ground waters in Texas in the

The author of the bill, Judge Isaacks, has agreed to offer an amendment exempting the area. Fielding Helm, farmer of Plainview and Clifton, last week advised H. S. Hilburn, president of the Plainview Board of City Development.

According to Helm, who had just conferred with Isaacks, his amendment would exempt "all of Texas north of a line running due east on a line with the south line of New Mexico."

Organized opposition to H. B. 70 has been extended by local organizations in the irrigation area into many parts of the state, where owners of irrigated land here reside and where this area has influential friends.

Hereford Chamber of Commerce mailed letters to nonresident landowners urging them to contact their representatives in the legislature.

However, Hereford men urge continued vigilance, at least until the amendment is adopted and passed, or the present bill is killed entirely.

HEREFORD

Life seems to be just one long lesson in humility. A few months ago I had to apologize to Bob Higgins, and now I feel that it is only right to bow at the feet of Cecil Guseman. The boys have been working plenty hard and they are out to cop some prizes. We've got some of the finest cattle in the world right here around Hereford, Texas, and I believe a little work, time and effort should put our calves They truck and rhumba and up in the big time. It will be wonderful advertising for the community and will do more toward placing our cattle in the limelight than any other possible thing. Let's all turn out Is the friendliest little girl tomorrow and see what the boys have to show.

This sales engineer, Byron E. Lopp, sure has everyone on their toes. Harold Close closed up his store and the whole force took the course Monday night. The next morning I went in the drug store to get a drink of water and borrow an envelope. Before I could get out Tincy had sold me a malted milk and Chester Jacobs was wrapping up a leather suitcase. I had intended to use the telephone, but I sure didn't mention it. Not with that Western Union office located in the rear of the store.

Really and truly, though, Mr. Lopp is bringing the community a real service. He isn't trying to teach any high pressure stuff. That's passe, or some-thing. He is helping the business people and the clerks of Hereford to serve the people like they want to be served. His course is instructive and entertaining and it will recall a lot of things which many of us already know; things which make

Live At Home Program Advocated

By A. R. BATEMAN

Our subconscious mind is very definitely working and is alert to the hazards that are possible to us and our loved ones: So we naturally want to do something that will assure us of that feeling of security in the way of food, clothing and other essentials or necessities. All of these facts in mind we want to immediately set about producing enough home grown foods and feed for not only our needs, but a surplus for those who are too old and those too young to produce.

The "Live at Home Program" has long been advocated y the Extension Service, but has been regarded as just an Extension Service Slogan until only recently, and it has been accepted by the Farm Families throughout the nation and now thousands of families have stored food in the smokehouse or dugouts.

Many of our Deaf Smith County families are in need of assistance such as food clothing and many, if not all, of these would gladly produce a garden, poultry, pork, beef and dairy products if the opportunity presented itself.

There are 100 farms within the county that would produce a larger income for the owner and tenant if improved. If the landlord would build a liveable house and with water for the farm it would not only be salable but the tenant could have a home and at the same time keep the soil from blowing, which would mean that the farm would be producable.

If each farm within the county had a good place for a farmer to live the problem of getting good reliable tenants would be easy and if this was the case, Deaf Smith county land would be controlled from eroding.

Never-Ending Stream of Italian Prisoners

A seemingly never-ending stream of Italian prisoners is here shown pouring over a bridge following the capture of an important base during the British sweep west through Libya, which was climaxed by the capture of Bengazi, an Italian stronghold. In all, the British captured 100,000 Italians, it was claimed.

Stock Show In Hereford FRIDAY FEB. 28TH Starting at 10 A. M.

Our 4-H Club and FFA Boys of today are the Stock Farmers and Ranchers of tomorrow . . . Let's turn out strong Friday and show them that we appreciate their tireless work and their enthusiasm. The Hereford area is a natural feeding ground . . . and some of the finest foundation cattle in the world are right here in this com-

munity. This firm deeply appreciates the endeavor shown by our young men. From actual experience, we know of the tireless efforts, the hazards, the long hours of hard work and the discouragement they have faced — and Tomorrow . . . the Big Day . . . we wish each of you the success which

you have justly earned and deserve.

