will mean an increase of \$10 per year. The question I'm asking myself is this: Is it worth \$10 per year to me for the county to have 60 more miles of hard-surfaced road? Speaking for myself only, and not presuming to answer the questions for anyone else, I think it will be worth the money.

Now getting back to what Gene Worley said about having to pay for what we get. I'd like to submit the proposition that we owe it to ourselves to get what we pay for: It was brought out at the meeting that 1 cent out of 3 cents state gasoline tax is set aside by the state to meet interest and principal on bonds of counties participating. So Deaf Smith County is one of 12 counties not participating. But the citizens of this county are paying the tax on the gasoline. A survey of how much gasoline is retailed in this county will show not less than 1,000,000 gallons of

LITELL'S LIQUID

A Calcium Sulphurate Solution for relieving the discomforts of itching that frequently accompanies Minor Skin Irritations, Prickly Heat, and the Bites of Non-Poisonous Insects. Locally it helps to allay the itching of Eczema. Price 50c per bottle.

HAILE DRUGS

which a tax of 3 cents per gallon is collected by the state, and on which there is no tax refund. That would mean \$10,000 a year going from this county into a state fund for distribution in a program in which this county does not participate. In other words, we are paying for roads and not getting them.

It was brought out in this meeting that this assumption act must be re-enacted every two years. If there are already 242 counties participating, I don't see much likelihood of the representatives of those counties failing to vote for re-enactment.

As I see it, the worst that could possibly happen would be an increase of 78c a hundred in the tax rate, with the chances for such an increase extremely remote.

Very truly yours, JOHN H. OLSON

Daniel News

PAULINE MOORE

The people of this community are very thankful for the good amount of moisture received during the past week end. The Thanksgiving holidays were celebrated this week end by the people also.

The new church building is beginning to look like it is going to be finished in the near future. The inside work is almost completely finished including the installing of a new stove for each class room and the auditorium.

About 75 people attended the Thanksgiving party at the Daniel Schoolhouse, Friday evening. The refreshments were sold to everyone, which brought in \$14.22 for the purpose of buying Christmas decorations and ornaments needed for a Christ-

mas tree and program.

Mr. and Mrs. J. R. Belt, Beth Ann, Mrs. Sams and Betty Mae of Lockney, Mrs. J. E. Tierce and son, Dale and E. J. Golden were Saturday night visitors in the Floyd Tomlinson home.

Mrs. Joe S. Moore and children had dinner in the A. D. Moore home in Kress last Friday.

F. E. Finney and wife and Johnnie B. Caraway of Dawn were Sunday visitors in the W. R. Moore home.

Misses Pauline and Ruth Moore were Sunday evening visitors in the home of Mrs. Iverson Leake of Dawn.

Mrs. Edith Scruggs was a Tuesday visitor in the T. E. Tomlinson home.

Mrs. Glen Oliver and son of Hereford were week end visitors in the E. W. Shugart home.

Mr. and Mrs. Horace Chilton of Amarillo and Mr. and Mrs. Bernice Sweatt of Canyon were Friday afternoon visitors in the parental Frank Finney home.

Several families of this community were visitors in Hereford, Friday and Saturday.

Miss Jean Tar of Oklahoma is helping Mrs. Floyd Tomlinson with her work.

The Training School for Christmas candies as scheduled in the Yearbook will be held at the home of the County Home Demonstration Agent on C St. at 2:30, Saturday, November 30. Two delegates per club will attend.

The County Home Demonstration Council will hold their regular meeting, Saturday, November 23.

LOCALS

STUDENTS HOME FOR HOLIDAYS

Thursday, November 21, was observed as Thanksgiving day by Texas Tech. College. Students spending the vacation in Hereford were Merlin Conklin, son of Mr. and Mrs. Lee Conklin, Floyd Ross, son of Mrs. Dorothy Ross, Jeff Burk, son of Mr. and Mrs. H. A. Burk, Jack Nicks, son of Mr. and Mrs. Walker Nicks, Bob Gilliland, son of Mr. and Mrs. P. H. Gilliland, Daniel Turrentine, son of Mrs. Al Werner, Loy Cook, son of Mr. and Mrs. Tom Cook and Paul Lyons, son of Mr. and Mrs. F. P. Lyons.

Mrs. A. H. Streu and daughter, Helen Frances were in Amarillo Friday.

Mrs. Alice Verden returned to her home in Lubbock Sunday afternoon visiting her daughter, Mrs. Marlin Gilliland over the Thanksgiving holidays.

Mrs. F. W. Janes of Olton visited her parents, Mr. and Mrs. E. W. Cawthon, last week.

