

## Around Town

SIGHTS, FACES SEEN

Hereford's district football victory, duck hunting, and the Jaycees' old goat are chief activities around town this week.

On the old goat subject—the Jaycees have gained at least 15 new members during their membership drive wherein George Washington Blevins, the goat, has been passed from member to member. Each member has to keep the goat until he gets his new Jaycee.

Ed Skypala's three children decided the goat belonged to them and thought it was a wonderful pet, but Ed didn't feel the same way about the situation. It seems Ed had a few bills against the goat—he decided to go out and eat grass one day and jumped through the window of the garage at Ed's home. On another occasion, George became hungry, and goats love paper (and red flannels) best, so George just got up on a shelf (why should he bother Ed?) and contentedly ate all the sacks from around the various sizes of nails he found. Dick Lucas, Jaycee president, vows George is intelligent. Instead of jumping to the shelves, the goat rolled a tool box to any position he desired; thus, helping himself to all the shelves. Finally, Ed became desperate and talked his brother, Ellwood, into joining the Jaycees, but he then had to face his children who didn't want to give up the pet.

George performed another intelligent act when he was in custody of Frank Miller at the Community Ice Company. Frank tied him with a small rope out front, and since it was a very cold day, went inside to sit by the fire (and work). George thought there was some injustice, so he calmly broke his rope. Instead of running away, he went to the door of the ice plant and bumped against it until someone opened it for him. George calmly entered and "chewed his tobacco" with the rest of the men around the fire. At least, that's the story going the rounds. George does love tobacco and amuses himself most often by stealing cigarettes from the men.

His diet has been varied since he joined the Jaycees. George seemed to relish the loaf of bread fed him by Roy Peet and the maize given him by Ivan Block to say nothing of the soda straws, paper napkins, and what-not he has enjoyed on the street.

The boy scouts say they still have not received enough toys to repair for the needy at Christmas time. The Red Cross office will accept the toys, and the boys under the direction of Worth Covington will gladly repair them.

Mr. and Mrs. F. A. May of Hereford, Route 3, celebrated their 48th wedding anniversary Thursday.

Mrs. F. H. McClure of Boise, Idaho, was really impressed this week with the big farms and vast amount of activity going on in Deaf Smith County—just as many people have been impressed for years. She and her husband were guests of Mr. and Mrs. E. W. Hobson, who were close friends of theirs in Idaho. This is the first trip the McClures have made to this section of the country, and Mrs. McClure was especially interested in the cotton, maize, and he-gari crops, which are not grown near the McClure's home.

Burl Elliston's films have just returned to town after making a tour, themselves, of Florida and Kansas, where Burl reports several thousand persons saw the technicolor movies of Hereford and Palo Duro Canyon and were much impressed.

There will be a joint meeting of the American Legion and Veterans of Foreign Wars in the Legion club house Monday evening at 7:30. Members of both organizations are urged to attend to elect a new park board.

Mrs. Sargent, who was born on June 11, 1895, at Freestone County, came to Deaf Smith County in October of 1944. She married C. W. Sargent in 1912 in Bowie County. Funeral services will be conducted by Rev. A. J. Starr of Aubrey at the Methodist Church in Cannon, near Van Alstein, former home of Mrs. Cannon. Survivors besides the husband are a daughter, Mrs. A. B. Blackburn of Hereford; two sons, R. L. Sargent of Dawn and C. W. Sargent, Jr., of Hereford; three grandchildren; three brothers, B. T. Shaw, C. T. Shaw, and A. J. Shaw, all of Van Alstein, and one sister, Mrs. Daisy Grandberry of DeKalb.

## Board Reclassifies Four Men Thursday

At a meeting of the Selective Service Board Thursday afternoon, four men were reclassified, said Mrs. A. Petersen, secretary. Robert J. Harrison of Dimmitt was changed from 1A to 2A, the classification for necessary occupations, due to the fact he is a medical student and his grades rank in the upper 50 per cent of his class. Bobby J. Warren was changed from 1A to 2C because of essential farming. Dr. Clyde Rush and Dr. Will F. Graham were both granted deferments.

## Sugar Beet Harvest To Be Finished by Last of Month

Farmers and sugar beet men are making an effort to complete sugar beet harvest this month. The dump east of town and the one at Summerfield are both in operation; the one at Dawn has just completed its activity for the season. Jerre Swink, research assistant of the Rocky Ford office,

Miles. Funeral services were held yesterday afternoon at the First Methodist Church at 4 o'clock with Rev. Don Davidson, pastor, and Rev. Marvin Boyd of Plainview, a former local pastor, in charge.

With the help of his wife, Mrs. Nora Bell Gillis, Mr. Gillis established the Little Fashion Shop in 1929, having moved to Hereford on August 15 of that year. It was through his associations of these first years in his shop that he became well acquainted with Hereford people. Even after Mr. Gillis became ill 10 years ago, he and his wife continued active in local affairs. Relatives and friends of the family described the two of them as people who continued to take time out to help those about them in need no matter how small the need.

Mr. Gillis suffered from a heart condition and died as a result of complications. Though he was able to walk in recent years, he spent much of his time in a wheel chair.

The Gillises sold the Fashion Shop in 1945. At the time of his death, they owned a farm northeast of town and one at Sparenburg.

Mr. Gillis was born on November 28, 1891 in Oklahoma. He married Nora Bell Wilson on August 5, 1929, at Marietta, Okla.

Survivors include Mrs. Gillis, and two sisters, Mrs. Viola Williams of Amarillo and Mrs. S. E. Fisher of Lamesa. Pallbearers were Alton Fraser, Lee Conklin, Dan Finlan, Charles Burk, Jimmie Stocks, Phillip Miller, John McLean and Glen Weir.

Honorary pallbearers were C. R. Smith, Tom Carter, Dr. L. B. Barnett, S. O. Wilson, Wm. McGeehee, Joe Long, Walter Dunlap, Cecil Billingslea, John Pitman, John Mayo, Dr. George Heard, N. E. Gass, C. C. Acker, W. W. Ireland, Grady Rogers, and J. R. Allison.

Interment was at West Park Cemetery under the direction of Gilliland Funeral Home.

## Chief Reeves Urges Care In Locking Up

Police Chief Floyd H. Reeves this week warned merchants and businessmen that more care should be taken in locking doors of business establishments in town at night. The chief said police recently found three doors left unlocked in a single night. "We make the rounds every night and check the doors," Chief Reeves said. "But burglars could enter in the darkness before we make our first rounds."

First place winners in the Junior FFA Quiz, Hereford boys also took top honors in the Junior Chapter Conducting contest for the year. Senior chapter conducting was won by an FFA group from Canyon. Winner of both the Junior and Senior Farm Skills demonstration was Friona, while Hart took second honors in the senior demonstration and Dimmitt won second in the junior demonstration. ## Condition of Wreck Victims Much Better

The condition of Mrs. Willard Witherspoon of Hereford and her mother, Mrs. C. H. Smith of Austin, was reported to be very much improved yesterday at North Texas Hospital in Amarillo where both are patients. They now share the same room. Mrs. Witherspoon suffered a broken arm, three broken ribs and facial cuts, and Mrs. Smith was reported to be in critical condition until Thursday morning when she regained complete consciousness. The injuries were sustained in an automobile accident last Sunday afternoon near Amarillo when Mr. and Mrs. Willard Witherspoon and Mrs. Smith were returning to Hereford from Wellington where they had been visiting.

Results, he said, would vary according to the soil, the care, and the variety of beets planted. Yesterday Mr. Swink and his crew were busy digging "mother" beets. These beets are stored at Rocky Ford all winter and set out in the spring with the whole beet still intact. The beets shoot seed stalks at this stage of development, which is the only way of obtaining sugar beet seed. Mr. Swink said he (Continued on Page 8)

## Cotton Prices Continue Upward

Cotton prices have made another jump. John McCleskey, manager of the Hereford Gin Company, said yesterday that cotton is selling at 40 and 41 cents per pound. A week ago the price was 38 and 39 cents per pound. Cotton seed has gone down a little, with the price now being \$100 per ton as compared with

## Herd Downs Dumas 40-14 In Final District Game

The electric clock at the Dumas stadium read 40 for Hereford and 14 for Dumas when the game between the Demons and the Whitefaces ended there Friday night.

