OCTOBER 6, 1935

A large front page advertisement heralded the coming of Campbell Bros., Great Consolidated Shows, to Hereford on Oct. 16th. "Larger and Better than ever. A gigantic enterprise requiring 1,000 men and horses. Grand free street parade. 5 Bands of music."

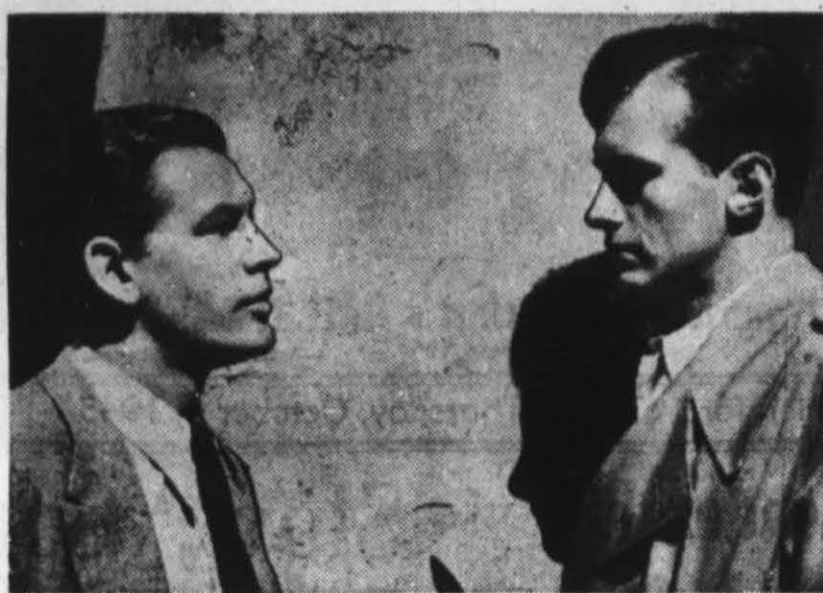

The girls at the dormitory have already made plans for introducing basket ball at the college. Two teams with McKie May Mason and Ada Donovan as captains have been organized and the equipment for playing has been ordered. The court has been laid off east of the Girls' Home.

Other teams besides those from the dormitory will also be organized.

EDUCATIONAL COLUMN

Near the center of our town stands a frame structure not pretentious to look upon—yet, even humble in appearance—yet, with such a potent influence emanating from it, that it cannot be valued with gold and silver. In this plain building of seven apartments men and women are being made. The conscientious teacher as she goes in and out before her pupils, day by day, is an ambassador sent from heaven to aid the home in the development of the child.

Dr. C. P. Estes was summoned to Texico Wednesday to dress the wound of a small girl who was accidentally shot at that place.

INSIDE STORY OF A MANHUNT — the hunt for escaped Nazi prisoners in the American Southwest, is the theme of "Escape in the Desert," in which Philip Dorn and Helmut Dantine, pictured above, are featured players. It's the Sunday, Monday and Tuesday feature at the Texas.

The sensational Western Melodrama, "Jesse James" will be in Hereford one night only, Oct. 14, presenting wild western life in reality. The management announces that any wild, unbroken horse or mule will be rode free of charge, so bring your wild, unriddleable horses and see the fun.

OCTOBER 8, 1925

The boys of the agricultural classes met this week at the high school and perfected a class organization. Price Barrett was elected class leader, Marlin Gilliland, secy-treas. and Oliver Rudd volley ball captain of the first year class. The second year class elected Horace Hershey as class leader, Edgar Ireland as secy-treas. and Bernard Roberson as volley ball captain.

Due to the untiring efforts of trustees S. G. Moore and G. W. Wilson, the children of district no. 5 are enjoying the advantages of free transportation these days to Westway High School. Two brand new Ford trucks, all fitted out with the latest body designs for the purpose are now in operation. The trucks are safe and comfortable; children can enter only from the front by the driver's seat. The top and side curtains are of heavy canvas material, painted with linseed oil, making a very comfortable and warm top in cold weather and cool shade in warm weather as the side curtains can be rolled up.

