285 Ninth Grade Pupils Move Up

Exercises at 8:30 p.m. Friday in the Senior High School Auditorium will mark the entry of around 285 ninth graders into senior high school.

Truett Johnson, junior high principal, said that there would be some 255 on hand to receive their certificates. Some others have qualified previously for these and a number will complete work during the summer. There will be something like 30 of these, he said.

Ninth graders are developing the theme of democracy in their program. Carl Ann Foster is to speak on "Our Use of Democracy." Bobby Grant is to give the stirring "I Speak for Democracy." Joe Pickle, managing editor of the Herald, is to address the class on "Democracy and You."

Presiding over the ceremonies will be Supt. W. C. Blankenship. The professional will be played by Billy Evans and Richard Tucker will give the invocation.

The girls double quart composed of Wilma Moore, Jennie McEwen, Terral Turner, Sylvia Mendolia, Sue Boykin, Jean Robinson, Annelia Duke, and Sandra Mason will sing. Darlene Agee is to be the accompanist.

Glenn Rogers, president of the Senior High School student council, will welcome the ninth graders into high school, where they will be sophomores next year. Certification of the graduates will be by J. T. Johnson, while John A. Freeman, director of guidance for junior high, will introduce the graduates.

Omar Jones and R. W. Thompson, members of the board, will present diplomas. Roscoe Newell, supervisor of instruction, will make presentation of awards. Jessie McElreath will pronounce the benediction and Kay Jamison will play the recessional.

C-C Panel Takes Up Several Issues

Discussion of an industrial foundation, a new milk plant and commercial greenhouses was held in a Thursday meeting of the Chamber of Commerce established industries committee.

Further study of these items will be necessary before the committee is prepared to make recommendations to the Chamber, said E. B. McCormick, committee chairman.

Surveys are now being conducted among businessmen to see who would be interested in more capital expansion and who would like to see an industrial foundation to aid business expansion here.

Curtis Driver is investigating the need of a milk plant, and Bruce Frazier is checking into the possibilities of commercial greenhouses.

Two Are Charged In County Court

Roger Henry and Cornelius Price have been charged in complaints filed in County Court.

Henry is charged with aggravated assault, allegedly committed on Magelona Henry. Price is charged with stealing two automobile hubcaps from Red Lawson, according to the complaint.

Selassie Is For Mutual Aid In War

WASHINGTON (U.S.) — Emperor Haile Selassie of Ethiopia declared today that no state, "large or small," can refuse the call of another for aid against aggression.

"I call upon the world," he said in a speech prepared for a joint session of Congress, "for determination fearlessly to apply and to accept, as you and as we have accepted them, the sacrifices of collective security."

The erect, black-bearded African monarch, who is making an official visit to the United States, said the principle of collective security transcends geography and continued:

"We feel that nowhere can the call for aid against aggression be refused by any state large or small. It is either a universal principle or it is no principle at all. It cannot admit of regional application or be of regional responsibility. That is why we, like you, have sent troops halfway around the world to Korea."

When Italy invaded Ethiopia 15 years ago Selassie made an unsuccessful appeal to the League of Nations for help. Nonetheless the Emperor made clear today as he has before that he is still a strong believer in joint action.

Selassie also told Congress his country has made "enormous social, economical and material advances."

"We have thus become a land of expanding opportunities," he said, "where the American pioneering spirit, ingenuity and technical abilities have been and will continue to be welcomed."

Thieves Take Items From Railway Car

A raincoat and a suitcase were stolen from a train caboose in the T&P yards last night. Railroad investigators told police that two white men between the ages of 18 and 25 were seen in the area before the theft.

Burglars Ransack Newton Residence

More than \$100 in cash, a watch and several other items were stolen from the Howard Newton residence in the Moore community last night, sheriff's officers reported.

The home was burglarized between 8:30 and 9:30 p.m. while Newton was away. Chief Deputy Floyd Moore said. The money was in a hillfold and snap pocketbook.

Church Sets Revival

A week's revival is to begin Monday night at the Church of God at Fourth and Galveston, the pastor, Brother Mitchell, has announced.

He invites the public to attend the services to be held nightly through June 6 at 8 p.m. The Rev. Mortenson evangelistic party will conduct the services.

Wins Aggie Award

Jimmy Porter was presented Thursday evening with a scholarship given by the Texas A&M Club of Big Spring. Worth \$1,500, the scholarship will pay \$500 for each of the first two years and \$250 each for the remaining two.

Roger Brown delivered the class farewell address, while Ann Gray spoke on "Yesterday" and Robert Angel on "Today." Patsy Clements presented a vocal solo, "You'll Never Walk Alone," and Jackie Shirley sang, "Bless This House."

Processional was played by Miss Fryer, and Arlene Mitchell played the recessional. Dr. R. Gage Lloyd led the invocation, and the Rev. B. A. Wagner, OMI, pronounced the benediction.

Accident Fatal To Ex-Resident

Carl E. Barker, 55, Fort Worth, former Big Spring resident, was killed when struck by a truck near Willis Point on Thursday.

The remains will be brought here at 6 p.m. today and will lie in state at the Eberley-River Funeral Home until time for services in the chapel there at 2:30 p.m. Sunday.

Mr. Barker, who came here originally about 25 years ago in connection with a pipeline operation, had been with Pritchard & Abbott, valuation engineers, for the past 18 years.

Mr. Barker alighted from the car to flag an on-coming truck. As he stepped back when it showed no signs of stopping, he stepped into the path of a gravel truck.

For several years Mr. Barker was a deputy tax assessor-collector here before joining the valuation firm.

Funerals here will be conducted by Dr. R. Gage Lloyd, pastor of the First Presbyterian Church, and the body will be interred in the Catholic cemetery beside the grave of Mr. Barker's wife, the former Jena Jordan, who died suddenly on Dec. 10, 1941.

Among survivors are a son and daughter by a previous marriage; four brothers, Lloyd Barker, Wichita Falls, Brice Barker, New York, Wayne Barker, El Paso, Lee Barker, San Antonio; a sister whose name was not known here; and a half brother, Charles Barker, Waco.

HEARING

(Continued From Page 1) The incidents leading to the public McCarthy-Army row.

Cohn testified that once, when he was discussing the case with Adams, Adams made some "delegatory" remarks about the FBI, asking who paid attention to the information in their files, that they were "just a lot of hearsay."

Jenkins asked Cohn if he had ever ascertained who was responsible for the promotion and honorable discharge of Peress.

Cohn replied that the subcommittee, despite numerous requests, never had been given the information. "I doubt if we ever will be,"

Adams also disputed testimony by McCarthy that McCarthy had indicated before Oct. 13 that he was about ready to drop his investigation of the Army and turn it over to the Pentagon.

"Did that occur?" Jenkins asked. "No, sir," Cohn insisted.

McCarthy said in a letter read at the opening of the 23rd day of televised hearings into the controversy, that Carr was "deeply disturbed" to learn that the committee's action in dropping him as a principal "was interpreted by some to mean that he would not be available to testify."

The letter was addressed to Acting Chairman Mundt (R-S) of the Senate Investigations subcommittee. Mundt read it into the record.

Committee Republicans had outvoted Democrats, 4-3, Wednesday to drop Carr, staff director for the Senate Investigations subcommittee, from the list of principals in the dispute, along with H. Struve Hensel, assistant secretary of defense.

Carr originally had been named along with Sen. McCarthy and Roy M. Cohn, chief counsel for the subcommittee, in charges by Secretary of the Army Stevens and Army Counselor John G. Adams.

McCarthy's letter followed a protest by Sen. H. Alexander Smith (R-NJ) against the committee action in dismissing Carr and Hensel as principals.

Smith is not a member of the subcommittee but has had special interest in the case since much of the testimony concerns the situation at Ft. Monmouth, and other military establishments in his state of New Jersey.

McCarthy said that while he had "strongly argued that the phony, trumped up false charges against Mr. Carr should be dismissed, I would advise all members of the staff to appear before this committee if called."

The three Democrats on the subcommittee — Sens. McClellan (Ark.), Symington (Mo.) and Jackson (Wash.) — as well as Army special counsel Joseph Welch, have insisted that all the facts could not be obtained without Carr's testimony. Cohn, who took the witness stand yesterday, had just returned to it when the McCarthy letter was read.

Receives Degree

The Rev. Jordan Grooms, pastor of the First Methodist Church in Big Spring, is shown as he received the honorary Doctor of Divinity degree from McMurry College on Tuesday. Dr. Grooms was awarded the degree by McMurry President Harold G. Cooke "in recognition of high achievement as one of the Southwest's outstanding ministers of the Christian faith."

Instructor, Cadet Unhurt In Take-Off Accident At Webb

A pilot training instructor and a French cadet escaped injury when their T-38 single engine trainer crashed at Webb AFB on take-off Thursday.

Col. Fred M. Dean, commander of Webb, said that there was only slight damage to the plane. Capt. Clayton Baty, the instructor, and who resides at OK Trailer Courts, attributed the emergency landing to power loss on take off. He put the craft down in a wheelbarrow landing on the runway. The cadet was Chief Cpl. Henri DeHulster. The mishap occurred at 9:20 p.m. Thursday during routine training operations.

No Injuries Result From Auto Mishaps

No injuries resulted last night when a car being driven from Scenic Mountain rolled off the road. Sheriff's officials said the car was not even damaged.

The car rolled off the lower approaches of the road about 11 p.m. after the lights went out, officers said. The soldier operating the car, who was not identified, told deputies that he would move it.

