

Prince Welcomed To Big Spring

R. L. Tollett, president of Cosden Petroleum Corporation, extends a welcome to Prince M. Farman-Farmanian of Iran, right, upon his arrival in Big Spring Friday morning at Webb AFB. Others in the party who accompanied the Prince here from Fort Worth in the company plane are Richard Johnson, marketing coordinator, and Dan Krausse, assistant to the president and who met Prince Farman-Farmanian at the API meeting in Chicago recently. (Keith McMillin Photo).

GUEST OF COSDEN

Iranian Prince Arrives To View Oil Industry

By JOE PICKLE
Prince Minoosh Farman-Farmanian of Iran arrived here Friday for a visit in the Big Spring area as guest of Cosden Petroleum Corporation.
In company with R. L. Tollett, president of Cosden, Dan Krausse, assistant to the president, and Richard Johnson, marketing coordinator, the prince arrived at Webb AFB Friday in the company plane.
He was enthused about the opportunity to have a first hand look at the oil industry in the Southwest.
In the United States for a relatively brief tour, he is the guest of the American Petroleum In-

stitute. It was at the API meeting in Chicago that Krausse had the pleasure of hearing the Prince speak. Learning that he was to be in Dallas and Fort Worth for lectures, Krausse extended an invitation on behalf of Tollett and Cosden for the Prince to come to Big Spring.
"I am happy at the opportunity to come to your city," the Prince said in perfect English. "Had it not been for this courtesy of Cosden, it would not have been possible for me to inspect the manner in which you produce and run your oil, how you sell it and refine it."
During the morning, with Mal-

Leo Bradford conducting the group, there was a short tour of Webb AFB. Prince Farman-Farmanian got into the cockpit of a jet trainer and wiggled the controls.
After luncheon, in company with Cosden officials, he was to see a rotary rig in operation in the Vealmoor area, together with producing wells and tank batteries. The tour also will include a swing to the Reef Fields Gasoline plant in northern Howard County to witness how natural gas is divested of its "wet" content which is in turn converted into natural gasoline, butane, propane, etc. Back in Big Spring, he will spend quite some time inspecting the facilities of Cosden's manufacturing department.
The Prince will be honored at a dinner Friday evening in Midland's Petroleum Club and will return here to spend the night in the penthouse apartment of the Fortman Building. Following luncheon here Saturday, he will be flown back to Dallas.
Tollett, Krausse and Johnson were flown by Pilot Bill Edwards to Fort Worth Friday morning to meet the Prince.
Prince Farman-Farmanian is a cousin of the Shah of Iran and a cousin of Dr. Mohammed Mossadegh, former Prime Minister. He is the son of a former prime minister of Iran. He served as director general of the oil department and as a member of the oil board of parliament, and thus was a central figure in developments which attended the crisis arising out of nationalization of the Iranian oil industry.
In 1951 he resigned his post in disagreement with policies of Dr. Mossadegh. More recently, however, he has been brought back into the government because of his expert knowledge of oil affairs.
The Prince was interested to know that an Iranian, Mohammed Quoli Darenahoori, had studied at Howard County Junior College and was pursuing his technical studies of petroleum in California.

Pope's Condition Reported 'Satisfactory' By Vatican

By STAN SWINTON
VATICAN CITY (AP)—The Vatican called the Pope's condition satisfactory today, but renewed anxiety for his life was emphasized in reports on the severity and range of his ailments.
Roman Catholics throughout the world were joined in prayers for recovery of Pope Pius XII. His closest associate, Msgr. Giovanni Batista Montini, went to his bedside in the Vatican palace.
The Vatican disclosed officially that the 78-year-old pontiff had received treatment for "peritoneal irritation attended by abdominal tension." This condition is an irritation of the lining to the abdominal cavity. It reflected the Pope's long struggle against a gastric disorder accompanied by spells of hiccuping and nausea.
The bulletin of the Pope's physician, Dr. Riccardo Galeazzi-Lisi, said X-ray and clinical examina-

tion made yesterday afternoon showed nothing alarming. Vatican sources said privately that an ulcer was a complicating factor.
There were conflicting reports about the condition of the Pope's heart, but it was emphasized that he came through the night "relatively tranquil."
Early last night, soon after the Pope took a turn for the worse, a Vatican press spokesman said the pontiff had suffered a heart collapse. Later the Vatican omitted references to the heart. However, unconfirmed reports were heard that he had suffered a lighter, second heart attack during the night.
After issuance of the physician's bulletin at noon (6 a.m. EST) the Vatican press office said a further bulletin could not be expected for several hours.
The noon bulletin, read to reporters, said:
"Yesterday afternoon, Dec. 2, the condition of the Holy Father suddenly worsened because of a peritoneal irritation accompanied by abdominal tension."
"Clinicians and X-rays, made immediately, did not show anything alarming."
"We immediately began necessary therapeutic treatment."
"The night has passed relatively tranquil."
"The general condition of the Pope can be said to be satisfactory."
Clemente Cardinal Micara, the Pope's vicar general for the city of Rome, called on the more than 400 million Catholics everywhere to pray for the pontiff's recovery. Special prayers were said in all Rome churches.
The Pope has been unable to take food by mouth for several days. His physician yesterday described him as conscious and completely lucid. But apparently he was unconscious for a time after his collapse.
In Washington, President Eisenhower expressed hope for Pius' speedy recovery.
The Pope's illness started as a recurrent of the gastritis and hiccup that struck him down early this year, confining him to his Vatican apartment for weeks.

Leveling Coat Put On Fourth

A leveling coat was being applied to the downtown sector of Fourth Street this morning, and actual topping is to be laid in the next few days.
Application of the thin layer of rock mix today is to fill all the cracks in the old pavement, it was announced by L. K. Mathews, Highway Department inspector. This layer will extend from Lancaster to Nolan.
The leveling-up should take two or three days, and then Jarbet Construction Company will fire up its hot mix plant for the actual topping.
Emulsion was spread on the present paving Wednesday and Thursday in preparation for today's tack coat. Parking meters were hooded, and the streets have been kept clear for the operation.
It was announced that every effort will be made to keep traffic moving in a north-south direction while the topping operations are under way.
Date for topping operations to begin on the east and west sectors of the Fourth Street artery has not yet been announced. However, the contractors previously announced, they were shooting for a year-end completion date on the entire project here.

Judge Dismisses Anti-Trust Suit Against G M Combine

WEIGH EVIDENCE

Jury Deadlocked At Trial Of Davis

A jury which said it was "hopelessly deadlocked" continued to weigh evidence in the Ray Davis murder trial at noon today.
The panel started its deliberations at 7 p.m. Thursday, retired for the night at 10:30 and resumed consideration of the case at 8:30 a.m. today.
At 9:30 a.m. Foreman Alton Underwood sent Judge Charlie Sullivan a note saying, "We are hopelessly deadlocked and unable to reach a decision."
About an hour later the judge called the jury into open court and told the jurors they weren't being discharged at that time.
The written statement, which the judge read and then handed to the jury, said "Gentlemen of the jury, the court does not feel that he can discharge you at this time."
Calloway Huffaker, Davis' attorney, objected to the statement, claiming that it constituted an additional charge to the jury.
Judge Sullivan said later in his

office that the jury would not be discharged before 2 or 3 p.m. unless it reached a verdict in the case which has consumed all of the week.
Testimony was completed in the trial early Thursday afternoon. The defense rested and both sides closed after J. B. (Jake) Bruton, former Howard County sheriff, testified that the reputation of Robert A. Childers "was generally bad."
Davis is charged in connection with the death of Childers on March 27, 1953. Childers died as a result of shotgun wounds in the upper abdomen, Dr. R. B. G. Cooper, another witness, testified.
While Bruton was on the stand, the defense attorneys attempted to introduce testimony concerning the death of Childers' wife, Alice Marie Childers, on April 2, 1952. The prosecution's objections to such a line of testimony were sustained and Huffaker was allowed to file a bill of exceptions in which he brought out that Mrs. Childers died of gunshot wounds and that the wounds were caused by a rifle owned by Bob Childers.
Huffaker also sought to introduce portions of testimony given by the defendant on a previous trial. The court ruled against admission of the testimony and also held that the defendant could not take the stand for the limited purpose of developing the bill of exceptions.
The attorney said testimony he wanted in to record included a statement of the defendant that Childers had said to him, "Ray, I need Pat. I am going to keep her here. Why do you think I got rid of my wife?"
Warren Burnett and Davis Scarborough, state's attorneys, objected, saying they were sustained on grounds that introduction of portions of the testimony or limited testimony on the part of the defendant would infringe on their right to cross examine.
The defendant did not take the stand, and the only other defense witness testified concerning Childers' reputation and activities. E. C. (Bud) Tucker, former operator of the Jet Tavern, said that on one occasion he saw what he took to be a pistol stuck sticking from Childers' boot at the establishment. He said he saw the gun following a

Suspects Found Hiding In Ditch

ISLETA PUEBLO, N. M. (AP)—State police captured today two men wanted for slaying an Albuquerque policeman and wounding another.
Lawrence Snow and James Isted, were found hiding in a ditch near Los Lunas close to an old railway bridge. Los Lunas is 25 miles south of Albuquerque. Neither resisted.
Officers were led to the hiding place by a hound which followed their tracks.
Police Chief B. E. Roach said the men were still armed when captured by four officers who surrounded them about 14 miles south of the Isleta pueblo where 300 officers had pinned the men down all night.
Both are charged in the murder of patrolman Frank Spolander and the wounding of patrolman Eugene Casey early Wednesday morning at the two officers made a check. A third California gunman, James Spahr, died in the gunbattle.

Rad Ware Named Polio Chapter Head

Rad Ware, former vice-chairman of the Howard County Chapter of the National Foundation for Infantile Paralysis, was promoted to chairman Thursday night in a meeting at the Chamber of Commerce. Ware succeeds Mrs. W. O. Underwood, who moved away from the city.
George Zachariah was elected to the vice-chairman post by unanimous acclamation of the other members.
The chapter also approved payment of bills of over \$500, and, upon the recommendation of the medical board, approved further medical examination for a polio case.

McCarthy Censure Voted On 2 Counts

By JOHN CHADWICK
WASHINGTON (AP)—Sen. McCarthy (R-Wis) stood condemned for his conduct today by a 67-22 vote of his Senate colleagues.
The judgment of the Senate was handed down late yesterday and after the vote was in McCarthy told newsmen he was "very happy to get this circus over with."
The vote adopting a resolution condemning McCarthy's conduct on two counts capped an extraordinary session of the Senate, begun Nov. 8, that became increasingly tense and bitter.
On the final vote Republican senators divided evenly, 29-22. A solid lineup of 44 Democrats voted for passage of the resolution. So did Sen. Morse of Oregon, the Senate's lone independent.
Thus McCarthy became the first senator since 1929 to suffer an official rebuke from his colleagues for his actions, and the fourth in Senate history.
Despite the sharp Republican split on the issue, some GOP senators said they did not believe it would leave lasting scars within the party.
Sen. Bennett (R-Utah), author of one of the counts adopted by the Senate, said in an interview that

Parents May Face Action In Delinquency

Parents may have to answer for the actions of their delinquent children in the future, warned County Judge R. H. Weaver Thursday in a juvenile hearing.
Weaver was talking to three boys involved in shooting at a T&P train Monday. A. E. Long, county juvenile officer, told the judge that the boys had not been keeping regular school attendance and had been in trouble before.
The boys denied shooting at the train; however the 11-year-old Negro boy placed the blame on the 14-year-old boy. The judge told them they were all guilty because each had participated in the shooting.
Weaver said he didn't want to see the boys in his court again and he expected them to go to school every day. And, he warned, if they did get into trouble again or missed a day in school, he would impose punishment on the parents as well as the boys.
The boys assured the judge that they did not want to see their parents in jail. Weaver ordered them released after telling them to drop by to see Long, the juvenile officer, once a month.

Father Of Fire Chief Crocker Dies In Lufkin

V. V. Crocker, father of Big Spring's fire chief, H. V. Crocker, died about 2 p.m. Thursday while his son was at his bedside in Lufkin.
Funeral services are pending the arrival of relatives from various parts of Texas. The entire H. V. Crocker family left Big Spring for Lufkin following news of the death.

YULE FUND GETS GIFTS

Three gifts boosted the Christmas Cheer Fund here Friday.
These combined for \$20, bringing the fund total so far to \$43. Proceeds will be used to provide materials for rehabilitation of toys by City Firemen and for distribution of them and goodies at Christmas time.
Contributions included \$10 from Mrs. W. I. Broadbush and \$5 each from Mrs. C. L. Rowe and R. V. Jones. Others who will help are urged to mail checks to the Christmas Cheer Fund in care of The Herald. Gifts will be acknowledged and turned over to the firemen for the project.

SAY, THANKS, TITLE'S NICE

COLORADO SPRINGS, Colo. (AP)—It isn't every day that an Air Force major becomes a major general.
But for this week an officer newly assigned to Continental Air Defense Command headquarters here holds that honor — on paper, at least.
The Air Force Journal, an unofficial publication in Washington, listed officers with the rank of major general reassigned this week.
Among these is Major General R. Pearson of Escondido, Calif. Pearson is probably getting the title by now. His first name is General. His rank is major.

U.S. Seeks U.N. Action On Imprisoned Americans

By TOM HOGE
UNITED NATIONS, N.Y. (AP)—The United States pressed today for U.N. action to free 11 American airmen jailed by Red China on spy charges. The move brought quick response from America's 15 Korean Allies.
U.S. Chief Delegate Henry Cabot Lodge Jr., after a high-level meeting in Washington, called the Allies into emergency session last night to discuss the speediest course of action. He voiced confidence the U.N. would support any move the Americans might decide on.
President Eisenhower told newsmen in Washington yesterday he did not see "how the United Nations can possibly discharge itself of a feeling of responsibility in this matter, and retain its self-respect." Similar views have been expressed by congressmen. The airmen flew under U.N. colors.
Informed sources said Eisenhower may underscore his interest in the case by sending Secretary of State Dulles here to take a personal hand.
U.N. circles said there were three main avenues of action:
1. Bring the matter before the Security Council — where undoubtedly it would run into the Soviet veto.
2. Ask U.N. Secretary General

Holds Government Didn't Prove Case

CHICAGO (AP)—U.S. Dist. Judge Walter J. Labuy today dismissed the government's civil antitrust suit against the DuPont interests, General Motors Corp. and the United States Rubber Co.
Judge Labuy held that the government had "failed to prove conspiracy, monopolization, a restraint of trade, or any reasonable probability of a restraint."
The judge held "there has been no conspiracy to restrain or to monopolize trade, and no restriction or monopolization of the market."
"The essence of the conspiracy and restraint which the government charged and sought to prove in this case," he said, "is the al-

leged limitation on General Motors' ability to deal as it pleased with competitors of Du Pont and United States Rubber."
Labuy's opinion said "the court finds that there has not been, nor is there at present, a conspiracy to restrain or to monopolize trade, and no limitation or restraint upon General Motors' freedom to deal freely and fully with competitors of Du Pont and United States Rubber."
He continued "there is no limitation or restraint upon the freedom of General Motors to deal with its chemical discoveries, no restraint or monopolization of the General Motors market, and no restraint or monopolization of the trade and commerce between Du Pont and United States Rubber."
"The government has described the action as the biggest antitrust case in U. S. history."
The government's civil suit was against E. I. du Pont de Nemours and Co., the General Motors Corp., the U. S. Rubber Co., three Du Pont holding companies and 33 members of the Du Pont family.
The government asked the judge, who heard the long trial without a jury, to force the Du Ponts to dispose of their stock interest in General Motors and U. S. Rubber.
Government attorneys claimed the Du Ponts bought General Motors and U. S. Rubber stock so Du Pont products could be sold to those huge firms with little competition from makers of similar products.
The Du Ponts contended they bought the stock in the two companies because the purchases were good investments, and asserted Du Pont salesmen had to hustle for whatever business they got from General Motors and U. S. Rubber.

State Highway Plans Backed

AUSTIN (AP)—A statewide highway study committee gave assent today to a proposed 2.5 billion dollar highway construction program for Texas and poured out numerous suggestions for raising the money.
Among the proposals were increased gasoline taxes, a weight-distance tax on trucks, a tax on all oil products, a 5-cent per quart motor oil tax and others.
The construction program was increased 300 million dollars at the request of a San Antonio Chamber of Commerce spokesman. He said four-lane highways from San Antonio to Corpus Christi, to Laredo and to El Paso should be included in the plan.
There was no objection expressed to the proposed expansion of the plan.

Parents May Face Action In Delinquency

Parents may have to answer for the actions of their delinquent children in the future, warned County Judge R. H. Weaver Thursday in a juvenile hearing.
Weaver was talking to three boys involved in shooting at a T&P train Monday. A. E. Long, county juvenile officer, told the judge that the boys had not been keeping regular school attendance and had been in trouble before.
The boys denied shooting at the train; however the 11-year-old Negro boy placed the blame on the 14-year-old boy. The judge told them they were all guilty because each had participated in the shooting.
Weaver said he didn't want to see the boys in his court again and he expected them to go to school every day. And, he warned, if they did get into trouble again or missed a day in school, he would impose punishment on the parents as well as the boys.
The boys assured the judge that they did not want to see their parents in jail. Weaver ordered them released after telling them to drop by to see Long, the juvenile officer, once a month.

