

GOP Is Happy As Ike Given Demo Support

By MAC ROY RASOR AUSTIN, Sept. 10 (AP)—State Republican leaders today hailed the endorsement of Dwight Eisenhower as swinging the state definitely into the Republican column.

City Is Claimed Headquarters Of Bootleg Group

A Potter County grand jury has charged in a formal report that a multi-million dollar bootleg syndicate has operated in West Texas with Odessa and Big Spring as headquarters.

This was one of 10 points included in a report which alleged irregularities by state liquor control board agents.

Simultaneously, a man being tried on a bootlegging charge was acquitted after two state liquor control board officers gave conflicting testimony.

Against such a court room scene in Snyder, Gov. Allan Shivers offered the "full co-operation of any state agency" in a grand jury investigation of what it terms "general state-wide corruption resulting from administration of the State Liquor Control Act."

The Potter County Grand Jury made its scathing report Monday at Amarillo.

Shivers told newsmen, "I am glad the grand jury is looking into this matter," but he asked that the investigating body make blanket charges without backing them up by returning indictments.

Rep. Waggoner Carr of Lubbock, a member of the Texas House Investigating Committee, said the grand jury report. He said it might be several days before an announcement could be made concerning a further probe into the situation.

Speeding In School Zone Is Expensive

Speeding in a school zone turned out to be an expensive proposition for a 17-year-old motorist today.

The youth was fined \$75 in Corporation Court after being found guilty of speeding charges. He was fined an additional \$25 for driving without license.

Police Patrolman Jack Fillyaw said the boy was given two speeding tickets in a one-hour period Tuesday about noon. Fillyaw said the speeder was clocked at 45 miles per hour on one occasion and at a speed between 50 and 55 miles per hour on the other.

Officers remind motorists that school zone speed-limit is 15 miles per hour and that tickets will be issued to drivers caught exceeding that speed.

Peace Meet A 'Fake'

CANBERRA, Sept. 10 (AP)—Prime Minister Robert G. Menzies told the House of Representatives today the forthcoming "Peace Congress" in Communist China will be just a fake, and Australian delegates to it will be denied passports.

Jet Engine Carrier Burns Through Bridge

A trailer truck, loaded with five jet airplane engines, lies a smoldering ruin in a dry creek bed near Ludowici, Ga., after it caught fire and burned its way through a 200-foot section of a bridge. It burned following a collision with two empty gasoline carriers on the bridge.

AFTER CAUBLE DISTRICT TRANSFER

Bond Assumption, Tax Levy Vote Called By School Board

A bond assumption and tax levy election has been set for Tuesday, Sept. 23, for two sections of land transferred from the Cauble County School District (No. 11) to the Big Spring Independent District.

No 'Under-Age' Kids May Enter Schools

Trustees Tuesday night closed schoolhouse doors against enrollment of under-age youngsters. No "unders" will be enrolled this year, Big Spring School Board members decided after hearing reports of crowded conditions in virtually every elementary school.

Nixon To Appear At Amarillo Fair

FORT WORTH, Sept. 10 (AP)—The Republican candidate for vice president, Sen. Richard Nixon of California, will give the GOP bid for Texas' 24 electoral votes a kickoff Sept. 26 in Amarillo.

Milk-Ice Fund Now Reaches \$393 Mark

When children are in distress, good people are quick to respond. Thus, contributions to a Milk-and-Ice Fund to help sustain sick youngsters have been most generous. Additional gifts came in today in the amount of \$119.35, to bring the total fund to \$393.10.

Heavy Rains Lash W. Central Texas; 4 Inches At Brady

Ten Inches Noted In One Texas Area

The sky dumped as much as 10 inches of rain on heat-cracked Texas Wednesday, raising a flood threat in at least one area.

The Weather Bureau said the rains were the most general since spring. South and West Central Texas were soaked. Substantial showers dotted other parts of the state as far north as the Panhandle.

Weathermen said the rains might break Texas' two-year-old drought. But they came too late for farmers who had already lost millions of dollars in shriveled crops and skinny livestock.

The little town of Brady in West Central Texas feared a flood. Brady Creek, which cuts through the town's business section, was within inches of the overflow point.

Four inches of rain had fallen at Brady by Wednesday morning and it still was raining. Fifteen miles west of Brady, up the creek's watershed, Melvin had received seven inches of rain. Another 17 miles west, Eden, at the creek's headwaters, received 10 inches. In both those places it was still raining.

The coastal town of Palacios in Matagorda County had measured 8.20 inches of rain in two days. The moisture-saturated sky poured out 6.44 inches of rain at Luling, 6.27 at San Marcos, 4.10 at Gonzales, 2.90 at Kerrville, 4.10 at Brownwood, among other heavy rains.

In Brady, the creek stood at 24 1/2 feet — six inches under flood stage. Owners of machine shops and garages which back up against a floodwall had already moved out.

Other reports from over the area indicate the drizzle has been general with indications that it will continue through the afternoon and night. Some farmers who were in town this morning said that while the moisture received will probably be quite helpful under cloudy skies they doubted they had received enough yet to give any great aid to crops suffering from the drought, or that enough had fallen to give them a season for fall planting.

Soil Conservation Service specialists attending an area meeting at the Settles Hotel today say that if enough moisture is received they anticipate a great many acres of cover crops will be immediately seeded.

The area is getting good penetration from the drizzle, they commented, much better than if hard rains had fallen.

Financial Condition Stable In The Area

Table with 4 columns: Item, Sept 5, 1952, Oct 10, 1951, Gain. Rows include Loans & Discounts, Deposits, Cash, and TOTAL RESOURCES.

Although in the teeth of one of the most severe droughts on record, this area's financial position remained stable according to bank statements made today.

The reports were issued in response to a call from the U. S. comptroller of currency for condition of the banks as of Sept. 5, 1952. Deposits were up to \$9,179,000 over Oct. 10, 1951 amounting to \$36,337,746.

Loans and discounts gained nearly three-quarters of a million dollars or \$717,034 in reaching \$8,064,956, another item which further reflected dry weather conditions.

THE WEATHER section with a small illustration of a person and weather-related text.

ROKs Regain Capitol Hill In Bitter Fighting

By ROBERT B. TUCKMAN SLOUL, Korea (AP)—Battle-hardened South Korean infantrymen recaptured Capitol Hill in a wild night bayonet charge and then threw back counterattacking Chinese at daybreak today.

A U. S. Eighth Army staff officer said "the ROKs (Republic of Korea troops) are on that hill to stay."

In five days of vicious close-in fighting for the Central Front hill, troops of the crack Capitol Division have killed or wounded at least 2,300 Chinese, the Eighth Army estimated. That is nearly the equivalent of a Red regiment.

Fighting for the hill has produced the heaviest Communist artillery barrages of the war.

Gen. James A. Van Fleet, Eighth Army commander, said at the front the shelling amazed him and "indicates they (Reds) have enough supplies and ammunition at the front."

The U. S. Fifth Air Force said fighter-bomber pilots last night knocked out 100 Communist supply trucks, the highest score since early June.

Fifth Air Force pilots helped soften Chinese defenses before the fight on the slopes of Capitol Hill. The Air Force said 70 individual flights were made over the hill by fighter bombers, raking the Chinese with machine gun fire, bombs and flaming jelled gasoline.

U. N. artillery then took over and pounded the hill crest and Red approach routes with a murderous barrage.

South Korean infantrymen attacked at 7:55 p.m. The going was tough. Despite the air attacks and the thunderous U. N. artillery barrage, the Reds sent shells screaming against the advancing Koreans.

Sturdy Korean riflemen inched their way up the rocky slope and in a final charge with bayonets cleaned out the last of the Chinese on the crest at 11:50 p.m.

Youths Must Have License For Driving

Parents were warned today by Police Chief E. W. York and Juvenile Officer A. E. Long to be sure their youngsters are equipped with necessary licenses if they are to operate motor scooters and other vehicles in the city.

Complaints will be filed against parents who allow children to operate the motor vehicles without proper authorization, York and Long said in a joint statement following a conference on the matter at city hall this morning.

Scooter operators are governed by the same laws that apply to other motorists, Chief York said. They must have drivers licenses, motor vehicle inspection certificates and regular state vehicle licenses.

City Receives .17 Inch Rain; More Is Seen

Both Big Spring and Garden City had received approximately 0.17 inch of rain at noon today, but the Weather Bureau held out hope in the form of a prediction of partly cloudy skies with scattered thundershowers today, tonight and Thursday.

The amount of moisture varied over the area. The Texas Electric Service Co. reported 0.28 at Otis Chalk, and 0.55 at these stations just east of Big Spring. Snyder recorded 0.32 with only a trace at Lamesa. Reports from Colorado City were that 0.84 had fallen in the residential areas with only 0.43 in the downtown section.

Other reports from over the area indicate the drizzle has been general with indications that it will continue through the afternoon and night. Some farmers who were in town this morning said that while the moisture received will probably be quite helpful under cloudy skies they doubted they had received enough yet to give any great aid to crops suffering from the drought, or that enough had fallen to give them a season for fall planting.

Soil Conservation Service specialists attending an area meeting at the Settles Hotel today say that if enough moisture is received they anticipate a great many acres of cover crops will be immediately seeded.

The area is getting good penetration from the drizzle, they commented, much better than if hard rains had fallen.

Moisture-laden Gulf air brought these rainfall totals Tuesday: Austin 1.61, Burleson 1.25, Victoria 1.16, Houston 78, Junction 62, Abilene 43, Corpus Christi 38, College Station 34, San Angelo 27, Galveston 26, Cotulla 27, Fort Worth 24. Traces were reported at Dalas, Lubbock, Big Spring, Wink, Midland and Mineral Wells.

Six inches of rain were reported south of Paint Rock. The Colorado River watershed had been one of the driest sections of the state before the rains.

Elsewhere the rains ranged from good showers to bare trickles. Heavy, scattered showers were reported in East and Central Texas, two of the sections troubled most by the multi-million dollar drought.

Moisture-laden Gulf air brought these rainfall totals Tuesday: Austin 1.61, Burleson 1.25, Victoria 1.16, Houston 78, Junction 62, Abilene 43, Corpus Christi 38, College Station 34, San Angelo 27, Galveston 26, Cotulla 27, Fort Worth 24. Traces were reported at Dalas, Lubbock, Big Spring, Wink, Midland and Mineral Wells.

63 Bodies Are Found

BELGRADE, Yugoslavia, Sept. 10 (AP)—Salvage crews recovered 63 bodies today from the wreckage of a Danube ferry that capsized yesterday. Authorities feared the death toll would exceed 90.

Marshall In France

LE HAVRE, Sept. 10 (AP)—Gen. George C. Marshall, former U. S. secretary of state and wartime chief of staff, arrived in France today for an inspection tour of American military cemeteries. He is chairman of the America Battle Monuments Commission.

Raids Are Conducted On Galveston Houses

GALVESTON, Sept. 10 (AP)—One man and 18 women were arrested and charged with vagrancy here yesterday in what was described as a crackdown on bawdy houses catering to juveniles.

Three deputies from the office of Sheriff Frank Blagone raided three houses,

Junior High P-TA Has Good Neighbor Program Tuesday

Using as the theme "Appreciating Our Neighbors" two Negro women and a group of Latin-American students presented the program at the meeting of the Junior High P-TA Tuesday afternoon at the school.

The Negro women, Mrs. Charles Merrett and Mrs. Nita Miller, presented a musical program.

Mrs. Merrett sang "Beyond the Sunset" and as a duet, the two sang "It Is No Secret."

Students of the Kate Morrison School presented two folk dances including the popular "Mexican Hat Dance."

Mrs. Horace Reagan read a meditation on the Lord's Prayer as the devotional.

Plans were made to have a bake

sale Saturday at the Piggly Wiggly Store and members voted to purchase subscriptions to four national magazines.

Mrs. W. N. Norred, council president, told the group of the parliamentary procedure course which will be held Saturday at 9:15 a. m. at the study hall at the Junior High. Mrs. J. A. Pritchett of Abilene, district parliamentarian, will conduct the course.

Teachers were introduced at the conclusion of the program and tea was served from a lace laid table centered with a floral arrangement.

Mrs. Tom Buckner, unit president, poured. Officers of the unit were hostesses.

Fifty-two attended.

Rebekahs Honor Past Noble Grands And Past Grands

Members of the John A. Kee Rebekah Lodge honored past noble grands and past grands with a program Tuesday evening at the lodge.

The honorees were welcomed by the noble grand and vice noble grand and Jane Burnett sang a solo.

Past noble grands honored were

Ben Miller, Jones Lamar, Leon Cole, Barney Hughes, R. F. Cook, W. C. Cole, Horace Jarrett, L. K. Nowlin and Harvey Coleman.

Four guests were also included in the honors. They were Maggie Richardson, Novonua Garvin, deputy president of Andrews; Gladys Sudberry of Winters and Tina Jarrett of Baird.

Refreshments were served from a lace laid cloth centered with an arrangement of ivy by Alma George, Martha Brady and Jane Burnett.

Fifty-four attended.

Mrs. Taylor Is Queen At Meeting

The Lucy Belle Circle presented the Royal Service program when all circles of the E. 4th Baptist Church met at the church Monday afternoon.

Mrs. C. A. Tonn Jr. was in charge of the program which had as its theme, "Japan's Puzzled People."

Mrs. Clyde Dial read the scripture from Psalms: 139 and John: 16.

Topics were discussed by Mrs. Sonny Rose, Mrs. Maple Avery, Mrs. Bob Craig, Mrs. R. L. Reeves, Mrs. M. L. Kirby, Mrs. Kenneth Howell, Mrs. Stanton Johnson, Mrs. H. F. Trent, Mrs. J. E. Brown and Mrs. Bill Hiney.

Prayers were offered by Mrs. O. B. Warren and Mrs. Ed Stringfellow.

Mrs. L. E. Taylor, chairman of the Willing Workers Circle, was crowned queen for a day for having the largest percentage of circle members present.

The same circle served refreshments to 40.

College Heights To Have Meeting

Mrs. Grady McCrary, president, has announced that the College Heights P-TA will meet Thursday at 3:30 p. m. at the school immediately following an executive committee meeting at 2:30.

All officers and chairmen are urged to attend the committee session and all parents and teachers are asked to attend the first regular meeting of the year.

2373

Send 30 cents for PATTERN with Name, Address, Style Number and Size. Address PATTERN BUREAU, Big Spring Herald, Box 42, Old Chelsea Station, New York 11, N. Y.

Patterns ready to fill orders immediately. For special handling of order via first class mail include an extra 5 cents per pattern.

The FALL-WINTER FASHION BOOK, just out and beautifully illustrated in COLOR! Presenting fall fashions at their smartest. Over one hundred practical, easy-to-make pattern designs, for every age and type of figure. Be an early bird, order your copy now. Price just 25 cents.

SS Children Entertained With Party

Members of the East Fourth Baptist Primary I department were honored at a farewell party given at the church Monday evening.

The honorees were those members who are being promoted during September.

Mrs. Deanie Chapman supervised games and Barry Clayton showed movie cartoons. Mrs. Johnnie Burns, Mrs. Marvin Hanson and Mrs. W. L. Clayton assisted in serving refreshments.

Guests were Carol Cook, Rosemary Horn, Vicki Parkhill, James Thurman, Freddie White, Gloria Chapman, Joe Bob Chapman, Lavelle Hanson, Dwain Hanson, Jerry Burns, Barry Clayton, Janet Jones and Johnnie Burns.

