In Young Farmers Stock Show

Miss Phillips Exhibits Champion Market Hog

By JIM STEIERT Managing Editor

Lisa Phillips of the Hereford FFA drove her jumbo cross barrow to Grand Champion honors in the swine division of the Hereford Young Farmers Junior Livestock Show here Thursday, preserving a string of championship victories in the event by Deaf Smith County exhibitors.

Miss Phillips first won both the four-county and county championship in the cross class before taking her barrow on to the Grand Champion honors.

The Reserve Grand Champion barrow in the show's four-county division was exhibited by Danny Powell of the Lazbuddie FFA.

His barrow was the first place animal in the heavy cross class prior to sweeping the Reserve Grand Champion title

Swine Judge Howard Parrish made it a double win for Miss Phillips as he selected her heavy Chester White barrow as the Reserve Grand Champion market hog in the county division of the show. Miss Phillips' Chester was the champion barrow of its breed in both the county and

four-county divisions of the show. It remained a family act during the first day of the stock show as well as Miss Phillips' brother, Robbie, of

Lisa Phillips of the Hereford FFA took this jumbo cross to Grand Champion market hog honors in four-county and county during the opening day of the Hereford Young Farmers Junior Livestock Show Thursday. Not to be outdone, brother Robbie then garnered four-county and county honors as the winner of the Swine Showmanship Award. Miss Phillips also exhibited the Reserve Grand Champion market hog, a Chester White which was also selected breed champion. Selection of the Grand Champion culminated a day of stiff competition in the market swine classes. (Photo by Jim Steiert)

"Blood, the gift of life," is the slogan of Coffee Memorial Blood Bank in Amarillo and citizens in Hereford have been outstanding donors in the program.

Hereford citizens donated 70 pints of blood when the Blood Mobile came to town Wednesday. The mobile unit comes to Hereford each fourth Wednesday of the month and takes donations at the Community Center from 3 to 6 p.m.

John Mitchell of Amarillo, community relations director for Coffee Memorial Blood Center, stated recently that Hereford has the best blood program in the Panhandle. He especially cited volunteers on the local phone committee who call and remind people about the blood mobile.

The Blood Bank is a non-profit organization supported by citizens, hospitals and doctors. It is not affiliated with any charitable agencies. It makes blood available for anyone in the Panhandle area.

Hostage Release

Plan Revealed

ATLANTA (AP) - A plan that might have freed the American hostages only days after they were taken captive in Iran was rejected by President Carter because it involved cooperation with the Palestine Liberation Organization, a former White House counsel says.

The rejection came after plomatic meetings in Austria and in Israel, where government officials warned against the approach, Robert Lipshutz said Thursday.

In Tel Aviv today, Israel's former Defense Minister, Ezer Weizman, confirmed that he had warned the Americans off the idea. "The story is true," Weizman said. He told The Associated Press that the plan to approach the PLO "didn't look good to

The Israelis also said there was no way the hostages could be rescued by a commando raid, Lipshutz said.

Sotelo Nominated

To Succeed Suares

MADRID, Spain (AP) - Spain's governing party today nominated Deputy Premier Leopoldo Calvo Sotelo to succeed Premier Adolfo Suarez, who resigned amid growing criticism. But he may not be able to hold the government coalition together, and King Juan Carlos may have to call a general election.,

The king was expected to consult with political leaders today on Calvo Sotelo's nomination. If Juan Carlos approves it, the nomination will go to the lower house of Parliament for confirmation or rejection.

Calvo Sotelo, an economic expert and former minister for relations with the Common Market, is regarded as an open-minded politician with good contacts among Western European leaders.

FarmworkersArraigned

MCALLEN, Texas (AP) -Nine farmworkers will be tried Feb. 25 on trespan sing charges in connection with their takeover last week of Mayor Othal Brand's office.

The nine, including six Mexican nationals, pleaded innocent Thursday before Municipal Court Judge Howbert Steele.

Steele refused to accept a plea bargain arrangement reportedly agreed to by the

city attorney and the farmworkers' attorney. Lisa Brodiaga told the judge during the 20-minute court appearance that City Attorney Ted Calisi had agreed to' accept the protesters' guilty plea in exchange for a promise they would be fined \$1 each.

Steele said if the group pleaded guilty, he saw no reason to fine them less than the usual \$28.50 each.