Local fans are crowding the Corner Drug Store each afternoon to get the radio reports on the World Series between Washington of the American League and Pittsburgh of the National League. Washington, with the great Walter Johnson going strong, took the first game by a score of 3 to 1.

Jowell Visits Mother

Mr. and Mrs. Henry Jowell arrived Saturday night from Jacksonville, Fla., to spend a couple of weeks here with his mother, Mrs. G. R. Jowell, and family. Jowell received his discharge last week from the Navy, in which he had served since January, 1942.

His duty included 14 months in the Pacific as gunner-radio man on Navy planes.

From here, the Jowells will go to San Francisco, Calif., for a visit with Mrs. Jowell's family; and he plans to re-enter the employ of the Shell Oil Co., in California, where he was working prior to entering service.

War Trophy Guns Must Be Registered

In behalf of public safety, Joseph D. Nunan, Jr., commissioner of internal revenue, today appealed to all members and veterans of the armed forces and their families to register and safeguard all machine guns and similar automatic weapons which have been brought into the country as war trophies.

Registration of such weapons with the nearest office of any investigator in charge, Alcohol Tax Unit, Bureau of Internal Revenue, is mandatory under terms of the National Firearms Act of 1934. However, the department of Internal Revenue has not sought rigid enforcement of the act in this case, until recent months when several instances have been reported of criminals stealing war trophy guns and using the weapons for criminal purposes.

Therefore, the department is urging the registration of any firearms of automatic type—such as machine pistols, machine guns, submachine guns, or any type gun from which a number of shots or bullets may be discharged with one continuous pull of the trigger.

"I urge all servicemen, veterans and their families to communicate at once with the nearest office of any investigator in charge, Alcohol Tax Unit, Bureau of Internal Revenue, or to write to me in Washington," Commissioner Nunan said. "A representative of the Bureau will call and assist them with the registration without charge.

"At the same time I urge possessors of these weapons to accept the assistance of the Bureau representative in rendering the guns permanently inoperative. This will not affect their souvenir value, but will prevent accidents and help keep the weapon out of the hands of the criminal element.

"Furthermore, as long as the weapon is serviceable, the law

requires payment of the \$200 tax upon each sale, exchange, gift or other transfer of the firearm. If the gun is made permanently inoperative, it may be transferred as a war trophy without payment of the tax.

"I earnestly hope that service families will understand that these cautions are being issued for their protection—protection not only against the consequences of possessing deadly weapons, but also protection against violations of the National Firearms Act, which provides penalties up to five years in prison and a \$2,000 fine for each violation. Careful compliance with this law will, on the other hand, permit safe enjoyment of the war trophies of the type mentioned."

DRUGS WITH A REPUTATION

THIS WEEK... AT THE USO

The chief topic of conversation at the USO this week, has been "When is Mrs. Olson leaving, and will we get to see her again?" All were made glad when they were told that there was to be a Chuck-wagon Supper given in her honor, and all would be invited.

The other day Mrs. T. D. Ferguson brought in a large platter heaped with fresh cookies. Among them being some squares of ginger bread, iced with chocolate fudge icing. When these were placed upon the coffee table they lasted about as long as butter when placed in the heart of a HOT roll. Some of the boys were even heard to say, "Hey there, don't eat them all; I want some too." Was almost like being at home, when the children come rushing in from school and call out "Hey, I'm hungry, where is Mom, and where is something to eat." One of the fellows, didn't get one of