Coach Dalton Criswell's Herd kicked up excitement as the game progressed and stormed over their opponents in almost every offensive play, clinching the three-way tie for district honors which became Hereford's Saturday morning at the

## County Court Tries Three Men Recently

One man was given 30 days in jail for driving while intoxicated this week and two other men were tried in County Judge L. H. Foster's court.

J. M. Holbert, who has been in court on several other occasions, was given a \$750 fine and 30 days in jail for driving while intoxicated.

Holbert and Antonio Vargas both appeared before Judge Foster in court Thursday. Vargas was charged with selling liquor in a dry area. He first pleaded not guilty and his bail was set at \$1000. Later he changed his plea to guilty and was fined \$250 plus costs.

Vargas was picked up at the labor camp Wednesday by Deputy Sheriff S. B. Berry and Chief of Police Floyd H. Reeves. Friday afternoon Margarito Chaves appeared before Judge Foster and plead guilty to a charge of driving while intoxicated and was fined \$100 plus costs.

## Wayne Thomas Chosen To Law Chancellors

Wayne E. Thomas of Hereford has been elected to Chancellors, highest scholastic honorary organization for law students at the University of Texas. Five members were chosen for their high scholastic standing and outstanding work on the Texas Law Review, published by the School of Law for the State Bar of Texas.

Thomas, a senior law student, is associate note editor of the editorial board of the Texas Law Review. He is the son of Mr. and Mrs. Zerrill Thomas.

"Cotton is higher in Dallas today than it has been since the Civil War," said Mr. McCleskey. Ginning is picking up, he said. The local gin is processing from 20 to 25 bales per day. Mr. McCleskey believes the peak of the ginning season may be reached by the last of next week.

A team, a coach and the lucky flip of a coin gave Hereford the championship title in District 1-A football this week. The Herd will meet Shamrock Friday at 2:30 p. m. in Pampa.

The Whitefaces were chosen to represent this district in the bi-district game with Shamrock after Robert Veigel, school board member, flipped the odd coin at the Herring hotel in Amarillo Saturday morning and decided the winner of the three-way tie between Hereford, Dalhart and Phillips.

Coming from a lowly fifth place two weeks ago, the Whitefaces stomped the district favorite, Phillips 35-9, marched over Dumas 40-14 Friday night (see story) and became top team in the district by virtue of the coin tossing, which took place about 10:30 a. m. Saturday.

Now facing a team rated among the highest in the Panhandle, the Whitefaces stand a chance of winning regional if they defeat Shamrock. The Shamrock team has long held the number one rating in District 2-A, having lost only one game out of 10 during the entire season.

On hand for the toss were Whiteface coach Dalton Criswell and several members of the faculty and school board. At the first notice of the result of the toss high school students and others drove through the streets honking and cheering. A group of students rode in the bed of a pick-up truck through town, ringing a victory bell and shouting school yells.

Don Martin, principal of the high school notified Hereford a few minutes after the decision had been made. Gene Sunderman, coach at Dalhart and Lee Johnson, superintendent of Phillips flopped coins for their respective teams. All schools in the district were represented at the tossing.

## J. B. Pool Home Is Damaged by Fire

Fire damaged a bedroom at the home of Mr. and Mrs. J. B. Pool, 109 Fuller, Thursday morning at about 11 o'clock.

It was believed that spontaneous combustion caused dust rags in the bedroom to ignite. Part of the wall paper, part of a door, and all of Mrs. Pool's shoes were burned. A chest of drawers was also damaged.

The Hereford Volunteer Fire Department extinguished the blaze rapidly preventing any further loss of property.

Mr. and Mrs. Carl Beiderwell of Lenox, Iowa, are scheduled to arrive here today for a visit in the home of her sister, Mrs. Harold Baize. They will also visit Mrs. Beiderwell's mother, Mrs. Bertha Henderson.

FIRE DESTROYED all of Mrs. J. B. Pool's shoes and part of the wallpaper and a door at the Pool home, 109 Fuller, Thursday morning. Shown in the picture is the container which Mrs. Pool's shoes and a chest of drawers which was slightly damaged.

SUGAR BEETS are being dug at the Wayne Evans farm on Harrison Highway in a 52-acre patch. Sherman Dufur, employed by Evans, is driving the tractor while a small son, Billy, and a friend, Robert Cooke, watch the beets fall into the big hopper. The beet digger shown in the picture digs the mammoth beets, tops them and conveys them into the hopper. The big conveyor on the side loads the beets onto trucks.

**CORN BREAD**

**Corn Bread Stuffing**

*A M. Lee Taylor Recipe*

10 cups crushed corn bread  
1 1/2 cups finely chopped turkey  
1/2 cup finely chopped onion  
2 cups whole milk  
1 tablespoon poultry seasoning  
1/2 teaspoon salt  
1/2 teaspoon black pepper  
1 cup chopped pecans

The day before you stuff your turkey, make up a double batch of corn bread, either using your own recipe or a mix. When it is time to prepare the stuffing, combine corn bread crumbs with celery and poultry seasonings, salt and pepper. Season stock with mixture. Then add pecans. This makes enough dressing for a 15 lb. bird. Remember to stuff the turkey with a light hand if you want a light dressing.

**Nurse Tells How Hadacol Was So Helpful To Her**

Supplied Vitamins B<sub>1</sub>, B<sub>2</sub>, Iron and Niacin Which Her System Lacked

—elements so vital to help maintain good health and physical fitness.

**Why These Vitamins and Minerals Come in Liquid Form**

There's a very good reason why HADACOL comes in special liquid form. These precious Vitamins and Minerals are more easily and quickly absorbed into the blood stream this way—ready to go right to work. A big improvement is often noticed within a few days.

**Don't Be A 'Doubting Thomas'**

After reading Mrs. Adele's wonderful experience with HADACOL—how can you doubt that this great new nutritional formula will help you if your system lacks Vitamins B<sub>1</sub>, B<sub>2</sub>, Iron, and Niacin?

What HADACOL did for Mrs. Adele, it can do for you if you're troubled with aches and pains in the shoulders, legs, and arms, certain nervous disturbances, insomnia when due to an upset stomach, stomach distress and a general run-down weakened condition due to such deficiencies.

So what are you waiting for? Don't you see that HADACOL is the kind of product you need—the kind you should buy and the kind you should start taking immediately!

**Sold On A Strict Money-Back Guarantee**

HADACOL even helps build up the hemoglobin content of your blood (when Iron is needed) to course through your body, carrying these great health-building elements to every body organ. No wonder HADACOL helps you feel wonderful.

Be fair to yourself! Give yourself a break if you have such deficiencies! Why continue to drag yourself around—a burden to yourself and your family—when relief may be as close at hand as your nearest drugstore if you suffer a deficiency of Vitamins B<sub>1</sub>, B<sub>2</sub>, Niacin and Iron. This great HADACOL is inexpensive, too—costs only a small amount a day. Trial size, only \$1.25. Large family or hospital size, \$3.50. If your drugstore does not have HADACOL, order it direct from The LeBlanc Corporation, Lafayette, Louisiana.

© 1950, The LeBlanc Corporation.

Mrs. Jennie Lee Adele, 412 N. 27 St., East St. Louis, Ill., a nurse, says she wishes she had found out about HADACOL sooner because since taking HADACOL she feels so good. Mrs. Adele was suffering a deficiency of Vitamins B<sub>1</sub>, B<sub>2</sub>, Niacin and Iron which HADACOL contains.

Here is Mrs. Adele's own statement: "I have been a nurse for over 14 years. My food never seemed to agree with me. I heard one day how so many folks were being helped because of HADACOL. I tried it and after 3 bottles I could tell a big improvement. Now I eat anything I want—sleep well and I am full of energy."

**Why HADACOL Gives Such Fine Results**

HADACOL does not bring just symptomatic relief. HADACOL now makes it possible to actually relieve the cause of aches and pains in the shoulders, legs and arms, certain nervous disturbances, and a general run-down weakened condition due to deficiencies of Vitamins B<sub>1</sub>, B<sub>2</sub>, Niacin and Iron in your system.

