

## Churchill And Eden Arrive In Capital

By JOHN M. HIGHTOWER  
WASHINGTON (AP)—Prime Minister Churchill met with President Eisenhower today to see whether they can wipe out in intimate talks any "misunderstanding," as Churchill put it, between the two major powers of the anti-Communist world.

Portentous decisions, particularly on the Far East, hang in the balance on the weekend conferences between the President and his White House guest.

Churchill appeared to be in buoyant spirits on his arrival by plane, and seemingly sought to deprecate the rift between American and British policies. He spoke of the difficulties as "family matters" and suggested that whatever troubles the United States and Britain may have, those in the Communist world are "even greater."

On the American side, there was an absence of any public expression of confidence and hope about the talks such as, more often than not, is contained in welcoming statements on such occasions.

Eisenhower greeted Churchill with a warm handshake at the White House steps. The British leader had been escorted there by Vice President Nixon and Secretary of State Dulles who met him and his party at the airport.

There were no public statements from Nixon and Dulles on Churchill's arrival but the British leader spoke to an airport crowd on his arrival at the talks.

He put it this way: "I've come with Anthony Eden to talk over a few family matters and try to make sure that there are no misunderstandings."

Churchill, in gray suit and Homburg and carrying a gold-headed cane, stepped down from the big American-built British Overseas Airways plane promptly at 9 a.m. Foreign Minister Eden was with him.

For a 79-year-old veteran of several wars and many historic diplomatic conferences, Churchill moved with remarkable sprightliness.

As the crowd gathered at the airport cheered, Churchill lifted his hat and waved. The morning sunlight brightened his pink-faced smile.

Then, after a moment's conference with his American hosts, Churchill marched stoutly to a waiting battery of microphones and said: "I have had a very comfortable journey from my fatherland to my mother's land. (His mother was an American.)"

"I've come with Anthony Eden to talk over a few family matters and try to make sure that there are no misunderstandings."

"The English-speaking family or brotherhood is rather a large one and not entirely without a few things here and there. (sic)."

"And if we work together we may get along all right ourselves and do a lot to help our neighbors in the world, some of whom on either side of the Iron Curtain seem to have even greater problems than ourselves."

A big crowd had gathered in front of the White House gates and applauded vigorously as Churchill's automobile drove through.

About 200 government employees, most of them White House staff members, watched the welcoming ceremonies and applauded afterward as Eisenhower escorted Churchill through the White House front door.

## Chou, Nehru Open Parley In New Delhi

By HAROLD K. MILKS  
NEW DELHI (AP)—The Communist Premier of 500 million Chinese and the Prime Minister of Democratic India's 350 millions opened a week-end of talks in New Delhi today which could change the history of Asia.

Prime Minister Nehru greeted Red China's Chou En-lai with a red carpet reception on his arrival at the capital's P. I. an Airfield. The Indian Communist party politburo ordered "peace" demonstrations throughout Chou's three-day visit, but a Red-organized cheering section could arouse only feeble enthusiasm from the airport crowd of about 2,500 persons.

The meeting of Asia's two powerful government chiefs came as a climax to months of East-West tension in which India, trying to play a neutral role, appeared drawn closer and closer to her powerful Communist neighbor.

Chou's dramatic flight from Geneva conference to meet Nehru appeared a direct challenge to draw world attention from the Washington conference this week-end of Prime Minister Churchill and President Eisenhower.

Advance announcements said Korea and Indochina would be the main topics discussed here.

Observers predicted Chou would wage a strong campaign to pull Nehru further from neutrality into the "Asia for Asians" circle he called for at Geneva.

## 14 Are Indicted On Tax Charges By Federal Panel

WASHINGTON (AP)—Fourteen persons, including three New York lawyers, were named today in an indictment accusing them of plotting to corrupt Internal Revenue Bureau officials and impede tax scandal investigations.

Atty. Gen. Brownell announced the return of the indictment by a federal grand jury in New York. Four persons were named as defendants, the others as co-conspirators.

Those named as co-conspirators included Daniel A. Bolich, former No. 2 man in the old Internal Revenue Bureau, and Henry W. (The Dutchman) Grunewald, long a mystery man around Washington.

The eight count indictment named as defendants: Samuel Schopick and Irving Davis, partners in the New York law firm of Schopick and Davis, Max Halperin, an attorney said to have been associated with the law firm from time to time; and Milton Hoffman, not an attorney but said to have occupied space with the law firm.

Only the first count of the indictment which alleges conspiracy included the names of the 10 alleged co-conspirators.

In addition to Grunewald and Bolich, the indictment named the following as co-conspirators: Max Steinberg, former group chief in the office of the Internal Revenue agent in charge of the Upper New York Division; Morton Marx, James A. Zipfer, Marjorie Zipfer Segal, and Samuel Cohen, share holders in Patent Modes, Inc., a dress manufacturing firm; Maurice Smith, an accountant for Pattullo Modes; Louis M. Berman and Philip Berman, partners in the Gotham Beef Co. and stock holders and principals in Gotham Ship Purveyors Inc., all of New York.

The conspiracy count alleges the four defendants and 10 co-conspirators endeavored to influence, intimidate, and impede witnesses before a Brooklyn grand jury and before a House Ways and Means subcommittee which investigated tax scandals.

## Guardsmen Will Return Sunday

Some 75 National Guardsmen from Big Spring will return to their homes Sunday at the conclusion of two weeks of intensive garrison and field training at Fort Hood.

The local Guards unit, Battery B of the 122nd Field Artillery Battalion, 36th Infantry Division, will return by motor convoy. The troops are expected to arrive in Big Spring around noon.

## SHIVERS MAKES PRESENTATION Coahoma Youth Wins A&M Club Collegiate Scholarship

Natt McMinn, Coahoma Future Farmer and 4-H Clubber, was introduced as winner of the Big Spring A&M Club's second scholarship of the year last night at the organization's annual barbecue in City Park.

McMinn was introduced by Gov. Allen Shivers, guest speaker at the annual meeting. The governor presented the scholarship to the Coahoma youth who was selected on the basis of leadership, scholastic standing and other qualities.

Gov. Shivers introduced Jimmy Porter of Big Spring who received the other A&M Club scholarship during high school commencement exercises last month. The Chief Executive presented Porter with a slide rule and drafting equipment.

Porter, the son of Mrs. Mary A. Porter, 1607 State, is to study engineering at Texas A&M, McMinn, the son of Mrs. N. M. McMinn of the Green Valley community, north of Coahoma, will be an agriculture student.

Richard Lewis, Stanton, winner of last year's A&M Club award, also was introduced. His scholarship for the next three years will be provided by the new A&M Club of Stanton, Don Newsom, local club president, announced.

Gov. Shivers, during his brief talk, declared armen and other residents of other states "Texans for the day."

The governor also lauded A&M exes for "their Aggie spirit—the spirit of fraternalism, comradeship, and the spirit of helping their fellow man, the spirit that made America."

He said the A&M exes "are doing the finest thing they could do in helping these boys get an education."

Shivers also had words of praise for citizens of South Korea. In brief reference to his recent tour of Korea, the governor said America is indebted for "the spirit and will of those people who fight off what communism does to the soul and the spirit."

The governor was introduced by Obie Bristow of Big Spring, state representative from this district.

Newsom presided during formalities following the barbecue dinner which was served to 2,000 or more Aggies and guests. Others on the platform were Dr. H. Gage Lloyd, who gave the invocation, Chamber of Commerce Manager J. H. Greene, Mayor G. W. Dabney, Col. Fred M. Dean of Webb Air Force Base; Ed Fisher, American Legion commander; Buddy Proffitt, VFW commander; Mrs. John Tucker, president of Gold Star Mothers; Mrs. Alton Underwood, P-TA president; Mrs. Norman Read, president of the City Federation of Women's Clubs; and Champ Rainwater, Chamber president.

# Nationalist Chinese Seize Soviet Ship Off Formosa

By SPENCER MOOSA  
Taipei, Formosa (AP)—Nationalist China announced tonight that one of its warships seized the Russian tanker Tuapse Wednesday off Formosa and indicated the vessel and its cargo might be confiscated.

The 8,540-ton Danish-built tanker is being held at the South Formosa port of Kaohsiung, the announcement said.

Word that the Tuapse was in Nationalist hands came hours after the Soviet Union, in a stiff note made public in Moscow earlier today, accused the United States of seizing the tanker.

## Warrant Issued

A warrant was issued this morning for the arrest of one of the principals in a fight which shattered officers said occurred in the T&P Railway yards last night. The man has been charged in Justice Court with simple assault. Officers said that apparently neither of the participants in the fight was seriously injured.

## Billy Graham Sick, Examined By M. D.

DUESSELDORF, Germany (AP)—American evangelist Billy Graham was admitted to a hospital here today after waking up "feeling awful" but returned to his hotel room after an examination.

A German doctor said the results of the examination would not be known until an X-ray of Graham's chest and abdomen is developed.

The preacher's condition was not considered serious. There was an unconfirmed report that he was suffering from a gall bladder condition.

## Sudden Blow Light As Such Storms Go

BROWNSVILLE, Tex. (AP)—Hurricane Alice, small and sudden, and the first of the season, blew out of the Gulf onto an small Mexican fishing village south of Brownsville today. One man was killed.