North Ward P-TA Meets At School

Officers, new teachers and mothers were recognized at the meeting of the North Ward P-TA at the school Tuesday afternoon.

Mrs. J. E. Parker presided during the session and Mrs. John Appleton directed the songs.

Mrs. L. B. Kinman gave the devotional.

Thirty-one attended.

Spoudazio Fora Meets In Jones Home

Vacations were discussed and new programs were given out when members of the Spoudazio Fora met in the home of Mrs. James Jones, president, for the first regular meeting of the club year Tuesday evening.

Nine members attended.

Woodman's Circle

It has been announced that the Woodman's Circle will meet Friday at 2:30 p. m. at the WOW Hall. Officers will be elected and refreshments will be served. All members are urgently requested to attend.

Hi-Y Meeting

The Hi-Y and Tri-Hi-Y held their first meetings of the season Monday evening at the YMCA.

Richard Hughes led a sing-song and Joe Pickle made a short talk on the purposes of the groups. The clubs then held separate sessions.

Attending were 33 Tri-Hi-Y girls and their new sponsor, Irma Jean Slaughter.

MENU FOR TOMORROW

TEEN-AGE JAMBOREE
Chili con Carne
Steamed Rice
Hot Rolls
Peach Golden Glow Salad*
Cookies
Beverage

(Recipe for Starred Dish Follows)
PEACH GOLDEN GLOW SALAD
Ingredients: 6 canned cling peach halves, 1-3 cups coarsely grated carrots, 2-3 cup diced grapefruit sections, 3 tablespoons mayonnaise, 1/2 teaspoon salt, 1 tablespoon grapefruit juice, salad greens.

Method: Drain peaches well. Mix carrot and grapefruit together lightly. Blend mayonnaise, salt and grapefruit juice; toss lightly with carrot and grapefruit. Place a peach half, cavity side up, on each of 6 individual salad plates and top with carrot mixture; garnish with greens. Makes 6 servings.

Wilburn Bednar Elected Editor Of High School Annual

New York 10, N. Y.

Patterns ready to fill orders immediately. For special handling of order via first class mail include an extra 5 cents per pattern.

DESIGNING WOMAN

Use Originality To Make Glamorous Table Settings

By ELIZABETH HILY R

One of the days when the best china, with certain candlesticks and bowl for flowers, always set the table for guests. It's more fun and fashion now to go in for variety — to design different, eye-catching table settings with less formal dishes and striking decorative accessories. Unusual shapes of dinnerware, decoration and equipment in black and white spark some of the smartest new ideas for the table. Designs like this, sketched

at the China, Glass, Pottery and Gift preview shows in Chicago at The Merchandise Mart. Black and white pottery dinnerware imported from Italy includes a low pitcher with a loop handle, a square covered box and a two-section meat and potato platter. The candlesticks are squares of black wood that can be arranged in a dozen ways. Salad servers are black wood and the salad bar is a new idea in milk glass on a black wrought iron stand.

Mrs. Barbee Fetes Three; Howard Woods Entertained

KNOTT, (Sp) — Mrs. Walter Barbee honored her husband on his birthday and her parents, Mr. and Mrs. J. W. Graham on their 52nd wedding anniversary with a party recently in her home.

Mr. and Mrs. Graham are also the parents of Mrs. H. A. Davie of Big Spring, Mrs. Don Raspberry and Mrs. J. T. Cook.

Attending were Mr. and Mrs. Davie and Frances of Big Spring, Mr. and Mrs. Raspberry and Wilda, Mrs. and Mrs. Theibert Williamson, Ima Joy and James Edward of Stanton, Mr. and Mrs. Bill Grigg, Mr. and Mrs. Cook, J. Joe, Margie and Jane of Ackerly, Charles and Darrell Barbee of Midland, Mr. and Mrs. Eston Barbee and

Marie, Mr. and Mrs. Howard Wood and Lonnie and Mrs. Charles Barbee.

Mr. and Mrs. Howard Wood and Lonnie were honored with a picnic recently at the Big Spring City Park.

The Woods will leave the last of the week for Corpus Christi to make their home.

Attending were Mr. and Mrs. W. O. Wood, Doris, Harlan and Kenneth, Mr. and Mrs. G. E. Melton and children of Midland.

Hervey Lazenby, Mrs. Allsman Give Program At Meeting

The Rev. Hervey Lazenby and Mrs. Minnie Allsman presented the program at the meeting of the Business Women's Circle of the First Presbyterian Church Monday evening.

The group met for a covered dish supper and hostesses were Mrs. W. E. Greenlees and Mrs. W. C. Henley.

Mrs. Olan Puckett presided at the short business session.

The next hostesses will be Mrs. Florence McNew and Mrs. Catherine Eberly.

Nineteen attended.

Committee Meeting Set At West Ward

Mrs. A. C. Brown, president of the West Ward P-TA, has called an executive committee meeting for 2:30 p. m. Thursday in the teachers lounge at the school.

All committee chairmen are urged to attend. The regular P-TA meeting will follow at 3.

Friendship Class Hears Mr. Mock At Watermelon Party

Darrell Mock, educational director, explained the system of promoting Sunday School students to members of the Friendship Class of the First Baptist Church when the group met in the home of Mrs. W. F. Taylor, class teacher, Monday evening.

Co-hostesses were Mrs. Bledsoe O'Brien, Mrs. Clayton Bettie, Mrs. Reuben Creighton and Mrs. Ed Black.

Mrs. O'Brien gave the devotional and Mrs. Orville Bryant offered a prayer.

Watermelon was served to the members and two guests, Mrs. Mary Cave of Rotan and Mrs. Kelly Brown.

Sorority Is Entertained In Bettle Home Tuesday

Mrs. Jonanna Underwood gave the program Tuesday evening at the meeting of the Xi Mu chapter of Beta Sigma Phi in the home of Mrs. Alta Mae Bettie.

Her topics were "Living In Your World" and "Manners and Morals."

In a business session the group voted to give the Mu Zeta chapter its preferential tea Oct. 5 in the

home of Mrs. G. H. Hayward. The group also voted to send a box of miscellaneous gifts to Girls Town for Christmas.

Announcement was made of the three-star rating awarded the local chapter by national headquarters. The rating, highest that is given, is based on attendance, work accomplished and other projects.

The West Texas area council meeting will be held Oct. 17 and 18 at the Windsor Hotel in Abilene.

Seventeen members attended. The next meeting will be with Mrs. Paul Crabtree.

Lodge Plans Party Friday At Sunrise

All Pythian Sisters are invited to a sunrise party at 6 a. m. Friday in the home of Mrs. Janie Huffstader, 1014 Stadium Dr., honoring the new officers.

Installed Monday evening, the new officers are Mrs. Gladys Choate, Most Excellent Chief; Mrs. Eva Lee Totter, Excellent Senor; Mrs. Lujean Renshaw, Excellent Junior; Mrs. Mildred Vaughn, manager; Mrs. Davida Neece, secretary; Mrs. Katherine deGraffenreid, treasurer; Mrs. Huffstader, Protector; Mrs. Janet Lilly, guard.

Mrs. Evelyn Johnson, past chief; Mrs. Anna Belle Huddleston, pianist; Mrs. Ella Mae Jeter, press correspondent; Mrs. Maurine Chrane, captain of degree staff and temple deputy.

Mrs. Chrane, hostess at the last regular meeting, served refreshments.

Ten members attended.

Jacqueline Cauble Honoree At Party

Jacqueline Cauble was honored on the occasion of her fourth birthday with a party Tuesday evening at the home of her parents, Mr. and Mrs. Jack Cauble, 1417 Sycamore.

Games were played and prizes awarded the winners. Refreshments were served to approximately 20 little guests.

New Liquid Kills Roaches and Ants

Roaches and ants are the most difficult household pests to control, and they can be brought into the home at any time.

Science has just come forth with a new discovery, a colorless coating that kills cockroaches and ants, and that stays effective for months. It is called Johnston's NO-ROACH.

It's just as simple and easy to use as it looks. You paint the coating on surfaces frequented by roaches and ants, woodwork near the sink, baseboards, garbage pails, window and door sills. When these crawling pests come in contact with this invisible, odorless, stainless coating they slowly become paralyzed, turn over on their backs with legs waving in the air, and die. Then the coating stays effective for months to kill any strays that get into the home and that walk over it.

Effective for Months
Science has seen to it too, that this product contains no DDT, no sodium fluoride, and no phosphorus. Johnston's NO-ROACH is not a contaminating spray or a messy powder. It is colorless, and may be brushed just where you want it, without having to move all your dishes and pots and pans. Guard against crawling insects this modern NO-ROACH way.

Prices are 80c. for 80c. pint for \$1.69, and a quart for \$2.98.

Adlai Is Supporting HST Foreign Policy

By RELMAN MORIN
SAN FRANCISCO (AP)—Gov. Adlai Stevenson stood solidly today on the foreign policy of the Truman administration and, with a warning of peril, outlined a program for action in Asia.

"America is threatened as never before," he said.

The way to avert it, he told a nationwide television and radio audience from San Francisco, is to give material aid to the new nations of Asia, to recognize their desire for independence, and to show them that the United States is not pursuing a policy of domination.

Speaking with unusual seriousness, the Democratic candidate for the presidency made these points last night:

- "I do not think war is an inevitable part of this contest between freedom and tyranny."
- "With 85 per cent of our budget allocated to defense, it is the Soviet Union which now fixes the level of our defense expenditures and thus our tax rates."
- Republican nominee Dwight D. Eisenhower's "10-point program... does not contribute much to our foreign policy discussion."
- "I believe we may in time look back at Korea as a major turning point in history—a turning point which led not to another war, but to the first historic demonstration that an effective system of collective security is possible."
- "I want to assure our friends in Asia that America will never seek to dominate their political and economic development."

This was Stevenson's most important effort on foreign policy. It was a peak point as well in the

whole campaign he is waging through the West.

Nearly 1,900 people—seated on two floors of Veterans Memorial Auditorium—heard the address. The basement audience watched him via a projection on a screen.

His demeanor, and the whole pattern of presentation, indicated how much importance Stevenson himself placed on this address.

He dispensed with the quips and jokes that usually take up the first four or five minutes of his talks. His face was solemn, almost grimly serious. He put more emphasis into the strategic areas of his text. And he did not, as usual, taper off with ad-libbed remarks. He just stopped.

He began by ripping into Eisenhower's speech on foreign policy, delivered last week in Philadelphia. He said seven of the general's 10 points were echoes of the program the Democrats have been following. The other three, he said—and his voice was icy with sarcasm—were simply "throw the rascals out."

Actually, there were points of similarity in the statements of both candidates.

Both said peril confronts the United States. Both said the United States has not adopted an imperialistic course of action.

But whereas Eisenhower called Korea a case of errors in judgment, Stevenson strongly defended the actions of the administration. He said:

"As an American, I am proud that we had the courage to resist that ruthless, cynical aggression; and I am equally proud that we had the fortitude to refuse to risk extension of that war despite Communist provocations and reckless Republican criticism."

Double Decker

Now in service on the Kerrville line is a fleet of new buses with two deck levels. The double deck or more correctly, the deck and a half treatment, not only maintains a maximum of seating space, but it vastly increases the luggage and other carrying space. At the same time, vision of the passengers is increased rather than hampered. The above bus was in Big Spring Monday, but it has not yet been assigned to a regular run.

Ike In Capitol For Talks As Middle West Support Promised

WASHINGTON, Sept. 10 (AP)—Gen. Dwight D. Eisenhower flew into Washington today for a series of brief between-campaigning conferences with Republican National Committee leaders.

One of the matters which may be settled is when and where he will meet with Sen. Robert A. Taft to decide on what role the senator shall take in the political campaign.

Sen. Frank Carlson (R-Kan.), one of Eisenhower's top advisers, told reporters earlier this week he hoped arrangements for an Eisenhower-Taft meeting could be completed today.

He and Arthur Summerfield, GOP national chairman, reached an understanding with Taft Monday that the Ohioan and Eisenhower, who beat Taft for the party presidential nomination, would get together for a talk at some convenient time.

Taft went to Cincinnati last night.

Eisenhower came here from a Midwest tour where he gathered a "floc" of promises of hearty support in what has been called Taft territory. He spent yesterday and last night in Indianapolis where police estimated half a million Hoosiers welcomed him.

Police estimated this outpouring at 125,000.

The field house itself was packed to the rafters with about 15,000 persons and another 10,000 or 12,000 were seated in a football stadium nearby to listen to the speech over an amplifying system.

In the speech, broadcast nationwide, Eisenhower delivered another

er of his increasingly frequent gibes at his Democratic opponent for the presidency, Gov. Adlai E. Stevenson of Illinois.

Mrs. W. G. Thomas Rites Set Thursday

COLORADO CITY. — Funeral services for Mrs. Walter G. Thomas, 49, of Ingewood, Calif., will be held at 10 a. m. Thursday from the Kiker and Son Chapel in Colorado City. Rev. Temple Lewis, Baptist pastor from Weirnet, will officiate, assisted by Rev. Bob Sheppard, pastor of the Plainview Baptist Church.

Funeral services will be for Mrs. Yarbrough, Monty Hardgree, Robert Ramage, Warren Costin, Tom Burrus, and Frank Bodzin.

Burial is to be in the Colorado City cemetery.

Mrs. Thomas was born in Texas, Ark., in 1903. The former Lillie Crabtree, she married W. G. Thomas in 1945 in Detroit, Mich. She died at Ingewood Sept. 6.

She is survived by her parents, Mr. and Mrs. R. S. Crabtree of Colorado City; her husband, who lives at Ingewood; a brother, Woodrow Crabtree, of Colorado City; and three sisters, Mrs. Joe Doetscher of Manhattan Beach, Calif., Mrs. Bobby Lee Sweiger of Dallas, and Mrs. Billy Ray Hunt, of San Angelo.

that "fumbles and stumbles and falls flat on its face every couple of weeks," Eisenhower said.

"Why, my distinguished opponent is using every trick in the book to get himself off the hook of the present administration's record."

"When the hand-picked heir wants no part of the heirlooms, why should we?"

The Allied wartime field commander was interrupted 45 times by applause.

Eisenhower said he went into politics because "no American can stand to one side while his country becomes the prey of fear-mongers, quack doctors and bare-faced looters."

He drew a laugh when he said a heavy registration to vote would mean an election day turnout that would "dwarf every statistic—except the Democratic nation debt."

In his quest for Midwest support, Eisenhower:

- In Cleveland complimented Ohioans on their loyalty to Sen. Taft and expressed hope of meeting him soon.
- In Indianapolis, flatly endorsed the re-election bill of Sen. William E. Jenner of Indiana, who bitterly criticized Eisenhower's wartime chief and comrade, Gen. George C. Marshall.

of his increasingly frequent gibes at his Democratic opponent for the presidency, Gov. Adlai E. Stevenson of Illinois.

Primary Results Over Nation Told

By The Associated Press

According to late returns, this is how the primaries in the various states turned out: (W in parenthesis stands for winner, L for loser).

Colorado — Governor's race: (Demo) — (W) John W. Metzger, former attorney general, friend of Truman; (L) State Sen. Ben Bezoff; (GOP) — Gov. Dan Thornton unopposed, Congress: (GOP) — (W) Rep. William S. Hill, incumbent seeking seventh term; (L) Richard B. Paynter. Other congressional candidates on both Democratic and Republican tickets unopposed.

Arizona — 1st Congressional Dist: (Demo) — (W) Rep. John R. Murock, incumbent chairman of House Interior, Insular Affairs Committee; (L) Ralph Watkins, Buckeye car dealer. Two other Democratic incumbent congressmen unopposed.

