VOLUME 14

HEREFORD, TEXAS, FRIDAY, JUNE 19, 1914

NUMBER 29

COUNTY EXECUTIVE COMMITTEE MEETS

Regular business Transacted—List Drawn for Names on Tickets—Expense Budget Made Up.

Last Monday, in accordance with the law, the county executive committee of the Democratic party met at the court house and there transacted the necessary business to arrange for the approaching primaries. Chairman J. M. Boone presided. Others present were: Kelley Gray, W. B. Phillips, E. B. Black, J. H. Daniels, Jno. Gregory and A. C. Elliott, secretary.

The first business was the acceptance of the resignation of J. M. Boone. In offering his resignation, he thanked the members of the committee for the hearty co-operation and in turn the committee expressed their appreciation of the good work done by the retiring chairman. A. M. Jones was then nominated as county chairman. He was given the unanimous vote of the committee.

A motion to make budget of expenses for the two primaries was carried and after careful estimation it was determined that \$218 would cover all expenses. This expense was divided between the candidates, assessing the congressional and district candidates \$1.00 each according to the law, and then proportioning the remainder between the county and precinct officers. Chairman A. M. Jones has the list and the candidates are expected to call upon him to pay the amounts assessed.

The next motion was that to "cast lots" for the places on the tickets. There were a few of the local candidates present and this was of some interest to them. The drawing resulted as follows for the district and county candidates:

For Congress—W. E. Prescott, Throckmorton; J. H. Stephens, Vernon.

For State Senator—W. A. Johnson, Memphis; R. H. Cocke, Wellington.

For Judge, 69th Dist.—D. B. Hill. For District Atty. 69th Dist.—W. Russell, Hereford; Clifford Haly, Dalhart; J. W. Sellars, Hereford.

For Representative, 123rd Dist.—Y. C. Holms, Plainview; T. J. Tilton, Plainview; A. C. Elliott, Hereford.

For County Judge—J. E. Garrison, R. E. Cook, W. M. Megert, Jas. A. Hughes.

For County and Dist. Clerk—C. E. Smith, A. O. Thompson, J. S. Jones.

For Sheriff and Tax Coll.—R. W. Baird, W. D. Kellehor, R. H. Norton, H. O. Hubbert.

For Cnty. Assessor—C. E. Lester, W. A. Miller, O. E. Thomas, J. H. Head, J. S. Wyche, H. F. Mitchell.

For County Atty.—W. E. Dameron, C. D. Wright.

For County Treasurer—J. J. Ward, J. O. Jenkins.

For Commissioner Pre. 1—C. V. Walker, W. W. Beunett.

For Commissioner Pre. 2—R. J. Kibbe, G. T. Higgins.

For Commissioner Pre. 3—John Gregory.

For Justice of the Peace Pre. 1—J. M. Boone.

For Constable Pre. 1—C. S. Richards, J. C. Carroll.

For County Chairman—A. M. Jones.

Attention Eastern Star. A special meeting of the Eastern Star is called for Friday night. Mrs. Robinson of Plainview, Special Grand Deputy, will be present and every member is urged to be present.

John Gregory, county commissioner and member of the county Democratic committee, got caught in a small size shower last Monday afternoon as he was coming to Hereford.

ARLINGTON MONUMENT TO CONFEDERATES

View of the monument to the Confederate dead in Arlington National cemetery as it looked just after the unveiling, in which President Wilson took part. The monument is of bronze and stands on a base of dark gray polished granite. Sir Moses Ezekiel was the sculptor.

POLITICAL PRESS POT

Boiled Down Political Juice; Newspaper Comments; Branding Irons Hot From the Fire.

Preacher. —Remember it is the different kinds of "cussings" preachers, like other people in public places, sometimes receive. So often you hear the question why can't preachers be just folks like other people? Then you hear them say why can't the preachers keep their hands out of politics? This newspaper wants to go on record as upholding the great majority of the preachers of the land. They are, for the most part, the most human of good fellows, companionable, well-read, intelligent, make fast friends—and you know where to place them nearly every time. Because they are human they quite often err. That makes them "folks just like other people." Because they are American citizens they have a right to express themselves on public questions. That's a likely reason why preachers don't keep their hands out of politics. The question seems to present itself: At what stage of his ordination did the minister forfeit his right as a citizen of the state?

Hav'n't the preachers as much right as other citizens to take a hand in politics? Is politics so corrupt that only corrupt men can engage in the game? Who put so much scandal and filth into the political press? The preachers? Who draws the serpent of slime across the fair fields of Texas? The preachers?

USING THE FARMERS UNION.

Quannah Tribune-Chief.—Of late the Tribune-Chief has been favored with a great deal of political dope from Messrs. Radford and Lewis, frequently in the form of plate matter, which must have cost considerable money. Invariably we have refused to use this stuff, as it was evidently tainted brew, designed to blind the eyes of the voter to the real issues, and appeal to class hatred and prejudice instead. These so-called Radford and Lewis letters were sent out by the commercial secretaries association, a list of some members of which we give below: Driskill Hotel, Austin; J. M. Guffy (oil magnate) and the Security Oil Company, Beaumont; August A. Busch & Co., Dallas Brewing Company, E. Eppstein & Co. (liquor dealers), and Stone & Webster (Boston capitalists and interurban own-

ers), Dallas; Armour & Co., Casey-Swasey Co., Pierce-Fordyce Oil Co., and Swift & Co., Fort Worth, and numerous other breweries, liquor dealers and corporations in other cities.

Quannah Tribune-Chief.—Ferguson claims to be unversed in the arts of the politician. In fact listening to him, one would believe that

all the politicians in Texas are bitterly opposed to him. And this from the man who has the backing of Oscar Colquitt, and has been instrumental in keeping Bell county wet for years. The poor innocent!

JNO. W. DALE PROPHECIES.

Editor Brand:

If you will remember I made a prophecy about three months prior to the last gubernatorial election in which I stated to you that Colquitt would be elected by 35,000 majority, and he was elected by approximately 38,000 majority. You commented on it at the time. Now I see in your issue of June 12 this paragraph: "Readers of the Brand are requested to keep a scrap book of political prophecies. After the election many of them will create a smile." Now, dear Brand, I wish to make another prophecy for your scrap book. Jim Ferguson will go into the governor's chair by a majority of not less than 40,000. I am not influenced in this statement because I live in "Tamaleville," the biggest, liveliest and most progressive city in Texas, which is anti from start to finish, but because of the fact that the citizenship of Middle, East and North Texas have become tired and sore of the ultra factionalism of a class of citizens who subordinate every other interest of our great commonwealth to the one thing named "prohibition." The people are awakening. Mark the result.

Yours very truly,
John W. Dale.

San Antonio, Texas.

Plenty of Ripe Cherries.

Cherries are plentiful in most of the Hereford orchards; rich, red, ripe cherries. A. M. Jones was showing a limb of very fine cherries this week and was good enough to present the limb to the newsfakir for the Brand. He is hereby cherryfully thanked.

Rev. R. E. L. Farmer left with Mrs. Farmer's mother, Mrs. M. E. Gowdy, Tuesday to place her in the sanitarium at Fort Worth. R. E. Cook accompanied them to Amarillo.

A. C. ELLIOTT

Hereford Candidate for the Legislature for the 123rd District.

Platform—A Business Legislature for the Business of Texas.

Settlement of the prohibition question as quickly as possible.