It lost force quickly. Winds up to 62 miles an hour hit Brownsville and rain fell steadily.

At Matamoros, Mexico, across the Rio Grande from Brownsville, Salvador Villareal, about 55, was killed when he was hit by a falling electric wire. He was a Matamoros businessman.

Reports of minor property damage here and at Matamoros began to flow in.

A shrimp boat with three men aboard was reported in distress in the heavy seas between Port Isabel, the Gulf port of Brownsville, and Corpus Christi.

A Navy reconnaissance plane reported several fishing boats on the beach 15 to 20 miles south of here on the Mexican coast.

The center of the storm was reported at 11 a.m. over the village of Santa Teresa, which is 70 miles south of Brownsville.

It wasn't a big blow as hurricanes go. Winds at the center were reported 50 miles an hour, just five miles above hurricane strength.

## \$5,000,000 REWARD OFFERED

# Yarborough Raps Land Sale; Dougherty Questions Death

By CLAYTON HICKERSON  
Associated Press Staff  
Two new developments rocked Texas political circles Friday—one in the governor's race, the other in the campaign for U. S. Senate.

A deposition made in a land fraud case by Gov. Allen Shivers in 1952 was injected into the governor's bid for a third term but Shivers denied any wrongdoing.

In Dallas, young Dudley T. Dougherty confidently predicted victory over U. S. Senator Lyndon B. Johnson and told the Associated Press: "I will give a \$5,000,000 reward to anybody who can establish definitely what I believe to be the true facts in the death of Sam Smithwick, a former horse wrangler for my father."

"and an uncle of mine for whom Smithwick also had worked says he was not the 'suicide type'."

Ralph Yarborough, Shivers' most active opponent, called the string of the governor's 1952 deposition "a new scandal" and asked: "Why did Governor Shivers and his attorneys try so hard for the past 60 days to keep this deposition sealed and keep people from finding out what was in it?"

Veterans of Foreign Wars convention in Fort Worth Friday morning, expected to address a Weatherford luncheon for civic clubs, and planned a radio-and-television interview Friday night in Wichita Falls.

# UNCLE RAY'S CORNER

Gigantic flames leaping upward 80,000 miles. (From Mt. Wilson Observatory photograph of eclipse 45 years ago.)

What would happen to a rocket which shot toward a point within 50 miles of the surface of the sun? The answer seems clear. The rocket would be burned up by the time it got that close. The sun's heat would turn it into gas, and this might happen several thousand miles from the surface. Much would depend on the speed of the rocket, and the material of which it was made. An asbestos rocket would stand the heat longer than a steel rocket, but the sun could turn any material into gas.

With a speed of 25 miles a second, our rocket would need several hours to pass through the danger zone above the sun's surface.

If we figure that the danger zone extends only half a million miles outward, the rocket would take more than five hours to go through it and reach the surface. We may feel sure that the rocket would vanish before it got there.

If a rocket, or a human being, could reach the sun's surface, the welcome would be far too warm. The sun's surface has a temperature of about 10,000 degrees Fahrenheit!

If a person or rocket could keep going far down toward the center of the sun, the temperature would rise. Scientists believe that the inside of the sun contains parts with more than 25 million degrees of heat!

During a total eclipse 35 years ago, a high-speed camera took several pictures of a flame which shot upward from the sun's surface. The pictures proved that the flame leapt upward at the rate of 14 and a half miles a second!

The leaping flame on the sun rose 36 times as fast as any rocket plane with a person inside. Sunday: Sun's Corona.

### Summer Is Fun Time; That Means Parties

Everybody loves a party, but as I've told you before, good ones don't "just happen." The successful ones that are remembered for months and even years as being happy occasions packed full of fun are the ones that are planned with loving care by a conscientious host or hostess.

Calling a few tossed together refreshments and last minute game ideas a party doesn't make it one, you know. A reader writes: Dear Miss Brandow:

I am having a party this coming Saturday. What kind of a party do you think I should give? I'm tired of ordinary ones and am craving something different.

S. S. That signature should be SOS, because that young lady or gentleman is in hot water. This letter arrived on Wednesday, only three days prior to the "party!"

A successful party should:

a. be well organized

b. make guests feel at ease, welcome, and prepared for

c. be handled by a capable hostess

All winter you've been cooped up inside, so make the most of the wonderful warm weather. Get out of doors for something on the "different" side. Suggestions around which you might plan a party:

miniature golf, a barbecue and moonlight sail on a lake or river, roller skating at a rink, horseback riding, bowling, bicycling and wienie roast, or square dancing.

For a home party in your own back yard, play such games as croquet, scrabble, bridge, hearts, or canasta. You can have several games going at once. Flood lights, decorations, and fancy paper napkins will help to make it a festive and memorable occasion.

If there aren't enough glasses to go around, instead of forcing your guests to take turns, for goodness sake get paper cups.

Serve popular refreshments such as well known flavors of ice cream, cake, or cookies. Vanilla, chocolate, or strawberry have a better chance of going over with the gang than an off the beaten path flavor such as coffee.

Remember, too, that you are responsible for all expenses. Your guests are just that—guests.

(What's your problem? For a personal answer, write it to Beverly Brandow in care of The Herald.)

On British Railways, special tickets are sold to workmen who use the trains before 8 a.m. at the cost of a penny a mile.

# Ex-Jersey Governor Defends Political Record After Death

By RONALD AUTRY

NEWARK, N. J. (AP)—A surprise after-death defense put ex-Gov. Harold G. Hoffman on record today as denying he did wrong as New Jersey employment security director even though he had embezzled \$300,000 from his own bank. "As far as I know, there has been nothing wrong in my state department," the late Republican governor said in a letter released last night by his daughter, Mrs. Ada Hoffman Leonard.

Point by point, he backed away at some of the state's charges, with denials or ridicule, and depicted himself as a politically persecuted man.

He accused Democratic Gov. Robert B. Meyner, who suspended him, of participating in a rental-purchase arrangement for which Hoffman himself had been criticized.

Hoffman's defense came in a series of letters and documents he sent to Mrs. Leonard shortly before his death June 4. She made them public as she began an attack on Meyner and his administration.

"Dancing on the grave," she termed the continued fanfare about her father, who had admitted in a letter embezzling \$300,000 from the South Amboy Trust Co.

Since she disclosed the letter, Mrs. Leonard said, her father had been condemned "for every mistake committed by, and treason committed against, the state of New Jersey for the past 20 years."

Meyner, she exclaimed, was "dragging this out and condemning us in an attempt to climb to the vice presidency or something."

"The Democrats are trying to ride in a Democratic senator on a corpse."

She said the administration broke

its word to treat the case "as decently and quietly as... humanly," and so she had come to a decision to make public the papers.

Meyner commented on Mrs. Leonard's news conference: "I have no desire to defame the memory of a dead man, but the public is entitled to the facts and will get them."

The 58-year-old Hoffman, governor from 1935 to 1938, was suspended March 18 and died before the state's charges were revealed.

Meyner announced a 18-count report against him 16 days ago.

Hoffman's documents answered many of the charges, which he presumably learned about because of conferences between Meyner and Harry Green, who was acting as Hoffman's attorney.

One count said Hoffman entered into leases of property and construction of buildings without submitting contracts to the State House Commission or the director of purchase and property.

"There is nothing wrong, to the best of my knowledge, with the rental-purchase agreements entered into by the state," wrote Hoffman. "I believe that it represents sound business."

Moreover, Hoffman's letter said, when Meyner was a state senator and a practicing lawyer, he requested a group of people who wanted to construct division local office buildings.

### Severe Insect Infesting Looms Across County

Severe insect infestations loom for this season. County Agent Durward Lewter, and James D. Wrenn, assistant agent, have alerted farmers to this prospect in a special letter.

An extension service entomologist from Lubbock recently in the county, estimates that grasshoppers will be on the increase through July 5. The last hatches will take place by that time.

Recent rains, county agents observe, brightened the farm outlook for 1954, but have also brought extra insect hazards. In many communities, they say, insects will do considerable damage unless controlled with poisons.

Dust poisons recommended by the agents include 3-5-40, or 20 per cent toxaphene, or 10 per cent chlordane. Fifteen pounds of these elements per acre should be used, they advise.

Spray solutions of BHC, one-half to three-fourths pounds concentrate per acre, and toxaphene and chlordane, two to four pounds of concentrate per acre may also be used.

The sprays or dusts should be put on fence rows and a strip 50 to 100 feet out into the field. If started early enough the entire field will not need poisoning. Spraying or dusting should be repeated every third day for two or three applications, the agents advise.

Poison bait, to be put out in early morning, may also be used to combat the grasshoppers. The bait suggested consists of four pounds of lead arsenate or six pounds white arsenate, 100 pounds of bran, three gallons cheap syrup, and enough water to dampen well. Some get best results by mixing liquid and poison first.

Bell worms are expected about July 25 and increasing through August. Then calcium arsenate is indicated. The agents suggest not poisoning for flea hoppers until late July because of late cotton planting.

A labor shortage for hoeing and harvesting cotton is expected in the fall.

### Garlington Case Plea Is Under Advisement

District Judge Charlie Sullivan took under advisement Thursday afternoon the motion of J. S. Garlington and others for a new trial of their trespass to try title suit against A. L. Wasson and N. H. Reed.