The defense lawyer then said her clients would plead innocent to the charges.

Four defendants gave addresses in Reynosa, Mexico, and two others said they came from nearby small towns in the Mexican state of Tamaulipas. The three others listed addresses in San Juan and Hidalgo.

The dinner was delicious. I'm sure the mothers are due some thanks for that, and the waiters were most efficient and courteous. In short, it was a pleasant evening with a good meal and enjoyable entertainment. I congratulate the church for trying something new and for doing a good job of it. How gratifying to see young people involved in community action and having fun while doing it.

Thursday Morning TOPS

Celebrate Anniversary

The Thursday morning TOPS Club No. 941 celebrated its fifth anniversary at its regular meeting at the Community Center.

After a short business meeting, the leader, Mary Williamson presented Gennelle Ward who led party games.

Christine Larson lead the singing of TOPS songs with Georgia Andrews accompanying on the piano.

Low calorie refreshments were served. A birthday cake which was inedible with five candles decorated the serving table.

Dolores Nichols was welcomed as a new member. Guests from TOPS No. 576 were leader Jennelle Davison and KOPS Winnie Anderson.

Others present were Alice Christman, Linda Collier, Camelia Jones, Mildred Lewis, Ann Meyer, Tillie Scott, Nelda Smith and Ann Vogler.

KOPS are members who have made their weight goals The initials stand for Keep Off Pounds Sensibly.

History Book to Contain Memorial, Tribute Pages

The Deaf Smith County History book will be a book with a little bit of everything in it. It will contain all aspects of the history of Deaf Smith County.

> Because many people have someone who is extra special to them, memorial or tribute pages are available for interested persons to purchase. A section of the book will be given to these special pages. A memorial should remind us that we have all lost loved ones who have lived and worked a lifetime. A

Cookbooks make very good reading material, even when you know you aren't going to make all those delicious-sounding dishes. Lots of people who collect cookbooks aren't dedicated cooks; they just like to read the recipes. .

Browsing through one of my books the other day I found a recipe for a different kind of meatballs that sounds so good I thought somebody would like to try it.

It is one that Joyce Lomas contributed to a Beta Sigma Phi cookbook some years ago, and it goes like this:

HAM BALLS

- 1 pound smoked ham 1^{1/2} pound pork
- 2 cups bread crumbs
- 2 eggs, well beaten
- 1 cup milk

SAUCE

- 11/2 cups brown sugar
- 1/2 cup water & 1/2 cup vinegar
- 1 tsp. dry mustard Stir until sugar melts and
- pour over balls.
- Mix all ingredients and form into meatballs. Cover with the sauce and bake at 275 degrees for 114 hours.

These quantities would make a lot of meatballs, and for a family dinner it might be better to halve the amounts. It does sound good, doesn't it?

Response to a request for articles to sell in the Hereford Satellite Center's garage sale this weekend was "just great, even fantastic!" board chairman Helen Cherry says, and now they are just waiting for people to come buy the things that other people have donated.

The sale will begin at 8 a.m. tomorrow in the Satellite Center at the old bakery location on Park Avenue, corner of Ave. E. It will be held all day Saturday and again after church Sunday.

Not only do I read recipe books for pasttime, but I even browse through calendars and so I've noted that my favorite holiday, Groundhog Day, will be here before you know it. In fact, Monday.

This is the holiday that really appeals to me because it is completely uncommercialized. Nobody gives Groundhog Day gifts to anybody, or even sends Groundhog Day greetings by cards, flowers or other means.

You aren't expected to wear neckties of any certain color, or do anything that is any trouble to celebrate the day. If you want to look for a groundhog hole and see if he came out to see his shadow you may do so, but as groundhogs are not native to these parts, it's just as well to look out the window and see if the sun is shining enough to let the groundhog see his shadow in case there were a groundhog around to look for a shadow.

Anyway, happy Groundhog day, if anybody else is celebrating.

Another item on the February calendar is a Friday the 13th. Of course that means there will be one next month too, so it's time to get out the anti-bad luck charms if you're superstitious. But that will be the last one until November.

fresh water for reconstituting the concentrated food. An advantage of compressed and freeze-dried foods is that vitamin content is maintained throughout storage. Technology can vary the pressed foods' texture from

that of caramel-soft to rock candy-hard. National Aeronautics and

Foods can also be produced that contain certain microorganisms to control or modify intestinal bacteria for specific health results. These foods will probably be used as

a type of space medicine. Simulated food products also appear in the crystal ball of the future. Already in the grocery store and on the table are simulated meat products

MOCKED, MUGGED AND MURDERED!

