Sights and Faces Seen

H. M. Horton is the kind of reader—and gardener—we like. Last week he read about those record breaking turnips raised by L. L. Cannon and instead of raising a lot of nasty mathematical questions about yield, weight, income, etc., he just brought us in one of his own record breaking turnips. This specimen weighed seven pounds, and Mr. Horton said he had some more in the garden nearly as large.

Most of the pictures in the Brand come from a large news service and it's strictly coincidence, with odds about one thousand to one against the chance, that one of these news cuts will turn out to be a picture of someone from Hereford. But it happened last week, according to Corrine Hamilton, who says that the sailor pictured in the front page cut in the Brand, was her brother.

All this talk about early Christmas shopping has evidently had an effect on the younger generation, for Santa Claus this week received a letter from some Hereford kids, stating that "Wheeler wants a crane, a train, a tank, an airplane, a dump truck, a six-year-old bicycle, a teddy bear, a bull (or bell), a caterpillar tractor and trailer, spurs, chaps, boots, black cowboy hat. And Jimmy wants a bow and arrow, a ride train, letter blocks, an airplane, a six-year-old bicycle, gloves, pocketbook and hatchet for daddy. Dishes for mama. The public is invited to attend a patriotic rally at the Hereford Assembly of God Church, Sunday night, Nov. 19, when Lois Leonard Cox, field representative of the service men's department of the church, will be in charge of the service in tribute to Deaf Smith County's fighting men.

Rev. S. E. Eldridge, local pastor, emphasizes that the rally is a community affair and that all persons, regardless of church or creed, are invited to participate. "We invite everyone to bring a photo or snapshot of his friend or relative in service, together with the name, address and address of the service man," says Rev. Eldridge. "We will make an effort to contact each man and let him know that he received recognition at this ceremony." Miss Cox will describe the work being done by Victory Service Centers and will point out definite action which can be taken by all persons to help win the war and bring peace.

Thanksgiving Date Officially Set for November 30th; Federal Agencies Observe November 23rd

In accordance with a proclamation issued in behalf of the State it appeared today that Hereford will observe Thanksgiving, Nov. 30, as Thanksgiving. The probable date resulted after considerable discussion, most of which arose as the result of an article in the Amarillo News last week indicating that Texas would observe Nov. 23. Finally, Mayor E. S. Ireland wired Gov. Stevenson in an effort to secure the Thanksgiving date for Texas. Stevenson answered declaring Thursday, Nov. 30, the official date. Following arrival of the wire from the governor, Mayor Ireland issued the following statement in an effort to create a cooperative celebration between the town and schools:

Nov. 14, 1944
With reference to what day should be observed in Hereford as Thanksgiving

A total of \$3,954 has been contributed by Deaf Smith County people in the United War Fund Drive, it was revealed this week by Urlin Streu, chairman, who said that the quota had been oversubscribed by \$354 and praised the splendid work of volunteers in Hereford and various rural communities in the county and the cooperation of citizens in general, whose gifts made possible the rapid raising of the quota.

The chairman especially cited the work of three rural communities which raised a total of \$744 in the drive and listed Dawn, Bippus and Wyche as leaders in the rural campaign. The Sixth War Loan Drive will get underway on Monday, Nov. 20, with Deaf Smith County citizens aiming at a total of \$360,000 in War Bond purchases with \$155,000 of the amount in Series E bonds.

Despite the fact that the county has raised higher quotas in the past, and that the county war finance committee is confident of ultimate success in the Sixth Drive; nevertheless the campaign will be no "push over" here.

For judging from performance in reaching recent monthly quotas, some of the national spirit of over-optimism. (Continued on Page 12)

Loss to Tullia Throws District In 3-Way Tie

Last Friday night for the first time in four years, the Tullia Hornets defeated the Hereford Whitefaces, in an "upset" game with Tullia scoring 19 to Hereford's 0.

Hereford started strong having two scoring opportunities in the first quarter. The ball was fumbled losing one of these and the other was lost on downs.

The Whitefaces held their own until the fourth quarter when the Tullia eleven made their first score. Jack Scott of Tullia recovered a Hereford fumble on Hereford's 15 putting the Hornets in scoring position. Carlie carried the ball over.

Tullia's other scores were results of pass interceptions. Don Davis intercepted on Hereford's 40 going over three plays later. Ardis intercepted another pass on Hereford's 35 making the final touchdown of the game.

V. C. Hopson and C. W. Reeves played the hardest ball Friday night for the Whitefaces. H. V. Stanton, Whiteface coach, cited these boys as his outstanding players in the Tullia game.