Rules Out Blockade

WASHINGTON (AP)—President Eisenhower, declaring the U.N. has a direct responsibility for their protection, heralded heavy U.S. pressure on the world organization today to win the release of 11 American airmen imprisoned in Red China.
"How the U.N. can possibly discharge itself of a feeling of responsibility in this matter, and retain its self-respect, I wouldn't know," Eisenhower said a news conference yesterday.
In an impromptu statement, he also ruled out in favor of peaceful means a naval blockade of the Red China coast. He said a blockade, proposed by Senate Majority Leader Knowland (Calif) and others, was "an act of war."
Furthermore, Eisenhower declared, the Communists in the Far East appear to be trying to "lead us into some impulsive action in the hope of dividing us from our allies."
He emphatically rejected any such action and reaffirmed the commitment of his administration to a policy of peace in developing free world strength with the hope of eventually achieving a "modus vivendi" — a way of living in peace along side the Soviet world.
He also rejected any suggestion of a break in relations with Russia, an idea also proposed by Knowland.
The Red Chinese announced ear-

Eisenhower Cites U. N. Responsibility In China

ly last week they had sentenced 13 Americans, two of them civilians, to prison terms on spy charges. The State Department denounced the charges as false and said the Red Chinese action violated the Korean armistice agreement for return of prisoners of war. The men had been held two years by Red China following their capture in the course of the Korean conflict.
The President was asked to explain the status of the two civilians. Listed by the Pentagon as employees of the Army Department, since he had referred in talking of U.N. action only to the 11 airmen.
He said that their status was cloudy and he could not discuss it in detail. Other officials said since they were not soldiers in uniform their status was different from that of the 11 airmen.
The question has not been officially clarified by the government, however.
Eisenhower volunteered his remarks about the imprisoned Americans at the outset of the conference, saying that the matter had to be fitted into "the global picture" of the cold war between the United States and its allies on one side and the Iron Curtain countries on the other.
American efforts to promote peace must not be interpreted as "appeasement," he said, but this

Successor To Pope Pius Probably Will Be Italian

ROME (AP)—The eventual successor in sitting Pope Pius XII as head of the Roman Catholic Church appeared likely today to be another Italian. But other possible candidates included natives of Australia, France, Colombia and Russia.

If the Pope dies, the church's cardinals will assemble in the Vatican's Sistine Chapel to choose their new leader. Prominent among likely choices is Magr. Giovanni Battista Montini, nominated one month ago as archbishop of Milan. He was one of Pope Pius' two pro-secretaries of state and long has been a close, able collaborator of the pontiff.

Borden School Bond Election Is Slated

GAIL — Borden County School trustees have set Dec. 11 as the date for a \$22,000 bond issue referendum.

The proposed issue, for school improvements including an adequate water system, would carry a maximum of 2 1/2 per cent interest over a 15-year period.

ited to their own ranks in naming a new Pope. A native of North Italy, Montini has spent most of his church career in Rome or the Vatican. Most of the other potential candidates also are Italian but one possibility is Gregory, Peter Cardinal Agagianian, patriarch of Armenia. He was born 58 years ago in the Caucasus region of Russia. Some observers believe his appointment would strengthen ties with the East.

Solon Reports MIG Circled His Airliner

BERLIN (AP)—Rep. Victor Wickersham (D-Okla.) arrived in this divided city today from Zurich. He said the commercial airliner which brought him was circled for five minutes by a Russian MIG fighter not far out. Wickersham said the jet approached the Pan American World Airways plane when it was over the Soviet zone about 15 minutes from Berlin. The airliner was flying in the regular air corridor.

Wickersham said the MIG was not aggressive and, he added with a laugh, "neither were we."

U. S. 87 Due Widening In North Howard

Improvement of U. S. 87 from Fairview to the Martin County line is included in a state highway betterment program announced Thursday.

Jake Roberts, Abilene, district highway engineer, said that the project would entail expenditure of approximately \$148,000 in state funds.

Mitchell County is included in the program, also, with State 101 from Colorado City to the Scurry County line due for improvement. This would cost around \$144,000.

Little less than a million dollars has been earmarked for expenditure in the Abilene district under the program announced Thursday in Austin by the Texas Highway Commission.

Chairman Ely K. Thornton pointed out that the funds were strictly from state sources and were being provided to protect the investment of the public in its highways.

Roberts said that the Howard County project would include 14.2 miles of U. S. 87. The work would be almost identical with that during the past summer when U. S. 87 was widened from 18 to 24 feet, the base strengthened and the over-all road smoothed.

Similar work is indicated on the Mitchell project for a distance of 8.3 miles. This is on a road put down originally under the old WPA program.

Work in both instances would be under direction of Ben Wilkinson, Colorado City, resident engineer for Howard, Mitchell and Scurry counties. Roberts said that the work would be slated for early spring of 1955.

Mitchell Sets Hereford Sale

COLORADO CITY — Mitchell County Hereford breeders met Thursday morning and voted to hold their Sixth Annual Hereford Sale on Jan. 22, at 12:30 p.m.

The sale will be held at the Tate Brother Auction Barns and was set to avoid conflict with the Mitchell County 4-H and FFA calf show which will be held at the nearby rodeo grounds that morning and afternoon.

Gus Chesney, Colorado City banker and Hereford breeder, was re-elected president of the Association, Roy Buchanan was re-elected vice president and Jack Burkhalter, county agent, secretary.

The Association also voted to invite Hereford raisers from the seven bordering counties to consign stock for sale. The age bracket was set at from 8 to 29 months and consignors must list their animals with the Association by Jan. 1.

For the first time, the top bull and cow will be selected from those offered for sale. Chesney said that the judge would probably be Stanley Anderson of Texas Tech. The two top animals will go on sale first with the sale position of the others to be determined by lot.

UNCLE RAY'S CORNER

Now and then we may hear someone complain about the post office. Perhaps a letter seems to take too much time to come from a point a thousand miles away.

Whether or not the complaint is justified, it is certain that our postal system is far ahead of what people had in past times. With airmail, we have made great progress during the past half century.

If we go back 2,000 years, we find that the Romans had a mail service. By modern standards, the letters moved slowly. An airpost letter will reach a person 2,000 miles away in an overnight trip. In ancient Rome at least a month passed before a letter could be delivered to a person who lived half that far away.

When a Roman wanted to write a letter, he was likely to tell a slave to bring him some wax tablets. These were broad sheets of wood, with wax on at least one side.

With a metal stylus, usually made of bronze, the Roman would write words on the wax. Perhaps three or four tablets were filled with writing before he told the slave to pass cord through the holes at the edges of the wooden sheets. When this was done, and after hot wax was dropped on the

slaves might go on foot while taking the letter to a friend of his master. If he traveled as fast as he could, he was likely to cover 50 or 60 miles in three days.

Mounted men sometimes carried letters. If they rode rapidly, changing their steeds from time to time, they were likely to cover 300 miles in a week. Galleys and other boats sometimes carried letters between Rome and Egypt.

Instead of using wax-covered tablets, some Romans wrote their letters on the Egyptian-type paper known as papyrus. In this case ink was used for writing the words.

Tomorrow: Rivers and Lakes.

Three Lectures Set For Doctors At VA Hospital

Three guest lecturers will talk at medical meetings to be held at the Veterans Administration Hospital here during the next two weeks.

All three are professors in leading medical schools and recognized authorities in their fields, said Dr. Jackson H. Friedlander, chief of medical services for the VA here.

They are Dr. Henry E. Meloney, research professor of medicine at the School of Medicine, Louisiana State University; Dr. Philip A. Tumulty, until recently professor and director of the Department of Medicine at St. Louis University; and Dr. M. T. Jenkins, professor of anesthesiology, Southwestern Medical School.

Dr. Meloney will be at the VA Hospital at 1 p.m. Thursday, Dec. 9. Topic of his lecture will be "Amblyopia," and it is urged that private physicians attend if at all possible. The lecture will be in the recreation hall at the hospital.

Dr. Tumulty will talk on various topics in internal medicine. He probably will be here on two days. His scheduled lecture is 1 p.m. Friday, Dec. 10, but he has tentatively planned a talk on Friday evening, Dec. 9, for the convenience of private practitioners.

Dr. Tumulty is now with the Johns Hopkins University School of Medicine.

Dr. Jenkins will speak here Thursday, Dec. 16, at 1 p.m. on "Uncommon Problems in Anesthesia Due to Deranged Physiology."

Students estimate that as many as 12 1/2 million of the 41 million immigrants to the United States since the nation was founded subsequently left the country.

Age Is Question In Rape Hearing

DALLAS (AP)—Attorneys contended today over the age of the defendant in the trial of Calvin Bennett, young Negro who has pleaded guilty to raping a 30-year-old white woman near suburban Hutchins.

The age of the defendant became the key controversy in the trial yesterday after Bennett, in a surprise move, pleaded guilty to the June 29 crime.

Bennett's age could control the severity of punishment. Judge Henry King said he would instruct the jury to find the defendant guilty and to assess punishment between a range of five years up to and including the death penalty.

If Bennett were 17 at the time of the offense the jury could assess the death penalty being asked by Asst. Dist. Atty. James Allen.

If he were only 16 when the civil engineer's wife was raped, he would have been a juvenile and life imprisonment would be the maximum sentence.

The victim pointed out Bennett as one of two Negroes who raped her at a neighbor's home southeast of Hutchins after stopping on a pretense of needing gasoline.

The other Negro, Floyd Jackson, 22, was assessed a death penalty July 23.

Texas Income Tax Total Shows Drop

WASHINGTON (AP)—Texans paid less in federal taxes this year than last.

A report by Internal Revenue Commissioner Coleman Andrews today showed Texans paid \$2,193,725,000 taxes in fiscal 1954, which ended June 30. In the previous fiscal year, their share of the national tax bill was \$2,272,857,626.

Andrews' report showed that a record national tax take of \$69,920,000,000 was collected in fiscal 1954, compared with \$69,687,000,000 in 1953.

Successful Candidate Drops Postal Dispute

OKLAHOMA CITY (AP)—Cowboy Pink Williams, catapulted to the state lieutenant governorship on the publicity of a sensational battle with postal authorities over his racy postcards, dropped the suit today.

Williams had sued to release his impounded mail, held by the Post Office Department since ruling that postcards he mailed a year ago were obscene. They ridiculed the Eisenhower administration. Williams is a Democrat.

Three Injured In Mishap With Cow

SWEETWATER (AP)—The collision of a car and a cow 15 miles east of here yesterday injured three persons.

The three, Mrs. Katie Ranelis, 37, Katherine Ranelis, 14, and Linda Ranelis, 7, were all members of a Ventura, Calif., family en route to Waco. None was injured seriously.

A total of 2 1/2 million tons of shipping files the Liberian flag.

Escopée Is Arrested

HOUSTON (AP)—FBI agents arrested yesterday David Collier, 31, who escaped from the Tennessee penitentiary, as he worked on a farm near Bryan. Agent George Burton said Collier, arrested on a charge of unlawful flight to avoid prosecution, was also wanted on a charge of armed robbery.

A total of 94 per cent of money raised through the Christmas Seal Sale supports tuberculosis control programs in the state where the money is raised. Six per cent goes to the National Tuberculosis Association for medical and social research, for service to state and local affiliates, for national and international cooperation against TB.

BIG SPRING HARDWARE
Sunbeam DEMONSTRATION

Factory representative here all day demonstrating famous Sunbeam appliances. See for yourself how wonderful these labor-savers are.

Sunbeam MIXMASTER
Larger bowl-fit beaters for higher, lighter, finer-textured cakes.
MIXMASTER does the perfect mixing job. New BOWL-FIT beaters shaped with bevels and bottom of bowl. Beaters revolve automatically. All the batter gets a thorough, even mixing in LESS TIME. Your hands are always free to add ingredients.

Sunbeam COFFEEMASTER
A. Put in water and coffee.
B. Set it! Forget it!
C. Love it! List of servers.
Shuts off when coffee is done. Resets to keep coffee hot.

Sunbeam TOASTER
All you do is drop in the bread. Bread toasts itself automatically. No levers to push. Toasts evenly—no popping or banging. Every slice alike—moist, dry, thick slices or thin.

Sunbeam STEAM-DRY IRON
Ping in for STEAM just as you do for current. No filling, spilling, running dry. Switch from STEAM to DRY instantly.

Sunbeam EGG COOKER
Cooks eggs the same every time you want as you like them—consistently, soft, medium, hard or any degree in between. Feather attachment also available.

Sunbeam BABY BOTTLE WARMER
Baby's bottle warmed the same every time—scientifically correct. Dome holds steam for all-over warming. Nipple sterilized automatically.

Sunbeam SHAVEMASTER
Bigger, single, SMOOTH head shaves closer and faster than any other method, wet or dry. And with more comfort and convenience. Best shaver for all types of beards—no beard too tough, no skin too tender.

DATE DATA

By Beverly Brandow

Dance Manners

Questions, questions, questions! My how they descend when you're planning a big dance date. And oh, those expenses! It's hard to say who has the worst of it. The boy has to pay for the tickets, transportation, flowers, and refreshments for both, it's true, but he usually has a good navy suit that can go dancing as well as to church. Girls clothes aren't as dual purpose, and a cocktail dress is nothing else, but, and alas, a girl can't wear the same one too often or she gets pegged as "the girl in the green dress." A new dress makes a dance an expensive affair for her, too. Must a fellow get his date a corsage? Emily Post says it's not compulsory, but if you could see the long faces of girls who don't

get them, you would think it was. Girls love flowers and a dance is just about the only occasion big enough to merit them. "Should you buy your own?" worried girls often ask. Absolutely not. The occasion may be less than perfect without the almighty corsage, but it will be a real flop if the boy is miserable thinking you are wearing flowers sent by a rival, or worse yet, that you think him a miser or broke and bought your own. Instead get some artificial flowers. If they are life-like, other girls may not notice the absence of the real thing and the boy will probably imagine they came on the dress. You can easily remove them if he arrives box in hand. What about transportation? Streetcars and buses are fine for many kinds of dates, but a dance, other than a sockhop, is not one of them. Girls like to look their best at dances and it's not fair for their afternoon's preparations to be wiped out by walking through the streets in dance slippers or getting the curl blown out of their hair on a bus. Have a heart. If you can't get the family car or arrange a double date, shell out for a taxi. I know it's expensive, but dances are rare and far between. To avoid awkward situations at the dance altogether, write Beverly Brandow in care of The Herald for her free booklet, "Prescription for Popularity." Enclose a stamp to cover mailing.

Fire Endangers Father, Baby Son

Assisted by police, a father holding his crying baby son struggles up a hill as he flees from flames sweeping through a squatters' village in Kowloon, native quarter of Hong Kong. Forty huts were destroyed and 200 persons made homeless. In the smoke-shrouded background are others fleeing the flames. (AP Wirephoto).

RELIEF AT LAST For Your COUGH

If a common cold left you with a cough that has hung on for days and days act quick. It is dangerous to delay. Chronic bronchitis may develop. Get a large bottle of Creomulsion and take as directed. Creomulsion soothes raw throat and chest membranes, goes into the bronchial system to help loosen and expel grumpy phlegm, mildly relaxes systemic tension and aids nature fight the cause of irritation. Use Creomulsion and get wonderful relief at last. Creomulsion is guaranteed to please you or druggist refunds money.

CREOMULSION

relieves Coughs, Chest Colds, Acute Bronchitis

Dorsey Hardeman Governor For Day

AUSTIN (U)—Texas had a new governor for a day today: A West Texas lawmaker famous for voting "no." He is Dorsey Hardeman of San Angelo, president pro tem of the Senate and third in line of succession as governor. Gov. Shivers and Lieut. Gov. Ben Ramsey both were out of the state. Shivers was in Chicago for an Interstate Oil Compact Commission meeting. Ramsey also was on a brief trip out of Texas. By long standing agreement, governors and lieutenant governors follow this arrangement in order to give presidents pro tem of the Senate at least one brief fling at being chief executive. Hardeman will collect \$33, one day's pay as governor, and to climax his administration, friends and legislative colleagues will honor him with a dinner.

Protestant Council Prays For Pope Pius' Recovery

BOSTON (U)—The biennial General Assembly of the National Council of Churches, representing 35 1/2 million Protestant and orthodox church members, sums up today with a closing message expounding a Christian view of world problems. Methodist Bishop Gerald H. Kennedy of Los Angeles, chairman of the message committee, presented for discussion a draft dealing with such questions as the struggle between the free world and communism, the battle for an enduring peace, the need of vigilance to maintain our liberties and how best to achieve desegregation. The gathering, representing a major portion of American Protestantism, called a dramatic halt in its proceedings yesterday to offer prayers for the recovery of Pope Pius XII, head of the Roman Catholic Church, which is not represented in the council. Some 1,200 delegates stood in silence with heads bowed after they were informed by the council's new president - elect, Dr. Eugene Carson Blake of Philadelphia, of "the illness, the serious illness, of

His Holiness, Pope Pius XII." He interrupted a business session to suggest the moment's prayer. The delegates unanimously approved a message, to be transmitted to Vatican City through Archbishop Richard J. Cushing of Boston. At the final session today the council installs its new president, Dr. Blake, in a ceremony at Old South Church. Dr. Blake, top administrator of the Presbyterian Church in the United States was elected unanimously yesterday. One of the foremost theologians of his denomination, Dr. Blake has been active in national and world interdenominational Christian movements.