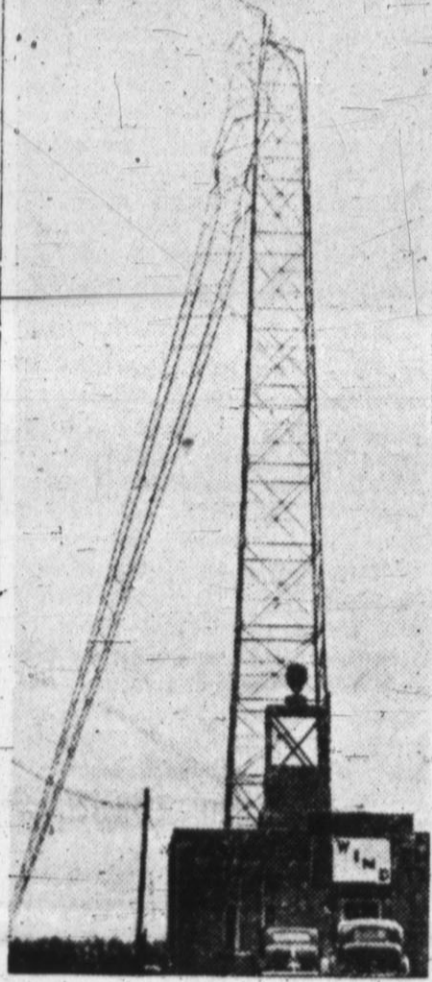

Miss Betty Frances Miller, stu-

dents at St. Anthony's Academy in Amarillo, spent the Thanksgiving week end here with her parents, Mr. and Mrs. R. B. Miller.

Glenn Snyder left Sunday for Denton, accompanied by T. S. C. W. students who had spent the Thanksgiving holidays at home in Hereford. In the group were Lois Cockrell, daughter of Mr. and Mrs. Carl Cockrell, Mary Louise Dean, daughter of Mr. and Mrs. Arlie Dean, Viola Phillips, daughter of Mr. and Mrs. Wirt Phillips and Helen Ann Snyder. Mrs. Ike Holman of Paris, another daughter of Mr. Snyder's met him in Gainesville Monday and made the return trip to Hereford with him. She will visit her parents here for ten days or two weeks.

Mr. and Mrs. Claude Forsom went to Lubbock Sunday. Mrs. Forsom was returning to a school near Lubbock where she is a teacher, after spending Thanksgiving here. They were accompanied by Roy Hastings and George McLean, both students, of Texas Tech.

Gone With W.

The \$15,000 radio tower on station W-I-N-D, which was broken in half by the terrific gale which did millions of dollars of damage in the South and Midwest.

J. M. Gilliland returned Sunday night from a business trip to Port Arthur, Ill.

W. T. S. C. STUDENTS HOME
Home to spend the Thanksgiving holidays from W. T. S. C. Canyon, were Bernadine Phillips, daughter of Mr. and Mrs. C. O. Phillips, Nola Margaret Blue, daughter of Mr. and Mrs. R. G. Blue, Helen Frances Streu, daughter of Mrs. A. H. Streu, Imogene Roberson, daughter of Mr. and Mrs. Jack Roberson, and Myron Morgan, son of Mr. and Mrs. Eldon Morgan.

Miss Edith Jackson who is employed in Amarillo spent the week end here with her parents, Mr. and Mrs. R. R. Jackson.

Mr. and Mrs. Jeff Gilbreath accompanied by Thornton Shirley visited Mrs. Gilbreath's sister, Mrs. Sam Steele and family in Fort. Sumner, N. M., last week.

Rev. and Mrs. James Aiken and daughter, Peggy Ann, spent Thanksgiving Day with Rev. and Mrs. Alford Dorsett in Canyon. Rev. Dorsett is pastor of the Canyon Presbyterian Church.

Mr. and Mrs. J. T. Gilbreath Jr. and Mr. and Mrs. Sam Gilbreath and children of Dimmitt went to San Angelo to spend the Thanksgiving holidays with Mr. and Mrs. M. A. Hartman. Mrs. Hartman is the former Miss Orlena Savage of Hereford.

Mrs. B. L. Branson has been in Amarillo the past week visiting relatives.

BOARD MEETING
A board meeting of the County Federation of Women's Clubs will be held in the county court house at 3 o'clock Saturday afternoon. All members of the board are asked to be present.

Mr. and Mrs. J. A. Pitman returned from a combined business and pleasure trip to Kansas City, Indianapolis, Ind., Lexington and Louisville, Ky.

Mr. and Mrs. M. Y. Galloway and daughter, Ann, of Amarillo spent the past week end in Hereford with Mrs. Galloway's aunt, Mrs. Seth B. Holman.

Mrs. Henry Hastings spent part of last week in Tulla with her mother, Mrs. G. F. Tomlinson, who has been seriously ill for several weeks.