Reported this morning was a minor accident at 3rd and Donley. Cars in the collision were driven by Donald Bennett McKinney, Rt. 1, and Roma Southland Matthews, 304 Benton. The accident, which occurred at 7:30 a.m., apparently resulted in no injuries, officers said.

Memorial Plaque To Be Dedicated

Dedication of a memorial to all Howard County soldiers killed in the nation's wars has been tentatively for July 4.

Plans for dedication of the monument were discussed at a meeting of the American Legion post here last night. The Veterans of Foreign Wars and other groups are cooperating with the Legionnaires in arranging for the memorial.

The monument, to be situated on the courthouse grounds, will bear a plaque on which names of all the county's war victims will be inscribed. It will be erected as soon as landscaping work on the square progresses to a point of permitting the construction.

Legionnaires last night set next Thursday evening for work on a "disaster van," a trailer-type vehicle which will be stocked with medical and other supplies for use in any kind of disaster. All members of the post are urged to report to the O. J. Forbes residence, 1104 Barnes, Thursday evening for work on the trailer, said Ed Fisher, post commander. Refreshments will be served.

A commendation from Col. Fred Dean, Webb Air Force Base commander, concerning formation of a disaster unit by the Legion post, was read at the meeting last night.

Three Boys Admit Senior High Painting

Three boys have admitted painting on the high school walls and they, with their parents, have agreed to bear the expense of restoring the walls to their original condition.

Clyde Angel, board president, said that the action came after the Senior Class had held a meeting and agreed to pay the cost of removing the paint and restoring the walls. Three boys then admitted to the class they were responsible.

The board of trustees, summoned for an emergency session, was unwilling that all members of the class be penalized for the acts of three. The board declined to accept the offer of the senior class and sent out word, through the president of the senior class, that it wanted to talk to the three involved.

They then appeared before the board, assumed sole blame for the act and promised to see that the situation was corrected. Angel said that the three, together with their parents, were to furnish the board with a letter agreeing to bear the expense of removing the paint and restoring the walls.

A sand blasting crew was due to move in Friday morning to determine if this abrasive method could remove the black paint which had plastered the words "Seniors '54" and "Sr '54" at two points on the exterior walls.

Burns' Nephew Dies In Houston Hospital

Sammy Burns was called to Houston Thursday on learning of the accidental death of a nephew, Ronnie Anderson, 8.

Mrs. Burns was visiting with her sister and husband, Mr. and Mrs. Bruce Anderson, in Houston at the time the lad met a tragic death resulting from a freakish accident.

The boy was playing in his back yard while a neighbor cut the grass in the adjoining yard with a power mower. The mower had mechanical difficulty and threw a piece of steel into Ronnie's heart.

He was rushed to a hospital but died Thursday at 12:40 a.m. after the steel was removed. Sammy Burns left early Thursday after learning of the tragedy. Services will be today and the Burns' will return here Monday.

Thief, Hot Check Charges Are Filed

Charges of passing a worthless check and auto theft have been filed in Justice Court against A. J. Denton.

Both charges were filed on complaint of Paul S. Linder. Linder alleged that Denton passed a worthless check for \$75 to the Yellow Cab Company for rental of a drive-it-yourself car. He claimed in the other complaint that Denton took an automobile from Linder.

Fines Are Assessed

Fines totalling \$25 were assessed a Negro couple in city court this morning after they pleaded guilty to charges of affray. The two were arrested last night after a fight in a Northwest Big Spring establishment.

Seek God And More Education, Bristow Advises Largest Class

Comparing life to a football game, Representative J. Gordon (Ole) Bristow last night told high school graduates that each must now become the quarterback of his destiny.

"You are suddenly grown up, and it's time to start calling your own plays," he told the class. "You have your own destiny in your hands."

The commencement exercises were held at the Senior High auditorium at 8:15 p.m., and the largest senior class in the history of Big Spring received diplomas.

Bristow cautioned the 165 graduating seniors against laziness. "You'll never recover a fumble sitting on your fanny 50 yards down field," he stated. "You've got to have hustle in this game of life."

He told the class not to think too much of material things, but rather to concentrate on loving their fellow men. Two things which each graduate should seek, he said, are God and more education.

"Through God you can find a philosophy of life that can carry you through any difficulty," he explained. "Education is the key that unlocks the mysteries of the world."

Bristow asked the graduates to use their knowledge for the aid of mankind. "God gives you a span of life, and you should use it wisely, caring for it with the best of your ability," he said.

The representative pointed out that the students should keep the

common touch as they go out into life. "People hate a smart boy," he said. "Be honest, truthful, saving, and humble."

Valedictorian of the class was Alice Ann Martin, who had a four-year grade average of 96.09. Salutatorian was Beverly Edwards, whose average was 95.73. Both girls received scholarships.

James Day and Robert Angel each tied for a four-year grade average to become the top men scholars of the class. Their grade point average was 92.6250.

Other scholarships were presented to Jimmy Porter, Libby Jones, Elouise Carroll, and Doris Ann Hahn. Porter was recipient of a \$1,500 cash award from the local A&M Club.

Diplomas were presented to the graduating seniors by Clyde Angel and Dewey Martin, members of the board of trustees. W. C. Blankenship, superintendent of schools, and Assistant Principal Mayron Shields introduced the graduates, and Wilder Roe, director of guidance, presented awards. Roy D. Worley, principal, certified the class.

Roger Brown delivered the class farewell address, while Ann Gray spoke on "Yesterday" and Robert Angel on "Today." Patsy Clement

Walkout Threat Made In Wake Of Dock Voting

NEW YORK (AP)—A new waterfront strike threat hung over the Port of New York today in the wake of an indecisive dock union representation election.

William V. Bradley, president of the International Longshoremen's Assn. (ILA), said last night the union might not be able to keep its members at work if the National Labor Relations Board started "kicking our victory around like they did before."

Bradley's reference was to the NLRB's invalidation of a pre-Christmas election in which the ILA held a vote margin over the rival AFL-ILA. The election—which could have been decided by challenged ballots—was voided on the ground that ILA members employed intimidation and coercion at the polls. The challenged ballots were never counted.

In a new election—held in orderly manner Wednesday—the ILA led by 319 votes, but 1,792 challenged ballots prevented immediate certification of the old union as bargaining agent for the port's 23,000-odd dock workers.

Both unions claim victory after the challenged ballots are investigated and tallied.

Bradley said last night the 1,792 challenged votes "are ours by 30 to 1," contending that that was the ratio of the challenges of the two unions.

ILA men, Bradley said, have taken all the "manipulation and rigging" they can stand.

"Certify us at once," he demanded, "and let us show that we can do a good job for the Port of New York."

"We want the board to count the disputed ballots right away and let us get down to negotiating

Bigelow was a boyhood playmate of the late Kaiser Wilhelm II. Bigelow condemned the Kaiser as having started World War I.

Doukhobors In New Outbreak

GRAND FORKS, B. C. (AP)—Fifteen Royal Canadian Mounted policemen escorting a truant officer were attacked by 50 stone-throwing Sons of Freedom Doukhobor women near here yesterday and were forced to use tear gas to drive them off.

Four of the women were arrested on assault charges, immediately taken to Nelson, B.C., 60 miles to the northeast, tried and sentenced to two months in jail.

The fracas occurred at Gilpin, a Freedomite settlement, when the Mounties accompanied Ralph McIntosh into the town so he could read a proclamation.

McIntosh lost an encounter with 20 nude women who scratched and clawed him Wednesday when he attempted alone to read his proclamation ordering the villagers to send their children to school.

The Sons of Freedom sect objects to sending children to Canadian schools on the grounds the schools teach militarism.

Yesterday, McIntosh and the policemen returned in patrol cars and were rushed and stoned as they left the autos. The Mounties retaliated with a barrage of tear gas and then made the four arrests.

It was not learned whether McIntosh ever got the proclamation read.

A Bible Thought For Today—

Confident faith will not be disappointed. God really has a plan and a program. Our span of life is so short that it is hard to discern in detail the immensity of God's plans. — "On Thee will I wait all the day."—Ps. 25:5.

Roadside Parks Fulfilling Need But Facilities Need Improving

Most states now have roadside parks for the convenience and pleasure of motorists. Texas has been working on this problem for years, and hundreds of these little oases sprinkle our main arteries of traffic. They range from little broad places in the road, with a simple picnic table, to rather large and elaborate developments capable of taking care of several motoring parties at once.

wish to stretch their legs and break the monotony and strain of long drives. In that capacity, they undoubtedly contribute to the safety of highway travel, for all authorities on the subject urge the necessity of frequent brief rests to avoid driver fatigue. Most sites for these little parks are donated by roadside property owners as a public service, and such people are to be commended.

Spectacle Of Defaced Buildings Not Pleasant One To Contemplate

The spectacle of splashes of paint fixing the brand of the class of '54 on the walls of the new senior high school is a sorry one. Whether the black paint will ever come out of the brick, short of removing the brick and replacing them, is not known.

deplorable action. We realize full well that this is not the first time that paint has been plastered on various objects through immature exuberance. However, vandalism though not new is no less vandalism. It seems to us that somewhere someone has failed in getting over to those a proper sense of proportion.

Today And Tomorrow—Walter Lippmann West Must Prevent Reds From Making 'All Or Nothing' Edict

Over the weekend there was a report from Geneva of a conversation in which Mr. Eden tried to convince Chou En-lai not to make the mistake of thinking that he could discount American intervention.

jective, or whether, like a gambler, they will play for all or nothing. The central theme of our own diplomacy has been directed primarily, indeed one might say almost exclusively, to convincing Peking via Moscow not to play for all or nothing, not to mistake the military and political deterioration which they are seeing in Indochina for a deterioration of the whole Western position in Asia.