HADACOL not only supplies deficient systems with extra quantities of Vitamins B<sub>1</sub>, B<sub>2</sub>, Iron, and Niacin but also helpful amounts of important Calcium and Phosphorus

**High Winds Cause Damage To Milo And Hegari in Northwest Hereford**

By Mrs. R. C. Childers  
High winds have done much damage in this vicinity this week. Fred Wolfington says that his milo is turning out half of what it was before the high winds Tuesday.  
Norman Gary reports that his hegari is a total loss. He tried using pickups on his combine in an effort to save some of it but he said that it was useless, so he moved off of it, on some milo. Most of the milo in this vicinity will do to cut now, so farmers are really busy trying to get it before it falls down.  
Mrs. J. I. Finley has been visiting her father who is quite

old. He is living in the home of one of his children in south Texas.

Mrs. M. G. Caywood was in Amarillo on business Wednesday. The Caywoods are in the process of digging their beets.

Mr. and Mrs. Jack Renfro have been out of town for the past week. He is in Altus, Okla., where he is looking after his interests in the spinach harvest there.

Mrs. Fred Wolfington visited in the home of Mr. and Mrs. Jim Shirley Sunday. The young daughter of Mrs. and Mrs. Shirley has been in ill health for several years. She has recently undergone an operation for sinus.

**New Dairy Barn**

Joe Watson and Stan Nelson moved into their new dairy barn on the Jack Renfro place Thursday. It is one of the most modern dairies in the county. They have been milking around 100 cows and feeding about 30 calves.

It seems that it takes the whole family to harvest the crops this year as hands are not available. Mrs. Francis Hill is having to help her husband. She is driving the truck and hauling grain to the elevator.

Mrs. Charley Hill says their grain is still green but hopes to

**Hereford Folk Meet At SMU-A&M Clash**

It's a small world or maybe Dallas, Texas was reduced to a nutshell last Saturday when lady fortune intervened and provided many scenes—featuring surprised expressions and the exchange of greeting between over a dozen Herefordites who were in Dallas for the football grid clash between Southern Methodist University and Texas A. & M.

Four different colleges were represented by Hereford students who unexpectedly bumped into each other at different times various crowded sections of downtown Dallas. In Dallas from Texas A. & M. were Buddy Corbett, Roger Corbett, James Higgins, Lloyd Manjeot, and Phil Goldston. Gilbert Carlyle, Reuben Knox, and Pat Corbett represented North Texas State at Denton.

**LIFE TO YEARS**

Do you number among your acquaintances know all that is going on about them, who do not forget what they learn, and who can just naturally turn their hands to any kind of work or play?

If you could look inside of these extraordinary people and see their bodily mechanism, you would find every one of them to have an extra fine set of nerves connecting his working parts.

This kind of person knows more of the world about him than do people generally for the sole reason that he has better nerves than they in his sense organs—his eyes, ears, mouth, nose, and skin—to bring to his brain the facts of the world about him. He sees, hears, tastes, smells and feels more and better than other people.

His fine memory is due to the good, firm nerve material in his brain to retain impressions once received.

He quickly learns to play ball, make a hole in one, handle his car in fast traffic, operate a typewriter, or play the violin, for the reason that the nerves to his muscles are set for fast and accurate movements.

Chiropractic works with nerves, builds them, cultivates them. In this way it helps boys, girls, men and women to learn their world and to play their full part in it.

This is why the great musicians, actors, ball players, athletes, and business men are turning more and more to Chiropractic in order that they may be at their best and do their best all the time.

# Herd Downs

(Continued from Page 1)

neth Brock took the honors first when he snagged a pass from Jack Stanton and dashed 18 yards to paydirt. Walker's 48-yard run a few minutes later accounted for the fifth score, and Stanton went 57 yards the next time Hereford was in possession to score the final touchdown.

During most of the fourth quarter the field was spotted with fresh jerseys as Whiteface reserves put in valuable minutes of training in the game.

Dement kicked off for the Whitefaces, who were defending the east goal. Bloxom was nailed before he returned it a yard. Gene Atkinson got by with two yards before Walterscheid hit him, and Thomas stopped Buckley after a similar gain. Bloxom made two more, but Mixon had to kick on next down. The ball went out of bounds on the Hereford 22-yard-line.

Walter took the ball and stormed 58 yard on the Herd's first play from scrimmage. Stanton fumbled on the next play, and the Demons recovered.

Buckley went through the line like a bullet and scooted 30 yards before Walker nailed him. Bloxom was stopped by Reese after a four-yard gain.

and Brock kept Atkinson from gaining. Fish threw Buckley for a one-yard loss in the play before Mixon kicked.

Dement got in to block the kick and set up a touchdown, and the Whitefaces took over on their opponents' 25. Walker carried for the first eight. Then he went off tackle and plowed 17 yards for the first Hereford score. Kelly kicked the point and made the count 7-0 in favor of the Whitefaces.

Dement kicked again, this time to the Dumas 23, where the ball was killed. Phillips tried a pass to Bloxom, but it fell incomplete. He ran on the next play and stacked up four yards gain. Buckley made three more before Mixon kicked again. The ball was killed on the 35.

Stanton tried a bootleg play, but failed to gain. Walterscheid fumbled on the next play, but the ball was recovered and the Herd had advanced another 15 yards. Kelly made another first down when he marched 21 yards.

Walterscheid accounted for four more and Walker another five. Stanton shot a pass to Kenneth Brock. That did it. It was good for 20 yards and another Hereford score. Kelly stacked up another point with the successful kick.

With the score reading 14-0 in their favor, the Whitefaces kicked off and dashed down the field. Morton got there first and fell on the ball which was over the goal line and which was still alive after having rolled more than 10 yards. Another score. Another extra point by Kelly and the count read 21-0.

Dement kicked off again, and Wilkins picked it up and went 20 yards. Wilkins was thrown for a two-yard loss by A. Brock and Dement. Buckley struck through the line and seemed away, but Slagle stopped him

after an eight-yard gain. Martin made two. Then Mixon kicked, sending the ball this time all the way over the Hereford goal line.

The Herd took over on their own 20. Stanton leaped four yards, and Walterscheid made it another first down by storming seven more yards.

Stanton made five, then four, then the quarter ended.

**Second Quarter**  
A penalty against the Demons gave the Herd another first and put the ball on the Hereford 45. Stanton was thrown for a four-yard loss, then passed to Walterscheid. The ball fell incomplete. Stanton tried it again this time to Kelly. Kelly took it and went 19 yards.

Walterscheid made eight, and Kelly wracked up three more.

A penalty against the Whitefaces, a two-yard gain by Kelly, a Stanton-Boyd pass good for two more, another yard gained by Walker and a two-yard loss when Stanton tried running, left the ball on the Demons' 31 yard line, where Dumas took possession.

Phillips failed to complete his pass to Cariker. Morton and Corbett stopped Atkinson and Wilkins on two respective plays, and Mixon kicked for the Demons.

The ball landed in the end zone. Walker made Hereford's first two yards from scrimmage. A five yard penalty against the Herd and two incomplete passes made it necessary for the Whitefaces to kick.

The punt sailed 51 yards. Martin didn't gain on the first play from scrimmage. He passed to Cariker, but failed to complete. Fish threw Buckley down after a nine-yard gain by the Demon carrier. Mixon kicked on the next play all the way to the Hereford 12 yard line.

Walker made a yard, but a 13-yard penalty on the next play put the ball within inches of the goal line. Morton spun through the line, was hit and marker. A five-yard penalty fumbled on his own six-yard against the Herd on the next play put the ball once more within a yard of paydirt. Martin went over on the next play for the Dumas score. Mixon kicked the point and made it good.

Stanton took Mixon's kickoff on the Hereford 20 and dashed to the fifty before he was tackled. Kelly sped for another 13 yards and another first down.

Stanton was thrown down six yards behind scrimmage, but made up for it on the next play when he shot a pass to Kenneth Brock that was good for 13 yards. Walker made five yards.

Stanton passed to Brock again and the Herd moved up another three yards. They were nearing the goal again, but only seconds remained in the first half.

Walterscheid made two yards. Stanton pitched out to Kelly, who went for eight, as the first half came to an end.

**Third Quarter**  
Mixon kicked off for the Demons. The 60-yard boot was picked up by Stanton, who returned it 36 yards. Stanton made four yards, lost three. Walker made them back. Kelly kicked 38 yards.

Martin tried to get by scrimmage, but Reese knocked him back three yards. He gained two on the next play, but lost seven on the next, and Mixon kicked.