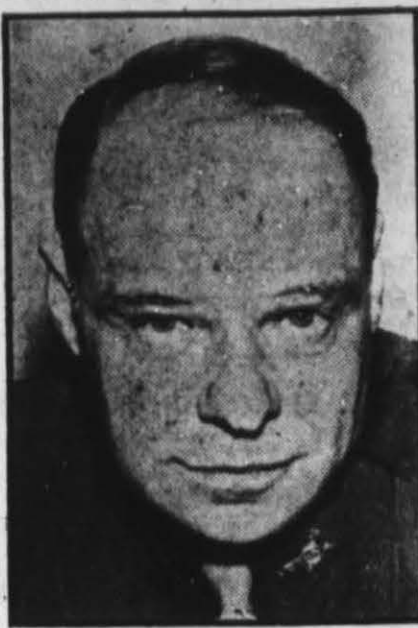

the above mentioned squares, so the hostess thought she would appease by giving him some other cookies which had been recently brought in. So told him to look in another cookie jar, and get some of them. When he went to the jar, instead of taking the light colored ones on top, which had nuts and dates in them, he reached down deep and brought up about a half-dozen oatmeal cookies. When questioned why he selected that particular kind, he answered "Why these are just like Mother makes, it reminds me of home." Silence followed this expression and the tribute to a mother far-a-way; and no doubt many were thinking of HOME.

Mrs. J. D. Boren of Dimmitt called at the USO this week to see some of the shell-craft items and to watch the women make them.

We are truly grateful to Mrs. Kendall, for relieving the hostess-secretary while she makes necessary purchases, attends stated meetings, etc., Mrs. Kendall is truly a fine dependable friend.

Congratulations, and good

wishes were being extended to S Sgt. and Mrs. Grant Hanna, who recently returned from their honeymoon trip. Was really nice having them come in for a visit.

Pfc and Mrs. Plonsky, returned this week from their furlough which they spent with her family, the Dunlaps, of Missouri. They both look fine and rested and report a really good time with home-folk; they even had pork-chops while they were gone.

Danny Wainwright, who has been sent to Amarillo Army Air Field, visited in our USO this week; was nice having him with us again.

Many compliments were passed on the lovely arrangements of purple dahlias which Mrs. C. H. Dyar brought to us. It was an arrangement which had been used at the annual Music Study Luncheon and was really

a thing of beauty. The Phebian Class, shared their luncheon flowers with us too. Mrs. Mercer and Mrs. Caraway brought them in, and I believe the flowers were raised by Mrs. Lynn Kester. These were beautiful red and white dahlias.

Remember as you cut and enjoy flowers in your home, that we like and enjoy flowers at the USO.

Margaret Barber has really done much to help us get ready for the long winter days, as she has brought in over twenty-five books, and a large number of games. Thanks, Margaret.

Our sincere thanks to the following who have brought in cookies this month; (we hope we do not leave out any names; if so please call and tell the hostess on duty) Mrs. O. L. Click for Lone Star Study Club; Mrs. J. J. Buckner, Miss Jeanette Smith; Mrs. Grady and Jno Jacobsen Jr., for Lone Star Study Club; Miss Ella Martin, for Y. W. A.; Mrs. T. D. Ferguson; Mrs. A. L. Manjeot; Mrs. Roy Waggoner for Catholic Ladies; and Mrs. W. W. Hill.

The Luncheon on Tuesday for the Service Mens wives, was attended by 15; a good time was enjoyed and many lovely items were made. On Thursday the officers' wives came for their class in shell-craft. Nine attended this class. The new shipment of shells, pins, etc was very nice, but my it is already used up. Interest is increasing in this hand-craft daily.

Again we had to say goodbye to some of the men, as they left for separation centers to receive their discharges. It was good to see them so happy, even though it was hard to say farewell to some that had been here since the establishment of the POW Camp.

Cards were mailed out this week by Mrs. Loerwald to our volunteer hosts and hostesses; please place the card where it

will remind you to be on time for your appointment in this necessary home-front phase of aiding and sharing with service personnel.

If sometime you ask yourself the question, "Does USO pay?" Please let me answer by saying DEFINITELY YES. For proof I quote you some statements heard this week. "The Hereford USO has been a real home to me while here, as I have spent more hours here than in my own apartment." "Because of the real hospitality and cordiality received in the USO here, I would like to make Hereford my permanent home." "My baby has almost been raised in the Hereford USO, and my other children really do feel at home here." "The men and women who have been associated with Hereford USO and who have known Mrs. Olson, can truly say she has been a wonderful second-mother to them."

