Sights and Faces Seen

Hereford is a pretty lawabiding town, declares Justice of the Peace Andy Thomas, who says that just 13 cases were aried in his court in August, and nearly all of those for traffic law infractions. The 13 cases, says Uncle Andy, represent a big drop from the number of cases in August, 1944, and this despite the fact that there are at least 1,000 more persons in town than were here last year.

Water has been a big topic of conversation in Hereford this summer-first because of scarcity and now because of the epidemic of dysentery and the fear that impure water may cause the disease. To be on the safe side, Dr. Howard Sigler recommends boiling all drinking water for three minutes.

Football players are not immune to the epidemic, according to Coach H. V. Stanton, who was worried early this week about the difficulty of getting a full squad to Olton for the opening game of the Whiteface season Friday night. (Continued on Page 12)

Schools Need More Teachers

town. "Guess I just knew a good loienced business man, having cation when I saw it," says Mr. operated the Phillips Petroleum Womble, whose first "house" in Hereford was a dugout located at the spot where the railroad now crosses 25 Mile Avenue.

Recalling early days in Hereford, Womble says that his nearest neighbor was Rat Jowell, who lived on the section where the state park is now located. Womble himself filed on Mrs. F. W. Montfort received four sections, three of which

Hereford Herd **Meets Olton** Friday Night

Describing the Hereford Whitefaces as doing pretty well in the few workouts held thus far, Coach H. V. Stanton said this week that the team would be very light on experience when it makes its opening bld against the Olton Mustangs at Olton tomorrow night.

Dysentery has taken its toll of the Whiteface squad and as a result some possible regulars will not be able to play, Coach Stanton said; however, the Olton team is strictly an unknown quantity and the local boys are hoping to put up a good fight in the non-conference tilt.

Probable starters for the Whitefaces will be Lueb, LE; Oakes or Simmons, LT; Orr, LG; Dyer, C; Easley, RG; Hagar, RT; Sowell, RE; Bishop, Q; Da-

Other boys who are likely to and Higgins, backs; Lyons and Carnahan, ends; Millard, center, and Rogers, guard.

Thirty-eight boys are working out, the coach reports, adding that the majority of these are football freshmen, though some of them show real promise. Big, fast and rugged is Walter Tietjen, though he is entirely inexperienced in the

Members of the squad are Clark, Fred Close, Johnnie Coombs, James Corbett, Roger Paul Hagar, George Hamilton, Robert Leo Henington, James Ellis Higgins, Douglas Kelley, Neely Kimbrough, Chas. Layman, Raymond Lueb, Joe Lyons, Ralph Martin, Jimmy Merritt, Bobby Millard, - Ebb Mor-

A native of Wisconsin, Mrs. Love had lived in Grayson County for more than 60 years, prior to the death of her husband in 1937. She was a mem-

Time for Talk is Past . . . Let's Have Action!

For more than a decade the people of this community have been talking about things which need to be done in Hereford. Everyone agrees, nods his head, solemnly voices some sound advice - and the matter is soon forgotten. For at least ten years, perhaps even longer, this ritual has been in use with the result that not one single large-scale, long-time improvement or construction has been seen in Hereford or in Deaf Smith County.

Meanwhile, the population of the community has grown steadily, resulting in new conditions and in new problems. Finally, it has come to the point where we con no longer talk about the things we should do, but we are forced to talk

about things which MUST be done.

The current scare over impurities in Hereford's city water supply is only one of many such catastrophes which this community will face if some planned sanitation program is not established. In fact, the water situation is comparatively sinple; we merely have to find the cause and eliminate it. However, we will be faced with rotten garbage heaps along our alleys and these open containers will continue to breed flies, which will spread disease.

The Mexican population of Hereford this year is estimated at around 2,000. These people harvested a \$2,000,000 potato crop for the farmers of Deaf Smith County and spent hundreds of dollars in stores of this community. Without them, it would have been impossible to gather the crop. They are living under the worst sanitary conditions possible; they have no toilets, no adequate garbage disposal, not even running water-yet they live adjacent to our City Water Works. Drive over to "tent city" and see for yourself. So long as these people are essential to the progress of the community, Deaf Smith County is obligated to provide adequate living conditions.