Relief of all State educational and eleemosynary institutions.

Investment of State school funds in real mortgage farm liens.

An A. & M. College for the Plains and West Texas, and all measures looking to the betterment of our public schools.

A business manager under a competent commission for the penitentiary system.

Immediate re-districting of the State into Senatorial and Congressional districts.

A general road law for the entire State with county option features.

Adequate irrigation laws and some that are applicable to the Plains.

Revision of the present tax laws so that taxes will be less burdensome and justly distributed.

Correction of errors and conflicts in the election laws and their meaning made clear.

Personal History—I was born in the "Old Kentucky Home," 45 years ago, lived in Bell county, Texas, from 1871 to manhood, attended the common schools and graduated from the college at Thorp Springs; taught school 15 years, have been in business 9 years, have lived on the Plains 8 years. I have been a life-long prohibitionist both in practice and preaching and I am a Democrat.

If you like my platform and think that my services in the Legislature will be in keeping with Democratic principles, vote for me in the July Primaries.

Respectfully,
A. C. ELLIOTT.

"OCEANS OF WATER."

W. P. Lane in Hereford.

W. P. Lane, the present incumbent of the comptroller's office, spent 45 minutes in Hereford last Tuesday and mixed with the voters while here. Mr. Lane is a disappointment to his friends, who have never seen him, but in size only. He is what a base ball manager would call a "hard hitter," and his batting average in politics stands out far above all others. For the present he is running for Congressman-at-Large, but this expression has nothing to do with his size. He is what other politicians call a vote winner and he's banking mightily on his past record to land his little self into a seat in Congress.

Judge Prescott at Hereford.

Judge W. E. Prescott of Paducah, Texas, candidate for Congressman from the 13th district, was in Hereford yesterday afternoon mixing with the voters of the county. Judge Prescott impresses his new acquaintances as a typical westerner, representing the spirit and progressiveness of the country. He is making as close canvass of the jumbo district as time and energy will permit, his last run being a tour of over 1,500 miles. He has spoken at a number of places and has been well received by the people everywhere. He is making no fight on the present incumbent, except in a gentlemanly way, claiming among other things that 18 years in one position of trust is long enough for any man and he should be satisfied. In his speech at Hereford, he touched upon a number of subjects. The citizens gave him a good hearing and after his speech a large number came around to make his personal acquaintance.

Odell Elliott of Dallas came in Sunday night to visit with homefolks during a short vacation from his duties as a member of the office force of Pierce-Fordyce Oil Association, whose main offices are in that city. Mrs. Odell Elliott, who has been here for some days visiting, will return to Dallas with her husband at the close of the visit.