A dark, gray rainy day was turned to real radiant blue by a visit from General USO Chairman Bob Thompson, not only did his words of encouragement help, but he brought along a nice box of choice chocolates, which the hostess-secretary and service men can attest really sweetened the day.

ATTENTION / GSO - Girls! Bake a pie, an extra delicious one, and bring it Monday evening to the USO Center, there it will be purchased by GI Joe, (with real WESTERN money) Come one, come all, to the Pie Supper, 8 P. M. Fun and entertainment for all.

Garden Club Has Lesson On Indoor Gardens

"Indoor Gardening" was the theme for the Garden Club program at the meeting held at the home of Mrs. Robert Wagoner Friday afternoon. Mrs. Roy Crutchfield was cohostess for the meeting.

Mrs. O. G. Hill talked about "My Indoor Garden," telling of her kitchen window garden and her experiences in making an indoor garden grow. She also showed pictures of indoor gardens arranged in various designs.

GOOD? IT OUGHT TO BE GOOD!

Sure, the New Phillips 66 is a swell gasoline

Why Not?

We'd be ashamed of ourselves if it *wasn't!* Since Pearl Harbor we've put every ounce of sweat and energy we possessed into perfecting the finest combat fuels the world has ever seen.

Millions of dollars worth of new equipment

...hundreds of thousands of man-hours and brain-hours... *weren't spent in vain!*

Good gasoline? Man, it *ought* to be good!

And if you're one of those who aren't surprised that Phillips research and Phillips know-how have produced a world-beater of a gasoline, here's a little thought you can tuck in your hatband:

The most important thing about a Phillips 66 Service Station is still the man who runs it. Yes, he can give you fine gasoline. But he'll also give the consistently high standard of thoughtful, courteous service that has always characterized the sign of 66.

We didn't forget how to deliver *that* during the war, either!

Wedding is Solemnized in Lubbock

The marriage of Mrs. Louise Sharpe, daughter of Mr. and Mrs. Carl Frye, and Charles Earl Gunther of Bakersfield, Calif., has been announced here. The wedding took place Saturday evening in Lubbock in the home of Dr. Lewis, pastor of the First Presbyterian Church, who read the ceremony.

The bride wore a gray dress-maker suit with black and white accessories with a single orchid corsage. To carry out the "something old and something borrowed" tradition, she wore a bracelet over 100 years old which Mrs. Riddle's husband had brought to her from England.

Mrs. Gunther is a graduate of Hereford High School and of Texas Technological College at Lubbock. For the past year she has been employed as secretary to the dean of home economics at the Lubbock College.

Mr. Gunther is associated with the United Geophysical Company in Lubbock where the couple plan to make their home.

At present the Depot has \$228,584 to give away—to the rightful owners, of course. And there are now on hand 15,000 pieces of lost baggage, 80,000 belonging to men who are in hospitals and 16,000 foot lockers—not to mention blanket rolls, handsome leather valises sleeping sacks, etc. Which is just "chicken feed," Gore comments, compared to the amount of lost possessions on hand three months ago.

Servicemen in Europe can claim their missing luggage, either in person or by a letter to the lost and found depot. Gore's particular job is to search through a huge index file when such requests are received. If the articles are not in one of the three warehouses at Folembay, a similar search is made in a depot in the United Kingdom. If the missing articles are not in this depot, the job turns into high grade detective work for the staff of the Folembay Depot, who report some remarkable successes in following up slim clues.

Nearly all articles turned in at the depot have some identifying marks and a careful indexing and filing system has greatly simplified the job of tracking down the GI's missing possessions.

To my friends, THE POTATO GROWERS . . . in this area:

A word of appreciation to you who have made it possible for me to ship some eighty cars this season. While we realize that in volume this is no record, we plan that another season will find us with an organization capable of handling real volume on a profitable basis for you.

We are booking seed potatoes now and also fertilizer. Ask us about your needs.

We now have some eight or nine tracts of spud land available for next year's crop, including four tracts of from 100 to 150 acres each, with two good wells on each tract.