Arguments for and against the motion were concluded about 5 p.m. after two members of the jury which heard the case last January testified as witnesses for the complaining side.

Garlington's attorneys argued that a new trial should be granted on grounds of "jury misconduct." Clyde T. Arender and J. E. McNeese, members of the jury, testified that a letter which had been barred from the record was read in the jury room while the case was being considered.

George T. Thomas, attorney for the defendants, argued that the letter, written in about 1949, could have had no bearing on the jury's decision in 1957.

Thomas said also that the contents of the letter could have had no influence in the jury's deliberations on the question of whether Garlington was adequately represented in a 1940 suit which resulted in foreclosure of a deed of trust. The letter was from Foystone Garlington to Clyde E. Thomas.

Sherriff deputed Floyd Moore and Miller Harris said they were called to the courtroom during a recess of the hearing to quell a disturbance involving some of the principals in the case. No blows were struck, they said.

In the trespass to try title suit, which was decided in favor of the defendants last January, plaintiffs sought to recover title to four sections of land in northeast Garlington County. They contended that J. S. Garlington was of unsound mind and not properly represented at the time he lost title to the property.

Plenty of help will be forthcoming from the state if the chief of police at Orange feels he needs it to cope with moonlighters.

Gov. Allan Shivers made that plain here Thursday when he advised that Raymond Sanders, chief at Orange, had received a note to lay off the moonlighters (a cross-burning group) "or else."

"If the chief wants any help," Shivers said, "all he has to do is call on the Department of Public Safety and he'll get all the help he needs."

### 23 Reroofing Permits Filed On Thursday

A total of 23 building permits was filed at City Hall on Thursday for the reroofing of houses here. Approximately 50 such permits have been filed since the recent hail, said F. W. Bette, building inspector.

Bette estimates that about 50 other reroofing jobs are being undertaken here without permits being filed. He is checking as many of these "bootlegging" jobs as possible, he said.

A number of permits are yet to be filed for the reroofing projects, the building inspector pointed out. Contractors or owners will file the permits when the work starts.

Largest single reroofing building permit so far has totaled \$11,000. Bette said. This was for 33 buildings in Ellis Homes addition which are owned by Abilene Christian College and Hardin-Simmons University.

The 23 permits filed Thursday totaled \$17,785. Most of the reroofing jobs are running more than \$200 each.

Services were to be held at 4 p.m. Friday for Mrs. T. A. Black, 78, former resident, who died Wednesday in San Antonio.

Dr. P. D. O'Brien, First Baptist pastor, was to officiate in rites at the City Cemetery beside the grave of her late husband. Local arrangements were in charge of Eberly-River Funeral Home.

Mrs. Black was a resident here until the early 1930s when she moved to Arizona. During the past four years she had made her home in San Antonio.

Surviving are three sons, John Black, Tommy Black and J. D. Black, San Antonio, one daughter, Mrs. Grace Cornelius, Globe, Ariz.; 15 grandchildren and 10 great-grandchildren.

Screw worms and flies are continuing to trouble county livestock owners. EQ 335 is the best available screw worm killer, said County Agent Durward Lewter. It also keeps flies away from wounds for several days, they say.

For combating horn flies on pasture cattle he advises use of DDT or BHC. Methoxchlor should be used for spraying cattle.

For spraying beef cattle the agent suggests use of a solution of four pounds of 50 per cent DDT and one pound of BHC, ten per cent in 50 gallons of water. Eight pounds of 50 per cent methoxchlor in 100 gallons of water makes a good dairy spray. Spraying should be repeated about 14 to 21 days.

Charges of possessing marijuana were filed in Justice Court this morning against Jessie Lee Polk, Negro resident of Northwest Big Spring.

Polk was arrested last night by police in an apartment house. Chief E. W. York said this morning that the man had six cigarettes which police believed to contain marijuana. The cigarettes have been sent to the Department of Public Safety in Austin for examination.

Full-time hours set for Roberts Center. Dora Roberts Community Center will be open full time beginning Monday. The center had been closed part time during the last week.

Walter Miles, director, returns at that time from Boys' Guard camp near Irving, where he is serving as a camp leader this week. The center's hours are 3 until 8 p.m. daily.

Rev. Roloff To Lead Rally Here On Sunday. An evangelistic rally will be held Sunday afternoon by Rev. Lester Roloff, Corpus Christi, who is to conduct a revival here Sept. 1-19.

### Rebels Claim Big Guatemalan Attack Brews

By SAM SUMMERLIN. TEGUCIGALPA, Honduras (AP) — The Guatemalan rebel command said last night its forces were massed for a full-scale attack on Chiquimula and that "bloody" fighting already raged there. But government military leaders, boasting advances on "all fronts," vowed to bring the invasion to a speedy end.

A communique from the invasion headquarters of Guatemalan exile leader Col. Carlos Castillo Armas said a major battle was shaping up at Chiquimula, less than 70 miles northeast of the Guatemalan capital.

The announcement said that the rebels pressed in to attack, the government hastily reinforced the Chiquimula garrison with artillery, mortars and machineguns. The communique said the garrison commander had deserted to the rebels.

Castillo Armas claimed his rebel forces now hold 15 Guatemalan towns, seized since the invaders moved in from the Honduran border last Friday in a bid to unseat President Jacobo Arbenz Guzman's Communist-supported regime.

On the diplomatic front, the strained relations between Guatemala and neighboring Honduras appeared near the breaking point. Informed sources said the Honduran government was about to demand the expulsion of Guatemalan Ambassador Amado Chinchilla on grounds he sparked Wednesday's leftist student demonstration in Tegucigalpa. Seven persons were wounded when police opened fire.

Senate Committee Votes Resolution. WASHINGTON (AP) — The Senate Foreign Relations Committee, looking straight at Guatemala, today approved unanimously a resolution declaring the "international Communist movement" must be kept out of this hemisphere.

Although the resolution carries no legal force, its adoption by the Senate and House would make it an expression of the view of Congress and strengthen the administration's hand in whatever moves it makes to combat communism in Latin America.

As approved by the committee, the resolution is a revised version of one introduced by Sen. Lyndon Johnson of Texas, the Democratic leader.

He Walked Away

Lt. Mueyin Capogilli, Turkish student pilot from Webb AFB, safely landed his T33 jet trainer aircraft in a sandy field near the base Friday morning. He raised the canopy, climbed out and walked away, but as a matter of routine he was taken to the 3800th USAF Hospital for observation. Lt. Capogilli was flying solo on a routine training mission when he experienced a power failure. He put the plane down about five and a half miles west of Big Spring near U. S. 80. There was no damage to civilian property. Lt. Capogilli is undergoing pilot training at Webb under provision of the Mutual Defense of the Atlantic Pact.

### Completion Of Eight Producers Reported For Six Fields Of Area

Eight oil well completions were reported in this area today. The new producers are in the Luther Southeast, Moore, Diamond M, Oceanic, Howard-Glasscock, and Sharon Ridge-1700 fields.

Goldston No. 1 Morton-Atlas Life Insurance Company was finished in the Luther Southeast area for a 2-hour flowing potential of 283 barrels of oil.

The Diamond M (Canyon Reef) field of Borden County added Amara No. 7-A J. R. Canning as a producer with potential flow of 468.13 barrels of oil. A. O. Wellman and Texas Crude No. 2-36 M. Jones is the new Oceanic completion, which registered potential of 1,190.4 barrels in 24 hours.

In the Sharon Ridge-1700 area of Mitchell County, Paul DeCleva completed his No. 1 E. T. Strain for pumping potential of 40 barrels of oil and his No. 3 Coleman for 106.48 barrels. The Howard-Glasscock producer, Continental No. 28 Settles, made 78.59 barrels of oil.

Daniel and Clark No. 6 Ray Wilcox was finished in the Moore field for 120 barrels pumping potential, and Turner No. 3-B Hewitt was completed for 132.55 barrels on the pump.

Borden. Amara No. 7-A J. R. Canning, 1,350 from east and 3,300 from south lines, 119-25-H&TC survey, made a 26-hour flowing potential of 468.13 barrels of oil. Production in the Canyon Reef. Flow on test was through a 24-64th inch choke, gravity measured 41.2, the gas-oil ratio was 1,235.1, and some 1,000 gallons of acid were used. Top of pay is 6,724 feet, where the 5 1/2 inch is bottomed. Total depth is 8,745. This project is in the Diamond M field about three miles west of Knapp.

Pearson-Sibert No. 1 McKnight, 330 from south and west lines, north west quarter, 367-97-H&TC survey has been plugged and abandoned at 8,144 feet in lime. This project was in the Myrtle (Pennsylvania) area some 14 miles northeast of Gall.

Phillips No. 1 Quartz, C NW SE, 15-33-4a, T&P survey, bored to 5,325 feet in lime and shale. Gulf Oil Corporation spotted its No. 1-E J. L. Higginbotham as a wildcat prospect, some three miles northeast of the Vealmoor (Canyon Reef) field. It will be drilled to 8,100 feet by rotary, operations starting at once. Drillrite is 1,980 from north and 660 from east lines, 18-31-3n, T&P survey.