BANK ASSOCIATION AT PLAINVIEW

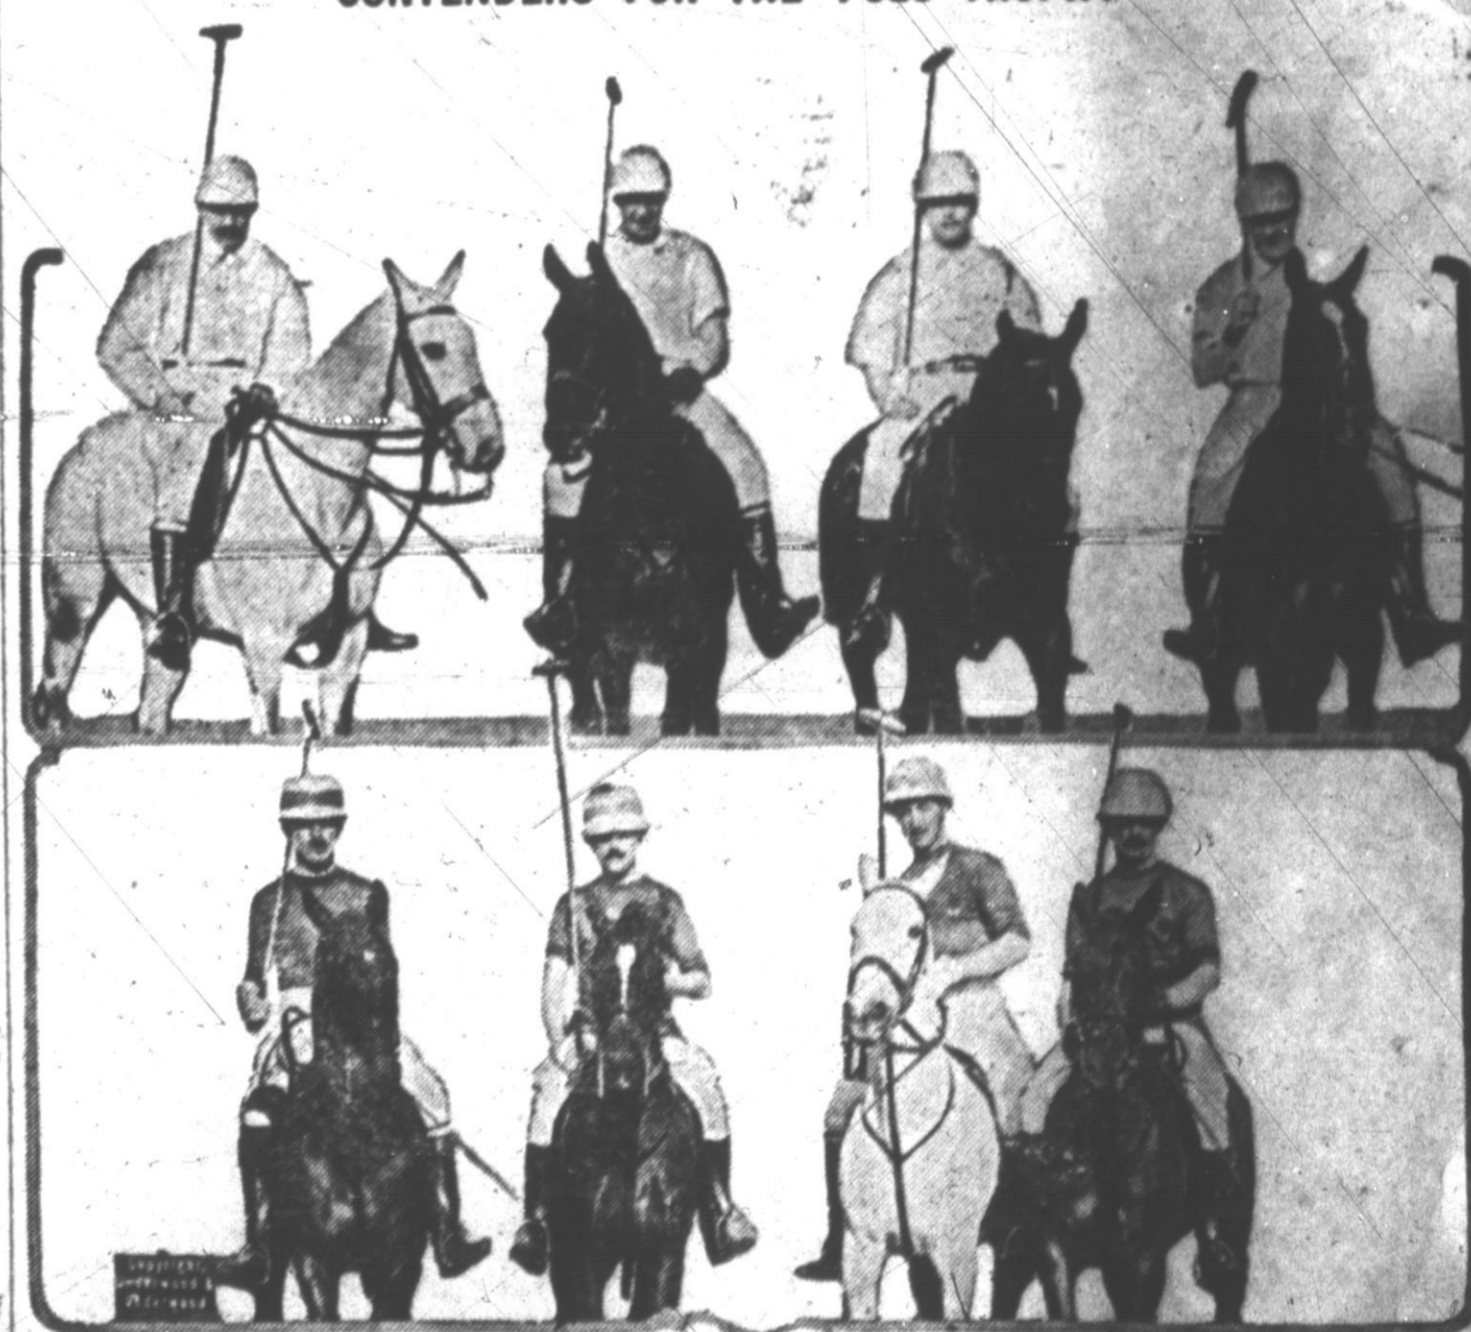

Panhandle Bankers to be Entertained in Fairest City of the South Plains—Hereford After Next Convention.

At a meeting of the citizens Tuesday afternoon at the First State Bank, plans were laid to make an auto excursion to Plainview next Monday to attend the sessions of the Panhandle Bankers Association which meets in that city.

Another and final meeting will be held Saturday evening at 7:30 for the purpose of completing and perfecting all arrangements. It has been decided to leave Hereford Monday morning at 7 o'clock sharp and to arrive in Plainview at high noon. So far some 40 Hereford White Faces will go and the committee on arrangements invites all boosters, even if you have not been seen, to join the herd with their auto and be one of the thoroughbreds in this trip to the fairest city of the South Plains. Don't wait to be invited to go. It is expected that every one who joins the herd will wear a white cap with suitable ribbon band, also to wear ribbon streamers or badges and to decorate the autos with pennants and flags.

Plainview has never had the opportunity to see a real live herd of Hereford White Faces and this is the chance of a life time to excite them with a stampede. It should be a sensation to them, a regular four reel movie with all the thrills and "nervous" excitements. Therefore, slick up your curls, shine up your horns, and get ready to rattle your hoofs towards the South Plains, where, it is reported, the grazing will be extra good. Remember the day, the time and the direction: Monday morning at 7 o'clock sharp, roundup on Main street, head out in direction of Plainview.

CONTENDERS FOR THE POLO TROPHY

Above is the American team, left to right: Larry Waterbury, Milburn, Monty Waterbury, Montague. Below are the British challengers, left to right: Captain Lockett, Major Barratt, Captain Cheape, Captain Tomkinson.

The Misses Woodburn had as dinner guests at their country home Sunday: Mr. and Mrs. H. H. Hawkins, Mr. and Mrs. B. S. Arnold, Mrs. R. L. Evans of California, Mrs. W. T. Stanberry and baby son of Amarillo, H. B. Stephens.

Mrs. A. L. Gibson was at home to about 30 friends Thursday morning in compliment to visiting ladies of Hereford. "42" was the diversion of the morning. A delightful luncheon of salad, sandwiches and iced tea was served at the close of the game.

Mrs. A. R. Jarrett of Granbury, Texas, is spending a visit with her sister, Mrs. A. C. Elliott. She is also enjoying it, but at the price Mrs. Clifton consumes Apples. Don't be as a means of Drug. Don't be as a means of Drug. Don't be as a means of Drug.

"YOU'LL LIKE HEREFORD"

SCENES FROM THE ST. LAWRENCE TRAGEDY

Our illustration shows the unloading at Quebec of the bodies of victims of the awful tragedy in the St. Lawrence river when the liner Empress of Ireland was sunk in collision with the collier Storstad. According to the latest estimates 1,024 lives were lost. Inset at the left is a photograph of the Storstad's smashed bow, and at the right a portrait of Miss Tina Townsend, a young girl from New Zealand who swam in the icy water for nearly an hour before she was picked up.

A Big Assortment

Tooth Pastes, Powders and Wagnes

All Tooth Pastes are good. Some however, are better when it comes to meeting particular requirements. Some have great polishing power while others have a cleansing, soothing effect on the gums.

Your favorite is here.

We especially recommend "Dikes" as a Tooth Paste that cleanses, polishes and at the same time has a healthful action on the gums.

I. W. W. AMAZONS ON GUARD IN TARRYTOWN

Miss Helen Harris (left) and Miss Marie Huster, two of the women leaders of the I. W. W., on guard at the door of the jail in Tarrytown, N. Y., waiting for the release of their comrades, who were locked up for riotous behavior. Miss Huster is known as "Helen of Troy."

Delightful Forty-Two Party.

Two of Hereford's most charming and popular hostesses, Mesdames P. W. Price and H. H. Hawkins, entertained from four to six last Friday afternoon at the home of Mrs. Hawkins. The affair was complimentary to a number of out of town visitors and friends of both ladies. Chief among them Mrs. R. L. Evans of Riverton, Calif., Mrs. Roberts, mother of Mrs. Price, Mrs. W. T. Stanberry, and Mesdames Odell Elliott, Ed Green, Seth Holman, Cowan, and Misses Smith and Johnson.

was tied to the knot of ribbons. Competition was keen to acquire a "Roosevelt family" and goodly numbers dangled from some streamers. At the conclusion of the game delicious refreshments of cake and ice cream in the same color scheme of red and white were served, with red roses as favors. The occasion was thoroughly enjoyed by all, for the gracious hospitality of these hostesses if once known is always remembered.

Outing in Honor of Visitors.

About ten couples enjoyed a fish fry at the creek Tuesday, June 9th. The evening was an ideal one for fishing and the camp fire supper was a delight to all. The visitors honored on this occasion were: Mesdames Holman and Green of Amarillo, R. L. Evans of California and Miss Johnston of Kansas.

Morning Party.

Mrs. B. S. Arnold entertained in honor of her friend, Mrs. R. L. Evans, on Wednesday morning, June 10, the following visitors and their hostesses: Mesdames Cowan, Holman, Green, Odell Elliott, Stanberry, Miss Johnston. Four tables of '42' had been arranged for and a pleasant morning was spent.

A Cheering Effect.

"What influence has cubist art had on civilization?" "Well," retorted the eminent alienist, "it has had a refining influence out at our asylum. A number of rooms that used to be referred to as cells are now called studios."

MT. LASSEN ERUPTS WITH VOLCANIC FIRE

ONE MAN IS REPORTED KILLED, ONE INJURED AND TWO ARE YET MISSING.

OUTBURST WAS TERRIFIC

Rocks Are Hurlled From Sides of Crater Down Mountain Side as Column Shoots Upward.

Redding, Cal.—Mount Lassen finally erupted with volcanic fire Sunday, and one man is reported killed, one injured and one driven temporarily insane as a result of the terrific outburst from the crater, which had been latent for many years.