Governor's race: (Demo) — (W) Joe Hallidman, Phoenix; (L) State Sen. Sam J. Head, incumbent GOP Gov. Howard Pyle unopposed.

Utah — Senate: (GOP) — (W) Sen. Arthur V. Watkins, incumbent; (L) Martin S. Eccles, former Federal Reserve Board chairman; (Demo) — (W) Rep. Walter K. Granger, (L) former Gov. Herbert B. Maw. Governor's race: (Demo) — Close between Salt Lake City Mayor Earl J. Glade and Secretary of State Heber Bennion Jr., with Glade leading; (GOP) — (W) Gov. J. Bracken Lee, incumbent; (L) Dr. Cyril A. Callister of Salt Lake City. 1st Congressional Dist: (Demo) — (W) Ernest McKay, (L) Mayor George Frost of Ogden (close); (GOP) — (W) Douglas Stringfellow (L) George Staples, 2nd Cong. Dist: (Demo) — (W) Rep. Reva Beck Bosone, (L) Charles Pedersen; (GOP) — Former Rep. Dawson, (L) Don Mack Dalton.

New Hampshire — Governor's race: (GOP) — (W) Hugh Gregg, 34, war veteran — lawyer, making first bid for state-wide office; (L) former Gov. Dr. Robert O. Blood and two others; (Demo) — (W)

Atty. William H. Craig, Manchester; (L) Mayor Laurence M. Pickett. Gregg seen as certain winner in November because state traditionally Republican. Congressional races: Both Republican incumbents re-nominated. They are Rep. Chester E. Merrow and Norris Cotton.

Vermont — Governor's race: (GOP) — (W) Gov. Lee E. Emerson, incumbent; (L) State Sen. Henry D. Vail; Emerson certain of November victory as Vermont traditionally Republican. Senate: (GOP) — (W) Sen. Ralph E. Flanders, incumbent; (L) William Semeraro; landslide for Flanders. Congress (GOP) — (W) Rep. Winston L. Prouty, incumbent; (L) George H. Abbott.

Washington — Governor: (Demo) — (W) U. S. Rep. Hugh B. Mitchell; (L) State Sen. Albert D. Rossellini of Seattle. Congressman-at-large: (Demo) — (W) Don Magnuson of Seattle, inexperienced politico, others trailing by large margin; (GOP) — (W) Sen. Harry P. Cain, incumbent, far ahead of (L) Carl Viking Holman, Seattle; (Demo) — (W) U. S. Rep. Henry M. Jackson, unopposed, 2nd Cong. Dist: (Demo) — (W) Harry Henson, state chairman of Democratic Party, running to replace Jackson; (L) State Rep. John Dootson; (GOP) — (W) Jack Westland, U.S. amateur golf champion; (L) Herb Wilson, 1950 GOP standard bearer.

Minnesota — Senate: (GOP) — (W) Sen. Edward J. Thye, incumbent; (L) Edward C. Sietedahl, St. Paul; (Democrat — Farmer — Labor) — (W) William Carlson (L) John McConough, St. Paul. Governor: (GOP) (W) Gov. C. Elmer Anderson, incumbent; (L) State Auditor Stafford King; (D-F-L) — (W) Orville Freeman; (L) Sheriff Ed Ryan of Hennepin County.

Russians Lift Berlin Blockade

BERLIN (AP)—The Russians suddenly lifted their blockade of a highway between Berlin's American sector and a U. S. checkpoint to West Germany last night following a strong protest from the U. S. high commissioner.

The Russians let a U. S. military police patrol proceed without hindrance shortly after Commissioner Walter J. Donnelly verbally protested to Gen. Vasily Chuikov, chief of the Soviet Control Commission for Germany.

Earlier yesterday gun-waving Russian sentries had prevented an American military vehicle from driving along the strip. The West recognizes it as part of the Russian zone, but the Reds had allowed Americans to use it as an access road.

Congressmen Find No Ammunition Shortage On Korean War Front

CENTRAL FRONT, Korea (AP)—Ten U. S. congressmen toured the Korean battlefield today and reported they found no critical shortage of ammunition.

They issued a statement saying the ammunition supply is enough to meet the present tempo of the war. They are members of the appropriations subcommittee of the House Armed Services Committee.

There is a note of memorable distinction in our service however much or little you decide to spend.

WHITELY

Iran Postpones Talk Over West Oil Plan

TEHRAN, Iran, Sept. 10 (AP)—Parliament today postponed until Tuesday its scheduled open debate on the proposal by President Truman and British Prime Minister Churchill to solve the British-Iranian oil dispute.

A communique said postponement was because of "certain efforts and negotiations which are going on."

The decision, taken at a closed session of the Majlis (Parliament), obviously was aimed at giving Premier Mohammed Mossadegh more time to seek a better offer for solution of the oil dispute. This could come in the form of amendments to the joint British-American proposal which already has been rejected twice.

Mossadegh, careful all along not

to slam the door on negotiations, was reported earlier this week to have told the British envoy here that he hoped Britain would reply by Sept. 9 — yesterday — to his statement two days before rejecting the joint proposals.

The offer which the premier spurned proposes that he agree to arbitration in the International Court of Justice over Britain's claim to compensation for the nationalized oil industry and negotiate with the British for the sale of Iranian oil in return for a United States gift of 10 million dollars and the lifting of a British economic blockade.

Walkout Closes Plant

HOUSTON, Sept. 10 (AP)—A walkout yesterday of CIO United Steelworkers Local 2883 shut down the Rheem Manufacturing Company's fabrication plant here.

About 650 workers left the job. The Rheem plant includes facilities for manufacture of 4.3-inch mortar shells.

- C "U" Wing Slip-ons with elastic side gore for snug, easy fit. Leather soles. Cherry red.
- D Wing Tip Oxfords. A popular, handsomely styled all round shoe. Leather soles. Brown.
- E "U" Wing Oxfords. Correct with business, dress, or sport suits. Leather soles. Brown.
- F Plain Toe Bluchers. Sport Oxfords with durable Neolite foam crepe soles. Brown.

Coach Coleman Has His Best Crop Of Gridders, He Says

Preview of the 1952 Steer grid team and its upcoming season was given local Rotarians Tuesday by High School Coach Carl Coleman.

The coach announced that he has the "finest bunch of boys" he's had since coming to Big Spring three years ago. The 1952 footballers have the "best attitude" and face the toughest schedule of any Big Spring group he has coached, Coleman declared.

Coach Coleman called on Rotarians and other citizens to get behind the ball team.

"We need your support now," he asserted. "When we start winning, we won't need your help. People just naturally will come out to the games."

The football team will work harder, both in practice and up against competition. If it knows the town is supporting it, the speaker said. "Back them up and they'll have a better attitude."

Coleman predicted the new Big Spring Quarterback Club will be a big help to the team this year. He suggested that individual school patrons get acquainted with the players, talk to them and encourage them.

"If you see one do something that will hurt himself physically or the club mentally, call that fact to his attention," the coach advised.

Although the 1952 team promises to be the best in a number of years, it still is weak on pass defense and faces a tough schedule, Coleman pointed out. The Steers open the season Friday night in Breckenridge against the 1951 state champion Buckaroos who have seven of last year's starters on the 1952 lineup.

The locals face San Angelo, which is staffed with players who saw a lot of action as sophomores and juniors last year; Carter Riverside of Fort Worth with eight of last year's starters back; and Brownwood, which has all of its 1951 starters on this year's lineup.

On the Brownwood team is the fleet backfield man, Landrus Fry, who Coleman said is the best quarterback in the state. A hit with Valdes, with the same back that engineered 46 points against Big Spring last year, will wind up the non-conference schedule for the Steers, Coleman said.

Conference teams include Lamesa, Vernon, Snyder, Sweetwater, and Plainview.

Of 33 boys definitely on the 1952 Steer squad, eight are seniors, 19 are juniors and four are sophomores, said Coleman. He predicted that the 1952 team will be superior to any of its recent predecessors "if they keep the right attitude and we keep them in Big Spring."

Introduced by Coleman were the three captains for the first Steer game—Raymond Gilstrap, Bobby Hayworth and Louis Stipp. Referring to Gilstrap's speed, the coach expressed concern over the possibility that headliners in this year "might have trouble with their eyesight."

The end-guard is on the opponents' backfield almost as fast as the ball. If you're slightly off the line of scrimmage, you might think Gilstrap's off-side, Coleman said. The Steer coach also asked Rotarians to encourage the sale of season football tickets as a means of showing gridsters they are being supported by townspeople. Several indicated they would purchase books of the ducats.

Coleman was introduced by Tom Rouson, program chairman. Other visitors were E. Kancher of Amarillo, W. C. Reynolds of Lubbock, and Floyd Stark of Seminole.

Homer Beats Mike In Second Start

Mike Fornieles, former Big Spring mound star, made his second major league start last night for the Washington Senators but it was a losing one.

Chicago beat him in Chicago when Pinch Hitter Sam Mele hit a home run in the ninth inning to make it 3-2.

Fornieles had pitched a one-hit shutout against Philadelphia in his opening game.

Rocky Arrives In Style

Middleweight scrapper Rocky Graziano gets a little help from his trainer, Whitey Birnstein, who wheels him on a baggage car on the fighter's arrival in New York. Rocky hopes he won't need help leaving the ring when he meets Chuck Davay in Chicago Sept. 17. (AP Wirephoto).

LOOKING 'EM OVER

With Tommy Hart

Gil Guerra, who was fittingly honored with a 'night' by local fans recently, beat all clubs in the Longhorn League on his way to his banner season (28 wins, 11 defeats). Artesia gave him the most misery, having beaten the tall right-hander three times in four tries and the Midland Indians won twice in three starts against Guerra.

Gil had the whip hand over Roswell, however, having achieved five victories without a loss to the Rockets. He also won five games and lost twice to Odessa, boasted a 5-1 mark over Vernon, scalped San Angelo four times while losing twice to the Colts and won five games while losing only twice to Sweetwater.

Guerra worked 291 innings for the Broncos. Only Dean Franks of the 1951 Roswell Rockets and Eddie Jacome of the 1951 Midland Indians worked more often than did Guerra. Gil lost three of his first four starts but, after that, was rough to handle. He copped four games, lost two in May, had six wins against only one reversal in June, won six and lost a couple in July, achieved seven wins and lost three times in August and came up with two victories against a single loss in September.

He proved to be the league's strike out king with no less than 235 K's to his credit. He issued 120 bases on balls. Guerra pitched perhaps his best game when he beat Vernon, 1-0, in ten innings late in June. He retired 14 Sweetwater batters on strikes in a game in May, however.

Any way you care to consult his record, he was the bell ringer of the Broncos. He proved the team's 'stopper.' Without him, the locals might have wound up in the second division for the first time in the history of the Longhorn League.

Gil Morales, one of Sweetwater's hurlers the latter portion of the season, is supposed to have been on this earth 45 years.

J. B. Gibbs, an assistant football coach at Sweetwater and a baseball player for that city's diamond mercenaries two years ago, played semi-pro ball in New Mexico the past season.

For those who missed it, Brooke's Medics of San Antonio wound up in a tie for fourth place in the NBC tournament at Wichita, Kansas, recently. Sinton, Texas, the defending champion, was seventh.

There are those who reason that Roy McMillan, the ex-Longhorn League, will begin to hit, now that Rogers Hornsby is managing Cincinnati.

The Redleg infielder didn't even hit .300 in Longhorn League play while with Ballinger in 1948 (his average: .275). However, Hornsby is acknowledged to be the best teacher of hitting in the game.

Gaspar Del Toro, the ex-Big Springer, is going to finish the KOM League season with a batting average of around .330. Only three regulars in the league are doing better. Del Toro is with Iola.

Down in the Gulf Coast League, Jorge Lopez, another ex-Bronc, hit 32 home runs for Laredo. Only two players in the circuit topped that.

Leo Durocher Again Draws Suspension From Giles

NEW YORK (AP)—Leo Durocher started serving his third suspension of the season today as his New York Giants prepared to face the Pittsburgh Pirates in the second of their three-game series.

The 1st suspension is a two-day vacation handed to the fiery manager by National League President Warren Giles for the bean-battering incident in the New York Brooklyn game of Monday afternoon.

Woes Piling Up For Brooklyn And Yankees

By JOE REICHLER Associated Press Sports Writer

The weary New York Yankees and Brooklyn Dodgers, stumbling along the rocky road to Pennantville, are finding their paths blocked by revenge-minded former teammates.

The Yankees' lead over Cleveland was a skimpy one game today following last night's 5-4 loss to the Browns in St. Louis and the Philadelphia Athletics.

Brooklyn's once seemingly safe 104-game budge over New York dwindled to four as a result of yesterday's 7-11 loss to the Chicago Cubs, several hours after the Giants had thrashed the Pittsburgh Pirates, 11-7.

Brooklyn's woes were further increased by the rapid climb of St. Louis' "longshot" Cardinals, who pushed back into the pennant picture with a 7-5 victory over the Philadelphia Phillies that left them 6 1/2 lengths off the pace.

Two former Yankees—Dick Kryhoski and Clint Courtney—teamed up last night to bring victory to the Browns. Kryhoski, pinch hitting for winning Pitcher Dick Littlefield, doubled off Ray Scarborough to open the last of the ninth. An infield hit and an intentional pass, sandwiched around an out, loaded the bases.

Scarborough's third pitch to Courtney hit the catcher to force home Ray Coleman, running for Kryhoski, with the winning run. It was four-time loser Littlefield's first win of the season.

At Ebbets Field, former Dodgers Dee Fondy and Toby Atwell proved the big hatcherman as knuckleballer Warren Haeker stifled the Brooklyn hitters with seven safeties. Fondy smashed a run-scoring triple and Atwell chipped in with a single that drove in one of the tallies in Chicago's big five-run, fourth-inning rally against loser Ray Moore and Joe Landrum.

Earl Wynn reached his 20-victory goal for the second straight season as he pitched the Indians to their sixth straight triumph. Held scoreless through five innings by Shantz, the Indians rallied for two runs in the sixth and added six more in the eighth to hand the little-lefthander his seventh setback.

A dozen Giant hits, including homers by Monte Irvin, Don Mueller and Alvin Dark, helped rookie Bill Connelly rack up his fifth straight success since joining the club in mid-August. Five Pittsburgh errors helped considerably, presenting the Giants with six unearned runs.

Solly Hemus' bases-loaded single and Red Schoendienst's two-run double featured a five-run, ninth-inning uprising that gave the Cardinals their uphill triumph over the Phillies. Stan Musial got one hit—his 2,000th major league hit for St. Louis.

LITTLE SPORT

Hot Rod Driver Injures Head

Charley Coffey, hot-rod driver injured in a crackup at the local racing strip, reportedly is suffering from a fractured skull. He may be hospitalized for some time.

Coffey's vehicle turned a complete flip and rolled over 2 1/4 times after being hit off center by another car Sunday. It knocked the engine of his car completely out of the vehicle.

Two other accidents marred the card but officials are going ahead with plans to stage another program here a week from Sunday. Bill Smith of San Angelo won the inaugural event on last Sunday's card. Coffey won the fast car heat and the Australian Purset before it was involved in the crackup.

Clyde Majors of Big Spring won the feature 15-lap event after winning a 'grudge race.' Paul Prescott of Colorado City copped the Slow Car Heat while Shorty Robertson, Snyder, prevailed in a Consolation event.

Fourteen cars were listed as entries on the card.