Conditions in Central School are equally shocking. Poor light in basement rooms of a building that possibly should be condemned, as high as 115 students to a grade with only two teachers, and lack of playground facilities are only a few of the many things which can be mentioned.

There is no use to blame the City, or to bemean our County and School leaders. These people have been doing just what the yoters wanted them to do, and are mostly good, responsible people. Let's put the blame where it belongs-on Ourselves! We just talked when we should have been doing things.

Now that we have reached the point where we MUST do something, let us face the facts. These improvements are going to cost movey. They are going to meen higher taxes. We will have to vote some bond issues it for more people will have to give some of their time to community affairs.

On the other hand, if Hereford is not cleaned up and operated under sanitary conditions, we are going to have some deaths-and remember, Pestilence and Disease have no respect for class or station in life. Can the life of one little boy or one little girl be valued in the terms of a few dollars in extra taxes?

The time has come to cease talking about what we should do; it is now time to start doing things which MUST

FLUSH KIDNEY URINE

Benefit wonderfully from famous doctor's discovery that relieves backache, run-down feeling due to excess acidity in the urine

People everywhere are finding amazing relief from painful symptoms of bladder irritation caused by excess acidity in the urine. DR. KILMER'S SWAMP ROOT acts fast on the kidneys to ease discomfort by promoting the flow of urine. This pure where a medicine is especially welcome where bladder irritation due to excess acidity is responsible for "getting up at nights". A carefully blended combination of 16 herbs, roots, vegetables, balsam; Dr. Kilmer's contains nothing harsh, is absolutely non-habit forming. Just good ingredients that many people say have a marvelous effect.

Send for free, prepaid sample TODAY! Like thousands of others you'll be glad that you did. Send name and address to Department A, Kilmer & Co., Inc., Bex 1255, Stamford, Conn. Offer limited. Send at once, All druggists sell Swamp Root.

DEAR DIARY:

Well, here I am back from a fine vacation—a week in Scout Camp at Philmont and another week of fishing-yes, fishing was good. Been trying to get my feet out of fishing boots and back on the ground for the past few days -find lots of interesting facts-

Lots of folks have been heeding the calendar and others have been feeling a bit of winter in the airat any rate, the gas heaters have been moving out at a rapid pace -our stock is still complete-due to early buying in quantities—but the outlook for replacements is not so good. Those who are going to need new heaters had better select soon. The same is true of oil heaters.

Gas ranges are coming through rather slowly—too slowly to keep up with the demand-looks from here as though we may have to institute a waiting list system. Oil stoves are simply non-existant.

We received what will probably be our last shipment of toys this week. We have a nice selection on display at present for the early Xmas shopper—we are still fixed for games of all kinds, toys

Diary

for little tots, a few microscopes and chemistry sets for the older kids, and a few dolls. The doll situation is rugged-our stock is already depleted, and the wholesalers are out of nicer dollswhich means that the doll shelves will be bare long before Xmas.

There will be a few-very few -bicycles, and other wheel goods such as tricycles, wagons, scooters, etc., just won't make the grade in time for this holiday sea-

Getting back to winter weather I have been reading up on this 1972 COUDECTA DELOCATION

comes in convenient strips so folks can install it themselves-it is light-will cause no strain on the ceiling, it will not settle, will not burn, and is moisture resistantand . . . it will save up to 30% of the average home heating costs.

The price—much lower than any other insulation. We will be glad to assist in figuring quantities and prices for anyone.

Wish Hereford had a community center.

STREU.

SOCIETY

MRS. JOHN McLEAN, Society Editor - Phone 181

Mrs. Noah Ewton Is Honored At Farewell Party

An informal farewell compliment to Mrs. Noah Ewton who will leave this week to make her home in Colorado, was the luncheon at the home of Mrs. Edna Jett with members of the Elite Sewing Club as hostesses.

The luncheon table was arranged with crystal and silver and bright-hued fall flowers. A Dick Barnard. gift from the club was presented to the honoree.