Kelly returned the punt to the Dumas 25. Stanton passed to Brock for eight yards, then to Boyd for 12 more. Stanton and Kelly were thrown for three-yard losses each in the next two plays. Stanton's next pass to Boyd fell incomplete, but the

next one he shot to Brock was good, and Brock scampered all the way—18 yards—for the fourth Hereford touchdown, bringing the reading to 27-7.

Morton kicked on the next play. A five-yard penalty against the Demons, however, made necessary another kick. This time Wilkins took Morton's boot on his own 11 and went to the 31. Wilkins made a yard, but Fish and Walterscheid made sure he would go no further. Phillips tried a pass, but it fell incomplete. Buckley wiggled through the line and went for another 11 yards. Atkinson made

another yard. Buckley fumbled, however, on the next play, and the Whitefaces recovered. Walker took the ball on the first play from scrimmage, went around end, and dashed

48 yards for another Hereford score. Kelly's point was not made. Morton kicked again. Buckley took it this time and ran 20 yards. Bloxom made a yard.

Morton got in Buckley's way before he got past scrimmage. Phillips shot an incomplete pass intended for Mixon, and the Whitefaces took over on their (Continued on Page 7)

own 43.  
Stanton took the ball on the first play from scrimmage and went 57 yards for Hereford's final six-pointer, and Kelly added the final point of the game.

Morton kicked off to Bloxom, who made 20 yards and was downed hard on his own 30. A five-yard penalty against the Herd put the ball on the 35. Then Atkinson tried to get away, fumbled instead, and Dumas lost the ball when Morton recovered the fumble.

Stanton tried first through center for no gain. Kelly took a pitch-out - from Stanton - and dashed 33 yards. Stanton fumbled on the Dumas one-yard line and Demon Phillips recovered. Atkinson made two yards. Patrick doubled the gain. Then Buckley made 13.

Bloxom added eight and put the Demons on their own 26. Richard Pickens got in on the last play of the third quarter and stopped Buckley cold at scrimmage.

#### Fourth Quarter

Bloxom made a yard, but Mixon was forced to kick as the downs ran out.

Kelly took the ball, but fumbled and the Demons' Cochran recovered. Duane Janssen knocked a whole in the line and put Buckley on the ground three yards behind scrimmage. Atkinson gained three yards, and Phillips lost six when Pickens and Lookingbill broke through. Mixon kicked - this time all the way over the goal.

Pickens made none. Then Kelly passed to Boyd, who got away for 18 yards.

Slagle wracked another ten yards. Kelly fumbled and lost nine yards on the next play, but a pass to Morton good for 28 yards made up for the loss. He was hit six yards behind the scrimmage line once more, and the Herd took a five-yard penalty on the next play. Kelly passed to Morton - good for 12. Slagle made seven and Kelly's pass to Brock fell incomplete.

Buckley was thrown three yards backward when Janssen got him. Phillips tried a pass, but it fell incomplete. Buckley shot through the line for 12 yards. Phillips came through on the next for 17 more.

Bloxom drove 15 yards more. Buckley made 2. Wilkins took care of five more. Alvin Shirley broke in and smacked Bloxom on the Hereford - one of the hardest, neatest tackles of the game.

The Demons were on their way again. Lookingbill stopped Bloxom after he had made eight yards, but Buckley got away on the next play and went 13 yards for the final touchdown of the game. Mixon made

the point.

Richards kicked off for the fighting Demons, and Stanton took it back 23 yards to the Hereford 33. A penalty on the first play brought the ball back five yards. Slagle made 6. Two more penalties, this time for 15 yards each could not be offset by Stanton's next 15-yard run, and the game ended.

SCORE: HEREFORD 40, DUMAS 14.

### La Plata Club Wins Dogpatch Contest

Competition was keen even though there were only a few clubs entered in the Sadie Hawkins Day contest sponsored by the Star Theatre Friday evening. The La Plata Study Club won the \$50 prize in the contest, which W. F. Hardwick says is to be an annual affair. Several other clubs had entered but withdrew at the last minute to attend the football game in Durvas.

Those who participated were, Theta Rho, Draper 4-H Club, Business and Professional Women's Club, and La Plata Study Club.

THE WINNERS in the Lil Abner contest at the Star Theatre Friday evening are members of the La Plata Study Club, who received the \$50 prize. From left to right, are Mrs. Milton Adams as Available Jones; Mrs. C. W. Spurlock, Mamma Yokum; Mrs. Fritz Dodson, Pappy (in the tub, her costume was red flannels); Mrs. Les Combs, Daisy Mae; Mrs. Leona Blood, Lil Abner.

### Sugar Beet

(Continued from Page 1)

hopes to find 200 beets to store and use for seed. He selects the beets before the digger goes into the field as the digger removes the tops.

Only the leaves are trimmed from the beets used for seed. Mr. Swink takes special care in selecting large, well-shaped beets which seem to have resistance to curly top and leaf spot, the two diseases which have been most prevalent in beets

this year. Seed beets will average about three tenths of a pound of seed each, Mr. Swink

said, but some will run as high as one and a half pounds each. Beets low in sugar content will not keep as well as those high in sugar.

#### Tonnage Is Good

Swink said the tonnage of sugar beets is better here than in Colorado, but the sugar content has not been as high this year.

Nixon said the situation this year in regard to the sugar content has been alarming and pathologists are working on seed which will be resistant to blight, such as the beets had after the rains this year. Nixon said the low sugar content this year could be due to the blight, but the definite cause is not known. Ordinarily, the sugar content increases after a freeze, but the lettuce has been different this year. Content now is running about 14 or 14 and a half, said Mr. Nixon. This does not compare with years past.

Nixon indicated the over-all outlook for this year will compare with years past as tonnage is running high in many fields. Among the highest averages per acre are the fields of A. J. Peters and Earl Lance. Peters is averaging 24 to 25 tons per acre in a patch of about 50 acres while Earl Lance is averaging 23 tons in about the same size field.

In comparison with net returns from other crops, Nixon believes the sugar beet farmers will net a good income from their work this year. In Deaf Smith County, 3256 acres were planted to sugar beets.

Moonbeam McSwine, alias Mrs. Jess Carter, was one of the Dogpatch characters featured by the Business and Professional Women's Clubs in the Star Theatre contest Friday night.

Mr. and Mrs. W. D. Gibson returned Wednesday evening from Breen, Colo., where they were called by the illness of her mother, Mrs. John Horvath. Mrs. Horvath had a light stroke and her condition is now reported to be much improved.

## Autumn Tea Is Given Here In Honor Of New Citizen

A pretty party given in the form of an open house in her new home, marked the Thanksgiving season Thursday afternoon when Mrs. Ralph McCullough honored her sister-in-law, Mrs. Ray McCullough, who has recently moved to Hereford to make her home.

Autumn flowers in tones blending with the decor of the home were used and the refreshment table was appointed in lace, silver and crystal. Flowers for the table were pink chrysanthemums flanked by tall pink tapers in silver holders.

Mrs. C. H. Dyar and Miss Jonnie Estes poured and Mrs. Jim Lipscomb attended the guest register. Others in the house party were Mesdames; Harry Lomas, Boyd London and A. L. Manjeot.

Guests registering were Mesdames; Walter Seed, J. M. Gilliland, Edna Bowe, J. S. Orr, Urlin Streu, Jeff Gilbreath, Frank Gyles, W. S. Fluitt, F. P. Lyons, Ellis Coombes, L. C. Kester, Wood Vaughn, Abe Martin, John N. Jacobsen, Jr., E. E.

## Young Mothers Hear Book Review

Members of the Young Mothers Study Club heard a review of the book, "Grown Ups Are Funny People" by Jennifer Owsley, when the club met in regular session Monday night in the home of W. L. Davis, Jr.

Mrs. Richard Barnard gave the review of the book which was written by an eleven year old girl. Quoting she said; "Grown-ups do not always see your side of things. In fact some questions you ask are foolish, or are too secret to be answered. They always tell you when you are grown up you will know the answers—yet there are always things children would like to know now."

Mrs. Paul Harvey, president, conducted a business session when members discussed plans to aid the hospital nursery. Mrs. W. L. Davis, Jr., was named chairman of a committee to confer with Miss Pearl West, hospital supervisor, as to the needs of the nursery.