COUNTY OFFICALS STRESS FARM-TO-MARKET ROADS FOR DEFENSE

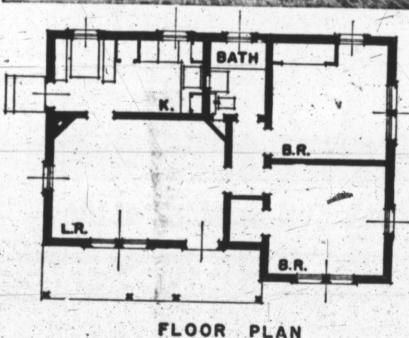

-Photo by Highway Information Service.

Importance of farm-to-market roads to national defense was highlighted by deliberations of County Highway Officials at 38th annual "Roads for Defense" Convention of American Road Builders' Association in New York City, January 27-31. Left to right, above, are L. V. Belknap, president, ARBA County Highway Officials' Division and engineer-manager, Oakland Couny Road Commission, Pontiac, Mich.; Paul B. Rynning, Jackson County, Medford Ore., engineer; N. P. Lowrey, vice-chairman, Board of County Commissioners, Miami, Fla., and Manton Hannah, McLennan County, Waco, Tex., engineer, division vice president. Belknap said, "No army, no navy can move without food and supplies. Roads are as necessary to national defense as guns and ammunition. We need roads to the farms where the food is produced. We need roads so our defense forces can be transported wherever and whenever needed."

This Trim Cottage Shows Progress In Solution of Housing Problem

Progress is being made toward the solution of the American housing problem when a house of this character may be financed over a 25-year period with monthly payments of only about \$15 exclusive of taxes and hazard insurance. The dining room is exclusive of taxes and hazard insurance. The dining room is eliminated in the interest of economy but there are no other short cuts in design which would make it less desirable than many other dwellings costing much more. Access to the bath is provided through a small hallway, making it unnecessary to pass through other rooms. A mortgage of \$2,590 on this property was insured by the Federal Housing Administration. The cost of this property may vary in other localities. of this properly may vary in other localities.

Kansas Visitor Honored At Party Series

This is a season for party honorees and hostesses. And among the honorees entertained informally last week was Mrs. Ernest Sewell of Independence, Kan., who has been visiting in the home of her daughter, Mrs. Jack Wayland. She was the guest Monday afternoon when Mrs. Wayland invited two tables of players for bridge games and Mrs. J. A. Pitman entertained two tables of players Tuesday afternoon. On Wednesday another group enjoyed foursomes at Mrs, Waylands and Thursday Mrs. W. L. Davis was hostess for eight. Friday afternoon two tables of guests enjoyed Mrs. A. R. Bateman's hospitality and the series of courtesies was climaxed Saturday with a luncheon given by Mrs. E. B. Hedrick and Mrs. Seth B. Holman. The scene of the luncheon was the Party Place in Amarillo where a lovely spring table was laid for eight guests. Centerpiece for the table was a combination arrangement of jonquils and blue stock. We have seen that tubercucancer the situation is very different. In 1910 the rate was 77 deaths per 100,000 inhabitants. In 1938, this had increased to 114 per 100.000. Three people are struck down by cancer today where only two were destroyed twenty years ago.

I have cited these figures to emphasize the importance of of fighting this disease. There is just one more item that I would like to call to your attention. Of six women over forty whom you may know, one and perhaps two will probably develop cancer. They need not die, of it. In fact just as figures show that cancer is increasing, there are other figures, equally reliable, to demonstrate that cancer in its early stages can and is being cured.

In cancer of the breast and cancer of the uterus, for instance, three out of four persons who are treated when the disease is early are gured. METHODISM'S DAY OF COMPASSION Emergency Million Sunday, March 2

A million dollars for camp service and overseas relief will be sought March 2, the first Sunday in Lent, when Hereford Methodists join their fellow members in 43,000 churches, large and small, country and city, in a simultaneous, sacrificial offering for war sufferers and for use in and hear camps for the moral and spiritual welfare of our soldiers and sailors. Rev. Marvin B. Norwood has announced. Quota to be raised by the church here is \$75, he said. Mrs. E. W. Harrison, Mrs. J. F. Ward, T. W. Alderson and E. Beyer compose the committee in charge of Methodism's Day Compassion here.