A report was received and apparently confirmed that Lansing Graham, a lumberman from Viola, Cal., was crushed by a rock blown from the fissure in the mountain. His eight companions fled when they saw that Graham had been killed. One of the other observers, it is said, was seriously injured.

Graham, according to the report, was struck on the head by a rock and crushed to death. His companions, including the wounded man, fled from the scene as rapidly as possible. The report added that one of the men later became demented. Two others are said to be missing.

Two new craters in addition to one shown open May 30 burst from the mountains. Fire from them was seen from roofs in various towns at considerable distance.

The first eruption came from the crater of May 30. It was this explosion that killed Graham. A jagged rock saved him nearly in two, cutting off his arm and exposing his heart. He was taken to Viola, a few miles distant, where he died.

Hugh Addington and Hiram Blodgett are missing and a Mr. Stipple was seriously bruised and cut by rocks. A report that one of the party went insane proved incorrect.

Six of the party saved themselves by burying their faces in the snow and avoiding the poisonous gases which belched from the volcano. They found Graham and Stipple after the gases had lifted.

Sunday night's eruption, the seventh of the series starting May 30, was not so one as shrill shried shrill to had as the one earlier in the day. The two new craters, as nearly as could be determined, are about a mile apart. They were torn in the mountain side simultaneously with the first appearance of fire.

Two eruptions occurred on Mount Lassen Sunday. The sixth outburst early in the day shot a huge column of dense smoke, steam and ash 7,000 feet into the air. The pillar of smoke was watched from towns 50 miles distant. Throughout the middle of the day the crater was quiescent, but at 1 p. m. a second funnel of smoke and ash shot skyward. It was larger in volume than the morning explosion. It was more violent than any since the volcanic nature of the peak became evident recently after a rest of many years and was remarkable for the quantity of smoke and mineral substance which burst from the mountain. The heavy cloud was blown northward for several miles. The snow-capped peak was blanketed with ashes.

French Ministerial Crisis Unsolved. Paris.—The ministerial crisis is as far from solution as ever. The difficulty in finding a premier is openly declared in many quarters to be due to the skillful maneuvers of radical followers of Joseph Caillaux, who, it is said, hope either to force President Poincare to resign or to capitulate to them. The situation is being watched with growing anxiety, as the national defense is considered at stake.

More Help for Farmers. St. Louis, Mo.—Farmers along the line of the St. Louis Southwestern railway will be materially aided in harvesting their wheat by the action of the road in discharging more than 400 laborers. These men who have been at work along the southern portion of the road will travel northward as the grain ripens and will be of great assistance in harvesting and threshing the large crop. Cotton Belt officials have been planning for some time to take this step.

Five Men Are Killed and 15 Injured. Columbus, Ohio.—Five men, four of them foreigners, are dead and ten are in hospitals probably fatally wounded as the result of a gas explosion here in a trench in which a gang of laborers were laying a main. Five other men painfully burned will recover, according to physicians. The cause of the accident has not been fully determined, but it is believed a cap or joint of gas pipe was blown off, and that the escaping gas was ignited by a cigarette.

Lightning Kills Six. London, Eng.—Lightning killed six persons and injured several others in Wadsworth commons. Four were children. Many buildings in South London were struck.

Find Children Lost on Mountain. San Angelo, Texas.—A search party reported lost on Mt. Upton county here found a small child dead and another boy severely injured.

AWAY WITH CONSTIPATION

Seven of America's Best Doctors Endorse Dodson's Liver Tonic to Take Place of Calomel.

Dangerous calomel's place is now taken by Dodson's Liver Tonic safe and reliable, according to seven of the most noted and highest priced physicians in the United States, after careful analysis. These physicians always command huge fees and in this consultation were paid for their best skill.

Dodson's Liver Tonic is a palatable vegetable-liquid, with easy and natural action, and is sold and guaranteed by Betts & Clark, who will refund purchase price (50c.) instantly without question if it does not prove satisfactory in every way.

There is not only no danger in taking this reliable remedy, but it causes no gripe, no pain and the after-effects are pleasant instead of disagreeable, as with calomel. Dodson's Liver Tonic interferes in no way with your regular duties, habits and diet. Instead, it actually builds and strengthens you so that you feel happier, brighter, better and healthier.

A Royal Party to Visit Us.

Particulars regarding the personnel of his Royal Highness' retinue, date of arrival, purpose of visit, etc., forthcoming. Even the least of potentates creates a flurry by announcing his intention of visiting our shores. But now comes word that a king accompanied by thousands of courtiers will bring the glory of his court into our midst. Just why he comes, who will attend him, how his powers and riches will be used while in our midst is set forth in a 65 page volume regarding The King's Return. Some have told us he comes "as a thief," others say with shout and trumpet. Some declare he comes to burn the earth, and others that he is to make it all a Paradise. Send five cents to Mrs. H. C. Rockwell, 28 West 63rd St., New York City, and learn what the Bible says.

Parrot Items.

Mrs. Grover Sanders and baby returned from a visit with her parents in Bovina last week. Her mother and sister accompanied her home to visit a few days.

Miss Florence Hacker and Mrs. B. F. Neely have been on the sick list.

We are going to have prayer meeting on Wednesday night at the school house. All should attend.

Mrs. Frank Metcalf and daughters, Alva, Mary and Beth, were calling on Mrs. Emerson Hacker Friday.

Olin Dendy and Claude Newsome of near Summerfield were in Parrott Sunday.

Robert Neely lost a valuable cow last week by thistle blot.

Mrs. Grover Sanders was calling on Mrs. W. E. Hacker and Mrs. Dyer Thursday afternoon.

W. E. Hacker and son, Charles, were over in the Summerfield community last Tuesday.

COD LIVER OIL AND IRON

Two Most World-Famed Tonics Combined in Vinol.

Cod Liver oil and Iron have proved to be the two most successful tonics the world has ever known—iron for the blood and the medicinal curative elements of cod liver oil as a strength and tissue builder for body and nerves, and for the successful treatment of throat and lung troubles.

Two eminent French chemists discovered a method of separating the curative medicinal elements of the cod's livers from the oil or grease which is thrown away, but to these medicinal elements tonic iron is now added, thus combining in Vinol the two most world famed tonics.

As a body-builder and strength creator for weak, run-down people, for feeble old people, delicate children, to restore strength after sickness; and for chronic coughs, colds, bronchitis or pulmonary troubles we ask you to try Vinol with the understanding that your money will be returned if it does not help you.

P. S. For pimples and blotches try our Sazo Salve. We guarantee it. The Corner Drug Store, Hereford, Texas.

The Common Sense Silo, made from yard stock, any size to suit your needs. It's practical, durable and stands up. They have been tried around Hereford and found satisfactory. Hereford Lumber Co., agents. 19 2t

Will sell good five room house close in cheap, terms. Or will exchange for other property. Ralph Barnett. 20 1t

FARMERS' UNION PLATFORM A CAMPAIGN ISSUE

President Wilson's Attitude Pointed Out as Corroborating Position of Farmers' Union on Liquor Question.

PLEA FOR CO-OPERATION

Ft. Worth, Texas.—The politicians have been putting the farmers upon their platform ever since there was a politician and a farmer, but in this campaign we are going to reverse the arrangement by making our own platform and inviting the statesmen to endorse it.