The Whitefaces starting lineup was: Manjeot, tackle; London back; Hopson, tackle; Skelton, center; Reeves, guard; Lookingbill, end; Close, back; Rogers, guard; Sowell, end; Worrell, back; and Davis, back.

As a result of Hereford's defeat the district is in a three-way tie. Hereford beat Friona, Friona beat Tullia and Tullia beat Hereford. Nothing definite has been decided as to the settlement of this tie.

Group Urged to Begin Post-War Plans At Annual Legion-Auxiliary Banquet

The annual American Legion and Auxiliary Armistice Day Banquet was held at the Christian Church Saturday evening with a large crowd attending the patriotic event. Arrangements were in the hands of Post Commander Harry Taylor and Mrs. Frank Gyles, president of the Auxiliary, and their committees. Decorations for the banquet tables were in keeping with the theme of the evening, a galaxy of tapers and flowers in red, white and blue colors.

Travis Dameron was toast master and introduced the speaker of the evening, Dist. Commander, Henry Teubel of Tullia, after group singing of "America."

The speaker, a World War I veteran, urged the group to begin now to plan an American citizenship program, adequate to the needs of veterans of World War II. "The defense of democracy at home must be emphasized for post war reconstruction when our boys come home. Defense of democracy abroad is not enough, our boys must know that we are winning the peace."

In conclusion the speaker told of his experiences with the Third Army at Metz in 1918, outlining a clear picture of what the American soldiers are facing at Metz today and predicting a million casualties in the European War.

News from Hereford High School

Missionary from India to Speak in Assembly Friday

The high school students will have an opportunity to hear a first hand report on conditions in India at a special assembly tomorrow. Dr. Fay Livengood, a missionary of the Disciples of Christ, will speak to the faculty and student body concerning his work in India.

Dr. Livengood is home on his third furlough from his work. He arrived in February, 1944. Dr. Livengood graduated from Yale in 1918 and was assigned work in Damoch, India, the strongest point of mission work of the Disciples of Christ. His special work is teaching boys. Several Boy Scout Troops have been organized by Dr. Livengood. He established Boy Scout work in Jubblepore, India, where he was working when he received his furlough.

The public is invited to attend this assembly which is at 11:40 A. M. in the auditorium and also to hear Dr. Livengood Friday night at eight o'clock at the First Christian Church.

Glee Club Presents Its First Assembly Program

Appearing for the first time in public this fall, the Glee Club presented an assembly program of miscellaneous numbers directed by Mrs. Mac Jones. The entire group sang "Hot Time in the Town of Berlin," "It Had to Be You," "Salt Water Cowboy," and closed with "Winter Wonderland" and "The Sleigh."

Juanita Upton sang the solo part to "Honey Town," Betty Scarbrough sang "His Rockin' Horse Ran Away," and the quintette sang "When You Wish upon a Star" and "I'll Walk Alone." For a feature number Wanda Allmon and Mary Beth Scott pantomimed "Dance with a Dolly" while the group sang. The entire student body enjoyed the program.

Hi-Y and Tri-Hi-Y Clubs Have Joint Meeting

L. W. Bridges presided over a joint meeting of the Hi-Y and Tri-Hi-Y on Tuesday, November 7, in the high school. Ludie Virginia Turner led the group in the song, "Are Ye Able, Said the Master." Dan McCowen led the devotional and gave a talk on "Cleanliness." J. W. Robinson led the group in prayer. Cecelia Guseman gave a musical reading, "My Treasure," and was accompanied by Barbara Burney. Betty Jane Robinson gave a talk, "Suggestions for the Ideal Boy." Lloyd Manjeot responded with "Suggestions for the Ideal Girl." Beverley Fraser gave a talk on "Problems of Youth Today."

L. W. then directed the group in a round-table discussion on "Boy and Girl Relations." The meeting was adjourned by the Hi-Y and Tri-Hi-Y benediction.

1st. Sgt. Forrest D. Hill, who is stationed at Ft. Leonard Wood, Mo., has been spending a furlough here in the home of his parents, Mr. and Mrs. W. W. Hill.

Students and Faculty Offer Sincere Thanks to Citizens

There comes a time in everyone's life when he feels especially grateful for favors and courtesies extended by others. The students and teachers of Hereford High certainly have reason to be grateful in a big way. They have been on the re-

ceiving end of many such favors this school year at the hands of their friends, the townspeople. Those friends have responded in a most generous way to our call for help in solving transportation problems to out of town football games. It has been a source of much pleasure and enjoyable associations, and we feel we have profited much over and above the fact we have been able to go to the games. Thanks a lot, folks.