Those attending were Mesdames Henry Kendall, C. C. Cox, Lyle Blanton, Ross Fuller, J. C. Cummins, F. L. Terrell, J. O. Newell, H. V. Williamson, L. W. Carlyle, the honoree and the hostess Miss Martha Nelle Ewton, daughter of the honor guest, was a special guest.

Junior Band Mothers Plan Activities

Junior Band Mothers organization met at Central School Monday afternoon to make plans for the coming year's work and discuss ways and means to carry out main objectives.

Mrs. J. C. Reece, president of the organization, urges all mothers of band students to attend regular meetings which are held on the first Monday in each month, and lend all possible aid in making the organization effective.

Those attending the first Ford, C. B. Russell, Ross Lomerick, C. L. Collins, Guy Walser, A. H. Jannsen, Virginia Cornell and W. B. McReynolds.

Week end guests of Miss Ela his wife, Mr. and Mrs. Roy L. ler, and other relatives. Aikman of Olton. Mr. Aikman has just recently been discharged on points from the U. months overseas.

MRS. STANFORD ENTERTAINS CLUB

A table of guests played with members of the Tuesday Bridge and Mrs. N. W. Livesay. Club when Mrs. W. J. Stanford entertained at her home Tuesday afternoon.

Out-of-town guest for the party was Mrs. K. E. Barnhart of San Deigo, Calif., who is visiting in the Stanford home and other special guests were Mrs. J. M. Gililland, Jeff Gilbreath, Tom Boyd, Lilburn Ray and

Red roses and dahlias provided the floral accent to the party and prizes were won by Mrs. Jeff Gilbreath, guest high, Mrs. Givan. Travis Dameron, club high and the out-of-town guest.

Members attending were Mesdames Travis Dameron, Frederick Kyle, J. R. Allison, Paul Mathers, R. P. Coneway, C. H. Dyar and the hostess.

FAMILY REUNION

The arrival Saturday of Mr. and Mrs. John Kelly and two children of Deerfield, Ill., furnished an incentive for a family reunion at the W. I. Valentine home Sunday. Mrs. Kelly is the former Miss Billie Valentine and she and her family stopped here enroute to Los Angeles, Calif., where they will make their home.

All five of Mr. and Mrs. Valentine's daughters and their families were present at the reunion. They included Mr. and Mrs. Alton Fraser and son, Mr. and Mrs. Roy Thompson and children, Mrs. Zelphia Lloyd and daughters, Mr. and Mrs. where the daughter will enroll meeting were Mesdames Reece, Gilbert Hooper and sons and at T. S. C. W. Mr. and Mrs. F. G. Witherspoon, Herman Mrs. Kelly. Also present were two great-grandsons, sons of Mrs. Clyde Whitaker.

Ways to lose Money

When You Have No Checking Account

If you have the impression that you're being thrifty by doing without modern Checking Account Service, check up on the real facts! If your experience is the average, you're probably losing money in one or more of these four ways.

-LOSS OF CASH when carrying it around to pay your bills. Read the want ads and you'll be surprised to see how many shoppers lose their pocketbooks on Hereford Streets or in our stores.

-THEFT OF MONEY left lying around the home, and loss to pickpockets and purse snatchers who operate in crowds. Some of this sort of petty pilfering goes on in our city.

—FIRE which may destroy your dwelling or the hiding place where cash is secreted. Fire Insurance policies do not cover money. And standard Burglary Insurance policies reimburse for cash only up to \$50.

-FAILURE TO OBTAIN OF KEEP RECEIPTS for cash payments made. Hence, the risk of having to pay twice because of inability to prove that payment has been made. Cancelled checks are legal receipts.

> A Checking Account here will protect you against ALL these risks. It is both good insurance and the convenient, modern way of paying bills.

THIS WEEK . . . AT THE

The Hayride and wiener roast was another highlight in USO entrtainment. Mrs. P. H. Gililland furnished the horses and wagon and Homer Brumley furnished the hay. The wagon was full of people standing and sit-ting when it left the USO and they seemed to be in the mood for a good time. After riding around for an hour or so they headed for the Ray Coneway home where the sponsors had gone to prepare wieners and coffee. We have no record of who ate the most nor of who had the best time but everyone seemed to have all he wanted and there wasn't any left. Thanks everyone for your cooperation and especially the Coneways for their back yard.