Humble Answers Suit On King Ranch Lease Operations

HOUSTON (U)—There's \$1,250,000 waiting for five Chicagoans any time they want it, Humble Oil and Refining Co. said yesterday through an attorney. Rex Baker, general counsel for Humble, spoke about a suit filed Wednesday by the five, three of them heirs to about one-sixth of the original King Ranch. A duplicate of the suit was filed yesterday in Federal Court after the plaintiffs alleged in their state District Court suit that Humble "dispossessed" them of mineral interests amounting to some \$1,500,000. Baker said the money waiting was in \$250,000 in royalty checks mailed to the plaintiffs and never cashed and accrued royalties of one million dollars they can have "anytime they want it." The plaintiffs are Edwin Atwood, Alice Atwood, and Richard Atwood, heirs of Mrs. Henrietta King, widow of the King Ranch founder; Thomas Fisher, their attorney, and Ruth Fisher. The Fishers are part owners of the more than 100,000 acres of land involved. The suits ask the courts to rule on the mineral rights, profits and proceeds from the land. They demand an accounting and alleged that Humble has continued to take oil and gas from large tracts in Willacy, Kenedy and Jim Hogg counties since a 20-year lease expired Sept. 23, 1953.

Railroad Pair Charged

HOUSTON (U)—Charges of embezzling passenger fares collected on interstate trains were filed yesterday against a railroad conductor and brakeman with 30 years of service between them on the Missouri Pacific. Leon Briggs, 56, and Alcee Washington, 78, were arrested in Houston yesterday.

Third Charge Filed Against Grandma Doss For Murder

TULSA (U)—Another murder charge was filed yesterday against Grandma Nannie Doss at Lexington, N.C., the third placed against her in as many states. She is now accused of poisoning her husbands in Tulsa, Lexington and Emporia, Fla. The widow, 49, who has admitted feeding rat poison fatally to four of her five husbands, is in jail at Tulsa awaiting a hearing Dec. 15 for the death Oct. 6 of husband No. 5, Samuel Doss, 58, of Tulsa. The plump housekeeper's second murder charge was filed at Emporia for the death of Richard Morton Sr., 64. The charge came after an autopsy on the body of mate No. 3, Arlie Jackson Lanning, who died Feb. 16, 1952. A toxicologist said Lanning's body tested "heavily positive" for poison.

ELECT PAT BULLOCK

STATE SENATOR

"Qualified by 10 years experience in the Senate" SERVICE ON EVERY MAJOR SENATE COMMITTEE Your vote & influence will be greatly appreciated. BE SURE AND VOTE DECEMBER 11 (Paid Pol. Adv.)

HIS RECORD SHOWS HE STANDS FOR:

- Economy in government
- Minimum taxation
- Continued refund of tax on tractor gasoline
- Adequate aid to the aged, crippled children & needy blind
- More farm-to-market roads & improved highways
- Adequate salary for teachers
- Tax on natural gas sold out of state
- State control of natural gas & all natural resources
- Water & soil conservation
- More tax revenue for cities

- Full-Width Freezer
- Four Door-Shelves
- Handy Twin Crispers

Compares with famous brands selling for \$70 to \$100 more. Smart "frosted" pastel-green interior, white enameled exterior. Freezer holds over 50-lbs. of frozen food and ice cubes. Twin Crispers store over 1/2 bushel fruits, vegetables. Two handy lift-out liquid coolers keep beverages ice-cold. Butter keeper. 5-yr. warranty on freezing unit.

\$10 DELIVERS ON WARDS MONTHLY PAYMENT PLAN

\$299 Quality

Hagar's bitter experience taught humanity that one wife is all that can make a home happy. One loyalty, one love, cannot be divided nor shared. "Hagar departed and wandered in the wilderness of Beer-sheba." — Gen. 21-14.

Buyers Aren't Fooling, So It Looks Like A Bumper December

The magazine Sales Management predicts a \$16.9 billion retail sales record for December, up three per cent above last year in dollar volume. The reason: a year ago a lot of people were anticipating price breaks which didn't come. This year merchants are aggressively wooing customers with advertising and price promotions. Finding prices either stable or a bit lower, the customers are responding.

Good news for this oil-soaked area comes from the U. S. Bureau of Mines, which predicts an increase this month in the amount of crude oil consumed here or exported. The figure: over 6.5 million barrels a day. And a cheerful little note handed on by the AP's business reporter: "Purchasing agents report that in many industries new orders are coming in faster than production is rising."

Military Proposals Crucial So Long As Conditions Precarious

Secretary of Defense Wilson has now given the country an outline in brief of what to expect by way of an armed forces program in the upcoming session of Congress. First, he expects military spending to total about \$35 billion next fiscal year, and the total of funds to be asked of Congress at from \$28.5 billion (which is the amount appropriated this fiscal year) to \$34.5 billion.

Not much if anything would apparently be done about the reserve situation, which is bad, and there is no change indicated with respect to the National Guard. What Congress does with the Defense Department proposals remains to be seen. But the basic problem remains, and can be expected to endure for as long as communism threatens the world; how to build and maintain the most effective military forces of which the country is capable, and to prevent complacency, unwise economy and pacifism from gradually wearing it away to the point of national calamity.

These Days—George Sokolsky

Red China's Constitution Goes With Marxist Line In All Details

While some Americans continue to believe that Red China will separate from Soviet Russia, Mao Tse-tung and his associates have answered the question by proclaiming a new constitution that follows the Marxist line in every detail. This should be so historically inevitable as the Chinese Communist Party has continuously taken an orthodox Marxist position since 1921. The first paragraph of the preamble clearly states the position: "The Chinese people, after more than a century of heroic struggle, finally achieved in 1949, under the leadership of the Communist Party of China, their great victory in the People's Revolution against imperialism, feudalism and bureaucratic capitalism, thereby ending the long history of oppression and enslavement and setting up the People's Republic of China, a people's democratic dictatorship. The system of people's democracy—new democracy—of the People's Republic of China ensures that China can in a peaceful way eliminate exploitation and poverty and build a prosperous and happy socialist society."

Red China to Soviet Russia. It is not a matter left to individual judgment; friendship for Russia is the organic law of the land. "China has already built up an indelible friendship with the great Union of Soviet Socialist Republics and the people's democracies; the friendship between our people and peace-loving people throughout the world is growing day by day. . . . The form of government adopted is described as "democratic centralism," the current Soviet substitute for the "dictatorship of the proletariat." "Democratic centralism" means that while the officialdom is chosen at a so-called democratic election, the control is from the top down, requiring a blind and abject obedience to the dictates of those in control of government. Article 4 of Chapter 1 specifically says: ". . . through socialist industrialization and socialist reconstruction, (the state) ensures the gradual abolition of the exploiting system and the building of a socialist society."

POTOMAC FEVER

WASHINGTON (U.S.)—The Senate finally votes on Joe McCarthy. The issue here is really one of economy. How can a Senator wash out Joe's mouth with soap, without losing the soap—and his fingers? The State Department considers Gov. John Lodge of Connecticut as Ambassador to Spain. The logical compromise was Spain. Lodge can speak flawless English—while his wife can speak fluent Italian. Winston Churchill celebrates his 80th birthday. His political future is bright. After he matures a few more years, he can move to America—and get elected to the Senate as a Democrat. Republican Senator Jenner blasts Republican Senator Flanders. Under the party's new code of etiquette, a GOP Senator is supposed to drop by a fellow Republican's desk every day—and leave his name-calling card. Ike prepares to brief 250 mayors on problems of civil defense. The Republicans' chief civil defense problem right now is how to be civil without defending each other. Gen. Clay, Ike's highway advisor, urges a \$26 billion road program. The best way to improve traffic is for the finance company to insist that every man drive his car as though he owned it. Democratic Senators support Secretary of State Dulles' refusal to block Red China. The difference between the Acheson foreign policy and the Dulles foreign policy is two years.

Another Challenge To The Champ

The World Today—James Marlow

Question About McCarthy Is Whether He Can Return To The Offensive Now

By JAMES MARLOW WASHINGTON (U.S.)—The unanswered question about Sen. McCarthy is not whether he will go on as before—he says he will—but whether he can so handle himself that he won't get tied down again as he was in 1954. In the past he made headlines hunting Communists. This year he made headlines but not so much for hunting Communists. The hunting was thoroughly interrupted by the Army-McCarthy hearings and the hearings and debate on censure. He had to spend most of 1954 defending himself. But at the very moment he said he would continue as before, he recalled he had been repeatedly investigated and predicted he'd get more of the same again.

Since he will not change, he says, and will still hunt Communists, although being so much himself got him into knots that ended the hunting, then his problem is how to be himself so smartly that he can't be interrupted or tied down. He can't claim he was smart in all he did this year. At the very moment he was up to his neck defending himself against censure, he put on a brand new performance which made censure a certainty. McCarthy, like anyone else, acts and speaks out of his own personality. It was being so consistently McCarthy, and therefore unique in American politics, that he gained fame and a following. Both might change him if he tried to change his ways which may seem to him a good reason for not trying—by showing more restraint in his accusations and more respect for other people, at least senators. No matter what the compulsions of his personality may seem, he can show restraint when he wants to or feels he has to. He demonstrated that when he went before the Senate committee investigating censure charges against him. Before this committee, headed by Sen. Watkins (R-Utah), McCarthy yielded not an inch to criticism. But his conduct was almost subdued, and most of the time respectful, when compared with some of his other performances. McCarthy was in a peculiar situation then. The Watkins committee had been created by the whole Senate to determine whether his conduct toward senators and others had been contemptuous. If he had been contemptuous of the Watkins committee it not only might have prejudiced the members against him—he said some were already prejudiced—but it might have given added ammunition to those foes who said he was contemptuous. So long as the committee had not made a report, there was a chance it might turn out in his favor. Until that report came out condemning his conduct McCarthy treated the committee with a fair amount of respect. It recommended he be censured for (A) contemptuous conduct toward a previous committee which had investigated his finances and (B) for abusive treatment of Brig. Gen. Ralph W. Zwicker. Once Watkins made his report there seemed little chance McCarthy could beat censure in the whole Senate. But it wasn't final. He could have fought on constitutional and other grounds. He threw the chance away. He was so nettled by the Watkins' report—the worst setback he had ever suffered—that he attacked the committee collectively and individually, calling Watkins stupid and cowardly and the committee the "unwitting handmaid" of the Communist party. Senate reaction stormed against him. Shortly after this McCarthy went to the hospital with a bruised elbow for a week. His stay in the hospital gave him time to reflect on the damage he had done himself. At the very moment when he was defending himself against the charge that he was contemptuous of the Senate—for his treatment of the previous committee—he proved he was contemptuous by his treatment of the Watkins' committee. At least that's the way the Senate understood it for it condemned him yesterday for being contemptuous of both committees while throwing out the charge that he had abused Gen. Zwicker. It's McCarthy's choice of words toward the Senate which got him into trouble. He showed, at the Watkins' committee hearings, he can control his language if he wants to.

Notebook—Hal Boyle

100 Years Of Dull Living Hardly Worth The Bother

NEW YORK (U.S.)—Reflections on a Pavement Plato: There is a sudden new surge of interest in America in how one can live to be 100 years old. The gland meddlers and the nostrum peddlers are pumping up the idea now that the average man should breeze through an entire century before the wheezing breath of the whippers into his dulling ear. "Tag, boy, you've had it." They hold out the golden hope they can stay the steady onset of age, keep a man young and energetic years beyond the prime his grandfather knew, and win him the joys of a supple centenarian. To these dreams, I cry rubbish. Who yearns for a world in which the ordinary guy is born with the depressing prospect he will live to be 100? I remember years ago reading with strong distaste the desperate grasp on life by the elder John D. Rockefeller, one of the richest men of his day. He lived well into his nineties, became a shriveled husk of a man huddled in a blanket as he sat on an automatic turntable geared to give him the benefit of the moving sun. The man enriched medicine and mankind with his philanthropic millions. The best doctors dollars could rent weren't able to keep him alive to blow out the candles on the 100th anniversary of his birth. Some obscure men and women of his generation who never went to a doctor outlived him. Here are some suggestions on how to get more out of life by trying to keep from living to be 100: 1. The human heart has only about 2 billion—or is it 3 billion?—beats built into it. Wear it out by making it beat a bit faster for something you believe in besides yourself. 2. Count no day lost on which you fail to get your proper dose of vitamins but are surprised by a fun. 3. Don't miss the pleasure of wandering in today's fog by staying in bed to save your strength for tomorrow's sunshines. 4. It is better to explore life half-sick foot than it is to lie on your back reading a book on how to be healthy. 5. Remember that time isn't a calendar on a wall but a clock that ticks within you, that moments of flooding joy are better than barren years, and a crowded hour that measures your mettle as a man will make you a wider life than the pointless, purposeless endurance of an empty century. Life becomes a form of death when fierceness dies in the purpose of the heart; the turning pages of the calendar cease to be a chronicle and are a daily epitaph of one who has put mere existence above the art of living.

GRIN AND BEAR IT

The research on these was done by alert scientists who recognize the fact that smiling often is so more important than smoking cigars.

Radar Has Psychological Effect On Drivers Who Were Speeders

The opinions contained in this and other articles in this column are solely those of the writers who sign them. They are not to be interpreted as necessarily reflecting the opinions of The Herald. — Editor's Note.

This radar business has quite a psychological effect on drivers. After signs were posted in the immediate area stating that highways are now radar patrolled, car speeds decreased considerably. Law enforcement officials say the change was pronounced and very noticeable. It is the consensus among observers that one or two radar signs posted at intervals along the highway is more effective than an entire brigade of highway patrolmen. Drivers are willing to gamble—even with their lives—when they think they can get away with it. And most believe that they can escape a highway patrolman's ticket with a little luck. But the word "radar" makes the motorist think the jig is up. Drivers see the sign and automatically arrive at the conclusion that they can't beat science. Paul Crume of the Dallas Morning News recently pointed up a rather simple conception of radar by printing in his column a couple of letters which women wrote highway patrol offices. One woman, according to Crume, wrote officers that she had to make an emergency trip by car to a point some distance away from her home. She wanted "that radar" turned off so she could make some speed on the highway. Another lady wrote that her car was running just fine on the highway until she passed a radar sign. Immediately the car stopped with motor trouble, she was quoted as writing. Apparently she wanted "that radar" turned off too.

These two examples sound rather far-fetched, but they indicate that the traveling public possibly does not know so much about radar as they should. The general conception is that if you are speeding, radar will catch you. And so long as radar is operating where you happen to be driving, this is true. While on vacation last year, the only state I passed through which sported radar signs was Tennessee. My speed in Tennessee was much more conservative than in other states visited. Radar signs have been posted all over the state for about a month now, and they are on every highway. But as a practical matter, all highways are not patrolled by radar. As I understand it, and I could be wrong, only one radar set is now operating in each highway department division of Texas. If this is so, it would be an impossibility for all highways to be radar checked. There are more than 20 counties in this immediate district. But the motorist never knows where the radar set is, or just how long it will be there. Consequently most drivers still play it safe and stay within the speed limits. The highway patrolmen in Big Spring have not kept a radar set yet for a length of time. This means that it should be due in the area some time or another in the near future. Besides, it shouldn't be long before many other sets are in operation. When that happens, "that radar" sure enough will have to be turned off for a motorist to get away with speeding. CLIFFTON LAWHORNE.

Austin Recollections—Raymond Brooks

Political Playback

A motorist won't drive over much of Texas until he comes onto "the Circle" at Waco. It isn't nearly as fancy as some of the later highway "interchanges" such as Belton. But someday they probably will put up a bronze plaque at the Waco Circle to mark the pioneer in a completely changed pattern of traffic control in cities. For Waco was the first city in Texas that saw the need of getting through-state traffic off its downtown shopping streets and did something about it. A Waco and McLennan County citizens and taxpayers' committee sponsored the effort, in the form of a large local bond issue, to remedy the ancient situation. Newspaper Publisher Harlon Fentress was the chairman. Up to that time, and even then in Waco, there was sentiment to keep the through traffic on Main Street, even if the trucks couldn't get into the filling stations, or through traffic stop for the drivers to find food. It cost a lot of money to extend the various highways into the Circle, and still more money to secure the several miles of by-pass highway and a new bridge over

the Brazos. It cost the local folks a lot of money for rights-of-way. But the pattern set at Waco now has become standard for Texas, and most of the business judgment is that a city must free its downtown streets for the use of its own people. Until recently, the Texas Senate Chamber's ceiling was made up of about 150 panes of glass. They were five feet square, half an inch thick, and weighed something like 50 pounds. Word got around that this ceiling wasn't entirely safe. One day while the Senate was in noonday recess, one of the big panes crashed down from its 30-foot elevation, and smashed on the desk of Senator George Puri of Dallas. For a time there weren't any of those speeches that "shook the rafters," and the Senate passed a rule to prohibit wives sitting at the members' desks. Then the heavy glass was replaced with light material. One of the Senate desks still shows the deep gashes where that huge block of glass smashed on it.