From the point of view of Peking, the Red Chinese are in sight of a negotiated armistice which would bring Tonkin within the Chinese sphere of influence.

It is essential that our aim be clarified, that it be made clear that we are working on these pacts and talking about intervention in order to promote a negotiated armistice. That is what Mr. Eden is trying to do, and all doubt and ambiguity should be removed that this is what we are trying to do, and that we are not trying to do something very different.

Washington Wonders How McCarthy Will React Under Cross-Examination

WASHINGTON (AP)—The people in the disoriented, mixed-up and sometimes almost disorderly McCarthy-Army hearings have all but overshadowed the issues. Some of the most unpredictable among the people involved still face their big test: Sen. McCarthy (R-Wis); his subcommittee counsel, Roy M. Cohn; Special Army Counsel Joseph N. Welch; and Ray Jenkins, special counsel for the Senate investigating subcommittee.

convicted criminal. The strong-jawed Jenkins, a Tennesseean, is now about to collide with the McCarthy side as he moves toward cross-examination of Cohn and McCarthy. This will be a test for Jenkins, not only as a lawyer but perhaps as a man. Will he tear into McCarthy and Cohn as freely and roughly as he did into Stevens and Adams? Or will McCarthy be able to awe him into timidity? Cohn, who has just started to testify, has looked calm and controlled so far. But he's only stalling his case. He hasn't been cross-examined yet by Jenkins, Welch or the investigating senators. Cohn showed earlier, when he was cross-examined briefly, that he can work up a big head of steam under pressure. He talked so fast and so much it was as if he were afraid there might not be enough time left to get out all he wanted to say.

This Day In Texas

Death came on this day in 1886 to John Russell Bartlett, a Rhode Island scholar whose book about his experiences in Texas added much to American knowledge of that new state.

NEW YORK (AP)—"I am a gambler," wrote Robert Capa, last minute, whose gambling is now over. Bob, whom many regarded as the best combat photographer of his generation, explained the Doughboy pictorially as ably as his friend, Ernie Pyle, did in words. This week Capa met Ernie's fate. He stretched a gambler's luck too far, went to one too many wars. A land mine caught him in some obscure town in Indochina, and turned a fine man into a great memory.

South Has Made Astonishing Progress On Racial Problem

To most Northerners the Supreme Court decision on segregation in the schools was a thrilling step forward; to most Southerners it presented a sociological problem of great magnitude. The Southerners are required by a Supreme Court decision to change their ideas, their mores, their way of life. The Northerners are not required to assume an equal responsibility. The excitement, the enthusiasm, the self-righteousness of some New York newspapers may have satisfied momentarily their sense of right, but in time they too will have to understand that this question of actual equal political and social rights for Negroes involves such fundamental changes, not only in customs and manners but in ideas and ideals, that only a patient and comradely approach to the problem can be of permanent good.

That Unpleasant Word, 'Move,' Enters Our Vocabulary Again

The opinions contained in this and other articles in this column are solely those of the writers who sign them. They are not to be interpreted as necessarily reflecting the opinions of The Herald—Editor's Note.

Back there a few years ago when open hostilities were recessed at the end of World War II, we took stock and decided then and there that life on a constant move was not for us, so long as we could act on our own authority. Extended travelling with brief pauses at various and sundry military bases whetted the appetite for a "permanent" base of our own choosing. Without much deliberation required, it turned out to be Big Spring, a place with which we had struck up something more than a passing acquaintance before Hitler required our personal attention.

to take advantage of them as often as in the past. There are those who boast that "home" is where they hang their hat, but I'll probably be a long time before we feel that Big Spring isn't home. Maybe it's because the fact that years in Big Spring have been pleasant and on numerous occasions downright enjoyable have something to do with it. Readers of The Herald, of course, are getting a break, especially on Fridays. This space will be assigned to someone with some fresh ideas, and more interesting commentaries are bound to result. We'll miss Dixie Avenue most, of course. In our opinion that's about the best part of a good little city, and it's doubtful that there can be another to match it. And there you have it—without undue emotion (at least it's not showing on the paper) and it has been the most difficult "Rim" column ever written. And believe us when we say there have been some difficult ones. But it's been nice. —WACIL McNAIR

"white." Most of those whom the United States seeks as allies are not "white." Were Hannibal's legions, which populated a part of Europe by assimilative biologic processes, white? What effect did the movement of Mongols, Turks, Alans, Magyars, Uighurs, etc., etc., out of the areas that run from, let us say, Lake Balkal to the Caspian, have on the whole population of Europe? The pigmented races study their own histories and know what their pasts have been and resent the assumption that a few hundred years of Anglo-Saxon supremacy should be accepted as the whole of human history. The Communists have used this to our disadvantage in every country in Asia and the blood of our sons has been spilled and will continue to be spilled because of it—Southern sons as well as Northern sons—black as well as white. From a national standpoint, this is the most serious problem that faces us today because we have lost, since 1915, practically every diplomatic and military battle we have fought because of it. But to assume that a Southerner understands this problem less than a Northerner is arrogant nonsense. White and black Southerners have fought in the Asiatic wars and they know what that "white chauvinism," a Communist-coined slogan, has cost us. They want to preserve the dignity and prospects of the United States as much as the Northerners do. They probably are more sensitive to the necessity of doing it right than are Northerners who in their big cities have done it wrong. Therefore, it is assumed that the Supreme Court having spoken, the Southern states will eventually accept a responsibility placed only on them. But they ought to be given every kind of cooperation by the rest of the country. I tried to figure what the cost would be to establish centralized schools in these Southern states. It was too great a task for my limited knowledge. Perhaps some of the foundations that spend money encouraging confusion under the guise of liberalism and could prove both their liberalism and liberality by supporting a program that would practically facilitate conformity to the decision.

This is the day I ask Horace Greeley to move over. I have a message for the ladies. Go Southwest, girls, Texas, that is. The Lone Star State has the most of everything, including men. V.I.P.'s! There are 130,000 more men than women in Texas. These are glad tidings, indeed. Nothing in recent years has grieved me more than the ugly fact that for the first time in our history, women outnumber men in these United States. Not in Texas! The pickin's are good. Not all Texas men are oil and cattle barons. But they all aim to be. And Texas is full of women whose diamonds now clank when they walk—women who helped their respective husbands get a start in the oil fields by taking in boarders, roomers and washing. I don't want to inch into the field of the Misses Beatrix Fairfax and Dorothy Dix, but a gal with spunk who is dying on the matrimonial vine could do worse than thumb her way to Texas. Texas says the two richest bachelors in the nation belong to her; Howard Hughes, who is known as Available Jones, and Sid Richardson. In my recent travels through Texas, it was interesting to discover that the Big Rich in Houston are just as much figures of legend and fun to the rest of the state as Texans in general are to the rest of the nation. The rest of Texas is chucking at the moment at the predicament of Houston, growing like a weed in all directions, which has virtually no zoning ordinances for the protection of property owners. An attempt to create zoning ordinances was defeated not so long ago when one

Disney Artist At Ritz

Children of Big Spring will have the opportunity of seeing one of Walt Disney's top cartoon artists in action when Bill Berg, story artist for the Disney Studios appears on the stage of the Ritz Theatre at the children's matinee Saturday morning. Berg will give a drawing demonstration of Disney cartoon art and tell about the mechanics of producing the popular cartoon films. Berg has been touring Texas in a series of personal appearances. One of the Walt Disney feature attractions upon which Berg spent a great deal of time with 500 other Disney artists is "Pinocchio," which film required over a million and a half original color drawings. Berg, as a student in Chouinard Art Institute, applied for a scholarship, and his animation drawings were judged by the Disney Studios. Instead of a scholarship, he was offered a job. He started with Disney in 1938, in the animation department, later was transferred to the story department.

JANE TO STAR

Bob Waterfield Is Film Producer Now

By BOB THOMAS
HOLLYWOOD (AP)—His friends will tell you that the least likely person to be a movie producer is Bob Waterfield, the pro football great. But he is toiling daily in an office at the Goldwyn studio, making preparations to film six big pictures. The office is done in modern tones, with black and brown decor. Does he like the place? "Even if I didn't, there's nothing I can do about it," he said. The decorator, you see, is his wife, a dark-eyed babe named Jane Russell. She is also his partner in Russ-Field Productions, as well as the company's principal and most obvious asset. But don't get the idea that she runs the show. At the office, as in the home, her lord and master is Waterfield, the soft-spoken but fast-acting quarterback who first starred for UCLA and then for the Los Angeles Rams. He has been her boss for 11 years now, and that's a main reason why their marriage has survived the sorrows of wedded life in Hollywood. Waterfield goes completely against the pattern for film pro-

ducers. The gift of gab is not his; he speaks in brief but sage observations. I asked him how he was tackling the job. "The same way as I would a football game," he remarked. "The smile is not too far fetched. "After all, when you go into a football game, you try to plan it all out ahead of time. You may have to switch your plans along the way, especially if the opposition comes up with a defense you hadn't counted on. "In both mediums, you save something for the fourth quarter. When I was with the Rams, that's when we'd use Tom Fears or Elroy Hirsch. "When Jane Russell ended her 13-year association with Howard Hughes, she and Waterfield formed Russ-Field and quickly made a deal with United Artists, which will put up the money and release the pictures. The contract calls for six pictures in the next three years. "Jane will be in three of them," Bob explained. "We hope to get started on one of the pictures without her. It may be 'The Detective,' a story by Philip Yordan."