Then the Roman soldiers took Him into the barracks of the palace, called out the entire palace guard, dressed Him in a purple robe, and made a crown of long, sharp thorns and put it on His head.

Then they saluted, yelling, "Yea! King of the Jews!" And they beat Him on the head with a cane, and spit on Him and went down on their knees to "worship" Him.

When they finally tired of their sport, they took off the purple robe and put His own clothes on Him again, and led Him away to be crucified.

Simon of Cyrene, who was coming in from the country just then, was pressed into service to carry Jesus' cross. (Simon is the father of Alexander and Rufus.)

And they brought Jesus to a place called Golgotha. (Golgotha means skull.)

Wine drugged with bitter herbs was offered to Him there, but He refused it.

And then they crucified Him - and threw dice for His clothes.

It was about nine o'clock in the morning when the crucifixion took place.

A signboard was fastened to the cross above His head, announcing His crime. It read, "The King of the Jews."

Two robbers were also crucified that morning, their crosses on either side of His.

And so the Scripture was fulfilled that said, "He was counted among evil men."

PUC Approves Nickel-a-Month Phone Increase

AUSTIN, Texas (AP) -Consumer groups are praising the Public Utility Commission for holding Southwestern Bell to a nickela-month increase for most residential customers. Bell officials, however, say they might sue.

PUC's Wednesday order gives Bell a \$114 million increase. The company wanted \$326 million, including a \$1.25 monthly increase for most household customers.

Bell officials immediately talked about fighting the PUC order. Vice President Paul Roth said Bell might take the case to court or quickly file for another rate jump. "(It) is simply not enough," he said.

Carole Barger, attorney for Consumers Union and the Association of Community Organizations for Reform Now, said, "We're very pleased."

"The commission showed more concern for residential ratepayers than they ever have before," she said.

The new rates, effective within 30 days, include a fivecent monthly increase for residential customers in large Texas cities, including Houston, Dallas, Fort Worth, San Antonio, Waco and Corpus Christi.

Under the PUC order, residential customers in the smallest cities served by Bell (including Cameron, Carrizo Springs, and Cotulla) will pay a 55-cent monthly increase. A 30-cent rise was ordered for a group of cities including Alice, Bay City, Huntsville, Pampa and Kingsville.

Roth said he was "deeply pay a 25 cents a month more disappointed" by the order if they have company-owned: and "wouldn't rule out" a telephones. In homes with an lawsuit challenging the PUC extension, that increase will action. be offset by PUC's order en-

"In particular, they must tain prospect that a military be convinced than an infringement on our vital interests in southwest Asia would trigger a confrontation with the United States that would not be confined to that region," Jones said in a 128-page report to Congress.

The Joint Chiefs chairman called for actions to "broaden our strategic focus beyond nuclear deterrence and a relatively handful of theater and regional contingencies," such as defense of western Europe and northeast Asia.

Jones stressed that he was not advocating "either automatic, unrestrained intervention" by the United States in every brushfire or a U.S. role as the world's policeman.

He made clear, too, that he expects European and Asian allies to join in such a broadened global strategy to confront the Soviets wherever they may raise a major menace to their collective security.

"The U.S. cannot and should not carry the sole burden" for the increase in military strength for this purpose, Jones said.

At the same time, he indicated some concern that the NATO countries and Japan have not yet rallied to meet what he views as a rising Soviet threat.

Jones said that deploying an advanced bomber "should be a top priority among the new strategic initiatives that we need to pursue in the days ahead."

Jones' called for a new bomber which can penetrate Soviet air defenses in the latter part of the century.

"To say I was disappointed is the understatement of the year," said Boston Coach Bill Fitch after a 108-85 rout by the Bulls Thursday night that stopped a 13-game National Basketball Association winning streak.

"I can't use the words I would like to use for family newspapers. It's too bad we don't have another practice before the All-Star Game because I'd probably make them work without a ball."