Business Outlook—J. A. Livingston

Waterman Tries Comeback With New Type Pen, New President

Robert D. Howse carries six fountain pens, one ball-point pen, and one automatic pencil—all Waterman. Quite a load for an unreinforced pocket on a man's shirt. Howse is the newly elected 46-year-old president of the Waterman Pen Co., and his goal is to get you and everybody else to try a Waterman pen. That, he figures, will help him to put Waterman on top of the pen heap in this country, a position it lost in the 'thirties. So Howse keeps lots of "Here, try it" on hand. The fountain pen is a comparatively recent convenience, even though most school kids wouldn't know how to get along without it. It was thought of by the Romans, but they never developed a pen that would work, according to the publicity literature released by Bernard Rehn Associates in behalf of Howse and Waterman. Later, Louis XIV of France ordered his royal engineers to produce a fountain pen, but not until Lewis Edson Waterman spilled a bottle of ink was a workable fountain pen invented. Waterman was an insurance salesman. One day he brought an insurance policy—a completion bond—to a builder for signature. He pulled out his pen, bottle of ink, pen wiper, and blotter—to get the contractor's signature. Salesmen carried such paraphernalia in those days. Oops! Waterman spilled the ink over the policy. When he returned the next day with a new policy, too late. Another insurance agent had beat him to the sale. For want of an automatic pen, a contract was lost! Waterman, so the publicity says, then set to work developing a fountain pen.

He succeeded where Louis XIV's boys failed—by introducing a feed back of the nib—a series of notches or fissures to meter the flow of ink. All fountain pens have fissures, though they're not always visible. Without them, the ink would come out in blobs. In early imitations of Watermans, it often did. The first Waterman pen was filled with an eye-dropper. Next came the self-filling fountain pen. A rubber tube drew in the ink by suction. But it still required an ink bottle, with the danger of spill and dirty hands. Now, seventy years after Waterman's first pen, Howse thinks he has eliminated the ink bottle altogether. A new Waterman pen has been designed with a cartridge that holds the ink. It's an adaptation of the cartridge in ball points. But the pen point is flexible, so that the gradations from pressure—what the graphol-

Non-Working Wives Will Not Like This

By DOROTHY ROE
AP Women Editor

Working wives are better housekeepers than their stay-at-home sisters, and ask less help from their husbands, says Madge Lewyt, who spends most of her time inquiring into the housekeeping habits of U.S. women.

A few years ago Miss Lewyt volunteered to help her brother compile some facts about how modern women clean house and she has been at it ever since. The brother is Alex Lewyt, manufacturer of vacuum cleaners and other items. Says Madge, who bears the title of research consultant:

"In recent surveys I have found that women who work at a full-time job away from home all day tackle their housework the same way they do their office work. They organize it efficiently and don't get bogged down in it.

"Women who stay at home all day are likely to dawdle along at housework, using the old-fashioned methods they learned from their mothers. There's probably something psychological about it. These women have a feeling they aren't doing a big important job in just keeping house, and so they try to make it sound as hard as possible.

"These are the women who do most of the complaining when their husbands come home at night, and the ones who act hurt if their husbands don't help with the dishes or other chores."

Working women, on the other hand, says Miss Lewyt, seem to take pride in being able to do two jobs and do both well. She says: "Most women who work outside the home get the house cleaned up in the evening after dinner, and give the house a thorough cleaning once a week, usually on Saturdays."

"They learn to empty ashtrays and straighten up the living room before they go to bed at night, spending only a few minutes at it, but leaving it neat. They put away their clothes when they take them off, and keep up with all the little things that keep a house neat, instead of letting them pile up."

Charlene Huit Is Given Party On 10th Birthday

Charlene Huit was honored on her 10th birthday Wednesday with a party given by her parents, Mr. and Mrs. Charlie Huit.

The refreshment table, covered with a white linen cloth, was decorated with red and white chrysanthemums and the birthday cake featuring 10 red roses and white candles.

Cake and ice cream were served to Billy Bob Blackshear, Deirdra Kay Blackshear, Patricia Curry, Cheryl Weaver, Norma Jo Weaver, Dorothy Wooley, Edward Riden, Roy Lee Jones, Robert Jones, Carroll Jones, Glenda Nix, Weldon Nix, Leroy O'Brien, David O'Brien, Johnnie Smith, Ronnie Huit, Roger Dale Huit, Eva Huit, Elaine Huit, L. J. Hamlin, Eddie Hamlin, Floydene Hamlin and Irene Hamlin.

Prizes were won by Deirdra Kay Blackshear and Edward Riden.

2214
SIZES 10 - 20

Easy-To-Sew Style

Make this simple style in a wink with either short or three-quarter sleeves, collar, and button-on belt without waistline seam.

No. 2214 is cut in sizes 10, 12, 14, 16, 18, 20. Size 16: Style shown, 5 1/2 yds. 35-in.

Spend 35 cents in coin (no stamps, please) for Pattern, with Name, Address, Style Number and Size, Address PATTERN BUREAU, Big Spring Herald, Box 42, Old Chelsea Station New York 11, N. Y.

(Please allow two weeks for delivery) For first class mail include an extra 5 cents per pattern.

Just off the press! Brand new 1954-1955 FALL-WINTER edition of FASHION WORLD, including easy-to-make patterns as well as style forecasts and gifts for the family. IN COLOR, you'll find style as well as practical designs. Order your copy now. Price is only 25 cents.

Miss Lewyt has found that some women take all day to clean house simply because they have all day to spend. Actually, it should be possible to give a thorough cleaning to a three or four-room apartment in not more than two hours, she says.

Says Miss Lewyt: "After the years I've spent inquiring into such things, I've become convinced that it's better for both wives and husbands if the wife has a job outside the home, provided there are no small children. A job keeps her busy, alert and interested, and she becomes a better homemaker as well."

Modern Forum Has Program On Human Rights Thursday

A symposium on "What Segregation Means to Me" was held in the meeting of the Modern Woman's Forum Friday afternoon in the home of Mrs. T. G. Adams.

Mrs. Clyde Thomas Sr. was in charge of the program on Our American Way in Human Rights. Appearing on the program were Mrs. O. W. Carter, Mrs. A. B. Wade and R. A. Eubanks. Mrs. Thomas gave a review of the autobiography of Ethel Waters, "His Eye Is on the Sparrow."

Mrs. J. D. Leonard showed slides of scenes in Japan, which were made by her son on his recent tour of duty in that country. Refreshments were served to 12. The next meeting was announced for Dec. 16 at which time, members will bring food and gifts for a needy family.

The meeting will be a Christmas luncheon in the home of Mrs. Leonard with Mrs. Fred Whitaker, Mrs. Sam Baker and Mrs. M. A. Cook as co-hostesses.

Party, Initiation Planned By Lodge

STANTON—The Stanton Rebekah Lodge 287 will meet Dec. 13 at 7:15 p.m. for a regular lodge session. Initiation Degree will be conferred upon Mrs. A. L. Frith, who has been elected to membership. Mrs. Cecil White has been re-instated. Following the initiation, a Christmas party will be held. Each member will bring a gift to exchange.

Mr. and Mrs. Walter Graves and Granville and Mr. and Mrs. G. A. Bridges recently visited in Stamford in the home of Mr. and Mrs. Albert Baugh II and Patsy.

The Stanton Music Club will sponsor an organ recital by Jack Hendrix, professor of organ at Howard County Junior College, at 8 p.m. Monday, Dec. 6 at the First Methodist Church.

Mrs. Curtis Ervin, president of Stanton Music Club, has extended an invitation to all the citizens of Stanton and Martin County to attend the recital. There is no admission charge. A silver tea will follow the recital.

Shirley Ray New Theta Rho Prexy

Shirley Ray was elected president of Cayloma Star Theta Rho Girls at a meeting Thursday.

Elected to serve with her were Sue Zollinger, vice president; Larue Hayworth, recording secretary; Mary Lee, financial secretary; Denise Honey, treasurer; Barbara Kiser, team captain; and Claudine Butler, installing captain.

Notices of proposal were brought for Eddie Rogers, Reta and Dreta Wilson and Chloe Eubanks.

Plans were made to have a Christmas party Dec. 16. It was voted to send get-well cards to Miss Lee, Velma Mitchell and Jeann Shultz.

Fifteen members and two Rebekahs were present.

P-TA Program Has International Air

"Christmas in Other Countries" was the program given by Mrs. W. C. Blankenship's fourth grade at the meeting of South Ward P-TA Thursday afternoon. Carols were also included on the program.

Guest speaker was Dr. Jordan Grooms whose topic was "We the People Insure Domestic Tranquility." Lyle Price gave the devotion. Mrs. Alton Underwood reported on the recent state P-TA convention at Corpus Christi. It was announced that the Mothers March of Dimes would be held during the last week in January.

Mrs. Blankenship's grade won the room count. Refreshments were served to 33.

Jaycee-Ettes Party For Hospital Group

Women patients of the Big Spring State Hospital were guests of the Jaycee-ettes a party given Thursday evening at the hospital. This is one of a series planned by this group for the patients.

Pat McCormick shows with her muleta how to cite a Natural pass, used in preparing a bull for killing. The local torera went through a series of passes to illustrate her talk Thursday before the Officers' Wives' Club.

Pat McCormick Tells OWC About Her Art

Emphasizing that bullfighting is an art, not a sport, Pat McCormick was guest speaker for the Officers' Wives' Club Thursday afternoon at the Officers' Club.

She told briefly of the history of the fight and pointed out how to the Spaniards it is a symbol of man versus brute force.

Using the large fighting cape and then the muleta, Miss McCormick demonstrated a series of passes including the basic veronica, the chucuelino and the dangerous chest pass and showed how the bull is killed with the sword. She also explained each stage in the fight.

Illustrating her talk was a film made of one of her fights at Juarez, Mexico.

"Everything in bullfighting is truth; it is spontaneous," she stated and concluded her talk by saying that tragedy and glory are the essence of the fight.

A bright and flashing traje de luces, or suit used by male matadors, was displayed by the torera. Made in Spain and used about 1927, it was of red silk and hand-embroidered with sequins and gold. She also showed an ornate parade cape.

A painting by Mrs. Richard Patterson of Miss McCormick in the act of killing a bull was on display during the talk.

Moseley Family Holds Reunion

The J. B. Moseley family held a reunion recently in the home of Mr. and Mrs. Alton Rogers, 406 State.

Supper was served and a musical program was furnished by John MacFriedes, Bobby Barrett, W. R. Weatherford and Jessie Morale. The Rev. Ed Welch offered prayer.

Attending were Mr. and Mrs. Moseley, Joe, Shirley and Alta; Doyle, Eddie and Curtis Rogers; Mr. and Mrs. C. E. Robinson, Bill Ed and Glenda; Mr. and Mrs. Larus Barber, Jaylene, Donnie, Terry and Laris Kay, all of Big Spring and Mr. and Mrs. C. E. Robinson, Bill, Ed and Glenda of Midland. Wanda Robertson was a guest of the family.

Color Transfer Doll

By CAROL CURTIS
She is 8 1/2 inches, has brown eyes and hair, red shoes and can be ironed off pink cloth; pretty clothes are given actual size on chart; all stamping, stuffing, sewing instructions included.

Send 25 cents for PATTERN No. 341, YOUR NAME, ADDRESS, PATTERN NUMBER to CAROL CURTIS, Big Spring Herald, Box 229, Madison Square Station, New York 10, N. Y.

The NEEDLEWORK GUIDE, 36 pages, 150 designs for knitting, crochet, embroidery, hairpin lace, dozens of beautiful color transfers. Order as you do needlework patterns. Only 25 cents.

Lucky You! If Your Hair Is Silver

By VIVIAN BROWN
AP Women Editor

Who ever thought you'd see the day when gray hair would be glorified? But it is. More and more young people have adopted a silver curl here or there, much to the consolation of older women who acquire gray hair in the course of normal events.

This holiday season we'll be on the silver as well as the gold standard in coiffures. The older woman who chops her hair to smart hairstyle will find that she will be in the swim with "the girls." These days with a working world of women in various age groups it is easy to slide in to the youth bracket with a chic hairdo and wardrobe.

There is a difference however, between neatly coiffed silver locks and drab gray hair. If you are one of the thousands of women who have gray or snowy white hair, examine your grooming inventory.

Do you devote regular, not just spur-of-the-moment attention to personal grooming and care of your hair?

Do you experiment with flattering hair styles, avoiding extremes, keeping your hair lift to simple but not too-extreme lines? A little curl on the hair ends can do wonders. Give yourself a permanent wave. Some are designed especially for silver hair. These days with brightening ingredients in the permanent there is not so much danger of hair discoloration.

Wide Range Is Found In Budget Furs

By DOROTHY ROE
AP Women Editor

You don't have to afford mink this winter.

Tops on the list for Christmas gifts are smartly styled new inexpensive furs in light-toned blonde shades, supple, lightweight and endlessly useful.

Old favorites get new treatments this season. Raccoon, the college favorite of the 1920s, acquires a new personality in 1954 in sheared, bleached beige tones, used in jackets, short toppers and full length coats that are equally at home in town or country.

Other furs are emerging in new glamor versions, says J. George Greenberg, executive manager of the Associated Fur Manufacturers. These are mouton lamb and rabbit, priced to the limited budget and available in dozens of new lightweight styles and colors.

Rabbit fur is particularly popular for college wear this winter done in gay, youthful styles and dyed in every color of the rainbow, ranging from pale pink and blue to vivid green, royal blue and scarlet, in addition to the classic beige and beaver tones. The pastel furs are designed principally for party wear, the vivid tones for campus, sports and general round-the-clock use.

Christmas Program Given For AAUW

"Jesu Bambino" was sung by Joyce Howard and Van Dyke. "The Story of the Other Wise Man" was reviewed by Mrs. B. L. LeFever on the Christmas program for members of the AAUW Thursday evening.

The group met in the home of Mrs. Gilbert Gibbs. Preceding the program the club was led in singing Christmas carols by Mrs. Ruth Burnam.

During the business meeting, plans were made for a luncheon to be held at the Wagon Wheel on Jan. 8. Chaplain Charles J. Fiel of Webb Air Force Base will speak to the group on Anglo-American Relations. About 24 attended the meeting.

Legion Auxiliary Has Joint Supper

Members of the American Legion Auxiliary met jointly with members of the Legion for a covered dish supper Thursday evening at the Legion Hall.

The auxiliary voted to continue buying cigarettes for patients at the VA Hospital. It was announced that the auxiliary would not meet again until Jan. 6.

A film was shown and a social hour was held following the supper.

Turtle Club Party

Members of the Turtle Club planned a Christmas party to be held Dec. 10 at a meeting Thursday. It was also planned to attend a bingo party Dec. 10 and a dance Dec. 11 at the Servicemen's Center. The group played pool and dominoes and sang. Eleven members attended and guests were Betty Lane and Mary Ann Zaharak.

THIS IS GOOD EATING COMPANY CLAM CHOWDER

Ingredients
One 15-ounce can New England-style clam chowder, one 13-ounce can Vichyssoise soup, two 7 1/2-ounce cans minced clams, 1 pint heavy cream, 1/2 cup homogenized milk, minced parsley.
Method:
Turn clam chowder and Vichyssoise into large saucepan; add clams including liquid from cans, cream and milk. Heat thoroughly, stirring often, but do not allow to boil. Sprinkle parsley over each portion as you serve it. Makes almost 8 cups—enough for 10 servings. Use with the foods listed below.
Company Clam Chowder
Toasted Crackers
Baked Ham with Bahama Mustard
Waldorf Salad
Bread Tray
Layer Cake

Simone Silva Asks Permission To Stay In U. S. For Career

LOS ANGELES (AP)—British actress Simone Silva has informed immigration officials she wants to become a permanent resident of the United States.

Mrs. Silva, who kicked up a storm of controversy when she posed semi-nude with actor Robert Mitchum on the Riviera, may have to return to Europe after Feb. 3, 1955, when her present temporary work permit becomes void.

Immigration officials now must decide whether the actress' services are "urgently needed" by the United States due to her exceptional ability, and whether her presence would be "beneficial to the economic and cultural interests of the United States." These are clauses in the law governing Miss Silva's application.

She told newsmen yesterday she is anxious to become a permanent resident so she can accept a singing engagement at Miami Beach, Fla.

Mrs. Barr Is Added To Credit Club

Mrs. Gus Barr was accepted as a new member of the Credit Women's Club at the luncheon meeting in the conference room of the Chamber of Commerce Thursday at noon. Mrs. Joe E. Kuykendall presided for the business session.

A Christmas party was planned for the evening of Dec. 15 at 7:30 in the home of Mrs. H. D. Cowden. This will take the place of the regular meeting. Names were drawn for the exchange of gifts. It was voted to give a Christmas check to a needy family.

Mrs. Joe Blum brought the special prize and it was won by Katherine Homan. The program was in charge of Mrs. J. B. Apple, who spoke to the group on "The Cashing of Checks." Twenty-one attended the meeting.

Concordia Ladies Name Mrs. Budke As New President

New officers elected at the monthly business and devotional meeting of Concordia Ladies Aid of St. Paul's Lutheran Church are as follows:

Mrs. Leroy Budke, president; Mrs. A. H. Hoyer, vice president; Mrs. M. Carroll, secretary; Mrs. W. T. Pachall, treasurer; and Mrs. Moran Oppgaard, reporter.