For the information of the farmers and the friends of agriculture, we are going to publish the names of all legislative candidates who endorse the Farmers' Union platform. We have had many requests for this information from both the cities and the farms, and as soon as we complete the canvass we will make the results public. We have solicited many of them by correspondence and others by personal interviews, and candidates who may have been missed by either of these methods will please consider this article as a request on our part for them to give us their views so they can be properly classed, and we also ask that they publicly announce their position to their constituents. We want men who will stand squarely and publicly on our platform. We will leave the gum-shoe work to the political henchmen.

The Farmers' Union for twelve long years has been listening to the siren song of the politicians. There has been absolutely no uniformity in either thought or action on the part of the friends of agriculture and certainly no authoritative plan of procedure. Many of these campaign promises made by candidates, if fulfilled, would destroy agriculture. Some splendid efforts have been lost through lack of co-operation and proper comprehension, and the platforms of candidates who genuinely desire to help the farmer have been, in many instances, antagonistic to each other. These various platforms patched together looked like Joseph's coat, and all were lost in the scuffle between factional leaders in the legislature. Many times we have been compelled to sit down and watch important agricultural measures go up in the smoke of political strife. We shall no longer resign our destinies to such folly.

Liquor Issue An Obstruction.

This condition rendered it imperative that the farmers adopt a platform which would comprehend in an authoritative way the agricultural needs of the State, and in order to avoid becoming involved in factional controversies, we have gone direct to the people in the July primary. This platform deals with almost all economic problems because they are all a part of the business of farming. It handles the liquor question as an obstruction, for as such it has prevented much important agricultural legislation and has never failed to strike terror to all other bills on the legislative calendar, regardless of their merit. We had as well talk about plowing a battle field during a fight as to think of securing agricultural legislation when the liquor warriors pitch battle in the legislative halls over liquor issues in any of its disguises.

President Wilson has recently advised the Democratic party in Congress to postpone the consideration of the proposed prohibition amendment to the Constitution of the United States on the ground that it would obstruct all other legislation. The president has taken identically the same position in a national way that the Farmers' Union has occupied in the State campaign. We do not

know of any better authority on Democracy than President Wilson and in any event we would prefer to keep company with him in public issues than with some of those "prohibition-for-revenue" politicians who are willing to block agricultural legislation with liquor measures.

Agriculture is Not a Special Interest.

No agricultural legislation fundamental in its character can be considered as class legislation, for agriculture is a universal occupation and the farmer cannot help himself without helping others. The farmer is a ruler and all other occupations are in his employ and their welfare is indispensable to his business. He cannot successfully promote his own interests without providing for the welfare of his servants.

We realize that no platform of principles can please everybody. The Union faced the necessity of taking a definite stand on all important subjects and on many of them there has always been, and always will be, a wide difference of opinion, but all subjects were carefully considered and the interests of the farmer protected to the extent of our ability. The platform was unanimously adopted at the State convention of the Farmers' Union at Fort Worth on January 14-15 with over 600 delegates present and it is the official utterance of the Union and the authoritative voice of agriculture and as such the platform is submitted to all candidates for approval and to all voters for support.

The farmers have heretofore, as a rule, divided about evenly on most all public questions, leaving the balance of power in the hands of a minority, controlled in the main, by machine politicians. The inability of the farmers to stand together makes machine rule common and corruption possible. The farmers can never hope to become a factor in public affairs unless they work through organized channels and certainly we had as well settle our differences in our own conventions as to turn them over to the politicians to settle in theirs.

Rally 'Round the Union.

The questions for the individual farmer to determine are: whether loyalty to his occupation is stronger than popular prejudice, whether fidelity to his interests is greater than sentiment, whether he has more confidence in those authorized to act for him in convention than he has in the politicians who endeavor to destroy the Union; whether our public servants shall play politics or transact business; whether he will follow the Union or follow the politician.

We want to disclaim any intention of permitting the Farmers' Union to become in any way involved in partisan politics. Our organization, at its annual meeting in Fort Worth last January, made certain legislative demands which we have submitted to all candidates alike and we have listed those whom we consider most favorable to our demands and the opportunity is afforded all candidates at all times to endorse our platform in its entirety. In pursuing this course the Farmers' Union is simply following a precedent of long standing of all organizations of whatever character that desire legislation. The Farmers' Union will stand for principles, never for men, but we must depend upon men to write our principles into law.

The Union has had a larger increase in members during the past six months than during the previous six years and the spirit of unity and co-operation was never greater. A few self-appointed guardians of the Farmers' Union have been publicly warning the Union to keep out of politics. When we want the counsel of politicians we will apply officially for their views.

In our next article we will give a list of legislative candidates who are on the Farmers' Union platform and if that be politics, make the most of it.

W. D. Lewis, President. Peter Radford, Ex-President. Texas Farmers' Educational and Co-operative Union.

WE SELL TIRES Goodyear and Goodrich. The great reduction in the cost of making tires has enabled us to make a corresponding reduction for the benefit of our customers. Our Tire Prices: Size 30 x 3 \$11.70, 30 x 3 1/2 \$15.75, 32 x 3 1/2 \$16.75, 33 x 4 \$23.55, 34 x 4 \$24.35, 36 x 4 \$25.95, 36 x 4 1/2 \$35.00. Prices of Michelin Inner Tubes, of which we carry a complete stock, have been reduced. Our Machine Shop and Repair Department is fully equipped for all kinds of Auto Work. We carry a full line of Accessories. Gun-smithing. Hereford Garage

Poisoned Apples. Almost like the fairy tale of "Snow White" is the story of poisoned apples that comes from Norway. We learn from Dr. Sopp, who is a well known food specialist in Norway, that this is not so. He found that some people suffered from indigestion after eating American apples; he analyzed the apples and found that the microbe was an enthusiastic American. In a praiseworthy Hesperian effort to change his apples into gold, he had, with the intent of discouraging blight and similar attributes of the apple in a state of nature, sprayed his trees with compounds of copper and arsenic. This had, indeed, served the apple, but at the price of poisoning the consumer. Apples, a rather sinister reputation as a result of times. As a means of surely incapacitating small boy rank with second-hand cigar. "YOU'LL LIKE HEREFORD"

ULSTERMEN DRILLING WITH CONTRABAND ARMS

Anticipation of the trouble that is certain to follow the enforcement of the home rule bill, Ulstermen in hamlet of the county are drilling, generally with rifles that were smuggled into Belfast.

WITH rare exceptions, when a politician or habitual office seeker moves from the lower climes of Texas to the pure and free air of the Plains, he has a complete change of heart: if he has been a populist, he sheds his skin and comes out as a clean, slick Democrat; if he has been anti, he washes his hands and avows his allegiance to the pro banner.

ANY good and honest preacher has as much right to have "his say" in governmental matters as any good farmer or lawyer. Just because a few corrupt men have crept into political parties is this any reason that all good men should stay. There are many hypocrites and pharisees in the church. Shall all the preachers, therefore, quit the church? Rather they should go into the party of their choice and purge the order of corrupt men.

SAM Sparks, a former Bell county man and a good judge of human nature, has come out in an interview supporting Tom Ball for governor and says that the two planks in Ball's platform of the greatest importance are: The prohibition of contributions to campaign funds by saloons, brewers, special interests, etc., and majority nominations. Col. Sparks knows the Bell county candidate for governor and it looks the probability to support him rather than Tom Ball. He knows.