Pep Club Sets Date for Banquet on December 15

The Pep Club's big annual event, The Pep Club Banquet, is now being planned. The plans

began last week at a special meeting. The big event is to be staged at the Baptist Church, Friday night, Dec. 15. The theme is Christmas, but no plans about this are definite. Committees for the program and menu have already been appointed; the chairmen are Cecelia Guseman, program, and Rosella Albracht, menu.

Many of the girls already have their dates. Each member may ask a guest, boy or girl, to attend the banquet. Names of the member and her guest are to be listed by Nov. 24.

The mothers of the members are helping the girls with the banquet. The mothers began their plans Monday afternoon.

More definite arrangements will be announced later.

ATTEND SPEECH PROGRAM

Miss Irene Crawford and two of her speech pupils, Anne Morgan and Beverley Fraser, attended a speech program at the Musical Arts Conservatory. On the program were two pupils from each speech studio. All ages were represented and all types of readings were given.

A NEW LAUREL FOR TEXAS' WAR RECORD

Texas-Made Tires

With well deserved pride, Texas greets leading representatives of the nation's Press, come to participate in "Texas-In-The-War" week and eager to tell all America of the tremendous contributions Texans and Texas industry have made to the war effort.

And, Texas can take particular pride that November 13th marks the dedication of the first tire ever to be built in Texas... at the huge new plant of The General Tire & Rubber Company at Waco.

Truly, Texas has gone all the way to meet America's immediate need for greatly increased production of military tires.

A year and a half ago, at Baytown, we began operation of the first synthetic rubber plant in Texas... established there to make full use of the priceless minerals found in such lavish abundance under the soil of Texas.

Since then, with the aid of willing Texas hands, we have produced synthetic

rubber in quantities beyond all estimates.

Now comes the final step. For today Texas has its own tire plant... from which Texas-made tires will speed to the fighting fronts... and where Texas will build the finished product from raw materials drawn from every corner of its own great Commonwealth.

We of General Tire are happy to reaffirm our faith in the productive capacity of Texas and to become an even closer partner in its industrial progress.

When Texas enters its tremendous peacetime future... this General Tire plant will be ready with Texas-made passenger car tires, truck tires and aircraft tires for all of the South and Southwest... thus assuring Texas that it will be the hub of supply for this area's expected expansion of transportation on rubber.

100% war production at Waco will hasten that day.

To the People of this Community

The Victory Volunteer goes by many names in the Sixth War Loan. Sometimes he or she is called a Gallant, sometimes a Blue Star Brigadier or perhaps a Bondholder. Whatever the designation, he or she is performing a practical patriotic service. In this community in the next few weeks you will meet many of them at work, in the theatres, at your workshop, in the banks and in your home.

Remember one thing: you do not do them a favor when you buy an extra War Bond. You help your country, your fighting relatives and friends and yourself. The Victory Volunteer gives his time and his energy in a great cause. He or she makes it easy for you to do your duty by buying at least one extra \$100 War Bond over and above your regular bond purchases.

THIS WEEK... AT THE USO

Have you seen Mrs. Olson's letter on the bulletin board? We were so glad to receive her letters and learn of her safe arrival in St. Paul. It seems the snow is beginning to fly up there and she may be a little homesick for some good old Texas sunshine and news of her friends at the Hereford P. O. W. Camp. Why not write her a letter? The address is on the bulletin board.

Besides the contribution of our regular cookie makers, we enjoyed some from Mrs. Swigart, Mrs. T. D. Stambaugh and Mrs. A. L. Manjeot this week. On Sunday Mrs. Baer brought us a lovely cake which we claimed for our birthday cake but had only one small last bite. The boys really go for home-cooked food.

We were also happy to have the last chrysanthemums of the year from Mrs. J. F. Ward. They were very beautiful and we are sorry to see them fade, for we have nothing to take their place.

Hats off to John Hofbauer, local plumber. He not only came to our assistance when we needed his services, but donated them besides. Thanks again, John.

The attendance at the big party and dance at the Service Club last Saturday night was

surely a tribute to those who had worked so hard and planned its details. The decorating of the club, which must have been an immense task in itself, was beautifully done. A huge, flood-lighted star made of curled blue and white paper, hung over the center of the dance floor with hundreds of red, white and blue streamers leading out from it.