The group met Wednesday at the Education Building. Mrs. Budke led the topic discussion, "Our Welfare Work." Rev. Hoyer gave the opening prayer and Scripture. Members voted to send several packages of food and clothing to needy persons in Europe and elsewhere through Lutheran World Relief, CROP.

Plans were completed for the annual Christmas party to be Dec. 18 at 7 p.m. at the Education Building. Gifts will be exchanged. Plans were also made for members to serve at the Servicemen's Center Sunday afternoon.

Mrs. Pachall served refreshments to 11.

Cover Girl's Confession by Gloria Shearer

"Beauty is my business," says Gloria. Then, like nine out of ten of America's leading magazine cover girls, she goes on to say, "and SweetHeart is my beauty soap!"

"Its more luxuriant lather, so rich and fragrant, keeps me fresh all day. Equally important, SweetHeart Care keeps my complexion soft and smooth as a baby's."

See for yourself. Change today to thorough care—with pure, mild SweetHeart. In just a week, thrill to how much softer, smoother, younger your skin looks!

Two Finals In Westbrook Field, One In Iatan-East Howard Today

Two completions in the Westbrook field and one in the Iatan-East Howard field were reported today along with discoveries in Midland and Ector counties.

Daniel and Clark No. 3 L. C. Denman was finished in the Iatan-East Howard field for 24-hour potential of 120 barrels of oil. Paul DeCleva No. 2-C Strain in the Westbrook field made 120 barrels, and Paul DeCleva No. 2-B Strain made 119.

A. Fasken No. 1-14 A. Fasken is in the flowing Grayburg discovery of Northeast Midland County. It made potential of 82.50 barrels of oil. Cities Service No. 1 TXL was finished as a dual discovery in Northwest Ector County.

Borden

Shell No. 1 Clayton and Johnson, C SE SE, 44-32-4n, T&P survey, has depth of 7,030 feet in sand and shale. Operator is conditioning hole before going deeper. This well is about 14 miles south-west of Gall and is slated for depth of 10,000 feet.

Tennessee No. 1 Fambrough, C NW NE, 18-33-3n, T&P survey, is flowing below 4,220 feet in dolomite. This too is a wildcat, about 2 1/2 miles east of Ackerly.

Texas Company No. 1-C Clayton, Good Northeast prospect, is boring below 4,220 feet in lime. Location is C SE SE, 30-32-4n, T&P survey.

Tide Water No. 1-A Clayton and Johnson, C SE NE, 46-31-4n, T&P survey, has bit turning at 5,982 feet in lime and shale.

Dawson

Stanford No. 3 Classen, 1,300 from north and 900 from east line, 25-M-EL&R survey, is reported at 6,510 feet in lime.

Seaboard No. 2 Dean, 3,302 from south and 1,980 from west lines, 11-34-5n, T&P survey, hit 4,803 feet in lime.

Ector

Cities Service Oil Company No. 1 TXL has been completed as a dual discovery from the Fusselman and Ellenburger. In the Ellenburger, it made 24-hour flowing potential of 1,117 barrels of oil.

Production is from open hole section between 9,422 and 9,509 feet, and gas-oil ratio is 788-1. In the Fusselman it made calculated 24-hour potential of 1,575 barrels. This was based on a four-hour flow of 282.42 barrels of 39.2 gravity oil through a three-quarter inch choke. Perforations opposite the Fusselman were from 8,294 to 8,326. Gas-oil ratio was 1,250-1. Location is about nine miles west of Goldsmith, Drill site is C NE SE, 21-45-1n, T&P survey. It is two miles northeast of the TXL field.

Glosscock

Joseph Grogg spotted his No. 2 M. L. Cooney as a Spraberry Trend project about 17 miles southwest of Garden City. It will be drilled to total depth of 6,500 feet, started at once. Location is 690 from south and 1,880 from east lines, 25-36-5a, T&P survey.

Howard

Daniel and Clark No. 3 L. C. Denman has been finished in the Iatan-East Howard field for a 24-hour potential of 120 barrels of oil. Test was taken through a 12-64th inch choke and recovery was three per cent water. Gravity is 31 degrees, and the gas-oil ratio is 400-1. Tubing pressure is 180 pounds. Operator used 500 gallons to treat pay zone. Total depth is 2,825 feet and the 5 1/2-inch goes to 2,745. Wellbore is 330 from south

and west lines, 10-31-1a, T&P survey.

Fleming and Fleming and Kimbell of Fort Worth staked their No. 12-E D. H. Snyder as a new Snyder field project. It will be drilled 990 from north and 330 from west lines, 21-30-1a, T&P survey. This project is about five miles south of Coahoma and will be drilled down to 3,200 feet. Operations are to start at once.

Duncan Drilling Company plugged and abandoned its No. 3 Coeden in the Moore field at total depth of 3,240 feet in lime. Drill site was 990 from north and west lines, 10-31-1a, T&P survey.

Menard

Tucker of San Angelo staked his No. 1 Sol Mayer as a wildcat in West Menard County about 18 miles southwest of the Menard community. It is 660 from south and 467 from west lines, section 72, Mrs. George Brown survey. It will be drilled to 6,000 feet.

Midland

A. Fasken of Midland completed his No. 1-14 A. Fasken as a flowing Grayburg discovery in the Germania-area of Northeast Midland County. Operator has asked that the well be named the opener of the Fasken (Grayburg) field.

It made potential of 82.50 barrels of oil. Flow was through three-eighths inch choke from perforations between 3,956 and 3,944. Total depth is 3,962 feet, plugged back to 2,959. The 5 1/2-inch casing is set at 3,962. Gas-oil ratio was 200-1, and tubing pressure was 40 pounds. Location is 330 from north and west lines, southeast quarter, 14-37-3a, J. V. Stokes survey. It is 18 miles east of Midland and about two miles southwest of the Germania field.

Mitchell

Paul DeCleva reported the completion of two projects in the Westbrook field. His No. 2-C E. T. Strain 467 from south and east lines, 2-28-1n, T&P survey, made potential of 120 barrels of oil. Gravity of oil is 28 degrees. Total depth is 3,055 and the 5 1/2-inch casing goes to 3,030. Open hole was treated with 10,000 gallons of sand oil. The No. 2-B Strain, 990 from south and 330 from east lines, 1-28-1n, T&P survey, made 119 barrels on pumping potential. Gravity was 28 degrees. Total depth is 3,025 feet, and the 5 1/2-inch casing goes to 3,000. Operator fractured with 10,500 gallons.

Stonewall

Norsworthy No. 1 R. G. Carpenter will be drilled as a wildcat prospector some 14 miles northwest of Aspermont in West Stonewall County. It is 660 from south and east lines, 181-B-H&T survey. Depth is set at 6,500 feet for a test of the Ellenburger.

Continental No. 1 F. H. French, C NW SE, 97-6-H&T survey, has total depth of 7,210 feet in shale and sand. Operator is apparently fishing for junk. This wildcat is 19 miles southeast of Sterling City.

J. M. Hawkins Trustee No. 3-A Glass Estate, about 15 1/2 miles west southeast of Sterling City, has been plugged and abandoned at total depth of 2,385 feet in dolomite. This project balled about 13 gallons of oil and 18 gallons of sulphur water on last report. It is 2,310 from north and 1,960 from west lines, 2-31-5a, T&P survey.

Sterling

Continental No. 1 F. H. French, C NW SE, 97-6-H&T survey, has total depth of 7,210 feet in shale and sand. Operator is apparently fishing for junk. This wildcat is 19 miles southeast of Sterling City.

Stonewall

Norsworthy No. 1 R. G. Carpenter will be drilled as a wildcat prospector some 14 miles northwest of Aspermont in West Stonewall County. It is 660 from south and east lines, 181-B-H&T survey. Depth is set at 6,500 feet for a test of the Ellenburger.

Stonewall

Norsworthy No. 1 R. G. Carpenter will be drilled as a wildcat prospector some 14 miles northwest of Aspermont in West Stonewall County. It is 660 from south and east lines, 181-B-H&T survey. Depth is set at 6,500 feet for a test of the Ellenburger.

Norsworthy No. 1 R. G. Carpenter will be drilled as a wildcat prospector some 14 miles northwest of Aspermont in West Stonewall County. It is 660 from south and east lines, 181-B-H&T survey. Depth is set at 6,500 feet for a test of the Ellenburger.

DELBERT DOWNING

Webb Graduates Hear Downing

Webb Air Force Base's next-to-the-last-graduation of the year took place at the Academia Auditorium this morning, with 41 student officers of Class 55-Echo receiving their pilot wings.

Included in the graduating class were three MIDAP student officers, one each from Cuba, The Netherlands and the Republic of Colombia.

In addressing the graduates and their guests, Colonel Cleon E. Freeman, commander, stated that he would gladly trade places—and ages—with any of the graduates in order to be starting in where they are today.

"Already," he said, "we are accomplishing feats and witnessing developments which we never even dreamed of 10 years ago—and the end is nowhere in sight." He advised each of the graduates to set as his goal being among the Air Force leaders of the future.

Following his introduction by Col. Freeman, Delbert Downing, manager of the Midland Chamber of Commerce, addressed the graduates briefly, taking as his theme the lines from a poem, "I would be brave, for there is much to dare."

In closing his talk, Downing stated that he and the majority of American people had unbounded confidence in the young men of the U. S. Air Force who, he declared, are not only good Americans, but also good representatives to the rest of the free world.

The presentation of wings and diplomas to the graduates was made by Col. Freeman, followed by the playing of the National Anthem by the 509th AF Band. The benediction was delivered by Chaplain (Major) Charles J. Fix, who also gave the invocation.

Following the graduation there was an informal reception at the Officers' Club for the graduates and their guests.

Third Crash Victim Dies At Levelland

LEVELLAND—The third victim of a Monday night crash between a car and a pickup truck here died last night.

He was Arlis Tipton, 20, employee of a cotton gin. His wife, 20, and son, Ricky, 6 months, were killed outright.

Two men who were in the pickup have been released under bond on charges of failing to stop and render aid.

They are R. J. Williams, 38, a Negro, and a Lubbock farmer, Johnny Houston.

Record Stamp Sales Seen For This Year

A record year in stamp sales is predicted here by postmaster E. C. Bostler. November sales totaled \$17,408.98, a large increase over last year's \$14,963.91, he said.

The 1954 total through the month of November is \$20,541.27. The postmaster predicts that sales during December will put the 1954 total above the 1953 total of \$229,220.00. And 1953 was the biggest year the post office ever had here, he added.

Stolen Car Found

A car reported stolen here Wednesday evening from the Douglass Hotel parking lot has been found abandoned in San Antonio. Police said the car belongs to Leroy Lane, who was staying at the Douglass.

When can I look at the most beautiful new cars on the road?

Juvenile Drivers Licensing Panel To Meet Saturday

First meeting of the Juvenile Drivers Licensing Committee is slated for 4 p.m. Saturday in the office of County Judge R. H. Weaver.

Miss Lucille Coltharp and Howard Hunt of the Lubbock Citizens' Traffic Commission will be the guest speakers at the meeting. They will outline the operation of the juvenile drivers licensing committee in their city.

K. H. McGibbon, chairman of the local committee, stated that representatives from all county communities and areas will attend the Saturday meeting. Membership will be announced Sunday.

The committee was formed last month as a result of a Citizens' Traffic Commission effort. Purpose of the committee is to aid the County Judge in determining whether or not juveniles between the ages of 14 and 18 should be allowed to get licenses.

The Texas law provides that anyone over 16 can take a driving test, and that the County Judge can give those between 14 and 16 permission to take the test. Those between 14 and 16 must show a necessity for a license, however.

The Juvenile Drivers Licensing Committee will screen applicants between 14 and 16 to determine if a necessity actually exists for a license.

An applicant fills out a blank which can be obtained in Judge Weaver's office. This blank along with affidavits attesting to the truth of his statements is submitted to the committee. Then with consent of his parents, the applicant goes before the committee to plead his case.

The committee determines the necessity and makes recommendations to the County Judge as to whether or not the applicant should be allowed to take the driving test. Judge Weaver has stated that he will abide by the decisions of the committee.

The committee is scheduled to meet every two weeks, and hearings will be held in the Howard County Commissioners' Court chambers. The first hearing is slated for 10 a.m. Saturday, Dec. 18.

Mustang Jackets Are Mysteriously Returned To Bus

Seven jackets which were reported stolen from the Sweetwater High School bus here during the Big Spring-Sweetwater football game have been mysteriously returned—in Sweetwater.

Police there stated that the jackets were found on the bus the other evening while the vehicle was parked at a school there.

A car was sighted parked near the bus by some schoolers, and someone was seen in the bus, it was reported. When the youngsters went to investigate, the party driving the car fled.

Chief E. W. York said this morning that it is his understanding that everything has been returned but the stolen billfold, which contained \$12.

Tyson Asks New DWI Case Trial

Motion for a new trial has been filed in 118th District Court by Ben Tyson.

Tyson was found guilty Nov. 17 on felony charges of driving while intoxicated and a jury assessed a one-year penitentiary sentence. He asked a new trial on grounds that one of the jurors, Ben Stevenson Jr., failed to acknowledge that he was acquainted with Arville Wright, one of the witnesses in the case, when the jury panel was being examined.

Charges against Tyson were filed last summer after a car he was driving was in collision with an ambulance which had been called to the scene of a fatal wreck. He has been in the county jail since the jury's verdict was returned.

Vacancy For Nurse

A vacancy currently exists at Webb Air Force Base for a general medical staff nurse, GS-5, at \$2,410 per year. Applicants must be registered nurses. Interested and qualified applicants are requested to apply to the Civilian Personnel Office, Building T-48, at Webb.

LEGAL NOTICE

Notice to Bidders
Sealed proposals addressed to C. C. Nunnally, County Judge of Borden County, Courthouse, Borden, Texas, for the construction of a steel and concrete bridge across the Colorado River of the Rio Del Rio and Big Spring Roads will be received at the County Judges' Office in Dallas, Texas until 2 p. m. December 14, 1954, at which time and place the proposals will be opened in public and read aloud. Any bid received after closing time will be returned to bidder unopened. Plans and specifications will be on file in the County Judges' Office after December 14, 1954. A bond in the amount of \$100,000.00, with a guarantee of safe return of plans and specifications. Full amount will be returned to each bidder immediately upon return of plans to good condition. Each bid must be accompanied by a cashier's check drawn on a bank within the State of Texas for the sum of five per cent of bid as a guarantee that, if awarded, bidder will promptly enter into a contract with Borden County and execute a performance bond in full amount of contract price conditioned upon faithful performance of the contract and upon payment of all persons supplying labor or furnishing materials. Bidders are requested to pay cash for the bridge and approach upon completion and acceptance of the bridge. The Commissioners' Court of Borden County reserves the right to reject any or all bids or waive any of the formalities.

Finally Late To Work

William P. Schlosser, right, 94, who's worked for the same hardware store in Los Angeles for 72 years, talks over old times with a fellow employee, 58-year-old Alton J. Blocker, as they examined some of the store's wares during Schlosser's final day of work. Schlosser had never been late to work during the 72 years, but he showed up late this day for work—and for the party his friends threw for him. His bus had been behind schedule. (AP Wirephoto).

Demo National Panel To Select Chairman

By JACK BELL
NEW ORLEANS, (AP)—Democratic National Committee members turned up in record numbers today for a free-for-all battle over the choice of a successor to Chairman Stephen A. Mitchell.

As party members huddled in caucuses reminiscent of a presidential nominating convention, the unsettled question of how many votes are needed to elect a new chairman arose to plague them.

With 71 of the 105 committee members having indicated their intention to attend, Mitchell said that Rep. Clarence Cannon of Missouri, parliamentarian, would be asked to rule on the issue of whether a majority vote, or only a plurality, is needed to elect.

The issue was somewhat similar to the old two-thirds rule which the Democrats abolished in 1936—whether a majority of those voting can name the new chairman or whether the successful candidate must receive, in the present case, 55 votes.

The committee has 108 memberships, but there are individual vacancies from Texas, West Virginia and Puerto Rico. A vacancy from Nevada was scheduled to be filled later in the day.

The numbers controversy took on deep significance because of the apparently tight race being run for the chairmanship by three candidates—Committee Chairman Paul Butler of Indiana, James Finnegan, former president of the Philadelphia City Council, and Michael V. DiSalle of Ohio, former price administrator.

Butler is regarded as the choice of Mitchell, who told a news conference yesterday that if some successor isn't picked, the committee will have to go without a chairman after Jan. 1. He said he is determined to retire to private law practice, which he left to head the committee in 1952 at the request of Adlai E. Stevenson, then the party's presidential nominee.

Train Trip Slated For Cub Scouts

Cub Scouts in the Lone Star District will be taking a train trip in January.

This was agreed at the regular monthly round-table and program planning meeting Thursday evening at Howard County Junior College.

January is railroad month for Cub Scouts and Cub leaders voted that Cub Scouts be taken on a train trip to Colorado City or Sweetwater some Saturday during the month.

Scouters laid plans for stress on signaling as the program item for January. Theme for the month is "the message must get through."

Knowland Silent On Ike Policy Suggestion

By MARVIN L. ARROWSMITH
WASHINGTON (AP)—President Eisenhower's stated hope that Republican congressional leaders will avoid differing greatly with him on basic administration policy was met with silence today by Senate Majority Leader Knowland.