Israel Ten May Face Cayuses

Israel Ten, one of three 20-game mound winners for Midland, will probably try to make it two in a row for the Indians in their playoff series with the Big Spring Broncos here this evening. Game time is 8 o'clock.

Manager Pat Stasey hopes to counter with Oscar Reguera, who would be going with only two days rest. Reguera beat Sweetwater last Sunday for his ninth win of the season.

Stasey used two of his best pitchers, Gil Guerra and Aramis Arenchiba, last night in the losing effort against Midland. Bert Baez, who would probably have been used tonight, had to play first base due to the injury of Rick Gonzalez.

The teams are booked to switch the scene of their operations to Midland on Thursday night. Three games will be played there, if needed.

Brooke Is Upset

FORT HOOD, Sept. 10 (AP)—Fort Sam Houston of San Antonio beat Brooke Army Medical Center in a 3-1 upset yesterday for its second straight win in the Fourth Army Baseball Tournament.

Rain caused postponement of two other scheduled games.

JACOME IN CHARGE Bronc Rally Falls Short, Tribe Wins

Midland moved out in front in the playoff set with Big Spring by nudging the Broncos, 5-4, on a damp evening here Tuesday night. Eddie Jacome, the Indians' hurler, was in supreme command until the ninth inning when the roof threatened to cave in on him. The Broncos ganged up on Steady Eddie for five hits and three runs in that inning.

The end came rather suddenly. With runners at first and third and Ossie Alvarez at bat, Bertie Baez tried to puffer second or at least lure a throw to the keystone. He was trapped between bases and Al Valdes, on third, broke for the plate, only to be retired on a throw from Manny Temes to Catcher Gordon Tanner.

The Steeds had touched Jacome for five hits, all singles in that inning. The Indians scored what proved to be the winning run in the top half of the ninth when Glenn Seibo drove in Earl Bossenberry with a bunt down the third base line. Bossenberry had singled to open the inning.

Gil Guerra started on the mound for Big Spring but was ineffective. He gave way to Aramis Arenchiba in the third, after yielding three runs to the visitors and Arenchiba pitched most effectively thereafter.

The Broncos outbit the guests, 10-7, but erratic defensive play betrayed them. The Steeds committed four bobbles, one of them a boot by Guerra himself.

Base hits by Pat Stasey, Juan Visteur, Al Costa, Valdes and Baez closed the gap for Big Spring in the ninth. ROUNDED THE SACKS—Cool and windy weather kept the crowd

Odessa Moves Out In Front

ODESSA, (AP)—Carlos Villarreal stopped Artesia's sluggers on seven well spaced blows tonight as he hurled Odessa to a 7-2 first game Longhorn League playoff victory.

He allowed more than one hit in only the seventh inning when the Drillers collected two, passed, only two despite a hard breeze and was never in serious difficulty.

In the meanwhile the Odessians were pounding driller Ace Mike Rodriguez for 15 solid raps, including a third inning homer by Bill Cearley. Artesia used three consecutive Oiler errors and John Alonso's single for one run in the second.

But Odessa picked two in the same inning on singles by Cearley and Felix Castro, plus two walks. Cearley's homer put the Oilers ahead to stay in the third.

Artesia narrowed it with one in the fifth but two Driller miscues and three singles gave Odessa two more in the sixth. The final pair came in the eighth on three more singles and a walk.

Team	W	L	Pct.

Hydrogen Bomb Test Seen In Two Months

By ETON C. FAY
 AP Military Affairs Reporter
 WASHINGTON (AP)—A test of the world's first hydrogen "bomb" may be made during the next two months at the United States' remote and carefully guarded nuclear weapons proving ground in mid-Pacific.

A joint Atomic Energy Commission-Defense Department announcement says a task force will "conduct tests in the autumn months of this year looking toward development of atomic weapons." The announcement left open the question of the specific type of atomic weapons, but earlier official statements had pointed to progress in developing the hydrogen bomb, which may be a thousand times more powerful than the A-bomb.

There were indications of unusually tight secrecy around the forthcoming experiments at Eniwetok, in the Marshall Island group. The announcement specified that "only official observers of the United States government and members of the task force" would be present. This suggested that quasi-official observers, such as civilian defense experts who have witnessed other nuclear weapons tests, might not be invited.

It definitely leaves out foreign observers and the press.

At least some preliminary steps toward producing a full-scale hydrogen explosion already have been taken. More than a year ago—in the spring of 1951—scientists conducted experiments which apparently included studies of the method of detonating a hydrogen bomb.

Following those Eniwetok tests,

officials admitted cautiously that "we have gained new information and understanding of the basic phenomena underlying thermonuclear reactions."

(Thermonuclear refers to the fusion, or melting together process, as distinguished from the fission, or splitting apart that occurs in the now-conventional atomic bomb.)

It has been assumed that millions of degrees of heat will be needed to trigger the fusion of the hydrogen bomb into an explosion. The only apparently readily available man-made source for such heat is in the core of an exploding atomic bomb.

A first test of a hydrogen bomb probably will be made from a tower instead of an air-drop. Among other reasons is the size of any test device, far too big and perhaps too heavy for present aircraft. In addition to other equipment, the bomb probably will require a refrigerating system to keep the deadly charge under control until the moment of detonation.

Leads Revival

The Rev. Travis LaDuke, pastor of the Cross Roads Baptist Church near Rotan, is leading for the next 10 days in a revival meeting at the Forsan Baptist Church. Bob Denton is leading the singing. Services are being held at 7 a.m. and 8 p.m. daily except at regular hours on the two Sundays, said the Rev. J. M. Stagner, minister of the Forsan church. The Rev. Stagner just recently assumed his pastorate there.

Riding THE GRUB LINE

With Franklin Reynolds

The drought disaster emergency hay being shipped in should be of a high quality, County Agent Durward Lewter was told in a telephone conversation with State PMA Director B. M. Vance yesterday afternoon.

The hay classified as legume, Vance said, will be either alfalfa or clover or alfalfa and clover mixed, but the purchaser will not be allowed to specify which he wants. He must take whichever is shipped.

The mixed hay will run at least one-half alfalfa or clover or this one-half may be a mixture of clover and alfalfa. The balance will be timothy or it may contain a small percentage of broomrape grass.

The grass hay is orchard or broomrape grass or bluestem or a mixture and is apparently what is commonly known in this country as prairie hay.

Vance told Lewter that Texas orders are coming in at the rate of about 600 cars or approximately 12,000 tons daily. He said the program for sending hay to the other drought disaster states was going along pretty smoothly until the orders from Texas started pouring in. Four hundred cars of the hay were loaded yesterday, according to the PMA director, and the presumption is that these 400 cars will be divided between Texas and the other states.

Vance also called attention to the fact that the dealers handling the hay at destination points will have to weigh it out to buyers but that the government will absorb all weight losses.

This won't be joy-making news for PMA personnel but the hay program may bring about a lot of bookkeeping. Last Saturday's announcement of the operation of the program said that only 100 tons of the hay will be shipped to each county until everybody has a little of it.

Monday Howard County farmers and ranchers placed orders for approximately 400 tons, or four times what the PMA says it plans to initially ship into each county. At the same time there has never been any promise made that the whole 100 tons will come in at one time.

The probability is that this hay will come in a few cars at a time and that these consignments will

have to be prorated out among those who ordered. Purchasers of the hay can be a great help to the PMA personnel if they will call immediately and pick up their share of the bales as fast as they arrive.

It will also be helpful if those who anticipate a need for the hay will get their orders in just as soon as possible.

The county agricultural mobilization committee has been asked by the state office of the PMA for an estimate of this county's needs in the next 30 days. This estimate has been fixed at 4,000 tons, divided 3,000 tons mixed hay and 1,000 tons legume hay. This is approximately 225 cars of hay.

Lamb County Agricultural Agent Dave Eaton says they have about 280,000 acres of cotton with a crop of from 180,000 to 200,000 bales, and about 90,000 acres of feed that will turn out high production. He says Lamb County has the only dryland cotton in that South Plains area and that production will run about one-third of a bale to the acre. The large part of the Lamb County crops are irrigated.

Under Eaton's direction this county has the commercial-type calf and barrow feeding program, show and optional sale. He says that because of a feed shortage and high prices not too many boys were encouraged to feed calves this year, but that 18 of his 4-H clubbers did have 19 calves in the program.

The program is sponsored by the Littlefield Chamber of Commerce and the business and professional people of the several towns in the county provide the winning boys with a nice trip each year. The calves and barrows if sold go to the commercial sales and are usually bought by the packers and locker plant operators in the area.

This year 14 of the boys feeding calves and 17 of the barrow feeders qualified for the four-day trip to San Antonio where they visited Kelly Field, the Alamo, the Essar Ranch and Research Center and other points of interest. The trip was made the week after the calves and barrows were brought together and judged on a commercial basis by a packer buyer who put them in three groups and then selected the first, second and third top animals in each group.

IN COAL PACT TALKS Lewis Seen Trying To Divide Industry

By NORMAN WALKER
 WASHINGTON (AP)—John L. Lewis seems to be trying to divide the coal industry with a share-the-work plan calling for heavy penalty wages after a third day's work in any one week.

The idea, casually mentioned by the United Mine Workers president in preliminary contract talks with coal operators, has the owners buzzing.

The facts are that Lewis' miners are working about 3 1/2 days a week on the average. Some of them, mostly in the North, work a full five days, and even a sixth day at overtime. But many miners, mostly in the South, work only two or three days a week.

Lewis has been harping on the idea of a work apportionment plan for some time. At his union's 1948 convention, Lewis said if the mine owners couldn't figure out some way of letting all the miners share the available work, maybe the union had better come up with a plan.

It wasn't long after the 1948 convention that Lewis put the industry on a three-day work week, eventually culminating in a full-fledged strike.

The labor contracts between Lewis and the coal operators begin expiring Sept. 20 and Lewis reportedly has come up with a new share-the-work idea.

This, according to the reports, calls for a penalty time-and-a-half pay rate for any work done on a fourth working day in a week, and double pay on any fifth day.

The initial reaction of the operators is that the Northern owners, particularly the steel companies owning the "captive" mines, don't like it. The heavy penalty pay might force the steel firms to quit mining coal on fourth and fifth work week days and go out and buy coal on the commercial market.

That probably would mean more business for the Southern mines. So the Dixie owners are taking a longer look at the idea.

The Lewis demand is causing some heavy thinking among the operators. Members of the Southern Coal Producers Association, representing about 120 million tons annual production, discussed the situation at a board meeting here today.

The Bituminous Coal Operators Association, a new alliance of owners principally from Pennsylvania, West Virginia, Ohio and a few other Northern states, also were holding a board of directors meeting today at Pittsburgh.

Union sources claim one advantage of the Lewis idea, besides sharing the work, would be to keep the marginal mines going by giving them an assured market. This, they say, would mean a substan-

tial industry operating at throttled-down peace in peacetime, and capable of being quickly stepped up in wartime.

While pressing his share-the-work plan on the bituminous industry, Lewis also is negotiating with the Pennsylvania Anthracite Operators. He has asked the anthracite, or hard coal, owners for a 20-cent boost in the 30-cent a ton royalty they pay to the union's welfare fund.

The anthracite industry, concentrated in Eastern Pennsylvania, already has a plan for leveling out production among mines. The union and the owners merely get together periodically and apportion foreseeable production as among mines. Such a plan has been avoided in the multi-state bituminous industry for fear of running afoul of the anti-trust laws.

There are an estimated 320,000 working soft coal miners, about 65,000 anthracite miners.

Death Noted As Polio Continues To Stalk State

By The Associated Press
 Texas still had its polio worries Wednesday.

Although summer — traditional "polio season" — was on the wane, the dread disease still stalked the state.

State officials of the National Foundation for Infantile Paralysis have reported that 8714.955 has been sent Texas chapters this year by the national organization to augment local funds.

San Antonio recorded another death from the oft-crippling and sometimes fatal malady and at Dallas the 1952 case total moved near the 300 mark.

The latest death at San Antonio was reported Tuesday. The victim was T. Sgt. James R. Boatright, 29, of Alexandria Air Force Base, La. He was admitted Sept. 3 and his death was the 11th polio fatality this year at Brooke Army Hospital.

Three more cases were admitted to Parkland Hospital at Dallas pushing this year's total to 293. Two of the victims were from Dallas County and the third was from out of the county.

Houston reported six new cases Tuesday, two each from the city, the county and from outside the county.

Takes Time, But Somebody Gets Wise

ARDMORE, Okla. (AP)—For years 70-year-old Bob Dodson, an Oklahoma Park Service employe, has begged scientists to investigate a hard, black object which was sticking out of the ground in a scrub oak patch at Lake Murray State Park.

But nobody paid any attention. Then, at last, scientists decided to have a look.

Today, guards maintain a 24-hour vigil while investigators probe the object.

Dr. Lincoln La Paz, University of New Mexico scientist, said it is a nickel-iron meteorite, probably the largest recovered in this country.

Tax Benefits Given 80 Defense Plants

WASHINGTON, Sept. 10 (AP)—The Defense Production Administration today announced approval of federal tax benefits for 80 defense plant expansion projects to cost nearly 63 million dollars.

Among the projects given "certificates of necessity" for the rapid write-off, and the percentage of outlay to which the rapid amortization may apply in each case, were: Phillips Chemical Co., \$3,098,050 for fertilizer production at Pasadena, Tex., 45 per cent.

Truman Slates 'Whistle-Stop' Tour Sept. 27

WASHINGTON (AP) — President Truman will make a major whistle-stop tour starting Sept. 27 and ending Oct. 1, 1952, according to a statement issued today by the White House.

The whistle-stop tour will include stops in Montana, North Dakota, South Dakota, Nebraska, Kansas, Oklahoma, Texas, Louisiana, Mississippi, Alabama, Georgia, Florida, Virginia, North Carolina, South Carolina, and Tennessee.

Truman will be accompanied by his wife, Bess, and their children, Mary Margaret and John Edgar. The tour will be a "whistle-stop" tour, meaning that the president will not stay overnight in any of the states visited.

Egypt Member Of Arab League Quits Position

CAIRO, Egypt (AP) — Abdel Rahman Azam, Egyptian secretary-general of the Arab League, resigned unexpectedly last night.

Azam's resignation was announced in a statement issued by the Arab League secretariat in Cairo today.

The resignation came at a time when the Arab League is preparing for its annual session in Cairo next month.

California Farm Bureau President Will Speak Here

No Targets In Korea Noted For A-Bomb

PORT WORTH, Sept. 10 (AP)—The Air Force, whose second-ranking airman says he "sees no A-bomb targets in Korea," planned a mock attack on Kyushu Air Force Base, P. I., today.

An undisclosed number of giant B-29 bombers, the Air Force's largest bombing craft, were to participate in the "Valparaiso attack," Atomic Energy Commission officials and Defense Department officials were to observe the mock bombing from the big six-engine, jet-assisted bombers and from the target.

Rangers Probe Death Of Son Of Politician

ALICE, Sept. 10 (AP)—Texas Rangers and local officers pressed the investigation today of the fatal shooting of a South Texas politician's son, Jake (Buddy) Floyd Jr.

Shortly before the youth died yesterday afternoon Rangers arrested a San Antonio bar owner and rushed him to an undisclosed jail for questioning. The man was moved from Alice when he failed to identify a high school teacher as the father of the victim.

Frank A. Reid, South Texas district attorney, said a 35-caliber pistol found in a trash can near the shooting carried the fingerprints of the father.

The father, Floyd, is a reported adviser to Dist. Judge Sam Beane, candidate backed by political leader George Parr defeated Beane for re-election in this summer's Democratic primary.