The best ones will lease first and probably all will be signed up within 30 days.

W. T. Building Fund Increases

CANYON, Texas, Oct. 4.—Contributions to the building fund for the West Texas State chapel are being received every day by President J. A. Hill.

County organizations are being formed to hasten the attainment of the \$50,000 goal. Slightly more than \$15,000 in cash and pledges is in hand.

Of the counties, Carson is currently the most active. At Panhandle, a campaign committee is composed of Mrs. Fred Surratt, chairman, Supt. Kellius Turner, Mrs. W. W. Evans, Mrs. E. B. Craig, and David M. Warren.

At White Deer, Dalton Ford heads a committee whose other members include Mrs. J. C. Freeman, Mrs. E. H. Grimes and Mrs. Frank Evans.

When completed, the campus chapel will be the scene of religious services, recitals, weddings, pastor-student conferences, religious lectures and other activities, which will be scheduled so that they will not

conflict with the programs of local churches.

"Lieutenant Brashear drew heavy enemy fire from automatic weapons and was wounded after he had gone a short distance. Nevertheless, with dogged determination he continued to press forward until he had succeeded in reaching the command post... aiding in the formation of a combat plan which eventually brought our troops to safety."

"The scorn for personal safety, initiative and devotion to duty of this intrepid soldier reflects the highest credit upon himself and on all members of the military service."

Lieutenant Brashear arrived Friday in San Francisco after

completing 39 months of service in the Pacific. He expects to receive his discharge and will arrive in Hereford sometime this week for a visit with his sister, Mrs. W. S. Rice, and family.

Leadership

at four o'clock at the church.

The open meeting, and the mother's meeting which follows it, are of utmost importance, according to Campfire sponsors, who say that lack of trained leadership is the most serious handicap to the Camp Fire program in Hereford. According to Mrs. Urlin Streu, Camp Fire sponsor, fees have been paid for two more troops, but activity has not been started because no sponsors can be found. Miss Barrick's purpose is to acquaint Hereford women with the situation, and then to enroll as many women as possible for the training courses which will be held on Oct. 8, 9 and 10 at the Methodist Church.

On Oct. 9, the Blue Bird, Camp Fire and Horizon groups will honor Miss Barricks with a tea at 4:30 o'clock in connection with the regular training program scheduled for that date.

According to Martha F. Allen, National Executive, many Camp Fire members—real and immediately potential—have never really known life in peacetime America... "But out of war comes a new determination to make that life more full and more significant than it has been in the past... and Camp Fire can play a large and important part in this building of the future."

Hereford women are urged to devote their time and effort to such a program in this city. They are urged to attend the meeting tomorrow afternoon at 2:30 to get the details on this program.

could be tagged "a long time ago" if they dated back to the days when there were still vacant buildings on Main Street.

Haven't checked on this officially, but because of the change-over in time, Hereford Sunday Schools are reported to have had a record attendance last Sunday by persons who thought they were going to the 11 o'clock church service.

Take it from Wm. (Babe) Russell, army discharges can come through fast, once the machinery starts moving. Babe left England on the Queen Mary, arrived in New York in five days, caught a plane to Camp Beale and Martinez, Calif., and in five more days had received his discharge. Mr. and Mrs. Russell are now visiting his parents, Mr. and Mrs. W. H. Russell of Hereford.

A farmer's life depends on the weather—and that goes for the farmer's wife too, according to home demonstration club members who have postponed the exhibit which was scheduled for Saturday. They say they are just too busy with regular farm work to have the exhibit as scheduled.

and prospects for winter wheat pasture have also greatly improved.

Temperatures in Hereford hovered slightly above the freezing mark, but ice was reported in the northwest part of the county; and the only detrimental affect of the entire storm was the cattle loss from the unexpected cold weather.

Loss was especially heavy among stock which had recently been shipped in from the El Paso area, but some loss of native stock was reported.

Temperatures dipped down again yesterday, and rain was reported general over the South Plains, though no moisture fell in this immediate territory.