Next week the USO will have a dance at the Club House. This time let's have more girls out or the men will get discouraged. Monday night two men from Clovis came over for the hayride but didn't get here in time for the ride—they walked to the clubhouse thinking that would Sgt. Grant Hanna and Pfc. who were here on Labor day be the destination and finally got to Coneways in time to eat. Better luck next time.

We missed Marianne Plonsky both on furlough.

College Chapel **Fund Growing**

CANYON - Eighty persons have contributed more than \$13,000 in cash and pledges to the West Texas State chapel building fund, it is announced by Dr. J. A. Hill, president.

Gifts to the fund are being received at the rate of more than a thousand dollars a week without personal solicitation, Dr. Hill said. The chapel building, chimes, and organ will cost \$50,000. The structure will be located on the campus on the site formerly occupied by the president's home.

One of the largest recent contributions was a check for \$1,000 from White and Kirk, pioneer store firm.

The chapel, which will serve faculty and students and provide a conference center for Panhandle ministers and student members of their congregations, will be the site for lectures, recitals, marriage ceremonies, and special services. Its program will not conflict with the services of any local church, The chapel project has been

widely endorsed by Panhandle ministers and churches. Student religious groups are

among the most active in Texas religious life.

Mrs. Hardwick Is Feted at Breakfast

Mrs. Chas. Hardwick, who is moving to Clovis, N. M. soon, was feted at a Labor-Day breakfast given by Mrs. Urlin Streu

Red and white were combined in colors in appointments and decorations for the party. A red checked cloth covered the A joint social meeting of the breakfast table which was cenpleted the rustic atmosphere.

After the breakfast bridgekeno was enjoyed with Mrs. N. A going-away gift was presented to the honoree.

Those enjoying the farewell courtesy were Mesdames T. E. Seigler, Meade Haile, Troy Moore, Wayne Evans, Jimmie Aiken, D. D. Bivins, J. T. Gilbreath Jr., N. E. Milburn, Alton Miller of Plainview and the

AL FRESCO PARTY ENJOYED BY CLUB

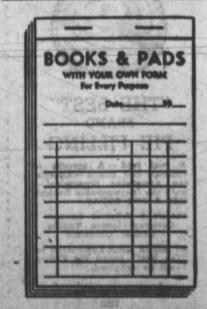

An Al-Fresco party was enjoyed by members and guests of the Tuesday Dinner Club this week with Mr. and Mrs. H. K. Fox as hosts. Tables were laid in the back yard at the Fox home and games were played inside the house later in the evening. Mrs. Alton Fraser and Oscar Easley were presented the high score awards at the conclusion of the games session.

Those present were Mr. and Mrs. Oscar Easley, Mr. and Mrs. J. A. Pitman, Mr. and Mrs. Alton Fraser, Mr. and Mrs. H. A. Close, Mr. and Mrs. C. C. Acker, Mr. and Mrs. A. R. Bateman, Mr. and Mrs. E. B. Hedrick, Mack Pitman, Prentiss Rosson and the hosts.

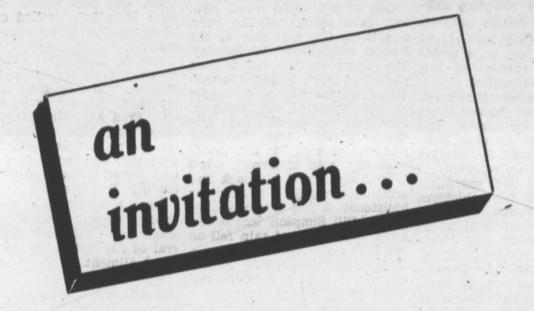

The first white boy born in Kentucky was Enoch, the son of Daniel Boone.

Paul Revere made the copper and brass parts for the first six ships of the American Navy.