Kay Kimbell No. 1 H. D. Beal et al, C SE NE, 8-30-3n, T&P survey, bored to 4,738 feet in lime and shale. Republics Natural No. 1 McDowell Estate, C SE NW, 94-25-H&TC survey, is drilling at 6,235 feet in lime and shale.

Trans-Tex No. 1 McKee, C NE NW, 23-33-3n, T&P survey, has bit boring at 8,398 feet in shale. A drillstem test is under way at Pan American No. 1-B Good, C SE SE, 2-33-3n, T&P survey, wildcat about three miles northwest of Vealmoor. Depth is 8,633 feet, and top of reef is 8,583 feet. Datum minus is 4,912.

Dawson. Vega Corporation No. 1 Glen F. Pool, C SW SE, 123-M-EL&RR survey, hit 3,919 feet in anhydrite. Magnolia No. 1 Foster, C NW NW, 22-36-4n, T&P survey, made it down to 11,316 feet in lime and shale.

Howard. Goldston No. 1 Morton-Atlas Life Insurance Company, southeast offset to production in the Luther Southeast field, has been completed for a 24-hour flowing potential of 283 barrels of oil. Flow was through a 2-16th inch choke from perforations between 9,822 and 9,833. The 5 1/2 inch casing is bottomed at 9,843 feet. Gravity of oil measures 44.4 degrees, and the gas-oil ratio hit 1,020.1. Pay zone was acidized with 1,000 gallons. Drillrite is C NW NW, 26-32-2n, T&P survey.

Daniel and Clark No. 6 Ray Wilcox, 1,460 from north and 330 from west lines, 20-33-1a, T&P survey, has been completed in the Moore field for a 24-hour pumping potential of 120 barrels of oil. There was no water. Gravity of oil is 28 degrees, and the gas-oil ratio measured 406-1. Top of pay is 3,112 feet, and the 5 1/2-inch is bottomed, and total depth is 3,160 feet. Elevation is listed at 2,516.5.

A. K. Turner Jr. et al No. 3-B Hewitt, 330 from north and 1,650 from east lines, 25-34-1a, T&P survey, has also been completed in the Moore field. Potential was listed at 152.96 barrels of oil. Recovery was five per cent water, and gravity of oil was 30 degrees. Total depth is 3,215 feet and the 5 1/2-inch string goes to 3,182. Top of pay is 3,166.

A. O. Wellman and Sons and Texas Crude No. 2-36 Mildred Jones, C NW SE, 26-33-3n, T&P survey, was finished for a 130-hour potential flow of 1,190.4 barrels of oil. Test was through a 24-64th inch choke and there was no water. Gravity of oil is 42.3 degrees, and the gas-oil ratio is 689-1. Top of pay is 8,249 feet. 5 1/2-inch casing goes to 8,255, and the total depth is 8,285, northwest of Vealmoor.

Continental No. 28 Settles, 2,200 from south and 1,440 from east lines, 143-35-W&NW survey, has been completed in the Howard-Glasscock field for a pumping potential of 78.59 barrels of oil and no water. Oil gravity is 32 degrees. Plugged back total depth is 2,478 feet, the 5 1/2 inch goes to 2,541, and the pay top is 2,285. Production is from perforations between 2,286 and 2,304 feet.

Texas Pacific Coal and Oil No. 2 J. O. Haney, C SW NW, 14-33-2n, T&P survey, reached 9,602 feet in lime.

Lone Star No. 2 Mittie Walters, 1,650 from northwest and 1,970 from southwest lines, 34-34-1n, T&P survey, has depth of 2,969 feet.

Lone Star No. 3 Walters, 2,318 from south and 2,970 from west lines, 34-34-1n, T&P survey, made it to 1,350 feet.

Pan American No. 2 Ellis Iden, 660 from east and 990 from south lines, 26-33-3n, T&P survey, is making hole at 4,960 feet in lime.

Hunt No. 7 J. B. Harding is a new location in the Moore field. It is 1,193 from south and 330 from east lines, southwest quarter, 19-33-1a, T&P survey, some seven miles southwest of Big Spring. It will be drilled by rotary to 3,500 feet.

M. E. Daniel and Lester Clark No. 5 Ray Wilcox is a new Moore field project scheduled for depth of 3,200 feet. It is about 10 miles southwest of Big Spring, drillrite being 890 from north and 1,076 from west lines, 20-33-T&P survey.

Hunt No. 6 Harding, 990 from south and west lines, 19-33-1a, T&P survey, made it down to 3,175 feet in dolomite.

Rutherford No. 1 Ed J. Carpenter, 467 from north and west lines, 8-25-H&TC survey, is pulling tools down on a drillstem test from 7,588 to 7,596 feet. Top of the reef is 7,581 feet.

Amerada No. 1 Ben Whitaker, 660 from south and 1,960 from west lines, north half, 17-25-H&TC survey, is rigging up.

### George Parr Gets Another Delay In Assault Hearing

SAN DIEGO, Tex. (AP) — George Parr got another delay today until July 5 in the hearing on an indictment charging him with assault to murder.

Acting District Judge Maxwell Welch appointed Dist. Atty. John Mays of Karnes City to prosecute Parr, the political kingpin of Duval County, and all other cases brought by the present grand jury.

Welch earlier has disqualified Raeburn Norris, who was elected district attorney with Parr's backing. In his first action, Mays asked for more time to study the Parr case and its various attendant motions. Mays also received court permission to appoint John Peace of San Antonio his assistant.

Welch declared he would try criminal cases as they come up on the docket. This means that Parr will be the first tried, since he was the first indicted.

The present grand jury has returned 30 bills in all. Parr earlier has sought delays in his hearing, claiming his chief attorney of the state organization of American Federation of Labor (AFL) unions. He won yesterday by a 1,900-vote margin over Wallace C. Relfy of Dallas.

Leroy M. Williams, candidate of Houston's International Typographical Union, was elected president of the state organization of American Federation of Labor (AFL) unions. He won yesterday by a 1,900-vote margin over Wallace C. Relfy of Dallas.

### State AFL Names Williams As Head

CORPUS CHRISTI (AP) — Delegates to the Texas State Federation of Labor convention were en route home today with praise for Senator Lyndon Johnson and fresh abuse for Gov. Allan Shivers ringing in their ears.

Leroy M. Williams, candidate of Houston's International Typographical Union, was elected president of the state organization of American Federation of Labor (AFL) unions. He won yesterday by a 1,900-vote margin over Wallace C. Relfy of Dallas.

# THE GRUB LINE

With Franklin Reynolds

A recent graduate of Texas A&M College, who majored in animal husbandry, has undertaken to put the family's 5,000-acre ranch in the Spade Community in Mitchell County at the top of the list of the best ranches in West Texas.

He is Francis Winn, who assumed the responsibility of the management much sooner than he anticipated because of the unexpected death of his father. He says he knows it is going to take time—a whole lot of time, perhaps, and so he is planning a long-range ranch improvement program. There has been the drought, and other disappointments, but in spite of these he is making the start with the approval and cooperation of his mother.

This year they have started a recovery program on 1,117 acres in their south pasture. About one-third of this pasture is shallow upland and the other two-thirds is heavy upland. This heavier soil site has a lot of mesquite and to-boss grass. The shallow upland is almost free of trees and brush and had formerly been in mid grasses and short grasses. There were large areas here that were bare and needed reseeding.

Before starting in to reseed these areas, Winn pitted them on the contour, after guide lines were run by SCS technicians. He used the pitting plow owned by the Mitchell SCD for the job. The pits were from four to five inches deep, and from three to five feet long and the areas were pit-plowed on the water level. As soon as the pits had been plowed he started in reseeding with native grasses.

He used a mixture of three pounds of Blue Grama, one pound of Little Bluestem, one pound of Buffalo Grass, one pound of Sand Lovegrass and one pound of King Ranch Bluestem, a total of 10 pounds, to the acre. In the planting he made use of the SCD-owned grass drill, mixing all the trashy seeds together and planting them through the trashy seed boxes.

The Sand Lovegrass, which is a clean, small seed, was planted at the same time but through the same seed boxes on the drill.

On May 1 all livestock was removed from the pasture and it will be given a full growing season deferment. Winn says he is getting a good stand from all his earlier plantings, and that when he gets a good grass stand back on this land he plans to start mesquite eradication by spraying. Later he plans the same treatment on other pastures, wherever needed, along with a lighter stocking rate which will be more in keeping with

the forage that will be available.

Winn has planted improved grasses on two fields for rotation grazing. In one field he planted 15 acres to Blue Panic Grass, and the other field to King Ranch Bluestem. The Blue Panic was seeded with his regular farm planter by making a few minor adjustments in the boxes and by stopping them up so they wouldn't leak seed.

This Blue Panic was planted in 38-inch rows at the rate of two pounds at the rate of two pounds to the acre. The KR Bluestem was planted with his cotton planter using cotton plates in the boxes. He planted it in 38-inch rows at the rate of three pounds to the acre. He has several small scattered fields on the ranch that he says he will ultimately plant to adapted grasses.

Expressing the belief that the benefits of legumes are greatly needed on the 400 acres of cultivated land on the place, he had made a start this year toward getting them in rotation. He has 12 acres planted to guar which is up to a good stand, and will plant another 20 acres to Chinese Red Cowpeas later in the summer. The guar was planted in three-foot rows at the rate of eight pounds. It will be used for both soil improvement and seed production.