Floyd has long been an opponent of Parr in the South Texas political wars. A friend of the Floyd family who was afraid to be identified as the other friend of the well-to-do Alice lawyer had made a 30-minute hour auto ride from another town to warn the lawyer that he was to be killed.

He asked Floyd to take a message to meet him and warned the attorney not to use "your car."

LATE BULLETINS

NEW YORK, Sept. 10 (AP)—Eleanor Holm was granted a separation from her little showman husband, Billy Rose, after Rose hailed his divorce suit and withdrew defenses to her separation action.

State Supreme Court Justice James B. McNally granted the decree, ringing down the curtain on the Rose's courtroom drama less than three hours after it began.

ALICE, Tex., Sept. 10 (AP)—Dist. Atty. Homer Dean said today a San Antonio hit man known as "El Turko" is charged with assault to murder in the fatal shooting of Jake (Buddy) Floyd Jr., 22.

Meanwhile, Dist. Judge Sam Reams said it's possible he also was marked for killing in the apparent assassination attempt which cost young Floyd's life.

All the appearances of a hung jury were evident today in the case of State of Texas versus Ernest J. Barnes. The jury had been out an hour and a half at press time, 2:30 p. m.

Barnes is being tried for aggravated assault on Al Stevenson, a local sign advertising man. Stevenson testified that on the night of Aug. 15, while employed as relief bartender at the Interstate Cafe, he was knocked down, stomped on and kicked by Barnes.

County Judge Walter Grice gave the charge to jurymen at 11 a. m. Members of the jury are Jeff Painter, H. J. Agee, William R. Banks, T. R. Fields, R. C. Bennett, and J. E. Norris.

The defense witness, Mrs. Helen Walcott, who is night manager at the Interstate, admitted Barnes first hit Stevenson but she said the fight was temporarily stopped.

Stevenson, she said, took off his glasses a few minutes later and yelled, "I'll show him a few things!" She said Stevenson "went after" Barnes, and that Barnes knocked the bartender down.

Stevenson claimed that in the scuffle Barnes said, "I'm going to kill you." He said he was trying to get away from Barnes and call the police on the bartender, but that another employee would not let him.

County Attorney Hartman Woosier, on cross-examining Mrs. Walcott, found that she had paid Attorney George Thomas \$125 after Stevenson was released from jail.

Attorney Thomas made it plain in the trial that it was to the advantage of Stevenson to exaggerate injuries because of a workman's compensation suit.

DOC'S WALLET GETS ATTENTION

A trip to the operating room cost Dr. P. W. Malone \$100 Tuesday.

The money was stolen from the doctor's wallet while he was in the operating room, he notified police. The physician gave officers description of a man he had seen loitering around the hospital prior to the theft.

Tickets Here For Breckenridge Game

Reserve seat tickets for the Breckenridge-Big Spring football game, which will be played in Breckenridge Friday night, will remain on sale at the School Tax Office until 5 p. m. Thursday.

Those not sold must be returned to Breckenridge by Friday.

The Big Spring Quarterback Club is shaping up a touring send-off for the local gridgers, who leave for Breckenridge at 8 a. m. Friday. Members of the Quarterback Club are being urged to meet at the new High School auditorium at 8:30 a. m. Friday.

Members of the boosters organization going to the game will meet at 4 p. m. Friday at the new high school, when a caravan will be organized for the trip to and from the game site.

Adlai No Angel, But He Receives A Coke

SAN FRANCISCO (AP)—Gov. Adlai Stevenson got an angel food cake with white and pink icing yesterday — from his old grammar school teacher.

Mrs. Bessie M. Moore, 70, now of Redding, Calif., who taught him at Washington School at Bloomington, Ind., said:

"I don't know why I chose angel food. He certainly was no angel in school. But he was a good student — expressed himself beautifully, just as he does now."

Walter Wanger Due Release From Jail

LOS ANGELES (AP)—Film producer Walter Wanger will be freed from jail Saturday after serving three months and nine days for shooting and wounding Jennings Love, agent of Wanger's wife, actress Joan Bennett.

Hollywood is still speculating whether Wanger's freedom means a reconciliation. He has said he is hopeful, but Miss Bennett, now appearing in a play at San Francisco, has been non-committal.

AREA OIL Two Borden Explorations Have Shows But Also Gauge Water

Two deep prospectors in southeastern Borden County had shows on drillstem tests Wednesday, but it was doubtful if either would make a producer.

Stephens No. 1 Bacon, a mile northwest of the Hobo Field, had some free oil in the reef top, but it also got some salt water. The same situation prevailed for Herring No. 1 Mack in the Ellenburger top 14 miles southeast of Garden City.

Cr. and Newman No. 1 Clanton, a mile and a half east of the Veatmoor pool, flowed better than a barrel per hour naturally and was shut in for a fillup test. A southeast Glasscock offset was coming out with a core taken in what operator thinks may be the Wichita-Albany top.

C. I. Herring No. 1 Mack, C SW SW 139-25, H&T, was bottomed at 8,480 in the top of the Ellenburger, taking electric log and waiting on orders. A drillstem test in the Ellenburger was taken from 8,456-80 with the tool open three hours. Gas surfaced in 36 minutes. No fluid came to the surface while the tool was open. When the drill pipe was pulled, it unloaded 6,200 feet of clean oil. Final recovery was 2,286 feet of salty subpar water. Top of the Ellenburger was 8,456, a datum minus of 6,060. Operator may run casing and make some sort of production test.

Stephens No. 1 Bacon, 660 from the south and east lines section 49-25, H&T, a mile northwest of Hobo production, was at 7,165 in Pennsylvanian reef. A test was taken from 7,157-216 with the tool open three hours. Gas surfaced in three minutes but no fluid surfaced. After the tool was closed, the drill pipe unloaded 900 feet water blanket and approximately 900 feet of oil. Then when the tool was pulled, recovery was 900 feet of salt water. Operator was taking an electric survey and was waiting on orders.

Superior No. 13-536 Lanham, C SW SW 336-97, H&T, was cleaning out and will perforate to test. Superior No. 14-528 Jordan, C SE SW 598-97, H&T, drilled to 5,943 in lime and shale.

Cities Service No. 1-B Leverett, C NW SW 3-4, Cunningham, drilled to 6,076 in lime. Lawton No. 1-A Martin, C SE SE 41-34-4n, T&P, three miles southeast of Sparenburg, drilled past 6,556 in shale. Standard No. 1-4 Smith, C NE SE 2-H, EL&RR, just north of Smith Sprubery pay, drilled to 7,500 in sand. Texas Crude No. 2-95 Classen, C NW SE 95-M, EL&RR, drilled to 5,710 in lime and shale.

Youngblood & Foree No. 1 H. V. Hodges, 650 from the north and east lines section 42-32-5n, T&P, 14 miles southeast of Garden City

Schmitt charged McCarthy had won through "an amazing and fraudulent hoax" perpetrated on the voters, and he added: "The result of this election is an appalling thing. . . . When the full truth dawns, many people will recall their support of Joseph R. McCarthy in this election with shame."

formally plugged and abandoned as a Wichita Albany attempt. One location northeast of the recent Seaboard No. 1 Bishop, a Wichita-Albany discovery, Seaboard and T&P No. 1-A Bishop, C SW SW 29-32-5n, T&P, was coming out of the hole with a core taken from 6,125-4,179.

Phillips No. 1-C McDowell, C SW NE 31-33-2n, T&P, progressed to 1,480 in lime and shale. Sinclair No. 1 Hall, C SW NW 6-34-2n, T&P, drilled to 9,985 in lime and shale.

E. G. Rodman No. 1 Edwards, 330 from the south and 990 from the east lines of lease section 17-33-2n, T&P, Howard-Glasscock pool, pumped 24 hours after 2,000 gallons acid. It made 90 per cent water and 25 barrels oil. Gas-oil ratio was none, elevation 2,551; gravity 32; top pay 2,165, total depth 2,260; the 7-1/2 inch Murphy Corporation No. 1 Reynolds-Gambill, 1,980 from the east and north lines section 23-36-4n, T&P, flowed 24 hours after 6,642 gallons hydrofrac. It made no water and 533.04 barrels of 39.8 gravity oil. Gas-oil ratio was 328-1, tubing pressure 150, elevation 2,685.8; top pay 6,447, total depth 6,645, the 7-in. string at 5,504.

Atlantic No. 4-37 Lane will be a Drifter Sprubery location 1,980 from the north and east lines of section 37-37-4n, T&P, projected to 8,100 to test the lower Sprubery.

Skelly Oil No. 20 Frances Gunn, 100 from the east and 1,200 from north of well No. 19 in section 1-21-2n, T&P, flowed five hours through 1 1/2 choke to make 161.46 barrels of 46.1 gravity oil and no water. Tubing pressure was 475, elevation 2,584 derrick floor; top pay 7,480, total depth plugged back

7,537, the 5 1/2-in. at 7,528; perforated 7,470-7,536. Standard No. 1 Jones, 330 from the south and 1,650 from the west lines section 59-20, LaVaca, plugged back to 2,911 and treated from 2,810-2,911 with 2,000 gallons acid, which was in addition to 200 and 210 previously used. The well then bailed dry and was shut in for five hours. Then it made five gallons of oil. Operator is continuing to test the San Angelo section. No water is being made currently.

Crane Oil of Texas and Newman Bros. No. 1 Mrs. Hassie Clanton, C NE SE 35-32-3n, T&P, cemented the 3 1/2-in. at 7,890. Operator cleaned out to total depth of 7,903 in reef lime. Then the test swabbed and flowed for 24 hours naturally, making 24 barrels of oil. Operator shut it for 48 hours and will make a fluid fillup test, then will open and test again.

Pan-American No. 1 Pauline Hamill, C NE SE 43-32-3n, T&P, drilled to 410 and was preparing to nipple up to drill plug and deepen. Stephens No. 1 Simpson, C NE NE 43-31-3n, T&P, was at 7,153 in shale.

C. M. Ashby and Round Top Oil No. 1 Garza Land and Cattle Company drilled to 3,400 in lime and shale and set the 9 1/2 string on bottom. Great West Production No. 1 Williams was at 7,696 in lime and shale. Rycade Oil No. 1 Stimpson, C NW SW 26-38-1n, T&P, drilled to 2,110 and was coming out of the hole with a fish.

Lynn C. M. Ashby and Round Top Oil No. 1 Garza Land and Cattle Company drilled to 3,400 in lime and shale and set the 9 1/2 string on bottom. Great West Production No. 1 Williams was at 7,696 in lime and shale. Rycade Oil No. 1 Stimpson, C NW SW 26-38-1n, T&P, drilled to 2,110 and was coming out of the hole with a fish.

Martin Rycade Oil No. 1 Stimpson, C NW SW 26-38-1n, T&P, drilled to 2,110 and was coming out of the hole with a fish.

Howard Skelly Oil No. 20 Frances Gunn, 100 from the east and 1,200 from north of well No. 19 in section 1-21-2n, T&P, flowed five hours through 1 1/2 choke to make 161.46 barrels of 46.1 gravity oil and no water. Tubing pressure was 475, elevation 2,584 derrick floor; top pay 7,480, total depth plugged back

Schmitt Claims Fraud McCarthy Winner In Wisconsin Vote

By DON WHITEHEAD MILWAUKEE (AP)—Jubilant Sen. Joseph R. McCarthy was the landslide winner today of Wisconsin's GOP senatorial nomination. He called his victory an endorsement by the people of "my campaign to rid the government of subversive forces that would destroy it."

He promised his "all-out support" to Republican presidential nominee Dwight D. Eisenhower and pledged to the voters he would continue his Communist-in-government charges, which some people regard as the act of a patriot and others see as smear tactics.

But there was no trace between McCarthy and Len Schmitt — the man he defeated in yesterday's primary election for the senatorial nomination. Schmitt charged McCarthy had won through "an amazing and fraudulent hoax" perpetrated on the voters, and he added:

"The result of this election is an appalling thing. . . . When the full truth dawns, many people will recall their support of Joseph R. McCarthy in this election with shame."

The 42-year-old senator, seeking his second term, brushed this attack aside by saying: "The people of Wisconsin have spoken for me. They have given full endorsement to my campaign to rid the government of subversive forces that would destroy it."

FBI Places New Man On Wanted List

WASHINGTON, Sept. 10 (AP)—The FBI today put Theodore Richard Byrd Jr., wanted for passing fraudulent checks throughout the Midwest and Southwest, on its list of 10 most wanted fugitives.

The FBI said Byrd, 26, with a criminal record dating back to 1944, has obtained more than \$40,000 through large-scale check passing.

Byrd frequently poses as an oil operator, lawyer, doctor or printing concern operator, the FBI said. Byrd is described as suspected of being a narcotic addict. He is a tall, slender, glib talking person who is wanted in Amarillo, Oklahoma City, Albuquerque and Phoenix on federal charges of interstate transportation of fictitious and fraudulent checks.

In addition, he is sought by state authorities. The FBI gave this description of Byrd, a native of Oklahoma City: six feet tall, weighs 170 pounds; dark brown wavy hair; blue eyes; medium complexion.

Organized Dem Party Now In General's Camp

By DAVE CHEAVENS AMARILLO, Tex. (AP)—The organized Democratic party of Texas has marched lock, stock and barrel into the camp of Dwight D. Eisenhower and the Republicans.

They also made certain that other Texas Democrats—thus far unorganized—could vote for Adlai Stevenson on the general election ballot in the usual Democratic column.

The Democrats who hollered themselves hoarse in convention yesterday, catcalling and booing Stevenson, President Truman and administration policies, fulfilled the pledge made by their leader to win seats in the National Convention at Chicago.

Gov. Allan Shivers had promised to do all in his power to put Stevenson's name on the ballot as a Democrat, and he did. Then, with the governor's blessing, the convention gave every Democrat in Texas the green light to join the Eisenhower forces that have high hopes of carrying Texas this year.

Atomic Bombs For Korea To Be Urged

LOS ANGELES (AP)—A resolution calling for use of atomic bombs in Korea is scheduled to be proposed to delegates at the 29th annual National Convention of the Marine Corps League.

Paul Corbin, the league's national chief of staff, said in opening sessions of the convention yesterday that "A-bombs across the Yalu River" offer the "only way to end the war in Korea. He predicted almost unanimous endorsement of the resolution later this week.

Vet Leader Picked BAKER OF HOUSTON was named vice chairman of the Board of Social and Economic Relations of the Methodist Church at a meeting here yesterday.

The new board will do the work of the former Federation of Social Sciences on a broader scale.

Texas Officials Say School Airports Are A Future Possibility

NASHVILLE, Tenn., Sept. 10 (AP)—Two Texas school officials told a meeting here that increased interest in aviation instruction in Texas is making school officials seriously consider school airports.

Joe R. Humphrey, chief of the school plant section in Texas, told the annual conference of the Interstate School Building Service yesterday that school grounds should be as large as possible.

"It may not be many years before we need little landing strips to take care of the puddle-jumpers the students will be coming to school in," he said.

J. L. Taylor of the U. S. Office of Education said Texas school plan men are thinking about landing fields to take care of students' private planes.

PMA, SCS People Holding Meet Here On 1953 Program

Approximately 30 supervisory workers and committeemen representing Production and Marketing Administration and Soil Conservation Service activities in Gaines, Dawson, Borden, Scurry, Martin, Mitchell and Howard Counties are meeting today at the Settles Hotel to discuss plans for the 1953 PMA practices program.