Samuel Johnson wrote the novel Rasselas "in the evenings pay mis mother funeral expenses.

Not Big Ads, But "Regular" Brand Ads Get Results!

SAYS SECRETARY OF AGRICULTURE:

Despite Victory Used Fat Saving Must Go On!

Every woman in America should know that our country continues to face a serious fat shortage. And victory over Japan won't solve the problem immediately. We must keep on saving used fats in our kitchens!

If you have any thought that saving used fats is one of those wartime chores we can drop, now that Victory is here, please consider these facts and tell them to your neighbors.

America still needs salvaged fats. Not even at the peak of our war effort, when fats were required for mountains of shells and bombs and medicines, in addition to the ever-present need for soap, were our needs for salvaging fat greater than now. Our stocks have been drained by four long years of war, and there isn't enough on hand to meet all requirements.

Don't let "Victory psychology" blind you to this national need! If housewives stop saving fats

Don't let a single drop of used fats go to waste! Little trimmings of fat left on the platter at the table, scraps left on pletes, and even the skimmings of soups and gravies are important. It is the consistent saving of even these small amounts that counts.

Don't turn in fats that can be re-used! But some fats, such as those rendered from lamb and mutton, are not suitable for re-use. Put them immediately in the salvage can. And, with other fats, after you've got all cooking good out of them, there is always a little left. No matter how little it is, save it.

Your butcher will still give you 4¢ and 2 red points for every pound you turn in. Save consistently-save every drop you can-every day-until Uncle Sam says the job is done

Approved by USDA and OPA. Paid for by Industry.

INCOME TAX SERVICE

FIVE BILLION DOLLAR FAMILY BUSINESS WHEN Grandma was a farm girl, she tended the chickens, milked the cows, churned the butter (72 percent of the nation's butter was home-churned

then; less than 20 percent today). When she produced more eggs and butter than the family could eat, she would trade the rest for "pin-money" or frills.

Today, Grandma's "pin-money" has become BIG money. Last year it added more than five billion dollars to the income of U.S. farmers. That's more than hogs brought in-or cattle-or sheep. Just look:

1944 Gross Farm Income

Dairy Products:\$2,969,000,000 \$5,264,000,000 Poultry Products: ::::: 2,295,000,000 Sheep, Lambs and Wool:..... 450,000,000

And believe it or not, dairy products alone returned more money to farm families than the entire corn and wheat crops combined!

Any way you look at it, cows and chickens is a great industry. It is nation-wide, too. California and Texas are crowding close on the leaders—Wisconsin, New York, Minnesota, Iowa, and Pennsylvania. From millions of small dairy herds and chicken flocks in every state, as well as from large-scale operations, comes the enormous volume of dairy and poultry products that are such a vital source of our nation's food.

LET'S KEEP THE **MACHINE IN GEAR**

In these days of mechanized farming practically everyone is famil-F. M. Simpson jar with the gears that make the sheels of tractors, combines, and other equip.

ment go 'round. We know that should one gear. be removed or get out of line—or even if a single gear-tooth is broken—the machine won't run smoothly, if at all. It is much the same with the livestock and

meat industry. The three main gears are the producer, the processor and the retailer. When any one of these "driving gears" gets out of order, then the entire industry suffers. Coordination of their interests can contribute greatly to the smooth functioning of the industry as a whole. None of us gains by insisting too vigorously that our part of the industry is the only one which has problems that matter. We gain one which has problems that matter. We gain more by trying to look at our particular problems as they affect all of us. In other words, whatever hurts or helps the producer hurts or helps the processor and the retailer also.

The livestock and meat industry is an important part of the national economic structure. We at Swift & Company believe that we can contribute most to the welfare of America

—and ourselves—by promoting harmonious practical working relations between producers, processors and retailers.

F.M. Simpson. miletal Print

Here We Are Again!

This series of advertisements is renewed in this issue and will appear monthly. We again invite you to send in good ideas which will help others in the business of farming and ranching. We will pay you \$5 for each good idea accepted by the judges, whose decisions are final. And don't forget to come in and see us whenever you are in Chicago—or if you haven't time to visit, phone us at Yards 4200, Extension 710, or write us at any time about any matter which pertains to agriculture. Remember our address: F. M. Simpson, Agricultural Research Department 128, Swift & Company, Chicago 9, Illinois.