"No comment," said the California senator with respect to the hope the President voiced at his news conference yesterday. Eisenhower was replying to a question planned specifically to Knowland's differences with the White House and State Department.

Knowland has been critical of the administration over how to deal with the Chinese Communists' imprisonment of 13 Americans as "spies." The senator wants the United States to blockade Red China in an effort to force release of the prisoners.

The President, at his session with newsmen, rejected that idea. He said a blockade would be "an act of war" and counseled against letting the Communists goad the U.S. into war.

Eisenhower also again turned thumbs down on proposals to sever diplomatic relations with Russia. In the past Knowland has urged

such action. Against that background of foreign policy differences with the GOP leader of the Senate, Eisenhower was addressed this way by a reporter:

"Mr. President, Sen. Knowland's opposition to the administration on several recent issues has been viewed in some quarters as a threat to Republican harmony in the new Congress, particularly in the Senate. Do you see any peril in the fact that the man chiefly charged with guiding the administration's program through the Senate is often in opposition to your own view?"

The President said he always has defended the right of any individual to differ with him violently and persistently.

But he added he would hope the men with whom he has to work—the Republican congressional leaders—would refrain from differing greatly with him on the main issues. Otherwise, he said, it would be extremely difficult.

The President said that in discussion with Knowland he has found little difference between them so far as basic philosophy on either foreign or domestic policy is concerned.

There have been indications that Knowland's vote against censure of Sen. McCarthy (R-Wis.) might lead to political alignment of Knowland-McCarthy forces, and that such an alignment might develop in turn into a battle for Republican party control.

A reporter told Eisenhower yesterday there has been speculation a split might develop in the Republican party in the 1956 presidential election year because of "so-called conservative members being unhappy about being hard on Communist infiltration" in the United States.

Charles Von Fremd of CBS, the reporter, said he was talking about "opposition to McCarthy" and resentment by "so-called conservative" Republicans.

At the news conference, Von Fremd asked Eisenhower whether development of a party split over such an issue would "affect in any way your own strong drive toward a sound middle-of-the-road policy."

The President replied he could see no connection between trying to be tough on communism and still being progressive. He ridiculed the idea of anyone thinking he has any love in his heart for the concept of communism.

In fact, Eisenhower added, normally he is accused of being too tough in his efforts to oust anyone in government guilty of subversion. He said he hoped he didn't have to defend himself on that matter.

Then he proceeded to set forth his ideas on the kind of a program the Republican party must champion to stay in power.

As he has done before, he said the party must be a progressive, dynamic force, with a program moderate in approach, avoiding extremes of right and left. He repeated, too, that the party must be liberal in its dealings with individuals, and conservative when dealing with the national economy and the individual's pocket book.

Smiles Through Pain

Stewardess Mary McEtrick, 23, of Boston, bruised in the crash of an airliner into a New Hampshire mountainside, smiles back at fellow survivor William Miller after both reached a Berlin, N. H., hospital following rescue by helicopter. Miss McEtrick was reportedly thrown the length of the plane in the crash. Miller, bruised on the forehead, is from Philadelphia. (AP Wirephoto).

Riding THE GRUB LINE With Franklin Reynolds

Registered Herford breeders in Howard, Borden, Scurry, Fisher, Nolan, Coke and Sterling counties, the seven counties bordering Mitchell, are being invited to consign cattle to the sixth annual Mitchell County Herford Breeders Association Calf Sale at Colorado City on Saturday, Jan. 22.

This sale has heretofore been open only to Mitchell County breeders. The decision to open it up to the neighbors was made at the annual breakfast meeting of the association at Coker's Cafe on Highway 80 just west of Colorado City Thursday morning.

The hour for the sale at Tate Brothers Auction Sale Ring is important, and it has been set at 12:30 p.m. The hour is important because this is going to be a very busy day for the Mitchell County Herfordmen. That day is also the second and last day of the annual Mitchell County FFA and 4-H Show, and the sale of the consigned calves must be squeezed in between the showing of the FFA and 4-H drylot calves earlier that morning and the showing of the milked 4-H and FFA calves later that afternoon.

Gus Whitney, president of the Mitchell Herford breeders group, who presided at the Thursday morning meeting, told those present that a number of breeders from other counties had said they would get calves ready for the Colorado City sale if they could be entered. Chesney said it is anticipated that from 20 to 25 head of Mitchell County cattle will be entered. Stanley Anderson of Texas A Tech's livestock department will be in Colorado City that day to judge the FFA and 4-H entries.

It was also decided to try and persuade him to select the best bull and the best female consigned to the breeders sale, and these two animals will then be sold in that order. Consignors will draw for sale order places on all the other cattle.

Age limits on the Whitefaces going in this sale will be from eight months to 20 months. Jan. 1 was set as the deadline for filing entries with Jack Burkhalter, county agent, who is also association secretary. Entries may be mailed to him but they must be accompanied by a \$5 entry fee and the fee for transferring registration on the calf. Naturally the papers on the calf must go in with the entry fee and other fee.

The secretary may be addressed: Jack Burkhalter, County Agent's Office, Colorado City.

Calf sales must be in place not later than 8 a.m. the day of sale.

This annual Mitchell County event is the original West Texas calf sale with the ages of the cattle limited.

At the breakfast Chesney and Burkhalter, along with Roy Buchanan, vice president, were unanimously re-elected to the jobs for another year.

Among those present at the cafe to eat bacon and eggs and ham and eggs and hot cakes and to drink several gallons of coffee, were Francis Winn, Gus Chesney,

Jack Burkhalter, Tom Goss, R. A. Rufin, Roy Buchanan, Donald Marsh, Gene Williams, Otto Jones, James Trammell, Bob Fee Sr., Bob Fee Jr., Earl Brown, Sam Thompson, Buster Stevens, and Frank Massad.

Arrangements have been made to return the now-famous Purina film, "The Rumen Story" to Big Spring for another showing in the Auditorium at the Howard County Junior College the evening of Wednesday, Dec. 15. The hour has been tentatively set at 7:30, but will be more definitely announced later.

Everybody interested in the nutrition of ruminants, such as cattle and sheep, are urged to attend the showing of this 27-minute film, which for the first time actually shows what is going on in the first stomach of a cow. Special invitations will be sent to county agents and teachers of Vocational Agriculture over this area inviting them to be present and to bring their students and club members. Refreshments will be served after the film.

This film was made possible when veterinarians and researchers at the Purina Laboratories succeeded in placing a round metal frame, with an air-tight screw top and a glass window in the side of a living cow. Through this opening lights and cameras were lowered into the rumen for making the pictures to be shown. This arrangement also allows the researchers to withdraw needed quantities of feed in the process of digestion from the rumen for further study. The cow has not suffered any ill effects from the experiment, and in fact has calved

three times without assistance since the window was placed in her side.

Nothing like it has ever happened before and from this film even the most experienced feeder is going to learn a lot of things he never knew before.

The film attracted so much attention when first released a couple of months ago, that 12 West Texas banks, among them the First National Bank of Big Spring and the First National Bank of Stanton had a big barbecue in its honor and in connection with its first West Texas showing at Big Lake.

All cattlemen and sheepmen who saw it then were very enthusiastic about it and are expected to see it again at HCCJ.

O. H. McAllister of Big Spring reports a very lively market for his good Hereford bulls. He has already sold all his bulls ready for service and won't have any more until after the first of the year. He says demand for heifers has not been so brisk.

Mr. Mac has a few top bulls going into consignment sales, however. His M Proud Mixer 17th, a grand champion of five shows, will be offered at Denver next month, along with three other bulls booked for that sale. Among more recent buyers of McAllister bulls have been breeders in Texas, Arkansas and Illinois.

He reports his Midland County ranch finally got some rain and

things look better over that way with enough bundle feed to carry the cattle through the first few months of 1955, and he has a little barley up there. In the Graham area he has 400 acres of grazing oats up following better than five inches of rain in October. But he says the country around Rhame is drier than it has been for 40 years.

TOO EASILY TEMPTED

TEMPTED TO OVER-EAT... then suffered acid stomach!

Like many people she wrongly "lets herself go" at times—eats too much—then suffers acid indigestion. Tums neutralize excess acid almost before it starts. And give top-speed relief from sour stomach and gassy pressure pains. Tums requires no water, no mixing. You can take them instantly, anywhere. That's why millions always carry Tums. Stewardess Called Heroine In New England Plane Crash

BERLIN, N. H. (AP)—Each of the five survivors of a Northeast Airlines plane crash on a remote New Hampshire mountaintop was a hero—to the others.

But only one of them was a heroine, stewardess Mary McEtrick, 23, dubbed "Merry Mac" by the three passengers who escaped with only minor injuries.

They all singled out brunette Miss McEtrick in their praises for her courage during the 45 hours which elapsed between the plane crash last Tuesday forenoon, and their dramatic rescue by helicopter yesterday.

Two others in the plane, co-pilot George McCormick, 37, of Boston and West Hurley, N. Y., and flight superintendent John McNulty, 39, of Boston, died of injuries soon after the crash.

The most seriously injured of the five who survived was the pilot, Capt. Peter Carey, 37. Carey's face was smashed in the crash landing near the peak of Mt. Success, in the wilderness 10 miles from Milan Airport, which was their original destination.

Stay Of Execution Granted In Georgia For Youthful Killer

ATLANTA (AP)—Gov. Herman Talmadge has ordered a stay of execution for James Willie Morgan, 18, who was scheduled to die in the electric chair today.

Responding to a last-minute appeal by the youth's attorney Archie Gleason, the governor last night agreed to a 15-day delay to permit a sanity hearing and examination by psychiatrists.

Morgan was sentenced to death for fatally shooting Eugene Talmadge Bryant, young Augusta taxi driver, during a robbery. He would have been the seventh teen-ager executed in Georgia this year.

Before the governor acted, the youth's mother, Mrs. Ruby P. Anderson, issued a desperate plea for his life from a cell in the same prison. She is serving two to four years for slipping a gun to her son after he was jailed.

Rains In Region Are Different

AUSTIN — A University of Texas meteorologist says rain may fall in warmer parts of the Southwest from different causes than in other sections.

Studies hint the "classical" theory that raindrops form on ice crystals may not be true in parts of the Southwest, Dr. Vance Moyer, assistant professor of meteorology, declared.

There are several factors which may cause rain, although no one knows for sure yet how the phenomenon takes place, he explains. Some factors not considered so important in colder parts of the country where the ice-crystal theory prevails may add together to cause rain in warmer areas.

The other factors include atmospheric turbulence, impurities in cloud moisture and electrical charges on cloud particles which pull the particles together.

Radar studies indicate many rains in warmer southwestern regions may be caused by those factors, particularly air turbulence, which forces moisture droplets toward the top of a cloud, Dr. Moyer says. The rising droplets bump into smaller droplets, picking up moisture and add still more after becoming heavy enough to fall back through the cloud.

That theory, if true might explain why cloud seeding with silver iodide crystals failed to start rains in many warmer southwestern areas.

The iodide particles have crystalline structures similar to ice particles and evidently "fool" cloud moisture in colder regions so raindrops form.

There still is hope to "milk" rain clouds passing through the warmer Southwest, Dr. Moyer says, if his theory proves feasible. A large atmospheric turbulence possibly can be started with the "trigger" of a smaller, man-made turbulence, but such work would require much research, he adds.

'Loaded' Man Wins Acquittal Of Theft

BALTIMORE (AP)—A 35-year-old factory worker with a \$10,000 bank account was acquitted yesterday of a charge he stole \$5 from a man in a supermarket.

Emile P. Gow was arrested Wednesday after a customer in the store accused Gow of scooping up a \$5 bill he had dropped on the floor. When searched by police, Gow was found to be carrying \$483 in cash, an uncashed check for \$42 and five bank books with deposits totaling \$10,000.

Magistrate William F. Laukaitis acquitted Gow with the observation that a man with Gow's wealth would hardly resort to a \$5 theft.

Early Christmas Seals have occasionally been counterfeited since they are important collectors' items. The National Tuberculosis Association produces a new Christmas Seal each year to be sold to raise funds for the fight against tuberculosis.

Christmas Theme Slated For Many Sermons To Be Given In Local Churches This Sunday

The Christmas theme will appear in many of the sermons to be given Sunday at local churches. They, as well as other sermon topics scheduled throughout the city, are listed below:

BAPTIST
At First Baptist Church, 511 Main, Dr. P. D. O'Brien will have "We Can Trust Our Bible" (Psalms 19:17) as his sermon topic at 11 a.m. The evening sermon, scheduled for 8 p.m., will be "An Appeal to Reason" (Isa. 1:18).
The Rev. A. R. Posey, pastor of Baptist Temple, 400 Eleventh Place, has selected "The Silence of Approval" as the 11 a.m. sermon topic. He will also give a sermon at 8 p.m.
"The Mystery of the New Birth" (John 3:3) will be the sermon presented at 11 a.m. at Prairie View Baptist Church by the Rev. Leslie Kelly. At 7:30 p.m. he will speak on "Spiritual Vitality" (II Peter 1:9-11).

CATHOLIC
At St. Thomas Catholic Church, 806 N. Main, the Rev. William J. Moore, O.M.I., will say Mass at 7 a.m. and 10:30 a.m. Benediction will be after the last Mass. Confessions will be heard from 4:30 p.m. to 6 p.m. and from 7 to 8 p.m. Saturday.
At Sacred Heart Church (Spanish-speaking) the Rev. William J. Meagher, O.M.I., will say Mass at

8 a.m. and 10:30 a.m. Rosary and Benediction will be at 6 p.m. Confessions will be heard from 7 to 8:30 p.m.

CHRISTIAN
The sermon topic at 10:30 a.m. at First Christian Church, 911 Gold, will be "The Power of the Kingdom" delivered by the Rev. Clyde Nichols. His 7:30 p.m. topic will be "The Hand of Herod and the Hand of God." Baptismal will be held during the evening service.

CHRISTIAN SCIENCE
The Lesson-Sermon to be read in Christian Science churches this Sunday, at 12:00 p.m., explains that creation rests on a spiritual basis and is subject only to God's law, which is always good and eternal; and that the belief that life is dependent upon matter is a false concept of creation and existence. The subject of the Lesson-Sermon is "God the Only Cause and Creator." The Golden Text is from Genesis (1:1): "In the beginning God created the heaven and the earth."
CHURCH OF CHRIST
At Main Street Church of Christ, 1401 Main, Lyle Price will discuss "Conditional Salvation" at the 10:30 a.m. service and "The Terror of the Lord" at 7 p.m.
Marion Crump, minister of Ellis Homes Church of Christ, 3451 Bates Road, will speak on "Brotherly

Love" at 11 a.m. and on "Faithfulness" at 7:30 p.m.

CHURCH OF JESUS CHRIST OF LATTER-DAY SAINTS
Service at the Church of Jesus Christ of Latter-Day Saints will include a priesthood meeting at 9 a.m. followed by Sunday School at 10 a.m. and a sacrament meeting at 7:30 p.m. Services will be held at the Girl Scout Little House, 1407 Lancaster.

CHURCH OF GOD
The Rev. Hal Hooker of El Paso will be guest speaker at First Church of God, 909 Main, Sunday. At 10:50 a.m. his sermon will be entitled "He Cares for You." He will also speak at the 7:30 p.m. service.
The evangelist Amos A. Ledford will speak at both morning and evening services at Galveston Street Church of God, 307 Galveston. His 11 a.m. topic will be "The Last Day Message" (John 4:35). At 7:30 p.m. he will discuss "Past Harvests and Ebbing Summer" (Jer. 8:20).

EPISCOPAL
Services at St. Mary's Episcopal Church, 505 Runnels, will be a celebration of Holy Communion at 8 a.m. Family worship service will be at 9:30 a.m. and morning worship and sermon by the rector, the Rev. William D. Boyd, will be at 11. The Young People's Fel-

lowship will meet at the Parish House at 5:30 p.m. and instruction class at 7 p.m. in the rector's office.

JEHOVAH'S WITNESSES
A three-day assembly of Jehovah's Witnesses has been set to begin Friday in Midland. The convention, sponsored by the Watchtower Bible and Tract Society of New York, will be held in the Cowden Junior High School. Approximately 30 persons from Big Spring are expected to participate in the assembly which will include a projection of the film, "The New World Society in Action," an account of the activities of the Watchtower Society. R. E. Collier, representing the Watchtower Society in Brooklyn, is to deliver the climaxing address at 3 p.m. Sunday on the subject: "Does God Really Care?"

LUTHERAN
"Greater Things to Do Through Christ" will be the topic of the sermon given at 11 a.m. by the Rev. A. H. Hoyer, pastor of St. Paul's Lutheran Church, Ninth and Scurry. Sunday School and Bible Class will be at 10 a.m. At 2:30 p.m. voting members will meet for the election of officers to the church council. Waltham League is scheduled for 7:30 p.m.

METHODIST
The Rev. Wayne Parmenter, pastor of Wesley Memorial Methodist Church, 1206 Owens, has announced that the Rev. Elra Phillips of Sparenburg will discuss "Christian Inventory" at 10:55 a.m. Sunday. At 7:30 p.m. Rev. Parmenter will speak on "Do Our Sins Always Find Us Out?"