Members attending the meeting were Mesdames; Leroy Aven, Delbert Balmun, Richard Barnard, W. L. Davis, Jr., W. B. Dowell, Charles Dye, G. W. Edwards, Paul Harvey, Lee Kent, Cecil Malone, Don T. Martin, Joe Reinauer, Pat Robinson, Earl Stagner, John Winkler, Neal Young and Donald Henslee.

Mrs. J. T. Carroll was hostess for the Calliopean Club meeting in her home Thursday night. During the business session a letter was read from the Deaf Smith County Hospital supervisor, Miss Pearl West, who thanked the club for its recent donation to the nursery, and stated that an incubator for the nursery had been purchased with the funds.

Mrs. N. E. Milburn was in charge of the program for the evening and introduced Dr. Clyde Rush whom she had asked to address the club.

## Humorous Program Enjoyed By Club

Lone Star Study Club members enjoyed a humorous program Tuesday afternoon when the club met in the country home of Mrs. E. W. Hobson. Mrs. M. T. Sparkman was assistant hostess.

Roll call was answered by members reciting jingles describing themselves and plans for the next meeting were announced. The meeting will be held with Mrs. Joe Kendall, an associate member.

Mrs. Louis LeGrand and Mrs. C. O. Wilkins gave the program with Mrs. LeGrand reviewing Irvin Bobb's "Speaking of Operations" and Mrs. Wilkins telling "Why There Are No Big Trees in the Desert" and reading the poem "One Boy's Thanksgiving."

Members in attendance were Mesdames; E. L. Adams, R. G. Blue, Roger Corbett, V. E. Dodson, Jack Grady, H. E. Henslee, Berry Jacobsen, John Jacobsen, Jr., C. D. Kelton, Louie LeGrand, Robert Lingenfelter, G. W. Newson, Coy Phillips, Earl Phillips, M. T. Sparkman, Robert Thompson, Ed Warren, C. O. Wilkins, L. L. Womble and the hostess.

With Thanksgiving season comes a more intense awareness of a phase of gratefulness that has been expanded year after year since that first Thanksgiving when our forefathers set aside one brief day to express their thanks for just being alive and for a bountiful harvest.

The story of the first Thanksgiving has been told over and over again, but perhaps it is thankful sharing that keynotes the observances today—and it is the theme known and loved from the highest to the lowest.

Sharing the most and the least of what she has is America's theme of thankfulness, accepted by today's people as universal. In Hereford chimes ring out, voices are raised in praise and homes are thrown wide open in celebration of the day.

## "The Peabody Sisters" Is Reviewed For Pioneer Club

### Caliopeans Enjoy Program

Mrs. B. E. Roberson revealed the book "The Peabody Sisters" (Sharp) which the reviewer styled as a distinguished adult biography.

"The story pictures the world the three Peabody sisters lived in as skillful, affectionate recreation of a family, rich in character, causes and achievements.

"The story is interesting because of the sister's vivid and contrasting personalities, and also because of their place in the land of America culture. The book is a sparkling narrative giving the results of sound historical research.

"The author tells three life stories with great skill, never giving her own point of view. She gives you a remarkable book that lifts the veil from many familiar faces and clears away the myth of many legends."

"Health is not necessarily divided from illness by physical aches and pains for there are many spiritual illnesses, he stated. Every one needs a purpose in life with Christ as the

"Carl Sandburg's Poetry" was the subject for the program given at the Bay View Study Club meeting held in the home of Mrs. Henry Benson Thursday afternoon.

Mrs. Lee Benefield presented the program giving something of the author's background and describing the setting for some of his works before dealing with the poetry itself.

Describing the author she said "If America has a folk singer today he is Carl Sandburg, a singer who comes out of the prairie soil, who has the prairie inheritance, who can hand back to the people a creation that has scraps of their own insight, humor and imagination, a singer who both says and sings. He has passion that gives dignity to all he says. It is passion for humanity, not merely for the man with depths of personality, but for the ordinary men and women. "The People, Yes" is his most mature, his most distinctive, his most appealing volume."

Mrs. Paul Mathers conducted a business meeting and welcomed Miss Frances Turentine as a new member. Mrs. F. T. ## HEREFORD LABOR

The attitude of Hereford citizens towards strikes in this well-teethed city has been evident on two occasions. The first incidence of labor friction came when a steelworkers' union agitator came to Hereford and picketed the construction of the Jim Hill hotel last year in August.

It came to a sudden end when approximately 150 irate business men, farmers and ranchers frightened the union man all the way to Amarillo—"right back whar he started from."

The second picket line was established by two more union men from Amarillo. The two Western Electric Communications Workers of America (CIO) picketed the local telephone office all day last Tuesday. Since the pickets had little or no effect on telephone service here, not many local tempers reached the boiling point.

But F. H. Oberthier, 81-year-old pioneer of Hereford, pretty well reflected the town's attitude when he courageously established his counter picket line, stating "This strike an outrage."

Several citizens summed up the event with the comment that "the people in our

town who want to work, work. And those who don't want to work don't work." It's as simple as that right now.

Perhaps the day will come, as it has in other parts of the nation, when Hereford employees and employers will be unable to understand one another—when, instead of switching bosses when they fell they're getting a raw deal, employees will stop work and make everybody else stop it, too. But such a day seems far in the future.

Strikes and labor unions and labor friction in other parts of the country may be viewed with a certain amount of tolerance by residents of Hereford—more tolerance really, than outside observers admit. Justice in all strikes is weighed very carefully in Hereford citizens' minds, as was evidenced by the fair and intelligent statements about the strike given to the Brand in answer to the Question of the Week last Sunday.

But total organized labor and strikes and bloody picket lines have about as much business in Hereford (for the present, anyway) as does the Empire State building.

## Trade Council...

Nearly everybody in the United States agree that the nation must "meet the onerous lie of Communism with the great truth of freedom" and that this policy must be backed by the "economic might of a free people," as the National Foreign Trade Council declares.

A statement of general principles, such as that above, arouses no particular reaction. When one attempts, however, to recommend specific acts and decisions to implement the recommendation, there is considerable disagreement.

The recommendations of the committee of more than forty traders, industrialists and financiers refers to the "battle of production" and avows that the private enterprise system, "even with such limitations and controls as military necessity may require, still remains our chief reliance in the struggle."

These, too, are general statements, which arouse no marked reaction. Much the same applies to the statement that all free nations must share the burden of waging the battle of production.

The traders assembled in New York chronicled their deep concern over "the growing menace of inflation in the United States and throughout the free world" and assert that the "insidious advance" is as real a menace to our way of life as the more overt acts of a foreign aggressor.

Our foreign traders and investors are told that they can perform "no greater service than to arouse the nation to its dangers."

Here is another declaration with which there will be no disagreement: "The domestic policies of the United States Government (should) be so formulated and implemented as to preserve the incentives inherent in the private enterprise system and call forth all the initiative, energy and skills of which the American people are capable."

The traders would have a practical Point Four Program, "soundly administered," to help the "peoples of the world's economically retarded areas to achieve higher levels of productivity and improved standards of living."

They would have an increasing volume of goods and services exchanged between the nations as essential, "not only to the maintenance of civilian living standards but also to the stimulation and development of the military production of the situation demands."

In addition, the traders assert that "the United States Government (should) safeguard by every means at its disposal the future competitive opportunity of the American exporter in overseas markets."

These general declarations are not designed, we take it, to dictate to American traders, industrialists and financiers the exact steps which they should take to implement them. As a guide for the future activity of these economic interests, the principles are, for the most part, sound. Whether they amount to anything, in the life of this nation or of the world, depends upon the steps that are taken to make them real.

The medicine men of the Indians were not the only fakirs to inhabit continents of U. S.

After a man stays in public office for ten years he naturally gets the idea that it belongs to him.

As usual, there are a number of political prognosticators now able to tell us why the voters did so.

The population of the nation shows a marked increase but what we need is higher average intelligence.

The leaders of the nation may soon have to decide whether to use atomic bombs against the Chinese.

## Tax Increase...

Tax collections by the Federal Government during the third quarter of 1950 were about one-quarter-billion dollars higher than in the same period of 1949.

Individual income taxes were \$229,561,815 higher than in the corresponding period of last year, but corporation income tax payments fell \$589,190,009. Increases in other tax receipts made possible the net increase in the total collected.