Prize Money Doubled As Increased Entries Seen; Parade Planned

Adding still more thrills to the competition in Hereford's Second Annual FFA and 4-H Club Fat Stock Show, prizes were more than doubled this week, according to announcement by A. R. Bateman and W. M. Emmons.

Grand Champion prize was hiked from \$7.50 to \$20; second prize will be \$12.50; third prize, \$10; fourth prize, \$8; fifth prize, \$6; sixth prize, \$4; seventh prize, \$3; and eighth prize, \$2. All other entries will receive \$1 each.

One of the highlights of the show will be a parade of the animals at noon down Main Street. Cecil Guseman and Wiley Roberson, riding horses, will lead the march, and the high school band will also march and furnish music. The parade is to start at 12 o'clock at the Star Theatre building.

Due to the increased number of entries, officials, announced last minute change in time judging will start. Instead of beginning at 10 o'clock, judging will start at 9 o'clock Friday morning.

Auction sale of all animals will begin at 1:30 p. m. in the Sales Pavilion. W. E. Dixon, recent graduate of an auctioneering school, is donating his services as auctioneer. Amarillo and Dimmitt buyers as well as many others, are expected to be pre-

A PIE PARADE Just Raisins, Pecans, Eggs, Sugar, Spices and Flavoring

It's called "Millionaire Pie" perhaps for no reason at allor perhaps its because you feel so rich in confidence that every piece you serve will be enjoyed Clubwomen Hear by your family and guests. The recipe belongs to Miss Mattie Woodburn who has an enviable eputation for making pies. Here t is;

MILLIONAIRE PIE

- 1 cup sugar 3-4 cup raisins
- 3-4 cup pecans 2 eggs beaten altogether
- tablespoon flour 2 tablespoons vinegar
- 4 tablespoons cold water
- 1 tablespoon butter
- 1-2 teaspoon cinnamon and nutmeg 1 teaspoon vanilla

Mix sugar, flour and spices. Add water, vinegar, well beaten eggs and melted butter. Mix thoroughly and add chopped nuts and raisins, Blend all ingredients well; pour into a 9-inch pie tin, which has been lined with crust, and bake in moderate oven. Serve with whipped cream.

BUTTER SCOTCH SPECIAL Here is an easy company pie that tastes delightfully fussy. Miss Woodburn says the recipe came from Mrs. J. Frank Potts who lived here several years ago.

- 1 1-2 cup brown sugar
- 2 tablespoons butter 2 tablespoons flour
- 1 1-2 cups milk 1 teaspoon vanilla

Combine sugar, flour and well beaten egg yolks; slowly add milk. Cook in double boiler until thick and creamy. Add butter and cool. Add vanilla and pour into baked pie shell. Cover with meringue made by beating the egg whites until stiff, to which has been added 4 tablespoons sugar. Let brown 15 minutes in slow oven (325) or until brown. For extra crunchy goodness sprinkle the top with ground pecan meats before browning.

Address About Causes Of War

"Causes of War" was the subject upon which Rev. James Aiken Jr. addressed clubwomen Enjoy Party and guests at an open meeting sponsored by the Bay View Club Thursday night at the Presbyterian Church.

The meeting was the annual international relations program which is being featured by federated clubs all over the nation and because of its timeliness other clubmembers were invited

to hear the address. Rev. Aiken quoted from outstanding speakers who have made extensive study of the situation abroad, basing his talk on the causes leading to war and possible repercussions in the United States.

Music was furnished by Mrs. R. P. Coneway, accompanied by Mrs. G. A. F. Parker.

The program was planned by the International Relations committee consisting of Mrs. F. T. Roloson, Mrs. D. H. Alexander, Mrs. H. G. Conkwright and Mrs. John McLean. Mrs. Roloson, chairman, was in charge of the

Firestone is a name that means something in the farming world, as you Future Farmers and 4-H Boys know. It was the Firestone company that pioneered the tractor tire field and put the farm on rubber. It was this pioneering, coupled with constant search for better methods, better workmanship, and better materials, that created the present Firestone Tractor Tire.

