HEREFORD, TEXAS, THURSDAY, JULY 27, 1916

VOLUME 16

NUMBER 35

ELECTION AT HEREFORD PASSES WITH INTEREST

Large Vote Polled in County; More Attention Than Usual Given to Selection of Candidates.

The primary election in Deaf Smith County, especially in Hereford brought a larger number of votes than in former years. The total number of votes cast was 536 for the county. The largest number of votes cast for any candidate was that for A. G. Thompson who received 833 votes; Uncle Joe Ward was a close second with 532 votes to his credit. The largest number of votes cast for any state candidate was 508 for State Supt. W. F. Doughty. "Submission" received 291 votes; against "Submission," 80 votes. For the retention of the Robertson Law, 244 votes against 64.

A study of the returns from Deaf Smith county will show that 265 did not vote on the question of "Submission," either not caring or not "scratching" their ticket so their vote could be counted. Forty-five did not vote for United States Senator, either by voting for two or by not "scratching" the vote properly. The same thing occurred in voting for Congressmen at Large, there being only an average of 369 votes cast for these candidates; that is, there were 169 tickets that were not voted for. This was done by the voters leaving three or more names not scratched, or by marking their ticket with some sign such as "yes" or a cross (X) mark. There were a few, however, who scratched all of the states candidates and voted for the county candidates only.

The vote cast for the different candidates follows:

For United States Senator—
 Chas. A. Culberson, Dallas County, 88
 John Davis, Dallas County, 12
 R. L. Henry, McLennan county, 23
 Geo. W. Riddle, Dallas County, 2
 O. B. Colquitt, Dallas county, 80
 S. P. Brooks, McLennan County, 225
 T. M. Campbell, Anderson county, 61

For Justice of the Supreme Court—
 Nelson Phillips, Dallas County, 228
 Chas. H. Jenkins, Brown county, 249

For Associate Justice of the Supreme Court—
 R. W. Hall, Potter county, 429
 J. E. Yantis, McLennan County, 64

For Judge of the Court of Criminal Appeals—
 A. J. Harper, Limestone county, 167
 W. C. Morrow, Hill county, 318

For Governor—
 Jas. E. Ferguson, Bell County, 201
 H. C. Marshall, Wood County, 26
 C. H. Morris, Wood County, 271

For Lieutenant Governor—
 W. H. Hobby, Jefferson county, 510

For Attorney General—
 Chas. T. Rowland, Tarrant county, 105
 B. F. Looney, Hunt county, 228

DR. BUCKNER ISSUES CALL FOR HELP

The News yesterday received the following appeal from "Father" R. C. Buckner, founder of Buckner Orphans' Home:

This is no false alarm and is not a sensational appeal for sympathy and assistance. It is a genuine cry of distress. A few days ago the death angel visited Buckner Orphans' Home for the first time since the loss of little, constitutionally diseased child, June, 1915. The last death back of that was in December, 1913. Since then scores of orphans have been admitted as members of this family, now numbering at 600, who have never seen death here, until one died of typhoid fever the other day. Twenty-four are now in our hospital, and while nearly all of them are doing well, it is seriously feared that another will die. Skillful doctors and graduate nurses are giving all the intelligence care and treatment possible. But the children are now really alarmed, while older ones are seriously doing everything they can.

About two hundred and fifty were vaccinated against the fever last night, and if possible, all the rest will be treated in the same way tonight. The county health officer, Dr. T. C. Gilbert and our own Dr. Ryan, our experienced Miss Grace Teft in charge of the hospital, and others are fighting valiantly, and we hope the disease will soon be stamped out.

Sanitary conditions have been carefully examined by experts, and though pronounced remarkably good, additional attention and whatever can be done by way of betterment is being done. The most plausible theory as to the beginning of the fever in the "home" is that it must have been carried by one who had had the disease before coming here and who at the time of its first appearance was in charge of the milk and butter in the nursery building where the first and most of the cases appeared.

The "home" has its own dairy. The dairy cows, lots and stalls have been inspected and fully approved. There are no standing pools or stagnant water about the premises of the "home". The water for drinking, bathing, cooking, etc., is from a depth of 2,500 feet below the surface. There are two galvanized cisterns at the nursery filled from roof gutters. These are advised to dispense with though no disease germs have been found in them. This will be done at once.