The meeting is being conducted by Dale Carter of Plainview, district director of the PMA. Also participating in the program is Howard Kingsbury of Santa Anna, a member of the state PMA committee.

The purpose of the conference, Carter said, is to acquaint representatives of the agencies of the Department of Agriculture with new procedures to be followed in operating the 1953 program. These new procedures include plans for the PMA community committeemen to call on each farmer in their respective communities to discuss the program with him and to list his preference of practices.

For this work a fund which will allow \$1.08 expenses for each farm contact has been set up. Carter said, Howard County will be allowed \$933.12 for this purpose and Martin County will be allowed an identical amount. Dawson will be allowed \$1,927.00; Mitchell County \$1,159.92 and Scurry County \$1,364.04.

All farmer-contacts by the community committeemen must be concluded by December 1, under the program and the county PMA committee must adopt the practices it plans to put into effect by January 1. The 1953 program, however, can be put into effect on a county-wide basis, Carter pointed out, as soon after December 1, as it has been set up.

The speaker pointed out that farmers who wish to participate in the practices must make arrangements to do so through their community committees.

People Are Sought By Big Springers Two Big Springers would like to get in touch with a couple of other people today.

Mrs. W. A. Dean wants to find the person who took her purse from a restroom at City Park. Mrs. Dean left the bag, then returned in about 15 minutes to find it gone.

Mechem Talks Over Water With Shivers

AMARILLO, Sept. 10 (AP)—Gov. Ed Mechem of New Mexico was here last night to talk over underground water with Gov. Allan Shivers of Texas.

The question stems from concern of the Eastern New Mexico irrigation farmers about plans of the City of Lubbock to extend its water production system into areas near the New Mexico-Texas line.

The meeting was expected to be an informal discussion.

BOOTLEG

was headquartered in Odessa and Big Spring. The report said some Liquor Control Board employees knew of the 30-county operation but that it continued to function through pay-offs and bribery to key employees of the board.

The grand jury also said that "wrecking squads" from the board destroyed the business of bootleggers who attempted to sell whiskey outside control of the syndicate.

Coke Stevenson Jr., liquor control administrator for Texas, said he would welcome a full investigation "from top to bottom."

MARKETS

WALL STREET NEW YORK, Sept. 10 (AP)—The stock market slipped lower today with only a few signs of resistance to the fall. The decline extended over a range of fractions to between 1 and 2 points. Gains were confined to insignificant areas.

Trading started with a rush of overnight orders that lasted longer than usual and thereafter the pace was fairly brisk.

COTTON NEW YORK, Sept. 10 (AP)—Noon cotton prices were unchanged to 45 cents a bale lower than the previous close. Oct. 30, 37.2; Dec. 39.67 and March 39.61.

LIVESTOCK FORT WORTH, Sept. 10 (AP)—Cattle 4.90; calves 1.90; slaughter cattle about steady; cow-calf sales "cows unevenly priced"; slaughter rate very slow; light and prime hogs steady; medium and choice hogs 11.50-11.75; good and choice slaughter calves 2.00-2.25; common and medium 1.40-1.60; good and choice steers 12.00-12.25; good and choice slaughter steers 11.50-11.75; beefs 2.25 down; stocker cows 11.40-11.60; butcher hogs 35 cents lower; hogs steady to weak Choice 100-200 lb. hogs 22; choice 140-170 lb. 22-23.50; cows 11.40-11.60.

Organized Dem Party Now In General's Camp

By DAVE CHEAVENS AMARILLO, Tex. (AP)—The organized Democratic party of Texas has marched lock, stock and barrel into the camp of Dwight D. Eisenhower and the Republicans.

They also made certain that other Texas Democrats—thus far unorganized—could vote for Adlai Stevenson on the general election ballot in the usual Democratic column.

The Democrats who hollered themselves hoarse in convention yesterday, catcalling and booing Stevenson, President Truman and administration policies, fulfilled the pledge made by their leader to win seats in the National Convention at Chicago.

Gov. Allan Shivers had promised to do all in his power to put Stevenson's name on the ballot as a Democrat, and he did. Then, with the governor's blessing, the convention gave every Democrat in Texas the green light to join the Eisenhower forces that have high hopes of carrying Texas this year.

W. J. Stevens Wins 40-Year Pin From T&P

W. J. Stevens, who has been with the Texas and Pacific railway since 1908, was presented the 40-year service pin Tuesday at the division offices.

W. C. Foster, western division superintendent for the railway company, presented the veteran employe with the token of honor.

The presentation was made while Stevens was in Big Spring on his regular run as train baggageman. A resident of Fort Worth, he arrives here every three days. Big Spring and Fort Worth are terminal points on his train trips.

During the presentation Stevens was shown his first application for a job made Oct. 6, 1908. Foster had the veteran baggageman's complete file of railway activities through the years.

Stevens began his T&P service as a brakeman and was later a conductor. He vividly pictured the contrast in train operations through the years.

When he first went to work, trains consisted of about 14 cars, and the engines were smaller than the box cars of today. It also took 14 hours to go from Fort Worth to Baird. Train cars were joined by pins.

Some trains now have about 100 cars pulled by big Diesel engines. It takes only three hours to go from Fort Worth to Baird. Cars are joined by automatic couplers.

"Modern days are much better than the old ones," Stevens said. "There are not as much worries now and trainmen don't have to take the chances they used to."

Stevens has been a member of Trainmen for 54 years. He is now a member of the Texas and Pacific 40-Year Club. The pin he received is red, with a gold center.

40-Year Service

W. C. Foster, division superintendent of the Texas and Pacific Railway, is shown above presenting W. J. Stevens of Fort Worth with a 40-year service pin. The presentation was made in the local T&P station Tuesday. Stevens has been employed by the railway company since 1908. He is a train baggageman assigned to the run between Fort Worth and Big Spring.

Brig. Gen. Crowell Dies In Cleveland

CLEVELAND, Sept. 10. (AP)—Brig. Gen. Benedict Crowell, who helped guide the nation's military programs during two world wars, died here yesterday after a two-year illness. He was 82.

Crowell served as director of munitions and as Assistant Secretary of War during World War I. In World War II he was a special defense consultant to the late Secretary of War Henry L. Stimson. Funeral services will be held tomorrow.

Texan Damages Red

SEOUL, Korea, Sept. 9. (AP)—The U. S. Fifth Air Force announced that confirmed one-plane damage claims by Sabre jet pilots included Capt. William S. Borders, 900 West Green Ave., Killeen, Tex.

Russians Claim 'Copter Invention

MOSCOW, (AP)—The Russians claimed another invention today—the helicopter.

Soviet Academician B. Yuriev, writing in the Literary Gazette, declared "creation of the helicopter is one of the glorious pages in the history of our aviation."

"In particular," Yuriev recalled, "I, as a pupil of Zhukovsky, succeeded in 1912 in building a one-propeller helicopter."

Vernon Man Named

CHICAGO, Sept. 10. (AP)—Ray H. Nichols of Vernon, Tex., was named chairman of the board of activities of the Methodist Church here yesterday.

Nichols was appointed at a meeting of some 500 clerical and lay leaders to elect officers of 17 national boards and agencies of the church.

SPONSORING ORGANIZATION HERE

Kiwanians To Get Tentative Program For Kid's Day Fete

Tentative program for the observance of National Kids' Day here Saturday, Sept. 27, will be presented to Kiwanis Club members for approval Thursday.

Kiwanians are sponsoring the Kids' Day program nationally and the Big Spring Kiwanis Club will coordinate the occasion with an effort to encourage contributions to its underprivileged children's fund.

Tentative outline for the Kids' Day program was worked out by a special committee which met Tuesday. Members of the group are Jimmy Hale and Sam McComb, co-chairmen, and Ed Fisher, Dick Clifton and Troy Hartnell, Air Force representative on the committee is Lt. Harry C. Danciger of Webb AFB.

As planned by the committee, Kids' Day will get underway with a parade at 9 a. m. There'll be a free movie (comedies and shorts) at 10:15 a. m., courtesy of R&R Theaters.

Youngsters will meet at the junior high school at 1 p. m. to be taken to Webb Air Force Base and a tour of "light, maintenance and other base facilities."

A pet show will be staged at the baseball park at 7 p. m. and at 7:45 two Little League teams, the Oilers and the Gold Sox, will clash for a Kids' Day trophy, being offered by Troy Hartnell. A consolation prize will go to the loser.

Kiwanians will operate concessions stands at the ball park during the pet show and baseball exhibition. Proceeds, of course will go into the underprivileged youngsters fund.

National Kids' Day was established in 1950 by Columnist Jimmy Fiddler and a group of movie stars. It has been observed annually under Kiwanis sponsorship, although this will be the first year for local Kiwanians to make the program a major event.

Planners expect the parade to be one of the largest and most colorful youth demonstrations ever staged in the city. The procession will include motor scooter, bicycle and pony brigades, marching groups, the junior high school band and marching and riding units representing all local youngster organizations, such as Scouts, 4H and Tri Hi Y Clubs, Rainbow Girls, DeMolays, etc.

Youths up to and including 18 years of age will participate.

Highway Problems To Be Talked At Abilene On Friday

West Texas highway problems and recommendations for their solution will be discussed at a meeting of the Highway Policy Committee of the West Texas Chamber of Commerce in Abilene Friday.

James F. Melton, manager of the Taxation and Legislation Department of the WTCC, will present a brief oral analysis of the highway situation throughout the area.

Fred H. Husbands, WTCC manager, will outline duties of the organization's highway committee. A question-and-answer panel will be part of the program which gets underway at 2 p. m. at the Wooten Hotel. V. P. Patterson, chairman of the Highway Policy Committee, will preside.

J. H. Greene, Big Spring Chamber of Commerce manager, is a member of the committee. However, he doesn't expect to attend the meeting, due to press of other business.

Child Happy Again

Upset Stomach Quickly Eased

Growing children can struggle, play, be happy again when Percy Medicine quickly relieves miserable stomach upset, colic gas pains, cramps—due to excess acid or dietary disturbances. Pleasant, soothing antacid sweetens stomach and protects tender walls, helps expel gas, eases cramps. Mothers say, "Wonderful!"

PERCY MEDICINE

Pravda Warns West Reich Armies May Turn Against Allies

MOSCOW (AP)—Pravda warned today that when the West German army is built up by the Allies, it may strike towards the west—like Hitler did.

Comparing the situation with that existing after World War I, the Communist party organ said the United States has allied itself chiefly with West German "revengers." The aims of this group, it said, are directed just as much against the West European nations as against the "camp of peace and democracy" in the East.

A Bible Thought For Today—

Some of us like to go into a particular room to pray. An altar may be in a closet. Some have a special feeling of nearness in such places. Many find their altar in churches. We must each erect his own altar. And Noah builded an altar unto the Lord." — Gen. 8:20.

Aircraft Production Now Appears To Be Making Heartening Gains

An editor of U.S. News & World Reports went to Los Angeles and Seattle to study aircraft production, studied the production situation from all angles, and came up with some words of cheer.

He admits that much of the criticism leveled by the Johnson Senate Preparedness Committee of lags and flops in aircraft production was sound, and the aircraft industry agrees that some of the criticism is justified; but he declares that output "is reaching impressive heights despite all the changes in plans and cut-backs in orders."

He cites the total airplane output in 1950 as being 3,079 planes, with an increase to 4,750 in 1951 and 9,000 in 1952. By 1953 the annual output will be 13,500. But there is a vast difference between the planes produced in 1950 and those of today, both in types and quality.

"About 50 per cent of today's military planes are fighters and bombers, most of them jets. Another ten per cent are heavy transports designed for combat opera-

tion," the News & World editor declares. Our new jet fighters, now assuming the chief burden in Korea, are "faster, fancier, deadlier, and almost automatic" in comparison with their forerunners. Armament is being "beefed up."

Of special interest here is the report on the B-47 bomber, two wings of which are destined for the Abilene Air Force Base about to get underway. The report says the B-47 averaged 497 m.p.h. in a transcontinental test, "and since then has received engines that are 45 per cent more powerful." The B-52, with twice the horsepower of its little brother, is considered even faster.

"It appears evident that the next groups of fighters and bombers are going to exceed the speed of sound in level flight," the reporter asserts.

To an air-minded nation nervous over the future, the present and future output of planes leaves something to be desired, but there is some consolation in their quality and effectiveness.

Municipalities Have Been Cooped In Corner In Their Tax Bases

Around the turn of the century taxes on property produced most of the operating revenue of the various states. Today the sales and assorted other types of taxes are mainly depended on by state governments for their operations.

Nevertheless, general property taxes almost doubled in the last ten years. Last year city, town, county and school district collections from the property tax averaged \$48.00 per capita throughout the nation.

State taxes in this group, however, amounted to only \$2.40 per capita in this fiscal year. Curiously enough 36 per cent of all the general property taxes levied for the support of all the state governments was collected in the three states of Texas, California and Michigan.

As distinguished from 50 years ago, the states today depend largely on taxes from general retail sales, gasoline, incomes, liquor, cigarettes and the like. Texas has no retail or income tax levy, but the excise levied on gasoline, cigarettes, liquor

and the like are paid by the consumer nevertheless. In the case of cities, the chief reliance is still on the general property tax. For fiscal 1950, this furnished 77 per cent of the tax revenues of the cities, and 85 per cent of the taxes collected by counties. In the case of school districts, the general property taxes constituted practically the sole source of revenue.

In contrast to the 100 per cent increase in general property taxes among all tax levying agencies in the last ten years, that collected by the various states increased only about one-third. This means the cities, counties and school districts shared most of the gain.

Since the loudest squawking arises from local taxation, it is easy to understand why the embattled taxpayer has been exercising his tonsils during the last ten years with a great deal of feeling and persistence. He seldom stops to think that his city, county and school district have a restricted field in which to operate.

Merry-Go-Round — Drew Pearson

Eisenhower Shaking Up Cabinet, Easing Summerfield Out Of Post

WASHINGTON — General Eisenhower is quietly shaking up his cabinet of political advisers.

The chief shake affects Arthur Summerfield of Michigan, who has been virtually eased out of the top command and now has almost nothing to say about campaign strategy, though he continues to bear the imposing title of GOP national chairman.

Another who has fallen by the wayside is Ike's pioneer champion, Sen. Henry Cabot Lodge of Massachusetts. This is partly because Lodge is busy back home, and GOP leaders are wondering whether Lodge can win his own fight for reelection.

Ike's top adviser now is Gov. Sherman Adams of New Hampshire, the man who, along with Lodge, blazed the trail for Eisenhower's first primary victory—that in New Hampshire.

Others in the charmed circle around the General are Ralph Cate, former GOP national committee man from Oregon; Sen. Fred Seaton of Nebraska; Sen. Frank Carlson of Kansas; Robert Burroughs, former national committee man from New Hampshire, and Ed Birmingham of Wyoming, wealthy rancher and former partner in the Dillon, Read banking firm.

This is the first team.

recalled a previous meeting in Springfield. Ford had led the do-or-die battle for Kefauver at Chicago, and, going to Springfield after the convention, he asked the governor about a story that, following his nomination, he had paid a visit to Lincoln's home, where he sat in the chair of the great Republican President.

"Was that story true or was it something a newspaper reporter made up?" Ford asked.

"Yes, it's true," said the governor. "Though I don't know how the press learned about it. I sat in Lincoln's chair, turned out the light, and meditated for about an hour."

"When a man is confronted with an overwhelming responsibility, he gains comfort in realizing that someone else faced a similar overwhelming responsibility and in realizing that Lincoln relied on some power other than his own to help him bear it."