Foodhandlers School To Be Held June 7-11

The Texas Department of Health and the Big Spring-Howard County Health Unit will sponsor a foodhandlers school here June 7-11. Individuals completing the short course are eligible for a foodhandlers license, said Lige Fox, local sanitarian. Two classes are scheduled at the City Auditorium each day during the week, each lasting an hour and a half. Morning sessions will be from 9 to 10:30 a.m., and afternoon classes run from 2:30 to 4 p.m. Courses will be taught by an instructor from Austin, and a different subject will be discussed each day. Fox explained that to successfully complete the course an individual must attend at least one class daily. Individuals working in any eating or drinking establishment or else where food is prepared for sale must hold a foodhandler's certificate such as that earned by attending the course, Fox said.

Conqueror Of Mt. Everest Is Sick

NEW DELHI, India (AP)—The Indian air force is standing by to rush aid to mountaineer Sir Edmund Hillary, reported ill with pneumonia in the glacial Himalayas, a spokesman said today. But no request for help has yet been received. Hillary, a year ago tomorrow, reached the summit of Mt. Everest, the world's tallest peak. The report of his illness was received here yesterday in an eight-day-old dispatch relayed by runner from Dr. William Siri, leader of an American expedition in the same region.

New York Pigeons Will Get Hotfoots

NEW YORK (AP)—An electric hotfoot is being arranged for any pigeon that alights on City Hall. The hotfoot won't hurt the birds, just jolt them enough to keep them off the building—which will be renovated at a cost of two million dollars. A \$34,500 item was approved yesterday to install the "electric pulsating system" on ledges and window sills.

Indochina War Has Not Caused Administration Budget Change

By FRANK O'BRIEN
WASHINGTON (AP)—The Communist onslaught in Indochina has not—thus far—caused the administration to plunge into planning for possible big boosts in defense spending during the next year. But neither is the possibility ruled out that President Eisenhower's cherished plans for big annual cutbacks in defense outlays, and a shift from a war to a peace economy, may not in the near future be knocked into a cocked hat. But again, according to present thinking among Eisenhower policymakers, it will take something a good deal more significant, in their judgment, than what has thus far happened in the Far East to bounce the administration loose from its present spending plans. These were the chief conclusions to be drawn from a few carefully worded paragraphs in a speech Secretary of the Treasury Hum-

phrey gave Tuesday in New York. It was authoritatively learned today that Humphrey's words about the spending outlook were chosen with exceptional care and deliberately delivered as reports multiplied that the Far East crisis might add from 5 to 15 billion dollars to next year's budget. Humphrey, a stubborn man who

does not mind swimming against the current, has in the past led in discussing administration thought to the contrary when the impression was getting around that his "sound economy" program was about to be bumped aside by international developments.

Humphrey is privy to the administration's inmost planning because he is a member of both the Cabinet and the National Security Council, the inner group where the nation's high defense policy is formed.

Last Sept. 18, he said in a speech here disclosure that Soviet Russia had exploded a hydrogen bomb was not spurring the administration into expensive new defense outlays which would result in a plea to Congress for cancellation of the scheduled 10 per cent income tax reduction on Jan. 1. No such request was issued and the tax cut went through on schedule.

On Oct. 20, in a speech at San Francisco, Humphrey—in the midst of much talk about a possible multibillion-dollar, continental air-and-electronics picket system of defense against Soviet air attack—suggested instead a "balanced but adequate" long-haul defense centered on use of new weapons and taking advantage of technical developments. This line of thought was reflected in the budget Eisenhower presented Congress in January.

Humphrey said in his New York speech this week that the administration still expects, as it did at budget time in January, to chop five billion dollars off present spending in the coming fiscal year.

House Panel Okays Postal Pay Boost

WASHINGTON (AP)—Postal workers would get salary boosts ranging from \$240 to \$480 a year under a bill approved 14-10 by the House Post Office Committee yesterday. The raise would be temporary, ending Oct. 1, 1955. The raise would average 7 per cent. Part-time and hourly workers would get a boost of 10 cents hourly. The committee put off action until later on proposals to give other government workers more pay.

Ascension To Be Topic Of Sermon

The Rev. Otis Moore, pastor of St. Paul Presbyterian Church will have "Ascension" as his sermon topic at the 11 a.m. service Sunday. The choir will sing a special anthem on "Love." At 7:30 p.m. Rev. Moore will discuss "Inspiration."

Memorial Program Slated For Sunday

LAMESA — Veterans organizations of Dawson County will join Sunday at 3 p.m. in a Memorial Day program in the memorial section of the Lamesa cemetery.

Veterans of Foreign Wars, Disabled American Veterans and the American Legion posts of Lamesa will participate in the ceremonies, said Dr. J. V. McKay, Legion post commander. Principal speaker will be Stansell Clement, Lamesa attorney.

Program will include a flag raising ceremony and the playing of taps by Richard Crawley and Ed Green. Merchants of Lamesa are being urged by the Chamber of Commerce to display flags on both Sunday and Monday. Most stores will be closed Monday.

Big Spring Girl Dies In Galveston

Jetty Lee Henry, four-year-old daughter of Mr. and Mrs. J. D. Henry of Big Spring, died in a Galveston hospital last night.

She had been in the hospital since Tuesday and had undergone surgery for a throat ailment. Previously she had received treatment in a California hospital.

Survivors include the parents, a brother, Jessie Dewane, two; the paternal grandparents, Mr. and Mrs. E. R. Brown, and other relatives. Funeral arrangements are pending.

Lamesa Schools Set Classes For Summer

LAMESA — Summer school will open June 7 at Lamesa High School according to Principal Abe Holder.

The present schedule calls for two classes a day, five days a week, through July 31. Classes will meet from 8 until 10 a.m. and from 10 a.m. until 12 noon. Instruction will be given in English, history and math. Typing also will be offered if a sufficient number register.

Garrison Thinks Juveniles Given Too Much Care

AUSTIN (AP)—There may be too much coddling of juveniles "in some instances" these days, state Police Chief Homer Garrison Jr. says.

He was asked during yesterday's meeting of the Youth Development Council, of which he is a member, whether he agreed with FBI Director J. Edgar Hoover that there is too much coddling.

"I kinda lean with him in some instances," said Garrison. Garrison's comment followed council discussion of what the Rev. Walter Kerr of Tyler, chairman, said was the need for a new long-range study of how to combat increasing juvenile delinquency. The need is pointed up, said

Kerr, by a report submitted by staff officials that the steady increase in training schools population makes it necessary to consider additional facilities.

The report, submitted by delinquency consultant Stewart Smith, showed a total of 558 in the Gatesville School for Boys, the Gatesville School for Girls and the Crockett School for Negro Girls as of May 1.

That was a 4 per cent increase over a year ago and reflected a 53 per cent rate of increase since the first of the year.

Kerr said the council faces the tough job of "trying to educate the Legislature to the fact this is a problem that cannot be handled too lightly or we're going to find ourselves in an embarrassing position."

Mrs. Majors To Get Honorary Doctorate

Mrs. L. C. Majors, Richmond, Va., sister-in-law to J. W. Majors of Big Spring, is to receive an honorary doctorate at Austin College in Sherman on Monday.

Mrs. Majors, whose husband died three decades ago in Midland, was a pioneer in the field of religious education for Presbyterians. She is head of the religious education training section in the Assemblies Training School at Richmond. She is widely known throughout Presbyterian circles.

Easy Way to Break Bad Habit of Constipation

Many people become intensely worried and frightened if they do not have at least one bowel movement a day. They expect dire consequences and ascribe mysterious unrelated symptoms to their constipation.

They complain of such symptoms as biliousness, coated tongue, bad taste in mouth, flatulence, nausea, abdominal distention, headache, dizziness, moderate rise of temperature.

Medical books warn that irritating cathartics generally are to be condemned. Doctors prescribe a new tablet guaranteed to break the laxative habit. You can buy it without prescription under the name of INERGEN. Get relief from even the most stubborn constipation. INERGEN, tablets are sold by

Elisha Reveals Spiritual Resources

PROPHET RAISES BOY FROM DEAD.
SAVES ISRAEL FROM SYRIANS.

By NEWMAN CAMPBELL
WE HAVE a beautiful lesson to study today. It shows us how if we are good to others without thought of reward, great good may come to us.
The prophet Elisha passed through the town of Shunem (we are giving both spellings of the name) the town thought to have been about three miles from Carmel.
In Shunem lived "a great woman" meaning, probably, one who was wealthy. She invited the prophet to partake of food in her home, so that when he passed through the town he went to her house to eat.
The woman's perceptions were keen and she was sure that this man to whom she was kind was no common person, so she said to her husband, "Behold now, I perceive that this is an holy man of God, which passeth by us continually. Let us make a little chamber, I pray thee, on the wall; and let us set for him there a bed, and a table, and a stool, and a candlestick; and it shall be, when he cometh to us, he shall turn to thither."
Elisha had no regular home. He went about doing Jehovah's will, and he must have fully appreciated this homelike place in which to lay his head when he was weary.
Elisha had a servant who trav-

his bed, then she set out to find Elisha. The prophet saw her coming and sent his servant to meet her and to ask: "Is it well with thee? Is it well with thy husband? Is it well with the child?"
She answered, "It is well," but when she came to Elisha she fell at his feet, and when Gehazi would have thrust her away, Elisha told him to "let her alone; for her soul is vexed within her; and the Lord hath hid it from me, and hath not told me."
She then told the man of God her trouble, and he told his servant to take his (Elisha's) staff, go to the child and lay the staff upon his face. This was done but the child did not respond.
Then Elisha went to the boy, shut the door, and prayed to God. Then he stretched himself on the still body, his mouth to the child's mouth, his eyes on the child's and his hands upon the boy's cold cheeks, and the boy began to get warm.
Elisha paced the room, then went back and again stretched himself on the boy who sneezed seven times, then opened his eyes, and Gehazi was told to bring the mother. When she came Elisha said, "Take up thy son, and she did so and went out."
The king of Syria began a war against Israel and chose a camp site. Elisha told Israel's king where it was saying, "Beware

First Christian Church Will Hold Unusual Service Sunday At 10 A. M.