Reclaim Croplands with Wheatgrass

Ranchers who have need of extra grass can often bring abandoned croplands back into production with crested wheatgrass. In tests conducted by the Colorado Agricultural Experiment Station, in cooperation with ranchers, and reported by Clinton H. Wasser, good stands of crested wheatgrass established on abandoned croplands in northeastern Colorado have supported as much stock per acre as two to four acres of good native sod will in the spring and early summer. And it makes pasture two or three weeks earlier in the spring, and later in the fall when the moisture is good.

Time to Reseed: September is a good time to reseed lands to either crested or western wheatgrass. The job may also be done in the late fall or early spring. For best results, try six to eight pounds of seed per acre drilled into grain, sudan, sorghum, millet or weed stubble. Land badly grown up to perennial weeds may first require heavy discing or even plowing before seeding.

LIVESTOCK MOVIES FOR YOU

We will lend you films for school, church, or other farm meetings: "Livestock and Meat," "A Nation's Meat," "Cows and Chickens... U.S.A.,"

and two brand new animated movies—"By-Products" and "Ment Buying Habits." All for 16-mm. sound projectors. You pay transpor-tation one way only. Write Swift & Company, Department 128, Chicago, Illinois.

Martha Logan's Recipe for SKILLET DINNER

Pan fry 1 lb, bulk sawage meat with 2 tables onions until brown Pour off the drippings. Add 2 cups cooked rice, 1 1/2 cups canned tomatoes and 1/4 cup chili sauce. Glend well, Cover and cook over very low heat for 30 minutes. Do not raise the cover. Serve with lettuce salad and crusty bread. Serves

CULL THE NON-LAYERS Now

Hens in your flocks that are still producing eggs regularly in the early fall months are superior layers. They are the ones to save for breeding stock, writes H. L. Kempster, 123 chairman of the department of poultry husband-

ry at the University of Missouri. Mr. Kempster says it's easy to select the good layers. They are the hens with white bleached anks and with old, frayed and brittle plumage. The slick hens with yellow legs and smooth feathers are the ones that should be used for poultry meat. They should be culled out of your flock to make room for mature, ready-to-lay ullets now on the range. As it doesn't pay to cell laying hens, try to examine all individuals in your flock carefully. A red comb and moist, expanded vent are sure signs of a layer. If the vent is dry, puckered and yellow, you may be certain that hen has stopped laying for some time.

ROY GUY REALLY KNOWS SHEEP

When Roy F. Guy, head lamb buyer for Swift & Company at Chicago since 1931, was a lad of 17, he answered an ad in a Kansas City news-paper. That led to his first job with Swift as a \$4-a-week messenger boy. Before his first year ended, he had

doubled his salary and was getting a start in calf buying. At the ripe age of 22, Roy Guy was head calf buyer at Chicago. He held this post for 10 years and then went back to the starting line to learn lamb buying. In his 46 years with Swift, Roy Guy has bought many million lambs and judged in many a show ring. But his greatest pride is in the boys he hired and trained who have made good with the Company. "I always told a new boy to be careful in choosing his Company... and to stay with it," he says.

NUTRITION IS OUR BUSINESS - AND YOURS + + Right Eating Adds Life to Your Years, and Years to Your Life.

THEN CHANGE TO THIS New Fighting not only resists sludging, but actually

Your car doesn't have to be an old inlapy to run like o "Leaping Leaping". Reduced wartime speeds and too much stop-and-go driving can sap its pep and power, causing it to lose its smooth operation.

So let your favorite mechanic check the motor and tune it up. Then change to Champlin HI-V-I... the new fighting aviation oil.

Champlin HI-V-I (High Viscosity Index) motor oil is refined by an entirely new solvent process... from 100% Paraffin Base Mid-Continent Crude . . . the finest obtainable. It

Through regular use, Champlin HI-V-I tends to increase compression, and to reduce valve sticking. You'll get by with less oil, and your car will run smoother, last longer.