The stage setting also carried out the patriotic motif with a huge flag for the center background with red and blue streamers on white for the side drops. Corsages of chrysanthemums tied with white ribbon, inscribed "1804th S. C. U." were presented to the ladies. On the supper table was a centerpiece consisting of a basket filled with large white and red chrysanthemums and blue candles in crystal holders. Everyone enjoyed the lovely supper and good music furnished by the camp orchestra during the evening.

The pie supper at the Center, Monday night, was well-attended. Everyone seemed not only to enjoy the pies and coffee but the sale as well. The firm of "Grossman and Cirrills, Buyers and Sellers of White Elephants," tried hard to corner the market but were gradually forced into bankruptcy and finally had to hang out a "We Quit" sign. Thanks everyone, for helping make this party a success.

Who knows where the bride is? A little bird told us that Pvt. Robert Stuart was married while on his furlough, but we haven't seen the bride. Who

knows; she may be hiding in the trunk of that new car he drove back last week from Tennessee. Listen in next week, for more on this exciting mystery.

Don't forget the Western Dance next Monday at the Club House. Do plan to come if possible; and G. S. O. girls, please help us carry out the Western idea by coming dressed in that fashion, please.

MAYBE YOU CAN Pay Less Income Tax

NO ONE wants to pay more income taxes than required by law. But a lot of farmers pay too much, and maybe you do.

Just being on the "cash" basis of taxpaying, instead of the "accrual" basis, might cost you hundreds of dollars a year. Don't let that word "accrual" scare you. It is easy to understand.

As everyone knows, the higher your income, the larger proportion of it goes to the tax collector. If your income doubles you don't pay just twice as much tax, but maybe three or four times as much.

A farmer's business ventures often start one year and end sometime in the next. For example, he might feed steers in October, November and December of 1944 and sell them January 20, 1945. Most of the profit (or loss) was actually made in 1944, but on the cash basis of tax-paying, all of the income would be charged against 1945 (plus any more income made that year) while most of the expenses would be charged against 1944. The result would be an unduly high income for 1945, hence, an unduly high tax.

The accrual system, on the other hand, makes it possible to show income and losses in the year when they actually occur, as we shall see in a moment. It keeps income taxes from jumping up and down.

Consider the experience of E. M. Marshall, who has a productive Missouri farm of 160 acres. He keeps it producing near-capacity, marketing his grain and hay through cattle and hogs. During the depression his net profits were largely covered by liberal exemptions, and the low rate on his taxable income gave him little

concern. Then came higher prices, war, and much higher income and income taxes. His tax bill in 1940 was less than \$50, but in 1942 it jumped to more than \$400.

Taxes Are A Jolt

Like thousands of other farmers, Marshall had never bothered much about books. He depended largely upon his bank account to show whether he was making money. Since the government was satisfied with a mere cash-income-and-expense statement, he gave little thought to doing more than being sure that his tax return showed all deductions and expenses.

But the 1943 income tax of \$2,015 woke Marshall up with a jolt. He knew tax rates had gone up, but not five times! What had happened? The answer was simple. Marshall still was on a "cash" basis, when he should have been on an "accrual" basis. The 1941 and 1942 corn crops had been unusually large. Like other patriotic farmers, he had responded to the war program with double the number of fall pigs. He bought twice as many cattle as usual in the fall of 1942. The result was a pile-up of marketings in 1943—and he took in cash receipts for almost two years' production in a single season.

If Marshall had been operating on an accrual basis, instead of paying \$2,015 in taxes, he would have paid only \$1,475. It cost him \$540 to learn the difference. And, if his operations had been just twice as large, it would have cost him \$1,440 more, because of the way tax rates pyramid.

Having learned his lesson the hard way, Marshall tried to file his

1943 return on an accrual basis, and then he learned something else about income taxes. Advance permission must be obtained from the tax authorities to make the change, and the request must be filed within 90 days after the tax year starts. Marshall was more than nine months late.

If you should change from the cash to the accrual basis, you must request permission of the Internal Revenue Bureau between January 1 and March 31, 1945.

Who Should Use Accrual Base?

The accrual basis is usually preferable in these situations: *****

1. If your net income exceeds \$2,000.
2. If your farm income fluctuates considerably from year to year.
3. If your expenses—feed, fertilizer, seed, supplies, repairs, new buildings, etc.—run much higher in some years than others.
4. If you have regular or periodical income from other than farm sources, and that income changes from year to year.

In addition, the accrual system insures that you will get all the depreciation deductions to which you are entitled.

Only farmers with relatively small incomes, or those whose incomes and expenses change but little from year to year, can safely use the cash basis.

First step in changing over to the accrual system, after notifying the tax collector of your intention to do so, is to start an adequate farm bookkeeping system—which might well be put down as another advantage.