With prices tending to advance and taxes certain to be heavier than before, the average American family must have a larger income if standards of living are not to be reduced. This fact should be borne in mind by employers even though one recognizes that they face difficulties in connection with establishing higher prices for their own products.

## Air Force Grows...

The lesson in Korea, according to Hanson W. Baldwin, military expert of the New York Times, is that airpower means more than strategic bombing and that airpower alone is never enough. Mr. Baldwin readily admits that without air superiority, our forces would not be in Korea today. He points out that the victory in Korea was not a victory through airpower.

The military expert says that one of the most important results of the Korean campaign has been the increased emphasis given to tactical airpower by the Air Force. The present augmentation program will allot equal groups to tactical or close support types and the Tactical Air Command, heretofore subordinated to the Continental Air Command, will be re-established as an independent command, co-equal with any in the Air Force, if recommendations growing out of the Korean War are followed.

Without attempting to go into the technical lessons learned in the warfare in Korea, we think the fighting forces of the United States will be stronger if the new recommendations are carried out. Certainly, it was evident in Korea that our ground forces had to have tactical air support in their advances against the enemy. While the strategic bombing of back areas has an effect upon the long-range course of a war, the slugging foot-soldier needs some aerial support as he fights the battles that alone will crush the military power of the enemy.

## THE Washington Merry-Go-Round

### Dangerous Investigation

SENATOR Kefauver's determination to investigate the Mafia requires a lot more courage than appears on the surface. Not only is it dangerous from the point of view of personal safety, but it is dangerous politically. For the Mafia has friends and protectors in very high places.

President Truman had no idea what was happening, and probably his naive military aide, Maj. Gen. Harry Vaughan, did not suspect it, but the Mafia was making a play for White House pull through the late William Halls, close friend and partner of Frank Costello. The senate expenditures committee was in the throes of unearthing real dynamite in regard to this during the Maragon-Vaughan investigation, when Senator Hoey considerably hushed the hearings up.

How the Mafia pulls wires in high places is illustrated by Sylvester Carolla, New Orleans hatchet man for Louisiana's Mafia chief, Marcello, who helps operate Costello's gambling joints in and around New Orleans. Carolla's son, Anthony, is married to Marcello's niece, Maria Zaniatta, who came to the United States from Italy on a visitor's permit in 1947, but strangely has been allowed to remain here ever since. Obviously she could not have done so without political pull.

Carolla was convicted in 1921 for bootlegging, a year and a day in Alcatraz, was sentenced again in 1931 to 24 months for violating the narcotics laws; and in 1933 was sentenced to 8 to 15 years at hard labor for attempted murder. However, the Mafia has pulled. And, one year after the attempted murder, Carolla was given a full pardon by the governor of Louisiana.

Two years later, in January, 1936, Carolla was shipped into Atlanta on a five-year sentence for a narcotics violation, and this time the federal government finally decided that he was not a useful citizen and ordered him deported. Whenupon Congressman James Morrison of Louisiana came to his rescue, introducing a series of private bills to keep him in this country. However, Carolla's record was too black even for political pull, and on April 30, 1947, he was deported from Boston by plane.

Two years later, he turned up in Mexico, operating out of Acapulco, having been ordered here by Lucky Luciano personally. And on July 4, 1950, Carolla was picked up in New Orleans, right back in his old stamping ground.

### Secret Mafia Roll Call

Here is the hitherto unpublished roll call on more of the Mafia leaders, the most powerful rulers of crime in the United States:

FRANK CAPPOLA, alias "Three-Fingered Frank"—Cappola was prominent in the New Orleans Mafia, then showed up in Kansas City, where he was linked with the late Charlie Binaggio. In fact, Binaggio aided Cappola to resist deportation in 1930 but failed. Cappola was deported but came back again, in May, 1940, with Binaggio on his \$2,000 deportation bond.

Cappola set up headquarters in Tijuana, Mexico, and in 1949 Binaggio made an interesting trip to Mexico, stopping off to visit Cappola in Tijuana and Carolla in Acapulco. Once the Tijuana chief of police, Francisco Kraus, raided Cappola's headquarters in a Tijuana motel, and found with him Frank Bompen-serio, a San Diego tavern owner and business associate of Jack Dragna, boss of the California Mafia.

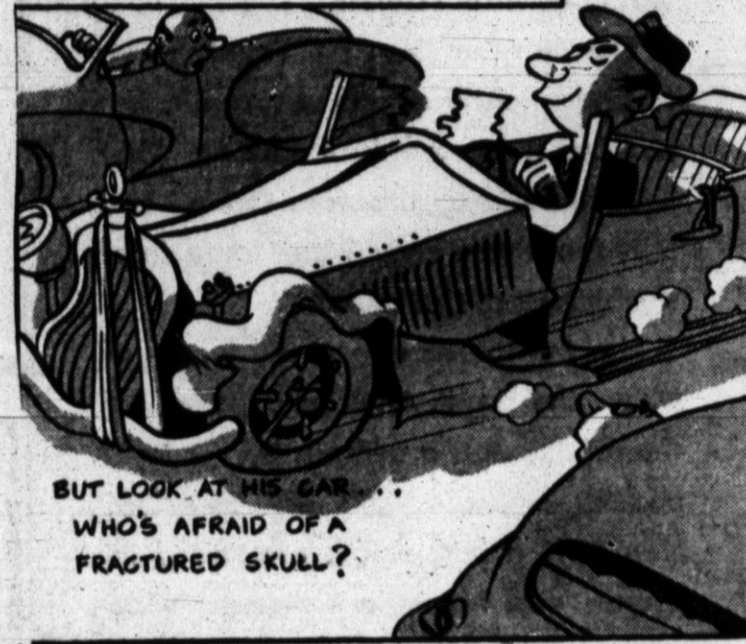

### Texas Gambling Lords

JOE DI GIOVANNI, alias Joe fore 1920, Maceo was a humble Galveston barber. But he broke into the bootlegging racket, graduated to dope smuggling, then muscled into the gambling rackets, and now owns Galveston night clubs, bars and two hotels. Maceo is also a power in Texas politics. Born in Italy in 1894, his criminal record shows no convictions, only an acquittal on a New York narcotics rap Oct. 24, 1942.

BIAGGIO ANGELICA of Houston —Is Maceo's subordinate in the Mafia, has been linked with Maceo in narcotics smuggling, was sentenced to 10 years and fined \$2,000 on a narcotics rap at Houston, Oct. 20, 1938; was sentenced to another eight years' imprisonment at Galveston Jan. 10, 1940, and still another two years at New York city Oct. 10, 1942, both on narcotics violations.

### Missouri Mobsters

JOE DI GIOVANNI, alias Joe Church, Kansas City—is Mafia chief in the Kansas City area, coming there from Brooklyn. Di Giovanni has been the big boss over such better-known bosses as Joe De Luca and the late Charles Binaggio. Di Giovanni's front is the Di Giovanni wholesale liquor company, which incidentally has employed Paul Cantanzaro, a murder suspect, as night watchman. Di Giovanni's criminal history goes back to 1915.

## The BOOTLEG Philosopher

Editor's note: The Bootleg Philosopher on his farm near Bootleg has an odd idea this week, which nobody is likely to take him up on.

Dear editor: Now that the elections are over and the best man won, as they say, although I didn't encounter no statement from anybody in the runnin this year which would imply anybody except himself was worth shootin, the rest was skunks which it's surprisin the country has been able to live with even this long, but now that the election is over and the country seems to be holdin together about the same, I have come to a startling conclusion.

Judgin' from the line of people we weren't the only ones interested in the innards of a B-29 and a F-84 Thunderjet on display near Amarillo High School last Tuesday and Wednesday.

Captain Dial's estimate that it cost one penny for every ten people who viewed the exhibit almost wrecks the assertion that you can't get something for nothin' from the government.

It's a good thing they aren't dependin' on us to pilot an airplane because the war would be over before we could figure out the instrument panel on one of those jet fighters.

The smaller youngsters sure look forward to the fruit juice bein' served to them in the afternoons by the School Cafeterias. It fills up a hollow spot in their tummies after a long day at school especially for those who ride the bus.

E. L. Strange, father of Clarence Strange who operates a garage back of the bus station was in town Wednesday with what we would classify as a family sized sweet potato which he had grown near Hereford. The potato was 40 inches long and ought to serve quite a bunch when baked if he could get it in the oven.