See the fine tire with its deep-cut tread, triple braced rubber cleats, a patented feature that puts the pull of the tractor against the plow rather than pulling heavy cleats out of the ground, and the many other features that Firestone Tractor Tires offer.

President Of TCU To Retire After 25 Years

Dr. Edward McShane Waits, who has guided the destinies of Texas Christian University in its period of greatest growth, will retire from the presidency as soon as his successor can be chosen, the announced February 20 at the annual meeting of the school's Board of Trustees.

The white-haired president, who this year is rounding out a quarter-century as head of the university, says he will serve as long as necessary, presumably until the close of the present school year.

Trustees, in accepting his retirement, voted to make him "president emeritus," in a capacity described as "ambassador of good will," this maintaining his connection with the school.

"In a short time I shall have reached my seventieth birthday," Dr. Waits told the board, "I have given 25 years of service to T. C. U. After the stress and storm of years of public service-including my 20 years in the ministry-when a man has done his responsibility."

QUAIL PROBLEMS ARE MYRIAD

Keeping a supply of quail in the fields and woods of Texas is the biggest problem confronting the State Game, Fish and Oyster Commission. Conditions vary so much that the problems must be attacked from many angles. In many portions of the state the big problem is providing suitable cover and overgrazing. However, a report to the executive secretary of the Game Department discloses a different picture in the wooded areas of East Texas. Where the trees are too thick they prevent the growing of suitable weeds to be used as feed. In other areas, and this fire prevention is being practiced there is too much vegetation of certain kinds, such as brooms-

A recent check by Game Department biologists on several areas in East Texas shows a decline of 66 percent in quail population due mainly to fire prevention and the lack of sufficient grazing having allowed broomsedge grass to grow so to use the areas and were driven

Ricketts Due To Reach Peak **During March**

"Ricketts, a chronic nutritional disorder of babies in the first two years of life, may be expected to reach a seasonal peak in March due to lack of sunshine and deficiency of infant dietary during winter months," declares Doctor George W. Cox, State Health Officer:

"Ricketts constitutes one of the most important diseases of infancy because of its general prevalence, its serious complications, and the fact that it is readily preventable.

"Rickets occurs more frequently among the lower income incomes are not total insurance against the disease. A faulty dietary and lack of sunshine can occur in any income level unless intelligent parental control these deficiencies

CONGRATULATIONS... to the

FFA and 4-H

Having been directly associated with ranchers and stock farmers over a long period of time, we wish to be among the first to extend our sincere congratulations to the club boys who will participate in the stock show here tomorrow.

We realize the inestimable value of stock and of diversified stock farming, and we know that during the long months the boys have worked with their animals that they have frequently become discouraged. On the other hand, there is not one boy in the group who is not better fitted . . . and we feel sure that none of them would exchange the experience.

Hereford is a natural feeding country . . . and the stock show proves that among our boys are many natural born stockmen. We believe that our congratulations are indeed in order - and we wish each of you the best of luck in the ring tomorrow. We'll be pulling for you.

4-H and FFA STOCK SHOW

We're Just a Bunch of Old Cowhands At Heart, and we are proud of the fact that so many Cattlemen and Ranchers of this area have for many years, and still do, make this Lumber Yard their headquarters when they are in

HEREFORD!

Dan Waggoner once said: "Any man who don't like to look at a Good Cow, a Good Horse or a Pretty Woman has something wrong with his head."

...and

We know from experience in 1940 that the FFA and 4-H Show here Tomorrow will display some unusually fine animals. We know that a lot of you folks will have the time of your lives - and that the boys will appreciate your interest.

We're mighty proud of these Young Men, who in a few years, will be our Stock Farmers and Ranchers and we are proud of the interest they are showing, and of the fine quality of stock they are producing.

But Come On Out . . . and See for Yourself . . .
Tomorrow at 10:00 A. M.

Congratulations, 4-H and FFA **CLUB MEMBERS**

Knowing the invaluable service your projects — 4-H and F. F. A. Clubs - to this community we want to extend our Best Wishes and regards to each of you boys who will exhibit stock here tomorrow. We have always been boosters of your organizations and we'll be out there rooting for you when the judging starts.