Destitution—Where does this come in? This epidemic is costing no little in labor, in professional skill, generous as all our professional helpers are; in medicine, in proper diet, and in other things. The great family of living, growing, active, young humanity has to be cared for at the same time, and it requires a vast amount in cash and supplies. Provisions are now of unusually high cost and this can not be cut down. Current expenses are great and can not be lessened. At the same time, we can not possibly pay even this month's bills and additional bills are multiplying far in excess of receipts.

Yes, this home of large, broad, unselfish charity is suffering under great afflictions and is in deep distress. The secular and religious press will please make these facts known in a clear way, without sensationalisms, then the friends of these orphans will do intelligently whatever their hearts prompt them to do.

Visitors, even relatives of the children will please not come to see them. Doctors and nurses all object. The doors are closed and the gates are closed. Letters of inquiry will be definitely answered, if any are received with reference to individual cases.

Kindly address all letters and remittances to R. C. Buckner, Dallas, Texas, Route 3—Dallas News.

PARROTT.

Miss Hazel Hacker has returned after a very pleasant week with friends in Dimmitt.

John Turner of Dimmitt was stricken with paralysis last week but is improving.

Mrs. Skinner, three daughters and son from San Angelo, Texas, are visiting relatives in Dimmitt.

Mr. C. F. Kerr and Alford Grant have a new gasoline engine installed on the Grant Ranch.

Roy Wagner and Jerry Miller spent Saturday and Sunday in Amarillo.

Mrs. Waldrip and daughter and Mrs. Kerr called at Minnie Grants on Tuesday.

R. S. Neely in the neighborhood Tuesday.

A Tribute.

"Unto thee every knee must bow, unto thee shall all flesh come."

Our Church was over shadowed with grief when the news came that our brother C. G. Witherspoon had passed away, and although it was not unexpected when the message was borne to us of the First Presbyterian Church who had known him and loved him for his quiet, consistent Christian living there stole over us a sense of an almost personal loss.

There are times, and this is one of them—when words are almost out of place, no matter how sincerely meant. No glowing eulogy can find expression where only a quiet sorrow fills the mind; no note of praise can assuage the pain of deep grief; no fine words can take away the aching void, and the hollow feeling of sadness that comes creeping silently when the news that such a friend and brother has crossed the threshold into eternal life.

We know, and it is a comfort to us and his loved ones left behind, that he faced the end as he lived his life—cheerfully and earnestly and with a smile in which was depicted an implicit confidence in Him whom he had so faithfully served, and to whom he had given his time and talent while living.

And to the bereaved ones, we would say that this life is not long, and the possible goal is the goal sought and won by Judge Witherspoon, and is open to you and to us who walk and live as he did.

The First Presbyterian Church, Hereford, Texas.

Main Street's Flowers.
 Two very pretty beds of flowers growing, rank and beautiful in what hereofore been waste places on Main Street are not the least of the good results of the Civic Club's activities.

The very handsomest canna and gladioli in the city are blooming in these beds, their brilliant blossoms giving a most effective bit of color in the center of the well-kept plot of grass which surrounds each bed.

DIED

Margaret, the little three year old daughter of Mr. and Mrs. W. H. Stafford of Friona, died of dysentery at the Greer Sanitarium in Hereford, Monday, July 24th.

Little Margaret's illness was brief, lasting only a few days. She had been brought here that she might have the best of nursing and treatment but was unable to rally from the disease which already had such a hold upon her and in the early dawn of the new day—blessed reminder of God's unflinching love and watchcare she sank into peaceful rest—rest for the tired, pain-racked, little body from whose tenement the sweet pure spirit of Baby Margaret had been summoned.

Funeral services were conducted Monday at six p. m. by Rev. W. M. Peares, pastor of the Friona M. E. Church and interment was made in the city cemetery.

Mr. Stafford is principal of the Friona schools.

The sincerest sympathy is expressed for both himself and Mrs. Stafford.

The Band.
 The band now numbers twenty-four pieces and its work is progressing in a manner highly pleasing to Director West and to the public. Two saxophones and a mellphone are recent additions. Roger Johnson playing saxophone, Fred Davis, soprano saxophone and Hiram Fulwood, mellphone.

With Mr. L. F. Borden, the clarinet and saxophone artist, the band can now boast of some exceptional material.

CHATAUQUA BOOSTERS.

Several cars of chatauqua boosters, including the mayor, representatives from most of the business houses, members of the school board, pastors of the churches and the band made a trip to Dimmitt and Friona yesterday heralding the good things the chatauqua is to bring to the people of this and adjoining counties.