We just happened to note that last week was the only one on November's calendar without a holiday—Election Day—Armistice Day and in Texas two Thanksgivins' all in one month.

## SUNDAY CURRENT QUESTION Answers Divided Both Ways By Citizens On Wartime Controls

Do you believe that by surrendering a few of our personal liberties to win a war we are endangering our freedom for all time?

M. M. Beavers — No. If a thing is right, it ought to be done. If a thing isn't right, no compromise will make it right.  
Dr. and Mrs. H. H. Cooke — Definitely, yes.  
Sam Nunnally — Yes.

Mrs. Gib Heward — No, I don't. I think we must be willing to surrender some of our liberties in order to win. On something as big as that I would say it will work itself out all right in the end. The people, themselves, will make it work out. They will fight a war to live the way they want to live. Then, when it's over, nothing can stop them from regaining any personal liberties they have surrendered temporarily.

Jim Terry — Well, look at the last war. What freedoms did we lose then? We would lose no more in another war. Of course, it is true a more complicated bureaucracy and a more centralized national government resulted from the war.

Roy Peet — No, I don't. I believe if the war could be brought to a successful end, it would be fine. If surrendering our liberty temporarily would stop wars it would be even better. But I don't believe it will ever do so. I do believe when the war is over America will be the same good old country it always has been.

Mrs. T. A. Sullins — I don't think they will ever give us back our liberty. I believe they have us tight, and they will keep tightening until there is little left. I think we have given away too much liberty already. The world is upset and I'm afraid it will never return to normal again. I also believe they've come too many of those people from Europe to our nation. They are over here for more than interest in the countryside.

## Homer Fox Says: Did You Know..

SCENE: A small town snugled in the foothills of the Green Horn Mountains in Colorado.

Jim and Mary Sanders lived in a five-room cottage with trees and pretty yard—trees, rose garden, etc. The house was on the only residential street that was paved and this also happened to be the highway. No kids. Just a cat, Tim.

Jim worked in the bank and had been there for years, belonged to the lodge, church and the Lions Club, which had its weekly luncheon every Friday.

Mary was quite a club worker, loved her yard and garden, but most of all she loved bridge, and Friday was the big day of the week when the boys attended the Lions Club Luncheon. Mary

and her best friends, Sarah Miles, Jane Dickson and little Judy White would take time about serving a light lunch and have their foursome of bridge. Mary, Jane and Sarah were just a little on the hefty side and had appetites to go with it. Little Judy was a lovely little bundle that crowded a hundred pounds and always having indigestion but the girls loved her.

On this particular day the girls were meeting at Mary's. She was stewing around, the girls would be there at one, and she was behind with her work. She decided at the last minute she would have Tuna Salad, and also discovered she only had one can of Tuna fish. But that was plenty—anyway she was working away.

She opened the can of Tuna into a dish on the cabinet, and she turned her back to do something—she had forgotten about Tim the pet cat, and the smell of Tuna fish was too much for Tim. In a flash he was on the cabinet and grabbed a big hunk of Tuna fish. Mary screamed but it was too late. She gave Tim the hunk of Tuna fish and turned him out doors. She didn't have time to fix anything else and decided the Tuna fish would just have to do. If it ran short, she would do without herself. Pretty soon the girls showed up and Mary almost in tears told them what that honery cat had done, but they assured her she had plenty of salad. Anyway, the whole bunch were starving by the time they sat down to eat, and those gals could really lay it away, and it was really good.

Mary was a wonderful cook and as usual they all ate too much, and before they got started to playing bridge, little Judy came up with a terrible case of indigestion, about the worst she had ever had. Mary went ahead and stacked the dishes, while the other girls looked after Judy and debated whether to call the Dr., but Judy thought she would be okay pretty soon.

For some reason Mary walked out on the front porch and there was Tim, stretched out, dead as a mackerel. She blew her top and ran in the house screaming, "My God, girls, that Tuna fish was poison. Tim ate some of it and it killed him." And in just about three minutes Mary, Sarah and Jane were a lot sicker than Judy ever was, all poisoned. Mary called Dr. Tomkins at the Hospital and he told Mary that if she is able and the girls could make it, to bring them right on out, and if she couldn't he would send the ambulance for them. Mary loaded the girls up and made the Hospital okay. Dr. Tomkins didn't waste any time. He had quite a twinkle in his eye and a sort of a sneaking grin on his face, but he used the stomach pump on all of them, and had them lie down for a while. Course the husbands all rushed out to see about the gals and found them doing fine.

Jim sneaked home and buried poor old Tim, as he thought it would be better that Mary wouldn't have to see him any more and she had, had enough for one day anyway. He did think it was funny that Tim had a lot of blood on his head for a cat that had been poisoned, but he wasn't feeling so good about Tim being dead himself, and he finished the job quickly.

Later he brought Mary home. Jim hurried on in the house hoping Mary would follow and not say anything about where Tim was, but as she stepped up on the porch, their next door neighbor, Mr. Bonner, called her and said, "I sure was sorry about your cat. I saw the truck hit him just as I pulled out to go to town. I knew you wouldn't want him to stay on the paving as forty cars would pass over him in no time, so I jumped out and put him on your front porch. I was parked on the paving and didn't have time to tell you about it then and I could tell you tonight. Tim was dead when I picked him up. He never knew what hit him and didn't make a sound."

Mary's head started spinning. She slowly opened the door and stepped inside the house. She couldn't say a word, she couldn't think, all she knew for sure right then was she was plenty empty and she headed for the kitchen.

mission to draw life-size sketches of their faces. Surely, they reasoned, Donnie was preparing something for an art exhibit. But their feathers soon fell when it was learned that Donnie was preparing targets at which darts were to be thrown at the Halloween carnival.

### Asylum Escapees

Hooker residents were startled early last week when they discovered Monday that two escaped prisoners from Larned, Kansas, visited Hooker to "borrow" a car, and leave their stolen car before continuing their journey.

Wednesday, November 15, has been set as the date for the annual Farm Bureau meeting and also the five-county meeting to hear Dr. Leo Christensen, Neb. agronomist, discuss the prospects of growing safflower in this area.

Safflower has been grown in the United States since 1925, but it has remained virtually unknown until the recent development of improved varieties began to generate widespread interest. Safflower seed yields oil with drying characteristics similar to linseed oil and a protein press-cake or meal suitable for livestock feed. The oil is also edible.

### Phone Strike

While Canyon telephone service has not been impaired by the Western Electric Workers Union strike, the threat holds of a picket line at any time.

Workers in this union went on a strike and threw up picket lines. The phone union workers observed the picket line, and remained idle.

## What a big help!

Monday—"Mrs. F. called to volunteer help on our Christmas dolls for the poor baskets. That will be a big help!"

Tuesday—"My neighbor, Wanda, wants me to help at her party this afternoon. Glad she called early!"

Thursday—"Hashed over school problems with Inez. Interested, because I'm still a substitute teacher!"

Friday—"Ed, my husband, called to tell me he'll catch a later bus from the city. Saves me a wait at the bus stop!"

Wednesday—"Set to go to grocery when Edith called, wants me to drive over for some of their apples. The family loves apple pie."

Friday—"Daughter Mary Ann makes plans for a formal dance. Big event."

There's a pleasant bustle of family life in the home of Mrs. Ida Bianchi, on the outskirts of Oklahoma City. And the telephone is right in the middle of everything.

Mrs. Bianchi proved that by keeping track of all calls, in and out, for five days. She's a substitute school teacher, mother of a teen-age daughter,

and does a lot of work for charity, so her telephone runs a variety of errands.

Even she was surprised to see how many there were, and how little they cost—only 1 1/4¢ a call!

"The telephone is a BIG help to me," she says. "It's certainly a bargain when you stop to think of the time and steps it saves!"

\*\*\*

To Mrs. Bianchi, our thanks for her kind words. We are doing our best to make telephone service a real bargain today—and to keep it growing in value! Southwestern Bell Telephone Co.

November 14, 1950 Hereford Brand Hereford, Texas

Replying to your second statement, I must say that you win. I fully intended to cancel my subscription to the Brand, as I have more reading matter than I can handle.