Mrs. Frank Lucas and son, F. L. Lucas spent the Thanksgiving vacation with her mother, Mrs. F. B. Crenshaw and other relatives in Brownwood.

Mr. and Mrs. E. H. Norton made a business trip to Lubbock Sunday.

Fred W. Baird, accompanied by Bob Baird and Billie Bee and Natalie Flesher of Canyon, and

Dawn Items Messenger News

By MRS. CARL WIMBERLEY

Approximately three inches of moisture fell here this week from sleet and rain. The heavy ice broke highline posts and wires, and practically all the limbs off the shade trees. Although the electricity went off Sunday, the gas was still on at Dawn Tuesday. One filling station closed because it has electric pumps, and in numbers of places REA lines had to be cut so people could get to the road. Roads are in a fair condition.

Mr. and Mrs. N. R. Miller are the proud parents of a baby girl born Monday, November 25 at the hospital in Hereford.

H. E. Miller attended an American Legion program and luncheon in Hereford Wednesday.

The study club met at the home of Mrs. Walter Galley Tuesday afternoon. Mrs. William Wimberley discussed the President. Others present included Mrs. Baker Womble, Mrs. Jim White, Mrs. Johnnie Wombles, and Mrs. Stephenson. The next meeting will be at the home of Mrs. H. E. Miller, December 3.

Mr. and Mrs. O. T. Hewitt of Borger visited Mr. and Mrs. L. A. Smith and family Tuesday night and Wednesday. Thanksgiving dinner guests of Mr. and Mrs. Smith were Misses Ella Smith, Shirley Donnell, and Ruth Stinson of Amarillo and Mr. and Mrs. N. R. Miller and son, Bobby.

The school buses did not make their regular routes Tuesday because of the mud. The students in Dawn were taken to school.

Mr. and Mrs. Carrol Creps helped Mr. and Mrs. Eunice McGuire move to Bellview, N. M., this week. Mr. McGuire will work for R. S. West there. He has been working for H. E. Miller.

Raymond Miller, who joined the army recently, is reported to be enlisted in the Medical Corps and is stationed at San Antonio.

W. A. May is driving a new car.

Miss Vera Crawford of Canyon and Miss Alma Miller of Amarillo were dinner guests in the H. E. Miller home Thursday. Miss Miller spent the holidays at home.

The regular community night meeting will be held Friday, December 6, and it will begin promptly at 7:30. Miss Florence McMurtry of W. T. in Canyon will show some films including one of Alaska taken this past summer. A talk will be given by Miss McMurtry or someone she selects.

Mrs. E. A. Oberst of Canyon and Mrs. Harry Axtell of Kress visited Mr. and Mrs. William Wimberley and son last Sunday.

R. D. Smith who has been working here for several weeks has returned to his home near Wildorado.

Mr. and Mrs. R. S. West spent the holidays at Bellview, N. M. Dinner guests of Mr. and Mrs. Roy Oglesby and family Thursday were her father, J. P. Gandy and brothers, Henry Gandy, Mr. and Mrs. C. R. Gandy and children from Wyche. Mr. J. P. Gandy remained until Monday.

J. G. Coe left for California Wednesday and returned with Mrs. Coe and the children Monday afternoon. Mrs. Coe has been visiting Mrs. L. R. Underwood at Los Angeles.

Miss Inez Miller of Whitharral came home Friday and stayed until Sunday.

Rev. and Mrs. Clarence Wylie of Canyon were dinner guests

Mary Ann Baird of Waxahachie, attended a special convention of the Tax Assessors' and Collectors' Association in Austin Friday and Saturday, returning to Hereford Sunday night. Fred reported that the ice sheet wasn't in evidence 20 miles east of Amarillo but from there on to Amarillo there were broken poles and tangled wires due to the ice.

Fairness as applied to banking

In previous issues of this paper, in this space, the essential elements of financial STRENGTH, STABILITY and LIBERALITY in banking were discussed.

FAIRNESS is also an essential to the proper conduct in bank management. Unless the element of fairness is exercised in adjusting service charges, no bank can be depended upon for constructive aid to the community which it serves.

The principle of fairness in service to the public is the constant aim of the management of this Bank. We invite those who are not our patrons to give us a chance to prove it.

Funeral Services For Milton O'Rear Held Sunday Afternoon

Funeral services for Milton O'Rear, 72 years old, were held Sunday afternoon at the First Methodist Church, conducted by Rev. H. M. Redford. Mr. O'Rear died suddenly last Friday. Interment was in West Park Cemetery.

Survivors include the widow; five children: Mrs. Ava Simms of Happy, Mrs. Lola Seed of Odessa, Rainey O'Rear of Clovis, N. M., Harold O'Rear of Alamosa, Colo., and Amos O'Rear, who is employed as nightwatchman here. Also surviving are three grandchildren.