An unusual service is planned at the First Christian Church Sunday morning in the form of a unified worship from 10 a. m. until 11:45 a. m. The Rev. L. C. Reece, evangelist, who has been conducting a revival at the church, will be the speaker. He will conclude the revival with a service at 8 p. m. Details of the unified service as well as other services to be held throughout the city are listed below:
ASSEMBLY OF GOD
Morning worship at First Assembly of God Church will be at 10:30 a. m. to be preceded by Sunday School at 9:45 a. m. Evening services are at 7:45 p. m.
BAPTIST
At the First Baptist Church Dr. P. D. O'Brien, pastor, will speak on "The Holy Bible—The Only Guide to Our Faith and Practice" at the 11 a. m. service. The text will be II Timothy 3:16-17. At 8 p. m. the sermon topic will be "The Holy Spirit—Our Divine Helper" (John 14:16).
The Rev. Roy O'Brien will discuss "Walking Through Life With God" at 11 a. m. at Baptist Temple. At 8 p. m. his sermon will be on "The Faith of Our Fathers."
CATHOLIC
At St. Thomas Catholic Church the Rev. William J. Moore, OMI, will say Mass at 7 a. m. and 9:30 a. m. Rosary and Benediction will be at 5 p. m. Confessions will be heard from 4:30 to 6 p. m. and from 7 to 8 p. m. Saturday.
At Sacred Heart Church (Spanish-speaking) the Rev. Bernard A. Wagner, OMI, will say Mass at 8 a. m. and 10:30 a. m. Rosary and Benediction will be at 6 p. m. Confessions will be heard from 7 to 8:30 p. m.
CHRISTIAN
The unified service at the First Christian Church will replace the regular Sunday School and Morning worship. It will begin promptly at 10 a. m. and close at 11:45 a. m. Blue ribbons will be presented to everyone who arrives on time for the one big service to be held in the sanctuary of the church. There will be an opening song festival led by the men's choir. The evangelist, L. C. Reece, will speak on "Christian Education." A special program of songs and drills will be presented by the children. The regular observance of the Lord's Supper will be held. For the special music, Mrs. Robert Clark and Mrs. E. M. Rainbolt will sing a duet, "Lift Up Thine Eyes," by Mendelssohn. Rev. Reece's morning sermon will be "The Pleadings of Jesus." The closing service of the revival will be held Sunday evening at 8:00 when Rev. Reece will speak on the subject, "God Will Have the Last Word."
CHRISTIAN SCIENCE
That evil cannot withstand spiritual understanding of God's goodness and all-power will be brought out at the Christian Science service on Sunday. The Golden Text is from Romans 12:21.
CHURCH OF CHRIST
Lyle Price, minister, will discuss "Choosing a Road" at the 10:30 a. m. service at Main St. Church of Christ. His topic at 7 p. m. will be "Are You Saved Out of the Church?" MEMORY VERSE

"Be not forgetful to entertain strangers."—Hebrews 13:2.

led with him by the name of Gehazi. He was a wide awake fellow, so Elisha asked him to call their hostess, and when she came to him he asked her what he could do for her for being so kind to him.
"Wouldst thou be spoken for to the king, or to the captain of the host?" If he had done so she would have been honored.
Her reply was typical of the great-hearted woman who is kind and thoughtful for others without thinking of reward: "I dwell among mine own people."
She was the good neighbor, ready and willing to do whatever she could at any time for any neighbor in need of help. We all know at least one woman who is such a neighbor.
The servant, Gehazi, guessed that there was one thing, however, that the woman yearned for above all others. She was children and this was a great grief to her, so when Elisha asked him, "What then is to be done for her?" he answered, "She hath no child."
Elisha said, "Call her," and when she stood before him again he told her that she would have a son. She doubted that this could be true, but in due time she did have a son, to her great joy.
The boy grew, but one day when he was in the field with his father, he said, "My head, my head." His father called a lad and told him to carry the child to his mother. He sat on her lap until noon and then died.
His mother carried him to the prophet's room and laid him on

thou pass not such a place: for thither the Syrians are come down." The king of Israel heeded Elisha's warning and saved himself "not once nor twice."
The Syrian king was puzzled. How could the king of Israel know about his plans? One of his servants told him that Elisha, that man of God, knew everything, even the Syrian king's most secret thoughts.
The king then sent his horses and chariots and a "great host" to surround the town of Dothan, to take the prophet and bring him to him, and they came by night and compassed the city about. When Gehazi saw them when he arose, he said to Elisha, "Alas, my master, how shall we do?" Elisha answered calmly, "Fear not; for they that be with us are more than be with them."
He prayed God to open the servant's eyes. He did and "Behold, the mountain was full of horses and chariots of fire round about Elisha." Elisha then prayed that the Syrian hosts be stricken blind and they were, and Elisha led the vast army into Samaria.
When the king of Israel saw this, he asked Elisha, "My father, shall I smite them?" But Elisha said no, feed them, which was done, and the multitude ate and drank and went home and "came no more into the land of Israel."
We need an Elisha to pray that our own eyes, those of our Allies and of our enemies should be opened to what another war would mean to the world, and to entrust God that He will guide us to peace.

Talks Likely On Prisoners

GENEVA (AP)—Authoritative sources hinted today the United States may be willing to enter direct talks with the Chinese Communists at Geneva for release of about 71 Americans held in China.
Sources close to the American delegation at the Geneva conference said they saw no reason to prevent direct negotiations over prisoners. The United States dealt directly with the Chinese at Panmunjom on the release of Korean War prisoners.
These sources noted there was no apparatus set up for direct dealings with the Chinese and that any order to undertake them would be entirely up to the State Department.
Revised figures list 25 American civilians imprisoned in Red China. At least 18 others have asked permission to leave, but have been refused, American officials said. In addition, the Chinese hold about 18 American fliers shot down in the Korean War, including jet ace Capt. Harold Fischer Jr., of Sweet City, Iowa, who had destroyed 19 MIGs.
In addition, the Chinese may be holding some or all of 11 Navy and Coast Guard personnel missing since 1952 in a crash of a Navy plane off the South China coast which was followed by the crash of a rescue Coast Guard plane.
An aging population probably means there will be seven million persons with serious hearing impairment in the United States 50 years from now says the American Hearing Aid Assn.

THE THRESHOLD!

The Baccalaureate speaker was right. This was the threshold of life. Beyond today, spanning the years, were many paths each leading to a different goal. Someone in Bob Adams' position need only to choose his path.
Bob wasn't frightened. The choice would not be difficult. In fact, it had already been made.
Not that anyone had told Bob which profession to follow... which opportunity would be most rewarding. No! Those decisions were not yet final...
But one decision was final. He had made it some years before—on the day he had become a member of the Church.
Bob had decided to build his life on faith... on the principles the Church had instilled in his conscience... on the truth and the power and the love of JESUS CHRIST. Bob Adams had chosen HIS Path!

THE CHURCH FOR ALL... ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

Information At Her Fingertips

"If I don't have it I can get it for you," is Mrs. Frances Doll's motto about her work as librarian at Webb Air Force Base. She gets requests for everything from five-letter words for crossword puzzles to how to reduce.

WOMEN AT WEBB

Literary Pulse Felt By Base Librarian

If you want to know the Gypsy word for "love," find a book to refresh your knowledge of Russian, or learn how to cook Hungarian goulash, the person to see is Mrs. Frances Doll, librarian at Webb Air Force Base. In charge of a mere 6,882 books, Mrs. Doll is probably one of the best sources of information in the area. She not only keeps up with books in the general Webb library, but she is responsible for Webb's medical libraries. She doesn't order the medical books, but she does process them. Then there are 12 office collections she must keep up with. Guess what she counts at night to go to sleep? The thing most popular with the boys at Webb now are the automotive books. There is also a lot of interest in photography books—probably because of the hobby and photography shops that have been set up.

Next in the running come TV books. Not only do the airmen and officers and their dependents use the library but so do civilian employees and their families. Then there is a reciprocal service operating with the Howard County Library the Howard County Junior College and the VA Hospital library. If an airman wants a book and Mrs. Doll doesn't have it, she can check it out for him at one of the other libraries and the local librarian can call on Frances Doll for help. Mrs. Doll says she is constantly fascinated with her "clients." Some of her more interesting ones include the lieutenant whose taste runs to civil war stories with a Southern slant. It seems that one of his hobbies is dressing figures in historical costumes. Then there was the time an airman and his wife checked out two copies of "The Caine Mutiny," one in English, the other in German, so he and she could read it together—she was a German war bride.

Other foreign language versions in her collection are "Tortilla Flat," in German, "1984" in French and "Titanic," also in French. One of the novel services offered is a pocket-book exchange. One brings as many of the same number paper bound editions as he likes and swaps them for the same number. In the library's future, Mrs. Doll hopes, is a new location (the present one is becoming crowded) and a hospital library service on the base for patients. Mrs. Doll has been at her job for two years. Before that she worked for a Columbus, Ohio, research library and taught English and speech and was a librarian at a high school for six years. She is a graduate of North Texas State College and is a native Texan.