True profits from year to year are determined from mere cash income-and-expense statements. Competent farmers are realizing the importance of complete books, anyhow, to show them just what's what.

You Need An Inventory

Bookkeeping under the accrual system is not complicated. About all that is required in addition to setting down income and expenses is an inventory once a year. You need such an inventory anyway, and it is very little additional work to make the complete one required for the accrual basis.

Start 1945 with a complete inventory and a good set of books. *****

The accounts should do double duty: they should accurately guide the farm business, and insure payment of the minimum income tax. *****

Don't drift along the easy way, or depend on those who will make up a tax return for you for \$3 or \$5. Taxes are high, and probably will stay high. It is too costly a part of the farm business to slight, when you can do something about it.

We used to ride a lot

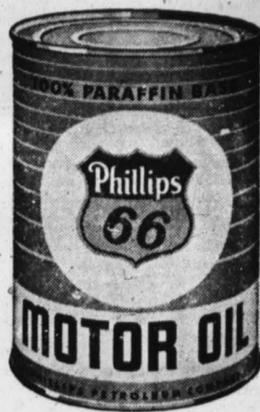

Wistful young America may not be able to understand why those long, lovely rides in the country are now only a memory.

But their patriotic fathers, meeting the necessity for conserving gasoline and for prolonging the life of tires and cars, have reduced their driving to a minimum. They know that "Care for your car—For your country" is more than a slogan, that such care is important lest the nation face a wartime crisis in domestic transportation.

So now, more than ever, they want a quality oil to preserve and protect their motors. Their only question is: How can I tell which are the quality oils?

Here is one easy answer, in a very frank statement by Phillips: If you want our best oil, remember we specify that Phillips 66 Motor Oil is our finest quality... the highest grade and greatest value... among all the oils we offer to average motorists.

Experts recommend changing oil every two months. Especially, don't neglect the seasonal change this fall. Get rid of contaminated, summer-thin oil. Drain and refill with a quality lubricant. Ask for Phillips 66 Motor Oil.

Dameron presented the Five Year Veteran award to Scoutmaster Urlin Streu of Troop 1(50) for five years service as scoutmaster and commended him for his leadership and service covering this period. A special camp award as an Honor Camper for the outing held at Ceta Canyon in August was made by Scoutmaster Streu to Scout Jack Ramey. He also made presentation of warrants as leaders of Troop 1(50) to Scouts Glenn Russell, Roger Corbett, Jr., and George Woods.

Scout Executive W. J. Hiatt awarded the 100 per cent Boys' Life Banner to Troop 1(50) for having 100 per cent of its membership subscribing to the Boy's Life magazine. This is the 5th year that this Troop has qualified for this award.

The annual charter for Troop 1(50) was presented by W. J. Hiatt, Scout Executive, to Robert Thompson, representing the Hereford Lions Club, sponsor of the Troop. Thompson accepted the charter in behalf of the Club and presented it to Scoutmaster Streu. Certificates of commission were given to members of the Troop Committee, John McLean, chairman, H. V. Williamson, R. H. Beavers, and W. E. Dameron and Scoutmaster Urlin Streu.

An interesting event was the presentation of certificates of membership to the parents of former Scouts, who are now in military service, who have a long tenure of membership. Parents received certificates for Scout Bob Davis, who was a member of the Troop for seven years; Donald Conklin, member for seven years; Billy Dameron, member for six years; and Thurman Williamson, member for six years.

The Silver Jubilee Program was outlined by the Scout Executive and Troop 1(50) and Troop 2(52) are both working to qualify for all six points which are emphasized for 1944. The program was closed by the Scout Benediction.

Hereford Boys Give Town A Build-Up At Navy Recruit Station

The Hereford Chamber of Commerce was not officially represented at the Oklahoma City navy recruiting office recently—but it might as well have been, according to a story which appeared in an Oklahoma City paper concerning the build-up given the "town without a toothache" by two 18-year-old navy recruits.

The boys—Paul Dishman and Clifford Gayle Cottrell—claimed that of "3,579 citizens who have been widely boasted as the healthiest in the country, only seven men in the whole area were disqualified from the draft because of physical disabilities."

Both the boys were accepted (natchery) with almost perfect health cards; but Paul Dishman had one thing wrong with him—a tooth cavity. "It's understandable though," he told the Oklahoma reporter, "you see I wasn't born in Deaf Smith County."

The story was accompanied by a picture of Paul and Clifford—Paul with mouth stretched open to display that "disloyal" tooth cavity.