Since 1906 when I bought a 1/2 section in Blk 7, I have been a subscriber to your paper most of the time. I now doubt if I would be satisfied without it, as it keeps me posted on your progress in the county. In 1949 we visited Hereford and called on W. Mack Jackson who rents the land. What a difference in the 43 years. Thanks, Mr. Skelton, for the second notice. Yes, the town without Toothache is going places.

Enclosed M. O. for Thursday's edition, amount \$3.50. Respectfully, Joseph F. Chmelik Box 1082 Winter Haven, Fla.

Masterpieces to Be Displayed For Week

Approximately 150 copies of masterpieces will be on exhibit at Central School the week of November 27 to December 2. The program is sponsored by the school to raise money to buy pictures for the schools and to give the school children and adults an opportunity to study the masterpieces.

School children will see the paintings during school hours, and adults will be admitted after 4 o'clock.

Some mothers of the school children and members of the Parent Teachers Association will serve as hostesses, giving stories of the paintings and discussing them with guests.

The exhibit will represent French, Italian, Flemish, English, Dutch, Spanish, German, and American work, including portraits, landscapes, marines, and pastoral scenes.

The work will be on display in the music room in the basement of the school. Admission charge will be 35 cents for adults, 14 cents for students, and pre-school children will be admitted free of charge.

Hot Rod Book Will Interest Teenagers

Mrs. J. J. Boydston, librarian, in discussing the new books on the high school shelf at the County Library, said she hoped the teenagers here would read the book, "Hot Rod" by Feker, a story of hot rods and their drivers in California.

Other interesting new books on the high school shelf include "The Great Escape," Brickhill; "White Witch Doctor," Stinetor; "The Edge of Time" (not a very new book, but recommended by the librarian); Erdman, and many others.

Mrs. Boydston pointed out several outstanding ones among the new adult books, including "World Enough and Time," Warren; "The Salt and the Savor," Troyer; "The Adventurer," Waitari; "Christmas Without Johnny," Carroll.

# Louisa's Letter

Dear Louisa:-  
I live with my mother and my only brother. Mother works and so do I but brother doesn't seem to be able to hold a job very long. He is very pleasant but it gets on my nerves to have him sleeping late and sitting around the house all day while mother and I pay the bills.  
Personally, I think he is just lazy and not interested in working when he can loaf but mother sympathizes with him and thinks I should help him out when he has the hard luck to get out of work. Which means that the money I had saved for a trip or some special thing very often him.

faults and expect their daughters to take their hard earned money and keep baby boy who is six feet tall and enjoys his morning nap, not only in food and clothes but in cigarettes. Nothing can convince these dotting mothers that these boys are lazy and not suffering from bosses who misunderstand them.  
My advice to you, Disgusted, is to tell him that he can either work or move on and if that doesn't have any effect, move somewhere else as you are considering doing. There is no earthly reason for a young girl like yourself to support a brother who is healthy and has a good mind.

LOUISA  
Dear Louisa:-  
I would like to join a garden club but I understand you have to be invited. I have several friends who are interested in growing things and they would like to know if it would be all right for us to let some of the club members know we would like to join. What do you think

I am getting tired of it and am thinking of getting a job in some other town as I am a very good stenographer. What do you think of this idea?  
DISGUSTED — DEL.  
Answer:  
Why mothers think that their daughters should work to support big lazy boys I can never understand but some of them seem to be blind to their son's

## "Drapes" Are Topic Of Frio Club Meet

Mrs. C. N. McClure gave a talk using magazine pictures to illustrate her points on the subject of "Drapes with Valances" at the Frio H. D. club meeting, Thursday, when it met at the home of the club president, Mrs. Glenn Gripp. Roll call was answered with an explanation by each member of "My Hobby."

During the business meeting plans for the next meeting, to be held at Frio the last of the month, were discussed. As the regular meeting would fall on Thanksgiving Day, it was agreed that another date would be arranged. As soon as arrangements are made the date will be announced in the "Frio News." Plans were also begun for the club's Christmas Party. Mrs. W. A. Springer gave a report from the last council meeting.

It was voted to take a secret ballot at the next meeting to decide whether the club will disband as a Home Demonstration Club and reorganize into a local Home Makers club or go into Home Demonstration Club work in Castro County. Mrs. Draper of the Deaf Smith county Home Demonstration service can not meet with clubs outside her county, according to a ruling of the State H. D. authorities and will not be able to assist with the work with the Frio Club. The Castro H. D. Agent, Mrs. Vann, has invited the club into the Castro county service. A general discussion, taking both plans into consideration was held at Thursday's meeting was inconclusive of both ideas outlined. The secret ballot will decide the problem.  
Those present for the meet-

of this?  
Answer:  
If you have the opportunity, you might let some of the members know you are interested. But a better plan, I think, is to get a small group of your friends together for a small club and ask one or two members of a prominent club to help you organize and sponsor your new club. In this way they will know you are interested and may even suggest that you join with them rather than organize a new club.

## Tickets Are On Sale For Children Plays

Season tickets have gone on sale by members of the Business and Professional Women's Club for three productions by the Children's Theatre, including "Rebecca of Sunnybrook Farm," "Old King Cole," and "Beauty and the Beast." The plays are scheduled for January 9, February 16, and April 17, respectively.

Sponsored by the B&PW, the plays are presented by the Children's Theatre which was organized 27 years ago by Clare Tree Major. The players are all adult professionals, including the very small dwarfs. The plays are written and directed by Mrs. Major.

The B&PW recommends these plays for children, giving a background of the troupe as one that has appealed to children for years, and now has its adult audience many who were one-time attendants as children.

Price of the season tickets for children is \$1.50, and for ad-

ults, \$2.50.  
All members of the club have tickets for sale. Mrs. Jewel Malone of Shirley School and Mrs. Catharine Moore of the Plains Insurance are in charge of sales.  
Proceeds will be used for some worthy community project sponsored by the B&PW.

## Thanksgiving

For 329 years, since the first year after the original colonists landed at Plymouth Rock, Americans have paused following the harvest season to offer Thanksgiving for the benefits that have been theirs.

There have been lean years as well as those that were bountiful. Peace—the credo of all Christian men—has in some years been replaced by warfare and strife. But on every Thanksgiving occasion there has been much for which we—and our forefathers—could give thanks.

At this Thanksgiving season there will be those of us who will discount the riches and blessings that have been our lot. But now—as never before in history—humanity looks to the United States for Thanksgiving. And all our people can be thankful that we share our bounty with the peoples of other lands in the cause of a permanent peace.

# Art Schlofman Dies

Art Schlofman, Sr., 66, died last night at 8:30 o'clock in St. Anthony's Hospital at Amarillo after a relatively brief illness. As a building becomes a landmark in a community, so had Art Schlofman become a character mark in Dalhart. For one thing, he was nearly always referred to as Art Schlofman. People in speaking of him rarely called him Mr. Schlofman and never Schlofman. The habit of using his names probably dated back to his earliest days in Dalhart when he was one of the young community's topflight baseball players. For some reason baseball players always referred to by both their first and last names together. His friends, of course, called him Art when visiting with him.

# Bootleg...

(Continued from Page 2)  
I would like to have my taxes raised. That is, provided I can get in the same shape a lot of big people in this country are in. I read the other day in a newspaper which a north wind blew in from my neighbor's house, I get his trash in winter, he gets mine in summer, which saves both of us from pickin up at either season, no use wastin energy when the wind will do it for you later on, as I say, I read where a lot of folks is complainin that taxes are eatin em up, as they put it. Big corporations,

big individuals, they all join in in complainin, saying opportunity has been banished from this country, initiative has been stifled, and it don't do no good to make any money because taxes take it all, but I can't help noticin the money continues to pile up in the banks and more new cars have been made and sold this year than ever before. In fact, I noticed the third quarterly report for big business this year revealed the highest profits, after taxes was paid, in the history of the nation, and only yesterday read where individuals' incomes was also at the highest peak in history, and I been thinkin.

Now my income ain't in that shape, it ain't quite enough to get by on, the same as it's been for years, and I have decided I would like to swap places or move over and get into that group been taxed to death. I guarantee I will holler just

as loud and long, complain just as much, predict the end of civilization, if somebody will manage to get my income up to the level of these fellers being taxed to death.

In the meantime, until I get there, I aim to holler about taxes anyway. I'm in practice. I got the know-how, if I just had the income to go with it.

Yours faithfully,