When she's not "libraring" Mrs. Doll, who has two children, sews, cooks, keeps house and is active in Beta Sigma Phi. This weekend will find her at a sorority convention at Houston's Shamrock Hotel.

Cover-Girl Model Offers Facial For Complexion Care

The girls you see photographed on the covers of the leading magazines are just about the most sought-after models in the business. Their model fees often run into the hundreds of dollars a day. And no cover girl with that kind of income is going to take any chances with her complexion. As the saying goes, "Beauty is her business."

To find out just how these famous cover girls keep their complexions so soft and lovely, a survey among them has just been completed. The results are important to every woman who wants a smoother, more beautiful complexion. For in this survey, the girls you've admired on the magazine covers tell their beauty secret.

Nine out of ten of these lovelies use SweetHeart Soap to keep their skin looking soft and youthful. One of the cover girls most in demand is beautiful Nan Res. In Nan's words: "Beauty is my business—and SweetHeart is my beauty soap. I face the cameras practically every day, so my complexion has to be flawless. I give myself daily SweetHeart 'Cover-Girl Facials' because SweetHeart care keeps my skin soft and smooth as satin. And I use SweetHeart for daily beauty baths, too." Nan's "Cover-Girl Facial" is a simple, wonderfully effective beauty routine. Each morning and night, massage SweetHeart's rich, creamy lather into your skin, using an upward and outward motion. Pay particular attention to the areas about the nose and lips. Then rinse, first with warm, then cool (not cold) water. Try this Cover-Girl Facial in place of casual care.

Riding

THE GRUB LINE

With Franklin Reynolds

At last Franklin Reynolds has met Franklin Reynolds.

The other one, better known as "Frank" is also a "Franklin" and he is a conductor on the T&P.

We've been getting mail and telephone calls mixed up for some time, and have even talked to each other on the telephone but it wasn't until just a day or so ago that we really got together.

The last I saw of him after our meeting he was headed for a shave to get all prettied up for the lady passengers on the Texas Eagle.

Seven-year-old Jackie Turner of the Tarzan Community had a visitor, a younger cousin, Jimmy Olds of Odessa, and the two were playing together at the Turner home.

Martin Vavra of the Stanton SCS unit stopped in Brownwood to call on Ray Hastings, former Martin County Agricultural agent, who was transferred to Brown County and put in charge of the Extension Service's irrigation assistance program there.

"Gardens, Big Gardens." "Gardens?"

"Yeah, I figure that if I can get them to plant enough big ones that I won't have to put one in myself."

Recent rains that have greened up the ranges and given row crop farmers a planting season, have also caused some water erosion in spots.

Gullying has been rather severe in some fields where washes as deep as five feet have been found.

Many smaller gullies have shown up here and there that could be washed out deeper with more heavy rains.

Most farmers, however, are getting after these water-washed developments and are taking steps to bring the situation under control.

Word has been received here that Dr. N. C. (Casey) Fine, dean of agriculture at Texas Tech and well known throughout this West Texas area, will go to Iraq on a two-year tour as an agricultural consultant of the Foreign Operations Administration.

Dr. Fine, rated as a livestock specialist, will work with Iraq's ministry of agriculture in an advisory capacity, assisting in that country's livestock development program, giving counsel regarding feeding and breeding practices and other problems relative to livestock improvement.

He will leave Lubbock on June 9, and after a short stop in Washington will proceed on to his foreign post.

Ray Russell in the Lomax Community is seeding, under irrigation, two acres of Indian Grass for seed production.

The Martin-Howard SCD obtained the seed for the planting from Dalhart.

Indian Grass growing from three to eight feet tall is well adapted to East Texas, North Texas, the Edwards Plateau and the High Plains, and is one of the grasses that the grass enthusiasts would like to see more of in this section.

Edgar Phillips is also growing some Indian Grass, as well as four others including Caucasian Bluestem, King Ranch Bluestem, Sand Bluestem and Blackwell Switchgrass. He is also planting 30 acres of King Ranch Bluestem in a waterway, using seed he has been holding for three years waiting for a planting season.

Many ranchers would like very much to have a good stand of Buffalo Grass, but they have learned that getting a stand from mechanically-planted seed is an uncertain operation. Seed of Buffalo Grass isn't the fastest germinating

Churchill May Have Hinted Retirement

LONDON (AP)—Winston Churchill either admitted yesterday he can't live forever or hinted he plans to retire soon as prime minister.

Rumors the 79-year-old Conservative party leader will step down were revived by a remark he made in a speech to 7,000 women Conservatives.

"I probably will not be asking you to do me many more favors," said Churchill.

Both the Conservative Daily Sketch and the Independent Daily Mirror interpreted this to mean Churchill is about ready to quit in favor of Foreign Secretary Anthony Eden.

Since 1988 more than 20 million people have gone to the top of the Washington Monument.

at the farm, all of them worth a visit from the farmer or rancher looking for ways to get more grass on his land.

As a compliment to the Whitefaces, the city council of Kansas City has named the street on which the new headquarters of the American Herford Association is located "Herford Drive."

The new Herford Association building has not yet been completed but the spacious four-story headquarters will be officially opened during the American Royal Show next October.

At the Big Spring Experiment Station Farm there is a good stand of Buffalo Grass growing from seed. In this experimental planting they hit the moisture just exactly right and had the necessary three weeks of well moistened soil.

There are also experimental plantings of several other grasses seed in the world and for germination it does require more moisture than some of the other grass seeds. It requires about three weeks of moist soil to germinate the seed and get it up.

Life-Termer Due Mental Treatment

SACRAMENTO, Calif. (AP)—Wesley Robert Wells, once sentenced to death for striking a guard with a cuspidor, has been ordered transferred from San Quentin Prison to the California medical facility at Terminal Island for psychiatric treatment.

Richard A. McGee, state director of corrections, said the 44-year-old prisoner is not insane but "it is felt that psychiatric direction will provide the best opportunity for him to receive treatment designed to reduce the aggressive type of behavior that has characterized his record in the past."

Schine Case Probe Aids Psychiatrist

FRENCH LICK, Ind. (AP)—A psychiatrist says that watching the McCarthy-Army hearings on television has given him greater insight into psychiatric research than he could have gained in two years of case study in a mental hospital.

Dr. Wilbur R. Miller, director of the Psychopathic Hospital of the University of Iowa, said his point was that research and study of mental problems should be directed on the normal rather than the abnormal individual.

Southern Solons See Need For U. S. School Aid Hiked

WASHINGTON (AP)—Two Southern Democratic senators said today the Supreme Court's antisegregation ruling may serve to speed proposals for federal aid to states for school construction.

Sen. Olin D. Johnston (D-SC) said last week's unanimous high court decision banning segregation in public schools "has already brought the federal government into the control of our public school policies as much as it can be."

the right to force nonsegregation in our public school system."

Sen. Long (D-La) said the segregation decision makes "federal aid for school construction even more necessary than before."

Yates New Herald City Editor; McNair To Be M.E. At Snyder

Wayland D. Yates has been named city editor of the Big Spring Daily Herald succeeding Wacil D. McNair, who is to become managing editor of The Snyder Daily News.

WAYLAND YATES

WACIL D. MCNAIR

Announcement of the new assignment for Yates was made Thursday by R. W. Whipkey, publisher of the Herald. McNair, who Thursday terminated an association with the Herald dating back 13 years, will report in Snyder on June 4.

Yates is a native of Taylor County and a 1940 graduate of Ovalo High School. He worked until 1943 as a shop welder, entering the U. S. Army Air Force that year to serve in the Troop Carrier Command.

Entering Hardin-Simmons University in 1948, he continued in school summers to earn his bachelor of arts degree in three years. In 1948-49 he was editor of the Brand, the H-SU newspaper. Yates accepted a position with the Herald in 1949. From November 1951 to May 1953 he was associated with the

Wichita Falls Record-Times, but returned to the Herald staff. He was married in June 1950 to Miss Dorothy Kincaid in Abilene and they have one son, David Kent. Yates is a member of the First Baptist Church and the Rotary Club.

A native of Gilmer, McNair completed his high school work there in 1937 and was graduated from Hardin-Simmons University with his bachelor of arts degree in 1941. He also served as editor of the Brand in H-SU. During the next year he did some special work with the Gilmer Mirror and came to Big Spring to join the Herald in May 1942. By October, however, he entered service and was a lieutenant (jg) in the U. S. East Coast and assigned to the Coast Guard.

Immediately upon separation from service, he returned to Big Spring on Dec. 1, 1945, and soon was made city editor. He is a Kiwanian and twice served as a member of its board of directors; has been a member of the Chamber of Commerce, the Boy Scout district committee, and has been active in other civic affairs. He is a member of the First Baptist Church.

Loss Of Truman Letter Is Costly

LOS ANGELES (AP) — George Cheney accepted yesterday a \$1,000 settlement for the loss of a letter signed by former President Truman.

Cheney, a labor relations consultant, had filed a \$30,000 damage suit against Al and Len Aaron, operators of a picture framing business.

A letter from Truman to Cheney was given to them for framing. Afterward they told Cheney they had lost it. They said later they thought \$30,000 an astronomical figure for a Truman signature.

Their attorney, Jerry Pach, wrote the former president for advice and said Truman replied:

"I do not see how I can be of any help to you. Place whatever valuation you deem fair on any letter of mine. Some have been duly evaluated."