Winn has 150 acres of wheat to supplement his winter and spring grazing program, and 100 acres of Sudan to supplement his summer grazing. He also has a large acreage of grain sorghums which will be grazed after harvest.

He says his pastures need rain now but that most of his grasses have already made seed.

Lahoma, a sweet Sudan, will be available for planting in western Oklahoma and West Texas in 1955.

This is the first sweet Sudan to earn recommendation in Oklahoma. Lahoma, a new development, is said to have more resistance to leaf diseases than any other variety tested at Oklahoma A&M College at Stillwater. Like all sweet varieties, it is damaged in wet seasons. Wide-leaved, late-maturing, a good seed producer, very uniform, Lahoma has a distinctive yellow-green color.

Among local farmers who have obtained good stands of Guar are J. B. Murphree of the Hartwell School Community; J. D. Spears, north of Coahoma, and Ira McQuerry, who lives east of Coahoma. A number of other farmers are

engaged in planting this deep-rooted, soil-building summer legume. Ernest Clanton of the Gall Route, and E. W. Davis, who lives east of Big Spring, both report good stands of Blue Panic grass, which like Guar, can be planted as late as July 15.

A new practice of planting Blue Panic Grass in the middle of a stand of Sudan is being tried by a number of farmers in order to be sure to have one or the other for grazing. If the Blue Panic makes a good stand the Sudan is killed, and the supervisors of the Martin-Howard SCD are urging more farmers to try this program.

The supervisors point out that stock can be turned in fields where both are growing and then re-

moved when both grasses are grazed down. At this point the killing of the Sudan will enable the Blue Panic to come with a new growth. The supervisors say the moisture situation is favorable enough in most places this year to make this sort of planting both possible and practical.

Bernard Houston, manager of the Houston Estate Ranch near the Martin-Glasscock line, is expanding the grass plantings which have brought that ranch so prominently to the attention of everybody the last year or so.

He has planted another 15 acres of Sideoats Grama, and has 55 acres of Blue Panic up to a very good stand.

When he finishes up this year's planting he will have 145 acres of high-productive, beef-building

grasses, and will also have small plots of King Ranch Bluestem, Buffalo Grass and Birdwood grass, the latter a new one in this country, but maybe something outstanding. Anyway, Bernard is going to find out.

A cover of cans is being established on the Sam Fisherman farm near the Couden Refinery for the purpose of providing stubble in which grasses of the perennial adapted varieties can be seeded next spring.

In the belief that the best use of sandy land is through grass and livestock, the owner plans to return more and more cropland to grass each year until the place is well covered with grass.

In an effort to get more farmers sufficiently interested in proving to

themselves that the planting of sorghums in 20-inch rows is more profitable than planting in 40-inch rows, Ben Osborn of the Midland SCS unit, is urging Midland County farmers who may be doubtful to try a few rows anyway.

W. C. Moldenhauer of the USDA Agricultural Research Service, stationed at the Experiment Station Farm in Big Spring, has supplied

Osborn with the results of experimental plantings at Brownfield, Big Spring and Lubbock, and at Hays and Manhattan, Kan., that prove the point. Moldenhauer is conducting further such experiments over this area this year.

## VA Patients Here Get Three TV Sets

Three new television sets have recently been donated to the Big Spring Veterans Hospital for patients here, said Carlton Carr, special services director.

One of the sets has already been installed, and the other two will be in service soon. All will be placed in day rooms, Carr said. It is hoped that the hospital can eventually have one set per floor.

The Disabled American Veterans chapter at Lubbock donated a 24-inch console model TV set and antenna which is now in use. Carr said the organization also guaranteed a year's maintenance service.

The American Legion Auxiliary at Midland donated a 21-inch table model set, and Miss Sue Stevens gave the other, a 24-inch console model, through the American Legion Auxiliary of Denver City.

**JUDGMENT COMES TO ISRAEL**

NOT HEEDING THE PROPHECY WARNINGS,  
THE PEOPLE ARE CARRIED INTO CAPTIVITY

Scripture—II Kings 17

By NEWMAN CAMPBELL

WE HAVE been studying about the warnings of the prophets, Amos and Hosea, to the people of the northern kingdom of Israel that punishment was sure to follow their disobedience to the commandments of Jehovah, their God. Jehovah had led them safely out of their bondage in Egypt, had given them the Promised Land and made them prosperous.

In spite of these warnings, the people turned from their benefactor and became worshipers of heathen gods, burning sacrifices to them and indulging in pagan rites. Today we learn how they were punished.

We, too, of this generation are plagued by crime waves, juvenile delinquency, corruption in high places and in low, many forgetting how we too have been blessed by God and should put away our sins and live righteously, worshipping the Father of us all.

It is also fresh in our minds that the 10 tribes had rebelled against the rule of Solomon's son, Rehoboam, and separated themselves from the other two which became the kingdom of Judah,

ways, and keep My commandments and My statutes, according to all the law which I commanded your fathers, and which I sent to you by My servants the prophets.

"Notwithstanding they would not hear, but hardened their necks, like to the neck of their fathers, that did not believe in the Lord their God."

"And they caused their sons and their daughters to pass through the fire, and used divination and enchantments, and sold themselves to do evil in the sight of the Lord, to provoke Him to anger."

"Therefore the Lord was very angry with Israel, and removed them out of His sight; there was none left but the tribe of Judah only."

The Israelites must have felt some shame at their unfaithfulness and idolatry, for they built their figures of Baal and performed their pagan rites "secretly," in high places, forgetting that they could hide nothing from the all-seeing eyes of the Almighty.

The Assyrian king took men

**MEMORY VERSE**

"The ways of the Lord are right, and the just shall walk in them; but the transgressors shall fall therein."—Hosea 14:9.

while the 10 tribes were called the Northern Kingdom or Israel.

Judah too, was disobedient to God, but they were not punished until 140 years later. The events in today's lesson may be dated 724-721 B.C. Hoshea was king of Israel. Shalmaneser, king of Assyria, "came up against Israel and Hoshea became his servant, giving him presents."

However, Hoshea rebelled against this servitude and appealed to the king of Egypt for help against the Assyrian ruler. Shalmaneser heard of it and he "came up throughout all the land, and went up to Samaria (the capital of Israel) and besieged it for three years until the beautiful, strongly-fortified city fell.

All the most able Israelites were carried away into Assyria and placed in its foreign cities. Taken away from their own land in captivity, did the Israelites then turn to their God and pray for a Messiah to lead them home? We do not know. It is probable.

"Yet the Lord testified against Israel, and against Judah, by all the prophets, and by all the seers, saying, Turn ye from your evil ways, and do not provoke Me to anger, and do not forsake My law."

from his country and placed them in the various cities of Samaria, and they "feared not the Lord," so lions were sent among them and they slew some.

The king of Assyria then sent one of Israel's priests to convert the Assyrians, but he failed.

"They feared the Lord, and served their own gods."

"For the children of Israel walked in all the sins of Jeroboam which he did; they departed not from them;

"Until the Lord removed Israel out of His sight as He had said by all His servants the prophets. So was Israel carried away out of their own land to Assyria unto this day."

How can we convince our people that true happiness and prosperity only come from right living, by fearing God and doing His commandments?

We have many displaced persons in our country, people who came not because of their own sins but because they were oppressed by evil conquerors in their own lands. We can show our Christian spirit by being extra kind to them and helping them to adjust to our ways.

**Alone in a Sea of Sand**

The vastness of the beach holds no terrors for her. She knows that some one is watching, ready to protect her at the first sign of danger.

Do you ever feel alone? Does the vastness of the universe and the smallness of yourself threaten to overcome you?

In the Church you will find you are not alone. Here you will find others who share similar experiences, and working together, you will discover that fear need have no part in your life.

Make yourself a part of this great family. Look around you in God's world and realize that He is ever present, always ready to give strength and comfort. Through the Church you will learn to draw ever closer to God and His strength will protect you.

**THE CHURCH FOR ALL... ALL FOR THE CHURCH**

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake (2) For his children's sake (3) For the sake of his community and nation (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

**Unemployment Bill Changes Are Made**

WASHINGTON (AP)—Four million more workers—two million fewer than President Eisenhower asked—would be brought under unemployment compensation under provisions approved by the House Ways and Means Committee yesterday.

The congressmen, working behind closed doors on a measure to broaden the unemployment compensation program, voted to extend coverage to firms which employ four or more workers for at least 20 weeks a year.

The committee expects to complete action on the bill late today.

# Birthdays Celebrated

LAMESA — Two cousins celebrated their birthdays with parties last week. Randy Roberts was three years old, and he celebrated with a party in the home of his parents, Mr. and Mrs. Oatus Roberts.

Shannon Roberts was five years old. Her mother, Mrs. Perry Roberts treated her to a picnic party in Forrest Park.

# Unusual Scavenger Hunt Held

Members of the First Methodist Senior MYF met at the home of Margy Keaton Thursday for a scavenger hunt—but not the usual kind, of collecting worthless articles.

This hunt was for materials to be sent for overseas relief through the Church World Service. There were about 20 who scoured the town for the following articles: one spool of red thread, one pillowcase, one hand towel, two washcloths (yellow and blue), 11 needles, more than 20 pins and three pens.