Their reception in both these progressive towns was most cordial and such crowds coming out to hear the addresses and the music furnished by the band. The principal talks were made by Mayor Knight and Dr. Faris. The music was excellent, the band-making a good showing in this, their first out-of-town appearance.

Other trips are planned for next week.

Woodlee Nominated for Judge.
 Prof. R. V. Woodlee of Dimmitt was nominated last Saturday for the office of County Judge of Castro County over Judge C. F. Kerr, the present occupant. Both of these men are prominent and popular citizens of that county.

Miss Hortense Russell of Amarillo, spent Sunday and Monday in Hereford, the guest of Misses Belle and Meta Woodburn.

Lucy L. Reynolds was born at Ripley, Tipper County, Mississippi, July 29, 1850. There she grew to womanhood and was married to A. A. Godwin, Nov. 20, 1870. She became a Christian at the age of fifteen years and had been a member of the Baptist church for fifty one years.

She came with her family to Hereford seven years ago. She was the mother of five children, four sons and a daughter. Mrs. E. W. Baruhill of this city. The youngest son, C. A. lives in Amarillo. The others, M. A., E. A. and A. D. live in Hereford.

Piano Special

Our Piano Department will do its share to make lively times out of the dull summer months. We handle only dependable lines of Pianos. If you buy from us we both make and save some money. Remember—all pianos look more or less alike, but there is a vast difference. You want in your piano an

instrument that will stand up, one of distinction and fine tone qualities. We represent and supply this want in the Baldwin line of pianos, and also in the Kohler & Campbell lines. We have sold to many of our best families in Hereford and surrounding country. Let us save you from \$50 to 100 on a piano.

Civic Club Column.

The Civic League had a delightful meeting with Mrs. Ray Barber last Saturday afternoon.

The Hereford Band has made such rapid progress the past three months that the Civic League is glad to be able to continue its support.

For any information concerning the Better Baby contest and the Flower show in October telephone Mesdames F. H. Oberthier or C. C. Ferguson.

To date the Civic League has bought 163 quarts of flies. Co-operate with the ladies of the Civic League and help to rid the town of 163 more quarts of flies, which are left to spread typhoid fever in Hereford.

A committee visited Williams' Grocery Store the past week. It was found entirely without flies and spotlessly clean. The alley was free from all filth and the ladies were especially pleased to see that all fresh fruits and vegetables were in cases protected from flies and dust.

All ladies who are members of the Civic League and have not yet paid their dues please attend to it immediately. We are sure that all ladies will be glad to contribute 50 cents per year to Civic Improvement.

Next meeting of Civic League will be held in the Library at the Court House, Saturday afternoon, August 5.

The following is a clipping from a letter received by the Civic League from one of the citizens of Hereford:

"Our immediate neighbor has been very thoughtful and kept in his hens, but others not immediate neighbors have allowed their flock of hens to feed on and pull the young grass until the lawn is partly ruined and though asked to kindly shut in their chickens nothing has been done. It is a question of either taking a gun and killing these chickens or poisoning them, which would make us liable under the law and cause much friction, and unpleasantness or giving up the attempt to beautify the place, and under these strenuous circumstances I must give in and let go as we have other things to do than drive off the chickens coming from the neighborhood to destroy everything in sight.

We have cleaned the lots time and again of paper and rubbish blown from Main Street, but the task is to be begun over every time the wind comes from this direction. So, I have come to the conclusion that since a part of the city wills it to make this place a packing place for their rubbish and others to use our property to park their chickens in, it would be better not to do anything any more, but let the weeds grow and be done with it effort since other citizens have no regard for what would be only decent treatment of a neighbor."

The ladies are in direct sympathy with this citizen, and will do all they can to protect his property from these nuisances.

Wynne-Lakeview News.

We believe the marshal ought to have instructions from the mayor to notify negligent citizens to cut the weeds and then apply the law in cases where they fail or refuse.

The above is from the Childress Post and is good advice. Fortunately Hereford has no prisoners, but plenty of weeds. So get busy.

Hereford proof is what you want and the statement of this highly respected resident will banish doubt:

W. L. Fallwell, Hereford, says: "Two years ago I was suffering from my kidneys and had been for a long time. My back was weak and lame and ached constantly. Often sharp pains darted through it. When I sat down for any length of time, I could not get up without holding onto something. The kidney secretions were too frequent in passage, causing me to rise many times during the night. I had read a lot about Doan's Kidney Pills and got a box at Betts-Clarke's Drug Store. Up until this time nothing had done me any good, but Doan's Kidney Pills helped me immediately. Several boxes cured me." Price 50c at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Fallwell had. Foster-Milburn Co., Props., Buffalo, N. Y.