Australian Election Pits Socialism As Main Issue

By GORDON TAIT
SYDNEY, Australia (AP) — An all-time record of more than five million voters will decide in general parliamentary elections tomorrow whether Australia will continue under the present free enterprise coalition or return to socialism.

Despite the fact this is the prime issue in the voting for 123 members of Australia's lower chamber, the House of Representatives, it has been the quietest election campaign since the end of World War II.

Australians reckon this spathy is a sign the Liberal-Country Party coalition of Prime Minister Robert G. Menzies will be returned to office. The faction which wins the majority of seats in the House chooses the government.

The most powerful opposition to the Conservative Menzies government is the Labor party. The Laborites were in control in Australia throughout World War II until 1949, when they were ousted by the present coalition. Former Foreign Minister Dr. Herbert V. Evatt is the Laborite leader.

In the last general election in April 1951, Labor won 54 seats and the Liberals only 52, making it necessary for Menzies to lean on the small Country party for an additional 17 seats to control Par-

liament. The Country party claims to represent the interests of farmers and residents of rural districts. Its leader is Sir Arthur Fadden, deputy prime minister and treasurer in the Menzies Cabinet.

There are 291 candidates for 118 of the seats. Six government members and one Labor member will be returned to Parliament unopposed.

The suave, 58-year-old Prime Minister has carried on a campaign promoting the political philosophy of an old-time Liberal who believes in the sanctity of the individual.

The party of his opponent, 69-year-old Dr. Evatt is a tightly organized trade union organization, pledged to gradual socialization of the nation's economy.

Youth Says Parents Told Him To Steal

HOUSTON (AP) — Jack King, 14, who said his parents made him steal, is a ward of the county today.

Judge J. W. Mills ended the parental rights yesterday of Emmett King, and his wife, Edith, 53. A second child, Dorothy Ann, 3, was turned over to a sister of Mrs. King. Another sister is to take a third child, Lillie Marie, 18 months.

The boy was arrested May 7 on the complaint of R. L. Jones, who said a suitcase containing \$48 and a revolver had been stolen. The youth admitted the theft but accused his parents of telling him to steal.

BIG SPRING HERALD

Young Aussie Out Front In Colonial Tourney

By HAROLD V. RAYLIFF

FORT WORTH, Tex. (AP)—Young Peter Thomson of Australia and two of the most famous names in American golf—Byron Nelson and Ben Hogan—headed the field in that order today as the \$25,000 Colonial National Invitation Tournament moved into its second round.

LOOKING 'EM OVER

With Tommy Hart

It appears now that North Texas State College in Denton will wind up with two of Big Spring's three all-state football players. Back J. C. Armistead and Tackle J. W. Thompson have indicated they will enroll at the Denton school.

The other, of course, is Carlisle (Frosty) Robinson, the stellar half-back, who has another season of eligibility remaining.

Armistead gained 1,050 yards in regular-season games last year for a 5.8 average. He was the best blocker in the Steer secondary.

The good-natured Thompson rated with Norm Dudley as the best blocker in the Steer line. He helped clear the way for the Steer ball carriers last year, played a major role in helping Big Spring have the most feared ground attack in the state.

Several of the seniors on the Big Spring football teams won't play football next fall. Robert Angel and Billy Martin are planning on attending Baylor, Angel to study medicine and Martin, the last I heard, to prepare for the ministry.

Louis Stipp was to go to Texas A&M as was Jerry Hughes. Stipp will probably follow his father into the oil business.

Billy Earley will enroll at New Mexico A&M. He'll go to school six months and work at Los Alamos six months out of each year. He, of course, won't have time to play football.

Jimmy Boyter is planning on entering the service. Dudley and Guard Tiny Ellison are TCU-bound and both will play football. Dudley wants a shot at pro ball, in time, if he's good enough.

Wayne (Pinky) Medlin is still planning on getting his college work in at Texas Tech and he'll play football. Don Swinney may go to ACC, where he'll go out for athletics.

Frank Long may continue his schooling at a junior college.

The athletes who, no doubt, put in more "man-hours" than all others in the local schools are the girl netters working out under Billie Ciyburn.

The lasses are still at it. The girls did very well in competition this spring, having won 32 of 45 matches against the best opposition Miss Ciyburn could book.

Their coach sees to it that they work on every shot in tennis. By next spring, they may be ready to grab off most of the championships in this area.

In the recent Fresno Relays in California, five present or former Stanford University athletes threw the javelin 200 yards or better.

If you're old enough, you'll probably remember Alabama Pitts and the Sing-Sing football team.

When Pitts "graduated," the club was disbanded. He later got a baseball tryout with a big league club and still later was killed in a tavern brawl.

Well, San Quentin prison out in California must have come up with some likely candidates, because it's going to have a team this fall. The man who has been approached with an offer to coach the inmates is none other than Ernie Nevers, one-time Stanford star, incidentally.

The team will play an all-home schedule, incidentally.

When I was in the service during World War II, I accompanied the base team to San Quentin for a basketball game. We were royally greeted and royally treated. The team of prisoners gave us a battle before losing. The officers on our club were given a hip on more than one occasion but none of us thought anything about it.

Following the game, one of the inmates bent an ear after calling me to one side. Grinning like a banana he had shown in his mouth sideways, he told me he was doing "life" there. He had been an enlisted man years before and enjoyed bouncing the brass around. Furthermore, he allowed as how I probably enjoyed it, too.

I didn't, but I didn't comment yes or nay. I thought it advisable to change the conversation to something like "how do you like the view of the bay from here?"

I'm still puzzled over how he could tell one player from another in a basketball suit.

JIM TUGERSON RED-HOT IN DALLAS HILL DEBUT

By The Associated Press

Two rookies had made auspicious debuts and Fort Worth had zoomed into the second place in the Texas League Friday by sweeping a doubleheader from Oklahoma City.

Jim Tugerson, fresh from Artesia of the Longhorn League, made a winning start in the Class AA circuit. He let Tulsa down with six hits in the nightcap of a doubleheader at Dallas, winning 4-2, after the Oilers had taken a shutout, 4-0, in the opener. Don Fracchia handed the Eagles their first shutout of the season in the curtain raiser as he limited them to six hits.

Fort Worth's double victory over the Indians, 11-4 and 4-3, was mostly a case of shaky Oklahoma City defense. The Indians committed five errors in the two games and only five of the 15 Cat runs were earned. The Fort Worth team exploded for a seven-run third inning in the opening game to break a 4-4 tie and coast in for the triumph. Bob Ford, Houston's first Negro

player, made the other impressive debut. He slammed out a double and triple and batted in two runs in his first game. Willard Schmidt collected his sixth victory against no losses as the Butts slammed Shreveport, 11-4.

At San Antonio, shortstop Buzz Clarkson hammered a three-run homer in the top of the ninth to give his Beaumont Exporters a 6-4 triumph. Jerry Jacobs, San Antonio third baseman, was beaned in the first inning and was thought to have suffered a mild concussion. The night's results left a 4½ game spread between the first six clubs in the league standings. Fort Worth was two games back of lead San Antonio and a half game ahead of third-place Oklahoma City. The Indians, in turn, led Shreveport by a game and Dallas trailed the Sports by a half game. Tulsa, in sixth place, was a half game back of Dallas.

Tailender Houston, 8½ games off the pace, trailed seventh-place Beaumont by a game and a half.

Artesia Gains On Roswell By Defeating Midlanders

By The Associated Press

Artesia was the only first division team that played like one Thursday night in the Longhorn League.

The Numexers took a 4-3 win over Midland's Indians, while the other league-leaders were taking it on the chin.

Odessa beat Roswell, 7-1. Sweetwater slapped Big Spring, 13-3, and San Angelo downed Carlsbad, 10-7, to round out the evening's action.

Artesia's triumph was the eighth in a row for the Numexers, who picked up a full game on first-place Roswell and now trail by only three games.

Bart DiMaggio, who swapped clubs with Jim Tugerson when the big Negro was recalled by Dallas, tossed an eight-hitter at the slumping Indians. Midland manager Rudy Briner's homer in the ninth spoiled what looked like a shutout for DiMaggio. Floyd Economides homered for Artesia in the second inning.

The clash was the quickest of the year in the Longhorn, requiring only an hour and 27 minutes. Roswell's loss to Odessa's eighth-place Oilers was the first Rocket loss in nine starts.

John Lagan made his league debut a success as he scattered 10 hits. Joe Bauman's 400-foot home run in the second inning provided the Roswell scoring.

Sweetwater had what amounted to batting practice at Big Spring.

The Spudders clubbed four Big Spring pitchers for 19 hits, including Rod Arco's three-run homer. Julio Ramos, with an eight-inning relief chore, held Big Spring to four hits.

San Angelo's triumph over Carlsbad marked the first time this season that the Colts had swept a series from a New Mexico team.

The Colts moved ahead, 9-0, in the first three innings, but needed relief work from Luis Celius and Audie Malons to hold off a flurry of Carlsbad rallies.

All Friday night action is in Texas, as Roswell plays at San Angelo, Carlsbad moves to Odessa, Artesia is at Sweetwater and Big Spring journeys to Midland.

DiMaggio Is Sent To Artesia Team

Bart DiMaggio, the burlier Artesia acquired in place of Jim Tugerson, won seven and lost 13 games for Bryan in the Big State League in 1953. Bryan finished sixth.

Bart, a distant cousin to Joe DiMaggio, walked 89 and struck out 74. His earned run average was 4.57.

This year with Dallas, he compiled a 2-3 record.

KBST Will Air Colonial Play

Local golfing enthusiasts can keep tab on the progress of players in the Colonial National Invitational Golf Tournament at Fort Worth by tuning in on Radio Station KBST Big Spring every afternoon.