A notebook of any kind was included in the list, as was one shoe-box full of cotton scraps and one bath towel. Participants in the hunt were told that 10 cents will supply a cup of milk a day for two months for some child, and an amount of money was turned in that will be quite a help.

# Phemisters Given Farewell Party

ACKERLY—Friends of Mr. and Mrs. Roy Phemister gathered at the parsonage recently to say farewell and to present them with a piece of luggage as a parting gift. Refreshments of homemade ice cream and cake was served.

The Phemisters have lived here two years. He was minister of the Church of Christ, and Mrs. Phemister taught school. Their future home is San Feleita.

# HOLLYWOOD BEAUTY

# Starlet Regards Food Important To Beauty

By LYDIA LANE  
HOLLYWOOD — You won't know Hollywood by merely seeing it. You have to live here and feel it. There is something magic about this center which acts as a magnet to draw talent and beauty from all over the world. Competition runs high but it is here that dreams come true—that an unknown becomes famous, sometimes overnight.

"Who will be the next lucky girl?" is the question which keeps many a discouraged young actress in there pitching. Word gets around that they are searching for a new face. The "Waterfront" TV series interviewed scores of young hopefuls. But Kathleen Crowley, the former Miss New Jersey, was the lucky winner. And she is now on the way to fame.

When I visited Kathleen at the Hal Roach Studios I understood immediately why they had chosen her. She has dark hair, blue eyes and a charming natural manner. "I was so thrilled when I was told that they had decided on me," Kathleen confided. "I've been through contests before but they are always nerve wracking." I asked about beauty contests, remembering that Kathleen was a finalist for "Miss America."

# Installation Tea Is Given By Altrusas

The garden at the home of Mrs. J. D. Jones was the setting for the installation ceremony for officers of the Altrusa Club Thursday evening, when the club held its meeting.

Candles in hurricane lamps and arrangement of pink roses decorated the table, which was spread with a white linen cloth. All appointments were of crystal. Mrs. Willard Sullivan and Mrs. Bill Griese served guests as they arrived.

Organ music was played throughout the evening by Mrs. Omar Piman, and she accompanied Mary Frances Norman as she sang "Garden of Prayer" and "In the Garden." Mrs. Lorin McDowell was initiated as a new member in a ritual read by Mrs. J. B. Apple.

Grace Wallace of Midland, organizer of the local Altrusa Club, was introduced by Mrs. Jay Johnson, out-going president. She talked on the meaning of Altrusa, taking each letter in the word individually. She then installed the following officers: Mrs. Griese, president; Mrs. C. A. Horton, vice president; Mrs. Travis Reed, recording secretary; Mrs. W. M. O'Neal, corresponding secretary and Mrs. Viola Robinson, treasurer.

The president's pin was transferred from Mrs. Johnson to Mrs. Griese, and a gift of appreciation was presented to Mrs. Johnson. After adjournment, films were shown for the group by Mrs. Sullivan and Pyrie Bradshaw. About 60 members and guests attended.

# 30 Attend BPO Does Game Party Benefit

The BPO Does had a game party Wednesday night at the Elks Club. Hostesses were Mrs. Maxine Ryan, Mrs. Martha Brady and Mrs. Opal Brown. Refreshments were served to the 30 who attended.

The special prize was bouclier lamps donated by Gilliland Electric Co. They were won by Mrs. Arvie Walker, who also won high at 42. Mrs. G. A. Leonard won high at one table of canasta, and Mrs. L. D. Jenkins was low. Mrs. Lois Garland tied with Mrs. Joe Flock for ladies high at the other canasta game. Ed Norman had the low score.

# Beta Omicron Will Have Bridge Party

Bringing a foursome to the card party, to be sponsored by Beta Omicron Chapter of Beta Sigma Phi, is suggested since there will be no progressing during the afternoon.

Tickets are \$1.00 for the party which will be given at 2 p.m. Saturday at the Girl Scout Little House. Merchants of the city are donating prizes, and refreshments will be served at the conclusion of games.

# Lamesa Baptists Have Discussion

LAMESA—The Ella Crawley Circle and the Annie Allen Circle of the First Baptist Church met in the home of Mrs. R. F. Nix Monday for a discussion on the "Needs of China." Mrs. Nix led a discussion on the program topic. She supplemented her talk with pictures and souvenirs that she had obtained directly from China during the time that her sister was a missionary there.

Hostesses for the occasion were Mrs. Nix, Mrs. Russell Martin, Mrs. Jack Mears, Mrs. Ross Gibson and Mrs. Guy Orr.

# Sherie Shipley

### Prospect Of Jenkins' Candidacy Stirs Speculation Of Hot Race

Joseph Welch, defense counsel for the Army in the recent televised hearings in Washington, has put in a plug for Ray Jenkins, who was counsel for the subcommittee conducting the hearings, in case Jenkins decides to run for U. S. senator from Tennessee this year.

Jenkins' arm is being twisted vigorously for the chore by his Republican admirers. He has indicated a receptive attitude, and if the pressure in Tennessee is sustained and loud enough, the old Volunteer State may see a real battle this year—a battle pitting two men who won fame as television performers—against each other.

#### Russian Method Is To Move On Territory In Guise Of 'Peace'

The tradition of Russian conquest, from earliest times when the Duchy of Moscow expanded into the territories of its neighbors, has been to move in all directions until its efforts were arrested. Thus Siberia was taken because no force existed in that vast expanse to prevent it from being taken.

of a people's republic failing to become a Soviet satellite. If the instance of Yugoslavia comes to mind, it is not to be forgotten that Yugoslavia is a schismatic Marxist state. Should France, which has an enormous and effective Communist party, admit Communists in its cabinet, an attempt will be made to reconstruct various united fronts in the hope that a people's republic (sometimes called a people's democracy) can be organized.

When the Russians and their satellites use the term, peace, they mean what we call war, namely, the conquest of territory and peoples. The reason why they call war peace is that the accumulation of territory by the Soviet Universal State is achieved by what to them is a voluntary action, namely that adherents of the Marxist Church, having infiltrated the government, educational and labor organizations, gain sufficient power by means of united fronts to produce a people's republic.

The existence, in any country, of a Communist party, overt or disguised by means of the use of some other name, means that united fronts can be organized, that a people's republic can be arranged and a country can be conquered from within, utilizing natives as a political force.

#### Churchill, Eden Have Asian Plan Like Something From Alice-In-Wonderland

WASHINGTON (U)—Sir Winston Churchill and Britain's Foreign Minister Eden, bearing an Alice-in-Wonderland plan for saving Southeast Asia, today begin talks with President Eisenhower and Secretary of State Dulles.

There are no optimistic predictions here about the outcome of the conference. The plan, which Eden announced Wednesday in London, is of such a kind that it raises some legitimate questions: Just how interested are the British in wanting to save Southeast Asia from communism? Is this Eden plan a joke, a smoke-screen, or a stalling tactic to cover up basic British unwillingness to defend Southeast Asia?

They thought they were strong enough to get away with it. But even that reasoning has a large element of the fairy tale. Neither Russia nor China would necessarily have to break the new "Locarno" by actually sending troops across a frontier.

#### Only Incorporated Chimp To Travel Around World

NEW YORK (U)—J. Fred Muggs, America's only incorporated ape, sets out next month on a flying trip around the world, that will mark a new milestone in the air age.

The celebrated chimpanzee will become the first television star in history to girdle the globe by airplane while still in diapers. Neither J. Milton Berle nor J. Arthur Godfrey can make this claim.

Muggs, who is traveling as a goodwill ambassador for the U.S. television industry, is bound to be the most popular American tourist of the year for a very simple reason. He doesn't speak English.

### LOOKING 'EM OVER

With Tommy Hart

Potato Pascual, who is now identified as "Camillo Pascual's big brother" (it was the other way around when both wore Big Spring uniforms), has a lame arm.

The Havana club in the International League has been counting on him to take a regular turn on the hill.

Art Willingham, whose brother, Hugh, used to run the Odessa baseball club, is trying to get another baseball club out of lock now. Willingham has moved his ball club around so often you'd think he didn't pay the rent. He's been at Seminole in the Sooner State League now but he's wanting out.

Other teams around the National League are calling Milwaukee the Payroll Town.

The Phillies recently played a three-game series there and took \$28,358.10 with them as their end of the gate. In a recent home stand which extended over 15 days, the Braves paid five teams a total of \$122,078.55.

Even the Pittsburgh Pirates, the league's poorest attraction, earned \$20,650.30 in a three-game stand there.

A bowling alley and a golf driving range will be opened at Webb Air Base shortly. The field already has a fine lighted softball diamond.

The Harlem Globetrotters basketball team will play three "summer" engagements in Texas next month. They appear in Port Arthur July 11, in Bryan July 14 and in Sherman July 15.

Major League club owners have just about given up the idea of covering their ball parks with plastic roofs (for continual play).

The cost would be prohibitive.

Phil Wrigley, owner of the Chicago Cubs, was told recently it would cost \$3,000,000 to cover his plant.

Johnny Pesek, who started wrestling for money back before 1920, is still active in the ring.