Esquire Boone Thanks Friends.

I wish to thank the voters and friends of the county for the support given me in the recent primary election, resulting favorably to me as the nominee for Justice of the Peace for this precinct. I have tried to do my duty as the law directs and shall continue to perform the duties of the office as I see them, without fear or favor, treating all alike who have business in my court. I have no ill will against those who saw proper not to vote for me and this fact will not influence me as an officer of the law.

Second Primary Saturday, Aug. 12.

The second primary for the candidates for sheriff of this county will be held on Saturday, August 12, as required by law. While the results cannot be declared by the County Chairman until Saturday, July 29, when the committee meets, it is conceded by all that the run-off will be between Charles Purcell and E. E. Connell, who received the two highest number of votes for that office. The unofficial tabulation shows that the candidates for sheriff received the following number of votes: Purcell 146; Connell 124; Cloyd 91; Wheeler 91; Baird 78.

Cut the Weeds

For the past week or so City Marshal Crane has been working city convicts on the streets and has had them do some very useful work in cutting the weeds along the streets and alleys.

This is a good move in the right direction and now there ought to be some way to get fardy citizens to cut the weeds around their homes. There are city laws enough if only they were enforced.

THE HEREFORD BRAND

B. F. GUTHRIE, Editor

Entered April 17, 1901, in the Postoffice at Hereford, Texas, as second-class mail matter. First number of the paper issued February 23, 1901, as the Hereford Reporter; first number of the Brand issued March 21, 1902.

Subscription Price \$1.50 Per Year, Strictly in Advance

Then let us one and all be contented with our lot:
The June is here this morning and the sun is shining hot;
Oh! let us fill our hearts up with the glory of the day,
And banish every doubt and care and sorrow far away.
Whatever be our station with providence fur guide,
Such fine circumstances ort to make us satisfied,
For the world is full of roses and the roses full of dew,
And the dew is full of heavenly love that drips for me and you.
—James Whitcomb Riley.

No truer or clearer exposition of the tenets by which the "Hoozier poet" ordered his life could be given than the Gospel of contentment which he preaches in the above. A gospel of joy and gladness and of simple faith—faith in God and in man.

This was the gospel by which he lived in "the fardin afternoon of the long summer day, with the dusk and dew a fallin'" even until the final note had been hushed, every chord sounded clear and sweet and beautiful the same.

"The world is full of roses, the roses full of dew,
And the dew is full of heavenly love for me and you."
James Whitcomb Riley is dead, but so long as this old world needs sunshine and cheer, he will live in the beautiful message he bequeather to its children.

AFTER ELECTION THOUGHTS

The primary election really determines in this state who our officers for the next two years are except in a few cases where second primaries are required. It is true American spirit to acquiesce in the results and give those whom the majority have chosen our loyal support as long as they conscientiously do their duty in office. It is this genius to stand for the rule of the majority regardless of our own personal choice that makes us the greatest self-governed people on earth. It is this one thing more than others that marks the difference between this peaceful and prosperous nation and strife ridden and starving Mexico. There the majority have no real opportunity to express their choice and were that wish expressed there would be powerful minorities refusing to submit to the rule of a majority not to their liking.

Personally we regret the fact that those who believe that our business salvation depends on fastening the liquor crime won in both the governors race and that of the United States Senate race.

These regrets are not for personal reasons but from a sense of patriotism. We also regret that our good friend Judge Hall failed of nomination although he made a good race. Of course all Hereford people regret that our good citizen Judge Knight was defeated, not because of any objections to the honorable gentleman that was chosen because Judge Boyce is an excellent man and able lawyer, but we wanted Judge Knight to win.

In the county there were no contests save in the race for sheriff and each of the highest two is worthy of any trust the people may place in them.

PRESIDENT SIGNS CREDIT BILL

Believes It Will Make Money Easier for Land Owners

Washington, July 18.—President Wilson Monday signed the Rural Credit Bill passed recently by Congress. A group of senators, representatives, and officers of the farmers' organizations applauded warmly as Mr. Wilson affixed his signature.

Just before signing the measure which creates a system of twelve land loan banks under direction of a federal board, the president made a short address, pointing out the benefits he believed both farmers and the investing community would enjoy under its operation.

"In signing this bill," said the president, "I not only have a feeling of profound satisfaction, but of real gratitude that we have completed this piece of legislation, which I hope will be immensely beneficial to the farmers of the country."