The Celtics, who had won 25 of their last 26 contests, suffered their worst loss of the season while the Bulls won their sixth straight game to

reach the .500 mark, at 27-27, right before this weekend's All-Star Game in Richfield, Ohio. "I remember when we beat

Boston by 21 points in March of 1970 (134-113) but this was our biggest margin," said Chicago Coach Jerry Sloan, a former Bulls player. "Reaching the .500 mark this way really makes me happy at the All-Star break."

By The Associated Press Oregon State showed UCLA who was the boss.

"This could have been the best game we've had all season," said Oregon State basketball Coach Ralph Miller after an artistic 81-67 triumph over UCLA Thursday night. "I thought we executed well, both offensively . and defensively. It would be very nice if we could remember to do that every time out."

The top-ranked Beavers, one of the country's best shooting teams, hit a seasonhigh 69 percent from the field on 34 of 49 attempts in the big Pac-10 game. Steve Johnson led the way, hitting 12 of 17 field goal tries, grabbing 11 rebounds and scoring 27 points.

"Anytime you come in here (Corvallis, Ore.) and they

shoot that well, you're in trouble," said Larry Brown, coach of the 10th-ranked Bruins. "They have Steve Johnson inside, and he's such a factor. Johnson's a great offensive player."

We have not been consistent inside. For us to have a chance to play for the title, we have to play consistently well inside for the times when our shots are not dropping."

Mike McGee scored 21 points and Johnny Johnson added 18 to lead Michigan past Northwestern. Michigan held an 11-point lead in the first half, only to have Northwestern rally in the second half and cut the margin to 52-47 with 9:19 left. But the Wolverines then scored 14 straight points to open a 66-47 advantage. "We cautioned the players about Northwestern," said

Michigan Coach Bill Frieder. "Last year we came here (Evanston, Ill.) and lost in a triple overtime. We lost to both Northwestern and Michigan State, who were ninth and tenth in the league. and we didn't want it to happen again.

"This league has such balance that there isn't a team that can't beat you," added Frieder. "We treated this game with special importance, and we'll do the same thing when we go to Wiscon-

sin Saturday." Randy Wittman scored all 14 of his points in the second half and Indiana overcame an 18-point first-half deficit to down Minnesota. The Hoosiers trailed 26-18 at intermission but outscored the Gophers 21-10 to grab a 39-36 lead midway through the second half that started them toward their victory.

Horace Owens scored 27 points, including seven free throws in the final minute, as Rhode Island upset Connec-

osteoporosis with numerous fractures of the vertebrae. Recently in your column in an answer to a woman's question about a hump in her back you told her she probably had osteoporosis and that it could involve other bones in the body. If bones in the knee and leg are involved by osteoporosis what are the symptoms? Can it be diagnosed as differ-

hump, can and does involve other bones. In fact, one of the earliest signs of osteoporosis is the loss of bone tissue around the roots of the teeth. That leads to loose teeth, which in turn can be one cause of pyorrhea.

Osteoporosis is more complicated than just not getting enough calcium in your diet, although lack of calcium increases your chances of

coat, while it is rather new anyway, cleaned by professionals. Ordinarily, a sponge will remove any dust and loose dirt. A suede brush will help around the sleeve edges. Always wear a scarf to protect the neckline of such a coat. Never store in a plastic bag and don't use regular cleaning fluids. When I bought a suede coat, I was told that every two years was often enough to have it cleaned. Suede is so smart and pretty, but keep in mind that its upkeep costs more than that of other fabrics. — POLLY

DEAR POLLY - I want to tell Ann Y. that when I put bay leaves in my canisters to keep the bugs away, I tie them in nylon net. Then they can be easily lifted out when flour is to be used. - ROBERTA

DEAR POLLY - An excellent way to keep eye glasses and their frames sparkling clean is to wash them in sudsy water and dry with a cloth towel. This is especially important for the new plastic lenses that are more easily scratched when wiped dry with a paper product. - HELEN

DEAR POLLY - When synthetic under garments begin to look dingy, I use tea to dye them a nice, beige color. Use enough water to cover the garments, place a family-size tea bag in a large pot, bring the water to a boil and let simmer for a few minutes. Remove the tea bag and let the water cool, as you would not want to put garments into boiling water. Put the garments in the warm tea and let them stand until they are a shade darker than desired. They will be lighter when – JEANETTE

DEAR LILLIE - A friend of mine always does basically the same thing, but cooks the bacon in the oven, as it does not seem to shrink as much and cooks more evenly. She also doesn't cut the length of the strips. - POLLY