All ad appearing in the Canadian word reads as follows: Want to apply at any farm. And editor goes further to ex-

plain that this is not a paid ad, but that nearly every paper in his section has passed that want ad thru its columns, showing that there is no excuse now for idleness or loafing. Hereford has a number of bright young fellows who would do well to answer the call of the sickle, hike to the harvest fields and make a few extra dollars at honest toil. It will beat a course in high five.

THAT short letter from our old friend and anti, Jno. W. Dale, now living in the Hot Tamala Town, shows that he still loves the game of politics and that he also is yet posing as a prophet. That's right; let the young men see visions and old men prophesy. But Mr. Dale is mistaken in his statement that Colquitt received 38,000 majority, nor was his prophesy that he would receive 35,000 majority. He's mixed up on his words. He certainly means plurality. Mr. Dale started out in the beginning of the Colquitt race with 80,000 plurality, he then settled down to 50,000, and finally just before the election staked his bet on 35,000 plurality; not majority remember. If he is pursuing the same course this year, the Houston candidate will have a walk over. Beginning with 40,000 plurality over Ball, in three weeks, the figures, according to the rule, should drop to 10,000, then in two weeks to 5,000 below Ball. If this comes true, it will be a close shave for Ball according to Mr. Dale's figures. You know figures never lie, but run away sometimes, and then liars often do a lot of figuring.

TEXAS FACTS

PRINTING AND PUBLISHING INDUSTRY.

There are 4,408 persons engaged in the printing and publishing industry of Texas.

The printing and publishing industry of Texas represents a capital investment of \$9,127,000.

Texas has 1,067 printing and publishing establishments.

Printing and publishing houses are the predominating class of manufacturing establishments in Texas.

Texas has 814 weekly papers and 95 daily papers. We rank 22nd with other states.

We have 29 semi-weekly papers.

The first newspaper ever published in Texas was the Houston Telegraph. It was established by Gail Borden in 1836. It is now defunct.

A Texas newspaper man invented condensed milk.

The oldest newspaper now being published in Texas is the Galveston News. It was established in 1843.

The Circulation of Texas newspapers is 5 papers per family, per issue.

There are 57 foreign publications issued in Texas.

The combined circulation of Texas publications is 5,000,000 per issue.

Thirty-five Texas papers issue Sunday editions.

In 1850 Texas had 5 tri-weekly and 29 weekly papers.

W. B. Phillips, one of the members of the county Democratic executive committee, was in from his precinct last Monday and says that his neighborhood has on its best Sunday clothes now and that he was so busy he hardly had time to monkey with politics.

Mr. and Mrs. Geo. P. Garrison entertained at six o'clock dinner Monday, June 15, Mr. and Mrs. B. S. Arpold and their guest, Mrs. R. L. Evans.

J. H. Daniels from the north part of the county was in Monday to attend a meeting of the county Democratic committee and reports that wheat in his section is very fine. Oats are also extra good.

Misses Mary and Inez Dunlap returned Sunday night from Georgetown, where they have been attending the Southwestern University. They have finished two years of the course and will be juniors next year.

A BANK OF THE PEOPLE

TEXAS FACTS

POPULATION.

Texas had 3,396,543 people in 1910, according to the Federal Census.

Our population at the present time is approximately 4,500,000.

The first Texas Census, taken in 1850, showed 112,595 persons in the state.

Texas ranks fifth with other states in population, having wrested that place from Missouri during the past decade.

In 1850 Texas ranked twenty-fifth with other states in population.

The 1910 population classifies—3,204,848 white, 690,049 negroes, 702 Indians, 595 Chinese, 340 Japanese, 6 Filipinos and 2 Hindus.

Eighty-two and two-tenths per cent of our population is white, 17.7 negro, and 1 per cent Indians, Chinese, Japanese and others.

There are 342,000 persons in Texas who were born in foreign countries.

Seventy-six per cent of our population is rural and 24 per cent urban. There are 2,017,636 males and 1,878,916 females in Texas.

We have 109 white males to every 100 white females in Texas.

We have a million persons in Texas who have moved here from other states. Most of them came from Tennessee, Alabama, Mississippi and Arkansas.

There are 90,000 negroes in Texas who came here from Louisiana.

Seventy-five per cent of the native white population in Texas were born in this state.

For every person who leaves Texas and moves to some other state in the Union, we get eight in return.

Cochran county in 1913 had 64 persons living in the county.

RAILROADS.

Texas has more railroad mileage than any State in the Union.

We now have 15,000 miles of main line of railroads.

The first railroad built in Texas was in 1851.

To encourage railroad construction, the State of Texas gave away 86,000,000 acres of land in the pioneer days as a subsidy for building 6,000 miles of road.

Since the building of our first road, the railway mileage of Texas has increased at the average rate of 890 miles per annum.

During the calendar year 494 miles of railroad was constructed in Texas.

The gross earnings of the Texas railroads was \$140,837,000 in 1913.

We have 563 miles of railroad to each 100 square miles of territory. Texas has 97 miles of railway track to every 10,000 inhabitants.

There are 1,916 locomotives, 1,286 passenger coaches and 45,894 freight cars in service on Texas roads.

The railroads of Texas are long enough to reach across the United States five times.

One-fortieth of the world's railway mileage is in Texas.

We have 27 counties without a single mile of railroad and 11 counties with less than 15 miles.

Compared with other states, Texas ranks fortieth in railway mileage per area.

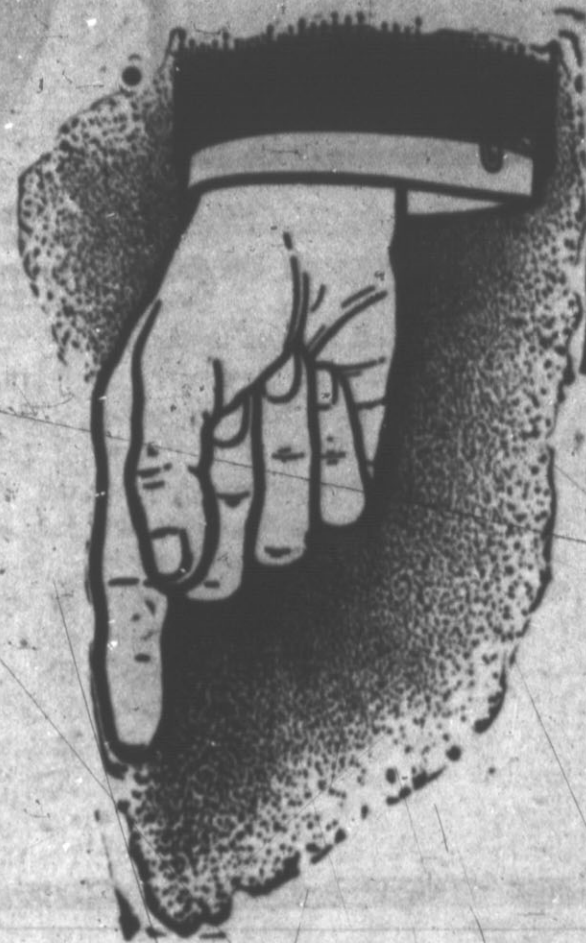

To afford Texas the same railway facilities as Illinois has, will require an additional investment of \$1,000,000,000.

Texas railroad property is valued at \$400,000,000.

"YOU'LL LIKE HEREFORD."

BUYERS OF
PRINTING

JUST A FEW WORDS TO THE BUSINESS MAN WHO DESIRES TO HAVE HIS PRINTING PRODUCED ACCURATELY AND PROMPTLY.....