Farmers at Disadvantage

"The farmers, it seems to me, have occupied hitherto a singular position of disadvantage. They have not had the same freedom to get credit on their real estate than others have had who were in manufacturing and commercial enterprises, and while they have sustained our life they did not in the same degree with others share in the benefits of that life.

"Therefore this bill along with the very liberal provisions of the federal Reserve act, puts them on an equality basis with all others who have genuine assets and makes the great credit

of the country available to them. One cannot but feel that this is delayed justice to them. I look forward to the benefits of this bill, not with extravagant expectations, but with confident expectation that it will be of very wide reaching benefits and incidentally, it will be of advantage to the investing community, for I can imagine no more satisfactory and solid investments than this system will afford those who have money to use."

The president used two pens in signing the bill and gave one of them to Senator Fletcher of Florida, who asked permission to present it to the Southern Commercial Congress.

Other Witnesses

In addition to the number of members of the house and senate, the signing was witnessed by David Lubin, one of the originators of the bill and representatives of the National Grange, the Farmers' Educational and Cooperative Union, the Farmers' Society of Equity, the Ancient Order of Gleaners, the Farmers' National Congress and the National Council of Farmers' Cooperative associations.

Secretary McAdoo conferred with the president later, on the selection of members of the new Farm Loan Board, who will be appointed in the near future. Among those understood to be under consideration for membership on the board are Herbert Quick, W. W. Flanagan, secretary of the joint congressional committee on rural credits; F. J. H. von Englekin, of Florida; C. B. Kegley, of Washington state; B. H. Ralston and L. B. Clore of Indiana; J. L. Coulter of West Virginia, and H. A. Moehlensch of Wisconsin.

GREAT MEETING

Co-operative Revival Drawing Large Crowds. Excellent Interest.

The second week of the big revival meeting is seeing most gratifying results of the earnest work being done by Evangelist Whitwell, Miss Miles, the local pastors and the Christian people of the town.

Rev. Whitwell impresses every one with his strong, forcible sermons. He knows the Bible and he knows men. His evident sincerity and earnestness in the work of bringing men to realize their need of the Gospel is a winning factor in his work. He is a preacher but not a preacher only. He is also a very human man, acquainted with business life, and having that understanding sympathy with the great brotherhood of man which is the first essential of effective service. All Hereford loves Miss Miles. She is a leader of rare ability

and an excellent soloist. The meetings are doing great good. Large crowds attended each service. Some special services have been exceptionally fine.

You can not afford to miss a single service. The meeting will continue indefinitely.

The general aid of the Christian Church will meet at the church the first Wednesday in August, instead of the second Wednesday. The meeting will be held at 3 p. m.

The Ladies' Aid of the Christian Church spent the day Wednesday with Mrs. B. K. Nutter at her country home north of town.

The ladies quilted and enjoyed an excellent dinner, the entire day being most pleasurably spent.

Evangelist Whitwell, Miss Fern Miles and the four local pastors were entertained at dinner today by Mrs. C. C. Ferguson.

Senatorial Run-Off

The second primary for the selection of a candidate for United States Senator will be held on the Fourth Saturday in August, same being the 29th day of that month. The law fixes the date and it is different from the county primaries. It is most unfortunate that two second primaries must be held over the state. The result will be a tight vote cast for Senators, the minority of citizens naming the candidate. This is another blunder of the Texas legislature but it is in keeping with many other similar inconsistencies in the Terrell election law.

FOR SALE—Two Indian motor cycles in first class condition. New 1916 power plus model, also 1913 model. Must sell at once. A bargain in each for cash. Call or write R. Leslie Ward, Hereford, 1tp

RAILROAD WAGES

Shall they be determined by Industrial Warfare or Federal Inquiry?

To the American Public:

Do you believe in arbitration or industrial warfare?

The train employes on all the railroads are voting whether they will give their leaders authority to tie up the commerce of the country to enforce their demands for a 100 million dollar wage increase.

The railroads are in the public service—your service. This army of employes is in the public service—your service.

You pay for rail transportation 3 billion dollars a year, and 44 cents out of every dollar from you goes to the employes.