It wasn't announced publicly, but the most important decision at the Denver meeting between Stevenson and Democratic chiefs from 11 Western states was regarding Estes Kefauver, the man Stevenson defeated at Chicago and who has tremendous public support throughout the nation.

Stevenson promised not only to champion the liberal principles of the Tennessee senator, but to do all in his power to enact them into law if elected.

National Chairman Stephen Mitchell also emphasized: "Stevenson will be in accord with the things Kefauver stands for."

Stevenson and Mitchell reminded the state chiefs that Kefauver had agreed to make at least one speech for the ticket in the big electoral state of California, and in other states where needed.

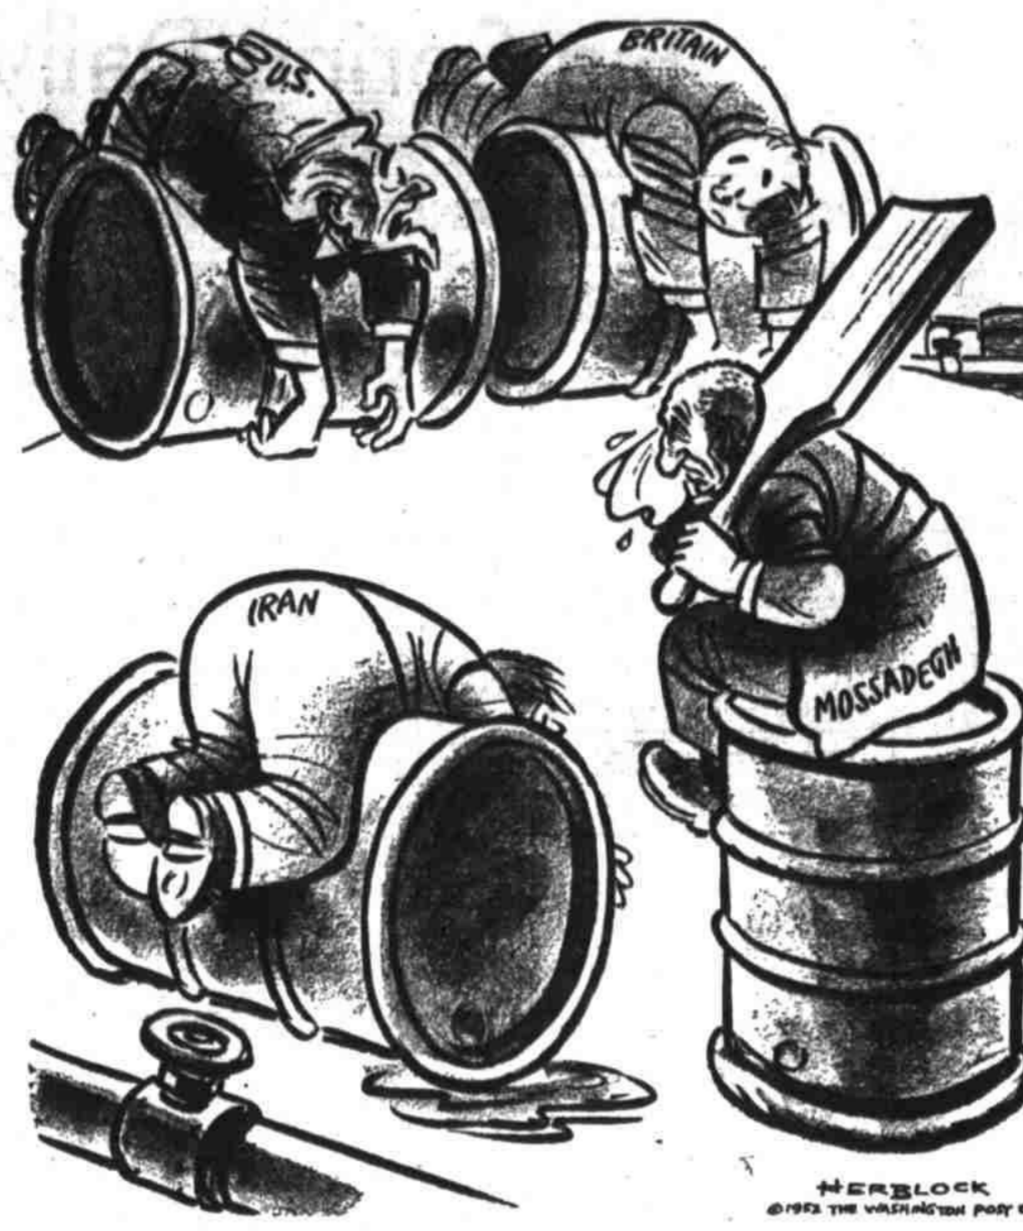

The warm-up to Kefauver followed some blunt advice by California's National Chairman, John Anson Ford, who told Stevenson: "If California voters get the idea that the things Kefauver has been fighting for are being pushed aside, it might jeopardize the success of our campaign in California."

Ford also cautioned party leaders against "overconfidence."

"Everyone at this meeting seems to be bursting with optimism," Ford told Mitchell and Wilson Wyatt of Kentucky. "That is fine, but let's not overdo it. Let's not be too confident too early in the campaign. If we lie back with the attitude that this election is in the bag, we may wind up holding the bag."

Stevenson asked many questions about the progress of congressional campaigns in Western states, beamed when a Sen. Warren Magnuson of Washington, manager of Senate contests in the West, predicted that Stevenson would have a Democratic-controlled Senate.

Magnuson reported that the Democrats had an excellent chance of defeating four Republican senators: Cahn of Washington, Eton of Montana, Watkins of Utah and Malone of Nevada. He added that Democratic senators running for re-election in Arizona, New Mexico and Wyoming were "safe," though Senator O'Mahoney of Wyoming has a tough fight.

"He's Sure Making Use Of The Barrels, Anyhow" World Today — James Marlow

Taft Need Not Be In Any Hurry About Jumping To The Support Of Eisenhower

WASHINGTON — Sen. Taft can afford to be calm about the kind of support he gives Gen. Eisenhower. He is one of those fortunate men who no longer has to be troubled by ambition.

He has abandoned hope for the one job he desired above all others: the presidency. It's unlikely Eisenhower, if the general wins, could offer Taft any other spot he likes as well as his present job in the Senate.

No other job would give him such a forum for his views and opinions, which he likes to express. And he has a following which shares his views.

His Senate job—he was elected in 1950 to a six-year term—safe for another four years. He's 63 now.

The fact that the majority of the Republican party, as represented by delegates to the National Convention, turned him down in favor of Eisenhower doesn't necessarily mean the majority doesn't share his views.

It may have chosen the general because it thought he had a better chance of winning in November, although the party has turned Taft down three times now—in 1940, 1948 and in 1952—for a crack at the presidency.

This does not seem to have made even a slight dent in his thinking. He has indicated in no way that he has changed. And he knows he represents the thinking of many Republicans who might have preferred him as a candidate.

For two weeks now at least there has been increasing talk—an on-again and off-again basis—that he was going to confer with Eisenhower, who has apparently been anxious to have him campaign vigorously.

Several times, without committing himself to any promises of

beat the bushes for the man who beat him in Chicago. Taft said he wants to talk with the general to learn his views and what he'd do if elected.

This hesitancy of Taft's leaves the door open for him to decline such a speaking tour if he doesn't hear from Eisenhower what he wants to hear.

If Taft stays out of it and Eisenhower wins, the general's supporters will, it seems sure, try to topple Taft from his present position of Republican leader in the Senate.

If Eisenhower makes commitments to Taft and then goes on to win, with Taft's help, Taft would be in a better position to keep his Senate leadership post.

Notebook — Hal Boyle Hrad Never Leaves Heart He Enters, Old Jones Says

NEW YORK, Sept. 10. — Old Jones, the bric-a-brac dealer, had noticed the two young friends for years.

They had made a habit of pausing during their lunch hour stroll to look at the curios in his window. When Jones first had noticed them they looked like young men skimming to make both ends meet. But lately they had a prosperous air.

One day they entered his shop, and the short, thin young man said brusquely:

"Those two little stone statues in the window—let's see them."

Old Jones immediately took a strong dislike to him, and decided he liked the other, taller young man, who stood in silence, half-smiling. Jones lifted the two objects from the window and held them out, one in each palm.

The first was incredibly ugly, with a face contorted in mad rage. The second was of a girl incredibly fair and innocent.

"They are forgotten tribal idols," explained Jones. "The one with the grouch on its Hrad, the god of vengeance. The legend is that if you pray to Hrad he will destroy anyone you want out of the way. The girl is Homia, goddess of love. Pray to her and you can win any woman's heart—so those who worshipped her believed."

The tall young man picked up Homia. The thin young man picked up Hrad, and a speculative look came into his eyes.

"I like him," he said. "He fascinates me."

"You ought to go more for Homia, George," said his friend. "I'm married and don't need her—but as a bachelor, she might be able to help you. What would you want Hrad for anyway? You don't hate anybody?"

"Everybody has a reason for hating somebody, John," said the short man.

They handed back the statues, John thanked old Jones, and they left.

Just before the store closed that evening the thin young man entered alone. He asked the price "of that little statue we saw today."

"It's \$25," said the dealer, reaching for Homia.

"No—not her! The other one!" exclaimed George impatiently.

"Hrad," hesitated old Jones. "He's \$50."

"Why?" bridled the young man.

"Hate is always more expensive than love," said Jones. "I don't really want to sell Hrad. I don't believe in legends, but I am old enough to know that bad thoughts always bring bad luck to someone. Hrad does no harm here where I can watch him."

"Nonsense," said the young man. An expression of utter evil came over his face as the old man

reluctantly bent to wrap his purchase. Jones glanced up and saw it, and shook his head.

Summer passed, and then the winter, and Jones saw no more of the two young friends. Then on a spring day the thin young man came in again alone.

Smiling, he untied a little parcel and put the small ugly god of hate on the counter.

"I don't need Hrad anymore," he said. "I want to trade him back to you for Homia."

"I'm glad of that," said the old dealer.

"Will Homia melt the heart of a young widow?" asked the young man cheerfully.

"But I don't guarantee it."

As he wrapped the tiny goddess, he asked:

"By the way, where is your friend—the one you called John? I haven't seen him for months."

"You mean my former partner?" said the thin young man, and paused. "He—he—well, he died. Quite unexpected."

The old man looked at the young man, and the young man's eyes shifted under his stare. Silently Jones unwrapped Homia and put her back in the window.

"What are you doing?" cried the young man, flushing.

"The goddess of love isn't for sale," said Old Jones. "You want Hrad, and now you will have to live with him. Hrad never leaves a heart he enters."

This Day In Texas

Born on this day in 1801 in Virginia was Josiah Wilbarger, famous in Texas annals as one of the very few human beings to survive a scaly by Indians.

Wilbarger and his brother, Matthias came to Texas in 1829 and established farms on the Colorado River some twenty miles southeast of the present site of Austin. They were the only settlers in the neighborhood until 1832, when Reuben Hornsby occupied his league of land farther up the river.

One day Wilbarger and a group of men started out to show some visiting Missourians the country. The white men were resting near a spring after lunch when Indians attacked the party. Two men named Strother and Christian were killed and Wilbarger fell to the ground stunned by a bullet. The two Missourians, frightened out of their wits, jumped on their horses and took off in wild flight. Some accounts state that Wilbarger cried out to them for help, but that they did not hear him.

The red men, thinking Wilbarger dead, stripped him and tore the scalp from his head—an operation which the victim later said sounded "like the roar of thunder."

With night Wilbarger regained consciousness and started dragging himself toward the Hornsby home. A rescue party found him the next day. Treated with bear oil, his scalp never did completely cover his skull, but Wilbarger managed to live eleven more years.

Prisoners In Riot At Oklahoma Prison

EL RENO, Okla. — Some 155 prisoners at the Federal Reformatory here rioted yesterday, but quickly surrendered when guards fired tear gas into their midst.

Warden W. H. Hardwick said the prisoners overpowered two guards and threw them into a cell shortly after they were released for breakfast.

The guards were rescued unarmed. There was no damage reported.

Chilean President To Be Friendly With US

SANTIAGO, Chile — Carlos Ibanez del Campo, who won a popular vote plurality in Chile's presidential election, said last night he expects to continue friendly relations with the United States—if the U. S. government is friendly to him.

Because of his plurality, the 74-year-old former dictator is virtually certain to be named president by Chile's Congress. He failed to win the 50 per cent plus one majority required for automatic election.

Around The Rim — The Herald Staff

Of Course, You Can Make Your Ailments Sound Mighty Imposing

The opinions contained in this and other articles in this column are solely those of the writers who sign them. They are not to be interpreted as necessarily reflecting the opinions of The Herald.—Editor's Note.

There is more than one way to skin a cat, so the saying goes. Certainly when a spade may be cleft a shovel, or a scoop, there is more than one way in which to say a thing. But it is doubtful that anyone has ever managed to describe the state of illness with such a variety of terms as a Negro correspondent of a Kentucky paper. The writer is pastor of a church and pens a weekly column. Appropriately it is entitled "The Asthenic." In case you're not quite as sharp on your vocabulary as is our case, this means those who are feeling mighty poorly. Let us hasten to quote: "Sister Annie Smoots has been able to sit up a little." "Sister Maggie Davis protracts as a prostrate asthenic." "Sister Sarah Lou Crawford is still unable." "Sister B. Thomas is a little on the peripatetic side." "Sister Maggie Jackson finds good health to be a stranger.

"Sister Arnie Wilson, an impotent one, finds relief in bumme attention." "Sister Hazel Kelly is overcoming the frustration of a season ill." "Sister Ernest Stewart is a prophylactic, thus she becomes somewhat auspicious." "Sister Gertrude Tauli the same." "Sister Bertha Norris is overcoming a recent." "Dr. J. T. Bonner enjoys being able to walk some with crutches." "Brother Ed Williams has ill to Manager." "Sister Mary Howard is still the frail willing one." "Sister Howard Wilson regains from periodic ailment as heart regains." "Sister Uzzetta Bradshaw is recuperating." "Brother Billy Jones cannot walk but survives with hope." "Brother Walker Botta is a cheerful bedfast." "Anybody sick?" —JOE PICKLE.

Business Outlook — J. A. Livingston

Eisenhower Misses Parallel Of Farm Boom During World War I

The remarkable feature of the speeches made by General Eisenhower and Governor Stevenson at Kasson, Minn., is not their differences, but their common agreement on the farm parity program. Both candidates are solidly committed to support farm prices. Eisenhower even outbid Stevenson. He promised "full parity," as against the Democratic Party's promise of 90 per cent of parity.

This accord is the equivalent of a depression-born revolution in American thinking. It's collectivist thinking—in agriculture we ought to be able to call a spade a spade. Congress has supplanted the "bloodless verdict of the marketplace" with its compassionate judgment of the "right price"—parity—for farm products.

Neither Eisenhower nor Stevenson considers it time for a change. That would be throwing farm prices and farm votes to the free market. Eisenhower said: "Price supports are only fair to underwrite the exceptional risks he (the farmer) is now taking." Stevenson put it this way: "Price supports are only fair... to underwrite the rural economy—in order to protect the price drops."

Eisenhower faced the same audience but a different problem from Stevenson at Kasson. Not since 1917-20 have farmers had it so good. Eisenhower could not attack policies which enriched farmers, Stevenson, of course, could stand on the record.

Yet, when you look at the record, neither farm parity nor Democratic policies made the farmer prosperous. The war and the aftermath were responsible—supply and demand economics. And the agricultural revolution, itself, helped.