Mr. O'Rear was born June 30, 1868 in Spalding county, Ga. He moved to Texas, settling at Strawn. From there he moved to Arney in Castro county in 1915, to Hereford in 1918, to McLean in 1923 and back to Hereford in 1937, where he lived until his death.

Palbearers were R. S. Scott, Lynn Kester, Ernest Wade, Glenn Weir, Cliff Estes and Troy Moore.

Prospects Bright

(Continued from Page 1)

hawks is as follows:
Phillips 13, McLean 12.
Phillips 20, Littlefield 0.
Phillips 26, Lefors 2.
Phillips 21, Dumas 6.
Phillips 39, Spearman 0.
Phillips 21, Canadian 9.
Phillips 14, Panhandle 6.
Phillips 16, Perryton 0.
Phillips 21, White Deer 0.
The last five games are conference frays. Hereford played three of the teams listed above and won over two of them, though not by as large scores as Phillips ran up. They are: Hereford 6, Littlefield 2. Hereford 13, Dumas 7. Hereford 6, White Deer 7.
The Phillips team isn't the first championship team Coach "Chesty" Walker of the Black-hawks has coached. He took Memphis to the regional when

he was coach there. Before going to Phillips he had coached two years at Vernon. This is his second year at Phillips. He is assisted by Henry Fields, a graduate of West Texas State and a captain of his team.

Repair Work

(Continued from Page 1)

Part of the Hereford Brand was set on a Maytag. If the sheet is cleaner than usual that is the reason. The Maytag motor (courtesy of Hereford Appliance Co.) was hooked to one of the linotypes Tuesday. Light for the machine was furnished by a storage battery (courtesy Fullwood Battery and Electric Co.) Loerwald Bros.' 110 volt A. C. generator was tried, but the linotype motors are 220 volt.

Major Schroeter called Alton Miller Monday morning and asked about buying an electric stove.

Gaston Baer said he sent word by some people going to Amarillo and they had the radio station there broadcast an order for over shoes.

F. H. Oberthier told of having to chop his way out of his yard. His case was only one of many.

One of the fountain clerks at Close Drug said she was going to put on smoked glasses when the lights came back.

F. M. Kester stepped out on the sidewalk and plucked an icicle from the clock hanging in front of the jewelry store. "You know," he said, "these people with the old-fashioned privy really have something."

Speck Lunsford, manager of the Star Theatre, was one of those really glad to see the current back on. "It's been so long since I've been to the bank they

have forgotten what I look like down there," he said.

Upon hearing about the two babies—born by "candle light," Dave Alexander says he was born by the light of a crude grease lamp—and that they used cow chips to heat the room.

Emmett Milburn spent all Monday hunting for a Carpenter who specialized in the "Chic Sales" type of architecture.

"This proves to me that America, like England, can and will scrap against overwhelming odds against any invading nation," remarked Gladys Skelton. "We are a more resourceful people than we realize."

"This is a most unusual year," declared Gene Loerwald. "Roosevelt broke the Third Term tradition, A & M is going to break the Southwest Conference tradition of two championships in a row, the Cincinnati Reds won the World Series, then this country gets cut off from the outside world. Yes, Sir, it's a freak year."

And in conclusion, let's give a big hand to the boys who run the Texas-New Mexico Utilities Company. The linemen worked day and night, with very little sleep—and it's no fun handling "hot" wires, when you are balanced on an icy pole and your hands are near the freezing point. Alton Miller says within the next few days he would like to find time to see what their new baby son looks like.

Ordinance

(Continued from Page 1)

unless they be kept in an enclosed and covered barn, nor more than six head altogether. The ordinance does not apply, however, to animals kept for sale or in preparation for sale in the Sales Pavilion.
The ordinance further requires that the enclosed barn be kept in a sanitary condition. Violation of the ordinance is a misdemeanor and is punishable by a fine not exceeding \$100.
The ordinance takes effect immediately.

Around Town

(Continued from Page 1)

Hereford stores sold out of candies. Cecil Gunter was seen buying a lantern. Flashlight sales zoomed.

George Stambaugh made coffee by drawing the water out of the hot water heater.

As one of the first theatres in the country to announce the showing of "A Child is Born," we feel that the people of this community will sincerely appreciate this outstanding attraction which we have booked in a special prevue, Dec. 19.

Never Before

have we shown a picture of so intimate a nature as this — an adult story told for adults. It is a frank picturization of woman's greatest adventure; but we believe that the sincerity and beauty of its treatment render it superb entertainment for any RIGHT THINKING PERSON!

SPECIAL PREVUE OF

"A CHILD IS BORN"

AT THE STAR THEATRE — THURSDAY, DEC. 19th

Catholic Legion of Decency rating for this picture is
"Unobjectionable for Adults"