PRESBYTERIAN
At First Presbyterian Church, 701 Runnels, Dr. R. Gage Lloyd will have "The Significance of the Virgin Birth" as his sermon topic at 11 a.m. The choir will sing "Sanctus" by Gounod. At 7:30 p.m. the pastor will speak on "Jesus Loves Little Children" and the children's choir, under the direction of Mrs. A. B. Brown, will sing.
"They Too Saw the Star" will be the sermon topic at 11 a.m. at St. Paul Presbyterian Church, 810 Birdwell, as given by the Rev. E. Otis Moore. The anthem will be "Beautiful Saviour" by Christians. The subject of Bible study at 7:30 p.m. will be "The Visit of the Shepherds."

TEMPLE ISRAEL
Regular Friday evening services of Temple Israel will be held in Room 30D of the Settles Hotel at 8 o'clock.

BUSINESS MEN'S BIBLE CLASS
The Business Men's Bible Class will meet at 9:15 a.m. Sunday in the ballroom of the Settles Hotel.

BUILDERS' BIBLE CLASS
The Builders' Bible Class will meet at 8:30 a.m. Sunday in Carpenters' Hall. Coffee and doughnuts will be served prior to the lesson.

WEBB AIR FORCE BASE
General Protestant Worship will be at 11 a.m. at the base chapel with Chaplain Charles J. Fix giving a sermon entitled "God's Lament." Catholic Mass will be said at 9 a.m. preceded by Confessions at 8:30 a.m. at the chapel. Sunday School is scheduled for 11 a.m. at the chapel annex.

A Hymn Is Born

BY CLINT BONNER

My Country 'Tis Of Thee

A busy youth writes a song in half an hour

Samuel Francis Smith was always busy . . . always on the go. Just like Lowell Mason who was forever buzzing about Boston composing music, publishing song books and directing choirs.

It was early in 1823 that Boston's civic-minded William C. Woodbridge gave Lowell Mason some songs he had brought back from Germany. Woodbridge had come across the songs while studying European school systems and thought Mason might want to translate some of them for his choir. The music showed promise but, to Mason, the words might as well have been written in Egyptian symbols. Then Mason thought of young Samuel Smith, the ministerial student and Harvard graduate who knew 15 languages.

Samuel Smith lived in the shadow of the church where they hung the lanterns that night Paul Revere rode the horse. So he naturally absorbed his share of patriotism. It was, according to Smith's account, a half hour before sundown Feb. 2, 1823, that he got around to translating one of the German songs for Lowell Mason. It was under the patriotic title (in German) "God Bless Our Native Land." England had also been using the tune to "God Save The King" for a hundred years. But why translate the German words? He took a piece of scrap paper, six inches long and half as wide, and by the time the sun was down, he had written some verses of his own. The following July 4th Mason's children's choir sang "My Country 'Tis Of Thee" for the first time.

On Nov. 16, 1885, a famous Baptist minister hurried to catch a train. He was on his way to fill a preaching engagement. Besides writing books, teaching languages at Newton Center, and holding important posts in his denomination, he was the author of 150 church hymns. The conductor of the train was about to sing out his traditional "board," but lowered his arm. Something had happened on this platform of one of the coaches. Perhaps the old gentleman had taken the steps too spryly for his 87 years. At any rate, Samuel Francis Smith died as he had lived . . . on the go.

Of all his work, Dr. Smith is best remembered for his missionary hymn "The Morning Light Is Breaking" and for these verses he wrote on a scrap of paper in half an hour when he was 26 years old.

My country, 'tis of thee,
Sweet land of liberty,
Of thee I sing;
Land where my fathers died,
Land of the Pilgrim's pride,
From every mountain side,
Let freedom ring.

My native country, thee,
Land of the noble free,
Thy name I love;
I love thy rocks and rills,
Thy woods and templed hills,
My heart with rapture thrills,
Like that above.

Employers Are Making Bigger Contribution To Insurance Protection For Their Workers

By NORMAN WALKER
WASHINGTON (AP)—A new Labor Department survey indicates the nation's employers are making a much bigger contribution to insurance protection for their workers.

The study disclosed that 95 per cent of the urban workers in the country enjoy some kind of health, pension or other insurance paid for by their employers, either wholly or in part.

The department's Bureau of Labor Statistics, which made the survey, said it could make no precise comparisons with the scope of employer-financed insurance in earlier years, but that a considerable expansion in this field was obvious. "It is evident," the bureau said,

"that the past two years insurance and pension protection has been made available for the first time to substantial numbers of workers, while for many others the number of types of benefits available have been increased."

The survey dealt only with private insurance plans in which employers pay at least a portion of the cost. It did not include private health, pension or other insurance coverage the workers might buy for themselves. Nor did it cover such government insurance programs as social security.

The study covered six million workers in offices and plants employing 50 or more persons. It was confined to the country's 17 largest urban areas and skipped the small plants and towns.

It showed that in major labor markets:

1. Nine of every 10 plant and office workers were covered by life insurance policies wholly or partly employer paid. Employers paid the entire cost for about half the workers so protected.
2. Eight of every 10 workers surveyed had hospital insurance, nearly all the plans providing at least some surgical cost reimbursement. More than half the workers also were protected by sickness, accident and medical care insurance.
3. Six of every 10 workers were covered by pension or retirement plans. It was found three-fourths of the workers surveyed have the

ABClub Christmas Party Set Tonight

The American Business Club will hold its Christmas party tonight at 7 p.m. at the Settles Hotel ballroom. Wives and members will attend the occasion. \$1 a plate is being charged with the club footing the bill for the rest.

The club did not hold its regular weekly luncheon session at noon.

God's Helping Hand

Anyone, at any moment, can seek and find God's helping hand.

Like the prodigal, he can weary of material thinking and living to "come to himself"—to find peace and satisfaction.

How may one enter this path?

SCIENCE AND HEALTH with Key to the Scriptures by Mary Baker Eddy

is showing the way for multitudes. It is open to all, regardless of past troubles or mistakes. It is open to you.

Study of this great textbook reveals the method of rising above unsatisfactory conditions and the thoughts that have caused them, to stand firm in a new path of peace and fulfillment.

Science and Health may be bought, read, or borrowed at

A Cry Out of the Depths

MAN PLEADS WITH GOD THAT HIS PRAYERS MAY BE HEARD, CONFIDENT OF FORGIVENESS

Scripture—Psalms 88; 130.

By NEWMAN CAMPBELL

"OUT of the depths have I cried unto Thee, O Lord. Lord hear my voice; let Thine ears be attentive to the voice of my supplications."

How many in deep trouble have so cried to the Lord for aid all down the centuries since these words were first written! Men and women who never attend church, never pray, turn to their Maker when deep trouble or tragedy strikes, and ask His help.

The saying coined during wartime, that "there are no atheists in foxholes," is just as true of everyone in trouble.

The lesson is rather a difficult one for small children. They might be asked how many of them say their prayers when they go to bed; how many talk to Jesus in the morning when they wake to a new day.

The evening prayer might well begin by asking their Father in heaven to forgive them their wrong doings during the day, and to help them to be better. In the morning they might thank Jesus for a new day, the comforts they enjoy and the love of parents, relatives and friends.

Also they could thank the Maker for the beauty of the world in which they live, and if the comforts mentioned are not theirs, for His help in bearing their trials and in so loving that their lives may be acceptable in His sight.

MEMORY VERSE
"For Thou, Lord, art good, and ready to forgive; and plenteous in mercy unto all them that call upon Thee."—Psalm 86:5.

His sight.
"If Thou, Lord, shouldst mark iniquities, O Lord, who shall stand? But there is forgiveness with Thee."
May I quote from Shakespeare's Merchant of Venice? It seems pertinent to our text:
"Though justice be thy plea, consider this,
That in the course of justice none of us
Should see salvation; we do pray for mercy;
And that same prayer doth teach us all to render
The deeds of mercy."
Isn't it odd that we pray for forgiveness for our sins, and expect our heavenly Father to forgive us, but we are often so slow to show mercy to others?
"I wait for the Lord; my soul doth wait, and in His word do I hope."
"My soul waiteth for the Lord more than they that watch for the morning."
The watchman here alluded to is based on copyrighted outlines produced by the Division of Christian Education, National Council of the Churches of Christ in the U.S.A., and used by permission. Distributed by King Features Syndicate.

THE STATE *versus* PAUL M_____

This scene is all too common in American courts. It is the fateful climax of the problem we call **JUVENILE DELINQUENCY**. But there is another, an earlier scene, which has never been photographed. It happens so quietly, with so little drama, that no photographer has tried to catch it. In the case of **THE STATE versus PAUL M_____** it happened fifteen years ago. Paul was a little shaver then. It was early on a Sunday morning, and the church bells were ringing.

Paul heard them as he played quietly in his room. They were a reminder that this was the morning he must be very quiet, because Daddy and Mama must catch up on their sleep. Daddy heard them and pulled the covers over his ear. "Why," he thought, "must they ring them for and get up to start the coffee. God heard them, too. And only God knew that in this tranquil scene, which His bells left undisturbed, sentence had been passed in the case of **THE STATE versus PAUL M_____**

THE CHURCH FOR ALL... ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake, (2) For his children's sake, (3) For the sake of the community and nation, (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

Open Cage Play Saturday

The 1954-55 edition of the Big Spring Steers, pictured above, opens play Saturday night in Midland. Left to right, top row, they are Jimmy Bice, Lefty LeFevre, Jimmy Parks, Wayne Tollett and Coach Johnny Johnson. Center row, Co-Manager Johnny Fuglar, Al Klover, Kenneth Harmon, Charles Clark, Charles Johnson and Co-Manager Buddy Martin. Front row, Glenn Jenkins, Truett Newell and Bobby Phillips.

LOOKING 'EM OVER

With Tommy Hart

Charley Johnson, the Big Spring Steers' quarterback who was injured shortly before the end of the recent campaign, says he took the cast off his arm last week and will be ready to go in spring training. Charley will be one of the biggest quarterbacks the Steers have had in recent years. He's rangier and packs more weight than Tommy McAdams, who held the job this year and Tom-Tom is bigger than he looks. Two of the best quarterbacks Big Spring ever had were half-pints. One was Howard Schwarzenbach, who played on the great 1931 club. Howard wouldn't have weighed 140 pounds dripping wet. Odell (Red) Womack, a quarterback here in the late '30's, weighed between 125 and 130 pounds. Red was as cool as the proverbial cucumber as field.

You can look for boys like Eugene Walker and Wayne Fields to be compared favorably with Frosty Robinson in a few years. Walker, a Ninth Grader this year, has much native talent. He's fast and has the ability to think in a tight situation, which is what counts in a football player. Fields is the battering ram type of player. Even as an Eighth Grader, he was a big boy the past season, a bruiser who just ran over the opposition.

Back to the subject of quarterbacks, with boys like Billy Johnson and Billy Bob Satterwhite coming up, it appears Big Spring is going to have its share of good signal carriers for some time to come.

SMU, which winds up its 1954 football season with Notre Dame, opens its '55 campaign against the same club. It appears the Irish are a fixture on the Ponies' schedule.

Jerry Graves, the Big Spring Steers' able center, usually exudes good humor and keeps his teammates in good spirits with running conversation during practice.

Fact is, the only time I've ever seen him at a loss for words was when he learned he had been selected for the 1954 All-District I-AAA football team.

The news seemed to overwhelm him. The fact that Graves will be eligible again in 1955 enhances the outlook of the club. If the team fares well, Jerry might rate all-state kudos then.

Harold Hobbs, Sweetwater's stellar back who missed the Big Spring game due to injuries, gained ground at a 6.6-yard clip in 64 carries the past season. He'll be back in '55.

Frank Smith, the Mustang quarterback-halfback (whose mother lives here, by the way), wound up as the team's top ground gainer with 528 yards in 118 carries, though his average gain was only 4.6.

Smith, incidentally, was playing under a handicap in the Big Spring game. He climbed out of a sick bed to suit out.

The young man had been Sweetwater's standout performer in the Ponies' upset win over Breckenridge the week before.

Speaker Recites Incidents In First Game He Ever Saw

Speaking before an estimated 250 persons at the Lions' Club football banquet held at the Settlers Hotel Thursday night, Coach Mike Brumelow of bowl-bound Texas Western reached back into his own experiences as a first-year football player in Jack County for his talk. Brumelow, who later was to star at TCU, had the gathering laughing throughout as he recounted incidents in the first game he ever "saw or played in" and said he would always be grateful for having dedicated his life to football. He complimented Big Spring for being a fine city and its football team for bringing honor to the city and gave the coaching staff a verbal pat on the back for the constructive work it is doing. The speaker was introduced by Roy Worley, high school principal, who knew Brumelow as a boy in Jack County. Louis Carruthers served as master of ceremonies in the absence of Lion President Gil Jones, who could not attend because of the press of business. Coach Carl Coleman introduced each of his players to the crowd before Brumelow made his speech.

Los Angeles (AP)—It isn't fair to knock two guys who tried to make something out of nothing for 30 rounds, but the fact remains that the non-title welterweight match between the champion, Johnny Saxton, and the No. 3 challenger, Ramon Fuentes, Thursday night was honestly fought, close and filled with excitement. The outcome found the champ from Brooklyn the winner by a unanimous decision.

It also eliminated any public clamor for a return match for the title, for at the finish both guys were in danger of getting hit with wadded up paper cups sent flying by an impatient gallery.

Saxton Winner In Dull Match With No. 3 Challenger

Los Angeles (AP)—It isn't fair to knock two guys who tried to make something out of nothing for 30 rounds, but the fact remains that the non-title welterweight match between the champion, Johnny Saxton, and the No. 3 challenger, Ramon Fuentes, Thursday night was honestly fought, close and filled with excitement. The outcome found the champ from Brooklyn the winner by a unanimous decision. It also eliminated any public clamor for a return match for the title, for at the finish both guys were in danger of getting hit with wadded up paper cups sent flying by an impatient gallery.

Jose Owens still holds five Western Conference track records. Wisconsin's coaching staff includes aides from six different schools.

Famous Teams Take Easy Wins In Court Play

Names familiar to college basketball fans when tournament picking time rolls around appeared prominently on the winning side of the scores today. There was Western Kentucky, the nation's eighth ranked team last year, champions of the Ohio Valley and fourth in the National Invitation Tournament. Also 10th ranked Oklahoma A&M, kingpin of the Missouri Valley and Niagara's Purple Eagles, third in the NIT. Alongside them were such annually potent powers as Illinois and DePaul. All won with comparative ease. Western Kentucky downed Gustavus Adolphus 90-79. Oklahoma Aggies turned back Howard Payne 81-44. Niagara had no trouble with Buffalo State, 81-60. DePaul romped over Kalamazoo 98-46 and Illinois did the same against Butler, 88-34.

For Western Kentucky it was the hilltoppers' 62nd consecutive home court victory. Joining the name teams in the victory column Thursday night were such title contenders as Baylor, South Carolina, Wake Forest, Tulsa, Houston and Arizona. Baylor had the closest call, just managing to edge Hardin Simmons 67-63. Seven-foot Don Boldebuck tallied 24 points in leading Houston to a 85-63 triumph over the Texas Aggies.

South Carolina brushed aside Georgia 74-54. After a wobbly first half Tulsa beat Creighton, 69-54. Wake Forest had no trouble with Belmont College of Nashville, Tenn., 96-68. Arizona moved past Arizona State of Flagstaff 68-58.

Roosevelt Shaw, Delano Shaw, Jackie Romine, Don Roman and John Shanks are the junior letter winners returning while Woodie Long returns after having lettered as a freshman last year.

Others out include Jerry Don Paige, Dickie Nichols, Jimmy Dittone, Bruce Parker, Euliano Rodriguez and Billy McNew. Knott will be the host school at an invitational tournament here Dec. 16-17-18.

Hawks, Ranger Clash Today

The Howard County Junior College Jayhawks were to open play at 3 p.m. today in the Ranger Basketball Tournament. The Hawks, winners of four straight games, were to play Ranger in the first round.

Other first round pairings will send the HSU Butrons against John Tarleton at 3 p.m., Cisco against Weatherford at 7:30 p.m. and Arlington against Decatur at 9:30 p.m.

The Hawks and Coach Harold Davis left for Ranger yesterday and were to work out last night on the tournament gymnasium floor. The Hawks will not be at full strength, since Jimmy Robinson, diminutive guard from Lovington, N. M., has a blister on his foot and may not be able to suit out.

Semi-final games take place at 1:00 and 3:00 p.m. Saturday. Consolation semi-finals are scheduled for 8:00 and 10:00 a.m. Saturday. The consolation finals are down for 7:30 p.m. while the title bout is booked for 9:30 p.m. The tournament was not held last year.

Knott, Flower Grove To Play

KNOTT (SC) — The Knott Hill Billies open basketball play tonight, meeting Flower Grove in Flower Grove.

Nine lettermen head the Billie squad, which is again being coached by Bill Bolin. Three of the veterans are seniors, five are juniors and the other is a soph.

The seniors out include Richard Parker, Franklin Shaw and Toby Metcalf. Roosevelt Shaw, Delano Shaw, Jackie Romine, Don Roman and John Shanks are the junior letter winners returning while Woodie Long returns after having lettered as a freshman last year.

Others out include Jerry Don Paige, Dickie Nichols, Jimmy Dittone, Bruce Parker, Euliano Rodriguez and Billy McNew. Knott will be the host school at an invitational tournament here Dec. 16-17-18.