Relatively, farming is a declining industry, and farmers have made the most of it. Back in 1910, nearly 14 per cent of the national income was derived from farming. By 1925-29, the proportion dropped to 8.5 per cent. During the depression, it got down to 6 per cent; and now it has climbed back to 8 per cent.

But there are fewer farmers to share in this income. The farm population, since 1910, has declined to 23,000,000 from 32,000,000. There are also fewer farms—5,400,000 against 6,400,000. But the output per farmer—aided by mechanical equipment—has gone up.

Income per person on the farm (from farming only) today is about 45 per cent of the income per capita in the rest of the U.S.—that is, 45 farm dollars for every 100 nonfarm dollars. During the World War I boom, the relationship was almost the same, 41 farm to 100 nonfarm dollars.

Can it be that farm prosperity is a war prosperity? Back in the so-called parity years—1910-14—the relation was about one farm dollar to four nonfarm dollars. That dropped to one dollar to five during the depression, and then got back to one in four in 1935-39 under Roosevelt. Here's the story. You can study it for yourself:

	Farm	Nonfarm	Pct. of Farm as Nonfarm
1910-14	\$134	\$470	28.3
1917-20	294	710	41.4
1925-29	226	812	27.8
Depression	88	434	20.3
1935-39	176	607	29.0
1947-51	689	1542	44.7

The table is a poser for the man who next is in the White House. Obviously, the farm support program has worked well because of the bumper demand for wheat, corn, cotton and other farm products. War and postwar prosperity saved parity. Eisenhower missed a chance to point that out. Governor Stevenson, analyzing the results, acknowledged this saying: "High employment and strong purchasing power—in short, prosperity—are keeping most farm prices above support levels." The real test of the program is when we don't have prosperity. How will the parity program operate, during a period of declining employment? Or, aren't we ever to have such a test again?

Hose Unloads Fish, Saving A Lot Of Time

SAN PEDRO, Calif. — A firm has developed a slick gimmick for emptying a net load of sardines.

The firm B. F. Goodrich Co., working with commercial fishermen, has developed a large rubber suction hose that pumps the fish from a net into a carrier boat. Capacity of the hose is 65 tons of fish an hour. The same system is used in transferring the fish from carrier boats to canneries.

'Rush' Brings Autos

URANIUM CITY, Canada — Saskatchewan's most northerly motor license bureau has been opened at this new site on Lake Athabasca, near uranium mining territory. With some 60 vehicles operating in the area, there also have been nine applications for taxi licenses.

Uncle Ray's Corner

Cirrus Clouds Travel Very Fast

The other day an 11-year-old girl told me about a trip she had made into a rural section, and of the many "pictures" she had seen in the clouds.

"The pictures kept changing," she remarked.

It is an old game to look at the clouds as they try to make out pictures in them. One cloud formation may show the outline of an eagle. Another may look like an elephant with his trunk extended.

When there are quick changes in the outlines of clouds, it means that winds are at work. Strong upward and downward currents in the air move sections of clouds and provide new pictures.

In most parts of the earth, people can see clouds in the sky almost any day of the year. There may be only a few of them or they may mass across the heavens, blocking out the sunshine and giving us a "gray day."

Clouds are made up chiefly of moist air. In the moist air are tiny bits of dust. Much of the dust comes from dry soil whipped upward by the winds. Some of it is supplied by meteors which "burn to dust" while passing through the air. Rising smoke accounts for at least a small portion of the dust in clouds.

Fog is of the same nature as the material in clouds, but the moist air in a fog is heavier, making it sink to low places.

What we call a cloud is an object some distance up in the air, at least several hundred feet above the ground. Many clouds are only a quarter of a mile high, but the majority exist between the heights of one and four miles.

Certain clouds, especially those of the cirrus type, are observed at heights of from five to nine miles. These tend to be white or almost white. They usually are made up largely, or entirely, of ice crystals.

CHOIR PLATFORM WITH SPACE FOR CHOIR OF SEVENTY.

ROY LE TOURNEAU, Singer

Mrs. Le Tourneau, Pianist Mrs. E. A. Goodman, Office Worker
Miss Francis Goodman, Organist Brother E. A. Goodman, Equipment Supt.

GOD'S RECIPE FOR RAIN:

II Chronicles 7:13-14; "If I shut up heaven that there be no rain, or if I command the locusts to devour the land, or if I send pestilence among my people; If my people, which are called by my name, shall humble themselves, and pray, and seek my face, and turn from their wicked ways; then will I hear from heaven, and will forgive their sin, and will heal their land."

THIS WILL WORK:

James 5:17-18; "Elijah was a man subject to like passions as we are, and he prayed earnestly that it might not rain: and it rained not on the earth by the space of three years and six months. And he prayed again, and the heaven gave rain, and the earth brought forth her fruit."

EVERYONE INVITED!!

Burl Haynie, General Chairman, Phone 625

Barbecuing

Leslie Ross, who operates Ross Barbecue Cafe, not only attends to the affairs of the business, but he gives his personal touch to each day's barbecuing. Here he is shown preparing some top cuts of meat, chosen for its firmness and well distributed fat, for the pits. Ross uses mesquite wood to impart that pungent flavor so peculiar West Texas. He's earned a reputation throughout the area as one of the top presiders over a barbecue pit, and thus Ross Barbecue is famous over a wide area. You can obtain it either on plate or by the pound to take home, or still in the Ross Barbecue sandwich.

Concrete Service Broadens

Pruitt Concrete Company, owned and operated by Andy Pruitt and W. R. Hall, has recently expanded local operations by the establishment of a sub-station at the Skelly Gasoline Plant.

The new plant is part of the equipment expansion program being carried out by the firm. Since establishment of the main plant in February, new equipment has constantly been added.

The firm handles ready-mix concrete. Although most sales are made in bulk to contractors, Pruitt stated that any amount of the concrete mix would be sold—from one-half yard on up.

"We deliver any amount and sell either wholesale or retail," Hall stated. "We pour concrete for every purpose in the world, although most is for construction." The company takes pride in making strength concrete. "The strength is obtained through laboratory methods. Everything is scientific," Pruitt said. "All we need is for the customer to tell us the strength required."

It was also pointed out that a customer may specify any batch design he wishes. The company will mix the cement in any manner the customer desires.

Only washed sand and gravel is used in the concrete, and every material making up the mixture is carefully weighed.

Hall pointed out that constantly increasing business has allowed the addition of new equipment to service the community. This equipment includes batchers, conveyers, storage bins, truck mixers, water storage and water facilities.

The new sub-station includes a bin, batcher, and water station. Pruitt and Hall stated that it would take care of all the Skelly Company needs. The sub-station opened last week.

The main plant is located east of the city limits on Highway 80.

Welding Supplies

It's not just welding rods and such that you find at T&T Welding Supply. The stock is complete with all accessories, in addition to a wide variety of special gases, including those for hospitals.

Pre-Fit Doors, Windows Are Ready For All Your Needs

Pre-fit doors and windows for homes and offices are ready for the asking at the Engle Mill and Supply Company, 705 East Second Street.

Charlie Engle, owner and manager, states that the home builder can save money and time by using the ready-to-install units. The windows and doors come complete with frames.

"All that is necessary is to place the units in the places provided for them," Engle said. "It is not necessary to hang the door or weather-strip the windows."

The Engle Company makes the pre-fit windows and doors at the mill. Engle states they are as good—and better—than any shipped in from out-of-city sources.

"We have the best type weather stripping in our window units," Engle said. "We personally think they are better than those of any other pre-fit windows being sold. The public seems to think so too."

Mrs. Engle, who helps her husband at the mill, stated that the doors and windows are sold one at a time or in large quantities—anyway the customer wants them.

The Engle Mill also carries a complete line of hardware such as

No Need For Open Flame Type Heating

Heating which does away with open flames is considered by health and heating experts alike to be far superior as well as safer and more efficient.

Western Insulating Company maintains a wide variety of heating types which vent all gases produced by the burning process to the outside. These include floor furnaces, forced circulation, panel heaters and now perimeter heaters. In the long run they are more economical as well as more satisfactory.

When light shines through, thin layers of mercury it transmits a bluish-violet light.

New Liquid Kills Roaches And Ants

Scientists recommend that you control roaches and ants the modern way—with Johnston's NO-ROACH. Brushed just where you want it, (not a messy spray) the colorless, odorless coating kills these pests. It's effective for months, sanitary, and easy to use. 8 oz. pint \$1.65; quart \$2.95. Available at Cunningham & Phillips Drug, Big Spring Hardware, Piggly Wiggly, Collins Drug and Furr Food Stores.

Barrow Dealer For Top Lines

Barrow-Phillips Furniture Store is exclusive dealer in Big Spring for James Lees and Bigelow brands carpets and rugs and they have well equipped to handle the floor-covering needs of any home. Barrow-Phillips is located on the corner of Gregg and W. 4th Streets and they have a large selection of all styles and colors in carpets. They have several types of weaves, including cotton, wool and rayon-wool.

Bigelow brand wool-rayon rugs are guaranteed. The new fabrics are blended from virgin wool and Bigelow's exclusive carpet rayon. This new fabric containing rayon adds greatly to the designs, giving the rugs brighter, gayer, and clearer colors. These Bigelow rugs are blended to resist soiling and they clean as easily as all-wool carpets. By a special treatment, the Bigelow carpets are made shrinkage free and therefore remain in their wall-to-wall positions—leaving no uncovered spaces around the edges of the room.

Hold Your Party At Wagon Wheel Cafe

Are you wandering where to have your next club or private party? Then pick up the phone and call the Wagon Wheel. In addition to outstanding dining facilities, Mr. and Mrs. H. M. Rainbolt have provided two rooms for private gatherings. One will accommodate up to a score or more, and the other will take care of a hundred without any undue crowding. Surroundings are ideal and the food prepared to your specifications.

Growing Popularity Earned By Barbecue

Increasingly popular as the spot "where old friends meet... to chat and eat" is the Ross Barbecue Stand, 904 E. 3rd Street. Ross' is Big Spring's longest established barbecue place, having served the entire area for the past 24 years. And it still prepares barbecue the old-fashioned way—with no boiling or soaking of meats during the barbecue process.

When L. M. Ross serves up a helping of barbecue, you can rest assured it's "real" barbecue, cooked for 12 to 15 hours over real wood fire.

Ross is Big Spring's barbecue "master." Backed by around 30 years of experience, he has operated the Ross establishment since 1946 when he took over the business established by his parents, Mr. and Mrs. W. S. Ross, in 1923.

Ross prepares his barbecue by first searing the outside of the meat to seal in all natural juices, flavors and food elements. The meat is then placed over wood fires where flavor and natural goodness is cooked through and through. All sauces are applied to the exterior and are not boiled or soaked into the meat, a practice that would make the barbecue a heavy, soggy mess.

Soviet Urges Troops Guard State Secrets

MOSCOW (AP)—The Soviet Army newspaper Red Star called on Russian troops today to guard state and military secrets from the eyes of "imperialist" spies.

"The enemy is clever, sly and experienced in deceit," Red Star explained. "Using all sorts of disguises, agents of foreign intelligence services first of all strive to get information concerning defense of our homeland and the state of the armed forces of the U.S.S.R."

30 Enrolled In C-C Managers Short Course

ABILENE, Sept. 10—Thirty have enrolled for the West Texas Chamber of Commerce short course for chamber of commerce managers and office secretaries to be conducted Sept. 19 and 20, by the community services department of the West Texas Chamber of Commerce.

Rex Jennings of Brownwood, chairman of the subcommittee in charge of the course, has announced the program.

It will open Friday evening with a banquet and Fred H. Husbands, general manager of the WTCC, will speak on "Chamber of Commerce Management as a Profession."

Chamber of Commerce executives who will be instructors and their subjects are: Ralph E. Duncan, community services manager of the WTCC, program of work; J. H. Greene, Big Spring, membership and budget; Leon Huff, Snyder, annual meetings and reports; H. J. Tanner, Eastland, civic activities; Jack Austin, Wichita Falls, C-C Agricultural manager, agriculture activities; Rex Jennings, Brownwood, trade development.

Directors of the Chamber of Commerce Managers Association of West Texas will meet here Sept. 19 at 3 p.m. President A. C. Bishop, of Sweetwater, has announced.

Ty Cobb Jr. Dies

MENLO PARK, Calif. (AP)—Dr. Tyrus Raymond Cobb Jr., 42, one of five children of baseball's immortal Ty Cobb, died yesterday.

Dr. Cobb practiced as a physician at Dublin, Ga., until stricken last year with a malignant tumor of the brain.

Colors in grey, blue grey, blue and brown . . . for any man who appreciates smart young men's clothes.

\$65.

Fraudulent Visa Cases Are Set

DETROIT, (AP)—U. S. Dist. Atty. Philip A. Hart said he expected to present to a federal grand jury today the first cases involving 100 Canadians accused of entering this country on fraudulent visas.

Immigration authorities rounded up 53 Canadians here yesterday following an investigation of an al-

leged wholesale visa racket. About 50 others are slated for arrest.

The Canadians are alleged to have made false statements of financial worth to gain entrance to the United States through the border city of Windsor, Ont., across the Detroit River.

U. S. Atty. Gen. McGranery announced in Washington he expected Hart to present evidence of the parts played by Roy H. McBride, Windsor bank official, and two visa consultants, Mrs. Marguerite M. Prest and Mrs. Aline Steigerwald, in obtaining passports for Canadians.

All but three of the aliens rounded up yesterday were released on bond or paroled pending decisions in their cases.

Mrs. Steigerwald, also known as Mrs. N. Wald, is a sister of Paul Martin, minister of public health and welfare in Canada.

HOT SPOT OF TOMORROW Port Wallut Entry Point For Supplies

By LARRY ALLEN

PORT WALLUT, Northeastern Indochina (AP)—Here in Little Port Wallut, which looks like a Hollywood version of a pirate's cove, a big job is being done for the French Union forces defending the Indo-China bastion against the tide of Communism in Southeast Asia.

Port Wallut lies 85 miles northeast of Haiphong, chief port of entry of American war supplies for the French in Northern Indochina.

It's hard to find on a map among the thousands of islands that look like chocolate ice-cream cones jutting out of the green waters of the Bay of Along. It's nestled at the foot of a hilly island with anchorages for motor launches, landing craft and light ships.

But Port Wallut isn't a French Navy base just because of its scenic beauty or because it is so well hidden that the islands thereabouts once were the favorite nests for Chinese pirates.

Port Wallut lies only about 12 miles east of Tien Yen—and that's what counts. Tien Yen, 60 miles northeast of Haiphong, is where the French Union forces are building one of the most powerful lines of fortifications ever seen in Southeast Asia.

It's the job of Port Wallut to see that Tien Yen is supplied with all the building materials and war equipment needed for defense against an always possible Chinese Communist invasion.

Port Wallut, too, has to keep supplied the French Union forces stationed in its immediate vicinity. These are under command of Capt. Gerard de Montmarin.

Into Port Wallut often come refugees from Southern China, 50 miles northeast, or from the Chinese Communist island of Hainan, 150 miles eastward. Many arrive by fishing boats or sampans; others reach Port Wallut by a long trek overland.

Tall, young, handsome Lt. Pierre Bastart is the "little admiral" for Port Wallut.

It's his job to see that supplies get to Port Wallut, are quickly unloaded, and reach their destination at Tien Yen.

A speedy, American-built motor launch is Lt. Bastart's flagship as he speeds about the waters of Port Wallut, keeping a close eye on the movement of war supplies, and ever on the alert for hostile action from the Communist-led Vietminh.