No Mystery About
Our Printing

Printing was called a mystery. The chief mystery nowadays about printing is why some business men will persist in using the sort of printing they are getting. It must be either because they do not know or they do not care.

If you do not care how your printing looks, if you do not care what sort of an impression you are making upon your customers and business associates, there is nothing we can do for you, although even then we may be able to interest you in the matter of price.

If you do want your printing to do you justice, if you wish to get it at the same prices that you have been paying for careful, considered, distinguished and noteworthy printing, then we have something to say to you.

We know that we are doing for dozens of live, successful, progressive business men the kind of printing which adds distinction to their business and profits to their distinction. The kind of printing you want is the printing that segregates you—that puts you in a class by yourself. That is what our printing does.

Better equipment, better wages, better printers, are a few of the reasons why we are successful. If you want inferior, junk-shop printing, that's your privilege—we do the other kind. Telephone, write, come or we will go to you.

TEXAS FACTS

MANUFACTURING.

We have 298 cotton-seed oil mills in Texas that manufacture \$30,000,000 of products annually.

Fifteen years ago Texas was without a rice mill. We now have 19 of these establishments.

Texas is the second state in the Union in the manufacture of rice.

The Texas rice mills turn out \$8,142,000 of products annually.

There are 372,000,000 pounds of rough rice milled by the Texas plants.

The refining of petroleum ranks fifth among other Texas industries and Texas ranks fourth with other states in this respect.

We have 12 malt liquor establishments in Texas that are valued at \$7,027,000.

The annual output of the Texas breweries is valued at \$6,464,000.

The first ice factory ever built in the United States was at Jefferson, Texas.

The cold storage capacity of Texas is 2,500 cars.

There are 182 ice factories in Texas.

There are 143 foundry and machine shops in Texas.

There are 385 bakeries in Texas.

There are 13 cotton mills in Texas.

There are 25 furniture factories in Texas.

There are 67 tobacco and cigar factories in Texas.

Texas has 127 steam laundries.

There are 253 central electric light and power plants in Texas.

The largest electric power plant in the Southwest is in Texas.

Dallas, Texas, is the world's largest saddle manufacturing center.

2 CHILDREN BURN TO DEATH

Cleo Castiberry and Otto Black Die From Kitchen Explosion.

Waco, Texas.—Two children, Cleo Castiberry, aged 5, and Otto Black, aged 3, are dead as the result of the explosion of a five-gallon can of kerosene, under the Castiberry home. The younger child died about three hours later, while the eldest one lived about five hours.

The children were playing with matches near the can containing the oil when it suddenly ignited and exploded.

In an instant the children's clothing was in flames. Cleo ran one way, while her little companion darted in the opposite direction. Otto was caught by a neighbor, Mrs. A. H. Chandler, whose hands were painfully burned in trying to tear the burning garments from the child's body. Cleo ran until she reached her mother.

The Castiberry child's clothing and hair were entirely burned off. She was also burned on her body, in addition to inhaling the fumes. Otto Black was burned on the arms and limbs.

FIND GIRLS DEAD IN STREAM.

Three Young Sisters Meet Death in Mysterious Manner.

Sapulpa, Ok.—Cut and bruised and bearing evidence of foul play, the bodies of Bess Reynolds, aged 18, and three other girls, all sisters, Bertie Sanders, aged 9; Zula Sanders, aged 11, and Vina Sanders, aged 14, were found floating in Rock Creek, near here.

Miss Reynolds, employed as a housekeeper, took the children and started for a stroll toward the creek. The body of one of the girls was found at a ford of the creek. An investigation followed and the bodies of the other three were found floating in the creek. The clothing of the four was found on the bank.

At the place where the clothes were found the water in the creek is shallow for a few feet, then drops off with a sheer offset to a depth of ten feet. It is believed they were not familiar with the stream and that the others met death while trying to aid one that possibly stepped off into deep water.

CARRANZA ANSWERS MEDIATORS

Constitutionalist Chief Says He Will Appoint Peace Representatives.

Salt Lake, Mexico.—Gen. Carranza has announced that he had returned from the Niagara conference and that he would appoint representatives to the conferences at Niagara Falls.

The note gave simply the assurance that the constitutionals would be represented, and did not mention conditions on which the constitutionals would take part.

It was announced, however, that the agreement to attend the conferences would not serve to check the campaign now being waged against the federalists in any respect, and the advance to the south will be continued with vigor.

Little Hope for Stevenson.

Chicago.—Physicians attending Adlai E. Stevenson, vice president of the United States during Grover Cleveland's second term, Wednesday night had little hope of his recovery.

Mrs. Schumann-Heink Given Divorce

Chicago.—Mrs. Ernestine Schumann-Heink was granted a divorce from her husband, William Rapp, Jr. whose ardent epistles to Mrs. Catherine Dean of New York were the occasion of the suit. The victory for the famous contralto came when Superior Judge Sullivan instructed the jury to return a verdict in favor of the complainant. The divorce hearing was marked principally by the emotional letters written by Rapp to Mrs. Catherine Dean of New York. No attempt was made to contradict the authenticity of the letters credited to Rapp and the evidence of the defense failed to show moral obligation on the part of the opera singer. Mrs. Schumann-Heink showed her joy at the verdict.

Plenty of Cars to Haul bumper Crops

St. Louis, Mo.—High railroad officials scoff at reports of a shortage of freight cars when the crop movement begins. No such shortage impends said the officials, despite the record-breaking proportions of the harvest. "The net surplus of freight cars is larger now than at any time in the last five years," said Henry Miller, general manager of the Wabash railroad, which handles an enormous tonnage of grain. "Most railroads have had cars in storage since fall. The equipment is ample to cover all requirements."

Sign First Protocol in Mediation Plans

Niagara Falls, Ont.—Delegates from the United States and the Huerta government Friday formally affixed their signatures in the presence of the mediating representatives of Argentina, Brazil and Chile to the first protocol of the series through which it is hoped to restore peace in Mexico. The agreement as to the manner of transferring executive power from Huerta to the new provisional government stood the acid test of reduction to writing.

Scott-Blankenship Meetings

Where Will You Spend Eternity?