Pepper Martin, manager of the local ball club, found Sweetwater easy to deal with when he successfully sought the services of Pete Simone, because Pete's rival for the infield job, Rod Arco, is supposed to be the "people's choice" there.

Martin doesn't think there's any comparison between the players, however, much prefers Simone.

Pete hails from Spencer, Mass., by the way, and he's on option here from Port Arthur.

Fidel Alvarez, the former Bronco now with Port Arthur, could achieve 20 wins before Aug. 1. He had 12 at this writing and was going strong.

Alvarez never did realize his potential here but became a fine pitcher at Artesia last year.

### Dr. Cary Middlecoff Burns Up Wethersfield Course

By LOU BLACK  
WETHERSFIELD, Conn. (U)—While many of the nation's top golf pros were buzzing today about a spectacular round posted by Dr. Cary Middlecoff, the Tennessee dentist appeared more excited about getting support for his plan to pick the golf player of the year.

Middlecoff shot a 6-under par 65 yesterday to pace the opening round of the four-day, 72-hole \$15,000 Insurance City Open. He posted the 6,561-yard Wethersfield Country Club course for 31-34-65, which included six birdies, and missed eight others, three of them when the ball rimmed the cup and bounced out.

Had any one of those missed birdies stayed in, he would have equalled the course record of 64, registered last year by Jim Turner, Bristol, N.Y., who opened with 69 yesterday. Nearest to Middlecoff, however, are Earle Stewart, lanky Texan, and Leo Blagetti, Sandusky, O., with 68.

Defending champ Bob Tozki, Livingston, N.J., carded a 70, along with 15 others, including Gene Litter, Palm Springs, Calif., runner-up in last week's National Open. Eighteen hole rounds are scheduled today, tomorrow and Sunday.

Middlecoff, shaking off congratulations, said his plan was designed to reward the foremost competitors for sustained excellence in all competition under all conditions.

He has devised a yardstick for measuring quality that, he claims, would be at least as accurate as baseball's batting averages or earned run tables. The fact that he is PGA tournament chairman gives it authority.

"The winner," said the tall dentist, "would be the golf player of the year; not the golfer of the year, but the player, meaning the most consistent competitor."

## Cargo Kings Defeat Rails In Title Go

The Cargo Kings can fly the flag emblematic of the first half championship in Pony League play. The Kings won the right by outlasting the TP Rails, 4-2, in a well-played game on the HCJC diamond Thursday evening.

Wayne Fields pitched the Kings to victory, setting the opposition down with five hits. The Kings got six off Eugene Walker.

Wayne Fields also had a big hand in the attack, driving in two runs with a double and a home run. The Rails took a 2-0 lead in the third when Bobby McAdams connected safely with runners at second and third but the Kings fought back to tie it in the fourth and went ahead to stay in the fifth.

David Abreo and Dwayne McRorey drove in the other tallies for the winners.

Wayne Fields struck out 12 and walked only one.

The Kings had won the first game of the series while the Rails fought back to win the second.

Thursday's contest was played under protest. The Rails' management alleged that the Kings used too many 14-year-old players.

Second half play in the league will begin next Monday.

Shea, Hartwig Have It Out

By TOM OCHILTREE  
WIMBLEDON, England (U)—The first important American-Australian singles clash of the Wimbledon tennis tournament comes up today and for those seated close enough it should sound almost like a debate.

Gil Shea of Los Angeles, with a sunburned face and close cropped blond hair, goes against Rex Hartwig, ranked fourth from Down Under.

Shea is listed 19th in the U. S. Lawn Tennis Assn. rankings and enters this match as the underdog.

When he nets a key point or sends drives flying beyond the baseline, Shea occasionally will mutter a few words to himself. But he is monosyllabic compared with Hartwig. The Aussie keeps shouting to himself "careful now. Don't do that. Watch for a lob. I'll have to stop over-hitting."

Today's program gives the four big guns of the tournament—Tony Trabert of Cincinnati, Vic Seixas of Philadelphia, and Lew Hoad and Ken Rosewall of Australia, the day off in the men's singles division.

Trabert and Seixas take on Britain's Roger Decker and Tony Pickard in the doubles. Hoad and Rosewall go against the Swedish pair of Lennart Bergelin and Sven Davidson.

Unseeded Philippe Washer of Belgium produced the first big surprise when he eliminated Art Larsen, San Leandro, Calif., 10-12, 7-5, 6-2, 9-7 yesterday.

### Reynolds Goes Against Garcia

CLEVELAND (U)—To Casey Stengel, it's "that big series in Cleveland." Al Lopez calls it "a crucial weekend, but certainly not one of those do-or-die times."

No matter how they described it in separate interviews with newsmen, there was little doubt that Managers Stengel of the Yankees and Lopez of the Indians view with respect the three-game series their teams open here tonight.

"Sure, the Indians are tough," conceded Stengel whose men have a 4-4 record against Cleveland this year. "But we're playing well enough."

Here, Stengel referred to New York's current won-lost percentage of .627, right now behind Cleveland's .692, but good enough to win the pennant for the last five years.

Manager Lopez, however, had a ready answer for that sort of speculation:

"I don't care what percentage New York had the last five years. It doesn't matter, so long as ours is bigger."

### Medalist Beaten In College Meet

GREENSBORO, N.C. (U)—Semi-finals in the Women's National College Golf Tournament got underway here today after its first major upset yesterday.

Miss Nancy Reed of Peabody College, Nashville, Tenn., defeated medalist Mariene Gessell of the University of Minnesota 6 and 5, and today faced Miss Virginia Dunsney of Northwestern.

A near upset victim was Miss Barbara McIntire of Toledo University, who qualified with par 71 and was one of the pre-tourney favorites. She downed Barbara Little of Northwestern 1-up on the 21st hole.

Defending champion Pat Lesser of Seattle advanced to the semi-finals by defeating Miriam Cook of Louisiana State 8 and 6 with a three-under-par for the 12 holes they played.

### NBC Twin Bill Stated July 1

A twinbill July 1 will open the NBC Semipro baseball tournament in Odessa.

In the 6:30 p.m. opener the Midland Tri-Service Drillers will play the Grandfalls Eagles. In the nightcap, starting at approximately 8:30, the Odessa All Stars will tangle with the Perot Wildcats.

Admission for the night's action will be 75 cents.

The tournament will continue the nights of July 1, 2, and 3 and the championship finals on the fourth.

All tournament games will be broadcast over KECK, commissioner Eddie Hammond, announced.

Hammond did not say how many teams were entered in the tournament.

## ZUBIATE HURLS A NO-HITTER

Mike Zubiate's no-hit pitching feat, the first such turned in in Little League play here this year, made it easy for the American Legion to bury the Eagles under an 18-0 score here in the American League Thursday night and sew up first half honors in the standings.

The Legion cut loose with a 15-hit attack against Scagg, Eagle hurler. Dugs Wright paced the attack with four hits.

Zubiate had a double and a single in the offensive while Wilson Bell proved the big gun, driving in five runs with a home run and a double. Wright had a triple and three singles.

Zubiate struck out 13 and walked five in the six inning game. The win was the Legion's seventh, against one loss.

The Shreveport Sports were two full games ahead in the Texas League Friday after beating Oklahoma City 3-1, Thursday night.

Second-place San Antonio fell back as they lost to Dallas, 2-3. Fort Worth beat Houston, 3-2, and Beaumont dropped both ends of a doubleheader to Tulsa, 4-3, and 3-0.

Shreveport chased Al Papp in the fifth inning. Bob Van Eman paced the Sports' 11-hit attack on the Indians.

Les Fleming, who recently came to Dallas from Beaumont, slapped out a single in the bottom of the ninth to drive in the winning run for Dallas. The win over San Antonio broke a five-game losing streak for the Eagles.

By MAX B. SKELTON  
HOUSTON (AP) — Eddie Merrins of LSU was pressing medalist Don Albert of Purdue as the gallery favorite today as six well known collegiate players and two newcomers met in the quarter-finals of the 57th NCAA Golf Tournament.

The two survivors of today's double round meet tomorrow in a 36-hole championship match. Merrins, the 1952 runnerup who yesterday took eight strokes off par, was paired this morning against Floyd Addington, a quarter-finalist last year and the medalist on the Southern Methodist squad that won the national team title Tuesday.

Albert met A. J. Triggs, a member of the North Texas State team that won the NAIA championship three weeks ago and was runner-up to SMU.

Benny Castloo, another North Texas star, met Hillman Robbins, the Southern Intercollegiate champion from Memphis State.

# Bauman Belted 33rd Homer For Roswell

By The Associated Press  
Roswell's winning streak left the club two games ahead in the Longhorn League Friday, after downing Odessa Thursday night.

Midland eased past second-place Artesia 8-7, to widen Roswell's lead. Big Spring beat Sweetwater, 20-11, as players on both teams chased each other around the bases. San Angelo fell before Carlsbad's attack, 13-1.

Joe Bauman got his 32nd and 33rd homers of the year to pace Roswell past Odessa.

of the Dodgers who beat Cincinnati, 9-6. St. Louis trimmed Pittsburgh, 5-1, and Philadelphia shaded Chicago, 3-2 in 11 innings.

Cleveland saw its American League lead shrink to two games over the Chicago White Sox. The Indians lost to Philadelphia, 5-1. Chicago defeated Washington, 5-2. Third place New York moved with in four games of the leaders with a 11-2 waltz at Detroit. Boston and Baltimore weren't scheduled.