On all the Western railroads in 1915, seventy-five per cent of the train employes earned these wages (lowest, highest and average of all) as shown by the pay rolls—

	Passenger		Freight		Yard	
	Range	Average	Range	Average	Range	Average
Engineers	\$1747	\$2195	\$1537	\$2071	\$1056	\$1378
	3094		3076		2445	
Conductors	1543	1878	1454	1935	1151	1355
	2789		2933		2045	
Firemen	0.3	1317	751	1181	418	973
	2078		2059		1552	
Brakemen	854	967	874	1135	862	1107
	1719		1961		1821	

The average yearly wage payments to all Western train employes (including those who worked only part of the year) as shown by the 1915 payrolls were—

	Passenger	Freight	Yard
Engineers	\$2038	\$1737	\$1218
Conductors	1772	1624	1292
Firemen	1218	973	832
Brakemen	921	1000	1026

A 100 million dollar wage increase for men in freight and yard service (less than one-fifth of all employes) is equal to a 5 per cent advance in all freight rates.

The managers of the railroads, as trustees for the public, have no right to place this burden on the cost of transportation to you without a clear mandate from a public tribunal speaking for you.

The railroads have proposed the settlement of this controversy either under the existing national arbitration law, or by reference to the Interstate Commerce Commission. This offer has been refused by the employes' representatives.

Shall a nation-wide strike or an investigation under the Government determine this issue?

References to partisan politics made directly and indirectly by several speakers, including Fourth Assistant Postmaster General Blackslee and Postmaster Weaver of Oklahoma City. After Mr. Weaver had declared postmasters should see that politics stopped at the threshold of their offices, he concluded:

"Go home, my fellow postmasters, and remember that the greater good to all the people of all the nations on this earth is the re-election, thank God, of Woodrow Wilson."

The postmasters, virtually all appointed under the present administration arose and cheered the speaker, but President Selph rapped for order.

"I must insist that speakers confine themselves to the subject," said Mr. Selph.

The postmasters were given a reception tonight at the new Washington postoffice.

THE TRACTOR SHOW

One of the most notable facts brought out by the first National Tractor Show, held at Dallas last week was the far reaching interest in these iron horses as demonstrated by the immense number of men in attendance and distance from which they came to see the "critters" perform. Farmers and implement men from many different sections were on hand and were interested spectators of the work of the tractors. Forty-seven different manufacturing companies were represented and each had one or more machines on exhibition. Each company was allotted land according to the number of tractors exhibited and the different models by the same company followed each other around the field. The work of each and every machine was watched by a critical audience and doubtless each farmer, not already a tractor owner, made up his mind which was best suited to his needs.

The land plowed was Johnson grass sod on the blackest of black land and gave the tractors a fine chance to demonstrate what they could do under such strenuous conditions. The demonstrations were given from 1 to 3 each afternoon and the remainder of the day the agents of the various companies were busy with prospective purchasers in the tents which each company had erected on the grounds and in which sample tractors were housed. These were explained in detail and every one of the representatives were as busy as hens answering questions and explaining the mechanism of their own particular brand of tractor.

The show was an unqualified success and demonstrated the popularity of the tractor and the position which it occupies in the agriculture of the country. It was a revelation even to the most enthusiastic supporters of the tractor's usefulness and will undoubtedly greatly increase the sale of the machines. Panhandle Weekly.

HEAR THE BIG FOUR AT CHAUTAUQUA

DR. JOHN MERRITTE DRIVER has won distinction not only as an orator and lecturer, but as author and composer. He was the successor of Frank Crane at the famous People's Church of Chicago, McVicker's Theater, speaking to the assembled thousands every Sunday morning. He is today one of the great giants of the platform. His newest lecture, "Watchman, What of the Night!" will be heard at Chautauquas for the first time this summer. In it Dr. Driver will discuss the European War and the American need of preparedness. Hear him on the second night. It will be a great occasion.

WALT HOLCOMB of Tennessee, "Holcomb of Horse Race Fame," will be here on the first night with his lecture of country wide repute, "The Horse Race." We won't explain this lecture before hand—we want it to be a surprise. Walt Holcomb is the son-in-law of Sam Jones, the evangelist, and is singularly like his father-in-law. For years he has been a prime favorite at Chautauquas.

MARIAN WHARTON is a lecturer and author. She is also a woman of striking personality and beauty with a long record of Chautauqua triumphs behind her. She will lecture on the fourth afternoon. Her subject will be "Love and Bread," a splendid exposition of modern feminism, its true meaning, its place and its power. She numbers among her friends and associates some of the greatest minds of America. She will give you an intellectual treat.

FRED EUGENE BAKER is a lecturer of the new type. No dry-as-dust statistics about him. His lectures have a purpose and that purpose is not to flatter his own egotism. Be sure to hear Baker's "Lucky Number" on the second afternoon. Its an attempt to find the lucky number which, if played in the game of life, will insure the truest success. His lecture is one of the Chautauqua's popular successes.