FIRESTONE STORES BIG SPRING PHONE 4-5564

Midland Hosts Steer Quintet

Johnny Johnson takes his Big Spring High School Steers to Midland Saturday, where they open their 1954-55 cage campaign. Johnson is starting his first year as the Longhorn coach. He succeeds Wayne Bonner, who filled the job on a voluntary basis for two seasons.

The Steers lost much of their height when Wiley Brown, 6-foot-6, graduated but Charles Clark, all-conference forward, is back. Clark will start, along with Al Klover, 6 feet; Bobby Phillips, 5-5; Ken Hartman, 6-1; and Lefty Jimmy Parks, 6-2.

Johnson is having his club use the fast break this season, and the results have been promising. Midland is of unknown strength but the Bulldogs probably will not be among the stronger teams in I-AAAA.

B teams of the two schools tangle in a preliminary game at 6 p.m. Midland returns the game next Thursday, at which time the Steers launch their home season.

Knotts Paces Hawk Scorers

Between themselves, Jim Knotts and Paschall Wickard of the HCJC basketball team have scored a total of 187 points in four games. Knotts has counted 97 points for a 24-point average while Wickard is right behind with 90 points for a 22.5-point-per-game average.

The Hawks have scored 401 points in the four games for a 100-point-per-game average. The opposition has been held to an average of 66 points a game. Knotts has hit fewer field goals than Wickard but has connected on 29 gratis pitches, compared to 14 for the opposition.

Individual scoring:
Name Pts FG FT Pts Ave
Knotts 97 20-33 14 97 24
Wickard 90 16-27 10 90 22.5
White 17 4-8 12 17 4.25
Anderson 25 6-8 18 25 6.25
Crosby 17 4-8 12 17 4.25
Brown 29 6-14 44 11 4.4
Robison 2 6-11 2 2 0.6
Caldesberry 1 1-2 1 1 0.3
Curtis 1 1-2 1 1 0.3
Spears 1 1-2 1 1 0.3
Williams 1 1-2 1 1 0.3
Green 0 0-0 0 0 0
Opponents 107 43-83 68 276 66

Frank Smith, 26-year-old relief pitcher for the Cincinnati Redlegs, appeared in 50 games during 1954.

To Battle For Regional Title

The Ackerly Eagles, pictured above, will battle Sterling City in a six-man gridiron match tonight at Sterling City. The winner will win the regional title. Eagle football players are, left to right, top row Warren Moors, Don Shortes, Pat Grigg, Bobby Campbell, Joe Cook, Stanley Menix and Larry Peterson. Those in the middle row are: Thomas Gregg, Ray Weaver, Eddie Gill, Alvin Cates, Barney Springfield, Dub Grigg, Charles Brown, Lee Lemon. In the front row are Jerry Hall, Paul Alexander, Derrill Bearden, Robert Taylor, G. S. Ingram, Phil Wallace and M. B. Maxwell.

Play-Offs Open Tonight In AAA, AAAA Divisions

By BRUCE HENDERSON
The Associated Press

The upper divisions of Texas schoolboy football open their fight for state championships Friday. And if one didn't mind eating out on a long, thin limb, he might pick Abilene or Galveston or Waco in the AAAA finals and Lufkin against defending champion Port Neches for the AA crown.

A clash between Garland and Breckenridge at Breckenridge Friday afternoon starts bi-district play in AAA. Class AAAA playoffs open Friday night with Galveston at Austin High of Houston and Fort Worth Poly at Dallas South Oak Cliff.

Classes AA and A, the other divisions that crown state champions, will be battling through second rounds, eliminating down to quarterfinals. Action flares Friday afternoon with Littlefield and Comanche colliding at Snyder in Class AA and Sundown knocking heads with McLean at Canyon in Class A.

Garland is in Arkansas' fix while the Razorbacks were running wild through the Southwest Conference early the past season—unbeaten, untied but the underdog. Garland has 10 straight victories this season while Breckenridge has been beaten once and tied once.

But the Buckaroos, a crafty, tough bunch, have played a much stiffer schedule. They blasted AAAA power Abilene 35-13. For comparative purposes, Garland beat Brownwood 19-6; Breckenridge beat Brownwood 42-7. Besides, the Buckaroos will be playing at home.

Galveston, only unbeaten-untied team in AAAA and top-ranked, should roll past Austin of Houston, which has been beaten four times. The Poly-South Oak Cliff contest looks too close to predict.

First-round play in AAAA and AAA ends Saturday afternoon. Abilene—the Breckenridge debacle the only blot on its record—is a solid choice over thrice-beaten El Paso Austin in the AAAA clash at Abilene. The other contest in this division sends Waco to Corpus Christi Miller. Both have 9-1 records, but Waco has looked stronger each week.

Saturday games in AAA have Lufkin at Sherman, Port Neches at Temple and McAllen at San Antonio Alamo Heights.

Lufkin—an awesome outfit which has stamped to 431 points to 75 for opponents; is unbeaten and tied and top-rated in AAA—should crush Sherman. Port Neches, with only one defeat; is favored over Temple, beaten five times. McAllen, with only a tie on its record, should whip thrice-downed Alamo Heights.

A long-distance guess would have Abilene beating Poly or South Oak Cliff and Galveston vs. Waco in a tossup in next week's AAAA semifinals. Lufkin should nip Breckenridge and Port Neches should down McAllen in AAA.

Classes AA and A are packed with potential champions. Nederland, Phillips and Colorado City stand out in AA and Paducah, Clifton and Sundown look good in A. At least two of these will fall before the weekend is over.

Phillips and Colorado City clash in a battle of the unbeaten and untied at Lubbock's Texas Tech Stadium Saturday afternoon in the banner AA game. Paducah and Clifton, another pair with perfect records, collide at Wichita Falls Friday night in the Class A feature.

Nederland, looking like the team to beat in AA, taken on once-beaten Boling at Richmond-Osborne Friday night. Nederland, with 11 straight victories including last week's 19-7 elimination of unbeaten-untied Lamarque, is a heavy favorite.

Trinity Back Is Selected On Little All-America

By HAROLD CLAASSEN
NEW YORK (AP)—Is football on the small college level worthwhile to the players?

You will get a quick firm "yes" from William McKenna of Brandeis, named an end on The Associated Press' Little All America team today.

McKenna arrived at the Waltham, Mass., College, one of the youngest schools, four years ago from Salem, Mass. He weighed 165 pounds. Bennie Friedman, the one-time Michigan star, couldn't find a spot for McKenna on the offensive platoon. He developed in foot-

ball. Unable to make the offense platoon in 1951, he was the team's leading scorer in two of his final three years.

Friedman says McKenna now is so good "that no matter who plays tackle beside him or back-up behind him they all three look good."

Sharing the Little All America honors with McKenna are stars from 16 other colleges. The other end is R. C. Owens of the College of Idaho.

The tackles are Joe Veto of Juniata and Larry Paradis of Whitworth. Stokely Fulton, Hampden Sydney's inspiration, is at center, flanked by guards Robert Patterson of Memphis State and Gene Nel of Gustavus Adolphus.

Richard Young of Chattanooga, drafted by the Chicago Cardinals, holds down fullback with his 200 pounds.

Alvin Beal, quarterback for Texas Trinity team that has not been beaten since 1952, is at quarterback with Don Miller, sparkplug of bowl-bound Delaware, at one of the remaining backfield berths. The fourth goes to Leo Lewis of Lincoln (Mo.) University, the only repeater from 1953.

SMU Confident Despite Injuries

DALLAS (AP)—Southern Methodist's Mustangs—loaded with injuries and memories of past meetings with Notre Dame—were a crippled but confident football team as they finished preparations for tomorrow's game with the Irish.

The Mustangs, second-place finishers in this year's Southwest Conference race, meet the perennial kings of the nation's independent Saturday in what local fans are beginning to regard as almost another Cotton Bowl game.

It's one of three contests that always pack the 75,000-seat stadium. Others are the Texas-Oklahoma rivalry and the Jan. 1 Cotton Bowl classic. It's also the season's last major game in the Southwest.

SMU will enter the game minus two of its top four backs, quarterback Duane Nutt and halfback Don McIlhenmy, Nutt, senior leader in passing, punting and ball-carrying for the Mustangs, went out of the Texas Christian clash last week with a broken collar bone. McIlhenmy was one of the better runners and defensive men when a kidney injury took him out a month ago.

Coach Chalmer Woodard had the team behind locked gates most of the week, grooming junior John Roach as Nutt's replacement.

But while the team has had its physical troubles, morale has been a high spot. The Mustangs remember well the 40-14 humiliation they suffered at the hands of Notre Dame last year before a national television audience. This year, with the game again the TV contest of the week, they'd like to even it up.

Dodgers Set To Sell Cox To American League Club

By JOE REICHLER

HOUSTON, (AP)—Omaha, Neb., was expected to officially become a member of the American Assn. today as the minor league convention comes to a close.

Another development will be the naming of the five-man arbitration board by minor league President George Trautman to settle damages due the Western League for draft of its Denver territory.

On the player end, the Associated Press learned that the Brooklyn team is set to sell veteran third baseman Billy Cox for \$50,000 to one of two American League clubs—Baltimore or Cleveland. E. J. Bavasi, Dodger vice president, also has asked for a couple of minor league farmhands.

The inter-league transaction, in all likelihood, will be consummated at the major league meetings in New York next week. The only current hitch is Brooklyn's inability to get waivers on Cox. It is believed, however, that because of the fancy figure, the Dodgers will receive "gentleman waivers" on the player.

The Dodgers and Cincinnati also were getting closer to completing a player trade that would involve outfielder Jimmy Greengrass or Wally Post and catcher E. C. Bailey of the Reds and second baseman Junior Gilliam and a second line pitcher from the Dodgers. Only a matter of \$25,000 stood between the Western League and the St. Louis Cardinals from concluding a pact that would transfer the Redbirds' Columbus American Assn. franchise to Omaha.

In a secret meeting with St. Louis representatives yesterday the Western League reduced its demand for damages on the release of Omaha from \$100,000 to \$60,000. The Cards countered with an offer of \$35,000.

The minor leagues yesterday adopted 11 of the 23 amendments to the major-minor league agreement, passed four of the eight minor league amendments and threw out a resolution to revise or terminate the major-minor league agreement.

The most important piece of legislation passed was the amendment to ban commercial broadcasts and telecasts of baseball games on stations outside a club's home territory. This was subject to approval by the majors.

The minors went a step further by voting to retain the radio-TV, amendment even if the majors reject it.

The minors also adopted an amendment that would lower the player limits and increase the number of options of all clubs from the majors down to Class B.

MOEGLE, MOORE IN ALL-AMERICA TALK

By BOB HOOBING

The Associated Press

The bountiful Midwest and Pacific Coast offer the majority of All America backfield candidates this year—like Ralph Guglielmi, Alan Ameche, Howard Cassidy, Paul Larson, Bob Davenport and George Shaw.

In fact, the Midwest All America Board has come up with more players in their own area than there's room for in any one backfield.

Quarterbacks Guglielmi of Notre Dame and Len Dawson of Purdue, halfbacks Howard Cassidy of Ohio State and Bob McNamara of Minnesota and fullbacks Ameche of Wisconsin and Hubert Hobo of Ohio State all received strong support from their area.

Oregon's George Shaw and California's Paul Larson, a pair of field generals who rank 1-2 nationally in total offense, wound up on the first all PCC team together and are among the leading nominees. Reports from the Pacific slopes indicate that Davenport, of UCLA's unbeaten, untied Bruins, is as fine a fullback as there is in the land.

And from Southern Cal's Rose Bowl-bound Trojans comes halfback Lindon Crow.

These two sections don't have a monopoly, of course.

Rice halfback Dick Moegle capped a great year by scoring two touchdowns, one on a 91-yard punt return, as the Owls knocked Baylor out of a possible Southwest Conference first place tie. Another

Big Southwest name is Fullback Henry Moore, workhorse of regional champion Arkansas.

In the East, Army's Pete Vann and West Virginia's Freddie Wyant proved master ball handlers at quarterback for their respective teams. Penn State junior halfback Lenny Moore and Boston University fullback Sam Pino have been rated tops as runners.

Fullbacks are plentiful in the Southland with Maryland's Dick Bielski, Auburn's Koe Childress and Tennessee's Tom Tracy among them.

Earl Lunsford, of Oklahoma A&M and wingback Frank Bernard from Colorado head the choices from the Midlands.

Ponies Oppose Midland 'Dogs This Evening

SWEETWATER (SC)—The Sweetwater Mustangs open their 1954-55 basketball season in Midland tonight.

The Mustangs, bolstered by the addition of several football players recently, play their first home game Tuesday, meeting Ballinger. Bubba Meyer, Robert Brothers, Gerald Mounce and Dale Littlefield joined the drills at the conclusion of the grid season.

Meyer and Brothers have combined with Dale McKeehan, the only letterman from last year's team; Kenneth Drewery and Thomas Womack in a half court scrimmage against the second unit.

McKeehan, Drewery, and Womack have virtually nailed down starting berths for the Midland contest but the other two spots are wide open. Lawrence Bredemeyer would probably get a starting nod but he isn't eligible until mid-term. Meyer, Brothers, or Jerry Lamm may break into the line-up Friday.

Drewery and Brothers are the only seniors on the entire squad this year as the team is loaded with juniors and sophomores. The team won't be lacking in overall height this year as McKeehan, Bredemeyer, and Littlefield all stand 6-4; Mounce is 6-3; Meyer, 6-6; Mounce is 6-3; Womack and Brothers, each 5-11.

Savage is in his first year as head basketball coach here, having replaced Bennie Rutherford. He has been working full time with the boys since the early part of November. The boys work until past 6 p.m. each afternoon and the current schedule calls for two workouts on Saturday.

The schedule calls for six non-conference games plus playing in the Brownwood tournament on December 29-31. The conference slate gets under way with Lamesa on January 7.

India Not Entirely Opposed To Movie

By BOB THOMAS
HOLLYWOOD—India's objections to a future film concerning that nation's fight for independence are not as strong as they have been painted, reports director George Cukor.

He will direct "Bhowani Junction," the Book of the Month Club best seller which MGM is filming. The story concerns an Anglo-Indian girl (Ava Gardner) who returns to India at the end of World War II and is caught in the political turmoil. She is torn between three loves: A British colonel (Stewart

Granger), an Indian Nationalist and an Anglo-Indian who runs a strategic railroad.

Reports from India indicated strong objections to the film. It was even stated that MGM would not be permitted to shoot it there.

"That's not true," countered Cukor, who will direct the film. He has returned from five weeks in India and reported cooperation from all the government officials he dealt with.

"Right now we are negotiating for locations," said the director. "We may shoot in India and we may shoot in Pakistan. It's not a question of obtaining permission.

There are other matters to be considered: The use of troops, railroads and other facilities, plus matters of customs and income tax." Cukor said he had helpful conversations with many top Indian officials, including Prime Minister Nehru himself.

"When Nehru was visiting in Bombay, he was kind enough to receive me," said Cukor. "I talked to him for 20 minutes and I felt guilty to take up his time, he is such a busy man. But he chatted pleasantly and said he had read 'Bhowani Junction' and had enjoyed it. The only objection he raised was certain errors in chronology, which the author had admitted in the first part of the book.

The director added there was a natural sensitiveness on the part of Indians about the book.

"It is the same as if a French company were to come to this country and announce they were going to make a film about the Scottsboro case," he said. "Or that they were going to touch upon the Sacco-Vanzetti case or make a film about Sen. McCarthy. Naturally we would be touchy."

"It's even touchier in India, where events have been so recent and where there is so much pride in their new nation. They are careful about the use of words. Where we used 'riots,' they suggested 'demonstrations.' Instead of 'terrorists,' they wanted 'revolutionaries.'"

Farm scientists say that hogs can be fattened more rapidly if they spend most of their time in the dark.

Waist sizes 26 to 36 ... 14 and 16 inch lengths with zipper. \$12.50

Hamphill-Wellis Co.

Russians Now Attack Card Playing As Vice
 MOSCOW, U.S.—The Soviet press for many months has been denouncing drinking and smoking. Now it has begun to condemn card playing as an evil relic of capitalism, a crime breeder and a corrupter of the character of the Soviet man. The magazine Young Communist reports all sorts of crime and character erosion arise out of card playing, including drinking and murder, and that "card playing is incompatible with the Soviet way of life."

Jury More Generous Than State Officials
 SALISBURY, Md. (AP)—A Wicomico County couple has won an award of \$10,850 from the state which took about one acre of their land for dualization of busy U.S. 13, main north-south route of the Delmarva Peninsula. The award, by a Circuit Court jury, was 20 times the original offer made by the State Roads Commission to Mr. and Mrs. William H. Jackson who live south of Salisbury. The commission later admitted it had made a mistake.

Four Men Convicted Of Robbery Of Bank
 WACO (AP)—Four Dallas men were convicted of burglarizing the Streetman Bank Wednesday. Convicted in Federal Judge Ben Rice's court were Leonard Hogue, 29; Wiley Snyder, 22; John Rule, 32; and Raymond Brown, 30. Defense attorney, Charles Tobin said the convictions would be appealed. Rice said he would not pass sentence until he studied their records. The group faces burglary indictments in a postoffice break at Hutto.