You Are Invited to Attend the REVIVAL MEETINGS at

The First Baptist Church

Conducted by

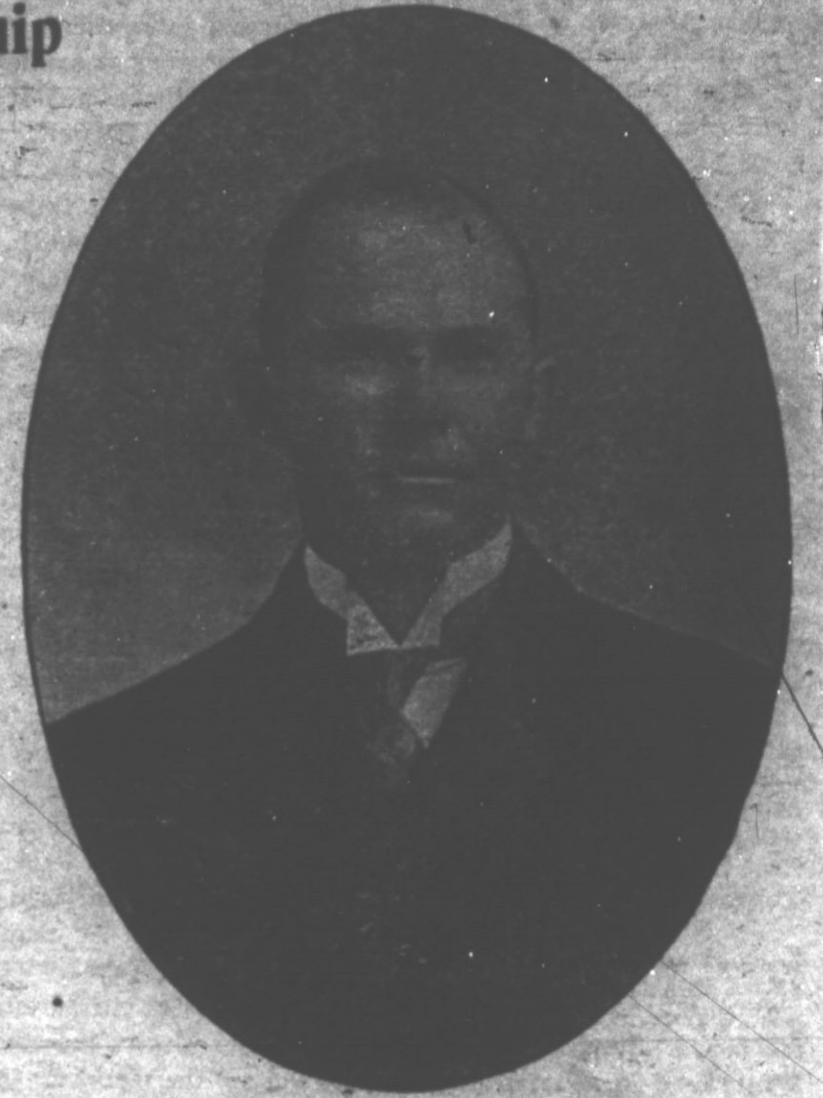

Evangelist J. A. Scott and J. L. Blankenship

Come and hear the old time Gospel in sermon and song, "For it is power of God unto salvation to everyone that believeth."
—Romans 1:16.

Beginning Monday June 22d

If you are saved, come and help us. If you are lost, come and be saved. Services each day at 10:00 a. m. and 8:30 p. m. Pastor R. E. L. Farmer and all the members of the Church invite you to attend these services.

"The Wages of Sin is Death"

J. L. BLANKENSHIP, GOSPEL SINGER

**Brotherhood
of Hereford**

To attend their sessions which are HELD EVERY SUNDAY afternoon at 3 o'clock. The meetings this month will be held at the First Christian Church.

If you are a stranger or a visitor in the city, you will be welcome.

Come!

Q.—In what country did Abraham look for a heavenly country (Hebrews 11:16)? (P. D. W.)

Answer.—We are to understand that the heavenly country for which Abraham, Isaac and Jacob and all the faithful of the fleshly house of Israel waited as pilgrims and strangers is after all to be earthly, in the sense of being on the earth; but that it will be heavenly in the sense that its government, regulations, laws, etc., will be heavenly, and not "earthly, sensual, devilish." The inheritance promised the Jews was Canaan, in Asia (Genesis 12:1-5), and St. Stephen informed us (Acts 7:5) that they are still waiting to receive it from God's hands.

Q.—Some claim that the Apostle Paul was a married man, and that he married an Ethiopian, and that there in the flesh was his domestic trouble. Was Paul married at any time before or after he became a Christian? (Nansrelia.)

Answer.—Neither sacred history nor tradition offers any answer to your question—we presume because the information would be of no value to the Christian. The grounds for deciding as to whether one shall marry or not are entirely personal. The Apostle, or anyone else, could not be taken as an example in this. He informs us, however, that they that marry do well, but that they that marry not do better, having the greater opportunities of giving their services and affections to the Lord (1 Corinthians 7:28).

Q.—Romans 5:12 reads, "Wherefore, as by one man sin entered into the world, and death by sin; and so death passed upon all men, for that all have sinned." Is death a sufficient penalty for sin? (A. R. T.)

Answer.—For the sin of disobedience Adam lost his paradisaic home—lost eternal life and divine fellowship, and instead got sickness, pain, sorrow, death. Additionally all of his posterity, reasonably estimated at twenty thousand millions, disinherited so far as the blessings are concerned, have inherited weaknesses—mental, moral and physical, and are, as the apostle Paul declares, "a groaning creation" (Romans 8:22). View the situation: Twenty thousand millions born in sin and shapen in iniquity (Psalm 51:5). A few short hours or days or years of trouble and disobedience brought them to their death bed; the weeping friends stood near with breaking hearts. Multiply this one scene by 90,000 and you have the daily wage; multiply again by 365 and you have the fearful yearly toll. Reviewing the whole situation and remembering that all the sickness, sorrow, pain, death, mental and moral decrepitude, result from father Adam's transgression, what sane man would say that the penalty has been insufficient and that Justice could make further demand, that these millions shall

at death, be hurried to a hell of endless woe, trouble—tormented by demons to all eternity? "The wage of sin is death" (Romans 6:23). Rejoice that when the Lamb of God shall have taken away the sin of the world, "there shall be no more death" (John 1:29; Revelation 21:4).

Q.—What is the meaning of Psalm 46:12, "For nothing is of wrought gold" (T. B.)

Answer.—This picture the church as the bride when all the trials and difficulties and testings shall have been successfully passed and she shall be accepted as the very elect to be forever associated with her Lord and a sharer of His glory. In the Scripture symbology gold is used to represent the divine nature, hence the picture as a whole teaches us that when the King of kings shall present His bride before the heavenly Father at the close of this age, after she shall have been glorified by the first resurrection, she will be possessed of the divine nature—"glory, honor and immortality" (Romans 2:7). This is what the apostle Peter assures us will be the outcome. Speaking of the promises of God's Word to this bride class, he says that God "hath given us exceeding great and precious promises whereby we might become partakers of the divine nature" (2 Peter 1:4). We do not get this divine nature, this gold raiment, in the present life; our immortality is a hope and not an actuality. As the apostle says, "We seek for glory, honor and immortality." How wonderful that fallen men should have been invited to this high station! No description of the divine nature is given in the Scriptures. The only information granted is that when our Lord Jesus shall be manifested at His second advent in power and great glory, then the first resurrection change shall make His faithful followers like Him, that they may see Him as He is—not as He was—and share His glory. They will then have been "born of the spirit"; they will be spirit beings, for "that which is born of the spirit is spirit" and freed from the limitations of the flesh. Unseen of men, may come and go at will, "like the wind" (John 8:8). "Flesh and blood cannot inherit the kingdom of God," though "the glory of the Lord shall be revealed, and all flesh shall see it together" when the resurrected families of the earth shall experience the blessings of "restoration" poured out upon them by our exalted Lord and His associated church (1 Corinthians 15:50, Isaiah 40:5).

E. P. Dyer, wife and son of Jackson county, Missouri, have come all the way from that state in a Ford car to visit his brother, R. E. Dyer, who lives in this county some 25 miles north. With the party was also Mrs. M. A. Bickett, a relative of Oklahoma. The trip will measure a distance of 700 miles they have traveled.

To Cure a Cold in One Day
Take LAXATIVE BROMO Quinine. It stops the Cough and Headache and works off the Cold. Druggists refuse money if it fails to cure. E. W. GROVE'S signature on each box. 25c.