The "live" broadcasts will be on the air today from 4 to 6 p.m., from 2 to 6 p.m. Saturday and from 3 to 6 p.m. Sunday.

Charles Jordan, Fred Kincaid and Bill Michaels will describe the action, using three mobile units as well as a headquarters broadcast stand overlooking the 18th green.

LOUIS PREDICTS MARCIANO WILL TAG CHARLES IN TITLE BOUT

HALIFAX, N. S. — Former world heavyweight boxing champion Joe Louis predicted today that titleholder Rocky Marciano will key challenger Ezzard Charles when the two tangle for the championship in New York June 17.

"Marciano will win, knock out Charles inside 10 rounds," Louis said in an interview. "He's too rough and punches too hard for Charles."

Louis is refereeing a series of wrestling matches in this area.

Lamesa Has Lost Two Loop Games

LAMESA (SC) — The Lamesa Rockets, Sunday foes of the Big Spring Tigers, have lost two Lone Star League decisions.

The Rockets were shelled by Midland, 17-3, after which they yielded to Grandfalls, 8-1.

Bill Nix will probably pitch against the Tigers.

With Eldorado

SAN ANGELO (SC) — Jay Jeffries, who recently joined the San Angelo Colts, played for Eldorado of the Cotton States League in 1953 but was out of baseball most of last season.

Thomson had to tie the lowest opening round in the eight-year history of the tournament to do it. But he was amazing with his putter as he fashioned a 4-under-par 66 yesterday to take the lead by a stroke over Nelson, the tall Texan who has been in semi-retirement for eight years, and by three strokes over Hogan.

Sam Sneed and Skip Alexander shot 66 in 1950 to establish the lowest first round in the tournament's history. Thomson, using only 25 putts, carved six birdies out of the tough 7,035-yard, par-70 Colonial Country Club course, to equal those rounds and put the curly-haired young man of 24 years and a perpetual smile in position to make his highest finish in an American golf tournament.

Nelson, the Roanoke, Tex., rancher who plays only a few tournaments a year, also was a putting well. He tallied a 57 for his best round in the Colonial tournament. He said he hadn't putted that well since 1946—the year he quit the golf trail.

Hogan, four times champion of the Colonial tournament and favorite this year, was methodically brilliant with a 69. He had no 3-putt greens.

Tied at par 70 were three professionals—Fred Hawkins of El Paso, Johnny Palmer of Charlotte, N. C., and Ed Furgol of St. Louis—and amateur Harvie Ward Jr., of San Francisco.

Tied at par 70 were three professionals—Fred Hawkins of El Paso, Johnny Palmer of Charlotte, N. C., and Ed Furgol of St. Louis—and amateur Harvie Ward Jr., of San Francisco.

Sam Sneed and Skip Alexander shot 66 in 1950 to establish the lowest first round in the tournament's history. Thomson, using only 25 putts, carved six birdies out of the tough 7,035-yard, par-70 Colonial Country Club course, to equal those rounds and put the curly-haired young man of 24 years and a perpetual smile in position to make his highest finish in an American golf tournament.

Nelson, the Roanoke, Tex., rancher who plays only a few tournaments a year, also was a putting well. He tallied a 57 for his best round in the Colonial tournament. He said he hadn't putted that well since 1946—the year he quit the golf trail.

Hogan, four times champion of the Colonial tournament and favorite this year, was methodically brilliant with a 69. He had no 3-putt greens.

Pittsburgh Taking Its Bus, Trolley Strike In Its Stride

WILLIAM A. SWARTWORTH PITTSBURGH (AP)—A pert blonde, busily chewing gum, smiles brightly and cheerfully raises her thumb to hitch a ride to work.

An elderly steelworker, a lunch box tucked under his arm, stands on the corner waiting for a fellow worker to come by in his auto.

Two teen-age boys, whistling snatches of the latest Hit Parade tunes, stroll block after block toward school.

All are familiar sights in this bustling industrial metropolis, without trolleys and most of its buses for nearly three weeks as the result of an AFL operators' strike.

Almost everyone is taking the trip in stride. If they can't find

angle. Estimates of the drop in business range as high as 50 percent.

Some 2,700 trolley and bus operators struck Pittsburgh Railways Co. May 9 to enforce demands for a 30-cent hourly wage increase and other benefits.

Delay Looms In Getting Results Of Power Struggle On Central

By ED MORSE
ALBANY, N.Y. (AP)—The mammoth task of counting proxies and ballots in the fight for control of the New York Central Railroad is "very likely" to go beyond next Tuesday, the head of the election inspectors said today.

Prof. John Hanna of Columbia University, senior member of the three-man board of election inspectors, told newsmen "we're just getting organized" and "there is a vast number of papers."

The big stockholders' meeting Wednesday was recessed until noon Tuesday for the first report on the vote tabulation by the inspectors, and doubt has prevailed as to how soon the inspectors could announce results of Robert H. Young's war to unseat the railroad's management directors, headed by Central President William White.

Hanna told newsmen there would be "no decision today" on arguments yesterday as to whether to bar the long-contested block of 800,000 shares owned and voted by Texas millionaire friends of Young.

The professors, sitting as election inspectors, are Robert W. Miller of Syracuse University, John Hanna of Columbia University and Covington Hardee of Harvard Law School.

The controversial shares under consideration have been an issue since March 15, when the railroad asked the Interstate Commerce Commission to investigate whether their acquisition had violated the Clayton Antitrust Act.

Since then the Central has lost round after round, before the ICC and in the courts, in efforts to block voting of the stock in the current fight.

Behind padlocked doors, attorneys for opposing sides argued for 90 minutes yesterday on a challenge by Central management of

the opposition's right to vote the 800,000 shares.

When the decision is made, either side could appeal it in New York State Supreme Court. That could mean many added days, perhaps weeks, of delay before the winner is declared in the struggle for control of the \$2,000,000,000 Central system.

The Central has said that the sale of the disputed block of shares

to the Texans, Clint W. Murchison and Sid W. Richardson, was really a "sham" because they put up no money of their own. Central has also alleged that there was a conspiracy to place under common control the Central and the Chesapeake and Ohio Railway, which sold the shares in February.

The stockholders' meeting is in recess until Tuesday and a further recess may be called.

ARMS SOUGHT

French Line Says Check Reveals Nothing Amiss

PANAMA (AP)—French Line representatives say U.S. customs men on the hunt for contraband arms wound up their search of the freighter Wyoming last night without finding "anything abnormal."

While the Wyoming was held at the Atlantic mouth of the Panama Canal, officials in Washington said a vast sea search is under way for two ships suspected of carrying more Communist arms to leftist Guatemala. The Caribbean republic already has received a 2,000-ton

arms shipment loaded at the Polish port of Stettin.

Customs men halted the Wyoming Wednesday as she headed for the canal en route to El Salvador and Guatemala with a cargo from London and Antwerp.

U.S. officials said the search was conducted with the full cooperation of the ship's owners and the French government.

There was no official announcement as to the results of the hunt, but the Panama Canal press office said last night the freighter's manifest listed six boxes of small arms, including one case of Browning automatic rifles consigned to El Salvador. The Bar is a combat weapon.

A French Line spokesman at Cristobal said the Guatemalan cargo was being reloaded but that no orders had been received yet to reload the El Salvadoran shipment. It could not be learned whether this had any connection with the box of Brownings.

A shipping official said he expected the Wyoming would remain here until the El Salvador cargo had been put aboard.

Other developments in Central America included: Guatemala, still nervous over a mystery plane which swooped over the capital Wednesday dropping anti-Communist leaflets, was without air service. The government ordered all airlines to bypass the capital.

Guatemalan Foreign Minister Guillermo Toriello announced, meanwhile, his government has offered to sign a bilateral non-aggression pact with neighboring Honduras.

The step appeared designed to remove danger of border incidents between the two lands.

Alaniz Venue Change Hearing Set Saturday

ALICE (AP)—A hearing on a change of venue in the trial of Nago Alaniz will be held here tomorrow.

Alaniz is charged in Alice with conspiracy to murder in the shooting death of Jake Floyd Jr. in September 1952.

He is scheduled to go on trial in Waco July 5 on charges of murder and accomplice to murder in the same shooting. The conspiracy to murder charge was left in Alice because wording of the indictment had to be changed.

Two Missing Boys Sought At Laredo

LAREDO (AP)—A bus driver has identified two youngsters who got off his bus Tuesday in Del Rio as the boys who have been sought since they disappeared from Laredo Monday.

They are believed to be the same boys who came to the Laredo bus station Sunday with a note saying: "Dear sir: Please sell my boys' tickets to Marathon. Enclosed, please find \$30."

Officers, Boy Scouts and planes had joined in a search of the Laredo area for Steven Switzer, 9, and Alfred Rivon, 12.

Man Returns \$2,500 As Unearned Income

SEGUIN (AP)—Here's a man who returned \$2,500 because he said he hadn't earned it.

The money was offered R. J. Burges Jr., Seguin city treasurer, in the recent sale of Seguin's million dollar utility revenue bond issue.

Mayor Roger Moore said Burges refused his rightful commission, saying, "The money was not earned, and, therefore, is not mine."

The City Council passed a resolution expressing appreciation.

Randolph Has Lead

INDIANAPOLIS (AP)—President Woodruff Randolph of the AFL International Typographical Union held today a 461-vote lead in his bid for re-election on unofficial and incomplete returns. ITU headquarters said Randolph had 37,265 votes to 36,804 for George Bantz of Chicago.