HEAR EVERY ONE OF THEM!

THERE ARE OTHER ATTRACTIONS ON THE PROGRAM. The Croatian Tamburica Orchestra—The Haydn Vested Choir—Emily Waterman—Ye Olde Towne Quartet—The Beverly Entertainers—The Cosmopolitans—and Edward Elliott.

This is only telling a little about a few of the good things in store for every one who has a season ticket.

A pretty tribute to two charming visiting girls whose society is being much enjoyed by the young people just now was a lawn fete and forty-two party given on Wednesday evening by Mrs. A. M. Jones honoring Misses Lora Roberts of Amarillo and Agnes Charlton of Nashville, Tennessee.

The attractive home in the midst of a wealth of verdant lawn, its wide galleries festooned with glossy green vines was a beautiful picture, the mellow radiance of many electric lights seeming a reflection from the silver dotted sky above. Here the gay gathering of "gallant youths and maidens fair" found an ideal environment.

In a pretty vine wreathed bower arranged at one corner of the gallery delicious iced punch was served by Misses Marjorie Dameron and Helen Lambert. In the opposite corner Miss Frances Dameron was in charge of a beautiful program of music furnished by the vicrola.

At the close of the games, ice cream and cake were served.

About sixty guests shared the evening's pleasures.

Mrs. Sherman Williams was hostess to Mothers' Club on Tuesday afternoon. The regular session was devoted to business matters in which an enthusiastic interest was taken.

Two very pleasing readings by Miss Lura Kibbe were much enjoyed. The presence of a number of young ladies added interest to the meeting.

Cake and ice cream were served.

Of the large parties of the week, none have been more beautifully arranged or have given greater pleasure than the reception of Tuesday when Mesdames Charles Donald, R. N. Mounts and C. R. Smith were hostesses to one hundred guests in honor of Mrs. W. R. Stiles and Miss Margaret Stubbs of Lawrence, Kansas and Mrs. Raymond Stubbs of Hereford.

As a tribute to the honor guests from the "Sunflower State" this handsome yellow flower was especially favored in the decorations, the most perfect specimens being used. Shining from the midst of an elaborate decoration of Virginia creeper, their gorgeous faces gave a wondrously pleasing effect. A profuse use of magnificent trailing vines transformed the entire indoors into a woodland glen and gave an atmosphere of delightful coolness.

In addition to the hostesses and honorees a number of out-of-town visitors were in the receiving line down which the guests were shown by Mrs. Smith.

The punch bowl was presided over by Misses Bell Woodburn and Harriette Shirley.

Programs containing the following numbers were distributed by little Miss Emma Jean Donald.

	Miss Fern Miles

Brick cream with angel food, both in white and gold, were served by Misses Pearl Pollock, Sema Mae Mounts, Olive Wilson and Gladys Hicks.

Miss Creola Searcy of McKinney, whose charming personality has been the inspiration of so many delightful social affairs during her stay in the Shirley home, was honor guest at a beautiful evening party on Thursday, following invitations issued by Miss Shirley. These were in the form of railway tickets and read as follows:

"One continuous passage on the Ft. Worth and Denver, July 20th at 8:30 o'clock from Shirley Stop."

"Shirley Stop" with its extensive grounds and outlying orchards is always charming in summer but especially so in the gala attire with which it welcomed the travelers on Thursday evening.

The game of travel with many unique innovations was played at thirteen tables, each table representing one of the stops between Hereford and McKinney.

The Players were presumably enroute with Miss Searcy to her home progress in their journey being estimated by their luck in throwing lettered blocks in proper order for spelling the word "travel."

Tally cards were in the form of suitcases, "punches" being indicated by miniature baggage checks.

At the conclusion of the very jolly game an enjoyable program featured the following numbers.

Piano solo - Miss Clyde Wilson
Reading, Miss Bradford of Pilot Point
Piano Solo, Mr. McCurdy of Lawrence.

Kansas.

Delicious cream and cake served by the hostess marked the close of this "Bon Voyage" party by which the young people sought to express their regret at the termination of Miss Searcy's visit, and the hope that this might be only one of many visits.

The fortunate youths who are members of the Sunday School class of Mrs. Harry Whitechurch were given a three days outing in Palo Duro Canyon last week, Mr. Whitechurch taking the party in his car. A trailer carried tent, bedding and provisions.