# Pioneers In Firm Control In WT-NM

By The Associated Press  
Clovis was back in firm control of the West Texas-New Mexico Baseball League today after whipping Lubbock Thursday night, 6-3, while Pampa, who had trailed by one game, fell before Albuquerque, 6-4.

# Door Prizes Are Not Legal, It Is Ruled

SANTA FE, N. M. (AP) — The Attorney General's office today knocked out a plan by the Carlsbad Potashers to give away door prizes to stimulate attendance at Longhorn League baseball games.

Amarillo and Abilene split a doubleheader, Amarillo winning the first, 17-5, and Abilene taking the second, 13-10. Plainview had no trouble knocking off seventh-place Borger, 16-2, at Plainview.

Two More Housing Officials Suspended

WASHINGTON (U)—The Housing and Home Finance Agency announced today that two more long-time officials of the Federal Housing Administration have been suspended pending disposition of charges of "serious irregularities."
The announcement by administrator Albert W. Cole gave no details of the allegations against the two men. They are:
James E. Hicks of Washington, director of FHA's Region 2.
Andrew Frost of Albuquerque, assistant state director for New Mexico.

Little Men Take Over In Garden
NEW YORK (U)—The little men step into the Madison Square Garden spotlight tonight with classy Luis Peres of Brooklyn rated a 1-3 choice over experienced Percy Bassett of Philadelphia in a featherweight elimination bout.

Texans Ike's Guests
WASHINGTON (U)—Two Texans were among 17 guests invited by President Eisenhower to a White House stag dinner last night. They were H. E. Chiles Jr., president of the Western Co., Midland, and Stanley Marcus, president of Neiman Marcus, Dallas.

Air Academy Is Due At Colorado Springs

By DONALD SANDERS
WASHINGTON (U)—The West Point of the Air, training school for the young men who will man America's air armadas of the future, will be built near Colorado Springs, Colo.
Secretary of the Air Force Talbot announced his selection of that site late yesterday, ending years of bidding by rival sites which originally numbered in the hundreds but had been narrowed down to three by a special selection board.

trade policy over to the 1955 Congress. The Senate yesterday rejected, 45-32, a Democratic move for a three-year extension of the Reciprocal Trade Act with new powers to cut tariffs 15 per cent. Then it passed a straight one-year extension of the old law, 71-3.

On the key vote, six Democrats including George joined with the 39 Republicans present to defeat the Democratic-sponsored substitute. The "aye" votes were all from Democrats.

However, Millikin and George agreed in separate interviews today that the vote did not represent a true test on the recommendations of the Randall Commission on Foreign Economic Policy for some further reduction of tariff barriers.

President Eisenhower based his original foreign trade recommendations to Congress in March on the findings of the special commission, headed by Clarence B. Randall, president of Inland Steel Co. Eisenhower called for the liberalized extension of reciprocal trade which the Democrats sponsored yesterday.

But later, in a letter made public in May, the President said he would go along with the one-year plan for the time being. This came after key House Republicans had balked on the broader proposal. Eisenhower said, however, he was not abandoning his program but was giving Congress an opportunity to study it further.

Millikin pledged there would be an exhaustive study of the Randall recommendations next year.

George took a similar attitude, saying he would support many of the proposals of the Randall Commission but only after there had been full hearings on the question next session.

The one-year extension bill must go back to the House for consideration of two minor Senate amendments. There was a chance the House would accept them and send the measure directly to the White House.

## Vaughan Murder Trial Nears End

LORDSBURG, N.M. (AP) — The trial of Marvin Vaughan, accused slayer of Arizona lumberjack Amos Burgess, is expected to go to the jury today after final rebuttal witnesses and summations.

Conflicting testimony by expert witnesses for both the prosecution and defense marked the final cross-examination by both sides.

A psychiatrist called by Defense Attorney Robert W. Tunnel said that after he had administered truth serum to Vaughan, the defendant's memory seemed to improve.

Dr. J. F. Stearn said the drug served to relax the mind and aid recall.

A state witness, Dr. Arland D. Cooper, El Paso physician and psychiatrist, said the truth serum's end effect was similar to intoxication.

In his opinion, Dr. Cooper said, Vaughan did remember everything connected with the slaying of Burgess. He said if the person to whom the drug was given felt like talking, he would do so.

Otherwise, no drug or medicine known to science could induce him to reveal anything against his will, Dr. Cooper said.

Vaughan himself took the stand in his defense yesterday.

Vaughan testified the Burgess had quarreled constantly about money matters.

He said he remembered nothing of the killing but did remember struggling with Mrs. Burgess for possession of a gun.

Vaughan said Mrs. Burgess became angry at the Vaughan dog for chewing a suitcase and took Vaughan's weapon to kill the animal. Vaughan said he was trying to get the gun back when witnesses saw the struggle.

## Refugee Plan Moves Ahead

WASHINGTON (AP) — President Eisenhower's refugee relief program is picking up speed after months of delay from security checks and red tape.

Slated to disembark at New York today was the 10-member family of Jan Koetsier and 24 other immigrants traveling aboard the steamship Zuider Kruis from Rotterdam, Holland.

Yesterday saw the arrival of the largest shipload so far since the program was officially launched last Aug. 7: The S. S. Conte Biancamano, with 201 men, women and children from Italy seeking homes in the New World.

Until then, only 48 refugees had entered this country under the program, which calls for admission of 214,000 persons over and above regulation immigration quotas for a three-year period ending Dec. 31, 1956. With the new arrivals, the total is 283.

More important, perhaps, State Department officials in charge of the program report 2,801 visas have been issued in a half dozen participation countries.

These officials say the number of visas issued is more important than the number of immigrants who actually step off the boat. Generally speaking, they report, a refugee does not begin to pack or scrape up the money for the trip until he gets a visa—the official U. S. paper which says he can come into the country.

## \$545,000 Suit Filed In Deaths

HOUSTON (AP) — A \$545,000 damage suit was filed here yesterday by families of three men killed in a 1953 explosion at Shell Oil Co.'s gas cycling plant.

Mrs. Laura Y. Harvey of Temple, widow of Jack B. Harvey; Mrs. Virginia A. Beard of Smackover, Ark., widow of Norris W. Beard and Mrs. Josie Lee Millhouse of Tecumseh, Okla., widow of Ernie E. Millhouse, are plaintiffs in the suit.

The petition asks \$234,000 for Mrs. Harvey and four minor children, \$186,000 for Mrs. Beard and two children, and \$125,000 for Mrs. Millhouse.

## Hordes Of Koreans Parade; Rhee Speaks

SEOUL (AP) — Almost a million Korean soldiers and civilians paraded here today in a show of strength marking the fourth anniversary of the outbreak of the Korean War.

President Syngman Rhee, speaking before an audience of 200,000, called on the West to "use the courage and force necessary to win over an enemy determined on world conquest."

## Fluid Farm Props Favored By WTCC

ABILENE — Texas farmers get only 39 per cent of their cash income from the sale of commodities that have high rigid price supports.

In contrast, they receive 16 per cent of their income from those that have flexible supports and 45 per cent from those that have no price supports. But 45 per cent of their total cash farm receipts in 1952 came from livestock, dairy animals and poultry which were fed on high price-supported feeds.

These figures were brought out today by the West Texas Chamber of Commerce in connection with the Administration's program of flexible farm price supports.

The West Texas Chamber said: "Analysis of the relative importance of the basic commodities as a source of cash receipts to farmers indicates that the importance of fixed price supports as an inducement for a favorable farm vote may be greatly exaggerated."

"Figures recently compiled by the U. S. Agriculture Department show that only 23 per cent of the

national cash receipts from farm marketings in 1952 came from basic commodities (which have rigid supports).

Marketings of commodities with no price supports produced 5 per cent of all farm cash receipts. And 21 per cent of cash receipts came from products under flexible supports. Moreover, 5 per cent of total receipts were from livestock, dairy products, and poultry, the producers of which incur higher costs because the feeds they buy are supported at high prices."

Pointing out that Congress has been promising the American people sounder farm price support program since 1948, the West Texas Chamber declared that Congress in examining both the economics and politics of the farm price problem in the coming weeks "should find that flexible supports would be preferable to the great majority of consumers and taxpayers and more advantageous to all farmers—ex-

cept possibly that one fourth of the farmers who produce basic crops." It added, "Even they would benefit in the long run."

## Fire Truck Goes Out, Takes Trailer Only Part Way

NASHVILLE, Tenn. (AP) — Ladder truck No. 1 roared out of the firehouse, swung east and hurried to answer an alarm last night.

That is, the truck did. The trailer didn't. It rolled straight across the street, sideswiped one car and rammed a second.

The second car rolled into a third.

The third flashed down the sidewalk, clipped a lamp post, lumbered across the street and crunched into two other cars.

The trailer halted its trip by breaking an axle after its tie-in with car No. 2. It was then discovered that the trailer driver hadn't made the trip at all.

"Ninety-nine times out of 100 I look back over the truck to see if everybody's there," explained Lt. L. B. Sheets. "This time I didn't."

The fire? Just a sprinkler alarm, no damage. The trailer driver? He slept through it all.