Spud Looting Charge as Hereford Group Arrives with Police Escort

"Purely a case of mistaken Hereford Herd declaration of four leading Hereford citizens who got a full dress police escort for a ride into Amarillo last week and nie Rogers, Homer Rudd, Jack where Mayor Joe Jenkins inter- Tietjen, Jimmie Whitaker, Duceded in their favor and helped ane Williams and Jim Worrell. distribute the "loot"-a load of Hereford potatoes -to the Children's Home and Tuberculosis Preventorium.

It all started when Old Tack of the Amerillo Globe News declared that six sacks of Hereford potatoes had been stolen from the news office. "So we just decided to deliver some potatoes to Amarillo safely-and in style," says Buryl Elliston, adding that J. C. Reece, state highway patrolman stationed in Hereford, offered to provide a motorcycle escort for the occasion.

However, just out of Amarillo the motorcycle escort added more motorcycles and some police cars and it began to look like an arrest, say Nester Gass, E. B. Posey and John J. Paetzold who were with Elliston in the Hereford group, who sailed into Amarillo at 40 miles an hour to the accom-

Glenn Boardman and Fuss Brinkman, who contributed the potatoes declare that they have no idea how the Amarillo Police got the information for the "arrest;" but the potatoes | were good enough to rate a real raid.

Officers from Amarillo who nabbed the suspected potato snitchers were Chief Sid Harper, L. W. Owens and J. C. Anderson of the Police Department, and Captain Polk Ivy, Chief W. J. the State Highway Patrol.

HOMER FOX Sez:

I wanta bust a JUKE BOX!

Another one of my "druthers" has been busted and by a blamed "Juke Box". All my life I thought I had rather be a cowboy than anything on earth, out before dawn and in after dark, just riding and singing and ropin', shootin' my Pistol, happy, carefree, over the hills through the sage brush, through the valley with miles and miles of goat head blooms, no troubles, no worries and no work, just a ridin' and a singin'. But that is all over now. If I had my life to live over again, I wouldn't want to be a cowboy at all. I have been listening to this durned Juke Box next door and according to the records it plays, there just wasn't any happy cowboys, from the old boy that tried to top. "That Strawberry Roan" to the old boy that was going home "After the works all done this fall"

I just have one ambition now-I want to get enough money to buy one of these Juke Boxes that is in good order and full of cowboy songs, rent a plane, go up to twenty thousand feet over a good concrete road and drep this Juke hox full of cowhox records dive down and watch it splatter into a jillion pieces like a dollar watch hit with a sledge hammer-I will dedicate this to the broken hearted cow boys in all of those songs.

Yep, Pat and I will just stay here and look after these local cowboys. I don't don't know any of the flat heads that can carry a tune in a jug, but they all seem to be happy.

And here's some stuff we figured

Sign Right-of-Way Papers for 51 Road Building

Though no definite plans have been announced for the completion of paving on Highway 51, north to Vega, County Judge Fred W. Baird stated this week that the project has been approved for postwar construction and may start soon. He therefore urges that persons owning property bordering on the highway site come by his office and sign the necessary right-of-way papers and if nec-essary make claims for dam-

Judge Baird states that he has mailed letters to all property owners affected by the highway construction but that as yet only about 30 per cent of the easements have been sign-

This delay, he points out, might actually result in delayed construction of the paved highway, as the State Highway Department will let no contracts until the right-of-way is arranged for.

The work on Highway 51 has been included in the Federal Farm to market road program and construction will be under the direction of th State Highway Department.

McGilvary in States **Expected Home Soon**

Cpl. Reuben C. McGilvary, son of Mr. and Mrs. R. C. McGilvary, wired his parents on Monday that he has arrived in the States and expects to be home

Cpl. McGilvary has been overseas since October, 1944, and served with the 103rd. Division of the 7th Army during the war in Europe. He is now in the 45th Division.

He reported a fortunate meeting with another Hereford boy. Sgt. Clifton Cox, in Le Havre and said that they were together for about six hours.