Only those who have enjoyed similar excursions can appreciate the glowing accounts of the fishing, swimming and other diversions of camp life which these favored lads enjoyed.

Not the least accident or other unpleasant happening marred the three days of unalloyed pleasure, the only regret being that two members of the class were unable to go.

In the party were Mr. and Mrs. Whitechurch, Paul Wilson, J. W. Johnson, Barnard Hicks, Tom Carroll, Landris Burns, Billy Carter, Eugene LeGrand,

A pleasant picnic party on the river Monday afternoon, proved the fact that "fishers of men" may also qualify as fishers of fish, Rev. Baker and Whitwell and Miss Fern Miles who was also actively engaged in the meeting, enjoying several hours of that recuperative recreation which Hereford so lavishly provides in her famed Tierra Blanca. Others in the party were Misses Frankie May Baker and Lula Bell Williams of Clovis.

An unexpected wedding took place at the Broadwell home on Sunday, last, at twelve thirty when Mr. R. O. Bennett and Miss Ella Mae Stinnette were united in marriage by Rev. E. O. Whitwell of Norman, Okla.

Before the ceremony, Miss Miles of Guthrie, Okla., sang "I Love You Truly," accompanied by Mrs. Broadwell. After congratulations and good wishes to the young couple, the guests were invited to the dining room, where Miss Miles served iced cherry cup. The wedding party were then driven to the Cordova to be served to a delightful wedding breakfast. The young people

are both of Amarillo, Mr. Bennett being in the general offices of the Southwestern Telegraph and Telephone Co. They were accompanied to Hereford by Mr. J. A. Caldwell, Miss Mattie Norvell and Mr. George Stinnette, brother of the bride.

One of the very prettiest of the many social affairs which have centered around Miss Creola Searcy of McKinney was the charming breakfast given in her honor Saturday morning by Mrs. John McLean.

The pretty bungalow home of the McLeans sheltered among vines and shrubbery, all in the fresh fragrance and beauty of the early morning was most inviting adding its welcome to that of the gracious hostess.

A color scheme of white and yellow was carried out with shasta daisies and sun flowers their soft coloring contrasting effectively with the rich green of artistically arranged foliage.

The dining room entrance showed the same pretty blossoms brightening the vine covered arch and column.

The table with its exquisite breakfast service was beautiful under the soft glow of yellow shaded candles. Place cards showed dainty hand decorations in white and gold.

The delicious menu consisted of iced cantaloupe, fried cricken with gravy, chipped potatoes, poached eggs with parsley on rosettes, hot biscuit, coffee.

Following the breakfast several musical numbers were enjoyed including piano solos by Miss Wilson and Mr. McCurdy, and vocal numbers by Mr. Stubbs.

Enjoying the occasion were Misses Creola Searcy, Florine Bradford, Clyde Wilson, and Harriette Shirley and Messrs. Cliff Estes, Paul Stubbs, Henry McCurdy and Elmer Dameron.

Neighboring Society.

The members of the S. W. P. Club spent a very pleasant afternoon at the home of Mrs. Emma Dixon on Thursday last. The program was as follows: "Roll Call"—The trip we enjoyed most. Paper, My trip to Old Mexico, Mrs. Kathryn Garrett.

Interesting places I have visited, Miss Gladys Dixon.

Round Table, which is the most educational, books or travel?—Mrs. Nellie Rogers.

After the program the genial hostess served chicken salad on nasturtium leaves, olives, saltines, ice cream, angel food cake and iced tea.

The guest of the club was Mrs. Mae Stewart.

The Club meets with Mrs. Ethel Dixon, August 3rd. K. S. G.

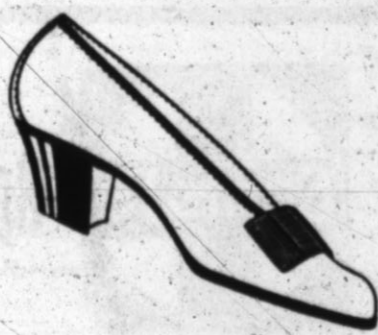

10% TO BAND 10%

For the purpose of assisting the Hereford Band, we have decided to give a part of our proceeds each night to that organization. Beginning Monday, July 31, and up to Thursday, Aug. 17, we will give 10 PERCENT of door receipts to Band Boys. Come out and enjoy a good show, and help the boys in their efforts to furnish music for the town.

Remember we have Charlie Chaplin with us on August 10. Our Monday night programs are always good.
